comprehensive or definitive and are qualified in their entireties by reference to the entire text of the Act and such documents, and the description herein of the 2019/2020 Bonds is qualified in its entirety by reference to the text thereof and the information with respect thereto included in the aforesaid documents. All such descriptions are further qualified in their entireties by reference to laws and principles of equity relating to or affecting generally the enforcement of creditors' rights. Copies of the Indenture, the Authority Tax Ordinance, the Cooperation Agreement, the Disclosure Agreement and the Tax Collection Agreement may be obtained from the Authority after the date of delivery of the 2019 Bonds and the Initial Closing Date (as defined herein) of the 2020 Bonds at the corporate trust office of the Trustee in Philadelphia, Pennsylvania. Insofar as any statements are made in this Official Statement involving matters of opinion, whether or not expressly so stated, they are made merely as such and not as representations of fact.

Certain information concerning the City has been furnished by the City and is included as APPENDIX B and APPENDIX C attached hereto. THE AUTHORITY MAKES NO REPRESENTATIONS AS TO THE ACCURACY OR COMPLETENESS OF THE INFORMATION INCLUDED AS APPENDIX B AND APPENDIX C HERETO.

This Official Statement, including the appendices (except APPENDIX A, consisting of the audited financial statements of the Authority, which speak as of June 30, 2019; APPENDIX B, which speaks as of June 30, 2019 unless otherwise noted therein; and APPENDIX C, which speaks as of December 31, 2018 unless otherwise noted therein), speaks only as of the date of this Official Statement printed on the cover hereof. The information contained herein is subject to change.

## **PLAN OF FINANCE**

### **General**

The proceeds from the sale of the 2019 Bonds shall be used, together with other available moneys of the Authority, to (i) currently refund the 2009 Bonds, and (ii) pay the costs of issuing the 2019 Bonds (the "2019 Refunding Project"). The 2009 Bonds will be called for redemption on or about December 3, 2019 (the "2009 Bonds Redemption Date"), at a redemption price of 100% of the principal amount thereof plus accrued interest to the 2009 Bonds Redemption Date.

The proceeds from the sale of the 2020 Bonds shall be used, together with other available moneys of the Authority, to (i) currently refund the Refunded 2010 Bonds, and (ii) pay the costs of issuing the 2020 Bonds (the "2020 Refunding Project"). The 2010 Bonds will be called for redemption on June 15, 2020 (the "2010 Bonds Redemption Date"), at a redemption price of 100% of the principal amount thereof plus accrued interest to the 2010 Bonds Redemption Date. *See* "VERIFICATION" herein.

Pursuant to the Escrow Deposit Agreement, dated as of \_\_\_\_\_, 2020 (the "Escrow Agreement") between the Authority and U.S. Bank National Association, as escrow agent (the "Escrow Agent"), the Authority will cause to be deposited with the Escrow Agent 2020 Bond proceeds and other available amounts in an amount that will be sufficient to pay the redemption price of, and accrued interest on, the Refunded 2010 Bonds at their 2010 Bonds Redemption Date.

The funds deposited with the Escrow Agent pursuant to the Escrow Agreement are anticipated to be invested in United States Treasury Securities – State and Local Government Series or non-callable direct obligations of the United States of America (the "Government Obligations") pending application to the redemption of the Refunded 2010 Bonds.

### **Forward Delivery Bond Purchase Agreement for the 2020 Bonds**

The 2020 Bonds are being sold pursuant to a Forward Delivery Bond Purchase Agreement dated \_\_\_\_\_, 2019 (the "Forward Delivery Bond Purchase Agreement") between the Authority and RBC Capital Markets, LLC, acting on its own behalf, and as representative (the "Representative") of the underwriters named therein

(collectively, the “Underwriters”). The 2020 Bonds will be delivered on or about March 17, 2020, subject to delivery by Bond Counsel of its approving opinion and the satisfaction of certain other conditions set forth in the Forward Delivery Bond Purchase Agreement. See “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS” herein.

An investment in the 2020 Bonds involves certain additional risks due to the forward delivery of the 2020 Bonds. The issuance and delivery of the 2020 Bonds is subject to satisfaction of certain conditions precedent. For a discussion of certain factors that should be considered by prospective investors in evaluating an investment in the 2020 Bonds, see “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS” herein. Such factors are not intended to be exhaustive of all of the potential factors which might apply to the issuance and delivery of the 2020 Bonds. Each prospective purchaser of the 2020 Bonds should make an independent evaluation of all of the information presented in this Official Statement, including the information under the caption “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS.”

### Estimated Sources and Uses of Funds

The estimated sources and uses of funds relating to the 2019 Refunding Project are as follows:

#### Sources of Funds:

Principal Amount of 2019 Bonds	\$
Net Original Issue [Discount/Premium]	
Transfer from Debt Service Fund for the 2009 Bonds	
Transfer from Debt Service Reserve Fund Allocable to 2009 Bonds	
<u>Total</u>	\$

#### Uses of Funds:

Current Refunding of 2009 Bonds	\$
Costs of Issuance*	
<u>Total</u>	\$

\* Includes legal, accounting, financial advisory fees and expenses, printing, rating fees, underwriters’ discount, contingency and miscellaneous fees and expenses.

The estimated sources and uses of funds relating to the 2020 Refunding Project are as follows:

#### Sources of Funds:

Principal Amount of 2020 Bonds	\$
Net Original Issue [Discount/Premium]	
Transfer from Debt Service Fund for the Refunded 2010 Bonds	
Transfer from Debt Service Reserve Fund Allocable to Refunded 2010 Bonds	
<u>Total</u>	\$

#### Uses of Funds:

Deposit under Escrow Agreement for Refunded 2010 Bonds	\$
Costs of Issuance**	
<u>Total</u>	\$

\*\* Includes legal, accounting, financial advisory fees and expenses, printing, rating fees, underwriters’ discount, verification agent fees, contingency and miscellaneous fees and expenses.

## **THE 2019/2020 BONDS**

### **General**

The 2019/2020 Bonds will be dated on their respective dates of original issuance and delivery thereof, will be payable as to interest at the rates and on the dates, and will mature in the amounts on the dates set forth on the inside front cover hereof. Purchases of beneficial ownership interests in the 2019/2020 Bonds may be made in denominations of \$5,000 or integral multiples thereof. Descriptions of the provisions regarding redemption, transfer and payment of the 2019/2020 Bonds are set forth below.

### **THE 2019/2020 BONDS ARE NOT SUBJECT TO ACCELERATION UPON THE OCCURRENCE OF AN EVENT OF DEFAULT.**

DTC will serve as securities depository under a book-entry only system for the 2019/2020 Bonds. Unless such system is discontinued, the provisions described under “Book-Entry Only System” below (including provisions regarding payments to and transfers by the owners of beneficial interests in the 2019/2020 Bonds) will be applicable to the 2019/2020 Bonds. If such system is discontinued, the provisions described under “Discontinuation of Book-Entry Only System” below will be applicable.

So long as DTC, or its partnership nominee, Cede & Co., is the registered owner of the 2019 Bonds, payments of the principal of and interest on the 2019 Bonds are to be made by the Trustee directly to Cede & Co. Disbursements of such payments to the DTC Participants (as hereinafter defined) is the responsibility of DTC. Disbursements of such payments to the owners of beneficial interests in the 2019 Bonds is the responsibility of the DTC Participants and the Indirect Participants (as hereinafter defined) thereof. Likewise, so long as DTC, or its partnership nominee, Cede & Co., is the registered owner of the 2020 Bonds, payments of the principal of and interest on the 2020 Bonds are to be made by the Trustee directly to Cede & Co. Disbursements of such payments to the DTC Participants (as hereinafter defined) is the responsibility of DTC. Disbursements of such payments to the owners of beneficial interests in the 2020 Bonds is the responsibility of the DTC Participants and the Indirect Participants thereof. *See* APPENDIX H - “BOOK-ENTRY ONLY SYSTEM”.

### **Redemption Provisions**

The 2019/2020 Bonds are not subject to optional redemption, mandatory redemption or any other form of redemption prior to maturity.

### **Transfers and Exchanges of Bonds**

Upon presentation for transfer and exchange of any 2019/2020 Bond entitled to registration of exchange or registration of transfer at the corporate trust office of U.S. Bank National Association, Philadelphia, Pennsylvania (the “Registrar”), the Registrar will register the exchange or register the transfer of such 2019/2020 Bond in the bond registration books, under such reasonable regulations as the Registrar may prescribe. The Registrar will make all necessary provisions to permit the exchange or registration of transfer of the 2019/2020 Bonds at its corporate trust office in Philadelphia, Pennsylvania. Until the discontinuance of the book-entry only system, as described above, one fully registered 2019 Bond for each maturity of the 2019 Bonds and one fully registered 2020 Bond for each maturity of the 2020 Bonds, each in the aggregate principal amount of such maturity will be registered in the name of Cede & Co., as nominee for DTC.

The transfer of any 2019/2020 Bond shall be registered in the registration books of the Registrar at the written request of the Bondholder thereof or his attorney duly authorized in each writing, upon surrender and cancellation thereof at the corporate trust office of the Registrar in Philadelphia, Pennsylvania, together with a written instrument of transfer satisfactory to the Registrar duly executed by the Bondholder or his duly authorized attorney. Upon the registration of transfer of any such 2019/2020 Bond or 2019/2020 Bonds, the Authority shall issue in the name of the

transferee, in authorized denominations permitted by the Indenture, a new fully registered 2019/2020 Bond or new fully registered 2019/2020 Bonds of the same series in the same aggregate principal amount and of like tenor as the surrendered 2019/2020 Bond or 2019/2020 Bonds.

Any 2019/2020 Bond, upon surrender thereof at the corporate trust office of the Registrar in Philadelphia, Pennsylvania, may, at the option of the Bondholder thereof, be exchanged for an equal aggregate principal amount of any authorized denominations of the 2019/2020 Bonds of the same series and maturity, and having the same interest rate and other provisions, as the surrendered 2019/2020 Bond.

In all cases in which the privilege of exchanging 2019/2020 Bonds or registering the transfer of 2019/2020 Bonds is exercised, the Authority shall execute and the Trustee shall authenticate and deliver 2019/2020 Bonds in accordance with the provisions of the Indenture.

For every such exchange or registration of transfer of the 2019/2020 Bonds, whether temporary or definitive, the Authority, the Registrar or the Trustee may make a charge sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, which sum or sums shall be paid by the person requesting such exchange or registration of transfer as a condition precedent to the exercise of the privilege of making such exchange or registration of transfer.

The Registrar shall not be required to transfer or exchange any 2019/2020 Bond during the period from a Record Date through the next Interest Payment Date, inclusive, nor to transfer or exchange any 2019/2020 Bond selected for redemption in whole or in part.

#### **Payments of Principal of, and Interest on, the 2019/2020 Bonds**

The principal of the 2019/2020 Bonds shall be payable upon presentation and surrender thereof at the corporate trust office of the Trustee in Philadelphia, Pennsylvania. Interest shall be payable by check or draft mailed to the registered owners of the 2019/2020 Bonds as shown on the registration books kept by the Registrar as of the close of business on the applicable record dates described below. Interest payable to any registered owner of 2019 Bonds in the aggregate principal amount of \$1,000,000 or more, or to any registered owner of 2020 Bonds in the aggregate principal amount of \$1,000,000 or more, may, upon request by such registered owner, be paid by bank wire transfer of funds to a bank account in a bank located in the United States designated in writing by such registered owner not less than ten (10) days prior to the applicable Interest Payment Date.

The Authority, the Trustee and the Registrar may deem and treat the registered owner of any 2019/2020 Bond as the absolute owner of such 2019/2020 Bond, whether such 2019/2020 Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such 2019/2020 Bond and for all other purposes, and the Authority, the Trustee and the Registrar shall not be affected by any notice to the contrary. All such payments so made to any such holder or upon his order shall be valid and effectual to satisfy and discharge the liability upon such 2019/2020 Bond to the extent of the sum or sums to be so paid.

#### **Record Dates**

Except in the case of overdue interest, the record date (the “Record Date”) for interest due on the 2019/2020 Bonds on any June 15 shall be the immediately preceding May 31 (whether or not a Business Day) and the record date for interest due on any December 15 shall be the immediately preceding November 30 (whether or not a Business Day).

Interest which is due and payable on any June 15 or December 15 but cannot be paid on such date from available funds under the Indenture, shall thereupon cease to be payable to the registered owners otherwise entitled thereto as of such date. At such time as sufficient funds are available for the payment of such overdue interest, the Trustee shall establish a special payment date (which shall be a Business Day) and a special record date in respect thereof. With respect to the 2019 Bonds, the Trustee shall mail a notice specifying the special payment date so established to each

registered owner of the 2019 Bonds as of the special record date, such notice to be mailed at least ten (10) days prior to the special payment date. With respect to the 2020 Bonds, the Trustee shall mail a notice specifying the special payment date so established to each registered owner of the 2020 Bonds as of the special record date, such notice to be mailed at least ten (10) days prior to the special payment date.

## **SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS**

### **General**

The 2019/2020 Bonds are limited obligations of the Authority payable solely from certain pledged revenues of the Authority and certain other funds held by the Trustee for such purpose. The 2019/2020 Bonds are payable from and are equally and ratably secured under the Indenture, together with the Bonds and any Additional Bonds that may be issued thereunder, by an assignment, pledge and grant to the Trustee of all of the Authority's right, title and interest in and to (i) the Authority Tax, and (ii) moneys and securities held by the Trustee under the Indenture (including proceeds of the Authority Tax) and any interest or income earned thereon, including amounts deposited into the Deficit Fund, Capital Projects Fund, Revenue Fund, Debt Service Fund, Debt Service Reserve Fund and the Bond Redemption Fund, but excluding moneys held in trust for the United States in the Rebate Fund (collectively, the "Pledged Revenues"), subject to the terms and conditions of the Indenture. The Indenture provides that moneys in accounts established by the Trustee in respect of a particular Series of Bonds that are Outstanding under the Indenture shall only be available to pay debt service or the redemption price of Bonds of such Series, except as may otherwise be provided in the Indenture or in a Supplemental Indenture adopted at or prior to the time of issuance of such Series.

The Debt Service Reserve Fund will secure, equally and ratably, all Bonds Outstanding under the Indenture, including any Outstanding 2010 Bonds, 2019 Bonds, and 2020 Bonds.

### **Authority Tax**

As permitted by the Act, and pursuant to the Authority Tax Ordinance, the City has imposed, exclusively for the purposes of the Authority, a one and one-half percent (1.5%) tax on the salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by residents of the City. As described above, the Authority Tax has been pledged by the Authority to the Trustee, as permitted by the Act and pursuant to the Indenture, as security for the payment of principal of, and interest on, all Bonds issued under the Indenture, including any Outstanding 2010 Bonds, 2019 Bonds, and 2020 Bonds.

The Act requires that the Authority Tax be collected by the Pennsylvania Revenue Department for deposit in the PICA Tax Fund held by the State Treasurer, as custodian. The Act authorizes the Pennsylvania Revenue Department to appoint agents for the collection and enforcement of the Authority Tax and, pursuant to such authority, a letter dated June 28, 1991 from the Pennsylvania Revenue Department and the Tax Collection Agreement, the City Revenue Department and the Law Department of the City have been appointed agents for the collection and enforcement of the Authority Tax.

In accordance with the applicable provisions of the Act and the Tax Collection Agreement, all receipts from the Authority Tax are deposited into a special account separate and apart from all City accounts. Based on historical trends in revenues collected by the City from taxes imposed for City purposes by the City on salaries, wages, commissions and other compensation earned by, and net profits earned in business, professions and other activities conducted by, City residents (see APPENDIX B and APPENDIX C attached hereto), the City and the Pennsylvania Revenue Department currently attribute 61.50% of wage tax remittances, 89.88% of earnings tax remittances, and 47.06% of net profit tax remittances to City residents. Pursuant to the Tax Collection Agreement, the Pennsylvania Revenue Department shall determine the timing and the method of recalculation of the foregoing percentages. Moneys in an amount equal to each daily amount of the Authority Tax collected (calculated as set forth above) are deposited on the day of receipt in immediately available funds in a segregated account (the "Custodial Account") established by the City, as agent for the Pennsylvania Revenue Department, for remittance on the following day to a general

Commonwealth demand deposit account established by the State Treasurer. Upon the transfer of Authority Tax collections to the custody of the State Treasurer, such moneys are held with other Commonwealth funds. Pursuant to the Tax Collection Agreement, the City is required to reconcile the daily deposits to the Custodial Account with actual Authority Tax collections on a monthly basis. Pursuant to the Act, the Authority Tax paid to the State Treasurer shall be transferred by the State Treasurer not less frequently than every two weeks to the PICA Tax Fund, a special fund established by the Act and held in the custody of the State Treasurer. Pursuant to the Act, proceeds of the Authority Tax and amounts on deposit in the PICA Tax Fund are at all times the sole property and revenues of the Authority, and are not subject to appropriation by either the City or the Commonwealth.

The Act requires that the State Treasurer make at least weekly payments of all amounts in the PICA Tax Fund to or upon the order of the Authority. In connection with the issuance of the 2019 Bonds and the issuance of the 2020 Bonds, the Authority will direct the State Treasurer to transfer all such amounts to the Trustee for deposit in the Revenue Fund established under the Indenture in accordance with the requirements of the Act and for so long as there are any Bonds Outstanding under the Indenture. Promptly after deposit of moneys in the Revenue Fund, the Trustee shall transfer any money in the Revenue Fund to the following funds in the following order and priority:

- (a) to the Debt Service Fund, the amount necessary to cause the aggregate amount therein in each month to equal the sum of (i) the aggregate for all Series of Bonds Outstanding under the Indenture paying interest semiannually of  $\frac{1}{6}$  (such fraction to be increased or decreased, as appropriate, for a Series of Bonds Outstanding under the Indenture to account for any initial or final interest period longer or shorter than six months) of the amount of interest that will be due and payable on each Series of Bonds Outstanding on the next succeeding Interest Payment Date for the respective Series, (ii) the aggregate for all Series of Bonds Outstanding under the Indenture paying interest at an interval other than semiannually of an amount equal to the interest that will be due and payable or otherwise accrue on each such Series of Bonds Outstanding during such month (assuming that interest due on such Bonds Outstanding will be payable at the maximum interest rate applicable to such Bonds Outstanding, and taking into account (A) any amounts received from the counterparty to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement, deposited directly into the Debt Service Fund, and (B) any amounts remaining in the Debt Service Fund from prior months' transfers from the Revenue Fund in excess of the amount actually paid or accrued as interest on such Bonds Outstanding under the Indenture for such prior months), (iii) the aggregate for all Series of Bonds Outstanding under the Indenture of  $\frac{1}{12}$  (such fraction to be increased, as appropriate, for a Series to account for any initial or final principal payment period shorter than 12 months) of the amount of principal that will become due and payable on each Series of Bonds Outstanding under the Indenture, including the 2019/2020 Bonds (whether upon maturity or mandatory redemption), on the next succeeding principal payment date (whether upon maturity or mandatory redemption) for the respective Series occurring within the next year following the date of such transfer, (iv) any deficiency in deposits required to be made in prior months under the preceding clauses (i), (ii) and (iii) which has not been eliminated, and (v) any amount owed to any Credit Facility Issuer in respect of payments made for principal and interest on Bonds Outstanding under the Indenture;
- (b) to the Debt Service Reserve Fund, the amount necessary to eliminate any deficiency therein (a deficiency being the amount by which the Debt Service Reserve Requirement exceeds the amount in such Fund);
- (c) to any Person entitled to payment pursuant to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement, an amount equal to the net amount then required to be paid to such person by the Authority pursuant to such an agreement; provided, however, with respect to certain interest rate swap agreements or similar hedge agreements, the Authority may elect to establish a separate account in the Revenue Fund and cause the Trustee to deposit on a monthly basis such amount as is necessary to cause the aggregate

amount deposited therein in each month to equal a monthly portion of the amount that will be due to the relevant counterparty on the next payment date;

- (d) as directed in a certificate of the Authority delivered to the Trustee, to the trustees or other depositories in respect of subordinated debt, if any, payable from Pledged Revenues, the amount necessary to cause the aggregate amount paid in respect of such subordinated debt from all sources to equal the amount then required to be paid in respect of each issue of subordinated debt;
- (e) to the Authority, the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made to equal the operating expenses of the Authority for such fiscal year as set forth in a certificate of the Authority delivered to the Trustee with respect to such fiscal year, to the extent that the amounts transferred from the Debt Service Reserve Fund pursuant to the applicable provisions of the Indenture are not sufficient for such purpose; and
- (f) to the Rebate Fund, the amounts required to be deposited therein pursuant to the applicable provisions of the Indenture, to the extent that the transfers from the earnings in the Debt Service Reserve Fund pursuant to the applicable provisions of the Indenture are insufficient for such purpose.

Notwithstanding the foregoing order of priority, the Indenture requires that to the extent the Trustee is required to make payment of the Rebate Amount or Yield Reduction Amount, if any, to the United States of America pursuant to the Indenture and there are insufficient amounts in the Rebate Fund on the date which is thirty (30) days prior to the due date of such payment, the Trustee shall thereafter transfer moneys from the Revenue Fund to the Rebate Fund prior to making any other transfers of moneys to any other funds until the amount in the Rebate Fund equals the required Rebate Amount and Yield Reduction Amount. Any moneys remaining in the Revenue Fund after all transfers required by paragraphs (a), (b), (c), (d), (e) and (f) above have been made shall be transferred by the Trustee to U.S. Bank National Association, for deposit to a special account (the "City Account"), in trust for the exclusive benefit of the City, established and created under the Act and the City Account Deposit and Disbursement Agreement, dated as of December 6, 1991, as amended, between the Authority and First Union National Bank (now U.S. Bank National Association), Philadelphia, Pennsylvania, as depository. The City Account Deposit and Disbursement Agreement has been acknowledged and agreed to by the City.

The total amount of PICA Tax remitted by the State Treasurer to the Authority (which is net of the costs of the Pennsylvania Revenue Department in collecting the Authority Tax), PICA annual debt service and expenses, and net PICA tax revenue remitted to the City for Fiscal Years 2016-2018, the budgeted amounts and current estimates for Fiscal Year 2019, and the budgeted amounts for Fiscal year 2020 are set forth below, as of June 30, 2019.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

**Summary of PICA Tax Remitted by the State Treasurer to the Authority  
and Net Taxes Remitted by the Authority to the City  
(Amounts in Millions of USD)<sup>(1),(2)</sup>  
(As of June 30, 2019)**

<b>Fiscal Year</b>	<b>PICA Tax<sup>(3)</sup></b>	<b>PICA Annual Debt</b>	
		<b>Service and Expenses<sup>(3)</sup></b>	<b>Net Taxes Remitted to the City<sup>(4)</sup></b>
2016 (Actual)	\$444.5	\$61.1	\$383.4
2017 (Actual)	\$469.2	\$59.7	\$409.5
2018 (Actual)	\$497.0	\$42.8	\$454.2
2019 (Adopted Budget)	\$516.0	\$47.1	\$469.0
2019 (Current Estimate)	\$521.7	\$47.1	\$474.6
2020 (Adopted Budget)	\$546.1	\$46.8	\$499.3

(1) Figures may not sum due to rounding.

(2) All information contained in this table has been provided by the City. A variance exists between the City's calculation and reporting of both the PICA Tax and the Authority's annual debt service and expenses (as set forth in this table, elsewhere in the body of this Official Statement, and in APPENDIX B), as opposed to the Authority's calculation and reporting of similar items (as set forth in the body of this Official Statement, in APPENDIX A and in the Authority's audited financial statements for prior fiscal years). This variance is due to the City's utilization of a cash-basis accounting method in contrast to the Authority's utilization of a modified accrual accounting method based on month-to-month and year-to-year payments and receipts, which the Authority then reconciles with the Office of the City Treasurer of the City at the end of each fiscal year.

(3) Source: The City's Quarterly City Manager's Reports or the budget for the applicable Fiscal Year.

(4) Source: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Years 2019-2020, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Financial Plan, as applicable.

The Authority's bonds (including the 2019/2020 Bonds, upon their respective issuances) are not secured by, and the owners of such bonds (including the owners of the 2019/2020 Bonds), are not and shall not be entitled to, any moneys transferred by the Trustee, as required by the Act and the Indenture, to the City Account.

The Act provides that, for so long as any of bonds of the Authority (including the Bonds and the 2019/2020 Bonds) remain outstanding, the Commonwealth (i) will not limit or alter the rights vested in the Authority by the Act in any manner inconsistent with the obligations of the Authority to its obligees, and (ii) will not reduce, nor will it authorize any government agency (which term includes, without limitation, the City) levying such tax to reduce, the rate of any tax, including the Authority Tax, imposed exclusively for the purposes of the Authority and pledged by the Authority to secure the bonds of the Authority. Pursuant to the requirements of the Act, the City has included a pledge to the effect set forth in clause (ii) above in the Authority Tax Ordinance.

In the Authority Tax Ordinance and the Cooperation Agreement, the City has pledged and agreed, for so long as any of the bonds of the Authority remain outstanding, with the Authority and each and every obligee of the Authority secured by an Authority pledge of the Authority Tax, that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority (including the 2019/2020 Bonds), secured by a pledge of the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of the Indenture or other agreement pursuant to which such bonds were issued. The City further has acknowledged and agreed in the Authority Tax Ordinance and the Cooperation Agreement that, as provided in the Act, (i) all revenues from the Authority Tax are revenues and property of the Authority and not revenues or property of the City, (ii) such revenues may be freely pledged by the Authority to secure payment of the bonds of the Authority, including the 2019/2020 Bonds, and (iii) such revenues are not subject to appropriation by City Council.

## Defined Benefit Pension Plan for Authority Employees

The Authority covers all full-time employees in the Pennsylvania State Employees' Retirement System (SERS). SERS is a component unit of the Commonwealth and is included in the Commonwealth's financial report as a pension trust fund. SERS issues a publicly available financial report that includes financial statements and required supplementary information. For more information, see "Defined Benefit Pension Plan" in APPENDIX A.

## Debt Service Reserve Fund

The Debt Service Reserve Fund will, upon the respective issuance dates of the 2019 Bonds and of the 2020 Bonds, be maintained in an amount not less than the Debt Service Reserve Requirement, as of such issuance dates, and will secure, equally and ratably, all Bonds Outstanding under the Indenture, including any Outstanding 2010 Bonds, 2019 Bonds, and 2020 Bonds.

Under the Indenture the term "Debt Service Reserve Requirement" means, with respect to all Bonds Outstanding under the Indenture, an amount equal to the lesser of (i) the Maximum Annual Debt Service Requirement with respect to all Bonds Outstanding under the Indenture, and (ii) the maximum amount permitted by the Code. The amount to be deposited into the Debt Service Reserve Fund as a result of each Series of Additional Bonds will be specified in the Supplemental Indenture executed in connection with the issuance of each Series of Additional Bonds, and will be that amount sufficient to satisfy the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture as of the respective issue dates of the 2019 Bonds and the 2020 Bonds. The Indenture provides that in lieu of a deposit at the time of issuance of a Series of Bonds Outstanding under the Indenture, the Authority may cause a Credit Facility to be provided to the Trustee. *See* APPENDIX D - "Debt Service Reserve Fund."

As of the date hereof, the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture is currently satisfied, without regard to the Reserve Policy described hereafter. Upon the issuance of the 2019 Bonds, the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture as of such date will be \$\_\_\_\_\_, and the Authority will satisfy the Debt Service Reserve Requirement with \$\_\_\_\_\_ in cash and investments. Upon the issuance of the 2020 Bonds, the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture as the Delayed Delivery Closing Date will be \$\_\_\_\_\_, and the Authority will satisfy the Debt Service Reserve Requirement with \$\_\_\_\_\_ in cash and investments.

The Authority is not required to maintain amounts in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement. If there are insufficient moneys to pay the debt service requirements on any Series of Bonds Outstanding under the Indenture on any Interest Payment Date, mandatory sinking fund redemption date or maturity date of such Series of Bonds Outstanding under the Indenture, the Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund amounts necessary to make such payments from the Debt Service Fund. All cash and investments in the Debt Service Reserve Fund shall be utilized for making required transfers to the Debt Service Fund for payment of principal of, or interest on, the Bonds Outstanding under the Indenture before making any draws on the Reserve Policy (hereinafter defined). Repayment of any draws, expenses and interest thereon with respect to the Reserve Policy shall be made prior to replenishment of the Debt Service Reserve Fund. Draws on the Reserve Policy and any other similar policies on which there is available coverage shall be made on a pro rata basis (calculated by reference to coverage then available under each such policy) after applying available cash and investments in the Debt Service Reserve Fund. Holders of the 2019/2020 Bonds will have equal and ratable rights or claims to all assets and funds, including the Reserve Policy, held by the Trustee in the Debt Service Reserve Fund. **Investors should assume that FGIC may not be able to meet its obligations under the Reserve Policy and therefore should not rely on the Reserve Policy in making their investment decision. *See* "SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS -Debt Service Reserve Fund Policy" herein.**

## **Debt Service Reserve Fund Policy**

The Authority currently satisfies, and will satisfy on the respective dates of issuance of the 2019 Bonds and the 2020 Bonds, the Debt Service Reserve Requirement. In addition, the Trustee is the holder of a Debt Service Reserve Fund Policy in the maximum amount of \$30,458,126.54 (the “Reserve Policy”) originally issued by FGIC and originally delivered to the Trustee in 1999. The Reserve Policy has been novated to National Public Finance Guarantee Corporation (“NPFGC”). The Reserve Policy met the rating requirement of the Indenture at the time the Reserve Policy was obtained. The Authority has no intention at this time of terminating or replacing the Reserve Policy.

**Investors should not rely on the Reserve Policy or on the credit of FGIC or NPFGC in making their investment decisions. Information regarding FGIC, NPFGC or the Reserve Policy has not been provided for inclusion in this Official Statement. The Authority and the Underwriters make no representations regarding the Reserve Policy, FGIC or NPFGC.**

The specific rights, if any, originally granted to FGIC in connection with its issuance of the Reserve Policy are set forth in the description of the principal legal documents appearing elsewhere in this Official Statement.

## **Additional Bonds**

Pursuant to the Indenture and the Act, the Authority is authorized to issue Additional Bonds under the Indenture, so long as no Event of Default has occurred and is continuing under the Indenture. The Additional Bonds shall be equally and ratably secured with the 2019/2020 Bonds, except for moneys otherwise specifically pledged under the Indenture. Pursuant to the Act, additional bonds, including Additional Bonds issued under the Indenture, may not be issued by the Authority for the purpose of financing a capital project or deficit of the City.

In connection with the issuance of Additional Bonds under the Indenture, the Indenture provides that the Authority must execute a certificate, the calculations of which shall be “verified” by a certified public accountant, showing that (1) the PICA Taxes (as defined in the Indenture), including the Authority Tax, collected with respect to any twelve (12) consecutive months during the fifteen (15) month period immediately preceding the date of issuance of such Additional Bonds equaled at least three hundred percent (300%) of the Maximum Annual Debt Service Requirement (including the Authority’s obligations with respect to the payment of Policy Costs then due and owing with respect to each Credit Facility issued in connection with the Debt Service Reserve Fund for the Bonds Outstanding under the Indenture and any amounts due to the provider of a credit or liquidity facility issued with respect to a Series of Bonds Outstanding under the Indenture) on Bonds to be Outstanding under the Indenture after the issuance of the Additional Bonds and (2) the PICA Taxes projected to be collected during the twelve (12) months following issuance of the Additional Bonds, which projection may be based on the PICA Taxes projected in the City’s most recent Financial Plan approved by the Authority, equal to at least three hundred percent (300%) of the Debt Service Requirement during such twelve (12) month period on Bonds to be Outstanding under the Indenture after the issuance of the Additional Bonds. In determining the amount of PICA Taxes, retroactive effect shall be given to any PICA Tax which was not in effect (including for this purpose any increase in the rate of an existing tax) during the relevant period, but which has been imposed prior to the issuance of the Additional Bonds. The certificate referenced in this paragraph shall not be required in the case of Additional Bonds issued to refund Bonds under the Indenture where the Maximum Annual Debt Service Requirement for such Additional Bonds and the total principal and interest payable on such Additional Bonds for the term thereof do not exceed the comparable amounts for the Bonds being refunded.

The Authority may at any time, without the request or approval of the City, issue bonds to refund its outstanding bonds, including the 2019/2020 Bonds, so long as the maturity date of such refunding bonds will not extend to a maturity date which could not have been included in the original issue of the bonds being refunded. The 2019 Bonds and the 2020 Bonds both satisfy this requirement.

## **Certain Remedies of Bondholders**

Upon the occurrence of any Event of Default (as defined in the Indenture) the Indenture provides that the Trustee, if requested to do so by the holders of twenty-five percent (25%) in aggregate principal amount of Bonds then Outstanding under the Indenture and upon being indemnified as provided in the Indenture, shall pursue any available remedy at law or in equity, including, without limitation, the right to enforce the pledge of, security interest in and lien and charge on all revenues pledged by the Authority as security under the Indenture against all Commonwealth and local public officials in possession of any such taxes and revenues at any time and the performance by the Authority of its obligations under the Indenture; provided, however, that there is no right to accelerate the payment of the principal of the Bonds Outstanding under the Indenture. *See APPENDIX D attached hereto.*

## **Limitation of Remedies**

THE 2019/2020 BONDS ARE LIMITED OBLIGATIONS OF THE AUTHORITY PAYABLE SOLELY FROM THE PLEDGED REVENUES. THE 2019/2020 BONDS DO NOT OTHERWISE CONSTITUTE A PLEDGE OF THE GENERAL CREDIT OF THE AUTHORITY. FURTHER, THE 2019/2020 BONDS DO NOT CONSTITUTE A PLEDGE OF THE CREDIT OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING THE CITY), NOR DO THE 2019/2020 BONDS CONSTITUTE A PLEDGE OF THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING THE CITY). THE AUTHORITY HAS NO TAXING POWER. NEITHER THE COMMONWEALTH NOR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING THE CITY) IS LIABLE FOR THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS.

THE 2019/2020 BONDS SHALL NOT BE SECURED BY, AND ARE NOT PAYABLE FROM, AND THE OWNERS OF THE 2019/2020 BONDS SHALL NOT BE ENTITLED TO, ANY MONEYS TRANSFERRED BY THE TRUSTEE, AS REQUIRED BY THE ACT AND THE INDENTURE, TO THE CITY ACCOUNT OR TO THE ENCUMBERED FUNDS ACCOUNT.

THE 2019/2020 BONDS ARE NOT SUBJECT TO ACCELERATION UPON THE OCCURRENCE OF AN EVENT OF DEFAULT.

The rights and remedies of Bondholders could be limited by the provisions of the Federal Bankruptcy Code, as now or hereafter enacted (the “Bankruptcy Code”), or by other laws or legal or equitable principles which may affect the enforcement of creditors’ rights. Chapter 9 of the Bankruptcy Code permits, under prescribed circumstances, a political subdivision of a state to commence a voluntary bankruptcy proceeding and to file a plan of adjustment in the repayment of its debts, if such political subdivision is generally not paying its debts as they became due (unless such debts are the subject of a bona fide dispute), or is unable to pay its debts as they become due. Under the Bankruptcy Code, an involuntary petition cannot be filed against a political subdivision.

In order to proceed under Chapter 9 of the Bankruptcy Code, state law must authorize the political subdivision to file a petition under the Bankruptcy Code. THE ACT PROHIBITS BOTH THE AUTHORITY AND THE CITY FROM FILING A PETITION UNDER THE BANKRUPTCY CODE WHILE ANY BONDS OF THE AUTHORITY ARE OUTSTANDING.

## **CERTAIN DERIVATIVES ACTIVITIES OF THE AUTHORITY**

The Authority and JPMorgan Chase Bank (the “Swap Counterparty”) previously entered into interest rate “swaption” transactions and “basis cap” transactions with respect to certain series of bonds previously issued by the Authority. These transactions were documented under standard ISDA documents including a Master Agreement, dated as of December 6, 2001 (the “Master Agreement”); a U.S. Municipal Counterparty Schedule to said Master Agreement, dated as of December 6, 2001; a Credit Support Annex to said Schedule, dated as of December 6, 2001 (the “Credit Support Annex”); and various transaction confirmations. The only such transactions that remain outstanding are two

basis cap transactions between the Authority and the Swap Counterparty. Under one such basis cap (the “1993A Bonds Basis Cap”), the Swap Counterparty pays to the Authority an amount each month equal to 0.40% per annum times the notional amount times the day count fraction, and the Authority pays to the Swap Counterparty each month an amount equal to the greater of (a) the average of the SIFMA Index for the monthly period divided by the one-month LIBOR rate less 70%, multiplied by the one-month LIBOR rate, times the notional amount times the day count fraction, and (b) zero. The notional amount of the 1993A Bonds Basis Cap is currently \$36,790,000, and such notional amount reduces by certain scheduled amounts on each June 15 until the end of the term of the 1993A Bonds Basis Cap on June 15, 2022.

Under the second outstanding basis cap transaction (the “1999 Bonds Basis Cap”) the Swap Counterparty pays to the Authority an amount each month equal to 0.46% per annum times the notional amount times the day count fraction, and the Authority pays to the Swap Counterparty each month an amount equal to the greater of (a) the average of the SIFMA Index for the monthly period divided by the one-month LIBOR rate less 70%, multiplied by the one-month LIBOR rate, times the notional amount times the day count fraction, and (b) zero. The notional amount of the 1999 Bonds Basis Cap is currently \$72,960,000, and such notional amount reduces by certain scheduled amounts on each June 15 until the end of the term of the 1999 Bonds Basis Cap on June 15, 2023.

Under each of these transactions, the Authority has the right at its option to terminate the related basis cap, and any such termination will be treated as an “Additional Termination Event” under the Master Agreement that will result in a termination payment, calculated under the “Market Quotation, Second Method” basis, either owing by the Authority to the Swap Counterparty or owing by the Swap Counterparty to the Authority. Other “Additional Termination Events” under the Master Agreement that may entitle the Authority to terminate the related basis cap transactions include (i) if the Swap Counterparty ceases to have an unsecured and unenhanced senior long-term debt rating of at least “A3” by Moody’s Investors Service, Inc. (“Moody’s”) and “A-” by S&P Global Ratings (“S&P”) and the Swap Counterparty fails to post collateral as required by the Credit Support Annex within 15 days, and (ii) if the unsecured and unenhanced senior long-term debt rating of the Swap Counterparty by Moody’s or S&P is suspended or withdrawn or if the Swap Counterparty ceases to have an unsecured and unenhanced senior long-term debt rating of at least “Baa2” by Moody’s and “BBB” from S&P.

Under the documentation for these basis caps, the liability of the Authority to make any payment is limited to the amounts available for such payment in the Revenue Fund after all required transfers have been made to the Debt Service Fund and the Debt Service Reserve Fund pursuant to the Indenture (and also after payment of any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund). The Swap Counterparty’s rights are expressly subordinated to payment by the Authority on the Bonds issued under the Indenture and amounts required to be deposited into the Debt Service Reserve Fund (including payments to the issuer of a reserve fund policy as aforesaid), and the Authority has not granted to the Swap Counterparty any lien, charge, security interest or other encumbrance in or on the Pledged Revenues or any other revenues or assets to secure payment or performance of any of the Authority’s obligations under the basis caps.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## DEBT SERVICE REQUIREMENTS

The following table shows total debt service requirements on all Outstanding Bonds prior to the issuance of the 2019 Bonds and after the issuance of the 2019 Bonds and the redemption of the 2009 Bonds.

Period Ending (June 30)	Total Debt Service on All Outstanding Bonds Prior to Issuance of 2019 Bonds	(Minus) Total Debt Service on 2009 Bonds	Principal on 2019 Bonds	Interest on 2019 Bonds	(Plus) Total Debt Service Requirements on 2019 Bonds	Total Debt Service Requirements After Issuance of 2019 Bonds and Redemption of 2009 Bonds
2020	\$ 46,944,100					
2021	37,319,600					
2022	37,179,750					
2023	<u>23,076,000</u>					
Total:	\$ 144,519,450					

The following table shows total debt service requirements on all Outstanding Bonds prior to the issuance of the 2020 Bonds and after the issuance of the 2020 Bonds and the defeasance of the Refunded 2010 Bonds.

Period Ending (June 30)	Total Debt Service on All Outstanding Bonds Prior to Issuance of 2020 Bonds	(Minus) Total Debt Service on Refunded 2010 Bonds	Principal on 2020 Bonds	Interest on 2020 Bonds	(Plus) Total Debt Service Requirements on 2020 Bonds	Total Debt Service Requirements After Issuance of 2020 Bonds and Defeasance of the Refunded 2010 Bonds
2020						
2021						
2022						
2023

## ANNUAL COLLECTION OF THE CITY TAX AND THE AUTHORITY TAX

In connection with the enactment of the ordinance levying the Authority Tax of 1.5% and the adoption of the Fiscal Year 1992 operating budget of the City, the City enacted an ordinance approved on June 12, 1991 (effective July 1, 1991) reducing the rate of the City's tax on the salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by City residents (the "City Tax") by 1.5%, from 4.96% to 3.46%. Further reductions in the rate of the City Tax were implemented in each of the City's fiscal years 1996 through 2019. The current rate is 2.3712% which, when added to the Authority Tax, results in a tax rate of 3.8712%. These reduced rates include rate reductions funded through tax reduction funding provided by the Commonwealth from gaming proceeds. Additional Commonwealth-funded rate reductions may occur depending on the level of gaming proceeds received by the Commonwealth.

The City Tax is imposed pursuant to authority granted to the City by the Sterling Act (Act of August 5, 1932, Sp. Sess., P.L. 45, No. 43), which was enacted by the Pennsylvania General Assembly in 1932 and permits the City to levy any tax not specifically preempted by the Commonwealth. The City has imposed a wage, earnings and net profits tax since 1939. For a discussion of historical data with respect to collection of the City Tax, see APPENDIX B herein.

Under state law, at least sixty percent (60%) of a taxpayer's tax liability based upon net income under the Business Privilege Tax (as of May 1, 2012, the Business Privilege Tax was renamed the Business Income and Receipts Tax (or BIRT) levied by the City under the First Class City Business Tax Reform Act must be allowed as a credit against such taxpayer's liability under any tax based upon net profits or gain levied by the City pursuant to the Sterling Act (such as the City Tax and the Authority Tax). The Act requires that such credit be applied and exhausted against the City Tax before such credit can be applied and charged against similar liability of a taxpayer under the Authority Tax. The City currently allows the minimum sixty percent (60%) credit required by law, but is permitted to increase

that credit above sixty percent (60%). Beginning with tax year 2016, the City allowed an exemption of the first \$100,000 in gross receipts and a proportionate share of net income from the business income and receipts tax.

The City also levies a tax on the salaries, wages, commissions and other compensation and on net profits earned in business, professions and other activities of non-residents employed in the City (“Non-resident Tax”). The Non-resident Tax rate is different from the City Tax rate.

The following table sets forth the amount of the Authority Tax collected by the Commonwealth (which is net of the costs of the Pennsylvania Revenue Department in collecting the Authority Tax) in Fiscal Years 2010 to 2019.

**Authority Tax Collected By Commonwealth by Fiscal Year<sup>2</sup>**

<u>Fiscal Year</u>	<u>Amount (in millions)</u>
2010	\$342.6
2011	358.9
2012	357.7
2013	376.3
2014	380.5
2015	409.2
2016	446.6
2017	465.1
2018	498.7
2019	528.7

The following table sets forth Authority Tax receipts from the Commonwealth for the 12-month period indicated below.

**Authority Tax Collected By Commonwealth October 2018 to September 2019<sup>3</sup>**

<u>MONTH</u>	<u>AMOUNT</u>
October 2018	37.1
November 2018	43.4
December 2018	37.2
January 2019	42.1
February 2019	40.9
March 2019	51.4
April 2019	60.4
May 2019	54.9
June 2019	36.5
July 2019	44.3
August 2019	40.4
September 2019	35.1
Total	532.2

<sup>2</sup> All information contained in this table, the following table and the following subsection entitled “Historical Revenues and Debt Service Coverage Ratios” has been provided by the Authority. A variance exists between the Authority’s calculation and reporting of both the PICA Tax and the Authority’s annual debt service and expenses (as set forth in the aforementioned tables and sections, elsewhere in the body of this Official Statement, and in APPENDIX A), as opposed to the City’s calculation and reporting of similar items (as set forth in the body of this Official Statement, in APPENDIX A and in the City’s audited financial statements and Quarterly City Manager Reports for prior fiscal years). This variance is due to the City’s utilization of a cash-basis accounting method in contrast to the Authority’s utilization of a modified accrual accounting method based on month-to-month and year-to-year payments and receipts, which the Authority then reconciles with the Office of the City Treasurer of the City at the end of each fiscal year.

<sup>3</sup> See Footnote 2 above.

## Historical Revenues and Debt Service Coverage Ratios <sup>4</sup>

The revenues of the Authority available for debt service from the Authority Tax for Fiscal Years 2016 through 2019 and the debt service coverage ratios for Fiscal Years 2016 through 2019 are shown in the following table:

	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>
Revenues Available for Debt Service (in millions)	\$446,600,000	\$465,100,000	\$498,700,000	\$528,700,000
Actual Debt Service	65,615,600	65,457,235	56,095,100	47,152,100
Debt Service Coverage Ratio	6.81	7.11	8.89	11.21

In its current proposed Financial Plan, the City estimates that the amount of the Authority Tax to be collected in Fiscal Years 2020 and 2021 will be approximately \$546.1 million and \$566.5 million, respectively. There is no assurance that the City Revenue Department and the Law Department of the City, acting as agents for the Pennsylvania Revenue Department, will actually collect such estimated amount of Authority Tax or that the amount of the Authority Tax collected in future years will equal or exceed such estimated amount. Authority Tax receipts collected in the first three (3) months of Fiscal Year 2020 totaled \$104.3 million. See APPENDIX B attached herein.

## THE AUTHORITY

### Organization and Purpose

The Authority is a body corporate and politic constituting a public authority and an instrumentality of the Commonwealth exercising public powers of the Commonwealth as an agency and instrumentality thereof which was created pursuant to the Act for the purpose of providing financial assistance to, and exercising certain powers of oversight over the budgetary practices and fiscal affairs of, cities of the first class in the Commonwealth. The City currently is the only city of the first class in the Commonwealth. The Act and the Cooperation Agreement provide that, upon the request by the City to the Authority for financial assistance and for so long as any bonds of the Authority remain outstanding, the Authority shall have certain powers. In its financial assistance capacity, the Authority has the power to issue its bonds to grant or lend the proceeds thereof to the City. Such power to issue debt for the purposes of financing a deficit or a capital project of the City has expired. The Authority also has an oversight role, and in this capacity it has the power to exercise certain advisory and review powers with respect to the City's financial affairs, including the power to review and approve Financial Plans to be revised at least annually by the City and to certify any noncompliance by the City with its then-existing Financial Plan, which certification would require the Secretary of the Budget of the Commonwealth to cause certain payments due to the City from the Commonwealth to be withheld by the Commonwealth and disbursements to the City from the City Account to be suspended pending compliance with the Act and the then-existing Financial Plan. For a discussion of the operating history of the Authority, see "THE AUTHORITY - Operating History" herein.

### Operating History

Since the issuance of its first series of bonds in 1992, the Authority has devoted its primary attention to the assessment, approval and oversight of the City's Financial Plans, the City's compliance therewith, the evaluation of City financial reporting, the analysis of City financial and budgetary practices and programs and oversight of the expenditure of funds for capital projects and productivity enhancements for which the Authority made grants to the City with a portion of the proceeds from the sale of bonds in 1992, 1993 and 1994.

---

<sup>4</sup> See Footnote 2 above.

## **Board of Authority**

Under the Act, the Authority is administered by a governing Board consisting of five voting members and two ex officio non-voting members. The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives and the Minority Leader of the House of Representatives each appoints one voting member of the Board. Each Board member serves at the pleasure of his or her appointing authority for a term extending not more than sixty days beyond the current term of office of the appointing authorities from the House of Representatives or until a successor member is appointed, whichever occurs first. The maximum term of office of the appointing authorities from the House of Representatives is two (2) years. The current term of office of the appointing authorities from the House of Representatives ends on November 30, 2020.

Members of the Board shall not be liable personally on the 2019/2020 Bonds and shall not be subject to any personal liability or accountability by reason of the issuance thereof.

The Secretary of the Budget of the Commonwealth and the Director of Finance of the City serve as ex officio members of the Board. The ex officio members have no voting rights, are not counted for purposes of establishing a quorum and may designate in writing a representative of their respective offices to attend Board meetings on their behalf.

The current members of the Board are as follows:

**KEVIN VAUGHAN**, Chair. Mr. Vaughan's extensive career in government service began as Legislative Director for Philadelphia City Councilman Angel Ortiz before being appointed by then-Mayor Rendell as Executive Director of the Philadelphia Commission on Human Relations. Mr. Vaughan was then appointed by President Clinton as a Regional Director of the US Department of Health and Human Services. He returned to service in Philadelphia as the Associate Director of the Free Library, Chief of Staff of the Managing Director's Office, Deputy Commissioner of the Department of Public Health, and finally as the Director of the Deputy Mayor's Office for Health and Opportunity/Deputy Health Commissioner. Mr. Vaughan is a graduate of the University of Pennsylvania (C'77), attended the Fels School of Government, and holds executive education certificates from Columbia University and Harvard University. He was initially appointed to the PICA Board in 2016 by Governor Wolf.

**ALAN C. KESSLER, ESQUIRE**, Vice-Chair. Mr. Kessler is an attorney in the area of commercial litigation with a focus on class actions and other complex litigation, government relations, and general counseling as a partner at Duane Morris LLP. Mr. Kessler's public service includes serving as a presidential appointee by President Clinton as the Vice Chair of the Presidential/Congressional Commission on Risk Assessment and Risk Management; and as a presidential appointee by President Clinton to the Board of Governors of the United States Postal Service. He was elected Chair of the USPS Board of Governors in 2008. Mr. Kessler was initially appointed to serve as a member of the Board by the Democratic Leader of the Senate in 2015.

**MICHAEL A. KARP**, Secretary/Treasurer. Mr. Karp's prior government service includes service as a member of the Board of Education of the School District of Philadelphia. He is the founder of University City Housing and is active in the civic affairs of the University City community in West Philadelphia. He was first appointed to serve as a member of the Board by the Speaker of the House of Representatives in 2000 and has been reappointed to the Board upon expiration of each term of office.

**JAMES F. CAWLEY**, Assistant Secretary/Treasurer. Mr. Cawley is Temple University's Vice President of Institutional Advancement. Previously, he served as president and CEO of United Way of Greater Philadelphia and Southern New Jersey and as Lieutenant Governor of the Commonwealth of Pennsylvania, from 2011 to 2015. Prior to being elected to statewide office, Mr. Cawley served on the Bucks County Board of Commissioners, as Chief of Staff to State Senator Tommy Tomlinson, and as a member of the board of the Bristol Township School District. Mr. Cawley earned a bachelor's degree in political science and a law degree from Temple University. He was appointed to serve as a member of the PICA board by the Pro Tempore of the Pennsylvania Senate in 2017.

**TINA BYLES WILLIAMS**, Member. Ms. Byles Williams founded FIS Group 21 years ago and has over 33 years of investment experience. She is the chief investment strategist and portfolio manager for the firm's global equities product. As Chief Investment Officer, she chairs the firm's Investment Committee, overseeing all investment strategy, manager search and disposition decisions. Prior to founding FIS Group, Ms. Byles Williams was a principal and senior consultant with the investment consulting firm WHP, Inc. Before joining WHP, Ms. Byles Williams served as Chief Investment Officer to the City of Philadelphia's Board of Pensions and Retirement. Ms. Byles Williams completed her undergraduate work at New York University where she graduated Magna Cum Laude and earned her Master's degree in Public Policy with an emphasis in Finance from Harvard University. She was initially appointed to the PICA Board in 2017 by the Democratic Leader of the Pennsylvania House of Representatives.

**JEN SWAILS**, Ex Officio. Ms. Swails is the Secretary of the Budget of the Commonwealth.

**ROB DUBOW**, Ex Officio. Mr. Dubow is the Director of Finance of the City. Mr. Dubow previously served as the Executive Director of the Authority.

### **Authority Staff**

The Board appoints a staff to execute the functions of the Authority. Currently, the staff of the Authority is comprised of six (6) individuals, including the Executive Director, a deputy executive director, two (2) financial analysis specialists and two (2) administrative assistants. The Act provides that the Executive Director serves at the pleasure of the Board for a term ending sixty days beyond the current term of office of the appointing authorities from the House of Representatives or until his or her successor is retained, whichever occurs first.

The staff of the Authority is currently supervised by:

**HARVEY M. RICE**, Executive Director. Mr. Rice joined the Authority as Executive Director in January 2014. Prior to this role, he served as the City of Philadelphia's First Deputy City Controller and Chief of Staff. He was responsible for the management and oversight of 125 employees in the nine divisions within the Controller's Office. Under Mr. Rice's leadership, the City Controller's Office uncovered more than \$500 million in revenues and savings for the City of Philadelphia through audits, reports and investigations. The Controller's Office also has received numerous national awards for its performance audits under his direction. Prior to his appointment as City Controller, Mr. Rice served as the Pennsylvania Department of Education's Safe Schools Advocate for the School District of Philadelphia. He was appointed by then Governor Tom Ridge. As the Safe School Advocate, Mr. Rice was responsible for monitoring the School District's compliance with the Safe Schools Act, as well as assisting and advocating on behalf of victims of school violence and ensuring the quick removal of violent and disruptive students from city schools. Mr. Rice is an attorney with a law degree from the Beasley School of Law at Temple University. He served as Co-Chair for the Philadelphia Coalition for Victim Advocacy, and as a member of the Collaborative Response to Crime Victims.

### **Financing Program**

The Authority was established and organized by the Commonwealth in June 1991 pursuant to the Act. The Authority has previously issued eleven Series of Bonds under the Indenture, only two of which are currently Outstanding: the 2009 Bonds and the 2010 Bonds. Upon the issuance of the 2019 Bonds, only the 2019 Bonds and the 2010 Bonds will remain Outstanding. The Authority may from time to time, subject to the limitations prescribed in the Act, enter into financing or refinancing transactions. Each additional financing or refinancing transaction may be a separate obligation of the Authority issued under a trust indenture separate from the Indenture or may be an obligation of the Authority issued under an indenture supplemental to the Indenture and secured on an equal and ratable (except for moneys otherwise specifically pledged under the Indenture) or subordinate basis with the 2010 Bonds and the 2019 Bonds.

Under the Act, the City is required to fulfill and comply with certain requirements in order to receive financial assistance from the Authority. Such requirements include, but are not limited to, (i) adoption of an intergovernmental

cooperation agreement between the City and the Authority, which must be approved by a Qualified Majority of the Board, and (ii) the development and revision at least annually by the City of, and in compliance with, a Financial Plan. “Qualified Majority” is defined in the Act to mean a majority of the Board which includes any four voting members.

### **Oversight Functions of the Authority**

The Act establishes a statutory framework for financial oversight of the City by the Authority. Generally, in order to receive financial assistance from the Authority, and for so long as any bonds of the Authority remain Outstanding, the City must comply with certain requirements set forth in the Act and in certain documents and agreements, such as the Cooperation Agreement, contemplated by the Act. In addition, the Act and certain documents and agreements contemplated by the Act, such as the Cooperation Agreement, grant to the Authority certain powers to review City financial information and to take certain actions to monitor and to promote the City’s compliance with its obligations under the Act and under certain documents and agreements contemplated by the Act, such as the Cooperation Agreement. *See* “THE AUTHORITY - Powers of the Authority to Promote Compliance” herein.

### **Intergovernmental Cooperation Agreement**

On January 8, 1992, the City and the Authority entered into the Cooperation Agreement. In addition to detailing the preparation, approval and effect of the City’s Financial Plan as described below, the Cooperation Agreement provides, in general, for the initial issuance of bonds by the Authority to provide financial assistance to the City, and sets forth certain terms governing the City Account. The Cooperation Agreement also requires the City to provide to the Authority certain financial and other information and grants to the Authority certain inspection and audit rights.

### **Financial Plan**

Upon the request by the City to the Authority for financial assistance, and for so long as any bonds of the Authority remain Outstanding, the Act requires that the City submit and the Authority approve at least annually a Financial Plan conforming to certain standards specified in the Act and in the Cooperation Agreement. The Act and the Cooperation Agreement require that each Financial Plan include financial information concerning projected revenues and expenditures of the principal operating fund or funds of the City specified in the Cooperation Agreement, including primarily the City’s General Fund, General Capital Fund and Grants Revenue Fund, for the current fiscal year and the next four fiscal years. All projections of the revenues and expenditures in each Financial Plan must be based on assumptions and methods of estimation determined to be reasonable and appropriate by the Authority, such assumptions and methods to be consistently applied. All cash flow projections in each Financial Plan must be based upon assumptions as to sources and uses of cash determined to be reasonable and appropriate by the Authority. Revenue and appropriation estimates must be on a modified accrual basis; any deviation from the statutory standards for estimating revenues and expenditures must be approved by a Qualified Majority of the Board.

Each Financial Plan must specify practices by which the City shall (i) eliminate any projected deficit of the City for the then-current fiscal year and for the subsequent fiscal years covered by such Financial Plan; (ii) restore to special fund accounts of the City moneys from those accounts used for purposes other than those specifically authorized; (iii) balance the then-current fiscal year budget and subsequent budgets of the City covered by the Financial Plan through sound budgetary practices, including, but not limited to, reductions in expenditures, improvements in productivity, increases in revenues, or a combination of such steps; (iv) provide procedures to avoid a City fiscal emergency condition in the future; and (v) enhance the ability of the City to regain access to the short- and long-term credit markets.

Pursuant to the Act, the City was required to submit an initial Financial Plan to the Authority for its approval prior to the Authority rendering certain financial assistance to the City. The City submitted an initial Financial Plan to the Authority prior to the issuance of the first series of bonds by the Authority in 1992. In addition, the Act and the Cooperation Agreement require the City to submit a revised Financial Plan at least one hundred (100) days prior to the beginning of each fiscal year (or such other date as the Authority may approve at the request of the City), so long as

any bonds of the Authority are outstanding. Each such revised Financial Plan is required to include projected revenues and expenditures of the General Fund, the General Capital Fund, the Grants Revenue Fund and any other principal operating fund of the City which becomes a member of the City's Consolidated Cash Account (collectively, the "Covered Funds") for five fiscal years of the City, consisting of the fiscal year of the City beginning on the July 1 next following the date such revised Financial Plan is required to be submitted to the Authority and the next four fiscal years thereafter.

The Act and the Cooperation Agreement also require that the City, simultaneously with the submission of each Financial Plan, submit to the Authority, among other things, the following:

- (a) a schedule of debt service payments due or projected to become due in respect of all indebtedness of the City and all indebtedness of others supported in any manner by the City (by guaranty, lease, service agreement or otherwise) during each fiscal year of the City until the final scheduled maturity of such indebtedness, such schedule to set forth such debt service payments separately according to the general categories of direct general obligation debt, direct revenue debt, lease obligations, service agreement obligations and guaranty obligations;
- (b) a schedule of payments for legally mandated services included in the Financial Plan and due or projected to be due during the fiscal years of the City covered by the Financial Plan;
- (c) a statement describing, in reasonable detail, the significant assumptions and methods of estimation used in arriving at the projections contained in the Financial Plan;
- (d) the Mayor's proposed operating budget and capital budget for each of the City's principal operating funds for the next fiscal year of the City, which budgets shall be consistent with the first year of the Financial Plan and which budgets shall be prepared in accordance with the Philadelphia Home Rule Charter, as amended;
- (e) a statement by the Mayor that the budgets described in (d) above: (i) are consistent with the Financial Plan; (ii) contain funding adequate for debt service payments, legally mandated services and lease payments securing bonds of other government agencies or of any other entities; and (iii) are based on reasonable and appropriate assumptions and methods of estimation;
- (f) a cash flow forecast for the City's consolidated cash account for the first fiscal year of the City covered by the Financial Plan;
- (g) an opinion or certification of the City Controller, prepared in accordance with generally accepted auditing standards, with respect to the reasonableness of the assumptions and estimates in the Financial Plan; and
- (h) schedule setting forth the number of authorized employee positions (filled and unfilled) for the first year covered by such Financial Plan for each board, commission, department or office of the City.

The Act and the Cooperation Agreement require the Authority promptly to review the Financial Plan and the proposed operating and capital budgets. The Act and the Cooperation Agreement also require the Authority, within thirty (30) days of the submission of the Financial Plan and proposed operating and capital budgets, to determine whether such Financial Plan projects balanced budgets for the principal operating fund or funds of the City, based upon reasonable assumptions, for each year of the Financial Plan and whether such proposed operating and capital budgets are consistent with the Financial Plan.

If the Authority determines that the Financial Plan and the proposed operating and capital budgets fulfill the applicable requirements of the Act and the Cooperation Agreement, the Act and the Cooperation Agreement require the Board to approve the Financial Plan by a Qualified Majority. If the Authority fails to take any action within thirty

(30) days of the submission of a proposed Financial Plan, such Financial Plan shall be deemed to have been approved; provided, however, that if during such thirty(30) day period a written request by two (2) members of the Board for a meeting and vote on the question of approval of the proposed Financial Plan has been submitted to the Chairperson of the Board and a meeting and vote does not take place, then the Financial Plan shall be deemed to have been disapproved. The Financial Plan also shall be deemed to have been disapproved if such meeting and vote are held and the Financial Plan is approved by anything less than a Qualified Majority. The Act and the Cooperation Agreement provide that the Authority shall not be bound by any opinions or certifications of the City Controller issued pursuant to the Act or the Cooperation Agreement in making any determination regarding the Financial Plan.

If the Financial Plan is disapproved by the Board, the Act and the Cooperation Agreement require the Authority to notify the City thereof and to state in writing in reasonable detail the reasons for such disapproval, including the amount of any estimated budget imbalance in a principal operating fund or funds of the City. The City must then submit a revised Financial Plan to the Authority, eliminating the budget imbalance, within fifteen (15) days of such disapproval. Such revised Financial Plan must be reviewed and voted upon by the Board within fifteen (15) days of its submission. If the Authority determines that the revised Financial Plan fulfills the applicable requirements of the Act and the Cooperation Agreement, the Board must approve the revised Financial Plan by a Qualified Majority. If the Authority does not so approve the revised Financial Plan, the Authority shall certify the City's noncompliance with the Financial Plan to the Secretary of the Budget of the Commonwealth. *See* "Powers of the Authority to Promote Compliance" herein.

The Act and the Cooperation Agreement provide that the City may, during any fiscal year, submit proposed revisions to its then-existing Financial Plan. The Act provides that the City shall submit such a proposed revision after, and the Cooperation Agreement provides that the City shall submit a proposed revision within fifteen (15) days after, any amendment to the City's operating or capital budget becomes effective. The Act and the Cooperation Agreement also require the Mayor, within ninety (90) days of assuming office, to certify to the Authority that the Mayor adopts the then-existing Financial Plan or to propose to the Authority revisions to the then-existing Financial Plan. When a proposed revision is submitted, the Authority is required to review the revision within twenty (20) days and to approve the proposed revision if, based on assumptions deemed to be reasonable by the Authority, it does not cause the Financial Plan to become imbalanced. Proposed revisions become part of the Financial Plan upon the approval of a Qualified Majority, unless a Qualified Majority of the Board adopts some other method of approval in its rules and regulations. If the Authority fails to take action on a proposed revision within twenty (20) days, such revision will be deemed to have been approved, unless two (2) members of the Board request in writing submitted to the Chairperson of the Board a meeting and vote on the revision and no such meeting and vote takes place, in which event such revision will be deemed to have been disapproved. The Financial Plan shall also be deemed to have been disapproved if such meeting and vote are held and the Financial Plan is approved by anything less than a Qualified Majority.

In the event that the City Council adopts a budget inconsistent with an approved Financial Plan, the Act and the Cooperation Agreement require the City to submit the enacted budget to the Authority (pursuant to the terms of the Cooperation Agreement, within twenty (20) days after such budget has been so enacted) as a proposed revision to the Financial Plan. The Authority shall have thirty (30) days to review such proposed revision.

### **Contracts and Collective Bargaining Agreements of the City**

The Act and the Cooperation Agreement provide that the City shall execute contracts and collective bargaining agreements which are in compliance with the Financial Plan. The Act and the Cooperation Agreement provide that if the City executes a contract or collective bargaining agreement or receives an arbitration award (other than with respect to police officers or firefighters as described in the next following sentence) which is not in compliance with the Financial Plan, such contract, collective bargaining agreement or arbitration award shall not be void or voidable solely by reason of such noncompliance, but the City shall as soon as practicable but in no event later than fifteen (15) days after the execution or receipt thereof by the City, submit to the Authority a proposed revision to the Financial Plan which demonstrates to the reasonable satisfaction of the Authority that revenues sufficient to pay the costs of the contract or collective bargaining agreement or arbitration award will be available in the affected fiscal years of the Financial Plan. In addition, Section 209(k) of the Act provides that a board of arbitration must take into consideration

and accord substantial weight to the Financial Plan when making an award which increases the wages or fringe benefits of any police officers or firefighters employed by the City. The Act and the Cooperation Agreement provide that if such an arbitration award, after the exhaustion of all appeals, is not in compliance with the Financial Plan, such an arbitration award shall not be void or voidable solely by reason of such noncompliance, but the City shall not later than twenty (20) days after the date of such award, submit to the Authority a proposed revision to the Financial Plan which demonstrates that revenues sufficient to pay the costs of the arbitration award will be available in the affected fiscal years of the Financial Plan. The Cooperation Agreement provides that the Authority has certain rights to receive information concerning collective bargaining agreements of the City and to express views as to the financial impact on the City of such collective bargaining agreements. The Cooperation Agreement also provides that the Authority has certain rights of review, comment, and recommendation with respect to certain other contracts or agreements to which the City is a party or under or on account of which the City may be or become obligated, directly or indirectly, pursuant to which the City will or may incur a financial obligation or confer a financial benefit upon another, in either case in excess of \$1,000,000 during any fiscal year of the City during the term of such contract or agreement, or in excess of \$5,000,000 in the aggregate during the term of such contract or agreement. The Authority has agreed with the City to keep certain information and communications relating to collective bargaining agreements and such other contracts confidential until such agreements or contracts are executed.

### **Powers of the Authority to Promote Compliance**

In the event the City fails to submit the required revisions to the Financial Plan as discussed above, the Authority may exercise certain powers to promote compliance, as described below.

#### *Power to Require Production of Records and Information and to Act Thereon*

The Act and the Cooperation Agreement require the City to furnish, and the Authority to receive and review, certain financial reports and other information in order to enable the Authority to determine whether the City is complying with the then-existing Financial Plan. Under the Cooperation Agreement, within forty-five (45) days of the end of each fiscal quarter of the City, and also monthly (within thirty (30) days after the end of the previous month) if a Variance (as hereinafter defined) from the then-current Financial Plan has been determined by the Authority to have occurred, the Mayor is required to provide to the Authority a report describing actual, or current estimates of, revenues, expenditures and cash flows by Covered Fund (excepting the Grants Revenue Fund) compared to budgeted revenues, expenditures and cash flows by Covered Funds (excepting the Grants Revenue Fund) for such previous quarterly or monthly period, as the case may be, and for the year-to-date period from the beginning of the then-current fiscal year of the City to the last day of the fiscal quarter or month, as the case may be, just ended. Each such report is required to explain any Variance existing as of such last day. If the City fails to file with the Authority any Financial Plan, revision to a Financial Plan, report or other information required to be filed with the Authority pursuant to the Act or the Cooperation Agreement, the Act and the Cooperation Agreement authorize the Authority to bring, on ten (10) days' notice, a mandamus action to compel production of the same.

The Authority is required to determine, based on its review of the aforementioned information or upon such independent audits, examinations or studies of the City finances as may be conducted by or on behalf of the Authority, whether a Variance from the Financial Plan has occurred.

Under the Cooperation Agreement, a "Variance" is deemed to have occurred as of the end of a reporting period described above if (i) a net adverse change in the fund balance of a Covered Fund of more than one percent (1%) of the revenues budgeted for such Covered Fund for that fiscal year is reasonably projected to occur, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year, or (ii) the actual net cash flows of the City for a Covered Fund are reasonably projected to be less than ninety-five percent (95%) of the net cash flows of the City for such Covered Fund for that fiscal year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year.

If the Authority determines that a Variance exists, it is required to notify the City in writing, whereupon the City is required, within ten (10) days after request by the Authority, to provide the Authority such additional information as the Authority deems necessary to explain the Variance. The Authority may not take action with respect to the City as a result of Variances from the Financial Plan in any fiscal quarter of the City if the City (i) within thirty (30) days provides a written explanation of the Variance that the Authority deems reasonable, (ii) within forty-five (45) days proposes remedial action that the Authority believes will restore overall compliance with the Financial Plan, (iii) provides information in the immediately succeeding quarterly financial report required to be delivered to the Authority demonstrating to the reasonable satisfaction of the Authority that the City is taking the remedial action and otherwise complying with the Financial Plan, and (iv) submits monthly supplemental reports in accordance with the Act and the Cooperation Agreement.

*Power to Initiate Withholding of Certain Payments to the City by the Commonwealth*

The Act and the Cooperation Agreement require the Authority to certify to the Secretary of the Budget of the Commonwealth the City's noncompliance with the then-existing Financial Plan during any period when the Authority, by a Qualified Majority, determines that the City (i) has not adhered to the then-existing Financial Plan and (ii) has not taken adequate remedial action during the next fiscal quarter following such departure from the Financial Plan to cure such noncompliance.

In addition, the Act and the Cooperation Agreement require the Authority to certify to the Secretary of the Budget of the Commonwealth that the City is not in compliance with the then-existing Financial Plan if the City (a)(i) has failed to file a Financial Plan or has no Financial Plan approved by the Authority, both as required by the Act and the Cooperation Agreement, or (ii) has failed to file mandatory revisions to an approved Financial Plan or reports as required by the Act and the Cooperation Agreement and (b) has not been compelled to file a Financial Plan, a mandatory revision to a Financial Plan or a report pursuant to the Authority's power to institute a mandamus action under the Act and the Cooperation Agreement.

*Withholding of Commonwealth Payments to City; Exemptions Therefrom*

In the event the Authority certifies the City's noncompliance with an approved Financial Plan, the Act requires the Secretary of the Budget of the Commonwealth to notify the City of such certification and to inform the City that each grant, loan, entitlement or payment from the Commonwealth or any of its agencies to the City (except as provided below), including payments from the City Account, shall be suspended until such time as the City complies with the then-existing Financial Plan. The Act also requires payments from the City Account to be retained in that account, and all other payments to be held in escrow by the Commonwealth until such time as the Board, by a Qualified Majority, determines that the conditions causing the City's noncompliance with the Financial Plan have ceased to exist. At the time the Authority makes such determination, the Act requires the Authority promptly to notify the Secretary of the Budget of the Commonwealth, who is required to release all funds held in escrow, along with interest and income earned thereon during the escrow period, and the disbursements to the City from the City Account shall then resume.

The Act and the Cooperation Agreement specifically provide that, other provisions of the Act and the Cooperation Agreement notwithstanding, the following funds may not be withheld by the Commonwealth from the City for noncompliance with a Financial Plan: (i) funds for capital projects under contracts in progress; (ii) funds granted or allocated to the City directly from an agency of the Commonwealth, or from the federal government for distribution by the Commonwealth after the declaration of a disaster resulting from a catastrophe; (iii) pension fund payments required by law; (iv) funds administered by the City's Department of Human Services or Department of Health that provide benefits or services to recipients; (v) funds that the City has pledged to repay bonds or notes issued under The First Class City Revenue Bond Act (Act of October 18, 1972, P.L. 955, No. 234); and (vi) funds appropriated by the Commonwealth for the City's court system or correctional programs. The Act also provides that funds will not be withheld from the City if the City's noncompliance with a Financial Plan is due to the Commonwealth's failure to pay funds due to the City from moneys appropriated by the General Assembly of the Commonwealth. However, the Cooperation Agreement provides that such failure by the Commonwealth to pay any such money shall not be as a result of any fault of the City.

## **LITIGATION**

There is no litigation of any nature now pending or threatened seeking to restrain or enjoin the issuance, sale, execution or delivery of the 2019/2020 Bonds or any proceedings of the Authority taken with respect to the issuance or sale thereof, or the pledge or application of any moneys or security provided for the payment of the 2019/2020 Bonds or the existence or powers of the Authority.

## **LEGAL INVESTMENT**

The Act provides that the 2019/2020 Bonds are legal investments, in which all government agencies, all insurance companies, trust companies, banking associations, banking corporations, savings banks, investment companies, executors, trustees of any retirement, pension or annuity fund or system of the Commonwealth or of a city, trustees and other fiduciaries may properly and legally invest funds, including capital, deposits or other funds in their control or belonging to them. Under the Act, the 2019/2020 Bonds may properly and legally be deposited with and received by any government agency for any purpose for which the deposit of bonds or other obligations of the Commonwealth now or hereafter may be authorized by law.

## **CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS**

The Authority will enter into the Forward Delivery Bond Purchase Agreement for the 2020 Bonds with the Representative acting on behalf of itself and on behalf of the Underwriters. Subject to the terms of the Forward Delivery Bond Purchase Agreement, the Authority expects to issue and deliver the 2020 Bonds on March 17, 2020, or such later date as may be mutually agreed by the Authority and the Underwriters (the “Delayed Delivery Closing Date”).

The obligation of the Underwriters to purchase the 2020 Bonds from the Authority is subject to the satisfaction of certain conditions, as outlined in the Forward Delivery Bond Purchase Agreement on the Initial Closing Date (the “Initial Closing Date”, which is expected to be \_\_\_\_\_, 2019), the date of issuance of the 2019 Bonds) and on the Delayed Delivery Closing Date. The conditions to be satisfied during the period from and including the date of the Forward Delivery Bond Purchase Agreement to the Initial Closing Date are, in general, comparable to those required in connection with bond closings that use a customary period of up to six weeks between sale dates and final closing dates. Because of the longer period between the sale and settlement of the 2020 Bonds, there are certain certificate, legal opinion and other document delivery requirements and settlement conditions that must be met as of the Delayed Delivery Closing Date, and certain of those requirements and conditions are summarized below. All the conditions with respect to the sale and settlement of the 2020 Bonds are set forth in the Forward Delivery Bond Purchase Agreement. The following is a description of certain provisions of the Forward Delivery Bond Purchase Agreement. The following description is not to be considered a full statement of the terms of the Forward Delivery Bond Purchase Agreement and accordingly is qualified by reference thereto and is subject to the full text thereof, a copy of which is available from the Authority and the Underwriters.

BY PLACING AN ORDER WITH THE UNDERWRITERS FOR THE PURCHASE OF THE 2020 BONDS, EACH PURCHASER ACKNOWLEDGES AND AGREES THAT THE 2020 BONDS ARE BEING SOLD ON A “FORWARD DELIVERY” BASIS, THAT THE PURCHASER IS OBLIGATED TO ACCEPT DELIVERY OF AND PAY FOR THE 2020 BONDS ON THE DELAYED DELIVERY CLOSING DATE SUBJECT TO THE CONDITIONS IN THE FORWARD DELIVERY BOND PURCHASE AGREEMENT, AND THAT EACH PURCHASER WILL BE REQUIRED TO SIGN, AND DELIVER TO THE UNDERWRITERS, A DELAYED DELIVERY CONTRACT SUBSTANTIALLY IN THE FORM ATTACHED AS APPENDIX J (A “DELAYED DELIVERY CONTRACT”) AS A CONDITION TO ANY 2020 BONDS BEING ALLOCATED TO SUCH PURCHASER. ADDITIONALLY, EACH PURCHASER ACKNOWLEDGES AND AGREES THAT IT WILL REMAIN OBLIGATED TO PURCHASE SUCH 2020 BONDS EVEN IF THE PURCHASER DECIDES TO SELL SUCH 2020 BONDS FOLLOWING THE DATE OF PURCHASE, UNLESS THE PURCHASER SELLS SUCH 2020

BONDS TO ANOTHER INSTITUTION WITH THE PRIOR WRITTEN CONSENT OF THE REPRESENTATIVE OF THE UNDERWRITERS AND SUCH INSTITUTION PROVIDES A WRITTEN ACKNOWLEDGEMENT OF CONFIRMATION OF PURCHASE ORDER AND A DELAYED DELIVERY CONTRACT IN THE SAME RESPECTIVE FORM AS THAT EXECUTED BY THE PURCHASER.

### **Delayed Delivery Closing Date for 2020 Bonds**

The issuance of the 2020 Bonds and the Underwriters' obligations under the Forward Delivery Bond Purchase Agreement to purchase, accept delivery of and pay for the 2020 Bonds on the Delayed Delivery Closing Date are conditioned upon the performance by the Authority of its obligations thereunder, the delivery of certain certificates, legal opinions and other documents, including, without limitation, the delivery of an approving opinion of Bond Counsel dated the Delayed Delivery Closing Date, substantially in the form and to the effect as set forth in APPENDIX E-2 to this Official Statement (the "2020 Bond Counsel Opinion"), and the satisfaction of other conditions as of the Delayed Delivery Closing Date, certain of which are described below.

