Section 2.07. Mutilated, Lost, Stolen or Destroyed Bonds.  
Upon receipt by the Authority and the Trustee of evidence satisfactory to both of them that any Outstanding Bond has been mutilated, destroyed, lost or stolen, and of indemnity satisfactory to both of them, the Authority shall execute, and the Trustee shall authenticate and deliver, a new Bond of like tenor and denomination in exchange and in substitution for, and

upon surrender and cancellation of, the mutilated Bond, or in lieu of and in substitution for the Bond so destroyed, lost or stolen.

Any Bondholder requesting a new Bond authenticated and delivered under the provisions of this Section, shall pay the expenses, including printing costs, indemnity bond fees and charges, and counsel fees, which may be incurred by the Authority and the Trustee in connection therewith. In case any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the Trustee, in its discretion, may, instead of issuing a new Bond, direct the payment thereof and shall thereupon pay the same.

Any Bond issued under the provisions of this Section 2.07 in exchange or substitution for any Bond alleged to be destroyed, lost or stolen, shall constitute an original additional contractual obligation on the part of the Authority, whether or not the Bond so alleged to be destroyed, lost or stolen be at any time enforceable by anyone, and shall be equally and proportionately entitled to the benefits of this Indenture with the Bond being replaced.

Section 2.08. Registration and Exchange of Bonds; Persons Treated as Bondholders. The Registrar shall maintain and keep on behalf of the Authority, at its Principal Office, books for the registration and registration of transfer of Bonds, which books shall, at all reasonable times, be open for inspection by the Authority and the Trustee; and, upon presentation for such purpose of any Bond entitled to registration or registration of transfer at the Principal Office of the Registrar, the Registrar shall register or register the transfer of such Bond in such books, under such reasonable regulations as the Registrar may prescribe. The Registrar shall make all necessary provisions to permit the exchange or registration of transfer of Bonds at its Principal Office.

The transfer of any Bond shall be registered in the registration books of the Registrar at the written request of the Bondholder thereof or his attorney duly authorized in writing, upon surrender and cancellation thereof at the Principal Office of the Registrar, together with a written instrument of transfer satisfactory to the Registrar duly executed by the Bondholder or his duly authorized attorney. Upon the registration of transfer of any such Bond or Bonds, the Authority shall issue in the name of the transferee, in authorized denominations, a new fully registered Bond or Bonds in the same aggregate principal amount and of like tenor as the surrendered Bond or Bonds.

The Authority, the Trustee and the Registrar may deem and treat the Bondholder of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such Bond and for all other purposes, and the Authority, the Trustee and the Registrar shall not be affected by any notice to the contrary. All such payments so made to any such Holder or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

The Bonds, upon surrender thereof at the Principal Office of the Registrar, may, at the option of the Bondholder thereof, be exchanged for an equal aggregate principal amount of any authorized denominations of Bonds of the same series and maturity and having the same interest rate as the surrendered Bonds.

In all cases in which the privilege of exchanging Bonds or registering the transfer of Bonds is exercised, the Authority shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Indenture. For every such exchange or registration of transfer of Bonds, whether temporary or definitive, the Authority, the Registrar or the Trustee may make a charge sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, which sum or sums shall be paid by the person requesting such exchange or registration of transfer as a condition precedent to the exercise of the privilege of making such exchange or registration of transfer.

The Registrar shall not be required to transfer or exchange any Bond during the period from a Record Date through the next Interest Payment Date, inclusive, nor to transfer or exchange any Bond selected for redemption in whole or in part.

**Section 2.09. Destruction of Bonds.** Whenever any Outstanding Bond shall be delivered to the Trustee for cancellation pursuant to this Indenture, upon payment of the principal amount and interest represented thereby, or for replacement pursuant to Sections 2.07 and 2.08 hereof, such Bond shall be promptly cancelled and destroyed by the Trustee, and counterparts of a certificate of destruction shall be furnished by the Trustee to the Authority and the Registrar.

**Section 2.10. Temporary Bonds.** Until Bonds in definitive form are ready for delivery, the Authority may execute and, upon the request of the Authority, the Trustee shall authenticate and deliver to the purchasers thereof, subject to the provisions, limitations and conditions set forth above, one or more Bonds in

temporary form, whether printed, typewritten, lithographed or otherwise produced, substantially in the form of the definitive Bonds, with appropriate omissions, variations and insertions, and in authorized denominations. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit of this Indenture. Upon the presentation and surrender of any Bond or Bonds in temporary form, the Authority shall, without unreasonable delay, prepare, execute and deliver to the Trustee, and the Trustee shall authenticate and deliver to the Holder or Holders thereof, in exchange therefor, a Bond or Bonds in definitive form. Such exchange shall be made by the Trustee without making any charge therefor to the Holders of such Bonds in temporary form.

Section 2.11. Additional Bonds. The Authority may issue Additional Bonds from time to time, subject to the provisions of the Act, for any purpose permitted under the Act, including refunding part or all of the Outstanding Bonds of any Series. Such Additional Bonds shall be issued pursuant to a Supplemental Indenture and shall have such rights, preferences and other terms as shall be specified in such Supplemental Indenture, provided that such Additional Bonds shall not have a security interest in Pledged Revenues which is prior to the security interest of the Outstanding Bonds issued under this Indenture. The Supplemental Indenture authorizing Additional Bonds may contain provisions regarding the disbursement of proceeds of such Additional Bonds, including provisions for the establishment of additional funds under this Indenture. Notwithstanding the foregoing, no Additional Bonds shall be issued if an Event of Default has occurred and is continuing.

Prior to the delivery by the Trustee of any Additional Bonds there shall be delivered to the Trustee:

(a) Copies, duly certified by the Secretary of the Authority, of the resolutions adopted by the Authority authorizing the issuance of the Additional Bonds and the execution and delivery of the Supplemental Indenture related to the Additional Bonds, any agreement pursuant to which the proceeds of such Additional Bonds are to be made available to the City, any Tax Compliance Agreement related to such Additional Bonds, any supplement or amendment to the Intergovernmental Cooperation Agreement or any separate intergovernmental cooperation agreement executed in connection with the issuance of such Additional Bonds and any supplement or amendment to the PICA Tax Disbursement Agreement or any similar agreement executed in connection with the issuance of such Additional Bonds.

(b) Original executed counterparts of each of the agreements referred to in the preceding paragraph.

(c) A request and authorization to the Trustee on behalf of the Authority signed by its Chairperson or other authorized officer of the Authority to authenticate and deliver the Additional Bonds to the purchasers therein identified upon payment to the Trustee, but for the account of the Authority, of a sum specified in such request and authorization plus accrued interest, if any, thereon to the date of delivery.

(d) Copies, duly certified by the Chief Clerk of the Council of the City, of the resolution of the City Council of the City approving the request, executed by the Mayor of the City, for the Authority to issue such Additional Bonds, if required by the Act, and of the ordinance of the City approving any agreement pursuant to which proceeds of the Additional Bonds are to be made available to the City and the ordinance of the City, if any, enacting any additional PICA Taxes.

(e) In the case of the issuance of Additional Bonds for refunding Outstanding Bonds which are to be redeemed prior to maturity, evidence satisfactory to the Trustee that notice of redemption of such Bonds has been properly provided pursuant to this Indenture or irrevocable instructions for the provision of such notice have been given by the Authority.

(f) Except for Additional Bonds issued to refund Outstanding Bonds where the Maximum Annual Debt Service Requirement for the Additional Bonds and the total principal and interest payable on the Additional Bonds for the term thereof do not exceed the comparable amounts for the Bonds being refunded or Additional Bonds which have a security interest in the Pledged Revenues which is subordinate to the security interest granted to secure the 1992 Bonds, the 1993 Bonds, the 1993A Bonds and the 1994 Bonds, a certificate executed by the Authority, including a verification of the calculations by an independent certified public accountant, showing that (1) the PICA Taxes collected with respect to any 12 consecutive months during the 15 month period preceding the date of issuance of such Additional Bonds, after giving retroactive effect during each month of such 12 month period to any PICA Taxes which were not in effect (including for this purpose any increase in the rate of an existing tax) during each such month but which have been imposed prior to the issuance of the Additional Bonds, equaled at least 175% of the Maximum Annual Debt Service Requirement on Bonds to be Outstanding after the issuance of the Additional Bonds and (2) the PICA Taxes projected to be collected during the 12 months following issuance of the Additional Bonds, which projection may be based on the PICA Taxes projected for such period in the City's most recent Financial Plan (as defined in the Intergovernmental Cooperation Agreement) approved by the Authority, equal at least 175% of the Debt Service Requirement during such 12 month period on Bonds to

be Outstanding after the issuance of the Additional Bonds. In making the foregoing calculations, PICA Taxes other than the Income Tax shall not be included in the calculation unless each Bond Insurer then insuring Outstanding Bonds has consented to the inclusion of such other PICA Taxes in writing.

Section 2.12. Book Entry System for the Bonds.

(a) Unless otherwise provided in the Supplemental Indenture authorizing a Series of Bonds, each Series of Bonds shall initially be issued in the form of one fully-registered bond for the aggregate principal amount of each maturity of such Series, which Bonds shall be registered in the name of Philadep & Co., as nominee of Philadelphia Depository Trust Company ("PHILADEP"). Except as provided in paragraph (g) below, all of the Bonds of each such Series shall be registered in the books kept by the Trustee in the name of Philadep & Co., as nominee of PHILADEP; provided that if PHILADEP shall request that the Bonds of any such Series be registered in the name of a different nominee, the Trustee shall exchange all or any portion of the Bonds of such Series for an equal aggregate principal amount of Bonds of such Series registered in the name of such nominee or nominees of PHILADEP. No person other than PHILADEP or its nominee shall be entitled to receive from the Authority or the Trustee either a Bond of any such Series or any other evidence of ownership of such Bonds, or any right to receive any payment in respect thereof unless PHILADEP or its nominee shall transfer record ownership of all or any portion of the Bonds of any such Series on the books kept by the Trustee, in connection with discontinuing the book entry system as provided in paragraph (g) below or otherwise.

(b) So long as the Bonds of a Series or any portion thereof are registered in the name of PHILADEP or any nominee thereof, all payments of the principal of or premium or interest on the Bonds of such Series shall be made to PHILADEP or its nominee in accordance with the Letter of Representations relating to such Series from the Authority to PHILADEP (each a "Letter of Representations") on the dates provided for such payments under this Indenture. Each such payment to PHILADEP or its nominee shall be valid and effective to fully discharge all liability of the Authority or the Trustee with respect to the principal of and premium and interest on the Bonds of such Series to the extent of the sum or sums so paid.

(c) The Authority and the Trustee may treat PHILADEP (or its nominee) as the sole and exclusive owner of the Bonds of each Series registered in its name for the purposes of payment of the principal of or premium or interest on the Bonds of such Series, selecting the Bonds of such Series or portions thereof ::

be redeemed, giving any notice permitted or required to be given to Holders of Bonds of such Series under this Indenture, registering the transfer of Bonds of such Series, obtaining any consent or other action to be taken by Holders of Bonds of such Series and for all other purposes whatsoever; and neither the Authority nor the Trustee shall be affected by any notice to the contrary. Neither the Authority nor the Trustee shall have any responsibility or obligation to any participant in PHILADEP, any person claiming a beneficial ownership interest in the Bonds of any Series registered in the name of PHILADEP (or its nominee) under or through PHILADEP or any such participant, or any other person which is not shown on the Bond Register as being a Bondholder, with respect to (1) the Bonds of such Series; (2) the accuracy of any records maintained by PHILADEP or any such participant; (3) the payment by PHILADEP or any such participant of any amount in respect of the principal of or premium or interest on the Bonds of such Series; (4) any notice which is permitted or required to be given to Holders of the Bonds of such Series under this Indenture; (5) the selection by PHILADEP or any such participant of any person to receive payment in the event of a partial redemption of the Bonds of such Series; or (6) any consent given or other action taken by PHILADEP as Holder of the Bonds of such Series.

(d) So long as the Bonds of a Series or any portion thereof are registered in the name of PHILADEP or any nominee thereof, all notices required or permitted to be given to the Holders of the Bonds of such Series under this Indenture shall be given to PHILADEP as provided in the Letter of Representations.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to this Indenture by the Trustee with respect to any consent or other action to be taken by Holders of the Bonds of any Series to be registered in the name of PHILADEP (or its nominee), PHILADEP shall consider the date of receipt of notice requesting such consent or other action as the record date for such consent or other action, provided that the Trustee may establish a special record date for such consent or other action. The Trustee shall give PHILADEP notice of such special record date not less than 15 calendar days in advance of such special record date to the extent possible.

(f) At or prior to settlement for the Bonds of any Series to be registered in the name of PHILADEP (or its nominee), the Authority and the Trustee shall execute or signify their approval of the respective Letter of Representations. Any successor Trustee shall, in its written acceptance of its duties under this Indenture, agree to take any actions necessary from

time to time to comply with the requirements of each such Letter of Representations.

(g) The book entry system for registration of the ownership of the Bonds of a Series through PHILADEP shall be discontinued at any time that (1) PHILADEP determines to resign as securities depository for the Bonds of such Series and gives notice of such determination to the Authority and the Trustee or (2) the Authority determines that continuation of the system of book entry transfers through PHILADEP is not in the best interests of the Authority or the Holders of Bonds of such Series and gives notice of such determination to the Trustee and PHILADEP. In either of such events the Authority may appoint a successor securities depository; but if the Authority does not appoint a successor, the Bonds of such Series shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by PHILADEP, but without any liability on the part of the Authority or the Trustee for the accuracy of such designation. If a successor securities depository is appointed, this Section 2.12 shall be amended as necessary to reflect such succession and to incorporate provisions required by the successor.

#### ARTICLE III

##### REDEMPTION AND PURCHASE OF BONDS BEFORE MATURITY

Section 3.01. General Provisions for Redemption. Bonds issued hereunder shall be subject to redemption at such time, times and from time to time, in such order, at such redemption prices, upon such notice, unless waived, and upon such terms and conditions as may be expressed in the particular Bonds, or, as the case may be, in this Indenture or in the pertinent Supplemental Indenture. Whenever Bonds to be redeemed are required to be selected by lot, the Trustee shall be authorized to draw by lot the numbers of the Bonds to be redeemed in any manner deemed reasonable by the Trustee. In the case of a Bond of a denomination greater than the minimum authorized denomination, the Trustee shall treat each such Bond as representing such number of separate Bonds as is obtained by dividing the actual principal amount of such Bond by the minimum authorized denomination.

Section 3.02. Notice of Redemption. When the Authority shall determine to redeem Bonds, upon prior written notice to the Trustee of the redemption date and the principal amount of Bonds to be redeemed, or whenever the Trustee shall be required to redeem Bonds from moneys in the Bond Redemption Fund, without action on the part of the Authority, the Trustee, at the

Authority's expense, shall cause a notice of redemption to be mailed to the Bondholders. Such notice shall specify (i) the complete official name of the Bonds, with series designation; (ii) if less than all then Outstanding Bonds are to be redeemed, the numbers, including CUSIP numbers if applicable, of the Bonds to be redeemed which may, if appropriate, be expressed in designated blocks of numbers, (iii) the date of issue of each Bond being redeemed as originally issued, (iv) the rate of interest borne by each Bond being redeemed, (v) the maturity date of each Bond being redeemed and (vi) any other descriptive information considered appropriate by the Authority to accurately identify the Bonds to be redeemed. Such notice shall also state the redemption price and the date fixed for redemption, that on such date the Bonds called for redemption will be due and become payable at the Principal Office of the Trustee, and that from and after such date, interest thereon shall cease to accrue; provided, however, that the Holders of all Bonds to be redeemed may file written waivers of notice with the Trustee, and if so waived, such Bonds may be redeemed and all rights and liabilities of said Holders shall mature and accrue on the date set for such redemption, without the requirement of written notice. If a notice is given with respect to an optional redemption prior to moneys for such redemption being deposited with the Trustee, such notice shall be conditioned upon the deposit of moneys with the Trustee before the date fixed for redemption and such notice shall be of no effect unless such moneys are so deposited.

The notices required to be given by this Section 3.02 shall state that no representation is made as to correctness or accuracy of the CUSIP numbers listed in such notice or stated on the Bonds.

The notice to Bondholders shall be deposited by the Trustee in the United States mail, first-class postage prepaid, at least thirty (30) days, but not more than sixty (60) days, unless otherwise provided with respect to any Series in the Supplemental Indenture authorizing such Series, prior to the redemption date, addressed to the Holders of Bonds called for redemption at the addresses appearing upon the Bond Register. Any notice of redemption mailed in accordance with the requirements set forth herein shall be conclusively presumed to have been duly given, whether or not such notice is actually received by the Bondholder. No defect in the notice with respect to any Bond (whether in the form of notice or the mailing thereof) shall affect the validity of the redemption proceedings for any other Bonds.

When notice of redemption is mailed to the Bondholders, the Trustee shall mail a similar notice to The Bond Buyer, S&P, Moody's, Fitch and Kenny Information Service's Called Bond

service so long as they maintain investment information services, but failure to mail any such notice referred to in this paragraph or defect in such mailed notice or in the mailing thereof shall not affect the validity of the redemption notice.

Not more than 60 days following the applicable redemption date, a further notice shall be mailed as provided above to the Bondholders of any Bonds called for redemption and not then presented for payment containing substantially the same information set forth above.

Section 3.03. Payment of Redemption Price. Whenever Bonds are to be redeemed, all redemption costs, including the amounts necessary to pay all costs of required mailing, any other costs incidental to the redemption and to pay the principal, premium, if any, and all interest accrued and to accrue to the date fixed for redemption, shall be set aside and held in separate trust by the Trustee exclusively for such purposes. Notice having been given in the manner hereinbefore provided, or written waivers of notice having been filed with the Trustee prior to the date set for redemption, the Bonds so called for redemption shall become due and payable on the redemption date so designated and interest on such Bonds shall cease to accrue from the redemption date whether or not such Bonds shall be presented for payment. The principal amount of all Bonds so called for redemption, together with the accrued and unpaid interest thereon to the date of redemption, shall be paid (upon presentation and surrender thereof) by the Trustee out of the funds set aside and held in special trust as described in this Section 3.03.

Section 3.04. Redemption of the Bonds.

(a) The 1992 Bonds, 1993 Bonds, 1993A Bonds and 1994 Bonds maturing, respectively, on and after June 15, 2003, June 15, 2004, June 15, 2004 and June 15, 2006 are redeemable by the Authority, on or after June 15, 2002, June 15, 2003, June 15, 2003 and June 15, 2005, respectively, in whole at any time, or in part at any time and from time to time in any order of maturity as specified by the Authority, in any principal amount within a maturity as specified by the Authority, and within a maturity as selected by the Trustee by lot. Any such redemption shall be made at 100% of the principal amount, plus accrued interest to the redemption date.

(b) The 1992 Term Bonds, 1993 Term Bonds, 1993A Term Bonds and 1994 Term Bonds are subject to mandatory redemption in the amounts and on the dates set forth in Section 5.06 hereof.

(c) Each other Series may be subject to optional redemption and mandatory redemption as specified in the Supplemental Indenture authorizing such Series.

The Authority shall not enter into any interest rate exchange agreement, interest rate cap and floor agreement or other similar agreement permitted by Section 304(10) of the Act if entering into such agreement would materially adversely affect any rating of the Bonds by Moody's or S&P.

Section 4.03. Maintenance of Rights and Powers; Compliance With Laws. The Authority shall do and perform or cause to be done or performed all acts and things required to be done or performed by it under the Act, shall use its best efforts to maintain, preserve and renew all the rights and powers provided to it by the Act and shall comply with all valid acts, rules, regulations, orders and directions of any legislative,

The Authority shall at all times, to the extent permitted by law, defend, preserve and protect the assignment and pledge of, and security interest in, the Trust Estate under this Indenture and all the rights of the Bondholders and all Credit Facility Issuers under this Indenture against all claims and demands of all Persons whomsoever.

**Section 4.05. **Section 4.06. Instruments of Further Assurance.** The Authority shall do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such indentures supplemental hereto and such further acts, instruments and transfers as the Trustee may reasonably require for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Trustee all and singular the amounts pledged hereby to the payment of the principal of, premium, if any, and interest on the Bonds. The Authority, except as herein provided, shall not sell, convey, mortgage, encumber or otherwise dispose of any part of the Trust Estate.

**Section 4.07. Recording and Filing.** The Authority shall cause all financing statements related to this Indenture and all supplements thereto, as well as such other security agreements, financing statements and all supplements thereto and other instruments as may be required from time to time to be kept, to be recorded and to be filed in such manner and in such places as may from time to time be required by law in order to preserve and

protect fully the security of Bondholders and the rights of the Trustee hereunder, and to take or cause to be taken any and all other action necessary to perfect the security interest created by this Indenture.

**Section 4.08. Books and Records.** The Authority shall maintain accurate books and records with respect to the Pledged Revenues. All books and records in the Authority's possession or under its control relating to the Pledged Revenues shall at all reasonable times be open to inspection by the Trustee or such accountants or other agents as the Trustee may designate from time to time.

**Section 4.09. Bond Register.** The Registrar will keep the Bond Register on file at its Principal Office. Neither the Trustee nor the Authority shall be under any responsibility with regard to the accuracy of the Bond Register. At reasonable times and under reasonable regulations established by the Registrar, the Bond Register may be inspected and copied by the Authority, the Trustee or Bondholders of fifteen percent (15%) or more in principal amount of Bonds then Outstanding (or a designated representative thereof), such possession or ownership and the authority of any such designated representative to be evidenced to the satisfaction of the Registrar.

**Section 4.10. Tax Covenants.** The Authority hereby covenants with the Holders from time to time of the Bonds and the Authority shall cause the City to covenant with the Authority that they shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on any Series of Bonds which, when such Bonds were issued, was intended to be excluded from the gross income of the recipients thereof for purposes of federal income taxation shall be and remain so excludable and that they will refrain from doing or performing any act or thing that will cause such interest not to be so excludable.

The Authority hereby covenants with the Holders from time to time of the Bonds and the Authority shall cause the City to covenant with the Authority and the Trustee that they will not make any investment or other use of the proceeds (as that term is defined in Section 148 of the Code and all applicable regulations promulgated thereunder) of the Bonds which would cause the Bonds the interest on which, when such Bonds were issued, was intended to be excluded from gross income for federal income tax purposes to be "arbitrage bonds" (as that term is defined in Section 148 of the Code and all applicable regulations promulgated thereunder), and that they will comply with the requirements of such Code section and regulations throughout the term of all such Bonds.

The Authority hereby covenants with the holders from time to time of the Bonds that it will comply with the requirement for rebate to the United States as described herein and with other requirements in the Tax Compliance Agreement and that it will take all action within its power to cause the City to comply with its obligations under the Tax Compliance Agreement.

**Section 4.11. Financial Statements.** The Authority shall deliver to the Trustee and to Moody's, S&P, Fitch and any Credit Facility Issuer within 120 days after the end of each fiscal year, on the basis of an audit conducted by independent certified public accountants, financial statements of the Authority at the end of such fiscal year together with notes and exhibits thereto (which shall include exhibits showing (i) all Bonds of the Authority then Outstanding, (ii) a summary of total annual debt service requirements and (iii) a statement of debt service coverage), which financial statements shall be audited by a firm of independent certified public accountants in accordance with generally accepted auditing standards. The Trustee is authorized to deliver copies of such financial statements to Bondholders and to any other Person who requests such financial statements.

**Section 4.12. Information to Bond Insurers.** The Authority shall provide each Bond Insurer with the following information:

(a) within 120 days after the end of the Authority's fiscal year, the budget for the new year, the annual audited financial statements for the fiscal year most recently ended, a statement of the amount on deposit in the Debt Service Reserve Fund as of the last valuation, and, if not presented in the audited financial statements, a statement of the Pledged Revenues available for payment of Bonds in such fiscal year most recently ended;

(b) the official statement or other disclosure, if any, prepared in connection with the issuance of additional debt, whether or not it is on a parity with the 1992 Bonds, the 1993 Bonds, the 1993A Bonds or the 1994 Bonds, within 30 days after the sale thereof;

(c) notice of any draw upon, or deficiency due to market fluctuation in the amount, if any, on deposit in, the Debt Service Reserve Fund;

(d) notice of the redemption, other than mandatory sinking fund redemption, of any of the 1992 Bonds, the 1993 Bonds, the 1993A Bonds and the 1994 Bonds, including the principal amount, maturities and CUSIP numbers thereof;

(e) written notice of the resignation or removal of the Trustee or Bond Registrar and the appointment of any successor thereto; and

(f) such additional information as the Bond Insurer may reasonably request from time to time.

## ARTICLE V

### REVENUES AND FUNDS

Section 5.01. Source of Payment of Bonds. The Bonds herein authorized and all payments by the Authority hereunder are not general obligations of the Authority, but are limited obligations payable by the Authority solely from the Pledged Revenues. Payments of FICA Taxes collected by or on behalf of the Department and held by the State Treasurer when remitted to the Trustee shall be deposited in the Revenue Fund.

Section 5.02. Creation of Funds and Accounts. There are hereby created by the Authority and ordered established with the Trustee the following trust funds:

- (a) Deficit Fund;
- (b) Capital Projects Fund;
- (c) Revenue Fund;
- (d) Debt Service Fund;
- (e) Debt Service Reserve Fund;
- (f) Bond Redemption Fund;
- (g) Rebate Fund; and
- (h) Settlement Fund.

The Trustee shall establish such accounts and subaccounts within each of these funds as it or the Authority considers advisable to identify the source or nature of the amounts in such funds. The Trustee shall establish accounts in each of the above-mentioned funds to identify the Series providing the source of money in such account or in respect of which money in such account is available to pay debt service. Moneys in accounts in respect of a particular Series shall only be available to pay debt service or the redemption price of Bonds of such Series, except as may otherwise be provided herein or in the Supplemental Indenture

adopted at or prior to the time of issuance of such Series. All references herein to the transfer from certain funds to other funds shall be read to refer to transfers from the several accounts of the respective funds to the corresponding accounts of the other funds relating to the same Series, whether or not expressly stated herein.

The moneys and investments from time to time in the funds shall be trust funds under the terms hereof and shall not be subject to lien (other than the lien of this Indenture) or attachment by any creditor of the Authority. Such moneys and investments (other than those held in the Rebate Fund) shall be held by the Trustee, until disbursed as authorized by this Article V, in trust for the benefit of each Credit Facility Issuer and the Holders from time to time of the Bonds issued and Outstanding under this Indenture and shall be subject to a lien and charge for the further security of such Holders and each Credit Facility Issuer, provided, however, that whenever Bonds shall be selected for redemption out of moneys on deposit in the Bond Redemption Fund, moneys on deposit therein up to the amount necessary to pay principal, redemption premium, if any, and interest accrued to the date fixed for redemption of such Bonds shall be held by the Trustee in trust for payment to the respective Holders of the particular Bonds so selected for redemption or for reimbursement to the Credit Facility Issuer on account of the payment of such Bonds.

#### Section 5.03. Deficit Fund.

(a) At the time of issuance of each Series of Bonds, there shall be deposited in the Deficit Fund such amount as shall be specified herein or in the Supplemental Indenture authorizing the issuance of such Series of Bonds.

(b) Proceeds of 1992 Bonds deposited in the Deficit Fund shall be disbursed by the Trustee to the City upon requisition signed by the Authority in the form attached hereto as Exhibit E for payment to the City in the following amounts at the following times:

(i) within 10 days following delivery by the City to the Authority of the City's financial statements for a fiscal year, certified by the Director of Finance, 90% of the City's General Fund deficit (determined before the transfer of the Authority grant of 1992 Bond proceeds for such fiscal year) shown on such financial statements for such fiscal year; and

(ii) within 10 days following delivery by the City to the Authority of the City's financial statements for a fiscal year, audited by the City Controller, the balance of the

City's General Fund deficit (determined before the transfer of the Authority grant of 1992 Bond proceeds for such fiscal year) shown on such financial statements for such fiscal year; provided, however, that the aggregate amount paid to the City in respect of the City's General Fund deficit for its 1992 fiscal year shall not exceed the amount of 1992 Bond proceeds which were allocated to the City's General Fund deficit for such fiscal year at the time the 1992 Bond proceeds were initially deposited with the Trustee.

(c) If, after making the payments required by Section 5.03(b) hereof for a particular fiscal year, there shall remain on deposit in the Deficit Fund 1992 Bond proceeds allocable to the City's General Fund deficit for such fiscal year, the Trustee, at the direction of the Authority, shall:

(i) apply such amount to such other use as the City shall request and the Authority shall approve and direct in writing, such request and direction to be accompanied by an opinion of Bond Counsel to the effect that such use is permitted by the Act and will not adversely affect the excludability of interest on the Bonds from gross income for federal income tax purposes; or

(ii) transfer such amount (or such portion thereof as the Authority shall direct) to the Debt Service Fund for payment of principal next becoming due on the 1992 Bonds.

(d) Notwithstanding the foregoing, the Authority may direct the Trustee by requisition to disburse 1992 Bond proceeds in the Deficit Fund to the City on earlier dates than those set forth in Section 5.03(b) hereof; provided that the final disbursement of the balance of the deficit for a City fiscal year shall be made no later than the date specified in Section 5.03(b)(ii) hereof; and provided further that the aggregate amount disbursed to the City for the City's General Fund deficit for each fiscal year shall not exceed the amount of such deficit (determined before the transfer of the Authority grant of 1992 Bond proceeds for such fiscal year) shown on the City's financial statements for such fiscal year as audited by the City Controller.

(e) Disbursements from the Deficit Fund of proceeds of other Series of Bonds shall be made at such times and in such amounts as the Supplemental Indenture authorizing such Series of Bonds shall provide.

(f) Notwithstanding any other provision of this Indenture, the Trustee shall not transfer any amounts from the Deficit Fund to the City if any provision of Section 202 of the

Act is held invalid by a court of competent jurisdiction and the Trustee has received notice thereof unless the Trustee receives a copy of an order from the Supreme Court of Pennsylvania indicating that such transfer can be made.

(g) Notwithstanding any other provision of this Indenture, to the extent that amounts in the Debt Service Fund are insufficient to make any payment of principal or interest due on the Bonds after all available amounts in the Debt Service Reserve Fund and the Capital Projects Fund have been used, the Trustee shall transfer amounts from the Deficit Fund to the Debt Service Fund to the extent necessary to eliminate such deficiency.

#### Section 5.04. Capital Projects Fund.

7# (a) At the time of issuance of each Series of Bonds, there shall be deposited in the Capital Projects Fund such amount as shall be specified herein or in the Supplemental Indenture authorizing the issuance of such Series of Bonds. Amounts in the account in the Capital Projects Fund derived from proceeds of a Series of Bonds shall be disbursed only for costs of the capital projects identified herein or in the Supplemental Indenture authorizing the issuance of such Series of Bonds. The capital projects for which proceeds in the accounts in the Capital Projects Fund derived from the 1992 Bonds, the 1993 Bonds and the 1994 Bonds may be disbursed are, respectively, those listed on Schedules 5, 6 and 7 attached hereto. The capital projects identified in Schedules 5, 6 and 7 hereto or in any schedule to a Supplemental Indenture may be revised upon delivery by the Authority, with the consent of the City, to the Trustee of a revised Schedule 5, 6 or 7 or revised schedule to a Supplemental Indenture accompanied by an opinion of Bond Counsel that such revision is permitted under the Act and will not adversely affect the excludability of interest on any Bonds from gross income for federal income tax purposes. Such revision of Schedule 5, 6 or 7 or any such schedule to a Supplemental Indenture shall not require the execution of a Supplemental Indenture and shall not be considered an amendment requiring the consent of any Bond Insurer or the Bondholders.

(b) The Trustee shall transfer amounts in the applicable account in the Capital Projects Fund to the Encumbered Funds Account upon the receipt of a requisition signed by the Authority accompanied by a notice from the City in substantially the form attached hereto as Exhibit F to the effect that the City is prepared to award a contract for or commence work on an approved capital project or projects, which notice shall identify in reasonable detail (i) the capital project or projects, (ii) the amount of the contract to be awarded or the cost of the work

to be encumbered, and (iii) the proposed date of award of such contract or the proposed date of commencement of the work. Notwithstanding the provisions of this Section 5.04, the Trustee shall not transfer any amounts from the Capital Projects Fund to the Encumbered Funds Account at any time when a suspension of payments from the Commonwealth to the City is in effect as a result of the Authority's certifying to the Commonwealth's Secretary of the Budget the City's noncompliance with an approved financial plan pursuant to the provisions of the Act and the Trustee has notice of such suspension. Also, notwithstanding the provisions of this Section 5.04, the Trustee shall not transfer any amounts from the Capital Projects Fund to the Encumbered Funds Account if any provision of Section 202 of the Act is held invalid by a court of competent jurisdiction and the Trustee has received notice thereof unless the Trustee receives a copy of an order of the Supreme Court of Pennsylvania indicating that such transfer can be made. Upon completion, termination or abandonment of any capital project with respect to which moneys shall have been disbursed to the Encumbered Funds Account, any unspent moneys deposited therein for such capital project shall, to the extent not approved by the Authority for application to other capital projects being funded from the Encumbered Funds Account, be deposited, at the direction of the Authority, in the applicable account of the Capital Projects Fund and applied in the manner provided in this Section 5.04.

(c) Amounts remaining in any account in the Capital Projects Fund after completion, termination or abandonment of the capital project or projects to be financed with the proceeds of the related Series of Bonds shall be transferred at the direction of the Authority to the Debt Service Fund for the payment of principal next becoming due on the applicable Series of Bonds or to the Bond Redemption Fund for redemption of Bonds of such Series at the earliest practicable date that Bonds of such Series can be redeemed without a premium unless the Trustee is directed by the Authority at the request of the City to apply such excess for a purpose permitted under the Act and the Trustee receives an opinion of Bond Counsel that such use is permitted under the Act and will not adversely affect the excludability of interest on any Bonds from gross income for federal income tax purposes.

(d) The Trustee shall retain all notices and requisitions provided under this Section 5.04 for a period of six (6) years following the discharge of this Indenture as provided in Article VII hereof.

(e) Notwithstanding any other provision of this Indenture, to the extent that amounts in the Debt Service Fund are insufficient to make any payment of principal or interest on the Bonds after all available amounts in the Debt Service

Reserve Fund have been used, the Trustee shall transfer amounts from the Capital Projects Fund to the Debt Service Fund to the extent necessary to eliminate such deficiency.

Section 5.05. Revenue Fund. All payments of PICA Taxes made to the Trustee by the State Treasurer shall be received by the Trustee, deposited in the Revenue Fund and disbursed as hereinafter provided.

Promptly after deposit of PICA Taxes or other moneys to the Revenue Fund as provided herein, the Trustee shall transfer any money in the Revenue Fund into the following funds in the following order and priority:

(a) to the Debt Service Fund the amount necessary to cause the aggregate amount deposited therein in each month to equal the sum of (i) the aggregate for all Series of Bonds of 1/6 (such fraction to be increased or decreased, as appropriate, for a Series to account for any initial or final interest period shorter or longer than six months) of the amount of interest that will be due and payable on each Series of Bonds on the next succeeding Interest Payment Date for the respective Series, (ii) the aggregate for all Series of Bonds of 1/12 (such fraction to be increased, as appropriate, for a Series to account for any initial or final principal payment period shorter than 12 months) of the amount of principal that will become due and payable on each Series of Bonds (whether upon maturity or mandatory redemption) on the next succeeding principal payment date (whether upon maturity or mandatory redemption) for the respective Series occurring within the next year following the date of such transfer, (iii) any deficiency in deposits required to be made in prior months under the preceding clauses (i) and (ii) which has not been eliminated and (iv) any amount owed to any Credit Facility Issuer in respect of payments made for principal and interest on Bonds;

(b) to the Debt Service Reserve Fund the amount necessary to eliminate deficiencies in the accounts therein (a deficiency being the amount by which the Debt Service Reserve Requirement applicable to a particular account exceeds the amount in such account);

(c) to any Person entitled to payment pursuant to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement an amount equal to the net amount then required to be paid to such person by the Authority pursuant to such an agreement;

(d) as directed in a certificate of the Authority delivered to the Trustee, to the trustees or other depositories

in respect of subordinated debt, if any, payable from Pledged Revenues the amount necessary to cause the aggregate amount paid in respect of such subordinated debt from all sources to equal the amount then required to be paid in respect of each issue of subordinated debt;

(e) to the Authority the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made to equal the operating expenses of the Authority for such fiscal year as set forth in a certificate of the Authority (which certificate may be revised from time to time) delivered to the Trustee with respect to such fiscal year, to the extent that the amounts transferred from the Debt Service Reserve Fund pursuant to Section 5.07(c) hereof are not sufficient for such purpose provided that for the period from June 16, 1992 to December 31, 1992 the amount transferred pursuant to this paragraph shall not exceed \$600,000; and

(f) to the Rebate Fund the amounts required pursuant to Section 5.11 hereof, to the extent that the transfers from the earnings in the Debt Service Reserve Fund pursuant to Section 5.07(b) are insufficient for such purpose.

Notwithstanding the order of priority set forth in this Section 5.05 to the contrary, to the extent the Trustee is required to make payment of the Rebate Amount and Yield Reduction Amount, if any, to the United States of America pursuant to Section 5.14 hereof and there are insufficient amounts in the Rebate Fund on the date which is thirty days prior to the due date of such payment, the Trustee shall thereafter transfer moneys from the Revenue Fund to the Rebate Fund prior to making any other transfers of moneys to any other funds until the amount in the Rebate Fund equals the required Rebate Amount and Yield Reduction Amount.

Any moneys remaining in the Revenue Fund after all transfers required by paragraphs (a), (b), (c), (d), (e) and (f) have been made shall be transferred by the Trustee to the Depositary for deposit to the City Account.

#### Section 5.06. Debt Service Fund.

(a) On the date of settlement for each Series, there shall be deposited in the Debt Service Fund an amount equal to the accrued interest, if any, on such Series to the date of settlement therefor and any capitalized interest in respect of such Series.

Amounts received by the Trustee pursuant to an interest rate exchange agreement or other agreement permitted by Section 3.04(10) of the Act in respect of a Series of Bonds shall be credited to the accounts in respect of such Series of Bonds.

The Trustee shall use the moneys in the Debt Service Fund, both the initially deposited moneys and moneys subsequently deposited in the Debt Service Fund as provided herein, to pay the principal and mandatory sinking fund installments of and interest on the Bonds as it becomes due and payable and to pay any amount owed to the Credit Facility Issuer in respect of payments made for principal and interest on Bonds.

Accrued and capitalized interest deposited in respect of the 1992 Bonds shall be applied to pay interest on the 1992 Bonds on December 15, 1992 and June 15, 1993.

(b) The Trustee shall establish as a part of the Debt Service Fund a 1992 Bonds Sinking Fund Account (the "1992 Bonds Sinking Fund Account") for the retirement of 1992 Term Bonds. Moneys deposited in the 1992 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 1992 Term Bonds and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund to the 1992 Bonds Sinking Fund Account on June 15 of the years set forth below in the amount required to retire 1992 Term Bonds in the following amounts through mandatory redemption, in direct order of maturities and within a maturity as chosen by the Trustee by lot at the principal amount thereof plus accrued interest, or through purchase as hereinafter provided:

Prior to May 1 of each year in which 1992 Term Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1992 Bonds Sinking Fund Account of as many 1992 Term Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the Bondholders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 3.02 hereof, so long as any 1992 Term Bonds shall remain Outstanding, the Trustee shall draw by lot, for redemption on June 15 of such year a principal amount of 1992 Term Bonds as shall represent the difference between the principal amount of such 1992 Term Bonds

fixed for redemption on such date as described above and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection by lot of the particular 1992 Term Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the Bondholders of such 1992 Term Bonds so drawn for redemption in the manner provided in Article III hereof, and, upon presentation by the Bondholders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 1992 Bonds Sinking Fund Account and shall pay accrued interest due from moneys available therefor in the Debt Service Fund.

If at any time all the 1992 Term Bonds shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 1992 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund. Whenever 1992 Term Bonds are to be purchased out of the 1992 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to this Indenture.

(c) (i) If, on the third day preceding any Interest Payment Date for the 1992 Insured Bonds there is not on deposit with the Trustee sufficient moneys available to pay all principal of and interest on the 1992 Insured Bonds due on such date, the Trustee shall immediately notify the Bond Insurer for the 1992 Insured Bonds and its Fiscal Agent of the amount of such deficiency. If, by said Interest Payment Date, the Authority has not provided the amount of such deficiency, the Trustee shall simultaneously make available to such Bond Insurer and to its Fiscal Agent the registration books for the 1992 Insured Bonds maintained by the Trustee. In addition:

(A) The Trustee shall provide the Bond Insurer for the 1992 Bonds with a list of the Bondholders entitled to receive principal or interest payments from such Bond Insurer under the terms of the Bond Insurance Policy for the 1992 Insured Bonds and shall make arrangements for such Bond Insurer and its Fiscal Agent (1) to mail checks or drafts to Bondholders of 1992 Insured Bonds entitled to receive full or partial interest payments from such Bond Insurer and (2) to pay principal of the 1992 Insured Bonds surrendered to such Fiscal Agent by the Bondholders entitled to receive full or partial principal payments from such Bond Insurer; and

(B) The Trustee shall, at the time it makes the registration books available to the Bond Insurer for the 1992 Insured Bonds pursuant to (A) above, notify Bondholders entitled to receive the payment of principal of or interest on the 1992

Insured Bonds from such Bond Insurer (1) as to the fact of such entitlement; (2) that such Bond Insurer will remit to them all or part of the interest payments coming due subject to the terms of the Bond Insurance Policy for the 1992 Insured Bonds, (3) that, except as provided in paragraph (ii) below, in the event that any Bondholder is entitled to receive full payment of principal from such Bond Insurer, such Bondholder must tender his 1992 Insured Bond with the instrument of transfer in the form provided on the 1992 Insured Bond executed in the name of such Bond Insurer, and (4) that, except as provided in paragraph (ii) below, in the event that such Bondholder is entitled to receive partial payment of principal from such Bond Insurer, such Bondholder must tender his 1992 Insured Bond for payment first to the Trustee, which shall note on such 1992 Insured Bond the portion of principal paid by the Trustee, and then, with an acceptable form of assignment executed in the name of such Bond Insurer, to the Bond Insurer's Fiscal Agent, which will then pay the unpaid portion of principal to the Bondholder subject to the terms of the Bond Insurance Policy for the 1992 Insured Bonds.

(ii) In the event that the Trustee has notice that any payment of principal of or interest on a 1992 Insured Bond has been recovered from a Bondholder pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of a court having competent jurisdiction, the Trustee shall, at the time it provides notice to the Bond Insurer for the 1992 Insured Bonds, notify all Bondholders of such 1992 Insured Bonds that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Bond Insurer for the 1992 Insured Bonds to the extent of such recovery, and the Trustee shall furnish to the Bond Insurer for the 1992 Insured Bonds its records evidencing the payments of principal of and interest on the 1992 Insured Bonds which have been made by the Trustee and subsequently recovered from Bondholders, and the dates on which such payments were made.

(iii) The Bond Insurer for the 1992 Insured Bonds shall, to the extent it makes payment of principal of or interest on the 1992 Insured Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Bond Insurance Policy and, to evidence such subrogation, (1) in the case of subrogation as to claims for past due interest, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books maintained by the Trustee upon receipt from such Bond Insurer of proof of the payment of interest thereon to the Bondholders of such 1992 Insured Bonds and (2) in the case of subrogation as to claims for past due principal, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books for the 1992 Insured Bonds maintained by the Trustee upon receipt of proof of the payment of principal thereof to the Bondholders of such 1992 Insured Bonds. Notwithstanding anything in this Indenture or the 1992 Insured

Bonds to the contrary, the Trustee shall make payment of such past due interest and past due principal directly to such Bond Insurer to the extent that such Bond Insurer is a subrogee with respect thereto.

(d) Accrued interest deposited in respect of the 1993 Bonds shall be applied to pay interest on the 1993 Bonds on December 15, 1993.

(e) The Trustee shall establish as a part of the Debt Service Fund a 1993 Bonds Sinking Fund Account (the "1993 Bonds Sinking Fund Account") for the retirement of certain of the 1993 Term Bonds. Moneys deposited in the 1993 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 1993 Term Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund to the 1993 Bonds Sinking Fund Account on June 15 of the years set forth below in the amount required to retire 1993 Term Bonds specified below in the following amounts through mandatory redemption, in direct order of maturities and within a maturity as chosen by the Trustee by lot at the principal amount thereof plus accrued interest, or through purchase as hereinafter provided:

Prior to May 1 of each year in which 1993 Term Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1993 Bonds Sinking Fund Account of as many 1993 Term Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the Bondholders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 3.02 hereof, so long as any 1993 Term Bonds specified above shall remain Outstanding, the Trustee shall draw by lot, for redemption on June 15 of such year a principal amount of 1993 Term Bonds as shall represent the difference between the principal amount of such 1993 Term Bonds fixed for redemption on such date as described above and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection by lot of the particular 1993 Term Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the Bondholders of such 1993 Term Bonds so drawn for redemption in the manner provided in Article III hereof, and, upon presentation by the Bondholders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 1993 Bonds Sinking Fund Account and shall pay

accrued interest due from moneys available therefor in the Debt Service Fund.

If at any time all the 1993 Term Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 1993 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund. Whenever 1993 Term Bonds are to be purchased out of the 1993 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to this Indenture.

(f) (i) If, on the third day preceding any Interest Payment Date for the 1993 Insured Bonds there is not on deposit with the Trustee sufficient moneys available to pay all principal of and interest on the 1993 Insured Bonds due on such date, the Trustee shall immediately notify the appropriate Bond Insurer for such 1993 Insured Bonds and its Fiscal Agent of the amount of such deficiency. If, by said Interest Payment Date, the Authority has not provided the amount of such deficiency, the Trustee shall simultaneously make available to the appropriate Bond Insurer for such 1993 Insured Bonds and to its Fiscal Agent the registration books for such 1993 Insured Bonds maintained by the Trustee. In addition:

(A) The Trustee shall provide the appropriate Bond Insurer with a list of the Bondholders entitled to receive principal or interest payments from such Bond Insurer under the terms of the applicable Bond Insurance Policy for the 1993 Insured Bonds and shall make arrangements for such Bond Insurer and its Fiscal Agent (1) to mail checks or drafts to Bondholders of 1993 Insured Bonds entitled to receive full or partial interest payments from such Bond Insurer and (2) to pay principal of the 1993 Insured Bonds surrendered to such Fiscal Agent by the Bondholders entitled to receive full or partial principal payments from such Bond Insurer; and

(B) The Trustee shall, at the time it makes the registration books available to the appropriate Bond Insurer for the 1993 Insured Bonds pursuant to A) above, notify Bondholders entitled to receive the payment of principal of or interest on the 1993 Insured Bonds from such Bond Insurer (1) as to the fact of such entitlement, (2) that such Bond Insurer will remit to them all or part of the interest payments coming due subject to the terms of the Bond Insurance Policy for such 1993 Insured Bonds, (3) that, except as provided in paragraph (ii) below, in the event that any Bondholder is entitled to receive full payment of principal from the appropriate Bond Insurer, such Bondholder must tender his 1993 Insured Bond with the instrument of transfer in the form provided on the 1993 Insured Bond executed in the name of the appropriate Bond Insurer, and (4) that, except as provided in paragraph (ii) below, in the event that such

Bondholder is entitled to receive partial payment of principal from the appropriate Bond Insurer, such Bondholder must tender his 1993 Insured Bond for payment first to the Trustee, which shall note on such 1993 Insured Bond the portion of principal paid by the Trustee, and then, with an acceptable form of assignment executed in the name of the appropriate Bond Insurer, to such Bond Insurer's Fiscal Agent, which will then pay the unpaid portion of principal to the Bondholder subject to the terms of the Bond Insurance Policy for such 1993 Insured Bonds.

(ii) In the event that the Trustee has notice that any payment of principal of or interest on a 1993 Insured Bond has been recovered from a Bondholder pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of a court having competent jurisdiction, the Trustee shall, at the time it provides notice to the Bond Insurer for such 1993 Insured Bonds, notify all Bondholders of such 1993 Insured Bonds that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Bond Insurer for such 1993 Insured Bonds to the extent of such recovery, and the Trustee shall furnish to the Bond Insurer for such 1993 Insured Bonds its records evidencing the payments of principal of and interest on the 1993 Insured Bonds which have been made by the Trustee and subsequently recovered from Bondholders, and the dates on which such payments were made.

(iii) Each Bond Insurer for 1993 Insured Bonds shall, to the extent it makes payment of principal of or interest on 1993 Insured Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of its Bond Insurance Policy and, to evidence such subrogation, (1) in the case of subrogation as to claims for past due interest, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books maintained by the Trustee upon receipt from the Bond Insurer of proof of the payment of interest thereon to the Bondholders of 1993 Insured Bonds and (2) in the case of subrogation as to claims for past due principal, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books for the 1993 Insured Bonds maintained by the Trustee upon receipt of proof of the payment of principal thereof to the Bondholders of 1993 Insured Bonds. Notwithstanding anything in this Indenture or the 1993 Insured Bonds to the contrary, the Trustee shall make payment of such past due interest and past due principal directly to each Bond Insurer for the 1993 Insured Bonds to the extent that such Bond Insurer is a subrogee with respect thereto.

(g) Accrued interest deposited in respect of the 1993A Bonds shall be applied to pay interest on the 1993A Bonds on December 15, 1993.

(h) The Trustee shall establish as a part of the Debt Service Fund a 1993A Bonds Sinking Fund Account (the "1993A Bonds Sinking Fund Account") for the retirement of certain of the 1993 Term Bonds. Moneys deposited in the 1993A Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 1993A Term Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund to the 1993A Bonds Sinking Fund Account on June 15 of the years set forth below in the amount required to retire 1993A Term Bonds specified below in the following amounts through mandatory redemption, in direct order of maturities and within a maturity (treating the 1993A Insured Term Bonds and the 1993A Uninsured Term Bonds maturing June 15, 2013 as separate maturities for this purpose) as chosen by the Trustee by lot at the principal amount thereof plus accrued interest, or through purchase as hereinafter provided:

Prior to May 1 of each year in which 1993A Term Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1993A Bonds Sinking Fund Account of as many 1993A Term Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the Bondholders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 3.02 hereof, so long as any 1993A Term Bonds specified above shall remain Outstanding, the Trustee shall draw by lot, for redemption on June 15 of such year a principal amount of 1993A Term Bonds as shall represent the difference between the principal amount of such 1993A Term Bonds fixed for redemption on such date as described above and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection by lot of the particular 1993A Term Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the Bondholders of such 1993A Term Bonds so drawn for redemption in the manner provided in Article III hereof, and, upon presentation by the Bondholders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 1993A Bonds Sinking Fund Account and shall pay

accrued interest due from moneys available therefor in the Debt Service Fund.

If at any time all the 1993A Term Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 1993A Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund. Whenever 1993A Term Bonds are to be purchased out of the 1993A Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to this Indenture.

(i) (i) If, on the third day preceding any Interest Payment Date for the 1993A Insured Bonds there is not on deposit with the Trustee sufficient moneys available to pay all principal of and interest on the 1993A Insured Bonds due on such date, the Trustee shall immediately notify the Bond Insurer for the 1993A Insured Bonds and its Fiscal Agent of the amount of such deficiency. If, by said Interest Payment Date, the Authority has not provided the amount of such deficiency, the Trustee shall simultaneously make available to such Bond Insurer and to its Fiscal Agent the registration books for the 1993A Insured Bonds maintained by the Trustee. In addition:

(A) The Trustee shall provide the Bond Insurer for the 1993A Insured Bonds with a list of the Bondholders entitled to receive principal or interest payments from such Bond Insurer under the terms of the Bond Insurance Policy for the 1993A Insured Bonds and shall make arrangements for such Bond Insurer and its Fiscal Agent (1) to mail checks or drafts to Bondholders of 1993A Insured Bonds entitled to receive full or partial interest payments from such Bond Insurer and (2) to pay principal of the 1993A Insured Bonds surrendered to such Fiscal Agent by the Bondholders entitled to receive full or partial principal payments from such Bond Insurer; and

(B) The Trustee shall, at the time it makes the registration books available to the Bond Insurer for the 1993A Insured Bonds pursuant to (A) above, notify Bondholders entitled to receive the payment of principal of or interest on the 1993A Insured Bonds from such Bond Insurer (1) as to the fact of such entitlement, (2) that such Bond Insurer will remit to them all or part of the interest payments coming due subject to the terms of the Bond Insurance Policy for the 1993A Insured Bonds, (3) that, except as provided in paragraph (ii) below, in the event that any Bondholder is entitled to receive full payment of principal from such Bond Insurer, such Bondholder must tender his 1993A Insured Bond with the instrument of transfer in the form provided on the 1993A Insured Bond executed in the name of such Bond Insurer, and (4) that, except as provided in paragraph (ii) below, in the event that such Bondholder is entitled to receive partial payment of principal from such Bond Insurer, such Bondholder must tender

his 1993A Insured Bond for payment first to the Trustee, which shall note on such 1993A Insured Bond the portion of principal paid by the Trustee, and then, with an acceptable form of assignment executed in the name of the Bond Insurer, to the Bond Insurer's Fiscal Agent, which will then pay the unpaid portion of principal to the Bondholder subject to the terms of the Bond Insurance Policy for the 1993A Insured Bonds.

(ii) In the event that the Trustee has notice that any payment of principal of or interest on a 1993A Insured Bond has been recovered from a Bondholder pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, non-appealable order of a court having competent jurisdiction, the Trustee shall, at the time it provides notice to the Bond Insurer for the 1993A Insured Bonds, notify all Bondholders of such 1993A Insured Bonds that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Bond Insurer for the 1993A Insured Bonds to the extent of such recovery, and the Trustee shall furnish to the Bond Insurer for the 1993A Insured Bonds its records evidencing the payments of principal of and interest on the 1993A Insured Bonds which have been made by the Trustee and subsequently recovered from Bondholders, and the dates on which such payments were made.

(iii). The Bond Insurer for the 1993A Insured Bonds shall, to the extent it makes payment of principal of or interest on the 1993A Insured Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of its Bond Insurance Policy and, to evidence such subrogation, (1) in the case of subrogation as to claims for past due interest, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books maintained by the Trustee upon receipt from such Bond Insurer of proof of the payment of interest thereon to the Bondholders of such 1993A Insured Bonds and (2) in the case of subrogation as to claims for past due principal, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books for the 1993A Insured Bonds maintained by the Trustee upon receipt of proof of the payment of principal thereof to the Bondholders of such 1993A Insured Bonds. Notwithstanding anything in this Indenture or the 1993A Insured Bonds to the contrary, the Trustee shall make payment of such past due interest and past due principal directly to such Bond Insurer to the extent that such Bond Insurer is a subrogee with respect thereto.

(j) Accrued interest deposited in respect of the 1994 Bonds shall be applied to pay interest on the 1994 Bonds on June 15, 1995.

Prior to May 1 of each year in which 1994 Term Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1994 Bonds Sinking Fund Account of as many 1994 Term Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the Bondholders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 3.02 hereof, so long as any 1994 Term Bonds specified above shall remain Outstanding, the Trustee shall draw by lot, for redemption on June 15 of such year a principal amount of 1994 Term Bonds as shall represent the difference between the principal amount of such 1994 Term Bonds fixed for redemption on such date as described above and the principal amount thereof

which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection by lot of the particular 1994 Term Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the Bondholders of such 1994 Term Bonds so drawn for redemption in the manner provided in Article III hereof, and, upon presentation by the Bondholders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 1994 Bonds Sinking Fund Account and shall pay accrued interest due from moneys available therefor in the Debt Service Fund.

If at any time all the 1994 Term Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 1994 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund. Whenever 1994 Term Bonds are to be purchased out of the 1994 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to this Indenture.

(1) (i) If, on the third day preceding any Interest Payment Date for the 1994 Bonds there is not on deposit with the Trustee sufficient moneys available to pay all principal of and interest on the 1994 Bonds due on such date, the Trustee shall immediately notify the Bond Insurer for the 1994 Bonds and its Fiscal Agent of the amount of such deficiency. If, by said Interest Payment Date, the Authority has not provided the amount of such deficiency, the Trustee shall simultaneously make available to such Bond Insurer and to its Fiscal Agent the registration books for the 1994 Bonds maintained by the Trustee. In addition:

(A) The Trustee shall provide the Bond Insurer for the 1994 Bonds with a list of the Bondholders entitled to receive principal or interest payments from such Bond Insurer under the terms of the Bond Insurance Policy for the 1994 Bonds and shall make arrangements for such Bond Insurer and its Fiscal Agent (1) to mail checks or drafts to Bondholders of 1994 Bonds entitled to receive full or partial interest payments from such Bond Insurer and (2) to pay principal of the 1994 Bonds surrendered to such Fiscal Agent by the Bondholders entitled to receive full or partial principal payments from such Bond Insurer; and

(B) The Trustee shall, at the time it makes the registration books available to the Bond Insurer for the 1994 Bonds pursuant to (A) above, notify Bondholders entitled to receive the payment of principal or interest on the 1994 Bonds from such Bond Insurer (1) as to the fact of such entitlement, (2) that such Bond Insurer will remit to them all or

part of the interest payments coming due subject to the terms of the Bond Insurance Policy for the 1994 Bonds, (3) that, except as provided in paragraph (ii) below, in the event that any Bondholder is entitled to receive full payment of principal from such Bond Insurer, such Bondholder must tender his 1994 Bond with the instrument of transfer in the form provided on the 1994 Bond executed in the name of such Bond Insurer, and (4) that, except as provided in paragraph (ii) below, in the event that such Bondholder is entitled to receive partial payment of principal from such Bond Insurer, such Bondholder must tender his 1994 Bond for payment first to the Trustee, which shall note on such 1994 Bond the portion of principal paid by the Trustee, and then, with an acceptable form of assignment executed in the name of such Bond Insurer, to the Bond Insurer's Fiscal Agent, which will then pay the unpaid portion of principal to the Bondholder subject to the terms of the Bond Insurance Policy for the 1994 Bonds.

(ii) In the event that the Trustee has notice that any payment of principal of or interest on a 1994 Bond has been recovered from a Bondholder pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, non-appealable order of a court having competent jurisdiction, the Trustee shall, at the time it provides notice to the Bond Insurer for the 1994 Bonds, notify all Bondholders of such 1994 Bonds that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Bond Insurer for the 1994 Bonds to the extent of such recovery, and the Trustee shall furnish to the Bond Insurer for the 1994 Bonds its records evidencing the payments of principal of and interest on the 1994 Bonds which have been made by the Trustee and subsequently recovered from Bondholders, and the dates on which such payments were made.

(iii) The Bond Insurer for the 1994 Bonds shall, to the extent it makes payment of principal of or interest on the 1994 Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of its Bond Insurance Policy and, to evidence such subrogation, (1) in the case of subrogation as to claims for past due interest, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books maintained by the Trustee upon receipt from such Bond Insurer of proof of the payment of interest thereon to the Bondholders of such 1994 Bonds and (2) in the case of subrogation as to claims for past due principal, the Trustee shall note such Bond Insurer's rights as subrogee on the registration books for the 1994 Bonds maintained by the Trustee upon receipt of proof of the payment of principal thereof to the Bondholders of such 1994 Bonds. Notwithstanding anything in this Indenture or the 1994 Bonds to the contrary, the Trustee shall make payment of such past due interest and past due principal directly to such Bond Insurer to the extent that such Bond Insurer is a subrogee with respect thereto.

(m) The Trustee shall establish such other sinking fund account for each Series of Additional Bonds as may be directed in the Supplemental Indenture establishing such Series.

**Section 5.07. Debt Service Reserve Fund.** At the time of issuance of each Series of Bonds, there shall be deposited into the Debt Service Reserve Fund in a separate account in respect of such Series and which shall secure only such Series an amount equal to the initial Debt Service Reserve Requirement for such Series of Bonds. In lieu of such deposit, at the time of issuance of a Series, subject to the written approval of the Bond Insurer (which approval shall be granted if, but only if, the proposed Credit Facility meets the then current credit requirements of the Bond Insurer with respect to such facilities), there may be provided a Credit Facility in such amount issued by a Credit Facility Issuer whose credit facilities are such that bonds secured by such credit facilities are rated in one of the three highest rating categories by Moody's and S&P. To the extent that additional amounts are required to be deposited in the Debt Service Reserve Fund, such moneys shall come from sources other than the proceeds of the Bonds. To the extent that there is an excess amount in any account in the Debt Service Reserve Fund as of the date any valuation is required to be made as hereinafter provided or as a result of a reduction described above, unless otherwise provided in the Supplemental Indenture authorizing the issuance of such Series, the excess (other than any Investment Earnings) shall be transferred, at the written direction of the Authority, either to the Debt Service Fund or to the Bond Redemption Fund for redemption of Bonds of such Series at the earliest possible date that Bonds of such Series can be redeemed without a premium.

All Investment Earnings derived from funds on deposit in the Debt Service Reserve Fund shall be retained or transferred, as applicable, in the following order and priority:

(a) the Trustee shall retain in the Debt Service Reserve Fund the amount necessary to eliminate deficiencies in any of the accounts therein;

(b) the Trustee shall transfer to the Rebate Fund in respect of each Bond Year such amount as is certified by the Authority to the Trustee pursuant to the applicable Tax Compliance Agreement as the Rebate Amount and Yield Reduction Amount, if any, for such Bond Year with respect to the 1992 Bonds, the 1993 Bonds, the 1993A Bonds and the 1994 Bonds and such additional amount for each other Series of Bonds as may be specified in the Supplemental Indenture authorizing the Series;

(c) the Trustee shall transfer to the Authority the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made (together with transfers made pursuant to

Section 5.05) to equal the total operating expenses of the Authority for such fiscal year as set forth in the certificate of the Authority (which certificate may be revised from time to time) filed with the Trustee in respect of such fiscal year; and

(d) the Trustee shall transfer any remaining amount to the Revenue Fund.

If there are insufficient moneys to pay the Debt Service Requirement on any Series of Bonds on any Interest Payment Date or maturity date of such Series of Bonds, the Trustee shall transfer from the related account in the Debt Service Reserve Fund to the Debt Service Fund amounts necessary to make such payments from the Debt Service Fund.

In the event of any application of funds in the Debt Service Reserve Fund in accordance with the preceding paragraph causes the amount in any account in the Debt Service Reserve Fund to be less than the applicable Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority.

The Investment Securities in the account in the Debt Service Reserve Fund in respect of a Series shall be valued by the Trustee at the end of each Bond Year for such Series and six months after the end of such Bond Year. If the value of such Investment Securities plus any moneys in such account in the Debt Service Reserve Fund (other than Investment Earnings which have not yet been transferred as provided herein) falls below the Debt Service Reserve Requirement with respect to such account, the Trustee shall promptly notify the Authority. Such deficiency shall be eliminated as provided above and if necessary by the transfer from the Revenue Fund specified in Section 5.05 hereof. If such valuation shows that there is an excess amount in such account in the Debt Service Reserve Fund, the Trustee shall promptly notify the Authority and shall apply such excess as provided in the first paragraph of this Section 5.07.

In connection with a redemption or final maturity of all of the Bonds of a Series, the moneys in the associated account in the Debt Service Reserve Fund shall be transferred to the Bond Redemption Fund or to the Debt Service Fund, respectively, to be used for purposes of such redemption or payment at final maturity, unless moneys for such redemption or payment are otherwise provided, in which event the moneys remaining in the Debt Service Reserve Fund shall be transferred as directed by the Authority. Also, in connection with the maturity of 1992 Bonds on June 15, 2002, moneys in the account in the Debt Service Reserve Fund in respect of the 1992 Bonds shall be transferred to the Debt Service Fund to be used for purposes of payment of such maturity to the extent that the moneys in such account exceed the Debt Service Reserve Requirement for the 1992 Bonds that will apply immediately following such maturity.

Section 5.08. Bond Redemption Fund. The Trustee shall deposit in the Bond Redemption Fund amounts received from any source for redemption of Bonds other than mandatory sinking fund payments.

Moneys deposited into the Bond Redemption Fund shall be used to redeem Bonds or, at the request of the Authority in writing, to purchase Bonds in the open market at a price not in excess of the principal amount thereof plus accrued interest thereon (or, in the case of zero coupon bonds, original issue price plus accrued original issue discount). Upon such deposit, to the extent such moneys are to be used to redeem Bonds, the Trustee shall promptly select and call Bonds for redemption.

Section 5.09. Rebate Fund. Amounts shall be deposited in the Rebate Fund as hereinafter specified in order to comply with rebate requirements of Section 148 of the Code. Notwithstanding any other provision of this Indenture, the Rebate Fund shall not be subject to any security interest, pledge, assignment, lien or charge in favor of the Trustee, any Bondholder, any Credit Facility Issuer or any other Person. Rules and definitions concerning the requirements of this fund are contained in the Tax Compliance Agreement. The provisions of Sections 5.10 through 5.14 hereof regarding the Rebate Fund may be amended upon receipt by the Trustee and the Authority of an opinion of Bond Counsel that such amendment will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any moneys released from the Rebate Fund as a result of any such amendment shall be applied by the Trustee as required or permitted (in which case such application shall be at the written direction of the Authority) by such opinion of Bond Counsel.

Section 5.10. Determinations, Notices and Records of Rebate Amount and Yield Reduction Amount.

(a) The Authority, with the cooperation of the Trustee in providing information concerning accounts, investments and earnings thereon, shall determine the Rebate Amount and Yield Reduction Amount; if any, in respect of each Series of Bonds or cause the same to be determined in the manner provided in Section 148 of the Code. Determinations of the Rebate Amount and Yield Reduction Amount, if any, shall be made at the end of each Bond Year and upon the retirement of the last Bond of a particular Series of Bonds as required by the Code. As of any computation date, the computation of the Rebate Amount and Yield Reduction Amount, if any, takes into account amounts previously paid to the United States of America by the Trustee on behalf of the Authority pursuant to Section 5.14 hereof. The Trustee, at the request of the Authority, shall provide the Authority information concerning accounts, investments and earnings thereon.

(b) Within 30 days after the end of each Bond Year and the retirement of the last bond of a particular Series of Bonds, the Authority shall furnish or cause to be furnished to the Trustee, a written notice specifying the Rebate Amount and Yield Reduction Amount, if any, as at the end of such Bond Year or such retirement. In connection with each such determination of the Rebate Amount and Yield Reduction Amount, if any, the Trustee shall report to the Authority (i) the amount, if any, theretofore paid to the United States of America by the Trustee on behalf of the Authority pursuant to Section 5.14 hereof, (ii) the amount in the Rebate Fund as at the end of the Bond Year or the retirement of the last bond of a particular Series of Bonds, (iii) the balance to be added to or removed from the Rebate Fund pursuant to Sections 5.11 and 5.12 hereof.

(c) The notice specifying the Rebate Amount and Yield Reduction Amount, if any, for a particular Series shall be retained by the Trustee until a date which is six (6) years after the retirement of the last Bond of such Series. The Trustee shall make such notice available for review by the Authority and the City upon reasonable notice.

Section 5.11. Deposit into Rebate Fund. Within 60 days after the end of each Bond Year in respect of each Series of Bonds or the retirement of the last bond of a particular Series, the Trustee, following receipt of notification from the Authority pursuant to Section 5.10(b), shall transfer amounts first from the Investment Earnings on the Debt Service Reserve Fund pursuant to Section 5.07(b) and then from the Revenue Fund pursuant to Section 5.05(a) to the Rebate Fund as may be necessary so that the amount in the Rebate Fund shall be equal to the Rebate Amount and Yield Reduction Amount, if any, as of the computation date.

Section 5.12. Excess Moneys in the Rebate Fund. In the event that as of the first day of any Bond Year in respect of each Series of Bonds, the amount on deposit in the Rebate Fund exceeds the Rebate Amount and Yield Reduction Amount, if any, (as reported in the notice furnished by the Authority pursuant to Section 5.10(b) with respect to such date), the Trustee, upon the receipt of written instructions from the Authority specifying the amount of the excess, shall transfer such excess amount into the Revenue Fund. If any amount shall remain in the Rebate Fund after the Trustee has made the final payment to the United States of America pursuant to Section 5.14 hereof in respect of each Series of Bonds, such amount shall be transferred to the Revenue Fund.

Section 5.13. Investment of Rebate Fund.

(a) Any moneys held as part of the Rebate Fund shall be invested or reinvested by the Trustee, as provided in Article VI hereof.

(b) Any investment of funds in the Rebate Fund shall mature or be redeemable by the Trustee at such times as may be necessary to provide funds when, at the time of the investment, it is anticipated the same will be needed to make payments from the Rebate Fund. The Trustee at any time as directed by the Authority, to the extent required for payments from the Rebate Fund, may sell any of such investments, and the proceeds of such sale, and of all payments at maturity and upon redemption of such investments, shall be held in the Rebate Fund. Interest and other income received or losses on moneys or securities in the Rebate Fund shall be credited or charged to the Rebate Fund and shall become a part thereof, to be disbursed as provided for herein.

(c) Any and all moneys held as part of the Rebate Fund shall be considered proceeds of the Bonds for all purposes (except as otherwise specifically provided herein).

Section 5.14. Payment of Rebate Amount and Yield Reduction Amount to the United States.

(a) The Rebate Amount and Yield Reduction Amount, if any, for each Series of Bonds shall be paid to the United States of America by the Trustee on behalf of the Authority in installments in amounts and at times directed in writing by the Authority in accordance with this Indenture. The first installment shall be made not later than sixty (60) days after the end of the fifth Bond Year; each subsequent installment shall be made not later than five (5) years after the preceding installment was due. Each installment shall be in an amount, as calculated by or on behalf of the Authority, that ensures that the Yield Reduction Amount and at least 90% of the Rebate Amount (exclusive of Yield Reduction Amounts) as of the end of the immediately preceding Bond Year will have been paid to the United States of America. Not later than sixty (60) days after the retirement of the last Bond, the Trustee shall pay to the United States of America an amount, as calculated by or on behalf of the Authority which equals 100% of the Rebate Amount and Yield Reduction Amount determined as of the date of retirement of the last Bond.

(b) Each payment of an installment of the amount required to be paid to the United States of America pursuant to this Section 5.14 shall be paid at the Internal Revenue Service Center, Philadelphia, Pa. Each payment shall be accompanied by a Form 8038-T prepared by or on behalf of the Authority filed with respect to the Series of Bonds.

(c) The duty of the Trustee to make payments to the United States of America pursuant to this Section 5.14 shall be expressly limited to funds available in the Rebate Fund at the times such payments are required to be made (including all investment earnings on funds theretofore deposited by the Trustee

in the Rebate Fund) and any other funds actually provided to the Trustee by the Authority for such payments. The Trustee shall not be under any duty to pay any amounts in excess of the amount available in the Rebate Fund or actually provided to it by the Authority. The Trustee shall be entitled to rely on the directions and calculations provided by or on behalf of the Authority, without further inquiry, and shall have no obligation to confirm the accuracy of any Rebate Amount or Yield Reduction Amount or the timing of any such payment.

Section 5.15. Discontinuance of Funds. After all Bonds and other sums required to discharge this Indenture shall have been paid or provision for their payment shall have been made as provided herein, all amounts required to be deposited in the Rebate Fund have been deposited and all sums owing to the Credit Facility Issuer shall have been paid and the Credit Facility surrendered to the Credit Facility Issuer, any balance remaining in the funds established hereunder (other than the Rebate Fund) shall be used to pay the Authority any amount owing in respect of operating expenses as set forth in the certificate of the Authority for such fiscal year and the balance shall be paid to the Depositary for deposit in the City Account.

##### INVESTMENT OF MONEYS

7. Section 6.01. Investment of Funds. Moneys in the funds established hereunder shall, to the extent permitted by law and at the written direction of the Authority and subject to any limitations imposed by the agreement pursuant to which the Credit Facility is issued, be invested and reinvested in Investment Securities or City Obligations, except that moneys in the Debt Service Fund, the Revenue Fund and the Rebate Fund shall only be invested in Government Obligations with maturities which will assure the availability of money at the time when needed and moneys in the account in the Debt Service Reserve Fund in respect of the 1992 Bonds, the 1993 Bonds, the 1993A Bonds and the 1994 Bonds shall only be invested as set forth below.

Subject to the further provisions of this Article VI, such investments shall be made by the Trustee as directed and designated by the Authority in a certificate of, or telephonic advice promptly confirmed by a certificate of, an Authority Representative. As and when any amounts thus invested may be needed for disbursements from the funds established hereunder, the Trustee shall cause a sufficient amount of such investments to be sold or otherwise converted into cash to the credit of such fund as directed by an Authority Representative in writing. The Authority shall have the right to designate the investments to be made and to be sold and to otherwise direct the Trustee in the sale or conversion to cash of the investments made with the moneys in the funds established hereunder.

Notwithstanding anything herein to the contrary, capitalized interest deposited in the Debt Service Fund pursuant to subsection 2.06(a) hereof shall be invested only in Government Obligations described in clause (a) of such defined term.

Notwithstanding anything herein to the contrary, moneys in the accounts in the Debt Service Reserve Fund in respect of the 1992 Bonds, the 1993 Bonds, the 1993A Bonds and the 1994 Bonds shall only be invested in Investment Securities with a maturity of not more than five years; provided, however, that if moneys are invested in a guaranteed investment contract or a repurchase agreement which allows the full principal of and interest on the investment to be withdrawn at par on any principal or interest payment date for the 1992 Bonds, the 1993 Bonds, the 1993A Bonds or the 1994 Bonds, respectively, such guaranteed investment contract or repurchase agreement may have a maturity longer than five years but not longer than ten years. Accounts in the Debt Service Reserve Fund in respect of any other Series of Bonds shall be invested as specified in the Supplemental Indenture authorizing such Series.

The interest and income received from such investments, losses suffered by reason of such investments, and any interest paid by the Trustee or any other depository of any fund established hereunder, and any net profit or losses resulting from the sale of securities (collectively "Investment Earnings") shall be added or charged to the Revenue Fund when earned or realized; subject, however, to the provisions of Article VII hereof in the case of defeasance and provided that (i) Investment Earnings from investment of amounts in the Debt Service Reserve Fund shall be transferred as provided in Section 5.07 hereof; (ii) Investment Earnings from investment of amounts in the Rebate Fund shall remain in the Rebate Fund and become a part thereof, to be disbursed as provided in Article V and (iii) Investment Earnings from investment of amounts in the Capital Projects Fund shall remain in the Capital Projects Fund so long as costs of capital projects are to be paid therefrom.

Section 6.02. Valuation of Funds. In computing the assets of any fund, investments and interest earned thereon, unless otherwise provided herein, shall be deemed a part thereof. Such investments, except for investments in the Debt Service Reserve Fund other than any guaranteed investment contract, shall be valued at the amortized cost thereof plus accrued interest, or at the redemption price thereof, if then redeemable at the option of the holder. Investments in the Debt Service Reserve Fund other than any guaranteed investment contract shall be valued at the fair market value thereof.

Section 6.03. Information as to Status of Funds. The Trustee shall provide the Authority and the City with monthly statements of each fund. The Trustee shall provide the Authority and the City with such additional information as they may

reasonably request regarding the status of each fund held by the Trustee.

## ARTICLE VII

### DISCHARGE OF INDENTURE

If the Authority shall pay or cause to be paid, or there shall otherwise be paid or provision be made for payment, to the Holders of the Bonds the principal of, premium, if any, and interest due or to become due thereon at the times and in the manner stipulated therein, and all fees, expenses and other amounts due to the Trustee, each Registrar and each Credit Facility Issuer, then these presents and the Trust Estate and rights hereby granted shall cease, determine and be void, whereupon the Trustee shall cancel and discharge this Indenture, and execute and deliver to the Authority such instruments in writing as shall be requisite to release this Indenture, and reconvey, release, assign and deliver unto the Authority any and all of the Trust Estate and all right, title and interest in and to any and all rights conveyed, assigned or pledged to the Trustee or otherwise subject to this Indenture, except amounts held in or payable to the Rebate Fund for payment to the United States of America and amounts held by the Trustee for the payment of the principal of, premium, if any, and interest on the Bonds. Notwithstanding the foregoing, Bonds paid with the proceeds of any Credit Facility shall be outstanding until the Credit Facility Issuer has been reimbursed for the amount of the payment.

Any Bond shall be deemed to be paid within the meaning of this Article VII and for all purposes of this Indenture when payment of the principal of, the redemption premium, if any, and the interest on such Bond to the due date thereof (whether such due date is by reason of maturity or upon redemption as provided herein) either (i) shall have been made or caused to be made in accordance with the terms hereof or (ii) shall have been provided for by irrevocably depositing with the Trustee (1) moneys sufficient to make such payment and/or (2) Government Obligations (only clause (a)), Refcorp interest strips, CATS, TIGRS, STRPS or defeased municipal bonds rated AAA by S&P or Aaa by Moody's, in each case non-callable and maturing as to principal and interest in such amount and at such time as will insure the availability of sufficient moneys to make such payment. At such times as a Bond shall be deemed to be paid hereunder, as aforesaid, such Bond shall no longer be secured by or entitled to the benefits of this Indenture, except for the purposes of any such payment from such moneys or Government Obligations.

Notwithstanding the foregoing paragraph, no deposit under clause (ii) of the immediately preceding paragraph shall be deemed a payment of such Bonds as aforesaid until: (a) proper notice of redemption of such Bonds shall have been previously given in accordance with Section 3.02 of this Indenture or, in the event that such Bonds are not to be redeemed within the next succeeding sixty (60) days, until the Authority shall have given the Trustee, in form satisfactory to the Trustee, irrevocable instructions to notify, as soon as practicable, the Holders of the Bonds, in accordance with Section 3.02 hereof, that the deposit required by clause (ii) above has been made with the Trustee and that such Bonds are deemed to have been paid in accordance with this Article VII and stating the maturity or redemption date upon which moneys are to be available for the payment of the principal of and the redemption premium, if any, on such Bonds plus interest thereon to the due date thereof; or (b) the maturity of such Bonds.

In the event of a refunding in advance of the payment or mandatory sinking fund redemption date of the 1992 Bonds, the 1993 Bonds, the 1993A Bonds or the 1994 Bonds, the Authority shall cause to be delivered to the applicable Bond Insurer a verification report of an independent nationally recognized certified public accountant.

The provisions of this Indenture relating to the registration of transfer and exchange of Bonds shall remain in full force and effect with respect to all Bonds until the maturity date of the Bonds or the last date fixed for redemption of all Bonds prior to maturity, notwithstanding that all or any portion of the Bonds are deemed to be paid within the meaning of this Article VII.

Anything in Article X hereof to the contrary notwithstanding, if moneys or Government Obligations have been deposited or set aside with the Trustee pursuant to this Article VII for the payment of Bonds and such Bonds shall not have in fact been actually paid in full, no amendment to the provisions of this Article VII shall be made without the consent of the Bondholders affected thereby.

#### ARTICLE VIII

##### DEFAULTS AND REMEDIES

Section 8.01. Events of Default. Each of the following events is hereby declared to constitute an "Event of Default":

(a) Default in the due and punctual payment of interest on any Bond after such payment has become due and payable; or

(b) Default in the due and punctual payment of the principal or mandatory sinking fund installment of any Bond, whether at the stated maturity thereof or upon proceedings for redemption thereof; or

(c) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Authority contained in this Indenture, any Supplemental Indenture or in the Bonds; or

(d) Failure by the City to perform any of its covenants or agreements contained in the PICA Tax Ordinance or any other ordinance of the City enacting PICA Taxes; or

(e) Failure by the State Treasurer or the Department in the performance of any of their duties under the Act or covenants or agreements contained in the PICA Tax Disbursement Agreement or the Tax Collection Agency Agreement;

provided, however, that a default under (c) or (e) shall not constitute an Event of Default hereunder unless the Authority, the State Treasurer or the Department, as applicable, shall have had thirty (30) days after receipt of notice of such default from the Trustee or from the Bondholders of not less than twenty-five percent (25%) in aggregate principal amount of all Outstanding Bonds to correct said default or cause said default to be corrected and shall not have corrected said default or caused said default to be corrected within such period; provided that, if said default is such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the Authority, the State Treasurer or the Department, as applicable, within the applicable period and diligently pursued until the default is corrected, subject to each Bond Insurer's approval of the grace period for the taking of such corrective action; provided, further, that the period to cure any of such defaults shall be only seven (7) days in the case of a default in the payment of money and shall be such shorter period as may be specified in the notice of such default in the case of any default which would have a material adverse effect on the tax exempt status of the 1992 Bonds, the 1993 Bonds, the 1993A Bonds or the 1994 Bonds if not cured sooner than the period specified in the notice. In determining whether a payment default has occurred or whether payment on the Bonds has been made, no effect shall be given to payments made under the Bond Insurance Policy.

The Trustee shall give each Bond Insurer notice of any default under (a) or (b) above immediately and notice of any other default known to the Trustee within thirty (30) days of the Trustee's knowledge thereof.

Section 8.02. Remedies; Rights of Bondholders. Upon the occurrence of an Event of Default, the Trustee may pursue any available remedy at law or in equity, including, without limitation, enforcement of the rights of the Trustee and the Bondholders under the PICA Tax Ordinance or the Tax Compliance Agreement, the remedies provided in Section 305 of the Act and the rights of enforcement provided in Section 310 of the Act, to enforce the payment of the principal of, premium, if any, and interest on the Outstanding Bonds, the performance by the Authority of its obligations hereunder and the performance by the Department and by the State Treasurer of their obligations under the Act; provided, however, that there shall be no right to accelerate the time for payment of the Bonds. Without limiting the generality of the foregoing, if at any time the Trustee shall not receive the Pledged Revenues for transfer to the Debt Service Fund at the times and on the dates required by the Act and this Indenture, the Trustee shall promptly enforce the pledge of, security interest in and lien and charge on the Pledged Revenues against all government agencies (as defined in the Act) in possession of any of such Pledged Revenues at any time and shall send notice to the Department and the State Treasurer requesting that they take appropriate corrective actions.

If an Event of Default shall have occurred and be continuing and if directed in writing by the Bondholders of twenty-five percent (25%) in aggregate principal amount of Outstanding Bonds and upon being indemnified as provided in Section 9.01 hereof, the Trustee shall be obligated to exercise such one or more of the rights and powers conferred by this Section 8.02 hereof, as directed, provided such direction shall not be otherwise than in accordance with law and the provisions of this Indenture and the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would prejudice Bondholders not parties to such direction.

No remedy conferred upon or reserved to the Trustee (or to the Bondholders) by the terms of this Indenture is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Bondholders hereunder or now or hereafter existing at law or in equity.

No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver of any such Event of Default or acquiescence therein; such right or power may be exercised from time to time as often as may be deemed expedient.

No waiver of any Event of Default hereunder, whether by the Trustee or by the Bondholders, shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

**Section 8.03. Right of Bondholders to Direct Proceedings.** Anything in this Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, provided that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture. The Trustee shall not be required to follow any direction from the Bondholders in the absence of indemnification of the Trustee, in accordance with Section 9.01, in form and substance satisfactory to the Trustee.

**Section 8.04. Application of Moneys.** All moneys received by the Trustee pursuant to any right or remedy given or action taken under the provisions of this Article VIII shall, after payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of all expenses, fees (including, without limitation, reasonable counsel fees), liabilities and advances incurred or made by the Trustee under the terms of this Indenture, be deposited in the Debt Service Fund and applied as follows:

**FIRST** - To the payment to the persons entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest, including any amounts owed to any Credit Facility Issuer in respect of payments made for interest on the Bonds, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or privilege; and

**SECOND** - To the payment to the persons entitled thereto of the unpaid principal of and premium, if any, on any of the Bonds which shall have become due (other than Bonds matured or called for redemption for the payment of which moneys are otherwise held pursuant to the provisions of this Indenture, but including any amounts owed to any Credit Facility Issuer in respect of payments made for principal of the Bonds), with interest on such Bonds from the respective dates upon which they became due, in order of their due dates, and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the persons entitled thereto without any discrimination or privilege; and

**THIRD** - To deposit in the Revenue Fund for use as provided in Section 5.05 hereof.

Whenever moneys are to be applied pursuant to the provisions of this Section 8.04, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be the earliest practicable date it deems suitable) upon which such application is to be made and upon such date interest on the amounts of principal and interest to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date to all Holders of Outstanding Bonds, and shall not be required to make payment to any Holder of a Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Section 8.05. Remedies Vested in the Trustee. All rights of action (including the right to file proof of claims) under this Indenture or under any of the Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or other proceeding relating thereto, and any such suit or proceeding instituted by Trustee shall be brought in its name as the Trustee without the necessity of joining as plaintiffs or defendants any Bondholders, and any recovery of judgment shall be for the equal and ratable benefit of the Bondholders of the Outstanding Bonds.

Section 8.06. Rights and Remedies of Bondholders: No Bondholder shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of this Indenture or for the execution of any trust hereof or for the appointment of a receiver or any other remedy hereunder, unless an Event of Default has occurred of which the Trustee has been notified as provided in subsection 9.01(h) hereof, or of which by said subsection it is deemed to have notice, unless the Bondholders of at least twenty-five percent (25%) in aggregate principal amount of Outstanding Bonds shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in their own name or names, nor unless also they have offered to the Trustee indemnity as provided in subsection 9.01(k), nor unless the Trustee shall thereafter fail or refuse to exercise the powers hereinbefore granted, or to institute such action, suit or proceeding; and such notification, request and offer of indemnity are hereby declared in every case to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one more of the Bondholders shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of this

Indenture by its, his, her or their action or to enforce any right hereunder except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal and ratable benefit of the Bondholders of all Outstanding Bonds. However, nothing contained in this Indenture shall affect or impair the right of any Bondholder to enforce the payment of the principal of, premium, if any, and interest on any Bond upon and after the maturity thereof, or the obligation of the Authority to pay the principal of, premium, if any, and interest on each of the Bonds issued hereunder to and for the equal benefit of all Bondholders at the time and place, from the source and in the manner expressed in the Bonds.

Section 8.07. Termination of Proceedings. In case the Trustee shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case, the Authority, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder, respectively, with regard to the property subject to this Indenture, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 8.08. Waivers of Events of Default. The Trustee may at its discretion waive any Event of Default hereunder and its consequences, and shall do so upon the written request of the Bondholders of (1) not less than sixty-six and two-thirds percent (66-2/3%) in aggregate principal amount of all Outstanding Bonds in respect of which default in the payment of principal or interest, or both, exists or (2) not less than a majority in aggregate principal amount of all Outstanding Bonds in the case of any other Event of Default; provided, however, that there shall not be waived any Event of Default in the payment of the principal of or interest on any Outstanding Bonds unless, prior to such waiver or rescission, all arrears of principal and interest, and all expenses of the Trustee in connection with such Event of Default shall have been paid or provided for and, in the case of any Bonds to which a Credit Facility applies, any amount drawn under the Credit Facility shall have been reinstated (if applicable) or the Credit Facility Issuer shall have been reimbursed. In case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such Event of Default shall have been discontinued or abandoned or determined adversely, then and in every such case the Authority, the Trustee, the Credit Facility Issuer and the Bondholders shall be restored to their former positions and rights hereunder, respectively, but no such waiver or rescission shall extend to any subsequent or other Event of Default, or impair any right consequent thereon. The foregoing notwithstanding, so long as a Credit Facility applies to the affected Bonds and the Credit Facility Issuer has not wrongfully

failed to honor a drawing thereunder, the consent of the Credit Facility Issuer must be obtained prior to any such waiver with respect to such Bonds. Also, notwithstanding the foregoing, the consent of the Bond Insurer of the Series of Bonds as to which such Event of Default exists, which consent may not unreasonably be withheld, must be obtained prior to any such waiver becoming effective.