#### *No Change in Law*

The Forward Delivery Bond Purchase Agreement provides as a condition to the Underwriters' obligation to purchase, accept delivery of and pay for the 2020 Bonds, that as of the Delayed Delivery Closing Date, no Change in Law shall have occurred. For purposes of this condition, "Change in Law" shall mean any of the following events that occur at any time after the Initial Closing Date and on or prior to the Delayed Delivery Closing Date: (i) any change in or addition to applicable federal or state law, whether statutory or as interpreted by the courts, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or state agencies, (ii) any legislation enacted by the Congress of the United States or introduced into Congress and recommended for passage by the President of the United States (whether or not such enacted or recommended legislation has a proposed effective date which is on or before the Delayed Delivery Closing Date), (iii) any law, rule or regulation proposed or enacted by any governmental body, department or agency (whether or not such proposed or enacted law, rule or regulation has a proposed effective date which is on or before the Delayed Delivery Closing Date), or (iv) any judgment, ruling or order issued by any court or administrative body, which in any such case cited in (i) through (iv) above would on the Delayed Delivery Closing Date: (A) as to the Underwriters, legally prohibit (or have the retroactive effect of prohibiting, if enacted, adopted, passed or finalized) their purchase of the 2020 Bonds, as provided in the Forward Delivery Bond Purchase Agreement or their sale of the 2020 Bonds or beneficial ownership interests therein to the public; or (B) as to the Authority, make illegal the issuance, sale or delivery of the 2020 Bonds (or have the retroactive effect of making such issuance, sale or delivery illegal, if enacted, adopted, passed or finalized); or (C) eliminate the exclusion from gross income for federal income tax purposes of interest on the 2020 Bonds (or have the retroactive effect of eliminating such exclusion if enacted, adopted, passed or finalized); or (D) require the 2020 Bonds to be registered under the Securities Act of 1933, as amended or under the Securities Exchange Act of 1934, as amended or require the Indenture to be qualified under the Trust Indenture Act of 1939, as amended (if enacted, passed, finalized or adopted), and as to the foregoing, in the sole and reasonable judgment of Bond Counsel causes Bond Counsel to not issue its opinion as to the tax-exempt status of the interest on the 2020 Bonds for federal tax purposes; provided, however, that such change in or addition to law, legislation, rule or regulation or judgment, ruling or order shall have become effective, been enacted, introduced or recommended, been proposed or enacted or been issued as the case may be, after the date of the Forward Delivery Bond Purchase Agreement. The Underwriters' right to cancel their obligation to purchase the 2020 Bonds pursuant to the provisions of the Forward Delivery Bond Purchase Agreement described in this paragraph shall only arise on the Delayed Delivery Closing Date and only if a Change in Law exists on the Delayed Delivery Closing Date, irrespective of when such Change in Law arose.

### *Existence of Ratings*

It shall also be a condition to the Underwriters' obligation to purchase, accept delivery of, and pay for the 2020 Bonds that the Authority deliver evidence to the Underwriters that as of the Delayed Delivery Closing Date, that the ratings which are required to be obtained by the Initial Closing Date have not been withdrawn or suspended as of the Delayed Delivery Closing Date. *See* "RATINGS" herein for information about the ratings for the 2020 Bonds to be obtained by the Initial Closing Date.

### *Confirmation of Representations*

It shall also be a condition to the Underwriters' obligation to purchase, accept delivery of and pay for the 2020 Bonds that the Authority deliver a certificate to the Underwriters, dated the Delayed Delivery Closing Date, signed by the Chairperson or Vice Chairperson and Secretary or Assistant Secretary of the Authority to the effect that, to the best of their knowledge, the Authority's representations and warranties in the Forward Delivery Bond Purchase Agreement are true and correct in all material respects on and as of the Delayed Delivery Closing Date.

### *Delivery of Supplement to the Official Statement*

During the period of time subsequent to the Initial Closing Date and up to and including the Delayed Delivery Closing Date (the "Forward Delivery Period"), certain information contained in this Official Statement may change in a material respect. The Authority has agreed in the Forward Delivery Bond Purchase Agreement to deliver a supplement to the Official Statement (the "Supplement to the Official Statement") not more than twenty-five (25) days nor less than ten (10) days prior to the Delayed Delivery Closing Date. The Supplement to the Official Statement is expected to provide, among other things, a discussion of, and any updates with respect to, matters of the type addressed under "TAX MATTERS" which are applicable to the 2020 Bonds as of the date of the Supplement to the Official Statement.

If, on the Delayed Delivery Closing Date, the conditions to the obligations of the Underwriters to purchase, accept delivery of and pay for the 2020 Bonds as set forth in the Forward Delivery Bond Purchase Agreement have not been met or waived, the Forward Delivery Bond Purchase Agreement will terminate and neither the Underwriters nor the Authority will be under any further obligation under the Forward Delivery Bond Purchase Agreement.

If the Change in Law involves the enactment of legislation (such as, for example, a change in tax rates) which only diminishes the value of, as opposed to eliminating the exclusion from gross income for federal income tax purposes of, interest payable on "state or local bonds," the Authority may, nonetheless, be able to satisfy the requirements for the delivery of the 2020 Bonds. In such event, the Underwriters would be obligated to purchase the 2020 Bonds from the Authority and the purchasers would be required to accept delivery of the purchased 2020 Bonds from the Underwriters.

The Underwriters have advised the Authority that the 2020 Bonds will be sold only to purchasers who execute a Delayed Delivery Contract, a form of which is set forth in APPENDIX J. The Authority will not be a party to the Delayed Delivery Contracts, and the Authority is not in any way responsible for the performance thereof or for any representations or warranties contained therein. The rights and obligations under the Forward Delivery Bond Purchase Agreement are not conditioned or dependent upon the performance of any Delayed Delivery Contract. The Underwriters may not refuse to purchase the 2020 Bonds from the Authority except as expressly provided in the Forward Delivery Bond Purchase Agreement.

THE UNDERWRITERS (AND, IN TURN, THE PURCHASERS OF THE 2020 BONDS FROM THE UNDERWRITERS) MAY NOT REFUSE TO PURCHASE THE 2020 BONDS BY REASON OF GENERAL MARKET OR CREDIT CHANGES INCLUDING, BUT NOT LIMITED TO, CHANGES IN THE RATINGS ANTICIPATED TO BE ASSIGNED TO THE 2020 BONDS, CHANGES IN THE FINANCIAL CONDITION, OPERATIONS, PERFORMANCE, PROPERTIES OR PROSPECTS OF THE AUTHORITY AFTER THE INITIAL CLOSING DATE AND PRIOR TO THE DELAYED DELIVERY CLOSING DATE, CHANGES IN THE GENERAL LEVEL OF INTEREST RATES OR CHANGES IN VALUE OF THE 2020 BONDS OR FOR ANY OTHER REASON EXCEPT A FULL ELIMINATION OF TAX EXEMPTION, ANY OTHER 'CHANGE IN LAW'

DESCRIBED ABOVE, OR THE FAILURE OF THE DELIVERY OF THE CERTIFICATES, LEGAL OPINIONS AND DOCUMENTS REQUIRED TO BE DELIVERED ON OR BEFORE THE DELAYED DELIVERY CLOSING DATE PURSUANT TO THE FORWARD DELIVERY BOND PURCHASE AGREEMENT.

### **Additional Risks Related to the Forward Delivery Period**

The discussion of risks set forth below has been provided by the Underwriters and may not be exhaustive of all of the risks that may arise during the Forward Delivery Period. The Authority disclaims any responsibility therefor.

During the Forward Delivery Period, certain information contained in this Official Statement could change in a material respect. Changes in such information will not permit the Underwriters to terminate the Forward Delivery Bond Purchase Agreement unless the change results in the Authority's inability to satisfy the conditions set forth in the Forward Delivery Bond Purchase Agreement or release the purchasers of their obligation to purchase the 2020 Bonds as described in the Delayed Delivery Contracts.

In addition to the risks set forth above, purchasers of the 2020 Bonds are subject to certain additional risks, some of which are described below, and which will not constitute grounds for purchasers to refuse to accept delivery of and pay for the 2020 Bonds.

Prospective purchasers should consult their investment advisors before making any decision as to the purchase of the 2020 Bonds. The following discussion, while not setting forth all of the factors that should be considered, contains some of the factors which should be considered, in addition to the other information in this Official Statement, prior to purchasing the 2020 Bonds. This section is not meant to be comprehensive or definitive, and there may be other risk factors which will become material in the future.

#### *2020 Bond Counsel Opinion: Tax Law Risk*

Subject to the additional conditions of settlement described under "Delayed Delivery Closing Date" above, the Forward Delivery Bond Purchase Agreement obligates the Authority to deliver and the Underwriters to acquire the 2020 Bonds if the Authority delivers the 2020 Bond Counsel Opinion. During the Forward Delivery Period, new legislation, new court decisions, new regulations, or new rulings may be enacted, promulgated or interpreted that might prevent Bond Counsel from rendering its approving opinion or otherwise affect the substance of such opinion. Notwithstanding that the enactment of new legislation, new court decisions or the promulgation of new regulations or rulings might diminish the value of, or otherwise affect, the exclusion of interest on the 2020 Bonds for purposes of federal income taxation payable on "state or local bonds," the Authority might be able to satisfy the requirements for the delivery of the 2020 Bonds. In such event, the Underwriters would be required to accept delivery of the 2020 Bonds. Prospective purchasers are encouraged to consult their tax advisors regarding the likelihood of any changes in tax law and the consequences of such changes to such purchasers. Any Change in Law occurring during the Forward Delivery Period does not relieve the Underwriters of their obligation under the Forward Delivery Bond Purchase Agreement at any time prior to the Delayed Delivery Closing Date. The facts and circumstances giving rise to any Change in Law occurring during the Forward Delivery Period may change due to legislative or regulatory action or other facts and circumstances at any time prior to the Delayed Delivery Closing Date with the resulting effect that a Change in Law may then no longer exist as of the Delayed Delivery Closing Date. See "TAX MATTERS – 2020 Bonds - Opinion of Bond Counsel."

#### *Ratings Risk*

Ratings have been assigned to the 2020 Bonds as described under "RATINGS." No assurances can be given that the ratings assigned to the 2020 Bonds on the Delayed Delivery Closing Date will not be different from those currently assigned to the 2020 Bonds. Issuance of the 2020 Bonds and the Underwriters' obligations under the Forward Delivery Bond Purchase Agreement are not conditioned upon the assignment of any particular ratings for the 2020 Bonds as of the Delayed Delivery Closing Date or the maintenance of ratings of the 2020 Bonds during the Forward Delivery Period at the levels assigned at the Initial Closing Date. Any suspension or withdrawal of any such rating

during the Forward Delivery Period may be cured up to the Delayed Delivery Closing Date and does not relieve the Underwriters of their obligation under the Forward Delivery Bond Purchase Agreement at any time prior to the Delayed Delivery Closing Date.

#### *Market Value Risk*

The market value of the 2020 Bonds as of the Delayed Delivery Closing Date may be affected by a variety of factors including, without limitation, general market conditions, the ratings then assigned to the 2020 Bonds, the financial condition and operations of the Authority, and federal and state income tax rates and/or law and other laws. The market value of the 2020 Bonds as of the Delayed Delivery Closing Date could therefore be higher or lower than the price to be paid by the initial purchasers of the 2020 Bonds and that difference could be substantial. The Underwriters will nevertheless be obligated to take delivery of and pay for the 2020 Bonds if the conditions in the Forward Delivery Bond Purchase Agreement are satisfied on the Delayed Delivery Closing Date. **NEITHER THE AUTHORITY NOR THE UNDERWRITERS MAKE ANY REPRESENTATION AS TO THE EXPECTED MARKET PRICE OF THE 2020 BONDS AS OF THE DELAYED DELIVERY CLOSING DATE.** Further, no assurance can be given that the introduction or enactment of any future legislation will not affect the market price for the 2020 Bonds as of the Delayed Delivery Closing Date or thereafter or not have a materially adverse impact on any secondary market for the 2020 Bonds.

#### *Circumstances That May Result in Failure of Conditions of Forward Delivery Bond Purchase Agreement to be Satisfied*

The Underwriters' obligation to purchase, accept delivery of, and pay for the 2020 Bonds is subject to certain conditions of the Forward Delivery Bond Purchase Agreement being satisfied as of the Delayed Delivery Closing Date. Although the Authority is not aware, as of the date of this Official Statement, of any information that would lead it to believe that it will be unable to satisfy its obligations under the Forward Delivery Bond Purchase Agreement on the Delayed Delivery Closing Date, no assurances can be made that, as of the Delayed Delivery Closing Date: (i) there will have been no Change in Law; (ii) the facts and circumstances that are material to one or more of the required legal opinions will not differ from the facts and circumstances as of the Initial Closing Date; or (iii) that all necessary certifications and representations can or will be delivered and made in connection with the proposed issuance and delivery of the 2020 Bonds. As a consequence of any of the foregoing, one or more of the foregoing legal opinions may not be rendered or one or more of the Delayed Delivery Closing Date conditions in the Forward Delivery Bond Purchase Agreement may not be met, with the possible result that the delivery of the 2020 Bonds will not occur.

#### *Secondary Market Risk*

The Underwriters are not obligated to make a secondary market in the 2020 Bonds, and no assurances can be given that a secondary market will exist for the 2020 Bonds during the Forward Delivery Period. Purchasers of the 2020 Bonds should assume that the 2020 Bonds will be illiquid throughout the Forward Delivery Period.

### **TAX MATTERS**

#### **2019 Bonds - Opinion of Bond Counsel**

The Internal Revenue Code of 1986, as amended (the "Code") contains provisions relating to the tax-exempt status of interest on obligations issued by governmental entities which apply to the 2019 Bonds. These provisions include, but are not limited to, requirements relating to the use and investment of the proceeds of the 2019 Bonds and the rebate of certain investment earnings derived from such proceeds to the United States Treasury Department on a periodic basis. These and other requirements of the Code must be met by the Authority subsequent to the issuance and delivery of the 2019 Bonds in order for interest thereon to be and remain excludable from gross income for purposes of federal income taxation. The Authority has made covenants to comply with such requirements.

In the opinion of Bond Counsel, interest [(including accrued original issue discount)] on the 2019 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion of Bond Counsel is subject to the condition that the Authority comply with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019 Bonds in order that interest thereon continues to be excluded from gross income. Failure to comply with certain of such requirements could cause the interest on the 2019 Bonds to be so includable in gross income retroactive to the date of issuance of the 2019 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2019 Bonds is not treated as an item of tax preference for purposes of the federal alternative minimum tax.

In addition to the matters addressed below, prospective purchasers of the 2019 Bonds should be aware that ownership of the 2019 Bonds may result in collateral tax consequences to certain taxpayers, including but not limited to, foreign corporations, certain S corporations, financial institutions, recipients of social security and railroad retirement benefits and property or casualty insurance companies. Bond Counsel expresses no opinion regarding any other federal tax consequences relating to the 2019 Bonds or the receipt of interest thereon. **Prospective purchasers of the 2019 Bonds should consult their own tax advisors as to the impact of these other tax consequences.**

In the opinion of Bond Counsel, under the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof, the 2019 Bonds, and the interest thereon are free from taxation for state and local purposes within the Commonwealth of Pennsylvania, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2019 Bonds or the interest thereon. Profits, gains or income derived from the sale, exchange, or other disposition of the 2019 Bonds are subject to state and local taxation within the Commonwealth of Pennsylvania. Specifically, the 2019 Bonds are exempt from personal property taxes in Pennsylvania and interest on the 2019 Bonds is exempt from the Pennsylvania personal income tax and the Pennsylvania corporate net income tax.

Bond Counsel's opinion will be based on existing law, which is subject to change. Such opinion is further based on factual representations made to Bond Counsel as of the date of delivery of the 2019 Bonds. Bond Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention, or to reflect any changes in law that may thereafter occur or become effective.

### **Deduction for Interest Paid by Financial Institutions to Purchase or Carry Tax-Exempt Obligations**

The Code, subject to limited exceptions not applicable to the 2019 Bonds, denies the interest deduction for indebtedness incurred or continued to purchase or carry tax-exempt obligations, such as the 2019 Bonds. With respect to banks, thrift institutions and other financial institutions, the denial to such institutions is one hundred percent (100%) for interest paid on funds allocable to the 2019 Bonds and any other tax-exempt obligations acquired after August 7, 1986.

### **Property or Casualty Insurance Company**

The Code also provides that a property or casualty insurance company may also incur a reduction, by a specified portion of its tax-exempt interest income, of its deduction for losses incurred.

### **Reportable Payments and Backup Withholding**

The payments of interest on the 2019 Bonds will be reported to the Internal Revenue Service by the payor on Form 1099 unless the holder is an "exempt person" under Section 6049 of the Code. A holder who is not an exempt person may be subject to "backup withholding" at a specified rate prescribed in the Code if the holder does not file Form W-9 with the payor advising the payor of the holder's taxpayer identification number. Holders should consult with their brokers regarding this matter.

The payor will report to the holders and to the Internal Revenue Service for each calendar year the amount of any “reportable payments” during such year and the amount of tax, if any, with respect to payments made on the 2019 Bonds.

#### **[Accounting Treatment of Original Issue Discount [and Amortizable Bond Premium]**

[The 2019 Bonds maturing on and after \_\_\_\_\_ are herein referred to as the “Discount Bonds.” In the opinion of Bond Counsel, the difference between the initial public offering price of the Discount Bonds set forth on the [cover page] and the stated redemption price at maturity of each such 2019 Bond constitutes “original issue discount,” all or a portion of which will, on the disposition or payment of such 2019 Bonds, be treated as tax-exempt interest for federal income tax purposes. Original issue discount will be apportioned to an owner of the Discount Bonds under a “constant interest method,” which utilizes a periodic compounding of accrued interest. If an owner of a Discount Bond who purchases it in the original offering at the initial public offering price owns that Discount Bond to maturity, that Bondholder will not realize taxable gain for federal income tax purposes upon payment of the Discount Bond at maturity. An owner of a Discount Bond who purchases it in the original offering at the initial public offering price and who later disposes of the Discount Bond prior to maturity will be deemed to have accrued tax-exempt income in a manner described above; amounts realized in excess of the sum of the original offering price of such Discount Bond and the amount of accrued original issue discount will be taxable gain.

Purchasers of Discount Bonds should consider possible state and local income, excise or franchise tax consequences arising from original issue discount on the Discount Bonds. Prospective purchasers of the Discount Bonds should consult their tax advisors regarding the Pennsylvania tax treatment of original issue discount.]

[The 2019 Bonds maturing on \_\_\_\_\_ are hereinafter referred to as the “Premium Bonds.” An amount equal to the excess of the initial public offering price of a Premium Bond set forth on the [cover] page over its stated redemption price at maturity constitutes premium on such Premium Bond. A purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles, based on the purchaser’s yield to maturity. As premium is amortized, the purchaser’s basis in such Premium Bond is reduced by a corresponding amount, resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser’s basis is reduced, no federal income tax deduction is allowed.

Purchasers of any Premium Bonds, whether at the time of initial issuance or subsequent thereto, should consult their own tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to state and local tax consequences of owning Premium Bonds.]

#### **2020 Bonds - Opinion of Bond Counsel**

The Code contains provisions relating to the tax-exempt status of interest on obligations issued by governmental entities which apply to the 2020 Bonds. These provisions include, but are not limited to, requirements relating to the use and investment of the proceeds of the 2020 Bonds and the rebate of certain investment earnings derived from such proceeds to the United States Treasury Department on a periodic basis. These and other requirements of the Code must be met by the Authority subsequent to the issuance and delivery of the 2020 Bonds in order for interest thereon to be and remain excludable from gross income for purposes of federal income taxation. The Authority has made covenants to comply with such requirements.

Assuming that no Change In Law has occurred, Bond Counsel, on the Delayed Delivery Closing Date for the 2020 Bonds, will deliver its opinion on the Delayed Delivery Closing Date that interest on the 2020 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion of Bond Counsel assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2020 Bonds in order that interest thereon continues to be excluded from gross income. Failure to comply with certain of such requirements could cause the interest on the

2020 Bonds to be so includable in gross income retroactive to the date of issuance of the 2020 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2020 Bonds is not treated as an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax.

Assuming no Change in Law has occurred on the Delayed Delivery Closing Date for the 2020 Bonds, Bond Counsel will deliver its opinion that under the laws of the Commonwealth of Pennsylvania as enacted and construed on the Delayed Delivery Closing Date, the 2020 Bonds, and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2020 Bonds or the interest thereon. Profits, gains or income derived from the sale, exchange, or other disposition of the 2020 Bonds are subject to state and local taxation within the Commonwealth. Specifically, the 2020 Bonds are exempt from personal property taxes in Pennsylvania and interest on the 2020 Bonds is exempt from the Pennsylvania personal income tax and the Pennsylvania corporate net income tax.

Prospective purchasers of the 2020 Bonds should be aware that ownership of the 2020 Bonds may result in collateral tax consequences to certain taxpayers, including but not limited to, foreign corporations, certain S corporations, financial institutions, recipients of social security and railroad retirement benefits, and property or casualty insurance companies. Bond Counsel expresses no opinion regarding any other federal tax consequences relating to the 2020 Bonds or the receipt of interest thereon. **Prospective purchasers of the 2020 Bonds should consult their own tax advisors as to the impact of these other tax consequences.**

## CHANGES IN FEDERAL TAX LAW

Legislative or administrative actions and court decisions, at either the federal or state level, could have an impact on the treatment of interest on the 2019/2020 Bonds for federal or state income tax purposes, and thus on the value or marketability of the 2019/2020 Bonds. This could result from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or otherwise. It cannot be predicted whether or in what form any such proposals may be enacted or whether if enacted such proposals would apply to bonds issued prior to enactment. In addition, regulatory or other actions are from time to time announced or proposed which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the 2019/2020 Bonds. It cannot be predicted whether any such regulatory or other actions will be implemented or whether the 2019/2020 Bonds would be impacted thereby.

Purchasers of the 2019/2020 Bonds should consult their own tax advisors regarding any pending or proposed legislation, regulations or other potential changes in law. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities on the date of delivery on the 2019 Bonds, and on the Delayed Delivery Closing Date, with respect to the 2020 Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulations or other potential changes in law.

**Prospective purchasers of the 2019/2020 Bonds should be aware that the ownership of tax-exempt obligations, such as the 2019/2020 Bonds, may result in collateral federal income tax consequences. Such prospective purchasers should consult their own tax advisors as to the consequences of investing in the 2019/2020 Bonds.**

## RATINGS

S&P and Fitch Ratings have both assigned the 2019 Bonds ratings of “AAA”. S&P and Fitch Ratings have both assigned the 2020 Bonds ratings of “AAA”. Such ratings reflect only the views of such organizations and any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing the same, at the following address: S&P Global Ratings, 55 Water Street, New York, New York 10041; and Fitch Ratings, One State Street Plaza, New York, New York 10004. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. A rating is not a recommendation

to buy, sell or hold securities and may be subject to revision or withdrawal at any time. There is no assurance that any such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the rating agency concerned, if in the judgment of such rating agency, circumstances so warrant.

None of the Authority, the City, or the Underwriters has undertaken any responsibility to assure the maintenance of any rating. The Authority has agreed, in the Disclosure Agreement, to report actual rating changes on the 2019/2020 Bonds. *See* “MISCELLANEOUS - Continuing Disclosure Undertaking” herein and APPENDIX F hereto. Any downgrade, revision or withdrawal of a rating may have an adverse effect on the market price of or the market for the 2019/2020 Bonds.

## **CERTAIN LEGAL MATTERS**

Certain legal matters incident to the authorization, issuance, sale and delivery of both the 2019 Bonds and the 2020 Bonds are subject to the approving opinions of Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania, Bond Counsel. The proposed form of the opinions of Bond Counsel is appended hereto as APPENDIX E. Certain legal matters will be passed upon for the Authority by its counsel, Reed Smith LLP, Philadelphia, Pennsylvania; for the Underwriters by their counsel, Ahmad Zaffarese, LLC, Philadelphia, Pennsylvania; and for the City by the Office of the City Solicitor.

The various legal opinions to be delivered concurrently with the delivery of the 2019 Bonds and the delayed delivery of the 2020 Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, an attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or the future performance of the parties to the transaction. In addition, the rendering of an opinion does not guarantee the outcome of any legal dispute that may arise out of the transaction.

## **VERIFICATION**

It is anticipated that Robert Thomas CPA, LLC will serve as verification agent (the “Verification Agent”) in connection with the refunding of the Refunded 2010 Bonds with the proceeds of the 2020 Bonds and will deliver to the Authority on the Initial Closing Date for the 2020 Bonds and on the Delayed Delivery Closing Date for the 2020 Bonds its report (the “Verification Report”) indicating that it has verified the mathematical accuracy of the information provided by the Authority and its representatives with respect to the refunding requirements of the Refunded 2010 Bonds. Included within the scope of its engagement will be a verification of the mathematical accuracy of the computations of the adequacy of the cash and maturing principal of the securities to be placed in an escrow account, pursuant to the terms and provisions in the Escrow Agreement, to meet the payment of the redemption price of the Refunded 2010 Bonds, together with accrued interest thereon, on the 2010 Bonds Redemption Date, as further described in “PLAN OF FINANCE” above.

The verification performed by the Verification Agent will be based solely upon data, information and documents provided to the Verification Agent. The Verification Report will state that the Verification Agent has no obligation to update the Verification Report for events occurring, or data or information coming to their attention, subsequent to the date of the Verification Report.

## **UNDERWRITING**

The 2019 Bonds are being purchased by the Underwriters named on the cover page of this Official Statement (the “Underwriters”), for whom RBC Capital Markets, LLC is acting as the representative (the “Representative”), subject to certain terms and conditions set forth in a Bond Purchase Agreement between the Authority and the Representative, on behalf of the Underwriters. The 2019 Bonds are being purchased for reoffering by the Underwriters at an aggregate purchase price of \$\_\_\_\_\_ which price reflects an underwriter’s discount in the amount of \$\_\_\_\_\_

[plus/minus] and net original issue [premium/discount] of \$ \_\_\_\_\_. The initial public offering prices of the 2019 Bonds may be changed from time to time by the Underwriters without notice. The Bond Purchase Agreement for the 2019 Bonds provides that the Underwriters' obligation to purchase the 2019 Bonds is subject to certain conditions and that the Underwriters are obligated to purchase all of the 2019 Bonds, if any 2019 Bonds are purchased.

The 2020 Bonds are being purchased by the Underwriters, with RBC Capital Markets, LLC acting as Representative, subject to certain terms and conditions set forth in the Forward Delivery Bond Purchase Agreement. The 2020 Bonds are being purchased for reoffering by the Underwriters at an aggregate purchase price of \$ \_\_\_\_\_ which price reflects an underwriter's discount in the amount of \$ \_\_\_\_\_ [plus/minus] and net original issue [premium/discount] of \$ \_\_\_\_\_. The initial public offering prices of the 2020 Bonds may be changed from time to time by the Underwriters without notice. The Forward Delivery Bond Purchase Agreement for the 2020 Bonds provides that the Underwriters' obligation to purchase the 2020 Bonds is subject to certain conditions and that the Underwriters are obligated to purchase all of the 2020 Bonds, if any 2020 Bonds are purchased.

The 2019/2020 Bonds are offered for sale to the public at prices set forth on the inside front cover page of this Official Statement. The 2019/2020 Bonds may be offered and sold to certain dealers (including the Underwriters and other dealers depositing 2019/2020 Bonds into investment trusts) at prices lower than such offering prices, and such public offering prices may be changed from time to time by the Underwriters without prior notice.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and their respective affiliates have, from time to time, performed and may in the future perform, various investment banking services for the Authority for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Authority.

## **FINANCIAL STATEMENTS**

The financial statements of the Authority as of June 30, 2019 included in APPENDIX A to this Official Statement have been audited by Maher Duessel, independent auditors, as stated in their report appearing in APPENDIX A.

## **FINANCIAL ADVISORS**

Phoenix Capital Partners, LLP, Philadelphia, Pennsylvania, and PFM Financial Advisors LLC, Philadelphia, Pennsylvania, are acting as co-financial advisors (together, the "Financial Advisors") to the Authority in connection with the issuance of the 2019/2020 Bonds. The Financial Advisors have assisted in the preparation of this Official Statement and in other matters relating to the planning, structuring and issuance of the 2019/2020 Bonds. They have received and reviewed but have not independently verified information in this Official Statement for accuracy or completeness (except, as to each Financial Advisor, the information in this section). Investors should not draw any conclusions as to the suitability of the 2019/2020 Bonds from, or base any investment decisions upon, the fact that the Financial Advisors have advised the Authority with respect to the 2019/2020 Bonds. The Financial Advisors' fees for this issue are contingent upon the sale and issuance of the 2019/2020 Bonds.

The Financial Advisors are financial advisory and consulting organizations and not organizations engaged in the business of underwriting, marketing or trading of municipal securities or any other negotiable instruments.

## **CERTAIN RELATIONSHIPS**

Reed Smith LLP from time to time provides legal services to the Trustee and certain of the Underwriters with respect to unrelated matters.

Ahmad Zaffarese LLC, Counsel to the Underwriters, provides certain legal services to the City.

## **MISCELLANEOUS**

### **Negotiable Instruments**

The Act provides that bonds of the Authority shall have all the qualities of negotiable instruments under the Uniform Commercial Code of the Commonwealth.

### **Continuing Disclosure Undertaking**

In order to enable the Underwriters to comply with the requirements of Rule 15c2-12, the Authority will enter into a Disclosure Agreement for the benefit of the registered owners from time to time of the 2019 Bonds, to be dated the date of original delivery and payment for the 2019 Bonds, and the Authority will enter into a Disclosure Agreement for the benefit of the registered owners from time to time of the 2020 Bonds, to be dated the date of original delivery and payment for the 2020 Bonds (collectively, the “Disclosure Agreements”). The Disclosure Agreement for each of the 2019 Bonds and the 2020 Bonds shall constitute a written undertaking for the benefit of the owners and beneficial owners of the 2019 Bonds and the 2020 Bonds, as applicable. The proposed form of the Disclosure Agreement that will be delivered for the 2019 Bonds and also will be delivered for the 2020 Bonds is attached to this Official Statement as APPENDIX F. During the past five years, the Authority has complied in all material respects with its obligations under all continuing disclosure agreements to which it is or was a party. The Authority has reviewed and updated its disclosure policies and procedures to assist in complying with its continuing disclosure undertakings in the future.

### **Official Statement Not a Contract**

This Official Statement has been duly authorized, executed and delivered by the Authority. Neither this Official Statement nor any advertisement for the 2019/2020 Bonds is to be deemed or construed as constituting a contract between the Authority and the purchasers of the 2019/2020 Bonds.

## **Independent Auditor's Report**

### **Board of Directors Pennsylvania Intergovernmental Cooperation Authority**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pennsylvania Intergovernmental Cooperation Authority (Authority), a blended component unit of the City of Philadelphia, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Authority as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and historical pension and other post-employment benefit information on pages i through x and pages 34 through 38, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying combining nonmajor fund financial statements, schedule of cash activity – General Fund, and schedule of cash activity – PICA Tax Revenue Fund (collectively, supplementary information) on pages 39 through 42 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Management's Discussion and Analysis**

The Board of the Pennsylvania Intergovernmental Cooperation Authority (the "Authority" or "PICA") offers the following narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2019 ("FY2019"). Please read it in conjunction with the Authority's financial statements, which begin on page 1.

### **Using this Annual Report**

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements comprise four components:

- (1) Government-wide financial statements – which provide both long-term and short-term information about the Authority's overall financial condition.
- (2) Fund financial statements – which provide a more detailed look at major individual funds.
- (3) Notes to the financial statements – which explain some information contained in the financial statements and provide more detailed data.
- (4) Supplementary information – which further explain and support the information in the financial statements.

### **Brief Description and Financial Highlights**

PICA is a blended component unit of the City of Philadelphia ("City"). PICA is a body corporate and politic, a public authority and instrumentality of the Commonwealth of Pennsylvania ("Commonwealth"). It was created in 1991 to assist the City in overcoming a severe fiscal crisis by issuing bonds to finance the accumulated operating deficit of the City, and by overseeing the creation of a long-term financial planning process. Since 1991, the City has submitted, and PICA has approved, twenty-eight five-year financial plans. PICA approved the Five-Year Financial Plan for fiscal years 2020 through 2024, on July 16, 2019.

PICA is governed by a Board consisting of five voting members appointed by the following state officials: The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives. The Board also includes two non-voting, *ex officio* members: The Secretary of the Budget of the Commonwealth and the Director of Finance of the City. The Authority currently employs six full-time staff.

The financial activity and statements presented in this report reflect only the financial activity of PICA. However, as a blended component unit of the City, the Authority's financial activity is included in the City's *Comprehensive Annual Financial Report*, as part of governmental activities. The following is a summary of some of the highlights of the Authority's financial activity in FY2019:

- The Authority's total net position at the close of FY2019 was (\$67,024,048), representing a positive change in net position of \$32,619,074 from the prior year. The largest contributor to the negative net position was \$143,305,094 in bonds payable.
- The positive change in net position was primarily due to a reduction of \$38,760,000 in bonds payable from the prior year. This reduction reflected scheduled payments of bond principal during the year.
- The Authority's most significant expenses in FY2019 were \$493,976,605 for grants to the City and \$8,392,100 for interest on long-term debt. The most significant revenue source was \$528,763,262 in PICA taxes.
- At the close of FY2019, the combined fund balance in all governmental funds was \$78,322,983. This amount included \$19,077,827 in the General Fund, \$48,011,448 in Debt Service Reserve Fund, and \$11,233,708 in the nonmajor governmental funds (consisting of \$3,959,787 in the 2009 and 2010 Debt Service Funds, \$2,070,932 in the Rebate Fund, and \$5,202,989 in the Special Revenue Funds).

## **Overview of Financial Statements**

*Government-Wide Financial Statements.* The government-wide financial statements provide information about the activities of the Authority as a whole. They are reported using the economic resource measurement focus and the accrual basis of accounting. In these statements, all current year revenues and expenses are taken into account, regardless of when cash is received or paid.

There are two government-wide financial statements: The Statement of Net Position and the Statement of Activities (pages 1 and 2). The Statement of Net Position presents information on all of the Authority's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. Over time, increases or decreases in net position should indicate whether the financial position of the Authority is improving or deteriorating. The Statement of Activities presents information showing how the Authority's net position changed during FY2019. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

*Fund Financial Statements.* The two governmental fund financial statements are the Statement of Revenue, Expenditures, and Changes in Fund Balance; and the Balance Sheet (pages 3 and 4). A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority maintains nine governmental funds, and information for each major fund is presented separately in the fund financial statements.

It is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both fund financial statements provide a reconciliation to facilitate this comparison between the fund statements and government-wide statements.

*Notes to the Financial Statements.* The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 5 through 33.

*Supplementary Information.* In addition to the basic financial statements, and the accompanying notes, this report also presents additional information in two separate sections: required supplementary information, and supplementary information.

Required Supplementary Information: Certain information regarding the General Fund operating budget, the proportionate share of the collective net pension and other post-employment benefit (OPEB) liability, and the contributions to the Commonwealth's pension and OPEB system is presented in this section. This required supplementary information can be found immediately following the notes to the financial statements.

Supplementary Information: The combining nonmajor governmental fund financial statements and the schedules of cash activity for both the General Fund and the PICA Tax Revenue Fund are presented in this section. The supplementary information can be found immediately following the Required Supplementary Information.

## **Government-Wide Financial Statements**

### **Statement of Net Position**

PICA's total assets as of June 30, 2019 were \$84,931,178, a decrease of 7.7 percent from the previous year. The most significant changes were an increase of \$2,208,403 in PICA taxes receivable, offset by decreases of (\$8,049,657) in other cash and cash equivalents held by trustee, (\$647,953) in investments, (\$333,883) in fair value of derivative instruments, and (\$245,556) in other cash and cash equivalents

Total deferred outflows of resources as of June 30, 2019 totaled \$655,467, an increase of 26.5 percent from the prior year, with a majority of the increase attributable to other post-employment benefits, and the remaining increase representing the difference between projected and actual earnings on investments related to the valuation of the net pension liability.

<b>Table 1: Net Position</b>			
	<b>FY2019</b>	<b>FY2018</b>	<b>Percent Change</b>
<b>Assets</b>			
Cash and cash equivalents			
Held by trustee	\$13,223,736	\$21,273,393	-37.8%

Noncurrent portion of bonds payable	102,815,094	147,217,805	-30.2%
<b>Total Liabilities</b>	<b>\$151,405,614</b>	<b>\$191,567,966</b>	<b>-21.0%</b>
<b>Deferred Inflows of Resources</b>			
Deferred inflows related to pension	\$699,216	\$508,745	37.4%
Deferred inflows related to OPEB	505,863	96,639	423.5%
<b>Total Deferred Inflows of Resources</b>	<b>\$1,205,079</b>	<b>\$605,384</b>	<b>99.1%</b>
<b>Net Position</b>			
Net investment in capital assets	\$1,440	\$3,579	-59.8%
Restricted for:			
Debt service	53,442,167	61,823,513	-13.6%
Benefit of the City of Philadelphia	5,202,989	5,514,017	-5.6%
Unrestricted	(125,670,644)	(166,984,231)	-24.7%
<b>Total Net Position</b>	<b>(\$67,024,048)</b>	<b>(\$99,643,122)</b>	<b>-32.7%</b>

Total liabilities as of June 30, 2019 were \$151,405,614, a decrease of 21.0 percent from the previous year. The most significant change in liabilities included a decrease of (\$44,402,711) in the noncurrent portion of bonds payable, offset by an increase of \$2,208,403 in due to the City of Philadelphia, and an increase of \$1,730,000 in the current portion of bonds payable. The increase in the noncurrent portion of bonds payable reflected payments of principal for maturing bonds.

Total deferred inflows of resources as of June 30, 2019, were \$1,205,079, an increase of 99.1 percent over the prior year, representing the changes in proportion and difference between the Authority's contributions and proportionate share of contributions related to its pension plan, and the difference between expected and actual experience in its other post-employment benefits plan.

The Authority's total net position as of June 30, 2019, is (\$67,024,048). Of this amount, \$53,442,167 is restricted for debt service. The amount restricted for debt service includes the following elements:

<b>Restricted for Debt Service</b>	
<b>Debt Service Reserve Fund</b>	
Current assets held for debt service reserve purposes as required by Trust Indenture	\$48,011,448
<b>2009 and 2010 Debt Service Funds</b>	
Current assets held for debt service payments due in FY2020	3,959,787
<b>Rebate Fund</b>	
Current assets held for future potential rebate/debt service purposes	2,070,932
Sub-Total	\$54,042,167
<b>Less: Debt Service Reserve Fund</b>	
Current assets held for subsequent PICA administration purposes in FY2020 per the adopted budget	(600,000)
<b>Net Position restricted for debt service at June 30, 2019</b>	<b>\$53,442,167</b>

Of the total net position, \$5,202,989 is restricted for the benefit of the City, to be used for capital projects. Unrestricted net position/(deficit) of (\$125,670,644) includes \$600,000 committed by the PICA Board for Authority operations. The deficit in unrestricted net position was due primarily to long-term debt outstanding in excess of total assets. In the future, as the Authority continues to retire outstanding debt, its net position should improve.

## Statement of Activities

As shown in Table 2, total expenses for FY2019 were \$504,323,310, an increase of 8.1 percent from the previous year. The most significant changes in expenses included a \$39,762,998 increase in grants to the City, offset by a \$2,263,000 decline in interest on long-term debt. Total revenues for FY2019 were \$536,942,384, an increase of 6.2 percent from the prior year. The most significant changes in revenues included a \$30,050,109 (or 6.0 percent) increase in PICA taxes, and an increase of \$1,422,674 (or 62.2 percent) in investment income.

Revenues exceed expenses by \$32,619,074 in FY2019, resulting in an increase in net position of that amount. Net position/(deficit) at the beginning of the year was (\$99,643,122). Consequently, the yearend net position/(deficit) for FY2019 is (\$67,024,048).

**Table 2: Activities**

	<b>FY2019</b>	<b>FY2018</b>	<b>Percent Change</b>
<b>Expenses</b>			
Grants to City of Philadelphia	\$493,976,605	\$454,213,607	8.8%

Adjustment due to GASB implementation	0	(1,128,195)	-100.0%
<b>End of fiscal year</b>	<b>(\$67,024,048)</b>	<b>(\$99,643,122)</b>	<b>-32.7%</b>

### **Governmental Fund Financial Statements**

The Authority's governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Both governmental fund financial statements are reconciled to the government-wide financial statements.

PICA maintains nine governmental funds. They include: the general fund; the PICA tax revenue fund; the debt service reserve fund; the 2009 and 2010 debt service funds; the rebate fund; and the 1992, 1993, and 1994 special revenue funds. A description of each fund is provided below.

*General Fund.* The General Fund accounts for all resources utilized for PICA operations. All FY2019 administration expenses were funded from earnings on the General Fund, a transfer of a portion of earnings on the Debt Service Reserve Fund to the General Fund, and the portion of the prior year's unassigned General Fund fund balance.

*PICA Tax Revenue Fund.* The PICA Tax Revenue Fund accounts for the receipts of PICA tax revenue and its allocation to other PICA funds and to the City in accordance with the PICA bond indenture. The fund receives PICA taxes, interest earnings on such collections, and net interest earnings on bond issue funds other than Special Revenue Funds (the earnings on Special Revenue Funds are restricted to providing grants to the City for PICA-approved capital projects). These funds are utilized to provide monthly, from the first available funds in that month, one-sixth of the next semi-annual interest requirement, and one-twelfth of the next annual principal requirement on PICA bonds outstanding, in a manner calculated to provide the total required semi-annual interest and annual principal payments at the close of the month prior to each required payment. After provision of monthly debt service requirements, the residual balances in the PICA Tax Revenue Fund are paid to the City as grants to the City General Fund.

*Debt Service Reserve Fund.* The Debt Service Reserve Fund contains assets sufficient to meet the debt service reserve requirement for PICA bonds, as required under the trust indenture. Current year investment earnings are transferred to other funds to pay current year debt service requirements and to finance a portion of each year's administrative expenses in the General Fund.

The General, PICA Tax Revenue, and Debt Service Reserve Funds are considered major funds, while the funds below are considered to be nonmajor.

*Debt Service Funds.* The 2009 and 2010 debt service funds account for the accumulation of resources for, and payment of, debt service on outstanding 2009 and 2010 series PICA bonds.

*Rebate Fund.* The Rebate Fund accounts for resources that may be necessary to meet federal arbitrage requirements and/or debt service requirements.

*Special Revenue Funds.* The Special Revenue Funds account for resources that have been allocated to fund City capital projects. They include amounts held separately by bond issue from which such funds were provided, for purposes of grants to the City for specific PICA-approved capital projects. The PICA Act restricts the City's use of PICA capital funding to specific "emergency" and "productivity" projects approved by the PICA Board and, where necessary, by certain Commonwealth elected officials.

The Authority, in connection with its four new-money bond issues, approved specific City capital projects totaling approximately \$426 million, while providing bond issue funds of approximately \$400.8 million for such projects. The difference, \$25.2 million, as anticipated, has been raised from investment earnings of funds dedicated to capital projects. At June 30, 2019, sufficient PICA-controlled special revenue funds (nonmajor funds) were available to complete all the initially approved PICA projects and additional projects subsequently approved by the PICA Board. Additional funds remain to be reprogrammed. Special revenue funds (nonmajor funds) held for PICA capital project grants to the City totaled \$5,202,989 at June 30, 2019.

## Statement of Revenue, Expenditures, and Changes in Fund Balances – Governmental Funds

The Statement of Revenue, Expenditures, and Changes in Fund Balances – Governmental Funds, presents revenues, expenditures, other financing sources and uses, and change in fund balance for the Authority's nine governmental funds for the year ended June 30, 2019. In addition, the statement presents fund balances at the beginning and at the end of FY2019. Table 3 presents a summary of the information in this statement.

Table 3: Revenues, Expenditures, and Changes in Fund Balance				
	Revenues	Expenditures	Other Financing Sources/(Uses)	Fund Balance (June 30, 2019)
<b>Governmental Fund</b>				
General	\$931,549	\$1,230,340	(\$20,026)	\$19,077,827
PICA Tax Revenue	529,112,416	493,556,605	(35,555,811)	0
Debt Service Reserve	2,618,636	15,702	(11,021,936)	48,011,448
<b>Total Major</b>	<b>\$532,662,601</b>	<b>\$494,802,647</b>	<b>(\$46,597,773)</b>	<b>\$67,089,275</b>
Nonmajor:				
2010 Debt Service	278,243	24,073,750	23,786,204	2,012,876
2009 Debt Service	270,464	23,078,350	22,811,569	1,946,911
Rebate	43,276	0	0	2,070,932
1992 Special Revenue	62	0	0	2,944
1993 Special Revenue	3,998	0	0	191,318
1994 Special Revenue	104,912	420,000	0	5,008,727
<b>Total Nonmajor</b>	<b>700,955</b>	<b>\$47,572,100</b>	<b>46,597,773</b>	<b>11,233,708</b>
<b>Total Governmental Funds</b>	<b>\$533,363,556</b>	<b>\$542,374,747</b>	<b>\$0</b>	<b>\$78,322,983</b>

The Authority's governmental funds received \$533,363,556 in revenue in FY2019. This amount included \$528,763,262 in PICA taxes received in the PICA Tax Revenue Fund. Other major sources of revenue included \$2,618,636 in investment income in the Debt Service Reserve Fund and \$700,955 in investment income in the nonmajor funds. Expenditures in all governmental funds totaled \$542,374,747 in FY2019. This amount included: \$493,556,605 in grants to the City from the PICA Tax Revenue Fund, and \$420,000 in grants from the Special Revenue Funds; \$38,760,000 in debt service payments from the 2009 and 2010 Debt Service Funds (nonmajor funds), along with \$8,392,100 in debt service interest expenses; \$15,702 in investment expenses; and \$1,230,340 in expenditures for PICA operations, all of which were paid from the General Fund.

Other financing sources and uses included various operating transfers among funds. Funds were transferred from the General Fund, PICA Tax Revenue Fund, and the Debt Service Reserve Fund to the 2010 and 2009 Debt Service Funds (nonmajor funds) to pay for principal and interest payments due on outstanding PICA bonds during FY2019.

The sum of revenues, expenditures and other financing sources and uses for all governmental funds equals the change in fund balance for FY2019, which was (\$9,011,191). Accordingly, the total fund balance in all governmental funds decreased from \$87,334,174 as of July 1, 2018, to \$78,322,983 as of June 30, 2019, or approximately a 10.3 percent decline.

### Balance Sheet – Governmental Funds

The Balance Sheet – Governmental Funds, presents assets, liabilities, and fund balance for the Authority's nine governmental funds as of June 30, 2019. Total assets for all governmental funds are \$83,718,434. This amount includes \$19,261,870 in the General Fund, primarily consisting of cash and cash equivalents. Total assets in the Debt Service Reserve Fund are \$48,011,448, which includes cash and cash equivalents and investments. The remaining governmental fund assets – in the debt service funds and special revenue funds (nonmajor funds) and PICA Tax Revenue Fund – are primarily classified as cash and cash equivalents, PICA taxes receivable, or accrued interest receivable. Table 4 presents a summary of the information in this Statement.

Table 4: Balance Sheet			
	Assets	Liabilities	Fund Balance (June 30, 2019)
<b>Governmental Fund</b>			
General	\$19,261,870	\$184,043	\$19,077,827
PICA Tax Revenue	5,211,408	5,211,408	0
Debt Service Reserve	48,011,448	0	48,011,448
<b>Total Major</b>	<b>\$72,484,726</b>	<b>\$5,395,451</b>	<b>\$67,089,275</b>
<b>Nonmajor</b>			
2010 Debt Service	2,012,876	0	2,012,876
2009 Debt Service	1,946,911	0	1,946,911
Rebate	2,070,932	0	2,070,932
1992 Special Revenue	2,944	0	2,944
1993 Special Revenue	191,318	0	191,318
1994 Special Revenue	5,008,727	0	5,008,727
<b>Total Nonmajor</b>	<b>11,233,708</b>	<b>0</b>	<b>11,233,708</b>
<b>Total Governmental</b>	<b>\$83,718,434</b>	<b>\$5,395,451</b>	<b>\$78,322,983</b>

Total fund balances for all governmental funds are \$78,322,983. Within the General Fund, the total fund balance is \$19,077,827, of which \$14,483,145 is committed for future swaption activity and \$4,594,682 is unassigned. This unassigned fund balance is available for Authority administration expenditures. Within the Debt Service Reserve Fund, total fund balance is \$48,011,448, of which \$47,411,448 is restricted for

debt service, and \$600,000 is committed to subsequent PICA administration. In recent years, the Authority has annually transferred \$600,000 from the Debt Service Reserve Fund to the General Fund to finance a portion of PICA's operating expenditures. The fund balances in the 2009 and 2010 Debt Service Funds and Rebate Fund (nonmajor funds) are restricted for debt service. The fund balances in the special revenue funds (nonmajor funds) are restricted for the benefit of the City. These funds can only be used to finance City capital projects that meet specific criteria contained in the PICA Act.

### **General Fund Budget**

The PICA Act allows the Authority several sources of income to support its operations. The statute specifically provides that the Authority may draw earnings from the various funds and accounts created pursuant to its Trust Indenture, and also directly from the proceeds of PICA Taxes to the extent investment income is insufficient. The latter allowable revenue source has never been utilized by the Authority.

The PICA Act requires that the Authority adopt an annual budget (for the fiscal year commencing July 1) before March 1 of each year and also stipulates its format and additional information to be provided to the Governor and General Assembly of the Commonwealth.

The philosophy underlying the Authority's General Fund budget is that the Authority should maintain a personnel and expenditure level sufficient to permit it to respond to the demands placed upon it. The FY2020 General Fund operating budget totals \$1,586,000, the same as it was in FY2019. Table 5 presents a summary of the FY2019 and FY2020 General Fund budgets, as well as actual figures for FY2019.

The Authority's General Fund administrative expenditures are financed through a transfer of \$600,000 in interest earnings from the Debt Service Reserve Fund, appropriation of a portion of the existing General Fund surplus, and interest earnings. Total expenditures in FY2020 are budgeted at \$1,586,000. Expenditures for salaries and benefits comprise \$980,000. The next largest category is additional oversight duties, at \$250,000. This line item is reserved for special projects, commissioned research, or other needs that may arise during the fiscal year related to financial oversight of the City. Professional services are budgeted at \$190,000. Other expenses and capital outlay is budgeted at \$166,000 representing a slight decrease from the FY2019 budget.

<b>Table 5: General Fund Budget</b>				
	<b>FY2020 Budget</b>	<b>FY2019 Budget</b>	<b>FY2019 Actual</b>	<b>Percent Change FY2019 vs. FY2020 Budget</b>
<b>Revenues and Other Financing Sources</b>				
Interest Earnings – General Fund	\$18,000	\$18,000	\$73,353	0.0%
Use of Existing General Fund Surplus	968,000	968,000	556,987	0.0%
Other Financing Sources:				
Transfer of Interest Earnings from Debt Service Reserve Fund	600,000	600,000	600,000	0.0%
<b>Total Revenues and Other Financing Sources</b>	<b>\$1,586,000</b>	<b>\$1,586,000</b>	<b>\$1,230,340</b>	<b>0.0%</b>
<b>Expenditures</b>				
Salaries and benefits	\$980,000	\$955,000	\$840,014	2.6%
Professional services	190,000	190,000	167,354	0.0%
Other expenses	163,500	188,500	147,080	-13.3%
Capital outlay	2,500	2,500	0	0.0%
Additional oversight duties	250,000	250,000	75,892	0.0%
<b>Total Expenditures</b>	<b>\$1,586,000</b>	<b>\$1,586,000</b>	<b>\$1,230,340</b>	<b>0.0%</b>

In FY2019, actual PICA expenditures for operations were \$1,230,340, well below the budgeted amount. This reflected actual expenditures that were below budget in all major categories. Professional services, including legal, audit, and consulting, were below budgeted amounts, because PICA maintains a consistent level, year-to-year, for services pertaining to arbitrage and legal advice, which are only used to the extent they are needed in any given year. Actual costs for capital outlays and additional oversight duties were also below budgeted amounts.

## **Debt**

The Authority issued four series of bonds from 1992 to 1994 to finance the City's operating deficit, provide funding for City capital projects, establish a revolving loan fund to finance productivity-enhancing projects for the City, and for other purposes. PICA's statutory authorization to issue new-money bonds for capital or deficit financing expired on December 31, 1994. Since that time, the Authority has issued seven series of refunding bonds with the objective of lowering debt service costs. The most recent series of refunding bonds was issued in 2010.

By far the largest portion of the Authority's net deficit reflects its bonds payable. Proceeds from the PICA Tax, as well as the corresponding interest earned, are in part utilized to fund debt service requirements. The Authority's bonds payable activity for the year ended June 30, 2019 is summarized as follows:

<b>Bond Payable Activity</b>	
Outstanding Debt at July 1, 2018	\$168,505,000
Debt Retired	38,760,000
<b>Outstanding Debt at June 30, 2019</b>	<b>\$129,745,000</b>

## **Economic Factors and Next Year's Budget**

PICA Tax revenues reflect the underlying strength of the Philadelphia employment base, which has exhibited modest to strong growth in recent years. It is expected that this trend will continue in FY2020.

In FY2020, the Authority will continue to receive PICA Tax revenues in accordance with existing agreements between the City, Commonwealth, and PICA. These revenues will be allocated to the Debt Service Funds to meet debt service requirements on the outstanding series of 2009 and 2010 bonds. If necessary, PICA Tax revenues will be allocated to the Debt Service Reserve Fund to ensure that the debt service reserve requirement required under the Trust Indenture is maintained. The process for spending PICA funds on PICA-approved capital projects will also continue in FY2020, resulting in a continued reduction in the fund balance in the special revenue funds (nonmajor funds).

At this time, there are no major factors that are expected to significantly impact the Authority's operating expenditures in FY2020. The budget for FY2020 anticipates the use of \$968,000 of the existing General Fund surplus as a revenue source. This should result in a reduction in the unassigned General Fund balance in FY2020.

## **Additional Information**

In accordance with IRS regulations, certain funds already granted to the City by PICA continue to be classified as PICA Arbitrage Reportable Funds until the City expends such funds for the purpose for which they were provided. Accordingly, and also for oversight purposes, PICA tracks the uses/balances of such funds and interest earnings thereon until they are spent by the City. When the City encumbers funds for PICA-funded capital projects, the funds are transferred from the special revenue funds (nonmajor funds) to encumbered funds accounts also maintained by PICA's Trustee. Subsequent to incurring the capital expenditure, the City requests reimbursement from the encumbered funds accounts. As of June 30, 2019, the balance in the three encumbered funds accounts was as follows:

Capital Projects Encumbered Funds	
1992 Capital Projects Encumbered Funds	\$599,156
1993 Capital Projects Encumbered Funds	1,598,573
1993 Criminal Justice Encumbered Funds	746,784
1994 Capital Projects Encumbered Funds	4,259,375
<b>Total</b>	<b>\$7,203,888</b>

### **Contacting PICA's Financial Management**

This financial report is designed to present an accurate overview of the financial activities of the Authority during FY2019. If you have questions about this report or require additional information about the Authority's finances, please contact PICA staff at Pennsylvania Intergovernmental Cooperation Authority, 1500 Walnut Street, Suite 1600, Philadelphia, PA 19102.

(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

**1. Summary of Significant Accounting Policies and Organization**

Organization

The Pennsylvania Intergovernmental Cooperation Authority (Authority) was created on June 5, 1991 by virtue of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (P.L. 9, No. 6), 53 P.S. 12720.101 et seq., as amended (Act) for the purpose of providing financial assistance to the City of Philadelphia (City) in overcoming a severe financial crisis. Under the Act, the Authority is administered by a governing Board consisting of five voting members and two ex-officio nonvoting members. The ex-officio members are presently the Director of Finance of the City and the Budget Secretary of the Commonwealth of Pennsylvania (Commonwealth). The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives each appoints one voting member of the Board. Future operations of the Authority may be subject to legislative action.

The Act provides that the Authority shall have certain financial and oversight functions. The Authority had the power to issue bonds to grant or lend the proceeds thereof to the City. Such power to issue debt for such purposes has expired; however, the Authority remains authorized under the Act to issue refunding bonds and grant or lend the proceeds to the City.

Under the Act, the Authority also has the power, in its oversight capacity, to exercise certain advisory and review powers with respect to the City's financial affairs, including the power to review and approve five-year financial plans prepared at least annually by the City.

The Authority is considered a blended component unit of the City.

The accounting policies of the Authority conform to generally accepted accounting principles (GAAP) as applicable to municipalities. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The GASB is the authoritative standard-setting body for establishing governmental accounting and financial reporting principles.

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on the activities of the primary government. All material interfund accounts and transactions have been eliminated in the government-wide financial statements.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Authority reports the following major governmental funds:

The **General Fund** is used to account for the administrative operations of the Authority, for which a budget is adopted annually.

The **PICA Tax Revenue (Special Revenue) Fund** accounts for the proceeds of the PICA Tax remitted to the Authority via the Commonwealth. It is utilized to fund the debt service requirements of the Authority and to provide grants to the City. It encompasses the Revenue Fund established with the Trustees by the Trust Indentures (see Note 5).

The **Debt Service Reserve Fund** holds assets for debt service reserve purposes as required by the Trust Indentures.

The Authority reports the following nonmajor governmental funds:

The **2010 and 2009 Debt Service Funds** account for the accumulation of financial resources for the payment of principal and interest on the Authority's long-term debt.

The **Rebate Fund** is maintained in order to fund future potential rebates and/or debt service requirements. The Debt Service Funds also include the Bond Redemption Fund, which has not yet been required. The aggregate fund balances of the Debt Service Funds are included in net position on the Balance Sheet and the Statement of Net Position as restricted for debt service.

The **1992, 1993, and 1994 Special Revenue Funds** account for assets held by the Authority for expenditures for the benefit of the City. The principal and income of these funds must be expended for their designated purpose. The Authority provided \$420,000

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

to the City during the year ended June 30, 2019. The 1992, 1993, and 1994 Special Revenue Funds also include the Deficit and Settlement funds, which completed their designated purpose in prior years and are presently inactive. The aggregate fund balances of the 1992, 1993, and 1994 Special Revenue Funds are included in net position on the Balance Sheet and the Statement of Net Position as restricted for the benefit of the City.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues from the PICA Tax (a tax levied by the City on the wages and net profits of Philadelphia residents and businesses) are recorded when the Authority is advised by the Commonwealth of the amounts to be remitted and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The Authority cannot and does not account for any PICA Tax due to, but not yet collected, by the City.

Governmental fund financial statements use a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both “measurable” and “available to finance expenditures of the current period.” The Authority considers amounts collected within 60 days after year-end on all governmental funds to be available and recognizes them as revenues of the current year. Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt services funds for payments to be made early the following year.

In the governmental fund financial statements, fund balances are classified as follows:

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The Authority did not have any fund balance classified as nonspendable at year-end.
- **Restricted:** This classification includes amounts for which constraints have been placed on the use of resources which are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. Management has

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

classified all fund balance in the special revenue funds and debt service funds as restricted (except as noted below).

- **Committed:** This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Directors (Board). These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same course of action that was employed when the funds were initially committed. Management has classified any fund balance that is related to the budget or that has been designated for future swaption activity as committed.
- **Assigned:** This classification includes amounts that are constrained by management's intent to be used for a specific purpose, but are neither restricted nor committed. This intent should be expressed by the Board or an official, such as the Executive Director. The Authority did not have any fund balance classified as assigned at year-end.
- **Unassigned:** This classification is the residual fund balance for the General Fund. It also represents fund balance that has not been classified as assigned, committed, restricted, or nonspendable. Management has classified the remaining portion of the General Fund fund balance as unassigned.

When fund balance resources are available for a specific purpose from multiple classifications, the Authority will generally use the most restrictive funds in the following order: restricted, committed, and assigned as they are needed.

**PICA Tax**

The "PICA Tax" was enacted by an ordinance adopted by the City Council and approved by the Mayor of the City on June 12, 1991 (Bill No. 1437). The tax levy is one and one-half percent (1.5%) on the wages and net profits of City residents and businesses. The PICA Tax is collected by the Department of Revenue of the Commonwealth, utilizing the City Revenue and Law Departments (collectively) as its agent, and remitted to the Treasurer of the Commonwealth for disbursement to the Authority's Trustee. The Authority does not administer the collection of the PICA Tax from taxpayers.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Cash and Cash Equivalents

The Authority considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents.

Investments

All investments are stated at fair value. Investment income is recorded on the Statement of Activities and includes any unrealized gains or losses earned during the period.

Bond Premium

The premium on bonds payable is being amortized on a straight-line basis over the term of the bonds.

Capital Assets

Capital assets, which include equipment, are reported in the government-wide financial statements. All capital assets are capitalized at cost and updated for additions and retirements during the year. The Authority does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Capital assets of the Authority are depreciated using the straight-line method over the useful lives of the assets. The estimated useful life of the equipment is five years.

Compensated Absences

Accrued expenses include an accrual for vacation pay earned but not taken as of June 30, 2019 of \$69,132.

Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the State Employees' Retirement System (SERS) and additions to/deductions from SERS' fiduciary net position have been determined on the same basis as they are reported by SERS. For this purpose, benefit payments (including refunds of

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined under a separate payment arrangement based on the Retired Employees Health Program (REHP). For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

## **2. Deposits and Investments**

Deposits

Authority funds may be deposited in any bank that is insured by the Federal Deposit Insurance Corporation. To the extent that such deposits exceed federal insurance, the depositories must deposit (with their trust department or other custodians) obligations of the United States, the Commonwealth, or any political subdivision of the Commonwealth to eliminate the risk of uninsured funds. Under Act 72 of 1971 Session of the Pennsylvania General Assembly (Act 72), as amended, the depositories may meet this requirement by pooling appropriate securities to cover all public funds on deposit with their institution.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

At June 30, 2019, the Authority's deposits consist of the following:

Cash	\$ 1,079,712
Certificates of deposit	<u>3,675,000</u>
Total deposits	<u><u>\$ 4,754,712</u></u>

The Authority's deposits include bank certificates of deposit that have a remaining maturity, at the time of purchase, of one year or less. U.S. Treasury and Agency obligations with a remaining maturity of one year or less are classified as short-term investments.

*Custodial Credit Risk* - Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority has no policy, other than as noted above, that further limits its custodial credit risk. As of June 30, 2019, the Authority's book balance was \$4,754,712 and the bank balance was \$4,774,614. Of the bank balance, \$3,925,000 was covered by federal depository insurance and \$849,614 was collateralized under Act 72.

Investments

As of June 30, 2019, the Authority had the following investments:

	<u>Fair Value</u>	<u>Cost</u>	<u>Maturity Date</u>
Money market funds	\$ 27,706,880	\$ 27,706,880	N/A
U.S. Treasury and Agency obligations	15,606,406	15,656,369	09/19-06/24
Municipal bonds/short-term notes	6,315,061	5,870,710	09/21-04/22
Commercial paper	<u>24,035,527</u>	<u>23,864,167</u>	08/19-10/19
	<u><u>\$ 73,663,874</u></u>	<u><u>\$ 73,098,126</u></u>	

The Authority complies with Pennsylvania statutes (72 P.S. Section 301.1 and Section 3603) which enumerate the permissible investments for funds of the Commonwealth. These statutes are applicable to the Authority as a result of Section 311(b) of the Act. Specifically, all funds of the Authority, including the proceeds of bonds, which are not required for immediate use may be invested in other obligations of an assisted city, or in obligations of

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

the Federal Government or of the Commonwealth, or obligations which are legal investments of Commonwealth funds, including certain types of commercial paper.

Investments in the PICA Tax Revenue Fund, the Debt Service Funds, and the 1992, 1993, and 1994 Special Revenue Funds must be invested in accordance with the various Trust Indentures.

The Trust Indentures restrict investments to the following types of securities:

- (a) Obligations to the City;
- (b) Other government obligations;
- (c) Federal funds, unsecured certificates of deposit, time deposits, or bankers' acceptances of any domestic bank having a combined capital and surplus of not less than \$50,000,000;
- (d) Federally insured deposits of any bank or savings and loan association which has a combined capital, surplus, and undivided profits of not less than \$3,000,000;
- (e) (i) Direct obligations of, or (ii) obligations, the principal of and interest of which are unconditionally guaranteed by any state of the United States of America, the District of Columbia, or the Commonwealth of Puerto Rico, or any political subdivision or agency thereof, other than the City, whose unsecured, uninsured, and unguaranteed general obligation debt is rated, at the time of purchase, "A" or better by Moody's and Standard & Poor's (S&P);
- (f) Commercial paper (having original maturities of not more than 270 days) rated at the time of purchase "P-1" by Moody's and "A-1" or better by S&P;
- (g) Repurchase agreements collateralized by direct obligations of, or obligations the payment of principal and interest on which are unconditionally guaranteed as to full and timely payment by, the United States of America; and direct obligations and fully guaranteed certificates of beneficial interest of the Export-Import Bank of the United States; consolidated debt obligations and letter of credit-backed issues of the Federal Home Loan Banks; participation certificates and senior debt obligations of the Federal Home Loan Mortgage Corporation; debentures of the Federal Housing

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Administration; mortgage-backed securities (except stripped mortgage securities which are valued greater than par on the portion of unpaid principal) and senior debt obligations of the Federal National Mortgage Association; participation certificates of the General Services Administration; guaranteed mortgage-backed securities and guaranteed participation certificates of the Government National Mortgage Association; guaranteed participation certificates and guaranteed pool certificates of the Small Business Administration; debt obligations and letters of credit-backed issues of the Student Loan Marketing Association; local authority bonds of the U.S. Department of Housing and Urban Development; and guaranteed Title XI financing of the U.S. Maritime Administration;

- (h) Money market mutual fund shares issued by a fund having assets not less than \$100,000,000 (including any such fund from which the Trustee or any of its affiliates may receive compensation) which invests in securities of the type specified in clauses (b) or (f) above and is rated "AAAm" or "AAAm-g" by S&P.

Investments in the Debt Service Reserve Fund may be only invested in the investments included in (b) through (h) above with a maturity of five years or less or guaranteed investment contracts that can be withdrawn without penalty.

*Custodial Credit Risk* - Custodial credit risk is the risk that the counterparty to an investment transaction will fail and the government will not recover the value of the investment or collateral securities that are in the possession of an outside party. The Authority has no policy, other than as noted above, that further limits its custodial credit risk.

All of the Authority's investments are insured and registered securities held by the entity or its agent (bank trust department) in the entity's name, with the exception of money market funds which are not exposed to custodial credit risk because those investments are not evidenced by securities in book entry or paper form.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

*Concentration of Credit Risk* - The Authority places no limit on the amount the Authority may invest in any one issuer. More than 5% of the Authority's investments were invested in the following:

Investment	Fair Value	% of Total Investments
Cty Hstn Tx Combnd Utl C P	\$ 14,603,058	20%
Curators of Univ Of Mo C P	9,432,469	13%
New Jersey ST Transit Corp Gans	4,415,400	6%

*Credit Risk* - The Authority investments had the following level of exposure to credit risk at June 30, 2019:

Investment	Fair Value	Rating
Money market funds	\$ 27,706,880	AAA
U.S. Treasury and Agency obligations	15,606,406	AA
Municipal bonds/short-term notes	6,315,061	A
Commercial paper	24,035,527	A-1

*Interest Rate Risk* – The Authority does not have a formal investment policy, other than as noted above, that further limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Fair Value of Investments* – With the exception of commercial paper, investments and derivatives are recorded at fair value as of June 30, 2019. Commercial paper is valued at amortized cost, which approximates fair value. GASB Statement No. 72, "Fair Value Measurement and Application," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement establishes a hierarchy of value inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest, and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

- Level 1 - Investments whose values are based on quoted prices (unadjusted) for identical assets (or liabilities) in active markets that a government can access at the measurement date.
- Level 2 - Investments with inputs - other than quoted prices included within Level 1 - that are observable for an asset (or liability), either directly or indirectly.
- Level 3 - Investments with unobservable inputs for an asset (or liability) and may require a degree of professional judgement.

The following table summarizes the Authority's investments within the fair value hierarchy as of June 30, 2019:

Investment Type	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 27,706,880	\$ -	\$ -	\$ 27,706,880
U.S. Treasury and Agency obligations	15,606,406	-	-	15,606,406
Municipal bonds/short-term notes	-	6,315,061	-	6,315,061
Commercial paper	-	24,035,527	-	24,035,527
Total	<u>\$ 43,313,286</u>	<u>\$ 30,350,588</u>	<u>\$ -</u>	<u>\$ 73,663,874</u>

The Authority's Level 1 investments are based on active market quotes. The Authority's Level 2 investments are based on secondary market quotes.

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

**3. Interfund Transfers**

The composition of interfund transfers for the year ended June 30, 2019 is as follows:

	Transfers In	Transfers Out	Net Transfers In (Out)
General Fund	\$ 15,082,365	\$ 15,102,391	\$ (20,026)
PICA Tax Revenue Fund	2,913,309	38,469,120	(35,555,811)
Debt Service Reserve Fund	600,000	11,621,936	(11,021,936)
Nonmajor governmental funds:			
Debt Service Fund - 2010	24,056,042	269,838	23,786,204
Debt Service Fund - 2009	23,819,906	1,008,337	22,811,569
Total	<u>\$ 66,471,622</u>	<u>\$ 66,471,622</u>	<u>\$ -</u>

Interfund transfers are made on a regular basis to record the transfer of the portion of the PICA tax revenue withheld for debt service, operating transfers from the debt service reserve funds as permitted under the Trust Indenture, and transfers of the basis cap payments used for debt service.

**4. Capital Assets**

Capital asset activity for the year ended June 30, 2019 was as follows:

	Balance July 1, 2018	Deletions	Additions	Balance June 30, 2019
Equipment	\$ 10,699	\$ -	\$ -	\$ 10,699
Less: Accumulated depreciation	(7,120)	-	(2,139)	(9,259)
Equipment, net	<u>\$ 3,579</u>	<u>\$ -</u>	<u>\$ (2,139)</u>	<u>\$ 1,440</u>

Depreciation for the year ended June 30, 2019 was \$2,139 and is reflected in the Statement of Activities.

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

**5. Special Tax Revenue Bonds**

The following summary shows the changes in bonds payable for the year ended June 30, 2019:

Series of:	Outstanding July 1, 2018	Additions	Principal Repayments	Outstanding June 30, 2019	Amounts Due Within One Year
2009	\$ 100,030,000	\$ -	\$ 18,110,000	\$ 81,920,000	\$ 19,020,000
2010	68,475,000	-	20,650,000	47,825,000	21,470,000
Total	<u>\$ 168,505,000</u>	<u>\$ -</u>	<u>\$ 38,760,000</u>	129,745,000	<u>\$ 40,490,000</u>
			Add bond premiums	13,560,094	
				<u>\$ 143,305,094</u>	

In conjunction with the 1992 bond issue, the Authority entered into an Indenture of Trust dated as of June 1, 1992 which was supplemented by a First Supplemental Indenture of Trust dated as of June 22, 1992 (1992 Indenture). Two 1993 bond issues were issued pursuant to the 1992 Indenture as amended and supplemented, respectively, by a Second Supplemental Indenture of Trust dated as of July 15, 1993, and a Third Supplemental Indenture of Trust dated as of August 15, 1993.

In conjunction with the 1994 bond issue, the Authority entered into an Amended and Restated Indenture of Trust dated as of December 1, 1994 (1994 Indenture). The 1994 Indenture replaced the 1992 Indenture as amended and supplemented by the Second Supplemental Indenture of Trust and Third Supplemental Indenture of Trust. Subsequent bond issues in 1996, 1999, 2003, 2006, 2008, 2009, and 2010 were issued pursuant to the 1994 Indenture as amended and supplemented, respectively, by supplements dated May 15, 1996, April 1, 1999, June 1, 2003, June 1, 2006, May 1, 2008, June 1, 2009, and May 1, 2010.

Only the Series 2009 and 2010 bonds are currently outstanding. These bonds were issued, respectively, pursuant to the Sixth and Seventh Supplemental Indentures to the 1994 Indenture. These supplemental indentures are between the Authority and the U.S. Bank National Association (Trustee). The Trustee's responsibilities include ensuring that the proceeds of the PICA Tax (see Note 1) received by it are used to fund the debt service payments (bond principal and interest) required under the 1994 Indenture, as amended.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

Each series of bonds issued by the Authority are limited obligations of the Authority and the principal, redemption premium, if any, and interest thereon, are payable solely from a portion of the PICA Tax.

To issue additional bonds, the Trust Indenture requires that the Authority collection of PICA Taxes in any twelve consecutive months during the fifteen-month period immediately preceding the date of issuance of such additional bonds equals at least 175% of the maximum annual debt service requirement on the bonds outstanding after the issuance of the additional bonds for the 2009 Trust Indenture and 300% of the same for the 2010 Trust Indenture. The PICA Taxes collected during the year ended June 30, 2019 (\$528,763,262) equaled approximately 1126% of the maximum annual debt service (\$46,944,100) of the bonds outstanding at June 30, 2019 (the 2009 - \$23,082,850 and 2010 - \$23,861,250 bonds).

Total annual debt service requirements (annual principal or sinking fund requirements and interest payments) on the outstanding bonds at June 30, 2019 are as follows:

Fiscal Year Ending	Total Debt Service Requirements
2020	\$ 46,944,100
2021	37,319,600
2022	37,179,750
2023	23,076,000

Details as to the purpose of each of the respective series of bonds issued by the Authority through June 30, 2019, and as to bonds outstanding at that date follow.

A. Series of 1992, 1993, 1993A, and 1994

The proceeds from the sale of the Series of 1992, 1993, 1993A, and 1994 Bonds were used to (1) make grants to the City to fund the fiscal year 1991 General Fund cumulative deficit and the projected fiscal years 1992 and 1993 General Fund deficits, (2) make grants to the City to pay the cost of certain emergency capital projects to be undertaken by the City and other capital projects to increase productivity in the operation of City government, (3) make the required deposit to the Debt Service Reserve Fund, (4) capitalize interest on a portion of the Series of 1992 Bonds through June 15, 1993, (5) repay amounts previously advanced to the Authority by the Commonwealth to pay initial operating expenses of the Authority, (6)

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

fund a portion of the Authority's first fiscal year operating budget, (7) make a grant to the City for refunding of certain of the City's General Fund Obligation Bonds, (8) provide for the advance refunding of a portion of the Authority's Special Tax Revenue Bonds, Series of 1992, and (9) pay the costs of issuing each series of bonds.

The Refunded 1992, 1993, 1993A, and 1994 Bonds are no longer deemed to be outstanding under the Trust Indenture.

B. Series of 1996, 1999, 2003, 2006, and 2008 A and B

The proceeds from the sale of the Series of 1996, 1999, 2003, 2006, and 2008 A and B Bonds, together with other available funds, were used to (1) provide for the advance refunding of outstanding Authority Special Tax Revenue Bonds, (2) pay the premium for a Debt Service Reserve Fund insurance policy to satisfy Debt Service Reserve Fund Requirements, and (3) pay the costs of issuing each series bonds.

The Refunded 1996, 1999, 2003, 2006, and 2008 A and B Bonds are no longer deemed to be outstanding under the Trust Indentures.

C. Series of 2009 (2009 Bonds)

The net proceeds from the sale of the 2009 Bonds were used to (1) provide for the current refunding of all of the Authority's Special Tax Revenue Bonds, Series of 1999, outstanding as of May 15, 2009, (2) pay all the costs of terminating an interest rate Swaption related to the 1999 Bonds, and (3) pay the cost of issuing the 2009 Bonds. The proceeds of these bonds were used to refund the remaining portion of the 1999 Series maturing through 2023 in the total amount of \$326,865,000.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

The following table shows the annual principal or sinking fund requirements, interest payments, and the total debt service requirements for the 2009 Bonds outstanding at June 30, 2019:

Fiscal Year Ending	Interest Rate	Principal or Sinking Fund Requirements	Interest	Total Debt Service
2020	5%	\$ 19,020,000	\$ 4,062,850	\$ 23,082,850
2021	4% and 5%	19,965,000	3,111,850	23,076,850
2022	5%	20,945,000	2,133,250	23,078,250
2023	4.25% and 5%	21,990,000	1,086,000	23,076,000
		<u>\$ 81,920,000</u>	<u>\$ 10,393,950</u>	<u>\$ 92,313,950</u>

D. Series of 2010 (2010 Bonds)

The net proceeds from the sale of the 2010 Bonds were used to (1) provide for the current refunding of all of the Authority's Special Tax Revenue Bonds, Series of 2008 A and B, outstanding as of May 17, 2010, (2) to pay the costs of terminating an interest swap transaction related to the 2008 A and B Bonds, and (3) pay the cost of issuing the 2010 Bonds.