Section 8.09. Rights of Bond Insurer. For all purposes of this Article VIII, except for the giving of notice of default to Bondholders, each Bond Insurer shall be deemed to be the sole holder of the 1992 Insured Bonds, the 1993 Insured Bonds, the 1993A Insured Bonds or the 1994 Bonds insured by it for so long as it has not failed to comply with its payment obligations under the applicable Bond Insurance Policy.

#### ARTICLE IX

##### TRUSTEE; REGISTRAR

Section 9.01. Acceptance of Trusts. Meridian Bank is hereby appointed Trustee. The Trustee hereby accepts the trusts imposed upon it by this Indenture and agrees to perform said trusts, but only upon and subject to the following express terms and conditions:

(a) The Trustee, prior to the occurrence of an Event of Default and after the curing or waiving of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants shall be read into this Indenture against the Trustee. In case an Event of Default has occurred (which has not been cured or waived), the Trustee shall exercise such of the rights and powers vested in it by this Indenture and use the same degree of care and skill in the exercise of such rights and powers as a prudent man would exercise under the circumstances in the conduct of his own affairs.

(b) The Trustee may execute any of the trusts or powers hereof and perform any of its duties by or through attorneys or agents, and shall not be answerable for the conduct of the same if such persons are selected in accordance with the standard specified above. The Trustee shall be entitled to advice of counsel concerning its duties hereunder, and may in all cases pay such reasonable compensation to all such attorneys, agents, receivers and employees as may reasonably be employed in connection with the trusts hereof. The Trustee may act upon the opinion or advice of any attorney (who may be the attorney or attorneys for the Authority) approved by the Trustee in the exercise of reasonable care. The Trustee shall not be responsible for any loss or damage resulting from any action or

inaction in good faith in reliance upon such opinion or advice received in writing.

(c) The Trustee shall not be responsible for any recital, statement or representation herein or in the Bonds (except with respect to the certificate of the Trustee endorsed on the Bonds), or for the validity of the execution by the Authority of this Indenture or of any supplements hereto or instruments of further assurance, or for the sufficiency of the security for the Bonds issued hereunder or intended to be secured hereby, or for reviewing any financial statements, reports, audits or annual reports and the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants or agreements on the part of the City, the Department or the State Treasurer; but the Trustee may require of the Authority full information and advice as to the performance of the aforesaid covenants and agreements. Notwithstanding the foregoing, if there is a deficit in the amount deposited in the Debt Service Fund in excess of one month's required deposit, the Trustee shall make inquiry to determine whether there has been an Event of Default under Section 8.01(d) or (e) hereof. The Trustee shall not be liable or responsible because of the failure of the Authority to perform any act required of it by this Indenture or because of the loss of any moneys arising through the insolvency or the act or default or omission of any depositary other than itself in which such moneys shall have been deposited under this Indenture. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, invested, withdrawn or transferred in accordance with the provisions of this Indenture or for any loss resulting from any such investment or the sale or disposition of any such investment in accordance with the provisions of this Indenture. The Trustee shall not be liable in connection with the performance of its duties under this Indenture except for its own negligence, willful misconduct or bad faith. The immunities and exemptions from liability of the Trustee shall extend to its directors, officers, employees, agents and servants and persons under the Trustee's control or supervision.

(d) The Trustee shall not be accountable for the use of the proceeds of any Bonds disbursed in accordance with Section 2.06, 5.03 and 5.04 hereof or be accountable for any Bonds once authenticated and delivered in accordance herewith.

(e) The Trustee shall be protected in acting upon any notice, request, consent, certificate, order, affidavit, letter, telegram or other paper or document believed to be genuine and correct and believed by the Trustee to have been signed or sent by the proper person or persons. Any action taken by the Trustee pursuant to this Indenture upon the request or authority or consent of any person who at the time of making such request or giving such authority or consent is the Holder of any Bond shall

be conclusive and binding upon all future Holders of the same Bond and upon Bonds issued in exchange therefor or in place thereof. The Trustee shall not be bound to recognize any person as a Bondholder or to take any action at his request unless his Bond shall be deposited with the Trustee or satisfactory evidence of the ownership of such Bond shall be furnished to the Trustee.

(f) As to the existence or nonexistence of any fact or as to the sufficiency or validity of any instrument, paper or proceeding, the Trustee shall be entitled to rely upon a certificate signed by the Authority Representative as sufficient evidence of the facts therein contained and, prior to the occurrence of an Event of Default of which the Trustee has been notified as provided in subsection 9.01(h) hereof, or of which by subsection 9.01(h) it is deemed to have notice, shall also be at liberty to accept a similar certificate to the effect that any particular dealing, transaction or action is necessary or expedient, but may at its discretion secure such further evidence deemed by it to be necessary or advisable, but shall in no case be bound to secure the same. The Trustee may accept a certificate of an Authority Representative to the effect that a resolution in the form therein set forth has been adopted by the Authority as conclusive evidence that such resolution has been duly adopted and is in full force and effect.

(g) The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty, and the Trustee shall not be answerable for other than its own negligence, willful misconduct or bad faith.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any Event of Default hereunder except failure by the Authority to cause to be made any of the payments to the Trustee required to be made by Article IV hereof, an Event of Default under subsections 8.01(a) or (b), or an Event of Default under subsections 8.01 (c), (d) or (e) as to which the Authority has notified the Trustee or failure by the Authority to file with the Trustee any document required by this Indenture to be so filed subsequent to the issuance of the Bonds, unless the Trustee shall be specifically notified in writing of such Event of Default by the Authority, by Holders of at least twenty-five percent (25%) in aggregate principal amount of Outstanding Bonds or by a Bond Insurer, and all notices or other instruments required by this Indenture to be delivered to the Trustee, must, in order to be effective, be delivered at the Principal Office of the Trustee, and in the absence of such notice so delivered the Trustee may conclusively assume there is no Event of Default except as aforesaid.

(i) The Trustee shall not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises.

(j) Notwithstanding anything elsewhere in this Indenture with respect to the authentication of any Bonds, the withdrawal of any cash, the release of any property or any action whatsoever within the purview of this Indenture, the Trustee shall have the right, but shall not be required, to demand any showings, certificates, opinions, appraisals or other information, or corporate action or evidence thereof, in addition to that by the terms hereof required as a condition of such action, deemed desirable by the Trustee for the purpose of establishing the right of the Authority to the authentication of any Bonds, the withdrawal of any cash or the taking of any other action by the Trustee.

(k) Before taking any action referred to in Section 8.02 hereof, the Trustee may require that a satisfactory indemnity bond be furnished for the reimbursement of all expenses to which it may be put and to protect it against all liability, except liability which is adjudicated to have resulted from its own negligence, willful misconduct or bad faith in connection with any such action. Except as provided in the preceding sentence, the Trustee may not require indemnity prior to making payment on the Bonds when due or making a drawing under any Credit Facility or obtaining payment pursuant to any Credit Facility in accordance with the terms hereof.

(l) All moneys received by the Trustee shall, until used or applied or invested as herein provided, be held in trust for the purposes for which they were received strictly in accordance with the provisions of the Act and this Indenture and shall not be commingled with any other funds of the Trustee.

(m) All books and records in the Trustee's possession or under its control relating to the Bonds shall at all reasonable times be open to inspection by the Authority and the City and such agents as either of them may designate from time to time and by such other Persons as may be entitled under the Act to examine such books and records.

Section 9.02. Compensation, Expenses and Advances. The Trustee shall be entitled to reasonable compensation for its services rendered hereunder (not limited by any provision of law in regard to the compensation of the trustee of an express trust and to reimbursement for its actual out-of-pocket expenses (including counsel fees) reasonably incurred in connection therewith except as a result of its own negligence, willful misconduct or bad faith. The obligation of the Authority to pay or reimburse the Trustee for expenses, fees, disbursements and advances shall survive the satisfaction and discharge of this Indenture and the resignation, removal and succession of the Trustee. If the Authority shall fail to perform any of the covenants or agreements contained in this Indenture, other than the covenants or agreements in respect of the payment of the principal of and interest on the Bonds, the Trustee may, in its

discretion and without notice to the Bondholders, but with notice to the Authority, at any time and from time to time, make advances to effect performance of the same on behalf of the Authority, but the Trustee shall be under no obligation to do so; and any and all such advances may bear interest at a rate per annum not exceeding the base rate then in effect for 90-day commercial loans by the Trustee in the city in which is located the Principal Office of the Trustee to borrowers of the highest credit standing; but no such advance shall operate to relieve the Authority from any default hereunder. The Authority shall pay the Trustee all such fees, expenses and reimbursement.

**Section 9.03. Notices by Trustee.**

(a) If an Event of Default occurs of which the Trustee is by subsection 9.01(h) hereof required to take notice or if notice of an Event of Default be given as therein provided, then the Trustee shall as soon as practicable give written notice thereof to all Holders of Outstanding Bonds, the Authority, the City and any Credit Facility Issuer.

(b) The Trustee shall give notice to the Authority and the City whenever it is required hereby to give notice to either of them and, additionally, shall furnish to the Authority and the City copies of any other notice given by it pursuant to any provision hereof. The Trustee shall send copies of all notices which it gives or receives under this Indenture to any Credit Facility Issuer.

(c) The Trustee shall send copies of any notices given pursuant to Sections 9.03(a) or (b) to S&P, Moody's, Fitch and any Credit Facility Issuer.

**Section 9.04. Intervention by Trustee.** The Authority shall notify the Trustee and each Bond Insurer then insuring Outstanding Bonds promptly of any judicial proceeding to which the Authority is a party. In any judicial proceeding to which the Authority is a party and which in the opinion of the Trustee and its counsel has a substantial bearing on the interests of Bondholders, the Trustee may intervene on behalf of Bondholders and shall do so, upon receipt of indemnity satisfactory to it, if requested in writing by the Holders of at least twenty-five percent (25%) of the aggregate principal amount of Outstanding Bonds or by a Bond Insurer then insuring Outstanding Bonds.

**Section 9.05. Successor Trustee.** Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, shall be and become successor Trustee hereunder and vested with all of the title to the Trust

Estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding, provided such successor corporation or association meets the requirements of Section 9.08 hereof.

Section 9.06. Resignation by the Trustee. The Trustee may resign and be discharged of the trusts created by this Indenture by executing an instrument in writing resigning such trust and specifying the date when such resignation shall take effect, and filing the same with the Authority and the Commonwealth not less than thirty (30) days before the date specified in such instrument when such resignation shall take effect, and by giving notice of such resignation, not less than three weeks prior to such resignation date, to all Bondholders. Such resignation shall take effect on the day specified in such instrument and notice, unless previously a successor Trustee shall have been appointed as hereinafter provided, in which event such resignation shall take effect immediately upon the appointment of such successor Trustee; provided that such resignation shall not take effect until the appointment of a temporary or successor Trustee by the Bondholders, by the Authority or by a court of competent jurisdiction and the acceptance of such appointment by such successor. The Trustee shall be reimbursed for all reasonable costs incurred by it if it is necessary for the Trustee to apply to any court for the appointment of a successor.

Section 9.07. Removal of Trustee. The Trustee may be removed at any time by (a) an instrument or concurrent instruments in writing delivered to the Trustee, the Commonwealth, the Authority and the City and signed by the Holders of a majority in aggregate principal amount of Outstanding Bonds or (b) provided no Event of Default exists, by the Authority in its discretion by an instrument in writing delivered to the Trustee, the Commonwealth and the Bondholders; provided that such removal shall not become effective until a successor has been appointed and has accepted the duties of Trustee.

Section 9.08. Appointment of Successor Trustee. In case the Trustee hereunder shall resign or be removed, or be dissolved, or shall be in course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or in case it shall be taken under the control of any public officer or officers, or of a receiver appointed by a court or any regulatory authority, a successor may be appointed by the Authority, by an instrument executed, attested and sealed by an Authority Representative. Notwithstanding anything herein to the contrary, if any Credit Facility is in effect and such Credit Facility Issuer has not wrongfully failed to honor a drawing under the

Credit Facility or otherwise defaulted thereunder; no successor Trustee shall be appointed unless approved by such Credit Facility Issuer. If no successor Trustee shall have been so appointed and have accepted appointment within thirty (30) days after the giving of the notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a temporary Trustee. Such temporary Trustee so appointed by a court of competent jurisdiction shall immediately and without further act be superseded by the Trustee appointed by the Authority. After any appointment by the Authority, it shall cause notice of such appointment to be given to the Commonwealth and the City and to be given to all Bondholders. Every such Trustee appointed pursuant to the provisions of this Section 9.08 shall be a trust company or bank with trust powers in good standing with a place of business in the Commonwealth having a reported capital and surplus of not less than \$50,000,000 if there be such an institution willing, qualified and able to accept the trust upon customary terms.

Section 9.09. Acceptance by Successor Trustee. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the Authority and the Commonwealth an instrument in writing accepting such appointment hereunder, and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the Authority, execute and deliver an instrument transferring to such successor all the estates, properties, rights, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all securities and moneys held by it as the Trustee hereunder to its successor. The predecessor Trustee shall take all steps necessary to be taken on the Trustee's part to cause any Credit Facility outstanding to be transferred to the successor Trustee. Should any instrument in writing from the Authority be required by any successor Trustee to more fully and certainly vest in such successor Trustee the Trust Estate, rights, powers and duties hereby vested or intended to be vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Authority. If applicable, the successor Trustee shall cause any Credit Facility to be transferred to it pursuant to the terms thereof. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor hereunder, together with all other instruments provided for in this Article, shall be filed or recorded by the successor Trustee in each recording office where the Indenture shall have been filed or recorded.

Section 9.10. Several Capacities. Anything in this Indenture to the contrary notwithstanding, the same entity may serve hereunder as the Trustee and Registrar, to the extent permitted by law.

Section 9.11. Dealings in Bonds and With the Authority and the City. The Trustee and the Registrar, in their individual capacities, may in good faith buy, sell, own, hold and deal in any of the Bonds issued hereunder, and may join in any action which any Bondholder may be entitled to take with like effect as if it did not act in any capacity hereunder. The Trustee and the Registrar, in their individual capacities, either as principal or agent, may also engage in or be interested in any financial or other transaction with the Authority, and may act as depository, trustee, or agent for any committee or body of Bondholders secured hereby as freely as if it did not act in any capacity hereunder.

Section 9.12. Registrar. The Trustee is hereby appointed as the initial Registrar for the Bonds. The Authority may appoint one or more additional Registrars. The Authority shall appoint any successor Registrar for the Bonds subject to the conditions set forth in Section 9.13 hereof. Each Registrar other than the Trustee shall designate to the Authority and the Trustee its Principal Office and signify its acceptance of the duties imposed upon it hereunder by a written instrument of acceptance delivered to the Authority and the Trustee under which such Registrar will agree, particularly, to keep the Bond Register and such other books and records as shall be consistent with prudent industry practice and to make such books and records available for inspection by the Authority and the Trustee at all reasonable times.

The Authority shall cooperate with the Trustee to cause the necessary arrangements to be made and to be thereafter continued whereby Bonds executed by the Authority and authenticated by the Trustee shall be made available for exchange, registration and registration of transfer at the Principal Office of the Registrar.

Section 9.13. Qualifications of Registrar; Resignation; Removal. Each Registrar shall be a corporation or national association duly organized under the laws of the United States of America or any state or territory thereof, having a reported capital and surplus of not less than \$50,000,000 and authorized by law to perform all the duties imposed upon it by this Indenture. The Registrar may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least sixty (60) days' notice to the Authority, the Trustee and the Commonwealth. The Registrar may be removed at any time by an instrument, signed by the Authority, filed with the Registrar and the Trustee.

In the event of the resignation or removal of the Registrar, the Registrar shall deliver any Bonds held by it in such capacity to its successor or, if there be no successor, to the Trustee.

In the event that the Authority shall fail to appoint a Registrar hereunder, or in the event that the Registrar shall resign or be removed, or be dissolved, or if the property or affairs of the Registrar shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, the Trustee may petition any court of competent jurisdiction for the appointment of a Registrar and shall be reimbursed by the Authority for all costs and expenses incurred in connection therewith.

##### SUPPLEMENTAL INDENTURES

Section 10.01. Supplemental Indentures Not Requiring Consent of Bondholders. The Authority and the Trustee may, without consent of or notice to any of the Bondholders, enter into a Supplemental Indenture for any one or more of the following purposes:

(a) To cure any ambiguity or formal defect or omission in this Indenture;

(b) To grant to or confer upon the Bondholders or the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Bondholders or the Trustee;

(c) To subject to this Indenture additional revenues or collateral;

(d) To modify, amend or supplement this Indenture or any indenture supplemental hereto in such manner as to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the states of the United States of America;

(e) To provide for the adoption of a book-entry registration of any Series of Bonds;

(f) To evidence the appointment of a separate or co-Trustee or the succession of a new Trustee hereunder;

(g) To authorize the issuance and establish the terms of Additional Bonds and to effect an interest rate swap agreement, an interest rate cap or floor agreement or other similar agreement;

(h) To make any other change in this Indenture, including changes in connection with the Authority's issuance of subordinated debt, which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the Bondholders;

(i) To secure or maintain the rating for the Bonds from S&P and/or Moody's and/or Fitch;

(j) To cure any defects in this Indenture which would, if not cured, cause the interest on Bonds which at the time of issuance was intended to be excluded from gross income for federal income tax purposes not to be so excluded;

(k) To make any change permitted under Section 5.09;  
or

(l) To make any other change in this Indenture which is approved by the Credit Facility Issuer if at the time of such change a Credit Facility is in effect and there has been no failure by the Credit Facility Issuer to make any payment under the Credit Facility or, if a new Credit Facility is being obtained, which is requested by the new Credit Facility Issuer and is to be effective only at the time the new Credit Facility becomes effective, except a change specified in Section 10.02 hereof as requiring the consent of the Holders of all Outstanding Bonds or a change which would affect the rights of the Authority unless the Authority approves of such change.

In exercising its discretion under this Section 10.01, the Trustee shall not unreasonably withhold its consent to any Supplemental Indenture for any of the foregoing purposes. The Trustee shall have the right to require an opinion of counsel that such Supplemental Indenture is authorized and permitted under this Indenture.

Section 10.02. Supplemental Indentures Requiring Consent of Bondholders. Exclusive of Supplemental Indentures permitted by Section 10.01 hereof and subject to the terms and provisions contained in this Section, and not otherwise, the Bondholders of not less than a majority in aggregate principal amount of the Outstanding Bonds which would be adversely affected thereby shall have the right, from time to time, anything contained in this Indenture to the contrary notwithstanding, to consent to and approve the execution by the Authority and the Trustee of such other Supplemental Indentures as shall be deemed necessary and desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Indenture or in

any Supplemental Indenture; provided, however, that nothing in this Section 10.02 or in Section 10.01 hereof shall permit, or be construed as permitting, without the consent of the Holders of all Bonds Outstanding which would be adversely affected thereby, (a) an extension of the maturity of the principal of or the interest on any Bond issued hereunder, (b) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon, or a change in the terms of redemption of the Bonds, (c) a privilege or priority of any Bond or Bonds over any Outstanding Bond or Bonds, (d) a reduction in the aggregate principal amount of the Bonds required for consent to Supplemental Indentures, (e) the creation of any lien ranking prior to or on a parity with the lien of this Indenture on the Trust Estate or any part thereof, except as hereinbefore expressly permitted, (f) the deprivation of the Bondholder of any Outstanding Bond of the lien hereby created on the Trust Estate or (g) an adverse affect on the interest of the Bondholders in any Credit Facility; and further provided that no amendment shall be permitted by this Section without the consent of the Credit Facility Issuer so long as the Credit Facility Issuer has not wrongfully failed to honor a drawing under the Credit Facility or otherwise defaulted thereunder.

If at any time the Authority shall request the Trustees to enter into any such Supplemental Indenture for any of the purposes of this Section 10.02, the Trustees shall, upon being satisfactorily indemnified with respect to expenses, cause notice of the proposed execution of such Supplemental Indenture to be given to all Holders of Outstanding Bonds. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that copies thereof are on file at the Principal Office of the Trustees for inspection by all Bondholders. If, within sixty (60) days or such longer period as shall be prescribed by the Authority following such notices, the Holders of not less than a majority in aggregate principal amount of affected Bonds Outstanding at the time of the execution of any such Supplemental Indenture shall have consented to and approved the execution thereof as herein provided, no Bondholder shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustees or the Authority from executing the same or from taking any action pursuant to the provisions thereof. Upon the execution of any such Supplemental Indenture as in this Section permitted and provided, this Indenture shall be and be deemed to be modified and amended in accordance therewith.

Notwithstanding any other provisions of this Indenture, including the provisions of this Section 10.02, upon receipt of consent of the Holders of the applicable percentage of principal amount of Outstanding 1992 Bonds and 1993 Bonds and compliance with the other requirements of this Indenture for amendments with Bondholder consent, but without the need for consent of any

1

Holders of 1993A Bonds or 1994 Bonds, (1) the term "Debt Service Reserve Requirement" may be amended to mean, with respect to all Bonds, an amount equal to the lesser of (i) the Maximum Annual Debt Service Requirement with respect to all Bonds Outstanding under this Indenture and (ii) the maximum amount permitted by the Internal Revenue Code of 1986, as amended, (2) the provisions of this Indenture regarding the Debt Service Reserve Fund may be amended to eliminate the need for separate accounts in respect of each series of Bonds, and (3) any surplus funds in the Debt Service Reserve Fund upon the effectiveness of the foregoing amendments shall be applied by the Trustee as directed in writing by the Authority, provided that, if such direction is other than to deposit such surplus funds in the Debt Service Fund or the Bond Redemption Fund, the Authority shall provide the Trustee with an opinion of nationally recognized bond counsel that the proposed application is permitted under the Act and will not adversely affect the exclusion of interest on any Bonds from gross income for purposes of federal income taxation.

Section 10.03. Consent of City. Notwithstanding any other provision in this Article X, no amendment or supplement to Section 5.05 of this Indenture which affects the payments to the City Account shall be effective unless the prior written consent of the City to such amendment or supplement is obtained. Copies of all amendments or supplements to this Indenture shall be filed with the City prior to the execution and delivery thereof.

Section 10.04. Consent of Bond Insurer. Notwithstanding any other provision in this Article X, no amendment or supplement shall be effective unless the prior written consent of each Bond Insurer to such amendment or supplement is obtained, provided that a Bond Insurer may not unreasonably withhold its consent to an amendment or supplement pursuant to Section 10.01(j). The Authority shall provide each Bond Insurer with a full transcript of all proceedings relating to the execution of any such amendment or supplement.

Section 10.05. Notice to Rating Agencies. At least fifteen (15) days prior to the execution of any amendment or supplement to the Indenture, the Authority shall provide notice thereof to S&P, Moody's and Fitch. The Authority shall send copies of all amendments and supplements to the Indenture to S&P, Moody's, Fitch and any Credit Facility Issuer.

## ARTICLE XI

### MISCELLANEOUS

Section 11.01. Consents of Bondholders. Any consent, request, direction, approval, objection or other instrument required by this Indenture to be signed and executed by the Bondholders may be in any number of counterparts and may be

executed by such Bondholders in person or by agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the written appointment of any such agent or of the ownership of Bonds shall be sufficient for any of the purposes of this Indenture, and shall be conclusive in favor of the Trustee with regard to any action taken by it under such request or other instrument if made in the following manner:

(a) The fact and date of the execution by any person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him the execution thereof, or by an affidavit of any witness to such execution.

(b) The fact of ownership of Bonds and the amount or amounts, numbers and other identification of such Bonds, and the date of holding the same shall be proved by the Bond Register.

Section 11.02. Limitation of Rights. With the exception of any rights herein expressly conferred, nothing expressed or implied in this Indenture or the Bonds is intended or shall be construed to give to any Person other than the parties hereto, the Credit Facility Issuer, and the Holders of the Bonds, any legal or equitable right, remedy or claim under or with respect to this Indenture or any covenants, conditions and provisions herein contained, this Indenture and all of the covenants, conditions and provisions hereof being intended to be and being for the sole and exclusive benefit of the parties hereto, the Credit Facility Issuer and the Holders of the Bonds as herein provided. Notwithstanding the foregoing, the City shall have the right to enforce the provisions of Section 10.03 hereof and Section 5.05 hereof relating to transfers to the City after application in accordance with the terms of such section, which provisions are hereby declared to be for the benefit of the City.

Section 11.03. Severability. If any provision of this Indenture shall be held or deemed to be illegal, invalid or unenforceable by any court of competent jurisdiction, such holding shall not affect any other provision or provisions hereof, and this Indenture shall be construed as if such illegal, invalid, or unenforceable provision had never been contained herein.

Section 11.04. No Personal Liability of Authority Officials. No covenant or agreement contained in the Bonds or in this Indenture shall be deemed to be the covenant or agreement of any official, officer, agent or employee of the Authority in his individual capacity, and neither the members of the Board of the Authority nor any official executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

Section 11.05. Bonds Owned by the Authority. In determining whether Bondholders of the requisite aggregate principal amount of the Bonds have concurred in any direction, consent or waiver under this Indenture, Bonds which are owned by the Authority (unless the Authority owns all Bonds which are then Outstanding) shall be disregarded and deemed not to be Outstanding for the purpose of any such determination, except that, for the purpose of determining whether the Trustee shall be protected in relying on any such direction, consent or waiver, only Bonds which the Trustee's records establish conclusively as so owned shall be so disregarded. Bonds so owned which have been pledged in good faith may be regarded as Outstanding if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to such Bonds and that the pledgee is not the Authority. In case of a dispute as to such right, any decision by the Trustee taken upon the advice of counsel shall be full protection to the Trustee.

Section 11.06. Successors and Assigns. All the covenants, promises and agreements in this Indenture contained by or on behalf of the Authority, or by or on behalf of the Trustee, shall bind and inure to the benefit of their respective successors and assigns, whether or not so expressed.

**STATEMENT OF INSURANCE\***

Financial Guaranty Insurance Company ("Financial Guaranty") has issued a policy containing the following provisions with respect to the Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1992 which are scheduled to mature on June 15 in each of the years 1996 through 2000 and 2002 (the "Insured Bonds"), such policy being on file at the principal office of the Trustee, as paying Agent (the "Paying Agent"):

Financial Guaranty hereby unconditionally and irrevocably agrees to pay for disbursement to the Bondholders of the Insured Bonds that portion of the principal of and interest on the Insured Bonds which is then due for payment and which the issuer of the Insured Bonds (the "Issuer") shall have failed to provide. Due for payment means, with respect to the principal, the stated maturity date thereof, or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which the payment of principal of the Insured Bonds is due by reason of call for redemption (other than mandatory sinking fund redemption), acceleration or other advancement of maturity, and with respect to interest, the stated date for payment of such interest.

Upon receipt of telephonic or telegraphic notice, subsequently confirmed in writing, or written notice by registered or certified mail, from a Bondholder or the Paying Agent to Financial Guaranty that the required payment of principal or interest has not been made by the Issuer to the Paying Agent, Financial Guaranty on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with Citibank, N.A., or its successor as its agent (the "Fiscal Agent"), sufficient to make the portion of such payment not paid by the Issuer. Upon presentation to the Fiscal Agent of evidence satisfactory to it of the Bondholder's right to receive such payment and any appropriate instruments of assignment required to vest all of such Bondholder's right to such payment in Financial Guaranty, the Fiscal Agent will disburse such amount to the Bondholder.

As used herein, the term "Bondholder" means the person other than the Issuer or the City, as such term is defined in the bond documents, who at the time of nonpayment of an Insured Bond is entitled under the terms of such Bond to payment thereof.

The policy is non-cancellable for any reason.

Financial Guaranty Insurance Company ("Financial Guaranty") has issued a policy containing the following provisions with respect to the Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1994 (the "Series 1994 Bonds"), such policy being on file at the principal office of the Trustee, as paying agent (the "Paying Agent"):

Financial Guaranty hereby unconditionally and irrevocably agrees to pay for disbursement to the Bondholders of the Series 1994 Bonds that portion of the principal of and interest on the Series 1994 Bonds which is then due for payment and which the issuer of the Series 1994 Bonds (the "Issuer") shall have failed to provide. Due for payment means, with respect to the principal, the stated maturity date thereof, or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which the payment of principal of the Series 1994 Bonds is due by reason of call for redemption (other than mandatory sinking fund redemption), acceleration or other advancement of maturity, and with respect to interest, the stated date for payment of such interest.

Upon receipt of telephonic or telegraphic notice, subsequently confirmed in writing, or written notice by registered or certified mail, from a Bondholder or the Paying Agent to Financial Guaranty that the required payment of principal or interest has not been made by the Issuer to the Paying Agent, Financial Guaranty on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with State Street Bank and Trust Company, N.A., or its successor as its agent (the "Fiscal Agent"), sufficient to make the portion of such payment not paid by the Issuer. Upon presentation to the Fiscal Agent of evidence satisfactory to it of the Bondholder's right to receive such payment and any appropriate instruments of assignment required to vest all of such Bondholder's right to such payment in Financial Guaranty, the Fiscal Agent will disburse such amount to the Bondholder.

As used herein, the term "Bondholder" means the person other than the Issuer or the City, as such term is defined in the bond documents, who at the time of nonpayment of a Series 1994 Bond is entitled under the terms of such Series 1994 Bond to payment thereof.

The policy is non-cancellable for any reason.

(b) So long as the 1996 Bonds or any portion thereof are registered in the name of PHILADEP or any nominee thereof, all payments of the principal of or premium or interest on such 1996 Bonds shall be made to PHILADEP or its nominee in accordance with the Letter of Representations from the Authority to PHILADEP (the "Letter of Representations") on the dates provided for such payments under the Indenture. Each such payment to PHILADEP or its nominee shall be valid and effective to fully discharge all liability of the Authority or the Trustee with respect to the principal of and premium and interest on the 1996 Bonds to the extent of the sum or sums so paid.

(c) The Authority and the Trustee may treat PHILADEP (or its nominee) as the sole and exclusive owner of the 1996 Bonds registered in its name for the purposes of payment of the principal of or premium or interest on the 1996 Bonds, selecting the 1996 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Holders of 1996 Bonds under the Indenture, registering the transfer of 1996 Bonds, obtaining any consent or other action to be taken by Holders of 1996 Bonds and for all other purposes whatsoever; and neither the Authority nor the Trustee shall be affected by any Notice to the contrary. Neither the Authority nor the Trustee shall have any responsibility or obligation to any participant in PHILADEP, any person claiming a beneficial ownership interest in the 1996 Bonds under or through PHILADEP or any such participant, or any other person which is not shown on the Bond Register as being a Bondholder, with respect to (1) the 1996 Bonds; (2) the accuracy of any records maintained by PHILADEP or any such participant; (3) the payment by PHILADEP or any such participant of any amount in respect of the principal of or premium or interest on the 1996 Bonds; (4) any notice which is permitted or required to be given to Holders of 1996 Bonds under the Indenture; (5) the selection by PHILADEP or any such participant of any person to receive payment in the event of a partial redemption of the 1996 Bonds; or (6) any consent given or other action taken by PHILADEP as Holder of 1996 Bonds.

(d) So long as the 1996 Bonds or any portion thereof are registered in the name of PHILADEP or any nominee thereof, all notices required or permitted to be given to the Holders of 1996 Bonds under the Indenture shall be given to PHILADEP as provided in the Letter of Representations.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Trustee with respect to any consent or other action to be taken by Holders of 1996 Bonds, PHILADEP shall consider the date of receipt of notice requesting such consent or

other action as the record date for such consent or other action, provided that the Trustee may establish a special record date for such consent or other action. The Trustee shall give PHILADEP notice of such special record date not less than 15 calendar days in advance of such special record date to the extent possible.

(f) At or prior to settlement for the 1996 Bonds, the Authority and the Trustee shall execute or signify their approval of the Letter of Representations. Any successor Trustee shall, in its written acceptance of its duties under the Indenture, agree to take any actions necessary from time to time to comply with the requirements of the Letter of Representations.

(g) The book entry system for registration of the ownership of the 1996 Bonds through PHILADEP shall be discontinued at any time that (1) PHILADEP determines to resign as securities depository for the 1996 Bonds and gives notice of such determination to the Authority and the Trustee or (2) the Authority determines that continuation of the system of book entry transfers through PHILADEP is not in the best interests of the Authority or the Holders of 1996 Bonds and gives notice of such determination to the Trustee and PHILADEP. In either of such events the Authority may appoint a successor securities depository, but if the Authority does not appoint a successor, the 1996 Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by PHILADEP, but without any liability on the part of the Authority or the Trustee for the accuracy of such designation. If a successor securities depository is appointed, this Section 2.04 shall be amended as necessary to reflect such succession and to incorporate provisions required by the successor.

### ARTICLE III

#### REDEMPTION/REVENUES AND FUNDS

Section 3.01 Optional Redemption. The 1996 Bonds maturing on and after June 15, 2007 are redeemable on and after June 15, 2006, in whole at any time, or in part at any time and from time to time in any order of maturity as specified by the Authority, in any principal amount within a maturity as specified by the Authority, and within a maturity as selected by the Trustee by lot. Any such redemption shall be made at 100% of the principal amount of the 1996 Bonds to be redeemed, plus accrued interest to the redemption date.

#### Section 3.02 Debt Service Fund.

(a) The Trustee shall establish as a part of the Debt Service Fund in respect of the 1996 Bonds a 1996 Bonds Sinking Fund Account (the "1996 Bonds Sinking Fund Account") for the retirement of certain of the 1996 Term Bonds. Moneys

deposited in the 1996 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 1996 Term Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund in respect of the 1996 Bonds to the 1996 Bonds Sinking Fund Account on June 15 of the years set forth below in the amount required to retire 1996 Term Bonds specified below in the following amounts through mandatory redemption, in direct order of maturity and within a maturity as chosen by the Trustee by lot, at the principal amount thereof plus accrued interest, or through purchase as hereinafter provided:

1996 Term Bonds Maturing June 15, 2016		1996 Term Bonds Maturing June 15, 2020	
Year (June 15)	Amount	Year (June 15)	Amount
2014	\$6,450,000	2017	\$7,575,000
2015	6,810,000	2018	7,990,000
2016*	7,180,000	2019	8,430,000
		2020*	8,895,000

\* Final Maturity

Prior to May 1 of each year in which 1996 Term Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1996 Bonds Sinking Fund Account of as many 1996 Term Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the holders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of the 1996 Bonds). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 3.02 of the Indenture, so long as any 1996 Term Bonds specified above shall remain Outstanding, the Trustee shall draw by lot, for redemption on June 15 of such year, a principal amount of 1996 Term Bonds as shall represent the difference between the principal amount of such 1996 Term Bonds fixed for redemption on such date as described above and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection by lot of the particular 1996 Term Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the holders of such 1996 Term Bonds so drawn for redemption in the manner provided in Article III of the Indenture, and, upon presentation by the holders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 1996 Bonds Sinking Fund Account and shall pay accrued interest due from moneys available therefor in the Debt Service Fund in respect of the 1996 Bonds.

If at any time all the 1996 Term Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 1996 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund in respect of the 1996 Bonds. Whenever 1996 Term Bonds are to be purchased out of the 1996 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to the Indenture.

(b) (i) If, on the third day preceding any Interest Payment Date for the 1996 Bonds there is not on deposit with the Trustee sufficient moneys available to pay all principal of and interest on the 1996 Bonds due on such date, the Trustee shall immediately notify the Bond Insurer and State Street Bank and Trust Company, N.A., or its successor as the Fiscal Agent for the Bond Insurer of the amount of such deficiency. If, by said Interest Payment Date, the Authority has not provided the amount of such deficiency, the Trustee shall simultaneously make available to the Bond Insurer and to the Fiscal Agent the registration books for the 1996 Bonds maintained by the Trustee. In addition:

(A) The Trustee shall provide the Bond Insurer with a list of the Bondholders entitled to receive principal or interest payments from the Bond Insurer under the terms of the Bond Insurance Policy and shall make arrangements for the Bond Insurer and the Fiscal Agent (1) to mail checks or drafts to Bondholders entitled to receive full or partial interest payments from the Bond Insurer and (2) to pay principal of the 1996 Bonds surrendered to the Fiscal Agent by the Bondholders entitled to receive full or partial principal payments from the Bond Insurer; and

(B) The Trustee shall, at the time it makes the registration books available to the Bond Insurer pursuant to (A) above, notify Bondholders entitled to receive the payment of principal of or interest on the 1996 Bonds from the Bond Insurer (1) as to the fact of such entitlement, (2) that the Bond Insurer will remit to them all or part of the interest payments coming due subject to the terms of the Bond Insurance Policy, (3) that, except as provided in paragraph (ii) below, in the event that any Bondholder is entitled to receive full payment

of principal from the Bond Insurer, such Bondholder must tender his 1996 Bond with the instrument of transfer in the form provided on the 1996 Bond executed in the name of the Bond Insurer, and (4) that, except as provided in paragraph (ii) below, in the event that such Bondholder is entitled to receive partial payment of principal from the Bond Insurer, such Bondholder must tender his 1996 Bond for payment first to the Trustee, which shall note on such 1996 Bond the portion of principal paid by the Trustee, and then, with an acceptable form of assignment executed in the name of the Bond Insurer, to the Fiscal Agent, which will then pay the unpaid portion of principal to the Bondholder subject to the terms of the Bond Insurance Policy.

(ii) In the event that the Trustee has notice that any payment of principal of or interest on a 1996 Bond has been recovered from a Bondholder pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of a court having competent jurisdiction, the Trustee shall, at the time it provides notice to the Bond Insurer, notify all Bondholders of such 1996 Bonds that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Bond Insurer to the extent of such recovery, and the Trustee shall furnish to the Bond Insurer its records evidencing the payments of principal of and interest on the 1996 Bonds which have been made by the Trustee and subsequently recovered from Bondholders, and the dates on which such payments were made.

(iii) The Bond Insurer shall, to the extent it makes payment of principal of or interest on the 1996 Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Bond Insurance Policy and, to evidence such subrogation, (1) in the case of subrogation as to claims for past due interest, the Trustee shall note the Bond Insurer's rights as subrogee on the registration books maintained by the Trustee upon receipt from the Bond Insurer of proof of the payment of interest thereon to the Bondholders of such 1996 Bonds and (2) in the case of subrogation as to claims for past due principal, the Trustee shall note the Bond Insurer's rights as subrogee on the registration books for the 1996 Bonds maintained by the Trustee upon receipt of proof of the payment of principal thereof to the Bondholders of such 1996 Bonds. Notwithstanding anything in the Indenture (including, without limitation, Section 2.04 of this First Supplement to the Amended and Restated Indenture) or the 1996 Bonds to the contrary, the Trustee shall make payment of such past due interest and past due principal directly to the Bond Insurer to the extent that the Bond Insurer is a subrogee with respect thereto.

Section 3.03 Credit Facility for the Debt Service Reserve Fund for the 1996 Bonds.

The Credit Facility will be issued by the Credit Facility Issuer in lieu of a deposit in the Debt Service Reserve Fund at the time of the issuance of the 1996 Bonds. The Credit Facility shall be payable (upon the giving of notice by the Trustee to the Credit Facility Issuer in accordance with the terms of the Credit Facility at least two business days prior to each Interest Payment Date) on any date on which moneys are required to be withdrawn from the Debt Service Reserve Fund for the 1996 Bonds and applied to the payment of principal of or interest on the 1996 Bonds. If a disbursement is made pursuant to the Credit Facility, the Credit Facility Issuer shall furnish to the Authority written instructions as to the manner in which repayment of amounts owed to the Credit Facility Issuer as a result of such disbursement shall be made.

In the event of any such disbursement, the Authority shall either (i) cause the maximum limits of the Credit Facility to be reinstated or (ii) deposit into the account within the Debt Service Reserve Fund for the 1996 Bonds an amount, from transfers from the Revenue Fund pursuant to Section 5.05 of the Indenture, equal to the amount of the draw made under the Credit Facility, or a combination of (i) and (ii), so that the amount of cash (or permitted investments under the Indenture), together with the Credit Facility in the Debt Service Reserve Fund for the 1996 Bonds equals the Debt Service Reserve Requirement for the 1996 Bonds.

Repayment of draws under the Credit Facility, expenses of the Credit Facility Issuer relating thereto and the interest thereon, accruing at a rate equal to the lower of (i) the prime rate per annum of Morgan Guaranty Trust Company of New York in effect from time to time plus two percent (2%) and (ii) the highest rate permitted by law (such draws, expenses and interest are collectively referred to as the "Policy Costs"). Amounts paid to the Credit Facility Issuer shall be credited first to interest due under the Credit Facility, then to the expenses due under the Credit Facility and then to reimbursement of the draws under the Credit Facility. As and to the extent that payments are made to the Credit Facility Issuer on account of reimbursement of any draws under the Credit Facility, the coverage under the Credit Facility will be increased by a like amount.

If the Authority shall fail to repay any Policy Costs as described above, the Credit Facility Issuer shall be entitled to exercise any and all remedies available at law or under the Indenture other than (i) acceleration of the maturity of the 1996 Bonds, or (ii) remedies which would adversely affect holders of the 1996 Bonds.

If and to the extent that cash has also been deposited in the Debt Service Reserve Fund for the 1996 Bonds, all such cash shall be used (or investments purchased with such cash shall be liquidated and the proceeds applied as required) prior to any draw under the Credit Facility, and repayment of any Policy Costs shall be made prior to replenishment of any such cash amounts. If, in addition to the Credit Facility, any other reserve fund substitute instrument is provided with respect to the 1996 Bonds, drawings under the Credit Facility and any such other reserve fund substitute instruments, shall be made on a pro rata basis (calculated by reference to the maximum amounts available thereunder) after applying all available cash in the Debt Service Reserve Fund for the 1996 Bonds and prior to replenishment of any such cash draws, respectively.

For so long as the Credit Facility is in effect (a) the Indenture shall not be modified or amended without the prior written consent of the Credit Facility Issuer, (b) the Credit Facility Issuer shall be provided with written notice of the resignation or removal of the Trustee and the appointment of a successor thereto and of the issuance of additional indebtedness of the Authority, and (c) the Indenture shall not be discharged if any Policy Costs are owed by the Authority to the Credit Facility Issuer.

For so long as the Credit Facility for the 1996 Bonds on account of the Debt Service Reserve Fund is in effect, the amount available to be drawn thereunder shall be taken into account when computing the value of the assets in such account for purposes of determining whether the Debt Service Reserve Requirement for the 1996 Bonds is satisfied.

All payments of the principal, interest or redemption price made to the registered owner hereof in the manner set forth herein and in the Indenture shall be valid and effectual to satisfy and discharge the liability upon this Bond to the extent of the sum or sums so paid, whether or not notation of the same be made hereon, and any consent, waiver or action taken by such registered owner pursuant to the provisions of the Indenture shall be conclusive and binding upon such registered owner, his heirs, successors and assigns, and upon all transferees hereof, whether or not notation thereof be made hereon or on any Bond issued in exchange therefor.

It is hereby certified, recited and declared that all acts, conditions and things required by the Constitution and laws of the Commonwealth of Pennsylvania to exist, to have happened and to have been performed, precedent to and in the execution and delivery of the Indenture and the issuance of this Bond, exist, have happened and have been performed in regular and due form as required by law.

No covenant or agreement contained in this Bond or the Indenture shall be deemed to be a covenant or agreement of any official, officer, agent or employee of the Authority in his individual capacity, and neither the members of the Board of the Authority nor any official executing this Bond nor any such officer, agent or employee shall be liable personally on this Bond or under the Indenture or be subject to any personal liability or accountability by reason of the issuance or sale of this Bond, all such liability of such members, officers, agents and employees being released as a condition of and as consideration for the execution of the First Supplement to the Amended and Restated Indenture (hereinafter defined) and the issuance of this Bond.

This Bond shall not be entitled to any right or benefit under the Indenture, or be valid or become obligatory for any purpose, until this Bond shall have been authenticated by the execution by the Trustee of the certificate of authentication inscribed hereon.

This Bond is one of a duly authorized issue of \$343,030,000 Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program),

Series of 1996 (the "Series 1996 Bonds"). The Series 1996 Bonds are issued to enable the Authority to refund certain of its outstanding bonds and for other purposes permitted by the Act and thereby to accomplish the public purposes set forth in the Act.

The Series 1996 Bonds are issued under and pursuant to the Act and a resolution of the Authority duly adopted on April 30, 1996 (the "Resolution") and under an Amended and Restated Indenture dated as of December 1, 1994, as amended and supplemented by a First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (collectively, the "Indenture"), between the Authority and the Trustee, and, together with other Outstanding Bonds, are equally and ratably secured under the Indenture, except as otherwise provided therein, by an assignment and pledge of, and grant of a security interest in, (i) all amounts received by or payable to or at the direction of the Authority constituting proceeds (including interest and penalties) of any PICA Taxes, and (ii) all moneys and securities held by the Trustee under the Indenture (except funds held in trust for the United States) (collectively, the "Pledged Revenues").

Capitalized terms used herein which are not defined herein shall have the meanings set forth in the Indenture.

#### Optional Redemption

The Series 1996 Bonds maturing on and after June 15, 2007 are redeemable by the Authority, on or after June 15, 2006, in whole at any time, or in part at any time, and from time to time, in any order of maturity as specified by the Authority, in any principal amount within a maturity as specified by the Authority, and within a maturity as selected by the Trustee by lot. Any such redemption shall be made at 100% of the principal amount of Series 1996 Bonds to be redeemed, plus accrued interest to the redemption date.

#### Mandatory Sinking Fund Redemption

The Series 1996 Bonds maturing on June 15, 2016 and June 15, 2026 are subject to mandatory sinking fund redemption prior to maturity on June 15 of the years and in the amounts set forth below in direct order of maturity and within a maturity as chosen by the Trustee by lot at 100% of the principal amount thereof plus accrued interest, or through purchase as hereinafter provided:

Maturity June 15, 2016		Maturity June 15, 2020	
Year (June 15)	Amount	Year (June 15)	Amount
2014	\$ 6,450,000	2017	\$7,575,000
2015	6,810,000	2018	7,990,000
2016*	7,180,000	2019	8,430,000
		2020*	8,895,000

\* Final Maturity

Prior to May 1 of each year in which Series 1996 Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1996 Bonds Sinking Fund Account of as many Series 1996 Bonds then subject to mandatory sinking fund redemption on the next June 15 as can be purchased in the open market or pursuant to offers made at the time by the Bondholders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of).

Notice of Redemption

When the Authority shall determine to redeem Series 1996 Bonds, upon prior written notice to the Trustee of the redemption date and the principal amount of Series 1996 Bonds to be redeemed, or whenever the Trustee shall be required to redeem Series 1996 Bonds from moneys in the Bond Redemption Fund, without action on the part of the Authority, the Trustee, at the Authority's expense, shall cause a notice of redemption to be mailed to the Bondholders. Such notice shall, among other things, state the redemption price and the date fixed for redemption, that on such date the Series 1996 Bonds called for redemption will be due and become payable at the Principal Office of the Trustee, and that from and after such date, interest thereon shall cease to accrue; provided, however, that the Holders of all Series 1996 Bonds to be redeemed may file written waivers of notice with the Trustee, and if so waived, such Series 1996 Bonds may be redeemed and all rights and liabilities of said Holders shall mature and accrue on the date set for such redemption, without the requirement of written notice. If a notice is given with respect to an optional redemption prior to moneys for such redemption being deposited with the Trustee, such notice shall be conditioned upon the deposit of moneys with the Trustee before the date fixed for redemption and such notice shall be of no effect unless such moneys are so deposited.

The notice to Bondholders shall be deposited by the Trustee in the United States mail, first-class postage prepaid, at least thirty (30) days, but not more than sixty (60) days prior to the redemption date, addressed to the Holders of Series 1996 Bonds called for redemption at the addresses appearing upon the Bond Register. Any notice of redemption mailed in accordance with the requirements set forth herein shall be conclusively presumed to have been duly given, whether or not such notice is actually received by the Bondholder. No defect in the notice with respect to any Series 1996 Bond (whether in the form of notice or the mailing thereof) shall affect the validity of the redemption proceedings for any other Series 1996 Bonds.

Reference is made to the Act, the Resolution, the Indenture and the PICA Tax Ordinance, executed or certified counterparts of which are on file at the principal corporate trust office of the Trustee, for statements of the purposes for which the Series 1996 Bonds are issued, a description of the Pledged Revenues assigned and pledged for the security of the Series of 1996 Bonds (including the PICA Tax) and the nature, extent and manner of enforcement of such security, certain covenants of the Authority and the City made for the benefit of Bondholders, the terms and conditions under which the Indenture may be amended or modified, the rights and duties of the Authority and the Trustee, and the extent of the rights of the registered owners of the Series 1996 Bonds issued under the Indenture.

IN WITNESS WHEREOF, the Pennsylvania Intergovernmental Cooperation Authority has caused this Bond to be executed with the manual or facsimile signature of its Chairperson and its official seal or a facsimile thereof to be imprinted hereon and attested with the manual or facsimile signature of its Secretary or Assistant Secretary.

#### STATEMENT OF INSURANCE

Financial Guaranty Insurance Company ("Financial Guaranty") has issued a policy containing the following provisions with respect to the Pennsylvania Intergovernmental Cooperation Authority, Pennsylvania, Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1996 (the "Bonds"), such policy being on file at the principal office of Meridian Bank (the "Trustee"):

Financial Guaranty hereby unconditionally and irrevocably agrees to pay for disbursement to the Bondholder that portion of principal of and interest on the Bonds which is then due for payment and which the Issuer of the Bonds (the "Issuer") shall have failed to provide. Due for payment means, with respect to the principal, the stated maturity date thereof, or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which the payment of principal of the Bonds is due by reason of call for redemption (other than mandatory sinking fund redemption), acceleration or other advancement of maturity, and with respect to interest, the stated date for payment of such interest.

Upon receipt of telephonic or telegraphic notice, subsequently confirmed in writing, or written notice by registered or certified mail, from a Bondholder or the Trustee to Financial Guaranty that the required payment of principal or interest has not been made by the Issuer to the Trustee, Financial Guaranty on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with State Street Bank and Trust Company, N.A., or its successor as its agent (the "Fiscal Agent"), sufficient to make the portion of such payment not paid by the Issuer. Upon presentation to the Fiscal Agent of evidence satisfactory to it of the Bondholder's right to receive such payment and any appropriate instruments of assignment required to vest all of such Bondholder's right to such payment in Financial Guaranty, the Fiscal Agent will disburse such amount to the Bondholder.

As used herein the term "Bondholder" means the person other than the Issuer who at the time of nonpayment of a Bond is entitled under the terms of such Bond to payment thereof.

The policy is non-cancellable for any reason.

TEXT OF OPINION OF CO-BOND COUNSEL

May 30, 1996

Pennsylvania Intergovernmental  
Cooperation Authority  
1429 Walnut Street, 14th Floor  
Philadelphia, PA 19102

Re: \$343,030,000 Pennsylvania Intergovernmental  
Cooperation Authority Special Tax Revenue  
Refunding Bonds (City of Philadelphia Funding  
Program), Series of 1996

Ladies and Gentlemen:

We have acted as Co-Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$343,030,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1996 (the "1996 Bonds") pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), and an Amended and Restated Indenture of Trust dated as of December 1, 1994 (the "Amended and Restated Indenture"), between the Authority and Meridian Bank, as Trustee (the "Trustee"), as amended pursuant to the First Supplement to the Amended and Restated Indenture dated as of May 15, 1996 (the "First Supplement to the Amended and Restated Indenture" and, together with the Amended and Restated Indenture, the "Indenture").

The proceeds of the Bonds will be used, together with certain monies held by the Trustee on account of the 1992 Bonds and the 1994 Bonds (defined below) to (i) advance refund the aggregate outstanding balance of the Authority's Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1992 (the "1992 Bonds"), (ii) advance refund the aggregate outstanding balance of the Authority's Special Tax Revenue Bonds (City of Philadelphia Funding Project), Series of 1994 (the "1994 Bonds"); (iii) pay the premium for a debt service reserve fund insurance policy to satisfy the Debt Service Reserve Fund Requirement in respect of the 1996 Bonds and (iv) pay the costs of issuing the 1996 Bonds (collectively, the "Refunding Project").

As Co-Bond Counsel, we have examined the Act, the relevant provisions of the Constitution and such statutes of the

Commonwealth of Pennsylvania and such resolutions of the Authority and ordinances of the City of Philadelphia (the "City") and proceedings relating thereto as we have deemed necessary to enable us to render the opinion set forth below. We have also examined and relied upon the proceedings authorizing the issuance of the 1996 Bonds and certain certifications and agreements (including a Tax Compliance Agreement intended to satisfy certain provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and applicable Treasury Regulations), affidavits, receipts and other documents which we have considered relevant. We have also examined a specimen of the 1996 Bonds and have relied on the certification of the Trustee as to its authentication of the 1996 Bonds.

In rendering our opinion set forth below, we have assumed (i) that all documents, records and other instruments examined by us are genuine, accurate and complete and we have not undertaken to verify all of the factual matters set forth in any certificates or other documents by independent investigation, (ii) that the signatures on documents and instruments examined by us are original or genuine, (iii) that all documents submitted to us as copies conform to the originals thereof, and (iv) that all documents referred to herein have been duly authorized, executed, and delivered by all parties thereto other than the Authority.

On the basis of the foregoing and subject to the qualifications stated herein, we are of the opinion that, under existing law, as presently enacted and construed:

1. The Authority is a body corporate and politic validly existing under the laws of the Commonwealth of Pennsylvania, and has the full power and authority under the Act to undertake the Refunding Project, to execute and deliver the First Supplement to the Amended and Restated Indenture and to issue the 1996 Bonds.

2. The First Supplement to the Amended and Restated Indenture has been duly authorized, executed and delivered by the Authority and the obligations of the Authority under the First Supplement to the Amended and Restated Indenture constitute legal, valid and binding obligations of the Authority, enforceable against the Authority in accordance with their terms.

3. The 1996 Bonds have been duly authorized, executed, issued and delivered by the Authority and are the legal, valid and binding limited obligations of the Authority, entitled to the benefit and security of the Indenture, and are enforceable against the Authority in accordance with their terms.

-30-

4. The Indenture creates a valid lien on, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture) for the security of the Bonds.

5. Under the laws of the Commonwealth of Pennsylvania as presently enacted, and construed, the interest on the 1996 Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax and the 1996 Bonds are exempt from personal property taxes in Pennsylvania.

6. Under existing statutes, regulations, rulings and court decisions, interest on the 1996 Bonds (including any original issue discount properly allocable to a holder of the 1996 Bonds) is excluded from gross income for federal income tax purposes. The opinion set forth in the preceding sentence is subject to the condition that the Authority and the City shall comply with all requirements of the Code and applicable Treasury Regulations that must be satisfied subsequent to the issuance of the 1996 Bonds in order that interest on the 1996 Bonds be (and continue to be) excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the 1996 Bonds to be included in gross income retroactive to the date of issuance of the 1996 Bonds. The Authority and the City have covenanted to comply with such requirements.

7. Interest on the 1996 Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; notwithstanding that, with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in computing the alternative minimum taxable income of such corporations. It should be noted that ownership of the 1996 Bonds also may give rise to certain additional federal tax consequences. We express no opinion with respect to any of such additional tax consequences.

With respect to the foregoing opinion, we advise you that the rights of the holders of the 1996 Bonds and the enforceability of the 1996 Bonds and the Indenture will be subject to and may be limited by (i) applicable bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other similar laws of general application or equitable principles relating to or affecting creditors' rights and remedies or debtors' obligations generally, (ii) by general principles of equity, whether considered and applied in a court of law or equity, and (iii) the exercise of judicial discretion in appropriate cases.

We call your attention to the fact that the 1996 Bonds are limited obligations of the Authority, payable only out of certain revenues of the Authority and certain other monies pledged therefor as provided in the Indenture, and that neither the credit nor the taxing power of the City, the Commonwealth of Pennsylvania or any political subdivision, agency or instrumentality thereof is pledged for the payment of the principal of, or interest on, the 1996 Bonds. Furthermore, the Authority has no taxing power.

We express no opinion as to any matter not expressly set forth herein, including federal, state, local or foreign tax consequences arising with respect to the 1996 Bonds, other than those opinions expressed in paragraphs 5, 6 and 7 above, or as to the accuracy, adequacy or completeness of, the Preliminary Official Statement or the final Official Statement prepared with respect to the 1996 Bonds, and we make no representation that we have independently verified the contents of such Official Statement.

This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances which may hereafter come to our attention or any changes in laws which may hereafter occur.

Very truly yours,

NOW, THEREFORE, THIS SECOND SUPPLEMENT TO THE AMENDED AND RESTATED INDENTURE WITNESSETH:

That, in order to secure the principal of and interest and premium, if any, on the 1999 Bonds issued hereunder according to their tenor and effect and to secure the performance and observance by the Authority of all the covenants and conditions contained herein and in the Existing Indenture and to declare the terms and conditions upon and subject to which the 1999 Bonds are issued and secured, and for and in consideration of the mutual covenants contained herein and in the Existing Indenture, the Authority and the Trustee are entering into this Second Supplement to the Amended and Restated Indenture of Trust, which shall be deemed to be and shall constitute a contract between the Authority and the Holders from time to time of the 1999 Bonds.

#### **SECTION 2.04 BOOK ENTRY SYSTEM FOR THE 1999 BONDS.**

(a) The 1999 Bonds shall initially be issued in the form of one fully-registered bond for the aggregate principal amount of the 1999 Bonds of each maturity, which 1999 Bonds shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). Except as provided in paragraph (g) below, all of the 1999 Bonds shall be registered in the books kept by the Trustee in the name of Cede & Co., as nominee of DTC; provided that if DTC shall request that the 1999 Bonds be registered in the name of a different nominee, the Trustee shall exchange all or any portion of the 1999 Bonds for an equal aggregate principal amount of 1999 Bonds registered in the name of such nominee or nominees of DTC. No person other than DTC or its nominee shall be entitled to receive from the Authority or the Trustee either a 1999 Bond or any other evidence of ownership of the 1999 Bonds, or any right to receive any payment in respect

thereof unless DTC or its nominee shall transfer record ownership of all or any portion of the 1999 Bonds on the books kept by the Trustee, in connection with discontinuing the book entry system as provided in paragraph (g) below or otherwise.

(b) So long as the 1999 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal of or premium or interest on such 1999 Bonds shall be made to DTC or its nominee in accordance with the Letter of Representations from the Authority to DTC (the "Letter of Representations") on the dates provided for such payments under the Indenture. Each such payment to DTC or its nominee shall be valid and effective to fully discharge all liability of the Authority or the Trustee with respect to the principal of and premium and interest on the 1999 Bonds to the extent of the sum or sums so paid.

(c) The Authority and the Trustee may treat DTC (or its nominee) as the sole and exclusive owner of the 1999 Bonds registered in its name for the purposes of payment of the principal of or premium or interest on the 1999 Bonds, selecting the 1999 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Holders of 1999 Bonds under the Indenture, registering the transfer of 1999 Bonds, obtaining any consent or other action to be taken by Holders of 1999 Bonds and for all other purposes whatsoever; and neither the Authority nor the Trustee shall be affected by any notice to the contrary. Neither the Authority nor the Trustee shall have any responsibility or obligation to any participant in DTC, any person claiming a beneficial ownership interest in the 1999 Bonds under or through DTC or any such participant, or any other person which is not shown on the Bond Register as being a Bondholder, with respect to (1) the 1999 Bonds; (2) the accuracy of any records maintained by DTC or any such participant; (3) the payment by DTC or any such participant of any amount in respect of the principal of or premium or interest on the 1999 Bonds; (4) any notice which is permitted or required to be given to Holders of 1999 Bonds under the Indenture; (5) the selection by DTC or any such participant of any person to receive payment in the event of a partial redemption of the 1999 Bonds; or (6) any consent given or other action taken by DTC as Holder of 1999 Bonds.

(d) So long as the 1999 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all notices required or permitted to be given to the Holders of 1999 Bonds under the Indenture shall be given to DTC as provided in the Letter of Representations.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Trustee with respect to any consent or other action to be taken by Holders of 1999 Bonds, DTC shall consider the date of receipt of notice requesting such consent or other action as the record date for such consent or other action, provided that the Trustee may establish a special record date for such consent or other action. The Trustee shall give DTC notice of such special record date not less than 15 calendar days in advance of such special record date to the extent possible.

(f) At or prior to settlement for the 1999 Bonds, the Authority and the Trustee shall execute or signify their approval of the Letter of Representations. Any successor Trustee shall, in its written acceptance of its duties under the Indenture, agree to take any actions necessary from time to time to comply with the requirements of the Letter of Representations.

(g) The book entry system for registration of the ownership of the 1999 Bonds through DTC shall be discontinued at any time that (1) DTC determines to resign as securities depository for the 1999 Bonds and gives notice of such determination to the Authority and the Trustee or (2) the Authority determines that continuation of the system of book entry transfers through DTC is not in the best interests of the Authority or the Holders of 1999 Bonds and gives notice of such determination to the Trustee and DTC. In either of such events the Authority may appoint a successor securities depository, but if the Authority does not appoint a successor, the 1999 Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the Authority or the Trustee for the accuracy of such designation. If a successor securities depository is appointed, this Section 2.04 shall be amended as necessary to reflect such succession and to incorporate provisions required by the successor.

### ARTICLE III REDEMPTION/REVENUES AND FUNDS

#### SECTION 3.01 OPTIONAL REDEMPTION.

The 1999 Bonds maturing on and after June 15, 2010 are redeemable on and after June 15, 2009, in whole at any time, or in part at any time and from time to time in any order of maturity as specified by the Authority, in any principal amount within a maturity as specified by the Authority, and within a maturity as selected by the Trustee by lot. Any such redemption shall be made at 100% of the principal amount of the 1999 Bonds to be redeemed, plus accrued interest to the redemption date.

#### SECTION 3.02 DEBT SERVICE FUND.

(a) The Trustee shall establish as a part of the Debt Service Fund in respect of the 1999 Bonds a 1999 Bonds Sinking Fund Account (the "1999 Bonds Sinking Fund Account") for the retirement of certain of the 1999 Term Bonds. Moneys deposited in the 1999 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 1999 Term Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund in respect of the 1999 Bonds to the 1999 Bonds Sinking Fund Account on June 15 of the years set forth below in the amount required to retire 1999 Term Bonds specified below in the following amounts through mandatory redemption, in direct order of maturity and within a maturity as chosen by the Trustee by lot, at the principal amount thereof plus accrued interest, or through purchase as hereinafter provided:

1999 Term Bonds Maturing June 15, 2021		1999 Term Bonds Maturing June 15, 2023	
Year (June 15)	Amount	Year (June 15)	Amount
2020	\$16,940,000	2022	\$18,675,000
2021*	17,785,000	2023*	19,560,000

\* Final Maturity

Prior to May 1 of each year in which 1999 Term Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1999 Bonds Sinking Fund Account of as many 1999 Term Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the holders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of the 1999 Bonds). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 3.02 of the Indenture, so long as any 1999 Term Bonds specified above shall remain Outstanding, the Trustee shall draw by lot, for redemption on June 15 of such year, a principal amount of 1999 Term Bonds as shall represent the difference

between the principal amount of such 1999 Term Bonds fixed for redemption on such date as described above and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection by lot of the particular 1999 Term Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the holders of such 1999 Term Bonds so drawn for redemption in the manner provided in Article III of the Indenture, and, upon presentation by the holders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 1999 Bonds Sinking Fund Account and shall pay accrued interest due from moneys available therefor in the Debt Service Fund in respect of the 1999 Bonds.

If at any time all the 1999 Term Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 1999 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund in respect of the 1999 Bonds. Whenever 1999 Term Bonds are to be purchased out of the 1999 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to the Indenture.

(b) (i) If, on the third day preceding any Interest Payment Date for the 1999 Bonds there is not on deposit with the Trustee sufficient moneys available to pay all principal of and interest on the 1999 Bonds due on such date, the Trustee shall immediately notify the Bond Insurer and State Street Bank and Trust Company, N.A., or its successor as the Fiscal Agent for the Bond Insurer of the amount of such deficiency. If, by said Interest Payment Date, the Authority has not provided the amount of such deficiency, the Trustee shall simultaneously make available to the Bond Insurer and to the Fiscal Agent the registration books for the 1999 Bonds maintained by the Trustee. In addition:

(A) The Trustee shall provide the Bond Insurer with a list of the Bondholders entitled to receive principal or interest payments from the Bond Insurer under the terms of the Bond Insurance Policy and shall make arrangements for the Bond Insurer and the Fiscal Agent (1) to mail checks or drafts to Bondholders entitled to receive full or partial interest payments from the Bond Insurer and (2) to pay principal of the 1999 Bonds surrendered to the Fiscal Agent by the Bondholders entitled to receive full or partial principal payments from the Bond Insurer; and

(B) The Trustee shall, at the time it makes the registration books available to the Bond Insurer pursuant to (A) above, notify Bondholders entitled to receive the payment of principal of or interest on the 1999 Bonds from the Bond Insurer (1) as to the fact of such entitlement, (2) that the Bond Insurer will remit to them all or part of the interest payments coming due subject to the terms of the Bond Insurance Policy, (3) that, except as provided in paragraph (ii) below, in the event that any Bondholder is entitled to receive full payment of principal from the Bond Insurer, such Bondholder must tender his 1999 Bond with the instrument of transfer in the form provided on the 1999 Bond executed in the name of the Bond Insurer,

and (4) that, except as provided in paragraph (ii) below, in the event that such Bondholder is entitled to receive partial payment of principal from the Bond Insurer, such Bondholder must tender his 1999 Bond for payment first to the Trustee, which shall note on such 1999 Bond the portion of principal paid by the Trustee, and then, with an acceptable form of assignment executed in the name of the Bond Insurer, to the Fiscal Agent, which will then pay the unpaid portion of principal to the Bondholder subject to the terms of the Bond Insurance Policy.

(ii) In the event that the Trustee has notice that any payment of principal of or interest on a 1999 Bond has been recovered from a Bondholder pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of a court having competent jurisdiction, the Trustee shall, at the time it provides notice to the Bond Insurer, notify all Bondholders of such 1999 Bonds that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Bond Insurer to the extent of such recovery, and the Trustee shall furnish to the Bond Insurer its records evidencing the payments of principal of and interest on the 1999 Bonds which have been made by the Trustee and subsequently recovered from Bondholders, and the dates on which such payments were made.

(iii) The Bond Insurer shall, to the extent it makes payment of principal of or interest on the 1999 Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Bond Insurance Policy and, to evidence such subrogation, (1) in the case of subrogation as to claims for past due interest, the Trustee shall note the Bond Insurer's rights as subrogee on the registration books maintained by the Trustee upon receipt from the Bond Insurer of proof of the payment of interest thereon to the Bondholders of such 1999 Bonds and (2) in the case of subrogation as to claims for past due principal, the Trustee shall note the Bond Insurer's rights as subrogee on the registration books for the 1999 Bonds maintained by the Trustee upon receipt of proof of the payment of principal thereof to the Bondholders of such 1999 Bonds. Notwithstanding anything in the Indenture (including, without limitation, Section 2.04 of this Second Supplement to the Amended and Restated Indenture) or the 1999 Bonds to the contrary, the Trustee shall make payment of such past due interest and past due principal directly to the Bond Insurer to the extent that the Bond Insurer is a subrogee with respect thereto.

#### **SECTION 3.03 1999 CREDIT FACILITY.**

The 1999 Credit Facility will be issued by the 1999 Credit Facility Issuer in lieu of a deposit in the Debt Service Reserve Fund at the time of the issuance of the 1999 Bonds. The 1999 Credit Facility shall be payable (upon the giving of notice by the Trustee to the 1999 Credit Facility Issuer in accordance with the terms of the 1999 Credit Facility at least two business days prior to each Interest Payment Date) on any date on which moneys are required to be withdrawn from the Debt Service Reserve Fund for the Bonds and applied to the payment of principal of or interest on the Bonds. If a disbursement is made pursuant to the 1999 Credit Facility, the 1999 Credit Facility Issuer shall furnish to the Authority written instructions as to the manner in which repayment of amounts owed to the 1999 Credit Facility Issuer as a result of such disbursement shall be made.

In the event of any such disbursement, the Authority shall either (i) cause the maximum limits of the 1999 Credit Facility to be reinstated, by causing transfers to be made pursuant to Section 5.05(b) of the Indenture to the 1999 Credit Facility Issuer to pay the Policy Costs (as defined hereinafter) in the manner set forth in the next paragraph or otherwise, or (ii) deposit into the Debt Service Reserve Fund an amount, from transfers from the Revenue Fund pursuant to Section 5.05(b) of the Indenture, equal to the amount of the draw made under the 1999 Credit Facility, or a combination thereof, so that the amount of cash (or Investment Securities under the Indenture), together with the Credit Facility in the Debt Service Reserve Fund equals the Debt Service Reserve Requirement.

Repayment of draws under the 1999 Credit Facility, expenses of the 1999 Credit Facility Issuer relating thereto and the interest thereon, accruing at a rate equal to the lower of (i) the prime rate per annum of Morgan Guaranty Trust Company of New York in effect from time to time plus two percent (2%) and (ii) the highest rate permitted by law, shall enjoy the same priority as the obligation to maintain and refill the Debt Service Reserve Fund. Repayment of draws, expenses and accrued interest (such draws, expenses and interest are collectively referred to as the "Policy Costs") shall commence in the first month following each draw, and each such monthly payment shall be in an amount at least equal to 1/12 of the aggregate of Policy Costs relating to such draw. Payment of Policy Costs shall be made in the same priority as transfers to the Debt Service Reserve Fund in accordance with Section 5.05(b) of the Indenture, as set forth above. Amounts paid to the 1999 Credit Facility Issuer shall be credited first to interest due under the 1999 Credit Facility, then to the expenses due under the 1999 Credit Facility and then to reimbursement of the draws under the 1999 Credit Facility. As and to the extent that payments are made to the 1999 Credit Facility Issuer on account of reimbursement of any draws under the 1999 Credit Facility, the coverage under the 1999 Credit Facility will be increased by a like amount.

If the Authority shall fail to repay any Policy Costs as described above, the 1999 Credit Facility Issuer shall be entitled to exercise any and all remedies available at law or under the Indenture other than (i) the acceleration of the maturity of the Bonds, or (ii) remedies which would adversely affect holders of the Bonds.

If and to the extent that cash and/or Investment Securities have also been deposited in the Debt Service Reserve Fund, all such cash shall be used (or Investment Securities purchased with such cash shall be liquidated and the proceeds applied as required) prior to any draw under the 1999 Credit Facility, and repayment of any Policy Costs shall be made prior to replenishment of any such cash amounts. If, in addition to the 1999 Credit Facility, any other Credit Facility is provided with respect to the Bonds, drawings under the 1999 Credit Facility and any such other Credit Facility shall be made on a pro rata basis (calculated by reference to the maximum amounts available thereunder) after applying all available cash in the Debt Service Reserve Fund and prior to replenishment of any such cash draws, respectively.

For so long as the 1999 Credit Facility is in effect (a) the Indenture shall not be modified or amended without the prior written consent of the 1999 Credit Facility Issuer, (b) the 1999 Credit Facility Issuer shall be provided with written notice of the resignation or removal of the Trustee and the appointment of a successor thereto and of the issuance of additional indebtedness of the

Authority, and (c) the Indenture shall not be discharged if any Policy Costs are owed by the Authority to the 1999 Credit Facility Issuer.

For so long as the 1999 Credit Facility is in effect, the amount available to be drawn thereunder shall be taken into account when computing the value of the assets in such account for purposes of determining whether the Debt Service Reserve Requirement is satisfied.

## ARTICLE IV AMENDMENT OF INDENTURE

### SECTION 4.01 AMENDMENT OF SECTION 2.11.

Subsection (f) of Section 2.11 of the Amended and Restated Indenture, as supplemented and amended by the First Supplement to the Amended and Restated Indenture, is amended and restated in its entirety as follows:

"(f) Except for Additional Bonds issued to refund Outstanding Bonds where the Maximum Annual Debt Service Requirement for the Additional Bonds and the total principal and interest payable on the Additional Bonds for the term thereof do not exceed the comparable amounts for the Bonds being refunded or Additional Bonds which have a security interest in the Pledged Revenues which is subordinate to the security interest granted to secure the 1993A Bonds, the 1996 Bonds and the 1999 Bonds, a certificate executed by the Authority, including a verification of the calculations by an independent certified public accountant, showing that (1) the PICA Taxes collected with respect to any 12 consecutive months during the 15 month period preceding the date of issuance of such Additional Bonds, after giving retroactive effect during each month of such 12 month period to any PICA Taxes which were not in effect (including for this purpose any increase in the rate of an existing tax) during each such month but which have been imposed prior to the issuance of the Additional Bonds, equal at least 175% of the Maximum Annual Debt Service Requirement (including the Authority's obligations with respect to repayment of Policy Costs then due and owing with respect to each Credit Facility issued in connection with the Debt Service Reserve Fund for the Bonds) on Bonds to be Outstanding after the issuance of the Additional Bonds and (2) the PICA Taxes projected to be collected during the 12 months following the issuance of the Additional Bonds, which projections may be based on the PICA Taxes projected for such period in the City's most recent Financial Plan (as defined in the Intergovernmental Cooperation Agreement) approved by the Authority, equal at least 175% of the Debt Service Requirement during such 12 month period on Bonds to be Outstanding after the issuance of the Additional Bonds. In making the foregoing calculations, PICA Taxes other than the Income Tax shall not be included in the calculation unless each Bond Insurer then insuring Outstanding Bonds has consented to the inclusion of such other PICA Taxes in writing."

### SECTION 4.02 AMENDMENT OF SECTION 4.12.

(a) Section 4.12(b) of the Amended and Restated Indenture, as supplemented and amended by the First Supplement to the Amended and Restated Indenture, is amended and restated in its entirety as follows:

"(b) the official statement or other disclosure, if any, prepared in connection with the issuance of additional debt, whether or not it is on a parity with the 1993A Bonds, the 1996 Bonds or the 1999 Bonds, within 30 days after the sale thereof;"

(b) Section 4.12(d) of the Amended and Restated Indenture, as supplemented and amended by the First Supplement to the Amended and Restated Indenture, is amended and restated in its entirety as follows:

"(d) the notice of the redemption, other than mandatory sinking fund redemption, of any of the 1993A Bonds, the 1996 Bonds and the 1999 Bonds, including the principal amount, maturities and CUSIP numbers thereof".

**SECTION 4.03 AMENDMENT OF SECTION 5.07.**

Pursuant to Section 10.02 of the Amended and Restated Indenture, Subsection 5.07 of the Amended and Restated Indenture, as supplemented and amended by the First Supplement to the Amended and Restated Indenture, is hereby amended to delete the necessity of separate accounts for each Series. As amended and restated, such section reads, in its entirety, as follows:

**Section 5.07 Debt Service Reserve Fund.**

There shall be maintained in the Debt Service Reserve Fund an amount equal to the Debt Service Requirement for the Bonds. In lieu of a cash deposit, at the time of issuance of a Series, subject to approval of the Bond Insurer, if any, there may be provided a Credit Facility in such amount issued by a Credit Facility Issuer whose credit facilities are such that bonds secured by such credit facilities are rated in one of the three highest rating categories by Moody's and S&P. Moneys in the Revenue Fund shall be transferred to the Debt Service Reserve Fund to the extent necessary to eliminate a deficiency therein. To the extent that there is an excess amount in the Debt Service Reserve Fund as of the date any valuation is required to be made as provided herein, unless otherwise provided in the Supplemental Indenture authorizing the issuance of such Series, the excess (other than any Investment Earnings) shall be transferred, at the written direction of the Authority, to the Debt Service Fund or the Bond Redemption Fund for redemption of Bonds at the earliest possible date that Bonds can be redeemed without a premium, or, subject to an approving opinion of Bond Counsel, as directed in writing by the Authority.

All Investment Earnings from investments of amounts in the Debt Service Reserve Fund shall be retained or transferred, as applicable, in the following order and priority:

(a) the Trustee shall retain in the Debt Service Reserve Fund the amount necessary to eliminate any deficiency therein;

(b) the Trustee shall transfer to the Rebate Fund in respect of each Bond Year such amount as is certified by the Authority to the Trustee pursuant to the applicable Tax Compliance Agreement as the Rebate Amount and Yield Reduction Amount, if any, for such Bond Year with respect to the 1993A Bonds, the 1996 Bonds, the 1999 Bonds and such additional amount for each other Series of Bonds as may be specified in the Supplemental Indenture authorizing the Series;

(c) the Trustee shall transfer to the Authority the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made (together with transfers from the Revenue Fund pursuant to Section 5.05 hereof), to equal the total operating expenses of the Authority for such fiscal year as set forth in the certificate of the Authority (which

certificate may be revised from time to time) filed with the Trustee in respect of such fiscal year; and

(d) the Trustee shall transfer any remaining amount to the Revenue Fund.

If there are insufficient moneys to pay the Debt Service Requirement on any Series of Bonds on any Interest Payment Date or maturity date of such Series of Bonds, the Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund amounts necessary to make such payments from the Debt Service Fund.

In the event any application of funds in the Debt Service Reserve Fund in accordance with the preceding paragraph causes the amount in the Debt Service Reserve Fund to be less than the Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority.

The Trustee shall value the Investment Securities, if any, held in the Debt Service Reserve Fund at the end of each Bond Year for such Series and six months after the end of each such Bond Year. If the value of such Investment Securities plus any moneys in the Debt Service Reserve Fund (other than Investment Earnings which have not yet been transferred as provided herein) net of the amount available under the Credit Facility falls below the Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority. Such deficiency shall be eliminated as indicated above and if necessary by the transfer from the Revenue Fund specified in Section 5.05 hereof. If such valuation shows that there is an excess amount in the Debt Service Reserve Fund, the Trustee shall promptly notify the Authority and shall apply such excess as provided in the first paragraph of this Section 5.07.

In connection with a redemption or final maturity of all of the Bonds of a Series, moneys in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement shall be transferred to the Bond Redemption Fund or to the Debt Service Fund, respectively, to be used for purposes of such redemption or final maturity, unless moneys for such redemption or payment are otherwise provided, in which event the moneys remaining in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement for the remaining Bonds Outstanding following such redemption or payment shall be transferred as directed, in writing, by the Authority.

1999 Term Bonds Maturing June 15, 2021		1999 Term Bonds Maturing June 15, 2023	
Year (June 15)	Amount	Year (June 15)	Amount
2020	\$16,940,000	2022	\$18,675,000
2021*	17,785,000	2023*	19,560,000

#### \* Final Maturity

Prior to May 1 of each year in which Series 1999 Bonds are subject to mandatory redemption as described above, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 1999 Bonds Sinking Fund Account of as many Series 1999 Bonds then subject to mandatory sinking fund redemption on the next June 15 as can be purchased in the open market or pursuant to offers made at the time by the Bondholders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of the Series 1999 Bonds).

### Notice of Redemption

When the Authority shall determine to redeem Series 1999 Bonds, upon prior written notice to the Trustee of the redemption date and the principal amount of Series 1999 Bonds to be redeemed, or whenever the Trustee shall be required to redeem Series 1999 Bonds from moneys in the Bond Redemption Fund or the 1999 Bonds Sinking Fund Account of the Debt Service Fund, without action on the part of the Authority, the Trustee, at the Authority's expense, shall cause a notice of redemption to be mailed to the Bondholders. Such notice shall, among other things, state the redemption price and the date fixed for redemption, that on such date the Series 1999 Bonds called for redemption will be due and become payable at the Principal Office of the Trustee, and that from and after such date, interest thereon shall cease to accrue; provided, however, that the Holders of all Series 1999 Bonds to be redeemed may file written waivers of notice with the Trustee, and if so waived, such Series 1999 Bonds may be redeemed and all rights and liabilities of said Holders shall mature and accrue on the date set for such redemption, without the requirement of written notice. If a notice is given with respect to an optional redemption prior to moneys for such redemption being deposited with the Trustee, such notice shall be conditioned upon the deposit of moneys with the Trustee before the date fixed for redemption and such notice shall be of no effect unless such moneys are so deposited.

The notice to Bondholders shall be deposited by the Trustee in the United States mail, first-class postage prepaid, at least thirty (30) days, but not more than sixty (60) days prior to the redemption date, addressed to the Holders of Series 1999 Bonds called for redemption at the addresses appearing upon the Bond Register. Any notice of redemption mailed in accordance with the requirements set forth herein shall be conclusively presumed to have been duly given, whether or not such notice is actually received by the Bondholder. No defect in the notice with respect to any Series 1999 Bond (whether in the form of notice or the mailing thereof) shall affect the validity of the redemption proceedings for any other Series 1999 Bonds.

Reference is made to the Act, the Resolution, the Indenture and the PICA Tax Ordinance, executed or certified counterparts of which are on file at the corporate trust office of the Trustee, for statements of the purposes for which the Series 1999 Bonds are issued, a description of the Pledged Revenues assigned and pledged for the security of the Series 1999 Bonds (including the PICA Tax) and the nature, extent and manner of enforcement of such security, certain covenants of the Authority and the City made for the benefit of Bondholders, the terms and conditions under which the Indenture may be amended or modified, the rights and duties of the Authority and the Trustee, and the extent of the rights of the registered owners of the Series 1999 Bonds issued under the Indenture.

## STATEMENT OF INSURANCE

Financial Guaranty Insurance Company ("Financial Guaranty") has issued a policy containing the following provisions with respect to the Pennsylvania Intergovernmental Cooperation Authority, Pennsylvania, Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1999 (the "Bonds"), such policy being on file at the principal office of First Union National Bank (the "Trustee"):

Financial Guaranty hereby unconditionally and irrevocably agrees to pay for disbursement to the Bondholder that portion of principal of and interest on the Bonds which is then due for payment and which the Issuer of the Bonds (the "Issuer") shall have failed to provide. Due for payment means, with respect to the principal, the stated maturity date thereof, or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which the payment of principal of the Bonds is due by reason of call for redemption (other than mandatory sinking fund redemption), acceleration or other advancement of maturity, and with respect to interest, the stated date for payment of such interest.

Upon receipt of telephonic or telegraphic notice, subsequently confirmed in writing, or written notice by registered or certified mail, from a Bondholder or the Trustee to Financial Guaranty that the required payment of principal or interest has not been made by the Issuer to the Trustee, Financial Guaranty on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with State Street Bank and Trust Company, N.A., or its successor as its agent (the "Fiscal Agent"), sufficient to make the portion of such payment not paid by the Issuer. Upon presentation to the Fiscal Agent of evidence satisfactory to it of the Bondholder's right to receive such payment and any appropriate instruments of assignment required to vest all of such Bondholder's right to such payment in Financial Guaranty, the Fiscal Agent will disburse such amount to the Bondholder.

As used herein the term "Bondholder" means the person other than the Issuer who at the time of nonpayment of a Bond is entitled under the terms of such Bond to payment thereof.

The policy is non-cancellable for any reason.

The 2003 Bonds shall be issuable as fully registered Bonds in Authorized Denominations. Unless the Authority shall otherwise direct, the 2003 Bonds shall be numbered from R-1 upward. Interest on the 2003 Bonds shall be payable on each Interest Payment Date. Each Bond shall be dated as of the most recent Interest Payment Date to which interest has been duly paid or provided for next preceding its date of issue, unless issued on an Interest Payment Date on which interest has been paid or provided for, in which event it shall be dated as of such Interest Payment Date or, if issued prior to the first Interest Payment Date on which interest is paid, it shall be dated the date of initial issuance of the 2003 Bonds.

(b) The 2003 Bonds shall mature on June 15, 2022.

(c) 2003 Bonds issued prior to the first Interest Payment Date shall bear interest from the date of original issuance and delivery thereof. Thereafter, 2003 Bonds shall bear interest from and including the Interest Payment Date next preceding the date of authentication thereof, unless such date of authentication shall be an Interest Payment Date to which interest on the 2003 Bonds has been paid in full or duly provided for, in which case they shall bear interest from and including such date of authentication. Such registered owner by such acceptance shall be deemed to have acknowledged that if funds for such purchase are on deposit with the Trustee or the Tender Agent on such Repurchase Date, such registered owner shall have no rights under the Indenture other than to receive the Repurchase Price and such Bonds shall no longer be considered to be Outstanding Bonds (pursuant to paragraph (e) of the definition of such term in Section 103 hereof) for purposes of this Third Supplement to the Amended and Restated Indenture.

(e) The principal of and premium, if any, on 2003 Bonds bearing interest at a Variable Rate or Flexible Rate shall be payable at the Principal Office of the Trustee, upon presentation and surrender of such 2003 Bonds, which presentation and surrender can be made at the Principal Office of the Tender Agent. The principal of and premium, if any, on the 2003 Bonds bearing interest at a Fixed Rate shall be payable at the Principal Office of the Trustee upon presentation and surrender of such Bonds. Payment of principal of any 2003 Bond shall be made to any owner of \$1,000,000 or more in aggregate principal amount of 2003 Bonds by wire transfer

to such owner on the principal payment date for said 2003 Bonds upon written notice from such owner containing the wire transfer address within the continental United States to which such owner wishes to have such wire directed, which written notice is received not later than the tenth (10<sup>th</sup>) day next preceding the principal payment or maturity date applicable to such 2003 Bonds, provided that such wire transfer shall only be made upon presentation and surrender of such 2003 Bonds at the Principal Office of the Trustee or Tender Agent, as applicable, on the principal payment date. Any payment of the purchase price of a Tendered Bond shall be payable at the Principal Office of the Tender Agent, upon presentation and surrender of such Bond, as provided in Article V hereof.

(f) Interest payments on a 2003 Bond (other than with respect to defaulted interest) shall be made to the registered owner thereof appearing on the Bond Register as of the close of business of the Bond Registrar on the Record Date; provided, however, that during a Flexible Rate Period such payments shall be payable only upon presentation and surrender of such Bond to the Tender Agent. Interest on the 2003 Bonds shall, except as hereinafter provided, be paid: (i) during a Flexible or Variable Rate Period, by check or draft of the Tender Agent mailed on the Interest Payment Date to such registered owner at the address of such owner as it appears on the Bond Register or at such other address furnished in writing by such registered owner to the Tender Agent, (ii) during a Flexible or Variable Rate Period, by wire transfer sent on the Interest Payment Date to the registered owner upon written notice to the Tender Agent from the registered owner containing the wire transfer address (which shall be in the continental United States) to which the registered owner wishes to have such wire directed which written notice is received not later than the Business Day prior to the first Interest Payment Date to which it relates, it being understood that such notice may refer to multiple interest payments; (iii) on or prior to the Fixed Rate Conversion Date, in such other fashion as is agreed upon between the registered owner and the Tender Agent, including, without limitation, by wire transfer upon such prior notice as may be satisfactory to the Tender Agent or (iv) after the Fixed Rate Conversion Date, by check or draft of the Trustee mailed on the Interest Payment Date to such registered owner at the address of such owner as it appears on the Bond Register in accordance with the provisions of Section 2.03 of the Amended and Restated Indenture.