The following table shows the annual principal or sinking fund requirements, interest payments and the total debt service requirements for the 2010 Bonds outstanding at June 30, 2019:

Fiscal Year Ending	Interest Rate	Principal or Sinking Fund Requirements	Interest	Total Debt Service
2020	5%	\$ 21,470,000	\$ 2,391,250	\$ 23,861,250
2021	5%	12,925,000	1,317,750	14,242,750
2022	5%	13,430,000	671,500	14,101,500
		<u>\$ 47,825,000</u>	<u>\$ 4,380,500</u>	<u>\$ 52,205,500</u>

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

In June 2003 and 2004, the Authority entered into basis cap transactions with the counterparty as follows:

Investment Derivative Instruments

As of June 30, 2019, the Authority's basis caps did not meet the criteria for effectiveness as a hedging instrument. Therefore, they are reported as investment derivative instruments.

Governmental Activities	Classification	Fair Value at June 30, 2019:			Notional Amount
		Amount	Classification	Amount	
Investment Derivatives:					
2003 Basis Cap	Investment Income:	\$ 2,845	Investment:	\$ 322,889	\$ 36,790,000
1999 Basis Cap	Investment Income:	6,980	Investment:	888,415	72,960,000

The Authority entered into two basis cap transactions with JPMorgan Chase Bank, one in June 2003 related to the 2003 swap and one in April 2004 related to the 1999 swaption. For the 2003 basis cap transaction, beginning in June 15, 2003, the counterparty pays the Authority a fixed rate each month of .40% per year times the notional amount times the day count fraction and the Authority will pay the counterparty a variable rate based on the greater of (a) the average of Securities Industry and Financial Markets Association (SIFMA) for the month divided by one-month London Interbank Offered Rate (LIBOR) less 70%, multiplied by the one-month LIBOR, times the notional amount times the day count fraction, or (b) zero. The notional amount and term of the agreement equals the notional amount and term of the 2003 interest rate swap noted above.

For the 1999 basis cap transaction, beginning June 15, 2009, the counterparty pays the Authority a fixed rate each month of .46% per year times the notional amount times the day count fraction and the Authority will pay the counterparty a variable rate based on the greater of (a) the average of SIFMA for the month divided by one-month LIBOR less 70%, multiplied by the one-month LIBOR, times the notional amount times the day count fraction, or (b) zero. The notional amount and term of the agreement equals the notional amount and term of the 1999 interest rate swap noted above.

If the ratio of SIFMA/LIBOR rises sharply, the anticipated benefit may not be realized.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

*Fair Value* – As of June 30, 2019, the 2003 basis cap had a positive fair value of \$322,889. This means that the Authority would receive this amount to terminate the 2003 basis cap. As of June 30, 2019, the 1999 basis cap had a positive fair value of \$888,415. This means that the Authority would receive this amount to terminate the 1999 basis cap. The fair values of these swaps were measured using the zero-coupon discount method and are categorized within Level 2 of the fair value hierarchy.

*Termination Risk* – The basis caps include an additional termination event based on credit ratings. The basis caps may be terminated by the Authority if the counterparty's ratings fall below A- or A3 and collateral is not posted within 15 days.

## **6. Defined Benefit Pension Plan**

### Plan Description

The Authority covers all full-time employees in the Pennsylvania State Employees' Retirement System (SERS) which was established as of June 27, 1923, under the provisions of Public Law 858, No 331. SERS is the administrator of a cost-sharing, multiple-employer defined benefit retirement system established by the Commonwealth to provide pension benefits for employees of state government and certain independent agencies.

SERS is a component unit of the Commonwealth and is included in the Commonwealth's financial report as a pension trust fund. SERS also issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Commonwealth of Pennsylvania, State Employees' Retirement Board, 30 North Third Street, P.O. Box 1147, Harrisburg, Pennsylvania, 17108.

### Benefits Provided

SERS provides retirement, death, and disability benefits. Retirement benefits vest after five years of credited service. Employees who retire with three years of service at age 60, or with 35 years of service if under age 60, are entitled to a normal annual retirement benefit. Members of the General Assembly and certain employees classified in hazardous duty positions can retire with full benefits at age 50, with at least three years of service. For employees hired prior to January 1, 2011, the general annual benefit provided by statute is 2.5% of the member's highest three-year average salary times years of service. Effective

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

January 1, 2011, the general annual benefit required by statute was reduced to 2.0% of the member's highest three-year annual average salary times years of service times class of service multiplier. The Authority's total and annual covered payroll for the year ended June 30, 2019 was \$479,052.

Contributions Required

Covered employees are required by statute to contribute to SERS at a rate of 6.25% (Class A3 and AA employees) and 9.30% (Class A4) of their gross pay. The contributions are recorded in an individually identified account which is also credited with interest, calculated quarterly to yield 4% per annum, as mandated by statute. Accumulated employee contributions and credited interest vest immediately and are returned to the employee upon termination of service if the employee is not eligible for other benefits.

The employer contribution rate for each fiscal year is certified by the SERS Board based on the annual actuarial valuation conducted by the SERS actuary. The Authority actuarially determined contribution rate was 23.94% and 23.80% (Class A3/A4) and 34.63% (Class AA) of the gross pay of its employees during the year ended June 30, 2019. The Authority contributed \$153,785 and \$161,514 to SERS during the fiscal years 2019 and 2018, respectively.

According to the retirement code, all obligations of SERS will be assumed by the Commonwealth should SERS terminate.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At June 30, 2019, the Authority reported a liability of \$1,553,260 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At December 31, 2018, the Authority's proportion was .0075%, which represents a .0005% decrease on its proportion measured as of December 31, 2017.

For the year ended June 30, 2019, the Authority recognized pension expense of \$279,875.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

At June 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 40,062	\$ 28,255
Changes of assumptions	71,127	-
Net difference between projected and actual earnings on pension plan investments	259,743	-
Changes in proportion and differences between Authority contributions and proportionate share of contributions	113,649	670,961
Authority contributions subsequent to the measurement date	81,066	-
Total	<u>\$ 565,647</u>	<u>\$ 699,216</u>

Deferred outflows of resources totaling \$81,066 related to pensions, resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending June 30:	Amount
2020	\$ (38,764)
2021	(55,289)
2022	(96,397)
2023	(26,026)
2024	1,841
	<u>\$ (214,635)</u>

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

*Actuarial Methods and Assumptions*

The following methods and assumptions were used in the December 31, 2018 actuarial valuations. These methods and assumptions were applied to all periods included in the measurement period.

Actuarial cost method	Entry age
Amortization method	Straight-line amortization of difference between projected and actual earnings on pension plan investments over five years and amortization of assumption changes and noninvestment gains/losses over the average expected remaining service lives of all employees that are provided benefits
Investment rate of return	7.25% net of expenses, including inflation
Projected salary increases	Average of 5.60% with range of 3.70% - 8.90%, including inflation
Asset valuation method	Fair (market) value
Inflation	2.60%
Mortality	Projected RP-2000 mortality tables adjusted for actual plan experience and future improvement
Cost-of-living adjustments	Ad hoc

Every five years, SERS is required to conduct an actuarial experience study to determine whether the assumptions used in its annual actuarial valuations remain accurate based on current and anticipated demographic trends and economic conditions. The *18th Investigation of Actuarial Experience*, which was published in March of 2016, analyzed experience from 2011 through 2015. The SERS Board accepted the actuarial assumptions set forth in the *18th Investigation of Actuarial Experience* at its March 2016 meeting.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

The long-term expected real rate of return on pension plan investments is determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class included on the pension plan's target asset allocation as of December 31, 2018 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Private Equity	16%	7.25%
Global Public Equity	48%	5.15%
Real Estate	12%	5.26%
Multi-Strategy	10%	4.44%
Fixed Income	11%	1.26%
Cash	3%	-
Total	100%	

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flow used to determine the discount rate assumed that employee contributions will be made at the rates applicable for each member and that employer contributions will be made based on rates determined by the actuary. Based on those assumptions, SERS' fiduciary net position was projected to be available to make all projected future benefit payments of current and non-active SERS members. Therefore, the long-term expected rate of return on SERS investments was applied to all periods of projected benefit payments to determine the total pension liability.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	<u>1% Decrease (6.25%)</u>	<u>Current Discount Rate (7.25%)</u>	<u>1% Increase (8.25%)</u>
Authority's proportionate share of the net pension liability	\$ 1,907,277	\$ 1,553,260	\$ 1,249,888

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued SERS financial report.

Payables to the Pension Plan

There were no amounts payable to the pension plan as June 30, 2019.

## 7. Other Post-Employment Benefits (OPEB)

Plan Description

The Authority covers all full-time employees in the Retired Employees Health Program (REHP). The REHP is a single-employer, defined benefit OPEB plan that includes Commonwealth agencies and some component units. The REHP is established as a trust equivalent arrangement. The REHP is administered by the Pennsylvania Employees Benefit Trust Fund (PEBTF), which acts as a third-party administrator under an administrative agreement with the Commonwealth. The REHP is provided as part of collective bargaining agreements with most Commonwealth labor unions. All policy decisions and types and levels of benefits for the REHP fall under the purview of the Commonwealth's Executive Board, Secretary of Administration. The REHP does not have a governing board.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

The Authority does not participate in the REHP trust and, as such, does not contribute to the trust, but instead contributes under a separate payment arrangement.

Benefits Provided

The Commonwealth sponsors the REHP for eligible retirees and their dependents to receive subsidized health coverage for the retiree's lifetime.

Eligible employees who retire from the state and meet one of the following eligibility criteria are eligible to receive REHP benefits:

- 25 or more years of service
- 20 or more years of service and superannuation age – 60 for general employees (age 55 or 65 for employees subject to Act 120 of 2010)
- Disability retirement – requires five years of service

Spouses and dependents are eligible for subsidized post-employment medical coverage while the retiree is alive. The Patient Protection and Affordable Care Act (PPACA), signed into law on March 23, 2010, increased the dependent child age limit to age 26 and applied to the Commonwealth effective January 1, 2011.

Contributions

The Authority's contribution rate to the REHP is determined by annual agreement with the Commonwealth of Pennsylvania and the Philadelphia Regional Port Authority (PRPA).

The Authority does not participate in the trust and, as such, contributes the actual fiscal year benefit payments attributable to its retirees. The Authority contributed \$224 per biweekly pay period for each current REHP eligible active employee during fiscal year ended June 30, 2019 to the REHP Trust. The Authority's contributions to the REHP for the years ended June 30, 2019 and 2018 were \$32,654 and \$32,829, respectively.

Health Care Reform

PPACA was signed into law in 2010 with the purpose of increasing the number of Americans with health insurance coverage. There are several provisions within PPACA with potentially significant short- and long-term cost implications for employers. In future years, there may

continue to be increased cost impact to the extent the health and welfare program experiences increased utilization due to these changes, all of which are assumed to be in place indefinitely.

OPEB Liabilities, OPEB Expense, and Deferred Outflows and Inflows of Resources Related to OPEB

At June 30, 2019, the Authority reported a liability of \$1,151,809 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Authority's portion of the net OPEB liability was allocated based on a projections of the Authority's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2018, the Authority's proportion of the net OPEB liability was approximately 0.0078%, which is an increase of .0024% from its proportion measured at June 30, 2017.

For the year ended June 30, 2019, the Authority recognized OPEB expense of \$426,549.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

At June 30, 2019, the Authority reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Authority contributions subsequent to the measurement date	\$ 32,654	\$ -
Changes in proportion and differences between Authority contributions and proportionate share of contributions	57,166	-
Difference between expected and actual experience	-	352,710
Net difference between projected and actual earnings on OPEB plan investments	-	1,743
Changes of assumptions	-	151,410
Total	<u>\$ 89,820</u>	<u>\$ 505,863</u>

Deferred outflows of resources totaling \$32,654 related to OPEB, resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2020	\$ (113,177)
2021	(98,886)
2022	(98,886)
2023	(89,953)
2024	(47,143)
2025	(652)
	<u>\$ (448,697)</u>

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Actuarial Methods and Assumptions

The following methods and assumptions were used in the June 30, 2018 actuarial valuation. These methods and assumptions were applied to all periods included in the measurement period:

Actuarial cost method	Entry age normal
Amortization method	Level percent of payroll, 30-year open amortization (fresh start each year)
Investment rate of return	5.00%
Projected salary increases	Average of 2.65% with range of 0.80% - 6.00%, including inflation
Inflation	2.60%
Mortality rate	Projected RP-2000 Mortality Tables (using projection scale AA) adjusted for actual plan experiences and future improvement
Healthcare trend increases:	
Initial rate for medical benefits	6.20% for Medicare and 5.90% for Medicare
Ultimate rate for medical benefits	4.10% for both Medicare and non-Medicare
Year ultimate trend rate reached	2075

The Commonwealth's SERS performs experience studies periodically to determine reasonable and appropriate economic and demographic assumptions for valuing the defined benefit pension plan. The inflation assumption selected by the SERS Board during an April 2017 meeting are also used for the retiree health benefit valuation.

One significant assumption where the recommendation of the experience study is not applicable to this retiree health benefit valuation is the discount rate. Since REHP has insufficient assets to meet future years' projected benefit payments, as prescribed by GASB Statements No. 74 and 75, the discount rate was based on the 20-year Bond Buyer General Obligation Index municipal bond rate as of the measurement date. The discount rate was 3.87% as of June 30, 2018 and 3.58% as of June 30, 2017.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Medicare Part D subsidy payments are not reflected under GASB Statement No. 45 (predecessor statement to GASB No. 75) which is consistent with GASB Technical Bulletin 2006-1.

Discount Rate

The discount rate used to measure the total pension liability was 3.87% as of June 30, 2018 and 3.58% as of June 30, 2017. Since REHP has insufficient assets to meet next year's projected benefit payments, as prescribed by GASB Statements No. 74 and 75, the discount rate will be based on the index rate for 20-year tax-exempt general obligation municipal bond index rate with an average rating of AA/Aa or higher as of the measurement date. The Commonwealth elected to determine the discount rate using the Bond Buyer 20-Bond General Obligation Index. Since REHP has insufficient assets to meet projected benefit payments, the municipal bond rate was applied to all periods of the projected benefit payments to determine the total OPEB liability. The projection of cash flows used to determine the single discount rate for each measurement period assumed that employer contributions will be made based on the current funding policy for future years.

Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following represents the Authority's proportionate share of the net OPEB liability calculated using the discount rate of 3.87%, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87%) or 1-percentage-point higher (4.87%) than the current rate.

	1% Decrease (2.87%)	Current Discount Rate (3.87%)	1% Increase (4.87%)
Authority's proportionate share of the net OPEB liability	\$ 1,319,559	\$ 1,151,809	\$ 1,013,579

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following represents the Authority's proportionate share of the net OPEB liability calculated using the healthcare cost trend rate of 6.20%, grading down to 4.10%, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (5.20% grading down to 3.10%) or 1-percentage-point higher (7.20% grading down to 5.10%) than the current rate.

	1% Decrease (5.20% grading down to 3.1%)	Current Trend Rate (6.20% grading down to 4.10%)	1% Increase (7.20% grading down to 5.1%)
Authority's proportionate share of the net OPEB liability	\$ 988,743	\$ 1,151,809	\$ 1,354,416

## 8. Lease Commitment

The Authority is obligated under an operating lease for office space, expiring August 31, 2024. The following is a schedule of future minimum lease payments:

Fiscal Year Ending June 30	Amount
2020	\$ 106,170
2021	108,500
2022	120,368
2023	122,912
2024	125,456
2025	20,980
	\$ 604,386

Rent expense, including utilities, for the year ended June 30, 2019 was \$115,210.

## **APPENDIX B**

### **City of Philadelphia Government and Financial Information<sup>1</sup>**

#### **OVERVIEW**

The City of Philadelphia (the “City” or “Philadelphia”), located along the southeastern border of the Commonwealth of Pennsylvania (the “Commonwealth” or “Pennsylvania”), is the largest city in the Commonwealth and the sixth largest city in the United States with approximately 1.584 million residents (based on 2018 estimates). According to the 2010 U.S. Census, the City increased its population in the ten years from 2000 to 2010, reflecting the City’s first population gain in 60 years. From 2010 to 2018, the City increased its population by 3.6%. The City is also the center of the United States’ eighth largest metropolitan statistical area, which is an 11-county area encompassing the City, Camden, NJ, and Wilmington, DE and represents approximately 6.1 million residents (based on 2018 estimates).

The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries. The City’s economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major regional business and personal services center with strengths in insurance, law, finance, healthcare, higher education, utilities, and the arts. In addition, the City is a center for health, education, research and science facilities with the nation’s largest concentration of healthcare resources within a 100-mile radius.

The cost of living in the City is relatively moderate and affordable compared to other major metropolitan areas in the northeast United States. The City, as one of the country’s education centers, offers its business community a large and diverse labor pool that draws from major universities including, within the geographical boundaries of the City, the University of Pennsylvania (“Penn”), Temple University, Drexel University, St. Joseph’s University, and LaSalle University, among others.

#### **Fiscal Health of the City**

The City has implemented several strategies to address anticipated fiscal challenges over the course of the Twenty-Eighth Five-Year Plan (Fiscal Years 2020-2024), which are described below.

General Fund Reserves: For Fiscal Year 2020, the City’s projected General Fund balance available for appropriation is \$209.9 million, or approximately 4% of projected expenditures. The Mayor’s current target for the General Fund balance is 6-8% of expenditures. Over the course of the Twenty-Eighth Five-Year Plan (Fiscal Years 2020-2024), the City’s projected General Fund balance averages approximately \$167.4 million per Fiscal Year (as defined herein), with a low of \$128.9 million in Fiscal Year 2022. These projected General Fund balances incorporate budgeted amounts for the federal and state budget reserve and contributions to the Budget Stabilization Fund (each as described below). The City’s General Fund balance still remains below recommended levels. The Government Finance Officers Association (“GFOA”) recommends fund balances of approximately 17% of revenues or expenditures and the City’s General Fund balances over the course of the Twenty-Eighth Five-Year Plan are not projected to reach the City’s 6-8% goal. If the City is successful in funding the Budget Stabilization Fund as planned and does not use amounts included in the federal and state budget reserve, the City’s overall reserve balances, inclusive of its General Fund and the Budget Stabilization Fund, will increase as a percentage of expenditures.

---

<sup>1</sup> Unless otherwise noted, all information contained in this Appendix B is current as of June 30, 2019.

For more information on the City's historical financial operations and the City's projected General Fund balances for Fiscal Years 2019-2024, see "DISCUSSION OF FINANCIAL OPERATIONS" and Tables 1 and 2 (and the text following Table 2) herein.

Budget Stabilization Reserve: To provide the City with a financial cushion should unexpected costs arise, the City has made a deposit of \$34.3 million to the Budget Stabilization Reserve (as defined herein), pursuant to the Fiscal Year 2020 Adopted Budget. In addition to the Fiscal Year 2020 deposit, the City projects the following deposits to be made to the Budget Stabilization Reserve over the course of the Twenty-Eighth Five-Year Plan: (i) \$35.1 million (Fiscal Year 2021), (ii) \$36.1 million (Fiscal Year 2022), (iii) \$37.2 million (Fiscal Year 2023), and (iv) \$38.2 million (Fiscal Year 2024).

For more information on the Budget Stabilization Reserve, see "DISCUSSION OF FINANCIAL OPERATIONS – Budget Stabilization Reserve" herein.

Federal and State Budget Reserve: To continue mitigating against potential state and federal cuts in funds provided to the City, the Fiscal Year 2020 Adopted Budget sets aside \$55.1 million in a federal and state budget reserve. The Twenty-Eighth Five-Year Plan continues funding such a reserve through Fiscal Year 2024. Although this reserve would help to offset any such cuts, it represents only a small fraction of what the City projects to receive in grants from the state and federal governments in Fiscal Years 2020-2024. Accordingly, if potential cuts exceed the amount in the reserve, it could require the City to make difficult decisions about what to continue funding. If potential cuts in any Fiscal Year are less than the reserve amount established for such year, the difference would increase the General Fund balance at the end of such year unless the City uses the funds in such reserve for other purposes. Based on the current estimate for Fiscal Year 2019, \$53.6 million has been budgeted for the federal and state funding reserve. The City has not utilized such funds for Fiscal Year 2019, and expects any remaining balance in the reserve to be included in the General Fund balance for such Fiscal Year.

Labor Reserve: While all of the City's unions are covered by bargaining agreements through June 30, 2020, the Twenty-Eighth Five-Year Plan includes a labor reserve for potential future labor cost increases once such agreements expire. As such, the Twenty-Eighth Five-Year Plan includes labor reserves of (i) \$20 million (Fiscal Year 2021), (ii) \$30 million (Fiscal Year 2022), (iii) \$40 million (Fiscal Year 2023), and (iv) \$50 million (Fiscal Year 2024).

Tax Revenues: Approximately three-quarters of the City's revenues come from local taxes and more than 85% of tax revenues come from just four taxes: Wage and Earnings Taxes, Real Estate Taxes, Business Income and Receipts Taxes ("BIRT"), and Real Property Transfer Taxes. The largest portion of these tax revenues, more than 40%, comes from the Wage and Earnings Tax (see Table 3 and "REVENUES OF THE CITY – Wage, Earnings, and Net Profits Taxes" herein). Approximately 40% of the Wage and Earnings Tax is paid by non-resident workers. Additionally, the City remains unique among the nation's largest cities in that it imposes a tax on both corporate profits and revenue through the BIRT, which is projected to generate 13.7% of the City's local tax revenue in Fiscal Year 2020 (based on projections included in the Fiscal Year 2020 Adopted Budget). See "REVENUES OF THE CITY" and Table 3 herein.

High Fixed Costs: The City's high fixed costs consume a significant portion of the City's budget. The largest of such costs is the City's payment to the Municipal Pension Fund. Pension costs are budgeted to consume approximately 15% of the Fiscal Year 2020 Adopted Budget, with a City pension cost of approximately \$749.1 million (from the General Fund). Even with such large payments, the Municipal Pension Fund is under 50% funded. See "PENSION SYSTEM" herein.

Increased Funding for the School District: In the Fiscal Year 2020 Adopted Budget, the City's direct contribution to The School District of Philadelphia (the "School District") from the General Fund is

\$222.5 million in Fiscal Year 2020, an amount \$36.7 million higher than the current estimate for Fiscal Year 2019 (\$185.8 million). The School District is an independent governmental entity.

For more information on the School District, see “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – Mayoral-Appointed or Nominated Agencies – The School District.” For more information on the City’s historical contributions to the School District, see “EXPENDITURES OF THE CITY – City Payments to School District” and Table 21 herein.

In addition to the fiscal challenges and related strategic planning described above, the City faces several near-term fiscal uncertainties, such as (i) continued increases in pension costs, (ii) the possibility of an economic downturn, (iii) uncertainties related to how amendments to the federal tax code may impact the City’s economy (such as the limits placed on the state and local tax deduction, among others), (iv) possible decreases in federal and state spending, (v) potential increases in labor costs under future labor agreements (as noted above, the City’s unions are covered by bargaining agreements through June 30, 2020), and (vi) continued increases in City contributions to the School District.

This “OVERVIEW” is intended to highlight the strategies implemented by the City to address its principal anticipated fiscal challenges. The reader is cautioned to review with care the more detailed information presented in this APPENDIX B.

## **THE GOVERNMENT OF THE CITY OF PHILADELPHIA**

### **Introduction**

As noted above, the City is the largest city in the Commonwealth, the sixth largest city in the United States, and the center of the United States’ eighth largest metropolitan statistical area. The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries.

As one of the country’s education centers, the City offers the business community a large and diverse labor pool. Penn, Temple University, Drexel University, St. Joseph’s University, La Salle University, and Community College of Philadelphia are certain of the well-known institutions of higher education located in the City. There are also a number of other well-known colleges and universities located near the City, notably including Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University, among others.

The City is a center for health, education, research and science facilities. In the City, there are more than 30 hospitals, including the Children’s Hospital of Philadelphia, Hospital of the University of Pennsylvania, Einstein Medical Center-Philadelphia, Temple University Hospital, and Thomas Jefferson University Hospitals and Jefferson Health, among others, and schools of medicine, dentistry, pharmacy, optometry, podiatry, and veterinary medicine.

Tourism is important to the City and is driven by the City’s extraordinary historic and cultural assets. The City’s Historic District includes Independence Hall, the Liberty Bell, Carpenters’ Hall, the Betsy Ross House, and Elfreth’s Alley, the Nation’s oldest residential street. The Benjamin Franklin Parkway District (referred to as the “Parkway” in APPENDIX C to this Official Statement) includes the Philadelphia Museum of Art, the Barnes Foundation, and the Rodin Museum. The Avenue of the Arts, located along a mile-long section of South Broad Street between City Hall and Washington Avenue, includes the Kimmel Center, the Academy of Music, and other performing arts venues. All of the foregoing are key tourist attractions in the City.

For more information on the City's demographic and economic resources and economic development initiatives, see APPENDIX C to this Official Statement.

## **History and Organization**

The City was incorporated in 1789 by an Act of the General Assembly of the Commonwealth (the "General Assembly") (predecessors of the City under charters granted by William Penn in his capacity as proprietor of the colony of Pennsylvania may date to as early as 1682). In 1854, the General Assembly, by an act commonly referred to as the Consolidation Act: (i) made the City's boundaries coterminous with the boundaries of Philadelphia County (the same boundaries that exist today) (the "County"); (ii) abolished all governments within these boundaries other than the City and the County; and (iii) consolidated the legislative functions of the City and the County. Article 9, Section 13 of the Pennsylvania Constitution abolished all county offices in the City, provides that the City performs all functions of county government, and states that laws applicable to counties apply to the City.

Since 1952, the City has been governed under a Home Rule Charter authorized by the General Assembly pursuant to the First Class City Home Rule Act, Act of April 21, 1949, P.L. 665, Section 17, and adopted by the voters of the City (as amended and supplemented, the "City Charter"). The City Charter provides, among other things, for the election, organization, powers and duties of the legislative branch (the "City Council") and the executive and administrative branch, as well as the basic rules governing the City's fiscal and budgetary matters, contracts, procurement, property, and records. Under Article XII of the City Charter, the School District operates as a separate and independent home rule school district. Certain other constitutional provisions and Commonwealth statutes continue to govern various aspects of the City's affairs, notwithstanding the broad grant of powers of local self-government in relation to municipal functions set forth in the First Class City Home Rule Act.

Under the City Charter, there are two distinct principal governmental entities in the City: (i) the City, which performs municipal and county functions; and (ii) the School District, which has boundaries coterminous with the City and responsibility for all public primary and secondary education.

The court system in the City, consisting of Common Pleas and Municipal Courts, is part of the Commonwealth judicial system. Although judges are paid by the Commonwealth, most other court costs are paid by the City, with partial reimbursement from the Commonwealth.

## **Elected and Appointed Officials**

The Mayor is elected for a term of four years and is eligible to be elected for no more than two successive terms. Each of the seventeen members of City Council is also elected for a four-year term, which runs concurrently with that of the Mayor. There is no limitation on the number of terms that may be served by members of City Council. Of the members of City Council, ten are elected from districts and seven are elected at-large. No more than five of the seven at-large candidates for City Council may be nominated by any one party or political body. The District Attorney and the City Controller are elected at the mid-point of the terms of the Mayor and City Council.

The City Controller's responsibilities derive from the City Charter, various City ordinances and state and federal statutes, and contractual arrangements with auditees. The City Controller must follow Generally Accepted Government Auditing Standards, established by the federal Government Accountability Office (formerly known as the General Accounting Office), and Generally Accepted Auditing Standards, promulgated by the American Institute of Certified Public Accountants.

The City Controller audits and reports on the City's and the School District's Comprehensive Annual Financial Reports ("CAFRs"), federal assistance received by the City, and the performance of City departments. The City Controller also conducts a pre-audit program of City expenditure documents required to be submitted for approval, such as invoices, payment vouchers, purchase orders and contracts. Documents are selected for audit by category and statistical basis. The Pre-Audit Division verifies that expenditures are authorized and accurate in accordance with the City Charter and other pertinent legal and contractual requirements before any moneys are paid by the City Treasurer. The Pre-Audit Technical Unit, consisting of auditing and engineering staff, inspects and audits capital project design, construction and related expenditures. Other responsibilities of the City Controller include investigation of allegations of fraud, preparation of economic reports, certification of the City's debt capacity and the capital nature and useful life of the capital projects, and opining to the Pennsylvania Intergovernmental Cooperation Authority ("PICA") on the reasonableness of the assumptions and estimates in the City's five-year financial plans.

Under the City Charter, the principal officers of the City's government are the Managing Director of the City (the "Managing Director"), the Director of Finance of the City (the "Director of Finance"), the City Solicitor (the "City Solicitor"), the Director of Commerce (the "Director of Commerce"), the City Representative (the "City Representative"), and the Director of Planning and Development (the "Director of Planning and Development"). Under the City Charter, the Mayor appoints the Managing Director, the Director of Finance, the Director of Commerce, the City Representative, and the Director of Planning and Development. The Mayor, with the advice and consent of a majority of City Council, also appoints the City Solicitor.

The Managing Director, in coordination with the senior officials of City departments and agencies, is responsible for supervising the operating departments and agencies of the City that render the City's various municipal services. The Director of Commerce is charged with the responsibility of promoting and developing commerce and industry. The City Representative is the Ceremonial Representative of the City and especially of the Mayor. The City Representative is charged with the responsibility of giving wide publicity to any items of interest reflecting the activities of the City and its inhabitants, and for the marketing and promotion of the image of the City. Under the City Charter, the Director of Planning and Development oversees the Department of Planning and Development, which includes three divisions: (i) the Division of Development Services; (ii) the Division of Planning and Zoning; and (iii) the Division of Housing and Community Development. Such divisions represent five budgetary programs/fiscal divisions, including Executive Administration, Planning & Zoning, Development Services, Community Development, and Housing Development.

The City Solicitor is head of the Law Department and acts as legal advisor to the Mayor, City Council, and all of the agencies of the City government. The City Solicitor is also responsible for: (i) advising on legal matters pertaining to all of the City's contracts and bonds; (ii) assisting City Council, the Mayor, and City agencies in the preparation of ordinances for introduction in City Council; and (iii) conducting litigation involving the City.

The Director of Finance is the chief financial and budget officer of the City and is selected from three names submitted to the Mayor by a Finance Panel, which is established pursuant to the City Charter and is comprised of the President of the Philadelphia Clearing House Association, the Chairman of the Philadelphia Chapter of the Pennsylvania Institute of Certified Public Accountants, and the Dean of the Wharton School of Finance and Commerce of the University of Pennsylvania. Under Mayor Kenney's administration, the Director of Finance is responsible for the financial functions of the City, including: (i) development of the annual operating budget, the capital budget, and capital program; (ii) the City's program for temporary and long-term borrowing; (iii) supervision of the operating budget's execution; (iv) the collection of revenues through the Department of Revenue; (v) the oversight of pension administration as Chairperson of the Board of Pensions and Retirement; and (vi) the supervision of the

Office of Property Assessment. The Director of Finance is also responsible for the appointment and supervision of the City Treasurer, whose office manages the City's debt program and serves as the disbursing agent for the distribution of checks and electronic payments from the City Treasury and the management of cash resources.

The following are brief biographies of Mayor Kenney, his Chief of Staff, the Director of Finance, and the City Treasurer.

**James F. Kenney, Mayor.** On November 3, 2015, James F. Kenney was elected as the City's 99th Mayor and was sworn into office on January 4, 2016. Mayor Kenney is a lifelong resident of the City and a graduate of La Salle University. In 1991, Mayor Kenney was elected to serve as a Democratic City Councilman At-Large and was a member of City Council for 23 years.

**James Engler, Chief of Staff.** Mr. Engler was appointed Chief of Staff effective August 10, 2018. Prior to that, Mr. Engler served as Deputy Mayor for Policy and Legislation since January 2016. In that role, Mr. Engler served as a senior liaison between the Mayor's Office and City Council and was responsible for developing administration policy priorities and working with stakeholders inside and outside of government to advance those goals.

**Rob Dubow, Director of Finance.** Mr. Dubow has served as Director of Finance since being appointed on January 7, 2008. Prior to that appointment, Mr. Dubow was the Executive Director of PICA. He has also served as Executive Deputy Budget Secretary of the Commonwealth, from 2004 to 2005, and as Budget Director for the City, from 2000 to 2004.

**Christian Dunbar, City Treasurer.** Mr. Dunbar was appointed City Treasurer in July 2019. Prior to his appointment, Mr. Dunbar served as Deputy City Treasurer. As City Treasurer, Mr. Dunbar oversees the issuance of all notes and bonds on behalf of the City's General Fund and Enterprise Funds used to finance capital projects. Prior to joining the City, Mr. Dunbar was a wealth manager with Wells Fargo Advisors.

## **Government Services**

Municipal services provided by the City include: (i) police and fire protection; (ii) health care; (iii) certain welfare programs; (iv) construction and maintenance of local streets, highways, and bridges; (v) trash collection, disposal and recycling; (vi) provision for recreational programs and facilities; (vii) maintenance and operation of the water and wastewater systems (the "Water and Wastewater Systems"); (viii) acquisition and maintenance of City real and personal property, including vehicles; (ix) maintenance of building codes and regulation of licenses and permits; (x) maintenance of records; (xi) collection of taxes and revenues; (xii) purchase of supplies and equipment; (xiii) construction and maintenance of airport facilities (the "Airport System"); and (xiv) maintenance of a prison system. For information on the Water and Wastewater Systems, see APPENDIX C – "KEY CITY-RELATED SERVICES AND BUSINESSES – Water and Wastewater." For information on the Airport System, see APPENDIX C – "TRANSPORTATION – Airport System."

The City owns the assets that comprise the Philadelphia Gas Works ("PGW" or the "Gas Works"). PGW serves residential, commercial, and industrial customers in the City. PGW is operated by Philadelphia Facilities Management Corporation ("PFMC"), a non-profit corporation specifically organized to manage and operate PGW for the benefit of the City. For more information on PGW, see "PGW PENSION PLAN," "PGW OTHER POST-EMPLOYMENT BENEFITS," "EXPENDITURES OF THE CITY – PGW Annual Payments," and "LITIGATION – PGW."

## Local Government Agencies

There are a number of governmental authorities and quasi-governmental non-profit corporations that also provide services within the City. Certain of these entities are comprised of governing boards, the members of which are either appointed or nominated, in whole or part, by the Mayor, while others are independent of the Mayor's appointment or recommendation.

### *Mayoral-Appointed or Nominated Agencies*

**Philadelphia Industrial Development Corporation and Philadelphia Authority for Industrial Development.** The Philadelphia Industrial Development Corporation ("PIDC") and the Philadelphia Authority for Industrial Development ("PAID"), along with the City's Commerce Department, coordinate the City's efforts to maintain an attractive business environment, attract new businesses to the City, and retain existing businesses. PIDC manages PAID's activities through a management agreement. Of the 30 members of the board of PIDC, eight are City officers or officials (the Mayor, the Managing Director, the Finance Director, the Commerce Director, the Director of Planning and Development, the City Solicitor, and two members of City Council), nine members are designated by the President of the Chamber of Commerce of Greater Philadelphia (the "Chamber of Commerce"), and the remaining 13 members are jointly designated by the Chamber of Commerce and the Commerce Director. The five-member board of PAID is appointed by the Mayor.

**Philadelphia Municipal Authority.** The Philadelphia Municipal Authority (formerly the Equipment Leasing Authority of Philadelphia) ("PMA") was originally established for the purpose of buying equipment and vehicles to be leased to the City. PMA's powers have been expanded to include any project authorized under applicable law that is specifically authorized by ordinance of City Council. PMA is governed by a five-member board appointed by City Council from nominations made by the Mayor.

**Philadelphia Energy Authority.** The Philadelphia Energy Authority ("PEA") was established by the City and incorporated in 2011 for the purpose of facilitating and developing energy generation projects, facilitating and developing energy efficiency projects, the purchase or facilitation of energy supply and consumer energy education. PEA is authorized to participate in projects on behalf of the City, other government agencies, institutions and businesses. PEA is governed by a five-member board appointed by City Council from four nominations made by the Mayor and one nomination from City Council.

**Philadelphia Redevelopment Authority.** The Philadelphia Redevelopment Authority (formerly known as the Redevelopment Authority of the City of Philadelphia) (the "PRA"), supported by federal funds through the City's Community Development Block Grant Fund and by Commonwealth and local funds, is responsible for the redevelopment of the City's blighted areas. PRA is governed by a five-member board appointed by the Mayor.

**Philadelphia Land Bank.** The Philadelphia Land Bank (the "PLB") is an independent agency formed under the authority of City ordinance and Pennsylvania law to return vacant and tax delinquent properties to productive reuse. The PLB has an 11-member board of directors, of which five are appointed by the Mayor and five are appointed by City Council. The final board member is appointed by a majority vote of the other board members. The City provides funds for its operations. For more information on the PLB, see APPENDIX C – "ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION – City and Quasi-City Economic Development Agencies and Related Programs – Philadelphia Land Bank."

**Philadelphia Housing Authority.** The Philadelphia Housing Authority (the "PHA") is a public body organized pursuant to the Housing Authorities Law of the Commonwealth and is neither a department nor an agency of the City. PHA is responsible for developing and managing low and moderate income

rental units and limited amounts of for-sale housing in the City. PHA is also responsible for administering rental subsidies to landlords who rent their units to housing tenants qualified by PHA for such housing assistance payments. PHA is governed by a nine-member Board of Commissioners, all of whom are appointed by the Mayor with the approval of a majority of the members of City Council. The terms of the Commissioners are concurrent with the term of the appointing Mayor. Two of the members of the Board are required to be PHA residents. For more information on PHA, see APPENDIX C – “ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION – City and Quasi-City Economic Development Agencies and Related Programs – The Philadelphia Housing Authority.”

**Hospitals and Higher Education Facilities Authority of Philadelphia.** The Hospitals and Higher Education Facilities Authority of Philadelphia (the “Hospitals Authority”) assists non-profit hospitals by financing hospital construction projects. The City does not own or operate any hospitals. The powers of the Hospitals Authority also permit the financing of construction of buildings and facilities for certain colleges and universities and other health care facilities and nursing homes. The Hospitals Authority is governed by a five-member board appointed by City Council from nominations made by the Mayor.

**Southeastern Pennsylvania Transportation Authority.** The Southeastern Pennsylvania Transportation Authority (“SEPTA”), which is supported by transit revenues and federal, Commonwealth, and local funds, is responsible for developing and operating a comprehensive and coordinated public transportation system in the southeastern Pennsylvania region. Two of the 15 members of SEPTA’s board are appointed by the Mayor and confirmed by City Council. SEPTA is not a department or agency of the City. For more information on SEPTA, see “EXPENDITURES OF THE CITY – City Payments to SEPTA” and APPENDIX C – “TRANSPORTATION – Southeastern Pennsylvania Transportation Authority (SEPTA).”

**Pennsylvania Convention Center Authority.** The Pennsylvania Convention Center Authority (the “Convention Center Authority”) constructed and maintains, manages, and operates the Pennsylvania Convention Center, which opened on June 25, 1993. The Pennsylvania Convention Center is owned by the Commonwealth and leased to the Convention Center Authority. An expansion of the Pennsylvania Convention Center was completed in March 2011. This expansion enlarged the Pennsylvania Convention Center to approximately 2,300,000 square feet with the largest contiguous exhibit space in the Northeast, the largest convention center ballroom on the East Coast, and the ability to host large tradeshow or two major conventions simultaneously.

Of the 15 members of the board of the Convention Center Authority, two are appointed by the Mayor and one by each of the President and Minority Leader of City Council. The Director of Finance is an ex-officio member of the Board with no voting rights. The Commonwealth, the City and the Convention Center Authority have entered into an operating agreement with respect to the operation and financing of the Pennsylvania Convention Center. In January 2014, SMG began managing and operating the Pennsylvania Convention Center, instituting a number of measures intended to reduce and control show costs and improve customer service. For more information on the Convention Center Authority, see “EXPENDITURES OF THE CITY – City Payments to Convention Center Authority.”

**The School District.** The School District was established, pursuant to the First Class City Home Rule Education Act, by the Educational Supplement to the City Charter as a separate and independent home rule school district to provide free public education to the City’s residents. Under the City Charter, the School District is governed by the Board of Education of the School District of Philadelphia (the “Board of Education”).

Effective December 2001, the School District was declared distressed by the Secretary of Education of the Commonwealth (the “Secretary of Education”) pursuant to the Public School Code of 1949, as

amended (the “School Code”). During such a period of distress, the powers and duties of the Board of Education are vested in a School Reform Commission (the “School Reform Commission”) created pursuant to the School Code. In December 2017, the Secretary of Education approved a resolution adopted by the School Reform Commission recommending the dissolution of the School Reform Commission and rescission of the declaration of distressed school district status effective June 30, 2018. In April 2018, the Mayor appointed nine members to serve on the Board of Education and such individuals assumed their duties on July 1, 2018. As of such date, the Board of Education governs the School District.

Under the City Charter, the Board of Education is required to levy taxes annually, within the limits and upon the subjects authorized by the General Assembly or City Council, in amounts sufficient to provide for operating expenses, debt service charges, and for the costs of any other services incidental to the operation of public schools. The School District has no independent power to authorize school taxes. Certain financial information regarding the School District is included in the City’s CAFR.

The School District is part of the Commonwealth system of public education. In a number of matters, including the incurrence of short-term and long-term debt, the School District is governed by the separate statutes of the Commonwealth. The School District is a separate political subdivision of the Commonwealth, and the City has no property interest in or claim on any revenues or property of the School District.

In the City’s CAFR for Fiscal Year 2018 (the “Fiscal Year 2018 CAFR”), the City reported that its direct contribution to the School District from the General Fund was \$104.3 million in Fiscal Year 2018, not including funding from taxes levied by the School District and authorized by City Council. In the Fiscal Year 2020 Adopted Budget, the City’s direct contribution to the School District from the General Fund is \$222.5 million in Fiscal Year 2020, an amount \$36.7 million higher than the current estimate for Fiscal Year 2019 (\$185.8 million). Such amounts do not include funding from taxes levied by the School District and authorized by City Council. For more information on the City’s historical contributions to the School District, see “EXPENDITURES OF THE CITY – City Payments to School District” and Table 21.

#### *Non-Mayoral-Appointed or Nominated Agencies*

**PICA.** PICA was created by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the “PICA Act”) in 1991 to provide financial assistance to cities of the first class, and it continues in existence for a period not exceeding one year after all of its liabilities, including the PICA Bonds (as defined herein), have been fully paid and discharged. The City is the only city of the first class in the Commonwealth. The Governor, the President pro tempore of the Pennsylvania Senate, the Minority Leader of the Pennsylvania Senate, the Speaker of the Pennsylvania House of Representatives, and the Minority Leader of the Pennsylvania House of Representatives each appoints one voting member of PICA’s board. The Secretary of the Budget of the Commonwealth and the Director of Finance of the City serve as ex officio members of PICA’s board with no voting rights.

In January 1992, the City and PICA entered into an Intergovernmental Cooperation Agreement (the “PICA Agreement”), pursuant to which PICA agreed to issue bonds from time to time, at the request of the City, for the purpose of funding, among other things, deficits in the General Fund and a debt service reserve. See “DEBT OF THE CITY – PICA Bonds.”

Under the PICA Act and for so long as any PICA Bonds are outstanding, the City is required to submit to PICA: (i) a five-year financial plan on an annual basis; and (ii) quarterly financial reports, each as further described below under “DISCUSSION OF FINANCIAL OPERATIONS – Five-Year Plans of the City” and “– Quarterly Reporting to PICA.” Under the PICA Act, at such time when no PICA Bonds are outstanding, the City will no longer be required to prepare such annual financial plans or quarterly

reports. See “DEBT OF THE CITY – PICA Bonds” for the current final stated maturities of outstanding PICA Bonds. As of June 30, 2019, the principal amount of PICA Bonds outstanding was \$129,745,000; the final maturity date for such PICA Bonds is June 15, 2023.

The PICA Act and the PICA Agreement provide PICA with certain financial and oversight functions. PICA has the power to exercise certain advisory and review procedures with respect to the City’s financial affairs, including the power to review and approve the five-year financial plans prepared by the City, and to certify non-compliance by the City with the then-existing five-year plan. PICA is also required to certify non-compliance if, among other things, no approved five-year plan is in place or if the City has failed to file mandatory revisions to an approved five-year plan. Under the PICA Act, any such certification of non-compliance would, upon certification by PICA, require the Secretary of the Budget of the Commonwealth to withhold funds due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements, and payments payable to the City by the Commonwealth, including payment of the portion of the PICA Tax, as further described under “DEBT OF THE CITY – PICA Bonds” below, otherwise payable to the City). Such withheld funds are held in escrow by the Commonwealth or in the applicable city account until such non-compliance is cured. A majority vote of PICA will determine when the conditions that caused the City to be certified as non-compliant have ceased to exist. Following such vote, PICA notifies the Secretary of the Budget and the withheld funds are released (together with all interest and income earned thereon during the period held in escrow).

**Philadelphia Parking Authority.** The Philadelphia Parking Authority (the “PPA”) is responsible for: (i) the construction and operation of parking facilities in the City and at Philadelphia International Airport (“PHL”); and (ii) enforcement of on-street parking regulations. The members of the PPA’s board are appointed by the Governor, with certain nominations from the General Assembly. PPA is not a department or agency of the City. For more information on the PPA, see “REVENUES OF THE CITY – Philadelphia Parking Authority Revenues.”

## **Cybersecurity**

The City relies on a complex technology environment to conduct its operations. As a recipient and provider of personal, private, and sensitive information, the City and its departments and offices face multiple cyber threats including, but not limited to, hacking, viruses, malware, and other attacks on computers and other sensitive digital networks and systems.

The City’s Office of Innovation and Technology works to protect the City from cyber threats by adopting new technology and ensuring City systems and citizen data are protected. The Office of Innovation and Technology follows industry best practices, develops City-wide security policies, provides regular security training to all users, and uses security tools to mitigate, prevent, deter, and respond to incidents if and when they occur. Additionally, to identify potential vulnerabilities and proactively mitigate them, the City organizes periodic (i) vulnerability scanning of critical systems, (ii) penetration tests of the information security environment, and (iii) regular internal testing of systems and users. These tests are performed by both the Office of Innovation and Technology and third parties.

The Office of Innovation and Technology is working to establish relationships with federal and state government, commercial, academic, and law enforcement security experts. It is the City’s expectation that such relationships will enable the City to stay informed of threats and continuing improvements to security systems.

No assurances can be given that the City’s security and operational control measures will be successful in guarding against future cyber threats and attacks. The results of any attack on the City’s

computer and information technology systems could impact its operations and damage the City's digital networks and systems, and the costs of remedying any such damage could be substantial.

## **Climate Change**

The City's Office of Sustainability ("OOS") works with partners around the City, both public and private, to educate and prepare the City for climate change, among other things. OOS is responsible for implementing Greenworks Philadelphia, the City's comprehensive sustainability plan, which consists of a variety of initiatives to prepare the City for future climate-related challenges.

Planning for the potential impact of climate change in the City is challenging. The City's climate is variable and projections of future conditions range significantly. Potential climate change impacts include rising temperatures (heat waves); air quality issues; increased heavy precipitation events (rain or snow); rising sea levels (two feet by 2050 and four feet by 2100); and storm surges from more intense hurricanes and tropical storms.

Under the mid-century (2050) and end-of-century (2100) analyses, the City projects that it will experience a greater frequency of heavy and extremely heavy precipitation events, with the largest increase occurring in precipitation that falls during winter months. Heavy precipitation and flooding can be caused by a variety of weather systems, including tropical storms and hurricanes, thunderstorms, and frontal activity. When these heavy precipitation events fall as rain, they often exceed the capacity of the City's storm sewer infrastructure; when they fall as snow, they require many City resources to manage. Some of these projections are already becoming a reality, as the City has experienced an increase in the intensity and frequency of storm events over the last decade, which has on occasion resulted in significant flooding.

The sea level rising is a particularly important risk for the City, as rising seas affect water levels in the Delaware and Schuylkill Rivers bordering the City. Higher sea levels will increase the depth and extent of flooding in and around the City from storm surges. Low-lying areas already experience localized flooding during heavy storm events, and both municipal infrastructure and private development exist along the two rivers. Because of the City's topography and its location next to tidal rivers, many facilities and other properties are vulnerable to sea level rise, even under conservative sea level rise scenarios. For example, PHL and at least a dozen other City facilities would be exposed to flooding with two feet of sea level rise, a scenario that is likely to occur by mid-century. Under the mid-century sea level rise scenario (indicating two feet of sea level rise), only one facility is highly vulnerable to flooding, but under the end-of-century sea level rise scenario (four feet of sea level rise), 19 facilities are highly vulnerable and another 12 facilities are moderately vulnerable. Hundreds of additional facilities are highly vulnerable to both riverine flooding and the combination of sea level rise and storm surge.

**Financial Impact.** While the financial effects of climate change are difficult to quantify, the City has developed some cost estimates related to its future fiscal impact. Climate change will increase both the risk of expensive extreme events and the regular, recurring costs of doing business, along with equally important but less quantifiable costs to quality of life in the City. Proactive planning for climate change can help to reduce many of these costs, both public and private.

Climate change is increasing the intensity of extreme storms, and just one severe hurricane could cause more than \$2 billion in damages across the City. The City expects to see more frequent extreme storms with higher winds and more flooding, due in part to sea level rise combined with heavy rains. Depending on severity, each of these storms could cause between \$20 million and \$900 million in damages in the City.

In addition to increasing disaster costs, higher heat and more precipitation will increase the everyday cost of doing business for the City's government, businesses, and residents. Increased operating costs from climate change across all sectors would result in a significant economic impact in the City. Much of these costs will be borne by city departments in combination with Commonwealth and federal government; others will fall directly on the private sector.

Annual costs of climate change to the City will include a variety of increases ranging from energy and maintenance costs to the increasing costs of continuing to provide services. For example, the City expects climate change to (i) increase annual electricity costs by up to \$1 million due to increased demand for air conditioning; (ii) create an additional \$2 to \$4 million in roadway maintenance costs from precipitation, freeze-thaw cycles, and high temperatures; and (iii) increase the annual cost of running heat emergency helplines to advise callers about how to avoid heat stress and refer those in need of help to emergency services.

The City also expects to face a variety of other increased costs due to climate change, such as (i) costs associated with a variety of respiratory diseases caused by higher levels of ozone (with costs for medical treatment and lost productivity associated with these diseases will approach \$20 million by 2050), and (ii) increased regional transportation expenses (increased operational costs and damages from climate change could rise by almost \$2 million per year).

In 2016, OOS, along with a cross-departmental Climate Adaptation Working Group, issued *Growing Stronger: Toward a Climate-Ready Philadelphia* to (i) assess vulnerabilities and preparation opportunities for municipal government; (ii) identify low-barrier and high-impact internal actions that can be taken to reduce risks and decrease stressors on City infrastructure services; and (iii) guide proactive projects with benefits beyond municipal operations. City-wide climate adaptation planning efforts are now also underway.

## **CITY FINANCES AND FINANCIAL PROCEDURES**

Except as otherwise noted, the financial statements, tables, statistics, and other information shown below have been prepared by the Office of the Director of Finance and can be reconciled to the financial statements in the Fiscal Year 2018 CAFR and notes therein. The Fiscal Year 2018 CAFR was prepared by the Office of the Director of Finance in conformance with guidelines adopted by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants' audit guide, Audits of State and Local Government Units.

### **General**

Governmental funds account for their activities using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as in the case of full accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due; however, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues, such as real estate taxes, are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, BIRT, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources

are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue that is considered to be program revenue includes: (i) charges to customers or applicants for goods received, services rendered or privileges provided; (ii) operating grants and contributions; and (iii) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues; therefore, all taxes are considered general revenues.

The City's financial statements reflect the following three funds as major Governmental Funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The Health Choices Behavioral Health Fund accounts for resources received from the Commonwealth. These resources are restricted to providing managed behavioral health care to residents of the City.
- The Grants Revenue Fund accounts for the resources received from various federal, Commonwealth, and private grantor agencies, including those received by the City's Department of Human Services ("DHS"). The resources are restricted to accomplishing the various objectives of the grantor agencies.

The City also reports on permanent funds, which are used to account for resources legally held in trust for use by the park and library systems of the City. There are legal restrictions on the resources of the permanent funds that require the principal to remain intact, while only the earnings may be used for the programs.

The City reports on the following fiduciary funds:

- The Municipal Pension Fund accumulates resources to provide pension benefit payments to qualified employees of the City and certain other quasi-governmental organizations.
- The PGW Retirement Reserve Fund accounts for contributions made by PGW to provide pension benefit payments to its qualified employees under its pension plan. For more information on the PGW Pension Plan (as defined herein), see "PGW PENSION PLAN."
- The Escrow Fund accounts for funds held in escrow for various purposes.
- The Employees Health & Welfare Fund accounts for funds deducted from employees' salaries for payment to various organizations.
- The Departmental Custodial Accounts account for funds held in custody by various departments of the City.

The City reports on the following major proprietary funds:

- The Water Fund accounts for the activities related to the operation of the Water and Wastewater Systems.
- The Aviation Fund accounts for the activities of the Airport System.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenues of the Aviation Fund are charges for the use of the City's airports, PHL and Northeast Philadelphia Airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

### **Current City Disclosure Practices**

It is the City's practice to file its CAFR, which contains the audited combined financial statements of the City, in addition to certain other information, such as the City's bond ratings and information about upcoming debt issuances, with the MSRB as soon as practicable after delivery of such information. For bonds issued in calendar year 2015 and thereafter, the annual filing deadline is February 28; for bonds issued prior to calendar year 2015, the annual filing deadline is 240 days after the end of the respective Fiscal Year, being February 25. The Fiscal Year 2018 CAFR was filed with the MSRB on February 25, 2019, through the MSRB's EMMA system. The Fiscal Year 2018 CAFR is available on the website of the Director of Finance of the City of Philadelphia at <https://www.phila.gov/finance/reports-Comprehensive.html>.

A wide variety of information concerning the City is available from publications and websites of the City and others, including the City's investor information website at <http://www.phila.gov/investor> (the "City's Investor Website"). Any such information that is inconsistent with the information set forth in this Official Statement should be disregarded. No such information is a part of or incorporated into this Official Statement.

### **Independent Audit and Opinion of the City Controller**

The City Controller has examined and expressed opinions on the basic financial statements of the City contained in the Fiscal Year 2018 CAFR. The City Controller has not participated in the preparation of this Official Statement nor in the preparation of the budget estimates and projections and cash flow statements and forecasts set forth in various tables contained in this Official Statement. Consequently, the City Controller expresses no opinion with respect to any of the data contained in this Official Statement other than what is contained in the basic financial statements of the City in the Fiscal Year 2018 CAFR.

### **Budgetary Accounting Practices**

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles ("GAAP"). In accordance with the City Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the City, consisting of the General Fund, eleven (11) Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, Health Choices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Car Rental Tax, Housing Trust, Acute Care Hospital Assessment, Budget Stabilization, and Water Residual Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. These budgets appropriate funds for all City departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: (i) personal services; (ii) purchase of services; (iii) materials and supplies; (iv) equipment; (v) contributions, indemnities, and taxes; (vi) debt service; (vii) payments to other funds; and (viii) advances and other miscellaneous payments. The appropriation amounts for each

fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have City Council approval. Appropriations that are not expended or encumbered at year-end are lapsed.

The City's capital budget is adopted annually by City Council. The capital budget is appropriated by project for each department. Requests to transfer appropriations between projects must be approved by City Council. Any appropriations that are not obligated at year-end are either lapsed or carried forward to the next Fiscal Year.

Schedules prepared on the legally enacted basis differ from the GAAP basis in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures. The primary difference between the GAAP and legal (budgetary) fund balance is due to the timing of recognizing the BIRT. The legal basis recognizes BIRT revenues in the Fiscal Year they are collected. The GAAP basis requires the City to recognize the BIRT revenues (which are primarily paid in April) for the calendar year in which the BIRT taxes are due, requiring the City to defer a portion of the April payment into the next Fiscal Year. For more information on BIRT, see "REVENUES OF THE CITY – Business Income and Receipts Tax."

## **DISCUSSION OF FINANCIAL OPERATIONS**

### **Principal Operations**

The major financial operations of the City are conducted through the General Fund. In addition to the General Fund, operations of the City are conducted through two other major governmental funds and 19 non-major governmental funds. The City operates on a July 1 to June 30 fiscal year ("Fiscal Year") and reports on all the funds of the City, as well as its component units, in the City's CAFR. PMA's and PICA's financial statements are blended with the City's statements. The financial statements for PGW, PRA, the PPA, the School District, the Community College of Philadelphia, the Community Behavioral Health, Inc., the Delaware River Waterfront Corporation, and PAID are presented discretely.

### **Fund Accounting**

Funds are groupings of activities that enable the City to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. The governmental funds are used to account for the financial activity of the City's basic services, such as: general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; and streets, highways and sanitation. The funds' financial activities focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the Fiscal Year. The financial information presented for the governmental funds is useful in evaluating the City's short-term financing requirements.

The City maintains 22 individual governmental funds. The City's CAFRs, including the Fiscal Year 2018 CAFR, present data separately for the General Fund, Grants Revenue Fund, and Health Choices Behavioral Health Fund, which are considered to be major funds. Data for the remaining 19 funds are combined into a single aggregated presentation.

Proprietary Funds. The proprietary funds are used to account for the financial activity of the City's operations for which customers are charged a user fee; they provide both a long- and short-term view of financial information. The City maintains three enterprise funds that are a type of proprietary fund – airport, water and wastewater operations, and industrial land bank.

Fiduciary Funds. The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for PGW's employees' retirement reserve assets. Both of these fiduciary activities are reported in the City's CAFRs, including the Fiscal Year 2018 CAFR, as separate financial statements of fiduciary net assets and changes in fiduciary net assets.

See "CITY FINANCES AND FINANCIAL PROCEDURES" for a further description of these governmental, proprietary, and fiduciary funds.

### **Budget Procedure**

At least 90 days before the end of the Fiscal Year, the operating budget for the next Fiscal Year is prepared by the Mayor and submitted to City Council for adoption. The budget, as adopted, must be balanced and provide for discharging any estimated deficit from the current Fiscal Year and make appropriations for all items to be funded with City revenues. The Mayor's budgetary estimates of revenues for the ensuing Fiscal Year and projection of surplus or deficit for the current Fiscal Year may not be altered by City Council. Not later than the passage of the operating budget ordinance, City Council must enact such revenue measures as will, in the opinion of the Mayor, yield sufficient revenues to balance the budget.

At least 30 days before the end of the Fiscal Year, City Council must adopt by ordinance an operating budget and a capital budget for the ensuing Fiscal Year and a capital program for the six ensuing Fiscal Years. If the Mayor disapproves the bills, he must return them to City Council with the reasons for his disapproval at the first meeting thereof held not less than ten days after he receives such bills. If the Mayor does not return the bills within the time required, they become law without his approval. If City Council passes the bills by a vote of two-thirds of all of its members within seven days after the bills have been returned with the Mayor's disapproval, they become law without his approval. While the City Charter requires that City Council adopt the ordinances for the operating and capital budgets at least 30 days before the end of the Fiscal Year, in practice, such ordinances are often adopted after such deadline, but before the end of such Fiscal Year. For example, the City's Fiscal Year 2020 operating budget ordinance was presented to City Council on March 7, 2019, approved by City Council on June 13, 2019, and signed by the Mayor on June 18, 2019. There is no practical consequence to adopting the budget ordinances after the deadline in the City Charter, but before the end of the Fiscal Year.

The capital program is prepared annually by the City Planning Commission to present the capital expenditures planned for each of the six ensuing Fiscal Years, including the estimated total cost of each project and the sources of funding (local, state, federal, and private) estimated to be required to finance each project. The capital program is reviewed by the Mayor and transmitted to City Council for adoption with his recommendation thereon. The Capital Program ordinance for Fiscal Years 2020-2025 (the "Fiscal Year 2020-2025 Adopted Capital Program") was approved by City Council on June 13, 2019, and signed by the Mayor on June 18, 2019.

The capital budget ordinance, authorizing in detail the capital expenditures to be made or incurred in the ensuing Fiscal Year from City Council appropriated funds, is adopted by City Council concurrently with the capital program. The capital budget must be in full conformity with that part of the capital program applicable to the Fiscal Year that it covers.

For information on the City's Fiscal Year 2020 Adopted Budget (as defined below), see “– Current Financial Information – Fiscal Year 2020 Adopted Budget and Twenty-Eighth Five-Year Plan” herein. For information on the City's capital program, see “CITY CAPITAL PROGRAM” herein.

### **Budget Stabilization Reserve**

In April 2011, the City adopted an amendment to the City Charter that established the “Budget Stabilization Reserve.” The City Charter provides that the annual operating budget ordinance is required to provide for appropriations to a Budget Stabilization Reserve, to be created and maintained by the Director of Finance as a separate fund, which may not be commingled with any other funds of the City. Appropriations to the Budget Stabilization Reserve are required to be made each Fiscal Year if the projected General Fund balance for the upcoming Fiscal Year equals or exceeds three percent of General Fund appropriations for such Fiscal Year. City Council can appropriate additional amounts to the Budget Stabilization Reserve by ordinance, no later than at the time of passage of the annual operating budget ordinance and only upon recommendation of the Mayor. Total appropriations to the Budget Stabilization Reserve are subject to a limit of five percent of General Fund appropriations. Amounts in the Budget Stabilization Reserve from the prior Fiscal Years, including any investment earnings certified by the Director of Finance, are to remain on deposit therein. The City has made a deposit of \$34.3 million to the Budget Stabilization Reserve, pursuant to the Fiscal Year 2020 Adopted Budget.

Withdrawals from the Budget Stabilization Reserve are permitted only upon (i) approval by ordinance of a transfer of appropriations from the Budget Stabilization Reserve and only for the purposes set forth in such transfer ordinance and (ii) either (1) a certification by the Director of Finance that General Fund revenues actually received by the City during the prior Fiscal Year were at least one percent less than the General Fund revenues set forth in the Mayor's estimate of receipts, or (2) a certification by the Director of Finance that such withdrawal is necessary to avoid either a material disruption in City services or to fund emergency programs necessary to protect the health, safety or welfare of City residents, and that it would be fiscally imprudent to seek emergency appropriations pursuant to the City Charter. Any such certification must be approved either by a resolution adopted by two-thirds of all of the members of City Council or an agency of the Commonwealth with responsibility for ensuring the fiscal stability of the City.

### **Annual Financial Reports**

The City is required by the City Charter to issue, within 120 days after the close of each Fiscal Year, a statement as of the end of the Fiscal Year showing the balances in all funds of the City, the amounts of the City's known liabilities, and such other information as is necessary to furnish a true picture of the City's financial condition (the “Annual Financial Reports”). The Annual Financial Reports, which are released on or about October 28 of each year, are intended to meet these requirements and are unaudited. As described above, the audited financial statements of the City are contained in its CAFR, which is published at a later date. The Annual Financial Reports contain financial statements for all City governmental funds and blended component units presented on the modified accrual basis. The proprietary and fiduciary funds are presented on the full accrual basis. They also contain budgetary comparison schedules for those funds that are subject to an annual budget. The financial statements of the City's discretely presented component units that are available as of the date of the Annual Financial Reports are also presented. Historically, the results for General Fund balance have not materially changed between the Annual Financial Reports and the CAFRs.

The Annual Financial Report for Fiscal Year 2018 was released on October 26, 2018. The Fiscal Year 2018 CAFR was filed with the Municipal Securities Rulemaking Board (“MSRB”) on February 25, 2019, through the MSRB's Electronic Municipal Market Access (“EMMA”) system. See “CITY FINANCES AND FINANCIAL PROCEDURES – Current City Disclosure Practices.”

## **Five-Year Plans of the City**

The PICA Act requires the City to annually prepare a financial plan that includes projected revenues and expenditures of the principal operating funds of the City for five Fiscal Years consisting of the current Fiscal Year and the subsequent four Fiscal Years. Each five-year plan, which must be approved by PICA, is required to, among other things, eliminate any projected deficits, balance the Fiscal Year budgets and provide procedures to avoid fiscal emergencies. For information on the Twenty-Seventh Five-Year Plan and the Twenty-Eighth Five-Year Plan, see “– Current Financial Information – Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan” and “– Fiscal Year 2020 Adopted Budget and Twenty-Eighth Five-Year Plan.”

## **Quarterly Reporting to PICA**

The PICA Act requires the City to prepare and submit quarterly reports to PICA so that PICA may determine whether the City is in compliance with the then-current five-year plan. Each quarterly report is required to describe actual or current estimates of revenues, expenditures, and cash flows compared to budgeted revenues, expenditures, and cash flows by covered funds for each month in the previous quarter and for the year-to-date period from the beginning of the then-current Fiscal Year of the City to the last day of the fiscal quarter or month, as the case may be, just ended. Each such report is required to explain any variance existing as of such last day.

Under the PICA Agreement, a “variance” is deemed to have occurred as of the end of a reporting period if (i) a net adverse change in the fund balance of a covered fund (i.e., a principal operating fund) of more than 1% of the revenues budgeted for such fund for that Fiscal Year is reasonably projected to occur, such projection to be calculated from the beginning of the Fiscal Year for the entire Fiscal Year, or (ii) the actual net cash flows of the City for a covered fund are reasonably projected to be less than 95% of the net cash flows of the City for such covered fund for that Fiscal Year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the Fiscal Year for the entire Fiscal Year.

PICA may not take any action with respect to the City for variances if the City: (i) provides a written explanation of the variance that PICA deems reasonable; (ii) proposes remedial action that PICA believes will restore overall compliance with the then-current five-year plan; (iii) provides information in the immediately succeeding quarterly financial report demonstrating to the reasonable satisfaction of PICA that the City is taking remedial action and otherwise complying with the then-current five-year plan; and (iv) submits monthly supplemental reports until it regains compliance with the then-current five-year plan.

PICA last declared a variance in February 2009. Such variance was cured by the City pursuant to a revised five-year plan for Fiscal Years 2010-2014 and the Commonwealth’s authorization of an increase in the City Sales Tax (as defined herein). See “REVENUES OF THE CITY – Sales and Use Tax” herein. A failure by the City to explain or remedy a variance would, upon certification by PICA, require the Secretary of the Budget of the Commonwealth to withhold funds due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements and payments payable to the City by the Commonwealth, including payment of the portion of the PICA Tax, as further described under “DEBT OF THE CITY – PICA Bonds” below, otherwise payable to the City). The City uses its Quarterly City Manager’s Reports to satisfy the quarterly reporting requirement to PICA. Such reports are released within 45 days following the end of the applicable quarter and the most recent versions of such reports are available on the City’s Investor Website (as defined herein). The most recent Quarterly City Manager’s Report is the report for the period ending June 30, 2019, which was released on August 15, 2019.

## **Summary of Operations**

The following table presents the summary of operations for the General Fund for Fiscal Years 2016-2018, budgeted amounts and current estimates for Fiscal Year 2019, and budgeted amounts for Fiscal Year 2020. For a description of the legally enacted basis on which the City's budgetary process accounts for certain transactions, see "CITY FINANCES AND FINANCIAL PROCEDURES – Budgetary Accounting Practices." "Current Estimate," as used in the tables and text below, refers (except as otherwise indicated) to the most recently revised estimates for Fiscal Year 2019, which were released by the City on June 18, 2019 as part of the Fiscal Year 2020 Adopted Budget and the Twenty-Eighth Five-Year Plan, as applicable.

<sup>(3)</sup> For more information on the City Sales Tax, see "REVENUES OF THE CITY – Sales and Use Tax."

<sup>(4)</sup> Includes Amusement Tax, Real Property Transfer Tax, Parking Lot Tax, Smokeless Tobacco Tax and miscellaneous taxes.

<sup>(5)</sup> The Philadelphia Beverage Tax (as defined herein) taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

<sup>(6)</sup> For a detailed breakdown of "Net PICA Taxes Remitted to the City," see Table 43. Such figures reflect revenues received by the City from the PICA Tax of 1.50%, the proceeds of which are remitted to PICA for payment of debt service on PICA bonds and PICA expenses. After paying debt service and expenses, net proceeds from the tax are remitted to the City as Revenue from Other Governments. See "DEBT OF THE CITY – PICA Bonds."

<sup>(7)</sup> For a detailed breakdown of "Other Revenue from Other Governments," see Table 12. "Other Revenue from Other Governments" includes state gaming revenues.

<sup>(8)</sup> Includes debt service on lease and service agreement financings.

<sup>(9)</sup> Includes contributions to the School District. See also Table 21 and the accompanying text herein.

<sup>(10)</sup> Includes debt service on General Obligation Debt (as defined herein) and tax and revenue anticipation notes; excludes debt service on PICA bonds and lease and service agreement financings.

<sup>(11)</sup> For Fiscal Year 2016, includes \$9.7 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2017, includes \$19.2 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2018, includes \$24.2 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Adopted Budget), assumes \$48.3 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Current Estimate), assumes \$47.6 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2020 (Adopted Budget), assumes \$53.9 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

<sup>(12)</sup> The Labor Reserve is set aside for labor-related costs, including costs related to labor agreements with certain of the City's municipal unions, among other things. See "EXPENDITURES OF THE CITY – Overview of City Employees." The Federal and State Funding Reserve is set aside to address certain funding that may become unavailable as a result of cuts in the federal or state budget or the implementation of other federal or state policies that may affect such funding for the City. Any portion of such reserves that is not used to offset labor-related costs or costs related to cuts in federal or state funding, as applicable, will increase the General Fund balance at the end of the given Fiscal Year, if not used by the City for other purposes.

<sup>(13)</sup> In its Fiscal Year 2019 Adopted Budget, the City projected that Fiscal Year 2018 would end with a General Fund balance of \$228.5 million. In the Fiscal Year 2018 CAFR, the City reported that Fiscal Year 2018 ended with a General Fund balance of \$368.8 million. Such number has been included as the "Cumulative Fund Balance Prior Year" in the Twenty-Eighth Five-Year Plan.

## Current Financial Information

Table 2 below shows General Fund balances for Fiscal Year 2018, budgeted amounts and current estimates for Fiscal Year 2019, and budgeted amounts for Fiscal Year 2020.

**Table 2**  
**General Fund – Fund Balance Summary**

<b>Year End Fund Balance</b>	<b><u>\$368,783<sup>(9)</sup></u></b>	<b><u>\$139,457</u></b>	<b><u>\$297,666</u></b>	<b><u>\$209,903</u></b>

(1) Figures may not sum due to rounding.

(2) Sources: For Fiscal Year 2018, the Fiscal Year 2018 CAFR. For Fiscal Year 2019 Adopted Budget, the Fiscal Year 2019 Adopted Budget. For Fiscal Year 2019 Current Estimate, the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020 Adopted Budget, the Fiscal Year 2020 Adopted Budget.

(3) For Fiscal Year 2018, includes \$77.4 million in revenue from the Philadelphia Beverage Tax. For Fiscal Year 2019 Adopted Budget, assumes \$78.0 million in revenue from such tax. For Fiscal Year 2019 Current Estimate, assumes \$76.6 million in revenue from such tax. For Fiscal Year 2020 Adopted Budget, assumes \$75.9 million in revenue from such tax. The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

(4) For Fiscal Year 2018, includes \$24.2 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 Adopted Budget, assumes \$48.3 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Current Estimate), assumes \$47.6 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2020 Adopted Budget, assumes \$53.9 million from such tax revenues for the Municipal Pension Fund. See “REVENUES OF THE CITY – Sales and Use Tax.”

(5) Includes debt service on lease and service agreement financings.

(6) Includes debt service on General Obligation Debt (as defined herein) and tax and revenue anticipation notes; excludes debt service on PICA bonds and lease and service agreement financings.

(7) Advances & Miscellaneous Payments includes funds set aside in the Labor Reserve and the Federal and State Funding Reserve, as applicable. The Labor Reserve is set aside for labor-related costs, including costs related to labor agreements with certain of the City’s municipal unions, among other things. See “EXPENDITURES OF THE CITY – Overview of City Employees.” The Federal and State Funding Reserve is set aside to address certain funding that may become unavailable as a result of cuts in the federal or state budget or the implementation of other federal or state policies that may affect such funding for the City. The Fiscal Year 2019 Adopted Budget includes (i) \$16.4 million for the Labor Reserve, and (ii) \$54.6 million for the Federal and State Funding Reserve, while the Twenty-Eighth Five-Year Plan estimates \$0.0 million and \$53.6 million for such reserves for Fiscal Year 2019, respectively. The Fiscal Year 2020 Adopted Budget includes (i) \$0.0 million for the Labor Reserve, and (ii) \$55.1 million for the Federal and State Funding Reserve, respectively. Any portion of such reserves that is not used to offset labor-related costs or costs related to cuts in federal or state funding, as applicable, will increase the General Fund balance at the end of the given Fiscal Year, if not used by the City for other purposes.

(8) In its Fiscal Year 2019 Adopted Budget, the City projected that Fiscal Year 2018 would end with a General Fund balance of \$228,545 million. In the Fiscal Year 2018 CAFR, the City reported that Fiscal Year 2018 ended with a General Fund balance of \$368,783 million. Such number has been included as the “Prior Year Fund Balance” in the Twenty-Eighth Five-Year Plan.

***The following discussion of the Fiscal Year 2019 Adopted Budget, the Twenty-Seventh Five-Year Plan, the Fiscal Year 2020 Adopted Budget, and the Twenty-Eighth Five-Year Plan, as applicable, is based, in part, on projections and forward-looking statements related to Fiscal Years 2019 and 2020. No assurance can be given that the applicable budget estimates and forward-looking statements will be realized. The accuracy of such budget estimates and forward-looking statements cannot be verified until after the close of the applicable Fiscal Year and the completion of the related audit.***

Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan. On March 1, 2018, the Mayor submitted his proposed Fiscal Year 2019 budget to City Council, along with the proposed five-year plan for Fiscal Years 2019-2023. On June 21, 2018, City Council approved the Fiscal Year 2019 operating budget ordinance, which was signed by the Mayor on June 21, 2018 (the “Fiscal Year 2019 Adopted Budget”). On June 26, 2018, the City submitted to PICA its FY 2019-2023 Five Year Financial Plan Per Council Approved Budget (the “Twenty-Seventh Five-Year Plan”). PICA approved the Twenty-Seventh Five-Year Plan on July 25, 2018. On November 23, 2018, the City submitted a letter to PICA, which revised the Twenty-Seventh Five-Year Plan. Such letter indicated that a collective bargaining reopener was concluded with AFSCME DC 33 (as defined herein), which resulted in an agreement by the City to contribute \$28 million to AFSCME DC 33’s health plan in Fiscal Years 2019 and 2020.

Fiscal Year 2019 Current Estimate. The current estimate for Fiscal Year 2019 is derived from information included in the Twenty-Eighth Five-Year Plan. In the Twenty-Eighth Five-Year Plan, the City estimates that it will end Fiscal Year 2019 with a General Fund balance (on the legally enacted basis) of approximately \$297.7 million.

Fiscal Year 2020 Adopted Budget and Twenty-Eighth Five-Year Plan. The City’s proposed Fiscal Year 2020 operating budget was submitted by the Mayor to City Council on March 7, 2019, along with the City’s proposed five-year plan for Fiscal Years 2020-2024. On June 13, 2019, City Council approved the Fiscal Year 2020 operating budget ordinance, which was signed by the Mayor on June 18, 2019 (the “Fiscal Year 2020 Adopted Budget”).

On June 18, 2019, the City submitted to PICA its FY 2020-2024 Five Year Financial Plan Per Council Approved Budget (the “Twenty-Eighth Five-Year Plan”). PICA approved such plan on July 16, 2019. PICA staff, in recommending that PICA approve the Twenty-Eighth Five-Year Plan, noted that the revenue and expenditure projections presented in the Twenty-Eighth Five-Year Plan were [quoting from the PICA Act] “based on reasonable and appropriate assumptions and methods of estimation . . . consistently applied.” The PICA staff report concluded that “[a]lthough PICA is confident that the [Twenty-Eighth Five-Year Plan] is based on reasonable and appropriate assumptions, and year end fund balances are positive throughout the life of the [Twenty-Eighth Five-Year Plan], certain factors were identified that might present risks to the [Twenty-Eighth Five-Year Plan].” The PICA report identified such factors as: (i) the possibility of an economic recession over the period covered by the plan; (ii) the projected growth of the BIRT and the Real Property Transfer Tax; (iii) funding of the now locally controlled School District; and (iv) costs of funding increasing pension liabilities. The PICA staff report also highlighted certain other financial concerns that could impact the City’s financial condition, including, among others (a) future labor, overtime, and employee health benefit costs; (b) speculative revenues from sources such as locally generated non-tax revenue, revenue from other governments, and revenue from other funds; (c) real estate tax appeals; and (d) low projected General Fund balances, relative to the GFOA’s recommended levels.

For Fiscal Years 2020-2024, the Twenty-Eighth Five-Year Plan projects that the City will end such Fiscal Years with General Fund balances (on the legally enacted basis) of approximately (i) \$209.9 million (Fiscal Year 2020), (ii) \$156.0 million (Fiscal Year 2021), (iii) \$128.9 million (Fiscal Year 2022), (iv) \$147.6 million (Fiscal Year 2023), and (v) \$194.8 million (Fiscal Year 2024).

For more information on the City’s annual budget process under the City Charter and the five-year financial plans and quarterly reporting required under the PICA Act, see “– Budget Procedure,” “– Five-Year Plans of the City,” and “– Quarterly Reporting to PICA,” above.

## **REVENUES OF THE CITY**

### **General**

Prior to 1939, the City relied heavily on the real estate tax as the mainstay of its revenue system. In 1932, the General Assembly adopted an act (commonly referred to as the Sterling Act) under which the City is permitted to levy any tax that was not specifically pre-empted by the Commonwealth. Acting under the Sterling Act and other Pennsylvania legislation, the City has taken various steps over the years to broaden its sources of income, including: (i) enacting the wage, earnings, and net profits tax in 1939; (ii) introducing a sewer service charge to make the sewage treatment system self-sustaining after 1945; (iii) requiring under the City Charter that the water, sewer, and other utility systems be fully self-sustaining; (iv) enacting the Mercantile License Tax (a gross receipts tax on business done within the City) in 1952, which was replaced as of the commencement of Fiscal Year 1985 by the Business Privilege Tax (renamed the Business Income and Receipts Tax in May 2012), and (v) enacting the City Sales Tax (as defined herein) for City general revenue purposes effective beginning in Fiscal Year 1992.

### **Major Revenue Sources**

The City currently derives its revenues primarily from various taxes, non-tax revenues, and receipts from other governments. See Table 3 for General Fund tax revenues for Fiscal Years 2016-2018, budgeted amounts and current estimates for Fiscal Year 2019, and budgeted amounts for Fiscal Year 2020. The following discussion of the City’s revenues does not take into account revenues in the non-debt related funds. The tax rates for Fiscal Years 2016 through 2018 are contained in the Fiscal Year 2018 CAFR.

Table 3 provides a detailed breakdown of the “Total Taxes” line from Table 1 above. Table 3 does not include “Revenues from Other Governments,” which consists of “Net PICA Taxes Remitted to the City” and “Other Revenue from Other Governments.” “Net PICA Taxes Remitted to the City” is set forth in Table 1 and a detailed breakdown of such revenues is shown in Table 43. “Other Revenue from Other Governments” is set forth in Table 1 and a detailed breakdown of such revenues is shown in Table 12.

<sup>(6)</sup> The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Wage, Earnings, and Net Profits Taxes

The largest tax revenue source (comprising more than 46% of all tax revenues in Fiscal Year 2018) is the wage, earnings and net profits tax. The wage and earnings tax is collected from all employees working within City limits, and all City residents regardless of work location. The net profits tax is collected on the net profits from the operation of a trade, business, profession, enterprise or other activity conducted by individuals, partnerships, associations or estates and trusts within the City limits. The following table sets forth the resident and non-resident wage, earnings and net profits tax rates for Fiscal Years 2016-2020, the annual wage, earnings and net profits tax receipts in Fiscal Years 2016-2018, the budgeted amount and current estimate of such receipts for Fiscal Year 2019, and the budgeted amount of such receipts for Fiscal Year 2020.

**Table 4**  
**Summary of Wage, Earnings and Net Profits Tax Rates and Receipts**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)<sup>(1)</sup>**

Fiscal Year	Resident Wage, Earnings and Net Profits Tax Rates <sup>(2)</sup>	Non-Resident Wage, Earnings and Net Profits Tax Rates	Annual Wage, Earnings and Net Profits Tax Receipts (including PICA Tax) (Amounts in Millions of USD) <sup>(3)</sup>
2016	3.9102%	3.4828%	\$1,842.9 (Actual)
2017	3.9004%	3.4741%	\$1,940.4 (Actual)
2018	3.8907%	3.4654%	\$2,071.5 (Actual)
2019	3.8809%	3.4567%	\$2,135.8 (Adopted Budget)
			\$2,124.5 (Current Estimate)
2020	3.8712%	3.4481%	\$2,218.0 (Adopted Budget)

<sup>(1)</sup> See Table 7 in the Fiscal Year 2018 CAFR for tax rates for Fiscal Years 2016-2018. See the Twenty-Eighth Five-Year Plan for tax rates for Fiscal Years 2019-2020.

<sup>(2)</sup> Includes PICA Tax. See “DEBT OF THE CITY – PICA Bonds” for a description of the PICA Tax.

<sup>(3)</sup> Sources: For Fiscal Years 2016-2018, the City’s CAFRs for the City’s annual wage, earnings, and net profits tax receipts and the City’s Quarterly City Manager’s Reports for gross PICA Tax (see first column in Table 43). For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget and the Twenty-Eighth Five-Year Plan.

Commonwealth funding from gaming revenues is mandated by statute to be used to reduce the resident and nonresident wage tax rate. Gaming revenues have averaged approximately \$86.3 million in Fiscal Years 2016-2018. For Fiscal Year 2019, the budgeted amount and current estimate of gaming revenues is \$86.3 million. For Fiscal Year 2020, the budgeted amount of gaming revenues is \$86.3 million. The wage tax rates in such Fiscal Years reflect a rate reduction due to these revenues.

See “– Other Tax Rate Changes” herein, for information regarding wage and earnings tax rate reductions under the Twenty-Eighth Five-Year Plan.

In a 2015 decision by the Supreme Court of the United States (*Comptroller of the Treasury of Maryland v. Wynne*, 135 S. Ct. 1787 (2015)), a state’s failure to provide certain credits against its personal income tax was held to have violated the dormant Commerce Clause of the United States Constitution. Such personal income tax was applied to income earned outside of the state of residency, and residents were not given a credit for income taxes paid to the state where such income was earned, resulting, in the circumstances presented, in taxing income earned interstate at a rate higher than income earned intrastate. The City provides a credit to resident taxpayers against their respective wage, earnings, and net profits tax liabilities for similar taxes paid to another locality, but does not provide a credit for similar taxes paid to another state. Taxpayers have challenged the City’s refusal to grant a credit for taxes paid to other states and have appealed to the Commonwealth Court on such matters. To date, the City’s position has been

upheld by both the Tax Review Board and the Court of Common Pleas. The City estimates the cost of current appeals to be under \$3 million.

### **Business Income and Receipts Tax**

Pursuant to The First Class City Business Tax Reform Act of 1984, City Council imposed a business tax measured by gross receipts, net income or the combination of the two. The same year, City Council by ordinance repealed the Mercantile License Tax and the General Business Tax and imposed the Business Privilege Tax. As of May 1, 2012, the Business Privilege Tax was renamed the Business Income and Receipts Tax (or BIRT). The BIRT allows for particular allocations and tax computations for regulated industries, public utilities, manufacturers, wholesalers and retailers. Rental activities are usually considered to be business activities. Every estate or trust (whether the fiduciary is an individual or a corporation) must file a BIRT return if the estate or trust is engaged in any business or activity for profit within the City. There are also credit programs where meeting the requirement of the program allows for a credit against the BIRT. All persons subject to both the BIRT and the net profits tax are entitled to apply a credit of 60% of the net income portion of their BIRT liability against what is due on the net profits tax to the maximum of the net profits tax liability for that tax year.

In November 2011, legislation was enacted to halt a previously enacted program of reducing the gross receipts portion of the BIRT and to commence reductions in the net income portion of the BIRT to take effect in tax year 2014 with changes phasing in through tax year 2023. The following table provides a summary of BIRT rates for tax years 2012-2023. Future BIRT rates remain subject to amendment by action of City Council and the Mayor.

**Table 5**  
**Summary of Business Income and Receipts Tax Rates**

<u>Tax Year</u>	<u>Gross Receipts</u>	<u>Net Income</u>
2012	1.415 mills	6.45%
2013	1.415 mills	6.45%
2014	1.415 mills	6.43%
2015	1.415 mills	6.41%
2016	1.415 mills	6.39%
2017	1.415 mills	6.35%
2018	1.415 mills	6.30%
2019	1.415 mills	6.25%
2020	1.415 mills	6.20%
2021	1.415 mills	6.15%
2022	1.415 mills	6.10%
2023	1.415 mills	6.00%

The 2011 legislation incorporated several changes intended to help small and medium sized businesses and lower costs associated with starting a new business in order to stimulate new business formation and increase employment in the City, including the following: (i) the Commercial Activity License fee for all businesses was eliminated in 2014; (ii) business taxes for the first two years of operations for all new businesses with at least three employees in their first year and six employees in their second year were eliminated beginning in 2012; and (iii) across the board exclusions on the gross receipts portion of the BIRT were provided for all businesses phased in over a three-year period beginning in 2014 and eventually excluding the first \$100,000 of gross receipts, along with proportional reductions in the net income portion of the BIRT. The legislation also provided for implementation of single sales factor apportionment in 2015, which enables businesses to pay BIRT based solely on sales in the City, rather than on property or payroll.

By Fiscal Year 2023, the net income (profits) portion of the business tax is projected to reach 6.00%. In addition, legislation was enacted, effective for tax year 2019, to (i) eliminate the requirement for new businesses to make an estimated business tax payment when filing a return for their first tax year of business operations and (ii) allow such estimated payments in the second year to be made in quarterly installments.

## **Real Property Taxes**

Assessment and Collection. Taxes are levied on the assessed value of all taxable residential and commercial real property located within the City's boundaries for the City and for the School District (each, a "Real Estate Tax") as assessed by the Office of Property Assessment ("OPA") and collected by the Department of Revenue for both the City and the School District. Real Estate Taxes are authorized by Commonwealth law to be authorized by the City and the School District, with the millage split between the two taxes changing over the years. Currently, the City Real Estate Tax is equal to 45% of the total authorized millage and the School District Real Estate Tax is equal to 55% of the total authorized millage. Real Estate Taxes are levied on a calendar year basis. By separate ordinances, City Council authorizes and levies the rate of the City Real Estate Tax and authorizes the rate of the School District Real Estate Tax. The Board of Education levies all School District taxes, including the School District Real Estate Tax. Bills are sent in December for the following year and payments are due March 31. A discount of 1% is available for taxpayers who pay their Real Estate Taxes on or before the last day of February.

For tax year 2014, all properties in Philadelphia were reassessed at their actual market value by OPA under the Actual Value Initiative ("AVI") in order to replace outdated values and inequities within the system. Under AVI, the total assessed value of all properties more accurately reflected the market in the City and the total assessment grew substantially. As a result, the Mayor and City Council significantly reduced the Real Estate Tax rate to ensure that, in its first year, the reassessment resulted in the collection of approximately the same amount of Real Estate Taxes as the prior year (tax year 2013).

In order to mitigate any hardship that could be created by those large increases, the ordinance imposing the new Real Estate Tax rates included a homestead exemption of \$30,000 for all primary residential owner-occupants. In the Fiscal Year 2019 Adopted Budget, the homestead exemption was increased from \$30,000 to \$40,000 of assessed value. In the Fiscal Year 2020 Adopted Budget, the homestead exemption was increased from \$40,000 to \$45,000 of assessed value. In addition to the homestead exemption, the City has also instituted several other property tax relief programs for taxpayers.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The Real Estate Tax rates for tax years 2014-2018 are set forth in Table 6 below:

**Table 6**  
**Real Estate Tax Rates and Allocations**

<u>Tax Year</u>	<u>City</u>	<u>School District</u>	<u>Total</u>
2014	0.6018%	0.7382%	1.3400%
2015	0.6018%	0.7382%	1.3400%
2016	0.6317%	0.7681%	1.3998%
2017	0.6317%	0.7681%	1.3998%
2018	0.6317%	0.7681%	1.3998%

For Fiscal Year 2018, the actual amount of Real Estate Tax revenue for the City was \$611.3 million (excluding delinquent collections). For Fiscal Year 2019, the budgeted amount and current estimate of Real Estate Tax revenue for the City was \$630.7 million (excluding delinquent collections) and \$651.1 million (excluding delinquent collections), respectively. For Fiscal Year 2020, the budgeted amount of Real Estate Tax revenue for the City is \$653.4 million (excluding delinquent collections). See Table 3 above. For information on the process for appealing a property tax assessment, see the text before and after Table 7 below.

Table 7 shows the assessed values of properties used for tax year 2019 and 2020 Real Estate Taxes.

<sup>2</sup> Includes commercial, industrial, store with dwelling, hotels, and motels.

<sup>3</sup> Apartments were split from the previous hotels and apartments category and are now reflected as multi-family residential.

Assessment and Appeals. OPA is responsible for property assessments, while the Board of Revision of Taxes (“BRT”), an independent, seven-member board appointed by the Board of Judges of the Philadelphia Common Pleas Court, is the property assessment appeals board.

OPA certifies the market values by March 31 of the prior year (i.e., for tax year 2020, OPA certified the market values on March 31, 2019). Taxpayers base their appeals on the certified market values, and therefore, the assessed values are adjusted as the appeals are finalized. In some circumstances and for certain tax years, taxpayers are permitted, during the appeals process, to pay their property tax bills based on the certified market value of their properties from the prior assessment. For budgetary purposes, OPA provides updated assessment data to the Office of the Director of Finance in February of each year, from which Real Estate Tax projections are made. Certified values can vary substantially from the amounts included in such data and, as such, Real Estate Tax collections can also vary from the amounts included in the City’s annual operating budget.

Under AVI, OPA set up a new process called a first level review (“FLR”), where a taxpayer could request an administrative review of its assessment notice prior to launching a formal appeal with the BRT. The BRT has the authority, following a formal appeal, to either increase, decrease, or leave unchanged the property assessment. Some appeals are not resolved before bills are sent to taxpayers. As such, some property assessments are modified after taxpayers receive bills.

For tax year 2018, OPA revised the assessed values of over 60,000 parcels (which included properties of all categories, including commercial and residential parcels) throughout the City as part of its reassessment. In September 2017, the owners of multiple commercial properties in the City filed a lawsuit against the City in the Court of Common Pleas. The plaintiffs in such matter alleged, based on a July 2017 Pennsylvania Supreme Court decision, that OPA violated the uniformity clause of the Pennsylvania Constitution in reassessing commercial properties and not residential properties for tax year 2018. The plaintiffs sought declaratory relief, a permanent injunction, and an order directing OPA to recertify their properties at tax year 2017 values. Subsequently, ten additional cases were filed, asserting virtually the same claims. All of the cases, which encompass approximately 600 plaintiffs and approximately 700 properties, were consolidated for management purposes. In a ruling handed down on July 18, 2019, the Common Pleas Court found that plaintiffs were owed refunds for overpayments equal to the difference between the plaintiffs’ Real Estate Taxes for tax year 2017 and tax year 2018. The Court calculated the total amount of these refunds at \$48 million, with \$14 million allocated to the City and \$34 million allocated to the School District (such amounts may also be subject to post-judgment interest). The Common Pleas Court ruling has not been reduced to judgment and the City intends to challenge the ruling on post-verdict motions. The City will argue, inter alia, that the OPA assessments were consistent with prior law when they were made, and that the subsequent Pennsylvania Supreme Court decision on which plaintiffs relied could not be applied to retroactively invalidate the OPA assessments. As noted below, City-wide reassessments were conducted for tax years 2019 and 2020. As such, the City does not expect the Real Estate Taxes for such tax years to be impacted by the final judgment on this matter. For more general information on judgments and settlements on claims against the City, see “LITIGATION.”

For tax year 2019, OPA revised the assessed values of over 515,000 parcels throughout the City as part of its reassessment. As of June 25, 2019, OPA has received 20,753 FLRs, with approximately 400 that have yet to be decided. As of such date, BRT has received approximately 9,700 formal appeals, with approximately 4,500 that have yet to be decided.

For tax year 2020, OPA revised the assessed values of over 503,000 parcels throughout the City as part of its reassessment. As of June 25, 2019, OPA has received 9,521 FLRs.

Review of Assessment Methodology. In January 2019, City Council, the Mayor’s office, and the City Controller each released reports describing their respective reviews of OPA’s assessment methodology and process. Each of the reports indicated that OPA’s assessment methodology and processes could be more transparent and accurate.

The consultant engaged by the Mayor’s office made a number of recommendations to improve OPA’s assessment activities and the quality of assessments. Such recommendations include (i) reviewing all classifications of residential and non-residential properties, (ii) reviewing the assignment of construction grades and conditions codes for all residential properties, (iii) examining the reliability and consistency of commercial building grade and condition codes, (iv) maintaining flexibility provided by current valuation methods in the transition to the computer-assisted mass appraisal system program (“CAMA”), (v) hiring additional data analysis and property appraisal experts, (vi) improving and refining data collection and maintaining such data in the CAMA system, (vii) making valuation and assessment reports available on OPA’s website, (viii) documenting and explaining the assessment and valuation process to the public, (ix) developing a plan and guidelines to implement the recommendations and reporting on progress to the Chief Assessment Officer, and (x) temporarily changing the assessment calendar while the recommendations and CAMA system are implemented. While the City is reviewing the foregoing recommendations and working with OPA to implement such recommendations as appropriate, the City will not implement item (x) as the assessment calendar is based on Commonwealth law.

The City Controller’s report found that OPA met industry standards in a citywide ratio study for tax year 2019 and also recommended (a) addressing OPA assessments that are done on a geographical zone basis, which tend to overburden lower income neighborhoods in the City, (b) resolving land valuation non-uniformity, and (c) conducting annual reassessments on all properties to ensure that homeowners see smaller, incremental changes in their property assessment year-over-year, rather than the single-year increase seen in tax year 2019.

The City and OPA continue to review the recommendations contained in the foregoing reports and have begun implementing many of the recommendations. The City expects to continue working with OPA to implement additional recommendations, as appropriate.

Collection Initiatives. Since 2010, the City has pursued a number of initiatives to improve the collection of Real Estate Taxes, including (i) prompt correspondence with taxpayers with overdue Real Estate Taxes, (ii) using outside collection firms to collect overdue Real Estate Taxes, (iii) sequestration of delinquent properties occupied by commercial tenants, and (iv) tax lien sales.

Real Estate Tax Tables. See Table 8 below for data with respect to Real Estate Taxes levied from 2014 to 2018 and collected by the City from January 1, 2014 to June 30, 2018. See Table 9 for the assessed property values of the City’s principal taxable assessed parcels in 2019. See Table 10 for the 2019 market and assessed values of the ten highest valued taxable real properties in the City, as well as the amounts and duration of Real Estate Tax abatements with respect to such properties.

## Sales and Use Tax

Pursuant to the authorization granted by the Commonwealth under the PICA Act, the City adopted a 1% sales and use tax (the “City Sales Tax”) for City general revenue purposes effective beginning in Fiscal Year 1992. It is imposed in addition to, and on the same basis as, the Commonwealth’s sales and use tax. Vendors are required to pay City Sales Taxes to the Commonwealth Department of Revenue together with the Commonwealth sales and use tax. The State Treasurer deposits the collections of City Sales Taxes in a special fund and disburses the collections, including any investment income earned thereon, less administrative fees of the Commonwealth Department of Revenue, to the City on a monthly basis.

The City’s budgets for Fiscal Years 2010-2014 provided for an increase in the City Sales Tax rate to 2%, as authorized by the Commonwealth effective October 8, 2009, through June 30, 2014. In July 2013, the Commonwealth authorized the implementation of a new, permanent 1% increase in the City Sales Tax rate effective July 1, 2014, which was adopted by the City on June 12, 2014 and became effective on July 1, 2014. Under the reauthorized City Sales Tax, the first \$120 million collected from such additional 1% is distributed to the School District. For Fiscal Years 2015-2018, the General Assembly authorized the City to use the next \$15 million of City Sales Tax revenues from such additional 1% collected in such Fiscal Years for the payment of debt service on obligations issued by the City for the benefit of the School District. Following such debt service payments, that remaining portion of the City Sales Tax revenues from such

additional 1% distributed to the City is required to be used exclusively in accordance with Act 205 (as defined herein) and deposited to the Municipal Pension Fund.

The following table sets forth the City Sales Taxes collected in Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 11**  
**Summary of City Sales Tax Collections**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1)</sup>**

<u>Fiscal Year</u>	<u>City Sales Tax Collections</u>
2016 (Actual)	\$169.4 <sup>(2)</sup>
2017 (Actual)	\$188.4 <sup>(2)</sup>
2018 (Actual)	\$198.4 <sup>(2)</sup>
2019 (Adopted Budget)	\$216.5 <sup>(3)</sup>
2019 (Current Estimate)	\$215.2 <sup>(3)</sup>
2020 (Adopted Budget)	\$227.9 <sup>(3)</sup>

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> Net collections estimated to be distributed to the City (i) from the first 1% City Sales Tax, (ii) following the distribution of \$120 million of revenues from the second 1% City Sales Tax to the School District, and (iii) following the payment of debt service on obligations issued by the City for the benefit of the School District, as described above.

<sup>(3)</sup> Net collections estimated to be distributed to the City from the first 1% City Sales Tax and following the distribution of \$120 million of revenues from the second 1% City Sales Tax to the School District, as described above.

### **Real Property Transfer Tax**

Real Property Transfer Taxes are collected in connection with the sale of real property in the City. The Real Property Transfer Tax rate in the City is 4.278%, 3.278% of which is imposed by the City and 1% of which is charged by the Commonwealth. Revenues from this tax fell during the 2008 recession but have grown since such recession ended.

In the Twenty-Eighth Five-Year Plan, the City projects for Fiscal Years 2019-2024 that it will collect approximately (i) \$334.7 million (Fiscal Year 2019), (ii) \$339.3 million (Fiscal Year 2020), (iii) \$343.1 million (Fiscal Year 2021), (iv) \$357.4 million (Fiscal Year 2022), (v) \$370.6 million (Fiscal Year 2023), and (vi) \$353.6 million (Fiscal Year 2024) in revenues from the Real Property Transfer Tax in such Fiscal Years.

After significant growth through Fiscal Year 2018, changes in the property market in the City are projected to return to a more moderate level, with a reduction in revenue projected in Fiscal Year 2019, and relatively slow growth annually thereafter, mostly due to a "normalized" level for the commercial property market.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## **Other Taxes**

The City also collects parking taxes, an amusement tax, a valet parking tax, an outdoor advertising tax, a smokeless tobacco tax, the Philadelphia Beverage Tax (see below), and other miscellaneous taxes.

In June 2016, City Council passed the Philadelphia Beverage Tax (Chapter 19-4100 of the Philadelphia Code) (the “Philadelphia Beverage Tax”). On October 31, 2016, the Department of Revenue adopted regulations for the Philadelphia Beverage Tax. The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

The Philadelphia Beverage Tax is deposited into the General Fund, and with the additional revenue, the City has budgeted for pre-Kindergarten, community schools, and debt service for improvements to parks, playgrounds, recreation centers, and libraries, as contemplated by the City’s Rebuild program. In the Fiscal Year 2018 CAFR, the City reported that it collected approximately \$77.4 million in revenues from the Philadelphia Beverage Tax for Fiscal Year 2018.

In the Twenty-Eighth Five-Year Plan, the City projects for Fiscal Years 2019-2024 that it will collect approximately (i) \$76.6 million (Fiscal Year 2019), (ii) \$75.9 million (Fiscal Year 2020), (iii) \$75.1 million (Fiscal Year 2021), (iv) \$74.4 million (Fiscal Year 2022), (v) \$73.6 million (Fiscal Year 2023), and (vi) \$72.9 million (Fiscal Year 2024) in revenues from the Philadelphia Beverage Tax in such Fiscal Years.

## **Improved Collection Initiative**

The City is pursuing a multifaceted strategy designed to improve collections of various taxes while decreasing delinquencies. Key compliance strategies continue to include revocation of commercial licenses and sequestration, among others.

In addition to compliance efforts, the City has been working on two projects – one to implement technology solutions for its cashiering and payments processing systems (completed) and another to develop an integrated data warehouse and case management system (ongoing). These initiatives are designed to improve operational efficiencies and drive compliance efforts by providing tools currently unavailable to the City.

## **Other Locally Generated Non-Tax Revenues**

These revenues include license fees and permit sales, traffic fines and parking meter receipts, court related fees, stadium revenues, interest earnings and other miscellaneous charges and revenues of the City.

## **Revenue from Other Governments**

The following table presents revenues received from other governmental jurisdictions for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, the budgeted amount for Fiscal Year 2020, and the percentage such revenues represent in the General Fund. The table does not reflect substantial amounts of revenues from other governments received by the Grants Revenue Fund, Community Development Fund, and other operating and capital funds of the City.

2019 (Current Estimate) <sup>(1)</sup>	\$221.5	\$32.8	\$62.4	\$316.7	6.7%
2020 (Adopted Budget)	\$235.7	\$45.8	\$66.4	\$347.9	7.1%

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> Figures may not sum due to rounding.

<sup>(3)</sup> Does not include the PICA Tax.

<sup>(4)</sup> Such revenues are for health, welfare, court, and various other specified purposes.

<sup>(5)</sup> Such revenues primarily consist of payments from PGW, parking fines and fees from PPA, and other authorized adjustments.

### **Revenues from City-Owned Systems**

In addition to taxes, the City realizes revenues through the operation of various City-owned systems, such as the Water and Wastewater Systems and PGW. The City has issued revenue bonds with respect to the Water and Wastewater Systems and PGW to be paid solely from and secured by a pledge of the respective revenues of these systems. The revenues of the Water and Wastewater Systems and PGW are not legally available for payment of other obligations of the City until, on an annual basis, all revenue bond debt service requirements and covenants relating to those bonds have been satisfied, and then only in a limited amount and upon satisfaction of certain other conditions.

Water Fund. The revenues of the Philadelphia Water Department (the "Water Department") are required to be segregated from other funds of the City. Under the City's Restated General Water and Wastewater Revenue Bond Ordinance of 1989 (the "Water Ordinance"), an annual transfer may be made from the Water Fund to the City's General Fund in an amount not to exceed the lesser of (i) all Net Reserve Earnings and (ii) \$4,994,000. "Net Reserve Earnings" means the amount of interest earnings during the Fiscal Year on amounts in the Debt Reserve Account and Subordinated Bond Fund, each as defined in the Water Ordinance.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The following table shows the amounts transferred from the Water Fund to the General Fund for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 13**  
**Transfers from Water Fund to General Fund (Excess Interest on Sinking Fund Reserve)**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)<sup>(1), (2)</sup>**

Fiscal Year	Amount Transferred
2016 (Actual)	\$1,555,702
2017 (Actual)	\$1,866,455
2018 (Actual)	\$1,627,838
2019 (Adopted Budget and Current Estimate)	\$1,500,000
2020 (Adopted Budget)	\$1,500,000

<sup>(1)</sup> Sources: For Fiscal Years 2015-2018, the City's Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> The Water Department's budgeted amount for such transfers is typically greater than the figure included in the City's operating budget.

The City also budgets for certain transfers from the Water Fund to the General Fund related to services performed and costs borne by the General Fund. For Fiscal Year 2018, the amount of such transfers was approximately \$7.3 million. For Fiscal Year 2019, the City budgeted approximately \$9.6 million for such transfers, while the current estimate for such transfers is approximately \$7.5 million. Fiscal Year 2020, the City budgeted approximately \$12.7 million for such transfers.

**PGW.** The revenues of PGW are required to be segregated from other funds of the City. Payments for debt service on PGW bonds are made directly by PGW. PGW is required to make an annual payment of \$18 million to the General Fund. The Fiscal Year 2020 Adopted Budget includes such \$18 million annual payment to the General Fund from PGW for such Fiscal Year. For more information on PGW, see "THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Government Services."

### **Philadelphia Parking Authority Revenues**

The PPA was established by City ordinance pursuant to the Pennsylvania Parking Authority Law (P.L. 458, No. 208 (June 5, 1947)). Various statutes, ordinances, and contracts authorize the PPA to plan, design, acquire, hold, construct, improve, maintain and operate, own or lease land and facilities for parking in the City, including such facilities at PHL, and to administer the City's on-street parking program.

The PPA owns and operates five parking garages and a number of surface parking lots at PHL. The land on which these garages and surface lots are located is leased from the City, acting through the Division of Aviation, pursuant to a lease expiring in 2030 (the "Lease Agreement"). The Lease Agreement provides for payment of rent to the City, which is equal to gross receipts less operating expenses, debt service on the PPA's bonds issued to finance improvements at PHL, and reimbursement to the PPA for capital expenditures and prior year operating deficits relating to its operations at PHL, if any.

The PPA's administrative costs are a component of its operating expenses. In 1999, at the request of the FAA, the PPA and the City entered into a letter agreement (the "FAA Letter Agreement"), which

contained a formula for calculating the PPA's administrative costs and capped such costs at 28% of the PPA's total administrative costs for all of its cost centers. The PPA owns and/or operates parking facilities at a number of locations in the City in addition to those at PHL. The PPA parking facilities at PHL are cost centers for purposes of the FAA Letter Agreement.

On-street parking revenues are administered and collected, on behalf of the City, by the PPA. Pursuant to Pennsylvania law, the PPA transmits these revenues to the City, net of any actual expenses incurred in the administration of the on-street parking system in accordance with the PPA's approved budget. If such net revenues exceed a designated threshold, then any excess above that threshold is to be transmitted to the School District. The current threshold is \$35 million and includes a mandatory escalator to take into account increases in revenues.

The following table presents payments received by the City from PPA for on-street parking for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 14**  
**PPA On-Street Parking Payments to the City**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget )<sup>(1), (2)</sup>**  
**(Amounts in Millions of USD)**

Fiscal Year	Payments to the City
2016 (Actual)	\$33.7
2017 (Actual)	\$39.9
2018 (Actual)	\$41.3
2019 (Adopted Budget)	\$42.8
2019 (Current Estimate)	\$41.8
2020 (Adopted Budget)	\$45.8

<sup>(1)</sup> Sources: For Fiscal Years 2015-2018, the City's Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2019 Adopted Budget.

<sup>(2)</sup> Table 14 shows City revenues; none of such payments is transferred to the School District.

### Other Tax Rate Changes

The Twenty-Eighth Five-Year Plan includes reductions in both the resident and non-resident wage and earnings tax. The following table details rates under the Twenty-Eighth Five-Year Plan.

**Table 15**  
**Changes in Wage and Earnings Tax Rates<sup>(1)</sup>**

Fiscal Year	Twenty-Eighth Five-Year Plan	
	Resident Wage and Earnings Tax Rates <sup>(2)</sup>	Non-Resident Wage and Earnings Tax Rates
2019	3.8809%	3.4567%
2020	3.8712%	3.4481%

2021	3.8616%	3.4395%
2022	3.8519%	3.4309%
2023	3.8423%	3.4223%
2024	3.8327%	3.4137%

<sup>(1)</sup> Source: The Twenty-Eighth Five-Year Plan.

<sup>(2)</sup> Includes PICA Tax. See “DEBT OF THE CITY – PICA Bonds” for a description of the PICA Tax.

Under the Twenty-Eighth Five-Year Plan, receipts from the Wage and Earnings Tax are estimated to grow at a rate of 3.03% in Fiscal Year 2019, 4.30% in Fiscal Year 2020, 3.97% in Fiscal Year 2021, 3.84% in Fiscal Year 2022, 3.83% in Fiscal Year 2023, and 3.63% in Fiscal Year 2024.

## EXPENDITURES OF THE CITY

Three of the principal City expenditures are for personal services (personnel) (including pensions and other employee benefits), purchase of services (including payments to SEPTA), and debt service. The expenditures for personal services (personnel) and purchase of services are addressed below under this caption; debt service is addressed below under “DEBT OF THE CITY.”

### Personal Services (Personnel)

As of June 30, 2018, the City employed 27,867 full-time employees, representing approximately 4.2% of employees in Philadelphia (approximately 663,917 employees, according to preliminary, non-seasonally adjusted data from the Bureau of Labor Statistics). Of the 27,867 full-time employees, the salaries of 22,226 were paid from the General Fund. Additional sources of funding for full-time City employees include the Grants Revenue Fund, the Water Fund, and the Aviation Fund, as well as grants and contributions from other governments. Activities funded through such grants and contributions are not undertaken if funding is not received. The following table sets forth the number of filled, full-time positions of the City as of the dates indicated.

**Table 16**  
**Filled, Full-Time Positions<sup>(1), (2)</sup>**

	June 30, 2014	June 30, 2015	June 30, 2016	June 30, 2017	June 30, 2018

<sup>(2)</sup> Table 16 does not include seasonal or temporary employees.

## Overview of City Employees

The wages and benefits of City employees vary not only by position, but also by whether the employees are represented by a union and, if so, which union. Employee wages and benefits may also be impacted by whether the employee is subject to the civil service system or exempt from those rules. Thus, City employees may be broken down into three major categories for purposes of understanding how their wages and benefits are determined: (i) employees who are not subject to the civil service system (“exempt employees”); (ii) employees who fall under the civil service system but are not represented by a union (“non-represented employees”); and (iii) employees who are subject to the civil service system and are represented by a union (“union employees”).

As of June 25, 2019, the City had over 24,000 unionized employees, representing approximately 80% of the City’s employees. Such employees were represented by the City’s four municipal unions: (i) Fraternal Order of Police (“FOP”) Lodge No. 5; (ii) International Association of Fire Fighters (“IAFF”) Local 22; (iii) American Federation of State, County and Municipal Employees District Council 33 (“AFSCME DC 33”); and (iv) American Federation of State, County and Municipal Employees District Council 47 (“AFSCME DC 47”). The foregoing unions are covered by bargaining agreements through June 30, 2020. Each such agreement contains pension reform terms, as described in more detail in Table 18 below.

In July 2016, a collective bargaining agreement was reached with AFSCME DC 33, which provides for salary increases, lump sum payments for health care, and a one-time bonus, among other things. This collective bargaining agreement was ratified on August 19, 2016. In November 2018, a collective bargaining reopener was concluded with AFSCME DC 33, which resulted in an agreement by the City to contribute \$28 million to AFSCME DC 33’s health plan in Fiscal Years 2019 and 2020.

On June 30, 2017, the labor agreements for FOP Lodge No. 5, IAFF Local 22, and AFSCME DC 47 expired. On August 15, 2017, a labor arbitration panel awarded the FOP Lodge No. 5 Labor Contract, a new three-year contract, reflecting annual raises ranging from 3.25% to 3.75% and resulting in a projected aggregate cost to the City of approximately \$247.22 million during Fiscal Years 2018-2022.

On March 13, 2018, an arbitration panel awarded a new three-year contract for the employees of the Philadelphia Sheriff’s Office and Register of Wills, reflecting annual raises ranging from 2.5% to 3.0% for Register of Wills employees and 3.0% to 3.25% for Sheriff’s Office employees and resulting in a projected aggregate cost to the City of approximately \$13.46 million during Fiscal Years 2018-2023.

On March 19, 2018, an arbitration panel awarded a new three-year contract for the public safety employees represented by DC 33 Local 159 and DC 33 Local 1637, reflecting annual raises ranging from 3.0% to 3.25% and resulting in a projected aggregate cost to the City of approximately \$50.28 million during Fiscal Years 2018-2023.

In May 2018, an arbitration panel awarded a new three-year contract for IAFF Local 22 (firefighters), reflecting annual raises ranging from 3.25% to 3.75% and resulting in a projected aggregate cost to the City of approximately \$144.58 million during Fiscal Years 2018-2023.

In June 2018, a new three-year collective bargaining agreement was reached with AFSCME DC 47, reflecting annual raises ranging from 2.5% to 3.0% and resulting in a projected aggregate cost to the City of approximately \$46.17 million during Fiscal Years 2018-2023.

The costs of the agreements discussed above have been included in the City’s five-year plans, as applicable. See “DISCUSSION OF FINANCIAL OPERATIONS – Current Financial Information” herein.

For more information on the current status of the interest arbitration awards that have been issued for, and contract settlements reached with, the City's major labor organizations, as well as changes that have been made for non-represented employees, see Table 18.

Collective bargaining with respect to the wages, hours and other terms and conditions of employment of union employees, other than uniformed employees of the Police Department and the Fire Department, is governed by the Public Employee Relations Act (Pa. P.L. 563, No. 195 (1970)) ("PERA"). PERA requires the City and the unions to negotiate in good faith to attempt to reach agreement on new contract terms and, if an impasse exists after such negotiations, to mediate through the Commonwealth Bureau of Mediation. Once the mediation procedures have been satisfied, and if no collective bargaining agreement has been reached, most employees covered by PERA are permitted to strike. Certain employees, however, including employees of the Sheriff's Office and the Register of Wills represented by the FOP, corrections officers represented by AFSCME DC 33, and employees of the First Judicial District represented by AFSCME DC 47, are not permitted to strike under PERA. These employees must submit any impasse to binding interest arbitration once the mediation procedures have been satisfied. PERA permits parties at an impasse, which are not required to submit to binding interest arbitration, to do so voluntarily. Provisions of an interest arbitration award issued under PERA that require legislative action are considered advisory only and the legislative body is permitted to meet, consider, and reject those provisions.

Uniformed employees of the Police Department and the Fire Department bargain under the Policemen and Firemen Collective Bargaining Act (Pa. P.L. 237, No. 111 (1968)) ("Act 111"), which provides for final and binding interest arbitration to resolve collective bargaining impasses and prohibits these employees from striking. Interest arbitration under Act 111 operates similarly to interest arbitration under PERA, but City Council is not permitted to reject the portions of an interest arbitration award that require legislative action. To the contrary, City Council is required to pass any legislation necessary to implement the award unless doing so would violate state or federal law. Thus, the arbitration panel has significant, although not limitless, power to issue an award on mandatory subjects of bargaining. As with interest arbitration under PERA, the arbitration panel cannot issue an award on a matter that is one of inherent managerial policy. In addition to the grounds available to challenge a PERA interest arbitration award on appeal, the PICA Act requires an Act 111 interest arbitration panel to, among other things, give substantial weight to the City's five-year plan and ability to pay for the cost of the award without negatively impacting services, and gives the City the right to appeal the award to the Court of Common Pleas if it believes the panel has failed to meet these responsibilities. If the arbitration panel fails to do so or, among other things, if it awards wages or benefits that exceed what is assumed in the most-recent five-year plan without substantial evidence in the record demonstrating that the City can afford these increases without adversely impacting service levels, the Court of Common Pleas is required to vacate the arbitration award and remand it to the arbitration panel.

### **Overview of Employee Benefits**

The City provides various pension, life insurance, and health benefits for its employees. The benefits offered depend on the employee's union status and bargaining unit, if applicable. General Fund employee benefit expenditures for Fiscal Years 2016 through 2020 are shown in the following table.

**Table 17**  
**General Fund Employee Benefit Expenditures**

- <sup>(1)</sup> Source: From the City's five-year financial plans, except for "Payments under City-administered plan" and "Payments under union-administered plans," which were provided by the City, Department of Human Resources and the Office of Budget and Program Evaluation. Figures may not sum due to rounding.
- <sup>(2)</sup> Includes debt service on Pension Bonds (as defined herein) and the Commonwealth contributions to the Municipal Pension Fund. See Tables 29 and 30.
- <sup>(3)</sup> This breakdown of "Health" between "Payments under City-administered plan" and "Payments under union-administered plans" is an estimate of actual expenses. The City records the actual health expenses in one line item, which corresponds to the figures in "Total Health."
- <sup>(4)</sup> Includes payments of social security and Medicare taxes.
- <sup>(5)</sup> Includes payments for unemployment compensation, employee disability, group life, group legal, tool allowance, and flex cash payments.
- <sup>(6)</sup> Includes \$9.7 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(7)</sup> Includes \$19.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(8)</sup> Includes \$24.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(9)</sup> Assumes \$48.3 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(10)</sup> Assumes \$47.6 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(11)</sup> Assumes \$53.9 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

Each of the City's four municipal unions sponsors its own health plan that provides medical, prescription, dental and optical benefits to participating employees and eligible retirees through trusts on which the City has varying degrees of minority representation. Exempt and non-represented employees, along with represented employees of the Register of Wills and employees represented by AFSCME DC 33 who have chosen not to become members of the union's healthcare plan, receive health benefits through a plan sponsored and administered by the City. Each of the plans provides different benefits determined by the plan sponsor or through collective bargaining. To provide health care coverage, the City pays a negotiated monthly premium for employees covered by the union contract for AFSCME DC 33 and is self-insured for all other eligible employees. Aside from AFSCME DC 33, the City is responsible for the actual health care cost that is invoiced to the City's unions by their respective vendors. The actual cost can be a combination of self-insured claim expenses, premiums, ancillary services, and administrative expenses. In addition, employees who satisfy certain eligibility criteria receive five years of health benefits after their retirement. See "OTHER POST-EMPLOYMENT BENEFITS" below. Such benefits are determined and administered by the plan in which the employee participated at the time of his or her retirement. Other employee benefits, including life insurance and paid leave, are similarly determined by the respective collective bargaining agreements, as well as City policies and Civil Service Regulations. Employees also participate in the Municipal Pension Plan. See "PENSION SYSTEM" below.

## Overview of Current Labor Situation

Table 18 summarizes the current status of the interest arbitration awards that have been issued for, and contract settlements reached with, the City's major labor organizations, as well as changes that have been made for non-represented employees. It also provides a brief summary of pension reforms that have occurred since 2016.

**Table 18**

<sup>(1)</sup> From data provided by the Mayor's Office of Labor Relations on June 25, 2019.

<sup>(2)</sup> "Plan 87," "Plan 10," and "Plan 16" referenced in this column are described in Table 19.

Certain features of the 1987 Plan (“Plan 87”), the 2010 Plan (“Plan 10”), and the 2016 Plan (“Plan 16”) are summarized below. Plan 87 is solely a defined benefit plan. Plan 10 and Plan 16 are “hybrid” plans that include both defined benefit and defined contribution components. A more comprehensive summary of each plan is included as Appendix D of the July 1, 2018 Valuation (as defined herein). *See* “PENSION SYSTEM” below.

**Table 19**  
**Summary of Key Aspects of Plan 87, Plan 10, and Plan 16**

<b>Plan 87</b>	<b>Normal Retirement Eligibility</b>	<b>Average Final Compensation (“AFC”)</b>	<b>Defined Benefit – Retirement Benefits Multiplier</b>
Municipal (Plan Y)	Age 60 and 10 years of credited service <sup>(1)</sup>	Average of three highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• (2.2% x AFC x years of service up to 10 years) plus (2.0% x AFC x numbers of years in excess of 10 years), subject to a maximum of 100% of AFC</li> </ul>
Police and Fire	Age 50 and 10 years of credited service <sup>(1)</sup>	Average of two highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• (2.2% x AFC x years of service up to 20 years) plus (2.0% x AFC x numbers of years in excess of 20 years), subject to a maximum of 100% of AFC</li> </ul>
Elected Official (Plan L)	Age 55 and 10 years of credited service <sup>(2)</sup>	Average of three highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• 3.5% x AFC x years of service, subject to a maximum of 100% of AFC</li> </ul>
<b>Plan 10</b>	<b>Normal Retirement Eligibility</b>	<b>Average Final Compensation (“AFC”)</b>	<b>Defined Benefit – Retirement Benefits Multiplier</b>
Municipal <sup>(3)</sup>	Age 60 and 10 years of credited service	Average of five highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• 1.25% x AFC x years of service up to 20 years</li> </ul>
Police and Fire	Age 50 and 10 years of credited service	Average of five highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• 1.75% x AFC x years of service up to 20 years</li> </ul>
-----			
			<p style="text-align: center;"><b>Defined Contribution</b></p> <ul style="list-style-type: none"> <li>• The City matches employee contributions at a 50% rate, with the total City match not to exceed 1.5% of compensation for each year.</li> <li>• After five years of credited service, the full amount in the account is distributed to the employee when he or she separates from City service.</li> <li>• The right to the portion of the account attributable to City contributions does not vest until the completion of five years of credited service.</li> </ul>
<b>Plan 16</b>	<b>Normal Retirement Eligibility</b>	<b>Average Final Compensation (“AFC”)</b>	<b>Defined Benefit – Retirement Benefits Multiplier</b>
Municipal	Age 60 and 10 years of credited service	Lesser of (i) AFC under Plan Y (of Plan 87) (which is the average of three highest calendar or anniversary years) or (ii) \$50,000 (cap increases to \$65,000 on 1/1/2019)	<ul style="list-style-type: none"> <li>• (2.2% x AFC x years of service up to 10 years) plus (2.0% x AFC x numbers of years in excess of 10 years), subject to a maximum of 100% of AFC</li> </ul>
-----			
			<p style="text-align: center;"><b>Defined Contribution</b></p> <ul style="list-style-type: none"> <li>• Employees may voluntarily participate in the defined contribution portion; employee contributions vest immediately.</li> <li>• For employees with annual salaries above the cap, the City matches employee contributions at a 50% rate, with the total City match not to exceed 1.5% of compensation for each year (only if employee is contributing); the City’s matching contributions vest after five years of credited service.</li> <li>• The maximum annual employee contribution is \$18,000, excluding the City’s matching contributions.</li> </ul>

<sup>(1)</sup> Five years of credited service for those who make additional contributions. *See* “PENSION SYSTEM – Pension System; Pension Board – Membership.”

<sup>(2)</sup> The lesser of two full terms or eight years of credited service for those elected officials who make additional contributions. *See* “PENSION SYSTEM – Pension System; Pension Board – Membership.”

<sup>(3)</sup> Under Plan 10 (Municipal), pension contributions freeze after 20 years. At such time and for each subsequent year, the employee’s pension payments remain fixed and the employee may no longer make pension contributions.

## Purchase of Services

The following table shows the City's major purchase of services, which represents one of the major classes of expenditures from the General Fund. Table 20 shows contracted costs of the City for Fiscal Years 2016-2018, the budgeted amounts and current estimates for Fiscal Year 2019, and the budgeted amounts for Fiscal Year 2020.

**Table 20**  
**Purchase of Services in the General Fund**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1), (7)</sup>**

	Actual 2016	Actual 2017	Actual 2018	Adopted Budget 2019	Current Estimate 2019	Adopted Budget 2020
Human Services <sup>(2)</sup>	\$75.3	\$75.7	\$76.3	\$82.8	\$82.8	\$89.2
Public Health	64.9	70.7	72.7	92.9	74.9	90.2
Public Property <sup>(3)</sup>	155.0	158.5	157.4	162.2	162.7	172.5
Streets <sup>(4)</sup>	51.9	46.2	49.2	49.2	53.9	58.8

<b>Total</b>	<b><u>\$822.2</u></b>	<b><u>\$851.4</u></b>	<b><u>\$891.1</u></b>	<b><u>\$951.7</u></b>	<b><u>\$954.5</u></b>	<b><u>\$1,001.3</u></b>

<sup>(1)</sup> For Fiscal Years 2016-2018, the City's Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> Includes payments for care of dependent and delinquent children.

<sup>(3)</sup> Includes payments for SEPTA, space rentals, and utilities.

<sup>(4)</sup> Includes solid waste disposal costs.

<sup>(5)</sup> Includes homeless shelter and boarding home payments.

<sup>(6)</sup> Includes the Convention Center subsidy, payments for vehicle leasing, and debt service on lease and service agreement financings, among other things.

<sup>(7)</sup> Figures may not sum due to rounding.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## City Payments to School District

The following table presents the City's payments to the School District from the General Fund for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 21**  
**City Payments to School District**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1)</sup>**

	<b>Actual 2016</b>	<b>Actual 2017</b>	<b>Actual 2018</b>	<b>Adopted Budget 2019</b>	<b>Current Estimate 2019</b>	<b>Adopted Budget 2020</b>
City Payments to School District	\$104.2	\$104.3	\$104.3	\$180.9	\$185.8	\$222.5

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

Beginning with the City's adopted budget for Fiscal Year 2016, the City implemented a \$25 million property tax increase and a \$10 million parking tax increase to benefit the School District. The figures above for Fiscal Years 2016-2020 reflect such increases.

For more discussion of the School District, see "THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – *Mayoral-Appointed or Nominated Agencies* – The School District," above. For a discussion of changes in the funding provided by the City to the School District, see "REVENUES OF THE CITY – Sales and Use Tax." For a discussion of the transition to AVI and how such transition affects funding for the School District, see "REVENUES OF THE CITY – Real Property Taxes."

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## City Payments to SEPTA

SEPTA operates a public transportation system within the City and Bucks, Chester, Delaware, and Montgomery counties. SEPTA's operating budget is supported by federal, Commonwealth, and local subsidies, including payments from the City. The following table presents the City's payments to SEPTA from the General Fund for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 22**  
**City Payments to SEPTA**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1)</sup>**

	<b>Actual 2016</b>	<b>Actual 2017</b>	<b>Actual 2018</b>	<b>Adopted Budget and Current Estimate 2019</b>	<b>Adopted Budget 2020</b>
City Payment to SEPTA	\$74.2	\$79.7	\$81.9	\$84.6	\$87.6

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

The City budgets operating subsidies each Fiscal Year to match the estimated operating subsidies of the Commonwealth under Act 89. The state operating subsidy is funded through the Pennsylvania Public Transportation Trust Fund as created by Act 44 of 2007, amended by Act 89 of 2013. The local match requirement is calculated to match state operating subsidies. In addition, local matching funds must be appropriated each Fiscal Year in which state funds are received in order for SEPTA to receive the full allocation of state funds. The Twenty-Eighth Five-Year Plan projects annual operating subsidy payments to SEPTA from the City will increase to \$101.9 million by Fiscal Year 2024. For more information on SEPTA, see APPENDIX C – "TRANSPORTATION – Southeastern Pennsylvania Transportation Authority (SEPTA)."

## City Payments to Convention Center Authority

In connection with the financing of the expansion to the Pennsylvania Convention Center and the refinancing of debt for the original Pennsylvania Convention Center construction, the Commonwealth, the City, and the Convention Center Authority entered into an operating agreement in 2010 (the "Convention Center Operating Agreement"). The Convention Center Operating Agreement provides for the operation of the Convention Center by the Convention Center Authority and includes an annual service fee of \$15,000,000 from the City to the Convention Center Authority in each Fiscal Year through Fiscal Year 2040.

As authorized by ordinance, the City has agreed to pay to the Convention Center Authority on a monthly basis a certain percentage of hotel room taxes and hospitality promotion taxes collected during the term of the Convention Center Operating Agreement. The remaining percentages of such taxes are paid to the City's tourism and marketing agencies. The General Fund does not retain any portion of the proceeds of the hotel room rental tax or the hospitality promotion tax.

## PENSION SYSTEM

*The amounts and percentages set forth under this heading relating to the City's pension system, including, for example, actuarial liabilities and funded ratios, are based upon numerous demographic and economic assumptions, including the investment return rates, inflation rates, salary increase rates, post-retirement mortality, active member mortality, rates of retirement, etc. The reader is cautioned to review and carefully consider the assumptions set forth in the documents that are cited as the sources for the information in this section. In addition, the reader is cautioned that such sources and the underlying assumptions speak as of their respective dates, and are subject to changes, any of which could cause a significant change in the unfunded actuarial liability.*

### Overview

The City faces significant ongoing financial challenges in meeting its pension obligations, including an unfunded actuarial liability ("UAL") of approximately \$6.1 billion as of July 1, 2018. In Fiscal Year 2018, the City's contribution to the Municipal Pension Fund was approximately \$782.0 million, of which the General Fund's share (including the Commonwealth contribution) was \$632.1 million. *See* Table 29. The City's aggregate pension costs (consisting of payments to the Municipal Pension Fund and debt service on the Pension Bonds (as defined herein)) have increased from approximately 10.20% of the City's General Fund budget to approximately 15.21% of the General Fund budget from Fiscal Years 2009 to 2018. *See* Table 31. As reflected in the Funded Ratio chart following Table 28, the funded ratio of the Municipal Pension Plan was 76.7% on July 1, 1999 (at which time the UAL was approximately \$1.4 billion), and was 46.8% on July 1, 2018.

The decline in the Municipal Pension System's funded status and the net growth of the unfunded liability is the product of a number of factors, including the following:

- The declines in the equity markets in 2000-2001 and in 2008-2009. *See* Table 24 and the Funded Ratio chart below Table 28.
- A reduction in the assumed rate of return, from 8.75% in 2009 to 7.55% effective July 1, 2019 (i.e., Fiscal Year 2020). Although the gradual reductions in the assumed rates of return reflected in Table 24 are considered a prudent response to experience studies, by reducing the assumed return in the measurement of the actuarial liabilities, it serves to increase the UAL from what it otherwise would have been.
- Adopting more conservative mortality rates in response to experience studies performed by the Municipal Pension Plan actuary.
- The Municipal Pension Plan is a mature system, which means the number of members making contributions to the Municipal Pension Plan is less than the number of retirees and other beneficiaries receiving payments from the Municipal Pension Plan, by approximately 8,900. As a result, the aggregate of member contributions and the City's contributions are less than the amount of benefits and refunds payable in most years, with the result that in such years investment income must be relied upon to meet such difference before such income can contribute to an increase in the Municipal Pension

System's assets growth. *See* Table 26 (which reflects that in Fiscal Year 2018); however, the aggregate of member contributions and the City's contribution exceeded the amount of benefits and refunds payable in such Fiscal Year.

- The determination by the City, commencing in Fiscal Year 2005, to fund in accordance with the "minimum municipal obligation" ("MMO"), as permitted and as defined by Pennsylvania law, in lieu of the City Funding Policy (as defined herein), resulted in the City contributing less than otherwise would have been contributed. *See* "– Funding Requirements; Funding Standards" below.
- Revising, in Fiscal Year 2009, in accordance with Pennsylvania law, the period over which the UAL was being amortized, such that the UAL as of July 1, 2009 was "fresh started" to be amortized over a 30 year period ending June 30, 2039. In addition, changes were made to the periods over which actuarial gains and losses and assumption changes were amortized under Pennsylvania law. *See* "UAL and its Calculation – Actuarial Valuations."

The City has taken a number of steps to address the funding of the Municipal Pension Plan, including the following:

- Reducing the assumed rate of return on a gradual and consistent basis, which results in the City making larger annual contributions. *See* Table 24 below.
- Adopting more conservative mortality rates in response to experience studies performed by the Municipal Pension Plan actuary.
- In conjunction with the revisions to the amortization periods that occurred in Fiscal Year 2009, changing from a level percent of pay amortization schedule to a level dollar amount schedule. This results in producing payments that ensure that a portion of principal on the UAL is paid each year.
- Funding consistently an amount greater than the MMO (subject to the authorized deferrals for Fiscal Years 2010 and 2011 described below). *See* Table 29.
- Negotiating collective bargaining agreements by which additional contributions are being made (and will be made) by certain current (and future) members and by which benefits will be capped for certain future members of the Municipal Pension Plan. *See* Table 18.
- Securing additional funding, including funds required to be deposited by the City to the Municipal Pension Fund from its share of sales tax revenue.
- Adopting a Revenue Recognition Policy (defined and described below), by which sources of anticipated additional revenue that will be received by the System are specifically dedicated toward paying down the unfunded pension liability and not to reducing future costs of the City. The additional revenue is tracked and accumulated in a notional account, which is then deducted from the Actuarial Asset Value to

determine the contribution under the Revenue Recognition Policy. As a result, such contribution is higher than the MMO.

- Changing the investment strategy to increase the use of passive investment vehicles, which has resulted in increased returns and decreased fees.

This “Overview” is intended to highlight certain of the principal factors that led to the pension system’s current funded status, and significant steps the City and the Pension Board (as defined herein) have taken to address the underfunding. The reader is cautioned to review with care the more detailed information presented below under this caption, “PENSION SYSTEM.”

### **Pension System; Pension Board**

The City maintains two defined-benefit pension programs: (i) the Municipal Pension Plan, a single employer plan, which provides benefits to police officers, firefighters, non-uniformed employees, and non-represented appointed and elected officials, and (ii) the PGW Pension Plan, a single employer plan, which provides benefits to PGW employees. The Municipal Pension Plan is administered through 20 separate benefit structures, the funding for which is accounted for on a consolidated basis by the Municipal Pension Fund. Such benefit structures establish for their respective members different contribution levels, retirement ages, etc., but all assets are available to pay benefits to all members of the Municipal Pension Plan. The Municipal Pension Plan is a mature plan, initially established in 1915, with net investment assets that totaled approximately \$5.3 billion as of June 30, 2018. The Municipal Pension Plan has approximately 28,800 members who make contributions to the plan, and provides benefits to approximately 37,700 retirees and other beneficiaries.

PGW is principally a gas distribution facility owned by the City. For accounting presentation purposes, PGW is a component unit of the City and follows accounting rules as they apply to proprietary fund-type activities. The PGW Pension Plan is funded with contributions by PGW to such plan, which are treated as an operating expense of PGW, and such plan is not otherwise addressed under the caption “PENSION SYSTEM.” *See* “PGW PENSION PLAN” below.

Contributions are made by the City to the Municipal Pension Fund from: (i) the City’s General Fund; (ii) funds that are received by the City from the Commonwealth for deposit into the Municipal Pension Fund; and (iii) various City inter-fund transfers, representing amounts contributed, or reimbursed, to the City’s General Fund for pensions from the City’s Water Fund, Aviation Fund, and certain other City funds or agencies. *See* Table 29. In addition to such City (employer) contribution, the other principal additions to the Municipal Pension Fund are: (i) member (employee) contributions; (ii) interest and dividend income; (iii) net appreciation in asset values; and (iv) net realized gains on the sale of investments. *See* Table 26 below. An additional source of funding is that portion of the 1% Sales Tax rate increase that is required under Pennsylvania law to be deposited to the Municipal Pension Fund. *See* “REVENUES OF THE CITY – Sales and Use Tax.”

The City of Philadelphia Board of Pensions and Retirement (the “Pension Board”) was established by the City Charter to administer “a comprehensive, fair and actuarially sound pension

and retirement system covering all officers and employees of the City.” The City Charter provides that the Pension Board “shall consist of the Director of Finance, who shall be its chairman, the Managing Director, the City Controller, the City Solicitor, the Personnel Director and four other persons who shall be elected to serve on the Board by the employees in the civil service in such manner as shall be determined by the Board.” In addition, there is one non-voting member on the Pension Board, who is appointed by the President of City Council. An Executive Director, together with a budgeted staff of 73 personnel, administers the day-to-day activities of the retirement system, providing services to approximately 66,600 members.

The Municipal Pension Plan, the Municipal Pension Fund, and the Pension Board are for convenience sometimes collectively referred to under this caption as the “Municipal Retirement System.”

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Membership. The following table shows the membership totals for the Municipal Pension Plan, as of July 1, 2018 and as compared to July 1, 2017.

**Table 23**  
**Municipal Pension Plan – Membership Totals**

	<u>July 1, 2018</u>	<u>July 1, 2017</u>	<u>% Change</u>
Actives	28,845	28,615	0.8%
Terminated Vesteds	1,074	1,157	-7.2%
Disabled	3,890	3,942	-1.3%
Retirees	22,275	22,288	-0.1%
Beneficiaries	8,547	8,552	-0.1%
Deferred Retirement Option Plan ("DROP")	<u>1,944</u>	<u>1,767</u>	10.0%
Total City Members	66,575	66,321	0.4%
Annual Salaries	\$1,805,400,096	\$1,744,728,288	3.5%
Average Salary per Active Member	\$62,590	\$60,973	2.7%
Annual Retirement Allowances	\$761,946,574	\$750,204,529	1.6%
Average Retirement Allowance	\$21,951	\$21,569	1.8%

Source: July 1, 2018 Valuation.

As shown in Table 23, total membership in the Municipal Pension Plan increased by 0.4%, or from 66,321 to 66,575 members, from July 1, 2017 to July 1, 2018, including an increase of 0.8% in active members from 28,615 to 28,845 (who were contributing to the Municipal Pension Fund). Of the 66,575 members, 37,730 were retirees, beneficiaries, disabled, and other members (who were withdrawing from, or not contributing to, the Municipal Pension Fund).

Subject to the exceptions otherwise described in this paragraph, employees and officials become vested in the Municipal Pension Plan upon the completion of ten years of service. Employees and appointed officials who hold positions that are exempt from civil service and who are not entitled to be represented by a union, and who were hired before January 13, 1999, may elect accelerated vesting after five years of service in return for payment of a higher employee contribution than if the vesting period were ten years. Such employees and officials become vested after five years of service if hired after January 13, 1999 or seven years of service if hired after January 1, 2019, and pay a higher employee contribution than if the vesting period were ten years. Elected officials become vested in the Municipal Pension Plan once they complete service equal to the lesser of two full terms in their elected office or eight years and pay a higher contribution than if the vesting period were ten years. Elected officials pay an additional employee contribution for the full cost of the additional benefits they may receive over those of general municipal employees. Upon retirement, employees and officials may receive up to 100% of their average final compensation depending upon their years of credited service and the plan in which they participate.

All City employees participate in the U.S. Social Security retirement system except for uniformed Police and uniformed Fire employees.

Certain membership information relating to the City's municipal retirement system provided by the Pension Board is set forth in Appendix A to the July 1, 2018 Actuarial Valuation Report (the "July 1, 2018 Valuation") and includes as of July 1, 2018, among other information, active and non-active member data by plan, age/service distribution for active participants and average salary for all plans, and age and benefit distributions for non-active member data.

### **Funding Requirements; Funding Standards**

City Charter. The City Charter establishes the "actuarially sound" standard quoted above. Case law has interpreted "actuarially sound" as used in the City Charter to require the funding of two components: (i) "normal cost" (as defined below) and (ii) interest on the UAL. (*Dombrowski v. City of Philadelphia*, 431 Pa. 199, 245 A.2d 238 (1968)).

Pennsylvania Law. The Municipal Pension Plan Funding Standard and Recovery Act (Pa. P.L. 1005, No. 205 (1984)) ("Act 205"), applies to all municipal pension plans in Pennsylvania, "[n]otwithstanding any provision of law, municipal ordinance, municipal resolution, municipal charter, pension plan agreement or pension plan contract to the contrary . . . ." Act 205 provides that the annual financial requirements of the Municipal Pension Plan are: (i) the normal cost; (ii) administrative expense requirements; and (iii) an amortization contribution requirement. In addition, Act 205 requires that the MMO be payable to the Municipal Pension Fund from City revenues, and that the City shall provide for the full amount of the MMO in its annual budget. The MMO is defined as "the financial requirements of the pension plan reduced by . . . the amount of any member contributions anticipated as receivable for the following year." Act 205 further provides that the City has a "duty to fund its municipal pension plan," and the failure to provide for the MMO in its budget, or to pay the full amount of the MMO, may be remedied by the institution of legal proceedings for mandamus.

In accordance with Pennsylvania law and Act 205, the City uses the entry age normal actuarial funding method, whereby "normal cost" (associated with active employees only) is the present value of the benefits that the City expects to become payable in the future distributed evenly as a percent of expected payroll from the age of first entry into the plan to the expected age at retirement. The City's share of such normal cost (to which the City adds the Plan's administrative expenses) is reduced by member contributions. The term "level" means that the contribution rate for the normal cost, expressed as a percentage of active member payroll, is expected to remain relatively level over time.

The City has budgeted and paid at least the full MMO amount since such requirement was established, and more specifically, prior to Fiscal Year 2005 the City had been contributing to the Municipal Pension Plan the greater amount as calculated pursuant to the City Funding Policy which was implemented before Act 205 was effective, as described below. Beginning in Fiscal Year 2018, the City is contributing under the Revenue Recognition Policy (defined below), which requires higher contribution amounts than under the MMO. Payment of the MMO is a condition for receipt of the Commonwealth contribution to the Municipal Pension Fund. *See* Table 29.

Act 205 was amended in 2009 by Pa. P.L. 396, No. 44 ("Act 44") to authorize the City to: (i) "fresh start" the amortization of the UAL as of July 1, 2009 by a level annual dollar amount over 30 years ending June 30, 2039; and (ii) revise the amortization periods for actuarial gains and

losses and assumption changes in accordance with Act 44, as described below under “UAL and its Calculation – Actuarial Valuations.” In addition, Act 44 authorized the City to defer, and the City did defer, \$150 million of the MMO otherwise payable in Fiscal Year 2020, and \$80 million of the MMO otherwise payable in Fiscal Year 2011, subject to repayment of the deferred amounts by June 30, 2014. The City repaid the aggregate deferred amount of \$230 million, together with interest at the then-assumed interest rate of 8.25%, in Fiscal Year 2013. *See* Table 29. Because the final amortization date is fixed, if all actuarial assumptions are achieved, the unfunded liability would decline to zero as of the final amortization date. To the extent future experience differs from the assumptions used to establish the 30-year fixed amortization payment schedule, new amortization bases attributable to a particular year’s difference would be established and amortized over their own 20-year schedule.

GASB; City Funding Policy. Governmental Accounting Standards Board (“GASB”) Statement No. 27, “Accounting for Pensions by State and Local Governmental Employers” (“GASB 27”), applied to the City for Fiscal Years beginning prior to July 1, 2014. For the Fiscal Year beginning July 1, 2014, GASB Statement No. 68 (“GASB 68”), which amends GASB 27 in several significant respects, applies. GASB 27 defined an “annual required contribution” (“ARC”) as that amount sufficient to pay (i) the normal cost and (ii) the amortization of UAL, and provides that the maximum acceptable amortization period is 30 years (for the initial 10 years of implementation, 1996-2006, a 40-year amortization period was permitted). GASB 27 did not establish funding requirements for the City but rather was an accounting and financial reporting standard. GASB 68 does not require the calculation of an ARC but does require the City to include as a liability on its balance sheet the City’s “net pension liability,” as defined by GASB 68. The City has been funding the Municipal Pension Fund since Fiscal Year 2003 based on the MMO (at a minimum), including the deferral permitted by Act 44. *See* Table 29 below.

The City, prior to Fiscal Year 2005, had been funding the Municipal Pension Fund in accordance with what the City referred to as the “City Funding Policy.” That reference was used and continues to be used in the Actuarial Reports. Under the City Funding Policy, the UAL as of July 1, 1985 was to be amortized over 34 years ending June 30, 2019, with payments increasing at 3.3% per year, the assumed payroll growth. Other changes in the actuarial liability were amortized in level-dollar payments over various periods as prescribed in Act 205. In 1999, the City issued pension funding bonds, the proceeds of which were deposited directly into the Municipal Pension Fund to pay down its UAL. *See* “– Annual Contributions – *Annual Debt Service Payments on the Pension Bonds*” below.

Revenue Recognition Policy. The City follows a policy (the “Revenue Recognition Policy”) to contribute each year to the Municipal Pension Fund an amount in excess of the MMO. The determination for such additional funding is based on not including (i) the portion of the amounts generated by the increase in the Sales Tax rate that became effective on July 1, 2014 and are required by Act 205 to be deposited to the Municipal Pension Fund (*see* “REVENUES OF THE CITY – Sales and Use Tax”), (ii) contributions to be made by City employees that are under Plan 16 (described above in the text that immediately follows Table 19), and (iii) additional member contributions for current and future members in Plan 87 Police, in the actuarial asset value when determining the annual contribution obligation.

The amounts projected by the City in the Twenty-Eighth Five-Year Plan to be deposited from Sales Tax revenue into the Municipal Pension Fund, for the six Fiscal Years 2019-2024, respectively, are as follows: \$47.6 million; \$53.9 million; \$59.4 million; \$64.8 million; \$70.3 million; and \$75.0 million.

### **UAL and its Calculation**

According to the July 1, 2018 Valuation, the funded ratio (the valuation of assets available for benefits to total actuarial liability) of the Municipal Pension Fund as of July 1, 2018 was 46.8% and the Municipal Pension Fund had an unfunded actuarial liability (“UAL”) of \$6.124 billion. The UAL is the difference between total actuarial liability (\$11.521 billion as of July 1, 2018) and the actuarial value of assets (\$5.397 billion as of July 1, 2018).

Key Actuarial Assumptions. In accordance with Act 205, the actuarial assumptions must be, in the judgment of both Cheiron (the independent consulting actuary for the Municipal Pension Fund) and the City, “the best available estimate of future occurrences in the case of each assumption.” The assumed investment return rate used in the July 1, 2018 Valuation was 7.60% a year (which includes an inflation assumption of 2.75%), net of administrative expenses, compounded annually. For the prior actuarial valuation, the assumed investment return rate was 7.65%. See Table 24 for the assumed rates of return for Fiscal Years 2009 to 2018. The 7.65% was used to establish the MMO payment for Fiscal Year 2018; 7.60% will be used to establish the MMO payment for Fiscal Year 2019; 7.55% will be used to establish the MMO payment for Fiscal Year 2020.

Other key actuarial assumptions in the July 1, 2018 Valuation include the following: (i) total annual payroll growth of 3.30%, (ii) annual administrative expenses assumed to increase 3.30% per year, (iii) to recognize the expense of the benefits payable under the Pension Adjustment Fund (as described below), actuarial liabilities were increased by 0.54%, based on the statistical average expected value of the benefits, (iv) a vested employee who terminates will elect a pension deferred to service retirement age so long as their age plus years of service at termination are greater than or equal to 55 (45 for police and fire employees in the 1967 Plan), (v) for municipal and elected members, 65% of all disabilities are ordinary and 35% are service-connected, and (vi) for police and fire members, 25% of all disabilities are ordinary and 75% are service-connected.

“Smoothing Methodology”. The Municipal Retirement System uses an actuarial value of assets to calculate its annual pension contribution, using an asset “smoothing method” to dampen the volatility in asset values that could occur because of fluctuations in market conditions. The Municipal Retirement System used a five-year smoothing prior to Fiscal Year 2009, and beginning with Fiscal Year 2009 began employing a ten-year smoothing. Using the ten-year smoothing methodology, investment returns in excess of or below the assumed rate are prospectively distributed in equal amounts over a ten-year period, subject to the requirement that the actuarial value of assets will be adjusted, if necessary, to ensure that the actuarial value of assets will never be less than 80% of the market value of the assets, nor greater than 120% of the market value of the assets. The actuarial value of assets as of July 1, 2018, was approximately 101.1% of the market value of the assets, as compared to 104.8% as of July 1, 2017.

Actuarial Valuations. The Pension Board engages an independent consulting actuary (currently Cheiron) to prepare annually an actuarial valuation report. Act 205, as amended by Act 44, establishes certain parameters for the actuarial valuation report, including: (i) use of the entry age normal actuarial cost method; (ii) that the report shall contain: (a) actuarial exhibits, financial exhibits, and demographic exhibits; (b) an exhibit of normal costs expressed as a percentage of the future covered payroll of the active membership in the Municipal Pension Plan; and (c) an exhibit of the actuarial liability of the Municipal Pension Plan; and (iii) that changes in the actuarial liability be amortized in level-dollar payments as follows: (a) actuarial gains and losses be amortized over 20 years beginning July 1, 2009 (prior to July 1, 2009, gains and losses were amortized over 15 years); (b) assumption changes be amortized over 15 years beginning July 1, 2010 (prior to July 1, 2010, assumption changes were amortized over 20 years); (c) plan changes for active members be amortized over 10 years; (d) plan changes for inactive members be amortized over one year; and (e) plan changes mandated by the Commonwealth be amortized over 20 years.

Act 205 further requires that an experience study be conducted at least every four years, and cover the five-year period ending as of the end of the plan year preceding the plan year for which the actuarial valuation report is filed. The most recent Experience Study was prepared by Cheiron in March 2018 for the period July 1, 2012 – June 30, 2017. The changes to the actuarial and demographic assumptions that were adopted by the Pension Board in response to such Experience Study were employed for the July 1, 2018 Valuation (which is used to determine the June 30, 2020 fiscal year end MMO, City Fund Policy, and Revenue Recognition Policy contributions). The principal revisions included increases in salary growth rates for municipal employees; decreases in retirement and termination rates; marginal changes in the expected disability rates; and changes in mortality assumptions to fully reflect the most recent experience. Details of these assumption changes and the experience of the Municipal Pension Plan can be found in the *City of Philadelphia Municipal Retirement System Experience Study Results for the period covering July 1, 2012 – June 30, 2017*, available at the Investor Information section of the City's Investor Website.

### **Pension Adjustment Fund**

Pursuant to § 22-311 of the Philadelphia Code, the City directed the Pension Board to establish a Pension Adjustment Fund (“PAF”) on July 1, 1999, and further directed the Pension Board to determine, effective June 30, 2000 and each Fiscal Year thereafter, whether there are “excess earnings” as defined available to be credited to the PAF. The Pension Board’s determination is to be based upon the actuary’s certification using the “adjusted market value of assets valuation method” as defined in § 22-311. Although the portion of the assets attributed to the PAF is not segregated from the assets of the Municipal Pension Fund, the Philadelphia Code provides that the “purpose of the Pension Adjustment Fund is for the distribution of benefits as determined by the Board for retirees, beneficiaries or survivors [and] [t]he Board shall make timely, regular and sufficient distributions from the Pension Adjustment Fund in order to maximize the benefits of retirees, beneficiaries or survivors.” Distributions are to be made “without delay” no later than six months after the end of each Fiscal Year. The PAF was established, in part, because the Municipal Retirement System does not provide annual cost-of-living increases to retirees or beneficiaries. At the time the PAF was established, distributions from the PAF were

subject to the restriction that the actuarial funded ratio using the “adjusted market value of assets” be not less than such ratio as of July 1, 1999 (76.7%). That restriction was deleted in 2007.

The amount to be credited to the PAF is 50% of the “excess earnings” that are between one percent (1%) and six percent (6%) above the actuarial assumed investment rate. Earnings in excess of six percent (6%) of the actuarial assumed investment rate remain in the Municipal Pension Fund. Although the Pension Board utilizes a ten-year smoothing methodology, as explained above, for the actuarial valuation of assets for funding and determination of the MMO, § 22-311 provides for a five-year smoothing to determine the amount to be credited to the PAF. The actuary determined that for the Fiscal Year ended June 30, 2018, there were no “excess earnings” as defined to be credited to the PAF. The Pension Board transfers to the PAF the full amount calculated by the actuary as being available in any year for transfer within six months of the Pension Board designating the amount to be transferred.

Transfers to the PAF and the resultant additional distributions to retirees result in removing assets from the Municipal Pension Plan. To account for the possibility of such transfers, and as an alternative to adjusting the assumed investment return rate to reflect such possibility, the actuary applies a load of 0.54% to the calculated actuarial liability as part of the funding requirement and MMO. Such calculation was utilized for the first time in the July 1, 2013 actuarial valuation.

The market value of assets as used under this caption, “PENSION SYSTEM,” represents the value of the assets if they were liquidated on the valuation date and this value includes the PAF (except as otherwise indicated in certain tables), although the PAF is not available for funding purposes. The actuarial value of assets does not include the PAF.

## **Rates of Return; Asset Values; Changes in Plan Net Position**

Rates of Return. The following table sets forth for the Fiscal Years 2009-2018 the market value of assets internal rate of return and actuarial value of assets internal rate of return experienced by the Municipal Pension Fund, and the assumed rate of return. The 5-year and 10-year annual average returns as of June 30, 2018, were 6.73% and 5.30%, respectively, on a market value basis.

**Table 24**  
**Municipal Pension Fund**  
**Annual Rates of Return**

<u>Year Ending June</u> <u>30,</u>	<u>Market Value</u>	<u>Actuarial Value</u> <sup>(1)</sup>	<u>Assumed Rate of</u> <u>Return</u>
2009	-19.9%	-9.3%	8.75%
2010	13.8%	12.9%	8.25%
2011	19.4%	9.9%	8.15%
2012	0.2%	2.4%	8.10%
2013	10.9%	5.1%	7.95%
2014	15.7%	4.8%	7.85%
2015	0.3%	5.8%	7.80%
2016	-3.2%	4.5%	7.75%
2017	13.1%	4.4%	7.70%
2018	9.0%	5.1%	7.65%

<sup>(1)</sup> Net of PAF. See "Pension Adjustment Fund" above. The actuarial values reflect a ten-year smoothing.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Asset Values. The following table sets forth, as of the July 1 actuarial valuation date for the years 2009-2018, the actuarial and market values of assets in the Municipal Pension Fund and the actuarial value as a percentage of market value.

**Table 25**  
**Actuarial Value of Assets vs. Market Value of Net Assets**  
**(Dollar Amounts in Millions of USD)**

Actuarial Valuation Date (July 1)	Actuarial Value of Assets <sup>(1)</sup>	Market Value of Net Assets <sup>(1)</sup>	Actuarial Value as a Percentage of Market Value
2009	\$4,042.1	\$3,368.4	120.0%
2010 <sup>(2)</sup>	\$4,380.9	\$3,650.7	120.0%
2011 <sup>(2)</sup>	\$4,719.1	\$4,259.2	110.8%
2012 <sup>(2)</sup>	\$4,716.8	\$4,151.8	113.6%
2013	\$4,799.3	\$4,444.1	108.0%
2014	\$4,814.9	\$4,854.3	99.2%
2015	\$4,863.4	\$4,636.1	104.9%
2016	\$4,936.0	\$4,350.8	113.5%
2017	\$5,108.6	\$4,873.0	104.8%
2018	\$5,397.4	\$5,340.1	101.1%

Source: July 1, 2018 Valuation for Actuarial Value of Assets; 2009-2018 Actuarial Reports for Market Value of Net Assets.

<sup>(1)</sup> For purposes of this table, the Market Value of Net Assets excludes the PAF, which as of June 30, 2018 equaled \$1.160 million. The Actuarial Value of Assets excludes that portion of the Municipal Pension Fund that is allocated to the PAF. The actuarial values reflect a ten-year smoothing.

<sup>(2)</sup> The July 1, 2010 actuarial and market values of assets include the \$150 million deferred contribution from Fiscal Year 2020, and the July 1, 2011 and July 1, 2012 actuarial and market values of assets include the total deferred contribution of \$230 million. See Table 29 below.