(g) During any Variable Rate Period other than a Term Rate Period, the Trustee agrees to provide through the Tender Agent upon request to the Tender Agent by any Bondholder an oral statement as to the Variable Rates in effect since the most recent preceding Interest Payment Date and to mail on each Interest Payment Date occurring during a Variable Rate Period to each Bondholder written notice of the Variable Rates in effect since the last preceding Interest Payment Date.

(h) The 2003 Bonds shall be substantially in the form hereinafter set forth with such appropriate variations, omissions and insertions as are permitted or required by the Indenture or deemed necessary by the Trustee and the Authority. On each date on which the Trustee or the Tender Agent authenticates and delivers 2003 Bonds during a Flexible Rate Period applicable to such 2003 Bonds as provided in Section 204 hereof, the Trustee or the Tender Agent shall complete the information required in the form of 2003 Bond attached as Exhibit A hereto for the purpose of maintaining an accurate record of the terms and provisions of the Interest Period then applicable to such 2003 Bond. During the period the 2003 Bonds are

maintained in book-entry form pursuant to Section 207 hereof, the Trustee may instead maintain such information on its books and records and make the same available electronically to DTC.

#### **SECTION 202. INITIAL INTEREST RATES; SUBSEQUENT RATES; RATE PERIODS**

The 2003 Bonds shall bear interest initially at a Variable Rate with a Weekly Rate Period from and including the date of initial issuance until a Conversion Date. The initial Variable Rate and initial Weekly Rate Period shall be set forth in the purchase contract entered into between the Authority and the initial purchaser of the 2003 Bonds. During each Variable Rate Period, the 2003 Bonds shall bear interest at the lesser of (i) the Interest Coverage Rate or (ii) the Variable Rate. During the Fixed Rate Period, the 2003 Bonds shall bear interest at a Fixed Rate.

**Limits on Interest Periods and Rates.** No Interest Period shall be established during a Flexible Rate Period and no Variable Rate Period shall be established which would cause the Interest Coverage Period of the Liquidity Facility to be less than the requirements of Section 310(h) hereof. No Interest rate on a 2003 Bond shall be established during a Variable Rate Period which exceeds the Interest Coverage Rate. No Interest Period or Flexible Rate shall be established during a Flexible Rate Period which would cause the aggregate amount of all interest which could accrue on the 2003 Bonds bearing interest at the Flexible Rate during such Flexible Rate Period to exceed the Interest Component allocable to such Bonds. In addition, no Flexible Rate shall be established which exceeds the applicable Interest Coverage Rate and no Interest Period shall be established during a Flexible Rate Period which exceeds 270 days.

**Bank Bonds.** Notwithstanding anything herein to the contrary, Bank Bonds shall bear interest at the Bank Rate determined in accordance with the provisions of the Liquidity Facility and not the Variable Rate or Flexible Rate that would otherwise be applicable to such 2003 Bonds were they not Bank Bonds.

**Conversions.** In connection with any conversion to or from a Variable Rate Period or a Flexible Rate Period or a conversion to a Fixed Rate Period, in addition to the other conditions to conversion set forth in this Third Supplement to the Amended and Restated Indenture, the Trustee must have received written evidence from each Rating Agency then maintaining a rating on the 2003 Bonds that such rating will not be reduced or withdrawn due to such conversion (other than a withdrawal of a short term rating upon a remarketing into a Fixed Rate Period) and the Remarketing Agent shall have received firm commitments for the purchase of all 2003 Bonds being converted to bear interest in such new rate period on or before such Conversion Date.

In connection with any conversion to a Term Rate Period or to a Fixed Rate Period, in addition to the other conditions to conversion set forth in this Third Supplement to the Amended and Restated Indenture, the Authority must either provide the Trustee, the Bank, the Bond Insurer and the Remarketing Agent with an opinion of Bond Counsel stating that Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission provides an exemption with respect to the 2003 Bonds or enter into a written undertaking at the time of such conversion covenanting to provide continuing information with respect to the 2003 Bonds required by the Rule.

**SECTION 203. VARIABLE RATES; CONVERSIONS TO VARIABLE RATE PERIODS**

(a) Determination by Remarketing Agent; Notice of Rates Determined. Except as hereinafter provided, the Variable Rate to be applicable to the 2003 Bonds during any Variable Rate Period shall be determined by the Remarketing Agent and notice thereof shall be given as follows:

(i) Notice of each Variable Rate shall be: (A) given by Immediate Notice by the Remarketing Agent to the Tender Agent not later than 12:00 noon, New York City time, on the date of determination for each Daily and Weekly Rate Period and not later than 12:00 noon New York City time, on the Business Day immediately succeeding the date of determination for each Term Rate Period; (B) given by Immediate Notice not later than 5:00 p.m., New York City time for each Daily and Weekly Rate Period, in each case on the date of determination, and by 12:00 noon, New York City time, on the Business Day immediately succeeding the date of determination for each Term Rate Period, by the Tender Agent to the Trustee and the Authority, and, during Term Rate Periods, by first class mail postage prepaid on the third Business Day immediately succeeding the date of determination by the Tender Agent to the holders of the 2003 Bonds; and (C) available commencing on the Business Day immediately succeeding the date of determination during Daily and Weekly Rate Periods by telephone from the Tender Agent upon request of any owner of a 2003 Bond.

(ii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Variable Rate for any Variable Rate Period when required hereunder:

(A) for 2003 Bonds in a Daily Rate Period or Weekly Rate Period, the Variable Rate for such Rate Period shall be equal to 135% of the BMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. (or a replacement publisher of the BMA Municipal Swap Index designated in writing by the Authority to the Trustee and the Remarketing Agent; provided that if Munifacts Wire System, Inc. or such replacement publisher does not publish the BMA Municipal Swap Index on a day on which a Variable Rate is to be set, the Variable Rate shall be 135% of a comparable index selected by the Authority published by Munifacts Wire System, Inc. or such replacement publisher at such time (such alternate index being referred to herein as a "Alternate Index")) until the Remarketing Agent next determines the Variable Rate as required hereunder;

(B) for 2003 Bonds in a Term Rate Period with a duration of one year or less, such 2003 Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the BMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. (or an Alternate Index) until the Remarketing Agent next determines the Variable Rate as required hereunder; and

(C) for 2003 Bonds in a Term Rate Period with a duration in excess of one year, such 2003 Bonds shall automatically convert to a Term Rate

Period of two years and the Variable Rate for such Rate Period shall be equal to the sum of (i) the yield on 2 year "A" rated general obligation bonds as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Variable Rate Adjustment Date plus (ii) 5 basis points unless the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee (which opinion may be based upon a ruling or rulings of the Internal Revenue Service) with respect to the conversion of the 2003 Bonds to Variable Rates for Weekly Rate Periods, in which case the 2003 Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the BMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System (or an Alternate Index) until the Remarketing Agent next determines the Variable Rate as required hereunder.

(iii) All determinations of Variable Rates pursuant to this Section shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2003 Bonds to which such rates are applicable. Failure by the Trustee or the Tender Agent to give any notice as herein provided, any defect therein, and any failure by any 2003 Bondholder to receive any such notice (including without limitation any Immediate Notice) shall not extend the period for making elections, in any way change the rights of the owners of 2003 Bonds to elect to have such 2003 Bonds purchased, in any way change the conditions which must be satisfied in order for such election to be effective or for payment of the purchase price to be made after an effective election or in any way change such owner's obligation to tender the 2003 Bonds for purchase.

(b) Daily Rates and Weekly Rates. A Variable Rate shall be determined by the Remarketing Agent (i) for each Daily Rate Period not later than 10:30 a.m., New York City time, on the commencement date of the Daily Rate Period to which it relates and (ii) for each Weekly Rate Period not later than 10:00 a.m., New York City time, on the commencement date of the Weekly Rate Period to which it relates (or the preceding Business Day if such day is not a Business Day).

(c) Term Rates. A Variable Rate shall be determined by the Remarketing Agent for each Term Rate Period not later than 12:00 noon, New York City time, on the Business Day immediately preceding the commencement date of such period.

(d) Conversions between Variable Rate Periods. At the option of the Authority, the 2003 Bonds may be converted from one Variable Rate Period to another and from a Term Rate Period of one length to a Term Rate Period of a different length as follows:

(i) In any such case, the Variable Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that if the conversion is from a Term Rate Period to a different Variable Rate Period or a Term Rate Period of a different length, the Variable Rate Conversion Date shall be limited to a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made.

As a precondition to effecting a change to a different Variable Rate Period or to a Term Rate Period of a different length, on or before the Variable Rate Conversion Date, a Favorable Opinion shall be delivered to the Authority, the Trustee and the Tender Agent. Notwithstanding the foregoing, such Favorable Opinion shall not be required to be delivered in either case with respect to (i) a conversion to a Daily Rate Period or Weekly Rate Period or to a Term Rate Period with a duration of one year if the immediately preceding Period was a Daily Rate Period or Weekly Rate Period or a Term Rate Period with a duration of one year or (ii) a conversion to a Term Rate Period with a duration of more than one year if the immediately preceding Variable Rate Period was a Term Rate Period with a duration of more than one year.

(iii) Not less than fourteen (14) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period and not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to the holders of all 2003 Bonds to be converted. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2003 Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

(e) Conversions from Flexible Rate Periods. At the option of the Authority, the 2003 Bonds may be converted from a Flexible Rate Period to a Variable Rate Period as follows:

(i) The Variable Rate Conversion Date shall be the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Periods theretofore established for the 2003 Bonds to be converted.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made. In addition, on or before the

Variable Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent a Favorable Opinion. Notwithstanding the provisions of the preceding sentence, such Favorable Opinion shall not be required to be delivered with respect to a conversion to a Daily Rate Period, a Weekly Rate Period or to a Term Rate Period with a duration of one year.

(iii) Not less than fourteen (14) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period and not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to all holders of the 2003 Bonds to be converted; provided, however, that the Tender Agent shall not mail such written notice until it has received a written confirmation from the Remarketing Agent that no Interest Period for the 2003 Bonds extends beyond the Variable Rate Conversion Date. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

#### SECTION 204. FLEXIBLE RATES; CONVERSIONS TO FLEXIBLE RATE PERIODS

(a) Flexible Rates. A Flexible Rate for each Interest Period shall be determined as follows:

(i) The Interest Periods for each 2003 Bond shall be of such duration, not exceeding 270 days, as may be offered by the Remarketing Agent and specified by the purchaser pursuant to Section 302 or 303 hereof.

(ii) The Flexible Rate for each Interest Period shall be effective from and including the commencement date of such period through and including the last day thereof. Each such Flexible Rate shall be determined by the Remarketing Agent in connection with the sale of the 2003 Bond or 2003 Bonds to which it relates pursuant to Section 302 or 303 hereof.

(iii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Interest Period or Flexible Rate when required hereunder, the Interest Period shall be of the shortest permitted duration and the Flexible Rate shall be equal to the 135% of the BMA Municipal Swap Index in effect on the first day of such Interest Period.

(iv) All determinations of Flexible Rates and Interest Periods pursuant to this Section shall be conclusive and binding upon the Authority, the Trustee, the Tender

Agent, the Bank and the holders of the 2003 Bonds to which such rates and periods are applicable.

(b) Conversions to Flexible Rate Periods. At the option of Authority, the 2003 Bonds may be converted from a Variable Rate Period to a Flexible Rate Period as follows:

(i) In any such case, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that in the case of a conversion from a Term Rate Period, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Trustee, the Tender Agent, the Remarketing Agent and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Flexible Rate Conversion Date. In addition, on or before the Flexible Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent a Favorable Opinion. Notwithstanding the provisions of the preceding sentence, such opinion shall not be required to be delivered with respect to a conversion from a Daily Rate Period or Weekly Rate Period or from a Term Rate Period with a duration of one year or less.

(iii) Not less than fourteen (14) days prior to the Flexible Rate Conversion Date, in the case of conversions from Daily or Weekly Rate Periods, and not less than thirty (30) days prior to the Flexible Rate Conversion Date in all other cases; the Tender Agent shall mail a written notice of the conversion to all holders of the 2003 Bonds to be converted, specifying the Flexible Rate Conversion Date and setting forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2003 Bonds governed by such Section.

#### SECTION 205. FIXED RATE CONVERSION AT OPTION OF THE AUTHORITY

At the option of the Authority, the 2003 Bonds bearing interest at a Variable Rate, or Flexible Rates may be converted to bear interest at the Fixed Rate as hereinafter provided. Any such conversion shall be made as follows:

(a) The Fixed Rate Conversion Date shall be: (i) in the case of a conversion from a Variable Rate Period other than a Term Rate Period, a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; (ii) in the case of a conversion from a Term Rate Period, a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced; or (iii) in the case of a conversion from a Flexible Rate Period, a day which is the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Period theretofore established for the 2003 Bonds to be converted.

(b) Not less than seven (7) Business Days prior to the date on which the Tender Agent or the Trustee is required to notify the Bondholders of the conversion pursuant to paragraph (c) below, the Authority shall give written notice of the conversion to the Trustee, the Tender Agent, if any, the Remarketing Agent, if any, and the Bank, if any, setting forth the Proposed Fixed Rate Conversion Date. In addition, on or before the Fixed Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent, if any, a Favorable Opinion with respect to the conversion of the 2003 Bonds to the Fixed Rate.

(c) In the event of a conversion from a Variable Rate Period or a Flexible Rate Period, the Tender Agent shall mail a notice of the proposed conversion to the holders of all 2003 Bonds to be converted not less than thirty (30) days prior to the Proposed Fixed Rate Conversion Date and shall inform the Bondholders of: (i) the Proposed Fixed Rate Conversion Date; and (ii) the matters required to be stated pursuant to Section 304 hereof with respect to purchases of 2003 Bonds governed by such Section.

(d) Not later than 12:00 noon, New York City time, on the Business Day prior to the Fixed Rate Conversion Date, the Remarketing Agent shall deliver to the Trustee and the Authority a certificate, approved by the Authority, which includes (i) a schedule specifying the principal amount of Bonds to mature on the first June 15 occurring after the Fixed Rate Conversion Date and on each June 15 thereafter to and including the June 15<sup>th</sup> occurring on or after the fifth anniversary of the Fixed Rate Conversion Date, (ii) a schedule specifying the principal amount of Bonds to be called for mandatory redemption on each June 15 occurring after the last June 15 specified pursuant to (i), but prior to June 15, 2022, (iii) the principal amount of 2003 Bonds to mature on June 15, 2022, (iv) the Fixed Rate to be applicable to each maturity of the 2003 Bonds and (v) a schedule specifying the interest to be paid on each Interest Payment Date of each year, commencing with the first Interest Payment Date to occur after the Fixed Rate Conversion Date, to and including June 15, 2022. In determining the amount of interest and principal that shall be payable on such dates, the Remarketing Agent shall use the following guidelines:

(i) The Fixed Rate(s) established for the 2003 Bonds to be effective on the Fixed Rate Conversion Date shall be set forth in an underwriting or purchase contract and shall equal the minimum interest rate(s) necessary to remarket such 2003 Bonds on the Fixed Rate Conversion Date at an aggregate purchase price of 100% of the principal amount thereof taking into account the fact that such 2003 Bond shall mature or be subject to mandatory sinking fund redemption on a particular June 15 up to and including June 15, 2022 in accordance with (d) above, that all 2003 Bonds shall pay interest semiannually on each Interest Payment Date of each year, that all 2003 Bonds maturing on a particular June 15 shall bear interest at the same rate;

(ii) The schedule of principal payments shall be set to achieve annual level debt service (including both principal and interest) for all remaining Bond Years or portions thereof and to the extent such annual level debt service cannot be exactly achieved with principal maturing in \$5,000 denominations or integral multiples thereof, such annual level debt service shall be achieved by rounding down all maturing principal

amounts to the next \$5,000 denomination or integral multiple thereof and rounding up the last principal payment.

The determination of the Fixed Rate(s) shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, if any, the Bank, if any, the Bond Insurer and the holders of the 2003 Bonds to which such rate(s) will be applicable. Not later than 5:00 p.m., New York City time, on the date of determination of the Fixed Rate(s), the Remarketing Agent shall notify the Trustee and the Authority of such rate(s) by telephone. Not later than 5:00 p.m., New York City time, on the next succeeding Business Day, the Trustee shall give Immediate Notice of such rate(s) to the Tender Agent, if any, and the Bank, if any, and the Bond Insurer.

(e) The Authority may revoke its election to effect a conversion of the interest rate on the 2003 Bonds to the Fixed Rate by giving written notice of such revocation to the Trustee, the Tender Agent, if any, the Remarketing Agent, if any, the Bank, if any, and the Bond Insurer at any time prior to the setting of the Fixed Rate by the Remarketing Agent.

(f) It shall be a condition to effecting a conversion to the Fixed Rate that all of the Bonds shall be successfully remarketed.

#### **SECTION 206. CERTAIN CHANGES IN TERM RATE PERIOD NOT A CONVERSION**

In the event that a Term Rate Period is shorter than the immediately preceding Term Rate Period due to the occurrence of the Maturity Date of the 2003 Bonds, such difference in length of the last Term Rate Period shall not be considered to cause a Variable Rate Conversion Date to occur and the conditions required by Section 203 to convert from a Term Rate Period of one length to a Term Rate Period of a different length shall not be required to be satisfied.

#### **SECTION 207. BOOK ENTRY SYSTEM**

(a) It is intended that the Bonds be registered so as to participate in a securities depository system with DTC (the "DTC System"), as set forth herein. Except as provided in subparagraph (c) of this Section, the registered owner of all of the 2003 Bonds shall be DTC and the 2003 Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on any Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of immediately available funds to the account of Cede & Co. on the Interest Payment Date for the 2003 Bonds at the address indicated on the Record Date or Special Record Date for Cede & Co. in the Bond Register kept by the Trustee.

(b) The 2003 Bonds shall be initially issued in the form of separate single fully registered 2003 Bonds, authenticated by the Trustee in the amount of each separately stated maturity of the 2003 Bonds. Upon initial issuance, the ownership of such 2003 Bonds shall be registered in the registry books of the Authority kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee and the Authority shall treat DTC (or its nominee) as the sole and exclusive owner of the 2003 Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the 2003 Bonds, selecting the 2003 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Third Supplement to the Amended and Restated Indenture, registering the transfer of 2003 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Trustee, the Tender Agent nor the

Authority shall be affected by any notice to the contrary. Neither the Trustee, the Tender Agent nor the Authority shall have any responsibility or obligation to any DTC participant, any person claiming a beneficial ownership interest in the 2003 Bonds under or through DTC or any DTC participant, or any other Person which is not shown on the registration books of the Trustee as being a Bondholder, with respect to: (i) the accuracy of any records maintained by DTC or any DTC participant; (ii) the payment of DTC or any DTC participant of any amount in respect of the principal, purchase price or redemption price of or interest on the 2003 Bonds; (iii) any notice which is permitted or required to be given to Bondholders under the Indenture; (iv) the selection by DTC or any DTC participant of any Person to receive payment in the event of a partial redemption of the 2003 Bonds; or (v) any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal or purchase price of and premium, if any, and interest on the 2003 Bonds only to or "upon the order of" (as that term is used in the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania) DTC and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal of or purchase price and premium, if any, and interest on the 2003 Bonds to the extent of the sum or sums so paid. No Person other than DTC shall receive an authenticated Bond for each separately stated maturity of the respective series evidencing the obligation of the Authority to make payments of principal of and premium, if any, and interest pursuant to this Third Supplement to the Amended and Restated Indenture. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to Record Dates, the word "Cede & Co." in this Third Supplement to the Amended and Restated Indenture shall be deemed to be changed to reflect such new nominee of DTC.

(c) In the event the Authority determines that it is in its best interest to discontinue the use of book entry system for the 2003 Bonds, the Authority may notify in writing DTC and the Trustee, whereupon DTC will notify the DTC participants of the availability through DTC of Bond certificates. In such event, the Trustee shall deliver, transfer and exchange Bond certificates as directed in writing by DTC as the Bondholder in appropriate amounts. DTC may determine to discontinue providing its services with respect to the 2003 Bonds at any time by giving written notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Authority and the Trustee, at the sole cost of the Authority, shall be obligated to deliver Bond certificates as directed in writing by DTC. In the event Bond certificates are issued, the provisions of the Indenture shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates. Whenever DTC requests the Authority and the Trustee to do so, the Trustee and the Authority will cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the 2003 Bonds to any DTC participant having 2003 Bonds credited to its DTC account, or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the 2003 Bonds.

(d) Notwithstanding any other provision of this Third Supplement to the Amended and Restated Indenture to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal or purchase price

of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Authority or the Trustee with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC as sole Bondholder notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole Bondholder.

(f) Anything herein to the contrary notwithstanding, so long as any 2003 Bonds are registered in the name of DTC or any nominee thereof, in connection with any optional tender of such 2003 Bonds, the beneficial owners of such 2003 Bonds are responsible for submitting the bondholder tender notice provided for in Section 301 to the Remarketing Agent.

(g) Upon remarketing of 2003 Bonds in accordance with Article III, payment of the purchase price thereof shall be made to DTC and no surrender of certificates is expected to be required. Such sale shall be made through DTC participants (which may include the Remarketing Agent) and the new beneficial owners of such 2003 Bonds shall not receive delivery of Bond certificates. DTC shall transmit payment to DTC participants, and DTC participants shall transmit payment to beneficial owners whose 2003 Bonds were purchased pursuant to remarketing. Neither the Authority, the Trustee, the Trustee nor the Remarketing Agent shall be responsible for transfers of payment to DTC participants or beneficial owners.

(h) The provisions of this Section are subject to the provisions of this Third Supplement to the Amended and Restated Indenture relating to Bank Bonds.

#### **SECTION 208. DELIVERY OF THE 2003 BONDS AND DISPOSITION OF PROCEEDS THEREOF.**

(a) Upon the execution and delivery of this Third Supplement, to the Amended and Restated Indenture, the Authority shall execute and deliver the 2003 Bonds to the Trustee and the Trustee shall authenticate the 2003 Bonds and deliver them to the initial purchaser or purchasers thereof as directed by the Authority in an order delivered by the Authority to the Trustee upon receipt of the proceeds of the 2003 Bonds. The determination of the Tender Agent as to whether a notice of tender has been properly delivered pursuant to the foregoing shall be conclusive and binding upon the owner of such 2003 Bond.

(c) Notice by Tender Agent of Bonds to be Remarketed. Not later than 11:00 a.m., New York City time, on the Business Day immediately following the date of receipt of any notice of tender (or promptly upon such receipt on the Optional Tender Date in the case of 2003 Bonds during a Daily Rate Period but in no event later than 11:00 a.m., New York City time), the Tender Agent shall give Immediate Notice (or telephonic notice in the case of Bonds during a Daily Rate Period) to the Trustee, the Authority, the Remarketing Agent and the Bank of the principal amount of 2003 Bonds (or portions thereof) to be purchased and the Optional Tender Date.

(ii) Information Concerning Purchasers. A notice by telephone, telex or telecopier, to be confirmed in writing if given by telephone, specifying the names, addresses and taxpayer identification numbers of the purchasers, the denominations of 2003 Bonds to be registered in the name of each purchaser and, if available, payment instructions for regularly scheduled interest payments or of any changes in such information previously communicated shall be furnished to the Tender Agent by (i) 3:00 p.m., New York City time, on the Business Day preceding the day on which such 2003 Bonds are to be purchased to the extent available and such notice may be supplemented or amended at any time prior to 12:40 p.m., New York City time, on the day on which such 2003 Bonds are to be purchased with respect to Bonds during a Weekly Rate Period, (ii) 1:00 p.m., New York City time, on the day on which such 2003 Bonds are to be purchased with respect to Bonds during a Daily Rate Period or Flexible Rate Period, and (iii) 3:00 p.m., New York City time, on the second Business Day prior to the day on which such 2003 Bonds are to be purchased to the extent available and such notice may be supplemented or amended at any time prior to 12:40 p.m., New York City time, on the day on which such 2003 Bonds are to be purchased with respect to Bonds during a Term Rate Period.

(iii) Payments by the Tender Agent. By 3:00 p.m., New York City time, on the Optional Tender Date set for purchase of Tendered Bonds and upon receipt by the Tender Agent of 100% of the aggregate Tender Price of the Tendered Bonds, the Tender Agent shall pay the Tender Price of such 2003 Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. With respect to the payment of the Tender Price, the Tender Agent shall apply in order (A) moneys paid to it by the Remarketing Agent or by the new purchaser of the Tendered Bonds as proceeds of the remarketing of such 2003 Bonds by the Remarketing Agent, (B) moneys paid to it by the Bank for the purchase of 2003 Bonds pursuant to the Liquidity Facility, and (C) any other moneys provided by the Authority. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated as provided in Section 306.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the date of purchase, the Tender Agent shall register and make available for pick-up or cancel all 2003 Bonds purchased on any Optional Tender Date as follows: (A) 2003 Bonds purchased or remarketed by the Remarketing Agent shall be registered and made available to the Remarketing Agent by 2:15 p.m., New York City time, in accordance with the instructions of the Remarketing Agent; (B) 2003 Bonds purchased pursuant to the Liquidity Facility shall be registered in the name of the Authority unless otherwise required by the Liquidity Facility and shall be held in trust by the Tender Agent on behalf of the registered owner; and (C) 2003 Bonds purchased with other moneys provided by the Authority shall be canceled or registered and delivered in accordance with the instructions of the Authority; provided that so long as a Liquidity Facility is in effect, such 2003 Bonds shall not be remarketed or delivered to the Authority unless the Liquidity Facility supports the payment of such 2003 Bonds in accordance with the terms of this Third Supplement to the Amended and Restated Indenture and the Liquidity Facility.

(v) Resale of Bonds Purchased Pursuant to the Liquidity Facility. In the event that any 2003 Bonds are purchased pursuant to the Liquidity Facility pursuant to subparagraph (iv) above, the Remarketing Agent shall continue to offer for sale and use its best efforts to sell such 2003 Bonds at a purchase price equal to the principal amount thereof plus accrued interest thereon. 2003 Bonds purchased pursuant to the Liquidity Facility shall not be delivered upon remarketing by the Remarketing Agent or any other sale unless the Liquidity Facility is automatically reinstated for the principal amount thereof and the Interest Component applicable thereto in accordance with its terms or the Remarketing Agent has been advised by the Bank by Immediate Notice that it has elected to reinstate the Liquidity Facility for the required amount and the Bank notifies the Tender Agent by Immediate Notice of such reinstatement and directs the Tender Agent to deliver the 2003 Bonds to the purchaser.

All 2003 Bonds to be purchased on any Optional Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Optional Tender Date with respect to Bonds during a Daily or Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Optional Tender Date with respect to Bonds during Term Rate Periods. If the owner of any 2003 Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such 2003 Bond to the Tender Agent for purchase on the Optional Tender Date and if the Tender Agent is in receipt of the Tender Price therefor, such 2003 Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2003 Bond (or portion thereof) shall be transferred to the purchaser thereof as provided in subsection (e)(iv) above. Any Bondholder who fails to deliver a 2003 Bond for purchase as required above shall have no further rights thereunder except the right to receive the Tender Price thereof upon presentation and surrender of said 2003 Bond to the Tender Agent and shall thereafter hold such 2003 Bond as agent for the Tender Agent. Such delivery shall be a condition to payment of the Tender Price by the Tender Agent on the Optional Tender Date.

## SECTION 302. TENDERS DURING FLEXIBLE RATE PERIODS

(a) Repurchase Dates. Each 2003 Bond bearing interest at a Flexible Rate shall be subject to mandatory tender for purchase on each Repurchase Date at the Repurchase Price.

(c) Remarketing of Tendered Bonds. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2003 Bonds required to be purchased on the Repurchase Date. In remarketing the 2003 Bonds, the Remarketing Agent shall offer and accept purchase commitments for the 2003 Bonds for such Interest Periods and at such Flexible Rates as it deems to be advisable in order to minimize the net interest cost on the 2003 Bonds under prevailing market conditions. The foregoing notwithstanding, no Interest Period may be established which exceeds the shortest of (A) 270 days, (B) the remaining number of days prior to any Mandatory Tender Date occurring pursuant to either Section 303 or 304 hereof, or (C) the remaining number of days prior to each date on which 2003 Bonds are subject to redemption pursuant to Sections 401(a)(i) or (c) hereof (but, in the case of Section 401(a)(i) hereof, only if the Remarketing Agent has received Immediate Notice from the Trustee of a pending redemption of 2003 Bonds pursuant to Section 402(a) hereof) if and to the extent necessary to enable the Tender Agent to make such purchases on or before such date. The Remarketing Agent shall cause the Repurchase Price specified in subsection (a) above for the 2003 Bonds which the Remarketing Agent notified the Tender Agent had been remarketed pursuant to subsection (d)(i) below to be paid to the Tender Agent in immediately available funds at or before 2:00 p.m., New York City time, on the Repurchase Date. At the request of the Trustee, the Remarketing Agent shall also determine and notify the Trustee of Flexible Rates and Interest Periods for 2003 Bonds to be purchased pursuant to the Liquidity Facility or by the Authority as hereinafter provided, such determination to be made in substantially the same manner as is provided above and with a view toward enabling the Remarketing Agent to remarket such 2003 Bonds at a later date.

(d) Purchase of Tendered Bonds; Notice of Remarketing; Purchases Under Liquidity Facility. The following Immediate Notices shall be given with respect to the remarketing of Tendered Bonds and the amount of 2003 Bonds to be purchased pursuant to the Liquidity Facility:

(i) The Remarketing Agent shall notify the Tender Agent of the amount of Tendered Bonds which were remarketed not later than 9:30 a.m., New York City time, on the Repurchase Date; and if any such notice indicates that any Tendered Bonds were not remarketed, or if no such notice is received by the required time, or if not all of the remarketing proceeds have been received, the Tender Agent shall notify the Trustee, the Bank and the Authority by 10:00 a.m., New York City time, on the Repurchase Date of the amount of Tendered Bonds not remarketed, or for which no notice of remarketing was received, or for which no remarketing proceeds have been received, and the Trustee shall submit to the Bank by 11:00 a.m., New York City time, on the Repurchase Date, a draw certificate for payment of an amount equal to the Repurchase Price by the Bank for (A) the portion of the 2003 Bonds which were not remarketed, (B) those for which no notice of

remarketing was received by the required time and (C) those for which no remarketing proceeds have been received and a draw certificate for payment of the accrued interest on the portion of the Tendered Bonds by the Bank for the portion of the 2003 Bonds (A) which were not remarketed, (B) for which no notice of remarketing was received by the required time, or (C) for which no remarketing proceeds have been received, pursuant to the Liquidity Facility.

(ii) Information Concerning Purchasers. A notice by telephone, telex or telecopier, to be confirmed in writing if given by telephone, specifying the names, addresses and taxpayer identification numbers of the purchasers, the denominations of 2003 Bonds to be registered in the name of each purchaser, the Flexible Rate and Repurchase Date to be applicable to each 2003 Bond and, if available, payment instructions for regularly scheduled interest payments or of any changes in such information previously communicated shall be furnished to the Tender Agent by 1:00 p.m., New York City time, on the Repurchase Date.

(iii) Payments by the Tender Agent. By 3:00 p.m., New York City time, on the Repurchase Date and upon receipt by the Tender Agent of 100% of the aggregate Repurchase Price of the Tendered Bonds, the Tender Agent shall pay the Repurchase Price of such 2003 Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. With respect to the payment of the Repurchase Price, the Tender Agent shall apply in order (A) moneys paid to it by the Remarketing Agent or by the new purchaser of the Tendered Bonds as proceeds of the remarketing of such 2003 Bonds by the Remarketing Agent, (B) moneys paid to it by the Bank for the purchase of 2003 Bonds pursuant to the Liquidity Facility, and (C) any other moneys provided by the Authority. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated as provided in Section 306.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the Repurchase Date, the Tender Agent shall register and deliver, hold or cancel all 2003 Bonds purchased on such Repurchase Date as follows: (A) 2003 Bonds purchased or remarketed by the Remarketing Agent shall be registered and delivered to the Remarketing Agent by 2:15 p.m., New York City time, in accordance with the instructions of the Remarketing Agent; (B) 2003 Bonds purchased pursuant to a draw on the Liquidity Facility shall be registered in the name of the Authority unless otherwise required by the Liquidity Facility and shall be held in trust by the Tender Agent on behalf of the registered owner; and (C) 2003 Bonds purchased with other moneys provided by the Authority shall be canceled or registered and delivered in accordance with the instructions of the Authority; provided that so long as a Liquidity Facility is in effect, such 2003 Bonds shall not be remarketed or delivered to the Authority unless the Liquidity Facility supports the payment of such 2003 Bonds in accordance with the terms of this Third Supplement to the Amended and Restated Indenture and the Liquidity Facility.

(v) Resale of Bonds Purchased Pursuant to the Liquidity Facility. In the event that any 2003 Bonds are purchased pursuant to a draw on the Liquidity Facility pursuant to subparagraph (iv) above, the Remarketing Agent shall continue to offer for sale and use its best efforts to sell such 2003 Bonds at a purchase price equal to the principal

amount thereof plus accrued interest thereon. 2003 Bonds purchased pursuant to the Liquidity Facility shall not be delivered upon remarketing by the Remarketing Agent or any other sale unless the Liquidity Facility is automatically reinstated for the principal amount thereof and the Interest Component applicable thereto in accordance with its terms or the Remarketing Agent has been advised by the Bank by Immediate Notice that it has elected to reinstate the Liquidity Facility for the required amount and the Bank notifies the Tender Agent by Immediate Notice of such reinstatement and directs the Tender Agent to deliver the 2003 Bonds to the purchaser.

(vi) Delivery of Bonds; Effect of Failure to Surrender Bonds. All 2003 Bonds to be purchased on any Repurchase Date shall be required to be delivered to the Principal Office of the Tender Agent by 1:00 p.m., New York City time, on the Repurchase Date. If the owner of any 2003 Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such 2003 Bond to the Tender Agent for purchase on the Repurchase Date and if the Tender Agent is in receipt of the Tender Price therefor, such 2003 Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2003 Bond (or portion thereof) shall be transferred to the purchaser thereof as provided in subsection (a)(iv) above. Any 2003 Bondholder who fails to deliver a 2003 Bond for purchase as required above shall have no further rights thereunder except the right to receive the Repurchase Price thereof upon presentation and surrender of said 2003 Bond to the Tender Agent. Such delivery shall be a condition to the payment of the Repurchase Price by the Tender Agent on the Repurchase Date.

### **SECTION 303. MANDATORY TENDER UPON CONVERSIONS AMONG VARIABLE RATE PERIODS AND FLEXIBLE RATE PERIODS**

(a) Variable Rate Conversions. 2003 Bonds which are subject to conversion on any Variable Rate Conversion Date pursuant to Section 203(d) or (e) hereof shall be subject to mandatory tender for purchase on the Variable Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be.

Whenever the 2003 Bonds are held in the DTC System, any failure by DTC or any DTC Participant to provide the notice described above to any beneficial owner of the 2003 Bonds shall not affect the validity of any interest rate on any 2003 Bonds or extend the period for tendering any of the 2003 Bonds for purchase and the Trustee shall not be liable to any 2003 Bondholder by reason of any such failure or defect.

(d) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2003 Bonds to be tendered for purchase on the Flexible Rate Conversion Date or Variable Rate Conversion Date. In the event of a conversion to a Variable Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (a) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the Variable Rate Conversion Date. In the case of a conversion to a Flexible Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (b) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the Flexible Rate Conversion Date and the Flexible Rates and Interest Periods to be established shall be determined in the manner and subject to the limitations set forth in Section 302(c) hereof.

(e) Purchase of Tendered Bonds. The provisions of Section 301(e) regarding purchases of 2003 Bonds shall apply to tenders pursuant to this Section 303 in the case of a conversion during a Variable Rate Period; provided that, for the purpose of so applying such provisions:

(i) the notices required pursuant to Section 301(e)(i) shall be given as therein described, except that the provisions relating specifically to 2003 Bonds during Daily Rate Periods shall be applicable only to 2003 Bonds to be converted from a Daily Rate Period or to a Flexible Rate Period;

(ii) the notice required pursuant to Section 301(e)(ii) shall be given as therein described, except that, in the case of a conversion to a Flexible Rate Period, the notice from the Remarketing Agent concerning the purchasers of the 2003 Bonds shall specify the Flexible Rates and Interest Periods for such 2003 Bonds; and

(iii) the deliveries of 2003 Bonds under Section 301(e)(iv) shall be required to be made at or before 1:00 p.m., New York City time, on the Variable Rate Conversion Date (or 5:00 p.m., New York City time, on the second Business Day prior to the Conversion Date with respect to 2003 Bonds during a Term Rate Period).

The provisions of Section 302(d) regarding purchases of 2003 Bonds shall apply to tenders pursuant to this Section 303 with respect to 2003 Bonds in the case of conversions during a Flexible Rate Period.

#### **SECTION 304. MANDATORY TENDER UPON FIXED RATE CONVERSION OR SUBSTITUTION OR TERMINATION OF LIQUIDITY FACILITY**

##### **(a) Mandatory Tenders.**

(i) Proposed Fixed Rate Conversion Date. The 2003 Bonds to be converted to bear interest at the Fixed Rate pursuant to Section 205 hereof shall be subject to mandatory tender for purchase on a Proposed Fixed Rate Conversion Date at a price equal to the Tender Price or the Repurchase Price, as the case may be.

(ii) Substitution of the Liquidity Facility with an Alternate Liquidity Facility.

The 2003 Bonds (other than Bank Bonds and 2003 Bonds bearing interest at the Fixed Rate) are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or the Repurchase Price, as the case may be, on the regularly scheduled Interest Payment Date immediately preceding the effective date of any substitution of the Liquidity Facility with an Alternate Liquidity Facility in accordance with the provisions of Section 310 hereof.

(iii) No Renewal Liquidity Facility.

The 2003 Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on any Renewal Date if by the tenth day preceding such Renewal Date the Trustee has not received a Renewal Liquidity Facility.

(iv) Default under the Liquidity Facility.

The 2003 Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on the fifteenth day (or the next preceding Business Day if such day is not a Business Day) after receipt by the Trustee of notice from the Bank of the occurrence of a default under the Liquidity Facility and that such Liquidity Facility shall be terminated; provided that (i) the Mandatory Tender Date shall be at least five days prior to the termination of the Bank's obligation to honor draws under the Liquidity Facility and (ii) no purchase shall be required if prior to the Mandatory Tender Date the Trustee receives written notice from the Bank to the effect that the default has been cured in accordance with the provisions of the Liquidity Facility and such Liquidity Facility is, as of the date of such notice to the Trustee, in full force and effect and will not terminate as a result of such termination notice from the Bank.

(b) Notice to Bondholders. The Tender Agent shall mail notice to Bondholders of any mandatory tender as follows:

In the case of a notice pursuant to Section 304(a)(i) above, such notice will state, among other things, the Proposed Fixed Rate Conversion Date, that the 2003 Bonds will be subject to mandatory tender for purchase on the Fixed Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and the time at which the 2003 Bonds are to be tendered for purchase.

Whenever the 2003 Bonds are held in the DTC System, any failure by DTC or any DTC Participant to provide the notice described above to any beneficial owner of the 2003 Bonds shall not affect the validity of any interest rate on any 2003 Bonds or extend the period for tendering any of the 2003 Bonds for purchase and the Trustee shall not be liable to any 2003 Bondholder by reason of any such failure or defect.

(c) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for such 2003 Bonds following a mandatory tender; provided, however, that 2003 Bonds shall not be remarketed unless and until the Remarketing Agent receives notice from the Trustee that a Liquidity Facility complying with the requirements of Section 310(h) hereof is in place with respect to the 2003 Bonds. The terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (a) above to the Tender Agent in immediately available funds at or before 10:30 a.m., New York City time.

(d) Purchase of Tendered Bonds. The provisions of Section 301(e) regarding purchases of 2003 Bonds shall apply to mandatory tenders pursuant to this Section 304 with respect to 2003 Bonds during a Variable Rate Period; provided that, for the purpose of so applying such provisions:

(i) the notices required pursuant to Section 301(e)(i) shall be given as therein described, except that the provisions relating specifically to 2003 Bonds during Daily Rate Periods shall be disregarded;

(ii) the notices required to be given pursuant to Section 301(e)(ii) hereof regarding purchases of 2003 Bonds shall be given in the manner prescribed for tenders of 2003 Bonds during other than Daily Rate Periods; and

(iii) the deliveries of 2003 Bonds under Section 301(e)(iv) shall be required to be made at or before 2:15 p.m., New York City time on the Fixed Rate Conversion Date.

The provisions of Section 302(d) shall apply to tenders pursuant to this Section 304 with respect to 2003 Bonds during a Flexible Rate Period.

#### **SECTION 305. FAILED CONVERSION**

If on a Variable Rate Conversion Date, Flexible Rate Conversion Date or Proposed Fixed Rate Conversion Date, any condition precedent to such conversion required hereunder shall not be satisfied, such conversion shall not occur, the mandatory tender shall remain effective and (i) if the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee with respect to the conversion of the 2003 Bonds to Variable Rates for Weekly Rate Periods, the 2003 Bonds shall bear interest at the Variable Rate determined by the Remarketing Agent on the failed Conversion Date for a Weekly Rate Period, and thereafter shall bear interest at Variable Rates for Weekly Rate Periods until a Variable Rate Conversion Date, Flexible Rate Conversion Date or Fixed Rate Conversion Date or (ii) if the Favorable Opinion referred to in clause (i) above has not been delivered, the 2003 Bonds shall bear interest at the Variable Rate or Flexible Rates determined by the Remarketing Agent on the failed Conversion Date for a Variable

Rate Period or Interest Periods, as the case may be, of the same length as the immediately preceding Variable Rate Period or Interest Periods.

#### **SECTION 306. INADEQUATE FUNDS FOR TENDERS**

If the funds available for purchases of 2003 Bonds pursuant to this Article III are inadequate for the purchase of all 2003 Bonds required to be purchased on any purchase date, the Tender Agent shall immediately: (i) return all Tendered Bonds to the holders thereof; (ii) return all moneys received for the purchase of such 2003 Bonds to the Persons providing such moneys; and (iii) notify all Bondholders in writing (A) that an Event of Default has occurred, and (B) of the rate to be effective pursuant to following provisions. If the funds available for purchases of 2003 Bonds pursuant to this Article III are inadequate for the purchase of all 2003 Bonds required to be purchased (i) on a proposed Conversion Date, such conversion shall be deemed to have failed and the provisions of Section 305 above shall apply; (ii) in all other cases, the Remarketing Agent shall determine the applicable interest rate in accordance with the provisions of Article II hereof.

#### **SECTION 307. LIMITS UPON REMARKETING**

(a) Tendered Bonds shall not be remarketed to the Authority or any Affiliate unless, prior to such sale, the Authority shall have delivered to the Trustee an unqualified written opinion of counsel experienced in bankruptcy matters and satisfactory to the Trustee and each Rating Agency then maintaining a rating on the 2003 Bonds (which opinion may assume that no Bondholders are "insiders" within the meaning of Title XI of the United States Code) to the effect that payment of such amounts to Bondholders would not be avoidable as preferential payments under Section 547 of the United States Bankruptcy Code recoverable under Section 550 of the United States Bankruptcy Code should the Authority or any Affiliate become a debtor in a proceeding commenced thereunder. Neither the Trustee nor the Tender Agent shall be required to monitor the actions of the Remarketing Agent to ensure that it will not remarket any Bonds to the Authority or any Affiliate, and for the purposes of this Section 307 hereof, the Trustee and the Tender Agent may, in the absence of actual notice to the contrary, assume that no funds furnished to the Tender Agent by the Remarketing Agent constitute proceeds of the remarketing of any Bonds to the Authority or any Affiliate.

(b) 2003 Bonds shall not be remarketed unless and until a Liquidity Facility complying with the requirements of Section 310(h) hereof is in place with respect to the 2003 Bonds.

(c) Despite the absence of a Liquidity Facility complying with the requirements of Section 310(h) hereof, whether resulting from the termination of an existing Liquidity Facility or otherwise, the Authority shall be under no obligation to purchase 2003 Bonds otherwise subject to optional tender pursuant to Section 301 hereof or mandatory tender pursuant to Sections 302, 303 or 304 hereof prior to the Maturity Date of such 2003 Bonds.

#### **SECTION 308. BOND PURCHASE FUND**

(a) Establishment of Bond Purchase Fund and Accounts. The Trustee shall establish or cause the Tender Agent to establish and maintain, so long as the 2003 Bonds are outstanding and have not been converted to a Fixed Rate, a separate fund to be known as the "Bond Purchase Fund" (the "Bond Purchase Fund"), within which there shall be established a

Remarketing Proceeds Account and a Liquidity Facility Purchase Account, which shall be held in trust by the Trustee until applied as hereinafter provided.

(i) Remarketing Proceeds Account. The Trustee or the Tender Agent shall deposit to the credit of the Remarketing Proceeds Account (A) the moneys received upon the remarketing of Tendered Bonds pursuant to section 307 hereof and the Remarketing Agreement to any Person (other than Tendered Bonds sold to the Authority, any Affiliate or any Insider in violation of Section 307 hereof), and (B) the moneys received from the underwriter or purchaser (other than the Authority, any Affiliate, or any Insider) of Tendered Bonds upon the conversion of the interest rate thereon to a Fixed Rate. No moneys other than those described in (A) and (B) of this Section 308(a)(i) shall be deposited into such account.

(ii) Liquidity Facility Purchase Account. The Trustee or the Tender Agent shall deposit to the credit of the Liquidity Facility Purchase Account all proceeds of drawings under the Liquidity Facility to pay the purchase price of Tendered Bonds (other than Bank Bonds), and no other moneys shall be deposited in such account.

(b) Application of Bond Purchase Fund. Moneys in the Bond Purchase Fund shall be held in trust for the benefit of and subject to a lien in favor of the owners of Tendered Bonds and shall be used exclusively for the payment of the purchase price of Tendered Bonds; provided, however, that any moneys remaining on deposit in the Liquidity Facility Purchase Account after payment in full of all amounts due on the Tendered Bonds shall be transferred to the Bank.

(c) Moneys on deposit in the Bond Purchase Fund shall be invested only upon the written direction of the Authority and only in Government Obligations with a term not exceeding the earlier of 30 days from the date of investment of such moneys or the date or dates that moneys therefrom are anticipated to be required. Amounts held to pay the purchase price for more than five years shall be applied in the same manner as provided under Section 515 of the Amended and Restated Indenture.

#### **SECTION 309. NON-PRESENTMENT OF TENDERED BONDS**

In the event any Tendered Bonds shall not be presented for purchase and moneys sufficient to pay the purchase price of such Tendered Bonds are held in the Bond Purchase Fund, the Tender Agent shall segregate and hold such moneys in trust (but shall not invest such moneys), without liability for interest thereon, for the benefit of and subject to a security interest in favor of the holders of such Tendered Bonds who shall, except as provided in the last paragraph of Section 308 hereof, thereafter be restricted exclusively to such moneys, for the satisfaction of any claim of whatever nature on their part under the Indenture or on, or with respect to, said Tendered Bonds.

#### **SECTION 310. LIQUIDITY FACILITY**

(a) Draws on Liquidity Facility. The Trustee shall draw moneys under the Liquidity Facility in accordance with its terms and in accordance with Sections 301(e)(i), 302(d)(i), 303(e) and 304(d) hereof to the extent necessary to pay to the Bondholders the purchase price of Tendered Bonds. Immediately following each drawing under the Liquidity

Facility, and not as a condition to such drawing, the Trustee shall use its best efforts to give telephonic notice to the Authority that such a drawing under the Liquidity Facility was made. The Trustee and the Tender Agent shall return any moneys drawn under the Liquidity Facility to the Bank immediately following the applicable purchase date to the extent such moneys exceed the amount necessary to pay the Repurchase Price or Tender Price of Tendered Bonds.

(b) Maintenance of Liquidity Facility. The Authority covenants that prior to the Fixed Rate Conversion Date it shall at all times cause a Liquidity Facility complying with the requirements of this Section 310 to be in effect with respect to the 2003 Bonds.

(c) Renewal Liquidity Facility. The Authority may, subject to the provisions of the Liquidity Facility, at any time arrange for the deposit with the Trustee of a Renewal Liquidity Facility in substitution for the existing Liquidity Facility. Each Renewal Liquidity Facility shall be satisfactory in form and substance to the Trustee; provided that no such Renewal Liquidity Facility shall be satisfactory to the Trustee unless, in addition to all other requirements to be met therefor, a draft of such Renewal Liquidity Facility, and a draft of the related Renewal Liquidity Facility Agreement, if any, have been submitted to the Trustee at least 20 days prior to the date such Renewal Liquidity Facility is to become effective. In addition, if such Liquidity Facility contains a decrease in the Interest Coverage Rate, the Interest Coverage Period or the Interest Component or a decrease in the portion of the Liquidity Facility designated to pay premium upon purchase of the 2003 Bonds, the Trustee must have received written evidence from each Rating Agency then maintaining a rating on the 2003 Bonds that such rating will not be withdrawn or reduced due to the delivery of such Renewal Liquidity Facility. Upon the delivery of a Renewal Liquidity Facility, the Trustee shall promptly give written notice by first class mail, postage prepaid, to each owner of a 2003 Bond bearing interest at a Variable Rate or a Flexible Rate that a Renewal Liquidity Facility and Renewal Liquidity Facility Agreement will secure such 2003 Bond.

(d) Alternate Liquidity Facility. The Authority may, subject to the provisions of the Liquidity Facility, at any time arrange for the deposit with the Trustee of an Alternate Liquidity Facility in substitution for the existing Liquidity Facility. The Alternate Liquidity Facility shall expire no earlier than 360 days from the date of its deposit with the Trustee and, in the event any of the 2003 Bonds bear interest at a Term Rate for a Term Rate Period extending beyond the Stated Expiration Date of such Alternate Liquidity Facility, no earlier than the Liquidity Facility which it replaces. Each Alternate Liquidity Facility shall be satisfactory in form and substance to the Trustee; provided that any such Alternate Liquidity Facility shall not be satisfactory to the Trustee unless, in addition to all other requirements to be met therefor, a draft of such Alternate Liquidity Facility and a draft of any supplemental bond indenture required to be executed in connection with the delivery of the Alternate Liquidity Facility, and appropriate information concerning the entity which will issue such Alternate Liquidity Facility have been submitted to each Rating Agency then maintaining a rating on the 2003 Bonds entitled to the benefit of the then effective Liquidity Facility, and each such Rating Agency has given notice, promptly confirmed in writing, to the Authority and the Trustee at least 20 days prior to the date such Alternate Liquidity Facility is to become effective as to what rating the 2003 Bonds entitled to the benefit of the Alternate Liquidity Facility will bear after such substitution.

The Liquidity Facility then in effect may be replaced by an Alternate Liquidity Facility only if (i) the provisions for mandatory tender for purchase of the 2003 Bonds described in Section 304 hereof are satisfied, (ii) prior to such replacement the Authority shall have delivered to the Trustee a Favorable Opinion with respect to such replacement, (iii) the Trustee shall receive an opinion of counsel for the Bank issuing the Alternate Liquidity Facility in substantially the form of opinion of counsel for the Initial Bank delivered to the Trustee upon the issuance of the Initial Liquidity Facility and (iv) the Bank issuing the Alternate Liquidity Facility or the Authority shall provide funds on or before the substitution for the purchase of all Bank Bonds from the Bank issuing the Liquidity Facility then in effect.

(n) Surrender of Liquidity Facility. If at any time there shall have been delivered to the Trustee, in substitution for the Liquidity Facility then in effect, either an Alternate Liquidity Facility or a Renewal Liquidity Facility, then the Trustee shall accept such Alternate Liquidity Facility or Renewal Liquidity Facility and shall thereupon surrender the Liquidity Facility then in effect to the Bank which issued the Liquidity Facility in accordance with its terms for cancellation unless such substitution is effected through the attachment of an exhibit or similar attachment to the prior Liquidity Facility as permitted by the terms of such Liquidity Facility. At such time as the 2003 Bonds shall have been converted to a Fixed Rate, the Trustee shall promptly surrender the Liquidity Facility then in effect to the Bank which issued such Liquidity Facility in accordance with the terms thereof and of the Indenture for cancellation. The Trustee shall promptly surrender any Liquidity Facility after it expires in accordance with its terms.

(o) Transfer of Liquidity Facility. The Trustee shall not sell, assign or otherwise transfer the Liquidity Facility except to a successor Trustee hereunder and in accordance with the terms of the Liquidity Facility.

(p) Terms of Initial Liquidity Facility. The Initial Liquidity Facility shall be a standby bond purchase agreement between the Authority and the Initial Bank providing for direct payments to or upon the order of the Trustee of an amount equal to the principal amount of the 2003 Bonds (the "Principal Portion") plus an amount that represents 34 days' interest (calculated at a rate of 12% per annum) on the 2003 Bonds during the Initial Weekly Rate Period (the "Interest Portion"). The Initial Liquidity Facility will permit the Trustee to draw (a) an amount not exceeding the Principal Portion for payment of that portion of the purchase price of Tendered Bonds corresponding to the principal of 2003 Bonds and (b) an amount not exceeding the Interest Portion for payment of the portion of the purchase price of such Tendered Bonds corresponding to accrued interest.

(q) Terms of Liquidity Facility. So long as any 2003 Bonds bear interest at a Variable Rate or a Flexible Rate, the Authority is required to cause to have on deposit with the Trustee a Liquidity Facility. When a Liquidity Facility is in effect, the Authority shall maintain the Interest Component of the Liquidity Facility in an amount which shall not be less than the amount determined by multiplying

(i) the outstanding principal amount of 2003 Bonds bearing interest at a Variable Rate or a Flexible Rate, as applicable, times

(ii) the Interest Coverage Rate for such Variable Rate Period or Flexible Rate, as applicable, required to be used pursuant to this paragraph times

(iii) the quotient determined by dividing

(A) the Interest Coverage Period for such Variable Rate Period or Flexible Rate Period, as applicable, required to be used pursuant to this paragraph by

(B) 365 (or 360, in the case of 2003 Bonds bearing interest at Variable Rates for Term Rate Periods or bearing interest at a Fixed Rate).

The Interest Coverage Rate utilized for each Variable Rate Period or Flexible Rate Period in the above described calculation shall not be less than the rate specified by the Remarketing Agent to the Trustee for the 2003 Bonds in each particular Variable Rate Period or Flexible Rate Period as the maximum interest rate at which the Remarketing Agent will remarket the 2003 Bonds in such Variable Rate Period or Flexible Rate Period, which may not be less than the current interest rate or rates borne by the 2003 Bonds in such Variable Rate Period or Flexible Rate Period. Notwithstanding anything herein to the contrary, the maximum interest rate at which the 2003 Bonds may be remarketed may not be greater than 12% per annum.

The Interest Coverage Period utilized for each Variable Rate Period or Flexible Rate Period in the above described calculation shall not be less than the following:

(i) with respect to 2003 Bonds bearing interest at a Variable Rate for a Daily Rate Period or a Weekly Rate Period, 34 days;

(ii) with respect to 2003 Bonds bearing interest at a Variable Rate for a Term Rate Period, 183 days;

(iii) with respect to 2003 Bonds bearing interest at a Flexible Rate, 270 days; or

(iv) with respect to 2003 Bonds generally, such other number of days then required by any Rating Agency to obtain or maintain an investment grade rating on the 2003 Bonds entitled to the benefit of such Liquidity Facility.

If any Bond is bearing interest at a Variable Rate for a Term Rate Period and if the Stated Expiration Date is scheduled to occur during the current interest period therefor, the amount of the Liquidity Facility must include an amount to pay the applicable premium, if any, on the Renewal Date on which such Bond is required to be purchased pursuant to Section 304 hereof.

In addition, each Renewal Liquidity Facility and Alternate Liquidity Facility shall provide for payment of an amount equal to the outstanding principal amount of the 2003 Bonds bearing interest at a Variable Rate or a Flexible Rate. Each Liquidity Facility shall provide that such Liquidity

Facility may not be terminated until five days after any draw thereunder is made on a Renewal Date, Substitution Date or Conversion Date.

(i) Bank Bonds.

(i) Any 2003 Bonds purchased with proceeds of a drawing on the Liquidity Facility pursuant to this Article shall be registered in the name of the Bank and are herein called "Bank Bonds". Pending reinstatement of the Liquidity Facility securing such 2003 Bonds or release of such 2003 Bonds by the Bank, the Bank shall be entitled to receive all payments of principal of and interest on Bank Bonds and such 2003 Bonds shall not be transferable or deliverable to any party (including the Authority) except the Bank. As indicated in Section 202 hereof, all Bank Bonds shall bear interest at the Bank Rate.

(ii) The Remarketing Agent shall continue to use its best efforts to arrange for the sale of any Bank Bonds, subject to the reinstatement of the Liquidity Facility with respect to the drawings with which such 2003 Bonds were purchased, at a price equal to the principal amount thereof plus accrued interest.

(iii) Delivery of Remarketed Bank Bonds and Proceeds Thereof. Upon reinstatement of the Liquidity Facility relating to Bank Bonds and the sale of Bank Bonds arranged by the Remarketing Agent, the Tender Agent shall make available (i) such 2003 Bonds to the Remarketing Agent for redelivery to the purchasers thereof and (ii) the proceeds of such sale to the Bank to the extent of any unpaid obligation under the Liquidity Facility for the prior drawing made by the Tender Agent on this Liquidity Facility in respect of the purchase of such 2003 Bonds.

## ARTICLE IV REDEMPTION OF BONDS

### SECTION 401. REDEMPTION DATES AND PRICES

The 2003 Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Section 401.

(a) Optional Redemption.

(i) Flexible Rate Period or a Variable Rate Period. During a Flexible Rate Period or a Variable Rate Period, the 2003 Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and if in part in an Authorized Denomination) on any Repurchase Date applicable thereto during a Flexible Rate Period or on any Interest Payment Date during a Variable Rate Period (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot), at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(ii) Term Rate Period. On or prior to the Fixed Rate Conversion Date, 2003 Bonds in a Term Rate Period may be redeemed by the Authority, in whole or in part (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot in such manner as shall be determined by the Trustee), (A) at any time on and after the No-Call Period described below, at a redemption price of 100% of the principal amount of 2003 Bonds called for redemption, plus accrued interest to the date fixed for redemption, and (B) on the day after the end of each Term Rate Period at a redemption price of 100% of the principal amount thereof, plus accrued interest to the date fixed for redemption:

<u>Length of Term Rate Period</u>	<u>Commencement of Redemption Period</u>
Greater than or equal to 15 years	10 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 15 years and greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 8 years	Not subject to optional redemption until commencement of next Term Rate Period

Notwithstanding the foregoing, the No-Call Periods specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2003 Bonds to a Term Rate Period is to the effect that such change will not have an adverse effect on the validity of the 2003 Bonds or any exemption from federal income taxation to which interest on the 2003 Bonds would otherwise be entitled.

(iii) Fixed Rate. After the Fixed Rate Conversion Date, the 2003 Bonds may be redeemed by the Authority in whole on any date, or in part on any Interest Payment Date (and, if in part, by lot in such manner as shall be determined by the Trustee), after the No-Call Period described below at a redemption price of 100% of the principal amount of 2003 Bonds called for redemption, plus accrued interest to the date fixed for redemption:

<u>Length of Fixed Rate Period</u>	<u>Commencement of Redemption Period</u>
Greater than or equal to 15 years	10 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 15 years and greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 8 years	Not subject to optional redemption

Notwithstanding the foregoing, the No-Call Periods and redemption prices specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2003 Bonds to a Fixed Rate is to the effect that such change will not have an adverse effect on the validity of the 2003 Bonds or any exemption from federal income taxation to which interest on the 2003 Bonds would otherwise be entitled.

(b) Special Optional Redemption. Any 2003 Bonds which are Bank Bonds shall be subject to redemption in whole or in part prior to the Maturity Date at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day while such 2003 Bonds are Bank Bonds at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(c) Mandatory Sinking Fund Redemption. The 2003 Bonds are subject to mandatory redemption prior to maturity in part by lot, as selected by the Trustee, on June 15 of each year as set forth below, in the respective principal amounts listed opposite each such year from moneys in the Debt Service Fund, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

<u>Redemption Date (June 15)</u>	<u>Principal Amount</u>	<u>Redemption Date (June 15)</u>	<u>Principal Amount</u>
2004	\$5,460,000	2013	\$ 8,420,000
2005	5,720,000	2014	8,835,000
2006	5,995,000	2015	9,270,000

2009	6,950,000	2018	10,710,000
2010	7,290,000	2019	11,245,000
2011	7,650,000	2020	11,795,000
2012	8,025,000	2021	12,375,000
		2022	12,985,000*

\* Final Maturity

Notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall file a certificate pursuant to Section 205(d) hereof in connection with the conversion of the 2003 Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2003 Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the Authority shall redeem 2003 Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2003 Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent interest payment date to the redemption date.

In the event of any partial redemption of the 2003 Bonds pursuant to Section 401(a) or (b), hereof, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment; so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

(d) General Provisions Regarding Redemptions.

(i) No redemption of less than all of the 2003 Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2003 Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2003 Bonds Outstanding shall be made in such a manner that all 2003 Bonds Outstanding after such redemption are in Authorized Denominations.

(ii) 2003 Bonds may be called for redemption by the Trustee pursuant to Section 401 hereof in accordance with the notice requirements of Section 402 hereof.

(iii) In lieu of redeeming 2003 Bonds pursuant to Section 401, the Trustee may, at the written request of the Authority, use such funds otherwise available hereunder for redemption of 2003 Bonds to purchase 2003 Bonds in the open market at a price not exceeding the redemption price then applicable hereunder. Any 2003 Bonds so purchased in lieu of redemption shall be delivered to the Trustee for cancellation and shall be canceled. It is understood that (i) in the case of any optional redemption or purchase and cancellation of 2003 Bonds with serial maturities, the Authority shall receive credit against its required mandatory redemption deposits, if any, with respect to the 2003 Bonds of such Maturity Date and (ii) in the case of any optional redemption of 2003 Bonds with a

term maturity, the Authority shall receive credit against its required mandatory redemption deposits, if any, in such order as the Authority shall designate in writing prior to the redemption or purchase and cancellation or, if no such election is made prior to such redemption or purchase and cancellation, in the inverse order thereof; provided, however, that following such reduction each such mandatory redemption payment is made in integral multiples of an Authorized Denomination.

#### SECTION 402. NOTICE OF REDEMPTION

(a) Except as hereinafter provided, a copy of the notice of the call for any redemption identifying the 2003 Bonds to be redeemed shall be given by the Trustee to the Bondholders by first class mail, postage prepaid, with respect to 2003 Bonds during a Daily Rate Period or a Weekly Rate Period, not less than 15 days and not more than 30 days prior to the date fixed for redemption and, with respect to 2003 Bonds bearing interest during a Term Rate Period, a Flexible Rate Period or a Fixed Rate Period, not less than 30 nor more than 60 days prior to the date fixed for redemption, to the registered owners of 2003 Bonds to be redeemed at their addresses as shown on the Bond Register. Such notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2003 Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to Section 401(c) hereof the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2003 Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited. Prior to the Fixed Rate Conversion Date, immediate notice of any such redemption shall also be given to the Remarketing Agent promptly following the giving of notice to the Bondholders as aforesaid.

(b) Notwithstanding Section 402(a) hereof, if the 2003 Bonds are to be redeemed pursuant to Section 401(b) hereof, the Trustee shall give immediate notice to the Bank upon receipt of the written request of the Authority.

(c) Failure to give notice in the manner prescribed hereunder with respect to any 2003 Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2003 Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2003 Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2003 Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

(d) If any 2003 Bond is transferred or exchanged on the Bond Register by the Bond Registrar after notice has been given calling such 2003 Bond for redemption, the Trustee will attach a copy of such notice to the 2003 Bond issued in connection with such transfer or exchange.

#### SECTION 403. SELECTION OF BONDS TO BE REDEEMED

If less than all the 2003 Bonds shall be called for redemption under any provision of the Indenture permitting such partial redemption, the particular 2003 Bonds or portions thereof to be redeemed shall be selected by the Authority, in the principal amount designated in writing to the Trustee by the Authority or otherwise as required by the Indenture; provided, however, that (i) Bank Bonds shall be redeemed first; (ii) in the case of the mandatory redemption of 2003 Bonds which have been assigned to a particular mandatory redemption date pursuant to Section 401(c) hereof, such 2003 Bonds shall be redeemed on the designated dates; and (iii) subject to other applicable provisions of the Indenture, the portion of any 2003 Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting 2003 Bonds for redemption, the Trustee shall treat each 2003 Bond as representing that number of 2003 Bonds which is obtained by dividing the principal amount of such 2003 Bond by the minimum Authorized Denomination. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any 2003 Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the owner of such 2003 Bond shall forthwith surrender such 2003 Bond to the Trustee for (a) payment to such owner of the redemption price of the integral multiple of the Authorized Denomination of principal amount called for redemption and (b) delivery to such owner a new 2003 Bond or 2003 Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such 2003 Bond. New 2003 Bonds representing the unredeemed balance of the principal amount of such 2003 Bond shall be issued to the registered owner thereof without charge therefor.

## **ARTICLE V THE TENDER AGENT AND REMARKETING AGENT**

### **SECTION 501. TENDER AGENT**

The Trustee may, at all times on or before the Fixed Rate Conversion Date, appoint a Tender Agent with the power to act, on or prior to the Fixed Rate Conversion Date, on the Trustee's behalf and subject to its direction in the authentication and delivery of the 2003 Bonds and in connection with registration of transfers and exchanges, tenders, redemptions, notices and purchases thereof and payments thereon, as fully to all intents and purposes as though the Tender Agent had been expressly authorized hereunder to authenticate, deliver, pay, transfer and exchange 2003 Bonds, receive notices pursuant to Section 301, purchase tendered Bonds and make payments on the 2003 Bonds. The Trustee and the Tender Agent may enter into an agreement whereby the Tender Agent agrees to calculate the interest to be paid on each Interest Payment Date, and will relay such information to the Trustee for its confirmation. In the absence of such an agreement, the Trustee shall calculate such interest. For all purposes, any such Tender Agent shall be deemed to be acting solely as the agent of the Trustee and the authentication, delivery, transfer or exchange of 2003 Bonds, receipt of notices pursuant to Section 301, purchase of Tendered Bonds and payment of 2003 Bonds by the Tender Agent pursuant to this Section shall be deemed to be the authentication, delivery, transfer or exchange of 2003 Bonds, receipt of such notices, purchase of Tendered Bonds and payment of 2003 Bonds by the Trustee. Such Tender Agent shall at all times be a commercial bank with trust powers or trust company organized under the laws of the United States of America or one of the states thereof, having an office in New York, New York (or having an agent with such an office) and shall at all times be an institution organized and doing business under the laws of the United States or of any state authorized under such laws to exercise corporate trust powers, subject to supervision or examination by federal or state authorities (a) with a combined capital and surplus of at least \$500,000,000 or (b) affiliated with the Trustee. If such institution publishes reports of condition at least annually pursuant to law or the requirements of such authorities, then for the purposes of this Section the combined capital and surplus of such institution shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. The appointment of a Tender Agent under this Section shall be effective upon acceptance by the Tender Agent and shall continue until the Trustee making such appointment shall rescind such appointment, the Tender Agent shall resign, or until the effective date of the resignation or removal of such Trustee pursuant to the provisions of this Third Supplement to the Amended and Restated Indenture. The Tender Agent may act through an agent constituting a commercial bank with trust powers or trust company. If at any time on or prior to the Fixed Rate Conversion Date there is no Tender Agent, all references herein to the Tender Agent shall be deemed to refer to the Trustee. The Tender Agent shall be entitled to the same rights and shall be subject to the same obligations hereunder as the Trustee, and shall enjoy the same protective provisions in the performance of its duties hereunder as are specified in the Indenture with respect to the Trustee insofar as such provisions may be applicable.

The Trustee shall make such arrangements with the Tender Agent, in addition to those made as provided herein, as are necessary to be made and to be thereafter continued whereby funds from the sources specified herein will be made available to pay when due the principal and redemption price of, and interest on, 2003 Bonds bearing interest at a Variable Rate or a Flexible Rate.

#### SECTION 502. REMARKETING AGENT

The Authority shall appoint a Remarketing Agent for the 2003 Bonds, and initially appoints Raymond James & Associates, as Remarketing Agent. The appointment of a different Remarketing Agent may be made by the Authority, approved by the Bank, which approval shall not be unreasonably withheld. The Remarketing Agent shall designate its Principal Office to the Trustee, the Authority, the Tender Agent and the Bank and signify its acceptance of the duties and obligations imposed upon it hereunder by a written instrument of acceptance delivered to the Authority, the Trustee, and the Tender Agent under which the Remarketing Agent will agree, particularly:

(a) to hold all moneys delivered to it for the purchase of 2003 Bonds for the account of and for the benefit of the person or entity which shall have so delivered such moneys until the 2003 Bonds purchased with such moneys shall have been delivered to or for the account of such person or entity; and

(b) to keep such books and records as shall be consistent with prudent industry practice, and to make such books and records available for inspection by the Authority, the Trustee, the Tender Agent and the Bank at all reasonable times.

The Authority shall cooperate with the Trustee, the Tender Agent and the Bank to cause the necessary arrangements to be made and to be thereafter continued whereby funds from the sources specified herein will be made available for the purchase of 2003 Bonds presented at the Payment Office of the Tender Agent and whereby 2003 Bonds, executed by the Authority and authenticated by the Trustee or the Tender Agent, shall be made available to the Remarketing Agent to the extent necessary for delivery pursuant to Section 308 hereof.

The Remarketing Agent may at any time resign and be discharged of the duties and obligations created by the Indenture by giving at least 30 days' notice to the Authority, the Bank, the Trustee and the Tender Agent. The Remarketing Agent may be removed at any time upon 30 days' notice, by an instrument, signed by the Authority and filed with the Remarketing Agent, the Bank, the Trustee and the Tender Agent.

In the event of the resignation or removal of the Remarketing Agent, the Remarketing Agent shall pay over, assign and deliver any moneys and 2003 Bonds held by it in such capacity to its successor or, if there be no successor, to the Trustee.

In the event that the Authority shall fail to appoint a Remarketing Agent hereunder, or in the event that the Remarketing Agent shall resign, be removed or be dissolved, or if the property or affairs of the Remarketing Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, and the Authority shall not have appointed its successor as Remarketing Agent, the Trustee, notwithstanding the provisions of the first paragraph of this Section 502, shall ipso facto be deemed to be the Remarketing Agent for all purposes of the Indenture until the appointment by the Authority of the Remarketing Agent or successor Remarketing Agent, as the case may be; provided, however, that the Trustee, in its capacity as Remarketing Agent, shall not be required to remarket Bonds, or to determine the interest rate on the 2003 Bonds.

The Remarketing Agent for its own account or as broker or agent for others may deal in 2003 Bonds and may do anything any other Bondholder may do to the same extent as if the Remarketing Agent were not serving as such.

The Remarketing Agent will not be entitled to any compensation from the Trustee or the Tender Agent or have any claim or rights with respect to any property, rights or interests constituting a part of the trust estate or otherwise held under the Indenture, but must make separate arrangements with the Authority for compensation.

**SECTION 503. QUALIFICATIONS OF REMARKETING AGENT**

Except in the case of the interim appointment of the Trustee to serve as Remarketing Agent pursuant to Section 502 hereof, the Remarketing Agent shall at all times be registered as a Municipal Securities Dealer under the Securities Exchange Act of 1934, as amended, and be authorized by law to perform all the duties contemplated by the Indenture to be performed by the Remarketing Agent and shall have knowledge and experience in the remarketing of securities such as the 2003 Bonds and shall not be unacceptable to the Bank.

## ARTICLE VI REVENUES AND FUNDS

### SECTION 601. DEBT SERVICE FUND.

(a) The Trustee shall establish as a part of the Debt Service Fund in respect of the 2003 Bonds a 2003 Bonds Sinking Fund Account (the "2003 Bonds Sinking Fund Account") for the retirement of the 2003 Bonds. Moneys deposited in the 2003 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 2003 Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund in respect of the 2003 Bonds to the 2003 Bonds Sinking Fund Account on June 1 of the years and in the amounts required to retire 2003 Bonds as and to the extent required pursuant to Section 401(c) of this Third Supplement to the Amended and Restated Indenture.

Prior to May 1 of each year in which 2003 Bonds are subject to mandatory redemption as described in Section 401(c) of this Third Supplement to the Amended and Restated Indenture, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 2003 Bonds Sinking Fund Account of as many 2003 Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the holders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of the 2003 Bonds). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 402 of this Third Supplement to the Amended and Restated Indenture, so long as any 2003 Bonds shall remain Outstanding, the Trustee shall select 2003 Bonds for redemption, selecting any Bank Bonds first and thereafter by lot, on June 15 of such year, a principal amount of 2003 Bonds as shall represent the difference between the principal amount of such 2003 Bonds fixed for redemption on such date as described in Section 401(c) of this Third Supplement to the Amended and Restated Indenture and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection of the particular 2003 Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the holders of such 2003 Bonds so drawn for redemption in the manner provided in Article IV of this Third Supplement to the Amended and Restated Indenture, and, upon presentation by the holders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 2003 Bonds Sinking Fund Account and shall pay accrued interest due from moneys available therefor in the Debt Service Fund in respect of the 2003 Bonds.

If at any time all the 2003 Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 2003 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund in respect of the 2003 Bonds. Whenever 2003 Bonds are to be purchased out of the 2003 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for

such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to the Indenture.

(b) As long as the Bond Insurance Policy shall be in full force and effect, the Authority, the Trustee agrees to comply with the following provisions:

(a) at least one (1) day prior to any Interest Payment Date the Trustee or paying agent, if any, will determine whether there will be sufficient funds in the Funds and Accounts to pay the principal of or interest on the 2003 Bonds on such interest payment date. If the Trustee or paying agent, if any, determines that there will be insufficient funds in such Funds and Accounts, the Trustee or paying agent, if any, shall so notify the Bond Insurer. Such notice shall specify the amount of the anticipated deficiency, the 2003 Bonds to which such deficiency is applicable and whether such 2003 Bonds will be deficient as to principal or interest, or both. If the Trustee or paying agent, if any, has not so notified the Bond Insurer at least one (1) day prior to an Interest Payment Date, the Bond Insurer will make payments of principal or interest due on the 2003 Bonds on or before the first day next following the date on which the Bond Insurer shall have received notice of nonpayment from the Trustee or paying agent, if any.

(b) the Trustee or paying agent, if any, shall, after giving notice to the Bond Insurer as provided in (a) above, make available to the Bond Insurer and, at the Bond Insurer's direction, to The Bank of New York, as Insurance trustee for the Bond Insurer or any successor Insurance trustee (the "Insurance Trustee"), the registration books of the Authority maintained by the Trustee or paying agent, if any, and all records relating to the Funds and Accounts maintained under the Indenture.

(c) the Trustee or paying agent, if any, shall provide the Bond Insurer and the Insurance Trustee with a list of registered owners of 2003 Bonds entitled to receive principal or interest payments from the Bond Insurer under the terms of the Bond Insurance Policy, and shall make arrangements with the Insurance Trustee (i) to mail checks or drafts to the registered owners of Bonds entitled to receive full or partial interest payments from the Bond Insurer and (ii) to pay principal upon 2003 Bonds surrendered to the Insurance Trustee by the registered owners of Bonds entitled to receive full or partial principal payments from the Bond Insurer.

(d) the Trustee or paying agent, if any, shall, at the time it provides notice to the Bond Insurer pursuant to (a) above, notify registered owners of Bonds entitled to receive the payment of principal or interest thereon from the Bond Insurer (i) as to the fact of such entitlement, (ii) that the Bond Insurer will remit to them all or a part of the interest payments next coming due upon proof of Bondholder entitlement to interest payments and delivery to the Insurance Trustee, in form satisfactory to the Insurance Trustee, of an appropriate assignment of the registered owner's right to payment, (iii) that should they be entitled to receive full payment of principal from the Bond Insurer, they must surrender their Bonds (along with an appropriate instrument of assignment in form satisfactory to the Insurance Trustee to permit ownership of such 2003 Bonds to be registered in the name of the Bond Insurer) for payment to the

Insurance Trustee, and not the Trustee or paying agent, if any, and (iv) that should they be entitled to receive partial payment of principal from the Bond Insurer, they must surrender their 2003 Bonds for payment thereof first to the Trustee or paying agent, if any, who shall note on such 2003 Bonds the portion of the principal paid by the Trustee or paying agent, if any, and then, along with an appropriate instrument of assignment in form satisfactory to the Insurance Trustee, to the Insurance Trustee, which will then pay the unpaid portion of principal.

(e) In the event that the Trustee or paying agent, if any, has notice that any payment of principal of or interest on a 2003 Bonds which has become Due for Payment and which is made to a Bondholder by or on behalf of the Authority has been deemed a preferential transfer and theretofore recovered from its registered owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of court having competent jurisdiction, the Trustee or paying agent, if any, shall, at the time the Bond Insurer is notified pursuant to (a) above, notify all registered owners that in the event that any registered owner's payment is so recovered, such registered owner will be entitled to payment from the Bond Insurer to the extent of such recovery if sufficient funds are not otherwise available, and the Trustee or paying agent, if any, shall furnish to the Bond Insurer its records evidencing the payments of principal of and interest on the 2003 Bonds which have been made by the Trustee or paying agent, if any, and subsequently recovered from registered owners and the dates on which such payments were made.

(f) In addition to those rights granted the Bond Insurer under this Indenture, the Bond Insurer shall, to the extent it makes payment of principal of or interest on 2003 Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Bond Insurance Policy, and to evidence such subrogation (i) in the case of subrogation as to claims for past due interest, the Trustee or paying agent, if any, shall note the Bond Insurer's rights as subrogee on the registration books of the Authority maintained by the Trustee or paying agent, if any, upon receipt from the Bond Insurer of proof of the payment of interest thereon to the registered owners of the 2003 Bonds, and (ii) in the case of subrogation as to claims for past due principal, the Trustee or paying agent, if any, upon surrender of the 2003 Bonds by the registered owners thereof together with proof of the payment of principal thereof.

#### **SECTION 602. PAYMENT UNDER THE 2003 BONDS SWAP**

(a) In accordance with Section 5.05(c) of the Amended and Restated Indenture, as amended and supplemented, the Trustee shall transfer moneys in the Revenue Fund, as directed by the Authority, to JPMorgan Chase Bank - New York, or its successors and permitted assigns, as counterparty under the Option On Interest Rate Swap Transaction executed December 6, 2001, and the Basis Cap Transaction dated June 9, 2003 (collectively, the "2003 Bonds SWAP") (a copy of which is attached to this Third Supplement to the Amended and Restated Indenture as Exhibit B); provided, however, that all such payments to JPMorgan Chase Bank - New York, or its successors and permitted assigns, pursuant to the terms of the 2003 Bonds SWAP on any date may only be made if the transfers or payments required by Sections 5.05(a) and (b) of the Amended and Restated Indenture, as amended and supplemented, as of

and prior to such date have been made in full and all payments required to be made by the Authority as of and prior to such date of or in respect of debt service on the Bonds and amounts required to be deposited into the Debt Service Reserve Fund (including any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund) have been made or paid in full.

At the election of the Authority and upon written notice to the Trustee, one or more new accounts in the Revenue Fund shall be created to be known generally as the "SWAP Account." In the event that the Authority elects to create the SWAP Account, the Trustee shall (i) deposit on a monthly or other periodic basis in the SWAP Account, as directed by the Authority, and reserve in the SWAP Account, such amounts as may be directed by the Authority with respect to amounts owing or to be owed in connection with any interest rate swap or hedge agreements relating to any Bonds, and (ii) transfer from such SWAP Account to the relevant counterparty under such interest rate swap or hedge agreement such amounts as shall be directed by the Authority; provided, however, that all such transfers to the SWAP Account and all such payments made from the SWAP Account pursuant to the terms of any interest rate swap or hedge agreements on any date may only be made if the transfers or payments required by Sections 5.05(a) and (b) of the Amended and Restated Indenture, as amended and supplemented, as of and prior to such date have been made in full and all payments required to be made by the Authority as of and prior to such date of or in respect of debt service on the Bonds and amounts required to be deposited into the Debt Service Reserve Fund (including any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund) have been made or paid in full.

(b) Payments received from JPMorgan Chase Bank -- New York, or its successors and permitted assigns, as counterparty under the 2003 Bonds SWAP shall be deposited to the Debt Service Fund established pursuant to Section 5.06 of the Amended and Restated Indenture.

Any payment of the purchase price of a Tendered Bond shall be payable at the Principal Office of the Tender Agent, upon presentation and surrender of such Bond, as provided in Article V hereof.

(f) Interest payments on a 2006 Bond (other than with respect to defaulted interest) shall be made to the registered owner thereof appearing on the Bond Register as of the close of business of the Bond Registrar on the Record Date; provided, however, that during a Flexible Rate Period such payments shall be payable only upon presentation and surrender of such Bond to the Tender Agent. Interest on the 2006 Bonds shall, except as hereinafter provided, be paid: (i) during a Flexible or Variable Rate Period or an ARS Interest Rate Period, by check or draft of the Tender Agent (or the Trustee in the case of ARS) mailed on the Interest Payment Date to such registered owner at the address of such owner as it appears on the Bond Register or at such other address furnished in writing by such registered owner to the Tender Agent (or the Trustee in the case of ARS), (ii) during a Flexible or Variable Rate Period or an ARS Interest Rate Period, by wire transfer sent on the Interest Payment Date to the registered owner upon written notice to the Tender Agent (or the Trustee in the case of ARS) from the registered owner containing the wire transfer address (which shall be in the continental United States) to which the registered owner wishes to have such wire directed which written notice is received not later than the Business Day prior to the first Interest Payment Date to which it relates, it being understood that such notice may refer to multiple interest payments; (iii) on or prior to the Fixed Rate Conversion Date, in such other fashion as is agreed upon between the registered owner and the Tender Agent (or the Trustee in the case of ARS), including, without limitation, by wire transfer upon such prior notice as may be satisfactory to the Tender Agent (or the Trustee in the case of ARS) or (iv) after the Fixed Rate Conversion Date, by check or draft of the Trustee mailed on the Interest Payment Date to such registered owner at the address of such owner as it appears on the Bond Register in accordance with the provisions of Section 2.03 of the Amended and Restated Indenture.

(g) During any Variable Rate Period other than a Term Rate Period, the Trustee agrees to provide through the Tender Agent upon request to the Tender Agent by any Bondholder

an oral statement as to the Variable Rates in effect since the most recent preceding Interest Payment Date and to mail on each Interest Payment Date occurring during a Variable Rate Period to each Bondholder written notice of the Variable Rates in effect since the last preceding Interest Payment Date.

(h) The 2006 Bonds shall be substantially in the form hereinafter set forth with such appropriate variations, omissions and insertions as are permitted or required by the Indenture or deemed necessary by the Trustee and the Authority. On each date on which the Trustee or the Tender Agent authenticates and delivers 2006 Bonds during a Flexible Rate Period applicable to such 2006 Bonds as provided in Section 204 hereof, the Trustee or the Tender Agent shall complete the information required in the form of 2006 Bond attached as Exhibit A hereto for the purpose of maintaining an accurate record of the terms and provisions of the Interest Period then applicable to such 2006 Bond. During the period the 2006 Bonds are maintained in book-entry form pursuant to Section 207 hereof, the Trustee may instead maintain such information on its books and records and make the same available electronically to DTC.

#### **Section 202. INITIAL INTEREST RATES; SUBSEQUENT RATES; RATE PERIODS**

The 2006 Bonds shall bear interest from the date of original issuance at the rate the Underwriter determines is necessary to sell the 2006 Bonds at par, prior to the date of delivery. The 2006 Bonds shall initially be issued as ARS and the 2006 Bonds will be payable on the initial ARS Interest Payment Date and thereafter on the day following the end of each Auction Period. While the 2006 Bonds are ARS and except as otherwise specifically provided herein, the provisions of Article IIA shall govern the interest rates per annum of the 2006 Bonds and the payment terms of the 2006 Bonds.

Limits on Interest Periods and Rates. No Interest Period shall be established during a Flexible Rate Period and no Variable Rate Period shall be established which would cause the Interest Coverage Period of the Liquidity Facility to be less than the requirements of Section 310(h) hereof. No interest rate on a 2006 Bond shall be established during a Variable Rate Period which exceeds the Interest Coverage Rate. No Interest Period or Flexible Rate shall be established during a Flexible Rate Period which would cause the aggregate amount of all interest which could accrue on the 2006 Bonds bearing interest at the Flexible Rate during such Flexible Rate Period to exceed the Interest Component allocable to such Bonds. In addition, no Flexible Rate shall be established which exceeds the applicable Interest Coverage Rate and no Interest Period shall be established during a Flexible Rate Period which exceeds 270 days. During each Variable Rate Period, the 2006 Bonds shall bear interest at the lesser of (1) the Interest Coverage Rate or (2) the Variable Rate. During the Fixed Rate Period, the 2006 Bonds shall bear interest at a Fixed Rate.

Bank Bonds. Notwithstanding anything herein to the contrary, Bank Bonds shall bear interest at the Bank Rate determined in accordance with the provisions of the Liquidity Facility and not the Variable Rate or Flexible Rate that would otherwise be applicable to such 2006 Bonds were they not Bank Bonds.

Conversions. With the consent of the Bond Insurer, the Authority may elect to convert the 2006 Bonds to interest rate modes other than ARS as provided in Sections 203, 204 and 205 hereof. Upon such conversion, the 2006 Bonds may accrue interest at such interest rate modes as provided in this Fourth Supplement to the Amended and Restated Indenture. Following conversion from ARS, the 2006 Bonds may once again be converted to the Applicable ARS Rate as provided in Section 2A11 hereof. In order to effect such conversion, the Authority shall provide written direction to the Trustee, the Tender Agent (if any), the Auction Agent (if any), the Remarketing Agent (if any)

and each Broker-Dealer (if any) of its election to convert the 2006 Bonds to another interest rate mode and comply with the notice, mandatory tender and other provisions set forth in this Fourth Supplement to the Amended and Restated Indenture. In connection with any conversion to or from a Variable Rate Period or a Flexible Rate Period or a conversion to a Fixed Rate Period, in addition to the other conditions to conversion set forth in this Fourth Supplement to the Amended and Restated Indenture, the Trustee must have received written evidence from each Rating Agency then maintaining a rating on the 2006 Bonds that such rating will not be reduced or withdrawn due to such conversion (other than a withdrawal of a short term rating upon a remarketing into a Fixed Rate Period) and the Remarketing Agent (if any) shall have received firm commitments for the purchase of all 2006 Bonds being converted to bear interest in such new rate period on or before such Conversion Date.