Changes in Plan Net Position. The following table sets forth, for the Fiscal Years 2014-2018, the additions, including employee (member) contributions, City contributions (including contributions from the Commonwealth), investment income and miscellaneous income, and deductions, including benefit payments and administration expenses, for the Municipal Pension Fund. Debt service payments on pension funding bonds (as described below at “Annual Contributions – *Annual Debt Service Payments on the Pension Bonds*”) are made from the City’s General Fund, Water Operating Fund, and Aviation Operating Fund, but are not made from the Municipal Pension Fund, and therefore are not included in Table 26. In those years in which the investment income is less than anticipated, the Municipal Pension Fund may experience negative changes (total deductions greater than total additions), which, as the table reflects, did occur in Fiscal Years 2015 and 2016. Furthermore, if unrealized gains are excluded from Table 26, resulting in a comparison of cash actually received against actual cash outlays, it results in a negative cash flow in Fiscal Years 2014-2017, which is typical of a mature retirement system. In Fiscal Year 2018, there was a positive cash flow.

Contributions from the Commonwealth are provided pursuant to the provisions of Act 205. Any such contributions are required to be used to defray the cost of the City’s pension system.

The amounts contributed by the Commonwealth for each of the last ten Fiscal Years are set forth in Table 29 below. The contributions from the Commonwealth are capped pursuant to Act 205, which provides that “[n]o municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount greater than 25% of the total amount of the general municipal pension system State aid available.”

Employee (member) contribution amounts reflect contribution rates as a percent of pay, which for the plan year beginning July 1, 2019, vary from 6.00% to 8.50% for police and fire employees, and from 2.33% to 7.00% for municipal employees excluding elected officials. These rates include the increases for police employees effective July 1, 2017 resulting from the FOP Lodge No. 5 and IAFF Local No. 22 Labor Contracts. Such contracts increased member contributions for current police officers in Plan 87 and Plan 10 by 0.92% effective July 1, 2017 and an additional 0.92% effective July 1, 2018. For new police officers and fire fighters hired or rehired on or after July 1, 2017, the member contribution rate is increased by 2.5% over the rate which would otherwise be in effect as of July 1, 2017. The rates also include the increases in contributions for certain municipal employees and elected officials currently in Plans 67, 87 and 87 Prime and elected officials as required by legislation. This legislation called for employees in these groups to pay an additional 0.5% of compensation from January 1, 2015 to December 31, 2015 and an additional 1.0% from January 1, 2016 onwards. New employees in these groups entering Plan 87 Municipal Prime will pay an additional 1.0% of compensation which is included in the table below. Finally, these rates do not include the additional tiered contributions paid by current and future municipal employees based on their level of compensation.

## Funded Status of the Municipal Pension Fund

The following two tables set forth, as of the July 1 actuarial valuation date for the years 2009-2018, the asset value, the actuarial liability, the UAL, the funded ratio, covered payroll and UAL, as a percentage of covered payroll for the Municipal Pension Fund on actuarial and market value bases, respectively.

**Table 27**  
**Schedule of Funding Progress (Actuarial Value)**  
**(Dollar Amounts in Millions of USD)**

Actuarial Valuation Date (July 1)	Actuarial Value of Assets <sup>(1)</sup> (a)	Actuarial Liability (b)	UAL (Actuarial Value) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAL as a % of Covered Payroll [(b-a)/c]
2009	\$4,042.1	\$8,975.0	\$4,932.9	45.0%	\$1,463.3	337.1%
2010	\$4,380.9	\$9,317.0	\$4,936.1	47.0%	\$1,421.2	347.3%

Source: 2009-2018 Actuarial Valuation Reports.

- (1) The July 1, 2010 Market Value of Net Assets includes the \$150 million deferred contribution from Fiscal Year 2020 and each of the July 1, 2011 and July 1, 2012 Market Value of Net Assets includes the total deferred contribution of \$230 million.
- (2) For purposes of this table, the Market Value of Net Assets excludes the PAF, which as of June 30, 2015 equaled \$38,198,762; as of June 30, 2016 equaled \$7,223,000; as of June 30, 2017 equaled \$1,097,499; and as of June 30, 2018 equaled \$1,160,247.

The following chart reflects the funded ratios, using the actuarial value of assets, for the 20-year period 1999 – 2018.

## Annual Contributions

### *Annual Municipal Pension Contributions*

Table 29 shows the components of the City's annual pension contributions to the Municipal Pension Fund for the Fiscal Years 2009-2018.

**Table 29**  
**Total Contribution to Municipal Pension Fund**  
**(Dollar Amounts in Millions of USD)**

Fiscal Year	General Fund Contribution (A)	Commonwealth Contribution (B)	Aggregate General Fund Contribution (A+B)	Aviation Fund Contribution	Grants Funding and Other Funds Contribution <sup>(1)</sup>	Contributions from Quasi-governmental Agencies	Pension Bond Proceeds	Total Contribution (C)	MMO (D)	MMO (Deferred) Makeup Payments	% of MMO Contributed (C/D)
2009	\$315.0	\$59.6	\$374.6	\$17.5	\$11.5	\$15.4	\$0.0	\$455.4	\$438.5	-	103.9%

2018	\$559.7	\$72.4	\$632.1	\$28.8	\$32.5	\$25.9	\$0.0	\$782.0	\$661.3	-	118.3%

<sup>(1)</sup> Other Funds Contributions represents contributions to the Municipal Pension Fund from the City's Special Gasoline Tax Fund, Community Development Block Grant Fund, and Municipal Pension Fund.

<sup>(2)</sup> Reflects the actual cash outlays for Fiscal Year 2020 and Fiscal Year 2011, which do not include the deferred contributions authorized pursuant to Act 44. See "– Funding Requirements; Funding Standards – Pennsylvania Law" above for a discussion of pension contribution deferrals authorized pursuant to Act 44.

<sup>(3)</sup> As authorized pursuant to Act 44, the City deferred payments to the Municipal Pension Fund of \$150 million in Fiscal Year 2020 and \$80 million in fiscal year 2011. Those amounts were repaid in fiscal year 2013, in which year the City made a contribution of \$252.6 million to the Municipal Pension Fund, consisting of \$230 million of proceeds of Pension Bonds that were issued in October 2012 and \$22.6 million in refunding savings from a refunding Pension Bond financing in December 2012. See "– Annual Debt Service Payments on the Pension Bonds" below.

<sup>(4)</sup> Act 205 directs the Actuary, in performing the actuarial valuations, to disregard deferrals, and therefore for ease of presentation 100.0% is reflected in this column for both the years in which the deferrals occurred and the year in which the makeup payment was made.

### *Annual Debt Service Payments on the Pension Bonds*

Pension funding bonds (“Pension Bonds”) were initially issued in Fiscal Year 1999 (the “1999 Pension Bonds”), at the request of the City, by PAID. Debt service on the Pension Bonds is payable pursuant to a Service Agreement between the City and PAID. The Service Agreement provides that the City is obligated to pay a service fee from its current revenues and the City covenanted in the agreement to include the annual amount in its operating budget and to make appropriations in such amounts as are required. If the City’s revenues are insufficient to pay the full service fee in any Fiscal Year as the same becomes due and payable, the City has covenanted to include amounts not so paid in its operating budget for the ensuing Fiscal Year.

The 1999 Pension Bonds were issued in the principal amount of \$1.3 billion, and the net proceeds were used, together with other funds of the City, to make a contribution in Fiscal Year 1999 to the Municipal Pension Fund in the amount of approximately \$1.5 billion.

In October 2012, PAID, at the request of the City, issued Pension Bonds in the principal amount of \$231.2 million, the proceeds of which were used principally to make the \$230 million repayment of deferred contributions to the Municipal Pension Fund reflected in Table 29 above. These bonds had maturities of April 1, 2013 and 2014, and have been repaid.

In December 2012, PAID, at the request of the City, issued Pension Bonds in the approximate principal amount of \$300 million, the proceeds of which were used to current refund a portion of the 1999 Pension Bonds. The refunding generated savings of approximately \$22.6 million, which the City deposited into the Municipal Pension Fund.

Table 30 shows the components of the City’s annual debt service payments on the Pension Bonds for the Fiscal Years 2009-2018.

**Table 30**  
**Total Debt Service Payments on Pension Bonds**  
**(Amounts in Millions of USD)**

Fiscal Year	General Fund Payment	Water Fund Payment	Aviation Fund Payment	Other Funds Payment <sup>(1)</sup>	Grants Funding	Total Payment
2009	\$84.4	\$7.2	\$3.3	\$0.6	\$1.3	\$96.8
2010	\$96.7	\$7.6	\$3.4	\$0.6	\$1.5	\$109.8
2011	\$97.7	\$10.3	\$4.6	\$0.8	\$1.5	\$114.9
2012	\$100.1	\$10.7	\$4.8	\$0.7	\$3.4	\$119.7
2013 <sup>(2)</sup>	\$196.6	\$21.5	\$10.1	\$1.3	\$3.8	\$233.3
2014 <sup>(2)</sup>	\$211.0	\$23.6	\$11.2	\$1.4	\$3.7	\$250.9
2015	\$107.7	\$12.6	\$5.9	\$0.8	\$4.0	\$131.0
2016	\$109.9	\$13.7	\$6.4	\$0.9	\$3.8	\$134.7
2017	\$109.5	\$14.5	\$6.6	\$0.9	\$3.3	\$134.8
2018	\$110.1	\$14.3	\$6.3	\$0.9	\$3.1	\$134.7

- (1) Other Funds Payments represents the allocable portion of debt service payments on the City's Pension Bonds from the City's Community Development Block Grant Fund and Municipal Pension Fund.
- (2) The increase in debt service payments in fiscal years 2013 and 2014 over the fiscal year 2012 amounts reflect the debt service payments on the Pension Bonds that were issued in October 2012.

*Annual Pension Costs of the General Fund*

Table 31 shows the annual pension costs of the General Fund for the Fiscal Years 2009-2018, being the sum of the General Fund Contribution to the Municipal Pension Fund (column (A) in Table 29 above) and the General Fund debt service payments on Pension Bonds (Table 30 above).

**Table 31**  
**Annual Pension Costs of the General Fund**  
**(Amounts in Millions of USD)**

Fiscal Year	General Fund Pension Fund Contribution (A) <sup>(1)</sup>	General Fund Pension Bond Debt Service Payment (B)	Annual Pension Costs (A+B)	Total General Fund Expenditures (C)	General Fund portion of Annual Pension Costs as % of Total General Fund Expenditures $\frac{(A+B)}{C}$
2009	\$315.0	\$84.4	\$399.4	\$3,915.29	10.20%
2010	\$190.8	\$96.7	\$287.5	\$3,653.73	7.87%
2011	\$325.8	\$97.7	\$423.5	\$3,785.29	11.19%
2012	\$352.7	\$100.1	\$452.8	\$3,484.88	12.99%
2013	\$356.5	\$196.6	\$553.1	\$3,613.27	15.31%
2014	\$365.8	\$211.0	\$576.8	\$3,886.56	14.84%
2015	\$388.5	\$107.7	\$496.2	\$3,831.51	12.95%
2016	\$449.6	\$109.9	\$559.5	\$4,015.80	13.93%
2017	\$487.0	\$109.5	\$596.5	\$4,139.80	14.41%
2018	\$559.7	\$110.1	\$669.8	\$4,402.85	15.21%

<sup>(1)</sup> Does not include Commonwealth contribution. See Table 29.

## Actuarial Projections of Funded Status

Cautionary Note. The information under this subheading, “Actuarial Projections of Funded Status,” was prepared by Cheiron. The table below shows a five-year projection of Revenue Recognition Policy (“RRP”) payments, Actuarial Value of Assets, Actuarial Liability, UAL, and Funded Ratio. The charts below show projections of funded ratios and City contributions based on the RRP through Fiscal Year 2038. All projections, whether for five years or for twenty years, are subject to actual experience deviating from the underlying assumptions and methods, and that is particularly the case for the charts below for the periods beyond the projections in the five-year table. **Projections and actuarial assessments are “forward looking” statements and are based on assumptions which may not be fully realized in the future and are subject to change, including changes based on the future experience of the City’s Municipal Pension Fund and Municipal Pension Plan.**

The projections are on the basis that all assumptions as reflected in the July 1, 2018 Valuation are exactly realized and the City makes all future RRP payments on schedule as required by the funding policy adopted by the Pension Board, and must be understood in the context of the assumptions, methods and benefits in effect as described in the July 1, 2018 Valuation. Included among such assumptions are: (i) the rates of return for the Municipal Pension Fund over the projection period will equal 7.60% in Fiscal Year 2019 and 7.55% annually thereafter, (ii) RRP contributions will be made each year, and (iii) the provisions of Act 205 as amended by Act 44 will remain in force during the projection period. The July 1, 2018 Valuation includes charts reflecting the contributions based on MMO (Baseline projection set 1), and charts reflecting the additional contributions in accordance with the RRP (Baseline projection set 2). The charts below reflect the RRP contributions, which are higher than the MMO required under Pennsylvania law. Using the RRP, the System is projected to be 80% funded by 2029 and 100% funded by 2033, four years earlier than under the MMO projections. By the end of the projection period, the System is expected to be funded at 110.6% compared to 103.8% when MMO contributions are made. See the July 1, 2018 Valuation for a further discussion of the assumptions and methodologies used by the Actuary in preparing the July 1, 2018 Valuation and the following projections, all of which should be carefully considered in reviewing the projections. The July 1, 2018 Valuation is available for review on the website of the City’s Board of Pensions. The table and charts below separately set forth estimates of sales tax revenues that will be deposited by the City into the Municipal Pension Fund, which were provided by the City to Cheiron at the time of the valuation. Cheiron has not analyzed and makes no representation regarding the validity of the sales tax revenue assumptions and estimates provided by the City. *See* “REVENUES OF THE CITY – Sales and Use Tax.” Each of the tables and graphs that follow are part of the July 1, 2018 Valuation and such Valuation report should be referenced regarding the underlying benefits, methods, and assumptions utilized in the production of these values.

Five-Year Projection. The following chart provides dollar amounts in millions of USD.

Fiscal Year End	RRP	Sales Tax Contribution	Actuarial Value of Assets	Actuarial Liability	UAL	Funded Ratio
2019	\$ 680.8	\$ 45.2	\$ 5,397.4	\$ 11,521.0	\$ 6,123.5	46.8%
2020	704.6	51.5	5,722.9	11,699.2	5,976.4	48.9%
2021	715.9	56.8	6,071.4	11,820.5	5,749.2	51.4%
2022	722.1	62.2	6,412.9	11,944.4	5,531.5	53.7%
2023	732.0	67.6	6,823.1	12,070.4	5,247.2	56.5%
2024	738.8	72.2	7,300.9	12,239.4	4,938.5	59.7%

### Twenty-Year Projections.

Funded Ratio Chart based on the RRP:

Expected City Contribution Chart based on the RRP:

## OTHER POST-EMPLOYMENT BENEFITS

The City self-administers a single employer, defined benefit plan for post-employment benefits other than pension benefits (“OPEB”), and funds such plan on a pay-as-you-go basis. The City’s OPEB plan provides for those persons who retire from the City and are participants in the Municipal Pension Plan: (i) post-employment healthcare benefits for a period of five years following the date of retirement and (ii) lifetime life insurance coverage (\$7,500 for firefighters who retired before July 1, 1990; \$6,000 for all other retirees). In general, retirees eligible for OPEB are those who terminate their employment after ten years of continuous service to immediately become pensioned under the Municipal Pension Plan.

To provide health care coverage, the City pays a negotiated monthly premium for retirees covered by the union contract for AFSCME DC 33 and is self-insured for all other eligible pre-Medicare retirees. Aside from AFSCME DC 33, the City is responsible for the actual health care cost that is invoiced to the City’s unions by their respective vendors. The actual cost can be a combination of self-insured claim expenses, premiums, ancillary services, and administrative expenses. Eligible union represented employees receive five years of coverage through their union’s health fund. The City’s funding obligation for pre-Medicare retiree benefits is the same as for active employees. Union represented and non-union employees may defer their retiree health coverage until a later date. For some groups, the amount that the City pays for their deferred health care is based on the value of the health benefits at the time the retiree claims the benefits, but for police and fire retirees who retired after an established date, the City pays the cost of five years of coverage when the retiree claims the benefits.

The annual payments made by the City for OPEB for Fiscal Years 2014-2018 are shown in Table 33 below.

**Table 33**  
**Annual OPEB Payment**  
**(Amounts in Thousands of USD)**

<u>Fiscal Year ended June 30,</u>	<u>Annual OPEB Payment</u>
2014	\$67,100
2015	\$95,300
2016	\$107,200
2017	\$114,800
2018	\$96,400

Source: See Note IV.3 to the City’s audited Financial Statements for such Fiscal Years (as included in the City’s CAFRs).

For financial reporting purposes, although the City funds OPEB on a pay-as-you-go basis, it is required to include in its financial statements (in accordance with GASB Statement No. 75) a calculation similar to that performed to calculate its pension liability. Pursuant to GASB 75, an annual required contribution is calculated which, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liability over a period not to exceed 30 years. As of June 30, 2017, the date of the most recent actuarial valuation, the UAL for the City’s OPEB was \$1.862 billion, the covered annual payroll was \$1.865 billion, and the ratio of UAL to the covered payroll was 99.83%. See Note IV.3 to the City’s audited Financial Statements for the Fiscal Year ended June 30, 2018.

## **PGW PENSION PLAN**

### **General**

PGW consists of all the real and personal property owned by the City and used for the acquisition, manufacture, storage, processing, and distribution of gas within the City, and all property, books, and records employed and maintained in connection with the operation, maintenance, and administration of PGW. The City Charter provides for a Gas Commission (the “Gas Commission”) to be constituted and appointed in accordance with the provisions of contracts between the City and the operator of PGW as may from time to time be in effect, or, in the absence of a contract, as may be provided by ordinance. The Gas Commission consists of the City Controller, two members appointed by City Council and two members appointed by the Mayor.

PGW is operated by PFMC, pursuant to an agreement between the City and PFMC dated December 29, 1972, as amended, authorized by ordinances of City Council (the “Management Agreement”). Under the Management Agreement, various aspects of PFMC’s management of PGW are subject to review and approval by the Gas Commission. The PUC has the regulatory responsibility for PGW with regard to rates, safety, and customer service.

The City sponsors the Philadelphia Gas Works Pension Plan (the “PGW Pension Plan”), a single employer defined benefit plan, to provide pension benefits for certain current and former PGW employees and other eligible class employees of PFMC and the Gas Commission. As plan sponsor, the City, through its General Fund, could be responsible for plan liabilities if the PGW Pension Plan does not satisfy its payment obligations to PGW retirees. At June 30, 2018, the PGW Pension Plan membership total was 3,729, comprised of: (i) 2,516 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them; and (ii) 1,213 participants, of which 961 were vested and 252 were nonvested.

### **PGW Pension Plan**

The PGW Pension Plan provides retirement benefits as well as death and disability benefits. Retirement benefits vest after five years of credited service. Retirement payments for vested employees commence: (i) at age 65 and five years of credited service; (ii) age 55 and 15 years of credited service; or (iii) without regard to age, after 30 years of credited service. For covered employees hired prior to May 21, 2011 (union employees) or prior to December 21, 2011 (non-union employees), PGW pays the entire cost of the PGW Pension Plan. Union employees hired on or after May 21, 2011 and non-union employees hired on or after December 21, 2011 have the option to participate in the PGW Pension Plan and contribute 6% of applicable wages, or participate in a plan established in compliance with Section 401(a) of the Internal Revenue Code (deferred compensation plan) and have PGW contribute 5.5% of applicable wages.

PGW is required by statute to contribute the amounts necessary to fund the PGW Pension Plan. The PGW Pension Plan is being funded with contributions by PGW to the Sinking Fund Commission of the City, together with investment earnings and employee contributions required for new hires after December 2011 who elect to participate in the PGW Pension Plan. Benefit and contribution provisions are established by City ordinance and may be amended only as allowed by City ordinance. The pension payments are treated as an operating expense of PGW and are included as a component of PGW’s base rate. The PUC approves all items that are to be included in PGW’s base rates.

Effective October 2015, payments to beneficiaries of the PGW Pension Plan are made by the PGW Retirement Reserve Fund. Prior to October 2015, payments to beneficiaries of the PGW Pension Plan were

made by PGW through its payroll system. The financial statements for the PGW Pension Plan for the fiscal year ended June 30, 2018, show an amount due to PGW of approximately \$0.1 million, which represents the cumulative excess of payments made to the retirees and administrative expenses incurred by PGW, over the sum of PGW's required annual contribution and reimbursements received from the PGW Pension Plan.

### **Pension Costs and Funding**

PGW pays an annual amount that is projected to be sufficient to cover its normal cost and an amortization of the PGW Pension Plan's UAL. The following table shows the normal cost, the amortization payment, and the resulting annual required contribution as of the last five actuarial valuation dates for the PGW Pension Plan. PGW has been using a 20-year open amortization period (and the payments in Table 34 are on the basis of a 20-year open amortization). Commencing in PGW's fiscal year 2016, PGW calculates an annual required contribution on the basis of both a 20-year open amortization period and a 30-year closed amortization period, and will contribute the higher of the two amounts. *See* "– Projections of Funded Status" below. An open amortization period is one that begins again or is recalculated at each actuarial valuation date. With a closed amortization period, the unfunded liability is amortized over a specific number of years to produce a level annual payment. Because the final amortization date is fixed, if all actuarial assumptions are achieved, the unfunded liability would decline to zero as of the final amortization date. To the extent future experience differs from the assumptions used to establish the 30-year fixed amortization payment schedule, new amortization bases attributable to a particular year's difference would be established and amortized over their own 30-year schedule.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

**Table 34**  
**PGW Pension – Annual Required Contributions**  
**(Dollar Amounts in Thousands of USD)**

<b>Calculation of ARC for the 12-month period ended:</b>	<b>Normal Cost<sup>(1)</sup> (A)</b>	<b>Amortization Payment<sup>(1)</sup> (B)</b>	<b>ARC<sup>(1), (2)</sup> (A + B)</b>	<b>Payments to Beneficiaries<sup>(3)</sup></b>
9/1/2014	\$8,852	\$12,130	\$20,982	\$42,913
7/1/2015	\$7,859	\$18,063	\$25,922	\$46,917
7/1/2016	\$7,992	\$20,238	\$28,230	\$50,447
7/1/2017	\$7,717	\$19,678	\$27,395	\$51,376
7/1/2018	\$7,760	\$20,022	\$27,782	\$52,627

(1) Source: The Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019 for the PGW Pension Plan.

(2) As described above, until October 2015, PGW did not make a net cash contribution to the PGW Pension Plan, but rather paid beneficiaries through its payroll system, and then was reimbursed by the Plan. Effective October 2015, payments to beneficiaries of the PGW Pension Plan are made by the PGW Retirement Reserve Fund. Each ARC is the sum reflected in this table, but the “Calculated Mid-Year Contribution” in Tables 36 and 37 more closely approximates the actual pension contributions made by PGW.

(3) Source: For 2014-2015, PGW’s CAFR for the fiscal year ended August 31, 2015. For 2016, the audited financial statements for PGW for the fiscal years ended August 31, 2016 and 2015. For 2017, the audited financial statements for PGW for the fiscal years ended August 31, 2017 and 2016. For 2018, PGW records.

Although PGW has paid its annual required contribution each year, the market value of assets for the PGW Pension Plan is less than the actuarial accrued liability, as shown in the next table.

**Schedule of Pension Funding Progress**  
**(Dollar Amounts in Thousands of USD)<sup>(1)</sup>**

<b>Actuarial Valuation Date</b>	<b>Market Value of Assets</b>	<b>Actuarial Liability</b>	<b>UAL (Market Value)</b>	<b>Funded Ratio</b>
9/1/2014	\$514,944	\$643,988	\$129,044	79.96%
7/1/2015	\$510,719	\$706,704	\$195,985	72.27%
7/1/2016	\$483,259	\$736,078	\$252,819	65.65%
7/1/2017	\$521,526	\$739,872	\$218,346	70.49%
7/1/2018	\$543,246	\$758,069	\$214,823	71.66%

(1) Source: The Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019 for the PGW Pension Plan.

The current significant actuarial assumptions for the PGW Pension Plan are: (i) investment return rate of 7.30% compounded annually; (ii) salary increases assumed to reach 4.5% per year; and (iii) retirements that are assumed to occur, for those with 30 or more years of service, at a rate of 15% at ages 55 to 60, 30% at age 61, 50% at ages 62-69, and 100% at age 70 and older.

PGW uses a September 1 – August 31 fiscal year, while the PGW Pension Plan uses a July 1 – June 30 fiscal year (the same as the City’s fiscal year). The last four actuarial valuation reports for the PGW Pension Plan utilized a plan year of July 1 to June 30. This is reflected in Table 35 above.

The PGW Pension Plan actuary prepared a separate actuarial valuation report (“GASB 67 Report”) for the fiscal year ending June 30, 2018, for purposes of plan reporting information under Governmental Accounting Standards Board Statement No. 67, “Financial Reporting for Pension Plans.” The GASB 67 Report shows for the fiscal year ending June 30, 2018, an unfunded liability of approximately \$261.3 million (rather than the approximately \$214.8 million reflected in Table 35), which results in a funded ratio of 67.53%. In addition, that report provides an interest rate sensitivity, which shows that were the investment rate to be 6.30% (1% lower than the assumed investment rate of 7.30%), the unfunded liability would be approximately \$354.0 million.

### **Projections of Funded Status**

The information under this subheading, “Projections of Funded Status,” is extracted from tables prepared by Aon Hewitt, as actuary to the PGW Pension Plan, which were included in their “Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019,” dated September 5, 2018. The charts show 10-year projections, using both the current amortization method (20-year, open) and the alternative amortization method (30-year, fixed). *See* “– Pension Costs and Funding” above. Projections are subject to actual experience deviating from the underlying assumptions and methods. **Projections and actuarial assessments are “forward looking” statements and are based upon assumptions that may not be fully realized in the future and are subject to change, including changes based upon the future experience of the PGW Pension Plan.**

## **Additional Information**

The City issues a publicly available financial report that includes financial statements and required supplementary information for the PGW Pension Plan. The report is not incorporated into this Official Statement by reference. The report may be obtained by writing to the Office of the Director of Finance of the City.

Further information on the PGW Pension Plan, including with respect to its membership, plan description, funding policy, actuarial assumptions and funded status is contained in the Fiscal Year 2018 CAFR.

### **PGW OTHER POST-EMPLOYMENT BENEFITS**

PGW provides post-employment healthcare and life insurance benefits to its participating retirees and their beneficiaries and dependents. The City, through its General Fund, could be responsible for costs associated with post-employment healthcare and life insurance benefits if PGW fails to satisfy its post-employment benefit obligations.

PGW pays the full cost of medical, basic dental, and prescription coverage for employees who retired prior to December 1, 2001. Employees who retire after December 1, 2001 are provided a choice of three plans at PGW's expense and can elect to pay toward a more expensive plan. Union employees hired prior to May 21, 2011 and non-union employees hired prior to December 21, 2011 who retire from active service to immediately begin receiving pension benefits are entitled to receive lifetime post-retirement medical, prescription, and dental benefits for themselves and, depending on their retirement plan elections, their dependents. Employees hired on or after those dates are entitled to receive only five years of post-retirement benefits. Currently, PGW provides for the cost of healthcare and life insurance benefits for retirees and their beneficiaries on a pay-as-you-go-basis.

As part of a July 29, 2010 rate case settlement (the "Rate Settlement"), which provided for the establishment of an irrevocable trust for the deposit of funds derived through a rider from all customer classes to fund OPEB liabilities (the "OPEB Surcharge"), PGW established the trust in July 2010, and began funding the trust in accordance with the Rate Settlement in September 2010. The Rate Settlement provides that PGW shall deposit \$15.0 million annually for an initial five-year period towards the ARC, and an additional \$3.5 million annually, which represents a 30-year amortization of the OPEB liability at August 31, 2010. These deposits will be funded primarily through increased rates of \$16.0 million granted in the Rate Settlement. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excesses) over a period of 30 years. In PGW's 2015-2016 Gas Cost Rate ("GCR") proceeding, PGW proposed to continue its OPEB Surcharge. The parties to the GCR proceeding submitted a settlement agreement continuing the OPEB Surcharge at the same level of revenue (\$16.0 million annually) and funding (\$18.5 million annually). Such settlement agreement was approved by the PUC.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Table 38 provides detail of actual PGW OPEB payments for the last five PGW Fiscal Years and projected PGW OPEB payments for PGW Fiscal Years 2019-2023. Table 39 is the schedule of PGW OPEB funding progress.

## **CITY CASH MANAGEMENT AND INVESTMENT POLICIES**

### **General Fund Cash Flow**

Because the receipt of revenues into the General Fund generally lags behind expenditures from the General Fund during each Fiscal Year, the City issues notes in anticipation of General Fund revenues and makes payments from the Consolidated Cash Account (described below) to finance its on-going operations.

The timing imbalance referred to above results from a number of factors, principally the following:

- (i) Real Estate Taxes, BIRT, and net profits taxes are not due until the latter part of the Fiscal Year; and
- (ii) the City experiences lags in reimbursement from other governmental entities for expenditures initially made by the City in connection with programs funded by other governments.

From time to time, the City issues, or PICA has issued on behalf of the City, tax and revenue anticipation notes. Each issue was repaid when due, prior to the end of the particular Fiscal Year. The City did not issue tax and revenue anticipation notes in Fiscal Year 2019, nor does it expect to do so in Fiscal Year 2020.

The repayment of the tax and revenue anticipation notes is funded through cash available in the General Fund.

### **Consolidated Cash**

The Act of the General Assembly of June 25, 1919 (Pa. P.L. 581, No. 274, Art. XVII, § 6) authorizes the City to make temporary inter-fund loans between certain operating and capital funds. The City maintains a Consolidated Cash Account for the purpose of pooling the cash and investments of all City funds, except those which, for legal or contractual reasons, cannot be commingled (e.g., the Municipal Pension Fund, sinking funds, sinking fund reserves, funds of PGW, the Aviation Fund, the Water Fund, and certain other restricted purpose funds). A separate accounting is maintained to record the equity of each member fund that participates in the Consolidated Cash Account. The City manages the Consolidated Cash Account pursuant to the procedures described below.

To the extent that any member fund temporarily experiences the equivalent of a cash deficiency, an advance is made from the Consolidated Cash Account, in an amount necessary to result in a zero balance in the cash equivalent account of the borrowing fund. All subsequent net receipts of a member fund that has negative equity are applied in repayment of the advance.

All advances are made within the budgetary constraints of the borrowing funds. Within the General Fund, this system of inter-fund advances has historically resulted in the temporary use of tax revenues or other operating revenues for capital purposes and the temporary use of capital funds for operating purposes. With the movement of the reimbursable component of DHS activities from the General Fund to the Grants Revenue Fund, a similar system of advances has resulted in the use of tax revenues or other operating revenues in the General Fund to make expenditures from the Grants Revenue Fund, which advances may be outstanding for multiple Fiscal Years, but which are expected to be reimbursed by the Commonwealth.

The City, in addition to maintaining an ongoing cash reconciliation process, is reviewing and reconciling certain unidentified variances in the Consolidated Cash Account. The reconciliation process, in short, reconciles the account balance and activity shown on the records of the bank at which the cash balance of the Consolidated Cash Account is maintained to that shown on the City's records. The City's records were not consistently reconciled for the period of July 1, 2014 – June 30, 2017, as noted in the

Fiscal Year 2018 CAFR. The balance in the Consolidated Cash Account on the City's records was higher than the account balance on the bank's records by approximately \$40 million, which is attributable principally to unidentified historic variances. The City engaged the services of an auditing firm to undertake a complete reconciliation and resolve the unidentified variances. In January 2019, a final audit report was delivered. The current variance is \$528,000 and the City will continue its effort to reconcile such remaining amount.

Procedures governing the City's cash management operations require the General Fund-related operating fund to borrow initially from the General Fund-related capital fund, and only to the extent there is a deficiency in such fund may the General Fund-related operating fund borrow money from any other funds in the Consolidated Cash Account.

## **Investment Practices**

Cash balances in each of the City's funds are managed to maintain daily liquidity to pay expenses, and to make investments that preserve principal while striving to obtain the maximum rate of return. Pursuant to the City Charter, the City Treasurer is the City official responsible for managing cash collected into the City Treasury. The available cash balances in excess of daily expenses are placed in demand accounts, swept into money market mutual funds, or used to make investments directed by professional investment managers. These investments are held in segregated trust accounts at a separate financial institution. Cash balances related to revenue bonds for water and sewer and the airport are directly deposited and held separately in trust. A fiscal agent manages these cash balances in accordance with the applicable bond documents and the investment practice is guided by administrative direction of the City Treasurer per the Investment Committee and the Investment Policy (as described below). In addition, certain operating cash deposits (such as Community Behavioral Health, Special Gas/County Liquid and "911" surcharge) of the City are restricted by purpose and required to be segregated into accounts in compliance with federal or Commonwealth reporting.

Investment guidelines for the City are embodied in section 19-202 of the Philadelphia Code. In furtherance of these guidelines, as well as Commonwealth and federal legislative guidelines, the Director of Finance adopted a written Investment Policy (the "Policy") that went into effect in August 1994 and was most recently revised in September 2014. The Policy supplements other legal requirements and establishes guiding principles for the overall administration and effective management of all of the City's monetary funds (except the Municipal Pension Fund, the PGW Retirement Reserve Fund, the PGW OPEB Trust and the PGW Workers' Compensation Reserve Fund).

The Policy delineates the authorized investments as authorized by the Philadelphia Code and the funds to which the Policy applies. The authorized investments include U.S. government securities, U.S. treasuries, U.S. agencies, repurchase agreements, commercial paper, corporate bonds, money market mutual funds, obligations of the Commonwealth, collateralized banker's acceptances and certificates of deposit, and collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality, all of investment grade rating or better and with maturity limitations.

U.S. government treasury and agency securities carry no limitation as to the percent of the total portfolio. Repurchase agreements, money market mutual funds, commercial paper, and corporate bonds are limited to investment of no more than 25% of the total portfolio. Obligations of the Commonwealth and collateralized banker's acceptances and certificates of deposit are limited to no more than 15% of the total portfolio. Collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality are limited to no more than 5% of the total portfolio.

U.S. government securities carry no limitation as to the percent of the total portfolio per issuer. U.S. agency securities are limited to no more than 33% of the total portfolio per issuer. Repurchase agreements and money market mutual funds are limited to no more than 10% of the total portfolio per issuer. Commercial paper, corporate bonds, obligations of the Commonwealth, collateralized banker's acceptances and certificates of deposit, and collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality are limited to no more than 3% of the total portfolio per issuer.

The Policy provides for an ad hoc Investment Committee consisting of the Director of Finance, the City Treasurer and one representative each from the Water Department, the Division of Aviation, and PGW. The Investment Committee meets quarterly with each of the investment managers to review each manager's performance to date and to plan for the next quarter. Investment managers are given any changes in investment instructions at these meetings. The Investment Committee approves all modifications to the Policy. The Investment Committee may from time to time review and revise the Policy and does from time to time approve temporary waivers of the restrictions on assets based on cash management needs and recommendations of investment managers.

The Policy expressly forbids the use of any derivative investment product as well as investments in any security whose yield or market value does not follow the normal swings in interest rates. Examples of these types of securities include, but are not limited to: structured notes, floating rate (excluding U.S. Treasury and U.S. agency floating rate securities) or inverse floating rate instruments, securities that could result in zero interest accrual if held to maturity, and mortgage derived interest and principal only strips. The City currently makes no investments in derivatives.

## **DEBT OF THE CITY**

### **General**

Section 12 of Article IX of the Constitution of the Commonwealth provides that the authorized debt of the City "may be increased in such amount that the total debt of [the] City shall not exceed 13.5% of the average of the annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but [the] City shall not increase its indebtedness to an amount exceeding 3.0% upon such average assessed valuation of realty, without the consent of the electors thereof at a public election held in such manner as shall be provided by law." The Supreme Court of Pennsylvania has held that bond authorizations once approved by the voters need not be reduced as a result of a subsequent decline in the average assessed value of City property. The general obligation debt subject to the limitation described in this paragraph is referred to herein as "Tax-Supported Debt."

The Constitution of the Commonwealth further provides that there shall be excluded from the computation of debt for purposes of the Constitutional debt limit, debt (herein called "Self-Supporting Debt") incurred for revenue-producing capital improvements that may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay interest and sinking fund charges thereon. In the case of general obligation debt, the amount of such Self-Supporting Debt to be so excluded must be determined by the Court of Common Pleas of Philadelphia County upon petition by the City. Self-Supporting Debt is general obligation debt of the City, with the only distinction from Tax-Supported Debt being that it is not used in the calculation of the Constitutional debt limit. Self-Supporting Debt has no lien on any particular revenues.

For purposes of this Official Statement, Tax-Supported Debt and Self-Supporting Debt are referred to collectively as “General Obligation Debt.” The term “General Fund-Supported Debt” is comprised of: (i) General Obligation Debt; and (ii) PAID, PMA, PPA, and PRA bonds, which are secured by agreements with the City to appropriate and pay amounts sufficient to pay principal, interest, or redemption price when due on the bonds.

Using the methodology described above, as of September 30, 2019, the Constitutional debt limitation for Tax-Supported Debt was approximately \$9,534,040,000. The total amount of authorized debt applicable to the debt limit was \$2,399,372,000 including \$682,427,000 of authorized but unissued debt, leaving a legal debt margin of \$7,507,076,000. Based on the foregoing figures, the calculation of the legal debt margin is as follows:

**Table 40**  
**General Obligation Debt**  
**September 30, 2019**  
**(Amounts in Thousands of USD)**

Authorized, issued and outstanding	\$1,716,945
Authorized and unissued	682,427
Total	<u>\$2,399,372</u>
Less: Self-Supporting Debt	(\$352,838)
Less: Serial bonds maturing within a year	(19,570)
Total amount of authorized debt applicable to debt limit	<u>2,026,964</u>
Legal debt limit	<u>9,534,040</u>
Legal debt margin	<u>\$7,507,076</u>

As a result of the implementation of the City’s AVI, the assessed value of taxable real estate within the City has increased substantially. See “REVENUES OF THE CITY – Real Property Taxes.” The \$9.534 billion Constitutional debt limit calculation includes six years of property values certified under the City’s AVI program, and four years of property values under the City’s former property valuation process. Assuming no increase or decrease in property values used to calculate the Constitutional debt limit in Table 40, the Constitutional debt limit is estimated to be \$17.127 billion by 2027.

The City is also empowered by statute to issue revenue bonds and, as of June September 30, 2019, had outstanding \$2,228,379,217 aggregate principal amount of Water and Wastewater Revenue Bonds (“Water and Wastewater Bonds”), \$964,480,000 aggregate principal amount of Gas Works Revenue Bonds, and \$1,521,240,000 aggregate principal amount of Airport Revenue Bonds. As of September 30, 2019, the principal amount of PICA Bonds outstanding was \$129,745,000. The City has also enacted ordinances authorizing the issuance of (i) up to \$350 million aggregate principal amount in Airport Revenue Commercial Paper Notes for the Division of Aviation, (ii) up to \$400 million of Airport Revenue Bonds to finance capital projects for the Division of Aviation, (iii) up to \$270 million of Gas Works Revenue Notes to finance working capital and capital projects for PGW, (iv) up to \$200 million of Gas Works Revenue Bonds to finance capital projects for PGW, and (v) up to \$800 million of Water and Wastewater Revenue Bonds for the Philadelphia Water Department, of which approximately \$250.7 million has been issued. For information on recent and upcoming financings, see “OTHER FINANCING RELATED MATTERS – Recent and Upcoming Financings.”

### **Short-Term Debt**

As provided in the PICA Act, the City's tax and revenue anticipation notes are general obligations of the City, but do not constitute debt of the City subject to the limitations of the Constitutional debt limit. The City does not have any tax and revenue anticipation notes outstanding. The City did not issue any tax and revenue anticipation notes in Fiscal Year 2019 nor does it expect to do so in Fiscal Year 2020. *See* "CITY CASH MANAGEMENT AND INVESTMENT POLICIES – General Fund Cash Flow."

### **Long-Term Debt**

The following table presents a synopsis of the bonded debt of the City and its component units as of the date indicated. Of the total balance of the City's general obligation bonds issued and outstanding as of September 30, 2019, approximately 28% is scheduled to mature within five Fiscal Years and approximately 59% is scheduled to mature within ten Fiscal Years. When PICA's outstanding bonds are included with the City's general obligation bonds, approximately 61% is scheduled to mature within ten Fiscal Years.

<sup>(1)</sup> Does not include letter of credit fees. Figures may not sum due to rounding.

<sup>(2)</sup> Includes both Tax-Supported Debt and Self-Supporting Debt. See “— General.” Does not include PICA Bonds.

<sup>(3)</sup> Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate.

<sup>(4)</sup> Includes PAID, PMA, PPA, and PRA bonds, which are supported by City contracts to pay or guarantee payment from General Fund appropriations, with capital appreciation bonds including only actual amounts payable. The original issuance amount of such capital appreciation bonds is included under the “Principal” column in the Fiscal Year such bonds mature and the full accretion amount at maturity less the original issuance amount is included in the “Interest” column in the Fiscal Year such bonds mature.

<sup>(5)</sup> Includes (i) sublease payments of approximately \$15.2 million annually for the police headquarters renovation; and (ii) an assumption that the City issues approximately \$200 million in bonds in year nine (2026) to acquire the project at an assumed interest rate of 5% over the next 20 years.

<sup>(6)</sup> Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate, plus any fixed spread. Net of capitalized interest on PAID City Service Agreement Revenue Refunding Bonds, Series 2012 (Federally Taxable).

## **Other Long-Term Debt Related Obligations**

The City has entered into other contracts and leases to support the issuance of debt by public authorities related to the City pursuant to which the City is required to budget and appropriate tax or other general revenues to satisfy such obligations, as shown in Table 41. The City budgets all other long-term debt-related obligations as a single budget item with the exception of PPA.

The Hospitals Authority and the State Public School Building Authority have issued bonds on behalf of the Community College of Philadelphia (“CCP”). Under the Community College Act (Pa. P.L. 103, No. 31 (1985)), each community college must have a local sponsor, which for CCP is the City. As the local sponsor, the City is obligated to pay up to 50% of the annual capital expenses of CCP, which includes debt service. The remaining 50% is paid by the Commonwealth. Additionally, the City annually appropriates funds for a portion of CCP’s operating costs (less tuition and less the Commonwealth’s payment). The amount paid by the City in Fiscal Year 2018 was \$30.4 million. The budgeted amount and current estimate for Fiscal Year 2019 is \$32.4 million. The budgeted amount for Fiscal Year 2020 is \$33.8 million.

## **PICA Bonds**

PICA has issued 11 series of bonds at the request of the City (the “PICA Bonds”). PICA no longer has authority under the PICA Act to issue bonds for new money purposes, but may refund bonds previously issued. As of September 30, 2019, the principal amount of PICA Bonds outstanding was \$129,745,000. The final maturity date for such PICA Bonds is June 15, 2023. The proceeds of the PICA Bonds were used to: (i) make grants to the City to fund its General Fund deficits, to fund all or a portion of the costs of certain City capital projects, to provide other financial assistance to the City to enhance operational productivity, and to defease certain of the City’s general obligation bonds; (ii) refund other PICA Bonds; and (iii) pay costs of issuance.

The PICA Act authorizes the City to impose a tax for the sole and exclusive purposes of PICA. In connection with the adoption of the Fiscal Year 1992 budget and the execution of the PICA Agreement, as so authorized by the PICA Act, the City reduced the wage, earnings, and net profits taxes on City residents by 1.5% and enacted a new tax of 1.5% on wages, earnings, and net profits of City residents (the “PICA Tax”), which continues in effect. The PICA Tax secures the PICA Bonds. Pursuant to the PICA Act, at such time when no PICA Bonds are outstanding, the PICA Tax will expire. At any time, the City is authorized to increase for its own use its various taxes, including its wage, earnings, and net profits taxes on City residents and could do so upon the expiration of the PICA Tax. Certain taxes, such as sales, liquor, and hotel taxes, among others, cannot be increased by the City without Commonwealth approval.

The PICA Tax is collected by the City’s Department of Revenue, as agent of the State Treasurer, and deposited in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund (the “PICA Tax Fund”) of which the State Treasurer is custodian. The PICA Tax Fund is not subject to appropriation by City Council or the General Assembly. *See “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – Non-Mayoral-Appointed or Nominated Agencies – PICA.”*

The PICA Act authorizes PICA to pledge the PICA Tax to secure its bonds and prohibits the Commonwealth and the City from repealing the PICA Tax or reducing its rate while any PICA Bonds are outstanding. PICA Bonds are payable from PICA revenues, including the PICA Tax, pledged to secure PICA's bonds, the Bond Payment Account (as described below) and any debt service reserve fund established for such bonds and have no claim on any revenues of the Commonwealth or the City.

The PICA Act establishes a "Bond Payment Account" for PICA as a trust fund for the benefit of PICA bondholders and authorizes the creation of a debt service reserve fund for bonds issued by PICA. The State Treasurer is required to pay the proceeds of the PICA Tax held in the PICA Tax Fund directly to the Bond Payment Account. The proceeds of the PICA Tax in excess of amounts required for: (i) debt service; (ii) replenishment of any debt service reserve fund for bonds issued by PICA; and (iii) certain PICA operating expenses, are required to be deposited in a trust fund established exclusively to benefit the City and designated the "City Account." Amounts in the City Account are required to be remitted to the City not less often than monthly, unless PICA certifies the City's non-compliance with the then-current five-year financial plan.

The total amount of PICA Tax remitted by the State Treasurer to PICA (which is net of the costs of the State Treasurer in collecting the PICA Tax), PICA annual debt service and expenses, and net PICA tax revenue remitted to the City for Fiscal Years 2016-2018, the budgeted amounts and current estimates for Fiscal Year 2019, and the budgeted amounts for Fiscal year 2020 are set forth below.

**Table 43**  
**Summary of PICA Tax Remitted by the State Treasurer to PICA**  
**and Net Taxes Remitted by PICA to the City**  
**(Amounts in Millions of USD)<sup>(1),(2)</sup>**

<b>Fiscal Year</b>	<b>PICA Tax<sup>(3)</sup></b>	<b>PICA Annual Debt Service and Expenses<sup>(3)</sup></b>	<b>Net taxes remitted to the City<sup>(4)</sup></b>
2016 (Actual)	\$444.5	\$61.1	\$383.4
2017 (Actual)	\$469.2	\$59.7	\$409.5
2018 (Actual)	\$497.0	\$42.8	\$454.2
2019 (Adopted Budget)	\$516.0	\$47.1	\$469.0
2019 (Current Estimate)	\$521.7	\$47.1	\$474.6
2020 (Adopted Budget)	\$546.1	\$46.8	\$499.3

<sup>(1)</sup> Figures may not sum due to rounding.

<sup>(2)</sup> A variance exists between the City's calculation and reporting of both the PICA Tax and the Authority's annual debt service and expenses (as set forth in the body of this Official Statement, in this table and elsewhere in this APPENDIX B), as opposed to the Authority's calculation and reporting of similar items (as set forth in the body of this Official Statement, in APPENDIX A and in the Authority's audited financial statements for prior fiscal years). This variance is due to the City's utilization of a cash-basis accounting method in contrast to the Authority's utilization of a modified accrual accounting method based on month-to-month and year-to-year payments and receipts, which the Authority then reconciles with the Office of the City Treasurer of the City at the end of each fiscal year.

<sup>(3)</sup> Source: The City's Quarterly City Manager's Reports or the budget for the applicable Fiscal Year.

<sup>(4)</sup> Source: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Years 2019-2020, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Financial Plan, as applicable.

## OTHER FINANCING RELATED MATTERS

### Swap Information

The City has entered into various swaps related to its outstanding General Fund-Supported Debt as detailed in the following table:

**Table 44**

<sup>(1)</sup> On July 28, 2009, the City terminated a portion of the swap in the amount of \$213,505,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2009A fixed rate bonds and the Series 2009B variable rate bonds. The City made a termination payment of \$15,450,000.

<sup>(2)</sup> Fair values are as of September 30, 2019, and are shown from the City's perspective and include accrued interest.

<sup>(3)</sup> On July 15, 2014, PAID terminated a portion of the swap in the amount of \$41,555,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2014B fixed rate bonds. PAID made a termination payment of \$4,171,000 to JPMorgan. On September 11, 2019, PAID terminated a portion of the swap in the amount of \$33,455,654 in conjunction with the refunding of a portion of its Series 2007B bonds with the Series 2019 bonds. PAID made a termination payment of \$6,051,000 to JPMorgan.

<sup>(4)</sup> On July 15, 2014, PAID terminated a portion of the swap in the amount of \$13,840,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2014B fixed rate bonds. PAID made a termination payment of \$1,391,800 to Merrill Lynch. On September 11, 2019, PAID terminated a portion of the swap in the amount of \$11,149,346 in conjunction with the refunding of a portion of its Series 2007B bonds with the Series 2019 bonds. PAID made a termination payment of \$1,998,000 to Merrill Lynch.

While the City is party to several interest rate swap agreements, for which there is General Fund exposure and on which the swaps currently have a negative mark against the City, the City has no obligation to post collateral on these swaps while the City's underlying ratings are investment grade.

For more information related to certain swaps entered into in connection with revenue bonds issued for PGW, the Water Department, and the Division of Aviation, see the Fiscal Year 2018 CAFR. In addition, PICA has entered into swaps, which are detailed in the Fiscal Year 2018 CAFR.

### **Swap Policy**

The City has adopted a swap policy for the use of swaps, caps, floors, collars and other derivative financial products (collectively, “swaps”) in conjunction with the City’s debt management. The swap program managed by the City includes swaps related to the City’s general obligation bonds, tax-supported service contract debt issued by related authorities, debt of the Water Department, Division of Aviation, and debt of PGW. Swaps related to debt of the PICA, the School District, and the PPA are managed by those governmental entities, respectively.

The Director of Finance has overall responsibility for entering into swaps. Day-to-day management of swaps is the responsibility of the City Treasurer, and the Executive Director of the Sinking Fund Commission is responsible for making swap payments. The Office of the City Treasurer and the City Solicitor’s Office coordinate their activities to ensure that all swaps that are entered into are in compliance with applicable federal, state, and local laws.

The swap policy addresses the circumstances when swaps can be used, the risks that need to be evaluated prior to entering into swaps and on an ongoing basis after swaps have been executed, the guidelines to be employed when swaps are used, and how swap counterparties will be chosen. The swap policy is used in conjunction with the City’s Debt Management Policy, reviewed annually, and updated as needed.

Under the swap policy, permitted uses of swaps include: (i) managing the City’s exposure to floating interest rates through interest rate swaps, caps, floors and collars; (ii) locking in fixed rates in current markets for use at a later date through the use of forward starting swaps and rate locks; (iii) reducing the cost of fixed or floating rate debt through swaps and related products to create “synthetic” fixed or floating rate debt; and (iv) managing the City’s credit exposure to financial institutions and other entities through the use of offsetting swaps.

Since swaps can create exposure to the creditworthiness of financial institutions that serve as the City’s counterparties on swap transactions, the City has established standards for swap counterparties. As a general rule, the City enters into transactions with counterparties whose obligations are rated in the A rated category or better from two nationally recognized rating agencies. If counterparty’s credit rating is below the double-A rating category, the swap policy requires that the City’s exposure be collateralized. If a counterparty’s credit is downgraded below the A category, even with collateralization, the swap policy requires a provision in the swap permitting the City to exercise a right to terminate the transaction prior to its scheduled termination date.

## Letter of Credit Agreements

The City has entered into various letter of credit agreements related to its General Fund-Supported Debt as detailed in the table below. Under the terms of such letter of credit agreements, following a purchase of the applicable bonds, the City may be required to amortize such bonds more quickly than as originally scheduled at issuance.

**Table 45**  
**Summary of Letter of Credit Agreements**  
**for General Fund-Supported Debt**  
**as of September 30, 2019**

<b>Variable Rate Bond Series</b>	<b>Amount Outstanding</b>	<b>Bond Maturity Date</b>	<b>Provider</b>	<b>Expiration Date</b>	<b>Rating Thresholds <sup>(1)</sup></b>
General Obligation Multi-Modal Refunding Bonds, Series 2009B	\$100,000,000	August 1, 2031	Barclays Bank PLC	May 24, 2023	The long-term rating assigned by any one of the rating agencies to any unenhanced long-term parity debt of the City is (i) withdrawn or suspended for credit-related reasons or (ii) reduced below investment grade.
PAID Multi-Modal Lease Revenue Refunding Bonds, Series 2007B-2	\$72,400,000	October 1, 2030	TD Bank	May 29, 2024	The long-term ratings assigned by at least two of the rating agencies to any unenhanced general obligation bonds of the City is (i) withdrawn or suspended for credit-related reasons, or (ii) reduced below investment grade.

---

<sup>(1)</sup> The occurrence of a Rating Threshold event would result in an event of default under the reimbursement agreement with the related bank.

## Recent and Upcoming Financings

*Recent Financings.* The following is a list of financings that the City has entered into since January 1, 2019.

- In September 2019, PAID issued \$147,615,000 in Lease Revenue Refunding Bonds for the benefit of the City.
- In August 2019, the City issued \$293,360,000 in General Obligation Bonds.
- In August 2019, the City issued \$250,660,000 in Water and Wastewater Revenue Bonds.
- In May 2019, the City issued \$188,660,000 in General Obligation Refunding Bonds.
- In February 2019, the City issued \$68,335,000 in Water and Wastewater Revenue Refunding Bonds.

*Upcoming Financings.*

- In November 2019, the City expects to issue approximately \$111 million in General Obligation Refunding Bonds.
- In October 2020, the City expects to issue approximately \$128 million in Water and Wastewater Revenue Refunding Bonds pursuant to a Forward Delivery Bond Purchase Agreement signed in February 2019.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## CITY CAPITAL PROGRAM

As part of the annual budget process, the Mayor submits for approval a six-year capital program to City Council, together with the proposed operating budget. For more information on the City's budget process, see "DISCUSSION OF FINANCIAL OPERATIONS – Budget Procedure."

### Certain Historical Capital Expenditures

Table 46 shows the City's historical expenditures for Fiscal Years 2014-2018 for certain capital purposes, including expenditures for projects related to transit, streets and sanitation, municipal buildings, recreation, parks, museums, and stadia, and economic and community development. The source of funds used for such expenditures are primarily general obligation bond proceeds, but also include federal, state, private, and other government funds and operating revenue. Figures in the table below are generated after the Fiscal Year closes and may not sum due to rounding.

**Table 46**

## Fiscal Year 2020-2025 Adopted Capital Program

The Fiscal Year 2020-2025 Adopted Capital Program contemplates a total budget of \$10.85 billion. In the Fiscal Year 2020-2025 Adopted Capital Program, approximately \$3.35 billion is expected to be provided from federal, Commonwealth, and other sources and approximately \$7.50 billion through City funding. The following table shows the amounts budgeted each year from various sources of funds for capital projects in the Fiscal Year 2020-2025 Adopted Capital Program.

**Table 48**  
**Fiscal Year 2020-2025 Adopted Capital Program**  
**(Amounts in Thousands of USD)**

Funding Source	2020	2021	2022	2023	2024	2025	2020-2025

## LITIGATION

Generally, judgments and settlements on claims against the City are payable from the General Fund, except for claims against the Water Department, the Division of Aviation, and PGW, which are paid out of their respective funds or revenues and only secondarily out of the General Fund.

The Act of October 5, 1980, P.L. 693, No. 142, known as the “Political Subdivision Tort Claims Act,” (the “Tort Claims Act”) establishes a \$500,000 aggregate limitation on damages for injury to a person or property arising from the same cause of action or transaction or occurrence or series of causes of action, transactions or occurrences with respect to governmental units in the Commonwealth such as the City. The constitutionality of that aggregate limitation on damages has been upheld by the Pennsylvania appellate courts, including in the recent decision of the Supreme Court of Pennsylvania in *Zauflik v. Pennsbury School District*, 104 A.3d 1096 (2014). Under Pennsylvania Rule of Civil Procedure 238, delay damages are not subject to the \$500,000 limitation. The limit on damages is inapplicable to any suit against the City that does not arise under state tort law, such as claims made against the City under federal civil rights laws.

### General Fund

The following table presents the City’s aggregate losses from settlements and judgments paid out of the General Fund for Fiscal Years 2016-2018, and the budgeted amounts for Fiscal Years 2019 and 2020.

**Table 49**  
**Aggregate Losses – General and Special Litigation Claims (General Fund)**  
**Fiscal Years 2016-2018 (Actual) and 2019-2020 (Budget)**  
**(Amounts in Millions of USD)**

	Actual 2016	Actual 2017	Actual 2018	Budget 2019	Budget 2020
Aggregate Losses	\$41.2	\$38.3	\$44.6	\$48.8	\$49.2

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

The current estimate of settlements and judgments from the General Fund for Fiscal Year 2019 is \$48.8 million. Such estimate is based on internal calculations using (i) the “Possible Costs” listed in its Quarterly Litigation Reports, (ii) the 3-year average cost for closed cases, and (iii) current year-to-date spending reports.

Based on the Twenty-Eighth Five-Year Plan, the City expects settlements and judgments from the General Fund for Fiscal Years 2020-2024 to range from \$49.2 million in Fiscal Year 2020 to \$48.8 million in Fiscal Year 2024.

In budgeting for settlements and judgments in the annual operating budget and projecting settlements and judgments for each five-year plan, the City bases its estimates on past experience and on an analysis of estimated potential liabilities and the timing of outcomes, to the extent a proceeding is sufficiently advanced to permit a projection of the timing of a result. General and special litigation claims are budgeted separately from back-pay awards and similar settlements relating to labor disputes. Usually, some of the costs arising from labor litigation are reported as part of current payroll expenses.

In addition to routine litigation incidental to performance of the City’s governmental functions and litigation arising in the ordinary course relating to contract and tort claims and alleged violations of law, certain special litigation matters are currently being litigated and/or appealed and adverse final outcomes of such litigation could have a substantial or long-term adverse effect on the General Fund. These proceedings involve: (i) environmental-related actions and proceedings in which it has been or may be alleged that the City is liable for damages, including but not limited to property damage and bodily injury, or that the City should pay fines or penalties or the costs of response or remediation, because of the alleged generation, transport, or disposal of toxic or otherwise hazardous substances by the City, or the alleged disposal of such substances on or to City-owned property; (ii) contract disputes and other commercial litigation; (iii) union arbitrations and other employment-related litigation; (iv) potential and certified class action suits; and (v) civil rights litigation. The ultimate outcome and fiscal impact,

if any, on the General Fund of the claims and proceedings described in this paragraph are not currently predictable. See Note IV.8. to the Fiscal Year 2018 CAFR, “Contingencies – Primary Government – Claims and Litigation”.

In addition, see “REVENUES OF THE CITY – Real Property Taxes,” for a discussion of litigation relating to the reassessment of commercial property in tax year 2018.

**Water Fund**

Various claims have been asserted against the Water Department and in some cases lawsuits have been instituted. Many of these Water Department claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Water Department. The following table presents the Water Department’s aggregate losses from settlements and judgments paid out of the Water Fund for Fiscal Years 2016-2018, and the budgeted amounts for Fiscal Years 2019 and 2020. The current estimate for Fiscal Year 2019 is \$3.5 million. The Water Fund is the first source of payment for any of the claims against the Water Department.

**Table 50**  
**Aggregate Losses – General and Special Litigation Claims (Water Fund)**  
**Fiscal Years 2016-2018 (Actual) and 2019-2020 (Budget)**  
**(Amounts in Millions of USD)**

	Actual 2016	Actual 2017	Actual 2018	Budget 2019	Budget 2020
Aggregate Losses	\$5.4	\$7.0	\$6.3	\$8.5	\$7.5

## Aviation Fund

Various claims have been asserted against the Division of Aviation and in some cases lawsuits have been instituted. Many of these Division of Aviation claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Division of Aviation. The following table presents the Division of Aviation's aggregate losses from settlements and judgments paid out of the Aviation Fund for Fiscal Years 2016-2018, and the budgeted amounts for Fiscal Years 2019 and 2020. The current estimate for Fiscal Year 2019 is \$1.9 million. The Aviation Fund is the first source of payment for any of the claims against the Division of Aviation.

**Table 51**  
**Aggregate Losses – General and Special Litigation Claims (Aviation Fund)**  
**Fiscal Years 2016-2018 (Actual) and 2019-2020 (Budget)**

	Actual 2016	Actual 2017	Actual 2018	Budget 2019	Budget 2020
Aggregate Losses	\$1.3 million	\$1.6 million	\$1.1 million	\$2.5 million	\$2.5 million

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

## PGW

Various claims have been asserted against PGW and in some cases lawsuits have been instituted. Many of these PGW claims have been reduced to judgment or otherwise settled in a manner requiring payment by PGW. The following table presents PGW's settlements and judgments paid out of PGW revenues, with accompanying reserve information, in PGW Fiscal Years 2014 through 2018. PGW revenues are the first source of payment for any of the claims against PGW. PGW currently estimates approximately \$6.0 million and \$3.1 million in settlements and judgments for PGW Fiscal Years 2019 and 2020, respectively.

**Table 52**  
**Claims and Settlement Activity (PGW)**  
**PGW Fiscal Years 2014-2018**  
**(Amounts in Thousands of USD)**

Fiscal Year (ending August 31)	Beginning of Year Reserve	Current Year Claims and Adjustments	Claims Settled	End of Year Reserve	Current Liability Amount
2014	\$10,411	\$2,498	(\$2,965)	\$9,944	\$4,728
2015	\$9,944	\$3,610	(\$2,042)	\$11,512	\$5,011
2016	\$11,512	\$2,022	(\$3,041)	\$10,493	\$5,307
2017	\$10,493	\$6,681	(\$2,797)	\$14,377	\$4,627
2018	\$14,377	\$2,910	(\$3,223)	\$14,064	\$6,100

## APPENDIX C

### City of Philadelphia Socioeconomic Information<sup>1</sup>

#### INTRODUCTION

The City of Philadelphia (the “City” or “Philadelphia”) is the sixth largest city in the nation by population, and is at the center of the United States’ eighth largest metropolitan statistical area, according to 2018 estimates. The Philadelphia MSA (further described below) includes a substantial retail sales market, as well as a diverse network of business suppliers and complementary industries. Some of the City’s top priorities include attracting and retaining knowledge workers, increasing educational attainment and employment skills among Philadelphians, attracting real estate development, and promoting Philadelphia as a desirable location for business.

According to the 2010 U.S. Census, the City increased its population by 0.7% to 1.53 million residents in the ten years from 2000 to 2010, ending six decades of population decline. Although the increase was modest, it was an indicator of more recent growth and development in Philadelphia. From 2010 to 2018, the City increased its population by 3.6% to 1.584 million residents. As described below, the 20 to 34 year-old age group is the largest age group in Philadelphia and the fastest growing.

Philadelphia’s recent population and job growth, the latter of which outpaced the national average for the past three years, is expected to provide additional resources to tackle the City’s largest challenges. These challenges include underfunded pension liabilities, low estimated General Fund balances in Fiscal Years 2020-2024, high rates of poverty, and the School District of Philadelphia’s (the “School District”) ongoing fiscal challenges. Given the population shifts and economic development taking place nationwide, coupled with the City’s strategic geographical location, relative affordability, diversified economy, cultural and recreational amenities, and its growing strength in key industries, Philadelphia is well-positioned to attract new businesses and investment over the coming years.

#### Geography

The City has an area of approximately 134 square miles, and is located along the southeastern border of the Commonwealth of Pennsylvania (the “Commonwealth”), at the confluence of the Delaware and Schuylkill Rivers. The City, highlighted in orange in Figure 1, lies at the geographical and economic center of the MSA and PMSA (described below). Philadelphia is both the largest city and the only city of the first class in the Commonwealth, and is coterminous with the County of Philadelphia.

*Philadelphia Metropolitan Statistical Area (the “MSA”)*, highlighted in blue in Figure 1, is the eleven-county area named the Philadelphia-Camden-Wilmington metropolitan statistical area, representing an area of approximately 5,118 square miles with approximately 6,096,372 residents according to 2018 estimates by the U.S. Census Bureau.<sup>2</sup>

*Philadelphia Primary Metropolitan Statistical Area (the “PMSA”)*, highlighted with bold black outlines, in Figure 1, is a five-county area within the MSA that lies in the Commonwealth and is sometimes called the Philadelphia Metropolitan Division. The counties of Bucks, Chester, Delaware, and Montgomery are referred to as the Suburban PMSA herein.

---

<sup>1</sup> Unless otherwise noted, all information contained in this Appendix C is current as of December 31, 2018.

<sup>2</sup> Due to its close proximity and impact on the region’s economy, Mercer County, New Jersey, highlighted in green in Figure 1, is included in the MSA by many regional agencies, although it is not included in the area defined by the U.S. Office of Management and Budget.

**Figure 1**  
**Map of Philadelphia Region including the MSA, PMSA, and Mercer County, NJ**

Source: 2009 TIGER County Shapefiles

### **Strategic Location**

Philadelphia is at the center of the fourth largest MSA on the East Coast, and is served by a robust transportation infrastructure, including: the Philadelphia International Airport, Amtrak's Northeast Corridor rail service, major interstate highway access, regional train service provided by Southeastern Pennsylvania Transportation Authority ("SEPTA") and New Jersey's PATCO (as defined herein), and the Port of Philadelphia. Due to the transportation infrastructure centered in the City, Philadelphia is accessible to regional and international markets, and is within a day's drive of 50% of the nation's population. Philadelphia's central location along the East Coast, an hour from New York City and less than two hours from Washington, D.C. by high-speed rail, also allows for convenient access to these significant economic centers.

### **Population and Demographics**

Philadelphia is the nation's sixth most populous city, with 1.584 million residents, based on 2018 estimates. The 2000 and 2010 U.S. Census reflect the City's first population gain in 60 years. The City's population reached its nadir in 2006 with 1.45 million residents. Philadelphia's population has increased by 135,744 residents from 2006 – 2018, or by 8.57%.

From 2006 to 2018, the share of the population represented by citizens age 20 to 34 ("millennials") grew from 20% to 26.2%, becoming the largest share of Philadelphia's population. This demographic group tends to be better educated than the City's and the nation's adult population as a whole. In 2017, 42.8% of 25- to 34-year-olds in Philadelphia held a bachelor's degree or higher, while only 34.4% of 25 to 34-year-olds in the United States were college graduates. The City's many universities and diverse employment opportunities are likely draws for residents in the 20 to 34 age group. In addition to an increase in the millennial population, the City's immigrant population also grew significantly, with the City's Asian population increasing from 4.9% to 7.1% and the Hispanic or Latino population increasing from 8.5% to 14.1% between 2000 to 2017, according to the US Census Bureau.

**Table 1**  
**Population: City, MSA, Pennsylvania & Nation**

	1990	2000	2010	2018	Percent Change 2000 - 2010	Percent Change 2010 - 2018
<b>Philadelphia</b>	1,585,577	1,517,550	1,528,427	1,584,138	0.7%	3.6%
<b>Philadelphia-Camden- Wilmington MSA</b>	5,435,468	5,687,147	5,972,049	6,096,372	5.0%	2.1%
<b>Pennsylvania</b>	11,881,643	12,281,054	12,712,343	12,807,060	3.5%	0.7%
<b>United States</b>	248,709,873	281,421,906	309,348,193	327,167,434	9.9%	5.8%

Source: U.S. Census Bureau, Population Estimates 2018, Census 2010, Census 2000, Census 1990.

Nearly 18% of Philadelphia's population is school-aged (aged 5-19), and in 2017, Philadelphia exceeded many selected peer cities in its share of students who are enrolled in an undergraduate, graduate or professional education program. Selected peer cities (as shown in Table 2) reflect characteristics consistent with Philadelphia, such as geography, socio-economic statistics, industrial legacies, or port facilities. Among these cities, while Boston had the highest percentage of its population enrolled in higher education, Philadelphia had 34,634 more students enrolled in higher education than Boston. Philadelphia had the fifth highest percentage of its population enrolled in higher education and the fifth largest university student population.

## ECONOMIC BASE AND EMPLOYMENT

### The Philadelphia Economy

The City's economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major regional business and personal services center with strengths in insurance, law, finance, health, education, utilities, and the arts. The City also provides a destination for entertainment, arts, dining and sports for residents of the suburban counties, as well as for those residents of the counties comprising the MSA plus Mercer County, New Jersey.

As shown in Table 10, the cost of living in the City is relatively moderate and affordable compared to other major metropolitan areas along the East Coast. For example, Philadelphia's cost of living is 20% less than the Washington D.C. metropolitan area and 61% less than Manhattan. The City, as the commercial center of an MSA of 6.1 million people, offers its business community access to a large, diverse, and industrious labor pool. As one of country's education centers, these businesses also enjoy access to a large pool of recent graduates from the institutions of higher education in the MSA.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Key Industries

Table 3 provides location quotients for Philadelphia's most concentrated industry sectors. Location quotients quantify how concentrated a particular industry is in a region as compared to a base reference area, usually the nation. A location quotient greater than 1.00 indicates an industry with a greater share of the local area employment than is the case in the reference area.

As shown in Table 3, compared to the nation, Philadelphia County has higher concentrations in seven sectors: 1. educational services; 2. health care and social assistance; 3. management of companies and enterprises; 4. arts, entertainment, and recreation; 5. professional and technical services; 6. other services, except public administration; and 7. finance and insurance.<sup>3</sup> Of these seven sectors, the City has a higher concentration of employment than the Commonwealth in five sectors: educational services; health care and social assistance; arts, entertainment and recreation; professional and technical services; and other services, except public administration.

**Table 3**  
**Ratio of Philadelphia County and Pennsylvania Industry Concentrations**  
**Compared to the United States**

Industry	Philadelphia County to the US	Pennsylvania to the US
Educational Services	4.31	1.57
Health Care and Social Assistance	1.76	1.3
Management of Companies and Enterprises	1.14	1.45
Arts, Entertainment, and Recreation	1.16	1.03
Professional and Technical Services	1.19	0.95
Other Services, Except Public Administration	1.13	1.11
Finance and Insurance	1.07	1.09

Source: Bureau of Labor Statistics: 2018 Annual Average Employment Location Quotient, Quarterly Census of Employment and Wages

The concentration of educational services not only provides stable support to the local economy, but also generates a steady and educated workforce, fueling the City's professional services and healthcare industries. As of 2018, there were 118,580 Philadelphia residents between the ages of 25 and 34 with college degrees, and a 2019 Campus Philly report found that 54% of recent graduates in the Greater Philadelphia area have remained in the area, outpacing the retention rate of Boston (42%).

The City is also capitalizing on the region's assets to become a leader in research generated by life sciences and educational institutions. Several sites now foster life science incubator facilities, including University City Science Center, University of Pennsylvania ("Penn"), and Drexel University. University Place Associates (UPA) and the Wistar Institute have recently announced a strategic collaboration to curate a 240,000 square foot building to be dedicated to supporting the life sciences industry with state-of-the-art laboratory/office space in the heart of Philadelphia's University City District. It is expected to be completed early 2021. Johnson & Johnson utilizes Pennovation Works as the site for JPOD, an interactive, high-tech conference space. Announced in June 2019, Pennovation Works is to enter its next phase with a \$35 million project to renovate the existing building into lab-related space. The four-story, 73,400-square-foot structure will have 35,000 square feet of wet lab, office and flex space. It is expected to be completed August 2020. Penn's Penn Center for Innovation and Temple University's Office of Technology Development and Commercialization are two of several organizations driving tech transfer and commercialization of innovations developed at Philadelphia's major research institutions. The Cambridge Innovation Center occupies part of City

<sup>3</sup> The Bureau of Labor Statistics ("BLS") defines the "Other Services" (except Public Administration) sector as establishments engaged in providing services not specifically provided for elsewhere in the BLS classification system, such as equipment and machinery repairing, promoting or administering religious activities, grant making, advocacy, providing dry cleaning and laundry services, personal care services, death care services, pet care services, photofinishing services, temporary parking services, and dating services.

Square, which includes state-of-the-art wet lab and shared working space. The project expanded the one million square feet in facilities offered by the University City Science Center to 6 million square feet, with a projected investment of over \$1 billion. It is expected to be completed in 2027.

## Employment

Table 4 shows non-farm payroll employment in the City over the last decade by industry sectors. In the past 10 years, growth has occurred in Mining, Logging, and Construction; Trade, Transportation, and Utilities; Professional and Business Services; Education and Health Services; Leisure and Hospitality and Other Services. These sectors provide stability to the City's overall economy.

**Table 4**

<sup>1</sup> Includes persons employed within the City, without regard to residency.

Bureau of Labor Statistics data show that in 2018, the Education and Health Services, Professional and Business Services, Financial Activities, and Leisure and Hospitality sectors collectively represented 62.9% of total employment in the City for the year. From 2009 to 2018, Philadelphia gained 77,800 private sector jobs. Job growth in Philadelphia has outpaced the rest of the nation for the past three years, and the employment rate is the highest in decades.

## Unemployment

Although Philadelphia has recently narrowed the gap between its unemployment levels and the national unemployment levels, the effects of the recession on unemployment endured longer in Philadelphia than in many other parts of the country.

As shown in Table 6, employment gains in the latter part of 2013 through 2018 have resulted in a decline in Philadelphia's unemployment rate from a high of 10.9% in 2012 to 5.5% in 2018.

Table 6 below shows unemployment information for Philadelphia, the MSA, the Commonwealth and the United States.

**Table 6**  
**Unemployment Rate in Selected Geographical Areas**  
**(Annual Average 2009-2018)**

## Principal Private Sector Employers in the City

Table 7 lists the 20 largest private employers that are based in Philadelphia. Penn and Thomas Jefferson University and Jefferson Health top this list. Other sectors represented include food services, bio-tech, and broadcasting/cable.

Fortune 500 companies headquartered or maintaining a major presence in Philadelphia include the Comcast Corporation and the Aramark Corporation. As of early 2018, Crown Holdings Inc. was located in Philadelphia, but has recently relocated its headquarters to Bucks County. Two Fortune 1000 companies are also headquartered within the City: FMC Corporation and Urban Outfitters Inc.

Certain Other Employers in the City. On June 30, 2019, Philadelphia Academic Health System, LLC ("PAHS"), the parent company of Hahnemann University Hospital and St. Christopher's Hospital for Children, and certain of its subsidiaries and related physician practices, filed for bankruptcy. Through the bankruptcy process, it is expected that Hahnemann University Hospital will close and St. Christopher's Hospital for Children will be sold or have its debt restructured. On July 1, 2019, Hahnemann University Hospital began a wind down of its operations; final closing is expected on or before September 6. Hahnemann University Hospital has approximately 496 beds and 2,500 employees, while St. Christopher's Hospital for Children has approximately 88 pediatric beds and 1,900 employees.

In late June 2019, Philadelphia Energy Solutions announced that it will be shutting down its South Philadelphia refinery following an explosion and fire on June 21, 2019, which resulted in significant damage to the refinery complex. The closure is expected to impact more than 1,000 employees. The City does not expect to incur any costs related to cleaning up the refinery complex or any associated environmental remediation. Preliminary investigations by the City have not revealed any threats to the City's water supply as a result of the explosion and fire at the refinery complex.

## Hospitals and Medical Centers

The City is a center for health, education, research and science facilities with the nation's largest concentration of healthcare resources within a 100-mile radius. There are presently more than 30 hospitals, five medical schools, two dental schools, two pharmacy schools, as well as schools of optometry, podiatry and veterinary medicine located in the City. The City is one of the largest health care and health care education centers in the world, and a number of the nation's largest pharmaceutical companies are located in the Philadelphia area.

Major research facilities are also located in the City, including those located at its universities and medical schools: Children's Hospital of Philadelphia, the Hospital of the University of Pennsylvania, The Wistar Institute, the Fox Chase Cancer Center, and the University City Science Center. Philadelphia is home to two of the nation's 41 National Cancer Institute ("NCI")-designated Comprehensive Cancer Centers (the Abramson Cancer Center at the University of Pennsylvania and Fox Chase Cancer Center, which is part of the Temple University Health System). Additionally, Philadelphia is also home to two NCI-designated Cancer Centers (Kimmel Cancer Center and The Wistar Institute Cancer Center).

### *Penn Medicine University of Pennsylvania Health System*

Penn Medicine includes Pennsylvania Hospital, the nation's first hospital, founded in 1751 and the nation's first medical school, the University of Pennsylvania School of Medicine, opened in 1765. In addition, the Hospital of the University of Pennsylvania was established in 1874 as the nation's first teaching hospital. Penn Medicine's hospitals have been named among the top ten hospitals in the country with the combined University of Pennsylvania and Penn Presbyterian Medical Center ranked #1 in the region by *U.S. News and World Report*. Penn Medicine, which has invested more than \$200 million in major capital investments between 2014 and 2015, began construction in 2016 on a new 1.5 million square foot Patient Pavilion, a clinical facility that is projected to be occupied by spring of 2021.

### *Children's Hospital of Philadelphia Expansion*

Children's Hospital of Philadelphia ("CHOP") is the oldest children's hospital in the nation and one of the largest in the world. CHOP was ranked #2 in the nation in 2017-2018 according to the *U.S. News and World Report*. Since 2002, CHOP has invested over \$5.3 billion in its expansion in Philadelphia. In 2017, CHOP opened two facilities as a part of this expansion: the \$500 million, 700,000 square foot Buerger Center for Advanced Pediatric Care, and the \$275 million, 466,000 square foot Roberts Center for Pediatric Research.