### **Section 203. VARIABLE RATES; CONVERSIONS TO VARIABLE RATE PERIODS**

(a) Determination by Remarketing Agent; Notice of Rates Determined. Except as hereinafter provided, the Variable Rate to be applicable to the 2006 Bonds during any Variable Rate Period shall be determined by the Remarketing Agent and notice thereof shall be given as follows:

(i) Notice of each Variable Rate shall be: (A) given by Immediate Notice by the Remarketing Agent to the Tender Agent not later than 12:00 noon, New York City time, on the date of determination for each Daily and Weekly Rate Period and not later than 12:00 noon New York City time, on the Business Day immediately succeeding the date of determination for each Term Rate Period; (B) given by Immediate Notice not later than 5:00 p.m., New York City time for each Daily and Weekly Rate Period, in each case on the date of determination, and by 12:00 noon, New York City time, on the Business Day immediately succeeding the date of determination for each Term Rate Period, by the Tender Agent to the Trustee and the Authority, and, during Term Rate Periods, by first class mail postage prepaid on the third Business Day immediately succeeding the date of determination by the Tender Agent to the holders of the 2006 Bonds; and (C) available commencing on the Business Day immediately succeeding the date of determination during Daily and Weekly Rate Periods by telephone from the Tender Agent upon request of any owner of a 2006 Bond.

(ii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Variable Rate for any Variable Rate Period when required hereunder:

(A) for 2006 Bonds in a Daily Rate Period or Weekly Rate Period, the Variable Rate for such Rate Period shall be equal to 135% of the BMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. (or a replacement publisher of the BMA Municipal Swap Index designated in writing by the Authority to the Trustee and the Remarketing Agent; provided that if Munifacts Wire System, Inc. or such replacement publisher does not publish the BMA Municipal Swap Index on a day on which a Variable Rate is to be set, the Variable Rate shall be 135% of a comparable Index selected by the Authority published by Munifacts Wire System, Inc. or such replacement publisher at such time (such alternate Index being referred to herein as a "Alternate Index")) until the Remarketing Agent next determines the Variable Rate as required hereunder;

(B) for 2006 Bonds in a Term Rate Period with a duration of one year or less, such 2006 Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the BMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. (or an Alternate Index) until the Remarketing Agent next determines the Variable Rate as required hereunder; and

(C) for 2006 Bonds in a Term Rate Period with a duration in excess of one year, such 2006 Bonds shall automatically convert to a Term Rate Period of two years and the Variable Rate for such Rate Period shall be equal to the sum of (i) the yield on 2 year "A" rated general obligation bonds as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Variable Rate Adjustment Date plus (ii) 5 basis points unless the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee (which opinion may be based upon a ruling or rulings of the Internal Revenue Service) with respect to the conversion of the 2006 Bonds to Variable Rates for Weekly Rate Periods, in which case the 2006 Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the BMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System (or an Alternate Index) until the Remarketing Agent next determines the Variable Rate as required hereunder.

(iii) All determinations of Variable Rates pursuant to this Section shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2006 Bonds to which such rates are applicable. Failure by the Trustee or the Tender Agent to give any notice as herein provided, any defect therein, and any failure by any 2006 Bondholder to receive any such notice (including without limitation any Immediate Notice) shall not extend the period for making elections, in any way change the rights of the owners of 2006 Bonds to elect to have such 2006 Bonds purchased, in any way change the conditions which must be satisfied in order for such election to be effective or for payment of the purchase price to be made after an effective election or in any way change such owner's obligation to tender the 2006 Bonds for purchase.

(b) Daily Rates and Weekly Rates. A Variable Rate shall be determined by the Remarketing Agent (i) for each Daily Rate Period not later than 10:30 a.m., New York City time, on the commencement date of the Daily Rate Period to which it relates and (ii) for each Weekly Rate Period not later than 10:00 a.m., New York City time, on the commencement date of the Weekly Rate Period to which it relates (or the preceding Business Day if such day is not a Business Day).

(c) Term Rates. A Variable Rate shall be determined by the Remarketing Agent for each Term Rate Period not later than 12:00 noon, New York City time, on the Business Day immediately preceding the commencement date of such period.

(d) Conversions to Variable Rate Periods. At the option of the Authority, and with the consent of the Bond Insurer, the 2006 Bonds may be converted from an ARS Interest Rate Period to a Variable Rate Period as follows:

(i) The Variable Rate Conversion Date shall be an ARS Interest Payment Date.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Auction Agent, the Bond Insurer, each Broker-Dealer and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made.

As a precondition to effecting a conversion to a Variable Rate Period, on or before the Variable Rate Conversion Date, a Favorable Opinion shall be delivered to the Authority, the Trustee and the Tender Agent.

(iii) Not less than thirty (30) days prior to the Variable Rate Conversion Date, the Tender Agent shall mail a written notice of the conversion to the holders of all 2006 Bonds to be converted. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2006 Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

(e) Conversions between Variable Rate Periods. At the option of the Authority, and with the consent of the Bond Insurer, if any, the 2006 Bonds may be converted from one Variable Rate Period to another and from a Term Rate Period of one length to a Term Rate Period of a different length as follows:

(i) In any such case, the Variable Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that if the conversion is from a Term Rate Period to a different Variable Rate Period or a Term Rate Period of a different length, the Variable Rate Conversion Date shall be limited to a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Bond Insurer, if any, each Broker-Dealer, if any, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made.

As a precondition to effecting a change to a different Variable Rate Period or to a Term Rate Period of a different length, on or before the Variable Rate Conversion Date, a Favorable Opinion shall be delivered to the Authority, the Trustee and the Tender Agent. Notwithstanding the foregoing, such Favorable Opinion shall not be required to be delivered in either case with respect to (i) a conversion to a Daily Rate Period or Weekly Rate Period

or to a Term Rate Period with a duration of one year if the immediately preceding Period was a Daily Rate Period or Weekly Rate Period or a Term Rate Period with a duration of one year or (ii) a conversion to a Term Rate Period with a duration of more than one year if the immediately preceding Variable Rate Period was a Term Rate Period with a duration of more than one year.

(iii) Not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period or any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to the holders of all 2006 Bonds to be converted. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2006 Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

(f) Conversions from Flexible Rate Periods. At the option of the Authority, and with the consent of the Bond Insurer, if any, the 2006 Bonds may be converted from a Flexible Rate Period to a Variable Rate Period as follows:

(i) The Variable Rate Conversion Date shall be the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Periods theretofore established for the 2006 Bonds to be converted.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Auction Agent, if any, the Bond Insurer, if any, each Broker-Dealer, if any, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the ARS Rate Conversion Date and the ARS Interest Rate Period or the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made. In addition, on or before the ARS Rate Conversion Date or the Variable Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent a Favorable Opinion. Notwithstanding the provisions of the preceding sentence, such Favorable Opinion shall not be required to be delivered with respect to a conversion to a Daily Rate Period, a Weekly Rate Period or to a Term Rate Period with a duration of one year.

(iii) Not less than fourteen (14) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period and not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to all holders of the 2006 Bonds to be converted; provided, however, that the Tender Agent shall not mail such written notice until it has received a written confirmation from the Remarketing Agent, if any, that no Interest Period for the 2006 Bonds extends beyond the Variable Rate Conversion Date. Such notice shall specify the Variable Rate Conversion Date and

set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

**Section 204. FLEXIBLE RATES; CONVERSIONS TO FLEXIBLE RATE PERIODS**

(a) Flexible Rates. A Flexible Rate for each Interest Period shall be determined as follows:

(i) The Interest Periods for each 2006 Bond shall be of such duration, not exceeding 270 days, as may be offered by the Remarketing Agent and specified by the purchaser pursuant to Section 302 or 303 hereof.

(ii) The Flexible Rate for each Interest Period shall be effective from and including the commencement date of such period through and including the last day thereof. Each such Flexible Rate shall be determined by the Remarketing Agent in connection with the sale of the 2006 Bond or 2006 Bonds to which it relates pursuant to Section 302 or 303 hereof.

(iii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Interest Period or Flexible Rate when required hereunder, the Interest Period shall be of the shortest permitted duration and the Flexible Rate shall be equal to the 135% of the BMA Municipal Swap Index in effect on the first day of such Interest Period.

(iv) All determinations of Flexible Rates and Interest Periods pursuant to this Section shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2006 Bonds to which such rates and periods are applicable.

(b) Conversions to Flexible Rate Periods. At the option of Authority, and with the consent of the Bond Insurer, if any, the 2006 Bonds may be converted from an ARS Interest Rate Period or a Variable Rate Period to a Flexible Rate Period as follows:

(i) In the case of conversion from an ARS Interest Rate Period to a Flexible Rate Period, the Flexible Rate Conversion Date shall be an ARS Interest Payment Date. In the case of conversion from a Variable Rate Period to a Flexible Rate Period, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that in the case of a conversion from a Term Rate Period, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Trustee, the Tender Agent, the Remarketing Agent, the Auction Agent, if any, the Bond Insurer, if any, each Broker-Dealer, if any, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Flexible Rate Conversion Date. In addition, on or before the Flexible Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent a Favorable Opinion. Notwithstanding the provisions of the preceding sentence, such opinion shall not be required to be delivered with respect to a conversion from a Daily Rate Period or Weekly Rate Period or from a Term Rate Period with a duration of one year or less.

(iii) Not less than thirty (30) days prior to the Flexible Rate Conversion Date in the case of conversions from ARS Interest Rate Periods, conversions from Daily or Weekly Rate Periods, and in all other cases, the Tender Agent shall mail a written notice of the conversion to all holders of the 2006 Bonds to be converted, specifying the Flexible Rate Conversion Date and setting forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2006 Bonds governed by such Section.

#### **Section 205. FIXED RATE CONVERSION AT OPTION OF THE AUTHORITY**

At the option of the Authority, and with the consent of the Bond Insurer, the 2006 Bonds bearing interest at an Applicable ARS Rate, a Variable Rate, or Flexible Rates may be converted to bear interest at the Fixed Rate as hereinafter provided. Any such conversion shall be made as follows:

(a) The Fixed Rate Conversion Date shall be: (i) in the case of a conversion from an Applicable ARS Rate, an ARS Interest Payment Date; (ii) in the case of a conversion from a Variable Rate Period other than a Term Rate Period, a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; (iii) in the case of a conversion from a Term Rate Period, a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced; or (iv) in the case of a conversion from a Flexible Rate Period, a day which is the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Period theretofore established for the 2006 Bonds to be converted.

(b) Not less than seven (7) Business Days prior to the date on which the Tender Agent or the Trustee is required to notify the Bondholders of the conversion pursuant to paragraph (c) below, the Authority shall give written notice of the conversion to the Trustee, the Tender Agent, if any, the Remarketing Agent, if any, the Auction Agent, if any, the Bond Insurer, if any, each Broker-Dealer, if any, and the Bank, if any, setting forth the Proposed Fixed Rate Conversion Date. In addition, on or before the Fixed Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent, if any, a Favorable Opinion with respect to the conversion of the 2006 Bonds to the Fixed Rate.

(c) In the event of a conversion from an ARS Interest Rate Period or a Variable Rate Period or a Flexible Rate Period, the Tender Agent shall mail a notice of the proposed conversion to the holders of all 2006 Bonds to be converted not less than thirty (30) days prior to the Proposed Fixed Rate Conversion Date and shall inform the Bondholders of: (i) the Proposed Fixed

Rate Conversion Date; and (f) the matters required to be stated pursuant to Section 304 hereof with respect to purchases of 2006 Bonds governed by such Section.

(d) Not later than 12:00 noon, New York City time, on the Business Day prior to the Fixed Rate Conversion Date, the Remarketing Agent shall deliver to the Trustee and the Authority a certificate, approved by the Authority, which includes (i) a schedule specifying the principal amount of Bonds to mature on the first June 15 occurring after the Fixed Rate Conversion Date and on each June 15 thereafter to and including the June 15<sup>th</sup> occurring on or after the fifth anniversary of the Fixed Rate Conversion Date, (ii) a schedule specifying the principal amount of Bonds to be called for mandatory redemption on each June 15 occurring after the last June 15 specified pursuant to (i), but prior to June 15, 2020, (iii) the principal amount of 2006 Bonds to mature on June 15, 2020, (iv) the Fixed Rate to be applicable to each maturity of the 2006 Bonds and (v) a schedule specifying the interest to be paid on each Interest Payment Date of each year, commencing with the first Interest Payment Date to occur after the Fixed Rate Conversion Date, to and including June 15, 2020. In determining the amount of interest and principal that shall be payable on such dates, the Remarketing Agent shall use the following guidelines:

(i) The Fixed Rate(s) established for the 2006 Bonds to be effective on the Fixed Rate Conversion Date shall be set forth in an underwriting or purchase contract and shall equal the minimum interest rate(s) necessary to remarket such 2006 Bonds on the Fixed Rate Conversion Date at an aggregate purchase price of 100% of the principal amount thereof taking into account the fact that such 2006 Bond shall mature or be subject to mandatory sinking fund redemption on a particular June 15 up to and including June 15, 2020 in accordance with (d) above, that all 2006 Bonds shall pay interest semiannually on each Interest Payment Date of each year, that all 2006 Bonds maturing on a particular June 15 shall bear interest at the same rate;

(ii) The schedule of principal payments shall be set to achieve annual level debt service (including both principal and interest) for all remaining Bond Years or portions thereof and to the extent such annual level debt service cannot be exactly achieved with principal maturing in \$5,000 denominations or integral multiples thereof, such annual level debt service shall be achieved by rounding down all maturing principal amounts to the next \$5,000 denomination or integral multiple thereof and rounding up the last principal payment.

The determination of the Fixed Rate(s) shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, if any, the Bank, if any, the Bond Insurer and the holders of the 2006 Bonds to which such rate(s) will be applicable. Not later than 5:00 p.m., New York City time, on the date of determination of the Fixed Rate(s), the Remarketing Agent shall notify the Trustee and the Authority of such rate(s) by telephone. Not later than 5:00 p.m., New York City time, on the next succeeding Business Day, the Trustee shall give immediate notice of such rate(s) to the Tender Agent, if any, and the Bank, if any, and the Bond Insurer.

(e) The Authority may revoke its election to effect a conversion of the interest rate on the 2006 Bonds to the Fixed Rate by giving written notice of such revocation to the Trustee, the Tender Agent, if any, the Remarketing Agent, if any, the Bank, if any, and the Bond Insurer at any time prior to the setting of the Fixed Rate by the Remarketing Agent.

(f) It shall be a condition to effecting a conversion to the Fixed Rate that all of the Bonds shall be successfully remarketed.

#### **Section 206. CERTAIN CHANGES IN TERM RATE PERIOD NOT A CONVERSION.**

In the event that a Term Rate Period is shorter than the Immediately preceding Term Rate Period due to the occurrence of the Maturity Date of the 2006 Bonds, such difference in length of the last Term Rate Period shall not be considered to cause a Variable Rate Conversion Date to occur and the conditions required by Section 203 to convert from a Term Rate Period of one length to a Term Rate Period of a different length shall not be required to be satisfied.

#### **Section 207. BOOK ENTRY SYSTEM**

(a) It is intended that the Bonds be registered so as to participate in a securities depository system with DTC (the "DTC System"), as set forth herein. Except as provided in subparagraph (c) of this Section, the registered owner of all of the 2006 Bonds shall be DTC and the 2006 Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on any Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of immediately available funds to the account of Cede & Co. on the Interest Payment Date for the 2006 Bonds at the address indicated on the Record Date or Special Record Date for Cede & Co. in the Bond Register kept by the Trustee.

(b) The 2006 Bonds shall be initially issued in the form of separate single fully registered 2006 Bonds, authenticated by the Trustee in the amount of each separately stated maturity of the 2006 Bonds. Upon initial issuance, the ownership of such 2006 Bonds shall be registered in the registry books of the Authority kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee and the Authority shall treat DTC (or its nominee) as the sole and exclusive owner of the 2006 Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the 2006 Bonds, selecting the 2006 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Fourth Supplement to the Amended and Restated Indenture, registering the transfer of 2006 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Trustee, the Tender Agent nor the Authority shall be affected by any notice to the contrary. Neither the Trustee, the Tender Agent nor the Authority shall have any responsibility or obligation to any DTC participant, any person claiming a beneficial ownership interest in the 2006 Bonds under or through DTC or any DTC participant, or any other Person which is not shown on the registration books of the Trustee as being a Bondholder, with respect to: (i) the accuracy of any records maintained by DTC or any DTC participant; (ii) the payment of DTC or any DTC participant of any amount in respect of the principal, purchase price or redemption price of or interest on the 2006 Bonds; (iii) any notice which is permitted or required to be given to Bondholders under the Indenture; (iv) the selection by DTC or any DTC participant of any Person to receive payment in the event of a partial redemption of the 2006 Bonds; or (v) any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal or purchase price of and premium, if any, and interest on the 2006 Bonds only to or "upon the order of" (as that term is used in the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania) DTC and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal of or purchase price and premium, if any, and interest on the 2006 Bonds to the extent of the sum or sums so paid. No Person other than DTC shall receive an authenticated Bond for each separately stated maturity of the respective series evidencing the obligation of the Authority to make payments of principal of and premium, if any, and interest pursuant to this Fourth Supplement to the Amended and Restated Indenture. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to Record Dates, the word

"Cede & Co." in this Fourth Supplement to the Amended and Restated Indenture shall be deemed to be changed to reflect such new nominee of DTC.

(c) In the event the Authority determines that it is in its best interest to discontinue the use of book entry system for the 2006 Bonds, the Authority may notify in writing DTC and the Trustee, whereupon DTC will notify the DTC participants of the availability through DTC of Bond certificates. In such event, the Trustee shall deliver, transfer and exchange Bond certificates as directed in writing by DTC as the Bondholder in appropriate amounts. DTC may determine to discontinue providing its services with respect to the 2006 Bonds at any time by giving written notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Authority and the Trustee, at the sole cost of the Authority, shall be obligated to deliver Bond certificates as directed in writing by DTC. In the event Bond certificates are issued, the provisions of the Indenture shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates. Whenever DTC requests the Authority and the Trustee to do so, the Trustee and the Authority will cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the 2006 Bonds to any DTC participant having 2006 Bonds credited to its DTC account, or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the 2006 Bonds.

(d) Notwithstanding any other provision of this Fourth Supplement to the Amended and Restated Indenture to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal or purchase price of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Authority or the Trustee with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC as sole Bondholder notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole Bondholder.

(f) Anything herein to the contrary notwithstanding, so long as any 2006 Bonds are registered in the name of DTC or any nominee thereof, in connection with any optional tender of such 2006 Bonds, the beneficial owners of such 2006 Bonds are responsible for submitting the bondholder tender notice provided for in Section 301 to the Remarketing Agent.

(g) Upon remarketing of 2006 Bonds in accordance with Article III, payment of the purchase price thereof shall be made to DTC and no surrender of certificates is expected to be required. Such sale shall be made through DTC participants (which may include the Remarketing Agent) and the new beneficial owners of such 2006 Bonds shall not receive delivery of Bond certificates. DTC shall transmit payment to DTC participants, and DTC participants shall transmit payment to beneficial owners whose 2006 Bonds were purchased pursuant to remarketing. Neither the Authority, the Trustee, the Tender Agent nor the Remarketing Agent shall be responsible for transfers of payment to DTC participants or beneficial owners.

(h) The provisions of this Section are subject to the provisions of this Fourth Supplement to the Amended and Restated Indenture relating to Bank Bonds.

**Section 208. DELIVERY OF THE 2006 BONDS AND DISPOSITION OF PROCEEDS THEREOF.**

(a) Upon the execution and delivery of this Fourth Supplement, to the Amended and Restated Indenture, the Authority shall execute and deliver the 2006 Bonds to the Trustee and the Trustee shall authenticate the 2006 Bonds and deliver them to the Initial purchaser or purchasers thereof as directed by the Authority in an order delivered by the Authority to the Trustee upon receipt of the proceeds of the 2006 Bonds. Proceeds from the sale of the 2006 Bonds, together with other available funds, shall be received by the Trustee and deposited in the Settlement Fund and shall then be disbursed and transferred from the Settlement Fund as follows:

(1) To or upon the order of the Authority, the amount specified by the Authority at or after the closing for the issuance of the 2006 Bonds as the costs of issuance of the 2006 Bonds (including, without limitation, fees and expenses of bond counsel, consultants, the Trustee and the Trustee's counsel, the City's counsel and consultants, and the Authority's counsel in connection with the issuance of the 2006 Bonds, fees payable to Bond Insurer with respect to the 2006 Bonds, printing costs payable by the Authority and rating agency fees, and premium payments for the Bond Insurance Policy).

(2) To the Trustee, to be deposited in the 1996 Bonds account of the Bond Redemption Fund, an amount equal to \$88,980,000, which will be applied to the redemption of all Outstanding 1996 Bonds called for redemption on June 15, 2006.

Any amount remaining in the Settlement Fund after the foregoing disbursements and transfers shall be disbursed or transferred by the Trustee to the Debt Service Fund in respect of the 2006 Bonds.

(b) Pursuant to Section 5.07 of the Amended and Restated Indenture, as supplemented and amended by, among others, Section 4.03 of the Second Supplement to the Amended and Restated Indenture, the Trustee is hereby instructed to transfer funds in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement for all Outstanding Bonds, taking into account the redemption of the 1996 Bonds and the issuance and delivery of the 2006 Bonds, to the Redemption Fund for application to the redemption price of the 1996 Bonds.

**ARTICLE IIA ARS PROVISIONS**

**Section 2A01. PAYMENTS WITH RESPECT TO ARS.**

(a) Interest with respect to ARS shall accrue from and including, as applicable, the Closing Date, the Conversion Date or the most recent ARS Interest Payment Date to which interest has been paid or duly provided for.

(b) The Trustee shall determine the aggregate amount of interest payable in accordance with subsection (a) below with respect to ARS on each ARS Interest Payment Date. Interest due on any ARS Interest Payment Date with respect to each \$25,000 in principal amount of ARS shall equal (i) the Applicable ARS Rate multiplied by (ii) the principal amount of \$25,000 multiplied by (iii) the number of days in the applicable ARS Interest Period, divided by (iv) 360, and rounding the resultant figure to the nearest cent (a half cent being rounded upward). The Trustee shall notify the Securities Depository of its calculations, as provided in

Section 2A03(b) hereof.

(c) Interest on the ARS shall be computed on the basis of a 360-day year for the actual number of days elapsed. The Applicable ARS Rate for each ARS Interest Period after the first ARS Interest Period shall be the Auction Rate; provided that in the event the Auction Agent fails to calculate or, for any reason, fails to timely provide the Auction Rate for any Auction Period (except as contemplated otherwise herein pursuant to (x), (y) and (z) below), the new Auction Period shall be the same as the preceding Auction Period and the Auction Rate for the new Auction Period shall be the same as the Auction Rate for the preceding Auction Period.

Notwithstanding the foregoing:

(x) If the ownership of the ARS is no longer maintained in book-entry form by a Securities Depository, the Applicable ARS Rate for any ARS Interest Period commencing after the delivery of certificates representing the ARS pursuant to Section 207(c) hereof shall equal the ARS Maximum Rate; or

(y) If an ARS Payment Default shall have occurred with respect to the ARS, the Applicable ARS Rate for the ARS Interest Period commencing on or immediately after such ARS Payment Default and for each ARS Interest Period thereafter, to and including the ARS Interest Period, if any, during which, or commencing less than two Business Days after, such ARS Payment Default is cured in accordance with this indenture, shall equal the Non Payment Rate on the first day of each such ARS Interest Period, provided that if an Auction occurred on the Business Day immediately preceding any such ARS Interest Period, the Applicable ARS Rate for such ARS Interest Period shall be the Non-Payment Rate.

(z) for any Auction Period during which there is no duly appointed Auction Agent, or during which there is no duly appointed Broker-Dealer, no Auction will be held and the Auction Rate will be the ARS Maximum Rate.

(d) Medium of Payment.

(i) The principal of and interest on the ARS shall be payable in any currency of the United States of America which on the respective dates for payment thereof is legal tender for the payment of public and private debts. The principal of and interest on the ARS (other than at maturity) shall be payable by check mailed on the date due to the registered owner thereof on the Record Date at the address of such registered owner as it appears on the registration books maintained by the Trustee.

(ii) Interest payable on any ARS Interest Payment Date to a registered owner of ARS in the aggregate principal amount of \$1,000,000 or more may, upon written request by such registered owner received by the Trustee prior to the Record Date preceding such ARS Interest Payment Date, be paid by wire transfer on the date due to a designated account in the United States. Such written request shall remain in effect until rescinded in writing by such registered owner. The principal of each ARS at maturity will be paid upon presentation and surrender thereof at the Principal Office of the Trustee.

(iii) Unless otherwise requested by the Securities Depository, payments of the principal of ARS, at maturity or upon redemption, and payments of interest on ARS made by wire transfer, shall be made by the Trustee in immediately available funds, provided, however, that such method of payment may be modified by written agreement among the Trustee, the Securities Depository and the Auction Agent.

(e) Computation of Interest Distributable on ARS. The amount of interest distributable to ARS Beneficial Owners, in respect of each \$25,000 in principal amount thereof for any ARS Interest Period or part thereof, shall be calculated by the Trustee by applying the Applicable ARS Rate with respect to the ARS, for such ARS interest Period or part thereof, to the principal amount of \$25,000, multiplying such product by the actual number of days in such ARS Interest Period or part thereof divided by 360 and rounding the resultant figure to the nearest cent (half a cent being rounded upward).

(f) ARS Defaulted Interest.

(i) The Trustee shall determine not later than 2:00 p.m., New York City time, on each ARS Interest Payment Date, whether an ARS Payment Default has occurred. If an ARS Payment Default has occurred, the Trustee shall, not later than 2:30 p.m. New York City time on such Business Day, send a notice of such ARS Payment Default to the Auction Agent and each Broker-Dealer by telecopy or similar means and, if such ARS Payment Default is cured, the Trustee shall immediately send a notice of such cure of the ARS Payment Default to the Auction Agent and each Broker-Dealer by telecopy or similar means.

(ii) ARS Defaulted Interest shall forthwith cease to be payable to the ARS Beneficial Owner on the relevant Record Date by virtue of having been such ARS Beneficial Owner and such ARS Defaulted Interest shall be payable to the Person in whose name the ARS are registered at the close of business on a Special Record Date fixed therefor by the Trustee, which shall not be more than 15 days and not less than ten days prior to the date of the proposed payment of ARS Defaulted Interest. The Trustee shall promptly notify the Authority of the Special Record Date and, at the Authority's expense, mail to each ARS Beneficial Owner of ARS of which it has knowledge pursuant to Section 207(b), not less than ten days before the Special Record Date, notice of the date of the proposed payment of such ARS Defaulted Interest.

**Section 2A02. CALCULATION OF ALL-HOLD RATE.**

The Auction Agent shall calculate the All-Hold Rate on each Auction Date. If the ownership of the ARS is no longer maintained in book-entry form by the Securities Depository, the Auction Agent shall announce the ARS Maximum Rate on the Business Day immediately preceding each ARS Interest Payment Date after the delivery of certificates representing the ARS pursuant to Section 207(c) hereof. If an ARS Payment Default shall have occurred, the Trustee shall announce the Non-Payment Rate on the first day of (i) each ARS Interest Period commencing on or after the date of the occurrence and during the continuance of such ARS Payment Default and (ii) any ARS Interest Period commencing less than two Business Days after the cure of any ARS Payment Default. The determination by the Auction Agent of the All-Hold Rate shall (in the absence of manifest error) be final and binding upon all ARS Beneficial

Owners and all other parties. The Auction Agent shall promptly advise the Trustee of the All-Hold Rate.

**Section 2A03. NOTIFICATION OF RATES, AMOUNTS AND PAYMENT DATES.**

(a) So long as the ownership of the ARS is maintained in book-entry form by the Securities Depository, the Trustee shall advise the Securities Depository (i) of each Record Date for the ARS at least two Business Days prior thereto and (ii) of each succeeding Interest Payment Date on each Interest Payment Date.

(b) On the Closing Date, or as soon as practicable thereafter, and on the Business Day preceding each ARS Interest Payment Date with respect to the ARS, the Trustee shall advise the Securities Depository, so long as the ownership of the ARS is maintained in book-entry form by the Securities Depository, of the amount of interest distributable in respect of each \$25,000 in principal amount of ARS for any ARS Interest Period or part thereof, calculated in accordance with Section 2A01(e) hereof.

If any day scheduled to be an ARS Interest Payment Date shall be changed after the Trustee shall have given notice, the Trustee shall, not later than 9:15 a.m., New York City time, on the Business Day next preceding the earlier of the new ARS Interest Payment Date or the old ARS Interest Payment Date, by such means as the Trustee deems practicable, give notice of such change to the Auction Agent, so long as no ARS Payment Default has occurred and is continuing and the ownership of the ARS is maintained in book-entry form by the Securities Depository.

**Section 2A04. ADJUSTMENTS WITH RESPECT TO ARS PROVISIONS.**

(a) Notwithstanding any other provision hereof relating to ARS, including without limitation the mandatory tender provisions and the definitions of terms used in this Article 2A (including without limitation the definitions of Applicable ARS Rate, All-Hold Rate, ARS Maximum Rate and Non-Payment Rate), the ARS provisions may be amended by the Authority, (i) upon obtaining an opinion of Counsel that the same does not materially adversely affect the rights of the ARS Beneficial Owners or (ii) by obtaining the consent of a majority of the ARS Beneficial Owners and, in each case, delivering a Favorable Opinion of Bond Counsel. In the case of clause (ii) above, the Trustee shall mail notice of such amendment to the ARS Beneficial Owners of which it has knowledge pursuant to Section 207(b), and if, on the first Auction Date occurring at least 20 days after the date on which the Trustee mailed such notice, Sufficient Clearing Bids have been received or all of the ARS are subject to Submitted Hold Orders and if the Bond Insurer has provided written consent by such Auction Date, the proposed amendment shall be deemed to have been consented to by the ARS Beneficial Owners. As an additional condition precedent to any such amendment pursuant to the provisions of this Section 2A04 and without duplication of any other requirement herein, there shall be delivered to the Authority and the Trustee an opinion of Bond Counsel to the effect that such amendment will not adversely affect the validity of the ARS or the exclusion of interest on any of the ARS from gross income for federal income tax purposes. Written notice of each such amendment shall be delivered by the Authority to the Trustee, the Auction Agent, and each Broker-Dealer.

**Section 2A05. RESERVED.**

[Reserved.]

**Section 2A06. AUCTION AGENT.**

(a) The Trustee is hereby directed to enter into the Initial Auction Agent Agreement with the Initial Auction Agent and to appoint Deutsche Bank Trust Company Americas as the Initial Auction Agent. Any Substitute Auction Agent shall be (i) subject to the written approval of the Bond Insurer and each Broker-Dealer, (ii) a bank or trust company duly organized under the laws of the United States of America or any state or territory thereof having its principal place of business in the Borough of Manhattan, New York, or such other location as approved by the Trustee in writing and having a combined capital stock or surplus of at least \$15,000,000, or (iii) a member of the National Association of Securities Dealers, Inc., having a capitalization of at least \$15,000,000, and, in either case, authorized by law to perform all the duties imposed upon it hereunder and under the Auction Agent Agreement. The Auction Agent may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 45 days' notice to the Trustee, the Broker-Dealer, the Authority, and the Bond Insurer. The Auction Agent may be removed at any time by the Trustee, upon the written direction of (i) the Authority with Bond Insurer consent, (ii) the Bond Insurer or (iii) the ARS Beneficial Owners of 66-2/3% of the aggregate principal amount of the ARS then outstanding with the consent of the Bond Insurer, by an instrument signed by the Trustee and filed with the Auction Agent, the Bond Insurer and the Authority upon at least 30 days' notice. Neither the resignation nor the removal of the Auction Agent pursuant to the preceding two sentences shall be effective until and unless a Substitute Auction Agent has been appointed and has accepted such appointment; provided, however, that if a Substitute Auction Agent has not been so appointed within 45 days of the notice of resignation of the Auction Agent, the Auction Agent may petition a court of competent jurisdiction to appoint a Substitute Auction Agent. Notwithstanding the foregoing, the Auction Agent may terminate the Auction Agent Agreement if, within 30 days after notifying the Trustee, the Authority, and the Bond Insurer in writing that it has not received payment of any Auction Agent Fee due it in accordance with the terms of the Auction Agent Agreement, the Auction Agent does not receive such payment. The Bond Insurer may make the payment of any Auction Agent Fee and expenses due the Auction Agent. The Trustee shall not be liable for any action taken, suffered or omitted by the Auction Agent.

(b) If the Auction Agent shall resign or be removed or be dissolved, or if the property or affairs of the Auction Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, the Trustee, at the direction of the Authority, shall use its best efforts to appoint a Substitute Auction Agent.

(c) In the absence of willful misconduct negligent failure to act or negligence on its part; the Auction Agent shall not be liable for any action taken, suffered or omitted or any error of judgment made by it in the performance of its duties under the Auction Agent Agreement and shall not be liable for any error of judgment made in good faith unless the Auction Agent shall have been grossly negligent in ascertaining (or failing to ascertain) the pertinent facts. The Trustee shall not be liable for any action, omission or error in judgment by the Auction Agent.

(d) Subject to the terms of paragraph (a) of this Section 2A06, the Auction Agent may be removed at any time, at the written request of the Authority with the consent of

the Bond Insurer (which consent shall not be unreasonably withheld) for any breach of its obligations hereunder or under the Auction Agent Agreement.

(e) The Auction Agent shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; acts of terrorism; epidemics; riots; interruptions, loss or malfunctions of utilities; computer (software or hardware) or communications services (other than those controlled by the Auction Agent); accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Auction Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

#### **Section 2A07. BROKER-DEALERS.**

(a) The Auction Agent shall enter into a Broker-Dealer Agreement with RBC Dain Rauscher Inc. as the Initial Broker-Dealer for the 2008 Bonds.

(b) The Authority may, from time to time, approve one or more additional Persons approved by the Bond Insurer (which consent shall not be unreasonably withheld) to serve as Broker-Dealers under Broker-Dealer Agreements and shall be responsible for providing such Broker-Dealer Agreements to the Trustee and the Auction Agent. No such party shall constitute a Broker-Dealer until a fully executed Broker-Dealer Agreement is delivered to the Trustee and the Auction Agent.

(c) Any Broker Dealer may be removed at any time, at the written request of the Authority, with the written consent of the Bond Insurer (which consent shall not be unreasonably withheld).

#### **Section 2A08. PROVISIONS RELATING TO AUCTIONS.**

None of the Authority, the Trustee or the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Holder or Potential Holder, nor shall any of the Authority, the Trustee or the Auction Agent be responsible for failure by any Securities Depository to effect any transfer or to provide the Auction Agent with current information regarding registration of transfers. None of the Authority, the Trustee, the Broker-Dealers or the Auction Agent shall have any liability in the event that there are not Sufficient Clearing Bids from time to time pursuant to the Auction Procedures.

#### **Section 2A09. AGREEMENT OF HOLDERS.**

By purchasing ARS, whether in an Auction or otherwise, each prospective purchaser of ARS and its Broker-Dealer will be deemed to have agreed to the provisions for the replacement of the Auction Agent and each Broker-Dealer as provided in this Fourth Supplement to the Amended and Restated Indenture, and relevant agreements among the Authority, the Trustee, the Auction Agent, and the Broker-Dealer, as appropriate.

#### **Section 2A10. CHANGES IN AUCTION PERIOD OR AUCTION DATE.**

(a) Changes in Auction Period.

(i) The Auction Periods for the ARS Interest Rate Periods commencing on the Closing Date for the 2006 Bonds initially shall be a 7-day period commencing generally on a Wednesday. The Auction Period for the 2006 Bonds with respect to each subsequent ARS Interest Rate Period, if any, initially shall be either a seven-day period or a 35-day period commencing generally on a Monday, generally on a Tuesday, generally on a Wednesday, generally on a Thursday or generally on a Friday, in each case as announced by the Authority in its notice of the proposed Conversion to such subsequent ARS Interest Rate Period as provided in Section 2A11.

(ii) Subject to the consent of the Bond Insurer, during any ARS Interest Rate Period, the Authority may from time to time and on any ARS Interest Payment Date, change the length of the Auction Period between seven-days and 35-days in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the Interest rate borne by the 2006 Bonds. The Authority shall initiate the change in the length of the Auction Period by giving written notice to the Trustee, the Bond Insurer, the Auction Agent, the Broker-Dealer and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least three Business Days prior to the Auction Date for such Auction Period.

(iii) Any such changed Auction Period shall be for a period of seven days or 35 days and shall apply for all of the 2006 Bonds.

(iv) The change in length of the Auction Period for the 2006 Bonds shall take effect only if Sufficient Clearing Bids exist at the Auction on the Auction Date for the first such Auction Period. For purposes of the Auction for such first Auction Period only, each Existing Holder shall be deemed to have submitted Sell Orders with respect to all of its ARS except to the extent such Existing Holder submits an Order with respect to such ARS. If the condition referred to in the first sentence of this clause (iv) is not met, the Auction Rate for the next Auction Period shall be the ARS Maximum Rate, and the Auction Period shall be the Auction Period already in effect.

(b) Changes in Auction Date. During any ARS Interest Rate Period, the Authority may specify an earlier Auction Date for any Business Day earlier (but in no event more than five Business Days earlier) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the Interest rate borne on the ARS. The Authority shall provide notice of its determination to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least 45 days prior to the proposed changed Auction Date to the Trustee, the Broker-Dealer, the Auction Agent and the Securities Depository, which will, in turn, notify the Holders. In the event the Auction Agent specifies an earlier Auction Date, the day of the week on which an Auction Period begins and ends shall be adjusted accordingly.

(c) Conditions Precedent. No change in the length or the day of commencement of the Auction Period for the 2006 Bonds (as provided in subsection (a) or (b), as applicable) shall be allowed unless Sufficient Clearing Bids exist at the Auction immediately preceding the proposed change and, in the sole discretion of the Broker-Dealer, at the Auction

before the date on which the notice of the proposed change was given.

**Section 2A11. CONVERSION OF A SERIES OF BONDS TO APPLICABLE ARS RATE.**

(a) Conversion to Applicable ARS Rate. Subject to Sections 203, 204 and 205 hereof, the Authority may, from time to time and with the consent of the Bond Insurer, by written direction to the Trustee, the Tender Agent (if any), the Liquidity Facility Provider (if any), and the Remarketing Agent (if any), elect that the 2006 Bonds shall bear interest at the Applicable ARS Rate. The direction of the Authority shall specify (A) the proposed effective date of the Conversion to the Applicable ARS Rate, which shall be (1) in each case, a Business Day not earlier than the 30th day following the second Business Day after receipt by the Trustee of such direction, (2) in the case of a conversion from a Variable Rate Period other than a Term Rate Period, a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; (3) in the case of a conversion from a Term Rate Period, a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced; or (4) in the case of a conversion from a Flexible Rate Period, a day which is the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Period theretofore established for the 2006 Bonds to be converted, (B) the Mandatory Tender Date for the 2006 Bonds to be purchased, which shall be the proposed effective date of the adjustment to the Applicable ARS Rate and (C) the Initial Auction Period. In addition, the direction of the Authority shall be accompanied by a form of notice to be mailed to the Holders of such 2006 Bonds by the Trustee as provided in Section 2A11(b). Additionally, the Authority shall have appointed an Auction Agent and Broker-Dealer, and shall have furnished to the Trustee an Auction Agent Agreement and a Broker-Dealer Agreement conforming to then-current industry standards. During each ARS Interest Rate Period for the 2006 Bonds commencing on a date so specified and ending on the day immediately preceding the effective date of the next succeeding Interest Rate Period, the interest rate borne by the 2006 Bonds shall be the Applicable ARS Rate.

(b) Notice of Conversion to Applicable ARS Rate. The Trustee shall give notice by first-class mail of an adjustment to an ARS Interest Rate Period to the Bondholders of the 2006 Bonds not less than 30 days prior to the proposed effective date of such ARS Interest Rate Period. Such notice shall state (A) that the interest rate shall be adjusted to the Applicable ARS Rate unless the Authority elects to revoke its election to make such Conversion by providing written notice of such revocation to the Trustee, the Tender Agent (if any), the Liquidity Facility Provider (if any), the Remarketing Agent (if any), the Auction Agent (if any) and each Broker-Dealer (if any) on or prior to 10:00 a.m. on the second Business Day preceding the proposed effective date of such Conversion; (B) the proposed effective date of the ARS Interest Rate Period; (C) that such 2006 Bonds are subject to mandatory tender for purchase on the proposed effective date and setting forth the Tender Price and the place of delivery for purchase of such 2006 Bonds; and (D) the information required pursuant to Section 303.

**ARTICLE III TENDER AND PURCHASE OF BONDS**

**Section 301. OPTIONAL TENDERS DURING VARIABLE RATE PERIODS**

(a) Optional Tender Dates. The holders of 2006 Bonds bearing interest at Variable Rates may elect to have their 2006 Bonds or portions thereof in whole multiples of Authorized Denominations purchased at the Tender Price of such 2006 Bonds (or portions), on the

following Optional Tender Dates and upon the giving of the following oral (which may be by telephone) or written (which may be by telecopy or facsimile communication) notices meeting the further requirements of subsection (b) below:

(i) Daily Rate Period. During a Daily Rate Period, 2006 Bonds may be tendered for purchase on any Business Day upon oral or written notice of tender given to the Tender Agent not later than 10:00 a.m., New York City time, on the Optional Tender Date;

(ii) Weekly Rate Period. During a Weekly Rate Period, 2006 Bonds may be tendered for purchase on any Business Day upon oral or written notice of tender to the Tender Agent not later than 5:00 p.m., New York City time, on a Business Day not less than seven (7) days prior to the Optional Tender Date; and

(iii) Term Rate Period. During a Term Rate Period, 2006 Bonds may be tendered for purchase on the first Business Day following such Term Rate Period upon delivery of a written notice of tender to the Tender Agent not later than 5:00 p.m., New York City time, on a Business Day not less than seven (7) days prior to the Optional Tender Date.

(b) Notice by Owner of Tender. Each notice of tender:

(i) shall, in the case of a written notice, be delivered to the Tender Agent at its Principal Office and be in form satisfactory to the Tender Agent;

(ii) shall, whether delivered orally or in writing, state (A) the name and address of such Bondholder and the principal amount of the Bond to which the notice relates, (B) that the Bondholder irrevocably demands purchase of such 2006 Bond or a specified portion thereof in a whole multiple of an Authorized Denomination, (C) the Optional Tender Date on which such 2006 Bond or portion is to be purchased and (D) the payment instructions with respect to the Tender Price; and

(iii) shall automatically constitute, whether delivered orally or in writing (A) an irrevocable offer to sell the 2006 Bond (or portion thereof) to which the notice relates on the Optional Tender Date to any purchaser selected by the Remarketing Agent, at a price equal to the Tender Price of such 2006 Bond (or portion thereof), (B) an irrevocable authorization and instruction to the Tender Agent to effect transfer of such 2006 Bond (or portion thereof) upon payment of the Tender Price to the Tender Agent on the Optional Tender Date, (C) an irrevocable authorization and instruction to the Tender Agent to effect the exchange of the 2006 Bond to be purchased in whole or in part for other 2006 Bonds in an equal aggregate principal amount so as to facilitate the sale of such Bond (or portion thereof to be purchased), and (D) an acknowledgment that such Holder will have no further rights with respect to such 2006 Bond (or portion thereof) upon payment of the Tender Price thereof to the Tender Agent on the Optional Tender Date, except for the right of such Bondholder to receive such Tender Price upon surrender of such 2006 Bond to the Tender Agent.

The determination of the Tender Agent as to whether a notice of tender has been properly delivered pursuant to the foregoing shall be conclusive and binding upon the owner of such 2006 Bond.

(c) Notice by Tender Agent of Bonds to be Remarketed. Not later than 11:00 a.m., New York City time, on the Business Day immediately following the date of receipt of any notice of tender for any 2008 Bonds except ARS (or promptly upon such receipt on the Optional Tender Date in the case of 2008 Bonds during a Daily Rate Period but in no event later than 11:00 a.m., New York City time), the Tender Agent shall give Immediate Notice (or telephonic notice in the case of Bonds during a Daily Rate Period) to the Trustee, the Authority, the Remarketing Agent and the Bank of the principal amounts (or portions thereof) to be purchased and the Optional Tender Date.

(d) Remarketing of Tendered Bonds. Pursuant to the Remarketing Agreement, the Agent shall offer for sale and use its best efforts to find purchasers for all 2008 Bonds or portions thereof (except ARS) properly tendered. The Remarketing Agent shall cause the Tender Price specified in subsection (a) above for the 2008 Bonds which the Remarketing Agent notified the Tender Agent had been remarketed pursuant to subsection (e)(i) below to be paid to the Tender Agent in immediately available funds at or before 2:00 p.m., New York City time, on the Optional Tender Date, during Daily or Weekly Rate Periods and (ii) in immediately available funds at or before 12:00 noon, New York City time, on the Optional Tender Date, in the case of 2008 Bonds during Term Rate Periods. Notwithstanding the foregoing, the Remarketing Agent shall not offer for sale any 2008 Bond as to which a notice of conversion to a Variable Rate Period, from a Term Rate Period of one length to another, to a Flexible Rate Period or to a Fixed Rate Period has been given by the Tender Agent unless the Remarketing Agent has advised the Person to whom the offer is made of the conversion and the effect of the conversion on the rights of Bondholders to tender their 2008 Bonds as described in the conversion notice from the Tender Agent to the Bondholders.

(e) Purchase of Tendered Bonds.

(i) Notice of Remarketing; Purchases Under Liquidity Facility. The following Immediate Notices shall be given with respect to the remarketing of Tendered Bonds and the amount of 2008 Bonds (except ARS) to be purchased pursuant to the Liquidity Facility:

(A) In the case of Tendered Bonds during other than a Daily Rate Period:

(1) the Remarketing Agent shall notify the Tender Agent of the amount of Tendered Bonds which were remarketed not later than 2:30 p.m., New York City time, on the Business Day immediately preceding the Optional Tender Date and the Tender Agent shall notify the Bank of the amount of Tendered Bonds which were remarketed by 3:00 p.m. on the Business Day immediately preceding the Optional Tender Date; and

(2) If any such notice indicates that any Tendered Bonds were not remarketed, if no such notice is received by the required time or if all of remarketing proceeds have not been received, the Tender Agent shall notify the Trustee, the Bank and the Authority, not later than 9:00 a.m., New York City time, on the Optional Tender Date, of the amount of Tendered Bonds

(x) which were not remarketed,

(y) for which no notice of remarketing was

received and

(z) for which no remarketing proceeds have been received,

and the Trustee shall submit a draw certificate to the Bank not later than 11:00 a.m., New York City time, on the Optional Tender Date for payment of an amount equal to the principal portion of the Tender Price for the portion of the Tendered Bonds (x) which were not remarketed, (y) for which no notice of remarketing was received and (z) for which no remarketing proceeds have been received by the required time, and a demand for payment by the Bank of the accrued interest on the portion of the Tendered Bonds which were not remarketed or for which no notice of remarketing was received by the required time, or for which no remarketing proceeds have been received.

(B) In the case of Tendered Bonds during a Daily Rate Period:

(1) the Remarketing Agent shall notify the Tender Agent of the amount of Tendered Bonds which were remarketed not later than 10:00 a.m., New York City time, on the Optional Tender Date; and

(2) If any such notice indicates that any Tendered Bonds were not remarketed or if no such notice is received by the required time, or if remarketing proceeds are not received by the required time, the Tender Agent shall promptly notify the Trustee, the Bank and the Authority, not later than 10:30 a.m., New York City time, on the Optional Tender Date, of the amount of Tendered Bonds

(x) not remarketed,

(y) for which no notice of remarketing was received, or

(z) for which no remarketing proceeds have been received,

and not later than 11:00 a.m., New York City time, on the Optional Tender Date, the Trustee shall submit a draw certificate for payment of the principal portion of the Tender Price by the Bank for the portion of the 2006 Bonds (x) which were not remarketed, (y) for which no notice of remarketing was received by the required time or (z) for which no remarketing proceeds have been received, and a demand for payment by the Bank of the accrued interest on the portion of the Tendered Bonds which were not remarketed or for which no notice of remarketing was received by the required time, or for which no remarketing proceeds have been received.

(II) Information Concerning Purchasers. A notice by telephone, telex or telecopier, to be confirmed in writing if given by telephone, specifying the names, addresses and taxpayer identification numbers of the purchasers, the denominations of 2006 Bonds to be registered in the name of each purchaser and, if available, payment instructions for regularly scheduled interest payments or of any changes in such information previously communicated shall be furnished to the Tender Agent by (I) 3:00

p.m., New York City time, on the Business Day preceding the day on which such 2006 Bonds are to be purchased to the extent available and such notice may be supplemented or amended at any time prior to 12:40 p.m., New York City time, on the day on which such 2006 Bonds are to be purchased with respect to Bonds during a Weekly Rate Period, (ii) 1:00 p.m., New York time, on the day on which such 2006 Bonds are to be purchased with respect to Bonds during a Daily Rate Period or Flexible Rate Period, and (iii) 3:00 p.m., New York City time, on the second Business Day prior to the day on which such 2006 Bonds are to be purchased to the extent available and such notice may be supplemented or amended at any time prior to 12:40 p.m., New York City time, on the day on which such 2006 Bonds are to be purchased with respect to Bonds during a Term Rate Period.

(iii) Payments by the Tender Agent. By 3:00 p.m., New York City time, on the Optional Tender Date set for purchase of Tendered Bonds and upon receipt by the Tender Agent of 100% of the aggregate Tender Price of the Tendered Bonds, the Tender Agent shall pay the Tender Price of such 2006 Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. With respect to the payment of the Tender Price, the Tender Agent shall apply in order: (A) moneys paid to it by the Remarketing Agent or by the new purchaser of the Tendered Bonds as proceeds of the remarketing of such 2006 Bonds by the Remarketing Agent; (B) moneys paid to it by the Bank for the purchase of 2006 Bonds pursuant to the Liquidity Facility, and (C) any other moneys provided by the Authority. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated as provided in Section 308.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the date of purchase, the Tender Agent shall register and make available for pick-up or cancel all Bonds purchased on any Optional Tender Date as follows: (A) 2006 Bonds purchased or remarketed by the Remarketing Agent shall be registered and made available to the Remarketing Agent by 2:15 p.m., New York City time, in accordance with the instructions of the Remarketing Agent; (B) 2006 Bonds purchased pursuant to the Liquidity Facility shall be registered in the name of the Authority unless otherwise required by the Liquidity Facility and shall be held in trust by the Tender Agent on behalf of the registered owner; and (C) 2006 Bonds purchased with other moneys provided by the Authority shall be canceled or registered and delivered in accordance with the instructions of the Authority; provided that so long as a Liquidity Facility is in effect, such 2006 Bonds shall not be remarketed or delivered to the Authority unless the Liquidity Facility supports the payment of such 2006 Bonds in accordance with the terms of this Fourth Supplement to the Amended and Restated Indenture and the Liquidity Facility.

(v) Resale of Bonds Purchased Pursuant to the Liquidity Facility. In the event that any 2006 Bonds are purchased pursuant to the Liquidity Facility pursuant to subparagraph (iv) above, the Remarketing Agent shall continue to offer for sale and use its best efforts to sell such 2006 Bonds at a purchase price equal to the principal amount thereof plus accrued interest thereon. 2006 Bonds purchased pursuant to the Liquidity Facility shall not be delivered upon remarketing by the Remarketing Agent or any other sale unless the Liquidity Facility is automatically reinstated for the principal amount thereof and the interest component applicable thereto in accordance with its terms or the Remarketing Agent has been advised by the Bank by immediate notice that it has elected to reinstate the Liquidity Facility for the required amount and the Bank

notifies the Tender Agent by Immediate Notice of such reinstatement and directs the Tender Agent to deliver the 2006 Bonds to the purchaser.

(vi) Delivery of Bonds: Effect of Failure to Surrender Bonds. All 2006 Bonds to be purchased on any Optional Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Optional Tender Date with respect to Bonds during a Daily or Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Optional Tender Date with respect to Bonds during Term Rate Periods. If the owner of any 2006 Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such 2006 Bond to the Tender Agent for purchase on the Optional Tender Date and if the Tender Agent is in receipt of the Tender Price therefor, such 2006 Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2006 Bond (or portion thereof) shall be transferred to the purchaser thereof as provided in subsection (e)(iv) above. Any Bondholder who fails to deliver a 2006 Bond for purchase as required above shall have no further rights thereunder except the right to receive the Tender Price thereof upon presentation and surrender of said 2006 Bond to the Tender Agent and shall thereafter hold such 2006 Bond as agent for the Tender Agent. Such delivery shall be a condition to payment of the Tender Price by the Tender Agent on the Optional Tender Date.

#### **Section 302. TENDERS DURING FLEXIBLE RATE PERIODS**

(a) Repurchase Dates. Each 2006 Bond bearing interest at a Flexible Rate shall be subject to mandatory tender for purchase on each Repurchase Date at the Repurchase Price.

(b) Bonds to be Remarketed. Not later than 11:00 a.m., New York City time, on the Business Day immediately preceding each Repurchase Date, the Tender Agent shall give Immediate Notice to the Remarketing Agent and the Bank of the amount of 2006 Bonds which will be tendered on such Repurchase Date.

(c) Remarketing of Tendered Bonds. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2006 Bonds required to be purchased on the Repurchase Date. In remarketing the 2006 Bonds, the Remarketing Agent shall offer and accept purchase commitments for the 2006 Bonds for such interest periods and at such flexible rates as it deems to be advisable in order to minimize the net interest cost on the 2006 Bonds under prevailing market conditions. The foregoing notwithstanding, no interest period may be established which exceeds the shortest of (A) 270 days, (B) the remaining number of days prior to any Mandatory Tender Date occurring pursuant to either Section 303 or 304 hereof, or (C) the remaining number of days prior to each date on which 2006 Bonds are subject to redemption pursuant to Sections 401(a)(i) or (c) hereof (but, in the case of Section 401(a)(i) hereof, only if the Remarketing Agent has received immediate notice from the Trustee of a pending redemption of 2006 Bonds pursuant to Section 402(a) hereof) if and to the extent necessary to enable the Tender Agent to make such purchases on or before such date. The Remarketing Agent shall cause the Repurchase Price specified in subsection (a) above for the 2006 Bonds which the Remarketing Agent notified the Tender Agent had been remarketed pursuant to subsection (d)(i) below to be paid to the Tender Agent in immediately available funds at or before 2:00 p.m., New York City time, on the Repurchase Date. At the request of the Trustee, the Remarketing Agent shall also determine and notify the Trustee of flexible rates and interest periods for 2006 Bonds to be purchased pursuant to the Liquidity Facility or by the Authority as hereinafter provided, such determination to be made in

substantially the same manner as is provided above and with a view toward enabling the Remarketing Agent to remarket such 2006 Bonds at a later date.

(d) Purchase of Tendered Bonds; Notice of Remarketing; Purchases Under Liquidity Facility. The following Immediate Notices shall be given with respect to the remarketing of Tendered Bonds and the amount of 2006 Bonds to be purchased pursuant to the Liquidity Facility:

(i) The Remarketing Agent shall notify the Tender Agent of the amount of Tendered Bonds which were remarketed not later than 9:30 a.m., New York City time, on the Repurchase Date; and if any such notice indicates that any Tendered Bonds were not remarketed, or if no such notice is received by the required time, or if not all of the remarketing proceeds have been received, the Tender Agent shall notify the Trustee, the Bank and the Authority by 10:00 a.m., New York City time, on the Repurchase Date of the amount of Tendered Bonds not remarketed, or for which no notice of remarketing was received, or for which no remarketing proceeds have been received, and the Trustee shall submit to the Bank by 11:00 a.m., New York City time, on the Repurchase Date, a draw certificate for payment of an amount equal to the Repurchase Price by the Bank for (A) the portion of the 2006 Bonds which were not remarketed, (B) those for which no notice of remarketing was received by the required time and (C) those for which no remarketing proceeds have been received and a draw certificate for payment of the accrued interest on the portion of the Tendered Bonds by the Bank for the portion of the 2006 Bonds (X) which were not remarketed, (Y) for which no notice of remarketing was received by the required time, or (Z) for which no remarketing proceeds have been received, pursuant to the Liquidity Facility.

(ii) Information Concerning Purchasers. A notice by telephone, telex or telecopier, to be confirmed in writing if given by telephone, specifying the names, addresses and taxpayer identification numbers of the purchasers, the denominations of 2006 Bonds to be registered in the name of each purchaser, the Flexible Rate and Repurchase Date to be applicable to each 2006 Bond and, if available, payment instructions for regularly scheduled interest payments or of any changes in such information previously communicated shall be furnished to the Tender Agent by 1:00 p.m., New York City time, on the Repurchase Date.

(iii) Payments by the Tender Agent. By 3:00 p.m., New York City time, on the Repurchase Date and upon receipt by the Tender Agent of 100% of the aggregate Repurchase Price of the Tendered Bonds, the Tender Agent shall pay the Repurchase Price of such 2006 Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. With respect to the payment of the Repurchase Price, the Tender Agent shall apply in order (A) moneys paid to it by the Remarketing Agent or by the new purchaser of the Tendered Bonds as proceeds of the remarketing of such 2006 Bonds by the Remarketing Agent, (B) moneys paid to it by the Bank for the purchase of 2006 Bonds pursuant to the Liquidity Facility, and (C) any other moneys provided by the Authority. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated as provided in Section 306.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the Repurchase Date, the Tender Agent shall register and deliver, hold or cancel all 2006 Bonds purchased on such Repurchase Date as follows: (A) 2006 Bonds purchased or remarketed by the Remarketing Agent shall be registered and delivered to the

Remarketing Agent by 2:15 p.m., New York City time, in accordance with the instructions of the Remarketing Agent (B) 2006 Bonds purchased pursuant to a draw on the Liquidity Facility shall be registered in the name of the Authority unless otherwise required by the Liquidity Facility and shall be held in trust by the Tender Agent on behalf of the registered owner; and (C) 2006 Bonds purchased with other moneys provided by the Authority shall be canceled or registered and delivered in accordance with the instructions of the Authority, provided that so long as a Liquidity Facility is in effect, such 2006 Bonds shall not be remarketed or delivered to the Authority unless the Liquidity Facility supports the payment of such 2006 Bonds in accordance with the terms of this Fourth Supplement to the Amended and Restated Indenture and the Liquidity Facility.

(v) Resale of Bonds Purchased Pursuant to the Liquidity Facility. In the event that any 2006 Bonds are purchased pursuant to a draw on the Liquidity Facility pursuant to subparagraph (iv) above, the Remarketing Agent shall continue to offer for sale and use its best efforts to sell such 2006 Bonds at a purchase price equal to the principal amount thereof plus accrued interest thereon. 2006 Bonds purchased pursuant to the Liquidity Facility shall not be delivered upon remarketing by the Remarketing Agent or any other sale unless the Liquidity Facility is automatically reinstated for the principal amount thereof and the Interest Component applicable thereto in accordance with its terms or the Remarketing Agent has been advised by the Bank by Immediate Notice that it has elected to reinstate the Liquidity Facility for the required amount and the Bank notifies the Tender Agent by Immediate Notice of such reinstatement and directs the Tender Agent to deliver the 2006 Bonds to the purchaser.

(vi) Delivery of Bonds; Effect of Failure to Surrender Bonds. All 2006 Bonds to be purchased on any Repurchase Date shall be required to be delivered to the Principal Office of the Tender Agent by 1:00 p.m., New York City time, on the Repurchase Date. If the owner of any 2006 Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such 2006 Bond to the Tender Agent for purchase on the Repurchase Date and if the Tender Agent is in receipt of the Tender Price therefor, such 2006 Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2006 Bond (or portion thereof) shall be transferred to the purchaser thereof as provided in subsection (e)(iv) above. Any 2006 Bondholder who fails to deliver a 2006 Bond for purchase as required above shall have no further rights thereunder except the right to receive the Repurchase Price thereof upon presentation and surrender of said 2006 Bond to the Tender Agent. Such delivery shall be a condition to the payment of the Repurchase Price by the Tender Agent on the Repurchase Date.

### **Section 303. MANDATORY TENDER UPON CONVERSIONS AMONG VARIABLE RATE PERIODS AND FLEXIBLE RATE PERIODS**

(a) Variable Rate Conversions. 2006 Bonds which are subject to conversion on any Variable Rate Conversion Date pursuant to Section 203(d) (e) or (f) hereof shall be subject to mandatory tender for purchase on the Variable Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be.

(b) Flexible Rate Conversions. 2006 Bonds which are subject to conversion on any Flexible Rate Conversion Date pursuant to Section 204(b) hereof are subject to mandatory tender for purchase on the applicable Flexible Rate Conversion Date at the Tender Price.

(c) ARS Conversions. 2008 Bonds which are subject to conversion on any ARS Rate Conversion Date pursuant to Section 2A11(a) or (b) hereof are subject to mandatory tender for purchase on the applicable ARS Rate Conversion Date at the Tender Price.

Any notice of a conversion given to Bondholders pursuant to Section 203(d)(iii), 203(e)(iii), 203(f)(iii), 204(b)(iii), 2A11(a) or 2A11(b) hereof shall, in addition to the requirements of such Section, state that the 2008 Bonds to be converted will be subject to mandatory tender for purchase on the Variable Rate Conversion Date or Flexible Rate Conversion Date or ARS Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and will specify the time at which 2008 Bonds are to be tendered for purchase.

Whenever the 2008 Bonds are held in the DTC System, any failure by DTC or any DTC Participant to provide the notice described above to any beneficial owner of the 2008 Bonds shall not affect the validity of any interest rate on any 2008 Bonds or extend the period for tendering any of the 2008 Bonds for purchase and the Trustee shall not be liable to any 2008 Bondholder by reason of any such failure or defect.

(e) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2008 Bonds to be tendered for purchase on the Flexible Rate Conversion Date or Variable Rate Conversion Date. In the event of a conversion to a Variable Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (a) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the Variable Rate Conversion Date. In the case of a conversion to a Flexible Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (b) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the Flexible Rate Conversion Date and the Flexible Rates and Interest Periods to be established shall be determined in the manner and subject to the limitations set forth in Section 302(c) hereof. In the case of a conversion to an ARS Interest Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (c) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the ARS Rate Conversion Date and the Applicable ARS Rates to be established shall be determined in the manner and subject to the limitations set forth in Section 2A11 hereof.

(f) Purchase of Tendered Bonds. The provisions of Section 301(e) regarding purchases of 2008 Bonds shall apply to tenders pursuant to this Section 303 in the case of a conversion during a Variable Rate Period; provided that, for the purpose of so applying such provisions:

(i) the notices required pursuant to Section 301(e)(i) shall be given as therein described, except that the provisions relating specifically to 2008 Bonds during Daily Rate Periods shall be applicable only to 2008 Bonds to be converted from a Daily Rate Period or to a Flexible Rate Period;

(ii) the notice required pursuant to Section 301(e)(ii) shall be given as therein described, except that, in the case of a conversion to a Flexible Rate Period, the notice from the Remarketing Agent concerning the purchasers of the 2008 Bonds shall specify the Flexible Rates and Interest Periods for such 2008 Bonds; and

(iii) the deliveries of 2008 Bonds under Section 301(e)(vi) shall be required to be made at or before 1:00 p.m., New York City time, on the Variable Rate

Conversion Date (or 5:00 p.m., New York City time, on the second Business Day prior to the Conversion Date with respect to 2008 Bonds during a Term Rate Period).

The provisions of Section 302(d) regarding purchases of 2008 Bonds shall apply to tenders pursuant to this Section 303 with respect to 2008 Bonds in the case of conversions during a Flexible Rate Period.

**Section 304. MANDATORY TENDER UPON FIXED RATE CONVERSION OR SUBSTITUTION OR TERMINATION OF LIQUIDITY FACILITY**

(a) **Mandatory Tenders.**

(i) **Proposed Fixed Rate Conversion Date.** The 2008 Bonds to be converted to bear interest at the Fixed Rate pursuant to Section 205 hereof shall be subject to mandatory tender for purchase on a Proposed Fixed Rate Conversion Date at a price equal to the Tender Price or the Repurchase Price, as the case may be.

(ii) **Substitution of the Liquidity Facility with an Alternate Liquidity Facility.** The 2008 Bonds (other than Bank Bonds and 2008 Bonds bearing interest at the Fixed Rate) are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or the Repurchase Price, as the case may be, on the regularly scheduled Interest Payment Date immediately preceding the effective date of any substitution of the Liquidity Facility with an Alternate Liquidity Facility in accordance with the provisions of Section 310 hereof.

(iii) **No Renewal Liquidity Facility.** The 2008 Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on any Renewal Date if by the tenth day preceding such Renewal Date the Trustee has not received a Renewal Liquidity Facility.

(iv) **Default under the Liquidity Facility.** The 2008 Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on the fifteenth day (or the next preceding Business Day if such day is not a Business Day) after receipt by the Trustee of notice from the Bank of the occurrence of a default under the Liquidity Facility and that such Liquidity Facility shall be terminated; provided that (1) the Mandatory Tender Date shall be at least five days prior to the termination of the Bank's obligation to honor draws under the Liquidity Facility and (2) no purchase shall be required if prior to the Mandatory Tender Date the Trustee receives written notice from the Bank to the effect that the default has been cured in accordance with the provisions of the Liquidity Facility and such Liquidity Facility is, as of the date of such notice to the Trustee, in full force and effect and will not terminate as a result of such termination notice from the Bank.

(b) **Notice to Bondholders.** The Tender Agent shall mail notice to Bondholders of any mandatory tender as follows:

(i) pursuant to Section 304(a)(i) above (or include in any notice mailed pursuant to Section 205(d) hereof), not less than thirty (30) days prior to the Mandatory Tender Date;

(ii) pursuant to Section 304(a)(ii) or (iii) above, not less than fifteen (15) days prior to the Mandatory Tender Date, and

(iii) pursuant to Section 304(a)(iv), on the Business Day next succeeding receipt by the Trustee of the notice from the Bank described therein.

In the case of a notice pursuant to Section 304(a)(i) above, such notice will state, among other things, the Proposed Fixed Rate Conversion Date, that the 2006 Bonds will be subject to mandatory tender for purchase on the Fixed Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and the time at which the 2006 Bonds are to be tendered for purchase.

Whenever the 2006 Bonds are held in the DTC System, any failure by DTC or any DTC Participant to provide the notice described above to any beneficial owner of the 2006 Bonds shall not affect the validity of any interest rate on any 2006 Bonds or extend the period for tendering any of the 2006 Bonds for purchase and the Trustee shall not be liable to any 2006 Bondholder by reason of any such failure or defect.

(c) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for such 2006 Bonds following a mandatory tender; provided, however, that 2006 Bonds shall not be remarketed unless and until the Remarketing Agent receives notice from the Trustee that a Liquidity Facility complying with the requirements of Section 310(h) hereof is in place with respect to the 2006 Bonds. The terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (a) above to the Tender Agent in immediately available funds at or before 10:30 a.m., New York City time.

(d) Purchase of Tendered Bonds. The provisions of Section 301(e) regarding purchases of 2006 Bonds shall apply to mandatory tenders pursuant to this Section 304 with respect to 2006 Bonds during a Variable Rate Period; provided that, for the purpose of so applying such provisions:

(i) the notices required pursuant to Section 301(e)(i) shall be given as therein described, except that the provisions relating specifically to 2006 Bonds during Daily Rate Periods shall be disregarded;

(ii) the notices required to be given pursuant to Section 301(e)(ii) hereof, regarding purchasers of 2006 Bonds shall be given in the manner prescribed for tenders of 2006 Bonds during other than Daily Rate Periods; and

(iii) the deliveries of 2006 Bonds under Section 301(e)(iv) shall be required to be made at or before 2:15 p.m., New York City time on the Fixed Rate Conversion Date.

The provisions of Section 302(d) shall apply to tenders pursuant to this Section 304 with respect to 2006 Bonds during a Flexible Rate Period.

#### **Section 305. FAILED CONVERSION**

If on an ARS Rate Conversion Date or a Variable Rate Conversion Date, Flexible Rate Conversion Date or Proposed Fixed Rate Conversion Date, any condition precedent to such conversion required hereunder shall not be satisfied, such conversion shall not occur, the mandatory tender shall remain effective and if the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee with respect to the conversion of the 2006 Bonds to Variable Rates for Weekly Rate Periods, the 2006 Bonds shall bear interest at the Variable Rate determined by the Remarketing Agent on the failed Conversion Date for a Weekly

Rate Period, and thereafter shall bear interest at Variable Rates for Weekly Rate Periods until an ARS Rate Conversion Date or a Variable Rate Conversion Date, Flexible Rate Conversion Date or Fixed Rate Conversion Date, provided, however, that if the 2006 Bonds were ARS immediately prior to such proposed conversion, then the 2006 Bonds shall remain ARS and shall bear interest at the ARS Maximum Rate for the immediately ensuing ARS Interest Period and shall continue to bear interest at the ARS Maximum Rate until such time that either (i) a successful conversion occurs or (ii) a subsequent Auction is conducted.

#### **Section 306. INADEQUATE FUNDS FOR TENDERS**

If the funds available for purchases of 2006 Bonds pursuant to this Article III are inadequate for the purchase of all 2006 Bonds required to be purchased on any purchase date, the Tender Agent shall immediately: (i) return all Tendered Bonds to the holders thereof; (ii) return all moneys received for the purchase of such 2006 Bonds to the Persons providing such moneys; and (iii) notify all Bondholders in writing (A) that an Event of Default has occurred, and (B) of the rate to be effective pursuant to following provisions. If the funds available for purchases of 2006 Bonds pursuant to this Article III are inadequate for the purchase of all 2006 Bonds required to be purchased (i) on a proposed Conversion Date, such conversion shall be deemed to have failed and the provisions of Section 305 above shall apply; (ii) in all other cases, the Remarketing Agent shall determine the applicable interest rate in accordance with the provisions of Article II hereof.

#### **Section 307. LIMITS UPON REMARKETING**

(a) Tendered Bonds shall not be remarketed to the Authority or any Affiliate unless, prior to such sale, the Authority shall have delivered to the Trustee an unqualified written opinion of counsel experienced in bankruptcy matters and satisfactory to the Trustee and each Rating Agency then maintaining a rating on the 2006 Bonds (which opinion may assume that no Bondholders are "insiders" within the meaning of Title XI of the United States Code) to the effect that payment of such amounts to Bondholders would not be avoidable as preferential payments under Section 547 of the United States Bankruptcy Code recoverable under Section 550 of the United States Bankruptcy Code should the Authority or any Affiliate become a debtor in a proceeding commenced thereunder. Neither the Trustee nor the Tender Agent shall be required to monitor the actions of the Remarketing Agent to ensure that it will not remarket any Bonds to the Authority or any Affiliate, and for the purposes of this Section 307 hereof, the Trustee and the Tender Agent may, in the absence of actual notice to the contrary, assume that no funds furnished to the Tender Agent by the Remarketing Agent constitute proceeds of the remarketing of any Bonds to the Authority or any Affiliate.

(b) 2006 Bonds shall not be remarketed unless and until a Liquidity Facility complying with the requirements of Section 310(h) hereof is in place with respect to the 2006 Bonds.

(c) Despite the absence of a Liquidity Facility complying with the requirements of Section 310(h) hereof, whether resulting from the termination of an existing Liquidity Facility or otherwise, the Authority shall be under no obligation to purchase 2006 Bonds otherwise subject to optional tender pursuant to Section 301 hereof or mandatory tender pursuant to Sections 302, 303 or 304 hereof prior to the Maturity Date of such 2006 Bonds.

#### **Section 308. BOND PURCHASE FUND**

(a) Establishment of Bond Purchase Fund and Accounts. Following Conversion from ARS to a Variable Rate or a Flexible Rate, the Trustee shall establish or cause the Tender Agent to establish and maintain, so long as the 2006 Bonds remain outstanding at a Variable Rate

or a Flexible Rate, a separate fund to be known as the "Bond Purchase Fund" (the "Bond Purchase Fund"), within which there shall be established a Remarketing Proceeds Account and a Liquidity Facility Purchase Account, which shall be held in trust by the Trustee until applied as hereinafter provided.

(i) Remarketing Proceeds Account. The Trustee or the Tender Agent shall deposit to the credit of the Remarketing Proceeds Account (A) the moneys received upon the remarketing of Tendered Bonds pursuant to section 307 hereof and the Remarketing Agreement to any Person (other than Tendered Bonds sold to the Authority, any Affiliate or any Insider in violation of Section 307 hereof), and (B) the moneys received from the underwriter or purchaser (other than the Authority, any Affiliate, or any Insider) of Tendered Bonds upon the conversion of the interest rate thereon to a Fixed Rate. No moneys other than those described in (A) and (B) of this Section 308(a)(i) shall be deposited into such account.

(ii) Liquidity Facility Purchase Account. The Trustee or the Tender Agent shall deposit to the credit of the Liquidity Facility Purchase Account all proceeds of drawings under the Liquidity Facility to pay the purchase price of Tendered Bonds (other than Bank Bonds), and no other moneys shall be deposited in such account.

(b) Application of Bond Purchase Fund. Moneys in the Bond Purchase Fund shall be held in trust for the benefit of and subject to a lien in favor of the owners of Tendered Bonds and shall be used exclusively for the payment of the purchase price of Tendered Bonds; provided, however, that any moneys remaining on deposit in the Liquidity Facility Purchase Account after payment in full of all amounts due on the Tendered Bonds shall be transferred to the Bank.

(c) Moneys on deposit in the Bond Purchase Fund shall be invested only upon the written direction of the Authority and only in Government Obligations with a term not exceeding the earlier of 30 days from the date of investment of such moneys or the date or dates that moneys therefrom are anticipated to be required. Amounts held to pay the purchase price for more than five years shall be applied in the same manner as provided under Section 515 of the Amended and Restated Indenture.

#### **Section 309. NON-PRESENTMENT OF TENDERED BONDS**

In the event any Tendered Bonds shall not be presented for purchase and moneys sufficient to pay the purchase price of such Tendered Bonds are held in the Bond Purchase Fund, the Tender Agent shall segregate and hold such moneys in trust (but shall not invest such moneys), without liability for interest thereon, for the benefit of and subject to a security interest in favor of the holders of such Tendered Bonds who shall, except as provided in the last paragraph of Section 308 hereof, thereafter be restricted exclusively to such moneys, for the satisfaction of any claim of whatever nature on their part under the Indenture or on, or with respect to, said Tendered Bonds.

#### **Section 310. LIQUIDITY FACILITY**

(a) Draws on Liquidity Facility. While in effect, the Trustee shall draw moneys under the Liquidity Facility in accordance with its terms and in accordance with Sections 301(e)(i), 302(d)(i), 303(e) and 304(d) hereof to the extent necessary to pay to the Bondholders the purchase price of Tendered Bonds. Immediately following each drawing under the Liquidity Facility, and not as a condition to such drawing, the Trustee shall use its best efforts to give telephonic notice to the Authority that such a drawing under the Liquidity Facility was made. The Trustee and the Tender Agent shall return any moneys drawn under the Liquidity Facility to the Bank immediately following

the applicable purchase date to the extent such moneys exceed the amount necessary to pay the Repurchase Price or Tender Price of Tendered Bonds.

(b) Maintenance of Liquidity Facility. The Authority covenants that it shall, at all times that the 2006 Bonds bear interest in a Variable Rate, cause a Liquidity Facility complying with the requirements of this Section 310 to be in effect with respect to the 2006 Bonds.

(c) Renewal Liquidity Facility. The Authority may, subject to the provisions of the Liquidity Facility, at any time arrange for the deposit with the Trustee of a Renewal Liquidity Facility in substitution for the existing Liquidity Facility. Each Renewal Liquidity Facility shall be satisfactory in form and substance to the Trustee; provided that no such Renewal Liquidity Facility shall be satisfactory to the Trustee unless, in addition to all other requirements to be met therefor, a draft of such Renewal Liquidity Facility, and a draft of the related Renewal Liquidity Facility Agreement, if any, have been submitted to the Trustee at least 20 days prior to the date such Renewal Liquidity Facility is to become effective. In addition, if such Liquidity Facility contains a decrease in the Interest Coverage Rate, the Interest Coverage Period or the Interest Component or a decrease in the portion of the Liquidity Facility designated to pay premium upon purchase of the 2006 Bonds, the Trustee must have received written evidence from each Rating Agency then maintaining a rating on the 2006 Bonds that such rating will not be withdrawn or reduced due to the delivery of such Renewal Liquidity Facility. Upon the delivery of a Renewal Liquidity Facility, the Trustee shall promptly give written notice by first class mail, postage prepaid, to each owner of a 2006 Bond bearing interest at a Variable Rate or a Flexible Rate that a Renewal Liquidity Facility and Renewal Liquidity Facility Agreement will secure such 2006 Bond.

(d) Alternate Liquidity Facility. The Authority may, subject to the provisions of the Liquidity Facility, at any time arrange for the deposit with the Trustee of an Alternate Liquidity Facility in substitution for the existing Liquidity Facility. The Alternate Liquidity Facility shall expire no earlier than 360 days from the date of its deposit with the Trustee and, in the event any of the 2006 Bonds bear interest at a Term Rate for a Term Rate Period extending beyond the Stated Expiration Date of such Alternate Liquidity Facility, no earlier than the Liquidity Facility which it replaces. Each Alternate Liquidity Facility shall be satisfactory in form and substance to the Trustee; provided that any such Alternate Liquidity Facility shall not be satisfactory to the Trustee unless, in addition to all other requirements to be met therefor, a draft of such Alternate Liquidity Facility and a draft of any supplemental bond indenture required to be executed in connection with the delivery of the Alternate Liquidity Facility, and appropriate information concerning the entity which will issue such Alternate Liquidity Facility have been submitted to each Rating Agency then maintaining a rating on the 2006 Bonds entitled to the benefit of the then effective Liquidity Facility, and each such Rating Agency has given notice, promptly confirmed in writing, to the Authority and the Trustee at least 20 days prior to the date such Alternate Liquidity Facility is to become effective as to what rating the 2006 Bonds entitled to the benefit of the Alternate Liquidity Facility will bear after such substitution.

The Liquidity Facility then in effect may be replaced by an Alternate Liquidity Facility only if (i) the provisions for mandatory tender for purchase of the 2006 Bonds described in Section 304 hereof are satisfied, (ii) prior to such replacement the Authority shall have delivered to the Trustee a Favorable Opinion with respect to such replacement, (iii) the Trustee shall receive an opinion of counsel for the Bank Issuing the Alternate Liquidity Facility in a form reasonably acceptable to the Trustee and (iv) the Bank Issuing the Alternate Liquidity Facility or the Authority shall provide funds on or before the substitution for the purchase of all Bank Bonds from the Bank Issuing the Liquidity Facility then in effect.

(e) **Surrender of Liquidity Facility.** If at any time there shall have been delivered to the Trustee, in substitution for the Liquidity Facility then in effect, either an Alternate Liquidity Facility or a Renewal Liquidity Facility, then the Trustee shall accept such Alternate Liquidity Facility or Renewal Liquidity Facility and shall thereupon surrender the Liquidity Facility then in effect to the Bank which issued the Liquidity Facility in accordance with its terms for cancellation unless such substitution is effected through the attachment of an exhibit or similar attachment to the prior Liquidity Facility as permitted by the terms of such Liquidity Facility. At such time as the 2006 Bonds shall have been converted to a Fixed Rate, the Trustee shall promptly surrender the Liquidity Facility then in effect to the Bank which issued such Liquidity Facility in accordance with the terms thereof and of the Indenture for cancellation. The Trustee shall promptly surrender any Liquidity Facility after it expires in accordance with its terms.

(f) **Transfer of Liquidity Facility.** The Trustee shall not sell, assign or otherwise transfer the Liquidity Facility except to a successor Trustee hereunder and in accordance with the terms of the Liquidity Facility.

(g) **Reserved.**

(h) **Terms of Liquidity Facility.** So long as any 2006 Bonds bear interest at a Variable Rate or a Flexible Rate, the Authority is required to cause to have on deposit with the Trustee a Liquidity Facility. When a Liquidity Facility is in effect, the Authority shall maintain the interest component of the Liquidity Facility in an amount which shall not be less than the amount determined by multiplying

(i) the outstanding principal amount of 2006 Bonds bearing interest at a Variable Rate or a Flexible Rate, as applicable, times

(ii) the Interest Coverage Rate for such Variable Rate Period or Flexible Rate, as applicable, required to be used pursuant to this paragraph times

(iii) the quotient determined by dividing

(A) the Interest Coverage Period for such Variable Rate Period or Flexible Rate Period, as applicable, required to be used pursuant to this paragraph by

(B) 365 (or 360, in the case of 2006 Bonds bearing interest at Variable Rates for Term Rate Periods or bearing interest at a Fixed Rate).

The Interest Coverage Rate utilized for each Variable Rate Period or Flexible Rate Period in the above described calculation shall not be less than the rate specified by the Remarketing Agent to the Trustee for the 2006 Bonds in each particular Variable Rate Period or Flexible Rate Period as the maximum interest rate at which the Remarketing Agent will remarket the 2006 Bonds in such Variable Rate Period or Flexible Rate Period, which may not be less than the current interest rate or rates borne by the 2006 Bonds in such Variable Rate Period or Flexible Rate Period. Notwithstanding anything herein to the contrary, the maximum interest rate at which the 2006 Bonds may be remarketed may not be greater than 12% per annum.

The Interest Coverage Period utilized for each Variable Rate Period or Flexible Rate Period in the above described calculation shall not be less than the following:

(iv) with respect to 2008 Bonds bearing interest at a Variable Rate for a Daily Rate Period or a Weekly Rate Period, 34 days;

(v) with respect to 2008 Bonds bearing interest at a Variable Rate for a Term Rate Period, 183 days;

(vi) with respect to 2008 Bonds bearing interest at a Flexible Rate, 270 days; or

(vii) with respect to 2008 Bonds generally, such other number of days then required by any Rating Agency to obtain or maintain an Investment grade rating on the 2008 Bonds entitled to the benefit of such Liquidity Facility.

If any Bond is bearing interest at a Variable Rate for a Term Rate Period and if the Stated Expiration Date is scheduled to occur during the current interest period therefor, the amount of the Liquidity Facility must include an amount to pay the applicable premium, if any, on the Renewal Date on which such Bond is required to be purchased pursuant to Section 304 hereof.

In addition, each Renewal Liquidity Facility and Alternate Liquidity Facility shall provide for payment of an amount equal to the outstanding principal amount of the 2008 Bonds bearing interest at a Variable Rate or a Flexible Rate. Each Liquidity Facility shall provide that such Liquidity Facility may not be terminated until five days after any draw thereunder is made on a Renewal Date, Substitution Date or Conversion Date.

(I) Bank Bonds.

(i) Any 2008 Bonds purchased with proceeds of a drawing on the Liquidity Facility pursuant to this Article shall be registered in the name of the Bank and are herein called "Bank Bonds". Pending reinstatement of the Liquidity Facility securing such 2008 Bonds or release of such 2008 Bonds by the Bank, the Bank shall be entitled to receive all payments of principal of and interest on Bank Bonds and such 2008 Bonds shall not be transferable or deliverable to any party (including the Authority) except the Bank. As indicated in Section 202 hereof, all Bank Bonds shall bear interest at the Bank Rate.

(ii) The Remarketing Agent shall continue to use its best efforts to arrange for the sale of any Bank Bonds, subject to the reinstatement of the Liquidity Facility with respect to the drawings with which such 2008 Bonds were purchased, at a price equal to the principal amount thereof plus accrued interest.

(iii) Delivery of Remarketed Bank Bonds and Proceeds Thereof. Upon reinstatement of the Liquidity Facility relating to Bank Bonds and the sale of Bank Bonds arranged by the Remarketing Agent, the Tender Agent shall make available (i) such 2008 Bonds to the Remarketing Agent for redelivery to the purchasers thereof and (ii) the proceeds of such sale to the Bank to the extent of any unpaid obligation under the Liquidity Facility for the prior drawing made by the Tender Agent on the Liquidity Facility in respect of the purchase of such 2008 Bonds.

## ARTICLE IV REDEMPTION OF BONDS

### Section 401. REDEMPTION DATES AND PRICES

As long as there is no continuing Event of Default under the Indenture, the 2006 Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Section 401.

(a) Optional Redemption.

(i) ARS Interest Rate Period. During an ARS Interest Rate Period, the 2006 Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and if in part in an Authorized Denomination) on any ARS Interest Payment Date, at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date, without premium.

(ii) Flexible Rate Period or a Variable Rate Period. During a Flexible Rate Period or a Variable Rate Period, the 2006 Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and if in part in an Authorized Denomination) on any Repurchase Date applicable thereto during a Flexible Rate Period or on any Interest Payment Date during a Variable Rate Period (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot), at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(iii) Term Rate Period. On or prior to the Fixed Rate Conversion Date, 2006 Bonds in a Term Rate Period may be redeemed by the Authority, in whole or in part (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot in such manner as shall be determined by the Trustee), (A) at any time on and after the No-Call Period described below, at a redemption price of 100% of the principal amount of 2006 Bonds called for redemption, plus accrued interest to the date fixed for redemption, and (B) on the day after the end of each Term Rate Period at a redemption price of 100% of the principal amount thereof, plus accrued interest to the date fixed for redemption:

Length of Term Rate Period	Commencement of Redemption Period
Greater than or equal to 15 years	10 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 15 years and greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 8 years	Not subject to optional redemption until commencement of next Term Rate Period

Notwithstanding the foregoing, the No-Call Periods specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the

2006 Bonds to a Term Rate Period is to the effect that such change will not have an adverse effect on the validity of the 2006 Bonds or any exemption from federal income taxation to which interest on the 2006 Bonds would otherwise be entitled.

(iv) Fixed Rate. After the Fixed Rate Conversion Date, the 2006 Bonds may be redeemed by the Authority in whole on any date, or in part on any Interest Payment Date (and, if in part, by lot in such manner as shall be determined by the Trustee), after the No-Call Period described below at a redemption price of 100% of the principal amount of 2006 Bonds called for redemption, plus accrued interest to the date fixed for redemption:

Length of Fixed Rate Period	Commencement of Redemption Period
Greater than or equal to 15 years	10 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 15 years and greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 8 years	Not subject to optional redemption

Notwithstanding the foregoing, the No-Call Periods and redemption prices specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2006 Bonds to a Fixed Rate is to the effect that such change will not have an adverse effect on the validity of the 2006 Bonds or any exemption from federal income taxation to which interest on the 2006 Bonds would otherwise be entitled.