### *Temple University Hospital, Inc.*

Temple University Hospital, Inc. ("TUH") is one of the region's most respected academic medical centers. The 732-bed Philadelphia hospital is also the chief clinical training site for the Lewis Katz School of Medicine at Temple University. TUH was ranked among the "Best Regional Hospitals" in six different specialties in *U.S. News & World Report* 2015-2016 regional rankings.

### *Thomas Jefferson University and Jefferson Health*

Thomas Jefferson University Hospitals ("TJUH") has been at the top of the list of hospitals in Pennsylvania (3rd) and the Philadelphia metro area (2nd) in *U.S. News & World Report's* annual listing of the best hospitals and specialties. TJUH also ranked 16<sup>th</sup> overall in the U.S. News and World Report listing. Jefferson Health has recently participated in several significant mergers, integrating Magee Hospital, Kennedy Health System, the Aria Health system and Abington Hospital into its system. In 2017, Thomas Jefferson University acquired Philadelphia University to become the fifth largest educational institution in Philadelphia.

### *Einstein Healthcare Network*

Einstein Healthcare Network is a private, not-for-profit organization with several major facilities and many outpatient centers that has been in existence for nearly 150 years. The Einstein Health and Medical Center in Philadelphia has been listed as a top hospital in *U.S. News & World Report*.

In September 2018, Einstein Healthcare Network and Thomas Jefferson University announced a merger agreement and such entities are seeking necessary state and federal regulatory approvals to close the transaction.

### **Educational Institutions**

The MSA plus Mercer County, New Jersey, has the second largest concentration of undergraduate and graduate students on the East Coast, with approximately 100 degree granting institutions of higher education and a total enrollment of over 434,000 full and part-time students. Approximately 137,807 students lived within the geographic boundaries of the City in 2016. Included among these institutions are Penn, Temple University, Drexel University, St. Joseph's University, and LaSalle University. Within a short drive from the City are such schools as Princeton University, Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University.

#### *University of Pennsylvania*

Penn, the first university in the U.S., founded in 1740, and a prominent Ivy League institution, is located in West Philadelphia across the Schuylkill River from downtown Philadelphia. In the fall of 2018, more than 21,000 full-time undergraduate, graduate and professional full-time students attended Penn, 5,333 of whom are international students. Approximately 3,900 part-time students were enrolled. As of the fall 2018, Penn had a total workforce of over 18,000 faculty and staff, and the University of Pennsylvania Health System had a workforce of 23,275 employees. In September 2016, Penn opened Pennovation Works, a 55,000 square foot business incubator and laboratory that houses researchers, innovators, and entrepreneurs for the commercialization of research discoveries.

Penn has undergone significant expansion in the last decade and has a growing endowment currently valued at \$13.8 billion. In 2015, Penn, and related third-party developers, spent \$932 million dollars on new buildings and renovations. A recent independent report conducted by Econsult Solutions, Inc. found that Penn and the University of Pennsylvania Health System had a combined economic impact on the City and the Commonwealth of more than \$14 billion in Fiscal Year 2015, including \$10.8 billion to the City. According to the same study, such Penn entities generate \$1 out of every \$20 of Philadelphia's general fund and one out of every nine jobs in the Philadelphia economy.

In Fiscal Year 2018, Penn was the fifth largest recipient of funding from the National Institutes of Health ("NIH"), receiving approximately \$405.6 million. Penn is consistently one of the largest annual recipients of NIH funding.

#### *Drexel University*

Founded in 1891 as the Drexel Institute of Science, Art and Industry, Drexel University ("Drexel") is one of Philadelphia's top 10 private employers, and a major engine for economic development in the region. Drexel is known for its innovation and civic engagement, ranked a "top 15 most innovative school" by *U.S. News and World Report*. Drexel's student body consists of approximately 26,000, making it one of the 15 largest private universities in the country. Drexel is unique in that it provides its students with a co-op work experience every six months throughout the four year college experience. Over the last decade, Drexel has undergone significant expansion and has major plans for future development. In 2011, Drexel opened the doors to the \$69 million Constantine N. Papadakis Integrated Sciences Building, a \$92 million facility for its LeBow School of Business, and a new mixed use residential and retail project, Chestnut Square.

### *Temple University*

Temple University (“Temple”), founded in 1884, has undergone a significant transformation over the past three decades from a university with a mostly commuter-based enrollment to one in which on and near-campus housing is now in high demand. Temple features 17 schools and colleges, eight campuses, hundreds of degree programs and more than 38,000 students. Currently, an estimated 12,000 students live on or around the Temple campus.

“Visualize Temple,” approved in 2014, is Temple’s campus master plan to guide the continued growth and evolution of the City’s leading public research university. It is the culmination of an 18-month long process driven by the input of over 3,000 Temple students, alumni, faculty, and staff. Such plan identifies challenges and opportunities at each campus and defines a collective vision for further campus transformation. Temple continues to implement key elements of this master plan.

### *Thomas Jefferson University*

In 2017, Thomas Jefferson University and Philadelphia University merged to create the fifth largest university in the City. The new Thomas Jefferson University (“Jefferson”) creates a national comprehensive university designed to deliver high-impact education and value for students in medicine, science, architecture, design, fashion, textiles, health, business, engineering, and other disciplines.

In addition to nine colleges and three schools from both universities, the formation of the Philadelphia University Honors Institute and the Philadelphia University Design Institute are key components of the combined university’s educational ecosystem. Jefferson includes (i) campuses in Center City, Philadelphia (“Center City”), East Falls, Montgomery County, Bucks County, and Atlantic County (NJ); (ii) a growing online presence; (iii) numerous clinical sites; and (iv) an extensive global footprint with locations in Italy and Japan, study abroad sites and curricular and co-curricular partnerships and networks. Jefferson is home to more than 7,800 students, 4,000 faculty members and 63,000 alumni.

### *Community College of Philadelphia*

The Community College of Philadelphia (the “College”) serves over 19,000 students in associate’s degree and certificate programs. The College operates four campuses: its main Campus in Center City Philadelphia and three regional campuses in West Philadelphia, Northeast Philadelphia, and Northwest Philadelphia. The College offers more than 70 associate’s degree, academic and proficiency certificate, and workforce programs. Graduates continue to strengthen Philadelphia’s local economy and workforce, both in Philadelphia and the Greater Philadelphia region.

The College enables students to embark on a smart path to a bachelor’s degree program, with transfer agreements and partnerships to assist in the transition. In the 2015-16 academic year, approximately 30,194 students took credit and noncredit courses. The College is embarking on an expansion of its West Philadelphia Campus, to expand its Automotive Center and to establish a Workforce Campus with a new \$20 million facility in the heart of Philadelphia’s Promise Zone.

The College is one of 30 community colleges in the nation to undertake a new Career Pathways model under which it has expanded its dual enrollment programs, including establishing the first Middle College in the Commonwealth, with the School District of Philadelphia. Upon completion of high school, enrolled students will receive both a high school degree and an associate’s degree.

The College has vastly expanded its role in workforce development and economic innovation, establishing a division that is responsible for working directly with Philadelphia employers to meet their workforce hiring and professional development needs. The College has established new post-secondary programs matched with Philadelphia’s high priority occupations enabling Philadelphians to earn family sustaining wages without a degree.

## Family and Household Income

Table 8 shows median family income, which includes related people living together, and Table 9 shows median household income, which includes unrelated individuals living together, for Philadelphia, the MSA, the Commonwealth and the United States. Over the period 2008-2017, median family income for Philadelphia increased by 9% (see Table 8), while median household income increased by 10.8% over the period 2008-2017 as a result of an influx of higher income households (see Table 9).

**Table 8**  
**Median Family Income\* for Selected Geographical Areas, 2008-2017**  
**(Dollar Amounts in Thousands)**

Year	Philadelphia	Philadelphia-Camden-Wilmington MSA	Pennsylvania	United States	Philadelphia as a percentage of the US

## Cost of Living Index

Philadelphia has the second lowest cost of living index among major cities in the Northeast, as shown in Table 10 below. Additionally, the City's Wage, Earnings, and Net Profits Tax Rates have decreased in each of Fiscal Years 2013-2019. See "REVENUES OF THE CITY – Wages, Earnings, and Net Profits Taxes" in APPENDIX B for this Official Statement.

## Housing

Growing rapidly from its founding in 1682, Philadelphia's historic housing stock reflects its past roles as the largest city in the British Empire and as "the workshop of the world" during the peak of the industrial revolution. However, its condition and age (among the oldest of any city in the country) is also a reflection of the decades of depopulation and abandonment that marked the second half of the 20<sup>th</sup> Century. Nevertheless, Philadelphia has undergone a significant revitalization in the most recent decades, particularly in the neighborhoods within and around its downtown core. The period between the 2000 and 2010 Censuses was the first wherein Philadelphia experienced a net population increase since 1940 to 1950, due both to rapid growth in the number of higher income households in these core neighborhoods and to a significant influx in the foreign-born population in more peripheral neighborhoods of the City.

The City's population growth has driven significant new construction and investment in many of its neighborhoods resulting in increases in the value of the City's housing stock. Most housing indicators for Philadelphia indicate an upward outlook, in terms of prices, construction, and sales, for the near future. Nevertheless, the City continues to face significant challenges caused by the persistent problems of poverty, crime, underperforming schools, and lack of employment opportunities.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The total housing stock, measured by the number of units, increased by 0.7% from 2010-2016, for a total of 674,500 in 2016.<sup>9</sup> This increase of 4,500 units is the result of a net increase of 6,000 multifamily units and 500 “other” units (such as mobile homes and boats), off-set by a net loss of 2,000 single-family homes (due to multifamily conversions and demolitions).<sup>3</sup> The homeownership rate in the City in 2016 was 52.1%, which represents a decline from 54.1% in 2000.<sup>3</sup> Accordingly, properties in the City have continued to command higher rents, with the median monthly rent in June 2018 equal to \$1,214, representing a 10.9% increase over the prior five-year period.<sup>10</sup>

### *Home Prices*

As shown in the chart below, after eight years of moderate house price deflation following the peak of the 2007 recession, Philadelphia’s housing market began posting rapid increases in prices, citywide, starting in 2013. In 2015, home values in Philadelphia recovered to their pre-recession peak and have continued to climb to 20% above that peak as of January 2018. The following chart uses the Home Value Index to chart changes in home values in Philadelphia, the Philadelphia region, and the U.S. as a whole over the 20-year period from February 1998 through January 2018.<sup>11</sup>

**Percent Change in Median Nominal Home Value (Zillow Home Value Index), 1998-2018**

Source: Zillow Research, ZHVI Time Series

In the first years shown in this chart, housing values in Philadelphia were not only lower than the region and country as a whole, in nominal terms, but they also grew at a lower rate. From 2002 to 2007, however, the rate of growth in the City’s home values significantly outpaced these comparison regions. Although home values in the City stagnated and declined for eight years, after hitting a peak in 2007, the housing market in Philadelphia retained a much greater share of its pre-recession gains during this period than did either the region or country as a whole. Since then, Philadelphia’s housing market has surged, such that, in nominal terms, housing values within the City have nearly tripled since 1998, a rate of growth that is more than 50% greater than the rest of the country.

<sup>9</sup> US Census Bureau, American Communities Survey, 1-Year Survey

<sup>10</sup> Zillow Research, ZRI Time Series

<sup>11</sup> Zillow Research, ZHVI Time Series

### *Home Sales*

Another indicator of the housing market's recovery is home sales. The following chart shows the annual number of home sales in Philadelphia since 2009. Like prices, home sales dropped significantly following the 2007 recession, but have, seasonal variations notwithstanding, steadily increased since 2011. In 2017, there were 27,327 home sales, nearly double their post-recession nadir of 2011 of 14,542. This trend reflects a recovery of the City's housing market and is likely to continue as the significant increment of new housing construction (described below) is absorbed.

**Home Sales in Philadelphia, 2009-2017**

Source: Zillow Research, Home Sales Time Series

**Home Sales in Philadelphia, April 2014 through September 2017**

### *Home Construction*

Home building activity in Philadelphia has also made significant progress since hitting its recessionary low in 2009. The following chart shows the number of newly constructed units being added to Philadelphia's housing stock, as represented by the number of building permits issued for such units, from 1998 through 2017.

(Number of Units by Building Type), 1998-2017**

Source: US Census, Building Permits Survey

Prior to 2000, construction of new housing units in Philadelphia was low by both absolute and relative measures, averaging only 507 units per year in the decade from 1990 through 1999. However, since 2003, permits for new construction have not been for less than 947 units in any single year, including during the nadir of the 2007 recession. In 2014, permits were issued to approve the construction of nearly 4,000 new housing units in Philadelphia—an all-time high. Notably, these data do not include additions or substantial alteration to existing buildings, which together account for nearly a third of all new housing units in Philadelphia from 2013 to 2017, based on permit issuance data from the Department of Licenses and Inspections. Although total permitting activity declined in 2015 and 2016, recovering somewhat in 2017, total residential development activity remains quite high, and it appears there is continued population growth in the City’s metropolitan core.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Office Market

The City currently has approximately 48.0 million square feet of office space in the Central Business District (“CBD”), with an additional 149,828 square feet under construction according to Jones Lang LaSalle’s (“JLL”) statistics for the first quarter of 2019.

The average direct asking rental rates in the City’s CBD rose slightly to \$32.21 per square foot in the first quarter of 2019. Markedly, the City’s CBD enjoys rising rents with low overall total vacancy, while its suburban counterparts have higher overall total vacancy and lower rents during the same period, at 15.0% and \$27.42 per square foot.

Table 11 shows comparative overall first quarter 2019 office vacancy rates for selected office markets.

**Table 11**  
**Total Office Vacancy Rates of Selected Office**  
**Markets**  
**First Quarter 2019**

<b>Market</b>	<b>Vacancy Rate</b>
San Francisco	6.0%

## ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION

### City of Philadelphia Economic Development Mission and Goals

The City's economic development strategy is to (1) spur job-creation by fostering an improved business environment; (2) increase the City's population and visitation; and (3) enhance quality of life within the City. The City partners with numerous quasi-city and private agencies to accomplish these objectives.

The City utilizes several place-based economic development strategies to spur development in Philadelphia. These strategies include: (i) a 10-year real estate tax abatement on all new construction, as well as on improvements to existing properties; (ii) Commonwealth-designated Keystone Opportunity Zones in which eligible businesses may be exempt from all Commonwealth and local business taxes until a specified date; (iii) Commonwealth-designated Keystone Innovation Zones in which energy, defense, technology, and life-sciences companies may be eligible for saleable tax credits worth \$100,000 annually for the first eight years of operations; (iv) tax increment financing; and (v) commercial corridor revitalization through support of Business Improvement Districts and reimbursement for certain storefront and interior retail improvements.

The City has also actively worked to raise its profile in the international business community. In 2015, Philadelphia received the designation of the first World Heritage City in the United States by the Organization of World Heritage Cities. In 2015, the City entered into a "sister city" agreement with Frankfurt, Germany, considered the largest financial center in continental Europe. This agreement is Philadelphia's first sister city since 1992. In recent years, the City has hosted delegations of business leaders and officials on trade missions to the United States and participated in trade missions to Germany, France, Portugal, China, South Korea, and Canada. In 2018, a website was launched, [philadelphiadelivers.com](http://philadelphiadelivers.com), which showcases all that the City has to offer businesses including location, talent, affordability, and amenities. Also in 2018, Philadelphia was one of four cities selected by the Brookings Institute to join the Global Identity Cohort. As such, more than 80 local stakeholders have been engaged to begin crafting a shared brand and narrative around Philadelphia in order to attract residents, businesses and events.

### City and Quasi-City Economic Development Agencies and Related Programs

#### *City of Philadelphia Department of Commerce*

The mission of the Department of Commerce is to (i) ensure that Philadelphia is a globally-competitive city where employers hire, entrepreneurs thrive, and innovation abounds; (ii) recruit and retain a diverse set of businesses; (iii) foster economic opportunities for all Philadelphians in all neighborhoods; and (iv) partner with workforce development programs and local businesses on talent development with the goal of ensuring that all Philadelphians can find and retain living-wage jobs. The Department of Commerce has three major divisions: Neighborhood & Business Services; Office of Business Development and Office of Economic Opportunity.

#### *City of Philadelphia Department of Planning and Development*

The Department of Planning and Development ("Planning and Development") oversees all planning, real estate development support, and commissions such as the Historical Commission, Planning Commission, Art Commission and Civic Design Review. Planning and Development also oversees all housing initiatives and plays a key role in community development.

#### *Philadelphia Industrial Development Corporation ("PIDC")*

PIDC is a non-profit organization founded by the City of Philadelphia and the Greater Philadelphia Chamber of Commerce in 1958. PIDC offers flexible financing tools, a targeted portfolio of industrial and commercial real estate, and expertise to help clients invest, develop, and grow in Philadelphia. PIDC also structures and invests in public-private partnerships for key City policy areas and development priorities. Over the past 60 years, PIDC and its affiliates have settled over 7,300 transactions, including more than \$16.6 billion in financing that has leveraged over

\$29 billion in total investment and assisted in creating and retaining hundreds of thousands of jobs in Philadelphia. Its direct loan and managed third-party portfolio at year-end 2018 was more than \$668 million, representing 495 loans.

*Philadelphia Authority for Industrial Development (“PAID”)*

PAID is a non-profit organization founded by the City of Philadelphia and

*Philadelphia Redevelopment Authority (“PRA”)*

In 1945, the Commonwealth enacted the Urban Renewal Law and created the PRA as the City’s urban renewal agency. Today, the PRA continues its role as a key financier, project manager, leader, and expert of developing and maintaining land in the City. The PRA is one of five municipal land holding agencies. Its Real Estate Division facilitates the redevelopment of PRA assets and it provides project management and analysis for real estate sales, acquisitions, redeveloper agreements, developer submissions, and required approvals. Its Housing Department leads the underwriting and loan closing process for all affordable housing projects within the City and works primarily with non-profit and for-profit developers as a lender.

*Philadelphia Land Bank (“PLB”)*

Established in 2013, the PLB is a new institutional partner in land use. The aim of the PLB is to consolidate many of the land acquisition and disposition processes of the City under one umbrella, making it easier for private individuals and organizations to acquire properties that otherwise contribute to neighborhood disinvestment and turn them into assets for the community in which they are located. The PLB can: (i) consolidate properties owned by multiple public agencies into single ownership to speed property transfers to new, private owners; (ii) acquire tax-delinquent properties through purchase or by bidding the City’s lien interests at a tax foreclosure; (iii) with consent of the City, clear the title to those properties so new owners are not burdened by old liens; and (iv) assist in the assemblage and disposition of land for community, non-profit, and for-profit uses.

*The Division of Housing and Community Development (“DHCD”)*

DHCD, formerly known as the Office of Housing and Community Development and now part of Planning and Development, manages planning, policy, and investment in low-income housing through several assistance programs. Most significantly, the DHCD creates and manages implementation of the Consolidated Plan, a federally-mandated plan and budget that must be updated yearly in order to receive federal Community Development Block Grant funding.

*The Philadelphia Housing Authority (“PHA”)*

PHA is funded primarily by the federal government and is the largest landlord in Pennsylvania. PHA develops, acquires, leases and operates affordable housing for City residents with limited incomes. PHA works in partnership with the City and Commonwealth governments, as well as private investors. Over 93% of PHA’s annual budget is funded directly or indirectly by the U.S. Department of Housing and Urban Development, and most of the balance of PHA’s budget is derived from resident rent payments. Neither PHA’s funds nor its assets are available to pay City expenses, debts, or other obligations, and the City has no power to tax PHA or its property. Neither the City’s funds nor its assets are subject to claims for the expenses, debts, or other obligations of PHA.

*Rebuilding Community Infrastructure Program (“Rebuild”)*

The Rebuild program, using funds from the Philadelphia Beverage Tax, will invest hundreds of millions of dollars in Philadelphia’s parks, recreation centers, and libraries over a seven-year period. Rebuild prioritizes sites in high-need neighborhoods, as well as sites that are in extremely poor condition. This program is intended to catalyze economic development in some of Philadelphia’s most impoverished communities and neighborhoods. Rebuild is not only committed to making transformative capital improvements in neighborhood public and shared spaces, but will also strive to build capacity and opportunities for minority and women-owned businesses and job opportunities for

local residents. In November 2018, PAID issued \$79,460,000 in City Service Agreement Revenue Bonds to finance certain costs of the Rebuild program.

## **Key Commercial Districts and Development**

Over the last two decades the efforts of Philadelphia's economic development agencies and others have spurred significant economic revitalization throughout the City. In particular, a number of geographic areas have experienced concentrated developments: Philadelphia's Historic District, Avenue of the Arts, North Broad Street, and the Benjamin Franklin Parkway. Many of these developments, such as a significant increase to Philadelphia's hotel room inventory in Center City and expansion of the Pennsylvania Convention Center, are key to the growth of Philadelphia's leisure and hospitality sector. Several key areas within the City have been instrumental in the economic and commercial development of Philadelphia over the past twenty-five years and the population growth since 2000. Recent and current developments in the key commercial districts described below are listed in Table 12.

### *Center City*

A district that has seen a resurgence over the last two and a half decades, Center City is Philadelphia's central business and office region within the City. Center City is the strongest employment center in the City. In addition, the area contains a sizeable residential population and provides ample access to retail, dining, arts and culture, entertainment, and mass transportation services, to both residents and daily commuters. Center City is flanked by neighborhoods that are considered "Greater Center City." Approximately 309,000 riders take public transit into Greater Center City every weekday. Over the last two decades, as there has been an influx of new businesses and residents in these neighborhoods, the boundaries of Greater Center City have moved significantly further North and South, with the Delaware and Schuylkill rivers remaining boundaries on the East and West.

### *Old City*

Old City is home to some of the country's oldest historical assets and is considered America's "most historic square mile." Independence National Historical Park is an international destination, attracting 3.6 million visitors annually. Important culturally and economically, Old City is also home to world-class museums, theaters and art galleries. The neighborhood offers excellent hotels, a wide range of dining and nightlife establishments, independent retailers and a diverse mix of technology, media, professional, and service organizations. Some 8,000 residents live in historic townhouses, industrial loft apartments, and new condominium properties. Old City is located within a Keystone Innovation Zone, meaning that technology, energy, and life sciences businesses may be eligible for up to \$100,000 in tax credits.

Old City District ("OCD") is a business improvement district that promotes the area and fosters economic development locally. OCD helps companies find suitable real estate and actively promotes the sector to attract businesses. Over the last few years, technology and creative businesses have established an increasingly important presence in the area.

### *University City*

Located west of Center City, University City is a hub for the health care, life sciences, and higher education sectors and accounted for approximately 11% of the City's employment in 2017. It includes the campuses of Penn, Drexel University, University of the Sciences, the University of Pennsylvania Health System, the Children's Hospital of Philadelphia, and The Wistar Institute, as well as the University City Science Center, a biomedical incubator. University City has experienced significant real estate development, driven mostly through the investment of its universities and research institutional anchors.

Penn built the \$88 million Singh Center for Nanotechnology in 2013 and is investing \$127 million in a new residence hall called New College House at Hill Field. Drexel University invested nearly \$300 million in University City in 2013, and is planning for an additional \$3.5 billion over 20 years in the development of Schuylkill Yards in partnership with Brandywine Realty Trust. Such project will develop 14 acres of underutilized land near Philadelphia's

30th Street Station into an innovation neighborhood, which will feature a mix of entrepreneurial spaces, educational facilities and research laboratories, corporate offices, residential and retail spaces, hospitality and cultural venues and public open spaces.

### *The Navy Yard*

The Navy Yard is a 1,200 acre mixed-use office, research and industrial park with over 13,000 people working on site across 150 companies. The Navy Yard has diverse tenants such as Philly Shipyard, one of the world's most advanced commercial shipbuilding facilities; the global headquarters for retailer Urban Outfitters, Inc.; a 208,000 square foot, double LEED Platinum corporate office for pharmaceutical company GlaxoSmithKline; and a LEED Silver bakery facility for the Tasty Baking Company. More than 7.5 million square feet of space is currently occupied or in development with significant additional capacity available for office, industrial, retail and residential development.

PIDC and its partners released an updated Navy Yard master plan in 2013, detailing a comprehensive vision for the Navy Yard. The plan calls for a total of over 13.5 million square feet of new construction and historic renovation supporting office, research and development, industrial and residential development, complemented with commercial retail amenities, open spaces and expanded mass transit. Under such plan, the fully built out Navy Yard would support more than 30,000 employees and over \$3 billion in private investment. PIDC continues to work on this long-term plan for the Navy Yard.

The Navy Yard continues to grow bringing it closer to its strategic targets. Since 2000, the Navy Yard has leveraged more than \$150 million in publicly funded infrastructure improvements to spur more than \$750 million in new private investment.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Waterfront Developments

Taking advantage of the City's geographic assets, the Schuylkill River and the Delaware River, the City is redeveloping its waterfront to accommodate a variety of developments, including mixed-use projects and housing, parks and recreational trails, and hotels. These projects improve quality of life for residents and improve the visitor experience, but also are an impetus for environmental remediation and private development of former industrial property within the City.

### *Delaware River Waterfront Corporation (the "DRWC")*

The Delaware River has historically been a center of activity, industry, and commerce, bounded at its north and south ends by active port facilities. The City adopted a Master Plan for the central Delaware River in 2011. DRWC, in partnership with the City, is a nonprofit corporation that works to transform the central Delaware River waterfront into a vibrant destination for recreational, cultural, and commercial activities. Over the last ten years, DRWC has successfully opened four adaptive reuse park projects built on former pier structures, including the newly-renovated Cherry Street Pier in 2018.

DRWC, the City, and the Commonwealth have partnered to redevelop Penn's Landing, a major public space along the Delaware River waterfront. The resulting civic space will leverage investment from private sources for the redevelopment of the adjoining parcels.

### *Schuylkill River Development Corporation (the "SRDC")*

Redevelopment along the Schuylkill River is managed by a partnership among SRDC, the Department of Parks & Recreation, and the Department of Commerce. SRDC works with federal, Commonwealth, City, and private agencies to coordinate, plan and implement economic, recreational, environmental and cultural improvements, and tourism initiatives on the Schuylkill River. From 1992 to 2017, \$70 million was invested by SRDC, the City, and their partners along the tidal Schuylkill to create 3.65 miles of riverfront trails within 30 acres of premiere park space in the heart of the City, and has added amenities to the Schuylkill River Park such as floating docks, fishing piers, a composting toilet, and architectural bridge lighting. SRDC continues to work towards meeting its goal of creating and maintaining trails and green space along the tidal Schuylkill River in Philadelphia.

Since 2005, Philadelphia has benefitted from more than \$1 billion in development along the Schuylkill River, with more planned by private developers, universities, and healthcare institutions.

### *SugarHouse Casino*

Philadelphia's first casino, SugarHouse, opened in September 2010. SugarHouse Casino sits on the Delaware River waterfront offering an array of slot machines, table games and dining options. Its operations also include a multi-purpose event space with waterfront views, restaurants, and a parking garage. As of August 2018, SugarHouse had approximately 1,500 employees. As reported to the Pennsylvania Gaming Control Board, SugarHouse's gaming revenue was approximately \$299.1 million in Fiscal Year 2018.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## TOURISM AND HOSPITALITY

Philadelphia has experienced a significant increase in tourism over the last decade, fueled by several high profile, global events that the City hosted, notably the 2015 World Meeting of Families, culminating in a papal visit from Pope Francis, and the Democratic National Convention in 2016. In April 2017, Philadelphia hosted the NFL Draft, which is estimated to have brought approximately 250,000 people to Center City. Both business and convention tourism, as well as leisure tourism were at a record high in 2016. In 2016, Lonely Planet named Philadelphia on its top-10 best list of “unexpectedly exciting places to see,” and in 2017, Travel and Leisure named Philadelphia as one of the best places to visit in the world.

The Philadelphia Convention and Visitors Bureau (“PHLCVB”) books meetings, conventions and sporting events and supports international marketing of Philadelphia overseas. PHLCVB also books domestic group tours. Tourism Economics, an Oxford Economics Company, reported that international visitors from overseas to Philadelphia in 2017 numbered more than 648,000, spending \$651 million generating \$1.1 billion in total economic impact to the Philadelphia region. According to the same source, Philadelphia ranks as the 16<sup>th</sup> most visited city in the U.S. by overseas travelers. Philadelphia’s international visitation has seen significant growth over the past decade, a 18% growth in overseas travelers since 2007 (up from 549,000 in 2007).

The PHLCVB currently has 892 meetings, conventions, and sporting events booked for future years. These groups will bring a total of 3.1 million attendees to Philadelphia consuming 3.7 million room nights.

Visit Philadelphia markets Philadelphia domestically, as well as in Canada and Mexico, to promote leisure travel. Philadelphia has attracted more overnight leisure travelers than ever before and Center City hotels reached a landmark 1 million leisure room nights in 2016. Further, several big and new-to-the-city brands are entering the market, along with smaller boutique hotels. Leisure hotel room stays have increased 334% since 1997 and in 2017 the estimated economic impact of leisure travel to the region was \$11.5 billion according to the Visit Philly 2018 Annual Report.

**Table 13**  
**Greater Philadelphia Visitor Growth, 1997-2017**  
**(In Millions)**

	1997	2017	Net Change	% Change
Total Visitation	26.7	43.3	16.6	62%
Leisure- Overnight	7.3	15.1	7.8	107%
Leisure- Day	15.5	23.1	7.6	49%
Business- Overnight	1.4	2.3	0.9	64%
Business- Day	2.5	2.8	0.3	12%

Source: Visit Philadelphia Annual Report, 2018

Philadelphia has seen an influx in new hotel development, with numerous new developments underway or confirmed. Since 2015, there has been notable hotel development in the City, representing over \$1 billion in investment. The number of hotel rooms available in the City in 1993 was 5,613, with occupancy at 65%. In 2017, the City’s hotel room inventory was 16,334 rooms, with occupancy at 76.6%%. Several hotel projects are currently under development, which will increase hotel room inventory by close to 2,000 rooms.

### Museum and Cultural Centers

Crucial to tourism is the City’s robust arts and culture sector. One in three tourists who come to Center City cite museums and cultural events as the primary reason for their visit. Top attractions in Philadelphia include Independence National Park, the Philadelphia Museum of Art, the Philadelphia Zoo, and Reading Terminal Market.

Organizations like the Philadelphia Museum of Art, the Kimmel Center, FringeArts, and more than 400 smaller cultural organizations throughout the City help improve the quality of life for residents and visitors. The Greater Philadelphia Cultural Alliance reported in 2017 that arts and culture produced \$3.4 billion in economic impact and contributed \$930 million in household income in the City.

### **Avenue of the Arts (South Broad Street) Investments**

The Avenue of the Arts is located along a mile-long section of South Broad Street between City Hall and Washington Avenue, in the heart of Center City. Reinventing South Broad Street as the Avenue of the Arts, a world class cultural destination, has been a civic goal in Philadelphia for more than two decades. Cultural institutions, the William Penn Foundation, local property owners and civic leaders advanced the idea of a performing arts district on South Broad Street anchored by the Academy of Music and modeled after successful performing arts districts around the country. The Avenue of the Arts became a key element of the City's strategy to strengthen Center City as the region's premier cultural destination and an important element in the City's bid to expand its convention and tourism industries.

### **The Benjamin Franklin Parkway**

Complementing the Avenue of the Arts theater district developments, the Benjamin Franklin Parkway (the "Parkway") is considered the spine of Philadelphia's museum district. Designed by French architect Jacques Gréber, to emulate the Champs Elysées of Paris, the Parkway opened in 1929. It runs from the area of City Hall to the Philadelphia Museum of Art and is a central public space and tourist attraction. Key Parkway features include Love Park (which has undergone major renovations and was reopened in the spring of 2018), the Philadelphia Museum of Art, the Rodin Museum, the Franklin Institute, The Barnes Foundation, the Free Library of Philadelphia, the Academy of Natural Sciences, the Swann Memorial Fountain, Sister Cities Park, Cathedral Basilica of Saints Peter and Paul on Logan Square, and numerous pieces of public art.

The Barnes Foundation, which opened in 2012, is a welcome addition to the City's impressive roster of arts facilities, and has had a significant impact on the City's leisure and hospitality industry. In 2015, the Barnes Foundation welcomed its one millionth visitor since opening on the Parkway. With membership over 85,000, it is ranked among the top institutions of its kind in the country.

### **Historic District**

Key to the City's leisure and hospitality growth is the maintenance and investment in the City's extraordinary historic assets. As the birthplace of the country, Philadelphia remains a major tourist destination year-round, particularly the City's Historic District, which includes various museums and cultural centers, as well as such national treasures as the Liberty Bell, Independence Hall, Carpenters' Hall, the Betsy Ross House and Elfreth's Alley, the Nation's oldest residential street. The City continues to invest in the maintenance and expansion of the Historic District's tourist experience. Such district is expected to remain competitive in the national and international tourism markets for years to come.

### **North Broad Street and the Philadelphia Convention Center**

In 1993, with support from the Commonwealth, the Pennsylvania Convention Center (the "Convention Center") was completed, providing a total of 624,000 square feet of saleable space across its four exhibit halls, ballroom and banquet spaces. In 2011, a \$786 million expansion, across 20 acres of central Philadelphia real estate, increased the facility to 2.3 million square feet. It is the largest single public works project in Pennsylvania history.

In 2014, SMG began managing and operating the Convention Center, instituting a number of measures intended to reduce and control show costs and improve customer service. In 2016, the Convention Center announced that 2015 was its highest booking year ever with 856,663 bookings, a 1.2% increase from 2014, representing an estimated \$1.1 billion in future economic impact.

Following the 2011 expansion of the Convention Center, development efforts in the North Broad Street area increased. Improvements include Lenfest Plaza at the Pennsylvania Academy of Fine Arts and two hotels. Development continues to move north along Broad Street, with significant investment taking place to restore the Berry Building, the Philadelphia Metropolitan Opera House, and the Divine Lorraine Hotel.

### **South Philadelphia Sports Complex**

Another key element of Philadelphia's hospitality industry is professional sports. Philadelphia is the only city to have a professional hockey, basketball, baseball, and football team playing in a single district within the City, the Sports Complex Special Services District, created by the City in 2000.

The South Philadelphia Sports Complex houses three professional sports facilities: The Wells Fargo Center opened in 1996 and is home to the Philadelphia Flyers (National Hockey League) and Philadelphia 76ers (National Basketball Association); Lincoln Financial Field opened in 2003 and is home to the Philadelphia Eagles (National Football League); and Citizens Bank Park opened in 2004 and is home to the Philadelphia Phillies (Major League Baseball). The Phillies and the Eagles are contractually obligated to play in Philadelphia until 2033 and 2034, respectively.

Within the South Philadelphia Sports Complex, there is a sports entertainment and dining complex. There are also plans to expand this area to include retail, hotel, and theater space, a casino, a spa, and a conference center.

### **Retail Market, Food and Dining**

In the last five years, the City's retail market has grown substantially, attracting 77 national retailers. With nearly 193,000 residents, 305,000 workers, 3.5 million occupied hotel room nights and 112,000 college students in and around Center City, the market generates more than \$1 billion in annual retail demand. More than 1.4 million square feet of retail space is currently under construction with significant development surging east of Broad Street, with some of Philadelphia's most ambitious retail and mixed-use projects.

Market East, an important commercial area between City Hall and the City's Historic District is experiencing significant development. New developments in Market East represent a \$910 million investment that is creating a continuous shopping and dining experience from Independence Mall to the major Center City convention hotels, just east of City Hall. The revitalization of this section of the City, containing a major transport hub, is expected to be transformative. Most notably, the planned redevelopment of The Gallery at Market East into Fashion District Philadelphia is one of the biggest developments in the area. In the last several years, there have also been recent improvements along East Market Street, including retail, residential, hotel, and other mixed-use projects.

Complementing the rise of retail in Philadelphia, the City has experienced a revival of restaurant establishments, especially in Center City and Greater Center City, indicating an improved quality of life and vibrancy of those neighborhoods. Increased investment in Center City to beautify the area, as well as the City's support in making the area more welcoming to visitors and diners, has sparked a significant increase in the number of indoor/outdoor dining establishments throughout Center City.

## **TRANSPORTATION**

The residents of the City and surrounding counties are served by a commuter transportation system operated by SEPTA. This system includes two subway lines, a network of buses and trolleys, and a commuter rail network joining Center City and other areas of the City to PHL (as defined herein) and to the surrounding counties. For more information on SEPTA, see "– Southeastern Pennsylvania Transportation Authority" and APPENDIX B – "EXPENDITURES OF THE CITY – City Payments to SEPTA."

A high-speed train line runs from southern New Jersey to Center City and is operated by the Port Authority Transit Corporation ("PATCO"), a subsidiary of the Delaware River Port Authority. On the average weekday, PATCO brings approximately 15,000 individuals to Philadelphia.

New Jersey Transit operates 19 different bus routes and the Atlantic City Train Line, all of which serve to connect Philadelphia and New Jersey. On the average weekday, the New Jersey Transit bus routes bring approximately 2,000 individuals to Philadelphia and the Atlantic City Line brings approximately 700 individuals to Philadelphia.

Amtrak, SEPTA, Norfolk Southern, CSX Transportation, Conrail and the Canadian Pacific provide inter-city commuter and freight rail services connecting the City to other major cities and markets in the United States. According to Amtrak, Philadelphia's 30th Street Station is the third busiest station in the United States. Structural improvements of \$30 million were recently completed to the station, and an additional \$60 million restoration project is awaiting federal approval.

The City now has one of the most accessible downtown areas in the nation with respect to highway transportation by virtue of Interstate 95 ("I-95"); Interstate 676 (the "Vine Street Expressway"), running east-to-west through the CBD between Interstate 76 (the "Schuylkill Expressway") and I-95; and Interstate 476 (the "Blue Route") in suburban Delaware and Montgomery Counties, which connects the Pennsylvania Turnpike and I-95 and connects to the Schuylkill Expressway, which runs to Center City. In addition, more than 100 truck lines serve the Philadelphia area.

The City is served within city limits by numerous private buses and shuttles. These buses and shuttles are operated by apartment complexes, universities, and private companies. These buses and shuttles connect Philadelphians to transit hubs, employment, and residences. A rail line reaches PHL in less than 20 minutes from the City's central business district and connects directly with the commuter rail network and the Pennsylvania Convention Center.

Philadelphia launched the Indego bike share program, sponsored by Independence Blue Cross, in April 2015. The system launched with 600 bicycles and 70 stations throughout the City from Temple University in North Philadelphia to Tasker Street in South Philadelphia and from the Delaware River on the east to 44th Street in West Philadelphia. Indego is the first bike share system in the United States to launch with a cash payment option for members. In 2017, the City expanded Indego to 1,100 bicycles and 121 bike share stations, with stations as far north as Dauphin Street in Kensington, as far south as McKean Street in South Philadelphia, and as far west as 52<sup>nd</sup> Street. In 2017, 780,000 trips were taken.

### **Southeastern Pennsylvania Transportation Authority**

SEPTA operates facilities across the PMSA, encompassing approximately 2,200 square miles and serving approximately 4.1 million inhabitants. SEPTA operates service 24 hours a day, seven days a week, 365 days a year. A significant segment of the region relies on SEPTA for public transportation and annual SEPTA ridership totaled more than 302.7 million in Fiscal Year 2018.

SEPTA's operations are accounted for in three separate divisions, the percentages following each division representing its approximate share of SEPTA's expense budget: City Transit (66%); Regional Rail Division (25%); and Suburban (9%). The City Transit Division serves the City with a network of 89 subway-elevated, light rail, trackless trolley and bus routes, providing approximately 852,000 unlinked passengers trips per weekday. The Regional Rail Division serves the City and the local counties with a network of 13 commuter rail lines providing approximately 120,000 passenger trips per weekday.

SEPTA continues to rehabilitate and replace critical infrastructure and systems, such as substations, bridges and stations. Its long-term capital program includes (i) safety and security enhancements, (ii) modernization of communication, signal equipment, and fare collection systems, (iii) replacement of rail vehicles that have exceeded their useful life, (iv) enhancing accessibility, (v) expanding capacity to address ridership growth, (vi) expanding its fleet of hybrid buses, and (vii) performing vehicle overhauls to optimize vehicle performance.

## Airport System

The Airport System serves residents and visitors from a broad geographic area that includes eleven counties within four states: Pennsylvania, New Jersey, Delaware, and Maryland. The Airport System consists of the Philadelphia International Airport (“PHL” or the “Airport”) and Northeast Philadelphia Airport (“PNE”).

### *Philadelphia International Airport*

PHL is classified by the Federal Aviation Administration as a large air traffic hub (enplaning 1.0% or more of the total passengers enplaned in the U.S.). According to data reported by Airports Council International – North America, PHL was ranked the twentieth busiest airport in the United States, serving 29.6 million passengers in calendar year 2017. PHL is located approximately seven miles from Center City on approximately 2,584 acres.

PHL has four runways, consisting of two parallel runways, a crosswind runway, and a commuter runway, as well as interconnecting taxiways. PHL’s terminal facilities consist of seven terminal units, totaling approximately 3.2 million square feet. Such terminal facilities include ticketing areas, passenger and baggage screening areas, passenger hold rooms and other amenities, baggage claim areas, approximately 175 food, retail and service establishments, and other support areas. PHL also has six active cargo facilities, a variety of support buildings, training areas, an air traffic control tower, a fixed-base operator, corporate hangars, a fueling supply facility, two American Airlines aircraft maintenance hangars, and a first-class office complex.

Outside of the PHL terminal area, there are a 14-story, 419-room hotel, seven rental car facilities, a 150-vehicle cell-phone lot, and two employee parking lots with more than 4,000 spaces. Such area also includes five parking garages and surface lots consisting of more than 18,900 vehicle spaces, operated by the Philadelphia Parking Authority.

The current Airport-Airline Use and Lease Agreement (the “Airline Agreement”) between PHL and the airlines began July 1, 2015 and has a five-year term with options for two one-year extensions. The Airline Agreement was approved by City Council in June 2015.

Capital Development. The Airport System’s long-term capital program includes (i) terminal and landside improvements, (ii) airfield improvements, (iii) security and information technology improvements, and (iv) land acquisition and ground transportation improvements, among other things.

PHL Passenger and Other Traffic Activity. The table below shows PHL passenger and cargo activity. In Fiscal Year 2018, PHL enplaned passenger traffic increased by 3.0%, domestic enplanements increased by 3.6%, international enplanements decreased by 1.2%, and total cargo traffic increased by 13.8%.

	Fiscal Year 2018	Fiscal Year 2017
Domestic Enplanements	13,238,844	12,775,958
International Enplanements	2,006,609	2,030,924
Total Enplanements	15,245,453	14,806,882
Freight (US tons)	487,086	424,009
Mail (US tons)	23,344	24,659
Total (US tons)	510,430	448,668

### *Northeast Philadelphia Airport*

PNE is located approximately ten miles northeast of Center City on approximately 1,126 acres. PNE serves as a reliever airport for PHL and provides for general aviation, air taxi, corporate, and occasional military use. PNE currently has no scheduled commercial service. There are a variety of hangars (corporate and general aviation) at PNE. There are approximately 175 general aviation aircraft based at PNE. The Airport System's long-term capital program includes PNE improvement projects.

### **Port of Philadelphia**

The Port of Philadelphia (the "Port") is located on the Delaware River within the City limits. The Port's facilities are serviced by two Class I railroads (CSX and Norfolk Southern) and provide service to major eastern Canadian points, as well as Midwestern, southern and southeastern U.S. destinations. Terminal facilities, encompassing four million square feet of warehousing, are located in close proximity to Interstate 95 and Interstate 76. Over 1,600 local general freight trucking companies operate in the MSA, according to Hoover's Inc.

The Philadelphia Regional Port Authority (the "PRPA") reported approximately 6.3 million metric tons of cargo moved through the Port in 2016, the second year of more than 6 million tons of cargo in a single calendar year, representing a 2.7% increase over 2015. The Port is the top-ranked port for meat importing in the United States, and is among the nation's leaders for fruit, cocoa, forest products and steel imports. In December 2015, the PRPA secured a new shipping service that will link directly with burgeoning port operations on the Gulf of Mexico at Veracruz and Altamira. This service will target commodities including goods such as avocados, lemons, tomatoes and commercial cargo.

As part of an ongoing project, the PRPA is working to increase the Port's competitiveness by increasing capacity by deepening the main channel of the Delaware River from 40 to 45 feet. In November 2016, the Governor announced \$300 million in Commonwealth funding to significantly expand the Port's facilities and double its capacity by 2020. Improvements will double container and auto capacity at the Port and increase the Port's ability to handle wood pulp, a food grade commodity.

## **KEY CITY-RELATED SERVICES AND BUSINESSES**

### **Water and Wastewater**

The water and wastewater systems of the City are owned by the City and operated by the City's Water Department (the "Water Department"). The water and wastewater systems are referred to herein individually as the "Water System" and "Wastewater System", respectively.

The Water System's service area includes the City and has one wholesale water service contract. Based on the 2017 U.S. Census Bureau estimate, the Water System served 1,580,863 individuals.

As of June 30, 2018, the Water System served approximately 480,000 active customer accounts using approximately 3,100 miles of mains and approximately 25,000 fire hydrants.

The City obtains approximately 58% of its water from the Delaware River and the balance from the Schuylkill River. The City is authorized by the Pennsylvania Department of Environmental Protection (the "PaDEP") to withdraw up to 423 million gallons per day ("MGD") from the Delaware River and up to 258 MGD from the Schuylkill River. On September 27, 2016, the PaDEP issued the Water Department a new water allocation permit, which expires on September 27, 2041. Under the new permit, the amount the City is authorized to withdraw from each river has not changed.

Water treatment is provided by the Samuel S. Baxter Water Treatment Plant on the Delaware River and by the Belmont and Queen Lane Water Treatment Plants on the Schuylkill River. The combined rated treatment capacity of these plants under the Water Department's Partnership for Safe Water procedures is 546 MGD. The combined maximum source water withdrawal capacity from the two rivers that supply these plants is 680 MGD. The excess source water capacity enables higher than normal withdrawal from either river should conditions limit withdrawals from one.

The Wastewater System's service area includes the City and ten wholesale wastewater service contracts. Based on the 2017 U.S. Census Bureau estimate, the Wastewater System served 1,580,863 individuals that live in the City and ten wholesale contracts.

As of June 30, 2018, the Wastewater System served approximately 545,000 accounts, including approximately 50,000 stormwater-only accounts and ten wholesale contracts with neighboring municipalities and authorities.

The Wastewater System consists of three water pollution control plants, the Northeast, Southwest and Southeast water pollution control plants (the "WPCPs"), 19 pumping stations, approximately 3,700 miles of sewers, and a privately managed centralized biosolids handling facility. It includes approximately 1,850 miles of combined sewers, 760 miles of sanitary sewers, 740 miles of stormwater sewers, 13 miles of force mains (sanitary and storm) and 349 miles of appurtenant piping. The three WPCPs processed a combined average of 413 MGD of wastewater in Fiscal Year 2018, have a 522 MGD combined average daily design capacity and a peak capacity of 1,059 MGD.

### **Solid Waste Disposal**

The City is responsible for collecting solid waste, including recycling, from residential households and some commercial establishments. On average, approximately 2,300 tons of solid waste per day are collected by the City. Municipal solid waste is disposed of through a combination of recycling processing facilities, private and City transfer stations within the City limits, and at various landfills operated outside the City limits.

### **Parks**

The City was originally designed by William Penn and Thomas Holme around five urban parks, each of which remains in Center City to this day. The City's parklands total over 10,300 acres, and include Fairmount Park, the world's largest landscaped urban park at 9,200 acres, Pennypack Park, and the Philadelphia Zoo, the country's first zoo. The City also offers its residents and visitors America's most historic square mile, which includes Independence Hall and the Liberty Bell. Under the Rebuild initiative, an estimated \$500 million will be invested in Philadelphia parks, recreation centers, playgrounds and libraries in the next several years.

### **Libraries**

The Free Library of Philadelphia, the City's public library system, comprises 54 branches and an extensive online resource system.

### **Streets and Sanitation**

The Philadelphia Streets Department (the "Streets Department") and the divisions within it are responsible for the City's large network of streets and roadways. The City's pavement condition is considered to be a "Fair" pavement condition. In order for the City to maintain its pavement in a state of good repair, local streets should be repaved once every 20 years and arterials should be repaved once every 10 years. This requires approximately 131 miles of paving every year. The pavement program has accumulated a backlog of approximately 1,100 miles since 1996. As a result of the new funding under Act 89, the Streets Department has funds to address long standing state of good repair needs without an additional allocation from the General Fund. During Fiscal Years 2014-2017, the Streets Department

invested in critical equipment replacements and began to implement a strategy to address recurring state of good repair needs. This includes critical equipment replacement, street paving and pothole repair, and replacement of traffic control equipment.

The Streets Department is also responsible for the ongoing collection and disposal of residential trash and recyclables, as well as the construction, cleanliness and maintenance of the street system. The streets system in Philadelphia totals 2,575 miles - 2,180 miles of City streets, 35 miles of Fairmount Park roads and 360 miles of state highways. The Highway Unit and Sanitation Division annually collects and disposes of approximately 600,000 tons of rubbish and 125,000 tons of recycling, completes over 48,000 miles of mechanical street cleaning, clears 1,800 major illegal dump sites, and removes over 155,000 abandoned tires.

### **Sustainability and Green Initiatives**

Mayor Kenney continues the City's commitment to make Philadelphia the greenest and most sustainable city in America. To aid in achieving this goal, the Philadelphia Energy Authority has been tasked with improving energy sustainability and affordability in the City and with educating consumers on their energy choices. The City is investing in and evaluating additional options and investing in green infrastructure to better manage storm water reclamation and reduce pollution of the City's public waters. There has been extensive investment in creating more and better public green spaces, such as Love Park in Center City, as well as green spaces along both the Delaware and Schuylkill Rivers. Finally, the City has been taking steps to further reduce automobile traffic, congestion and pollution by making Philadelphia's streets increasingly friendly to bicyclists. The City introduced its new bicycle sharing system, Indego, in 2015, as further described in "TRANSPORTATION." Bicycle share programs have been successfully implemented in other cities worldwide.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## **APPENDIX D**

### **Definitions of Certain Terms and Summary of Certain Provisions of the Indenture**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

The following sets forth the definitions of certain terms used in the Indenture and a brief summary of certain provisions of the Indenture. Certain other provisions of the Indenture relating to the 2019/2020 Bonds are summarized in the Official Statement under the section captioned “THE 2019/2020 BONDS.” Reference should be made to the Indenture for a complete statement of all of these provisions and other provisions which are not summarized in the Official Statement. Copies of the Indenture may be obtained from the Trustee.

## **DEFINITIONS OF CERTAIN TERMS**

**“2019 Closing Date”** means the date of the delivery of the 2019 Bonds, as applicable to the Underwriters against payment therefore.

**“Additional Bonds”** means bonds or notes: (i) as of the 2019 Closing Date, other than the 2010 Bonds and the 2019 Bonds, and (ii) as of the Delayed Delivery Closing Date of the 2020 Bonds, other than the 2010 Bonds maturing on June 15, 2020, the 2019 Bonds and the 2020 Bonds, authorized to be issued under the Indenture.

**“Authority”** means the Pennsylvania Intergovernmental Cooperation Authority, a body corporate and politic organized and existing as a public authority and instrumentality of the Commonwealth under and by virtue of the Constitution and laws of the Commonwealth.

**“Authority Representative”** means the person or persons at the time designated to act on behalf of the Authority by written certificate furnished to the Trustee containing the specimen signatures of such person or persons and signed on behalf of the Authority by its duly authorized agent. Such certificate may designate an alternate or alternates.

**“Board”** means the governing board of the Authority.

**“Bond”** or **“Bonds”** means all bonds authorized to be issued pursuant to authorizing resolutions previously adopted by the Authority and executed and delivered under and pursuant to such authorizing resolutions and the Indenture, as the same was amended and supplemented from time to time, including any bonds issued in substitution therefor, and any Additional Bonds issued pursuant to the Indenture.

**“Bond Counsel”** means any firm of nationally recognized bond counsel acceptable to the Authority.

**“Bondholder”** or **“Holder”** means the registered owner of any Bond.

**“Bond Redemption Fund”** means the separate fund of such name established under the Indenture.

**“Bond Register”** means the list of the names and addresses of Bondholders and the principal amounts and numbers of the Bonds held by them maintained by the Registrar on behalf of the Authority.

**“Bond Year”** for any Series of Bonds means each one-year period (or shorter period from the date of issue) that ends at the close of business on the date in the calendar year that is elected by the Authority as permitted under the Code.

**“Business Day”** means a day other than a Saturday, Sunday or holiday on which the Trustee or any applicable Credit Facility Issuer are authorized to be closed under applicable state or federal law.

**“Capital Projects Fund”** means the separate fund of such name established under the Indenture.

**“City Account”** means the account of such name created under the Act and the Disbursement Agreement.

**“City Obligations”** means any direct obligations of the City, including tax and revenue anticipation notes of the City, or any obligations guaranteed by the City, the investment in which shall have been approved by the Authority in accordance with Section 311(b) of the Act.

**“Code”** means the Internal Revenue Code of 1986, as amended, or any successor legislation, and the regulations and published rulings promulgated thereunder or applicable thereto.

**“Credit Facility”** means the Municipal Bond Debt Service Reserve Fund Policy issued by the Credit Facility Issuer, and any other letter of credit, bond insurance policy, or other credit facility meeting the requirements of, and delivered to the Trustee in accordance with, the Indenture in connection with the issuance of Additional Bonds to satisfy the Debt Service Reserve Requirement for the Debt Service Reserve Fund.

**“Credit Facility Issuer”** means Financial Guaranty Insurance Company (policy novated to National Public Finance Guarantee Corporation) and each issuer of a Credit Facility then in effect, and its successors. Reference to the Credit Facility Issuer shall be read to mean each issuer of a Credit Facility.

**“Debt Service Fund”** means the separate fund of such name established under the Indenture.

**“Debt Service Requirement”** means for a specified period the principal of (whether at maturity or pursuant to mandatory redemption) and interest (other than capitalized interest) on Outstanding Bonds payable during the period. If any Series bears interest at a variable interest rate, the interest thereon shall be deemed to be an amount calculated using an interest rate equal to the maximum interest rate permitted for such Series under the authorizing Supplemental Indenture. If the repayment obligation of the Authority under a Credit Facility with respect to a particular Series is secured on a parity with the Bonds and provides for a different rate of interest or amortization period than such Series, the principal and interest during a period for such Series of Bonds for purposes of computing the Debt Service Requirement shall be based upon the maximum interest rate and amortization provisions of the Credit Facility if they result in a higher Debt Service Requirement. If an interest rate exchange agreement, interest rate cap and floor agreement or other similar agreement permitted by Section 304(10) of the Act is in effect with respect to a Series of Bonds and the unguaranteed debt of the obligated counterparty is rated in one of the two highest rating categories by S&P and Moody's and no default exists under such agreement, the principal and interest payable during a period for such Series of Bonds for purposes of computing the Debt Service Requirement for such period shall be determined by reference to the net amount payable by the Authority under or after giving effect to such agreement.

**“Debt Service Reserve Fund”** means the separate fund of such name established under the Indenture.

**“Debt Service Reserve Requirement”** means an amount equal to the lesser of (i) the Maximum Annual Debt Service Requirement with respect to all Bonds outstanding under the Indenture, and (ii) the maximum amount permitted by the Code.

**“Deficit Fund”** means the separate Fund of such name established under the Indenture.

**“Delayed Delivery Closing Date”** means the date of the delivery of the 2020 Bonds, as applicable to the Underwriters against payment therefore.

**“Department”** means the Department of Revenue of the Commonwealth.

**“Depository”** means U.S. Bank National Association, successor to First Union National Bank, a national banking association organized and existing under the laws of the United States, as Depository under the Disbursement Agreement, and its successors and assigns.

**“Disbursement Agreement”** means the City Account Deposit and Disbursement Agreement dated as of December 6, 1991 between the Authority and the Depository and acknowledged and agreed to by the City as the same may be amended, modified or supplemented and in effect from time to time.

**“Event of Default”** means any event specified as such in Section 8.01 of the Indenture.

**“Fitch”** means Fitch Ratings, Inc., a corporation organized and existing under the laws of the State of New York, its successors and assigns and if such corporation shall for any reason no longer perform the actions of a securities rating agency, “Fitch” shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority.

**“Government Obligations”** means any of the following which are noncallable and which at the time of investment are legal investments under the Act for the moneys proposed to be invested therein:

(a) direct general obligations of, or obligations the payment of principal of and interest on which are unconditionally guaranteed as to full and timely payment by, the United States of America (“Direct Obligations”);

(b) direct obligations and fully guaranteed certificates of beneficial interest of the Export-Import Bank of the United States; consolidated debt obligations and letter of credit-backed issues of the Federal Home Loan Banks; participation certificates and senior debt obligations of the Federal Home Loan Mortgage Corporation (“FHLMCs”); debentures of the Federal Housing Administration; mortgage-backed securities (except stripped mortgage securities which are valued greater than par on the portion of unpaid principal) and senior debt obligations of the Federal National Mortgage Association (“FHMAs”); participation certificates of the General Services Administration; guaranteed mortgage-backed securities and guaranteed participation certificates of the Government National Mortgage Association (“GNMAs”) guaranteed participation certificates and guaranteed pool certificates of the Small Business Administration; debt obligations and letter of credit-backed issues of the Student Loan Marketing Association; local authority bonds of the U.S. Department of Housing & Urban Development; and guaranteed Title XI financings of the U.S. Maritime Administration; or

(c) obligations issued by the Resolution Funding Corporation pursuant to the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (the “FIRRE Act”), (i) the principal of which obligations is payable when due from payments of the maturing principal of non-interest bearing direct obligations of the United States of America which are issued by the Secretary of the Treasury and deposited in the Funding Corporation Principal Fund established pursuant to the FIBRE Act, and (ii) the interest on which obligations, to the extent not paid from other specified sources, is payable when due by the Secretary of the Treasury pursuant to the FIRRE Act.

**“Investment Earnings”** means all interest and income received from the investment of funds held under the Indenture, losses suffered by reason of such investment, and any interest paid by the Trustee or any other depository of any fund established under the Indenture, and any net profits or losses resulting from the sale of securities.

**“Investment Securities”** means each of the following:

(1) Obligations of any of the following federal agencies which obligations represent the full faith and credit of the United States of America, including:

- Export-Import Bank
- Rural Economic Community Development Administration
- U.S. Maritime Administration
- Small Business Administration
- U.S. Department of Housing & Urban Development (PHAs)
- Federal Housing Administration
- Federal Financing Bank.

(2) Direct obligations of any of the following federal agencies whether or not such obligations are fully guaranteed by the full faith and credit of the United States of America:

- Senior debt obligations issued by the Federal National Mortgage Association (FNMA) or Federal Home Loan Mortgage Corporation (FHLMC).
- Obligations of the Resolution Funding Corporation (REFCORP)
- Senior debt obligations of the Federal Home Loan Bank System
- Senior debt obligations of other Government Sponsored Agencies.

(3) U.S. dollar denominated deposit accounts, federal funds and bankers' acceptances with domestic commercial banks which have a rating on their short term certificates of deposit on the date of purchase of "P-1" by Moody's and "A-1" or "A-1+" by S&P and maturing not more than 360 calendar days after the date of purchase. (Ratings on holding companies are not considered as the rating of the bank);

(4) Commercial paper which is rated at the time of purchase in the single highest classification, "P-1" by Moody's and "A-1+" by S&P and which matures not more than 270 calendar days after the date of purchase;

(5) Investments in a money market fund rated "AAAm" or "AAAm-G" or better by S&P;

(6) Pre-refunded Municipal Obligations defined as follows: any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state which are not callable at the option of the obligor prior to maturity or as to which irrevocable instructions have been given by the obligor to call on the date specified in the notice; and

(A) which are rated, based on an irrevocable escrow account or fund (the "escrow"), in the highest rating category of Moody's or S&P or any successors thereto; or

(B) (i) which are fully secured as to principal and interest and redemption premium, if any, by an escrow consisting only of cash or obligations described in paragraphs (1) or (2) above, which escrow may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations on the maturity date or dates thereof or the specified redemption date or dates pursuant to such irrevocable instructions, as appropriate, and (ii) which escrow is sufficient, as verified by a nationally recognized independent certified public accountant, to pay principal of and interest and redemption premium, if any, on the bonds or other obligations described in this paragraph on the maturity date or dates specified in the irrevocable instructions referred to above, as appropriate.

(7) Municipal Obligations rated "Aaa/AAA" or general obligations of States with a rating of "A2/A" or higher by both Moody's and S&P;

(8) That certain “Debt Service Reserve Forward Delivery Agreement” dated as of June 6, 2000 by and between the Trustee, the Authority and Wachovia Bank, National Association (successor to First Union Securities, Inc.) and any securities which are “Eligible Securities” as defined therein;

(9) That certain “Debt Service Reserve Forward Delivery Agreement” dated as of June 6, 2000 by and between the Trustee, the Authority and JPMorgan Chase Bank, National Association, and any securities which are “Eligible Securities” as defined therein;

(10) Government Obligations; and

(11) Investment Securities, as defined in the Amended and Restated Indenture.

Notwithstanding the foregoing, no moneys of the Authority may be invested in obligations issued by or obligations guaranteed by the City, without the approval of a qualified majority of the board of the Authority, and, in any case, no moneys held in a debt service reserve fund may be invested in obligations issued by or obligations guaranteed by the City.

**“Maximum Annual Debt Service Requirement”** means the maximum Debt Service Requirement in any subsequent fiscal year of the Authority on Bonds expected to be Outstanding at the time of such calculation.

**“Moody's”** means Moody's Investors Service, Inc., a corporation organized and existing under the laws of the State of Delaware, its successors and assigns, and if such corporation shall for any reason no longer perform the functions of a securities rating agency, “Moody's” shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority.

**“Municipal Obligations”** means any obligations issued or guaranteed by any state or political subdivision of a state or by any public instrumentality of any of the foregoing.

**“Outstanding,” “Bonds Outstanding” or “outstanding Bonds”** mean all Bonds which have been authenticated and delivered under the Indenture, except:

(a) Bonds cancelled after purchase in the open market or because of payment or redemption prior to their maturity;

(b) Bonds for the payment or redemption of which cash or Government Obligations shall have been theretofore deposited with the Trustee (whether upon or prior to the maturity date or redemption date of any such Bonds) in accordance with Article VII of the Amended and Restated Indenture; provided that if such Bonds are to be redeemed prior to their stated maturity date, notice of such redemption shall have been given or arrangements satisfactory to the Trustee shall have been made therefor, or waiver of such notice satisfactory in form to the Trustee shall have been filed with the Trustee; and

(c) Bonds in lieu of which others have been authenticated under Section 2.07 or Section 2.08 of the Amended and Restated Indenture.

**“Person”** means a corporation, association, partnership, limited liability company, joint venture, trust, organization, business, individual or government or any governmental agency or political subdivision thereof.

**“PICA Tax Disbursement Agreement”** means the letter agreement between the Authority and the State Treasurer pursuant to which the Authority has designated the Trustee as the Trustee for the

funds required or permitted to be established pursuant to Chapter 3 of the Act for the security and payment of the 2010 Bonds maturing on June 15, 2020, the 2019 Bonds, the 2020 Bonds and all other Series of Bonds issued under the Indenture and the State Treasurer has acknowledged and agreed to the terms of such letter agreement.

**“PICA Tax Ordinance”** means the ordinance (Bill No. 1437) of the City approved June 12, 1991 enacting the Income Tax.

**“PICA Taxes”** means the Income Tax and any other taxes which may be enacted hereafter by the City pursuant to the Act for the exclusive purposes of the Authority and which are pledged by the Authority to secure the Bonds in a Supplemental Indenture.

**“Pledged Revenues”** means all amounts received by-or payable to or at the direction ,of the Authority constituting proceeds (including interest and penalties) of any PICA Taxes and all moneys and securities held by the Trustee under the Indenture, together with any earnings thereon, except moneys and securities, together with any earnings thereon, held in the Rebate Fund.

**“Rating Agency”** means each nationally recognized securities rating agency then maintaining a rating on the 2019 Bonds and 2020 Bonds at the request of the Authority, which at the time of issuance of the 2019 Bonds and at the time of issuance of the 2020 Bonds includes S&P, Moody's and Fitch.

**“Registrar”** means the Registrar appointed in accordance with the provisions of the Indenture. **“Principal Office”** of the Registrar means the office thereof designated in writing to the Authority and the Trustee.

**“Revenue Fund”** means the separate fund of such name established under the Indenture.

**“S&P”** means Standard & Poor's Ratings Group, a Division of McGraw Hill, Inc., a corporation organized and existing under the laws of the State of New York, its successors and assigns, and if such corporation shall for any reason no longer perform the functions of a securities rating agency, “S&P” shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority.

**“Series”** or **“Series of Bonds”** means all of the Bonds designated as being of the same series at the time of issuance thereof in one transaction and any Bonds thereafter authenticated and delivered in lieu thereof or in substitution therefor pursuant to the Indenture, as the same shall be amended and supplemented from time to time.

**“Special Payment Date”** means with respect to Outstanding Bonds the date set for the payment of interest or principal that was not paid when due on any Interest Payment Date or on any date that principal is due, which date shall be fixed by the Trustee whenever moneys become available for the payment of such interest or principal.

**“Special Record Date”** means the date (whether or not a Business Day) fixed to determine the names and addresses of holders of any series of Bonds for purposes of paying principal or interest on a Special Payment Date.

**“State Treasurer”** means the State Treasurer of the Commonwealth.

**“Supplemental Indenture”** means any indenture of the Authority amending or supplementing the Indenture for any purpose, in accordance with the terms of the Indenture.

**“Tax Collection Agency Agreement”** means the agreement between the Department and the City, acting through its Revenue Department and its Law Department, which sets forth the manner in which the Revenue Department and the Law Department of the City shall collect income tax on behalf of the Department and in which amounts collected shall be transferred to the Commonwealth account designated by the Department.

**“Trustee”** means U.S. Bank National Association, as successor trustee, a national banking association organized and existing under the laws of the United States, as the Trustee under the Indenture, its successors in trust under the Indenture and its assigns.

Words importing singular number shall include the plural number, and vice versa, words importing persons shall include, firms and corporations and the masculine shall include the feminine, and vice versa, wherever the context requires.

## **SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE**

### **Pledge and Assignment**

Under the Indenture, the Authority assigns, pledges and grants to the Trustee a security interest in the following property (the “Trust Estate”): (i) all of the Authority's right, title and interest in and to the Pledged Revenues; (ii) all right, title and interest of the Authority in and to all moneys and securities from time to time held by the Trustee under the terms of the Indenture, except for moneys and securities held in the Rebate Fund; and (iii) any and all other property rights and interests of every kind or nature as the Authority may from time to time assign, pledge and grant to the Trustee as additional security under the Indenture, in trust for the equal and proportionate benefit, security and protection of all present and future Holders of Bonds to secure the payment of the principal of, premium, if any, and interest on the Bonds, without privilege, priority or distinction as to the lien or otherwise of any of the Bonds over any of the other Bonds, except in the case of funds held for the benefit of particular Bonds, to the extent provided in the Indenture, for the performance and observance of the covenants contained in the Indenture and in the Bond, and for the benefit of any Credit Facility Issuer to the extent provided in the Indenture.

### **Creation of Funds**

The Trustee has established under the Indenture the following funds: Revenue Fund, Debt Service Fund, Debt Service Reserve Fund, Bond Redemption Fund, Capital Projects Fund, Deficit Fund, Rebate Fund and Settlement Fund. Each of these funds is to be held in trust by the Trustee under the Indenture and, except for the Rebate Fund, which shall not be subject to any security interest, pledge, assignment, lien or charge in favor of the Trustee, any Bondholder, any Credit Facility Issuer or any other Person; such funds are pledged to secure the obligations to Bondholders and each Credit Facility Issuer under the Indenture. The Trustee shall establish accounts in each fund (other than the Debt Service Reserve Fund) to identify the Series of Bonds providing the source of money in such account or in respect of which money in such account is available to pay debt service. Moneys in accounts in respect of a particular Series shall only be available to pay debt service or the redemption price of the Bonds of such Series, except as may otherwise be provided in the Indenture or in the Supplemental Indenture adopted at or prior to the time of issuance of such Series. References in the following discussion of the various funds to transfers from certain funds to other funds are to be read to refer to transfers from the several accounts of the respective funds to the corresponding accounts of the other funds relating to the same Series of Bonds.

## **Deficit Fund**

At the time of issuance of each Series of Bonds, there shall be deposited in the Deficit Fund such amount as shall be specified in the Indenture or the Supplemental Indenture authorizing the issuance of such Series of Bonds. Amounts in the Deficit Fund constituting proceeds of any Series of Bonds shall be applied as provided in the Indenture or the Supplemental Indenture authorizing such Series of Bonds. If there are insufficient amounts in the Debt Service Fund to make any payment of principal of or interest due on the Bonds and there are no available amounts in the Debt Service Reserve Fund or the Capital Projects Fund for such purpose, the Trustee shall transfer amounts from the Deficit Fund to the Debt Service Fund to the extent necessary to eliminate such deficiency. In addition, if any provision of Section 202 of the Act is held invalid by a court of competent jurisdiction, the Trustee shall not transfer any amounts from the Deficit Fund to the City unless it receives an Order from the Supreme Court of Pennsylvania permitting such transfer.

## **Capital Projects Fund**

At the time of issuance of each Series of Bonds, there shall be deposited in the Capital Projects Fund such amount as shall be specified in the Indenture or in the Supplemental Indenture authorizing the issuance of such Series of Bonds. Amounts in the account in the Capital Projects Fund derived from proceeds of a Series of Bonds shall be disbursed only for costs of the capital projects identified in the Indenture or in the Supplemental Indenture authorizing the issuance of such Series of Bonds. The capital projects to be funded from the Capital Projects Fund may be revised by the Authority, with the consent of the City, upon delivery to the Trustee of, among other things, an opinion of Bond Counsel to the effect that such revision is permitted under the Act and will not adversely affect the excludability of interest on any Bonds from gross income for federal tax purposes. Such revision shall not require execution of a Supplemental Indenture and shall not be considered an amendment requiring consent of any Bond Insurer or Bondholders.

The Trustee shall transfer amounts in the applicable account in the Capital Projects Fund to the Encumbered Funds Account upon the receipt of a requisition signed by the Authority accompanied by a notice (in the form prescribed in the Indenture) from the City to the Authority to the effect that the City is prepared to award a contract for or commence work on an approved capital project or projects, which notice shall identify in reasonable detail: (i) the capital project or projects, (ii) the amount of the contract to be awarded or the cost of work to be encumbered, and (iii) the proposed date of award of such contract or the proposed date of commencement of the work. The Trustee shall not transfer amounts from the Capital Projects Fund to the Encumbered Funds Account at any time when a suspension of payment from the Commonwealth to the City is in effect as a result of the Authority certifying that the City is not in compliance with an approved financial plan pursuant to provisions of the Act and the Trustee has notice of such suspension. In addition, the Trustee shall not transfer amounts from the Capital Projects Fund to the Encumbered Funds Account if any provision of Section 202 of the Act is held invalid by a court of competent jurisdiction, unless the Trustee receives an order of the Supreme Court of Pennsylvania permitting such transfer. Upon completion, termination or abandonment of any capital project with respect to which moneys shall have been disbursed to the Encumbered Funds Account, any unspent moneys deposited therein for such capital project shall, to the extent not approved by the Authority for application to other capital projects being funded from the Encumbered Funds Account, be deposited, at the direction of the Authority and the City, in the Capital Projects Fund.

Amounts remaining in any account in the Capital Projects Fund after completion, termination or abandonment of the capital project or projects to be financed with the proceeds of the related Series of Bonds shall be transferred at the direction of the Authority to the Debt Service Fund for the payment of principal next becoming due on the applicable Series of Bonds or to the Bond Redemption Fund for redemption of Bonds of such Series at the earliest practicable date that Bonds of such Series can be

redeemed without a premium unless the Trustee is directed by the Authority at the request of the City to apply such excess for a purpose permitted under the Act and receives an opinion of Bond Counsel that such use is permitted under the Act and will not adversely affect the excludability of interest on any Bonds from gross income for federal income tax purposes.

To the extent that amounts in the Debt Service Fund are insufficient to make any payment of principal of or interest due on the Bonds after all available amount in the Debt Service Reserve Fund have been used, the Trustee shall transfer amounts from the Capital Projects Fund to the Debt Service Fund to the extent necessary to eliminate such deficiency.

### **Revenue Fund**

All payments of PICA Taxes made to the Trustee by the State Treasurer shall be received by the Trustee and deposited by the Trustee in the Revenue Fund. The Trustee shall transfer sums from the Revenue Fund to other funds as provided in the Indenture and as more particularly described in the Official Statement under "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS — Authority Tax." Any moneys remaining in the Revenue Fund after all such transfers have been made shall be transferred by the Trustee to the Depository for deposit to the City Account.

### **Debt Service Fund**

On the date of settlement for each Series of Bonds, there shall be deposited in the Debt Service Fund an amount equal to the accrued interest, if any, on such Series of Bonds to the date of settlement therefor and any capitalized interest in respect of such Series. Amounts received by the Trustee pursuant to an interest rate exchange agreement or other agreement permitted by Section 304(10) of the Act in respect of a Series of Bonds shall be credited to the accounts in respect of such Series of Bonds.

Moneys in the Revenue Fund shall be transferred to the Debt Service Fund to the extent necessary to cause the aggregate amount deposited therein in each month to equal the sum of (i) the aggregate for all Series of Bonds paying interest semiannually of 1/6 (such fraction to be increased or decreased, as appropriate, for a Series of Bonds to account for any initial or final interest period shorter or longer than six months) of the amount of interest that will be due and payable on each such Series of Bonds Outstanding on the next succeeding Interest Payment Date for the respective Series, (ii) the aggregate for all Series of Bonds paying interest at an interval other than semiannually of an amount equal to the interest that will be due and payable or otherwise accrue on each such Series of Bonds during such month (assuming that interest due on such Bonds will be payable at the maximum interest rate applicable to such Bonds, and taking into account (A) any amounts received from the counterparty to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement deposited directly into the Debt Service Fund, and (B) any amounts remaining in the Debt Service Fund from prior months' transfers from the Revenue Fund in excess of the amount actually paid or accrued as interest on such Bonds for such prior months), (iii) the aggregate for all Series of Bonds of 1/12 (such fraction to be increased, as appropriate, for a Series to account for any initial or final principal payment period shorter than 12 months), of the amount of principal that will become due and payable on each Series of Bonds (whether upon maturity or mandatory redemption) on the next succeeding principal payment date (whether upon maturity or mandatory redemption) for the respective Series occurring within the next year following the date of such transfer, (iv) any deficiency in deposits required to be made in prior months under the preceding clauses (i), (ii) and (iii) which has not been eliminated and (v) any amount owed to any Credit Facility Issuer in respect of payments made for principal and interest on Bonds. The Trustee shall use the moneys in the Debt Service Fund to pay the principal of and mandatory sinking fund installments and interest on the Bonds as it becomes due and payable and to pay any amount owed to the Credit Facility Issuer in respect of payments made for principal and interest on Bonds.

## **Debt Service Reserve Fund**

There shall be maintained in the Debt Service Reserve Fund an amount equal to the Debt Service Reserve Requirement for all Outstanding Bonds. In lieu of such deposit, at the time of issuance of a Series, subject to approval of the Bond Insurer, if any, there may be provided a Credit Facility in such amount issued by a Credit Facility Issuer whose credit facilities are such that bonds secured by such credit facilities are rated in one of the three highest rating categories by Moody's and S&P. To the extent that additional amounts are required to be deposited in the Debt Service Reserve Fund, such moneys shall come from sources other than the proceeds of the Bonds. Moneys in the Revenue Fund shall be transferred to the Debt Service Reserve Fund to the extent necessary to eliminate a deficiency therein. To the extent that there is an excess amount in the Debt Service Reserve Fund as of the date any valuation is required to be made as provided in the Indenture, unless otherwise provided in the Supplemental Indenture authorizing the issuance of such Series, the excess (other than any Investment Earnings) shall be transferred, at the written direction of the Authority, either to the Debt Service Fund or the Bond Redemption Fund as provided in the Indenture, or, subject to an approving opinion of Bond Counsel, as directed in writing by the Authority.

Investment Earnings from investments of amounts in the Debt Service Reserve Fund shall be applied by the Trustee as follows:

- (a) the Trustee shall retain in the Debt Service Reserve Fund the amount necessary to eliminate deficiency therein;
- (b) the Trustee shall transfer to the Rebate Fund in respect of each Bond Year such amount as is certified by the Authority to the Trustee pursuant to the applicable Tax Compliance Agreement as the Rebate Amount and Yield Reduction Amount, if any, for such Bond Year with respect to the 2010 Bonds maturing on June 15, 2020, the 2019 Bonds and the 2020 Bonds and such additional amount for each other Series of Bonds as may be specified in the Supplemental Indenture authorizing the Series;
- (c) the Trustee shall transfer to the Authority the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made (together with transfers from the Revenue Fund), to equal the total operating expenses of the Authority for such fiscal year as set forth in the certificate of the Authority filed with the Trustee in respect of such fiscal year; and
- (d) the Trustee shall transfer any remaining amount to the Revenue Fund.