(b) Special Optional Redemption. Any 2006 Bonds which are Bank Bonds shall be subject to redemption in whole or in part prior to the Maturity Date at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day while such 2006 Bonds are Bank Bonds at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(c) Mandatory Sinking Fund Redemption. The 2006 Bonds are subject to mandatory redemption prior to maturity in part by lot, as selected by the Trustee, on June 15 of each year as set forth below, in the respective principal amounts listed opposite each such year from moneys in the Debt Service Fund, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

Redemption Date (June 15)	Principal Amount	Redemption Date (June 15)	Principal Amount
2007	\$ 4,450,000	2014	\$ 8,450,000
2008	4,675,000	2015	6,800,000
2009	4,925,000	2016	7,175,000
2010	5,200,000	2017	7,575,000
2011	5,475,000	2018	8,000,000
2012	5,800,000	2019	8,425,000
2013	6,100,000	2020*	8,800,000

\* Final Maturity

Notwithstanding the foregoing, so long as the 2006 Bonds are ARS, if any June 15<sup>th</sup> is not an ARS Interest Payment Date, the mandatory sinking fund redemption will occur on the ARS Interest Payment Date immediately preceding such June 15<sup>th</sup>. Further, notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall file a certificate pursuant to Section 205(d) hereof in connection with the conversion of the 2006 Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2006 Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the Authority shall redeem 2006 Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2006 Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

In the event of any partial redemption of the 2006 Bonds pursuant to Section 401(a) or (b), hereof, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment, so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

(d) General Provisions Regarding Redemptions.

(i) No redemption of less than all of the 2006 Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2006 Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2006 Bonds Outstanding shall be made in such a manner that all 2006 Bonds Outstanding after such redemption are in Authorized Denominations.

(ii) 2006 Bonds may be called for redemption by the Trustee pursuant to Section 401 hereof in accordance with the notice requirements of Section 402 hereof.

(iii) In lieu of redeeming 2006 Bonds pursuant to Section 401, the Trustee may, at the written request of the Authority, use such funds otherwise available hereunder for redemption of 2006 Bonds to purchase 2006 Bonds in the open market at a price not exceeding the redemption price then applicable hereunder. Any 2006 Bonds so purchased in lieu of redemption shall be delivered to the Trustee for cancellation and

shall be canceled. It is understood that (i) in the case of any optional redemption or purchase and cancellation of 2006 Bonds with serial maturities, the Authority shall receive credit against its required mandatory redemption deposits, if any, with respect to the 2006 Bonds of such Maturity Date and (ii) in the case of any optional redemption of 2006 Bonds with a term maturity, the Authority shall receive credit against its required mandatory redemption deposits, if any, in such order as the Authority shall designate in writing prior to the redemption or purchase and cancellation or, if no such election is made prior to such redemption or purchase and cancellation, in the inverse order thereof; provided, however, that following such reduction each such mandatory redemption payment is made in integral multiples of an Authorized Denomination.

#### **Section 402. NOTICE OF REDEMPTION**

(a) Except as hereinafter provided, a copy of the notice of the call for any redemption identifying the 2006 Bonds to be redeemed shall be given by the Trustee to the Bondholders by first class mail, postage prepaid, with respect to 2006 Bonds during a Daily Rate Period or a Weekly Rate Period, not less than 15 days and not more than 30 days prior to the date fixed for redemption and, with respect to 2006 Bonds bearing interest during an ARS Interest Rate Period, a Term Rate Period, a Flexible Rate Period or a Fixed Rate Period, not less than 30 nor more than 60 days prior to the date fixed for redemption, to the registered owners of 2006 Bonds to be redeemed at their addresses as shown on the Bond Register. Such notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2006 Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to Section 401(c) hereof the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2006 Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited. Prior to the Fixed Rate Conversion Date, immediate Notice of any such redemption shall also be given to the Remarketing Agent promptly following the giving of notice to the Bondholders as aforesaid.

(b) Notwithstanding Section 402(a) hereof, if the 2006 Bonds are to be redeemed pursuant to Section 401(b) hereof, the Trustee shall give immediate Notice to the Bank upon receipt of the written request of the Authority.

(c) Failure to give notice in the manner prescribed hereunder with respect to any 2006 Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2006 Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2006 Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2006 Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

(d) If any 2006 Bond is transferred or exchanged on the Bond Register by the Bond Registrar after notice has been given calling such 2006 Bond for redemption, the Trustee will attach a copy of such notice to the 2006 Bond issued in connection with such transfer or exchange.

#### **Section 403. SELECTION OF BONDS TO BE REDEEMED**

If less than all the 2006 Bonds shall be called for redemption under any provision of the Indenture permitting such partial redemption, the particular 2006 Bonds or portions thereof to be redeemed shall be selected by the Authority, in the principal amount designated in writing to the Trustee by the Authority or otherwise as required by the Indenture; provided, however, that (i) Bank Bonds shall be redeemed first; (ii) in the case of the mandatory redemption of 2006 Bonds which have been assigned to a particular mandatory redemption date pursuant to Section 401(c) hereof, such 2006 Bonds shall be redeemed on the designated dates; and (iii) subject to other applicable provisions of the Indenture, the portion of any 2006 Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting 2006 Bonds for redemption, the Trustee shall treat each 2006 Bond as representing that number of 2006 Bonds which is obtained by dividing the principal amount of such 2006 Bond by the minimum Authorized Denomination. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any 2006 Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the owner of such 2006 Bond shall forthwith surrender such 2006 Bond to the Trustee for (a) payment to such owner of the redemption price of the integral multiple of the Authorized Denomination of principal amount called for redemption and (b) delivery to such owner a new 2006 Bond or 2006 Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such 2006 Bond. New 2006 Bonds representing the unredeemed balance of the principal amount of such 2006 Bond shall be issued to the registered owner thereof without charge therefor.

### **ARTICLE V THE TENDER AGENT AND REMARKETING AGENT**

#### **Section 501. TENDER AGENT**

The Trustee may, at all times on or before the Fixed Rate Conversion Date, appoint a Tender Agent with the power to act, on or prior to the Fixed Rate Conversion Date, on the Trustee's behalf and subject to its direction in the authentication and delivery of the 2006 Bonds and in connection with registration of transfers and exchanges, tenders, redemptions, notices and purchases thereof and payments thereon, as fully to all intents and purposes as though the Tender Agent had been expressly authorized hereunder to authenticate, deliver, pay, transfer and exchange 2006 Bonds, receive notices pursuant to Section 301, purchase tendered Bonds and make payments on the 2006 Bonds. The Trustee and the Tender Agent may enter into an agreement whereby the Tender Agent agrees to calculate the interest to be paid on each interest Payment Date, and will relay such information to the Trustee for its confirmation. In the absence of such an agreement, the Trustee shall calculate such interest. For all purposes, any such Tender Agent shall be deemed to be acting solely as the agent of the Trustee and the authentication, delivery, transfer or exchange of 2006 Bonds, receipt of notices pursuant to Section 301, purchase of Tendered Bonds and payment of 2006 Bonds by the Tender Agent pursuant to this Section shall be deemed to be the authentication, delivery, transfer or exchange of 2006 Bonds, receipt of such notices, purchase of Tendered Bonds and payment of 2006 Bonds by the Trustee. Such Tender Agent shall at all times be a commercial bank with trust powers or trust company organized under the laws of the United States of America or one of the states thereof, having an office in New York, New York (or having an agent with such an office) and shall at all times be an institution organized and doing business under the laws of the United States or of any state authorized under such laws to exercise corporate trust powers, subject to supervision or examination by federal or state authorities (a) with a combined capital and surplus of at least \$500,000,000 or (b) affiliated with the Trustee. If such institution publishes reports of condition at least annually pursuant to law or the

requirements of such authorities, then for the purposes of this Section the combined capital and surplus of such institution shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. The appointment of a Tender Agent under this Section shall be effective upon acceptance by the Tender Agent and shall continue until the Trustee making such appointment shall rescind such appointment, the Tender Agent shall resign, or until the effective date of the resignation or removal of such Trustee pursuant to the provisions of this Fourth Supplement to the Amended and Restated Indenture. The Tender Agent may act through an agent constituting a commercial bank with trust powers or trust company. If at any time on or prior to the Fixed Rate Conversion Date there is no Tender Agent, all references herein to the Tender Agent shall be deemed to refer to the Trustee. The Tender Agent shall be entitled to the same rights and shall be subject to the same obligations hereunder as the Trustee, and shall enjoy the same protective provisions in the performance of its duties hereunder as are specified in the Indenture with respect to the Trustee insofar as such provisions may be applicable.

The Trustee shall make such arrangements with the Tender Agent, in addition to those made as provided herein, as are necessary to be made and to be thereafter continued whereby funds from the sources specified herein will be made available to pay when due the principal and redemption price of, and interest on, 2006 Bonds bearing interest at a Variable Rate or a Flexible Rate.

#### **Section 502. REMARKETING AGENT**

Following Conversion from ARS to a Variable Rate, the Authority shall appoint a Remarketing Agent for the 2006 Bonds. The Remarketing Agent shall designate its Principal Office to the Trustee, the Authority, the Tender Agent and the Bank and signify its acceptance of the duties and obligations imposed upon it hereunder by a written instrument of acceptance delivered to the Authority, the Trustee, and the Tender Agent under which the Remarketing Agent will agree, particularly:

(a) to hold all moneys delivered to it for the purchase of 2006 Bonds for the account of and for the benefit of the person or entity which shall have so delivered such moneys until the 2006 Bonds purchased with such moneys shall have been delivered to or for the account of such person or entity; and

(b) to keep such books and records as shall be consistent with prudent industry practice, and to make such books and records available for inspection by the Authority, the Trustee, the Tender Agent and the Bank at all reasonable times.

The Authority shall cooperate with the Trustee, the Tender Agent and the Bank to cause the necessary arrangements to be made and to be thereafter continued whereby funds from the sources specified herein will be made available for the purchase of 2006 Bonds presented at the Payment Office of the Tender Agent and whereby 2006 Bonds, executed by the Authority and authenticated by the Trustee or the Tender Agent, shall be made available to the Remarketing Agent to the extent necessary for delivery pursuant to Section 308 hereof.

The Remarketing Agent may at any time resign and be discharged of the duties and obligations created by the Indenture by giving at least 30 days' notice to the Authority, the Bank, the Trustee and the Tender Agent. The Remarketing Agent may be removed at any time upon 30 days' notice, by an instrument, signed by the Authority and filed with the Remarketing Agent, the Bank, the Trustee and the Tender Agent.

In the event of the resignation or removal of the Remarketing Agent, the Remarketing Agent shall pay over, assign and deliver any moneys and 2006 Bonds held by it in such capacity to its successor or, if there be no successor, to the Trustee.

In the event that the Authority shall fail to appoint a Remarketing Agent hereunder, or in the event that the Remarketing Agent shall resign, be removed or be dissolved, or if the property or affairs of the Remarketing Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, and the Authority shall not have appointed its successor as Remarketing Agent, the Trustee, notwithstanding the provisions of the first paragraph of this Section 502, shall ipso facto be deemed to be the Remarketing Agent for all purposes of the Indenture until the appointment by the Authority of the Remarketing Agent or successor Remarketing Agent, as the case may be; provided, however, that the Trustee, in its capacity as Remarketing Agent, shall not be required to remarket Bonds, or to determine the interest rate on the 2006 Bonds.

The Remarketing Agent for its own account or as broker or agent for others may deal in 2006 Bonds and may do anything any other Bondholder may do to the same extent as if the Remarketing Agent were not serving as such.

The Remarketing Agent will not be entitled to any compensation from the Trustee or the Tender Agent or have any claim or rights with respect to any property, rights or interests constituting a part of the trust estate or otherwise held under the Indenture, but must make separate arrangements with the Authority for compensation.

#### **Section 503. QUALIFICATIONS OF REMARKETING AGENT**

Except in the case of the interim appointment of the Trustee to serve as Remarketing Agent pursuant to Section 502 hereof, the Remarketing Agent shall at all times be registered as a Municipal Securities Dealer under the Securities Exchange Act of 1934, as amended, and be authorized by law to perform all the duties contemplated by the Indenture to be performed by the Remarketing Agent and shall have knowledge and experience in the remarketing of securities such as the 2006 Bonds and shall not be unacceptable to the Bank.

### **ARTICLE VI REVENUES AND FUNDS**

#### **Section 601. DEBT SERVICE FUND.**

(a) The Trustee shall establish as a part of the Debt Service Fund in respect of the 2006 Bonds a 2006 Bonds Sinking Fund Account (the "2006 Bonds Sinking Fund Account") for the retirement of the 2006 Bonds. Moneys deposited in the 2006 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 2006 Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund in respect of the 2006 Bonds to the 2006 Bonds Sinking Fund Account on June 1 of the years and in the amounts required to retire 2006 Bonds as and to the extent required pursuant to Section 401(c) of this Fourth Supplement to the Amended and Restated Indenture. Notwithstanding the foregoing, so long as the 2006 Bonds are ARS, if any June 15<sup>th</sup> is not an ARS Interest Payment Date, the Trustee shall transfer such moneys from the Debt Service Fund in respect of the 2006 Bonds to the 2006 Bonds Sinking Fund Account on the date that is fifteen (15) days prior to the ARS Interest Payment Date.

on which the 2006 Bonds are required to be redeemed pursuant to Section 401(c) of this Fourth Supplement to the Amended and Restated Indenture.

Prior to May 1 of each year in which 2006 Bonds are subject to mandatory redemption as described in Section 401(c) of this Fourth Supplement to the Amended and Restated Indenture, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 2006 Bonds Sinking Fund Account of as many 2006 Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the holders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of the 2006 Bonds). Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 402 of this Fourth Supplement to the Amended and Restated Indenture, so long as any 2006 Bonds shall remain Outstanding, the Trustee shall select 2006 Bonds for redemption, selecting any Bank Bonds first and thereafter by lot, on June 15 of such year, a principal amount of 2006 Bonds as shall represent the difference between the principal amount of such 2006 Bonds fixed for redemption on such date as described in Section 401(c) of this Fourth Supplement to the Amended and Restated Indenture and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

## ARTICLE II ISSUANCE OF AND INTEREST ON THE 2008 BONDS

### Section 201. ISSUANCE OF BONDS

(a) The 2008 Bonds shall be issued in two series, designated, respectively, "Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2008A" and "Pennsylvania Intergovernmental Cooperation Authority, Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2008B" (with appropriate designation, if any, reflecting the then-current Interest Rate Period) and shall be issued in the aggregate principal amount of \$214,565,000 consisting of \$133,740,000 2008A Bonds and \$80,825,000 2008B Bonds. The 2008 Bonds shall be issuable as fully registered Bonds in Authorized Denominations. Unless the Authority shall otherwise direct, the 2008A Bonds shall be numbered consecutively from AR-1 upward and the 2008B Bonds shall each be numbered consecutively from BR-1 upward. Interest on the 2008 Bonds shall be payable on each Interest Payment Date, until payment of the principal amount of such 2008 Bond, or provision therefor, shall have been made upon redemption, at Maturity or otherwise. Each Bond shall be dated as of the most recent Interest Payment Date to which Interest has been duly paid or provided for next preceding its date of issue, unless issued on an Interest Payment Date on which interest has been paid or provided for, in which event it shall be dated as of such Interest Payment Date or, if issued prior to the first Interest Payment Date on which interest is paid, it shall be dated the date of initial issuance of the 2008 Bonds.

(b) The 2008A Bonds shall mature on June 15, 2022 and the 2008B Bonds shall mature on June 15, 2020.

(c) The 2008 Bonds shall bear interest accruing for each Interest Accrual Period payable on the next Interest Payment Date. The 2008 Bonds shall bear interest from and including the Interest Payment Date next preceding the relevant Conversion Date, unless such Conversion Date shall be an Interest Payment Date to which interest on the 2008 Bonds has been paid in full or duly provided for, in which case they shall bear interest from and including such Conversion Date. Interest during a Flexible Rate Period shall be calculated on the basis of a 365/366 day year for the actual number of days elapsed. Interest during a Variable Rate Period shall be calculated on the basis of a 365/366 day year for the actual number of days elapsed except during a Term Rate Period and during a Fixed Rate Period interest shall be calculated on the basis of a 360-day year composed of twelve 30-day months.

(d) By acceptance of any 2008 Bond, the registered owner thereof shall be deemed to have agreed, during a Flexible Rate Period, to the Flexible Rate, Interest Period and Repurchase Date then applicable thereto and to have further agreed to sell such Bond to the Tender Agent on the Repurchase Date applicable thereto at the Repurchase Price. Such registered owner by such acceptance shall be deemed to have acknowledged that if funds for such purchase are on deposit with the Trustee or the Tender Agent on such Repurchase Date, such registered owner shall have no rights under the Indenture other than to receive the Repurchase Price and such Bonds shall no longer be considered to be Outstanding Bonds (pursuant to paragraph (e) of the definition of such term in Section 103 hereof) for purposes of this Fifth Supplement to the Amended and Restated Indenture.

(e) The principal of and premium, if any, on any 2008 Bonds shall be payable at the Principal Office of the Trustee, upon presentation and surrender of such 2008 Bonds, which presentation and surrender can be made at the Principal Office of the Tender Agent. Payment of principal of any 2008 Bond shall be made to any owner of \$1,000,000 or more in

aggregate principal amount of 2008 Bonds by wire transfer to such owner on the principal payment date for said 2008 Bonds upon written notice from such owner containing the wire transfer address within the continental United States to which such owner wishes to have such wire directed, which written notice is received not later than the tenth (10<sup>th</sup>) day next preceding the principal payment or maturity date applicable to such 2008 Bonds, provided that such wire transfer shall only be made upon presentation and surrender of such 2008 Bonds at the Principal Office of the Trustee or Tender Agent, as applicable, on the principal payment date. Any payment of the purchase price of a Tendered Bond shall be payable at the Principal Office of the Tender Agent, upon presentation and surrender of such Bond, as provided in Article V hereof.

(f) Interest payments on a 2008 Bond (other than with respect to defaulted interest) shall be made to the registered owner thereof appearing on the Bond Register as of the close of business of the Bond Registrar on the Record Date; provided, however, that during a Flexible Rate Period such payments shall be payable only upon presentation and surrender of such Bond to the Tender Agent. Interest on the 2008 Bonds shall, except as hereinafter provided, be paid: (i) during a Flexible or Variable Rate Period; by check or draft of the Tender Agent mailed on the Interest Payment Date to such registered owner at the address of such owner as it appears on the Bond Register or at such other address furnished in writing by such registered owner to the Tender Agent; (ii) during a Flexible or Variable Rate Period, by wire transfer sent on the Interest Payment Date to the registered owner upon written notice to the Tender Agent from the registered owner containing the wire transfer address (which shall be in the continental United States) to which the registered owner wishes to have such wire directed which written notice is received not later than the Business Day prior to the first Interest Payment Date to which it relates, it being understood that such notice may refer to multiple interest payments; (iii) on or prior to the Fixed Rate Conversion Date, in such other fashion as is agreed upon between the registered owner and the Tender Agent, including, without limitation, by wire transfer upon such prior notice as may be satisfactory to the Tender Agent or (iv) after the Fixed Rate Conversion Date, by check or draft of the Trustee mailed on the Interest Payment Date to such registered owner at the address of such owner as it appears on the Bond Register in accordance with the provisions of Section 2.03 of the Amended and Restated Indenture.

(g) During any Variable Rate Period other than a Term Rate Period, the Trustee agrees to provide through the Tender Agent upon request to the Tender Agent by any Bondholder an oral statement as to the Variable Rates in effect since the most recent preceding Interest Payment Date and, upon request, to mail on each Interest Payment Date occurring during a Variable Rate Period to each Bondholder written notice of the Variable Rates in effect since the last preceding Interest Payment Date.

(h) The 2008 Bonds shall be substantially in the form hereinafter set forth with such appropriate variations, omissions and insertions as are permitted or required by the Indenture or deemed necessary by the Trustee and the Authority. On each date on which the Trustee or the Tender Agent authenticates and delivers 2008 Bonds during a Flexible Rate Period applicable to such 2008 Bonds as provided in Section 204 hereof, the Trustee or the Tender Agent shall complete the information required in the form of 2008 Bond attached as Exhibit A hereto for the purpose of maintaining an accurate record of the terms and provisions of the interest period then applicable to such 2008 Bond. During the period the 2008 Bonds are maintained in book-entry form pursuant to Section 207 hereof, the Trustee may instead maintain such information on its books and records and make the same available electronically to DTC.

**Section 202. INITIAL INTEREST RATES; SUBSEQUENT RATES; RATE PERIODS**

(a) Each series of the 2008 Bonds shall bear interest from the date of original issuance at a Variable Rate with a Weekly Rate Period from and including the date of initial issuance until a Conversion Date. The initial Variable Rate and the initial Weekly Rate Period shall be set forth in the purchase contract entered into between the Authority and the Underwriter. During each Variable Rate Period for a series of the 2008 Bonds, such series shall bear interest at the lesser of (i) the Interest Coverage Rate or (ii) the Variable Rate. In no event shall the interest rate on the 2008 Bonds exceed the Maximum Rate. During the Fixed Rate Period for a series of the 2008 Bonds, such Bonds shall bear interest at a Fixed Rate.

(b) Limits on Interest Periods and Rates. No Interest Period shall be established during a Flexible Rate Period and no Variable Rate Period shall be established which would cause the Interest Coverage Period of the Liquidity Facility to be less than the requirements of Section 310(h) hereof. No interest rate on a 2008 Bond shall be established during a Variable Rate Period which exceeds the Interest Coverage Rate. No Interest Period or Flexible Rate shall be established during a Flexible Rate Period which would cause the aggregate amount of all interest which could accrue on the 2008 Bonds bearing interest at the Flexible Rate during such Flexible Rate Period to exceed the Interest Component allocable to such Bonds. In addition, no Flexible Rate shall be established which exceeds the applicable Interest Coverage Rate and no Interest Period shall be established during a Flexible Rate Period which exceeds 270 days. During each Variable Rate Period, the 2008 Bonds shall bear interest at the lesser of (1) the Interest Coverage Rate or (ii) the Variable Rate. During the Fixed Rate Period, the 2008 Bonds shall bear interest at a Fixed Rate.

(c) Bank Bonds. Notwithstanding anything herein to the contrary, Bank Bonds shall bear interest at the Bank Rate, determined in accordance with, calculated pursuant to, and payable in accordance with, the provisions of the Liquidity Facility and not the Variable Rate or Flexible Rate that would otherwise be applicable to such 2008 Bonds were they not Bank Bonds.

(d) Conversions. With the consent of the Bond Insurer, the Authority may elect to convert one or both series of the 2008 Bonds to interest rate modes as provided in Sections 203, 204 and 205 hereof. Upon such conversion, such series of the 2008 Bonds may accrue interest at such interest rate modes as provided in this Fifth Supplement to the Amended and Restated Indenture. In order to effect such conversion, the Authority shall provide written direction to the Trustee, the Tender Agent (if any), the Remarketing Agent (if any) of its election to convert the 2008 Bonds to another interest rate mode and comply with the notice, mandatory tender and other provisions set forth in this Fifth Supplement to the Amended and Restated Indenture. In connection with any conversion to or from a Variable Rate Period or a Flexible Rate Period or a conversion to a Fixed Rate Period, in addition to the other conditions to conversion set forth in this Fifth Supplement to the Amended and Restated Indenture, the Trustee must have received written evidence from each Rating Agency then maintaining a rating on the 2008 Bonds that such rating will not be reduced or withdrawn due to such conversion (other than a withdrawal of a short term rating upon a remarketing into a Fixed Rate Period) and the Remarketing Agent (if any) shall have received firm commitments for the purchase of all 2008 Bonds being converted to bear interest in such new rate period on or before such Conversion Date.

(e) Conversion to Fixed Rate in Extraordinary Circumstances. So long as (i) the Bond Insurer (A) is not in default under the Bond Insurance Policy, and (B) maintains an

investment grade rating with each of the Rating Agencies, and (ii) the Bond Insurance Policy is in full force and effect and enforceable in accordance with its material terms; the Bond Insurer may, upon sixty (60) days notice, direct that the interest rate mode on any series of the 2008 Bonds shall be converted to a Fixed Rate pursuant to the procedures set forth in Section 205 or Section 306(c) herein (i) upon failure of the Bank to purchase such series of 2008 Bonds when required hereunder or under the Liquidity Facility; (ii) upon expiration or termination of the Liquidity Facility with no substitution therefor; (iii) if any such 2008 Bonds are held as Bank Bonds for 45 days or more in any bond year or there are two failed attempts to remarket such 2008 Bonds in any bond year; (iv) if Bank Bonds or more than fifteen percent (15%) of the aggregate principal amount of 2008 Bonds bear interest at the Maximum Rate applicable to such bonds for a period of 30 consecutive days, or (v) if the Authority fails to replace the Liquidity Facility when required. With the Bond Insurer's consent, this Section 202(e) may be amended or waived by the Authority and the trustee without the consent of the holders of any Bond under the Indenture.

(f) Conversion of Interest Rate Mode. Any conversion of the interest rate mode on the 2008 Bonds that would result in (i) 2008 Bonds being remarketed at a premium or (ii) a change in the original amortization schedule for the 2008 Bonds shall require the prior consent of the Bond Insurer.

### **Section 203. VARIABLE RATES; CONVERSIONS TO VARIABLE RATE PERIODS**

(a) Determination by Remarketing Agent: Notice of Rates Determined. Except as hereinafter provided, the Variable Rate to be applicable to any series of the 2008 Bonds during any Variable Rate Period shall be determined by the Remarketing Agent and notice thereof shall be given as follows:

(i) Notice of each Variable Rate shall be: (A) given by Immediate Notice by the Remarketing Agent to the Tender Agent not later than 12:00 noon, New York City time, on the date of determination for each Daily and Weekly Rate Period and not later than 12:00 noon New York City time, on the Business Day immediately succeeding the date of determination for each Term Rate Period; (B) given by Immediate Notice not later than 5:00 p.m., New York City time for each Daily and Weekly Rate Period, in each case on the date of determination, and by 12:00 noon, New York City time, on the Business Day immediately succeeding the date of determination for each Term Rate Period, by the Tender Agent to the Trustee and the Authority, and, during Term Rate Periods, by first class mail postage prepaid on the third Business Day immediately succeeding the date of determination by the Tender Agent to the holders of such 2008 Bonds; and (C) available commencing on the Business Day immediately succeeding the date of determination during Daily and Weekly Rate Periods by telephone from the Tender Agent upon request of any owner of a 2008 Bond.

(ii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Variable Rate for any Variable Rate Period when required hereunder:

(A) for 2008 Bonds in a Daily Rate Period or Weekly Rate Period, the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. (or a replacement publisher of the SIFMA Municipal Swap Index designated in writing by the Authority to the Trustee and the Remarketing Agent; provided that if Munifacts Wire System, Inc. or such replacement publisher does not publish the SIFMA Municipal Swap Index on a day

on which a Variable Rate is to be set, the Variable Rate shall be 135% of a comparable Index selected by the Authority published by Munifacts Wire System, Inc. or such replacement publisher at such time (such alternate Index being referred to herein as a "Alternate Index")) until the Remarketing Agent next determines the Variable Rate as required hereunder;

(B) for 2008 Bonds in a Term Rate Period with a duration of one year or less, such 2008 Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. (or an Alternate Index) until the Remarketing Agent next determines the Variable Rate as required hereunder; and

(C) for 2008 Bonds in a Term Rate Period with a duration in excess of one year, such 2008 Bonds shall automatically convert to a Term Rate Period of two years and the Variable Rate for such Rate Period shall be equal to the sum of (i) the yield on 2 year "A" rated general obligation bonds as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Variable Rate Adjustment Date plus (ii) 5 basis points unless the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee (which opinion may be based upon a ruling or rulings of the Internal Revenue Service) with respect to the conversion of the 2008 Bonds to Variable Rates for Weekly Rate Periods, in which case the 2008 Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System (or an Alternate Index) until the Remarketing Agent next determines the Variable Rate as required hereunder.

(iii) All determinations of Variable Rates pursuant to this Section shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2008 Bonds to which such rates are applicable. Failure by the Trustee or the Tender Agent to give any notice as herein provided, any defect therein, and any failure by any 2008 Bondholder to receive any such notice (including without limitation any Immediate Notice) shall not extend the period for making elections, in any way change the rights of the owners of 2008 Bonds to elect to have such 2008 Bonds purchased, in any way change the conditions which must be satisfied in order for such election to be effective or for payment of the purchase price to be made after an effective election or in any way change such owner's obligation to tender the 2008 Bonds for purchase.

(b) Daily Rates and Weekly Rates. A Variable Rate shall be determined by the Remarketing Agent (i) for each Daily Rate Period not later than 10:30 a.m., New York City time, on the commencement date of the Daily Rate Period to which it relates and (ii) for each Weekly Rate Period not later than 10:00 a.m., New York City time, on the commencement date of the Weekly Rate Period to which it relates (or the preceding Business Day if such day is not a Business Day).

At the option of the Authority, and with the consent of the Bond Insurer, if any, the 2008 Bonds may be converted from one Variable Rate Period to another and from a Term Rate Period of one length to a Term Rate Period of a different length as follows:

(I) In any such case, the Variable Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that if the conversion is from a Term Rate Period to a different Variable Rate Period or a Term Rate Period of a different length, the Variable Rate Conversion Date shall be limited to a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(II) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Bond Insurer, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (III) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made.

As a precondition to effecting a change to a different Variable Rate Period or to a Term Rate Period of a different length, on or before the Variable Rate Conversion Date, a Favorable Opinion shall be delivered to the Authority, the Trustee and the Tender Agent. Notwithstanding the foregoing, such Favorable Opinion shall not be required to be delivered in either case with respect to (i) a conversion to a Daily Rate Period or Weekly Rate Period or to a Term Rate Period with a duration of one year if the immediately preceding Period was a Daily Rate Period or Weekly Rate Period or a Term Rate Period with a duration of one year or (ii) a conversion to a Term Rate Period with a duration of more than one year if the immediately preceding Variable Rate Period was a Term Rate Period with a duration of more than one year.

(III) Not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period or any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to the holders of all 2008 Bonds to be converted. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2008 Bonds governed by such Section.

(IV) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

(e) Conversions from Flexible Rate Periods. At the option of the Authority, and with the consent of the Bond Insurer, if any, any series of the 2008 Bonds may be converted from a Flexible Rate Period to a Variable Rate Period as follows:

(I) The Variable Rate Conversion Date shall be the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Periods theretofore established for the 2008 Bonds to be converted.

(II) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Bond Insurer, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (III) below. Such notice shall

specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made. In addition, on or before the Variable Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent a Favorable Opinion. Notwithstanding the provisions of the preceding sentence, such Favorable Opinion shall not be required to be delivered with respect to a conversion to a Daily Rate Period, a Weekly Rate Period or to a Term Rate Period with a duration of one year.

(iii) Not less than fourteen (14) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period and not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to all holders of the 2008 Bonds to be converted; provided, however, that the Tender Agent shall not mail such written notice until it has received a written confirmation from the Remarketing Agent, if any, that no Interest Period for such 2008 Bonds extends beyond the Variable Rate Conversion Date. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

#### **Section 204. FLEXIBLE RATES; CONVERSIONS TO FLEXIBLE RATE PERIODS**

(a) Flexible Rates. A Flexible Rate for each Interest Period shall be determined as follows:

(i) The Interest Periods for each 2008 Bond shall be of such duration, not exceeding 270 days, as may be offered by the Remarketing Agent and specified by the purchaser pursuant to Section 302 or 303 hereof.

(ii) The Flexible Rate for each Interest Period shall be effective from and including the commencement date of such period through and including the last day thereof. Each such Flexible Rate shall be determined by the Remarketing Agent in connection with the sale of the 2008 Bond or 2008 Bonds to which it relates pursuant to Section 302 or 303 hereof.

(iii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Interest Period or Flexible Rate when required hereunder, the Interest Period shall be of the shortest permitted duration and the Flexible Rate shall be equal to 135% of the SIFMA Municipal Swap Index in effect on the first day of such Interest Period.

(iv) All determinations of Flexible Rates and Interest Periods pursuant to this Section shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2008 Bonds to which such rates and periods are applicable.

(b) Conversions to Flexible Rate Periods. At the option of Authority, and with the consent of the Bond Insurer, if any, any series of the 2008 Bonds may be converted from a Variable Rate Period to a Flexible Rate Period as follows:

(i) (i) In any such case, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that in the case of a conversion from a Term Rate Period, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Trustee, the Tender Agent, the Remarketing Agent, the Bond Insurer, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below: Such notice shall specify the Flexible Rate Conversion Date. In addition, on or before the Flexible Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent a Favorable Opinion. Notwithstanding the provisions of the preceding sentence, such opinion shall not be required to be delivered with respect to a conversion from a Daily Rate Period or Weekly Rate Period or from a Term Rate Period with a duration of one year or less.

(iii) Not less than thirty (30) days prior to the Flexible Rate Conversion Date, the Tender Agent shall mail a written notice of the conversion to all holders of the 2008 Bonds to be converted, specifying the Flexible Rate Conversion Date and setting forth the matters required to be stated pursuant to Section 303 hereof with respect to purchases of 2008 Bonds governed by such Section.

#### **Section 205. FIXED RATE CONVERSION AT OPTION OF THE AUTHORITY**

At the option of the Authority, and with the consent of the Bond Insurer, any series of the 2008 Bonds bearing interest at a Variable Rate, or Flexible Rates may be converted to bear interest at the Fixed Rate as hereinafter provided. Any such conversion shall be made as follows:

(a) The Fixed Rate Conversion Date shall be: (i) In the case of a conversion from a Variable Rate Period other than a Term Rate Period, a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; (ii) In the case of a conversion from a Term Rate Period, a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced; or (iii) In the case of a conversion from a Flexible Rate Period, a day which is the last regularly scheduled Interest Payment Date on which interest is payable for any interest Period theretofore established for the 2008 Bonds to be converted.

(b) Not less than seven (7) Business Days prior to the date on which the Tender Agent or the Trustee is required to notify the Bondholders of the conversion pursuant to paragraph (c) below, the Authority shall give written notice of the conversion to the Trustee, the Tender Agent, if any, the Remarketing Agent, if any, the Bond Insurer, if any, and the Bank, if any, setting forth the Proposed Fixed Rate Conversion Date. In addition, on or before the Fixed Rate Conversion Date, the Authority shall cause to be filed with the Authority, the Trustee and the Tender Agent, if any, a Favorable Opinion with respect to the conversion of any series of the 2008 Bonds to the Fixed Rate.

(c) In the event of a conversion from a Variable Rate Period or a Flexible Rate Period, the Tender Agent shall mail a notice of the proposed conversion to the holders of all 2008 Bonds to be converted not less than thirty (30) days prior to the Proposed Fixed Rate Conversion Date and shall inform the Bondholders of: (i) the Proposed Fixed Rate Conversion Date; and (ii) the matters required to be stated pursuant to Section 304 hereof with respect to purchases of 2008 Bonds governed by such Section.

(d) Not later than 12:00 noon, New York City time, on the Business Day prior to the Fixed Rate Conversion Date, the Remarketing Agent shall deliver to the Trustee and the Authority a certificate, approved by the Authority, which includes (i) a schedule specifying the principal amount of 2008 Bonds of the relevant series to mature on the first June 15 occurring after the Fixed Rate Conversion Date and on each June 15 thereafter to and including the June 15<sup>th</sup> occurring on or after the fifth anniversary of the Fixed Rate Conversion Date, (ii) a schedule specifying the principal amount of 2008 Bonds to be called for mandatory redemption on each June 15 occurring after the last June 15 specified pursuant to (i), but prior to the Final Maturity Date for such 2008 Bonds, (iii) the principal amount of each series 2008 Bonds to mature on the Final Maturity Date for such series, (iv) the Fixed Rate to be applicable to each maturity of the 2008 Bonds of the relevant series and (v) a schedule specifying the interest to be paid on each Interest Payment Date of each year, commencing with the first Interest Payment Date to occur after the Fixed Rate Conversion Date, to and including the Final Maturity Date. In determining the amount of interest and principal that shall be payable on such dates, the Remarketing Agent shall use the following guidelines:

(i) The Fixed Rate(s) established for the any series of the 2008 Bonds to be effective on the Fixed Rate Conversion Date shall be set forth in an underwriting or purchase contract and shall equal the minimum interest rate(s) necessary to remarket such 2008 Bonds on the Fixed Rate Conversion Date at an aggregate purchase price of 100% of the principal amount thereof taking into account the fact that such 2008 Bond shall mature or be subject to mandatory sinking fund redemption on a particular June 15 up to and including the Final Maturity Date in accordance with (d) above, that all 2008 Bonds bearing interest at such Fixed Rate(s) shall pay interest semiannually on each Interest Payment Date of each year, that all such 2008 Bonds maturing on a particular June 15 shall bear interest at the same rate;

(ii) The schedule of principal payments shall be set to match the principal payments under the mandatory sinking fund redemption for such series of 2008 Bonds set forth in Section 401(c) hereof.

The determination of the Fixed Rate(s) shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, if any, the Bank, if any, the Bond Insurer and the holders of the 2008 Bonds to which such rate(s) will be applicable. Not later than 5:00 p.m., New York City time, on the date of determination of the Fixed Rate(s), the Remarketing Agent shall notify the Trustee and the Authority of such rate(s) by telephone. Not later than 5:00 p.m., New York City time, on the next succeeding Business Day, the Trustee shall give Immediate Notice of such rate(s) to the Tender Agent, if any, and the Bank, if any, and the Bond Insurer.

(e) The Authority may revoke its election to effect a conversion of the interest rate on any series of the 2008 Bonds to the Fixed Rate by giving written notice of such revocation to the Trustee, the Tender Agent, if any, the Remarketing Agent, if any, the Bank, if any, and the Bond Insurer at any time prior to the setting of the Fixed Rate by the Remarketing Agent.

(f) It shall be a condition to effecting a conversion to the Fixed Rate that all of the Bonds shall be successfully remarketed.

#### **Section 206. CERTAIN CHANGES IN TERM RATE PERIOD NOT A CONVERSION**

In the event that a Term Rate Period is shorter than the immediately preceding Term Rate Period due to the occurrence of the Maturity Date of such series of the 2008 Bonds, such difference in length of the last Term Rate Period shall not be considered to cause a Variable Rate Conversion Date to occur and the conditions required by Section 203 to convert from a Term Rate Period of one length to a Term Rate Period of a different length shall not be required to be satisfied.

#### **Section 207. BOOK ENTRY SYSTEM**

(a) It is intended that the Bonds be registered so as to participate in a securities depository system with DTC (the "DTC System"), as set forth herein. Except as provided in subparagraph (c) of this Section, the registered owner of all of the 2008 Bonds shall be DTC and the 2008 Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on any Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of immediately available funds to the account of Cede & Co. on the Interest Payment Date for the 2008 Bonds at the address indicated on the Record Date or Special Record Date for Cede & Co. in the Bond Register kept by the Trustee.

(b) The 2008 Bonds shall be initially issued in the form of separate single fully registered 2008 Bond for each separate series and maturity, authenticated by the Trustee in the amount of each separately stated maturity for each series of the 2008 Bonds. Upon initial issuance, the ownership of such 2008 Bonds shall be registered in the registry books of the Authority kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee and the Authority shall treat DTC (or its nominee) as the sole and exclusive owner of the 2008 Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the 2008 Bonds, selecting the 2008 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Fifth Supplement to the Amended and Restated Indenture, registering the transfer of 2008 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Trustee, the Tender Agent nor the Authority shall be affected by any notice to the contrary. Neither the Trustee, the Tender Agent nor the Authority shall have any responsibility or obligation to any DTC participant, any person claiming a beneficial ownership interest in the 2008 Bonds under or through DTC or any DTC participant, or any other Person which is not shown on the registration books of the Trustee as being a Bondholder, with respect to: (i) the accuracy of any records maintained by DTC or any DTC participant; (ii) the payment of DTC or any DTC participant of any amount in respect of the principal, purchase price or redemption price of or interest on the 2008 Bonds; (iii) any notice which is permitted or required to be given to Bondholders under the Indenture; (iv) the selection by DTC or any DTC participant of any Person to receive payment in the event of a partial redemption of the 2008 Bonds; or (v) any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal or purchase price of and premium, if any, and interest on the 2008 Bonds only to or "upon the order of" (as that term is used in the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania) DTC and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal of or purchase price and premium, if any, and interest on the 2008 Bonds to the extent of the sum or sums so paid. No Person other than DTC shall receive an authenticated Bond for each separately stated

maturity of the respective series evidencing the obligation of the Authority to make payments of principal of and premium, if any, and interest pursuant to this Fifth Supplement to the Amended and Restated Indenture. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to Record Dates, the word "Cede & Co." in this Fifth Supplement to the Amended and Restated Indenture shall be deemed to be changed to reflect such new nominee of DTC.

(c) In the event the Authority determines that it is in its best interest to discontinue the use of book entry system for the 2008 Bonds, the Authority may notify in writing DTC and the Trustee, whereupon DTC will notify the DTC participants of the availability through DTC of Bond certificates. In such event, the Trustee shall deliver, transfer and exchange Bond certificates as directed in writing by DTC as the Bondholder in appropriate amounts. DTC may determine to discontinue providing its services with respect to the 2008 Bonds at any time by giving written notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Authority and the Trustee, at the sole cost of the Authority, shall be obligated to deliver Bond certificates as directed in writing by DTC. In the event Bond certificates are issued, the provisions of the Indenture shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates. Whenever DTC requests the Authority and the Trustee to do so, the Trustee and the Authority will cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the 2008 Bonds to any DTC participant having 2008 Bonds credited to its DTC account, or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the 2008 Bonds.

(d) Notwithstanding any other provision of this Fifth Supplement to the Amended and Restated Indenture to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal or purchase price of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Authority or the Trustee with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC as sole Bondholder notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole Bondholder.

(f) Anything herein to the contrary notwithstanding, so long as any 2008 Bonds are registered in the name of DTC or any nominee thereof, in connection with any optional tender of such 2008 Bonds, the beneficial owners of such 2008 Bonds are responsible for submitting the bondholder tender notice provided for in Section 301 to the Remarketing Agent.

(g) Upon remarketing of 2008 Bonds in accordance with Article III, payment of the purchase price thereof shall be made to DTC and no surrender of certificates is expected to be required. Such sale shall be made through DTC participants (which may include the Remarketing Agent) and the new beneficial owners of such 2008 Bonds shall not receive delivery of Bond certificates. DTC shall transmit payment to DTC participants, and DTC

participants shall transmit payment to beneficial owners whose 2008 Bonds were purchased pursuant to remarketing. Neither the Authority, the Trustee, the Tender Agent nor the Remarketing Agent shall be responsible for transfers of payment to DTC participants or beneficial owners.

(h) The provisions of this Section are subject to the provisions of this Fifth Supplement to the Amended and Restated Indenture relating to Bank Bonds. In connection with the issuance of the 2008 Bonds, an additional Bond for each series of 2008 Bonds will be executed, delivered to the Trustee in the original principal amount of zero dollars (each a "Global Bond") and a corresponding CUSIP number will be obtained by or on behalf of the Authority for each series of 2008 Bonds, to be authenticated by the Trustee and used in accordance with the then-current procedures of DTC, in the event that any of the 2008 Bonds of any series become Bank Bonds. At any time, the principal amount of the Global Bond will be equal to the principal amount of any outstanding Bank Bonds.

**Section 208. DELIVERY OF THE 2008 BONDS AND DISPOSITION OF PROCEEDS THEREOF.**

(a) Upon the execution and delivery of this Fifth Supplement, to the Amended and Restated Indenture, the Authority shall execute and deliver the 2008 Bonds to the Trustee and the Trustee shall authenticate the 2008 Bonds and deliver them to the initial purchaser or purchasers thereof as directed by the Authority in an order delivered by the Authority to the Trustee upon receipt of the proceeds of the 2008 Bonds. Proceeds from the sale of the 2008 Bonds, together with other available funds, shall be received by the Trustee and deposited in the Settlement Fund and shall then be disbursed and transferred from the Settlement Fund as follows:

(1) To or upon the order of the Authority, the amount specified by the Authority at or after the closing for the issuance of the 2008 Bonds as the costs of issuance of the 2008 Bonds (including, without limitation, fees and expenses of bond counsel, financial advisors, consultants, the Trustee and the Trustee's counsel, the City's counsel and consultants, and the Authority's counsel in connection with the issuance of the 2008 Bonds, fees payable to Bond Insurer with respect to the 2008 Bonds, printing costs payable by the Authority and rating agency fees, premium payments for the Bond Insurance Policy and fees in connection with the delivery of any Liquidity Facility) allocated pro rata from the proceeds of the 2008A Bonds and the 2008B Bonds, from available funds of the Authority.

(2) To the Trustee, to be deposited in the 2003 Bonds account of the Bond Redemption Fund, an amount equal to \$142,085,000, from the proceeds of the 2008A Bonds and other available funds, which will be applied to the redemption of all Outstanding 2003 Bonds called for redemption on May 15, 2008.

(3) To the Trustee, to be deposited in the 2006 Bonds account of the Bond Redemption Fund, an amount equal to \$85,500,000, from the proceeds of the 2008B Bonds and other available funds, which will be applied to the redemption of all Outstanding 2006 Bonds called for redemption on May 15, 2008.

Any amount remaining in the Settlement Fund after the foregoing disbursements and transfers shall be disbursed or transferred by the Trustee to the Debt Service Fund in respect of the 2008 Bonds.

(b) Pursuant to Section 5.07 of the Amended and Restated Indenture, as supplemented and amended by, among other provisions, Section 4.03 of the Second Supplement to the Amended and Restated Indenture, the Trustee is hereby instructed to transfer a portion of the funds in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement for all Outstanding Bonds, taking into account the redemption of the 2003 Bonds and the 2006 Bonds and the issuance and delivery of the 2008 Bonds, to the Redemption Fund for application to the redemption price of the 2003 Bonds and the 2006 Bonds, as set forth in the Closing Receipt for the 2008 Bonds.

The holders of 2008 Bonds bearing interest at Variable Rates may elect to have their 2008 Bonds or portions thereof in whole multiples of Authorized Denominations purchased at the Tender Price of such 2008 Bonds (or portions), on the following Optional Tender Dates and upon the giving of the following oral (which may be by telephone) or written (which may be by telecopy or facsimile communication) notices meeting the further requirements of subsection (b) below:

(i) Daily Rate Period. During a Daily Rate Period, 2008 Bonds may be tendered for purchase on any Business Day upon oral or written notice of tender given to the Tender Agent not later than 10:00 a.m., New York City time, on the Optional Tender Date;

(ii) Weekly Rate Period. During a Weekly Rate Period, 2008 Bonds may be tendered for purchase on any Business Day upon oral or written notice of tender to the Tender Agent not later than 5:00 p.m., New York City time, on a Business Day not less than seven (7) days prior to the Optional Tender Date; and

(iii) Term Rate Period. During a Term Rate Period, 2008 Bonds may be tendered for purchase on the first Business Day following such Term Rate Period upon delivery of a written notice of tender to the Tender Agent not later than 5:00 p.m., New York City time, on a Business Day not less than seven (7) days prior to the Optional Tender Date.

(b) Notice by Owner of Tender. Each notice of tender:

(i) shall, in the case of a written notice, be delivered to the Tender Agent at its Principal Office and be in form satisfactory to the Tender Agent;

(ii) shall, whether delivered orally or in writing, state (A) the name and address of such Bondholder and the principal amount of the Bond to which the notice relates, (B) that the Bondholder irrevocably demands purchase of such 2008 Bond or a specified portion thereof in a whole multiple of an Authorized Denomination, (C) the Optional Tender Date on which such 2008 Bond or portion is to be purchased and (D) the payment instructions with respect to the Tender Price; and

(iii) shall automatically constitute, whether delivered orally or in writing (A) an irrevocable offer to sell the 2008 Bond (or portion thereof) to which the notice relates on the Optional Tender Date to any purchaser selected by the Remarketing Agent, at a price equal to the Tender Price of such 2008 Bond (or portion thereof), (B) an irrevocable authorization and instruction to the Tender Agent to effect transfer of such 2008 Bond (or portion thereof) upon payment of the Tender Price to the Tender Agent on the Optional Tender Date, (C) an irrevocable authorization and instruction to the Tender Agent to effect the exchange of the 2008 Bond to be purchased in whole or in part for other 2008 Bonds in an equal aggregate principal amount so as to facilitate the sale of such Bond (or portion thereof) to be purchased, and (D) an acknowledgment that such Holder will have no further rights with respect to such 2008 Bond (or portion thereof) upon payment of the Tender Price thereof to the Tender Agent on the Optional Tender Date, except for the right of such Bondholder to receive such Tender Price upon surrender of such 2008 Bond to the Tender Agent.

The determination of the Tender Agent as to whether a notice of tender has been properly delivered pursuant to the foregoing shall be conclusive and binding upon the owner of such 2008 Bond.

Such payments shall be made in immediately available funds. With respect to the payment of the Tender Price, the Tender Agent shall apply in order: (A) moneys paid to it by the Remarketing Agent or by the new purchaser of the Tendered Bonds as proceeds of the remarketing of such 2008 Bonds by the Remarketing Agent, (B) moneys paid to it by the Bank for the purchase of 2008 Bonds pursuant to the Liquidity Facility, and (C) any other moneys provided by the Authority in its sole discretion. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated as provided in Section 306.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the date of purchase, the Tender Agent shall register and make available for pick-up or cancel all Bonds purchased on any Optional Tender Date as follows: (A) 2008 Bonds purchased or remarketed by the Remarketing Agent shall be registered and made available to the Remarketing Agent by 2:15 p.m., New York City time, in accordance with the instructions of the Remarketing Agent; (B) 2008 Bonds purchased pursuant to the Liquidity Facility shall be registered in the name of the Authority unless otherwise required by the Liquidity Facility and shall be held in trust by the Tender Agent on behalf of the registered owner; and (C) 2008 Bonds purchased with other moneys provided by the Authority shall be canceled or registered and delivered in accordance with the instructions of the Authority; provided that so long as a Liquidity Facility is in effect, such 2008 Bonds shall not be remarketed or delivered to the Authority unless the Liquidity Facility supports the payment of such 2008 Bonds in accordance with the terms of this Fifth Supplement to the Amended and Restated Indenture and the Liquidity Facility.

(v) Resale of Bonds Purchased Pursuant to the Liquidity Facility. In the event that any 2008 Bonds are purchased pursuant to the Liquidity Facility pursuant to subparagraph (iv) above, the Remarketing Agent shall continue to offer for sale and use its best efforts to sell such 2008 Bonds at a purchase price equal to the principal amount thereof plus accrued interest thereon. 2008 Bonds purchased pursuant to the Liquidity Facility shall not be delivered upon remarketing by the Remarketing Agent or any other sale unless the Liquidity Facility is reinstated for the principal amount thereof and the Interest Component applicable thereto in accordance with its terms.

(vi) Delivery of Bonds; Effect of Failure to Surrender Bonds. All 2008 Bonds to be purchased on any Optional Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Optional Tender Date with respect to Bonds during a Daily or Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Optional Tender Date with respect to Bonds during Term Rate Periods. If the owner of any 2008 Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such 2008 Bond to the Tender Agent for purchase on the Optional Tender Date and if the Tender Agent is in receipt of the Tender Price therefor, such 2008 Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2008 Bond (or portion thereof) shall be transferred to the purchaser thereof as provided in subsection (e)(iv) above. Any Bondholder who fails to deliver a 2008 Bond for purchase as required above shall have no further rights thereunder except the right to receive the Tender Price thereof upon presentation and surrender of said 2008 Bond to the Tender Agent and shall thereafter hold such 2008 Bond as agent for the Tender Agent. Such delivery shall be a condition to payment of the Tender Price by the Tender Agent on the Optional Tender Date.

#### Section 302. TENDERS DURING FLEXIBLE RATE PERIODS

(a) Repurchase Dates. Each 2008 Bond bearing interest at a Flexible Rate shall be subject to mandatory tender for purchase on each Repurchase Date at the Repurchase Price.

(b) Bonds to be Remarketed. Not later than 11:00 a.m., New York City time, on the Business Day immediately preceding each Repurchase Date, the Tender Agent shall give Immediate Notice to the Remarketing Agent and the Bank of the amount of 2008 Bonds which will be tendered on such Repurchase Date.

(c) Remarketing of Tendered Bonds. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2008 Bonds required to be purchased on the Repurchase Date. In remarketing the 2008 Bonds, the Remarketing Agent shall offer and accept purchase commitments for the 2008 Bonds for such Interest Periods and at such Flexible Rates as it deems to be advisable in order to minimize the net interest cost on the 2008 Bonds under prevailing market conditions. The foregoing notwithstanding, no Interest Period may be established which exceeds the shortest of (A) 270 days, (B) the remaining number of days prior to any Mandatory Tender Date occurring pursuant to either Section 303 or 304 hereof, or (C) the remaining number of days prior to each date on which 2008 Bonds are subject to redemption pursuant to Sections 401(a)(i) or (c) hereof (but, in the case of Section 401(a)(i) hereof, only if the Remarketing Agent has received Immediate Notice from the Trustee of a pending redemption of 2008 Bonds pursuant to Section 402(a) hereof) if and to the extent necessary to enable the Tender Agent to make such purchases on or before such date. The Remarketing Agent shall cause the Repurchase Price specified in subsection (a) above for the

2008 Bonds which the Remarketing Agent notified the Tender Agent had been remarketed pursuant to subsection (d)(i) below to be paid to the Tender Agent in immediately available funds at or before 2:00 p.m., New York City time, on the Repurchase Date. At the request of the Trustee, the Remarketing Agent shall also determine and notify the Trustee of Flexible Rates and Interest Periods for 2008 Bonds to be purchased pursuant to the Liquidity Facility or by the Authority as hereinafter provided, such determination to be made in substantially the same manner as is provided above and with a view toward enabling the Remarketing Agent to remarket such 2008 Bonds at a later date.

(d) Purchase of Tendered Bonds; Notice of Remarketing; Purchases Under Liquidity Facility. The following Immediate Notices shall be given with respect to the remarketing of Tendered Bonds and the amount of 2008 Bonds to be purchased pursuant to the Liquidity Facility:

(i) The Remarketing Agent shall notify the Tender Agent of the amount of Tendered Bonds which were remarketed not later than 9:30 a.m., New York City time, on the Repurchase Date; and if any such notice indicates that any Tendered Bonds were not remarketed, or if no such notice is received by the required time, or if not all of the remarketing proceeds have been received, the Tender Agent shall notify the Trustee, the Bank and the Authority by 10:00 a.m., New York City time, on the Repurchase Date of the amount of Tendered Bonds not remarketed, or for which no notice of remarketing was received, or for which no remarketing proceeds have been received, and the Trustee shall submit to the Bank by 11:00 a.m., New York City time, on the Repurchase Date, a draw certificate for payment of an amount equal to the Repurchase Price by the Bank for (A) the portion of the 2008 Bonds which were not remarketed, (B) those for which no notice of remarketing was received by the required time and (C) those for which no remarketing proceeds have been received and a draw certificate for payment of the accrued interest on the portion of the Tendered Bonds by the Bank for the portion of the 2008 Bonds (X) which were not remarketed, (Y) for which no notice of remarketing was received by the required time, or (Z) for which no remarketing proceeds have been received, pursuant to the Liquidity Facility.

(ii) Information Concerning Purchasers. A notice by telephone, telex or telecopier, to be confirmed in writing if given by telephone, specifying the names, addresses and taxpayer identification numbers of the purchasers, the denominations of 2008 Bonds to be registered in the name of each purchaser, the Flexible Rate and Repurchase Date to be applicable to each 2008 Bond and, if available, payment instructions for regularly scheduled interest payments or of any changes in such information previously communicated shall be furnished to the Tender Agent by the Remarketing Agent by 1:00 p.m., New York City time, on the Repurchase Date.

(iii) Payments by the Tender Agent. By 3:00 p.m., New York City time, on the Repurchase Date and upon receipt by the Tender Agent of 100% of the aggregate Repurchase Price of the Tendered Bonds, the Tender Agent shall pay the Repurchase Price of such 2008 Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. With respect to the payment of the Repurchase Price, the Tender Agent shall apply in order (A) moneys paid to it by the Remarketing Agent or by the new purchaser of the Tendered Bonds as proceeds of the remarketing of such 2008 Bonds by the Remarketing Agent, (B) moneys paid to it by the Bank for the purchase of 2008 Bonds pursuant to the Liquidity Facility, and (C) any other moneys provided by the Authority in its sole discretion. If sufficient funds are not available for the

purchase of all Tendered Bonds, no purchase shall be consummated as provided in Section 306.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the Repurchase Date, the Tender Agent shall register and deliver, hold or cancel all 2008 Bonds purchased on such Repurchase Date as follows: (A) 2008 Bonds purchased or remarketed by the Remarketing Agent shall be registered and delivered to the Remarketing Agent by 2:15 p.m., New York City time, in accordance with the instructions of the Remarketing Agent (B) 2008 Bonds purchased pursuant to a draw on the Liquidity Facility shall be registered in the name of the Authority unless otherwise required by the Liquidity Facility and shall be held in trust by the Tender Agent on behalf of the registered owner; and (C) 2008 Bonds purchased with other moneys provided by the Authority shall be canceled or registered and delivered in accordance with the instructions of the Authority, provided that so long as a Liquidity Facility is in effect, such 2008 Bonds shall not be remarketed or delivered to the Authority unless the Liquidity Facility supports the payment of such 2008 Bonds in accordance with the terms of this Fifth Supplement to the Amended and Restated Indenture and the Liquidity Facility.

(v) Resale of Bonds Purchased Pursuant to the Liquidity Facility. In the event that any 2008 Bonds are purchased pursuant to a draw on the Liquidity Facility pursuant to subparagraph (iv) above, the Remarketing Agent shall continue to offer for sale and use its best efforts to sell such 2008 Bonds at a purchase price equal to the principal amount thereof plus accrued interest thereon. 2008 Bonds purchased pursuant to the Liquidity Facility shall not be delivered upon remarketing by the Remarketing Agent or any other sale unless the Liquidity Facility is automatically reinstated for the principal amount thereof and the Interest Component applicable thereto in accordance with its terms or the Remarketing Agent has been advised by the Bank by Immediate Notice that it has elected to reinstate the Liquidity Facility for the required amount and the Bank notifies the Tender Agent by Immediate Notice of such reinstatement and directs the Tender Agent to deliver the 2008 Bonds to the purchaser.

(vi) Delivery of Bonds; Effect of Failure to Surrender Bonds. All 2008 Bonds to be purchased on any Repurchase Date shall be required to be delivered to the Principal Office of the Tender Agent by 1:00 p.m., New York City time, on the Repurchase Date. If the owner of any 2008 Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such 2008 Bond to the Tender Agent for purchase on the Repurchase Date and if the Tender Agent is in receipt of the Tender Price therefor, such 2008 Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2008 Bond (or portion thereof) shall be transferred to the purchaser thereof as provided in subsection (e)(iv) above. Any 2008 Bondholder who fails to deliver a 2008 Bond for purchase as required above shall have no further rights thereunder except the right to receive the Repurchase Price thereof upon presentation and surrender of said 2008 Bond to the Tender Agent. Such delivery shall be a condition to the payment of the Repurchase Price by the Tender Agent on the Repurchase Date.

### **Section 303. MANDATORY TENDER UPON CONVERSIONS AMONG VARIABLE RATE PERIODS AND FLEXIBLE RATE PERIODS**

(a) Variable Rate Conversions. 2008 Bonds which are subject to conversion on any Variable Rate Conversion Date pursuant to Section 203(d) or (e) hereof shall be subject to mandatory tender for purchase on the Variable Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be.

(b) Flexible Rate Conversions. 2008 Bonds which are subject to conversion on any Flexible Rate Conversion Date pursuant to Section 204(b) hereof are subject to mandatory tender for purchase on the applicable Flexible Rate Conversion Date at the Tender Price.

(c) [Reserved]

(d) Notice to Bondholders. Any notice of a conversion given to Bondholders pursuant to Section 203(d)(iii), 203(e)(iii) or 204(b)(iii) hereof shall, in addition to the requirements of such Section, state that the 2008 Bonds to be converted will be subject to mandatory tender for purchase on the Variable Rate Conversion Date or Flexible Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and will specify the time at which 2008 Bonds are to be tendered for purchase.

Whenever the 2008 Bonds are held in the DTC System, any failure by DTC or any DTC Participant to provide the notice described above to any beneficial owner of the 2008 Bonds shall not affect the validity of any interest rate on any 2008 Bonds or extend the period for tendering any of the 2008 Bonds for purchase and the Trustee shall not be liable to any 2008 Bondholder by reason of any such failure or defect.

(e) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2008 Bonds to be tendered for purchase on the Flexible Rate Conversion Date or Variable Rate Conversion Date. In the event of a conversion to a Variable Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (a) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the Variable Rate Conversion Date. In the case of a conversion to a Flexible Rate Period, the terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (b) above to the Tender Agent in immediately available funds at or before 3:00 p.m., New York City time, on the Flexible Rate Conversion Date and the Flexible Rates and Interest Periods to be established shall be determined in the manner and subject to the limitations set forth in Section 302(c) hereof.

(f) Purchase of Tendered Bonds. The provisions of Section 301(e) regarding purchases of 2008 Bonds shall apply to tenders pursuant to this Section 303 in the case of a conversion during a Variable Rate Period; provided that, for the purpose of so applying such provisions:

(i) the notices required pursuant to Section 301(e)(i) shall be given as therein described, except that the provisions relating specifically to 2008 Bonds during Daily Rate Periods shall be applicable only to 2008 Bonds to be converted from a Daily Rate Period or to a Flexible Rate Period;

(ii) the notice required pursuant to Section 301(e)(ii) shall be given as therein described, except that, in the case of a conversion to a Flexible Rate Period, the notice from the Remarketing Agent concerning the purchasers of the 2008 Bonds shall specify the Flexible Rates and Interest Periods for such 2008 Bonds; and

(iii) the deliveries of 2008 Bonds under Section 301(e)(v) shall be required to be made at or before 12:00 noon, New York City time, on the Variable Rate

Conversion Date (or 5:00 p.m., New York City time, on the second Business Day prior to the Conversion Date with respect to 2008 Bonds during a Term Rate Period).

The provisions of Section 302(d) regarding purchases of 2008 Bonds shall apply to tenders pursuant to this Section 303 with respect to 2008 Bonds in the case of conversions during a Flexible Rate Period.

**Section 304. MANDATORY TENDER UPON FIXED-RATE CONVERSION OR SUBSTITUTION OR TERMINATION OF LIQUIDITY FACILITY**

**(a) Mandatory Tenders.**

(i) Proposed Fixed Rate Conversion Date. The 2008 Bonds to be converted to bear interest at the Fixed Rate pursuant to Section 205 hereof shall be subject to mandatory tender for purchase on a Proposed Fixed Rate Conversion Date at a price equal to the Tender Price or the Repurchase Price, as the case may be.

(ii) Substitution of the Liquidity Facility with an Alternate Liquidity Facility. The 2008 Bonds (other than Bank Bonds and 2008 Bonds bearing interest at the Fixed Rate) are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or the Repurchase Price, as the case may be, on the regularly scheduled interest Payment Date immediately preceding the effective date of any substitution of the Liquidity Facility with an Alternate Liquidity Facility in accordance with the provisions of Section 310 hereof.

(iii) No Renewal Liquidity Facility. The 2008 Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on any Renewal Date if by the tenth day preceding such Renewal Date the Trustee has not received a Renewal Liquidity Facility.

(iv) Default under the Liquidity Facility. The 2008 Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on the fifteenth day (or the next preceding Business Day if such day is not a Business Day) after receipt by the Trustee of notice from the Bank of the occurrence of a default under the Liquidity Facility permitting the Bank to deliver such notice (other than the occurrence of any event of default thereunder which permits the Bank to immediately terminate such Liquidity Facility without notice to or demand upon the Trustee) and that such Liquidity Facility shall be terminated; provided that (1) the Mandatory Tender Date shall be at least five days prior to the termination of the Bank's obligation to honor draws under the Liquidity Facility and (ii) no purchase shall be required if prior to the Mandatory Tender Date the Trustee receives written notice from the Bank to the effect that the default has been cured in accordance with the provisions of the Liquidity Facility and such Liquidity Facility is, as of the date of such notice to the Trustee, in full force and effect and will not terminate as a result of such termination notice from the Bank.

**(b) Notice to Bondholders.** The Tender Agent shall mail notice to Bondholders of any mandatory tender as follows:

(i) pursuant to Section 304(a)(i) above (or include in any notice mailed pursuant to Section 205(d) hereof), not less than thirty (30) days prior to the Mandatory Tender Date;

(II) pursuant to Section 304(a)(II) or (III) above, not less than fifteen (15) a prior to the Mandatory Tender Date, and

(III) pursuant to Section 304(a)(iv), on the Business Day next succeeding receipt by the Trustee of the notice from the Bank described therein.

In the case of a notice pursuant to Section 304(a)(I) above, such notice will state, among other things, the Proposed Fixed Rate Conversion Date, that the 2008 Bonds will be subject to mandatory tender for purchase on the Fixed Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and the time at which the 2008 Bonds are to be tendered for purchase.

Whenever the 2008 Bonds are held in the DTC System, any failure by DTC or any DTC Participant to provide the notice described above to any beneficial owner of the 2008 Bonds shall not affect the validity of any interest rate on any 2008 Bonds or extend the period for tendering any of the 2008 Bonds for purchase and the Trustee shall not be liable to any 2008 Bondholder by reason of any such failure or defect.

(c) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for such 2008 Bonds following a mandatory tender; provided, however, except in connection with a mandatory tender for purchase on a Proposed Fixed Rate Conversion Date, that 2008 Bonds shall not be remarketed unless and until the Remarketing Agent receives notice from the Trustee that a Liquidity Facility complying with the requirements of Section 310(h) hereof is in place with respect to the 2008 Bonds. The terms of any sale by the Remarketing Agent shall provide for the payment of the purchase price specified in subsection (a) above to the Tender Agent in immediately available funds at or before 10:30 a.m., New York City time.

(d) Purchase of Tendered Bonds. The provisions of Section 301(e) regarding purchases of 2008 Bonds shall apply to mandatory tenders pursuant to this Section 304 with respect to 2008 Bonds during a Variable Rate Period; provided that, for the purpose of so applying such provisions:

(i) the notices required pursuant to Section 301(e)(I) shall be given as therein described, except that the provisions relating specifically to 2008 Bonds during Daily Rate Periods shall be disregarded;

(ii) the notices required to be given pursuant to Section 301(e)(II) hereof regarding purchasers of 2008 Bonds shall be given in the manner prescribed for tenders of 2008 Bonds during other than Daily Rate Periods; and

(iii) the deliveries of 2008 Bonds under Section 301(e)(iv) shall be required to be made at or before 2:15 p.m., New York City time on the Fixed Rate Conversion Date.

The provisions of Section 302(d) shall apply to tenders pursuant to this Section 304 with respect to 2008 Bonds during a Flexible Rate Period.

#### **Section 305. FAILED CONVERSION**

If on a Variable Rate Conversion Date, Flexible Rate Conversion Date or Proposed Fixed Rate Conversion Date, any condition precedent to such conversion required hereunder shall not be satisfied, such Conversion shall not occur, the mandatory tender shall remain effective and if the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee with respect to the conversion of the 2008 Bonds to Variable Rates for Weekly Rate Periods, the 2008 Bonds shall bear interest at the Variable Rate determined by the Remarketing Agent on the failed Conversion Date for a Weekly Rate Period, and thereafter shall bear interest at Variable Rates for Weekly Rate Periods until a Variable Rate Conversion Date, Flexible Rate Conversion Date or Fixed Rate Conversion Date.

#### **Section 306. INADEQUATE FUNDS FOR TENDERS**

(a) If the funds available for purchases of 2008 Bonds pursuant to this Article III are inadequate for the purchase of all 2008 Bonds required to be purchased on any purchase date, the Tender Agent shall immediately: (i) return all Tendered Bonds to the holders thereof; (ii) return all moneys received for the purchase of such 2008 Bonds to the Persons providing such moneys; and (iii) notify all Bondholders in writing (A) if an Event of Default has occurred, of such occurrence, and (B) of the rate to be effective pursuant to following provisions. If the funds available for purchases of 2008 Bonds pursuant to this Article III are inadequate for the purchase of all 2008 Bonds required to be purchased (i) on a proposed Conversion Date, such conversion shall be deemed to have failed and the provisions of Section 305 above shall apply; (ii) in all other cases, the Remarketing Agent shall determine the applicable interest rate in accordance with the provisions of Article II hereof.

(b) The only monies available to pay the Tender Price on any 2008 Bonds which are Tendered Bonds are those monies required to be deposited in the Bond Purchase Fund pursuant to section 308 below. The Authority is not obligated to pay any other amounts from any other source and neither the Trustee nor the Remarketing Agent shall be responsible for the failure of any other person to furnish moneys for the Tender Price of such 2008 Bonds.

(c) Notwithstanding the provisions of this Article III, if on a Proposed Fixed Rate Conversion Date which arises as a result of a Conversion required by Section 202(e) above, insufficient funds are available to complete such tender, such Conversion shall nonetheless occur, and the 2008 Bonds so converted shall bear interest at a Fixed Rate equal to the sum of (i) the yield on "A" rated general obligation bonds with a term equal to the remaining term on the 2008 Bonds being so converted, as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Proposed Fixed Rate Conversion Date, plus (ii) 5 basis points; provided that such Fixed Rate shall not be in excess of the Maximum Lawful Rate.

#### **Section 307. LIMITS UPON REMARKETING**

(a) Tendered Bonds shall not be remarketed to the Authority or any Affiliate unless, prior to such sale, the Authority shall have delivered to the Trustee an unqualified written opinion of counsel experienced in bankruptcy matters and satisfactory to the Trustee and each Rating Agency then maintaining a rating on the 2008 Bonds (which opinion may assume that no Bondholders are "insiders" within the meaning of Title XI of the United States Code) to the effect that payment of such amounts to Bondholders would not be avoidable as preferential payments under Section 547 of the United States Bankruptcy Code recoverable under Section 550 of the United States Bankruptcy Code should the Authority or any Affiliate become a debtor in a proceeding commenced thereunder. Neither the Trustee nor the Tender Agent shall be required

to monitor the actions of the Remarketing Agent to ensure that it will not remarket any Bonds to the Authority or any Affiliate, and for the purposes of this Section 307 hereof, the Trustee and the Tender Agent may, in the absence of actual notice to the contrary, assume that no funds furnished to the Tender Agent by the Remarketing Agent constitute proceeds of the remarketing of any Bonds to the Authority or any Affiliate.

(b) Except in connection with a mandatory tender for purchase on a Proposed Fixed Rate Conversion Date required under Section 202(e), 2008 Bonds shall not be remarketed unless and until a Liquidity Facility complying with the requirements of Section 310(h) hereof is in place with respect to the 2008 Bonds.

(c) Despite the absence of a Liquidity Facility complying with the requirements of Section 310(h) hereof, whether resulting from the termination of an existing Liquidity Facility or otherwise, the Authority shall be under no obligation to purchase 2008 Bonds otherwise subject to optional tender pursuant to Section 301 hereof or mandatory tender pursuant to Sections 302, 303 or 304 hereof prior to the Maturity Date of such 2008 Bonds and the failure to purchase shall not be an Event of Default under the Indenture.

#### **Section 308. BOND PURCHASE FUND**

(a) Establishment of Bond Purchase Fund and Accounts. The Trustee shall establish or cause the Tender Agent to establish and maintain, so long as the 2008 Bonds remain outstanding at a Variable Rate or a Flexible Rate, a separate fund to be known as the "Bond Purchase Fund" (the "Bond Purchase Fund"), within which there shall be established a Remarketing Proceeds Account and a Liquidity Facility Purchase Account, which shall be held in trust by the Trustee until applied as hereinafter provided.

(i) Remarketing Proceeds Account. The Trustee or the Tender Agent shall deposit to the credit of the Remarketing Proceeds Account (A) the moneys received upon the remarketing of Tendered Bonds pursuant to section 307 hereof and the Remarketing Agreement to any Person (other than Tendered Bonds sold to the Authority, any Affiliate or any Insider in violation of Section 307 hereof), and (B) the moneys received from the underwriter or purchaser (other than the Authority, any Affiliate, or any Insider) of Tendered Bonds upon the conversion of the interest rate thereon to a Fixed Rate. No moneys other than those described in (A) and (B) of this Section 308(a)(i) shall be deposited into such account.

(ii) Liquidity Facility Purchase Account. The Trustee or the Tender Agent shall deposit to the credit of the Liquidity Facility Purchase Account all proceeds of drawings under the Liquidity Facility to pay the purchase price of Tendered Bonds (other than Bank Bonds), and no other moneys shall be deposited in such account.

(b) Application of Bond Purchase Fund. Moneys in the Bond Purchase Fund shall be held in trust for the benefit of and subject to a lien in favor of the owners of Tendered Bonds and shall be used exclusively for the payment of the purchase price of Tendered Bonds; provided, however, that any moneys remaining on deposit in the Liquidity Facility Purchase Account after payment in full of all amounts due on the Tendered Bonds shall be transferred to the Bank to the extent of amounts owed to the Bank.

(c) Moneys on deposit in the Bond Purchase Fund (other than monies in the Liquidity Facility Purchase Account, which are not to be invested) shall be invested only upon the written direction of the Authority and only in Government Obligations (but only obligations

defined in paragraph (a) of the definition of Government Obligations) with a term not exceeding the earlier of 30 days from the date of investment of such moneys or the date or dates that moneys therefrom are anticipated to be required. Amounts held to pay the purchase price for more than five years shall be applied in the same manner as provided under Section 515 of the Amended and Restated Indenture.

#### **Section 309. NON-PRESENTMENT OF TENDERED BONDS**

In the event any Tendered Bonds shall not be presented for purchase and moneys sufficient to pay the purchase price of such Tendered Bonds are held in the Bond Purchase Fund, the Tender Agent shall segregate and hold such moneys in trust (but shall not invest such moneys), without liability for interest thereon, for the benefit of and subject to a security interest in favor of the holders of such Tendered Bonds who shall, except as provided in the last paragraph of Section 308 hereof, thereafter be restricted exclusively to such moneys, for the satisfaction of any claim of whatever nature on their part under the Indenture or on, or with respect to, said Tendered Bonds.

#### **Section 310. LIQUIDITY FACILITY**

(a) Draws on Liquidity Facility. While in effect, the Trustee shall draw moneys under each Liquidity Facility in accordance with its terms and in accordance with Sections 301(e)(i), 302(d)(i), 303(e) and 304(d) hereof to the extent necessary to pay to the Bondholders the purchase price of Tendered Bonds. Immediately following each drawing under the Liquidity Facility, and not as a condition to such drawing, the Trustee shall use its best efforts to give telephonic notice to the Authority that such a drawing under the Liquidity Facility was made. The Trustee and the Tender Agent shall return any moneys drawn under the Liquidity Facility to the Bank immediately following the applicable purchase date to the extent such moneys exceed the amount necessary to pay the Repurchase Price or Tender Price of Tendered Bonds.

(b) Maintenance of Liquidity Facility. The Authority covenants that it shall, at all times that any series of the 2008 Bonds bear interest in a Variable Rate, cause a Liquidity Facility from a Bank rated at least A-1/P-1 and otherwise complying with the requirements of this Section 310 to be in effect with respect to such series of 2008 Bonds. In the event that the Liquidity Facility is suspended or terminated pursuant to an Automatic Termination Event or and Automatic Suspension Event (as defined in the Liquidity Facility), the Bank shall give immediate notice to the Trustee and the Trustee shall give prompt notice to the Bondholders of such occurrence.

(c) Renewal Liquidity Facility. The Authority may, subject to the provisions of the Liquidity Facility, at any time arrange for the deposit with the Trustee of a Renewal Liquidity Facility for either series of the 2008 Bonds in substitution for the existing Liquidity Facility. Each Renewal Liquidity Facility shall be satisfactory in form and substance to the Trustee; provided that no such Renewal Liquidity Facility shall be satisfactory to the Trustee unless, in addition to all other requirements to be met therefor, a draft of such Renewal Liquidity Facility, and a draft of the related Renewal Liquidity Facility Agreement, if any, have been submitted to the Trustee at least 20 days prior to the date such Renewal Liquidity Facility is to become effective. In addition, if such Liquidity Facility contains a decrease in the Interest Coverage Ratio, the Interest Coverage Period or the Interest Component or a decrease in the portion of the Liquidity Facility designated to pay premium upon purchase of any series of the 2008 Bonds, the Trustee must have received written evidence from each Rating Agency then maintaining a rating on the 2008

Bonds that such rating will not be withdrawn or reduced due to the delivery of such Renewal Liquidity Facility and consent of the Bond Insurer. Upon the delivery of a Renewal Liquidity Facility, the Trustee shall promptly give written notice by first class mail, postage prepaid, to each owner of a 2008 Bond bearing interest at a Variable Rate or a Flexible Rate that a Renewal Liquidity Facility and Renewal Liquidity Facility Agreement will secure such 2008 Bond.

(d) Alternate Liquidity Facility. The Authority may, subject to the provisions of the Liquidity Facility, at any time arrange for the deposit with the Trustee of an Alternate Liquidity Facility for either series of the 2008 Bonds in substitution for the existing Liquidity Facility. Any Alternate Liquidity Facility shall be acceptable to the Bond Insurer. The Alternate Liquidity Facility shall expire no earlier than 360 days from the date of its deposit with the Trustee and, in the event any of the 2008 Bonds bear interest at a Term Rate for a Term Rate Period extending beyond the Stated Expiration Date of such Alternate Liquidity Facility, no earlier than the Liquidity Facility which it replaces. Each Alternate Liquidity Facility shall be satisfactory in form and substance to the Trustee; provided that any such Alternate Liquidity Facility shall not be satisfactory to the Trustee unless, in addition to all other requirements to be met therefor, a draft of such Alternate Liquidity Facility and a draft of any supplemental bond indenture required to be executed in connection with the delivery of the Alternate Liquidity Facility, and appropriate information concerning the entity which will issue such Alternate Liquidity Facility have been submitted to each Rating Agency then maintaining a rating on the 2008 Bonds entitled to the benefit of the then effective Liquidity Facility, and each such Rating Agency has given notice, promptly confirmed in writing, to the Authority and the Trustee at least 20 days prior to the date such Alternate Liquidity Facility is to become effective as to what rating the 2008 Bonds entitled to the benefit of the Alternate Liquidity Facility will bear after such substitution.

The Liquidity Facility then in effect may be replaced by an Alternate Liquidity Facility only if (i) the provisions for mandatory tender for purchase of the 2008 Bonds described in Section 304 hereof are satisfied, (ii) prior to such replacement the Authority shall have delivered to the Trustee a Favorable Opinion with respect to such replacement, (iii) the Trustee shall receive an opinion of counsel for the Bank issuing the Alternate Liquidity Facility in a form reasonably acceptable to the Trustee and (iv) the Bank issuing the Alternate Liquidity Facility or the Authority shall provide funds on or before the substitution for the purchase of all Bank Bonds from the Bank issuing the Liquidity Facility then in effect.

(e) Surrender of Liquidity Facility. If at any time there shall have been delivered to the Trustee, in substitution for the Liquidity Facility then in effect (with respect to one or both series of 2008 Bonds), either an Alternate Liquidity Facility or a Renewal Liquidity Facility, then the Trustee shall accept such Alternate Liquidity Facility or Renewal Liquidity Facility and shall thereupon surrender the Liquidity Facility (or that portion of the Liquidity Facility being replaced) then in effect to the Bank which issued the Liquidity Facility in accordance with its terms for cancellation unless such substitution is effected through the attachment of an exhibit or similar attachment to the prior Liquidity Facility as permitted by the terms of such Liquidity Facility. At such time as any series of the 2008 Bonds shall have been converted to a Fixed Rate, the Trustee shall promptly surrender the Liquidity Facility then in effect to the Bank which issued such Liquidity Facility in accordance with the terms thereof and of the Indenture for cancellation. The Trustee shall promptly surrender any Liquidity Facility after it expires in accordance with its terms.

(f) Transfer of Liquidity Facility. The Trustee shall not sell, assign or otherwise transfer the Liquidity Facility except to a successor Trustee hereunder and in accordance with the terms of the Liquidity Facility.

(g) Reserved.

(h) Terms of Liquidity Facility. So long as any series of 2008 Bonds bear interest at a Variable Rate or a Flexible Rate, the Authority is required to cause to have on deposit with the Trustee a Liquidity Facility for such series of 2008 Bonds. When a Liquidity Facility is in effect, the Authority shall maintain the Interest Component of the Liquidity Facility in an amount which shall not be less than the amount determined by multiplying

(i) the outstanding principal amount of such 2008 Bonds bearing interest at a Variable Rate or a Flexible Rate, as applicable, times

(ii) the Interest Coverage Rate for such Variable Rate Period or Flexible Rate, as applicable, required to be used pursuant to this paragraph times

(iii) the quotient determined by dividing

(A) the Interest Coverage Period for such Variable Rate Period or Flexible Rate Period, as applicable, required to be used pursuant to this paragraph by

(B) 365 (or 360, in the case of 2008 Bonds bearing interest at Variable Rates for Term Rate Periods or bearing interest at a Fixed Rate).

The Interest Coverage Rate utilized for each Variable Rate Period or Flexible Rate Period in the above described calculation shall not be less than the rate specified by the Remarketing Agent to the Trustee for any series of the 2008 Bonds in each particular Variable Rate Period or Flexible Rate Period as the maximum interest rate at which the Remarketing Agent will remarket such series of the 2008 Bonds in such Variable Rate Period or Flexible Rate Period, which may not be less than the current interest rate or rates borne by such series of the 2008 Bonds in such Variable Rate Period or Flexible Rate Period. Notwithstanding anything herein to the contrary, the interest rate at which any series of the 2008 Bonds may be remarketed may not exceed the Maximum Rate.

The Interest Coverage Period utilized for each Variable Rate Period or Flexible Rate Period in the above described calculation shall not be less than the following:

(iv) with respect to 2008 Bonds bearing interest at a Variable Rate for a Daily Rate Period or a Weekly Rate Period, 34 days;

(v) with respect to 2008 Bonds bearing interest at a Variable Rate for a Term Rate Period, 183 days;

(vi) with respect to 2008 Bonds bearing interest at a Flexible Rate, 270 days; or

(vii) with respect to 2008 Bonds generally, such other number of days then required by any Rating Agency to obtain or maintain an investment grade rating on the 2008 Bonds entitled to the benefit of such Liquidity Facility.

If any Bond is bearing interest at a Variable Rate for a Term Rate Period and if the Stated Expiration Date is scheduled to occur during the current Variable Rate Period therefor, the amount of the Liquidity Facility must include an amount to pay the applicable premium, if any, on the Renewal Date on which such Bond is required to be purchased pursuant to Section 304 hereof.

In addition, each Renewal Liquidity Facility and Alternate Liquidity Facility shall provide for payment of an amount equal to the outstanding principal amount of the 2008 Bonds bearing interest at a Variable Rate or a Flexible Rate. Each Liquidity Facility shall provide that such Liquidity Facility may not be terminated until five days after any draw thereunder is made on a Renewal Date, Substitution Date or Conversion Date.

(i) Bank Bonds.

(i) Any 2008 Bonds purchased with proceeds of a drawing on the Liquidity Facility pursuant to this Article shall be registered in the name of the Bank (or its designated nominee) and are herein called "Bank Bonds". Pending reinstatement of the Liquidity Facility securing such 2008 Bonds or release of such 2008 Bonds by the Bank, the Bank shall be entitled to receive all payments of principal of and interest on Bank Bonds and such 2008 Bonds shall not be transferable or deliverable to any party (including the Authority) except the Bank (except as set forth in Section 310(i)(ii) and (iii) below). As indicated in Section 202 hereof, all Bank Bonds shall bear interest at the Bank Rate. So long as 2008 Bonds remain Bank Bonds, they shall not be eligible for tender under the Liquidity Facility.

So that the Trustee can comply with the procedures and requirements of DTC set forth in DTC's notice dated April 4, 2008, respecting "Variable Rate Demand Obligations ("VRDO") Failed Remarketings and Issuance of Bank Bonds", as the same may be amended from time to time, in the event that all or any portion of the 2008 Bonds of any series become Bank Bonds, upon the issuance of the 2008 Bonds pursuant to Section 201 above, the Authority will execute, deliver a Global Bond for each series as set forth in Section 207(h) above and direct the Trustee, at the time 2008 Bonds become Bank Bonds as provided above, to authenticate such Global Bonds. The aggregate principal amount of such Global Bonds will be initially zero, and will always be equal to the aggregate principal amount of any Bank Bonds to the extent and for so long as such Bank Bonds remain Bank Bonds. Such Global Bonds are being delivered only for the administrative convenience of the Trustee and DTC and at no time shall the sum of the principal amount represented by the Bank Bonds of any series and the principal amount represented by the bond certificates of such series issued pursuant to Section 201 above exceed the principal amount of the 2008 Bonds Outstanding for such series.

(ii) The Remarketing Agent shall continue to use its best efforts to arrange for the sale of any Bank Bonds, subject to the reinstatement of the Liquidity Facility with respect to the drawings with which such 2008 Bonds were purchased, at a price equal to the principal amount thereof plus accrued interest.

(iii) Delivery of Remarketed Bank Bonds and Proceeds Thereof. Upon reinstatement of the Liquidity Facility relating to Bank Bonds and the sale of Bank Bonds arranged by the Remarketing Agent, the Tender Agent shall make available (i) such 2008 Bonds to the Remarketing Agent for redelivery to the purchasers thereof and (ii) the proceeds of such sale to the Bank to the extent of any unpaid obligation under the Liquidity Facility for the prior drawing made by the Tender Agent on the Liquidity Facility in respect of the purchase of such 2008 Bonds.

## ARTICLE IV REDEMPTION OF BONDS

### Section 401. REDEMPTION DATES AND PRICES

As long as there is no continuing Event of Default under the Indenture, the 2008 Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Section 401.

(a) Optional Redemption.

(i) Flexible Rate Period or a Variable Rate Period. During a Flexible Rate Period or a Variable Rate Period, any series of 2008 Bonds bearing interest at a Flexible Rate or a Variable Rate shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and, if in part, in an Authorized Denomination) on any Repurchase Date applicable thereto during a Flexible Rate Period or on any Interest Payment Date during a Variable Rate Period (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot), at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(ii) Term Rate Period. On or prior to the Fixed Rate Conversion Date, 2008 Bonds in a Term Rate Period may be redeemed by the Authority, in whole or in part (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot in such manner as shall be determined by the Trustee), (A) at any time on and after the No-Call Period described below, at a redemption price of 100% of the principal amount of 2008 Bonds called for redemption, plus accrued interest to the date fixed for redemption, and (B) on the day after the end of each Term Rate Period at a redemption price of 100% of the principal amount thereof, plus accrued interest to the date fixed for redemption:

Length of Term Rate Period	Commencement of Redemption Period
Less than 15 years and greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Term Rate Period
Less than 8 years	Not subject to optional redemption until commencement of next Term Rate Period

Notwithstanding the foregoing, the No-Call Periods specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2008 Bonds to a Term Rate Period is to the effect that such change will not have an adverse effect on the validity of the 2008 Bonds or any exemption from federal income taxation to which interest on the 2008 Bonds would otherwise be entitled.

(iii) Fixed Rate. After the Fixed Rate Conversion Date for any series of the 2008 Bonds, the 2008 Bonds of such series may be redeemed by the Authority in whole on any date, or in part on any Interest Payment Date (and, if in part, by lot in such manner as shall be determined by the Trustee), after the No-Call Period described below at a redemption price of 100% of the principal amount of 2008 Bonds called for redemption, plus accrued interest to the date fixed for redemption:

<u>Length of Fixed Rate Period</u>	<u>Commencement of Redemption Period</u>
Less than 15 years and greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 8 years	Not subject to optional redemption

Notwithstanding the foregoing, the No-Call Periods and redemption prices specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2008 Bonds to a Fixed Rate is to the effect that such change will not have an adverse effect on the validity of the 2008 Bonds or any exemption from federal income taxation to which interest on the 2008 Bonds would otherwise be entitled.

(b) Special Optional Redemption. Any 2008 Bonds which: (1) are Bank Bonds, or (2) have been converted to a Fixed Rate pursuant to Section 202(e) above, shall be subject to redemption in whole or in part prior to the Maturity Date therefor at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(c) Mandatory Sinking Fund Redemption. (i) The 2008A Bonds are subject to mandatory redemption prior to maturity in part by lot, as selected by the Trustee, on June 15 of each year as set forth below, in the respective principal amounts listed opposite each such year from moneys in the Debt Service Fund, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

(ii) The 2008B Bonds are subject to mandatory redemption prior to maturity in part by lot, as selected by the Trustee, on June 15 of each year as set forth below, in the respective principal amounts listed opposite each such year from moneys in the Debt Service Fund, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

\* Final Maturity

Notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall, with the consent of the Bond Insurer, file a certificate pursuant to Section 205(d) hereof in connection with the conversion of the 2008 Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2008A Bonds or the 2008B Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the Authority shall redeem such series of 2008 Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2008 Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

In the event of any partial redemption of the 2008 Bonds pursuant to Section 401(a) or (b), hereof, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment, so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

(d) General Provisions Regarding Redemptions.

(i) No redemption of less than all of the 2008 Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the Bonds of any series of the 2008 Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2008 Bonds Outstanding shall be made in such a manner that all 2008 Bonds Outstanding after such redemption are in Authorized Denominations.

(ii) 2008 Bonds may be called for redemption by the Trustee pursuant to Section 401 hereof in accordance with the notice requirements of Section 402 hereof.

(iii) In lieu of redeeming 2008 Bonds pursuant to Section 401, the Trustee may, at the written request of the Authority, use such funds otherwise available hereunder for redemption of 2008 Bonds to purchase 2008 Bonds in the open market at a price not exceeding the redemption price then applicable hereunder. Any 2008 Bonds so purchased in lieu of redemption shall be delivered to the Trustee for cancellation and shall be canceled. It is understood that (i) in the case of any optional redemption or purchase and cancellation of 2008 Bonds with serial maturities, the Authority shall receive credit against its required mandatory redemption deposits, if any, with respect to the 2008 Bonds of such Maturity Date and (ii) in the case of any optional redemption of 2008 Bonds with a term maturity, the Authority shall receive credit against its required mandatory redemption deposits, if any, in such order as the Authority shall designate in writing prior to the redemption or purchase and cancellation or, if no such election is made prior to such redemption or purchase and cancellation, in the inverse order thereof; provided, however, that following such reduction each such mandatory redemption payment is made in Integral multiples of an Authorized Denomination.

## **Section 402. NOTICE OF REDEMPTION**

(a) Except as hereinafter provided, upon direction of the Authority as provided in Section 401(a) or (b) above, a copy of the notice of the call for any redemption identifying the 2008 Bonds to be redeemed shall be given by the Trustee to the Bondholders by first class mail, postage prepaid, with respect to 2008 Bonds during a Daily Rate Period or a Weekly Rate Period, not less than 15 days and not more than 30 days prior to the date fixed for redemption and, with respect to 2008 Bonds bearing interest during a Term Rate Period, a Flexible Rate Period or a Fixed Rate Period, not less than 30 nor more than 60 days prior to the date fixed for redemption, to the registered owners of 2008 Bonds to be redeemed at their addresses as shown on the Bond Register. Such notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2008 Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to Section 401(c) hereof the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2008 Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited. Prior to the Fixed Rate Conversion Date, Immediate Notice of any such redemption shall also be given to the Remarketing Agent promptly following the giving of notice to the Bondholders as aforesaid.

(b) Notwithstanding Section 402(a) hereof, if the 2008 Bonds are to be redeemed pursuant to Section 401(b) hereof, the Trustee shall give Immediate Notice to the Bank upon receipt of the written request of the Authority.

(c) Failure to give notice in the manner prescribed hereunder with respect to any 2008 Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2008 Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2008 Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2008 Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

(d) If any 2008 Bond is transferred or exchanged on the Bond Register by the Bond Registrar after notice has been given calling such 2008 Bond for redemption, the Trustee will attach a copy of such notice to the 2008 Bond issued in connection with such transfer or exchange.

## **Section 403. SELECTION OF BONDS TO BE REDEEMED**

If less than all the 2008 Bonds shall be called for redemption under any provision of the Indenture permitting such partial redemption, the particular 2008 Bonds or portions thereof to be redeemed shall be selected by the Authority, in the principal amount designated in writing to the Trustee by the Authority or otherwise as required by the Indenture; provided, however, that (i) Bank Bonds with respect to any series of 2008 Bonds shall be the first 2008 Bonds of such series to be selected for redemption; (ii) in the case of the mandatory redemption of 2008 Bonds which have been assigned to a particular mandatory redemption date pursuant to Section

401(c) hereof, such 2008 Bonds shall be redeemed on the designated dates; and (iii) subject to other applicable provisions of the Indenture, the portion of any 2008 Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting 2008 Bonds for redemption, the Trustee shall treat each 2008 Bond as representing that number of 2008 Bonds which is obtained by dividing the principal amount of such 2008 Bond by the minimum Authorized Denomination. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any 2008 Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the owner of such 2008 Bond shall forthwith surrender such 2008 Bond to the Trustee for (a) payment to such owner of the redemption price of the integral multiple of the Authorized Denomination of principal amount called for redemption and (b) delivery to such owner a new 2008 Bond or 2008 Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such 2008 Bond. New 2008 Bonds representing the unredeemed balance of the principal amount of such 2008 Bond shall be issued to the registered owner thereof without charge therefor.

#### **ARTICLE V THE TENDER AGENT AND REMARKETING AGENT**

##### **Section 501. TENDER AGENT**

The Authority may, at all times on or before the Fixed Rate Conversion Date, appoint a Tender Agent to carry out all of the duties of the Tender Agent hereunder and with the power to act, on or prior to the Fixed Rate Conversion Date, on the Trustee's behalf and subject to its direction in the authentication and delivery of the 2008 Bonds and in connection with registration of transfers and exchanges, tenders, redemptions, notices and purchases thereof and payments thereon, as fully to all intents and purposes as though the Tender Agent had been expressly authorized hereunder to authenticate, deliver, pay, transfer and exchange 2008 Bonds, receive notices pursuant to Section 301, purchase tendered Bonds and make payments on the 2008 Bonds. The Tender Agent shall calculate the interest to be paid on each Interest Payment Date, and will relay such information to the Trustee for its confirmation. In the absence of a Tender Agent, the Trustee shall calculate such interest. Such Tender Agent shall at all times be a commercial bank with trust powers or trust company organized under the laws of the United States of America or one of the states thereof, having an office in New York, New York (or having an agent with such an office) and shall at all times be an institution organized and doing business under the laws of the United States or of any state authorized under such laws to exercise corporate trust powers, subject to supervision or examination by federal or state authorities (a) with a combined capital and surplus of at least \$500,000,000 or (b) affiliated with the Trustee. If such institution publishes reports of condition at least annually pursuant to law or the requirements of such authorities, then for the purposes of this Section the combined capital and surplus of such institution shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. The appointment of a Tender Agent under this Section shall be effective upon acceptance by the Tender Agent and shall continue until the Authority shall rescind such appointment or the Tender Agent shall resign. The Tender Agent may act through an agent constituting a commercial bank with trust powers or trust company. If at any time on or prior to the Fixed Rate Conversion Date there is no Tender Agent, all references herein to the Tender Agent shall be deemed to refer to the Trustee. The Tender Agent shall be entitled to the same rights and shall be subject to the same obligations hereunder as the Trustee, and shall enjoy the same protective provisions in the performance of its duties hereunder as are specified in the Indenture (including Section 9.01 of the Amended and Restated Indenture) with respect to the Trustee insofar as such provisions may be applicable.

The Trustee shall make such arrangements with the Tender Agent, in addition to those made as provided herein, as are necessary to be made and to be thereafter continued whereby funds from the sources specified herein will be made available to pay when due the principal and redemption price of, and interest on, 2008 Bonds bearing interest at a Variable Rate or a Flexible Rate.

#### Section 502. REMARKETING AGENT

The Authority shall appoint a Remarketing Agent for the 2008 Bonds. The Remarketing Agent shall designate its Principal Office to the Trustee, the Authority, the Tender Agent and the Bank and signify its acceptance of the duties and obligations imposed upon it hereunder by a written instrument of acceptance delivered to the Authority, the Trustee, and the Tender Agent under which the Remarketing Agent will agree, particularly:

(a) to hold all moneys delivered to it for the purchase of 2008 Bonds for the account of and for the benefit of the person or entity which shall have so delivered such moneys until the 2008 Bonds purchased with such moneys shall have been delivered to or for the account of such person or entity; and

(b) to keep such books and records as shall be consistent with prudent industry practice, and to make such books and records available for inspection by the Authority, the Trustee, the Tender Agent and the Bank at all reasonable times.

The Authority shall cooperate with the Trustee, the Tender Agent and the Bank to cause the necessary arrangements to be made and to be thereafter continued whereby funds from the sources specified herein will be made available for the purchase of 2008 Bonds presented at the Payment Office of the Tender Agent and whereby 2008 Bonds, executed by the Authority and authenticated by the Trustee or the Tender Agent, shall be made available to the Remarketing Agent to the extent necessary for delivery pursuant to Section 308 hereof.

The Remarketing Agent may at any time resign and be discharged of the duties and obligations created by the Indenture by giving at least 30 days' notice to the Authority, the Bank, the Trustee and the Tender Agent. The Remarketing Agent may be removed at any time upon 30 days' notice, by an instrument, signed by the Authority or the Bond Insurer and filed with the Remarketing Agent, the Bank, the Trustee, the Tender Agent and the Bond Insurer or the Authority.

In the event of the resignation or removal of the Remarketing Agent, the Remarketing Agent shall pay over, assign and deliver any moneys and 2008 Bonds held by it in such capacity to its successor or, if there be no successor, to the Trustee.

In the event that the Authority shall fail to appoint a Remarketing Agent hereunder, or in the event that the Remarketing Agent shall resign, be removed or be dissolved, or if the property or affairs of the Remarketing Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, and the Authority shall not have appointed its successor as Remarketing Agent, the Trustee, notwithstanding the provisions of the first paragraph of this Section 502, shall ipso facto be deemed to be the Remarketing Agent for all purposes of the Indenture until the appointment by the Authority of the Remarketing Agent or successor Remarketing Agent, as the case may be; provided, however, that the Trustee, in its capacity as Remarketing Agent, shall not be required to remarket Bonds, or to determine the interest rate on the 2008 Bonds.

The Remarketing Agent for its own account or as broker or agent for others may deal in 2008 Bonds and may do anything any other Bondholder may do to the same extent as if the Remarketing Agent were not serving as such.

The Remarketing Agent will not be entitled to any compensation from the Trustee or the Tender Agent or have any claim or rights with respect to any property, rights or interests constituting a part of the trust estate or otherwise held under the Indenture, but must make separate arrangements with the Authority for compensation.

#### **Section 503. QUALIFICATIONS OF REMARKETING AGENT**

Except in the case of the interim appointment of the Trustee to serve as Remarketing Agent pursuant to Section 502 hereof, the Remarketing Agent shall at all times be registered as a Municipal Securities Dealer under the Securities Exchange Act of 1934, as amended, and be authorized by law to perform all the duties contemplated by the Indenture to be performed by the Remarketing Agent and shall have knowledge and experience in the remarketing of securities such as the 2008 Bonds and shall not be unacceptable to the Bank or the Bond Insurer.

### **ARTICLE VI REVENUES AND FUNDS**

#### **Section 601. DEBT SERVICE FUND.**

(a) The Trustee shall establish as a part of the Debt Service Fund in respect of the 2008 Bonds a 2008 Bonds Sinking Fund Account (the "2008 Bonds Sinking Fund Account") for the retirement of the 2008 Bonds. Moneys deposited in the 2008 Bonds Sinking Fund Account shall be held by the Trustee for the sole benefit of the registered owners of 2008 Bonds specified below and shall be applied as hereafter provided.

The Trustee shall transfer moneys from the Debt Service Fund in respect of the 2008 Bonds to the 2008 Bonds Sinking Fund Account on June 1 of the years and in the amounts required to retire 2008 Bonds as and to the extent required pursuant to Section 401(c) of this Fifth Supplement to the Amended and Restated Indenture.

Prior to May 1 of each year in which 2008 Bonds are subject to mandatory redemption as described in Section 401(c) of this Fifth Supplement to the Amended and Restated Indenture, the Trustee, at the written direction of the Authority, may enter into contracts for the purchase from moneys to be deposited in the 2008 Bonds Sinking Fund Account of as many 2008 Bonds then subject to mandatory sinking fund redemption as can be purchased in the open market or pursuant to offers made at the time by the holders thereof, at prices not greater than the principal amount thereof specified in such written direction, together with accrued interest to the date of purchase (which accrued interest shall be paid from moneys in the Debt Service Fund in respect of the 2008 Bonds) and any 2008 Bonds so purchased will be cancelled. Prior to May 15 of each year or such date as will permit the Trustee to mail the notice of redemption required under Section 402 of this Fifth Supplement to the Amended and Restated Indenture, so long as any 2008 Bonds shall remain Outstanding, the Trustee shall select 2008 Bonds for redemption, selecting any Bank Bonds of the appropriate series first and thereafter by lot, on June 15 of such year, a principal amount of 2008 Bonds as shall represent the difference between the principal amount of such 2008 Bonds fixed for redemption on such date as described in Section 401(c) of this Fifth Supplement to the Amended and Restated

Indenture and the principal amount thereof which the Trustee shall have purchased or agreed to purchase during the immediately preceding period, as above provided.

Upon selection of the particular 2008 Bonds to be redeemed, as above provided, the Trustee shall send a notice, in the name of the Authority, to the holders of such 2008 Bonds so drawn for redemption in the manner provided in Article IV of this Fifth Supplement to the Amended and Restated Indenture, and, upon presentation by the holders thereof, the Trustee shall pay the principal amount thereof out of moneys in the 2008 Bonds Sinking Fund Account and shall pay accrued interest due from moneys available therefor in the Debt Service Fund in respect of the 2008 Bonds.

If at any time all the 2008 Bonds eligible for redemption shall have been purchased, redeemed or paid, the Trustee shall make no further transfers to the 2008 Bonds Sinking Fund Account and shall transfer any balance then in such account to the Debt Service Fund in respect of the 2008 Bonds. Whenever 2008 Bonds are to be purchased out of the 2008 Bonds Sinking Fund Account, if the Authority shall notify the Trustee that the Authority wishes to arrange for such purchase, the Trustee shall comply with the Authority's arrangements provided they conform to the Indenture.

(b) As long as the Bond Insurance Policy shall be in full force and effect, the Authority, the Trustee agrees to comply with the following provisions:

(1) If, on the third Business Day prior to the related scheduled Interest Payment Date or principal payment date ("Payment Date") there is not on deposit with the Trustee, after making all transfers and deposits required under the Indenture, moneys sufficient to pay the principal of and interest on the 2008 Bonds due on such Payment Date, the Trustee shall give notice to the Bond Insurer and to its designated agent (if any) (the "Insurer's Fiscal Agent") by telephone or telecopy of the amount of such deficiency by 12:00 noon, New York city time, on such Business Day. If, on the second Business Day prior to the related Payment Date, there continues to be a deficiency in the amount available to pay the principal of and interest on the 2008 Bonds due on such Payment Date, the Trustee shall make a claim under the Bond Insurance Policy and give notice to the Insurer and the Insurer's Fiscal Agent (if any) by telephone of the amount of such deficiency, and the allocation of such deficiency between the amount required to pay interest on the 2008 Bonds and the amount required to pay principal of the 2008 Bonds, confirmed in writing to the Insurer and the Insurer's Fiscal Agent by 12:00 noon, New York city time, on such second business Day by filling in the form of Notice of Claim and Certificate delivered with the Bond Insurance Policy.

(2) The Trustee shall designate any portion of payment of principal on 2008 Bonds paid by the Bond Insurer, whether by virtue of mandatory sinking fund redemption, maturity or other advancement of maturity, on its books as a reduction in the principal amount of 2008 Bonds registered to the then current Bondholder, whether DTC or its nominee or otherwise, and shall issue a replacement 2008 Bond to the Bond Insurer, registered in the name of the Financial Security Assurance Inc. in a principal amount equal to the amount of principal so paid (without regard to authorized denominations); provided that the Trustee's failure to so designate any payment or issue any replacement 2008 Bond shall have no effect on the amount of principal or interest payable by the Authority on any 2008 Bond or the subrogation rights of the Bond Insurer.

(3) The Trustee shall keep a complete and accurate record of all funds deposited by the Bond Insurer into the Policy Payments Account (defined below) and the allocation of such funds to payment of interest on and principal of any 2008 Bond. The Bond Insurer shall have the right to inspect such records at reasonable times upon reasonable notice to the Trustee.

(4) Upon payment of a claim under the Bond Insurance Policy, the Trustee shall establish a separate special purpose trust account for the benefit of Bondholders referred to herein as the "Policy Payments Account" and over which the Trustee shall have the exclusive control and sole right of withdrawal. The Trustee shall receive any amount paid under the Bond Insurance Policy in trust on behalf of Bondholders and shall deposit any such amount in the Policy Payments Account and distribute such amount only for purposes of making the payments for which a claim was made. Such amounts shall be disbursed by the Trustee to Bondholders in the same manner as principal and interest payments are to be made with respect to the 2008 Bonds under the sections hereof regarding payment of 2008 Bonds. It shall not be necessary for such payments to be made by checks or wire transfers separate from the check or wire transfer used to pay debt service other funds available to make such payments. Notwithstanding anything herein to the contrary, the Authority agrees to pay to the Bond Insurer (i) a sum equal to the total of all amounts paid by the Bond Insurer under the Bond Insurance Policy (the "Insurer Advances"); and (ii) interest on such Insurer Advances from the date paid by the Insurer until payment thereof in full, payable to the Bond Insurer at the Late Payment Rate per annum (collectively, the "Insurer Reimbursement Amounts"). "Late Payment Rate" means the lesser of (a) the greater of (i) the per annum rate of interest, publicly announced from time to time by JPMorgan Chase Bank at its principal office in The City of New York, as its prime or base lending rate (any change in such rate of interest to be effective on the date such change is announced by JPMorgan Chase Bank) plus 3%, and (ii) the then applicable highest rate of interest on the 2008 Bonds and (b) the maximum rate permissible under applicable usury or similar laws limiting interest rates. The Late Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. The Authority hereby covenants and agrees that the Insurer Reimbursement Amounts are secured by a lien on and pledge of the Trust Estate and payable from such Trust Estate on a parity with debt service due on the 2008 Bonds and that for this purpose, the Bond Insurance Policy issued with respect to the 2008 Bonds shall be deemed to be a Credit Facility.

(5) Funds held in the Policy Payments Account shall not be invested by the Trustee and may not be applied to satisfy any costs, expenses or liabilities of the Trustee. Any funds remaining in the Policy Payments Account following a 2008 Bond payment date shall promptly be remitted to the Bond Insurer.

#### **Section 602. PAYMENT UNDER THE 2003 BONDS SWAP AND THE 2006 BONDS SWAP**

or its successors and permitted assigns, pursuant to the terms of each of the 2003 Bonds Swap and the 2008 Bonds Swap on any date may only be made if the transfers or payments required by Sections 5.05(a) and (b) of the Amended and Restated Indenture, as amended and supplemented, as of and prior to such date have been made in full and all payments required to be made by the Authority as of and prior to such date of or in respect of debt service on the 2008 Bonds and amounts required to be deposited into the Debt Service Reserve Fund (including any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund) have been made or paid in full.

At the election of the Authority and upon written notice to the Trustee, one or more new accounts in the Revenue Fund shall be created with respect to any interest rate swap transactions relating to any Bonds (each a "Swap Account"). In the event that the Authority elects to create one or more such Swap Accounts, the Trustee shall (i) deposit on a monthly or other periodic basis in such Swap Accounts, as directed by the Authority, and reserve in the Swap Accounts, such amounts as may be directed by the Authority with respect to amounts owing or to be owed in connection with any interest rate swap or hedge agreements relating to any Bonds, and (ii) transfer from such Swap Account to the relevant counterparty under such interest rate swap or hedge agreement such amounts as shall be directed by the Authority; provided, however, that all such transfers to the Swap Account and all such payments made from the SWAP Account pursuant to the terms of any interest rate swap or hedge agreements on any date may only be made if the transfers or payments required by Sections 5.05(a) and (b) of the Amended and Restated Indenture, as amended and supplemented, as of and prior to such date have been made in full and all payments required to be made by the Authority as of and prior to such date of or in respect of debt service on the Bonds and amounts required to be deposited into the Debt Service Reserve Fund (including any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund) have been made or paid in full.

(b) Payments received from JPMorgan Chase Bank – New York, or its successors and permitted assigns, as counterparty under the 2003 Bonds Swap or the 2008 Bonds Swap shall be deposited to the Debt Service Fund established pursuant to Section 5.08 of the Amended and Restated Indenture.

No Interest Period shall be established during a Flexible Rate Period and no Variable Rate Period shall be established which would cause the Interest Coverage Period of the Liquidity Facility to be less than the requirements of the Fifth Supplement to the Amended and Restated Indenture. No interest rate on a 2008A Bond shall be established during a Variable Rate Period which exceeds the Interest Coverage Rate. No Interest Period or Flexible Rate shall be established during a Flexible Rate Period which would cause the aggregate

amount of all interest which could accrue on the 2008A Bonds bearing interest at the Flexible Rate during such Flexible Rate Period to exceed the Interest Component allocable to such 2008A Bonds. In addition, no Flexible Rate shall be established which exceeds the applicable Interest Coverage Rate and no Interest Period shall be established during a Flexible Rate Period which exceeds 270 days.

**Bank Bonds.** Notwithstanding anything herein to the contrary, Bank Bonds shall bear interest at the Bank Rate determined in accordance with the provisions of the Liquidity Facility and not the Variable Rate or Flexible Rate that would otherwise be applicable to such 2008A Bonds were they not Bank Bonds. In connection with the issuance of this 2008A Bond, an additional Bond will be executed, delivered to and authenticated by the Trustee in the original principal amount of zero dollars (each a "Global Bond") and a corresponding CUSIP number will be obtained by or on behalf of the Authority for each series of 2008 Bonds, for use, in accordance with the then-current procedures of DTC, in the event that all or any portion of the 2008A Bonds become Bank Bonds. At all times, the principal amount of the Global Bond will be equal to the principal amount of any outstanding Bank Bonds; provided, however, at no time shall the amount represented by this 2008A Bond, together with the amount represented by the Global Bond, exceed the total amount of the 2008A Bonds outstanding under the Indenture.

**Conversions.** With the consent of the Bond Insurer, the Authority may elect to convert the 2008A Bonds to bear interest at a Variable Rate, a Flexible Rate or a Fixed Rate, as well as from one Variable Rate to another, and from a Term Rate Period of one length to a Term Rate Period of a different length. Upon such conversion, the 2008A Bonds may accrue interest at such interest rate modes as provided in the Fifth Supplement to the Amended and Restated Indenture. In order to effect such conversion, the Authority shall provide written direction to the Trustee, the Tender Agent (if any), the Remarketing Agent (if any) of its election to convert the 2008A Bonds to another interest rate mode and comply with the notice, mandatory tender and other provisions set forth in the Fifth Supplement to the Amended and Restated Indenture.

**Conversion to Fixed Rate in Extraordinary Circumstances.** So long as (i) the Bond Insurer (A) is not in default under the Bond Insurance Policy, and (B) maintains an investment grade rating with each of the Rating Agencies, and (ii) the Bond Insurance Policy is in full force and effect and enforceable in accordance with its material terms, the Bond Insurer may, upon sixty (60) days notice, direct that the interest rate mode on the 2008A Bonds shall be converted to a Fixed Rate pursuant to the Fifth Supplement to the Amended and Restated Indenture (i) upon failure of the Bank to purchase of 2008A Bonds when required under the Fifth Supplement to the Amended and Restated Indenture or under the Liquidity Facility; (ii) upon expiration or termination of the Liquidity Facility with no substitution therefor; (iii) if any such 2008A Bonds are held as Bank Bonds for 45 days or more in any bond year or there are two failed attempts to remarket such 2008A Bonds in any bond year; (iv) if Bank Bonds or more than fifteen percent (15%) of the aggregate principal amount of 2008A Bonds bear interest at the Maximum Rate applicable to such bonds for a period of 30 consecutive days, or (v) if the Authority fails to replace the Liquidity Facility when required. With the Bond Insurer's consent, this provision may be amended or waived by the Authority and the trustee without the consent of the holders of any Bond under the Indenture.

**Conversion of Interest Rate Mode.** Any conversion of the interest rate mode on the 2008 Bonds that would result in (i) 2008A Bonds being remarketed at a premium or (ii) a change in the original amortization schedule for the 2008A Bonds shall require the prior consent of the Bond Insurer.

SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. until the Remarketing Agent next determines the Variable Rate as required under the Indenture, (B) for 2008A Bonds in a Term Rate Period with a duration of one year or less, such 2008A Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc until the Remarketing Agent next determines the Variable Rate as required under the Indenture; and (C) for 2008A Bonds in a Term Rate Period with a duration in excess of one year, such 2008A Bonds shall automatically convert to a Term Rate Period of two years and the Variable Rate for such Rate Period shall be equal to the sum of (i) the yield on 2 year "A" rated general obligation 2008A Bonds as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Variable Rate Adjustment Date plus (ii) 5 basis points unless the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee (which opinion may be based upon a ruling or rulings of the Internal Revenue Service) with respect to the conversion of the 2008A Bonds to Variable Rates for Weekly Rate Periods, in which case the 2008A Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System until the Remarketing Agent next determines the Variable Rate as required under the Fifth Supplement to the Amended and Restated Indenture.

(iii) All determinations of Variable Rates shall be conclusive and binding upon the holders of the 2008A Bonds to which such rates are applicable. Failure by the Trustee or the Tender Agent to give any notice as in the Indenture provided, any defect therein, and any failure by any holder of a 2008A Bond to receive any such notice (including without limitation any Immediate Notice) shall not extend the period for making elections, in any way change the rights of the owners of 2008A Bonds to elect to have such 2008A Bonds purchased, in any way change the conditions which must be satisfied in order for such election to be effective or for payment of the purchase price to be made after an effective election or in any way change such owner's obligation to tender the 2008A Bonds for purchase.

**Term Rates.** A Variable Rate shall be determined by the Remarketing Agent for each Term Rate Period not later than 12:00 noon, New York City time, on the Business Day immediately preceding the commencement date of such period.

**Conversions between Variable Rate Periods.** At the option of the Authority, the 2008A Bonds may be converted from one Variable Rate Period to another and from a Term Rate Period of one length to a Term Rate Period of a different length as follows:

(i) In any such case, the Variable Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that if the conversion is from a Term Rate Period to a different Variable Rate Period or a Term Rate Period of a different length, the Variable Rate Conversion Date shall be limited to a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Bond Insurer, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made.

As a precondition to effecting a change to a different Variable Rate Period or to a Term Rate Period of a different length, on or before the Variable Rate Conversion Date, a Favorable Opinion shall be delivered to the Authority, the Trustee and the Tender Agent. Notwithstanding the foregoing, such Favorable Opinion shall not be required to be delivered in either case with respect to (i) a conversion to a Daily Rate Period or Weekly Rate Period

or to a Term Rate Period with a duration of one year if the immediately preceding Period was a Daily Rate Period or Weekly Rate Period or a Term Rate Period with a duration of one year or (ii) a conversion to a Term Rate Period with a duration of more than one year if the immediately preceding Variable Rate Period was a Term Rate Period with a duration of more than one year.

(iii) Not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period or any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to the holders of all 2008 Bonds to be converted. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 of the Fifth Supplement to the Amended and Restated Indenture with respect to purchases of 2008 Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

Conversions from Flexible Rate Periods. At the option of the Authority, the 2008A Bonds may be converted from a Flexible Rate Period to a Variable Rate Period as follows:

(i) The Variable Rate Conversion Date shall be the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Periods theretofore established for the 2008A Bonds to be converted.

(ii) Not less than fourteen (14) days prior to the Variable Rate Conversion Date if converting to a Daily Rate Period or a Weekly Rate Period and not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to all holders of the 2008A Bonds to be converted. The 2008A Bonds will be subject to mandatory tender for purchase on the Variable Rate Conversion Date.

(iii) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

Flexible Rates. A Flexible Rate for each Interest Period shall be determined as follows:

(i) The Interest Periods for each 2008A Bond shall be of such duration, not exceeding 270 days, as may be offered by the Remarketing Agent and specified by the purchaser.

(ii) The Flexible Rate for each Interest Period shall be effective from and including the commencement date of such period through and including the last day thereof. Each such Flexible Rate shall be determined by the Remarketing Agent in connection with the sale of the 2008A Bond or Bonds to which it relates.

(iii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Interest Period or Flexible Rate when required under the Fifth Supplement to the Amended and Restated Indenture, the Interest Period shall be of the shortest permitted duration and the Flexible Rate shall be equal to 135% of the SIFMA Municipal Swap Index in effect on the first day of such Interest Period.

(iv) All determinations of Flexible Rates and Interest Periods shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2008A Bonds to which such rates and periods are applicable.

Conversions for Flexible Rate Periods. At the option of Authority, the 2008A Bonds may be converted from a Variable Rate Period to a Flexible Rate Period as follows:

(i) In any such case, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that in the case of a conversion from a Term Rate Period, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) Not than thirty (30) days prior to the Flexible Rate Conversion Date, the Tender Agent shall mail a written notice of the conversion to the holders of all Bonds to be converted, specifying the Flexible Rate Conversion Date. The 2008A Bonds will be subject to mandatory tender for purchase on the Variable Rate Conversion Date.

#### **FIXED RATE CONVERSION AT OPTION OF THE AUTHORITY**

At the option of the Authority, the 2008A Bonds bearing interest at a Variable Rate or Flexible Rates may be converted to bear interest at the Fixed Rate as provided in the Fifth Supplement to the Amended and Restated Indenture. Any such conversion shall be made as follows:

(a) The Fixed Rate Conversion Date shall be: (i) in the case of a conversion from a Variable Rate Period other than a Term Rate Period, a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; (ii) in the case of a conversion from a Term Rate Period, a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced; or (iii) in the case of a conversion from a Flexible Rate Period, a day which is the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Period theretofore established for the 2008A Bonds to be converted.

(b) In the event of a conversion from a Variable Rate Period or a Flexible Rate Period, the Tender Agent shall mail a notice of the proposed conversion to the holders of all Bonds to be converted not less than thirty (30) days prior to the Proposed Fixed Rate Conversion Date and shall inform the holders of the 2008A Bond of: (i) the Proposed Fixed Rate Conversion Date; and (ii) the other matters required in connection with the mandatory tender of the 2008A Bonds. The 2008A Bonds will be subject to mandatory tender for purchase on the Fixed Rate Conversion Date.

(c) The Fixed Rate(s) established for the 2008A Bonds to be effective on the Fixed Rate Conversion Date shall be set forth in an underwriting or purchase contract and shall equal the minimum interest rate(s) necessary to remarket such 2008A Bonds on the Fixed Rate Conversion Date at an aggregate purchase price of 100% of the principal amount thereof taking into account the fact that such 2008A Bond shall mature or be subject to mandatory sinking fund redemption on a particular June 15 up to and including June 15, 2022, that all 2008A Bonds shall pay interest semiannually on each Interest Payment Date of each year and that all 2008A Bonds maturing on a particular June 15 shall bear interest at the same rate.

The determination of the Fixed Interest Rate(s) shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, if any, the Bank, if any, and the holders of the 2008A Bonds to which such rate(s) will be applicable.

The determination of the Tender Agent as to whether a notice of tender has been properly delivered pursuant to the foregoing shall be conclusive and binding upon the owner of such 2008A Bond.

All 2008A Bonds to be purchased on any Optional Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Optional Tender Date with respect to 2008A Bonds during a Daily Rate Period or a Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Optional Tender Date with respect to 2008A Bonds during Term Rate Periods.

Remarketing of Tendered Bonds. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2008A Bonds required to be purchased on the Repurchase Date. In remarketing the 2008A Bonds, the Remarketing Agent shall offer and accept purchase commitments for the 2008A Bonds for such Interest Periods and at such Flexible Rates as it deems to be advisable in order to minimize the net interest cost on the 2008A Bonds under prevailing market conditions. The foregoing notwithstanding, no Interest Period may be established which exceeds the shortest of (A) 270 days, (B) the remaining number of days prior to any Mandatory Tender Date occurring as a result of a proposed conversion, or (C) the remaining number of days prior to each date on which 2008A Bonds are subject to optional or mandatory sinking fund redemption, if and to the extent necessary to enable the Tender Agent to make such purchases on or before such date.

**Payments by the Tender Agent.** By 3:00 p.m., New York City time, on the Repurchase Date and upon receipt by the Tender Agent of 100% of the aggregate Repurchase Price of the Tendered 2008A Bonds, the Tender Agent shall pay the Repurchase Price of such 2008A Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. If sufficient funds are not available for the purchase of all tendered 2008A Bonds, no purchase shall be consummated.

**Delivery of 2008A Bonds.** All 2008A Bonds to be purchased on any Repurchase Date shall be required to be delivered to the Principal Office of the Tender Agent by 1:00 p.m., New York City time, on the Repurchase Date.

#### **Mandatory Tender Upon Conversions among Variable Rate Periods and Flexible Rate Periods**

**Variable Rate Conversions.** 2008A Bonds which are subject to conversion on any Variable Rate Conversion Date shall be subject to mandatory tender for purchase on the Variable Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be.

**Flexible Rate Conversions.** 2008A Bonds which are subject to conversion on any Flexible Rate Conversion Date are subject to mandatory tender for purchase on the applicable Flexible Rate Conversion Date at the Tender Price.

**Notice to Bondholders.** Any notice of a Conversion given to Bondholders shall state that the 2008A Bonds to be converted will be subject to mandatory tender for purchase on the Variable Rate Conversion Date or Flexible Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and will specify the time at which Bonds are to be tendered for purchase.

#### **Mandatory Tender Upon Fixed Rate Conversion or Substitution or Termination of Liquidity Facility**

(i) **Proposed Fixed Rate Conversion Date.** The 2008A Bonds to be converted to bear interest at the Fixed Rate pursuant to Section 205 of the Fifth Supplement to the Amended and Restated Indenture shall be subject to mandatory tender for purchase on a Proposed Fixed Rate Conversion Date at a price equal to the Tender Price or the Repurchase Price, as the case may be.

(ii) **Substitution of the Liquidity Facility with an Alternate Liquidity Facility.** The 2008A Bonds (other than Bank Bonds and 2008A Bonds bearing interest at the Fixed Rate) are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or the Repurchase Price, as the case may be, on the regularly scheduled Interest Payment Date immediately preceding the effective date of any substitution of the Liquidity Facility with an Alternate Liquidity Facility in accordance with the provisions of Section 310 of the Fifth Supplement to the Amended and Restated Indenture.

(iii) **No Renewal Liquidity Facility.** The 2008A Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on any Renewal Date if by the tenth day preceding such Renewal Date the Trustee has not received a Renewal Liquidity Facility.

(iv) **Default under the Liquidity Facility.** The 2008A Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on the fifteenth day (or the next preceding Business Day if such day is not a Business Day) after receipt by the Trustee of notice from the Bank of the occurrence of a default under the Liquidity Facility permitting the Bank to deliver such notice (other than the occurrence of any event of default thereunder which permits the Bank to immediately terminate such Liquidity Facility without notice to or demand upon the Trustee) and that such Liquidity Facility shall be terminated; provided

that (i) the Mandatory Tender Date shall be at least five days prior to the termination of the Bank's obligation to honor draws under the Liquidity Facility and (ii) no purchase shall be required if prior to the Mandatory Tender Date the Trustee receives written notice from the Bank to the effect that the default has been cured in accordance with the provisions of the Liquidity Facility and such Liquidity Facility is, as of the date of such notice to the Trustee, in full force and effect and will not terminate as a result of such termination notice from the Bank.

**Notice to Bondholders.** The Tender Agent shall mail notice to Bondholders of any mandatory tender as follows: (A) pursuant to (i) above, not less than thirty (30) days prior to the Mandatory Tender Date; (B) pursuant to (ii) or (iii) above, not less than fifteen (15) days prior to the Mandatory Tender Date, and (C) pursuant to (iv) above, on the Business Day next succeeding receipt by the Trustee of the notice from the Bank described therein.

In the case of a notice pursuant to (i) above, such notice will state, among other things, the Proposed Fixed Rate Conversion Date, that the 2008A Bonds will be subject to mandatory tender for purchase on the Fixed-Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and the time at which the 2008A Bonds are to be tendered for purchase.

**Delivery of 2008A Bonds.** All 2008A Bonds to be purchased on any Mandatory Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Mandatory Tender Date with respect to 2008A Bonds during a Daily Rate Period or a Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Mandatory Tender Date with respect to 2008A Bonds during Term Rate Periods.

**Purchase of Tendered Bonds; Payments by the Tender Agent.** By 3:00 p.m., New York City time, on the Optional Tender Date or Mandatory Tender Date set for purchase of Tendered Bonds and upon receipt by the Tender Agent of 100% of the aggregate purchase price of the Tendered Bonds, the Tender Agent shall pay the purchase price of such 2008A Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated.

**Effect of Failure to Surrender Bonds.** If the owner of any 2008A Bond (or portion thereof) that is subject to purchase fails to deliver such 2008A Bond to the Tender Agent for purchase on the Optional Tender Date or Mandatory Tender Date and if the Tender Agent is in receipt of the purchase price therefor, such 2008A Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2008A Bond (or portion thereof) shall be transferred to the purchaser. Any holder of a 2008A Bond who fails to deliver a 2008A Bond for purchase as required above shall have no further rights thereunder except the right to receive the purchase price thereof upon presentation and surrender of said 2008A Bond to the Tender Agent. Such delivery shall be a condition to payment of the purchase price by the Tender Agent on the Optional Tender Date or Mandatory Tender Date.

**Failed Conversion.** If on a Variable Rate Conversion Date, Flexible Rate Conversion Date or Proposed Fixed Rate Conversion Date, any condition precedent to such conversion required under the Indenture shall not be satisfied, such conversion shall not occur, but the mandatory tender shall remain effective.

**Inadequate Funds for Tenders.** If the funds available for purchases of 2008A Bonds pursuant to Article III of the Fifth Supplement to the Amended and Restated Indenture are inadequate for the purchase of all 2008A Bonds required to be purchased on any purchase date, the Tender Agent shall immediately: (i) return all Tendered Bonds to the holders thereof; (ii) return all moneys received for the purchase of such 2008A Bonds to the Persons providing such moneys; and (iii) notify all Bondholders in writing (A) if an Event of Default has occurred, of such occurrence, and (B) of the rate to be effective pursuant to following provisions. If the funds available for purchases of 2008A Bonds pursuant to Article III of the Fifth Supplement to the Amended and Restated Indenture are inadequate for the purchase of all 2008A Bonds required to be purchased (i) on a proposed Conversion Date, such conversion shall be deemed to have failed and the provisions above shall apply; (ii) in all other cases, the Remarketing Agent shall determine the applicable interest rate in accordance with the provisions of Article II of the Indenture.

The only monies available to pay the Tender Price on any 2008A Bonds which are Tendered Bonds are those monies required to be deposited in the Bond Purchase Fund pursuant to the Fifth Supplement to the Amended and

Restated Indenture. The Authority is not obligated to pay any other amounts from any other source and neither the Trustee nor the Remarketing Agent shall be responsible for the failure of any other person to furnish moneys for the Tender Price of such 2008A Bonds.

Notwithstanding the provisions of the Fifth Supplement to the Amended and Restated Indenture, if on a Proposed Fixed Rate Conversion Date which arises as a result of a Conversion described above in the paragraph entitled "Conversion to Fixed Rate in Extraordinary Circumstances", insufficient funds are available to complete such tender, such Conversion shall nonetheless occur, and the 2008A Bonds so converted shall bear interest at a Fixed Rate equal to the sum of (i) the yield on "A" rated general obligation bonds with a term equal to the remaining term on the 2008A Bonds being so converted, as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Proposed Fixed Rate Conversion Date, plus (ii) 5 basis points; provided that such Fixed Rate shall not be in excess of the Maximum Lawful Rate.

**Tender Agent.** The Trustee may, at all times on or before the Fixed Rate Conversion Date, appoint a Tender Agent with the power to act, on or prior to such Conversion Date, on the Trustee's behalf and subject to its direction in the authentication and delivery of the 2008A Bonds and in connection with registration of transfers and exchanges, tenders, redemptions, notices and purchase thereof and payments thereon, as fully to all intents and purposes as though the Tender Agent had been expressly authorized under the Indenture to authenticate, deliver, pay, transfer and exchange 2008A Bonds, receive tender notices, purchase tendered 2008A Bonds and make payments on the 2008A Bonds. As of the original issue date of the 2008A Bonds, the Trustee will not appoint a Tender Agent.

**Remarketing Agent.** RBC Capital Markets Corporation, has been appointed as the initial Remarketing Agent. The Remarketing Agent may be replaced in accordance with the provisions of the Indenture.

**Effect of Notices.** Failure by the Trustee or the Tender Agent to give any notice, or any defect therein, shall not extend the period for making elections or in any way change the rights of the owners of such 2008A Bonds to elect to have their Bonds purchased on any Optional Tender Date or Mandatory Tender Date. Any notice mailed as provided in the Indenture shall be conclusively presumed to have been given, whether or not the owner of such 2008A Bonds receives the notice.

## REDEMPTION

### Optional Redemption.

(i) **Flexible Rate Period or a Variable Rate Period.** During a Flexible Rate Period or a Variable Rate Period, the 2008A Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and if in part in an Authorized Denomination) on any Repurchase Date applicable thereto during a Flexible Rate Period or on any Interest Payment Date during a Variable Rate Period (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot), at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(ii) **Term Rate Period.** On or prior to the Fixed Rate Conversion Date, 2008A Bonds in a Term Rate Period may be redeemed by the Authority, in whole or in part (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot in such manner as shall be determined by the Trustee), (A) at any time on and after the No-Call Period described below, at a redemption price of 100% of the principal amount of 2008A Bonds called for redemption, plus accrued interest to the date fixed for redemption, and (B) on the day after the end of each Term Rate Period at a redemption price of 100% of the principal amount thereof, plus accrued interest to the date fixed for redemption:

Less than 10 years and greater than or equal to 3 years	6 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period

Notwithstanding the foregoing, the No-Call Periods specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2008A Bonds to a Term Rate Period is to the effect that such change will not have an adverse effect on the validity of the 2008A Bonds or any exemption from federal income taxation to which interest on the 2008A Bonds would otherwise be entitled.

(iii) **Fixed Rate.** After the Fixed Rate Conversion Date, the 2008A Bonds may be redeemed by the Authority in whole on any date, or in part on any Interest Payment Date (and, if in part, by lot in such manner as shall be determined by the Trustee), after the No-Call Period described below at a redemption price of 100% of the principal amount of 2008A Bonds called for redemption, plus accrued interest to the date fixed for redemption:

Length of Fixed Rate Period	Commencement of Redemption Period

Less than 10 years and greater than or equal to 8 years	5 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 8 years	Not subject to optional redemption

Notwithstanding the foregoing, the No-Call Periods and redemption prices specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2008A Bonds to a Fixed Rate is to the effect that such change will not have an adverse effect on the validity of the 2008A Bonds or any exemption from federal income taxation to which interest on the 2008A Bonds would otherwise be entitled.

**Special Optional Redemption.** Any 2008 Bonds which: (1) are Bank Bonds, or (2) have been converted to a Fixed Rate as described in the paragraph above entitled "Conversion to Fixed Rate in Extraordinary Circumstances", shall be subject to redemption in whole or in part prior to the Maturity Date therefor at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

**Mandatory Sinking Fund Redemption.** The 2008A Bonds are subject to mandatory redemption prior to maturity in part by lot, as selected by the Trustee, on June 15 of each year as set forth below, in the respective principal amounts listed opposite each such year from moneys in the Debt Service Fund, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent interest Payment Date to the redemption date.

Redemption Date (June 15)	Principal Amount	Redemption Date (June 15)	Principal Amount

2015	9,145,000.00	2022*	12,865,000.00

\* Maturity

Notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall, with the consent of the Bond Insurer, file a certificate pursuant to Section 205(d) of the Fifth Supplement to the Amended and Restated Indenture in connection with the conversion of the 2008A Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2008A Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the Authority shall redeem 2008A Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2008A

Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

In the event of any partial optional or special optional redemption of the 2008A Bonds, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment, so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

**General Provisions Regarding Redemptions.** No redemption of less than all of the 2008A Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2008A Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2008A Bonds Outstanding shall be made in such a manner that all Bonds Outstanding after such redemption are in Authorized Denominations.

**Notice of Redemption.** 2008A Bonds may be called for redemption by the Trustee (other than pursuant to the Special Optional Redemption provisions above, which require Immediate Notice to the Bank prior to the redemption date) (A) in the case of 2008A Bonds during a Variable Rate Period other than a Term Rate Period, upon receipt by the Trustee at least 15 days prior to the redemption date of a written request of the Authority requesting such redemption or (B) in all other cases, upon receipt by the Trustee not less than 30 days prior to the redemption date identified in the written request of the Authority requesting such redemption. A copy of the notice of the call for any redemption identifying the 2008A Bonds to be redeemed shall be given by the Trustee to the holders of the 2008A Bonds by first class mail postage prepaid, which notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2008A Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to the Fifth Supplement to the Amended and Restated Indenture the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2008A Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited.

Failure to give notice in the manner prescribed hereunder with respect to any 2008A Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2008A Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2008A Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2008A Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

**Special Optional Redemption.** Any 2008 Bonds which: (1) are Bank Bonds, or (2) have been converted to a Fixed Rate as described in the paragraph above entitled "Conversion to Fixed Rate in Extraordinary Circumstances", shall be subject to redemption in whole or in part prior to the Maturity Date therefor at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

\* Maturity

Notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall, with the consent of the Bond Insurer, file a certificate pursuant to Section 205(d) of the Fifth Supplement to the Amended and Restated Indenture in connection with the conversion of the 2008A Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2008A Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the

Authority shall redeem 2008A Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2008A Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

In the event of any partial optional or special optional redemption of the 2008A Bonds, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment, so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

**General Provisions Regarding Redemptions.** No redemption of less than all of the 2008A Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2008A Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2008A Bonds Outstanding shall be made in such a manner that all Bonds Outstanding after such redemption are in Authorized Denominations.

**Notice of Redemption.** 2008A Bonds may be called for redemption by the Trustee (other than pursuant to the Special Optional Redemption provisions above, which require Immediate Notice to the Bank prior to the redemption date) (A) in the case of 2008A Bonds during a Variable Rate Period other than a Term Rate Period, upon receipt by the Trustee at least 15 days prior to the redemption date of a written request of the Authority requesting such redemption or (B) in all other cases, upon receipt by the Trustee not less than 30 days prior to the redemption date identified in the written request of the Authority requesting such redemption. A copy of the notice of the call for any redemption identifying the 2008A Bonds to be redeemed shall be given by the Trustee to the holders of the 2008A Bonds by first class mail postage prepaid, which notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2008A Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to the Fifth Supplement to the Amended and Restated Indenture the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2008A Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited.

Failure to give notice in the manner prescribed hereunder with respect to any 2008A Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2008A Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2008A Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2008A Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

#### INTEREST RATES

The 2008B Bonds shall bear interest initially at a Variable Rate with a Weekly Rate Period from and including the date of initial issuance until a Conversion Date. During each Variable Rate Period, the 2008B Bonds shall bear interest at the lesser of (i) the Interest Coverage Rate or (ii) the Variable Rate. The 2008A Bonds shall bear interest accruing for each Interest Accrual Period payable on the next Interest Payment Date.

Limits on Interest Periods and Rates. No Interest Period shall be established during a Flexible Rate Period and no Variable Rate Period shall be established which would cause the Interest Coverage Period of the Liquidity Facility to be less than the requirements of the Fifth Supplement to the Amended and Restated Indenture. No interest rate on a 2008B Bond shall be established during a Variable Rate Period which exceeds the Interest Coverage Rate. No Interest Period or Flexible Rate shall be established during a Flexible Rate Period which would cause the aggregate

amount of all interest which could accrue on the 2008B Bonds bearing interest at the Flexible Rate during such Flexible Rate Period to exceed the Interest Component allocable to such 2008B Bonds. In addition, no Flexible Rate shall be established which exceeds the applicable Interest Coverage Rate and no Interest Period shall be established during a Flexible Rate Period which exceeds 270 days.

**Bank Bonds.** Notwithstanding anything herein to the contrary, Bank Bonds shall bear interest at the Bank Rate determined in accordance with the provisions of the Liquidity Facility and not the Variable Rate or Flexible Rate that would otherwise be applicable to such 2008B Bonds were they not Bank Bonds. In connection with the issuance of this 2008B Bond, an additional Bond will be executed, delivered to and authenticated by the Trustee in the original principal amount of zero dollars (each a "Global Bond") and a corresponding CUSIP number will be obtained by or on behalf of the Authority for each series of 2008 Bonds, for use, in accordance with the then-current procedures of DTC, in the event that all or any portion of the 2008B Bonds become Bank Bonds. At all times, the principal amount of the Global Bond will be equal to the principal amount of any outstanding Bank Bonds; provided, however, at no time shall the amount represented by this 2008B Bond, together with the amount represented by the Global Bond, exceed the total amount of the 2008B Bonds outstanding under the Indenture.

**Conversions.** With the consent of the Bond Insurer, the Authority may elect to convert the 2008B Bonds to bear interest at a Variable Rate, a Flexible Rate or a Fixed Rate, as well as from one Variable Rate to another, and from a Term Rate Period of one length to a Term Rate Period of a different length. Upon such conversion, the 2008B Bonds may accrue interest at such interest rate modes as provided in the Fifth Supplement to the Amended and Restated Indenture. In order to effect such conversion, the Authority shall provide written direction to the Trustee, the Tender Agent (if any), the Remarketing Agent (if any) of its election to convert the 2008B Bonds to another interest rate mode and comply with the notice, mandatory tender and other provisions set forth in the Fifth Supplement to the Amended and Restated Indenture.

**Conversion to Fixed Rate in Extraordinary Circumstances.** So long as (i) the Bond Insurer (A) is not in default under the Bond Insurance Policy, and (B) maintains an investment grade rating with each of the Rating Agencies, and (ii) the Bond Insurance Policy is in full force and effect and enforceable in accordance with its material terms, the Bond Insurer may, upon sixty (60) days notice, direct that the interest rate mode on the 2008B Bonds shall be converted to a Fixed Rate pursuant to the Fifth Supplement to the Amended and Restated Indenture (i) upon failure of the Bank to purchase of 2008B Bonds when required under the Fifth Supplement to the Amended and Restated Indenture or under the Liquidity Facility; (ii) upon expiration or termination of the Liquidity Facility with no substitution therefor; (iii) if any such 2008B Bonds are held as Bank Bonds for 45 days or more in any bond year or there are two failed attempts to remarket such 2008B Bonds in any bond year; (iv) if Bank Bonds or more than fifteen percent (15%) of the aggregate principal amount of 2008B Bonds bear interest at the Maximum Rate applicable to such bonds for a period of 30 consecutive days, or (v) if the Authority fails to replace the Liquidity Facility when required. With the Bond Insurer's consent, this provision may be amended or waived by the Authority and the trustee without the consent of the holders of any Bond under the Indenture.

**Conversion of Interest Rate Mode.** Any conversion of the interest rate mode on the 2008 Bonds that would result in (i) 2008B Bonds being remarketed at a premium or (ii) a change in the original amortization schedule for the 2008B Bonds shall require the prior consent of the Bond Insurer.

#### **VARIABLE RATES; CONVERSIONS TO VARIABLE RATE PERIODS**

**Determination by Remarketing Agent; Notice of Rates Determined.** Except as hereinafter provided, the Variable Rate to be applicable to the 2008B Bonds during any Variable Rate Period shall be determined by the Remarketing Agent and notice thereof shall be given as follows:

(i) Notice of each Variable Rate shall be available commencing on the Business Day immediately succeeding the date of determination during any Daily Rate Period and Weekly Rate Period by telephone from the Tender Agent upon request of any owner of a 2008B Bond.

(ii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Variable Rate for any Variable Rate Period when required under the Amended and Restated Indenture (A) for 2008B Bonds in a Daily Rate Period or Weekly Rate Period, the Variable Rate for such Rate Period shall be equal to 135% of the

SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. until the Remarketing Agent next determines the Variable Rate as required under the Indenture, (B) for 2008B Bonds in a Term Rate Period with a duration of one year or less, such 2008B Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System, Inc. until the Remarketing Agent next determines the Variable Rate as required under the Indenture; and (C) for 2008B Bonds in a Term Rate Period with a duration in excess of one year, such 2008B Bonds shall automatically convert to a Term Rate Period of two years and the Variable Rate for such Rate Period shall be equal to the sum of (i) the yield on 2 year "A" rated general obligation 2008B Bonds as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Variable Rate Adjustment Date plus (ii) 5 basis points unless the Authority has filed with the Trustee and the Tender Agent a Favorable Opinion acceptable to the Trustee (which opinion may be based upon a ruling or rulings of the Internal Revenue Service) with respect to the conversion of the 2008B Bonds to Variable Rates for Weekly Rate Periods, in which case the 2008B Bonds shall automatically convert to a Weekly Rate Period and the Variable Rate for such Rate Period shall be equal to 135% of the SIFMA Municipal Swap Index published for that Variable Rate Period by Munifacts Wire System until the Remarketing Agent next determines the Variable Rate as required under the Fifth Supplement to the Amended and Restated Indenture.

(iii) All determinations of Variable Rates shall be conclusive and binding upon the holders of the 2008B Bonds to which such rates are applicable. Failure by the Trustee or the Tender Agent to give any notice as in the Indenture provided, any defect therein, and any failure by any holder of a 2008B Bond to receive any such notice (including without limitation any Immediate Notice) shall not extend the period for making elections, in any way change the rights of the owners of 2008B Bonds to elect to have such 2008B Bonds purchased, in any way change the conditions which must be satisfied in order for such election to be effective or for payment of the purchase price to be made after an effective election or in any way change such owner's obligation to tender the 2008B Bonds for purchase.

Daily Rates and Weekly Rates. A Variable Rate shall be determined by the Remarketing Agent (i) for each Daily Rate Period not later than 10:30 a.m., New York City time, on the commencement date of the Daily Rate Period to which it relates and (ii) for each Weekly Rate Period not later than 10:00 a.m., New York City time on the commencement date of the Weekly Rate Period to which it relates (or the preceding Business Day if such day is not a Business Day).

Term Rates. A Variable Rate shall be determined by the Remarketing Agent for each Term Rate Period not later than 12:00 noon, New York City time, on the Business Day immediately preceding the commencement date of such period.

Conversions between Variable Rate Periods. At the option of the Authority, the 2008B Bonds may be converted from one Variable Rate Period to another and from a Term Rate Period of one length to a Term Rate Period of a different length as follows:

(i) In any such case, the Variable Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that if the conversion is from a Term Rate Period to a different Variable Rate Period or a Term Rate Period of a different length, the Variable Rate Conversion Date shall be limited to a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) The Authority shall give written notice of any such conversion to the Remarketing Agent, the Trustee, the Tender Agent, the Bond Insurer, and the Bank not less than seven (7) Business Days prior to the date on which the Tender Agent is required to notify the Bondholders of the conversion pursuant to subparagraph (iii) below. Such notice shall specify the Variable Rate Conversion Date and the Variable Rate Period (and the length of any Term Rate Period) to which the conversion will be made.

As a precondition to effecting a change to a different Variable Rate Period or to a Term Rate Period of a different length, on or before the Variable Rate Conversion Date, a Favorable Opinion shall be delivered to the Authority, the Trustee and the Tender Agent. Notwithstanding the foregoing, such Favorable Opinion shall not be required to be delivered in either case with respect to (i) a conversion to a Daily Rate Period or Weekly Rate Period

or to a Term Rate Period with a duration of one year if the immediately preceding Period was a Daily Rate Period or Weekly Rate Period or a Term Rate Period with a duration of one year or (ii) a conversion to a Term Rate Period with a duration of more than one year if the immediately preceding Variable Rate Period was a Term Rate Period with a duration of more than one year.

(iii) Not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to a Daily or Weekly Rate Period or any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to the holders of all 2008 Bonds to be converted. Such notice shall specify the Variable Rate Conversion Date and set forth the matters required to be stated pursuant to Section 303 of the Fifth Supplement to the Amended and Restated Indenture with respect to purchases of 2008 Bonds governed by such Section.

(iv) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

Conversions from Flexible Rate Periods. At the option of the Authority, the 2008B Bonds may be converted from a Flexible Rate Period to a Variable Rate Period as follows:

(i) The Variable Rate Conversion Date shall be the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Periods theretofore established for the 2008B Bonds to be converted.

(ii) Not less than fourteen (14) days prior to the Variable Rate Conversion Date if converting to a Daily Rate Period or a Weekly Rate Period and not less than thirty (30) days prior to the Variable Rate Conversion Date if converting to any other Variable Rate Period, the Tender Agent shall mail a written notice of the conversion to all holders of the 2008B Bonds to be converted. The 2008B Bonds will be subject to mandatory tender for purchase on the Variable Rate Conversion Date.

(iii) The Variable Rate for the Variable Rate Period commencing on the Variable Rate Conversion Date shall be determined by the Remarketing Agent in the manner provided above on the date set forth above applicable to the Variable Rate Period to which the conversion shall be made. Notice of such Variable Rates shall be given or made available on the dates and to the parties specified above in the manner provided above applicable to the Variable Rate Period to which the conversion shall be made.

#### **FLEXIBLE RATES; CONVERSIONS TO FLEXIBLE RATE PERIODS**

Flexible Rates. A Flexible Rate for each Interest Period shall be determined as follows:

(i) The Interest Periods for each 2008B Bond shall be of such duration, not exceeding 270 days, as may be offered by the Remarketing Agent and specified by the purchaser.

(ii) The Flexible Rate for each Interest Period shall be effective from and including the commencement date of such period through and including the last day thereof. Each such Flexible Rate shall be determined by the Remarketing Agent in connection with the sale of the 2008B Bond or Bonds to which it relates.

(iii) If the Remarketing Agent fails for any reason to determine or notify the Tender Agent of the Interest Period or Flexible Rate when required under the Fifth Supplement to the Amended and Restated Indenture, the Interest Period shall be of the shortest permitted duration and the Flexible Rate shall be equal to 135% of the SIFMA Municipal Swap Index in effect on the first day of such Interest Period.

(iv) All determinations of Flexible Rates and Interest Periods shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, the Bank and the holders of the 2008B Bonds to which such rates and periods are applicable.

Conversions for Flexible Rate Periods. At the option of Authority, the 2008B Bonds may be converted from a Variable Rate Period to a Flexible Rate Period as follows:

(i) In any such case, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that in the case of a conversion from a Term Rate Period, the Flexible Rate Conversion Date shall be a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced.

(ii) Not less than thirty (30) days prior to the Flexible Rate Conversion Date, the Tender Agent shall mail a written notice of the conversion to the holders of all Bonds to be converted, specifying the Flexible Rate Conversion Date. The 2008B Bonds will be subject to mandatory tender for purchase on the Variable Rate Conversion Date.

#### **FIXED RATE CONVERSION AT OPTION OF THE AUTHORITY**

At the option of the Authority, the 2008B Bonds bearing interest at a Variable Rate or Flexible Rates may be converted to bear interest at the Fixed Rate as provided in the Fifth Supplement to the Amended and Restated Indenture. Any such conversion shall be made as follows:

(a) The Fixed Rate Conversion Date shall be: (i) in the case of a conversion from a Variable Rate Period other than a Term Rate Period, a regularly scheduled Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; (ii) in the case of a conversion from a Term Rate Period, a regularly scheduled Interest Payment Date on which a new Term Rate Period would otherwise have commenced; or (iii) in the case of a conversion from a Flexible Rate Period, a day which is the last regularly scheduled Interest Payment Date on which interest is payable for any Interest Period theretofore established for the 2008B Bonds to be converted.

(b) In the event of a conversion from a Variable Rate Period or a Flexible Rate Period, the Tender Agent shall mail a notice of the proposed conversion to the holders of all Bonds to be converted not less than thirty (30) days prior to the Proposed Fixed Rate Conversion Date and shall inform the holders of the 2008B Bonds of: (i) the Proposed Fixed Rate Conversion Date; and (ii) the other matters required in connection with the mandatory tender of the 2008B Bonds. The 2008B Bonds will be subject to mandatory tender for purchase on the Fixed Rate Conversion Date.

(c) The Fixed Rate(s) established for the 2008B Bonds to be effective on the Fixed Rate Conversion Date shall be set forth in an underwriting or purchase contract and shall equal the minimum interest rate(s) necessary to remarket such 2008B Bonds on the Fixed Rate Conversion Date at an aggregate purchase price of 100% of the principal amount thereof taking into account the fact that such 2008B Bonds shall mature or be subject to mandatory sinking fund redemption on a particular June 15 up to and including June 15, 2022, that all 2008B Bonds shall pay interest semiannually on each Interest Payment Date of each year and that all 2008B Bonds maturing on a particular June 15 shall bear interest at the same rate.

The determination of the Fixed Interest Rate(s) shall be conclusive and binding upon the Authority, the Trustee, the Tender Agent, if any, the Bank, if any, and the holders of the 2008B Bonds to which such rate(s) will be applicable.

The determination of the Tender Agent as to whether a notice of tender has been properly delivered pursuant to the foregoing shall be conclusive and binding upon the owner of such 2008B Bond.

All 2008B Bonds to be purchased on any Optional Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Optional Tender Date with respect to 2008B Bonds during a Daily Rate Period or a Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Optional Tender Date with respect to 2008B Bonds during Term Rate Periods.

Remarketing of Tendered Bonds. The Remarketing Agent shall offer for sale and use its best efforts to find purchasers for all 2008B Bonds required to be purchased on the Repurchase Date. In remarketing the 2008B Bonds, the Remarketing Agent shall offer and accept purchase commitments for the 2008B Bonds for such Interest Periods and at such Flexible Rates as it deems to be advisable in order to minimize the net interest cost on the 2008B Bonds under prevailing market conditions. The foregoing notwithstanding, no Interest Period may be established which exceeds the shortest of (A) 270 days, (B) the remaining number of days prior to any Mandatory Tender Date occurring as a result of a proposed conversion, or (C) the remaining number of days prior to each date on which 2008B Bonds are subject to optional or mandatory sinking fund redemption, if and to the extent necessary to enable the Tender Agent to make such purchases on or before such date.

**Payments by the Tender Agent.** By 3:00 p.m., New York City time, on the Repurchase Date and upon receipt by the Tender Agent of 100% of the aggregate Repurchase Price of the Tendered 2008B Bonds, the Tender Agent shall pay the Repurchase Price of such 2008B Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. If sufficient funds are not available for the purchase of all tendered 2008B Bonds, no purchase shall be consummated.

**Flexible Rate Conversions.** 2008B Bonds which are subject to conversion on any Flexible Rate Conversion Date are subject to mandatory tender for purchase on the applicable Flexible Rate Conversion Date at the Tender Price.

**Notice to Bondholders.** Any notice of a Conversion given to Bondholders shall state that the 2008B Bonds to be converted will be subject to mandatory tender for purchase on the Variable Rate Conversion Date or Flexible Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and will specify the time at which Bonds are to be tendered for purchase.

(i) **Proposed Fixed Rate Conversion Date.** The 2008B Bonds to be converted to bear interest at the Fixed Rate pursuant to Section 205 of the Fifth Supplement to the Amended and Restated Indenture shall be subject to mandatory tender for purchase on a Proposed Fixed Rate Conversion Date at a price equal to the Tender Price or the Repurchase Price, as the case may be.

(ii) **Substitution of the Liquidity Facility with an Alternate Liquidity Facility.** The 2008B Bonds (other than Bank Bonds and 2008B Bonds bearing interest at the Fixed Rate) are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or the Repurchase Price, as the case may be, on the regularly scheduled Interest Payment Date immediately preceding the effective date of any substitution of the Liquidity Facility with an Alternate Liquidity Facility in accordance with the provisions of Section 310 of the Fifth Supplement to the Amended and Restated Indenture.

(iii) **No Renewal Liquidity Facility.** The 2008B Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on any Renewal Date if by the tenth day preceding such Renewal Date the Trustee has not received a Renewal Liquidity Facility.

(iv) **Default under the Liquidity Facility.** The 2008B Bonds are subject to mandatory tender for purchase at a purchase price equal to the Tender Price or Repurchase Price, as the case may be, on the fifteenth day (or the next preceding Business Day if such day is not a Business Day) after receipt by the Trustee of notice from the Bank of the occurrence of a default under the Liquidity Facility permitting the Bank to deliver such notice (other than the occurrence of any event of default thereunder which permits the Bank to immediately terminate such Liquidity Facility without notice to or demand upon the Trustee) and that such Liquidity Facility shall be terminated; provided that (i) the Mandatory Tender Date shall be at least five days prior to the termination of the Bank's obligation to

honor draws under the Liquidity Facility and (ii) no purchase shall be required if prior to the Mandatory Tender Date the Trustee receives written notice from the Bank to the effect that the default has been cured in accordance with the provisions of the Liquidity Facility and such Liquidity Facility is, as of the date of such notice to the Trustee, in full force and effect and will not terminate as a result of such termination notice from the Bank.

**Notice to Bondholders.** The Tender Agent shall mail notice to Bondholders of any mandatory tender as follows: (A) pursuant to (i) above, not less than thirty (30) days prior to the Mandatory Tender Date; (B) pursuant to (ii) or (iii) above, not less than fifteen (15) days prior to the Mandatory Tender Date, and (C) pursuant to (iv) above, on the Business Day next succeeding receipt by the Trustee of the notice from the Bank described therein.

In the case of a notice pursuant to (i) above, such notice will state, among other things, the Proposed Fixed Rate Conversion Date, that the 2008B Bonds will be subject to mandatory tender for purchase on the Fixed-Rate Conversion Date at the Tender Price or Repurchase Price, as the case may be, and the time at which the 2008B Bonds are to be tendered for purchase.

**Delivery of 2008B Bonds.** All 2008B Bonds to be purchased on any Mandatory Tender Date shall be required to be delivered to the Principal Office of the Tender Agent by (i) 12:00 noon, New York City time, on the Mandatory Tender Date with respect to 2008B Bonds during a Daily Rate Period or a Weekly Rate Period; or (ii) 5:00 p.m., New York City time, on the second Business Day prior to the Mandatory Tender Date with respect to 2008B Bonds during Term Rate Periods.

**Purchase of Tendered Bonds; Payments by the Tender Agent.** By 3:00 p.m., New York City time, on the Optional Tender Date or Mandatory Tender Date set for purchase of Tendered Bonds and upon receipt by the Tender Agent of 100% of the aggregate purchase price of the Tendered Bonds, the Tender Agent shall pay the purchase price of such 2008B Bonds to the holders thereof at its Principal Office or by bank wire transfer. Such payments shall be made in immediately available funds. If sufficient funds are not available for the purchase of all Tendered Bonds, no purchase shall be consummated.

**Effect of Failure to Surrender Bonds.** If the owner of any 2008B Bond (or portion thereof) that is subject to purchase fails to deliver such 2008B Bond to the Tender Agent for purchase on the Optional Tender Date or Mandatory Tender Date and if the Tender Agent is in receipt of the purchase price therefor, such 2008B Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and ownership of such 2008B Bond (or portion thereof) shall be transferred to the purchaser. Any holder of a 2008B Bond who fails to deliver a 2008B Bond for purchase as required above shall have no further rights thereunder except the right to receive the purchase price thereof upon presentation and surrender of said 2008B Bond to the Tender Agent. Such delivery shall be a condition to payment of the purchase price by the Tender Agent on the Optional Tender Date or Mandatory Tender Date.

**Failed Conversion.** If on a Variable Rate Conversion Date, Flexible Rate Conversion Date or Proposed Fixed Rate Conversion Date, any condition precedent to such conversion required under the Indenture shall not be satisfied, such conversion shall not occur, but the mandatory tender shall remain effective.

**Inadequate Funds for Tenders.** If the funds available for purchases of 2008B Bonds pursuant to Article III of the Fifth Supplement to the Amended and Restated Indenture are inadequate for the purchase of all 2008B Bonds required to be purchased on any purchase date, the Tender Agent shall immediately: (i) return all Tendered Bonds to the holders thereof; (ii) return all moneys received for the purchase of such 2008B Bonds to the Persons providing such moneys; and (iii) notify all Bondholders in writing (A) if an Event of Default has occurred, of such occurrence, and (B) of the rate to be effective pursuant to following provisions. If the funds available for purchases of 2008B Bonds pursuant to Article III of the Fifth Supplement to the Amended and Restated Indenture are inadequate for the purchase of all 2008B Bonds required to be purchased (i) on a proposed Conversion Date, such conversion shall be deemed to have failed and the provisions above shall apply; (ii) in all other cases, the Remarketing Agent shall determine the applicable interest rate in accordance with the provisions of Article II of the Indenture.

The only monies available to pay the Tender Price on any 2008B Bonds which are Tendered Bonds are those monies required to be deposited in the Bond Purchase Fund pursuant to the Fifth Supplement to the Amended and Restated Indenture. The Authority is not obligated to pay any other amounts from any other source and neither the Trustee

nor the Remarketing Agent shall be responsible for the failure of any other person to furnish moneys for the Tender Price of such 2008B Bonds.

Notwithstanding the provisions of the Fifth Supplement to the Amended and Restated Indenture, if on a Proposed Fixed Rate Conversion Date which arises as a result of a Conversion described above in the paragraph entitled "Conversion to Fixed Rate in Extraordinary Circumstances", insufficient funds are available to complete such tender, such Conversion shall nonetheless occur, and the 2008B Bonds so converted shall bear interest at a Fixed Rate equal to the sum of (i) the yield on "A" rated general obligation bonds with a term equal to the remaining term on the 2008B Bonds being so converted, as published by Municipal Market Data (or any successor entity) on the first Business Day preceding the Proposed Fixed Rate Conversion Date, plus (ii) 5 basis points; provided that such Fixed Rate shall not be in excess of the Maximum Lawful Rate.

**Tender Agent.** The Trustee may, at all times on or before the Fixed Rate Conversion Date, appoint a Tender Agent with the power to act, on or prior to such Conversion Date, on the Trustee's behalf and subject to its direction in the authentication and delivery of the 2008B Bonds and in connection with registration of transfers and exchanges, tenders, redemptions, notices and purchase thereof and payments thereon, as fully to all intents and purposes as though the Tender Agent had been expressly authorized under the Indenture to authenticate, deliver, pay, transfer and exchange 2008B Bonds, receive tender notices, purchase tendered 2008B Bonds and make payments on the 2008B Bonds. As of the original issue date of the 2008B Bonds, the Trustee will not appoint a Tender Agent.

**Remarketing Agent.** RBC Capital Markets Corporation, has been appointed as the initial Remarketing Agent. The Remarketing Agent may be replaced in accordance with the provisions of the Indenture.

**Effect of Notices.** Failure by the Trustee or the Tender Agent to give any notice, or any defect therein, shall not extend the period for making elections or in any way change the rights of the owners of such 2008B Bonds to elect to have their Bonds purchased on any Optional Tender Date or Mandatory Tender Date. Any notice mailed as provided in the Indenture shall be conclusively presumed to have been given, whether or not the owner of such 2008B Bonds receives the notice.

## REDEMPTION

### Optional Redemption.

(i) **Flexible Rate Period or a Variable Rate Period.** During a Flexible Rate Period or a Variable Rate Period, the 2008B Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and if in part in an Authorized Denomination) on any Repurchase Date applicable thereto during a Flexible Rate Period or on any Interest Payment Date during a Variable Rate Period (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot), at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(ii) **Term Rate Period.** On or prior to the Fixed Rate Conversion Date, 2008B Bonds in a Term Rate Period may be redeemed by the Authority, in whole or in part (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot in such manner as shall be determined by the Trustee), (A) at any time on and after the No-Call Period described below, at a redemption price of 100% of the principal amount of 2008B Bonds called for redemption, plus accrued interest to the date fixed for redemption, and (B) on the day after the end of each Term Rate Period at a redemption price of 100% of the principal amount thereof, plus accrued interest to the date fixed for redemption:

Length of Term Rate Period	Commencement of Redemption Period
Greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 8 years	Not subject to optional redemption

Notwithstanding the foregoing, the No-Call Periods specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2008B Bonds to a Term Rate Period is to the effect that such change will not have an adverse effect on the validity of the 2008B Bonds or any exemption from federal income taxation to which interest on the 2008B Bonds would otherwise be entitled.

(iii) **Fixed Rate.** After the Fixed Rate Conversion Date, the 2008B Bonds may be redeemed by the Authority in whole on any date, or in part on any Interest Payment Date (and, if in part, by lot in such manner as shall be determined by the Trustee), after the No-Call Period described below at a redemption price of 100% of the principal amount of 2008B Bonds called for redemption, plus accrued interest to the date fixed for redemption:

Length of Fixed Rate Period	Commencement of Redemption Period
Greater than or equal to 10 years	8 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 10 years and greater than or equal to 8 years	6 <sup>th</sup> Anniversary of the commencement of the Fixed Rate Period
Less than 8 years	Not subject to optional redemption

Notwithstanding the foregoing, the No-Call Periods and redemption prices specified above may be changed by the Remarketing Agent upon the written request of the Authority if the Favorable Opinion required to be delivered in connection with the conversion of the interest rate on the 2008B Bonds to a Fixed Rate is to the effect that such change will not have an adverse effect on the validity of the 2008B Bonds or any exemption from federal income taxation to which interest on the 2008B Bonds would otherwise be entitled.

**Special Optional Redemption.** Any 2008 Bonds which: (1) are Bank Bonds, or (2) have been converted to a Fixed Rate as described in the paragraph above entitled "Conversion to Fixed Rate in Extraordinary Circumstances", shall be subject to redemption in whole or in part prior to the Maturity Date therefor at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

**Mandatory Sinking Fund Redemption.** The 2008B Bonds are subject to mandatory redemption prior to maturity in part by lot, as selected by the Trustee, on June 15 of each year as set forth below, in the respective principal amounts listed opposite each such year from moneys in the Debt Service Fund, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent interest Payment Date to the redemption date.

Redemption Date (June 15)	Principal Amount	Redemption Date (June 15)	Principal Amount
2009	\$4,925,000.00	2015	\$6,800,000.00

2014	6,450,000.00	2020*	8,900,000.00

\* Maturity

Notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall, with the consent of the Bond Insurer, file a certificate pursuant to Section 205(d) of the Fifth Supplement to the Amended and Restated Indenture in connection with the conversion of the 2008B Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2008B Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the Authority shall redeem 2008B Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2008B Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent Interest Payment Date to the redemption date.

In the event of any partial optional or special optional redemption of the 2008B Bonds, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment, so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

**General Provisions Regarding Redemptions.** No redemption of less than all of the 2008B Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2008B Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2008B Bonds Outstanding shall be made in such a manner that all Bonds Outstanding after such redemption are in Authorized Denominations.

**Notice of Redemption.** 2008B Bonds may be called for redemption by the Trustee (other than pursuant to the Special Optional Redemption provisions above, which require Immediate Notice to the Bank prior to the redemption date) (A) in the case of 2008B Bonds during a Variable Rate Period other than a Term Rate Period, upon receipt by the Trustee at least 15 days prior to the redemption date of a written request of the Authority requesting such redemption or (B) in all other cases, upon receipt by the Trustee not less than 30 days prior to the redemption date identified in the written request of the Authority requesting such redemption. A copy of the notice of the call for any redemption identifying the 2008B Bonds to be redeemed shall be given by the Trustee to the holders of the 2008B Bonds by first class mail postage prepaid, which notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2008B Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to the Fifth Supplement to the Amended and Restated Indenture the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2008B Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited.

Failure to give notice in the manner prescribed hereunder with respect to any 2008B Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2008B Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2008B Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2008B Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

The Authority, the Trustee, the Tender Agent, the Remarketing Agent, the Bank and any Paying Agent may treat the person in whose name this 2008B Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal, redemption premium, if any, and interest due hereon and for all other purposes, and neither the Authority, the Trustee nor any paying agent shall be affected by any notice to the contrary. If any 2008B Bond is transferred or exchanged on the Bond Register by the Trustee after

notice of the optional redemption or the optional or mandatory tender of such 2008B Bond has been given, the Trustee shall attach a copy of such notice to the 2008B Bond issued in connection with such transfer or exchange. Subsequent to the Fixed Rate Conversion Date, the Trustee shall not be required to register the transfer of or exchange any 2008B Bond after the mailing of notice calling such 2008B Bond or portion thereof for redemption has occurred as herein provided, or during the period of fifteen days next preceding the giving of notice calling any 2008B Bond or Bonds for redemption.

To the extent not defined herein, the terms used in this 2008B Bond shall have the same meanings as set forth in the Indenture.

### INTEREST RATES

**Bank Bonds.** Notwithstanding anything herein or in the 2008B Bond to the contrary, Bank Bonds shall bear interest at the Bank Rate determined in accordance with the provisions of the Liquidity Facility and not the Variable Rate or Flexible Rate that would otherwise be applicable to such 2008B Bonds were they not Bank Bonds and shall be payable in accordance with the Indenture and the Liquidity Facility. In connection with the issuance of the 2008AB Bond, this Bond has been executed and delivered to the Trustee in the original principal amount of zero dollars (each a "Global Bond") and a corresponding CUSIP number has been obtained by or on behalf of the Authority for this Bond, which is to be authenticated by the Trustee as provided for in the Indenture, for use, in accordance with the then-current procedures of DTC, in the event that all or any portion of the 2008B Bonds become Bank Bonds. At all times, the principal amount of the Global Bond will be equal to the principal amount of any outstanding Bank Bonds; provided, however, at no time shall the amount represented by this 2008B Bond, together with the amount represented by the Global Bond, exceed the total amount of the 2008B Bonds outstanding under the Indenture.

### REDEMPTION

#### Optional Redemption.

(i) **Flexible Rate Period or a Variable Rate Period.** During a Flexible Rate Period or a Variable Rate Period, the 2008B Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part (and if in part in an Authorized Denomination) on any Repurchase Date applicable thereto during a Flexible Rate Period or on any Interest Payment Date during a Variable Rate Period (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot), at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(ii) **Term Rate Period.** On or prior to the Fixed Rate Conversion Date, 2008B Bonds in a Term Rate Period may be redeemed by the Authority, in whole or in part (and, if in part, by the redemption of any Bank Bonds first and thereafter by lot in such manner as shall be determined by the Trustee), (A) at any time on and after the No-Call Period described below, at a redemption price of 100% of the principal amount of 2008B Bonds called for redemption, plus accrued interest to the date fixed for redemption, and (B) on the day after the end of each Term Rate Period at a redemption price of 100% of the principal amount thereof, plus accrued interest to the date fixed for redemption:

conversion of the interest rate on the 2008B Bonds to a Term Rate Period is to the effect that such change will not have an adverse effect on the validity of the 2008B Bonds or any exemption from federal income taxation to which interest on the 2008B Bonds would otherwise be entitled.

(iii) **Fixed Rate.** After the Fixed Rate Conversion Date, the 2008B Bonds may be redeemed by the Authority in whole on any date, or in part on any Interest Payment Date (and, if in part, by lot in such manner as shall be determined by the Trustee), after the No-Call Period described below at a redemption price of 100% of the principal amount of 2008B Bonds called for redemption, plus accrued interest to the date fixed for redemption:

**Special Optional Redemption.** Any 2008 Bonds which: (1) are Bank Bonds, or (2) have been converted to a Fixed Rate as described in the paragraph above entitled "Conversion to Fixed Rate in Extraordinary Circumstances", shall be subject to redemption in whole or in part prior to the Maturity Date therefor at the option of the Authority out of amounts deposited in the Debt Service Fund, on any Business Day at a redemption price equal to 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

\* Maturity

Notwithstanding the foregoing, on and after the Fixed Rate Conversion Date, if the Authority shall, with the consent of the Bond Insurer, file a certificate pursuant to Section 205(d) of the Fifth Supplement to the Amended and Restated Indenture in connection with the conversion of the 2008B Bonds to the Fixed Rate containing an alternate schedule of mandatory redemption dates and amounts to be effective with respect to the 2008B Bonds on and after the Fixed Rate Conversion Date, in lieu of the mandatory sinking fund redemption schedule detailed above, the Authority shall redeem 2008B Bonds maturing on such dates and in the such amounts from moneys in the Debt Service Fund as shall be set forth in such certificate, if any, filed in connection with the conversion of the 2008B Bonds to the Fixed Rate, at a redemption price equal to 100% of the principal amount thereof plus interest, if any, accrued thereon from the most recent interest Payment Date to the redemption date.

In the event of any partial optional or special optional redemption of the 2008B Bonds, the mandatory sinking fund redemption payments shall be reduced in such order as the Authority shall elect prior to such redemption or, if no such election is made, in the inverse order thereof. The Trustee shall (in such manner as it in its sole discretion shall choose) adjust the amount of each such reduction in required mandatory redemption payment, so that each such required mandatory sinking fund redemption payment is made in Authorized Denominations.

**General Provisions Regarding Redemptions.** No redemption of less than all of the 2008B Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2008B Bonds Outstanding shall be made first from Bank Bonds. Any redemption of less than all of the 2008B Bonds Outstanding shall be made in such a manner that all Bonds Outstanding after such redemption are in Authorized Denominations.

**Notice of Redemption.** 2008B Bonds may be called for redemption by the Trustee (other than pursuant to the Special Optional Redemption provisions above, which require Immediate Notice to the Bank prior to the redemption date) (A) in the case of 2008B Bonds during a Variable Rate Period other than a Term Rate Period, upon receipt by the Trustee at least 15 days prior to the redemption date of a written request of the Authority requesting such redemption or (B) in all other cases, upon receipt by the Trustee not less than 30 days prior to the redemption date identified in the written request of the Authority requesting such redemption. A copy of the notice of the call for any redemption identifying the 2008B Bonds to be redeemed shall be given by the Trustee to the holders of the 2008B Bonds by first class mail postage prepaid, which notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2008B Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to the Fifth Supplement to the Amended and Restated Indenture the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2008B Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited.

**SUPPLEMENTAL CERTIFICATE REGARDING  
IDENTIFICATION OF ANTICIPATORY HEDGE FOR TAX-EXEMPT BOND ISSUE**

By Certificate of Identification of Anticipatory Hedge For Tax-Exempt Bond Issue dated December 6, 2001 in the form attached hereto as Exhibit A (the "Original Certificate") the Pennsylvania Intergovernmental Cooperation Authority ("Bond Issuer") identified on its books and records a Floating to Fixed (Synthetic Fixed) Forward Starting Interest Rate Swaption Agreement (the "Contract").

JP Morgan Chase Bank, N.A. ("Hedge Provider") has given proper notice of the exercise of its option set forth in the Contract to cause the swap described therein to become effective. In connection therewith, Bond Issuer intends to issue, on June 15, 2006, its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2006 (the "2006 Bonds") to currently refund Bond Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 1996. In connection with the issuance of the 2006 Bonds, Bond Issuer and Hedge Provider have agreed to amend and restate the confirmation relating to the Contract pursuant to that certain Swaption Confirmation (REVISION) dated June 9, 2006 in the form attached hereto as Exhibit B (the "REVISION"), in order to adjust the notional principal amounts set forth in the Outstanding Principal-Balance Schedule section of such Swaption Confirmation to correspond to the authorized denominations and mandatory sinking fund redemptions of the 2006 Bonds. The Issue Price of the Hedged Bonds will be \$89,950,000. All other information set forth in the Original Certificate, including pricing of the Contract, remains true and correct.

Bond Issuer intends to confirm and identify on its books and records the REVISION as part of the hedging contract identified on its books and records by the Original Certificate (and, specifically, not as a separate or additional hedging contract) and will maintain this Supplemental Certification on its permanent records for the therein referenced Hedge Bonds.

## PRICING CERTIFICATE

Re: Floating to Fixed (Synthetic Fixed) Forward Starting  
Interest Rate Swaption Agreement

**Background:** In November 2001 the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") solicited cash bids from potential purchasers of an option to enter an interest rate swap contract with the Authority on June 15, 2006. Bids were submitted on November 16, 2001. The winning bidder was JPMorgan Chase Bank, National Association (formerly known as JPMorgan Chase Bank, "JPMorgan"), which offered a cash payment of \$5,815,000. The option was granted in the form of a Floating to Fixed (Synthetic Fixed) Forward Starting Interest Rate Swaption Agreement (the "Swaption Agreement"), which was entered into by the Authority and JPMorgan on December 6, 2001, at which time JPMorgan paid the Authority \$5,815,000 in accordance with its bid. Investment Management Advisory Group, Inc. served as bidding agent.

JPMorgan has exercised its option, and, therefore, an interest rate swap transaction, as amended and restated (the "Swap Agreement") will become effective today, pursuant to which JPMorgan will make floating rate payments to the Authority at a rate equal to 67% of the "1 Month LIBOR Index", and the Authority will make fixed rate payments to JPMorgan at rates provided for in the Swap Agreement. The fixed rates payable pursuant to the Swap Agreement correspond to the interest rates on certain fixed rate bonds issued by the Authority in 1996, which, it is our understanding, have been redeemed today with the proceeds of floating rate refunding bonds in a current refunding. The refunding bonds will be weekly tender floating rate bonds insured by Ambac Assurance Corporation.

The Authority has requested this Certificate to assist it in determining the yield on the refunding bonds, which the Authority will treat as "integrated" with the Swap Agreement for federal tax purposes under section 148 of the Internal Revenue Code.

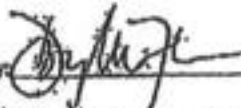

**Certification.** Our best estimate, in light of the passage of time, is that 4.37% would have been the fixed rate that would have been quoted to other persons, if any, to enter into a reasonably comparable bilateral forward starting interest rate swap with a trade date of November 16, 2001 and an effective date of June 15, 2006, if any, taking into full account the other terms and conditions of the Swap Agreement, and with an entity similarly situated to the Authority, including taxable business corporations and other tax exempt issuers, if any, taking into full account the security and sources of payment provided for the payments to JPMorgan, the risk profile of such an entity, structuring and other terms under the Swap Agreement.

In making this certification, we have assumed that all other terms were as provided in the Swap Agreement.

JPMorgan was requested to provide this certificate for purposes of the Authority's computation of yield on the refunding bonds and does not modify or interpret the Swap Agreement in any respect. JPMorgan makes no representations as to the legal sufficiency of the information set forth in this certificate for purposes of complying with the Internal Revenue Code of 1986, any Treasury Regulation or for any other purpose.