If there are insufficient moneys to pay the Debt Service Requirement on any Series of Bonds on any Interest Payment Date or maturity date of such Series of Bonds, the Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund amounts necessary to make such payments from the Debt Service Fund.

In the event any application of funds in the Debt Service Reserve Fund in accordance, with the preceding paragraph causes the amount in the Debt Service Reserve Fund to be less than the Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority.

The Trustee shall value the Investment Securities, if any, held in the Debt Service Reserve Fund at the end of each Bond Year for such Series and six months after the end of each such Bond Year. Investments in the Debt Service Reserve Fund, other than guaranteed investment contracts, shall be valued at fair market value. Guaranteed investment contracts shall be valued at the amortized cost thereof plus accrued interest. If the value of such Investment Securities plus any moneys in the Debt Service Reserve Fund (other than Investment Earnings which have not yet been transferred as described above)

falls below the Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority. Such deficiency shall be eliminated as indicated above and if necessary by the transfer from the Revenue Fund described in the Indenture.

Upon a redemption or final maturity of all of the Bonds of a Series, moneys in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement shall be applied as discussed above.

### **Bond Redemption Fund**

The Trustee shall deposit in the Bond Redemption Fund amounts received from any source for redemption of Bonds other than mandatory sinking fund payments.

Moneys deposited into the Bond Redemption Fund shall be used to redeem Bonds or, at the request of the Authority in writing, to purchase Bonds in the open market at a price not in excess of the principal amount thereof plus accrued interest thereon. Upon such deposit, to the extent such moneys are to be used to redeem Bonds, the Trustee shall promptly select and call Bonds for redemption.

### **Rebate Fund**

Amounts shall be deposited in the Rebate Fund in order to comply with rebate requirements of Section 148 of the Code and shall not be subject to any security interest, pledge, assignment, lien or charge in favor of the Trustee, any Bondholder, any Credit Facility Issuer or any other Person. The provisions of the Indenture regarding the Rebate Fund may be amended upon receipt by the Trustee and the Authority of an opinion of Bond Counsel that such amendment will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any moneys released from the Rebate Fund as a result of any such amendment shall be applied by the Trustee as required or permitted (in which case such application shall be at the written direction of the Authority) by such opinion of Bond Counsel.

The Authority is required to determine the Rebate Amount and Yield Reduction Amount, if any, in respect of each Series of Bonds or cause the same to be determined within 30 days after the end of each Bond Year and upon the retirement of the last Bond of a particular Series and to give written notification of such amounts to the Trustee. Following receipt of such notification, the Trustee is required to transfer first from Investment Earnings on the Debt Service Reserve Fund and then from the Revenue Fund to the Rebate Fund such amount as may be necessary so that the amount in the Rebate Fund shall be equal to the Rebate Amount and Yield Reduction Amount, if any, as of the computation date. In the event that as of the first day of any Bond Year in respect of each Series of Bonds, the amount on deposit in the Rebate Fund exceeds the Rebate Amount and Yield Reduction Amount, if any, the Trustee, at the direction of the Authority, shall transfer such excess amount into the Revenue Fund. If any amount shall remain in the Rebate Fund after the Trustee has made the final payment to the United States in respect of each Series of Bonds pursuant to the Indenture, such amount shall be transferred to the Revenue Fund.

### **Settlement Fund**

The Trustee has established a Settlement Fund under the Indenture to hold funds to be applied to the costs of issuance of the 2019 Bonds and the 2020 Bonds. Upon the payment of the costs of issuance, moneys in the Settlement Fund with respect to the 2019 Bonds and the 2020 Bonds, respectively, are to be transferred to the Debt Service Fund.

## **Pledged Revenues**

The Pledged Revenues, which secure the payment of amounts due in respect of the Bonds, consist of all amounts received by or payable to or at the direction of the Authority constituting proceeds (including interest and penalties) of any PICA Taxes and all moneys and securities held by the Trustee under the Indenture, together with any earnings thereon, except moneys and securities held in the Rebate Fund.

## **Pledge of Pledged Revenues**

The Pledged Revenues are trust funds and shall not be subject to lien (other than that of the Indenture or any lien thereon granted to secure the payment of any subordinated indebtedness of the Authority in accordance with the terms of the Indenture) or attachment by any creditor of the Authority.

## **Investment of Funds**

Moneys in the funds established under the Indenture shall, to the extent permitted by law and at the written direction of the Authority, be invested and reinvested in Investment Securities or City Obligations, except that moneys in the Debt Service Fund, the Revenue Fund and the Rebate Fund shall only be invested only in Government Obligations with maturities which will assure the availability of money at the time when needed; and moneys in the Debt Service Reserve Fund shall only be invested in Investment Securities with a maturity of not more than five years; provided, however, that if moneys are invested in a guaranteed investment contract or a repurchase agreement which allows the full principal of and interest on the investment to be withdrawn at par on any principal or interest payment date for the Bonds, such guaranteed investment contract or repurchase agreement may have a maturity longer than five years but not longer than ten years. Investment Earnings shall be added or charged to the Revenue Fund when earned or realized, subject to the provisions of the Indenture in the case of defeasance, and provided that (i) Investment Earnings from investment of amounts in the Debt Service Reserve Fund shall be applied as described under “Debt Service Reserve Fund” above; (ii) Investment Earnings from investment of amounts in the Rebate Fund shall remain in the Rebate Fund and become a part thereof, to be disbursed as described under “Rebate Fund” above; and (iii) Investment Earnings from investment of amounts in the Capital Projects Fund shall remain in the Capital Projects Fund so long as costs of capital projects are to be paid therefrom.

## **Covenants of the Authority**

The Authority covenants, among other things, that it will promptly pay or cause to be paid, but only from the Pledged Revenues, the principal of, premium, if any, and interest on all Bonds, and that it shall do and perform or cause to be done or performed all acts and things required to be done or performed by it under the Act and that it shall comply with all valid acts, rules, regulations, orders and directions applicable to the Indenture. The Authority has covenanted not to enter into any interest rate exchange agreement, interest rate cap and floor agreement or other similar agreement permitted by the Act if entering into such agreement would materially adversely affect any rating of the Bonds by Moody's, S&P or Fitch. The Authority also covenants at all times, to the extent permitted by law, to defend, preserve and protect the assignment and pledge of and security interest in, the Trust Estate under the Indenture and all the rights of the Bondholders and all Credit Facility Issuers under the Indenture against all claims and demands of all persons whomsoever.

The Authority covenants with the Holders from time to time of the Bonds and the Authority shall cause the City to covenant with the Authority and Trustee that they will not make any investment or other use of the proceeds of the Bonds which would cause the Bonds the interest on which, when such Bonds were issued, was intended, to be excluded from gross income for federal income tax

purposes to be “arbitrage bonds” (as that term is defined in Section 148 of the Code and all applicable regulations promulgated thereunder), and that they will comply with the requirements of such Code section and regulations throughout the term of all such Bonds.

The Authority shall deliver to the Trustee and to Moody's, S&P, Fitch and any Credit Facility Issuer within 120 days after the end of each fiscal year, on the basis of an audit conducted by independent certified public accountants, financial statements of the Authority at the end of such fiscal year together with notes and exhibits thereto (which shall include exhibits showing (i) all Bonds of the Authority then Outstanding, (ii) a summary of total annual debt service requirements and (iii) a statement of debt service coverage), which financial statements shall be audited by a firm of independent certified public accountants in accordance with generally accepted auditing standards. The Trustee is authorized to deliver copies of such financial statements to Bondholders and to any other Person who requests such financial statements.

### **Defaults and Remedies**

Each of the following events constitutes an Event of Default under the Indenture:

- (a) Default in the due and punctual payment of interest on any Bond after such payment has become due and payable; or
- (b) Default in the due and punctual payment of the principal or mandatory sinking fund installment of any Bond, whether at the stated maturity thereof or upon proceedings for redemption thereof; or
- (c) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Authority contained in the Indenture, any Supplemental Indenture or in the Bonds; or
- (d) Failure by the City to perform any of its covenants or agreements contained in the PICA Tax Ordinance or in any other ordinance of the City enacting PICA Taxes; or
- (e) Failure by the State Treasurer or the Department in the performance of any of their duties under the Act or covenants or agreements contained in the PICA Tax Disbursement Agreement or the Tax Collection Agency Agreement;

provided, however, that a default under (c) or (e) shall not constitute an Event of Default unless the Authority, the State Treasurer or the Department, as applicable, shall have had thirty (30) days after receipt of notice of such default from the Trustee or from the Bondholders of not less than twenty-five percent (25%) in aggregate principal amount of all Outstanding Bonds to correct said default or cause said default to be corrected and shall not have corrected said default or caused said default to be corrected within such period; provided that, if said default is such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the Authority, the State Treasurer or the Department, as applicable, within the applicable period and diligently pursued until the default is corrected; provided, further, that the period to cure any of such defaults shall be only seven (7) days in the case of a default in the payment of money and shall be such shorter period as may be specified in the notice of such default in the case of any default which would have a material adverse effect on the tax exempt status of the 2019 Bonds or the 2020 Bonds if not cured sooner than the period specified in the notice.

Upon the occurrence of an Event of Default, the Trustee may pursue any available remedy at law or in equity, including, without limitation, enforcement of the rights of the Trustee and the

Bondholders under the PICA Tax Ordinance or the Tax Compliance Agreement, the remedies provided in Section 305 of the Act and the rights of enforcement provided in Section 310 of the Act, to enforce the payment of the principal of, premium, if any, and interest on the Outstanding Bonds, the performance by the Authority of its obligations under the Indenture and the performance by the Department and by the State Treasurer of their obligations under the Act. Notwithstanding the foregoing, there shall be no right to accelerate the time for payment of the Bonds. Without limiting the generality of the foregoing, if at any time the Trustee shall not receive the Pledged Revenues for transfer to the Debt Service Fund at the times and on the dates required by the Act and the Indenture, the Trustee shall promptly enforce the pledge of, security interest in and lien and charge on the Pledged Revenues against all government agencies (as defined in the Act) in possession of any of such Pledged Revenues at any time and shall send notice to the Department and the State Treasurer requesting that they take appropriate corrective actions.

If an Event of Default shall have occurred and be continuing and if directed in writing by the Bondholders of 25% in aggregate principal amount of Outstanding Bonds and upon being indemnified as provided in the Indenture, the Trustee shall be obligated to exercise such one or more of the rights and powers specified in the preceding paragraph, as directed, provided such direction shall not be otherwise than in accordance with law and the provisions of the Indenture and the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would prejudice Bondholders not parties to such direction.

No waiver of any Event of Default under the Indenture, whether by the Trustee or by the Bondholders, shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

Anything in the Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the term and conditions of the Indenture, provided that such direction shall not be otherwise than in accordance with the provisions of law and of the Indenture. The Trustee shall not be required to follow any direction from the Bondholders in the absence of indemnification of the Trustee, in accordance with the Indenture, in form and substance satisfactory to the Trustee.

### **Limitation on Actions by Bondholders**

Under certain circumstances set forth in the Indenture, Bondholders may direct proceedings with respect to an Event of Default; however, no Bondholder shall have the right to pursue any remedy under the Indenture unless (a) the Trustee has been notified of an Event of Default as provided in the Indenture, (b) the Bondholders of not less than 25% of the aggregate principal amount of Outstanding Bonds shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers with respect to remedies granted under the Indenture or to pursue such remedy in their name or names, (c) the Trustee shall have been offered security and indemnity satisfactory to it against costs, expenses and liabilities and (d) the Trustee shall have failed or refused to comply with such request. Notwithstanding the foregoing, nothing in the Indenture shall affect or impair the right of any Bondholder to enforce the payment of the principal of, premium, if any, and interest on each of the Bonds to and for the equal benefit of all Bondholders at the time and place, from the source and in the manner expressed in the Bonds.

## **Waivers of Events of Default**

The Trustee may at its discretion waive any Event of Default under the Indenture and its consequences, and shall do so upon the written request of the Bondholders of (1) not less than 66-2/3% in aggregate principal amount of all Outstanding Bonds in respect of which default in the payment of principal or interest, or both, exists or (2) not less than a majority in aggregate principal amount of all Outstanding Bonds in the case of any other Event of Default; provided, however, that there shall not be waived any Event of Default in the payment of the principal of or interest on any Outstanding Bonds unless, prior to such waiver or rescission, all arrears of principal and interest, and all expenses of the Trustee in connection with such Event of Default shall have been paid or provided for and, in the case of any Bonds to which a Credit Facility applies, any amount drawn under the Credit Facility shall have been reinstated (if applicable) or the Credit Facility Issuer shall have been reimbursed. In case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such Event of Default shall have been discontinued or abandoned or determined adversely, then and in every such case the Authority, the Trustee, the Credit Facility Issuer and the Bondholders shall be restored to their former positions and rights under the Indenture, respectively, but no such waiver or rescission shall extend to any subsequent or other Event of Default, or impair any right consequent thereon. The foregoing notwithstanding, so long as a Credit Facility applies to the affected Bonds and the Credit Facility Issuer has not wrongfully failed to honor a drawing thereunder, the consent of the Credit Facility Issuer must be obtained prior to any such waiver with respect to the Bonds. Also, notwithstanding the foregoing, the consent of the Bond Insurer of the Series of Bonds as to which such Event of Default exists must be obtained prior to any such waiver becoming effective.

## **Modifications of Indenture Not Requiring Consent of Bondholders**

The Authority and the Trustee may enter into Supplemental Indentures, without the consent of or notice to, the Bondholders, for any one or more of the following purposes:

- (a) To cure any ambiguity or formal defect or omission in the Indenture;
- (b) To grant to or confer upon the Bondholders or the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Bondholders or the Trustee;
- (c) To subject to the Indenture additional revenues or collateral;
- (d) To modify, amend or supplement, the Indenture or any indenture supplemental thereto in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the states of the United States;
- (e) To provide for the adoption of a book-entry registration of any Series of Bonds;
- (f) To evidence the appointment of a separate or co-Trustee or the succession of a new Trustee;
- (g) To authorize the issuance and establish the terms of Additional Bonds and to effect an interest rate swap agreement, an interest rate cap or floor agreement or other similar agreement permitted under the Act;
- (h) To make any other change in the Indenture, including changes in connection with the Authority's issuance of subordinated debt, which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the Bondholders;

- (i) To secure or maintain the rating for the Bonds from S&P and/or Moody's and/or Fitch
- (j) To cure any defects in the Indenture which would, if not cured, cause the interest on Bonds which at the time of issuance was intended to be excluded from gross income for federal income tax purposes not to be so excluded;
- (k) To make any change permitted under Section 5.09 of the Indenture (relating to the Rebate Fund); or
- (l) To make any other change-in the Indenture which is\_ approved by the Credit Facility Issuer if at the time of such change a Credit Facility is in effect and there has been no failure by the Credit Facility Issuer to make any payment under the Credit Facility or, if a new Credit Facility is being obtained, which is requested by the new Credit Facility Issuer and is to be effective only at, the time the new Credit Facility becomes effective, except a change specified in the Indenture as requiring the consent of the Holders of all Outstanding Bonds or a change which would affect the rights of the Authority unless the Authority approves of such change.

In exercising its discretion, the Trustee shall not unreasonably withhold its consent to any Supplemental Indenture for any of the foregoing purposes. The Trustee shall have the right to require an opinion of counsel that such Supplemental Indenture is' authorized and permitted under the Indenture.

#### **Modifications of Indenture Requiring Consent of Bondholders**

Except for the foregoing Supplemental Indentures and subject to the provisions of the Indenture, the Bondholders of not less than a majority in aggregate principal amount of the Outstanding Bonds which would be adversely affected thereby shall have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by the Authority and the Trustee of such other Supplemental Indentures as shall be deemed necessary and desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any Supplemental Indenture; provided, however, that nothing in the Indenture shall permit, or be construed as permitting, without the consent of the Holders of all Bonds Outstanding which would be adversely effected thereby, (a) an extension of the maturity of the principal of or the interest on any Bond issued under the Indenture, (b) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon, or a change in the terms of redemption of the Bonds, (c) a privilege or priority of any Bond or Bonds over any Outstanding Bond or Bonds, (d) a reduction in the aggregate principal amount of the Bonds required for consent to Supplemental Indentures, (e) the creation of any lien ranking prior to or on a parity with the lien of the Indenture on the Trust Estate or any part thereof, except as expressly permitted in the Indenture, (f) the deprivation of the Bondholder of any Outstanding Bond of the lien created on the Trust Estate or (g) an adverse effect on the interest of the Bondholders in any Credit Facility; and further provided that no such amendment shall be permitted without the consent of the Credit Facility Issuer so long as the Credit Facility Issuer has not wrongfully failed to honor a drawing under the Credit Facility or otherwise defaulted thereunder.

#### **Discharge of Indenture**

If the Authority shall pay or cause to be paid, or there shall otherwise be paid or provision be made for payment, to the Holders of the Bonds the principal of, premium, if any, and interest due or to become due thereon at the times and in the manner stipulated therein, and all fees, expenses and other amounts due to the Trustee, each Registrar and each Credit Facility Issuer, then the Trust Estate and the rights granted under the Indenture shall cease, determine and be void, whereupon the Trustee shall

cancel and discharge the Indenture, and execute and deliver to the Authority such instruments in writing as shall be requisite to release the Indenture, and reconvey, release, assign and deliver unto the Authority any and all of the Trust Estate and all right, title and interest in and to any and all rights conveyed, assigned or pledged to the Trustee or otherwise subject to the Indenture, except amounts held in or payable to the Rebate Fund for payment to the United States and amounts held by the Trustee for the payment of the principal of, premium, if any, and interest on the Bonds. Notwithstanding the foregoing, Bonds paid with the proceeds of any Credit Facility shall be Outstanding until the Credit Facility Issuer has been reimbursed for the amount of the payment.

Any Bond shall be deemed paid as described above for all purposes under the Indenture when payment of the principal of, premium, if any, and interest on such Bond to the due date thereof either (i) shall have been made or caused to be made in accordance with the terms of the Indenture; or (ii) shall have been provided for by the irrevocable deposit with the Trustee of (A) moneys sufficient to make such payment and/or (B) Government Obligations of the types described in clause (a) of such definition, Refcorp interest strips, CATS, TIGRS, STRPS or defeased municipal bonds rated "AAA" by S&P or "Aaa" by Moody's, in each case non-callable and maturing as to principal and interest in such amount and such time as will insure the availability of sufficient moneys to make such payment. At such time as a Bond shall be deemed to be paid as aforesaid, such Bond shall no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment from such moneys or Government Obligations.

#### **Duties of the Trustee**

The Indenture provides that, prior to the occurrence of an Event of Default and after the curing or waiving of all Events of Default which may have occurred, the Trustee undertakes to perform only such duties as are set forth in the Indenture. In case an Event of Default has occurred which has not been cured or waived, the Trustee is obligated to exercise such of the rights and powers vested in it by the Indenture and to the same degree of care and skill in the exercise of such rights and powers as a prudent man would exercise under the circumstances in the conduct of his own affairs. In general, the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants or agreements on the part of the City, the Department or the State Treasurer, but the Trustee may require of the Authority full information and advice as to the performance of such covenants and agreements. Notwithstanding the foregoing, if there is a deficit in the amount deposited in the Debt Service Fund in excess of one month's required deposit, the Trustee shall make inquiry to determine whether there has been an Event of Default by reason of the failure of the City to perform its covenants and agreements in the PICA Tax Ordinance or other ordinance of the City enacting PICA Taxes or of the State Treasurer or the Department to perform their duties under the Act or covenants or agreements contained in the PICA Tax Disbursement Agreement or the Tax Collection Agency Agreement. The Trustee may act upon the opinion or advice of any attorney approved by the Trustee in the exercise of reasonable care and shall not be responsible for any loss or damage resulting from any action or inaction in good faith in reliance upon such opinion or advice received in writing. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, invested, withdrawn or transferred in accordance with the provisions of the Indenture or for any loss resulting from any such investment or the sale or disposition of any such investment in accordance with the provisions of the Indenture. The Trustee is not required under the Indenture to give any bond or surety to the performance of its obligations as Trustee.

### **Proposed Form of Approving Opinion of Bond Counsel for 2019 Bonds**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

[FORM OF APPROVING OPINION OF BOND COUNSEL FOR THE 2019 BONDS]

\_\_\_\_\_, 2019

RE: \$\_\_\_\_\_ PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA  
FUNDING PROGRAM), SERIES OF 2019

TO THE PURCHASERS OF THE ABOVE-CAPTIONED BONDS:

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$\_\_\_\_\_ aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds"). The 2019 Bonds are issued under and pursuant to and authorized by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), pursuant to the Resolution adopted by the Authority on September 17, 2019 and pursuant to the Amended and Restated Trust Indenture (the "Amended and Restated Indenture"), dated as of December 1, 1994 between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented pursuant to the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement"), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement"), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement"), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement"), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement"), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement"), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement"), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement," and together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, the "Indenture").

The 2019 Bonds are being issued for the purpose of providing funds which, together with other available moneys of the Authority, will be used to: (i) currently refund all of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2009; and (ii) pay the costs of issuing the 2019 Bonds (collectively, the "Refunding Project").

In the course of the performance of our duties as Bond Counsel, we have examined such documents, opinions, records, orders, notices, certificates, statutes, resolutions, decisions, and rulings as we have deemed necessary to enable us to furnish this opinion, including, *inter alia*,

Centre Square West ♦ 1500 Market Street, 38<sup>th</sup> Floor ♦ Philadelphia, PA 19102-2186  
Phone: (215) 972-7777 ♦ Fax: (215) 972-7725

DELAWARE FLORIDA ILLINOIS MARYLAND MASSACHUSETTS MINNESOTA NEW JERSEY NEW YORK PENNSYLVANIA WASHINGTON, DC

A DELAWARE LIMITED LIABILITY PARTNERSHIP

the following: (i) an executed counterpart of the Eighth Supplement, (ii) the form of the 2019 Bonds, (iii) a copy, certified or otherwise identified to our satisfaction, of the Indenture, (iv) an executed counterpart of the Tax Certificate, (v) the opinion of Counsel to the Authority, on which we have relied, (vi) an executed counterpart of the Bond Purchase Agreement dated as of October \_\_, 2019 (the “Purchase Agreement”) between the Authority and RBC Capital Markets, LLC, and (vii) such constitutional and statutory provisions and such other resolutions, certificates, instruments and documents as we have deemed necessary or appropriate in order to enable us to render an informed opinion as to the matters set forth herein. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Purchase Agreement.

In rendering the opinions set forth below, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents and the representations and warranties made therein without undertaking to verify the same by independent investigation. We have also assumed that the documents referred to herein have been duly authorized by all parties thereto other than the Authority and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, except the Authority, and that the actions required to be taken and consent required to be obtained by such parties, have been taken or obtained. We do not render any opinion with respect to the adequacy of security for the 2019 Bonds or the sources of payment in respect of the 2019 Bonds.

Based upon the foregoing, it is our opinion, under existing law and as of the date hereof, and subject to the qualifications and limitations set forth herein, that:

1. The Authority is a body corporate and politic, organized and validly existing under the laws of the Commonwealth of Pennsylvania with full power and authority to undertake the Refunding Project, to execute, deliver and perform its obligations under the Eighth Supplement and to issue and sell the 2019 Bonds.

2. The Eighth Supplement has been duly authorized, executed and delivered by the Authority and constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

3. The Authority has duly assigned, transferred and pledged to the Trustee, for the benefit of the holders of the 2019 Bonds, to the extent provided in the Indenture, all of its right, title and interest in and to the Pledged Revenues.

4. The issuance and sale of the 2019 Bonds have been duly authorized by the Authority and, on the assumption of execution and authentication stated above, such 2019 Bonds have been duly executed and delivered by the Authority and authenticated by the Trustee, are valid and binding limited obligations of the Authority enforceable in accordance with their terms and are entitled to the benefit and security of the Indenture, except as the rights created

thereunder and the enforcement thereof may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

5. Interest on the 2019 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019 Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with certain of such requirements could cause the interest on the 2019 Bonds to be so includable in gross income retroactive to the date of issuance of the 2019 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2019 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum taxes. We express no opinion regarding other federal tax consequences relating to the 2019 Bonds or the receipt of interest thereon.

6. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the 2019 Bonds and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2019 Bonds or the interest thereon.

The opinions set forth above are rendered on the basis of, and limited to, federal law and the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof. We express no opinion herein as to any matter not set forth in the numbered paragraphs above. In particular, we call to your attention that the 2019 Bonds are not in any way a debt or liability of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof other than the Authority, nor do the 2019 Bonds or the Indenture pledge the general credit or taxing power of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof. The Authority has no taxing power.

The opinions set forth above are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur including, but not limited to, those that may affect the tax status of interest on the 2019 Bonds.

Very truly yours,

### **Proposed Form of Approving Opinion of Bond Counsel for 2020 Bonds**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

**[ASSUMING THAT NO CHANGE IN LAW HAS OCCURRED, SET FORTH BELOW IS  
THE FORM OF APPROVING OPINION TO BE DELIVERED BY BOND COUNSEL  
ON THE DELAYED DELIVERY CLOSING DATE FOR THE 2020 BONDS ]**

[DATE: DELAYED DELIVERY CLOSING DATE]

RE: \$\_\_\_\_\_ PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA  
FUNDING PROGRAM), SERIES OF 2020 (FORWARD DELIVERY)

TO THE PURCHASERS OF THE ABOVE-CAPTIONED BONDS:

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$\_\_\_\_\_ aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds"). The 2020 Bonds are issued under and pursuant to and authorized by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), pursuant to the Resolution adopted by the Authority on September 17, 2019 and pursuant to the Amended and Restated Trust Indenture (the "Amended and Restated Indenture"), dated as of December 1, 1994 between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented pursuant to the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement"), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement"), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement"), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement"), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement"), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement"), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement"), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement," and together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, the "Indenture").

The 2020 Bonds are being issued for the purpose of providing funds which, together with other available moneys of the Authority, will be used to: (i) currently refund the maturities of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 maturing after June 15, 2020; and (ii) pay the costs of issuing the 2020 Bonds (collectively, the "Refunding Project").

In the course of the performance of our duties as Bond Counsel, we have examined such documents, opinions, records, orders, notices, certificates, statutes, resolutions, decisions, and rulings as we have deemed necessary to enable us to furnish this opinion, including, *inter alia*, the following: (i) an executed counterpart of the Eighth Supplement, (ii) the form of the 2020 Bonds, (iii) a copy, certified or otherwise identified to our satisfaction, of the Indenture, (iv) an executed counterpart of the Tax Certificate, (v) the opinion of Counsel to the Authority, on which we have relied, (vi) an executed counterpart of the Forward Delivery Bond Purchase Agreement dated as of October \_\_, 2019 (the “Forward Delivery Purchase Agreement”) between the Authority and RBC Capital Markets, LLC and (vii) such constitutional and statutory provisions and such other resolutions, certificates, instruments and documents as we have deemed necessary or appropriate in order to enable us to render an informed opinion as to the matters set forth herein. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Forward Delivery Purchase Agreement.

In rendering the opinions set forth below, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents and the representations and warranties made therein without undertaking to verify the same by independent investigation. We have also assumed that the documents referred to herein have been duly authorized by all parties thereto other than the Authority and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, except the Authority, and that the actions required to be taken and consent required to be obtained by such parties, have been taken or obtained. We do not render any opinion with respect to the adequacy of security for the 2020 Bonds or the sources of payment in respect of the 2020 Bonds.

Based upon the foregoing, it is our opinion, under existing law and as of the date hereof, and subject to the qualifications and limitations set forth herein, that:

1. The Authority is a body corporate and politic, organized and validly existing under the laws of the Commonwealth of Pennsylvania with full power and authority to undertake the Refunding Project, to execute, deliver and perform its obligations under the Eighth Supplement and to issue and sell the 2020 Bonds.

2. The Eighth Supplement has been duly authorized, executed and delivered by the Authority and constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

3. The Authority has duly assigned, transferred and pledged to the Trustee, for the benefit of the holders of the 2020 Bonds, to the extent provided in the Indenture, all of its right, title and interest in and to the Pledged Revenues.

4. The issuance and sale of the 2020 Bonds have been duly authorized by the Authority and, on the assumption of execution and authentication stated above, such 2020 Bonds have been duly executed and delivered by the Authority and authenticated by the Trustee, are valid and binding limited obligations of the Authority enforceable in accordance with their terms and are entitled to the benefit and security of the Indenture, except as the rights created thereunder and the enforcement thereof may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

5. Interest on the 2020 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2020 Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with certain of such requirements could cause the interest on the 2020 Bonds to be so includable in gross income retroactive to the date of issuance of the 2020 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2020 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum taxes. We express no opinion regarding other federal tax consequences relating to the 2020 Bonds or the receipt of interest thereon.

6. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the 2020 Bonds and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2020 Bonds or the interest thereon.

The opinions set forth above are rendered on the basis of, and limited to, federal law and the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof. We express no opinion herein as to any matter not set forth in the numbered paragraphs above. In particular, we call to your attention that the 2020 Bonds are not in any way a debt or liability of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof other than the Authority, nor do the 2020 Bonds or the Indenture pledge the general credit or taxing power of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof. The Authority has no taxing power.

The opinions set forth above are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur including, but not limited to, those that may affect the tax status of interest on the 2020 Bonds.

Very truly yours,

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

## APPENDIX F

### Proposed Form of Continuing Disclosure Agreement

This Continuing Disclosure Agreement (the “Disclosure Agreement”) is executed and delivered this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_ by the Pennsylvania Intergovernmental Cooperation Authority (“Authority”) in connection with the issuance and sale by the Authority of its \$ \_\_\_\_\_\* Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of \_\_\_\_\_ (the “Bonds”). Capitalized terms used in this Disclosure Agreement which are not otherwise defined herein shall have the meanings given to such terms in the Official Statement (as defined herein) or the Indenture (as defined in the Official Statement), as applicable.

The Authority hereby agrees as follows:

#### ARTICLE I

##### The Undertaking

Section 1.1. Purpose. This Disclosure Agreement is being executed and delivered by the Authority solely for the benefit of the holders and the beneficial owners of the Bonds and in order to assist the Underwriters in complying with subsection (b)(5) of the Rule by undertaking to provide certain Annual Financial Information (as defined herein) and material events notices required by the Rule, and shall create no rights in any other person or entity.

Section 1.2. Annual Financial Information. (a) So long as any Bonds are outstanding, the Authority shall file annually its Annual Financial Information with the MSRB via EMMA (as both terms are defined herein) with respect to each Fiscal Year of the Authority, in accordance with the provisions of the subsection (b)(5) of the Rule, within 180 days after the end of the Authority’s Fiscal Year, commencing with the Fiscal Year ending June 30, 2020.

(b) If the Annual Financial Information to be filed by the Authority is not available by the date of the required filing, the Authority shall file unaudited Annual Financial Information by such date and file audited Annual Financial Information when available.

(c) The Authority shall provide, in a timely manner, written notice to the MSRB via EMMA specifying any failure of the Authority to provide the Annual Financial Information by the date specified in subsection (a) hereof.

Section 1.3. Notice Events. (a) So long as any Bonds are outstanding, if one of the following Notice Events occurs, the Authority shall provide, in a timely manner not in excess of ten (10) business days after the occurrence of such Notice Event, written notice of such Notice Event to the MSRB via EMMA:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;

- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of Bondholders, if material;
- (viii) Bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the Authority;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the Authority or the sale of all or substantially all of the assets of the Authority, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (xv) incurrence of a Financial Obligation of the Authority, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Authority, any of which affect security holders, if material; and
- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Authority, any of which reflect financial difficulties.

(b) Any notice of a defeasance of the Bonds shall state whether the Bonds have been escrowed to maturity or to an earlier redemption date and the timing of such maturity or redemption.

(c) Each Notice Event notice relating to the Bonds shall include the CUSIP numbers, if any, of the Bonds to which such Notice Event notice relates or, if the Notice Event notice relates to all bond issues of the Authority including the Bonds, such Notice Event notice need only include the CUSIP number of the Authority.

Section 1.4. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Authority from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information or notice of Notice Event hereunder, in addition to that which is required by this Disclosure Agreement. If the Authority chooses to do so, the Authority shall have no obligation under this Disclosure Agreement to continue to provide or to update such additional information or data.

Section 1.5. Additional Disclosure Obligations. The Authority acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933, as amended, and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, as amended, may apply to the Authority and that,

under some circumstances, compliance with this Disclosure Agreement without additional disclosures or other action may not fully discharge all duties and obligations of the Authority under such laws.

## ARTICLE II

### Operating Rules

Section 2.1. Reference to Other Filed Documents. It shall be sufficient for purposes of Section 1.2 hereof if the Authority provides Annual Financial Information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, [www.emma.msrb.org](http://www.emma.msrb.org)) or (ii) filed with the SEC. The provisions of this Section shall not apply to notices of Notice Events pursuant to Section 1.3 hereof.

Section 2.2. Submission of Information. Annual Financial Information may be set forth or provided in one document or a set of documents, and at one time or in part from time to time.

Section 2.3. General Provisions Regarding Filings. (a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the MSRB's Electronic Municipal Markets Access ("EMMA") system, the current Internet Web address of which is [www.emma.msrb.org](http://www.emma.msrb.org).

(b) All notices, documents and information provided on EMMA shall be provided in an electronic format as prescribed by the MSRB and shall be accompanied by identifying information as prescribed by the MSRB.

Section 2.4. Fiscal Year. (a) The Authority's current Fiscal Year begins July 1 and ends June 30, and the Authority shall promptly file a notification on EMMA of each change in its Fiscal Year.

(b) Annual Financial Information shall be provided at least annually notwithstanding any Fiscal Year longer than 12 calendar months.

## ARTICLE III

### Effective Date, Termination, Amendment, Enforcement, Governing Law

Section 3.1. Effective Date; Termination. (a) This Disclosure Agreement shall be effective upon the issuance of the Bonds.

(b) The Authority's obligations under this Disclosure Agreement shall terminate upon a legal defeasance, prior redemption or payment in full of all of the Bonds.

Section 3.2. Amendment. (a) This Disclosure Agreement may be amended without the consent of the holders of the Bonds (except to the extent required under clause (4)(ii) below), if all of the following conditions are satisfied:

(1) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the Authority or the type of business conducted thereby,

(2) this Disclosure Agreement as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances,

(2) above, (3) the Authority shall obtain an opinion of Counsel to the same effect as set forth in clause

(4) either (i) the Authority shall obtain an opinion of Counsel or a determination by an entity, in each case unaffiliated with the Authority (such as bond counsel), addressed to the Authority, to the effect that the amendment does not materially impair the interests of the holders of the Bonds, or

(ii) the holders of the Bonds consent to the amendment to this Disclosure Agreement pursuant to the same procedures as are required for amendments to the Indenture with consent of holders of Bonds pursuant to the Indenture as in effect at the time of the amendment, and

(5) the Authority shall ensure that copies of such opinion(s) and amendment are promptly filed on EMMA and sent to each Registered Owner.

(b) This Disclosure Agreement may be amended without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Disclosure Agreement which is applicable to this Disclosure Agreement, (2) the Authority shall obtain an opinion of Counsel to the effect that performance by the Authority under this Disclosure Agreement as so amended will not result in a violation of the Rule and (3) the Authority shall have copies of such opinion and amendment promptly filed on EMMA and sent to each Registered Owner.

(c) This Disclosure Agreement may be amended without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) the Authority shall have obtain an opinion of Counsel to the effect that the amendment is permitted by rule, order or other official pronouncement, or is consistent with any interpretive advice or no-action positions of Staff, of the SEC, and (2) the Authority shall ensure that such opinion and amendment shall be promptly filed on EMMA and sent to each Registered Owner.

(d) To the extent any amendment to this Disclosure Agreement results in a change in the type of financial information or operating data provided pursuant to this Disclosure Agreement, the first Annual Financial Information provided thereafter shall include a narrative explanation of the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

(e) If an amendment is made pursuant to Section 3.2(a) hereof to the accounting principles to be followed by the Authority in preparing its financial statements, the Annual Financial Information for the Fiscal Year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative and, to the extent reasonably feasible, quantitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information.

Section 3.3. Benefit; Third-Party Beneficiaries; Enforcement. (a) The provisions of this Disclosure Agreement shall constitute a contract with and inure solely to the benefit of the holders from time to time of the Bonds, except that beneficial owners of Bonds shall be third-party beneficiaries of this Disclosure Agreement. The provisions of this Disclosure Agreement shall create no rights in any person or entity except as provided in this subsection (a) and in subsection (b) of this Section.

(b) The obligations of the Authority to comply with the provisions of this Disclosure Agreement shall be enforceable by any holder of outstanding Bonds. The holders' rights to enforce the provisions of this Disclosure Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the Authority's obligations under this Disclosure Agreement. In consideration of the

third-party beneficiary status of beneficial owners of Bonds pursuant to subsection (a) of this Section, beneficial owners shall be deemed to be holders of Bonds for purposes of this subsection (b).

(c) Any failure by the Authority to perform in accordance with this Disclosure Agreement shall not constitute a default or an Event of Default under the Indenture or the Bonds and the rights and remedies provided by the Indenture or the Act upon the occurrence of a default or an Event of Default shall not apply to any such failure.

(d) This Disclosure Agreement shall be construed and interpreted in accordance with the laws of the Commonwealth, and any suits and actions arising out of this Disclosure Agreement shall be instituted in a court of competent jurisdiction in the Commonwealth; provided, however, that to the extent this Disclosure Agreement addresses matters of federal securities laws, including the Rule, this Disclosure Agreement shall be construed in accordance with such federal securities laws and official interpretations thereof.

## ARTICLE IV

### Definitions

Section 4.1. Definitions. The following terms used in this Disclosure Agreement shall have the following respective meanings:

(1) “Annual Financial Information” means the Authority’s Audited Financial Statements with Independent Auditor’s Report. The Annual Financial Information shall include Audited Financial Statements, if available, or Unaudited Financial Statements.

(2) “Audited Financial Statements” means the annual financial statements of the Authority, audited by such auditor as shall then be required or permitted by Commonwealth law. Audited Financial Statements shall be prepared in accordance with GAAP; provided, however, that pursuant to Sections 3.2(a) and (e) hereof, the Authority may from time to time, if required by federal or Commonwealth legal requirements, modify the accounting principles to be followed in preparing its financial statements. The notice of any such modification required by Section 3.2(a) hereof shall include a reference to the specific federal or Commonwealth law or regulation describing such accounting principles, or other description thereof.

(3) “Counsel” means any nationally recognized bond counsel or counsel expert in federal securities laws.

(4) “Financial Obligation” means “financial obligation” as such term is defined in the Rule.

(5) “GAAP” means generally accepted accounting principles as prescribed from time to time for governmental units by the Governmental Accounting Standards Board, the Financial Accounting Standards Board, or any successor to the duties and responsibilities of either of them.

(6) “MSRB” means the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Agreement.

(7) “Official Statement” means the Official Statement dated October \_\_, 2019 of the Authority relating to the Bonds, as it may be amended or supplemented.

(8) “Registered Owner” or “Registered Owners” means the person or persons in whose name a Bond is registered on the books of the Authority maintained by the Trustee in accordance with the Indenture. For so long as the Bonds shall be registered in the name of the Securities Depository or its nominee, the term

“Registered Owner” or “Registered Owners” also means and includes, for the purposes of this Disclosure Agreement, the owners of book-entry credits in the Bonds evidencing an interest in the Bonds; provided, however, that the Authority shall have no obligation to provide notice hereunder to owners of book-entry credits in the Bonds except those who have filed their names and addresses with the Authority for the purposes of receiving notices or giving direction under this Disclosure Agreement.

(9) “Rule” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 (17 CFR Part 240, §240.15c2-12), as amended, as in effect on the date of this Disclosure Agreement, including any official interpretations thereof issued either before or after the effective date of this Disclosure Agreement which are applicable to this Disclosure Agreement.

(10) “Unaudited Financial Statements” means the same as Audited Financial Statements, except that they shall not have been audited.

**IN WITNESS WHEREOF**, PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY has executed this Disclosure Agreement as of the day and year first above written.

## APPENDIX G

### Book-Entry Only System

#### General

*The information set forth herein concerning The Depository Trust Company, New York, New York (“DTC”) and the book-entry system described below has been extracted from materials provided by DTC for such purpose, is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the Authority, the City, the Trustee, or the Underwriters. The website referenced below is included for reference only and the information contained therein is not incorporated by reference in this Official Statement.*

DTC will act as securities depository for the Bonds under a book-entry system with no physical distribution of the Bonds made to the public. The 2019/2020 Bonds will initially be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee), or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of “AA+”. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2019 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee does not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as defaults and proposed amendments to the bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of the notices be provided directly to them.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal of, and interest on, the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct and Indirect Participants and not of DTC (or its nominee), the Authority, the City or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of, and interest on, the Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

**THE AUTHORITY, THE CITY, THE TRUSTEE, AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO ITS PARTICIPANTS OR THAT DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO BENEFICIAL OWNERS OF THE 2019/2020 BONDS (A) PAYMENTS OF PRINCIPAL OF, OR INTEREST ON, THE 2019/2020 BONDS, OR (B) CONFIRMATION OF OWNERSHIP INTERESTS IN THE 2019/2020 BONDS, OR (C) NOTICES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SECURITIES AND EXCHANGE COMMISSION AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH ITS PARTICIPANTS ARE ON FILE WITH DTC.**

**NONE OF THE AUTHORITY, THE CITY, THE TRUSTEE, OR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC PARTICIPANTS, BENEFICIAL OWNERS OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS FOR: (A) SENDING TRANSACTION**

**STATEMENTS; (B) MAINTAINING, SUPERVISING OR REVIEWING THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS; (C) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNER, OF ANY AMOUNT DUE IN RESPECT OF THE PRINCIPAL OF, OR INTEREST ON, THE 2019/2020 BONDS; (D) DELIVERY OR TIMELY DELIVERY BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNERS, OF ANY NOTICE OR OTHER COMMUNICATION WHICH IS REQUIRED TO BE GIVEN TO HOLDERS OR OWNERS OF THE 2019/2020 BONDS; OR (E) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE 2019/2020 BONDS.**

#### **Discontinuation of Book-Entry Only System**

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, 2019 Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2019 Bond certificates will be printed and delivered.

### Form of Delayed Delivery Contract for 2020 Bonds

#### DELAYED DELIVERY CONTRACT

\_\_\_\_\_, 2019

RBC Capital Markets, LLC  
as Representative of the Underwriters

Re: \$\_\_\_\_\_ Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds")

To RBC Capital Markets, LLC:

The undersigned (the "Purchaser") hereby agrees to purchase from RBC Capital Markets, LLC, as "Representative", on behalf of itself and the underwriters named in the list attached as Appendix I to the 2020 Forward Delivery Purchase Agreement (defined below) (collectively, the "Underwriters") when, as, and if issued and delivered to the Underwriters by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), and the Underwriters agree to sell to the Purchaser:

<u>Par Amount</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>CUSIP Number</u>	<u>Yield</u>	<u>Price</u>
-------------------	----------------------	----------------------	---------------------	--------------	--------------

of the above-referenced 2020 Bonds (the "Purchased Obligations") offered by the Authority under the Preliminary Official Statement dated October 18, 2019, and the Official Statement relating to the Purchased Obligations dated October \_\_, 2019 (the "Official Statement"), at the purchase price and with the interest rates, principal amounts, and maturity dates shown above, and on the further terms and conditions set forth in this Delayed Delivery Contract. The Purchased Obligations are being purchased by the Underwriters pursuant to a Forward Delivery Bond Purchase Agreement dated \_\_\_\_\_, 2019 among the Authority and the Representative (the "2020 Forward Delivery Purchase Agreement"). Capitalized terms used but not defined herein shall have the meanings ascribed thereto in the 2020 Forward Delivery Purchase Agreement, the Preliminary Official Statement or the Official Statement.

The Purchaser hereby confirms that it has reviewed the Preliminary Official Statement and the Official Statement (including without limitation the section entitled "INTRODUCTION – Forward Delivery of the 2020 Bonds", "PLAN OF FINANCE – Forward Delivery Bond Purchase Contract for Series 2020 Bonds" and "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS" therein), has considered the risks associated with purchasing the Purchased Obligations and is duly authorized to purchase the Purchased Obligations. The Purchaser further acknowledges and agrees that the Purchased Obligations are being sold on a "forward" basis, and the Purchaser hereby purchases and agrees to accept delivery of such Purchased Obligations from the Underwriters on or about \_\_\_\_\_, 2020] (the "Delayed Delivery Closing Date") as they may be issued and delivered in accordance with the 2020 Forward Delivery Purchase Agreement.

Payment for the Purchased Obligations shall be made to the Underwriters or upon its order on the Delayed Delivery Closing Date upon delivery to the Purchaser of the Purchased Obligations through the book-entry system of The Depository Trust Company. The Purchaser agrees that in no event shall the Underwriters be responsible or liable for any claim or loss, whether direct or consequential, which the Purchaser may suffer in the event the Authority does not for any reason issue and deliver the Purchased Obligations.

The obligation of the Purchaser to take delivery of the Purchased Obligations hereunder shall be unconditional. The Purchaser may terminate its obligation to purchase the Purchased Obligations in the event that between the Initial Closing Date and the Delayed Delivery Closing Date (the "Forward Delivery Period"), one of the following events shall have occurred after the Initial Closing Date and the Purchaser has notified the Underwriters in writing as provided herein:

1. there shall have occurred (1) a new outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war; or (2) any other calamity or crisis or any change in the financial, political or economic conditions in the United States or elsewhere, if the effect of any such event specified in clause (1) or (2), in the reasonable judgment of the Representative, makes it impracticable or inadvisable to proceed with the offering or the delivery of the 2020 Bonds on the terms and in the manner contemplated in the Preliminary Official Statement or the Official Statement;
2. there shall be in force a general suspension of trading on the New York Stock Exchange, or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on the New York Stock Exchange, whether by virtue of determination by that Exchange or by order of the SEC or any other governmental authority having jurisdiction that, in the Representative's reasonable judgment, makes it impracticable for the Underwriters to market the 2020 Bonds or enforce contracts for the sale of the 2020 Bonds; or
3. a general banking moratorium shall have been declared by federal or state authorities having jurisdiction and be in force or a major financial crisis or a material disruption in commercial banking or securities settlement or clearances services shall have occurred that, in the Representative's reasonable judgment makes it impracticable for the Underwriters to market the 2020 Bonds or enforce contracts for the sale of the 2020 Bonds;
4. legislation shall be enacted or be proposed or actively considered for enactment, or a decision by a court of the United States shall be rendered, or a ruling, regulation, proposed regulation, or statement by or on behalf of the SEC or other governmental agency having jurisdiction of the subject matter shall be made, to the effect that the 2020 Bonds, or any comparable securities of the Authority, or any obligations of the general character of the 2020 Bonds are not exempt from the registration, qualification or other requirements of the Securities Act of 1933, as amended and as then in effect (the "Securities Act") or the Indenture is not exempt from qualification under the Trust Indenture Act of 1939, as amended and as then in effect, or otherwise, or would be in violation of any provision of the federal securities laws;
5. a decision by a court of the United States shall have been rendered or a stop order, release, regulation, or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made to the effect that the issuance, offering, or sale of the 2020 Bonds, including all the underlying obligations as contemplated hereby or as described in the Official Statement, or any document relating to the issuance, offering or sale of the 2020 Bonds is or would be in violation of any provision of the federal securities laws at the Initial Closing Date, including the Securities Act, the Exchange Act, and the Trust Indenture Act of 1939, as amended;
6. Any Change in Law shall have occurred;
7. there shall exist any event or circumstance that in the Representative's sole and reasonable judgment (1) makes the Official Statement contain any untrue statement of material fact or omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made,

not misleading, and in either such event, the Authority refuses to permit the Official Statement to be supplemented to correct or supply such statement or information;

8. Any rating of the Series 2020 Bonds by a national rating agency rating the Series 2020 Bonds has been withdrawn or suspended; or
9. Bond Counsel determines that for any reason, including a Change of Law, Bond Counsel will not be able to render its approving opinion substantially in the form attached as Appendix E-2 to the Official Statement and Bond Counsel provides written notice thereof to the Authority and the Underwriters (the “Bond Counsel Notice”), and the Authority does not notify the Underwriters within five business days of receipt of the Bond Counsel Notice that it has retained a new firm or firms to deliver such opinion.

A “Change in Law” means (i) any change in or addition to applicable federal or State law, whether statutory or as interpreted by the courts, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or State agencies, (ii) any legislation enacted by the Congress of the United States or introduced therein or recommended for passage by the President of the United States (if such enacted, introduced or recommended legislation has a proposed effective date that is on or before the date of the Delayed Delivery Closing), (iii) any law, rule or regulation proposed or enacted by any governmental body, department or agency (if such proposed or enacted law, rule or regulation has a proposed effective date that is on or before the date of the Delayed Delivery Closing) or (iv) any judgment, ruling or order issued by any court or administrative body, which in the case of any of (i), (ii), (iii) or (iv) would, (A) as to the Underwriter, prohibit (or have the retroactive effect of prohibiting, if enacted, adopted, passed or finalized) the Underwriters from purchasing the Series 2020 Bonds as provided in the Forward Delivery Bond Purchase Agreement or selling the Series 2020 Bonds or beneficial ownership interests therein to the public; or (B) as to the Authority, would make the issuance, sale or delivery of the Series 2020 Bonds illegal (or have the retroactive effect of making such issuance, sale or delivery illegal, if enacted, adopted, passed or finalized); or (C) eliminate the exclusion from gross income for federal income tax purposes of interest on the Series 2020 Bonds (or have the retroactive effect of eliminating such exclusion if enacted, adopted, passed or finalized); or (D) require the 2020 Bonds to be registered under the Securities Act of 1933, as amended or under the Securities Exchange Act of 1934, as amended or require the Resolution to be qualified under the Trust Indenture Act of 1939, as amended (if enacted, passed, finalized or adopted), and as to the foregoing, in the sole and reasonable judgment of Bond Counsel causes Bond Counsel to not issue its opinion as to the tax-exempt status of the interest on the 2020 Bonds for federal tax purposes; provided, however, that such change in or addition to law, legislation, rule or regulation or judgment, ruling or order shall have become effective, been enacted, introduced or recommended, been proposed or enacted or been issued as the case may be, after the date of the Forward Delivery Bond Purchase Agreement.

If the Change of Law involves the enactment of legislation which only diminishes the value of, as opposed to eliminating the exclusion from gross income for federal income tax purposes of interest payable on “state or local bonds,” the Authority may, nonetheless, be able to satisfy the requirements for the delivery of the Purchased Obligations. In such event, the Underwriters would be obligated to purchase the Purchased Obligations from the Authority and the Purchaser would be required to accept delivery of the Purchased Obligations from the Underwriter.

The Purchaser acknowledges and agrees that the Purchased Obligations are being sold on a “forward” or “delayed delivery” basis for delivery on the Delayed Delivery Closing Date and that the Purchaser is obligated to take up and pay for the Purchased Obligations on the Delayed Delivery Closing Date unless the Representative terminates the 2020 Forward Delivery Purchase Agreement or the Purchaser terminates its obligation to purchase the Purchased Obligations as described herein. To effect a termination by the Purchaser, the Purchaser acknowledges and agrees that it must give written notice of termination of this Delayed Delivery Contract to the Underwriters before the Delayed Delivery Closing Date. The Purchaser understands and agrees that no termination of the obligation of the Purchaser may occur after the Delayed Delivery Closing Date. The Purchaser is not a third party beneficiary under the 2020 Forward Delivery Purchase Agreement and has no rights to enforce, or cause the Underwriters to enforce, any of the terms thereof. The Purchaser acknowledges that it will not be able to withdraw its order except as described herein, and will not otherwise be excused from performance of its obligations to take up and pay for the Purchased Obligations on the Delayed Delivery Closing Date because of market or credit changes, including specifically, but not limited to (a) changes in the ratings assigned to

the Purchased Obligations or changes in the credit associated with the Purchased Obligations generally, and (b) changes in the financial condition and operations of the Authority. The Purchaser acknowledges and agrees that it will remain obligated to purchase the Purchased Obligations in accordance with the terms hereof, even if the Purchaser decides to sell such Purchased Obligations following the date hereof, unless the Purchaser sells Purchased Obligations to another entity with the prior written consent of the Underwriters and such entity provides a written acknowledgment of confirmation of purchase order and a delayed delivery contract in the same respective forms as that executed by the Purchaser.

The Purchaser represents and warrants that, as of the date of this Delayed Delivery Contract, the Purchaser is not prohibited from purchasing the Purchased Obligations hereby agreed to be purchased by it under the laws of the jurisdiction to which the Purchaser is subject.

This Delayed Delivery Contract will inure to the benefit of and be binding upon the parties hereto and their respective successors, but will not be assignable by either party without the prior written consent of the other.

The Purchaser acknowledges that the Representative is entering into the 2020 Forward Delivery Purchase Agreement with the Authority to purchase the Purchased Obligations in reliance in part on the performance by the Purchaser of its obligations hereunder.

This Delayed Delivery Contract may be executed by either of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument under the laws of the State of New York.

It is understood that the acceptance by the Underwriters of any Delayed Delivery Contract (including this one) is in the Underwriter's sole discretion and that, without limiting the foregoing, acceptances of such contracts need not be on a "first-come, first-served" basis. If this Delayed Delivery Contract is acceptable to the Underwriter, it is requested that the Representative sign the form of acceptance below and mail or deliver one of the counterparts hereof to the Purchaser at its address set forth below. This will become a binding contract between the Underwriters and the Purchaser when such counterpart is so mailed or delivered by the Representative. This Delayed Delivery Contract does not constitute a customer confirmation pursuant to Rule G-15 of the Municipal Securities Rulemaking Board.

This Delayed Delivery Contract shall be construed and administered under the laws of the State of Pennsylvania.

*In the opinion of Bond Counsel, interest on the 2019 Bonds (as defined herein) is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions, subject to the condition described in "TAX MATTERS" herein and interest on the 2019 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum tax. Under the laws of the Commonwealth of Pennsylvania (the "Commonwealth"), the 2019 Bonds are exempt from personal property taxes in Pennsylvania and interest on the 2019 Bonds is exempt from Pennsylvania personal income tax and the Pennsylvania corporate net income tax. For a more complete discussion, see "TAX MATTERS" herein.*

*On the Delayed Delivery Closing Date (as defined herein) of the 2020 Bonds (as defined herein) assuming that no Change In Law (as defined herein) has occurred, Bond Counsel will deliver its opinion on the Delayed Delivery Closing Date that interest on the 2020 Bonds (as defined herein) is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions, subject to the condition described in "TAX MATTERS" herein and interest on the 2020 Bonds is not treated as an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax. Assuming that no Change in Law has occurred, on the Delayed Delivery Closing Date, Bond Counsel will deliver its opinion that under the laws of the Commonwealth, as enacted and construed on the Delayed Delivery Closing Date, the 2020 Bonds are exempt from personal property taxes in Pennsylvania and interest on the 2020 Bonds is exempt from Pennsylvania personal income tax and the Pennsylvania corporate net income tax. For a more complete discussion, see "TAX MATTERS" herein.*

**PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY  
SPECIAL TAX REVENUE REFUNDING BONDS  
(CITY OF PHILADELPHIA FUNDING PROGRAM)**

**\$31,085,000  
Series of 2019**

**\$24,990,000  
Series of 2020  
(Forward Delivery)**

**Dated: For 2019 Bonds: Date of Delivery  
For 2020 Bonds: Delayed Delivery Closing Date**

**Due: As shown on inside front cover**

The Pennsylvania Intergovernmental Cooperation Authority's \$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds") and \$24,990,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds", together with the 2019 Bonds, the "2019/2020 Bonds") are being issued pursuant to an Amended and Restated Indenture of Trust (the "1994 Indenture"), between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic organized and existing pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), as a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth"), and U.S. Bank National Association, Philadelphia, Pennsylvania, as successor trustee (the "Trustee"), as amended and supplemented, including by the Eighth Supplement (as defined herein) (as so amended and supplemented, the "Indenture"), between the Authority and the Trustee.

The 2019/2020 Bonds will be issued as fully registered bonds, without coupons, in the denomination of \$5,000 or any integral multiple thereof. Interest on the 2019/2020 Bonds is payable semiannually on each June 15 and December 15 (each an "Interest Payment Date"), commencing June 15, 2020, by check or draft mailed or under certain conditions by wire transfer, to the persons in whose names the 2019/2020 Bonds are registered at the close of business on the Record Date, which is the last day (whether or not a Business Day) of the calendar month next preceding any Interest Payment Date. The 2019/2020 Bonds will be payable as to principal at the corporate trust office of the Trustee in Philadelphia, Pennsylvania.

**The 2019/2020 Bonds are not subject to redemption prior to maturity. The 2019/2020 Bonds are not subject to acceleration upon the occurrence of an Event of Default (as defined in the Indenture).**

The proceeds from the sale of the 2019 Bonds, together with other available funds of the Authority, will be used to (i) currently refund all of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2009, currently outstanding in the aggregate principal amount of \$81,920,000 (the "2009 Bonds"); and (ii) pay the costs of issuing the 2019 Bonds. The proceeds from the sale of the 2020 Bonds, together with other available funds of the Authority, will be used to (i) currently refund the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 maturing after June 15, 2020, which are currently outstanding in the aggregate principal amount of \$26,355,000 (the "Refunded 2010 Bonds"); and (ii) pay the costs of issuing the 2020 Bonds. See "PLAN OF FINANCE" herein.

The 2019/2020 Bonds, when issued, will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the 2019/2020 Bonds. Purchases of beneficial ownership interests in the 2019/2020 Bonds will be made in book-entry only form. So long as DTC or its nominee, Cede & Co., is the registered owner, principal of and interest on the 2019/2020 Bonds is payable directly to Cede & Co., for redistribution to DTC Participants and in turn to the beneficial owners as described herein. Purchasers of Bonds will not receive physical delivery of certificates representing their ownership interests in the 2019/2020 Bonds. See APPENDIX G herein.

**THE 2019/2020 BONDS ARE LIMITED OBLIGATIONS OF THE AUTHORITY ISSUED PURSUANT TO THE ACT AND THE INDENTURE AND ARE PAYABLE SOLELY FROM REVENUES OF THE AUTHORITY DERIVED FROM (I) A ONE AND ONE-HALF PERCENT (1.5%) TAX ON THE SALARIES, WAGES, COMMISSIONS AND OTHER COMPENSATION EARNED BY RESIDENTS OF THE CITY OF PHILADELPHIA, PENNSYLVANIA (THE "CITY") AND ON NET PROFITS EARNED IN BUSINESS, PROFESSIONS AND OTHER ACTIVITIES CONDUCTED BY RESIDENTS OF THE CITY, WHICH TAX IS IMPOSED BY THE CITY PURSUANT TO THE ACT AND AN ORDINANCE ADOPTED BY THE COUNCIL OF THE CITY AND APPROVED BY THE MAYOR EXCLUSIVELY FOR THE PURPOSES OF THE AUTHORITY, AND (II) CERTAIN MONEYS AND SECURITIES, AND INVESTMENT EARNINGS THEREON, HELD BY THE TRUSTEE IN CERTAIN FUNDS ESTABLISHED UNDER THE INDENTURE. THE ACT PROVIDES THAT THE REVENUES FROM THE FOREGOING TAX ARE THE REVENUES AND PROPERTY OF THE AUTHORITY AND ARE NOT THE REVENUES AND PROPERTY OF THE CITY. SEE "SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS" HEREIN.**

**NEITHER THE CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS PLEDGED FOR THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS. THE 2019/2020 BONDS DO NOT CONSTITUTE OBLIGATIONS OF THE COMMONWEALTH OR OF ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, AND NEITHER THE COMMONWEALTH NOR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS LIABLE FOR THE PAYMENT OF PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS. THE AUTHORITY HAS NO TAXING POWER.**

*Each of the 2019 Bonds and the 2020 Bonds is offered when, as and if issued by the Authority and delivered to and received by the Underwriter, subject to prior sale, withdrawal or modification of the offer without notice, and to the receipt of the approving opinion of Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania, Bond Counsel. Certain legal matters will be passed upon for the Authority by its counsel, Reed Smith LLP, Philadelphia, Pennsylvania; for the Underwriters by their counsel, Ahmad Zaffarese LLC, Philadelphia, Pennsylvania; and for the City by the Office of the City Solicitor. It is anticipated that the 2019 Bonds in definitive form will be available for delivery to DTC in New York, on or about December 3, 2019. It is anticipated that the 2020 Bonds in definitive form will be available for delivery to DTC in New York, on or about March 17, 2020. See "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS" for certain conditions regarding the obligations of the Underwriters to purchase the 2020 Bonds and certain risks to the purchasers of the 2020 Bonds resulting from the forward delivery thereof.*

**No Offering May Be Made Except by this** Official Statement is not to be construed as a contract or agreement among the Authority, the City, the Underwriters and the purchasers or owners of any offered 2019/2020 Bonds. This Official Statement is being provided to prospective purchasers either in bound printed form (“Original Bound Format”) or in electronic format on the following websites: [www.mcelweequinn.com](http://www.mcelweequinn.com) and <https://emma.msrb.org>. This Official Statement may be relied upon only if it is in its Original Bound Format or if it is printed in full directly from such website.

**Preparation of this Official Statement.** The information set forth herein has been furnished by the Authority and the City and includes information obtained from other sources, all of which are believed to be reliable. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the Authority or the City since the date hereof. Such information and expressions of opinion are made for the purpose of providing information to prospective investors and are not to be used for any other purpose or relied on by any other party. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

**Order and Placement of Materials.** The order and placement of materials in this Official Statement, including the Appendices, are not to be deemed a determination of relevance, materiality or importance, and this Official Statement, including the cover page, the inside cover page and the Appendices, must be considered in its entirety. The captions and headings in this Official Statement are for convenience only and in no way define, limit or describe the scope or intent, or affect the meaning or construction, of any provisions or sections of this Official Statement.

**Estimates and Forecasts.** The statements contained in this Official Statement and the Appendices hereto that are not purely historical are forward-looking statements. Such forward-looking statements can be identified, in some cases, by terminology such as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “potential,” “illustrate,” “example,” and “continue,” or the singular, plural, negative or other derivations of these or other comparable terms. Readers should not place undue reliance on forward-looking statements. These forward-looking statements include, but are not limited to, certain statements contained in the information contained under the caption “ANNUAL COLLECTION OF THE CITY TAX AND THE AUTHORITY TAX” and such statements speak only as of the date of this Official Statement. All forward-looking statements included in this Official Statement are based on information available to such parties on the date of this Official Statement, and neither the Authority nor the City assumes any obligation to update any such forward-looking statements. The forward-looking statements included herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including, but not limited to, risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in various important factors. Accordingly, actual results may vary from the projections, forecasts and estimates contained in this Official Statement and such variations may be material, which could affect the ability to fulfill some or all of the obligations under the 2019/2020 Bonds.

**Public Offering Prices.** In connection with the offering of the 2019/2020 Bonds, the Underwriters may over allot or effect transactions which stabilize or maintain the market price of the 2019/2020 Bonds at levels above those which might otherwise prevail in the open market. Such stabilization, if commenced, may be discontinued at any time.

**No Recommendation or Registration.** The 2019/2020 Bonds have not been recommended by any federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this document. Any representation to the contrary is a criminal offense. The 2019/2020 Bonds have not been registered with the Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemption contained in Section 3(a)(2) of such act; and the Indenture has not been qualified under the Trust Indenture Act of 1939, as amended, in reliance upon certain exemptions contained in such act.

[Remainder of Page Intentionally Left Blank.]

## **Summary of the Offering**

*This summary is subject in all respects to more complete information contained in this Official Statement and should not be considered a complete statement of the facts material to making an investment decision. The offering of the 2019/2020 Bonds to potential investors is made only by means of the entire Official Statement, including the cover page, the inside cover page, and the Appendices. Capitalized terms used in this summary and not otherwise defined in the front portion of this Official Statement have the meanings given to such terms in APPENDIX D.*

<b>Issuer:</b>	The Pennsylvania Intergovernmental Cooperation Authority (the “Authority”).
<b>Bonds Offered:</b>	<p>\$31,085,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the “2019 Bonds”).</p> <p>\$24,990,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the “2020 Bonds”, and together with the 2019 Bonds, the “2019/2020 Bonds”).</p>
<b>Interest Payment Dates:</b>	Interest on the 2019/2020 Bonds is payable semiannually on each June 15 and December 15, commencing June 15, 2020.
<b>Security and Sources of Payment:</b>	<p>The following is qualified in all respects by the information in this Official Statement under the caption “SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS” and the documents referenced under such caption.</p> <p>The 2019/2020 Bonds are payable by the Authority solely from (i) the revenues pledged and assigned by the Authority for such payment under the Indenture, including revenues received by the Authority from a one and one-half percent (1.5%) tax (the “Authority Tax”) imposed by the City of Philadelphia (the “City”), pursuant to the Act and an ordinance adopted by the City Council of the City and approved by the Mayor on June 12, 1991 (Bill No. 1437, effective July 1, 1991) (the “Authority Tax Ordinance”); (ii) certain moneys and securities and investment earnings thereon, together with a Debt Service Reserve Fund Policy (described herein) originally issued by Financial Guaranty Insurance Company, all held by the Trustee in certain funds established under the Indenture; (iii) and certain other funds and moneys held by the Trustee under the Indenture. Pursuant to the Indenture and except as otherwise provided therein, the Authority has assigned to the Trustee all of its right, title and interest to Authority Tax receipts as security for the 2019/2020 Bonds and any other Bonds previously or hereafter issued under the Indenture.</p> <p><b><u>Special Limited Obligations</u></b></p> <p><b>The 2019/2020 Bonds are special limited obligations of the Authority payable solely from the Trust Estate established under the Indenture and are not obligations of the City, the Commonwealth of Pennsylvania (the “Commonwealth”) or any other political subdivision or agency thereof. The 2019/2020 Bonds are not secured by the General Fund of the City, and neither the general credit of the Authority nor the credit or taxing power of the City, the Commonwealth or any other political subdivision or agency thereof is pledged to the payment of the principal of the 2019/2020 Bonds, or the interest thereon or any premium or other costs incidental thereto. The Authority has no taxing power.</b></p>
<b>Additional Obligations:</b>	The Authority has reserved the right to issue additional obligations secured on a parity basis with the 2019/2020 Bonds under the circumstances and upon satisfaction of certain conditions described in the Ordinances and the Indenture, all as described herein. See “THE 2019/2020 BONDS – Additional Debt” herein.
<b>Use of Proceeds:</b>	The 2019 Bonds are being issued to (i) refund the 2009 Bonds, as defined and further described herein, and (ii) pay the costs of issuing the 2019 Bonds. The 2020 Bonds are being issued to (i) refund the Refunded 2010 Bonds, as defined and further described herein, and (ii) pay the costs of issuing the 2020 Bonds. See “PLAN OF FINANCE” herein.
<b>Redemption:</b>	The 2019/2020 Bonds are <b><u>not</u></b> subject to redemption prior to maturity, as described herein.

**Authorized  
Denominations:**

The 2019/2020 Bonds will be issued as registered bonds in denominations of \$5,000 and integral multiples thereof.

**Form and  
Depository:**

The 2019/2020 Bonds will be delivered solely in registered form under a global book-entry system through the facilities of DTC. *See* APPENDIX G.

**Tax Status:**

For information on the tax status of the 2019/2020 Bonds, see the italicized language at the top of the cover page of this Official Statement and “TAX MATTERS” herein.

**Ratings:**

S&P: “AAA” (stable outlook)

Fitch: “AAA” (stable outlook)

## INTRODUCTION

### **General**

This Official Statement (“Official Statement”), including the cover page, table of contents and the attached appendices, sets forth information with respect to the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the “Authority” or “PICA”) of the \$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the “2019 Bonds”) and \$24,990,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the “2020 Bonds”, and together with the 2019 Bonds, the “2019/2020 Bonds” when referred to collectively herein). The 2019/2020 Bonds will be dated, mature and bear interest, all as described herein. The 2020 Bonds are forward delivery bonds and are not expected to be issued and delivered until March 17, 2020.

This introduction is a brief description of certain matters described in this Official Statement and is qualified by reference to the entire Official Statement. Persons considering the purchase of any of the 2019/2020 Bonds should read this Official Statement, including the cover page, tables and all appendices, in its entirety. Capitalized terms used in this Official Statement and not otherwise defined herein shall have the respective meanings set forth in APPENDIX D attached hereto or in the Indenture (as defined herein).

Certain factors that may affect an investment decision concerning the 2019/2020 Bonds are described throughout this Official Statement. Prospective purchasers considering a purchase of the 2019/2020 Bonds should read this Official Statement, including the cover page, the inside cover pages and the Appendices, which are an integral part hereof, in its entirety. If and when included in this Official Statement, including the appendices hereto, the words “expects,” “forecasts,” “projects,” “intends,” “anticipates,” “estimates,” “assumes” and analogous expressions are intended to identify forward-looking statements and any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially from those that have been projected. Such risks and uncertainties which could affect the revenues and obligations of the Authority include, among others, changes in economic conditions, mandates from other governmental bodies or authorities, and various other events, conditions and circumstances, many of which are beyond the control of the Authority. Such forward-looking statements speak only as of the date of this Official Statement.

All estimates and assumptions of financial and other information are based on information currently available, are believed to be reasonable and are not to be construed as assurances of actual outcomes. All estimates of future performance or events constituting forward-looking statements may or may not be realized because of a wide variety of economic and other circumstances. Included in such forward-looking statements are numbers and other information from the adopted and proposed budgets of The City of Philadelphia (the “City”), as well as from the City’s five-year financial plans (each, a “Financial Plan”). See APPENDIX B – “CITY OF PHILADELPHIA GOVERNMENTAL

AND FINANCIAL INFORMATION” attached hereto. Accordingly, no assurance is given that any projected future results will be achieved. The Authority disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any changes in the Authority’s expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

### **The Authority**

The Authority, a body corporate and politic, was organized and exists under and by virtue of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), 53 P.S. 12720.101 et seq., as amended (the “Act” or the “PICA Act”). Pursuant to the Act, the Authority was established to provide financial assistance to and financial oversight over cities of the first class in the Commonwealth of Pennsylvania (the “Commonwealth”). The City currently is the only city of the first class in the Commonwealth. See “THE AUTHORITY” herein.

The Act provides that, upon the request by the City to the Authority for financial assistance and for so long as any bonds of the Authority remain outstanding, the Authority shall have certain financial and oversight functions. First, the Authority shall have the power, subject to satisfaction of certain requirements in the Act, to provide financial assistance to the City. Second, the Authority shall also have the power, in its oversight capacity, to exercise certain advisory and review powers with respect to the City’s financial affairs, including the power to review and approve Financial Plans prepared at least annually by the City, to certify noncompliance by the City with its then-existing Financial Plan (which certification would require the Secretary of the Budget of the Commonwealth to cause certain payments due to the City from the Commonwealth to be withheld by the Commonwealth), to evaluate the City’s financial reporting, to analyze the City’s financial and budgetary practices and programs, and to oversee the expenditures of funds for the capital projects and productivity enhancements for which the Authority has made grants to the City with a portion of the proceeds from the sale of its bonds. See “THE AUTHORITY - Operating History” herein.

### **Authorization to Issue the 2019/2020 Bonds**

The Authority is authorized to issue and sell the 2019/2020 Bonds pursuant to the provisions of the Act and pursuant to a resolution of the Authority adopted September 17, 2019. The 2019/2020 Bonds will be issued pursuant to and secured under an Amended and Restated Indenture of Trust dated as of December 1, 1994 (the “Amended and Restated Indenture”), between the Authority and U.S. Bank National Association (successor in interest to Wachovia Bank, National Association), as trustee (the “Trustee”), as amended and supplemented by a First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the “First Supplement”), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the “Second Supplement”), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the “Third Supplement”), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the “Fourth Supplement”), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1 2008, (the “Fifth Supplement”), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the “Sixth Supplement”), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the “Seventh Supplement”), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the “Eighth Supplement”, and, together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement, and the Seventh Supplement (the “Indenture”). The Amended and Restated Indenture amended and restated the Indenture of Trust dated as of June 1, 1992, as amended and supplemented (the “Original Indenture”) between the Authority and Meridian Bank (successor trustee by assignment from Corestates Bank, N.A., the initial trustee). For a summary of certain provisions of the Indenture, see APPENDIX D attached hereto.

The Indenture provides that the Bonds and any Additional Bonds (as both such terms are defined in the Indenture and in the summary thereof attached to this Official Statement as APPENDIX D) issued pursuant thereto are to be equally and ratably secured under the Indenture (except as otherwise described herein and in the Indenture). For a discussion of the issuance by the Authority of other bonds, including Additional Bonds issued under the Indenture,

and the limitations on such issuance, see “SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS - Additional Bonds” herein.

### **The Authority’s Outstanding Indebtedness**

The Authority has issued eleven Series of Bonds under the Indenture at the request of the City. Two Series of Bonds remain Outstanding: (i) the 2009 Bonds; and (ii) the Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 (the “2010 Bonds”).

Under the Act, the Authority is no longer permitted to issue bonds for the purpose of financing a capital project of the City or a deficit of the City, including a cash flow deficit. The Authority does, however, have the power to issue bonds to refund outstanding bonds issued under the Act. *See* APPENDIX B attached hereto. As of June 30, 2019, the principal amount of Outstanding Bonds was \$129,745,000. The final maturity date for such Outstanding Bonds is June 15, 2023.

The proceeds of the Bonds were used to: (i) make grants to the City to fund its General Fund deficits, to fund all or a portion of the costs of certain City capital projects, to provide other financial assistance to the City to enhance operational productivity, and to defease certain of the City’s general obligation bonds; (ii) refund other Bonds issued under the Indenture, including termination payments for related interest rate swaps; and (iii) pay costs of issuance.

### **Purpose of the 2019/2020 Bonds**

The proceeds of the 2019 Bonds, together with other available moneys of the Authority, will be applied to currently refund the outstanding 2009 Bonds and to pay the costs of issuance. The proceeds of the 2020 Bonds, together with other available moneys of the Authority, will be applied to currently refund, on a forward delivery basis, the 2010 Bonds maturing after June 15, 2020 (the “Refunded 2010 Bonds”) and to pay the costs of issuance. *See* “PLAN OF FINANCE” herein.

### **Sources of Payment and Security for the 2019/2020 Bonds**

The 2019/2020 Bonds are limited obligations of the Authority and the principal of and interest on the 2019/2020 Bonds are payable, together with the Bonds and any Additional Bonds issued pursuant to the Indenture, solely from (i) the revenues pledged and assigned by the Authority for such payment under the Indenture, including revenues received by the Authority from a one and one-half percent (1.5%) tax (the “Authority Tax”) imposed by the City, pursuant to the Act and an ordinance adopted by the City Council of the City (the “City Council”) and approved by the Mayor of the City (the “Mayor”) on June 12, 1991 (Bill No. 1437, effective July 1, 1991) (the “Authority Tax Ordinance”), exclusively for the purposes of the Authority, on the salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by residents of the City, and (ii) certain moneys and securities and investment earnings thereon, together with a Debt Service Reserve Fund Policy (described herein) issued by Financial Guaranty Insurance Company (“FGIC”), all held by the Trustee in certain funds established under the Indenture. **Investors should assume that FGIC may not be able to meet its obligations under the Debt Service Reserve Fund Policy and therefore should not rely on the Debt Service Reserve Fund Policy in making their investment decision. *See* “SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS - Debt Service Reserve Fund Policy” herein.** In connection with the enactment of the Authority Tax Ordinance and the adoption of the Fiscal Year 1992 operating budget of the City, the City enacted an ordinance reducing the rate of the City’s tax on the salaries, wages, commissions and other compensation earned by, and net profits earned in business, professions and other activities conducted by, City residents by one and one-half percent (1.5%).

The Act provides that the Commonwealth will not reduce, and will not authorize any government agency levying such tax to reduce, the rate of any tax, including the Authority Tax, imposed exclusively for the purposes of the Authority and pledged by the Authority as security for the payment of principal of, and interest on, bonds issued by the Authority, including without limitation the 2019/2020 Bonds, until all of the principal of, and interest on, the

bonds so secured is paid in full or provided for. The Authority Tax presently is the only tax imposed exclusively for the purposes of the Authority and pledged by the Authority as security for the payment of its bonds.

The Act prohibits the City from reducing the rate of the Authority Tax or repealing the Authority Tax Ordinance while bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. The City, as required by the Act, has pledged and agreed in the Authority Tax Ordinance with each and every obligee of the Authority secured by an Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal, the Authority Tax until the principal of, and interest on, all bonds so secured are paid in full or provision for such payment is made. In the Intergovernmental Cooperation Agreement, dated January 8, 1992 (the "Cooperation Agreement"), between the Authority and the City, the City has made a similar pledge to, and agreement with, the Authority and its obligees.