## INTEGRATION CERTIFICATE

### Re: Floating to Fixed (Synthetic Fixed) Forward Starting Interest Rate Swaption Agreement

**Background.** In November 2001 the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") solicited cash bids from potential purchasers of an option to enter an interest rate swap contract with the Authority on June 15, 2006. Bids were submitted on November 16, 2001. The winning bidder was JPMorgan Chase Bank ("Morgan"), which offered a cash payment of \$5,815,000. The option was granted in the form of a Floating to Fixed (Synthetic Fixed) Forward Starting Interest Rate Swaption Agreement (the "Swaption Agreement"), which was entered into by the Authority and Morgan on December 6, 2001, at which time Morgan paid the Authority \$5,815,000 in accordance with its bid. Investment Management Advisory Group, Inc. served as bidding agent.

Morgan has exercised its option under the Swaption Agreement, and therefore Morgan and the Authority are entering an interest rate swap contract dated today under which Morgan will make floating rate payments to the Authority at an index rate equal to 67% of the "1 Month LIBOR Index", and the Authority will make fixed rate payments to Morgan at rates provided for in the Swaption Agreement. The fixed rates in the Swaption Agreement correspond to the interest rates on certain fixed rate bonds issued by the Authority in 1996, which will be redeemed today with the proceeds of floating rate refunding bonds in a current refunding. The refunding bonds will be ARS (auction rate securities) insured by Ambac Assurance Corporation.

The Authority has requested this Certificate to assist it in determining the yield on the same maturities, assuming the refunding bonds for federal tax purposes under section 148 of the Internal Revenue Code.

**Certification.** We believe, based on historic data, that the rate setting methodology used to compute payments on the refunding bonds is substantially the same as the index formula to be used to compute floating rate payments pursuant to the Swaption Agreement so long as the refunding bonds are in the ARS mode. In addition, the floating rate payments under the Swaption Agreement are reasonably expected to be substantially the same as the floating rate payments on the refunding bonds throughout the term of the Swaption Agreement so long as the refunding bonds remain in the ARS mode, and assuming that there will be no material changes in the credit of the refunding bonds, or the federal marginal tax rate.

## **ARTICLE II THE 2009 BONDS**

### **Section 2.01 Authorization and Description of the 2009 Bonds**

(a) The 2009 Bonds are authorized to be issued in an aggregate principal amount of \$354,925,000. The 2009 Bonds shall be designated "Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2009." The 2009 Bonds shall be issued as fully registered Bonds in Authorized Denominations.

(b) Unless the Authority shall otherwise direct, the 2009 Bonds shall be numbered consecutively from R-1 upward. Interest on the 2009 Bonds shall be payable on each Interest Payment Date, until payment of the principal amount of such 2009 Bond, or provision therefor, shall have been made upon redemption, at maturity or otherwise. Each Bond shall be dated as of the most recent Interest Payment Date to which interest has been duly paid or provided for next preceding its date of issue, unless issued on an Interest Payment Date on which interest has been paid or provided for, in which event it shall be dated as of such Interest Payment Date or, if issued prior to the first Interest Payment Date on which interest is paid, it shall be dated the date of initial issuance of the 2009 Bonds.

(c) The 2009 Bonds shall mature on the dates and in the amounts and shall bear interest at the annual rates set forth in Schedule 1 attached hereto.

(d) The principal of and premium, if any, on the 2009 Bonds shall be payable at the Principal Office of the Trustee, upon presentation and surrender. Payment of principal of any 2009 Bond shall be made to any owner of \$1,000,000 or more in aggregate principal amount of 2009 Bonds by wire transfer to such owner on the principal payment date for such 2009 Bonds upon written notice from such owner to the Trustee containing the wire transfer address within the continental United States to which such owner wishes to have such wire directed, which written notice is received not later than the tenth (10th) day next preceding the principal payment or maturity date applicable to such 2009 Bonds, provided that such wire transfer shall only be made upon presentation and surrender of such 2009 Bonds at the Principal Office of the Trustee on the principal payment date.

(e) Interest payments on a 2009 Bond (other than with respect to defaulted interest) shall be made to the registered owner thereof appearing on the Bond Register as of the close of business of the Registrar on the Record Date.

(f) The 2009 Bonds shall be substantially in the form hereinafter set forth as Exhibit A with such appropriate variations, omissions and insertions as are permitted or required by the Indenture or deemed necessary by the Trustee and the Authority.

#### **Section 2.02 Fixed Interest Rates**

The 2009 Bonds shall bear interest at fixed annual interest rates as set forth in Schedule 1 attached thereto.

#### **Section 2.03 Book Entry System**

(a) It is intended that the 2009 Bonds be registered so as to participate in a securities depository system with DTC (the "DTC System"), as set forth herein. Except as provided in subparagraph (c) of this Section, the registered owner of all of the 2009 Bonds shall be DTC and the 2009 Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on any 2009 Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of immediately available funds to the account of Cede & Co. on the Interest Payment Date for the 2009 Bonds at the address indicated on the Record Date or Special Record Date for Cede & Co. in the Bond Register kept by the Trustee.

(b) The 2009 Bonds shall be initially issued in the form of separate single fully registered 2009 Bond for each maturity, authenticated by the Trustee in the amount of each separately stated maturity for the 2009 Bonds. Upon initial issuance, the ownership of such 2009 Bonds shall be registered in the registry books of the Authority kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee and the Authority shall treat DTC (or its nominee) as the sole and exclusive owner of the 2009 Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the 2009 Bonds, selecting the 2009 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Sixth Supplement to the Amended and Restated Indenture, registering the transfer of 2009 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Trustee, the Registrar nor the Authority shall be affected by any notice to the contrary. Neither the Trustee, the Registrar nor the Authority shall have any responsibility or

obligation to any DTC Participant, any person claiming a beneficial ownership interest in the 2009 Bonds under or through DTC or any DTC Participant, or any other Person which is not shown on the registration books of the Trustee as being a Bondholder, with respect to: (i) the accuracy of any records maintained by DTC or any DTC Participant; (ii) the payment of DTC or any DTC Participant of any amount in respect of the principal, or redemption price of or interest on the 2009 Bonds; (iii) any notice which is permitted or required to be given to Bondholders under the Indenture; (iv) the selection by DTC or any DTC Participant of any Person to receive payment in the event of a partial redemption of the 2009 Bonds; or (v) any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal of and premium, if any, and interest on the 2009 Bonds only to or "upon the order of" (as that term is used in the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania) DTC and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal of and premium, if any, and interest on the 2009 Bonds to the extent of the sum or sums so paid. No Person other than DTC shall receive an authenticated 2009 Bond. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to Record Dates, the word "Cede & Co." in this Sixth Supplement to the Amended and Restated Indenture shall be deemed to be changed to reflect such new nominee of DTC.

(c) In the event the Authority determines that it is in its best interest to discontinue the use of book entry system for the 2009 Bonds, the Authority may notify in writing DTC and the Trustee, whereupon DTC will notify the DTC participants of the availability through DTC of Bond certificates. In such event, the Trustee shall deliver, transfer and exchange Bond certificates as directed in writing by DTC as the Bondholder in appropriate amounts. DTC may determine to discontinue providing its services with respect to the 2009 Bonds at any time by giving written notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Authority and the Trustee, at the sole cost of the Authority, shall be obligated to deliver Bond certificates as directed in writing by DTC. In the event Bond certificates are issued, the provisions of the Indenture shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates. Whenever DTC requests the Authority and the Trustee to do so, the Trustee and the Authority will cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the 2009 Bonds to any DTC Participant having 2009 Bonds credited to its DTC account, or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the 2009 Bonds.

(d) Notwithstanding any other provision of this Sixth Supplement to the Amended and Restated Indenture to the contrary, so long as any 2009 Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of and premium, if any, and interest on such 2009 Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Authority or the Trustee with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC as sole Bondholder notice of

such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole 2009 Bondholder.

#### **Section 2.04 Delivery of the 2009 Bonds and Disposition of Proceeds**

(a) Upon the execution and delivery of this Sixth Supplement to the Amended and Restated Indenture, the Authority shall execute and deliver the 2009 Bonds to the Trustee and the Trustee shall authenticate the 2009 Bonds and deliver them to the initial purchaser or purchasers thereof as directed by the Authority in an order delivered by the Authority to the Trustee upon receipt of the proceeds of the 2009 Bonds. Proceeds from the sale of the 2009 Bonds, together with any other available funds deposited by the Authority with the Trustee for such purpose, shall be received by the Trustee and deposited in the Settlement Fund and shall then be disbursed and transferred from the Settlement Fund as follows:

- (1) to or upon the order of the Authority, the amount specified by the Authority at or after the closing for the issuance of the 2009 Bonds as the costs of issuance of the 2009 Bonds;
- (2) to the Trustee, to be deposited in the 1999 Bonds Account of the Bond Redemption Fund, an amount equal to \$366,667,775, which will be applied to the current redemption of all Outstanding 1999 Bonds called for redemption on June 15, 2009; and
- (3) to JP Morgan Chase Bank, to pay the Authority's costs of terminating the 2009 Bonds Swap, an amount equal to \$52,750,000.

Any amount remaining in the Settlement Fund after the foregoing disbursements and transfers shall be disbursed or transferred by the Trustee to the Debt Service Fund in respect of the 2009 Bonds.

#### **ARTICLE III AMENDMENT OF ADDITIONAL BONDS TEST**

Section 2.11(f) of the Existing Indenture is hereby amended prospectively to provide for the following new Additional Bonds test for all Additional Bonds issued after the 2009 Bonds:

- (f) Except for Additional Bonds issued to refund Outstanding Bonds where the Maximum Annual Debt Service Requirement for the Additional Bonds and the total principal and interest payable on the Additional Bonds for the term thereof do not exceed the comparable amounts for the Bonds being refunded or Additional Bonds which have a security interest in the Pledged Revenues which is subordinate to the security interest granted to secure all Outstanding Bonds, a certificate executed by the Authority, including a verification of the calculations by an independent certified public accountant, showing that (i) the PICA Taxes collected with respect to any 12 consecutive months during the 15 month period preceding the date of issuance of such Additional Bonds, after giving retroactive effect during each month of such 12 month period to any PICA Taxes which were not in effect (including for this

purpose any increase in the rate of an existing tax) during each such month but which have been imposed prior to the issuance of the Additional Bonds, equaled at last 300% of the Maximum Annual Debt Service Requirement (including the Authority's obligation with respect to repayment of Policy Costs then due and owing with respect to each Credit Facility issued in connection with the Debt Service Reserve Fund for the Bonds and any amounts due to the provider of a credit or liquidity facility issued with respect to a series of Bonds) on Bonds to be Outstanding after the issuance of the Additional Bonds and (2) the PICA Taxes projected to be collected during the 12 months following issuance of the Additional Bonds, which projection may be based on the PICA Taxes projected for such period in the City's most recent Financial Plan (as defined in the Intergovernmental Cooperation Agreement) approved by the Authority, equal at least 300% of the Debt Service Requirement during such 12 month period on Bonds to be Outstanding after the issuance of the Additional Bond. In making the foregoing calculations, PICA Taxes other than the Income Tax shall not be included in the calculation unless each Bond Insurer then insuring Outstanding Bonds has consented to the inclusion of such other PICA Taxes in writing.

#### **ARTICLE IV REDEMPTION OF THE 2009 BONDS.**

##### **Section 4.01 Redemption Dates And Prices**

As long as there is no continuing Event of Default under the Indenture, the 2009 Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Section 4.01.

(a) Optional Redemption. The 2009 Bonds maturing on or after June 15, 2020 are subject to optional redemption, at the Authority's option, on or after June 15, 2019 in whole or in part at any time, and from time to time in any order of maturity specified by the Authority, in any principal amount within a maturity as specified by the Authority, and within a maturity as selected by the Trustee by lot, at a redemption price of 100% of the principal amount thereof, plus accrued interest to the redemption date.

(b) General Provisions Regarding Redemptions.

(i) No redemption of less than all of the 2009 Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2009 Bonds Outstanding shall be made in such a manner that all 2009 Bonds Outstanding after such redemption are in Authorized Denominations.

(ii) 2009 Bonds may be called for redemption by the Trustee pursuant to Section 4.01 hereof in accordance with the notice requirements of Section 4.02 hereof.

## **Section 4.02 Notice Of Redemption**

(a) Except as hereinafter provided, and upon direction of the Authority in the case of Section 4.01(a) above, a copy of the notice of the call for any redemption identifying the 2009 Bonds to be redeemed shall be given by the Trustee to the Bondholders by first class mail, postage prepaid, not less than 30 nor more than 60 days prior to the date fixed for redemption, to the registered owners of 2009 Bonds to be redeemed at their addresses as shown on the Bond Register. Such notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date interest will cease to accrue on the 2009 Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of redemption with respect to any redemption other than a mandatory redemption pursuant to Section 4.01(b) hereof the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2009 Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited.

(b) Failure to give notice in the manner prescribed hereunder with respect to any 2009 Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2009 Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2009 Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2009 Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

(c) If any 2009 Bond is transferred or exchanged on the Bond Register by the Registrar after notice has been given calling such 2009 Bond for redemption, the Trustee will attach a copy of such notice to the 2009 Bond issued in connection with such transfer or exchange.

## **Section 4.03 Selection of Bonds To Be Redeemed**

If less than all the 2009 Bonds shall be called for redemption under any provision of the Indenture permitting such partial redemption, the particular 2009 Bonds or portions thereof to be redeemed shall be selected by the Authority, in the principal amount designated in writing to the Trustee by the Authority or otherwise as required by the Indenture, and the portion of any 2009 Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting 2009 Bonds for redemption, the Trustee shall treat each 2009 Bond as representing that number of 2009 Bonds which is obtained by dividing the principal amount of such 2009 Bond by the minimum Authorized Denomination. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any 2009 Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the owner of such 2009 Bond shall forthwith surrender such 2009 Bond to the Trustee for (a) payment to such owner of the redemption price of the integral multiple of the Authorized Denomination of principal amount called for redemption and (b) delivery to such owner a new 2009 Bond or 2009 Bonds in the aggregate principal amount of the unredeemed balance of the

principal amount of such 2009 Bond. New 2009 Bonds representing the unredeemed balance of the principal amount of such 2009 Bond shall be issued to the registered owner thereof without charge therefor.

## **ARTICLE V    TERMINATION OF THE 2009 BONDS SWAP**

### **Section 5.01    Termination of the 2009 Bonds Swap**

The Authority hereby confirms as follows in connection with the termination of the 2009 Bonds Swap: The Authority entered into the 2009 Bonds Swap in order to hedge its anticipated variable rate bond interest rate exposure in connection with the refunding of the 1999 Bonds. Current market circumstances, including the difficulty of completing a variable rate refunding of the 1999 Bonds and the lack of available credit enhancement and liquidity for the 2009 Bonds, have required the Authority to reconsider issuing the 2009 Bonds as variable rate debt. The Authority has determined, after careful review and consultation with Swap Financial Group, its financial and swap advisor, to issue the 2009 Bonds as fixed rate bonds and to terminate the 2009 Bonds Swap and pay the current market swap termination fee. The swap termination fee will be paid by the Authority to J.P. Morgan Chase Bank from the proceeds of the 2009 Bonds pursuant to Section 2.04(a)(3) hereof.

The Authority acknowledges that the Trustee has no knowledge of or information related to, and the Trustee disclaims all knowledge of, or information related to, the matters described in Section 5.01 hereof, except that the Trustee has transferred certain funds to the Authority in accordance with Section 2.04(a)(3) hereof.

### **Section 6.01    Payments Under the 2003 Bonds Swap, the 2006 Bonds Swap and the 2009 Basis Cap**

At the direction of the Authority and upon written notice to the Trustee, one or more new accounts in the Revenue Fund shall be created with respect to any interest rate swap transactions relating to any Bonds (each a "Swap Account"). In the event that the Authority elects to create one or more such Swap Accounts, the Trustee shall (i) deposit on a monthly or other periodic basis in

such Swap Accounts, as directed by the Authority, and reserve in the Swap Accounts, such amounts as may be directed by the Authority with respect to amounts owing or to be owned in connection with any interest rate swap or hedge agreements relating to any Bonds; and (ii) transfer from such Swap Account to the relevant counterparty under such interest rate swap or hedge agreement such amounts as shall be directed by the Authority; provided, however, that all such transfers to the Swap Account and all such payments made from the Swap Account pursuant to the terms of any interest rate swap or hedge agreements on any date may only be made if the transfers or payments required by Sections 5.05(a) and (b) of the Amended and Restated Indenture, as amended and supplemented, as of and prior to such date have been made in full and all payments required to be made by the Authority as of and prior to such date of or in respect of debt service on the Bonds and amounts required to be deposited into the Debt Service Reserve Fund (including any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund) have been made or paid in full.

(b) Payments received from JP Morgan Chase Bank, or its successors and permitted assigns, as counterparty under the 2009 Bonds Swap, the 2006 Bonds Swap and the 2009 Basis Cap shall be deposited to the Debt Service Fund established pursuant to Section 5.06 of the Amended and Restated Indenture.

Capitalized terms used herein which are not defined herein shall have the meanings set forth in the Indenture.

### **Optional Redemption**

The Series 2009 Bonds maturing on and after June 15, 2020 are redeemable by the Authority at its option, on or after June 15, 2019, in whole at any time, or in part at any time, and from time to time, in any order of maturity as specified by the Authority, in any principal amount within a maturity as specified by the Authority, and within a maturity as selected by the Trustee by lot. Any such redemption shall be made at 100% of the principal amount of Series 2009 Bonds to be redeemed, plus accrued interest to the redemption date.

### **Notice of Redemption**

When the Authority shall determine to redeem Series 2009 Bonds, upon prior written notice to the Trustee of the redemption date and the principal amount of Series 2009 Bonds to be redeemed, the Trustee, at the Authority's expense, shall cause a notice of redemption to be mailed to the Bondholders. Such notice shall, among other things, state the redemption price and the date fixed for redemption, that on such date the Series 2009 Bonds called for redemption will be due and become payable at the Principal Office of the Trustee, and that from and after such date, interest thereon shall cease to accrue; provided, however, that the Holders of all Series 2009 Bonds to be redeemed may file written waivers of notice with the Trustee, and if so waived, such Series 2009 Bonds may be redeemed and all rights and liabilities of said Holders shall mature and accrue on the date set for such redemption, without the requirement of written notice. If a notice is given with respect to an optional redemption prior to moneys for such redemption being deposited with the Trustee, such notice shall be conditioned upon the deposit of moneys with the Trustee before the date fixed for redemption and such notice shall be of no effect unless such moneys are so deposited.

The notice to Bondholders shall be deposited by the Trustee in the United States mail, first-class postage prepaid, at least thirty (30) days, but not more than sixty (60) days prior to the redemption date, addressed to the Holders of Series 2009 Bonds called for redemption at the addresses appearing upon the Bond Register. Any notice of redemption mailed in accordance with the requirements set forth herein shall be conclusively presumed to have been duly given, whether or not such notice is actually received by the Bondholder. No defect in the notice with respect to any Series 2009 Bond (whether in the form of notice or the mailing thereof) shall affect the validity of the redemption proceedings for any other Series 2009 Bonds.

Reference is made to the Act, the Resolution, the Indenture and the PICA Tax Ordinance, executed or certified counterparts of which are on file at the corporate trust office of the Trustee, for statements of the purposes for which the Series 2009 Bonds are issued, a description of the Pledged Revenues assigned and pledged for the security of the Series 2009 Bonds (including the PICA Tax) and the nature, extent and manner of enforcement of such security, certain covenants of the Authority and the City made for the benefit of Bondholders, the terms and conditions under which the Indenture may be amended or modified, the rights and duties of the Authority and the Trustee, and the extent of the rights of the registered owners of the Series 2009 Bonds issued under the Indenture.

IN WITNESS WHEREOF, the Pennsylvania Intergovernmental Cooperation Authority has caused this Bond to be executed with the manual or facsimile signature of its Chairperson or Vice Chairperson and its official seal or a facsimile thereof to be imprinted hereon and attested with the manual or facsimile signature of its Assistant Secretary, as of the date first above written.

\$354,925,000 Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds (City of Philadelphia Funding  
Program), Series of 2009

Ladies and Gentlemen:

We have acted as Bond Counsel to the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") in connection with the issuance and sale by the Authority of the above referenced bonds (the "2009 Bonds") pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), and an Amended and Restated Indenture of Trust dated as of December 1, 1994 (the "Amended and Restated Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended pursuant to the First Supplement to the Amended and Restated Indenture dated as of May 15, 1996 (the "First Supplement to the Amended and Restated Indenture"), the Second Supplement to the Amended and Restated Indenture dated as of April 1, 1999 (the "Second Supplement to the Amended and Restated Indenture"), the Third Supplement to the Amended and Restated Indenture dated as of June 1, 2003 (the "Third Supplement to the Amended and Restated Indenture"), the Fourth Supplement to the Amended and Restated Indenture dated as of June 1, 2006 (the "Fourth Supplement to the Amended and Restated Indenture"), the Fifth Supplement to the Amended and Restated Indenture dated as of May 1, 2008 (the "Fifth Supplement to the Amended and Restated Indenture") and the Sixth Supplement to the Amended and Restated Indenture dated as of June 1, 2009 (the "Sixth Supplement to the Amended and Restated Indenture," and together with the First Supplement to the Amended and Restated Indenture, the Second Supplement to the Amended and Restated Indenture, the Third Supplement to the Amended and Restated Indenture, the Fourth Supplement to the Amended and Restated Indenture, the Fifth Supplement to the Amended and Restated Indenture and the Amended and Restated Indenture, collectively, the "Indenture").

The 2009 Bonds are being issued for the purpose of providing funds which, together with other available moneys, will be used to: (i) currently refund the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1999, outstanding in the aggregate principal amount of \$326,865,000 (the "1999 Bonds"), (ii) pay the costs of terminating an interest rate swap transaction which relates to the 2009 Bonds and (iii) pay the costs of issuing the 2009 Bonds (collectively, the "Refunding Project").

As expressly stated in the form of the 2009 Bonds and in the Indenture, the 2009 Bonds are limited obligations of the Authority payable solely from the Pledged Revenues (as defined in the Indenture). The 2009 Bonds do not otherwise constitute a pledge of the general credit of the Authority. Further, the 2009 Bonds do not constitute a pledge of the credit of the Commonwealth of Pennsylvania ("Commonwealth") or any political subdivision thereof, including the City of Philadelphia ("City"), nor do the 2009 Bonds constitute a pledge of the taxing power of the Commonwealth or any political subdivision thereof, including the City. The Authority has no taxing power. Neither the Commonwealth nor any political subdivision thereof (including the City) is liable for the payment of the principal of, redemption premium, if any, or interest on, the 2009 Bonds.

In our capacity as Bond Counsel, we have examined: (a) the relevant provisions of the Constitution of the Commonwealth; (b) the Act; (c) the proceedings of the Authority with respect to the authorization, issuance and sale of the 1999 Bonds and the 2009 Bonds, including, *inter alia*, the Resolution of the Authority adopted May 5, 2009 ("Resolution"); (d) certain statements, certifications, affidavits and other documents and matters of law which we have considered relevant, including, without limitation, a tax certification of officials of the Authority having responsibility for issuing the 2009 Bonds ("Tax Compliance Certificate"), given pursuant to the Internal Revenue Code of 1986, as amended ("Code"), an opinion of counsel to the Authority of even date herewith ("Authority Counsel's Opinion") and the other documents and instruments listed on the Closing Agenda filed with the Trustee, which are dated the date of original delivery of the 2009 Bonds. We have also examined a fully executed and authenticated 2009 Bond and assume that all of the 2009 Bonds are in such form and are similarly executed and authenticated.

In rendering the opinion set forth below, we have relied upon the authenticity, accuracy, truthfulness and completeness of all documents, records, certifications and other instruments examined including, without limitation, the authenticity of all signatures appearing thereon. We have also relied, in the opinion set forth below, upon the Authority Counsel's Opinion, as to the valid existence of the Authority and the due authorization, execution and delivery by the Authority of certain operative documents.

Except with respect to paragraph 6 below, our opinion is given only with respect to the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof.

Based upon the foregoing, we are of the opinion that:

1. The Authority is a body corporate and politic validly existing under the laws of the Commonwealth with full power and authority to undertake the Refunding Project, to execute and deliver the Sixth Supplement to the Amended and Restated Indenture and to issue the 2009 Bonds.

2. The Sixth Supplement to the Amended and Restated Indenture has been duly authorized, executed and delivered by the Authority and the obligations of the Authority thereunder are legal, valid, binding, and enforceable in accordance with their terms, except as may be affected by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar laws or legal or equitable principles affecting the enforcement of creditors' rights ("Creditors' Rights Limitations").

3. The 2009 Bonds have been duly authorized, executed, issued and delivered by, and are the legal, valid and binding limited obligations of, the Authority, entitled to the benefit and security of the Indenture and enforceable in accordance with their terms, except as may be affected by Creditors' Rights Limitations.

4. The Indenture creates a valid pledge to the Trustee for the benefit of the holders of the 2009 Bonds of, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture), except as may be affected by Creditors' Rights Limitations.

5. Interest on the 2009 Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax and the 2009 Bonds are exempt from personal property taxes in the Commonwealth.

Under current law, interest on the 2009 Bonds (including original issue discount) is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain defined corporations.

Original issue premium on a 2009 Bond issued at an issue price that exceeds its principal amount is amortizable periodically over the term of a 2009 Bond through reductions in the holder's tax basis for the 2009 Bond for determining taxable gain or loss from sale or from redemption prior to maturity. Amortization of premium does not create a deductible expense or loss.

In rendering this opinion, we have assumed compliance by the Authority with the covenants contained in the Resolution, the Indenture and in the Tax Compliance Certificate that are intended to comply with the provisions of the Code relating to actions to be taken by the Authority in respect of the 2009 Bonds after the issuance thereof to the extent necessary to effect or maintain the federal tax-exempt status of the interest on the 2009 Bonds. These covenants relate to, *inter alia*, the use of proceeds of the 2009 Bonds and the rebating to the United States Treasury of specified arbitrage earnings, if required. Failure to comply with such covenants could result in the interest on the 2009 Bonds becoming includible in gross income for federal income tax purposes from their date of issuance.

Ownership of the 2009 Bonds may result in collateral federal income tax consequences to certain taxpayers. We express no opinion as to any collateral tax consequences, federal or state, as to which owners of the 2009 Bonds should consult their own tax advisors.

We express no opinion as to any matter not set forth in the numbered paragraphs herein including with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of the Official Statement prepared in respect of the 2009 Bonds, and make no representation that we have independently verified the contents thereof. This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect changes in law which may occur or changes in facts or circumstances which may come to our attention hereafter.

Very truly yours,

### **THE 2010 BONDS**

#### **Section 2.01. Authorization and Description of the 2010 Bonds**

(a) The 2010 Bonds are authorized to be issued in an aggregate principal amount of \$206,960,000. The 2010 Bonds shall be designated “Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010”. The 2010 Bonds shall be issued as fully registered bonds in Authorized Denominations. The 2010 Bonds shall be substantially in the form hereinafter set forth as Exhibit A with such appropriate variations, omissions and insertions as are permitted or required by the Indenture or deemed necessary by the Trustee and the Authority.

(b) Unless the Authority shall otherwise direct, the 2010 Bonds shall be numbered consecutively from R-1 upward. Interest on the 2010 Bonds shall be payable on each Interest Payment Date, until payment of the principal amount of such 2010 Bond, or provision therefor, shall have been made upon redemption, at maturity or otherwise. Each 2010 Bond shall be dated as of the most recent Interest Payment Date to which interest has been duly paid or provided for next preceding its date of issue, unless issued on an Interest Payment Date on which interest has been paid or provided for, in which event it shall be dated as of such Interest Payment Date or, if issued prior to the first Interest Payment Date on which interest is paid, it shall be dated the date of initial issuance of the 2010 Bonds.

(c) The 2010 Bonds shall mature on the dates and in the amounts and shall bear interest at the fixed interest rates set forth in Schedule 1 attached hereto.

(d) The principal of and premium, if any, on the 2010 Bonds shall be payable at the Principal Office of the Trustee, upon presentation and surrender. Payment of principal of any 2010 Bond shall be made to any owner of \$1,000,000 or more in aggregate principal amount of 2010 Bonds by wire transfer to such owner on the principal payment date for such 2010 Bonds upon written notice from such owner to the Trustee containing the wire transfer instructions within the continental United States to which such owner wishes to have such wire directed, which written notice is received not later than the tenth (10th) day next preceding the principal payment or maturity date applicable to such 2010 Bonds, provided that such wire transfer shall only be made upon presentation and surrender of such 2010 Bonds at the Principal Office of the Trustee on the principal payment date.

(e) Interest payments on a 2010 Bond (other than with respect to defaulted interest) shall be made to the registered owner thereof appearing on the Bond Register as of the close of business of the Registrar on the Record Date, or in lieu thereof, if so requested in a written notice provided to the Trustee not less than ten (10) days prior to the relevant Interest Payment date by a holder of \$1,000,000 or more in aggregate principal amount of 2010 Bonds, by wire transfer to an account in a bank located in the United States designated by such Bondholder.

#### **Section 2.02. Book Entry System**

(a) It is intended that the 2010 Bonds be registered so as to participate in a securities depository system with DTC (the "**DTC System**"), as set forth herein. Except as provided in subparagraph (c) of this Section, the registered owner of all of the 2010 Bonds shall be DTC and the 2010 Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on any 2010 Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of immediately available funds to the account of Cede & Co. on each Interest Payment Date at the address indicated on the Record Date or Special Record Date for Cede & Co. in the Bond Register kept by the Trustee.

(b) The 2010 Bonds shall be initially issued in the form of separate single fully registered bond for each maturity, authenticated by the Trustee in the amount of each separately stated maturity for the 2010 Bonds. Upon initial issuance, the ownership of such 2010 Bonds shall be registered in the registry books of the Authority kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee and the Authority shall treat DTC (or its nominee) as the sole and exclusive owner of the 2010 Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the 2010 Bonds, selecting the 2010 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Seventh Supplement, registering the transfer of 2010 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Trustee, the Registrar nor the Authority shall be affected by any notice to the contrary. Neither the Trustee, the Registrar nor the Authority shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the 2010 Bonds under or through DTC or any Participant, or any other Person which is not shown on the registration books of the Trustee as being a Bondholder, with respect to: (i) the accuracy of any records maintained by DTC or any Participant; (ii) the payment of DTC or any Participant of any amount in respect of the principal or redemption price of or interest on the

2010 Bonds; (iii) any notice which is permitted or required to be given to Bondholders under the Indenture; (iv) the selection by DTC or any Participant of any Person to receive payment in the event of a partial redemption of the 2010 Bonds; or (v) any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal of and premium, if any, and interest on the 2010 Bonds only to or "upon the order of" (as that phrase is used in the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania) DTC and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal of and premium, if any, and interest on the 2010 Bonds to the extent of the sum or sums so paid. No Person other than DTC shall receive an authenticated 2010 Bond. Upon delivery, by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to Record Dates, the word "Cede & Co." in this Seventh Supplement shall be deemed to be changed to reflect such new nominee of DTC.

(c) In the event the Authority determines that it is in its best interest to discontinue the use of book entry system for the 2010 Bonds, the Authority may notify in writing DTC and the Trustee, whereupon DTC will notify the Participants of the availability through DTC of bond certificates. In such event, the Trustee shall deliver, transfer and exchange Bond certificates as directed in writing by DTC in appropriate amounts. DTC may determine to discontinue providing its services with respect to the 2010 Bonds at any time by giving written notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Authority and the Trustee, at the sole cost of the Authority, shall be obligated to deliver Bond certificates as directed in writing by DTC. In the event Bond certificates are issued, the provisions of the Indenture shall apply to, among other things, the transfer and exchange of the 2010 Bonds and the method of payment of principal of and interest on such certificates. Whenever DTC requests the Authority and the Trustee to do so, the Trustee and the Authority will cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the 2010 Bonds to any Participant having 2010 Bonds credited to its DTC account, or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the 2010 Bonds.

(d) Notwithstanding any other provision of this Seventh Supplement to the contrary, so long as any 2010 Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of and premium, if any, and interest on such 2010 Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Authority or the Trustee with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC as sole Bondholder notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole 2010 Bondholder.

### **Section 2.03. Delivery of the 2010 Bonds; Disposition of Proceeds and Transfer of Funds**

Upon the execution and delivery of this Seventh Supplement, the Authority shall execute and deliver the 2010 Bonds to the Trustee and the Trustee shall authenticate the 2010 Bonds and deliver them to the initial purchaser or purchasers thereof as directed by the Authority in an order delivered by the Authority to the Trustee upon receipt of the proceeds of the 2010 Bonds. Proceeds from the sale of the 2010 Bonds, together with any other available funds deposited by the Authority with the Trustee for such purpose, shall be received by the Trustee and deposited in the Settlement Fund and shall then be disbursed and transferred from the Settlement Fund as follows:

(1) to or upon the order of the Authority, the amount specified by the Authority at or after the closing for the issuance of the 2010 Bonds as the costs of issuance of the 2010 Bonds;

(2) to the Trustee, to be deposited in the Bond Redemption Fund, an amount equal to \$190,539,318.59, which will be applied, together with other available funds of the Authority, to the current redemption of all Outstanding 2008 Bonds on May 17, 2010; and

(3) to JPMorgan Chase Bank, N.A. to pay the Authority's costs of terminating the 2008 Swap Agreements, an amount equal to \$39,678,000.00.

Any amount remaining in the Settlement Fund after the foregoing disbursements and transfers shall be disbursed or transferred by the Trustee to the Debt Service Fund in respect of the 2010 Bonds.

The Trustee shall transfer a portion of the funds currently held in the Debt Service Fund to the Redemption Fund, in an amount equal to the amount necessary to effect the current redemption of the 2008 Bonds, less the amount to be deposited therein pursuant to 2.03(2) hereof.

## **ARTICLE III**

### **REDEMPTION OF THE 2010 BONDS**

#### **Section 3.01. Redemption Dates and Prices**

As long as there is no continuing Event of Default under the Indenture, the 2010 Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Section 3.01.

(a) Optional Redemption. The 2010 Bonds maturing on or after June 15, 2021 are subject to redemption at the option of the Authority on and after June 15, 2020, in whole at any time, or in part, from time to time, if in part in such order of maturity and in such principal amount within a maturity as specified by the Authority, and within a maturity as selected by the

Trustee by lot, at a redemption price of 100% of the principal amount thereof, plus accrued interest to the redemption date.

(b) General Provisions Regarding Redemptions.

(i) No redemption of less than all of the 2010 Bonds outstanding shall be made unless in Authorized Denominations. Any redemption of less than all of the 2010 Bonds Outstanding shall be made in such a manner that all 2010 Bonds Outstanding after such redemption are in Authorized Denominations.

(ii) 2010 Bonds may be called for redemption by the Trustee pursuant to Section 3.01 hereof in accordance with the notice requirements of Section 3.02 hereof.

**Section 3.02. Notice of Redemption**

(a) Except as hereinafter provided, and upon direction of the Authority in the case of Section 3.01(a) above, a copy of the notice of the call for any redemption identifying the 2010 Bonds to be redeemed shall be given by the Trustee to the Bondholders by first class mail, postage prepaid, not less twenty (20) than nor more than sixty (60) days prior to the date fixed for redemption, to the registered owners of 2010 Bonds to be redeemed at their addresses as shown on the Bond Register. Such notice shall specify the redemption date, the redemption price, the place and manner of payment and that from the redemption date, interest will cease to accrue on the 2010 Bonds which are the subject of such notice and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. If at the time of mailing of any notice of optional redemption the Authority shall not have deposited with the Trustee moneys sufficient to redeem all the 2010 Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee not later than the opening of business on the redemption date and shall be of no effect unless such moneys are so deposited.

(b) Failure to give notice in the manner prescribed hereunder with respect to any 2010 Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any 2010 Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the 2010 Bonds to be redeemed and to pay interest due thereon and premium, if any, the 2010 Bonds thus called shall not after the applicable redemption date bear interest, be protected by the Indenture or be deemed to be Outstanding under the provisions of the Indenture.

(c) If any 2010 Bond is transferred or exchanged on the Bond Register by the Registrar after notice has been given calling such 2010 Bond for redemption, the Trustee will attach a copy of such notice to the 2010 Bond issued in connection with such transfer or exchange.

**Section 3.03. Selection of Bonds To Be Redeemed**

If less than all the 2010 Bonds shall be called for redemption under any provision of the Indenture permitting such partial redemption, the particular 2010 Bonds or portions thereof to be

redeemed shall be selected by the Authority, in the principal amount designated in writing to the Trustee by the Authority or otherwise as required by the Indenture, and the portion of any 2010 Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting 2010 Bonds for redemption, the Trustee shall treat each 2010 Bond as representing that number of 2010 Bonds which is obtained by dividing the principal amount of such 2010 Bond by the minimum Authorized Denomination. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any 2010 Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the owner of such 2010 Bond shall forthwith surrender such 2010 Bond to the Trustee for (a) payment to such owner of the redemption price of the integral multiple of the Authorized Denomination of principal amount called for redemption and (b) delivery to such owner a new 2010 Bond or 2010 Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such 2010 Bond. New 2010 Bonds representing the unredeemed balance of the principal amount of such 2010 Bond shall be issued to the registered owner thereof without charge therefor.

The Authority acknowledges that the Trustee has no knowledge of or information related to, and the Trustee disclaims all knowledge of, or information related to, the matters described in Section 5.01 hereof, except that the Trustee has transferred certain funds to JPMorgan Chase Bank, N.A. in accordance with Section 2.03(a)(3) hereof.

### **Notice of Redemption**

When the Authority shall determine to redeem Series 2010 Bonds, upon prior written notice to the Trustee of the redemption date and the principal amount of Series 2010 Bonds to be redeemed, the Trustee, at the Authority's expense, shall cause a notice of redemption to be mailed to the Bondholders. Such notice shall, among other things, state the redemption price and the date fixed for redemption, that on such date the Series 2010 Bonds called for redemption will be due and become payable at the Principal Office of the Trustee, and that from and after such date, interest thereon shall cease to accrue; provided, however, that the Holders of all Series 2010 Bonds to be redeemed may file written waivers of notice with the Trustee, and if so waived, such Series 2010 Bonds may be redeemed and all rights and liabilities of said Holders shall mature and accrue on the date set for such redemption, without the requirement of written notice. If a notice is given with respect to an optional redemption prior to moneys for such redemption being deposited with the Trustee, such notice shall be conditioned upon the deposit of moneys with the Trustee before the date fixed for redemption and such notice shall be of no effect unless such moneys are so deposited.

The notice to Bondholders shall be deposited by the Trustee in the United States mail, first-class postage prepaid, not less than twenty (20) days nor more than sixty (60) days prior to the redemption date, addressed to the Holders of Series 2010 Bonds called for redemption at the addresses appearing upon the Bond Register. Any notice of redemption mailed in accordance with the requirements set forth herein shall be conclusively presumed to have been duly given, whether or not such notice is actually received by the Bondholder. No defect in the notice with respect to any 2010 Bond (whether in the form of notice or the mailing thereof) shall affect the validity of the redemption proceedings for any other Series 2010 Bonds.

(a) It is intended that the 2019/2020 Bonds be registered so as to participate in a securities depository system with DTC (the "DTC System"), as set forth herein. Except as provided in subparagraph (c) of this Section, the registered owner of all of the 2019/2020 Bonds shall be DTC and the 2019/2020 Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on any 2019/2020 Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of immediately available funds to the account of Cede & Co. on each Interest Payment Date at the address indicated on the Record Date or Special Record Date for Cede & Co. in the Bond Register kept by the Trustee.

(b) The 2019/2020 Bonds shall be initially issued in the form of separate single fully registered bond for each series and maturity, authenticated by the Trustee in the amount of each separately stated series and maturity for the 2019/2020 Bonds. Upon initial issuance, the ownership of such 2019/2020 Bonds shall be registered in the registry books of the Authority kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee and the Authority shall treat DTC (or its nominee) as the sole and exclusive owner of the 2019/2020

Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the 2019/2020 Bonds, selecting the 2019/2020 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Eighth Supplement, registering the transfer of 2019/2020 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Trustee, the Registrar nor the Authority shall be affected by any notice to the contrary. Neither the Trustee, the Registrar nor the Authority shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the 2019/2020 Bonds under or through DTC or any Participant, or any other Person which is not shown on the registration books of the Trustee as being a Bondholder, with respect to: (i) the accuracy of any records maintained by DTC or any Participant; (ii) the payment of DTC or any Participant of any amount in respect of the principal or redemption price of or interest on the 2019/2020 Bonds; (iii) any notice which is permitted or required to be given to Bondholders under the Indenture; (iv) the selection by DTC or any Participant of any Person to receive payment in the event of a partial redemption of the 2019/2020 Bonds; or (v) any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal of and premium, if any, and interest on the 2019/2020 Bonds only to or "upon the order of (as that phrase is used in the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania) DTC and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal of and premium, if any, and interest on the 2019/2020 Bonds to the extent of the sum or sums so paid. No Person other than DTC shall receive an authenticated 2019/2020 Bond. Upon delivery, by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to Record Dates, the word "Cede & Co." in this Eighth Supplement shall be deemed to be changed to reflect such new nominee of DTC.

(c) In the event the Authority determines that it is in its best interest to discontinue the use of book entry system for the 2019/2020 Bonds, the Authority may notify in writing DTC and the Trustee, whereupon DTC will notify the Participants of the availability through DTC of bond certificates. In such event, the Trustee shall deliver, transfer and exchange Bond certificates as directed in writing by DTC in appropriate amounts. DTC may determine to discontinue providing its services with respect to the 2019/2020 Bonds at any time by giving written notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Authority and the Trustee, at the sole cost of the Authority, shall be obligated to deliver Bond certificates as directed in writing by DTC. In the event Bond certificates are issued, the provisions of the Indenture shall apply to, among other things, the transfer and exchange of the 2019/2020 Bonds and the method of payment of principal of and interest on such certificates. Whenever DTC requests the Authority and the Trustee to do so, the Trustee and the Authority will cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the 2019/2020 Bonds to any Participant having 2019/2020 Bonds credited to its DTC account, or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the 2019/2020 Bonds.

(d) Notwithstanding any other provision of this Eighth Supplement to the contrary, so long as any 2019/2020 Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of and premium, if any, and interest on such

2019/2020 Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to the Indenture by the Authority or the Trustee with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC as sole Bondholder notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole new Bondholder.

"Electronic Means" shall mean the following communications methods: S.W.I.F.T., e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system specified by the Trustee as available for use in connection with its services hereunder."

**D. Closing Supplement to Official Statement; Amendments and Supplements Thereto.**

1. After the Initial Closing Date, but not more than twenty-five (25) days and not less than ten (10) days prior to the Delayed Delivery Closing Date, the Authority shall prepare a Closing Supplement to the Official Statement relating to the 2020 Bonds in a form approved by the Representative (the "Closing Supplement to the Official Statement"). The Closing Supplement to the Official Statement, as of its date, (which shall include such updates to the information previously included in the Official Statement, including updates within the body of the document and to the Appendices thereto based on available information and any additional information deemed necessary such that the Closing Supplement to the Official Statement, as of its date of delivery) will be complete and correct in all material respects and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.
2. The Authority hereby consents to the use of the Closing Supplement to the Official Statement, and any amendments or supplements thereto that shall be approved by

the Authority and the City, in printed or electronic form, to be dated on its date of delivery, in connection with the closing of the sale of the 2020 Bonds and in order to comply with Rule 15c2-12, and other applicable rules of the SEC and the MSRB.

3. The Authority shall provide, or cause to be provided, to the Underwriters, not less than five (5) business days prior to the Delayed Delivery Closing or on such earlier requested date after the posted date of the Closing Supplement to the Official Statement, ten (10) executed counterparts of the Closing Supplement to the Official Statement, and conformed copies of the Closing Supplement to the Official Statement in "designated electronic format" (as defined in MSRB Rule G-32) and in a sufficient quantity and form to permit the Underwriters to comply with Rule 15c2-12, and other applicable rules of the SEC and the MSRB.
4. The Authority hereby authorizes the Underwriters to file, and the Underwriters hereby agree to file, the Closing Supplement to the Official Statement with the Electronic Municipal Market Access system maintained by the MSRB ("EMMA").
5. The Authority shall also deliver or cause to be delivered to the Underwriters printed copies of the Closing Supplement to the Official Statement) after the delivery of the 2020 Bonds upon the request of the Underwriters in quantities sufficient to permit the Underwriters to comply with paragraph (b)(4) of Rule 15c2-12; provided, however, that such obligation on the part of the Authority shall terminate on the earlier of (i) the date which is twenty-five (25) days after the End of the Underwriting Period, and (ii) ninety (90) days after the Delayed Delivery Closing Date.
6. The Authority covenants to promptly notify the Representative if, during the period from the date of delivery of the Closing Supplement to the Official Statement, up to and including the date which is twenty-five (25) days following the End of the Underwriting Period (the "Update Period"), any event shall occur, or any information shall come to the attention of the Authority that causes or is reasonably likely to cause the Closing Supplement to the Official Statement to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading, and if in the opinion of the Authority or the Representative such event requires the preparation and publication of a supplement or amendment to the Closing Supplement to the Official Statement, to prepare and furnish to the Underwriters, at the Authority's expense, such number of copies of the supplement or amendment to the Closing Supplement to the Official Statement, in form and substance mutually agreed upon by the Authority and the Representative, and approved by the City, as the Representative may reasonably request and if such notification shall be given subsequent to the Delayed Delivery Closing Date, such additional legal opinions, certificates, instruments, and other documents as the Representative may reasonably deem necessary to evidence the truth and accuracy of any such supplement or amendment to the Closing Supplement to the Official Statement.

7. If during the Update Period, the Authority shall have prepared an official statement in connection with the issuance of obligations, secured in the same manner as the 2020 Bonds, the Authority shall deliver to the Underwriters a certificate to the effect that such official statement, as of its date, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

**E. Public Offering.**

The Underwriters agree to make a bona fide public offering of all of the 2020 Bonds at prices that do not exceed the initial public offering prices or yields not below the initial public offering yields set forth in the Official Statement, but the Underwriters reserve the right to change such initial prices as they shall deem necessary or desirable, in their sole discretion, in connection with the marketing of the 2020 Bonds (but in all cases subject to the requirements of Paragraph F hereof). The Underwriters may offer and sell the 2020 Bonds to certain dealers, unit investment trusts and money market funds, certain of which may be sponsored or managed by one or more of the Underwriters at prices lower than the initial public offering price or prices set forth on the inside cover page of the Official Statement (but in all cases subject to the requirements of Paragraph F hereof). The Underwriters also reserve the right: (i) to over-allot or effect transactions which stabilize or maintain the market price of the 2020 Bonds at levels above those which might otherwise prevail in the open market; and (ii) to discontinue such stabilizing, if commenced, at any time without prior notice.

**F. Issue Price.**

1. The Representative, on behalf of the Underwriters, agrees to assist the Authority and the City in establishing the issue price of the 2019 Bonds and 2020 Bonds and shall execute and deliver to the Authority and the City on the Delayed Delivery Closing Date an "issue price" or similar certificate, acceptable to Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania ("Bond Counsel"), substantially in the form attached hereto as Exhibit B, together with the supporting pricing wires or equivalent communications, with modifications to such certificate as may be deemed appropriate or necessary, in the reasonable judgment of the Representative, the Authority and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the 2019 Bonds and the 2020 Bonds.
2. Except as otherwise set forth in Exhibit B attached hereto, the Authority will treat the first price at which 10% of each maturity of the 2020 Bonds (the "10% test") is sold to the public as the issue price of that maturity. At or promptly after the execution of this Forward Delivery Purchase Agreement, the Representative shall report to the Authority the price or prices at which the Underwriters have sold to the public each maturity of the 2019 Bonds and the 2020 Bonds. If, as of the date hereof, the 10% test has not been satisfied as to any maturity of the 2020 Bonds, the Representative agrees to promptly report to the Authority the prices at which

the Underwriters sell the unsold 2020 Bonds of that maturity to the public. That reporting obligation shall continue until the earlier of the date on which the 10% test has been satisfied as to the 2020 Bonds of that maturity or the Delayed Delivery Closing Date. For purposes of this Paragraph F.2., if 2020 Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the 2020 Bonds.

Exhibit B and subparagraph (3) apply only if the Representative agrees to apply the hold-the-offering-price rule, as described below.

3. The Representative confirms that the Underwriters have offered the 2020 Bonds to the public on or before the date of this Forward Delivery Purchase Agreement at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Exhibit B attached hereto, except as otherwise set forth therein. Exhibit B also sets forth, as of the date of this Forward Delivery Purchase Agreement, the maturities, if any, of the 2020 Bonds for which the 10% test has not been satisfied and for which the Authority and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply, which will allow the Authority to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the 2020 Bonds, the Underwriters will neither offer nor sell unsold 2020 Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:
  - (a) the close of the 5<sup>th</sup> business day after the sale date; or
  - (b) the date on which the Underwriters have sold at least 10% of that maturity of the 2020 Bonds to the public at a price that is no higher than the initial offering price to the public.
4. The Representative confirms that:
  - (a) any AAU (as hereinafter defined), any selling group agreement and each third-party distribution agreement (to which the Representative is a party) relating to the initial sale of the 2020 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:
    - (i) to (1) report the prices at which it sells to the public the unsold 2020 Bonds of each maturity allocated to it, whether or not the Delayed Delivery Closing has occurred, until either all 2020 Bonds of that maturity allocated to it have been sold or it is notified by the Representative that the 10% test has been satisfied as to the 2020 Bonds of that maturity, provided that, the reporting obligation after

the Delayed Delivery Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representative, and (2) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representative and as set forth in the related pricing wires,

- (ii) to promptly notify the Representative of any sales of 2020 Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the 2020 Bonds to the public (each such term being used as defined below), and
- (iii) to acknowledge that, unless otherwise advised by an Underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by an Underwriter, dealer or broker-dealer is a sale to the public.

(b) any AAU or selling group agreement relating to the initial sale of the 2020 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the 2020 Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (i) report the prices at which it sells to the public the unsold 2020 Bonds of each maturity allocated to it, whether or not the Closing has occurred, until either all 2020 Bonds of that maturity allocated to it have been sold or it is notified by the Representative or such Underwriter or dealer that the 10% test has been satisfied as to the 2020 Bonds of that maturity, provided that, the reporting obligation after the Delayed Delivery Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representative or such Underwriter or dealer, and (ii) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representative or the Underwriters or the dealer and as set forth in the related pricing wires.

5. The Authority acknowledges that, in making the representations set forth in this paragraph, the Representative will rely on (a) the agreement of each Underwriter to comply with the requirements for establishing issue price of the 2020 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2020 Bonds, as set forth in the AAU and the related pricing wires, (b) in the event a selling group has been created in connection with the initial sale of the 2020 Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the 2020 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2020 Bonds, as set forth in a selling group agreement and the related pricing wires, and (c) in the event that an Underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the 2020 Bonds to the public, the agreement of each broker-dealer that is a party

The Authority further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the 2020 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2020 Bonds, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the 2020 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2020 Bonds.

6. The Underwriters acknowledge that sales of any 2020 Bonds to any person that is a related party to an Underwriter shall not constitute sales to the public (each such term being used as defined below) for purposes of this paragraph. Further, for purposes of this Section F only:

- (a) "public" means any person other than an underwriter or a related party,

- (b) "underwriter" means (A) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the 2020 Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the 2020 Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the 2020 Bonds to the public),

- (c) a purchaser of any of the 2020 Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

- (d) "sale date" means the date of execution of this Forward Delivery Purchase Agreement by all parties.

7. The parties acknowledge that provisions substantially similar to those set forth in this Section F will appear in the Bond Purchase Agreement, between the Authority

and the Representative, dated the date hereof, being executed in connection with the Authority's proposed issuance of the 2019 Bonds. The form of issue price certificate attached hereto as Exhibit B addresses the issue prices related to both the 2019 Bonds and the 2020 Bonds, which are being treated as a single issue for purposes of Section 141 and 148-150 of the Internal Revenue Code of 1986, as amended.

then in effect, or otherwise, or would be in violation of any provision of the federal securities laws; or

- (i) a decision by a court of the United States shall have been rendered or a stop order, release, regulation, or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made to the effect that the issuance, offering, or sale of the 2020 Bonds, or any document relating to the issuance, offering or sale of the 2020 Bonds is or would be in violation of any provision of the federal securities laws at the Initial Closing Date, including the Securities Act, the Exchange Act, and the Trust Indenture Act of 1939, as amended; or

Re: \$24,990,000 Pennsylvania Intergovernmental Cooperation Authority Special Tax  
Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of  
2020 (Forward Delivery)

Ladies and Gentlemen:

Pursuant to the Forward Delivery Bond Purchase Agreement of even date herewith (the "Forward Delivery Purchase Agreement") between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and RBC Capital Markets, LLC, on behalf of itself and as Representative (the "Representative") of the Underwriters specified therein (the "Underwriters"), the Authority has agreed, *inter alia*, to sell to the Underwriters the above captioned bonds (the "2020 Bonds"), and the Underwriters have agreed to purchase said 2020 Bonds upon the terms and conditions set forth in the Forward Delivery Purchase Agreement. Unless otherwise defined herein, the terms defined in the Forward Delivery Purchase Agreement are used herein with the same meanings. This Letter of Representations is delivered to you pursuant to the Forward Delivery Purchase Agreement.

As of the date hereof, the undersigned, on behalf of the City, hereby represents and warrants to and agrees with each of you as follows:

1. The City of Philadelphia (the "City") approves of the terms and conditions upon which the 2020 Bonds are being sold to the Underwriters as set forth in the Forward Delivery Purchase Agreement, without waiving any of the City's rights due to provisions of Section S. thereof;
2. The City has duly and validly acknowledged and approved the Official Statement;
3. The City has duly and validly authorized and approved the execution and delivery of the Cooperation Agreement, the Tax Collection Agreement and the City Tax Certifications, and the performance by the City of its obligations, covenants and agreements contained therein;

4. The City has duly and validly acknowledged and approved the City Account Deposit Agreement;

5. The City had and has full legal right, power and authority to enter into the City Cooperation Agreement and the Tax Collection Agreement and has duly authorized the execution and delivery of, and the performance of its obligations under, this Letter of Representations, the Cooperation Agreement, the Tax Collection Agreement and the City Tax Certifications (collectively, the "City Agreements"). Each of the City Agreements constitutes a valid, binding and legally enforceable obligation of the City, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer, and other laws affecting creditors' rights generally from time to time in effect, and rights of acceleration, indemnity, and contribution, and the availability of equitable remedies may be affected by equitable principles. The City has, and at the Delayed Delivery Closing Date will have, full legal right, power and authority to perform its obligations under the City Agreements.

6. The Ordinances have been duly and validly enacted or adopted, as applicable, by the City Council and approved by the Mayor, all in accordance with the City's Home Rule Charter and Code of General Ordinances and all applicable laws of the Commonwealth, are in full force and effect and have not been modified, amended, repealed or rescinded since the date of enactment.

7. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Tax Ordinance and the Cooperation Ordinance, including, without limitation, publication, convening and conduct of the public meetings at which public hearings were held and action was taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended). The Tax Ordinance and the Cooperation Ordinance are in full force and effect as of the date hereof and have not been amended since the respective dates of their enactment and adoption.

8. As provided in the Act, the proceeds of the Authority Tax as of the date hereof are, and at all times subsequent to the date hereof and as of and after the Delayed Delivery Closing Date will be, the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City;

9. Except as otherwise disclosed in the Preliminary Official Statement and in the Official Statement, or as may be disclosed in the subsequent Closing Supplement to the Official Statement, the City is not, to the best of the City's knowledge in any material respect in breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation of the Commonwealth or the United States, or any applicable judgment, decree or loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound, the consequence of which or the correction of which would materially adversely affect the financial condition or results of operations of the City as a whole.

10. The execution and delivery of the Cooperation Agreement and the Tax Collection Agreement by the City and compliance with the provisions thereof did not, do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any existing applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any applicable judgment or decree and did not and do not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound;

11. The execution and delivery of the City Tax Certifications by the City and compliance with the provisions thereof do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any existing applicable judgment or decree and do not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement, or other instrument to which the City is a party or by which it is otherwise bound;

12. The acknowledgment and approval of the City Account Deposit Agreement by the City do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any applicable judgment or decree;

13. The City is currently in compliance in all material respects with its previous undertakings with regard to continuing disclosure.

14. The execution and delivery of, and compliance by the City with the terms of this Letter of Representations, the Official Statement and the Closing Supplement to the Official Statement, will not, constitute a breach of or default under the City's Home Rule Charter, the Code of General Ordinances, the Ordinance or any existing applicable law or administrative regulation (except that no representation or warranty is made in this paragraph 14 as to any federal or state securities law) or the Constitution of the Commonwealth or the United States or any applicable judgment or decree and will not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound.

15. The information with respect to the City contained in the Preliminary Official Statement, in the Official Statement, as of its date, and at the time of acceptance hereof, and to be disclosed in the Closing Supplement to the Official Statement, as of its date, under the captions "INTRODUCTION - The City of Philadelphia", and in Appendix B and Appendix C, did not, and does not, and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

16. The City will notify the Representative, and the Authority, to the extent not disclosed in the Preliminary Official Statement, the Official Statement or to be disclosed in the Closing Supplement to the Official Statement, of any material adverse change in the business, properties, financial condition or results of operation of the City as a whole occurring before the

Delayed Delivery Closing Date or within the Update Period and will promptly notify the Representative if, during the Update Period, any event shall occur, or information come to its attention that would cause the Official Statement (whether or not previously supplemented or amended) to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

17. The City agrees that between the date hereof and the Delayed Delivery Closing Date it will take no action which will cause the representations and warranties contained herein to be untrue at any time from the date hereof up to and including the Delayed Delivery Closing Date.

18. The City agrees to comply with and acknowledges its obligation to provide the Authority and the Underwriters with certain certifications and updating information in connection with the preparation of the Official Statement (including any amendments or supplements thereto), the Initial Closing of the 2020 Bonds, the preparation of the Closing Supplement to the Official Statement (including any amendments and supplements thereto), and the Delayed Delivery Closing, all as set forth in the Forward Delivery Purchase Agreement.

19. Based solely on the information provided to me by the Law Department of the City (the "Law Department") after inquiry within the Law Department, except for litigation which in the opinion of the Law Department is without merit, and except as disclosed in the Preliminary Official Statement, to be disclosed in the Official Statement or to be disclosed in the Closing Supplement to the Official Statement, no litigation or other legal proceeding is pending against the City or, to the best of the Law Department's knowledge, threatened in writing against the City:

- (i) to restrain or enjoin the issuance or sale of the 2020 Bonds or the City's execution or delivery of, or performance under the Bond Documents, this Letter of Representations or in any way contesting any authority for or the validity or enforceability of the 2020 Bonds or the Ordinances; or

- (ii) in which a final adverse decision can reasonably be anticipated in a magnitude or scope which would materially and adversely affect the financial condition or results of operations of the City as a whole; or

- (iii) contesting in any way the completeness or accuracy of the information concerning the City contained in the Preliminary Official Statement and the Official Statement, and to be contained in the Closing Supplement to the Official Statement; or

- (iv) contesting in any way the validity or enforceability of the City's obligations under the Cooperation Agreement, the Tax Collection Agreement or this Letter of Representations; or

- (v) in any way challenging the right of the Director of Finance or the City Treasurer or any other official of the City signatory to any of the Bond Documents to which the City is a party or referred to in the Forward Delivery Purchase Agreement or herein to hold his or her office, or the respective powers of such offices.

20. The City agrees and acknowledges that: (a) the primary role of the Underwriters is to purchase securities for resale to investors, in an arm's-length commercial transaction between the Authority and the Underwriters and that the Underwriters have financial and other interests that differ from those of the Authority and the City; (b) with respect to the engagement of the Underwriters by the Authority, including in connection with the purchase, sale and offering of the 2020 Bonds, and the discussions, conferences, negotiations and undertakings in connection therewith, each of the Underwriters is and has been acting as a principal and not an agent or municipal or financial advisor of, or fiduciary to, the Authority or the City; (c) the City has consulted its own legal, financial and other advisors to the extent it has deemed appropriate; and (d) the Forward Delivery Purchase Agreement and this Letter of Representations express the entire relationship among the Underwriters, the Authority and the City with respect to the sale and offering of the 2020 Bonds.

This Letter of Representations is made solely for the benefit of the addressees hereof and the signatories hereto (including the successors and assigns of any Underwriter) and no other persons shall acquire or have any right hereunder or by virtue hereof. The terms "successors" and "assigns" as used herein shall not include any purchaser, as such purchaser, of any of the 2020 Bonds from the Underwriters or otherwise.

All representations, warranties and agreements in this Letter of Representations shall remain operative and survive the execution hereof.

Very truly yours,

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY  
SPECIAL TAX REVENUE REFUNDING BONDS  
(CITY OF PHILADELPHIA FUNDING PROGRAM)

\$31,085,000  
Series of 2019

\$24,990,000  
Series of 2020  
(Forward Delivery)

The undersigned, on behalf of RBC Capital Markets, LLC and as representative (the "Representative") of the other underwriters (together, the "Underwriting Group") of the above-captioned bonds (the "Bonds"), hereby certifies as set forth below with respect to the sale and issuance of the above-captioned Bonds.

1. ***Sale of the Bonds.*** As of the date of this certificate, for each Maturity of the Bonds, the first price at which at least 10% of such Maturity of the Bonds was sold to the Public is the respective price listed in Schedule A.

2. ***Defined Terms.***

(a) ***General Rule Maturities*** means those Maturities of the Bonds listed in Schedule A hereto as the "General Rule Maturities."

(a) ***Issuer*** means Pennsylvania Intergovernmental Cooperation Authority.

(b) ***Maturity*** means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(c) ***Public*** means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(d) ***Sale Date*** means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is October \_\_\_\_, 2019.

(e) ***Underwriter*** means (i) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

3. **Yield.** The yield on the Bonds is \_\_\_\_\_%. For this purpose, the term "yield" refers to that discount rate that, when used in computing the present value as of the date hereof of all expected payments of principal and interest on the Bonds produces an amount equal to the present value, using the same.

4. **Weighted Average Maturity.** The weighted average maturity ("WAM") of the Bonds has been calculated to be \_\_\_\_\_ years. The WAM is the sum of the products of the Issue Price of each maturity and the number of years to maturity (determined separately for each maturity and by taking into account mandatory redemptions) as of the date hereof, divided by the aggregate Issue Price of the Bonds.

The WAM of the 2019 Bonds is \_\_\_\_\_ years. The WAM of the 2020 Bonds is \_\_\_\_\_ years.

5. **Remaining Weighted Average Maturity.** We have been requested by the Authority to calculate the remaining WAM of the 2009 Bonds being refunded by the 2019 Bonds and the remaining WAM of the Refunded 2010 Bonds (together with the 2009 Bonds, the "Refunded Bonds") being refunded by the 2020 Bonds. For this purpose, the term "remaining WAM" of the Refunded Bonds is the sum of the products of the issue price of each maturity of such bonds and the number of years to maturity (determined separately for each maturity and by taking into account mandatory redemptions or prepayments), divided by the aggregate issue price of the Refunded Bonds, as of the date hereof. We have computed the remaining WAM of the Refunded Bonds to be not less than \_\_\_\_\_ years.

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Representative's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Authority with respect to certain of the representations set forth in the Tax Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania, bond counsel in connection with rendering their opinions that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of Internal Revenue Service Form 8038-G, and other federal income tax advice they may give to the Authority from time to time relating to the Bonds. The representations set forth herein are not necessarily based on personal knowledge and, in certain cases, the undersigned is relying on representations made by the other members of the Underwriting Group.

*Re: Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2020 (Forward Delivery)*

Ladies and Gentlemen:

We have acted as counsel to the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth") created pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), in connection with the Forward Delivery Bond Purchase Agreement, dated October 29, 2019 (the "Forward Delivery Bond Purchase Agreement"), between the Authority and RBC Capital Markets, LLC, as the representative of the several underwriters named therein (the "Underwriters"), that relates to the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), in the aggregate principal amount of \$24,990,000 (the "2020 Bonds").

Pursuant to the power and authority vested in it by virtue of the Act, and to carry out the public purposes of the Act, the Authority proposes to issue the 2020 Bonds under an Amended and Restated Indenture of Trust, dated as of December 1, 1994 (the "1994 Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust, dated as of May 15, 1996 (the "First Supplemental Indenture"), by the Second Supplement to the Amended and Restated Indenture of Trust, dated as of April 1, 1999 (the "Second Supplemental Indenture"), by the Third Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2003 (the "Third Supplemental Indenture"), by the Fourth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2006 (the "Fourth Supplemental Indenture"), by the Fifth Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2008 (the "Fifth Supplemental Indenture"), by the Sixth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2009 (the "Sixth Supplemental Indenture"), by the Seventh Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2010 (the "Seventh Supplemental Indenture") and by the Eighth Supplement to the Amended and Restated Indenture of Trust, dated as of December 1, 2019 (the "Eighth Supplemental Indenture") and, together with the 1994 Indenture, the First Supplemental Indenture, the Second Supplemental

Indenture, the Third Supplemental Indenture, the Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Seventh Supplemental Indenture, the "Indenture"), for the purpose of refunding certain outstanding bonds of the Authority, as more particularly described in the Indenture. The Eighth Supplemental Indenture provides that, when issued, the 2020 Bonds will be secured thereunder by the Authority's pledge to the Trustee of, and the Authority's grant to the Trustee of a security interest in, the proceeds of a 1.5% tax (the "Authority Income Tax") on salaries, wages, commissions and other compensation earned by residents of the City of Philadelphia, Pennsylvania (the "City") and on net profits earned in business, professions and other activities conducted by residents of the City, which has been enacted by the City exclusively for the purposes of the Authority pursuant to Section 601(a)(3) of the Act and pursuant to an ordinance (Bill No. 1437) of the City Council of the City, approved by the Mayor of the City on June 12, 1991 (the "Authority Income Tax Ordinance").

The Authority proposes to sell the 2020 Bonds to the Underwriters for reoffering by the Underwriters to the public. In connection with such public offering of the 2020 Bonds, the Authority has prepared an Official Statement, dated October 29, 2019 (the "Official Statement"), relating to the 2020 Bonds. In connection with the issuance of the 2020 Bonds, the Authority proposes to enter into a Continuing Disclosure Agreement substantially in the form attached to the Official Statement as Appendix F (the "Disclosure Agreement"). As contemplated by the Act, the Authority and the City have heretofore entered into an Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Intergovernmental Cooperation Agreement").

For the purpose of rendering this opinion letter, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Indenture, the Forward Delivery Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Official Statement (including the form of the Disclosure Agreement appended thereto), the Authority Income Tax Ordinance and such other instruments, documents, records and certificates, and have made such investigations as to matters of law, as we have deemed necessary and appropriate.

In rendering this opinion letter, we have assumed, with respect to all documents and instruments reviewed by us, the genuineness of all signatures (other than those of the Authority), the capacity of natural persons, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all documents submitted to us as copies. We have further assumed as follows:

A. We have assumed that each party to the documents specified in paragraph 5 below other than the Authority (each such other party being referred to as an "Other Party") is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization and has the lawful power and authority to enter into and perform its obligations under such documents; that such documents have been duly authorized, executed and delivered by each such Other Party; and that such documents constitute the legal, valid and binding obligation of each such Other Party, enforceable against each such Other Party in accordance with their respective terms. We have further assumed that the 2020 Bonds have been duly authenticated by the Trustee in accordance with the requirements of the Indenture.

B. We have assumed that the City has duly and validly enacted the Authority Income Tax pursuant to the Authority Income Tax Ordinance in compliance with all procedural requirements of the City's Home Rule Charter, the Philadelphia Code of Ordinances and other

applicable law, rules or regulations. We have further assumed that the Authority Income Tax Ordinance has not been amended, modified or repealed in whole or in part and is in full force and effect on the date hereof. We have further assumed that the City has duly authorized, executed and delivered the Intergovernmental Cooperation Agreement.

C. We have assumed that each Credit Facility Issuer (as defined in the Indenture) is duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation and is duly licensed and authorized by all applicable regulatory bodies to issue the Credit Facility (as defined in the Indenture) issued by such Credit Facility Issuer. We have further assumed that each Credit Facility has been duly authorized, executed and delivered by the relevant Credit Facility Issuer and constitutes the legal, valid and binding obligation of such Credit Facility Issuer, enforceable in accordance with its terms.

Based upon and subject to the foregoing, and subject to the further exceptions, qualifications and limitations hereinafter set forth, we are pleased to advise you that we are of the following opinions:

1. The Authority is a body corporate and politic, constituting a public authority and instrumentality of the Commonwealth, created pursuant to the Act.

2. The Authority has (or at the relevant time had) the power and the authority under the Act to enter into the Indenture and to issue the 2020 Bonds thereunder, and to enter into the Intergovernmental Cooperation Agreement and the Forward Delivery Bond Purchase Agreement and the Disclosure Agreement.

3. The Indenture, the Intergovernmental Cooperation Agreement and the Forward Delivery Bond Purchase Agreement have each been duly authorized, executed and delivered by the Authority. The Authority has duly authorized the issuance of the 2020 Bonds and the execution and delivery of the Disclosure Agreement.

4. The Official Statement has been duly authorized and executed by the Authority.

5. The Indenture, the Intergovernmental Cooperation Agreement and the Forward Delivery Bond Purchase Agreement are each legal, valid and binding obligations of the Authority, enforceable against the Authority in accordance with their respective terms.

6. To our knowledge, except as disclosed in the Official Statement, there are no actions or proceedings pending, or overtly threatened in writing, against the Authority before any court, governmental agency or arbitrator, which seek to restrain or enjoin the issuance or delivery of the 2020 Bonds by the Authority or which in any way contest the validity or enforceability of the 2020 Bonds, the Indenture, the Forward Delivery Bond Purchase Agreement or the Intergovernmental Cooperation Agreement or the pledge of the revenues from the Authority Income Tax under the Indenture.

7. As provided in the Act, the proceeds of the Authority Income Tax are at all times the revenues and property of the Authority, are not property or revenues of the City, and are not subject to appropriation by either the Commonwealth or the City.

8. The Indenture creates a valid lien on, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture) for the security of the Authority's bonds issued under the Indenture.

Although we have not undertaken to determine independently the accuracy, completeness or fairness of the information contained in the Official Statement and express no opinion with respect thereto, nothing has come to our attention during the course of the performance of our duties as counsel to the Authority in this transaction that would lead us to believe that the information contained in the Official Statement (except for the information contained in any of the Appendices to the Official Statement, any other information concerning the City, any information concerning any bond insurance company or any of the Underwriters, any information under the headings "TAX MATTERS", "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS" and "UNDERWRITING", and any financial, statistical or demographic information, data or projections contained or required to be contained in any portion of the Official Statement, as to which we express no opinion or belief) contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

We express no opinion concerning the exempt status of interest on the 2020 Bonds under any Federal or state tax laws or regulations or concerning any other Federal or state tax law consequences of owning or disposing of the 2020 Bonds. We express no opinion with respect to any liquidated damages provisions. We express no opinion concerning the status of the Indenture, the 2020 Bonds or the offering or sale of the 2020 Bonds under any registration or qualification requirements of the Federal or state securities laws or regulations. We express no opinion concerning the status of the 2020 Bonds as legal investments for any person or entity under any Federal or state laws or regulations. In addition, our opinions expressed herein are subject to, and limited by, (a) applicable bankruptcy, insolvency, reorganization, moratorium, arrangement, liquidation or other similar laws affecting the rights and remedies of creditors and secured parties generally, (b) general principles of equity, public policy considerations, judicial discretion and general requirements of good faith, fair dealing and reasonableness (regardless of whether considered in a proceeding at law or in equity) and (c) in the particular case of indemnities or rights of contribution, the application of Federal or state securities or other laws, regulations or judicial decisions or public policy considerations which may limit the validity or enforceability thereof. We call to your attention that, as provided in the Act, the Authority enjoys sovereign and official immunity and shall remain immune from suit except as provided therein. We further call to your attention that the issuance and delivery of the 2020 Bonds in the future is subject to the satisfaction of certain legal and contractual conditions as set forth in the Forward Delivery Bond Purchase Agreement, the Indenture and the Act, as to which we express no opinion herein.

This opinion letter is limited to the present law of the Commonwealth and the present Federal law of the United States of America. This opinion letter is limited to the matters expressly stated herein; no opinion may be inferred or is implied beyond the matters expressly stated herein to be our opinion; and our opinions and other statements herein must be read in conjunction with the assumptions, limitations, exceptions and qualifications set forth in this letter.

The opinions and other statements herein are expressed as of the date hereof only, and not as of some future date. We undertake no responsibility to advise you of any change in law or any new laws, regulations, judicial decisions or other developments which may be promulgated or

which may otherwise occur in the future. The phrase "to our knowledge" as used in this opinion letter means the conscious awareness, without independent investigation, of those attorneys in our firm who have devoted substantive attention to matters involving our representation of the Authority in this transaction.

This opinion letter is being rendered solely for your benefit in connection with the issuance of the 2020 Bonds by the Authority. You may not rely on this opinion letter for any other purpose and no other person or entity may rely on this opinion letter for any purpose. This opinion letter may not be referred to or quoted in whole or in part in any document, report or financial statement of, or filed with or delivered to, any person or entity, without the express written consent of the undersigned, but this opinion letter may be included as part of the transcript of closing documents relating to the 2020 Bonds.

Very truly yours,

Ladies and Gentlemen:

We have acted as counsel to the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth") created pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), in connection with the issuance and sale by the Authority on this date of \$24,990,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds").

Pursuant to the power and authority vested in it by virtue of the Act, and to carry out the public purposes of the Act, the Authority is issuing the 2020 Bonds under an Amended and Restated Indenture of Trust, dated as of December 1, 1994 (the "1994 Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust, dated as of May 15, 1996 (the "First Supplemental Indenture"), by the Second Supplement to the Amended and Restated Indenture of Trust, dated as of April 1, 1999 (the "Second Supplemental Indenture"), by the Third Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2003 (the "Third Supplemental Indenture"), by the Fourth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2006 (the "Fourth Supplemental Indenture"), by the Fifth Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2008 (the "Fifth Supplemental Indenture"), by the Sixth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2009 (the "Sixth Supplemental Indenture"), by the Seventh Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2010 (the "Seventh Supplemental Indenture") and by the Eighth Supplement to the Amended and Restated Indenture of Trust, dated as of December 1, 2019 (the "Eighth Supplemental Indenture") and, together with the 1994 Indenture, the First Supplemental Indenture, the Second Supplemental Indenture, the Third Supplemental Indenture, the Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Seventh Supplemental Indenture, the "Indenture"), for the purpose of refunding certain outstanding bonds of the Authority, as more particularly described in the Indenture.

The 2020 Bonds are secured under the Indenture by the Authority's pledge to the Trustee of, and the Authority's grant to the Trustee of a security interest in, the proceeds of a 1.5% tax (the "Authority Income Tax") on salaries, wages, commissions and other compensation earned by residents of the City of Philadelphia, Pennsylvania (the "City") and on net profits earned in business, professions and other activities conducted by residents of the City, which has been enacted by the City exclusively for the purposes of the Authority pursuant to Section 601(a)(3) of the Act and pursuant to an ordinance (Bill No. 1437) of the City Council of the City, approved by the Mayor of the City on June 12, 1991 (the "Authority Income Tax Ordinance").

Pursuant to a Forward Delivery Bond Purchase Agreement, dated October 29, 2019 (the "Forward Delivery Bond Purchase Agreement") between the Authority and RBC Capital Markets, LLC, as the representative of the several underwriters named therein (the "Underwriters"), the Authority is selling the 2020 Bonds to the Underwriters for reoffering by the Underwriters to the public. In connection with such public offering of the 2020 Bonds, the Authority has prepared an Official Statement, dated October 29, 2019, as supplemented by the [Supplement] to the Official Statement dated \_\_\_\_\_, 2020 (as so supplemented, the "Official Statement"), relating to the 2020 Bonds. As contemplated by the Act, the Authority and the City have heretofore entered into an Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Intergovernmental Cooperation Agreement"). In connection with the issuance of the 2020 Bonds, the Authority has executed and delivered a Tax Compliance Certificate, dated \_\_\_\_\_, 2020 (the "Tax Compliance Certificate"), and an Escrow Deposit Agreement, dated as of \_\_\_\_\_, 2020 (the "Escrow Agreement"), between the Authority and U.S. Bank National Association, as escrow agent; and the Authority has entered into a Continuing Disclosure Agreement, dated \_\_\_\_\_, 2020 (the "Disclosure Agreement").

For the purpose of rendering this opinion letter, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Indenture, the Forward Delivery Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Official Statement, the Authority Income Tax Ordinance, the Tax Compliance Certificate, the Escrow Agreement, the Disclosure Agreement, and such other instruments, documents, records and certificates, and have made such investigations as to matters of law, as we have deemed necessary and appropriate. We also have examined a specimen of the 2020 Bonds.

In rendering this opinion letter, we have assumed, with respect to all documents and instruments reviewed by us, the genuineness of all signatures (other than those of the Authority), the capacity of natural persons, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all documents submitted to us as copies. We have further assumed as follows:

A. We have assumed that each party to the documents specified in paragraph 5 below other than the Authority (each such other party being referred to as an "Other Party") is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization and has the lawful power and authority to enter into and perform its obligations under such documents; that such documents have been duly authorized, executed and delivered by each such Other Party; and that such documents constitute the legal, valid and binding obligation of each such Other Party, enforceable against each such Other Party in accordance with their respective terms. We have further assumed that the 2020 Bonds have been duly authenticated by the Trustee in accordance with the requirements of the Indenture.

B. We have assumed that the City has duly and validly enacted the Authority Income Tax pursuant to the Authority Income Tax Ordinance in compliance with all procedural requirements of the City's Home Rule Charter, the Philadelphia Code of Ordinances and other applicable law, rules or regulations. We have further assumed that the Authority Income Tax Ordinance has not been amended, modified or repealed in whole or in part and is in full force and effect on the date hereof. We have further assumed that the City has duly authorized, executed and delivered the Intergovernmental Cooperation Agreement.

C. We have assumed that each Credit Facility Issuer (as defined in the Indenture) is duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation and is duly licensed and authorized by all applicable regulatory bodies to issue the Credit Facility (as defined in the Indenture) issued by such Credit Facility Issuer. We have further assumed that each Credit Facility has been duly authorized, executed and delivered by the relevant Credit Facility Issuer and constitutes the legal, valid and binding obligation of such Credit Facility Issuer, enforceable in accordance with its terms.

Based upon and subject to the foregoing, and subject to the further exceptions, qualifications and limitations hereinafter set forth, we are pleased to advise you that we are of the following opinions:

9. The Authority is a body corporate and politic, constituting a public authority and instrumentality of the Commonwealth, created pursuant to the Act.

10. The Authority has (or at the relevant time had) the power and the authority under the Act to enter into the Indenture and to issue the 2020 Bonds thereunder, and to enter into the Intergovernmental Cooperation Agreement, the Forward Delivery Bond Purchase Agreement, the Tax Compliance Certificate, the Escrow Agreement and the Disclosure Agreement.

11. The Indenture, the 2020 Bonds, the Intergovernmental Cooperation Agreement, the Forward Delivery Bond Purchase Agreement, the Tax Compliance Certificate, the Escrow Agreement and the Disclosure Agreement have each been duly authorized, executed and delivered by the Authority.

12. The Official Statement has been duly authorized and executed by the Authority.

13. The Indenture, the 2020 Bonds, the Intergovernmental Cooperation Agreement, the Forward Delivery Bond Purchase Agreement, the Tax Compliance Certificate, the Escrow Agreement and the Disclosure Agreement are each legal, valid and binding obligations of the Authority, enforceable against the Authority in accordance with their respective terms. We call to your attention, however, that the 2020 Bonds are not general obligations of the Authority but are limited obligations of the Authority, payable only out of the revenues from the Authority Income Tax and certain funds held by the Trustee under the Indenture, and that neither the credit nor the taxing power of the Commonwealth or any political subdivision (including the City) or agency thereof, other than the credit of the Authority to the limited extent described above, is pledged for the payment of the principal or redemption price of or interest on the 2020 Bonds. According to the Act, the 2020 Bonds do not constitute a debt or obligation of the Commonwealth or any political subdivision (including the City) or agency thereof. The Authority itself has no taxing power.

14. To our knowledge, except as disclosed in the Official Statement, there are no actions or proceedings pending, or overtly threatened in writing, against the Authority before any court, governmental agency or arbitrator, which seek to restrain or enjoin the issuance or delivery of the 2020 Bonds by the Authority or which in any way contest the validity or enforceability of the 2020 Bonds, the Indenture, the Forward Delivery Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Tax Compliance Certificate, the Escrow Agreement, the Disclosure Agreement or the pledge of the revenues from the Authority Income Tax under the Indenture.

15. As provided in the Act, the proceeds of the Authority Income Tax are at all times the revenues and property of the Authority, are not property or revenues of the City, and are not subject to appropriation by either the Commonwealth or the City.

16. The Indenture creates a valid lien on, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture) for the security of the 2020 Bonds.

Although we have not undertaken to determine independently the accuracy, completeness or fairness of the information contained in the Official Statement and express no opinion with respect thereto, nothing has come to our attention during the course of the performance of our duties as counsel to the Authority in this transaction that would lead us to believe that the information contained in the Official Statement (except for the information contained in any of the Appendices to the Official Statement, any other information concerning the City, any information concerning any bond insurance company or any of the Underwriters, any information under the headings "TAX MATTERS", "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS" and "UNDERWRITING", and any financial, statistical or demographic information, data or projections contained or required to be contained in any portion of the Official Statement, as to which we express no opinion or belief) contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

We express no opinion concerning the exempt status of interest on the 2020 Bonds under any Federal or state tax laws or regulations or concerning any other Federal or state tax law consequences of owning or disposing of the 2020 Bonds. We express no opinion concerning the status of the Indenture, the 2020 Bonds or the offering or sale of the 2020 Bonds under any registration or qualification requirements of the Federal or state securities laws or regulations. We express no opinion concerning the status of the 2020 Bonds as legal investments for any person or entity under any Federal or state laws or regulations. We express no opinion with respect to any liquidated damages provisions. In addition, our opinions expressed herein are subject to, and limited by, (a) applicable bankruptcy, insolvency, reorganization, moratorium, arrangement, liquidation or other similar laws affecting the rights and remedies of creditors and secured parties generally, (b) general principles of equity, public policy considerations, judicial discretion and general requirements of good faith, fair dealing and reasonableness (regardless of whether considered in a proceeding at law or in equity) and (c) in the particular case of indemnities or rights of contribution, the application of Federal or state securities or other laws, regulations or judicial decisions or public policy considerations which may limit the validity or enforceability thereof. We call to your attention that, as provided in the Act, the Authority enjoys sovereign and official immunity and shall remain immune from suit except as provided therein.

This opinion letter is limited to the present law of the Commonwealth and the present Federal law of the United States of America. This opinion letter is limited to the matters expressly stated herein; no opinion may be inferred or is implied beyond the matters expressly stated herein to be our opinion; and our opinions and other statements herein must be read in conjunction with the assumptions, limitations, exceptions and qualifications set forth in this letter.

The opinions and other statements herein are expressed as of the date hereof only, and not as of some future date. We undertake no responsibility to advise you of any change in law or any new laws, regulations, judicial decisions or other developments which may be promulgated or which may otherwise occur in the future. The phrase "to our knowledge" as used in this opinion letter means the conscious awareness, without independent investigation, of those attorneys in our firm who have devoted substantive attention to matters involving our representation of the Authority in this transaction.

This opinion letter is being rendered solely for your benefit in connection with the issuance of the 2020 Bonds by the Authority. You may not rely on this opinion letter for any other purpose and no other person or entity may rely on this opinion letter for any purpose. This opinion letter may not be referred to or quoted in whole or in part in any document, report or financial statement of, or filed with or delivered to, any person or entity, without the express written consent of the undersigned, but this opinion letter may be included as part of the transcript of closing documents relating to the 2020 Bonds.

Very truly yours,

Re: \$24,990,000 Pennsylvania Intergovernmental Cooperation Authority (the  
"Authority") Special Tax Revenue Refunding Bonds (City of Philadelphia  
Funding Program), Series of 2020 (Forward Delivery)

To the Above-Named Addressees:

The Law Department (the "Department") of The City of Philadelphia, Pennsylvania (the "City") has acted on behalf of the City in matters relating to the proposed issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its \$24,990,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "Bonds"). This opinion is being delivered to you pursuant to Section L.(6)(i) of the Forward Delivery Bond Purchase Agreement dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, as representative to the Underwriters named therein (the "Forward Delivery Purchase Agreement"). Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Forward Delivery Purchase Agreement.

In rendering the opinions expressed below, the Department has examined such proceedings, documents, statutes, and ordinances as the Department deemed necessary as the basis for the opinions hereinafter expressed, including:

- (1) certified copies of the Ordinances;
- (2) a fully executed copy of the Letter of Representations;
- (3) a fully executed copy of the Cooperation Agreement;
- (4) a fully executed copy of the Tax Collection Agreement;
- (5) a fully executed copy of the Certificate of the City attached to the Tax Compliance Certificate;
- (6) the Official Statement; and
- (7) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act No. 1991-6, approved by the General Assembly of the Commonwealth of Pennsylvania on June 5, 1991, as amended (the "PICA Act").

As to certain factual matters material to the opinions hereinafter expressed, the Department has relied upon the representations and warranties contained in the Letter of Representations (except for those contained in paragraph 15 of such Letter) and in the Certificate of the Director of Finance of even date herewith and on information and advice from officials and representatives of the City, including the Certificate of the Chief Clerk of City Council, as a basis for the opinions hereinafter expressed. The Department has not undertaken to verify such factual matters set forth therein by independent investigation or inquiry, except as set forth in paragraph 9 herein.

In our examination of the documents referred to above, the Department has assumed the legal capacity (other than as to City officials) and competence of natural persons, the authenticity of all documents submitted to the Department as originals, the genuineness of all signatures (other than those of the officials of the City), the due authority of the parties (other than the City) executing such documents, and the conformity to the originals of all such documents submitted to us as copies. The Department has also assumed (i) that each of the parties, other than the City, to each of the documents, has duly executed and delivered the same, with all necessary power and authority (corporate and otherwise, including, without limitation, due authorization by all necessary corporate and other action on the part of such party), (ii) that each such party, other than the City, has complied in all material respects with all laws, regulations, court orders, and material agreements applicable to it that affect the transactions contemplated by such documents, and (iii) that such documents are valid as to, binding upon, and enforceable against all parties thereto other than the City.

Based on and subject to the foregoing, and subject to the assumptions, exceptions, limitations, and qualifications set forth herein and only with regard to the laws of the Commonwealth of Pennsylvania as enacted and construed as of the date hereof, it is the opinion of the Department that:

1. The Ordinances have been duly and validly adopted by City Council and approved by the Mayor pursuant to authority granted in the PICA Act and in accordance with the Philadelphia Home Rule Charter.

2. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Ordinances, including, without limitation, publication, notice, convening and conduct of the public meetings at which public hearings were held and action taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth of Pennsylvania, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended).

3. The Ordinances have not been modified, amended, repealed or rescinded since the respective dates of enactment and adoption thereof, and are valid and in full force and effect as of the date hereof.

4. The City has the power and authority under the PICA Act and the Philadelphia Home Rule Charter to execute and deliver the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement, and the Certificate of the City attached to the Tax Compliance Certificate. The Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate have been duly and validly executed and delivered by the City.

5. The covenants and agreements of the City in the Tax Ordinance, in Section 5.02(b) of the Cooperation Agreement, and in the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof.

6. Except as to the possible application of state or federal securities laws, as to which no opinion is expressed, there is no authorization, consent, approval, or other action required by any governmental authority or agency in connection with the execution by the City of the Cooperation Agreement, the Letter of Representations, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement which has not been obtained.

7. Except as disclosed in the Official Statement, and except for litigation which in the opinion of the Department is without merit, there is, to the knowledge of the Department after inquiry within the Department, no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or overtly threatened in writing against the City, (i) to restrain or enjoin the City's execution or delivery, or performance under the Cooperation Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement, or in any way contesting the validity or enforceability of the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Ordinances, or (ii) contesting in any way the accuracy or completeness of the Official Statement as it relates to the City, or (iii) contesting in any way the validity or enforceability of the City's obligations under the Ordinances, the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Letter of Representations.

8. The enactment of the Ordinances and the execution and delivery of the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate and the fulfillment of and compliance with the pledge and agreement set forth in the Tax Ordinance and Section 5.02(b) of the Cooperation Agreement do not and will not constitute on the part of the City a breach of or default under any existing law, regulation, administrative order or decree to which the City is subject or, to the knowledge of the Department, in any material respect, any indenture, deed of trust or guaranty or other instrument to which the City is a party or by which it is bound.

9. To the knowledge of the Department, the description contained in Appendix B to the Official Statement under the heading "Litigation" does not contain any untrue statement of a material fact or omit to state a material fact with respect thereto necessary to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

10. The Bonds are authorized to be issued by the Authority by virtue of and pursuant to the PICA Act.

11. Pursuant to authority granted by the PICA Act, the City has, by the City Council's adoption of the Tax Ordinance, enacted the Authority Tax.

12. In the PICA Act, the Commonwealth has pledged to and agreed with each and every obligee of the Authority acquiring bonds of the Authority secured by the Authority Tax that the Commonwealth itself will not, nor will it authorize any government agency levying the Authority Tax to, reduce the rate of such tax until all bonds of the Authority so secured by the pledge of the Authority, together with the interest thereon, are fully paid or provided for. The PICA Act further provides that the terms of the PICA Act as in effect at the time of authorization of the Bonds constitute an agreement between the Authority and the obligees of the Authority, subject to modification and limitation as provided in the PICA Act. In addition, the PICA Act expressly requires the City to include a pledge similar to that of the Commonwealth described in the first sentence of this paragraph in the Tax Ordinance and prohibits the City from repealing the Tax Ordinance or reducing the rate of the Authority Tax while any bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. Pursuant to the pledge made by the Commonwealth and in furtherance of the agreements of the Commonwealth and the mandates contained in the PICA Act, the City has, in the Tax Ordinance and the Cooperation Agreement, pledged to and agreed with each and every obligee of the Authority secured by the Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority secured by the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of the Authority.

13. The City has the power and authority under the Act to levy the Authority Tax exclusively for the purposes of the Authority and the Authority Tax has been duly and validly levied by the City pursuant to the Act and the Tax Ordinance exclusively for the purposes of the Authority.

14. As provided in the Act, the proceeds of the Authority Tax are at all times the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City.

15. The covenants and agreements of the City contained in the Tax Ordinance and in Section 5.02(b) of the Cooperation Agreement are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof, except as enforceability may be affected by bankruptcy, reorganization, insolvency and other laws or legal or equitable principles affecting creditors' rights and remedies and by the exercise of judicial discretion under general principles of equity.

This opinion is subject to the following exceptions, limitations, and qualifications:

(1) This opinion is subject to the effect of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, fraudulent transfer, marshaling, or similar laws affecting creditors' rights and remedies generally, general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether such enforceability is considered in a proceeding in equity or at law); and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy.

(2) The Department expresses no opinion as to the application or requirements of state securities, antitrust and unfair competition, environmental, health and safety, or tax laws other than those governing the City Wage Tax and the Authority Tax in respect of the transactions contemplated by or referred to in the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate.

(3) The Department expresses no opinion as to the validity or enforceability of any provision of the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate which, directly or indirectly: (i) purports to require that waivers must be in writing to the extent that an oral agreement or implied agreement by trade practice or course of conduct modifying provisions thereof has been made; (ii) purports to be a waiver of the right to a jury trial, waiver of any right to object to jurisdiction or venue, a waiver of any right to claim damages, or to service of process, or a waiver of other rights or benefits bestowed by operation of law, or waiver of which is limited by applicable law; (iii) purports to be a waiver of the obligations of good faith, fair dealing, diligence, mitigation of damages, or commercial reasonableness; (iv) purports to exculpate any party from its own negligent acts, or limit any party from certain liabilities; or (v) purports to require payment of consequential damages insofar as a court could conclude that such consequential damages are punitive in nature.

The Department calls your attention to the facts that the imposition of the Authority Tax by the City pursuant to the Act does not constitute the exercise of the general taxing power of the City for City purposes conferred by other acts of the General Assembly of the Commonwealth and that the sole agreement by the City with respect to the Authority Tax is its pledge and agreement

not to reduce the rate of the Authority Tax or to repeal the Authority Tax so long as bonds of the Authority secured by the Authority's pledge of the Authority Tax remain outstanding, all in accordance with the pledge of the Commonwealth and the mandates contained in the Act. Accordingly, as provided in the Act, the Bonds do not and shall not at any time constitute a debt or liability of the City and the obligees of the Authority have no right or claim against any property or revenues of the City nor shall they have any recourse to the City for payment of the Bonds.

This opinion is given to you as of the date hereof and the Department expresses no opinion as to any matter not expressly set forth herein. No implied opinion may be inferred to extend this opinion beyond the matters expressly stated herein. The Department undertakes no obligation to update or supplement this letter under any circumstance including if, after the date hereof, facts or events come to our attention or changes in law occur which could affect the opinions expressed herein. The Department expresses no opinion herein as to any matter not set forth in the numbered sections above, including, without limitation, with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of the preliminary or definitive official statements prepared in respect of the Bonds, including the appendices thereto, and make no representation that the Department has independently verified the contents thereof. This opinion is furnished solely for your benefit under the Forward Delivery Purchase Agreement and may not be relied upon by any person or for any other purpose.

The Department has rendered this opinion to you solely in connection with the consummation of the transactions contemplated by the Forward Delivery Purchase Agreement and this opinion may not be used or relied upon by you or any other person for any other purpose. This opinion may not be distributed or disclosed and may not be relied upon by any person, firm, or entity other than those to whom it is addressed without the prior written consent, in each instance, of the undersigned.

Sincerely,

To the Above-Named Addressees:

The Law Department (the "Department") of The City of Philadelphia, Pennsylvania (the "City") has acted on behalf of the City in matters relating to the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its \$24,990,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "Bonds"). This opinion is being delivered to you pursuant to Section L.(7)(h) of the Forward Delivery Bond Purchase Agreement dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, as representative to the Underwriters named therein (the "Forward Delivery Purchase Agreement"). Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Forward Delivery Purchase Agreement.

In rendering the opinions expressed below, the Department has examined such proceedings, documents, statutes, and ordinances as the Department deemed necessary as the basis for the opinions hereinafter expressed, including:

- (1) certified copies of the Ordinances;

- (2) a fully executed copy of the Letter of Representations;
- (3) a fully executed copy of the Cooperation Agreement;
- (4) a fully executed copy of the Tax Collection Agreement;
- (5) a fully executed copy of the Certificate of the City attached to the Tax Compliance Certificate;
- (6) the Official Statement and the Closing Supplement to the Official Statement; and
- (7) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act No. 1991-6, approved by the General Assembly of the Commonwealth of Pennsylvania on June 5, 1991, as amended (the "PICA Act").

As to certain factual matters material to the opinions hereinafter expressed, the Department has relied upon the representations and warranties contained in the Letter of Representations (except for those contained in paragraph 15 of such Letter) and in the Certificate of the Director of Finance of even date herewith and on information and advice from officials and representatives of the City, including the Certificate of the Chief Clerk of City Council, as a basis for the opinions hereinafter expressed. The Department has not undertaken to verify such factual matters set forth therein by independent investigation or inquiry, except as set forth in paragraph 9 herein.

In our examination of the documents referred to above, the Department has assumed the legal capacity (other than as to City officials) and competence of natural persons, the authenticity of all documents submitted to the Department as originals, the genuineness of all signatures (other than those of the officials of the City), the due authority of the parties (other than the City) executing such documents, and the conformity to the originals of all such documents submitted to us as copies. The Department has also assumed (i) that each of the parties, other than the City, to each of the documents, has duly executed and delivered the same, with all necessary power and authority (corporate and otherwise, including, without limitation, due authorization by all necessary corporate and other action on the part of such party), (ii) that each such party, other than the City, has complied in all material respects with all laws, regulations, court orders, and material agreements applicable to it that affect the transactions contemplated by such documents, and (iii) that such documents are valid as to, binding upon, and enforceable against all parties thereto other than the City.

Based on and subject to the foregoing, and subject to the assumptions, exceptions, limitations, and qualifications set forth herein and only with regard to the laws of the Commonwealth of Pennsylvania as enacted and construed as of the date hereof, it is the opinion of the Department that:

1. The Ordinances have been duly and validly adopted by City Council and approved by the Mayor pursuant to authority granted in the PICA Act and in accordance with the Philadelphia Home Rule Charter.

2. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Ordinances, including, without limitation, publication, notice, convening and conduct of the public meetings at which public hearings were held and action taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth of Pennsylvania, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended).

3. The Ordinances have not been modified, amended, repealed or rescinded since the respective dates of enactment and adoption thereof, and are valid and in full force and effect as of the date hereof.

4. The City has the power and authority under the PICA Act and the Philadelphia Home Rule Charter to execute and deliver the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement, and the Certificate of the City attached to the Tax Compliance Certificate. The Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate have been duly and validly executed and delivered by the City.

5. The covenants and agreements of the City in the Tax Ordinance, in Section 5.02(b) of the Cooperation Agreement, and in the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof.

6. Except as to the possible application of state or federal securities laws, as to which no opinion is expressed, there is no authorization, consent, approval, or other action required by any governmental authority or agency in connection with the execution by the City of the Cooperation Agreement, the Letter of Representations, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement which has not been obtained.

7. Except as disclosed in the Official Statement and the Closing Supplement to the Official Statement, and except for litigation which in the opinion of the Department is without merit, there is, to the knowledge of the Department after inquiry within the Department, no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or overtly threatened in writing against the City, (i) to restrain or enjoin the City's execution or delivery, or performance under the Cooperation Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement, or in any way contesting the validity or enforceability of the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Ordinances, or (ii) contesting in any way the accuracy or completeness of the Official Statement or the Closing Supplement to the Official Statement as it relates to the City, or (iii) contesting in any way the validity or enforceability of the City's obligations under the Ordinances, the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Letter of Representations.

8. The enactment of the Ordinances and the execution and delivery of the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate and the fulfillment of and compliance with the pledge and agreement set forth in the Tax Ordinance and Section 5.02(b) of the Cooperation Agreement do not and will not constitute on the part of the City a breach of or default under any existing law, regulation, administrative order or decree to which the City is subject or, to the knowledge of the Department, in any material respect, any indenture, deed of trust or guaranty or other instrument to which the City is a party or by which it is bound.

9. To the knowledge of the Department, the description contained in Appendix B to the Official Statement and the Closing Supplement to the Official Statement under the heading "Litigation" does not contain any untrue statement of a material fact or omit to state a material fact with respect thereto necessary to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

10. The Bonds are authorized to be issued by the Authority by virtue of and pursuant to the PICA Act.

11. Pursuant to authority granted by the PICA Act, the City has, by the City Council's adoption of the Tax Ordinance, enacted the Authority Tax.

12. In the PICA Act, the Commonwealth has pledged to and agreed with each and every obligee of the Authority acquiring bonds of the Authority secured by the Authority Tax that the Commonwealth itself will not, nor will it authorize any government agency levying the Authority Tax to, reduce the rate of such tax until all bonds of the Authority so secured by the pledge of the Authority, together with the interest thereon, are fully paid or provided for. The PICA Act further provides that the terms of the PICA Act as in effect at the time of authorization of the Bonds constitute an agreement between the Authority and the obligees of the Authority, subject to modification and limitation as provided in the PICA Act. In addition, the PICA Act expressly requires the City to include a pledge similar to that of the Commonwealth described in the first sentence of this paragraph in the Tax Ordinance and prohibits the City from repealing the Tax Ordinance or reducing the rate of the Authority Tax while any bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. Pursuant to the pledge made by the Commonwealth and in furtherance of the agreements of the Commonwealth and the mandates contained in the PICA Act, the City has, in the Tax Ordinance and the Cooperation Agreement, pledged to and agreed with each and every obligee of the Authority secured by the Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority secured by the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of the Authority.

13. The City has the power and authority under the Act to levy the Authority Tax exclusively for the purposes of the Authority and the Authority Tax has been duly and validly levied by the City pursuant to the Act and the Tax Ordinance exclusively for the purposes of the Authority.

14. As provided in the Act, the proceeds of the Authority Tax are at all times the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City.

15. The covenants and agreements of the City contained in the Tax Ordinance and in Section 5.02(b) of the Cooperation Agreement are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof, except as enforceability may be affected by bankruptcy, reorganization, insolvency and other laws or legal or equitable principles affecting creditors' rights and remedies and by the exercise of judicial discretion under general principles of equity.

This opinion is subject to the following exceptions, limitations, and qualifications:

(4) This opinion is subject to the effect of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, fraudulent transfer, marshaling, or similar laws affecting creditors' rights and remedies generally, general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether such enforceability is considered in a proceeding in equity or at law); and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy.

(5) The Department expresses no opinion as to the application or requirements of state securities, antitrust and unfair competition, environmental, health and safety, or tax laws other than those governing the City Wage Tax and the Authority Tax in respect of the transactions contemplated by or referred to in the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate.

(6) The Department expresses no opinion as to the validity or enforceability of any provision of the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate which, directly or indirectly: (i) purports to require that waivers must be in writing to the extent that an oral agreement or implied agreement by trade practice or course of conduct modifying provisions thereof has been made; (ii) purports to be a waiver of the right to a jury trial, waiver of any right to object to jurisdiction or venue, a waiver of any right to claim damages, or to service of process, or a waiver of other rights or benefits bestowed by operation of law, or waiver of which is limited by applicable law; (iii) purports to be a waiver of the obligations of good faith, fair dealing, diligence, mitigation of damages, or commercial reasonableness; (iv) purports to exculpate any party from its own negligent acts, or limit any party from certain liabilities; or (v) purports to require payment of consequential damages insofar as a court could conclude that such consequential damages are punitive in nature.

The Department calls your attention to the facts that the imposition of the Authority Tax by the City pursuant to the Act does not constitute the exercise of the general taxing power of the City for City purposes conferred by other acts of the General Assembly of the Commonwealth and that the sole agreement by the City with respect to the Authority Tax is its pledge and agreement

not to reduce the rate of the Authority Tax or to repeal the Authority Tax so long as bonds of the Authority secured by the Authority's pledge of the Authority Tax remain outstanding, all in accordance with the pledge of the Commonwealth and the mandates contained in the Act. Accordingly, as provided in the Act, the Bonds do not and shall not at any time constitute a debt or liability of the City and the obligees of the Authority have no right or claim against any property or revenues of the City nor shall they have any recourse to the City for payment of the Bonds.

This opinion is given to you as of the date hereof and the Department expresses no opinion as to any matter not expressly set forth herein. No implied opinion may be inferred to extend this opinion beyond the matters expressly stated herein. The Department undertakes no obligation to update or supplement this letter under any circumstance including if, after the date hereof, facts or events come to our attention or changes in law occur which could affect the opinions expressed herein. The Department expresses no opinion herein as to any matter not set forth in the numbered sections above, including, without limitation, with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of the preliminary or definitive official statements prepared in respect of the Bonds, including the appendices thereto, and make no representation that the Department has independently verified the contents thereof. This opinion is furnished solely for your benefit under the Forward Delivery Purchase Agreement and may not be relied upon by any person or for any other purpose.

The Department has rendered this opinion to you solely in connection with the consummation of the transactions contemplated by the Forward Delivery Purchase Agreement and this opinion may not be used or relied upon by you or any other person for any other purpose. This opinion may not be distributed or disclosed and may not be relied upon by any person, firm, or entity other than those to whom it is addressed without the prior written consent, in each instance, of the undersigned.

Sincerely,

Marcel S. Pratt,

SPECIAL TAX REVENUE REFUNDING BONDS  
(CITY OF PHILADELPHIA FUNDING PROGRAM),  
SERIES OF 2019**

**October 29, 2019**

Pennsylvania Intergovernmental  
Cooperation Authority (the "Authority")  
1500 Walnut Street, Suite 1600  
Philadelphia, Pennsylvania 19102

**To the Authority:**

The undersigned RBC Capital Markets, LLC (the "Representative"), on behalf of itself and the underwriters named in the list attached hereto as Appendix I (collectively with the Representative, the "Underwriters"), hereby offers to enter into this Bond Purchase Agreement (the "Purchase Agreement") with the Authority for the purchase by the Underwriters and the sale by the Authority of the above captioned bonds (the "2019 Bonds") more particularly described below. This offer is made subject to acceptance hereof by the Authority by 5:00 P.M. prevailing time in Philadelphia, Pennsylvania, on the date hereof and, upon such acceptance, evidenced by the signature of a duly authorized officer of the Authority in the space provided below and upon approval by The City of Philadelphia, Pennsylvania (the "City") as evidenced by the signature of the Director of Finance on the Letter of Representations (hereafter defined), this Purchase Agreement shall be in full force and effect in accordance with its terms and shall be binding upon the Authority and the Underwriters. Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Official Statement (as hereafter defined) and in the Amended and Restated Indenture of Trust dated as of December 1, 1994 (the "Original Indenture") between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by seven supplemental indentures and the Eighth Supplement to the Amended and Restated Indenture of Trust to be dated as of December 1, 2019 (the "Eighth Supplemental Indenture", and the Original Indenture, as amended by such seven supplemental indentures are collectively referred to herein as the "Indenture"), pursuant to which the 2019 Bonds are being issued.

**A. Purchase and Sale; Purchase Price; Liquidated Damages; Delivery of and Payment for the 2019 Bonds.**

- I. Upon the terms and conditions and upon the basis of (i) the representations and warranties of the Authority set forth herein, and (ii) the representations and warranties of the City set forth in the Letter of Representations dated of even date herewith, in the form of Exhibit A hereto ("Letter of Representations"), which are incorporated by reference into this Purchase Agreement, the Underwriters hereby agree to purchase from the Authority, and the Authority hereby agrees to sell to the Underwriters all (but not less than all) of the 2019 Bonds, at a purchase price of \$33,898,011.57 (the "Purchase Price"), which reflects the aggregate principal

amount of the 2019 Bonds (\$31,085,000.00), plus original issue premium of \$2,933,977.30, less an underwriters' discount of \$120,965.73. The 2019 Bonds shall be dated their date of issuance, shall mature on the dates set forth on Appendix II hereto and shall bear interest from their date of issuance at the rates and payable at the times and in the manner set forth in Appendix II hereto and shall otherwise have the terms and provisions set forth in the Official Statement (as hereinafter defined) for the 2019 Bonds.

2. The Representative shall send by check to the order of the Authority, on the date hereof the sum of \$435,700.00 in immediately available funds, as security for the performance by the Representative of its obligation to accept and pay for all of the 2019 Bonds at the Closing (hereinafter defined) in accordance with this Purchase Agreement (the "Good Faith Deposit"). The Good Faith Deposit will be held uninvested and uncashed by the Authority and will be returned to the Representative at the Closing assuming it has satisfied all conditions and requirements set forth herein, including providing payment for the 2019 Bonds. In the event the Authority does not accept this offer, such Good Faith Deposit shall be immediately returned to the Representative. In the event that the Representative fails (other than for a reason permitted herein) to accept and pay for the 2019 Bonds at the Closing as herein provided, the check for the Good Faith Deposit may be cashed and the amount of such Good Faith Deposit shall be retained by the Authority as and for liquidated damages for such failure and for any defaults hereunder on the part of the Representative, and such retention shall constitute a full release and discharge of all claims by the Authority against the Representative and the Underwriters arising out of the transactions contemplated hereby. The Representative and the Authority understand that in such event the actual damages of the Authority may be greater or may be less than such sum. Accordingly, the Representative and the Underwriters hereby waive any right to claim that the actual damages of the Authority are less than such sum, and the retention of the Good Faith Deposit by the Authority shall constitute a waiver of any right the Authority may have to additional damages from the Representative and the Underwriters. In the event of the Authority's failure to deliver the 2019 Bonds at Closing, or if the Authority shall be unable to satisfy the conditions to the obligations of the Representative contained herein (unless such conditions are waived by the Representative) or if the obligations of the Representative shall be terminated for any reason permitted herein, the Authority shall immediately return check for the Good Faith Deposit to the Representative, and, except as otherwise set forth in Section M, the delivery of the Good Faith Deposit as described above shall constitute a full release and discharge of all claims by the Representative and the Underwriters against the Authority arising out of the transactions contemplated hereby.
3. At or about 11:00 a.m., prevailing time in Philadelphia, Pennsylvania on the date of delivery of and payment for the 2019 Bonds, currently scheduled to be December 3, 2019 (the "Closing Date"), or at such other time or date as shall have been mutually agreed upon by the Authority and the Representative, the Authority will deliver to the Representative, at the offices of Saul Ewing Arnstein & Lehr LLP,

1500 Market Street, 38th Floor; Philadelphia, Pennsylvania 19102, or at such other place as the parties hereto shall both agree, at such time and on such date, the documents specified in Section L.3 below. Such payment and the related delivery is herein called the "Closing."

4. The Authority and the Representative agree that there shall be a pre-closing held at the offices of Saul Ewing Arnstein & Lehr LLP, 1500 Market Street, 38th Floor; Philadelphia, Pennsylvania 19102, commencing at least 24 hours prior to the Closing Date, or at such other time or place as the Authority and the Representative shall agree.
5. On the Closing Date, the Authority will cause the Trustee to deliver the 2019 Bonds to The Depository Trust Company ("DTC") in definitive form or to hold them pursuant to DTC's FAST System (all the 2019 Bonds to be issued in fully-registered form, in authorized denominations, bearing proper CUSIP numbers, and registered in the name of Cede & Co., as nominee of DTC, which will act as securities depository for the 2019 Bonds), duly executed and authenticated by the Trustee, together with the other documents hereinafter mentioned; and, subject to the conditions contained herein, the Representative will accept such delivery and pay the Purchase Price by wire transfer, payable to the order of the Trustee.
6. The 2019 Bonds shall be issued in a form to satisfy the requirements of DTC's book entry system. The 2019 Bonds shall be made available to the Underwriters for purposes of inspection and packaging, at any time not more than two (2) business days nor less than one (1) business day prior to the Closing, at any place in Philadelphia, Pennsylvania, agreed upon by the Representative and the Authority.
7. Delivery of the definitive 2019 Bonds as aforesaid shall be made at the offices of DTC in New York, New York, or through DTC's FAST System as aforesaid, or at such other location as may be designated by the Underwriters at least two business days prior to the Closing Date. Payment for the 2019 Bonds shall be made as set forth in Section A hereof in immediately available funds and delivery of the other documents shall be made at the offices of Saul Ewing Arnstein & Lehr LLP, 1500 Market Street, 38<sup>th</sup> Floor; Philadelphia, Pennsylvania 19102.
8. After execution by the Authority and authentication by the Trustee, the 2019 Bonds shall be held in safe custody by Cede & Co., as registered holder and nominee for DTC, or by the Trustee, as DTC's custodian. The Trustee shall release or authorize the release of the 2019 Bonds from safe custody at the Closing upon receipt of payment for the 2019 Bonds as aforesaid pursuant to DTC's FAST System.

**B. The 2019 Bonds.**

1. The 2019 Bonds shall be as described herein, and will be issued and secured under and pursuant to the Indenture. The Authority adopted a resolution on September 17, 2019 (the "Resolution") authorizing the issuance, sale and delivery of the 2019 Bonds.

2. The Authority has previously issued eleven (11) series of Bonds. Two (2) series of Bonds remain outstanding: (i) the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2009 issued in the original aggregate principal amount of \$354,925,000 (the "2009 Bonds"); and (ii) the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 issued in the original aggregate principal amount of \$206,960,000 (the "2010 Bonds"). On or about March 17, 2019, the Authority expects to issue its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds") and to currently refund and defease all of the 2010 Bonds maturing after June 15, 2020 with the proceeds of the 2020 Bonds.
3. Prior to the execution and delivery of the Eighth Supplemental Indenture, there shall have been enacted or executed, as applicable, and be in full force and effect, without modification: (a) an Ordinance (Bill No. 1437, effective July 1, 1991), adopted by the City Council of the City ("City Council") and approved by the Mayor on June 12, 1991 (the "Tax Ordinance"), levying for the exclusive purposes of the Authority, pursuant to Section 601 of the Act, a 1.5% tax on salaries, wages, commissions and other compensation earned by residents of the City and on net profits of businesses, professions and other activities conducted by residents of the City (the "Authority Tax"); (b) an Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Cooperation Agreement"), between the City and the Authority, pursuant to the Act and an Ordinance adopted by the City Council and approved by the Mayor of the City (the "Mayor") on January 3, 1992 (the "Cooperation Ordinance"); (c) a Pennsylvania Intergovernmental Cooperation Authority Income Tax Collection Agency Agreement, dated as of June 1, 1992 (the "Tax Collection Agreement"), between the City and the Commonwealth of Pennsylvania (the "Commonwealth"), including a letter, dated June 28, 1991 (the "Agency Letter"), from the Department of Revenue of the Commonwealth, appointing the Revenue Department of the City and the Law Department of the City agents for the collection and enforcement of the Authority Tax; (d) a City Account Deposit and Disbursement Agreement, dated as of December 6, 1991 (the "City Account Deposit Agreement"), by and between the Authority and Wachovia Bank, National Association, successor to CoreStates Bank, N.A., and acknowledged and agreed to by the City; and (e) a letter (the "Disbursement Letter") from the Authority to the Treasurer of the Commonwealth, issued pursuant to the Act, directing the Treasurer of the Commonwealth to make weekly disbursements to the Trustee of proceeds of the tax imposed pursuant to the Tax Ordinance for deposit in the Revenue Fund established under the Indenture, so long as any bonds issued under the Indenture, including the 2019 Bonds, are outstanding. The Resolution, the Indenture, the Disclosure Agreement (as defined herein), the Cooperation Agreement, the Tax Collection Agreement, the Tax Compliance Certificate (as defined herein), the City Tax Certifications (as defined herein), the City Account Deposit Agreement, the Agency Letter, and the Disbursement Letter are sometimes herein collectively called the "Bond Documents." The Cooperation Ordinance and the Tax Ordinance are sometimes herein collectively called the "Ordinances."

4. A five-year financial plan of the City, covering Fiscal Years 2020 through 2024 was approved by a Qualified Majority of the Board of the Authority on July 16, 2019 and, including all amendments, supplements or revisions thereto required to be prepared in accordance with the requirements of the Act and the Cooperation Agreement, shall hereinafter be referred to as the "Plan."
5. The Bond Documents and the Ordinances shall be substantially in the forms heretofore submitted to the Representative, with only such changes therein as shall be mutually agreed upon between the Authority and the Representative and as shall be required by the Act, the Resolution and the Ordinances.

**C. Official Statement.**

1. The Authority hereby consents to and confirms the prior use by the Underwriters of the Preliminary Official Statement (in printed or electronic form) dated October 21, 2019 (the "Preliminary Official Statement"), in connection with the public offering of the 2019 Bonds by the Underwriters, and further confirms the authority of the Underwriters to use, and consents to the use of, a final Official Statement (in printed or electronic form) with respect to the 2019 Bonds, to be dated the date hereof, and any amendments or supplements thereto that shall be approved by the Authority and the City (as so amended and supplemented, the "Official Statement") in connection with the public offering and sale of the 2019 Bonds. The Authority, in part based on the Letter of Representations, hereby represents and warrants that the Preliminary Official Statement previously furnished to the Underwriters was "deemed final" by the Authority as of its date for purposes of Rule 15c2-12 ("Rule 15c2-12") promulgated by the Securities and Exchange Commission of the United States (the "SEC") under the Securities Exchange Act of 1934, as amended (the "Exchange Act") except for the omission of such information as is specified in Rule 15c2-12(b)(1).
2. The Authority shall provide, or cause to be provided, to the Underwriters within seven (7) business days after the date of this Purchase Agreement or one business day prior to the Closing, whichever comes first, ten (10) executed counterparts of the Official Statement, and conformed copies of the Official Statement in "designated electronic format" (as defined in MSRB Rule G-32) and in a sufficient quantity and form to permit the Underwriters to comply with Rule 15c2-12, and other applicable rules of the SEC and the Municipal Securities Rulemaking Board (the "MSRB").
3. The Authority hereby authorizes the Underwriters to file, and the Underwriters hereby agree to file, the Official Statement with the Electronic Municipal Market Access system maintained by the MSRB ("EMMA").
4. The Authority shall also deliver or cause to be delivered to the Underwriters printed copies of the Official Statement after the delivery of the 2019 Bonds upon the request of the Underwriters in quantities sufficient to permit the Underwriters to comply with paragraph (b)(4) of Rule 15c2-12; provided, however, that such

obligation on the part of Authority shall terminate on the earlier of (i) the date which is twenty-five (25) days after the End of the Underwriting Period (as defined in Section H below), and (ii) ninety (90) days after the Closing Date.

**D. Amendments to Official Statement.**

The Authority covenants to promptly notify the Representative if, during the Update Period (as hereinafter defined), any event shall occur, or any information shall come to the attention of the Authority that causes or is reasonably likely to cause the Official Statement (whether or not previously supplemented or amended) to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and if in the reasonable judgment of the Representative such event requires the preparation and distribution of a supplement or amendment to the Official Statement, to prepare and furnish to the Underwriters, at the Authority's expense, such number of copies of the supplement or amendment to the Official Statement, in form and substance mutually agreed upon by the Authority and the Representative, and approved by the City, as the Representative may reasonably request and if such notification shall be given subsequent to the Closing Date, such additional legal opinions, certificates, instruments, and other documents as the Representative may reasonably deem necessary to evidence the truth and accuracy of any such supplement or amendment to the Official Statement.

**E. Public Offering.**

The Underwriters agree to make a bona fide public offering of all of the 2019 Bonds at prices that do not exceed the initial public offering prices or yields not below the initial public offering yields set forth in the Official Statement, but the Underwriters reserve the right to change such initial prices as they shall deem necessary or desirable, in their sole discretion, in connection with the marketing of the 2019 Bonds (but in all cases subject to the requirements of Paragraph F hereof). The Underwriters may offer and sell the 2019 Bonds to certain dealers, unit investment trusts and money market funds, certain of which may be sponsored or managed by one or more of the Underwriters at prices lower than the initial public offering price or prices set forth on the inside cover page of the Official Statement (but in all cases subject to the requirements of Paragraph F hereof). The Underwriters also reserve the right: (i) to over-allot or effect transactions which stabilize or maintain the market price of the 2019 Bonds at levels above those which might otherwise prevail in the open market; and (ii) to discontinue such stabilizing, if commenced, at any time without prior notice.

**F. Issue Price.**

1. The Representative, on behalf of the Underwriters, agrees to assist the Authority and the City in establishing the issue price of the 2019 Bonds and the 2020 Bonds and shall execute and deliver to the Authority and the City on the Closing Date an "issue price" or similar certificate, acceptable to Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania ("Bond Counsel"), substantially in the form attached hereto as Exhibit B, together with the supporting pricing wires or equivalent

communications, with modifications to such certificate as may be deemed appropriate or necessary, in the reasonable judgment of the Representative, the Authority and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the 2019 Bonds and the 2020 Bonds.

2. Except as otherwise set forth in Exhibit B attached hereto, the Authority will treat the first price at which 10% of each maturity of the 2019 Bonds and the 2020 Bonds (the "10% test") is sold to the public as the issue price of that maturity. At or promptly after the execution of this Purchase Agreement, the Representative shall report to the Authority the price or prices at which the Underwriters have sold to the public each maturity of the 2019 Bonds and the 2020 Bonds. If, as of the date hereof, the 10% test has not been satisfied as to any maturity of the 2019 Bonds, the Representative agrees to promptly report to the Authority the prices at which the Underwriters sell the unsold 2019 Bonds of that maturity to the public. That reporting obligation shall continue until the earlier of the date on which the 10% test has been satisfied as to the 2019 Bonds of that maturity or the Closing Date. For purposes of this Paragraph F.2., if 2019 Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the 2019 Bonds.

Exhibit B and subparagraph (3) apply only if the Representative agrees to apply the hold-the-offering-price rule, as described below.

3. The Representative confirms that the Underwriters have offered the 2019 Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Exhibit B attached hereto, except as otherwise set forth therein. Exhibit B also sets forth, as of the date of this Purchase Agreement, the maturities, if any, of the 2019 Bonds for which the 10% test has not been satisfied and for which the Authority and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply, which will allow the Authority to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the 2019 Bonds, the Underwriters will neither offer nor sell unsold 2019 Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:
  - (a) the close of the 5<sup>th</sup> business day after the sale date; or
  - (b) the date on which the Underwriters have sold at least 10% of that maturity of the 2019 Bonds to the public at a price that is no higher than the initial offering price to the public.

4. The Representative confirms that:

(a) any AAU (as hereinafter defined), any selling group agreement and each third-party distribution agreement (to which the Representative is a party) relating to the initial sale of the 2019 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

- (i) to (1) report the prices at which it sells to the public the unsold 2019 Bonds of each maturity allocated to it, whether or not the Closing has occurred, until either all 2019 Bonds of that maturity allocated to it have been sold or it is notified by the Representative that the 10% test has been satisfied as to the 2019 Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representative, and (2) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representative and as set forth in the related pricing wires;
- (ii) to promptly notify the Representative of any sales of 2019 Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the 2019 Bonds to the public (each such term being used as defined below); and
- (iii) to acknowledge that, unless otherwise advised by an Underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by an Underwriter, dealer or broker-dealer is a sale to the public.

(b) any AAU or selling group agreement relating to the initial sale of the 2019 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the 2019 Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (i) report the prices at which it sells to the public the unsold 2019 Bonds of each maturity allocated to it, whether or not the Closing has occurred, until either all 2019 Bonds of that maturity allocated to it have been sold or it is notified by the Representative or such Underwriter or dealer that the 10% test has been satisfied as to the 2019 Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representative or such Underwriter or dealer, and (ii) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representative or the Underwriters or the dealer and as set forth in the related pricing wires.

5. The Authority acknowledges that, in making the representations set forth in this paragraph, the Representative will rely on (a) the agreement of each Underwriter to comply with the requirements for establishing issue price of the 2019 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2019 Bonds, as set forth in the AAU and the related pricing wires, (b) in the event a selling group has been created in connection with the initial sale of the 2019 Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the 2019 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2019 Bonds, as set forth in a selling group agreement and the related pricing wires, and (c) in the event that an Underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the 2019 Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the 2019 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2019 Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The Authority further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the 2019 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2019 Bonds, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the 2019 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the 2019 Bonds.
6. The Underwriters acknowledge that sales of any 2019 Bonds to any person that is a related party to an Underwriter shall not constitute sales to the public (each such term being used as defined below) for purposes of this paragraph. Further, for purposes of this Section F only:
- (a) "public" means any person other than an underwriter or a related party,
  - (b) "underwriter" means (A) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the 2019 Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the 2019 Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the 2019 Bonds to the public),
  - (c) a purchaser of any of the 2019 Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock,

if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(d) “sale date” means the date of execution of this Purchase Agreement by all parties.

7. The parties acknowledge that provisions substantially similar to those set forth in this Section F will appear in the Forward Delivery Bond Purchase Agreement, between the Authority and the Representative, dated the date hereof, being executed in connection with the Authority’s proposed issuance of the 2020 Bonds. The form of issue price certificate attached hereto as Exhibit B addresses the issue prices related to both the 2019 Bonds and the 2020 Bonds, which are being treated as a single issue for purposes of Section 141 and 148-150 of the Internal Revenue Code of 1986, as amended.

**G. Representation Regarding MSRB Rules G-37 and G-38.**

The Underwriters have heretofore designated the undersigned, RBC Capital Markets, LLC, as their Representative, and the undersigned represents and warrants that it has been duly authorized by the Underwriters in the Agreement Among Underwriters relating to the 2019 Bonds (the “AAU”) to execute this Purchase Agreement and to act hereunder on behalf of the other Underwriters solely for the purpose of carrying out the provisions of this Purchase Agreement; any authority, discretion or other power conferred upon the Underwriters under any of the provisions of this Purchase Agreement may be exercised by the Representative; and the payment for and acceptance of the 2019 Bonds and delivery and presentation of any receipt for the 2019 Bonds and any other instruments in connection with the closing of this transaction solely by the Representative on behalf of the Underwriters shall be valid and sufficient for all purposes and binding upon all of the Underwriters. Based solely on representations and warranties made by each Underwriter in the AAU, on which the Representative is entitled hereunder to rely, the Representative, on behalf of each Underwriter, hereby represents and warrants to the Authority that each Underwriter is registered under the Exchange Act as a broker or dealer, or is exempt from such registration pursuant to rules promulgated, or an order issued, by the SEC, and that each Underwriter is in compliance with the requirements of Rules G-37 and G-38 of the MSRB.

2. The Representative shall provide to the Authority upon request such information as may be reasonably required by the Authority in order to determine whether the "end of the underwriting period" for the 2019 Bonds has occurred under Rule 15c2-12 with respect to the unsold balance of 2019 Bonds that are held by any Underwriter for sale to the public within the meaning of Rule 15c2-12.
3. As soon as practicable following receipt thereof, the Representative shall deliver the Official Statement, and any supplement or amendment thereto, to EMMA pursuant to MSRB Rule G-32.

**I. Plan of Financing.**

1. The 2019 Bonds shall be as described in, and will be secured under the terms of the Indenture, substantially in the form delivered to the Representative, with only such changes therein as shall be mutually agreed upon between the Authority and the Representative and approved by the City prior to Closing.
2. The proceeds of the 2019 Bonds, together with certain other available monies, will be applied to: (i) refund all of the Authority's outstanding 2009 Bonds currently outstanding in the aggregate principal amount of \$81,920,000; and (ii) pay the costs of issuing the 2019 Bonds.

**J. Representations and Warranties of the Authority.**

2. The Authority has, and at the Closing Date will have, full legal right, power and authority pursuant to the Resolution (a) to enter into, execute and deliver this Purchase Agreement, the Official Statement and each of the Bond Documents to which it is a party, including the Eighth Supplemental Indenture; (b) to issue, sell, and deliver the 2019 Bonds as provided herein; (c) to prepare the Official Statement and to authorize the distribution of the Official Statement by the Underwriters, and (d) to carry out and to consummate the transactions contemplated by this Purchase Agreement, the 2019 Bonds, the Official Statement, any of the Bond Documents to which it is a party, and any and all other agreements relating thereto.

3. 8. The Authority has complied, and will at the Closing be in compliance, in all respects, with the Act.
9. By official action of the Authority prior to or concurrently with the acceptance hereof, the Authority has duly authorized and approved the distribution of the Preliminary Official Statement and the execution, delivery, and distribution of the Official Statement and has duly authorized and approved the issuance and sale of the 2019 Bonds upon the terms set forth herein, in the Bond Documents and in the Official Statement, and the execution and delivery of, and the performance by the Authority of the obligations on its part contained in, the 2019 Bonds, the Indenture, and this Purchase Agreement.
10. The Authority is not in breach of or in default under its By-Laws, the Act or any applicable law or administrative regulation of the Commonwealth or the United States or any applicable judgment or decree or any loan agreement, note, resolution, agreement or other instrument to which the Authority is a party or is otherwise subject, or by which it or its properties may be bound, and the issuance and sale of the 2019 Bonds upon the terms set forth herein and in the Indenture and the Official Statement, and the execution and delivery by the Authority of the Bond Documents and this Purchase Agreement, and its compliance with the provisions of each thereof and the Bond Documents, will not conflict with or constitute a breach of or default under its By-Laws, the Act or any law, administrative regulation, judgment, decree, indenture, loan agreement, note, resolution, agreement, or other instrument to which the Authority is a party or is otherwise subject.

The proceeds of the Authority Tax as of the date of this Purchase Agreement are, and at all times subsequent to the date hereof and as of and after the Closing will be, the revenues and property of the Authority, are not property or revenues of the City and are not subject to appropriation by either the Commonwealth or the City

The Bond Documents to which the Authority is a party and this Purchase Agreement, when executed and delivered, will be duly authorized and validly executed binding limited obligations of the Authority and enforceable in accordance with their terms except as enforceability or remedies provided therein may be affected by bankruptcy, reorganization, insolvency, moratorium, fraudulent conveyance or other similar laws or legal or equitable principles affecting the enforcement of creditors' rights generally, and except that rights of indemnity and contribution, and the availability of equitable remedies may be limited by sovereign immunity, public policy and equitable principles.

way the completeness or accuracy of the Preliminary Official Statement, or the Official Statement, or any amendment or supplement thereto, or contesting the power or authority of the Authority to issue the 2019 Bonds or to execute and deliver the Bonds Documents or this Purchase Agreement, or wherein an unfavorable decision, ruling, or finding would materially adversely affect the validity or enforceability of the 2019 Bonds, the Bond Documents or this Purchase Agreement.

16. The proceeds received from the sale of the 2019 Bonds shall be used in accordance with the Act and the Indenture and as set forth in the Preliminary Official Statement and the Official Statement.

Prior to the Closing Date, there will be no adverse change of a material nature in such financial position, results of operations or condition, financial or otherwise, of the Authority.
19. The Authority is not a party to any litigation or other proceeding pending or, to its knowledge, threatened which, if decided adversely to the Authority, would have a materially adverse effect on the financial condition of the Authority.

**K. Covenants of the Authority.**

1. The Authority shall not supplement or amend the Official Statement or cause the Official Statement to be supplemented or amended without the prior written consent of the Representative.
2. The Authority shall not amend, terminate, or rescind and will not agree to any amendment, termination or rescission of the Resolution, the Bond Documents or this Purchase Agreement prior to the Closing Date without the prior written consent of the Representative.
3. The Authority shall promptly advise the Representative by written notice of any matter arising or discovered after the date of this Purchase Agreement and prior to the Closing Date that if existing or known at the date hereof would render any of the representations or warranties set forth herein to be untrue or misleading or would cause the Official Statement to contain any untrue statement of material fact or omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading; or any developments that affect the accuracy and completeness of the information

regarding the Authority contained in the Official Statement that may occur during the Update Period.

4. Concurrent with the Authority's acceptance hereof, the Authority will deliver or cause to be delivered to the Representative the Letter of Representations in the form attached as Exhibit A, dated the date hereof and signed by the Director of Finance of the City.
5. The Authority will notify the Representative of any notice received by the Authority pursuant to paragraph 16 of the Letter of Representation from the Director of Finance of the City. If, in the opinion of the Representative, such notice requires a supplement or amendment to the Official Statement, the Authority will cause, at the City's expense, the Official Statement to be supplemented or amended in a form and in a manner jointly approved by the Authority, the City and the Representative and furnish the Underwriters with a reasonable number of copies of the Official Statement as so supplemented or amended.
6. Prior to the Closing Date, the Authority shall not create, assume or guarantee any indebtedness payable from, or pledge or otherwise encumber, the revenues, assets, properties, funds or interests that are or will be pledged pursuant to the Indenture, except for the 2019 Bonds and as permitted under the Indenture.
7. The Authority shall not voluntarily undertake any course of action inconsistent with satisfaction of the requirements applicable to the Authority as set forth in this Purchase Agreement.
8. The Authority shall cooperate with the Underwriters in the qualification of the 2019 Bonds for offering and sale and the determination of their eligibility for investment under the laws of such jurisdictions as the Underwriters may designate; provided that Authority will not be required to consent to service of process, register as a foreign corporation in any other jurisdiction, submit to the general jurisdiction of another state or waive any sovereign immunity.
9. The Authority shall not knowingly take or omit to take any action that, under existing law, may adversely affect the exemption from state and federal income taxation of interest on the 2019 Bonds.
10. The representations and warranties of the Authority set forth herein shall be true and correct on the Closing Date and shall survive the Closing.

**L. Certain Conditions to Underwriters' Obligations.**

The Underwriters have entered into this Purchase Agreement in reliance upon the representations, warranties, and agreements of the Authority contained herein and of the City contained in the Letter of Representations, and upon the accuracy of the statements to be contained in the documents and instruments to be delivered at the Closing. Accordingly, the Underwriters' obligations under this Purchase Agreement to purchase, accept delivery of, and pay for the 2019 Bonds are subject to the performance by the Authority of its

obligations hereunder required to be performed at or prior to the Closing Date, and to the following additional conditions precedent:

1. On the Closing Date, the representations and warranties of the Authority contained herein and of the City contained in the Letter of Representations, shall be true, complete, and correct as if made on and as of the Closing Date; the Official Statement shall have been executed and delivered by the Authority; the Bond Documents shall have been duly executed and delivered by the appropriate parties thereto, shall be in full force and effect, and shall not have been amended, modified, or supplemented, except as may have been agreed to in writing by the Representative; the proceeds of the sale of the 2019 Bonds shall have been paid to the Trustee for deposit for use as described in the Official Statement and in the Indenture; and the Authority shall have adopted and there shall be in full force and effect such resolutions as, in the opinions of Bond Counsel and Ahmad Zaffarese LLC, counsel for the Underwriters, shall be necessary in connection with the transactions contemplated hereby.
2. The Representative shall have the right to cancel the Underwriters obligation to purchase the 2019 Bonds if between the date hereof and the Closing:
  - (a) legislation shall have been enacted or introduced by the Congress of the United States or the legislature of the Commonwealth or shall have been reported out of a committee of either body or be pending in a committee of either body, or a decision shall have been rendered by a court of the United States or the Commonwealth or the Tax Court of the United States, or a ruling, resolution, regulation, or temporary regulation, release, or announcement shall have been made or shall have been proposed to be made by the Treasury Department of the United States or the Internal Revenue Service, or any other federal or any state authority, with respect to federal or state taxation upon interest received on obligations of the general character of the 2019 Bonds, or which would have the effect of changing directly or indirectly the federal or state income tax consequences of interest on bonds of the general character of the 2019 Bonds in the hands of the holders thereof, which legislation, ruling, regulation or official statement would, in the Representative's reasonable judgment, materially adversely affect the market for the 2019 Bonds, or the market price generally of obligations of the general character of the 2019 Bonds, or the ability of the Underwriters to enforce contracts for sale of the 2019 Bonds; or
  - (b) there shall exist any event or circumstance that in the Representative's sole and reasonable judgment makes the Preliminary Official Statement or the Official Statement contain any untrue statement of material fact or omit to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading, and in either such event, the Authority refuses to permit the Preliminary Official Statement or the Official Statement to be

supplemented or amended to correct or supply such statement or information; or the effect of the Official Statement as so supplemented is to, in the Representative's sole and reasonable judgment, materially adversely affect the market price or marketability of the 2019 Bonds or the ability of the Underwriters to enforce contracts for the sale of the 2019 Bonds; or

- (c) there shall have occurred (1) a new outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war; or (2) any other calamity or crisis or any change in the financial, political or economic conditions in the United States or elsewhere, if the effect of any such event specified in clause (1) or (2), in the reasonable judgment of the Representative, makes it impracticable or inadvisable to proceed with the offering or the delivery of the 2019 Bonds on the terms and in the manner contemplated in the Preliminary Official Statement or the Official Statement; or
- (d) there shall be in force a general suspension of trading on the New York Stock Exchange, or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on the New York Stock Exchange, whether by virtue of determination by that Exchange or by order of the SEC or any other governmental authority having jurisdiction that, in the Representative's reasonable judgment, makes it impracticable for the Underwriters to market the 2019 Bonds or enforce contracts for the sale of the 2019 Bonds; or
- (e) a general banking moratorium shall have been declared by federal or state authorities having jurisdiction and be in force or a major financial crisis or a material disruption in commercial banking or securities settlement or clearances services shall have occurred that, in the Representative's reasonable judgment makes it impracticable for the Underwriters to market the 2019 Bonds or enforce contracts for the sale of the 2019 Bonds; or
- (f) legislation shall be enacted or be proposed or actively considered for enactment, or a decision by a court of the United States shall be rendered, or a ruling, regulation, proposed regulation, or statement by or on behalf of the SEC or other governmental agency having jurisdiction of the subject matter shall be made, to the effect that the 2019 Bonds, or any comparable securities of the Authority, or any obligations of the general character of the 2019 Bonds are not exempt from the registration, qualification or other requirements of the Securities Act of 1933, as amended and as then in effect (the "Securities Act") or the Indenture is not exempt from qualification under the Trust Indenture Act of 1939, as amended and as then in effect, or otherwise, or would be in violation of any provision of the federal securities laws; or

- (g) there shall have been any material adverse change in the affairs of the Authority or the City that, in the Representative's reasonable judgment, will materially adversely affect the market for the 2019 Bonds or the ability of the Underwriters to enforce contracts for the sale of the 2019 Bonds; or
- (h) there shall be established any new restriction on transactions in securities, that in the Representative's reasonable judgment, materially affects the free market for securities (including the imposition of any limitation on interest rates) or the extension of credit by, or a change to the net capital requirements of, underwriters established by the New York Stock Exchange, the SEC, any other federal or Commonwealth agency or the Congress of the United States, or by Executive Order; or
- (i) a decision by a court of the United States shall have been rendered or a stop order, release, regulation, or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made to the effect that the issuance, offering, or sale of the 2019 Bonds, or any document relating to the issuance, offering or sale of the 2019 Bonds is or would be in violation of any provision of the federal securities laws at the Closing Date, including the Securities Act, the Exchange Act, and the Trust Indenture Act of 1939, as amended; or
- (j) there shall have occurred, after the signing hereof, either a financial crisis or a default with respect to the debt obligations of the Authority, or proceedings under the bankruptcy laws of the United States or of the Commonwealth shall have been instituted by the Authority, in either case the effect of which, in the reasonable judgment of the Representative, is such as to materially and adversely affect the market price or the marketability of the 2019 Bonds or the ability of the Underwriters to enforce contracts for the sale of the 2019 Bonds; or
- (k) the Representative determines, in its sole discretion, that any modification or lack of modification to the text of any legal opinion required to be delivered hereunder, would have a material adverse effect on the marketability of the 2019 Bonds; or
- (l) there shall have occurred or any notice shall have been given of any intended review, withdrawal, downgrading or negative change in the credit watch status of the underlying bond rating assigned to the Authority or the rating assigned to any of the Authority's debt obligations, which in the reasonable judgment of the Representative, materially and adversely affects the ability of the Underwriters to market the 2019 Bonds at the contemplated offering prices or to enforce contracts of the sale of the 2019 Bonds; or
- (m) the Authority fails to timely deliver the Official Statement.

Re: \$31,085,000 Pennsylvania Intergovernmental Cooperation Authority Special Tax  
Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of  
2019

Ladies and Gentlemen:

Pursuant to the Bond Purchase Agreement of even date herewith (the "Purchase Agreement") between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and RBC Capital Markets, LLC, on behalf of itself and as Representative (the "Representative") of the Underwriters specified therein (the "Underwriters"), the Authority has agreed, *inter alia*, to sell to the Underwriters the above captioned bonds (the "2019 Bonds"), and the Underwriters have agreed to purchase said 2019 Bonds upon the terms and conditions set forth in the Purchase Agreement. Unless otherwise defined herein, the terms defined in the Purchase Agreement are used herein with the same meanings. This Letter of Representations is delivered to you pursuant to the Purchase Agreement.

As of the date hereof, the undersigned, on behalf of the City, hereby represents and warrants to and agrees with each of you as follows:

1. The City of Philadelphia (the "City") approves of the terms and conditions upon which the 2019 Bonds are being sold to the Underwriters as set forth in the Purchase Agreement, without waiving any of the City's rights due to provisions of Section S. thereof;
2. The City has duly and validly acknowledged and approved the Official Statement;
3. The City has duly and validly authorized and approved the execution and delivery of the Cooperation Agreement, the Tax Collection Agreement and the City Tax Certifications, and the performance by the City of its obligations, covenants and agreements contained therein;

4. The City has duly and validly acknowledged and approved the City Account Deposit Agreement;

5. The City had and has full legal right, power and authority to enter into the City Cooperation Agreement and the Tax Collection Agreement and has duly authorized the execution and delivery of, and the performance of its obligations under, this Letter of Representations, the Cooperation Agreement, the Tax Collection Agreement and the City Tax Certifications (collectively, the "City Agreements"). Each of the City Agreements constitutes a valid, binding and legally enforceable obligation of the City, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer, and other laws affecting creditors' rights generally from time to time in effect, and rights of acceleration, indemnity, and contribution, and the availability of equitable remedies may be affected by equitable principles. The City has, and at the date of Closing will have, full legal right, power and authority to perform its obligations under the City Agreements.

6. The Ordinances have been duly and validly enacted or adopted, as applicable, by the City Council and approved by the Mayor, all in accordance with the City's Home Rule Charter and Code of General Ordinances and all applicable laws of the Commonwealth, are in full force and effect and have not been modified, amended, repealed or rescinded since the date of enactment.

7. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Tax Ordinance and the Cooperation Ordinance, including, without limitation, publication, convening and conduct of the public meetings at which public hearings were held and action was taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended). The Tax Ordinance and the Cooperation Ordinance are in full force and effect as of the date hereof and have not been amended since the respective dates of their enactment and adoption.

8. As provided in the Act, the proceeds of the Authority Tax as of the date hereof are, and at all times subsequent to the date hereof and as of and after the Closing will be, the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City;

9. Except as otherwise disclosed in the Preliminary Official Statement and in the Official Statement, the City is not, to the best of the City's knowledge in any material respect in breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation of the Commonwealth or the United States, or any applicable judgment, decree or loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound, the consequence of which or the correction of which would materially adversely affect the financial condition or results of operations of the City as a whole.

10. The execution and delivery of the Cooperation Agreement and the Tax Collection Agreement by the City and compliance with the provisions thereof did not, do not and will not

constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any existing applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any applicable judgment or decree and did not and do not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound;

11. The execution and delivery of the City Tax Certifications by the City and compliance with the provisions thereof do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any existing applicable judgment or decree and do not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement, or other instrument to which the City is a party or by which it is otherwise bound;

12. The acknowledgment and approval of the City Account Deposit Agreement by the City do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any applicable judgment or decree;

13. The City is currently in compliance in all material respects with its previous undertakings with regard to continuing disclosure.

14. The execution and delivery of, and compliance with the terms of this Letter of Representations and the Official Statement by the City, will not, constitute a breach of or default under the City's Home Rule Charter, the Code of General Ordinances, the Ordinance or any existing applicable law or administrative regulation (except that no representation or warranty is made in this paragraph 14 as to any federal or state securities law) or the Constitution of the Commonwealth or the United States or any applicable judgment or decree and will not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound.

15. The information with respect to the City contained in the Preliminary Official Statement and in the Official Statement, as of its date, and at the time of acceptance hereof, under the captions "INTRODUCTION – The City of Philadelphia", and in Appendix B and Appendix C, did not, and does not, contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

16. The City will notify the Representative, and the Authority, to the extent not disclosed in the Preliminary Official Statement or the Official Statement, of any material adverse change in the business, properties, financial condition or results of operation of the City as a whole occurring before the Closing or within the Update Period and will promptly notify the Representative if, during the Update Period, any event shall occur, or information come to its attention that would cause the Official Statement (whether or not previously supplemented or

amended) to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

17. The City agrees that between the date hereof and the date of Closing it will take no action which will cause the representations and warranties contained herein to be untrue at any time from the date hereof up to and including the date of Closing.

18. The City agrees to comply with and acknowledges its obligation to provide the Authority and the Underwriters with certain certifications and updating information in connection with the preparation of the Official Statement (including any amendments or supplements thereto) at the Closing of the 2019 Bonds, all as set forth in the Purchase Agreement.

19. Based solely on the information provided to me by the Law Department of the City (the "Law Department") after inquiry within the Law Department, except for litigation which in the opinion of the Law Department is without merit, and except as disclosed in the Preliminary Official Statement, to be disclosed in the Official Statement, no litigation or other legal proceeding is pending against the City or, to the best of the Law Department's knowledge, threatened in writing against the City:

(i) to restrain or enjoin the issuance or sale of the 2019 Bonds or the City's execution or delivery of, or performance under the Bond Documents, this Letter of Representations or in any way contesting any authority for or the validity or enforceability of the 2019 Bonds or the Ordinances; or

(ii) in which a final adverse decision can reasonably be anticipated in a magnitude or scope which would materially and adversely affect the financial condition or results of operations of the City as a whole; or

(iii) contesting in any way the completeness or accuracy of the information concerning the City in the Preliminary Official Statement or the Official Statement; or

(iv) contesting in any way the validity or enforceability of the City's obligations under the Cooperation Agreement, the Tax Collection Agreement or this Letter of Representations; or

(v) in any way challenging the right of the Director of Finance or the City Treasurer or any other official of the City signatory to any of the Bond Documents to which the City is a party or referred to in the Purchase Agreement or herein to hold his or her office, or the respective powers of such offices.

20. The City agrees and acknowledges that: (a) the primary role of the Underwriters is to purchase securities for resale to investors, in an arm's-length commercial transaction between the Authority and the Underwriters and that the Underwriters have financial and other interests that differ from those of the Authority and the City; (b) with respect to the engagement of the Underwriters by the Authority, including in connection with the purchase, sale and offering of the

2019 Bonds, and the discussions, conferences, negotiations and undertakings in connection therewith, each of the Underwriters is and has been acting as a principal and not an agent or municipal or financial advisor of, or fiduciary to, the Authority or the City; (c) the City has consulted its own legal, financial and other advisors to the extent it has deemed appropriate; and (d) the Purchase Agreement and this Letter of Representations express the entire relationship among the Underwriters, the Authority and the City with respect to the sale and offering of the 2019 Bonds.

This Letter of Representations is made solely for the benefit of the addressees hereof and the signatories hereto (including the successors and assigns of any Underwriter) and no other persons shall acquire or have any right hereunder or by virtue hereof. The terms "successors" and "assigns" as used herein shall not include any purchaser, as such purchaser, of any of the 2019 Bonds from the Underwriters or otherwise.

All representations, warranties and agreements in this Letter of Representations shall remain operative and survive the execution hereof.

The term "related party" for purposes of this certificate means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(d) ***Sale Date*** means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is October 29, 2019.

(e) ***Underwriter*** means (i) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

3. **Yield.** The yield on the Bonds is \_\_\_\_\_%. For this purpose, the term "yield" refers to that discount rate that, when used in computing the present value as of the date hereof of all expected payments of principal and interest on the Bonds produces an amount equal to the present value, using the same.

4. **Weighted Average Maturity.** The weighted average maturity ("WAM") of the Bonds has been calculated to be \_\_\_\_\_ years. The WAM is the sum of the products of the Issue Price of each maturity and the number of years to maturity (determined separately for each maturity and by taking into account mandatory redemptions) as of the date hereof, divided by the aggregate Issue Price of the Bonds.

The WAM of the 2019 Bonds is \_\_\_\_\_ years. The WAM of the 2020 Bonds is \_\_\_\_\_ years.

5. **Remaining Weighted Average Maturity.** We have been requested by the Authority to calculate the remaining WAM of the 2009 Bonds being refunded by the 2019 Bonds and the remaining WAM of the Refunded 2010 Bonds (together with the 2009 Bonds, the "Refunded Bonds") being refunded by the 2020 Bonds. For this purpose, the term "remaining WAM" of the Refunded Bonds is the sum of the products of the issue price of each maturity of such bonds and the number of years to maturity (determined separately for each maturity and by taking into account mandatory redemptions or prepayments), divided by the aggregate issue price of the Refunded Bonds, as of the date hereof. We have computed the remaining WAM of the Refunded Bonds to be not less than \_\_\_\_\_ years.

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Representative's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Authority with respect to certain of the representations set forth in the Tax Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania, bond counsel in connection with rendering their opinions that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of Internal Revenue Service Form 8038-G, and other federal income tax advice they may give to the Authority from time to time relating to the Bonds. The representations set forth herein are not necessarily based on personal knowledge and, in certain cases, the undersigned is relying on representations made by the other members of the Underwriting Group.

Re: \$31,085,000 Pennsylvania Intergovernmental Cooperation Authority (the  
"Authority") Special Tax Revenue Refunding Bonds (City of Philadelphia  
Funding Program), Series of 2019 (the "2019 Bonds")

To the Above-Named Addressees:

The Law Department (the "Department") of The City of Philadelphia, Pennsylvania (the "City") has acted on behalf of the City in matters relating to the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its \$31,085,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "Bonds"). This opinion is being delivered to you pursuant to Section L.(4)(i) of the Bond Purchase Agreement dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, as representative to the Underwriters named therein (the "Purchase Agreement"). Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Purchase Agreement.

In rendering the opinions expressed below, the Department has examined such proceedings, documents, statutes, and ordinances as the Department deemed necessary as the basis for the opinions hereinafter expressed, including:

- (1) certified copies of the Ordinances;

- (2) a fully executed copy of the Letter of Representations;
- (3) a fully executed copy of the Cooperation Agreement;
- (4) a fully executed copy of the Tax Collection Agreement;
- (5) a fully executed copy of the Certificate of the City attached to the Tax Compliance Certificate;
- (6) the Official Statement; and
- (7) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act No. 1991-6, approved by the General Assembly of the Commonwealth of Pennsylvania on June 5, 1991, as amended (the "PICA Act").

As to certain factual matters material to the opinions hereinafter expressed, the Department has relied upon the representations and warranties contained in the Letter of Representations (except for those contained in paragraph 15 of such Letter) and in the Certificate of the Director of Finance of even date herewith and on information and advice from officials and representatives of the City, including the Certificate of the Chief Clerk of City Council, as a basis for the opinions hereinafter expressed. The Department has not undertaken to verify such factual matters set forth therein by independent investigation or inquiry, except as set forth in paragraph 9 herein.

In our examination of the documents referred to above, the Department has assumed the legal capacity (other than as to City officials) and competence of natural persons, the authenticity of all documents submitted to the Department as originals, the genuineness of all signatures (other than those of the officials of the City), the due authority of the parties (other than the City) executing such documents, and the conformity to the originals of all such documents submitted to us as copies. The Department has also assumed (i) that each of the parties, other than the City, to each of the documents, has duly executed and delivered the same, with all necessary power and authority (corporate and otherwise, including, without limitation, due authorization by all necessary corporate and other action on the part of such party), (ii) that each such party, other than the City, has complied in all material respects with all laws, regulations, court orders, and material agreements applicable to it that affect the transactions contemplated by such documents, and (iii) that such documents are valid as to, binding upon, and enforceable against all parties thereto other than the City.

Based on and subject to the foregoing, and subject to the assumptions, exceptions, limitations, and qualifications set forth herein and only with regard to the laws of the Commonwealth of Pennsylvania as enacted and construed as of the date hereof, it is the opinion of the Department that:

1. The Ordinances have been duly and validly adopted by City Council and approved by the Mayor pursuant to authority granted in the PICA Act and in accordance with the Philadelphia Home Rule Charter.

2. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Ordinances, including, without limitation, publication, notice, convening and conduct of the public meetings at which public hearings were held and action taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth of Pennsylvania, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended).

3. The Ordinances have not been modified, amended, repealed or rescinded since the respective dates of enactment and adoption thereof, and are valid and in full force and effect as of the date hereof.

4. The City has the power and authority under the PICA Act and the Philadelphia Home Rule Charter to execute and deliver the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement, and the Certificate of the City attached to the Tax Compliance Certificate. The Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate have been duly and validly executed and delivered by the City.

5. The covenants and agreements of the City in the Tax Ordinance, in Section 5.02(b) of the Cooperation Agreement, and in the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof.

6. Except as to the possible application of state or federal securities laws, as to which no opinion is expressed, there is no authorization, consent, approval, or other action required by any governmental authority or agency in connection with the execution by the City of the Cooperation Agreement, the Letter of Representations, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement which has not been obtained.

7. Except as disclosed in the Official Statement, and except for litigation which in the opinion of the Department is without merit, there is, to the knowledge of the Department after inquiry within the Department, no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or overtly threatened in writing against the City, (i) to restrain or enjoin the City's execution or delivery, or performance under the Cooperation Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement, or in any way contesting the validity or enforceability of the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Ordinances, or (ii) contesting in any way the accuracy or completeness of the Official Statement as it relates to the City, or (iii) contesting in any way the validity or enforceability of the City's obligations under the Ordinances, the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Letter of Representations.

8. The enactment of the Ordinances and the execution and delivery of the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate and the fulfillment of and compliance with the pledge and agreement set forth in the Tax Ordinance and Section 5.02(b) of the Cooperation Agreement do not and will not constitute on the part of the City a breach of or default under any existing law, regulation, administrative order or decree to which the City is subject or, to the knowledge of the Department, in any material respect, any indenture, deed of trust or guaranty or other instrument to which the City is a party or by which it is bound.

9. To the knowledge of the Department, the description contained in Appendix B and to the Official Statement under the heading "Litigation" does not contain any untrue statement of a material fact or omit to state a material fact with respect thereto necessary to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

10. The Bonds are authorized to be issued by the Authority by virtue of and pursuant to the PICA Act.

11. Pursuant to authority granted by the PICA Act, the City has, by the City Council's adoption of the Tax Ordinance, enacted the Authority Tax.

12. In the PICA Act, the Commonwealth has pledged to and agreed with each and every obligee of the Authority acquiring bonds of the Authority secured by the Authority Tax that the Commonwealth itself will not, nor will it authorize any government agency levying the Authority Tax to, reduce the rate of such tax until all bonds of the Authority so secured by the pledge of the Authority, together with the interest thereon, are fully paid or provided for. The PICA Act further provides that the terms of the PICA Act as in effect at the time of authorization of the Bonds constitute an agreement between the Authority and the obligees of the Authority, subject to modification and limitation as provided in the PICA Act. In addition, the PICA Act expressly requires the City to include a pledge similar to that of the Commonwealth described in the first sentence of this paragraph in the Tax Ordinance and prohibits the City from repealing the Tax Ordinance or reducing the rate of the Authority Tax while any bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. Pursuant to the pledge made by the Commonwealth and in furtherance of the agreements of the Commonwealth and the mandates contained in the PICA Act, the City has, in the Tax Ordinance and the Cooperation Agreement, pledged to and agreed with each and every obligee of the Authority secured by the Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority secured by the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of the Authority.

13. The City has the power and authority under the Act to levy the Authority Tax exclusively for the purposes of the Authority and the Authority Tax has been duly and validly levied by the City pursuant to the Act and the Tax Ordinance exclusively for the purposes of the Authority.

14. As provided in the Act, the proceeds of the Authority Tax are at all times the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City.

15. The covenants and agreements of the City contained in the Tax Ordinance and in Section 5.02(b) of the Cooperation Agreement are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof, except as enforceability may be affected by bankruptcy, reorganization, insolvency and other laws or legal or equitable principles affecting creditors' rights and remedies and by the exercise of judicial discretion under general principles of equity.

This opinion is subject to the following exceptions, limitations, and qualifications:

(1) This opinion is subject to the effect of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, fraudulent transfer, marshaling, or similar laws affecting creditors' rights and remedies generally, general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether such enforceability is considered in a proceeding in equity or at law); and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy.

(2) The Department expresses no opinion as to the application or requirements of state securities, antitrust and unfair competition, environmental, health and safety, or tax laws other than those governing the City Wage Tax and the Authority Tax in respect of the transactions contemplated by or referred to in the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate.

(3) The Department expresses no opinion as to the validity or enforceability of any provision of the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate which, directly or indirectly: (i) purports to require that waivers must be in writing to the extent that an oral agreement or implied agreement by trade practice or course of conduct modifying provisions thereof has been made; (ii) purports to be a waiver of the right to a jury trial, waiver of any right to object to jurisdiction or venue, a waiver of any right to claim damages, or to service of process, or a waiver of other rights or benefits bestowed by operation of law, or waiver of which is limited by applicable law; (iii) purports to be a waiver of the obligations of good faith, fair dealing, diligence, mitigation of damages, or commercial reasonableness; (iv) purports to exculpate any party from its own negligent acts, or limit any party from certain liabilities; or (v) purports to require payment of consequential damages insofar as a court could conclude that such consequential damages are punitive in nature.

The Department calls your attention to the facts that the imposition of the Authority Tax by the City pursuant to the Act does not constitute the exercise of the general taxing power of the City for City purposes conferred by other acts of the General Assembly of the Commonwealth and that the sole agreement by the City with respect to the Authority Tax is its pledge and agreement

not to reduce the rate of the Authority Tax or to repeal the Authority Tax so long as bonds of the Authority secured by the Authority's pledge of the Authority Tax remain outstanding, all in accordance with the pledge of the Commonwealth and the mandates contained in the Act. Accordingly, as provided in the Act, the Bonds do not and shall not at any time constitute a debt or liability of the City and the obligees of the Authority have no right or claim against any property or revenues of the City nor shall they have any recourse to the City for payment of the Bonds.

This opinion is given to you as of the date hereof and the Department expresses no opinion as to any matter not expressly set forth herein. No implied opinion may be inferred to extend this opinion beyond the matters expressly stated herein. The Department undertakes no obligation to update or supplement this letter under any circumstance including if, after the date hereof, facts or events come to our attention or changes in law occur which could affect the opinions expressed herein. The Department expresses no opinion herein as to any matter not set forth in the numbered sections above, including, without limitation, with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of the preliminary or definitive official statements prepared in respect of the Bonds, including the appendices thereto, and make no representation that the Department has independently verified the contents thereof. This opinion is furnished solely for your benefit under the Purchase Agreement and may not be relied upon by any person or for any other purpose.

The Department has rendered this opinion to you solely in connection with the consummation of the transactions contemplated by the Purchase Agreement and this opinion may not be used or relied upon by you or any other person for any other purpose. This opinion may not be distributed or disclosed and may not be relied upon by any person, firm, or entity other than those to whom it is addressed without the prior written consent, in each instance, of the undersigned.

### Form of Opinion of Counsel to the Authority

(Closing Date)

RBC Capital Markets, LLC  
as Representative of the Several Underwriters  
New York, NY

*Re: Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2019*

Ladies and Gentlemen:

We have acted as counsel to the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth") created pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), in connection with the issuance and sale by the Authority on this date of \$31,085,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds").

Pursuant to the power and authority vested in it by virtue of the Act, and to carry out the public purposes of the Act, the Authority is issuing the 2019 Bonds under an Amended and Restated Indenture of Trust, dated as of December 1, 1994 (the "1994 Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust, dated as of May 15, 1996 (the "First Supplemental Indenture"), by the Second Supplement to the Amended and Restated Indenture of Trust, dated as of April 1, 1999 (the "Second Supplemental Indenture"), by the Third Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2003 (the "Third Supplemental Indenture"), by the Fourth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2006 (the "Fourth Supplemental Indenture"), by the Fifth Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2008 (the "Fifth Supplemental Indenture"), by the Sixth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2009 (the "Sixth Supplemental Indenture"), by the Seventh Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2010 (the "Seventh Supplemental Indenture") and by the Eighth Supplement to the Amended and Restated Indenture of Trust, dated as of December 1, 2019 (the "Eighth Supplemental Indenture") and, together with the 1994 Indenture, the First Supplemental Indenture, the Second Supplemental Indenture, the Third Supplemental Indenture, the Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Seventh Supplemental Indenture, the "Indenture"), for the purpose of refunding certain outstanding bonds of the Authority, as more particularly described in the Indenture. The 2019 Bonds are secured under the

Indenture by the Authority's pledge to the Trustee of, and the Authority's grant to the Trustee of a security interest in, the proceeds of a 1.5% tax (the "Authority Income Tax") on salaries, wages, commissions and other compensation earned by residents of the City of Philadelphia, Pennsylvania (the "City") and on net profits earned in business, professions and other activities conducted by residents of the City, which has been enacted by the City exclusively for the purposes of the Authority pursuant to Section 601(a)(3) of the Act and pursuant to an ordinance (Bill No. 1437) of the City Council of the City, approved by the Mayor of the City on June 12, 1991 (the "Authority Income Tax Ordinance").

Pursuant to a Bond Purchase Agreement, dated October 29, 2019 (the "Bond Purchase Agreement"), between the Authority and RBC Capital Markets, LLC, as the representative of the several underwriters named therein (the "Underwriters"), the Authority is selling the 2019 Bonds to the Underwriters for reoffering by the Underwriters to the public. In connection with such public offering of the 2019 Bonds, the Authority has prepared an Official Statement, dated October 29, 2019 (the "Official Statement"), relating to the 2019 Bonds. As contemplated by the Act, the Authority and the City have heretofore entered into an Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Intergovernmental Cooperation Agreement"). In connection with the issuance of the 2019 Bonds, the Authority has executed and delivered a Tax Compliance Certificate, dated \_\_\_\_\_, 2019 (the "Tax Compliance Certificate"); and the Authority has entered into a Continuing Disclosure Agreement, dated \_\_\_\_\_, 2019 (the "Disclosure Agreement").

For the purpose of rendering this opinion letter, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Indenture, the Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Official Statement, the Authority Income Tax Ordinance, the Tax Compliance Certificate, the Disclosure Agreement, and such other instruments, documents, records and certificates, and have made such investigations as to matters of law, as we have deemed necessary and appropriate. We also have examined a specimen of the 2019 Bonds.

In rendering this opinion letter, we have assumed, with respect to all documents and instruments reviewed by us, the genuineness of all signatures (other than those of the Authority), the capacity of natural persons, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all documents submitted to us as copies. We have further assumed as follows:

A. We have assumed that each party to the documents specified in paragraph 5 below other than the Authority (each such other party being referred to as an "Other Party") is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization and has the lawful power and authority to enter into and perform its obligations under such documents; that such documents have been duly authorized, executed and delivered by each such Other Party; and that such documents constitute the legal, valid and binding obligation of each such Other Party, enforceable against each such Other Party in accordance with their respective terms. We have further assumed that the 2019 Bonds have been duly authenticated by the Trustee in accordance with the requirements of the Indenture.

B. We have assumed that the City has duly and validly enacted the Authority Income Tax pursuant to the Authority Income Tax Ordinance in compliance with all procedural

requirements of the City's Home Rule Charter, the Philadelphia Code of Ordinances and other applicable law, rules or regulations. We have further assumed that the Authority Income Tax Ordinance has not been amended, modified or repealed in whole or in part and is in full force and effect on the date hereof. We have further assumed that the City has duly authorized, executed and delivered the Intergovernmental Cooperation Agreement.

C. We have assumed that each Credit Facility Issuer (as defined in the Indenture) is duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation and is duly licensed and authorized by all applicable regulatory bodies to issue the Credit Facility (as defined in the Indenture) issued by such Credit Facility Issuer. We have further assumed that each Credit Facility has been duly authorized, executed and delivered by the relevant Credit Facility Issuer and constitutes the legal, valid and binding obligation of such Credit Facility Issuer, enforceable in accordance with its terms.

Based upon and subject to the foregoing, and subject to the further exceptions, qualifications and limitations hereinafter set forth, we are pleased to advise you that we are of the following opinions:

1. The Authority is a body corporate and politic, constituting a public authority and instrumentality of the Commonwealth, created pursuant to the Act.

2. The Authority has (or at the relevant time had) the power and the authority under the Act to enter into the Indenture and to issue the 2019 Bonds thereunder, and to enter into the Intergovernmental Cooperation Agreement, the Bond Purchase Agreement, the Tax Compliance Certificate and the Disclosure Agreement.

3. The Indenture, the 2019 Bonds, the Intergovernmental Cooperation Agreement, the Bond Purchase Agreement, the Tax Compliance Certificate and the Disclosure Agreement have each been duly authorized, executed and delivered by the Authority.

4. The Official Statement has been duly authorized and executed by the Authority.

5. The Indenture, the 2019 Bonds, the Intergovernmental Cooperation Agreement, the Bond Purchase Agreement, the Tax Compliance Certificate and the Disclosure Agreement are each legal, valid and binding obligations of the Authority, enforceable against the Authority in accordance with their respective terms. We call to your attention, however, that the 2019 Bonds are not general obligations of the Authority but are limited obligations of the Authority, payable only out of the revenues from the Authority Income Tax and certain funds held by the Trustee under the Indenture, and that neither the credit nor the taxing power of the Commonwealth or any political subdivision (including the City) or agency thereof, other than the credit of the Authority to the limited extent described above, is pledged for the payment of the principal or redemption price of or interest on the 2019 Bonds. According to the Act, the 2019 Bonds do not constitute a debt or obligation of the Commonwealth or any political subdivision (including the City) or agency thereof. The Authority itself has no taxing power.

6. To our knowledge, except as disclosed in the Official Statement, there are no actions or proceedings pending, or overtly threatened in writing, against the Authority before any court, governmental agency or arbitrator, which seek to restrain or enjoin the issuance or delivery of the 2019 Bonds by the Authority or which in any way contest the validity or enforceability of

the 2019 Bonds, the Indenture, the Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Tax Compliance Certificate, the Disclosure Agreement or the pledge of the revenues from the Authority Income Tax under the Indenture.

7. As provided in the Act, the proceeds of the Authority Income Tax are at all times the revenues and property of the Authority, are not property or revenues of the City, and are not subject to appropriation by either the Commonwealth or the City.

8. The Indenture creates a valid lien on, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture) for the security of the 2019 Bonds.

## **The Authority**

The Authority, a body corporate and politic, was organized and exists under and by virtue of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), 53 P.S. 12720.101 et seq., as amended (the “Act” or the “PICA Act”). Pursuant to the Act, the Authority was established to provide financial assistance to and financial oversight over cities of the first class in the Commonwealth of Pennsylvania (the “Commonwealth”). The City currently is the only city of the first class in the Commonwealth. *See* “THE AUTHORITY” herein.

The Act provides that, upon the request by the City to the Authority for financial assistance and for so long as any bonds of the Authority remain outstanding, the Authority shall have certain financial and oversight functions. First, the Authority shall have the power, subject to satisfaction of certain requirements in the Act, to provide financial assistance to the City. Second, the Authority shall also have the power, in its oversight capacity, to exercise certain advisory and review powers with respect to the City’s financial affairs, including the power to review and approve Financial Plans prepared at least annually by the City, to certify noncompliance by the City with its then-existing Financial Plan (which certification would require the Secretary of the Budget of the Commonwealth to cause certain payments due to the City from the Commonwealth to be withheld by the Commonwealth), to evaluate the City’s financial reporting, to analyze the City’s financial and budgetary practices and programs, and to oversee the expenditures of funds for the capital projects and productivity enhancements for which the Authority has made grants to the City with a portion of the proceeds from the sale of its bonds. *See* “THE AUTHORITY - Operating History” herein.

## **Authorization to Issue the 2019/2020 Bonds**

The Authority is authorized to issue and sell the 2019/2020 Bonds pursuant to the provisions of the Act and pursuant to a resolution of the Authority adopted September 17, 2019. The 2019/2020 Bonds will be issued pursuant to and secured under an Amended and Restated Indenture of Trust dated as of December 1, 1994 (the “Amended and Restated Indenture”), between the Authority and U.S. Bank National Association (successor in interest to Wachovia Bank, National Association), as trustee (the “Trustee”), as amended and supplemented by a First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the “First Supplement”), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the “Second Supplement”), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the “Third Supplement”), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the “Fourth Supplement”), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1 2008, (the “Fifth Supplement”), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the “Sixth Supplement”), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the “Seventh Supplement”), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the “Eighth Supplement”, and, together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement, and the Seventh Supplement (the “Indenture”). The Amended and Restated Indenture amended and restated the Indenture of Trust dated as of June 1, 1992, as amended and supplemented (the “Original Indenture”) between the Authority and Meridian Bank (successor trustee by assignment from Corestates Bank, N.A., the initial trustee). For a summary of certain provisions of the Indenture, see APPENDIX D attached hereto.

The Indenture provides that the Bonds and any Additional Bonds (as both such terms are defined in the Indenture and in the summary thereof attached to this Official Statement as APPENDIX D) issued pursuant thereto are to be equally and ratably secured under the Indenture (except as otherwise described herein and in the Indenture). For

a discussion of the issuance by the Authority of other bonds, including Additional Bonds issued under the Indenture, and the limitations on such issuance, see “SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS - Additional Bonds” herein.

### **The Authority’s Outstanding Indebtedness**

The Authority has issued eleven Series of Bonds under the Indenture at the request of the City. Two Series of Bonds remain Outstanding: (i) the 2009 Bonds; and (ii) the Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 (the “2010 Bonds”).

Under the Act, the Authority is no longer permitted to issue bonds for the purpose of financing a capital project of the City or a deficit of the City, including a cash flow deficit. The Authority does, however, have the power to issue bonds to refund outstanding bonds issued under the Act. *See* APPENDIX B attached hereto. As of June 30, 2019, the principal amount of Outstanding Bonds was \$129,745,000. The final maturity date for such Outstanding Bonds is June 15, 2023.

The proceeds of the Bonds were used to: (i) make grants to the City to fund its General Fund deficits, to fund all or a portion of the costs of certain City capital projects, to provide other financial assistance to the City to enhance operational productivity, and to defease certain of the City’s general obligation bonds; (ii) refund other Bonds issued under the Indenture, including termination payments for related interest rate swaps; and (iii) pay costs of issuance.

### **Purpose of the 2019/2020 Bonds**

The proceeds of the 2019 Bonds, together with other available moneys of the Authority, will be applied to currently refund the outstanding 2009 Bonds and to pay the costs of issuance. The proceeds of the 2020 Bonds, together with other available moneys of the Authority, will be applied to currently refund, on a forward delivery basis, the 2010 Bonds maturing after June 15, 2020 (the “Refunded 2010 Bonds”) and to pay the costs of issuance. *See* “PLAN OF FINANCE” herein.

### **Sources of Payment and Security for the 2019/2020 Bonds**

The 2019/2020 Bonds are limited obligations of the Authority and the principal of and interest on the 2019/2020 Bonds are payable, together with the Bonds and any Additional Bonds issued pursuant to the Indenture, solely from (i) the revenues pledged and assigned by the Authority for such payment under the Indenture, including revenues received by the Authority from a one and one-half percent (1.5%) tax (the “Authority Tax”) imposed by the City, pursuant to the Act and an ordinance adopted by the City Council of the City (the “City Council”) and approved by the Mayor of the City (the “Mayor”) on June 12, 1991 (Bill No. 1437, effective July 1, 1991) (the “Authority Tax Ordinance”), exclusively for the purposes of the Authority, on the salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by residents of the City, and (ii) certain moneys and securities and investment earnings thereon, together with a Debt Service Reserve Fund Policy (described herein) issued by Financial Guaranty Insurance Company (“FGIC”), all held by the Trustee in certain funds established under the Indenture. **Investors should assume that FGIC may not be able to meet its obligations under the Debt Service Reserve Fund Policy and therefore should not rely on the Debt Service Reserve Fund Policy in making their investment decision. *See* “SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS - Debt Service Reserve Fund Policy” herein.** In connection with the enactment of the Authority Tax Ordinance and the adoption of the Fiscal Year 1992 operating budget of the City, the City enacted an ordinance reducing the rate of the City’s tax on the salaries, wages, commissions and other compensation earned by, and net profits earned in business, professions and other activities conducted by, City residents by one and one-half percent (1.5%).

The Act provides that the Commonwealth will not reduce, and will not authorize any government agency levying such tax to reduce, the rate of any tax, including the Authority Tax, imposed exclusively for the purposes of the Authority and pledged by the Authority as security for the payment of principal of, and interest on, bonds issued

by the Authority, including without limitation the 2019/2020 Bonds, until all of the principal of, and interest on, the bonds so secured is paid in full or provided for. The Authority Tax presently is the only tax imposed exclusively for the purposes of the Authority and pledged by the Authority as security for the payment of its bonds.

The Act prohibits the City from reducing the rate of the Authority Tax or repealing the Authority Tax Ordinance while bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. The City, as required by the Act, has pledged and agreed in the Authority Tax Ordinance with each and every obligee of the Authority secured by an Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal, the Authority Tax until the principal of, and interest on, all bonds so secured are paid in full or provision for such payment is made. In the Intergovernmental Cooperation Agreement, dated January 8, 1992 (the "Cooperation Agreement"), between the Authority and the City, the City has made a similar pledge to, and agreement with, the Authority and its obligees.

The Act requires that the Authority Tax be collected by the Department of Revenue of the Commonwealth (the "Pennsylvania Revenue Department") for deposit in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund (the "PICA Tax Fund") established under the Act and held by the Treasurer of the Commonwealth (the "State Treasurer"), as custodian. The State Treasurer is required by the Act to transfer all amounts in the PICA Tax Fund at least weekly to or upon the order of the Authority. The Authority will direct the State Treasurer to transfer all such amounts to the Trustee for deposit in the Revenue Fund established under the Indenture in accordance with the requirements of the Act and for so long as any Bonds remain Outstanding under the Indenture. The Act authorizes the Pennsylvania Revenue Department to appoint agents for the collection and enforcement of the Authority Tax. Pursuant to such authority, a letter dated June 28, 1991 from the Pennsylvania Revenue Department and the Pennsylvania Intergovernmental Cooperation Authority Income Tax Collection Agency Agreement, dated as of June 1, 1992 (the "Tax Collection Agreement"), by and between the Commonwealth and the City, the Revenue Department of the City ("City Revenue Department") and the Law Department of the City have been appointed agents of the Pennsylvania Revenue Department for the collection and enforcement of the Authority Tax. The procedures for the collection and transfer of the Authority Tax are prescribed in the Act and are further delineated in the Authority Tax Ordinance and the Tax Collection Agreement.

**NEITHER THE CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS PLEDGED FOR THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS. THE 2019/2020 BONDS DO NOT CONSTITUTE OBLIGATIONS OF THE COMMONWEALTH OR OF ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, AND NEITHER THE COMMONWEALTH NOR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS LIABLE FOR THE PAYMENT OF PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS. THE AUTHORITY HAS NO TAXING POWER.**

### **The City of Philadelphia**

Although the 2019/2020 Bonds are not obligations of the City, financial developments with respect to the City may affect the market for, and the market prices of, the 2019/2020 Bonds. Further, economic and demographic conditions in the City may affect the levels of collections of the Authority Tax (as defined herein). See "ANNUAL COLLECTION OF THE CITY TAX AND THE AUTHORITY TAX" herein.