The Act requires that the Authority Tax be collected by the Department of Revenue of the Commonwealth (the "Pennsylvania Revenue Department") for deposit in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund (the "PICA Tax Fund") established under the Act and held by the Treasurer of the Commonwealth (the "State Treasurer"), as custodian. The State Treasurer is required by the Act to transfer all amounts in the PICA Tax Fund at least weekly to or upon the order of the Authority. The Authority will direct the State Treasurer to transfer all such amounts to the Trustee for deposit in the Revenue Fund established under the Indenture in accordance with the requirements of the Act and for so long as any Bonds remain Outstanding under the Indenture. The Act authorizes the Pennsylvania Revenue Department to appoint agents for the collection and enforcement of the Authority Tax. Pursuant to such authority, a letter dated June 28, 1991 from the Pennsylvania Revenue Department and the Pennsylvania Intergovernmental Cooperation Authority Income Tax Collection Agency Agreement, dated as of June 1, 1992 (the "Tax Collection Agreement"), by and between the Commonwealth and the City, the Revenue Department of the City ("City Revenue Department") and the Law Department of the City have been appointed agents of the Pennsylvania Revenue Department for the collection and enforcement of the Authority Tax. The procedures for the collection and transfer of the Authority Tax are prescribed in the Act and are further delineated in the Authority Tax Ordinance and the Tax Collection Agreement.

**NEITHER THE CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS PLEDGED FOR THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS. THE 2019/2020 BONDS DO NOT CONSTITUTE OBLIGATIONS OF THE COMMONWEALTH OR OF ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, AND NEITHER THE COMMONWEALTH NOR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS LIABLE FOR THE PAYMENT OF PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS. THE AUTHORITY HAS NO TAXING POWER.**

### **The City of Philadelphia**

Although the 2019/2020 Bonds are not obligations of the City, financial developments with respect to the City may affect the market for, and the market prices of, the 2019/2020 Bonds. Further, economic and demographic conditions in the City may affect the levels of collections of the Authority Tax (as defined herein). See "ANNUAL COLLECTION OF THE CITY TAX AND THE AUTHORITY TAX" herein.

### *City of Philadelphia Governmental, Financial and Socioeconomic Information*

APPENDIX B - "CITY OF PHILADELPHIA GOVERNMENTAL AND FINANCIAL INFORMATION" provides information regarding the City, including relevant statutory provisions, financial information, litigation information, the relationship with the Authority and the City's Financial Plans.<sup>1</sup> APPENDIX C - "CITY OF

---

<sup>1</sup> APPENDIX A contains the Audited Financial Statements of the Authority for the Fiscal Year ended June 30, 2019. Certain information contained in APPENDIX B regarding the Authority is for periods prior to or subsequent to June 30, 2019. As a result, certain of the information in APPENDIX B is, at times, at variance with corresponding information concerning the Authority in APPENDIX A.

PHILADELPHIA SOCIOECONOMIC INFORMATION” contains socioeconomic and demographic information about the City.

The City’s Comprehensive Annual Financial Report and other information about the City can be found on the City’s website at [www.phila.gov/investor](http://www.phila.gov/investor) (the “City’s Investor Website”). The “Terms of Use” statement of the City’s Investor Website, which applies to all users of the City’s Investor Website, provides, among other things, that the information contained therein is provided for the convenience of the user, that the City is not obligated to update such information, and that the information may not provide all information that may be of interest to investors. The information contained on the City’s Investor Website does not constitute an offer to buy or sell securities, nor is it a solicitation therefor. The information contained on the City’s Investor Website is not incorporated by reference in this Official Statement and persons considering a purchase of the 2019/2020 Bonds should rely only on information contained in this Official Statement or incorporated by reference herein.

The Authority makes no representation as to the accuracy of any information contained in or referenced in this Official Statement relating to the City.

#### *General Financial Condition of the City*

As of August 15, 2019, results for Fiscal Year 2019 reflect revenues of \$4,742 million and obligations of \$4,832 million on a legally enacted basis and an estimated fund balance of \$297.7 million. Tax revenues were \$106.6 million above adopted budget levels. Total general fund revenue was \$125.2 million above budget. *See* APPENDIX B – “CITY OF PHILADELPHIA GOVERNMENTAL AND FINANCIAL INFORMATION” attached hereto.

#### *Fiscal Year 2020 Adopted Budget of the City*

The City’s Fiscal Year 2020 budget was presented to the City Council on March 7, 2019, was approved by City Council on June 13, 2019, and signed by the Mayor on June 18, 2019. The budget projects estimated revenues of \$4,918 million, obligations of \$5,025 million and an ending fund balance of \$209.9 million after discharging the Fiscal Year 2019 fund balance deficit on the legally enacted basis.

#### *Fiscal Year 2020-2024 Five-Year Financial Plan*

On June 18, 2019, the City submitted to the Authority its FY 2020-2024 Financial Plan in accordance with the City Council’s approved budget. The Authority approved the Financial Plan on July 16, 2019.

### **Description of the 2019/2020 Bonds**

The 2019/2020 Bonds will be issued as fully registered bonds, without coupons, will be dated the respective dates of their initial authentication and delivery, will be issued in the denominations of \$5,000 or any integral multiple thereof, and will mature and bear interest as described on the inside front cover of this Official Statement. The 2019/2020 Bonds are not subject to redemption prior to scheduled maturity. THE BONDS OF THE AUTHORITY WHICH ARE OUTSTANDING UNDER THE INDENTURE, INCLUDING THE 2019/2020 BONDS, ARE NOT SUBJECT TO ACCELERATION UPON THE OCCURRENCE OF ANY EVENT OF DEFAULT.

The 2019/2020 Bonds, when issued, will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”), which will act as securities depository under a book-entry only system for the 2019/2020 Bonds. *See* “THE 2019/2020 BONDS - Book-Entry Only System” herein.

Interest on the 2019/2020 Bonds will be paid semiannually on each June 15 and December 15 (each an “Interest Payment Date”), commencing June 15, 2020 by check or draft of the Trustee. The Trustee will mail such interest to the person in whose name the 2019/2020 Bonds are registered on the registration books of the Authority maintained by the Trustee, as bond registrar, at the address appearing thereon at the close of business on the last day of the calendar month (whether or not a Business Day) next preceding any Interest Payment Date (the “Record Date”); provided, however, at

the request of any registered owner of 2019 Bonds in an aggregate principal amount of \$1,000,000 or more, or an owner of 2020 Bonds in an aggregate principal amount of \$1,000,000 or more, interest shall be paid by bank wire transfer of funds to a bank account in a bank located in the United States designated in writing by such registered owner not less than ten (10) days prior to the applicable Interest Payment Date.

The 2019/2020 Bonds are payable as to principal upon presentation and surrender thereof at the corporate trust office of the Trustee in Philadelphia, Pennsylvania.

### **Additional Bonds**

The Authority has the power under the Act, subject to the limitations set forth therein, to issue bonds for various purposes. Under the Act, as currently in effect, however, the Authority may no longer issue any bonds for the purpose of financing a capital project or deficit of the City. Subject to the terms of the Act and the Indenture, such additional bonds may be issued by the Authority under the Indenture on a parity with the 2019/2020 Bonds. For a discussion of the issuance by the Authority of additional bonds, including Additional Bonds issued under the Indenture, and the limitations on such issuance, see “SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS - Additional Bonds” herein.

### **Continuing Disclosure Undertaking**

In order to enable the Underwriters to comply with the requirements of Rule 15c2-12, as amended (“Rule 15c2-12”), promulgated under the Securities Exchange Act of 1934, as amended, the Authority will enter into a Continuing Disclosure Agreement for the 2019 Bonds and a Continuing Disclosure Agreement for the 2020 Bonds, each dated the respective dates of delivery and payment for the 2019 Bonds and the 2020 Bonds, as the case may be, each of which Continuing Disclosure Agreements will constitute a written undertaking for the benefit of the registered owners from time to time of the 2019 Bonds or the 2020 Bonds, as applicable, including owners of book-entry credits evidencing interests in the 2019 Bonds or the 2020 Bonds. The proposed form of the Continuing Disclosure Agreements is attached to this Official Statement as APPENDIX F. *See* “MISCELLANEOUS - Continuing Disclosure Undertaking.”

### **Forward Delivery of the 2020 Bonds**

The 2020 Bonds are expected to be delivered on or about March 17, 2020. *See* “PLAN OF FINANCE – Forward Delivery Bond Purchase Agreement for the 2020 Bonds.” *See also* “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS.”

### **Certain References**

Brief descriptions of the Act, the Authority, the 2019/2020 Bonds, the Indenture, the Cooperation Agreement, the Tax Collection Agreement, the Authority Tax Ordinance, and the Disclosure Agreements (as hereinafter defined) are included in this Official Statement. All summaries of the provisions of the 2019/2020 Bonds and the security therefor, the Act, the Indenture and of other documents set forth herein, and all summaries and references to other documented material not purported to be quoted in full are only brief outlines of certain provisions thereof and do not purport to be complete, comprehensive or definitive and are qualified in their entireties by reference to the entire text of the Act and such documents, and the description herein of the 2019/2020 Bonds is qualified in its entirety by reference to the text thereof and the information with respect thereto included in the aforesaid documents. All such descriptions are further qualified in their entireties by reference to laws and principles of equity relating to or affecting generally the enforcement of creditors’ rights. Copies of the Indenture, the Authority Tax Ordinance, the Cooperation Agreement, the Disclosure Agreements and the Tax Collection Agreement may be obtained from the Authority after the date of delivery of the 2019 Bonds and the Initial Closing Date (as defined herein) of the 2020 Bonds at the corporate trust office of the Trustee in Philadelphia, Pennsylvania. Insofar as any statements are made in this Official Statement involving matters of opinion, whether or not expressly so stated, they are made merely as such and not as representations of fact.

Certain information concerning the City has been furnished by the City and is included as APPENDIX B and APPENDIX C attached hereto. THE AUTHORITY MAKES NO REPRESENTATIONS AS TO THE ACCURACY OR COMPLETENESS OF THE INFORMATION INCLUDED AS APPENDIX B AND APPENDIX C HERETO.

This Official Statement, including the appendices (except APPENDIX A, consisting of the audited financial statements of the Authority, which speak as of June 30, 2019; APPENDIX B, which speaks as of June 30, 2019 unless otherwise noted therein; and APPENDIX C, which speaks as of December 31, 2018 unless otherwise noted therein), speaks only as of the date of this Official Statement printed on the cover hereof. The information contained herein is subject to change.

## **PLAN OF FINANCE**

### **General**

The proceeds from the sale of the 2019 Bonds shall be used, together with other available moneys of the Authority, to (i) currently refund the 2009 Bonds, and (ii) pay the costs of issuing the 2019 Bonds (the “2019 Refunding Project”). The 2009 Bonds will be called for redemption on or about December 3, 2019 (the “2009 Bonds Redemption Date”), at a redemption price of 100% of the principal amount thereof plus accrued interest to the 2009 Bonds Redemption Date.

The proceeds from the sale of the 2020 Bonds shall be used, together with other available moneys of the Authority, to (i) currently refund the Refunded 2010 Bonds, and (ii) pay the costs of issuing the 2020 Bonds (the “2020 Refunding Project”). The 2010 Bonds will be called for redemption on June 15, 2020 (the “2010 Bonds Redemption Date”), at a redemption price of 100% of the principal amount thereof plus accrued interest to the 2010 Bonds Redemption Date. *See* “VERIFICATION” herein.

Pursuant to the Escrow Deposit Agreement (the “Escrow Agreement”) between the Authority and U.S. Bank National Association, as escrow agent (the “Escrow Agent”), to be dated the date of issuance of the 2020 Bonds (which is expected to be March 17, 2020), the Authority will cause to be deposited with the Escrow Agent 2020 Bond proceeds and other available amounts in an amount that will be sufficient to pay the redemption price of, and accrued interest on, the Refunded 2010 Bonds at their 2010 Bonds Redemption Date.

The funds deposited with the Escrow Agent pursuant to the Escrow Agreement are anticipated to be invested in United States Treasury Securities – State and Local Government Series or non-callable direct obligations of the United States of America (the “Government Obligations”) pending application to the redemption of the Refunded 2010 Bonds.

### **Forward Delivery Bond Purchase Agreement for the 2020 Bonds**

The 2020 Bonds are being sold pursuant to a Forward Delivery Bond Purchase Agreement dated October 29, 2019 (the “Forward Delivery Bond Purchase Agreement”) between the Authority and RBC Capital Markets, LLC, acting on its own behalf, and as representative (the “Representative”) of the underwriters named therein (collectively, the “Underwriters”). The 2020 Bonds will be delivered on or about March 17, 2020, subject to delivery by Bond Counsel of its approving opinion and the satisfaction of certain other conditions set forth in the Forward Delivery Bond Purchase Agreement. *See* “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS” herein.

An investment in the 2020 Bonds involves certain additional risks due to the forward delivery of the 2020 Bonds. The issuance and delivery of the 2020 Bonds is subject to satisfaction of certain conditions precedent. For a discussion of certain factors that should be considered by prospective investors in evaluating an investment in the 2020 Bonds, see “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS” herein. Such factors

are not intended to be exhaustive of all of the potential factors which might apply to the issuance and delivery of the 2020 Bonds. Each prospective purchaser of the 2020 Bonds should make an independent evaluation of all of the information presented in this Official Statement, including the information under the caption “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS.”

## Estimated Sources and Uses of Funds

The estimated sources and uses of funds relating to the 2019 Refunding Project are as follows:

### Sources of Funds:

Principal Amount of 2019 Bonds	\$31,085,000.00
Original Issue Premium	2,933,977.30
Transfer from Debt Service Fund for the 2009 Bonds	11,541,425.00
Amount held in Debt Service Reserve Fund	<u>46,867,585.79</u>
Total	\$92,427,988.09

### Uses of Funds:

Current Refunding of 2009 Bonds	\$83,815,996.67
Debt Service Reserve Requirement	8,184,397.73
Costs of Issuance*	<u>427,593.69</u>
Total	\$92,427,988.09

\* Includes legal, accounting, financial advisory fees and expenses, printing, rating fees, underwriters' discount, contingency and miscellaneous fees and expenses.

The estimated sources and uses of funds relating to the 2020 Refunding Project are as follows:

### Sources of Funds:

Principal Amount of 2020 Bonds	\$24,990,000.00
Original Issue Premium	1,561,626.90
Transfer from Debt Service Fund for the Refunded 2010 Bonds	439,250.00
Amount held in Debt Service Reserve Fund	<u>8,184,397.73</u>
Total	\$35,175,274.63

### Uses of Funds:

Deposit under Escrow Agreement for Refunded 2010 Bonds	\$27,013,875.00
Debt Service Reserve Requirement	7,910,662.69
Costs of Issuance**	<u>250,736.94</u>
Total	\$35,175,274.63

\*\* Includes legal, accounting, financial advisory fees and expenses, printing, rating fees, underwriters' discount, verification agent fees, contingency and miscellaneous fees and expenses.

## THE 2019/2020 BONDS

### General

The 2019/2020 Bonds will be dated on their respective dates of original issuance and delivery thereof, will be payable as to interest at the rates and on the dates, and will mature in the amounts on the dates set forth on the inside front cover hereof. Purchases of beneficial ownership interests in the 2019/2020 Bonds may be made in denominations

of \$5,000 or integral multiples thereof. Descriptions of the provisions regarding redemption, transfer and payment of the 2019/2020 Bonds are set forth below.

**THE 2019/2020 BONDS ARE NOT SUBJECT TO ACCELERATION UPON THE OCCURRENCE OF AN EVENT OF DEFAULT.**

DTC will serve as securities depository under a book-entry only system for the 2019/2020 Bonds. Unless such system is discontinued, the provisions described under “Book-Entry Only System” below (including provisions regarding payments to and transfers by the owners of beneficial interests in the 2019/2020 Bonds) will be applicable to the 2019/2020 Bonds. If such system is discontinued, the provisions described under “Discontinuation of Book-Entry Only System” below will be applicable.

So long as DTC, or its partnership nominee, Cede & Co., is the registered owner of the 2019 Bonds, payments of the principal of and interest on the 2019 Bonds are to be made by the Trustee directly to Cede & Co. Disbursements of such payments to the DTC Participants (as hereinafter defined) is the responsibility of DTC. Disbursements of such payments to the owners of beneficial interests in the 2019 Bonds is the responsibility of the DTC Participants and the Indirect Participants (as hereinafter defined) thereof. Likewise, so long as DTC, or its partnership nominee, Cede & Co., is the registered owner of the 2020 Bonds, payments of the principal of and interest on the 2020 Bonds are to be made by the Trustee directly to Cede & Co. Disbursements of such payments to the DTC Participants (as hereinafter defined) is the responsibility of DTC. Disbursements of such payments to the owners of beneficial interests in the 2020 Bonds is the responsibility of the DTC Participants and the Indirect Participants thereof. *See* APPENDIX H - “BOOK-ENTRY ONLY SYSTEM”.

**Redemption Provisions**

The 2019/2020 Bonds are not subject to optional redemption, mandatory redemption or any other form of redemption prior to maturity.

**Transfers and Exchanges of Bonds**

Upon presentation for transfer and exchange of any 2019/2020 Bond entitled to registration of exchange or registration of transfer at the corporate trust office of U.S. Bank National Association, Philadelphia, Pennsylvania (the “Registrar”), the Registrar will register the exchange or register the transfer of such 2019/2020 Bond in the bond registration books, under such reasonable regulations as the Registrar may prescribe. The Registrar will make all necessary provisions to permit the exchange or registration of transfer of the 2019/2020 Bonds at its corporate trust office in Philadelphia, Pennsylvania. Until the discontinuance of the book-entry only system, as described above, one fully registered 2019 Bond for each maturity of the 2019 Bonds and one fully registered 2020 Bond for each maturity of the 2020 Bonds, each in the aggregate principal amount of such maturity will be registered in the name of Cede & Co., as nominee for DTC.

The transfer of any 2019/2020 Bond shall be registered in the registration books of the Registrar at the written request of the Bondholder thereof or his attorney duly authorized in each writing, upon surrender and cancellation thereof at the corporate trust office of the Registrar in Philadelphia, Pennsylvania, together with a written instrument of transfer satisfactory to the Registrar duly executed by the Bondholder or his duly authorized attorney. Upon the registration of transfer of any such 2019/2020 Bond or 2019/2020 Bonds, the Authority shall issue in the name of the transferee, in authorized denominations permitted by the Indenture, a new fully registered 2019/2020 Bond or new fully registered 2019/2020 Bonds of the same series in the same aggregate principal amount and of like tenor as the surrendered 2019/2020 Bond or 2019/2020 Bonds.

Any 2019/2020 Bond, upon surrender thereof at the corporate trust office of the Registrar in Philadelphia, Pennsylvania, may, at the option of the Bondholder thereof, be exchanged for an equal aggregate principal amount of any authorized denominations of the 2019/2020 Bonds of the same series and maturity, and having the same interest rate and other provisions, as the surrendered 2019/2020 Bond.

In all cases in which the privilege of exchanging 2019/2020 Bonds or registering the transfer of 2019/2020 Bonds is exercised, the Authority shall execute and the Trustee shall authenticate and deliver 2019/2020 Bonds in accordance with the provisions of the Indenture.

For every such exchange or registration of transfer of the 2019/2020 Bonds, whether temporary or definitive, the Authority, the Registrar or the Trustee may make a charge sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, which sum or sums shall be paid by the person requesting such exchange or registration of transfer as a condition precedent to the exercise of the privilege of making such exchange or registration of transfer.

The Registrar shall not be required to transfer or exchange any 2019/2020 Bond during the period from a Record Date through the next Interest Payment Date, inclusive, nor to transfer or exchange any 2019/2020 Bond selected for redemption in whole or in part.

### **Payments of Principal of, and Interest on, the 2019/2020 Bonds**

The principal of the 2019/2020 Bonds shall be payable upon presentation and surrender thereof at the corporate trust office of the Trustee in Philadelphia, Pennsylvania. Interest shall be payable by check or draft mailed to the registered owners of the 2019/2020 Bonds as shown on the registration books kept by the Registrar as of the close of business on the applicable record dates described below. Interest payable to any registered owner of 2019 Bonds in the aggregate principal amount of \$1,000,000 or more, or to any registered owner of 2020 Bonds in the aggregate principal amount of \$1,000,000 or more, may, upon request by such registered owner, be paid by bank wire transfer of funds to a bank account in a bank located in the United States designated in writing by such registered owner not less than ten (10) days prior to the applicable Interest Payment Date.

The Authority, the Trustee and the Registrar may deem and treat the registered owner of any 2019/2020 Bond as the absolute owner of such 2019/2020 Bond, whether such 2019/2020 Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such 2019/2020 Bond and for all other purposes, and the Authority, the Trustee and the Registrar shall not be affected by any notice to the contrary. All such payments so made to any such holder or upon his order shall be valid and effectual to satisfy and discharge the liability upon such 2019/2020 Bond to the extent of the sum or sums to be so paid.

### **Record Dates**

Except in the case of overdue interest, the record date (the “Record Date”) for interest due on the 2019/2020 Bonds on any June 15 shall be the immediately preceding May 31 (whether or not a Business Day) and the record date for interest due on any December 15 shall be the immediately preceding November 30 (whether or not a Business Day).

Interest which is due and payable on any June 15 or December 15 but cannot be paid on such date from available funds under the Indenture, shall thereupon cease to be payable to the registered owners otherwise entitled thereto as of such date. At such time as sufficient funds are available for the payment of such overdue interest, the Trustee shall establish a special payment date (which shall be a Business Day) and a special record date in respect thereof. With respect to the 2019 Bonds, the Trustee shall mail a notice specifying the special payment date so established to each registered owner of the 2019 Bonds as of the special record date, such notice to be mailed at least ten (10) days prior to the special payment date. With respect to the 2020 Bonds, the Trustee shall mail a notice specifying the special payment date so established to each registered owner of the 2020 Bonds as of the special record date, such notice to be mailed at least ten (10) days prior to the special payment date.

## **SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS**

### **General**

The 2019/2020 Bonds are limited obligations of the Authority payable solely from certain pledged revenues of the Authority and certain other funds held by the Trustee for such purpose. The 2019/2020 Bonds are payable from and are equally and ratably secured under the Indenture, together with the Bonds and any Additional Bonds that may be issued thereunder, by an assignment, pledge and grant to the Trustee of all of the Authority's right, title and interest in and to (i) the Authority Tax, and (ii) moneys and securities held by the Trustee under the Indenture (including proceeds of the Authority Tax) and any interest or income earned thereon, including amounts deposited into the Deficit Fund, Capital Projects Fund, Revenue Fund, Debt Service Fund, Debt Service Reserve Fund and the Bond Redemption Fund, but excluding moneys held in trust for the United States in the Rebate Fund (collectively, the "Pledged Revenues"), subject to the terms and conditions of the Indenture. The Indenture provides that moneys in accounts established by the Trustee in respect of a particular Series of Bonds that are Outstanding under the Indenture shall only be available to pay debt service or the redemption price of Bonds of such Series, except as may otherwise be provided in the Indenture or in a Supplemental Indenture adopted at or prior to the time of issuance of such Series.

The Debt Service Reserve Fund will secure, equally and ratably, all Bonds Outstanding under the Indenture, including any Outstanding 2010 Bonds, 2019 Bonds, and 2020 Bonds.

### **Authority Tax**

As permitted by the Act, and pursuant to the Authority Tax Ordinance, the City has imposed, exclusively for the purposes of the Authority, a one and one-half percent (1.5%) tax on the salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by residents of the City. As described above, the Authority Tax has been pledged by the Authority to the Trustee, as permitted by the Act and pursuant to the Indenture, as security for the payment of principal of, and interest on, all Bonds issued under the Indenture, including any Outstanding 2010 Bonds, 2019 Bonds, and 2020 Bonds.

The Act requires that the Authority Tax be collected by the Pennsylvania Revenue Department for deposit in the PICA Tax Fund held by the State Treasurer, as custodian. The Act authorizes the Pennsylvania Revenue Department to appoint agents for the collection and enforcement of the Authority Tax and, pursuant to such authority, a letter dated June 28, 1991 from the Pennsylvania Revenue Department and the Tax Collection Agreement, the City Revenue Department and the Law Department of the City have been appointed agents for the collection and enforcement of the Authority Tax.

In accordance with the applicable provisions of the Act and the Tax Collection Agreement, all receipts from the Authority Tax are deposited into a special account separate and apart from all City accounts. Based on historical trends in revenues collected by the City from taxes imposed for City purposes by the City on salaries, wages, commissions and other compensation earned by, and net profits earned in business, professions and other activities conducted by, City residents (see APPENDIX B and APPENDIX C attached hereto), the City and the Pennsylvania Revenue Department currently attribute 61.50% of wage tax remittances, 89.88% of earnings tax remittances, and 47.06% of net profit tax remittances to City residents. Pursuant to the Tax Collection Agreement, the Pennsylvania Revenue Department shall determine the timing and the method of recalculation of the foregoing percentages. Moneys in an amount equal to each daily amount of the Authority Tax collected (calculated as set forth above) are deposited on the day of receipt in immediately available funds in a segregated account (the "Custodial Account") established by the City, as agent for the Pennsylvania Revenue Department, for remittance on the following day to a general Commonwealth demand deposit account established by the State Treasurer. Upon the transfer of Authority Tax collections to the custody of the State Treasurer, such moneys are held with other Commonwealth funds. Pursuant to the Tax Collection Agreement, the City is required to reconcile the daily deposits to the Custodial Account with actual Authority Tax collections on a monthly basis. Pursuant to the Act, the Authority Tax paid to the State Treasurer shall be transferred by the State Treasurer not less frequently than every two weeks to the PICA Tax Fund, a special fund established by the Act and held in the custody of the State Treasurer. Pursuant to the Act, proceeds of the Authority

Tax and amounts on deposit in the PICA Tax Fund are at all times the sole property and revenues of the Authority, and are not subject to appropriation by either the City or the Commonwealth.

The Act requires that the State Treasurer make at least weekly payments of all amounts in the PICA Tax Fund to or upon the order of the Authority. In connection with the issuance of the 2019 Bonds and the issuance of the 2020 Bonds, the Authority will direct the State Treasurer to transfer all such amounts to the Trustee for deposit in the Revenue Fund established under the Indenture in accordance with the requirements of the Act and for so long as there are any Bonds Outstanding under the Indenture. Promptly after deposit of moneys in the Revenue Fund, the Trustee shall transfer any money in the Revenue Fund to the following funds in the following order and priority:

- (a) to the Debt Service Fund, the amount necessary to cause the aggregate amount therein in each month to equal the sum of (i) the aggregate for all Series of Bonds Outstanding under the Indenture paying interest semiannually of  $1/6$  (such fraction to be increased or decreased, as appropriate, for a Series of Bonds Outstanding under the Indenture to account for any initial or final interest period longer or shorter than six months) of the amount of interest that will be due and payable on each Series of Bonds Outstanding on the next succeeding Interest Payment Date for the respective Series, (ii) the aggregate for all Series of Bonds Outstanding under the Indenture paying interest at an interval other than semiannually of an amount equal to the interest that will be due and payable or otherwise accrue on each such Series of Bonds Outstanding during such month (assuming that interest due on such Bonds Outstanding will be payable at the maximum interest rate applicable to such Bonds Outstanding, and taking into account (A) any amounts received from the counterparty to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement, deposited directly into the Debt Service Fund, and (B) any amounts remaining in the Debt Service Fund from prior months' transfers from the Revenue Fund in excess of the amount actually paid or accrued as interest on such Bonds Outstanding under the Indenture for such prior months), (iii) the aggregate for all Series of Bonds Outstanding under the Indenture of  $1/12$  (such fraction to be increased, as appropriate, for a Series to account for any initial or final principal payment period shorter than 12 months) of the amount of principal that will become due and payable on each Series of Bonds Outstanding under the Indenture, including the 2019/2020 Bonds (whether upon maturity or mandatory redemption), on the next succeeding principal payment date (whether upon maturity or mandatory redemption) for the respective Series occurring within the next year following the date of such transfer, (iv) any deficiency in deposits required to be made in prior months under the preceding clauses (i), (ii) and (iii) which has not been eliminated, and (v) any amount owed to any Credit Facility Issuer in respect of payments made for principal and interest on Bonds Outstanding under the Indenture;
- (b) to the Debt Service Reserve Fund, the amount necessary to eliminate any deficiency therein (a deficiency being the amount by which the Debt Service Reserve Requirement exceeds the amount in such Fund);
- (c) to any Person entitled to payment pursuant to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement, an amount equal to the net amount then required to be paid to such person by the Authority pursuant to such an agreement; provided, however, with respect to certain interest rate swap agreements or similar hedge agreements, the Authority may elect to establish a separate account in the Revenue Fund and cause the Trustee to deposit on a monthly basis such amount as is necessary to cause the aggregate amount deposited therein in each month to equal a monthly portion of the amount that will be due to the relevant counterparty on the next payment date;
- (d) as directed in a certificate of the Authority delivered to the Trustee, to the trustees or other depositories in respect of subordinated debt, if any, payable from Pledged Revenues, the amount necessary to cause the aggregate amount paid in respect of such subordinated debt

from all sources to equal the amount then required to be paid in respect of each issue of subordinated debt;

- (e) to the Authority, the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made to equal the operating expenses of the Authority for such fiscal year as set forth in a certificate of the Authority delivered to the Trustee with respect to such fiscal year, to the extent that the amounts transferred from the Debt Service Reserve Fund pursuant to the applicable provisions of the Indenture are not sufficient for such purpose; and
- (f) to the Rebate Fund, the amounts required to be deposited therein pursuant to the applicable provisions of the Indenture, to the extent that the transfers from the earnings in the Debt Service Reserve Fund pursuant to the applicable provisions of the Indenture are insufficient for such purpose.

Notwithstanding the foregoing order of priority, the Indenture requires that to the extent the Trustee is required to make payment of the Rebate Amount or Yield Reduction Amount, if any, to the United States of America pursuant to the Indenture and there are insufficient amounts in the Rebate Fund on the date which is thirty (30) days prior to the due date of such payment, the Trustee shall thereafter transfer moneys from the Revenue Fund to the Rebate Fund prior to making any other transfers of moneys to any other funds until the amount in the Rebate Fund equals the required Rebate Amount and Yield Reduction Amount. Any moneys remaining in the Revenue Fund after all transfers required by paragraphs (a), (b), (c), (d), (e) and (f) above have been made shall be transferred by the Trustee to U.S. Bank National Association, for deposit to a special account (the "City Account"), in trust for the exclusive benefit of the City, established and created under the Act and the City Account Deposit and Disbursement Agreement, dated as of December 6, 1991, as amended, between the Authority and First Union National Bank (now U.S. Bank National Association), Philadelphia, Pennsylvania, as depository. The City Account Deposit and Disbursement Agreement has been acknowledged and agreed to by the City.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The total amount of PICA Tax remitted by the State Treasurer to the Authority (which is net of the costs of the Pennsylvania Revenue Department in collecting the Authority Tax), PICA annual debt service and expenses, and net PICA tax revenue remitted to the City for Fiscal Years 2016-2018, the budgeted amounts and current estimates for Fiscal Year 2019, and the budgeted amounts for Fiscal year 2020 are set forth below, as of June 30, 2019.

**Summary of PICA Tax Remitted by the State Treasurer to the Authority  
and Net Taxes Remitted by the Authority to the City  
(Amounts in Millions of USD)<sup>(1),(2)</sup>  
(As of June 30, 2019)**

<b>Fiscal Year</b>	<b>PICA Tax<sup>(3)</sup></b>	<b>PICA Annual Debt Service and Expenses<sup>(3)</sup></b>	<b>Net Taxes Remitted to the City<sup>(4)</sup></b>
2016 (Actual)	\$444.5	\$61.1	\$383.4
2017 (Actual)	\$469.2	\$59.7	\$409.5
2018 (Actual)	\$497.0	\$42.8	\$454.2
2019 (Adopted Budget)	\$516.0	\$47.1	\$469.0
2019 (Current Estimate)	\$521.7	\$47.1	\$474.6
2020 (Adopted Budget)	\$546.1	\$46.8	\$499.3

(1) Figures may not sum due to rounding.

(2) All information contained in this table has been provided by the City. A variance exists between the City's calculation and reporting of both the PICA Tax and the Authority's annual debt service and expenses (as set forth in this table, elsewhere in the body of this Official Statement, and in APPENDIX B), as opposed to the Authority's calculation and reporting of similar items (as set forth in the body of this Official Statement, in APPENDIX A and in the Authority's audited financial statements for prior fiscal years). This variance is due to the City's utilization of a cash-basis accounting method in contrast to the Authority's utilization of a modified accrual accounting method based on month-to-month and year-to-year payments and receipts, which the Authority then reconciles with the Office of the City Treasurer of the City at the end of each fiscal year.

(3) Source: The City's Quarterly City Manager's Reports or the budget for the applicable Fiscal Year.

(4) Source: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Years 2019-2020, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Financial Plan, as applicable.

The Authority's bonds (including the 2019/2020 Bonds, upon their respective issuances) are not secured by, and the owners of such bonds (including the owners of the 2019/2020 Bonds), are not and shall not be entitled to, any moneys transferred by the Trustee, as required by the Act and the Indenture, to the City Account.

The Act provides that, for so long as any of bonds of the Authority (including the Bonds and the 2019/2020 Bonds) remain outstanding, the Commonwealth (i) will not limit or alter the rights vested in the Authority by the Act in any manner inconsistent with the obligations of the Authority to its obligees, and (ii) will not reduce, nor will it authorize any government agency (which term includes, without limitation, the City) levying such tax to reduce, the rate of any tax, including the Authority Tax, imposed exclusively for the purposes of the Authority and pledged by the Authority to secure the bonds of the Authority. Pursuant to the requirements of the Act, the City has included a pledge to the effect set forth in clause (ii) above in the Authority Tax Ordinance.

In the Authority Tax Ordinance and the Cooperation Agreement, the City has pledged and agreed, for so long as any of the bonds of the Authority remain outstanding, with the Authority and each and every obligee of the Authority secured by an Authority pledge of the Authority Tax, that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority (including the 2019/2020 Bonds), secured by a pledge of the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of the Indenture or other agreement pursuant to which such bonds were issued. The City further has acknowledged and agreed in the Authority Tax Ordinance and the Cooperation Agreement that, as provided in the Act, (i) all revenues from the Authority Tax are revenues and property of the Authority and not revenues

or property of the City, (ii) such revenues may be freely pledged by the Authority to secure payment of the bonds of the Authority, including the 2019/2020 Bonds, and (iii) such revenues are not subject to appropriation by City Council.

### **Defined Benefit Pension Plan for Authority Employees**

The Authority covers all full-time employees in the Pennsylvania State Employees' Retirement System (SERS). SERS is a component unit of the Commonwealth and is included in the Commonwealth's financial report as a pension trust fund. SERS issues a publicly available financial report that includes financial statements and required supplementary information. For more information, see "Defined Benefit Pension Plan" in APPENDIX A.

### **Debt Service Reserve Fund**

The Debt Service Reserve Fund will, upon the respective issuance dates of the 2019 Bonds and of the 2020 Bonds, be maintained in an amount not less than the Debt Service Reserve Requirement, as of such issuance dates, and will secure, equally and ratably, all Bonds Outstanding under the Indenture, including any Outstanding 2010 Bonds, 2019 Bonds, and 2020 Bonds.

Under the Indenture the term "Debt Service Reserve Requirement" means, with respect to all Bonds Outstanding under the Indenture, an amount equal to the lesser of (i) the Maximum Annual Debt Service Requirement with respect to all Bonds Outstanding under the Indenture, and (ii) the maximum amount permitted by the Code. The amount to be deposited into the Debt Service Reserve Fund as a result of each Series of Additional Bonds will be specified in the Supplemental Indenture executed in connection with the issuance of each Series of Additional Bonds, and will be that amount sufficient to satisfy the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture as of the respective issue dates of the 2019 Bonds and the 2020 Bonds. The Indenture provides that in lieu of a deposit at the time of issuance of a Series of Bonds Outstanding under the Indenture, the Authority may cause a Credit Facility to be provided to the Trustee. *See* APPENDIX D - "Debt Service Reserve Fund."

As of the date hereof, the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture is currently satisfied, without regard to the Reserve Policy described hereafter. Upon the issuance of the 2019 Bonds, the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture as of such date will be \$8,184,397.73, which the Authority will fund with the same amount in cash and investments. Upon the issuance of the 2020 Bonds, the Debt Service Reserve Requirement with respect to all Bonds Outstanding under the Indenture as the Delayed Delivery Closing Date will be \$7,910,662.69, which the Authority will fund with the same amount in cash and investments.

The Authority is not required to maintain amounts in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement. If there are insufficient moneys to pay the debt service requirements on any Series of Bonds Outstanding under the Indenture on any Interest Payment Date, mandatory sinking fund redemption date or maturity date of such Series of Bonds Outstanding under the Indenture, the Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund amounts necessary to make such payments from the Debt Service Fund. All cash and investments in the Debt Service Reserve Fund shall be utilized for making required transfers to the Debt Service Fund for payment of principal of, or interest on, the Bonds Outstanding under the Indenture before making any draws on the Reserve Policy (hereinafter defined). Repayment of any draws, expenses and interest thereon with respect to the Reserve Policy shall be made prior to replenishment of the Debt Service Reserve Fund. Draws on the Reserve Policy and any other similar policies on which there is available coverage shall be made on a pro rata basis (calculated by reference to coverage then available under each such policy) after applying available cash and investments in the Debt Service Reserve Fund. Holders of the 2019/2020 Bonds will have equal and ratable rights or claims to all assets and funds, including the Reserve Policy, held by the Trustee in the Debt Service Reserve Fund. **Investors should assume that the obligor under the Reserve Policy may not be able to meet its obligations thereunder and therefore should not rely on the Reserve Policy in making their investment decision. See "SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS -Debt Service Reserve Fund Policy" herein.**

## **Debt Service Reserve Fund Policy**

The Authority currently satisfies, and will satisfy on the respective dates of issuance of the 2019 Bonds and the 2020 Bonds, the Debt Service Reserve Requirement. In addition, the Trustee is the holder of a Debt Service Reserve Fund Policy in the maximum amount of \$30,458,126.54 (the “Reserve Policy”) originally issued by FGIC and originally delivered to the Trustee in 1999. The Reserve Policy has been novated to National Public Finance Guarantee Corporation (“National”). The Reserve Policy met the rating requirement of the Indenture at the time the Reserve Policy was obtained. The Authority has no intention at this time of terminating or replacing the Reserve Policy.

**Investors should not rely on the Reserve Policy or on the credit of FGIC or National in making their investment decisions. Information regarding FGIC, National or the Reserve Policy has not been provided for inclusion in this Official Statement. The Authority and the Underwriters make no representations regarding the Reserve Policy, FGIC or National.**

The specific rights, if any, originally granted to FGIC in connection with its issuance of the Reserve Policy are set forth in the description of the principal legal documents appearing elsewhere in this Official Statement.

## **Additional Bonds**

Pursuant to the Indenture and the Act, the Authority is authorized to issue Additional Bonds under the Indenture, so long as no Event of Default has occurred and is continuing under the Indenture. The Additional Bonds shall be equally and ratably secured with the 2019/2020 Bonds, except for moneys otherwise specifically pledged under the Indenture. Pursuant to the Act, additional bonds, including Additional Bonds issued under the Indenture, may not be issued by the Authority for the purpose of financing a capital project or deficit of the City.

In connection with the issuance of Additional Bonds under the Indenture, the Indenture provides that the Authority must execute a certificate, the calculations of which shall be “verified” by a certified public accountant, showing that (1) the PICA Taxes (as defined in the Indenture), including the Authority Tax, collected with respect to any twelve (12) consecutive months during the fifteen (15) month period immediately preceding the date of issuance of such Additional Bonds equaled at least three hundred percent (300%) of the Maximum Annual Debt Service Requirement (including the Authority’s obligations with respect to the payment of Policy Costs then due and owing with respect to each Credit Facility issued in connection with the Debt Service Reserve Fund for the Bonds Outstanding under the Indenture and any amounts due to the provider of a credit or liquidity facility issued with respect to a Series of Bonds Outstanding under the Indenture) on Bonds to be Outstanding under the Indenture after the issuance of the Additional Bonds and (2) the PICA Taxes projected to be collected during the twelve (12) months following issuance of the Additional Bonds, which projection may be based on the PICA Taxes projected in the City’s most recent Financial Plan approved by the Authority, equal to at least three hundred percent (300%) of the Debt Service Requirement during such twelve (12) month period on Bonds to be Outstanding under the Indenture after the issuance of the Additional Bonds. In determining the amount of PICA Taxes, retroactive effect shall be given to any PICA Tax which was not in effect (including for this purpose any increase in the rate of an existing tax) during the relevant period, but which has been imposed prior to the issuance of the Additional Bonds. The certificate referenced in this paragraph shall not be required in the case of Additional Bonds issued to refund Bonds under the Indenture where the Maximum Annual Debt Service Requirement for such Additional Bonds and the total principal and interest payable on such Additional Bonds for the term thereof do not exceed the comparable amounts for the Bonds being refunded.

The Authority may at any time, without the request or approval of the City, issue bonds to refund its outstanding bonds, including the 2019/2020 Bonds, so long as the maturity date of such refunding bonds will not extend to a maturity date which could not have been included in the original issue of the bonds being refunded. The 2019 Bonds and the 2020 Bonds both satisfy this requirement.

## **Certain Remedies of Bondholders**

Upon the occurrence of any Event of Default (as defined in the Indenture) the Indenture provides that the Trustee, if requested to do so by the holders of twenty-five percent (25%) in aggregate principal amount of Bonds then Outstanding under the Indenture and upon being indemnified as provided in the Indenture, shall pursue any available remedy at law or in equity, including, without limitation, the right to enforce the pledge of, security interest in and lien and charge on all revenues pledged by the Authority as security under the Indenture against all Commonwealth and local public officials in possession of any such taxes and revenues at any time and the performance by the Authority of its obligations under the Indenture; provided, however, that there is no right to accelerate the payment of the principal of the Bonds Outstanding under the Indenture. *See APPENDIX D attached hereto.*

## **Limitation of Remedies**

THE 2019/2020 BONDS ARE LIMITED OBLIGATIONS OF THE AUTHORITY PAYABLE SOLELY FROM THE PLEDGED REVENUES. THE 2019/2020 BONDS DO NOT OTHERWISE CONSTITUTE A PLEDGE OF THE GENERAL CREDIT OF THE AUTHORITY. FURTHER, THE 2019/2020 BONDS DO NOT CONSTITUTE A PLEDGE OF THE CREDIT OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING THE CITY), NOR DO THE 2019/2020 BONDS CONSTITUTE A PLEDGE OF THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING THE CITY). THE AUTHORITY HAS NO TAXING POWER. NEITHER THE COMMONWEALTH NOR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING THE CITY) IS LIABLE FOR THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE 2019/2020 BONDS.

THE 2019/2020 BONDS SHALL NOT BE SECURED BY, AND ARE NOT PAYABLE FROM, AND THE OWNERS OF THE 2019/2020 BONDS SHALL NOT BE ENTITLED TO, ANY MONEYS TRANSFERRED BY THE TRUSTEE, AS REQUIRED BY THE ACT AND THE INDENTURE, TO THE CITY ACCOUNT OR TO THE ENCUMBERED FUNDS ACCOUNT.

THE 2019/2020 BONDS ARE NOT SUBJECT TO ACCELERATION UPON THE OCCURRENCE OF AN EVENT OF DEFAULT.

The rights and remedies of Bondholders could be limited by the provisions of the Federal Bankruptcy Code, as now or hereafter enacted (the “Bankruptcy Code”), or by other laws or legal or equitable principles which may affect the enforcement of creditors’ rights. Chapter 9 of the Bankruptcy Code permits, under prescribed circumstances, a political subdivision of a state to commence a voluntary bankruptcy proceeding and to file a plan of adjustment in the repayment of its debts, if such political subdivision is generally not paying its debts as they became due (unless such debts are the subject of a bona fide dispute), or is unable to pay its debts as they become due. Under the Bankruptcy Code, an involuntary petition cannot be filed against a political subdivision.

In order to proceed under Chapter 9 of the Bankruptcy Code, state law must authorize the political subdivision to file a petition under the Bankruptcy Code. THE ACT PROHIBITS BOTH THE AUTHORITY AND THE CITY FROM FILING A PETITION UNDER THE BANKRUPTCY CODE WHILE ANY BONDS OF THE AUTHORITY ARE OUTSTANDING.

## **CERTAIN DERIVATIVES ACTIVITIES OF THE AUTHORITY**

The Authority and JPMorgan Chase Bank (the “Swap Counterparty”) previously entered into interest rate “swaption” transactions and “basis cap” transactions with respect to certain series of bonds previously issued by the Authority. These transactions were documented under standard ISDA documents including a Master Agreement, dated as of December 6, 2001 (the “Master Agreement”); a U.S. Municipal Counterparty Schedule to said Master Agreement, dated as of December 6, 2001; a Credit Support Annex to said Schedule, dated as of December 6, 2001 (the “Credit

Support Annex”); and various transaction confirmations. The only such transactions that remain outstanding are two basis cap transactions between the Authority and the Swap Counterparty. Under one such basis cap (the “1993A Bonds Basis Cap”), the Swap Counterparty pays to the Authority an amount each month equal to 0.40% per annum times the notional amount times the day count fraction, and the Authority pays to the Swap Counterparty each month an amount equal to the greater of (a) the average of the SIFMA Index for the monthly period divided by the one-month LIBOR rate less 70%, multiplied by the one-month LIBOR rate, times the notional amount times the day count fraction, and (b) zero. The notional amount of the 1993A Bonds Basis Cap is currently \$36,790,000, and such notional amount reduces by certain scheduled amounts on each June 15 until the end of the term of the 1993A Bonds Basis Cap on June 15, 2022.

Under the second outstanding basis cap transaction (the “1999 Bonds Basis Cap”) the Swap Counterparty pays to the Authority an amount each month equal to 0.46% per annum times the notional amount times the day count fraction, and the Authority pays to the Swap Counterparty each month an amount equal to the greater of (a) the average of the SIFMA Index for the monthly period divided by the one-month LIBOR rate less 70%, multiplied by the one-month LIBOR rate, times the notional amount times the day count fraction, and (b) zero. The notional amount of the 1999 Bonds Basis Cap is currently \$72,960,000, and such notional amount reduces by certain scheduled amounts on each June 15 until the end of the term of the 1999 Bonds Basis Cap on June 15, 2023.

Under each of these transactions, the Authority has the right at its option to terminate the related basis cap, and any such termination will be treated as an “Additional Termination Event” under the Master Agreement that will result in a termination payment, calculated under the “Market Quotation, Second Method” basis, either owing by the Authority to the Swap Counterparty or owing by the Swap Counterparty to the Authority. Other “Additional Termination Events” under the Master Agreement that may entitle the Authority to terminate the related basis cap transactions include (i) if the Swap Counterparty ceases to have an unsecured and unenhanced senior long-term debt rating of at least “A3” by Moody’s Investors Service, Inc. (“Moody’s”) and “A-” by S&P Global Ratings (“S&P”) and the Swap Counterparty fails to post collateral as required by the Credit Support Annex within 15 days, and (ii) if the unsecured and unenhanced senior long-term debt rating of the Swap Counterparty by Moody’s or S&P is suspended or withdrawn or if the Swap Counterparty ceases to have an unsecured and unenhanced senior long-term debt rating of at least “Baa2” by Moody’s and “BBB” from S&P.

Under the documentation for these basis caps, the liability of the Authority to make any payment is limited to the amounts available for such payment in the Revenue Fund after all required transfers have been made to the Debt Service Fund and the Debt Service Reserve Fund pursuant to the Indenture (and also after payment of any amounts owing to the issuer of any municipal bond debt service reserve fund policy on deposit in the Debt Service Reserve Fund). The Swap Counterparty’s rights are expressly subordinated to payment by the Authority on the Bonds issued under the Indenture and amounts required to be deposited into the Debt Service Reserve Fund (including payments to the issuer of a reserve fund policy as aforesaid), and the Authority has not granted to the Swap Counterparty any lien, charge, security interest or other encumbrance in or on the Pledged Revenues or any other revenues or assets to secure payment or performance of any of the Authority’s obligations under the basis caps.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## DEBT SERVICE REQUIREMENTS

The following table shows total debt service requirements on all Outstanding Bonds prior to the issuance of the 2019 Bonds and after the issuance of the 2019 Bonds and the redemption of the 2009 Bonds.

Period Ending (June 30)	Total Debt Service on All Outstanding Bonds Prior to Issuance of 2019 Bonds	(Minus) Total Debt Service on 2009 Bonds	Principal on 2019 Bonds	Interest on 2019 Bonds	(Plus) Total Debt Service Requirements on 2019 Bonds	Total Debt Service Requirements After Issuance of 2019 Bonds and Redemption of 2009 Bonds
2020	\$ 46,944,100	\$23,082,850	\$0	\$828,933	\$828,933	\$24,690,183
2021	37,319,600	23,076,850	9,860,000	1,554,250	11,414,250	25,657,000
2022	37,179,750	23,078,250	10,355,000	1,061,250	11,416,250	25,517,750
2023	23,076,000	23,076,000	10,870,000	543,500	11,413,500	11,413,500
Totals:	\$ 144,519,450	\$92,313,950	\$31,085,000	\$3,987,933	\$35,072,933	\$87,278,433

The following table shows total debt service requirements on all Outstanding Bonds immediately prior to the issuance of the 2020 Bonds and after the issuance of the 2020 Bonds and the defeasance of the Refunded 2010 Bonds.

Period Ending (June 30)	Total Debt Service on All Outstanding Bonds Prior to Issuance of 2020 Bonds	(Minus) Total Debt Service on Refunded 2010 Bonds	Principal on 2020 Bonds	Interest on 2020 Bonds	(Plus) Total Debt Service Requirements on 2020 Bonds	Total Debt Service Requirements After Issuance of 2020 Bonds and Defeasance of the Refunded 2010 Bonds
2020	\$24,690,183	\$ 658,875	\$0	\$305,433	\$ 305,433	\$24,336,742
2021	25,657,000	14,242,750	12,260,000	1,249,500	13,509,500	24,923,750
2022	25,517,750	14,101,500	12,730,000	636,500	13,366,500	24,782,750
2023	11,413,500	\$0	\$0	\$0	\$0	11,413,500
Totals:	\$87,278,433	\$29,003,125	\$24,990,000	\$2,191,433	\$27,181,433	\$85,456,742

## ANNUAL COLLECTION OF THE CITY TAX AND THE AUTHORITY TAX

In connection with the enactment of the ordinance levying the Authority Tax of 1.5% and the adoption of the Fiscal Year 1992 operating budget of the City, the City enacted an ordinance approved on June 12, 1991 (effective July 1, 1991) reducing the rate of the City's tax on the salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by City residents (the "City Tax") by 1.5%, from 4.96% to 3.46%. Further reductions in the rate of the City Tax were implemented in each of the City's fiscal years 1996 through 2019. The current rate is 2.3712% which, when added to the Authority Tax, results in a tax rate of 3.8712%. These reduced rates include rate reductions funded through tax reduction funding provided by the Commonwealth from gaming proceeds. Additional Commonwealth-funded rate reductions may occur depending on the level of gaming proceeds received by the Commonwealth.

The City Tax is imposed pursuant to authority granted to the City by the Sterling Act (Act of August 5, 1932, Sp. Sess., P.L. 45, No. 43), which was enacted by the Pennsylvania General Assembly in 1932 and permits the City to levy any tax not specifically preempted by the Commonwealth. The City has imposed a wage, earnings and net profits tax since 1939. For a discussion of historical data with respect to collection of the City Tax, see APPENDIX B herein.

Under state law, at least sixty percent (60%) of a taxpayer's tax liability based upon net income under the Business Privilege Tax (as of May 1, 2012, the Business Privilege Tax was renamed the Business Income and Receipts Tax (or BIRT) levied by the City under the First Class City Business Tax Reform Act must be allowed as a credit against such taxpayer's liability under any tax based upon net profits or gain levied by the City pursuant to the Sterling

Act (such as the City Tax and the Authority Tax). The Act requires that such credit be applied and exhausted against the City Tax before such credit can be applied and charged against similar liability of a taxpayer under the Authority Tax. The City currently allows the minimum sixty percent (60%) credit required by law, but is permitted to increase that credit above sixty percent (60%). Beginning with tax year 2016, the City allowed an exemption of the first \$100,000 in gross receipts and a proportionate share of net income from the business income and receipts tax.

The City also levies a tax on the salaries, wages, commissions and other compensation and on net profits earned in business, professions and other activities of non-residents employed in the City (“Non-resident Tax”). The Non-resident Tax rate is different from the City Tax rate.

The following table sets forth the amount of the Authority Tax collected by the Commonwealth (which is net of the costs of the Pennsylvania Revenue Department in collecting the Authority Tax) in Fiscal Years 2010 to 2019.

**Authority Tax Collected By Commonwealth by Fiscal Year<sup>2</sup>**

<u>Fiscal Year</u>	<u>Amount (in millions)</u>
2010	\$342.6
2011	358.9
2012	357.7
2013	376.3
2014	380.5
2015	409.2
2016	446.6
2017	465.1
2018	498.7
2019	528.7

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

---

<sup>2</sup> All information contained in this table, the following table and the following subsection entitled “Historical Revenues and Debt Service Coverage Ratios” has been provided by the Authority. A variance exists between the Authority’s calculation and reporting of both the PICA Tax and the Authority’s annual debt service and expenses (as set forth in the aforementioned tables and sections, elsewhere in the body of this Official Statement, and in APPENDIX A), as opposed to the City’s calculation and reporting of similar items (as set forth in the body of this Official Statement, in APPENDIX A and in the City’s audited financial statements and Quarterly City Manager Reports for prior fiscal years). This variance is due to the City’s utilization of a cash-basis accounting method in contrast to the Authority’s utilization of a modified accrual accounting method based on month-to-month and year-to-year payments and receipts, which the Authority then reconciles with the Office of the City Treasurer of the City at the end of each fiscal year.

The following table sets forth Authority Tax receipts from the Commonwealth for the 12-month period indicated below.

**Authority Tax Collected By Commonwealth October 2018 to September 2019<sup>3</sup>**

<u>Month</u>	<u>Amount (in millions)</u>
October 2018	\$37.1
November 2018	43.4
December 2018	37.2
January 2019	42.1
February 2019	40.9
March 2019	51.4
April 2019	60.4
May 2019	54.9
June 2019	36.5
July 2019	44.3
August 2019	40.4
September 2019	35.1
Total	\$532.2

**Historical Revenues and Debt Service Coverage Ratios<sup>4</sup>**

The revenues of the Authority available for debt service from the Authority Tax for Fiscal Years 2016 through 2019 and the debt service coverage ratios for Fiscal Years 2016 through 2019 are shown in the following table:

	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>
Revenues Available for Debt Service (in millions)	\$446,600,000	\$465,100,000	\$498,700,000	\$528,700,000
Actual Debt Service	65,615,600	65,457,235	56,095,100	47,152,100
Debt Service Coverage Ratio	6.81	7.11	8.89	11.21

In its current proposed Financial Plan, the City estimates that the amount of the Authority Tax to be collected in Fiscal Years 2020 and 2021 will be approximately \$546.1 million and \$566.5 million, respectively. There is no assurance that the City Revenue Department and the Law Department of the City, acting as agents for the Pennsylvania Revenue Department, will actually collect such estimated amount of Authority Tax or that the amount of the Authority Tax collected in future years will equal or exceed such estimated amount. Authority Tax receipts collected in the first three (3) months of Fiscal Year 2020 totaled \$104.3 million. *See* APPENDIX B attached herein.

<sup>3</sup> See Footnote 2 above.

<sup>4</sup> See Footnote 2 above.

## **THE AUTHORITY**

### **Organization and Purpose**

The Authority is a body corporate and politic constituting a public authority and an instrumentality of the Commonwealth exercising public powers of the Commonwealth as an agency and instrumentality thereof which was created pursuant to the Act for the purpose of providing financial assistance to, and exercising certain powers of oversight over the budgetary practices and fiscal affairs of, cities of the first class in the Commonwealth. The City currently is the only city of the first class in the Commonwealth. The Act and the Cooperation Agreement provide that, upon the request by the City to the Authority for financial assistance and for so long as any bonds of the Authority remain outstanding, the Authority shall have certain powers. In its financial assistance capacity, the Authority has the power to issue its bonds to grant or lend the proceeds thereof to the City. Such power to issue debt for the purposes of financing a deficit or a capital project of the City has expired. The Authority also has an oversight role, and in this capacity it has the power to exercise certain advisory and review powers with respect to the City's financial affairs, including the power to review and approve Financial Plans to be revised at least annually by the City and to certify any noncompliance by the City with its then-existing Financial Plan, which certification would require the Secretary of the Budget of the Commonwealth to cause certain payments due to the City from the Commonwealth to be withheld by the Commonwealth and disbursements to the City from the City Account to be suspended pending compliance with the Act and the then-existing Financial Plan. For a discussion of the operating history of the Authority, see "THE AUTHORITY - Operating History" herein.

### **Operating History**

Since the issuance of its first series of bonds in 1992, the Authority has devoted its primary attention to the assessment, approval and oversight of the City's Financial Plans, the City's compliance therewith, the evaluation of City financial reporting, the analysis of City financial and budgetary practices and programs and oversight of the expenditure of funds for capital projects and productivity enhancements for which the Authority made grants to the City with a portion of the proceeds from the sale of bonds in 1992, 1993 and 1994.

### **Board of Authority**

Under the Act, the Authority is administered by a governing Board consisting of five voting members and two ex officio non-voting members. The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives and the Minority Leader of the House of Representatives each appoints one voting member of the Board. Each Board member serves at the pleasure of his or her appointing authority for a term extending not more than sixty days beyond the current term of office of the appointing authorities from the House of Representatives or until a successor member is appointed, whichever occurs first. The maximum term of office of the appointing authorities from the House of Representatives is two (2) years. The current term of office of the appointing authorities from the House of Representatives ends on November 30, 2020.

Members of the Board shall not be liable personally on the 2019/2020 Bonds and shall not be subject to any personal liability or accountability by reason of the issuance thereof.

The Secretary of the Budget of the Commonwealth and the Director of Finance of the City serve as ex officio members of the Board. The ex officio members have no voting rights, are not counted for purposes of establishing a quorum and may designate in writing a representative of their respective offices to attend Board meetings on their behalf.

The current members of the Board are as follows:

**KEVIN VAUGHAN, Chair.** Mr. Vaughan's extensive career in government service began as Legislative Director for Philadelphia City Councilman Angel Ortiz before being appointed by then-Mayor Rendell as Executive Director of the Philadelphia Commission on Human Relations. Mr. Vaughan was then appointed by President Clinton as a Regional Director of the US Department of Health and Human Services. He returned to service in Philadelphia as the Associate Director of the Free Library, Chief of Staff of the Managing Director's Office, Deputy Commissioner of the Department of Public Health, and finally as the Director of the Deputy Mayor's Office for Health and Opportunity/Deputy Health Commissioner. Mr. Vaughan is a graduate of the University of Pennsylvania (C'77), attended the Fels School of Government, and holds executive education certificates from Columbia University and Harvard University. He was initially appointed to the PICA Board in 2016 by Governor Wolf.

**ALAN C. KESSLER, ESQUIRE, Vice-Chair.** Mr. Kessler is an attorney in the area of commercial litigation with a focus on class actions and other complex litigation, government relations, and general counseling as a partner at Duane Morris LLP. Mr. Kessler's public service includes serving as a presidential appointee by President Clinton as the Vice Chair of the Presidential/Congressional Commission on Risk Assessment and Risk Management; and as a presidential appointee by President Clinton to the Board of Governors of the United States Postal Service. He was elected Chair of the USPS Board of Governors in 2008. Mr. Kessler was initially appointed to serve as a member of the Board by the Democratic Leader of the Senate in 2015.

**MICHAEL A. KARP, Secretary/Treasurer.** Mr. Karp's prior government service includes service as a member of the Board of Education of the School District of Philadelphia. He is the founder of University City Housing and is active in the civic affairs of the University City community in West Philadelphia. He was first appointed to serve as a member of the Board by the Speaker of the House of Representatives in 2000 and has been reappointed to the Board upon expiration of each term of office.

**JAMES F. CAWLEY, Assistant Secretary/Treasurer.** Mr. Cawley is Temple University's Vice President of Institutional Advancement. Previously, he served as president and CEO of United Way of Greater Philadelphia and Southern New Jersey and as Lieutenant Governor of the Commonwealth of Pennsylvania, from 2011 to 2015. Prior to being elected to statewide office, Mr. Cawley served on the Bucks County Board of Commissioners, as Chief of Staff to State Senator Tommy Tomlinson, and as a member of the board of the Bristol Township School District. Mr. Cawley earned a bachelor's degree in political science and a law degree from Temple University. He was appointed to serve as a member of the PICA board by the Pro Tempore of the Pennsylvania Senate in 2017.

**TINA BYLES WILLIAMS, Member.** Ms. Byles Williams founded FIS Group 21 years ago and has over 33 years of investment experience. She is the chief investment strategist and portfolio manager for the firm's global equities product. As Chief Investment Officer, she chairs the firm's Investment Committee, overseeing all investment strategy, manager search and disposition decisions. Prior to founding FIS Group, Ms. Byles Williams was a principal and senior consultant with the investment consulting firm WHP, Inc. Before joining WHP, Ms. Byles Williams served as Chief Investment Officer to the City of Philadelphia's Board of Pensions and Retirement. Ms. Byles Williams completed her undergraduate work at New York University where she graduated Magna Cum Laude and earned her Master's degree in Public Policy with an emphasis in Finance from Harvard University. She was initially appointed to the PICA Board in 2017 by the Democratic Leader of the Pennsylvania House of Representatives.

**JEN SWAILS, Ex Officio.** Ms. Swails is the Secretary of the Budget of the Commonwealth.

**ROB DUBOW, Ex Officio.** Mr. Dubow is the Director of Finance of the City. Mr. Dubow previously served as the Executive Director of the Authority.

#### **Authority Staff**

The Board appoints a staff to execute the functions of the Authority. Currently, the staff of the Authority is comprised of six (6) individuals, including the Executive Director, a deputy executive director, two (2) financial

analysis specialists and two (2) administrative assistants. The Act provides that the Executive Director serves at the pleasure of the Board for a term ending sixty days beyond the current term of office of the appointing authorities from the House of Representatives or until his or her successor is retained, whichever occurs first.

The staff of the Authority is currently supervised by:

**HARVEY M. RICE**, Executive Director. Mr. Rice joined the Authority as Executive Director in January 2014. Prior to this role, he served as the City of Philadelphia's First Deputy City Controller and Chief of Staff. He was responsible for the management and oversight of 125 employees in the nine divisions within the Controller's Office. Under Mr. Rice's leadership, the City Controller's Office uncovered more than \$500 million in revenues and savings for the City of Philadelphia through audits, reports and investigations. The Controller's Office also has received numerous national awards for its performance audits under his direction. Prior to his appointment as City Controller, Mr. Rice served as the Pennsylvania Department of Education's Safe Schools Advocate for the School District of Philadelphia. He was appointed by then Governor Tom Ridge. As the Safe School Advocate, Mr. Rice was responsible for monitoring the School District's compliance with the Safe Schools Act, as well as assisting and advocating on behalf of victims of school violence and ensuring the quick removal of violent and disruptive students from city schools. Mr. Rice is an attorney with a law degree from the Beasley School of Law at Temple University. He served as Co-Chair for the Philadelphia Coalition for Victim Advocacy, and as a member of the Collaborative Response to Crime Victims.

### **Financing Program**

The Authority was established and organized by the Commonwealth in June 1991 pursuant to the Act. The Authority has previously issued eleven Series of Bonds under the Indenture, only two of which are currently Outstanding: the 2009 Bonds and the 2010 Bonds. Upon the issuance of the 2019 Bonds, only the 2019 Bonds and the 2010 Bonds will remain Outstanding. The Authority may from time to time, subject to the limitations prescribed in the Act, enter into financing or refinancing transactions. Each additional financing or refinancing transaction may be a separate obligation of the Authority issued under a trust indenture separate from the Indenture or may be an obligation of the Authority issued under an indenture supplemental to the Indenture and secured on an equal and ratable (except for moneys otherwise specifically pledged under the Indenture) or subordinate basis with the 2010 Bonds and the 2019 Bonds.

Under the Act, the City is required to fulfill and comply with certain requirements in order to receive financial assistance from the Authority. Such requirements include, but are not limited to, (i) adoption of an intergovernmental cooperation agreement between the City and the Authority, which must be approved by a Qualified Majority of the Board, and (ii) the development and revision at least annually by the City of, and in compliance with, a Financial Plan. "Qualified Majority" is defined in the Act to mean a majority of the Board which includes any four voting members.

### **Oversight Functions of the Authority**

The Act establishes a statutory framework for financial oversight of the City by the Authority. Generally, in order to receive financial assistance from the Authority, and for so long as any bonds of the Authority remain Outstanding, the City must comply with certain requirements set forth in the Act and in certain documents and agreements, such as the Cooperation Agreement, contemplated by the Act. In addition, the Act and certain documents and agreements contemplated by the Act, such as the Cooperation Agreement, grant to the Authority certain powers to review City financial information and to take certain actions to monitor and to promote the City's compliance with its obligations under the Act and under certain documents and agreements contemplated by the Act, such as the Cooperation Agreement. *See* "THE AUTHORITY - Powers of the Authority to Promote Compliance" herein.

## **Intergovernmental Cooperation Agreement**

On January 8, 1992, the City and the Authority entered into the Cooperation Agreement. In addition to detailing the preparation, approval and effect of the City's Financial Plan as described below, the Cooperation Agreement provides, in general, for the initial issuance of bonds by the Authority to provide financial assistance to the City, and sets forth certain terms governing the City Account. The Cooperation Agreement also requires the City to provide to the Authority certain financial and other information and grants to the Authority certain inspection and audit rights.

## **Financial Plan**

Upon the request by the City to the Authority for financial assistance, and for so long as any bonds of the Authority remain Outstanding, the Act requires that the City submit and the Authority approve at least annually a Financial Plan conforming to certain standards specified in the Act and in the Cooperation Agreement. The Act and the Cooperation Agreement require that each Financial Plan include financial information concerning projected revenues and expenditures of the principal operating fund or funds of the City specified in the Cooperation Agreement, including primarily the City's General Fund, General Capital Fund and Grants Revenue Fund, for the current fiscal year and the next four fiscal years. All projections of the revenues and expenditures in each Financial Plan must be based on assumptions and methods of estimation determined to be reasonable and appropriate by the Authority, such assumptions and methods to be consistently applied. All cash flow projections in each Financial Plan must be based upon assumptions as to sources and uses of cash determined to be reasonable and appropriate by the Authority. Revenue and appropriation estimates must be on a modified accrual basis; any deviation from the statutory standards for estimating revenues and expenditures must be approved by a Qualified Majority of the Board.

Each Financial Plan must specify practices by which the City shall (i) eliminate any projected deficit of the City for the then-current fiscal year and for the subsequent fiscal years covered by such Financial Plan; (ii) restore to special fund accounts of the City moneys from those accounts used for purposes other than those specifically authorized; (iii) balance the then-current fiscal year budget and subsequent budgets of the City covered by the Financial Plan through sound budgetary practices, including, but not limited to, reductions in expenditures, improvements in productivity, increases in revenues, or a combination of such steps; (iv) provide procedures to avoid a City fiscal emergency condition in the future; and (v) enhance the ability of the City to regain access to the short- and long-term credit markets.

Pursuant to the Act, the City was required to submit an initial Financial Plan to the Authority for its approval prior to the Authority rendering certain financial assistance to the City. The City submitted an initial Financial Plan to the Authority prior to the issuance of the first series of bonds by the Authority in 1992. In addition, the Act and the Cooperation Agreement require the City to submit a revised Financial Plan at least one hundred (100) days prior to the beginning of each fiscal year (or such other date as the Authority may approve at the request of the City), so long as any bonds of the Authority are outstanding. Each such revised Financial Plan is required to include projected revenues and expenditures of the General Fund, the General Capital Fund, the Grants Revenue Fund and any other principal operating fund of the City which becomes a member of the City's Consolidated Cash Account (collectively, the "Covered Funds") for five fiscal years of the City, consisting of the fiscal year of the City beginning on the July 1 next following the date such revised Financial Plan is required to be submitted to the Authority and the next four fiscal years thereafter.

The Act and the Cooperation Agreement also require that the City, simultaneously with the submission of each Financial Plan, submit to the Authority, among other things, the following:

- (a) a schedule of debt service payments due or projected to become due in respect of all indebtedness of the City and all indebtedness of others supported in any manner by the City (by guaranty, lease, service agreement or otherwise) during each fiscal year of the City until the final scheduled maturity of such indebtedness, such schedule to set forth such debt service payments separately according to the general

categories of direct general obligation debt, direct revenue debt, lease obligations, service agreement obligations and guaranty obligations;

- (b) a schedule of payments for legally mandated services included in the Financial Plan and due or projected to be due during the fiscal years of the City covered by the Financial Plan;
- (c) a statement describing, in reasonable detail, the significant assumptions and methods of estimation used in arriving at the projections contained in the Financial Plan;
- (d) the Mayor's proposed operating budget and capital budget for each of the City's principal operating funds for the next fiscal year of the City, which budgets shall be consistent with the first year of the Financial Plan and which budgets shall be prepared in accordance with the Philadelphia Home Rule Charter, as amended;
- (e) a statement by the Mayor that the budgets described in (d) above: (i) are consistent with the Financial Plan; (ii) contain funding adequate for debt service payments, legally mandated services and lease payments securing bonds of other government agencies or of any other entities; and (iii) are based on reasonable and appropriate assumptions and methods of estimation;
- (f) a cash flow forecast for the City's consolidated cash account for the first fiscal year of the City covered by the Financial Plan;
- (g) an opinion or certification of the City Controller, prepared in accordance with generally accepted auditing standards, with respect to the reasonableness of the assumptions and estimates in the Financial Plan; and
- (h) schedule setting forth the number of authorized employee positions (filled and unfilled) for the first year covered by such Financial Plan for each board, commission, department or office of the City.

The Act and the Cooperation Agreement require the Authority promptly to review the Financial Plan and the proposed operating and capital budgets. The Act and the Cooperation Agreement also require the Authority, within thirty (30) days of the submission of the Financial Plan and proposed operating and capital budgets, to determine whether such Financial Plan projects balanced budgets for the principal operating fund or funds of the City, based upon reasonable assumptions, for each year of the Financial Plan and whether such proposed operating and capital budgets are consistent with the Financial Plan.

If the Authority determines that the Financial Plan and the proposed operating and capital budgets fulfill the applicable requirements of the Act and the Cooperation Agreement, the Act and the Cooperation Agreement require the Board to approve the Financial Plan by a Qualified Majority. If the Authority fails to take any action within thirty (30) days of the submission of a proposed Financial Plan, such Financial Plan shall be deemed to have been approved; provided, however, that if during such thirty(30) day period a written request by two (2) members of the Board for a meeting and vote on the question of approval of the proposed Financial Plan has been submitted to the Chairperson of the Board and a meeting and vote does not take place, then the Financial Plan shall be deemed to have been disapproved. The Financial Plan also shall be deemed to have been disapproved if such meeting and vote are held and the Financial Plan is approved by anything less than a Qualified Majority. The Act and the Cooperation Agreement provide that the Authority shall not be bound by any opinions or certifications of the City Controller issued pursuant to the Act or the Cooperation Agreement in making any determination regarding the Financial Plan.

If the Financial Plan is disapproved by the Board, the Act and the Cooperation Agreement require the Authority to notify the City thereof and to state in writing in reasonable detail the reasons for such disapproval, including the amount of any estimated budget imbalance in a principal operating fund or funds of the City. The City must then submit a revised Financial Plan to the Authority, eliminating the budget imbalance, within fifteen (15) days of such disapproval. Such revised Financial Plan must be reviewed and voted upon by the Board within fifteen (15) days of its

submission. If the Authority determines that the revised Financial Plan fulfills the applicable requirements of the Act and the Cooperation Agreement, the Board must approve the revised Financial Plan by a Qualified Majority. If the Authority does not so approve the revised Financial Plan, the Authority shall certify the City's noncompliance with the Financial Plan to the Secretary of the Budget of the Commonwealth. *See* "Powers of the Authority to Promote Compliance" herein.

The Act and the Cooperation Agreement provide that the City may, during any fiscal year, submit proposed revisions to its then-existing Financial Plan. The Act provides that the City shall submit such a proposed revision after, and the Cooperation Agreement provides that the City shall submit a proposed revision within fifteen (15) days after, any amendment to the City's operating or capital budget becomes effective. The Act and the Cooperation Agreement also require the Mayor, within ninety (90) days of assuming office, to certify to the Authority that the Mayor adopts the then-existing Financial Plan or to propose to the Authority revisions to the then-existing Financial Plan. When a proposed revision is submitted, the Authority is required to review the revision within twenty (20) days and to approve the proposed revision if, based on assumptions deemed to be reasonable by the Authority, it does not cause the Financial Plan to become imbalanced. Proposed revisions become part of the Financial Plan upon the approval of a Qualified Majority, unless a Qualified Majority of the Board adopts some other method of approval in its rules and regulations. If the Authority fails to take action on a proposed revision within twenty (20) days, such revision will be deemed to have been approved, unless two (2) members of the Board request in writing submitted to the Chairperson of the Board a meeting and vote on the revision and no such meeting and vote takes place, in which event such revision will be deemed to have been disapproved. The Financial Plan shall also be deemed to have been disapproved if such meeting and vote are held and the Financial Plan is approved by anything less than a Qualified Majority.

In the event that the City Council adopts a budget inconsistent with an approved Financial Plan, the Act and the Cooperation Agreement require the City to submit the enacted budget to the Authority (pursuant to the terms of the Cooperation Agreement, within twenty (20) days after such budget has been so enacted) as a proposed revision to the Financial Plan. The Authority shall have thirty (30) days to review such proposed revision.

### **Contracts and Collective Bargaining Agreements of the City**

The Act and the Cooperation Agreement provide that the City shall execute contracts and collective bargaining agreements which are in compliance with the Financial Plan. The Act and the Cooperation Agreement provide that if the City executes a contract or collective bargaining agreement or receives an arbitration award (other than with respect to police officers or firefighters as described in the next following sentence) which is not in compliance with the Financial Plan, such contract, collective bargaining agreement or arbitration award shall not be void or voidable solely by reason of such noncompliance, but the City shall as soon as practicable but in no event later than fifteen (15) days after the execution or receipt thereof by the City, submit to the Authority a proposed revision to the Financial Plan which demonstrates to the reasonable satisfaction of the Authority that revenues sufficient to pay the costs of the contract or collective bargaining agreement or arbitration award will be available in the affected fiscal years of the Financial Plan. In addition, Section 209(k) of the Act provides that a board of arbitration must take into consideration and accord substantial weight to the Financial Plan when making an award which increases the wages or fringe benefits of any police officers or firefighters employed by the City. The Act and the Cooperation Agreement provide that if such an arbitration award, after the exhaustion of all appeals, is not in compliance with the Financial Plan, such an arbitration award shall not be void or voidable solely by reason of such noncompliance, but the City shall not later than twenty (20) days after the date of such award, submit to the Authority a proposed revision to the Financial Plan which demonstrates that revenues sufficient to pay the costs of the arbitration award will be available in the affected fiscal years of the Financial Plan. The Cooperation Agreement provides that the Authority has certain rights to receive information concerning collective bargaining agreements of the City and to express views as to the financial impact on the City of such collective bargaining agreements. The Cooperation Agreement also provides that the Authority has certain rights of review, comment, and recommendation with respect to certain other contracts or agreements to which the City is a party or under or on account of which the City may be or become obligated, directly or indirectly, pursuant to which the City will or may incur a financial obligation or confer a financial benefit upon another, in either case in excess of \$1,000,000 during any fiscal year of the City during the term of such contract or agreement, or in excess of \$5,000,000 in the aggregate during the term of such contract or agreement. The Authority has agreed with the City to

keep certain information and communications relating to collective bargaining agreements and such other contracts confidential until such agreements or contracts are executed.

### **Powers of the Authority to Promote Compliance**

In the event the City fails to submit the required revisions to the Financial Plan as discussed above, the Authority may exercise certain powers to promote compliance, as described below.

#### *Power to Require Production of Records and Information and to Act Thereon*

The Act and the Cooperation Agreement require the City to furnish, and the Authority to receive and review, certain financial reports and other information in order to enable the Authority to determine whether the City is complying with the then-existing Financial Plan. Under the Cooperation Agreement, within forty-five (45) days of the end of each fiscal quarter of the City, and also monthly (within thirty (30) days after the end of the previous month) if a Variance (as hereinafter defined) from the then-current Financial Plan has been determined by the Authority to have occurred, the Mayor is required to provide to the Authority a report describing actual, or current estimates of, revenues, expenditures and cash flows by Covered Fund (excepting the Grants Revenue Fund) compared to budgeted revenues, expenditures and cash flows by Covered Funds (excepting the Grants Revenue Fund) for such previous quarterly or monthly period, as the case may be, and for the year-to-date period from the beginning of the then-current fiscal year of the City to the last day of the fiscal quarter or month, as the case may be, just ended. Each such report is required to explain any Variance existing as of such last day. If the City fails to file with the Authority any Financial Plan, revision to a Financial Plan, report or other information required to be filed with the Authority pursuant to the Act or the Cooperation Agreement, the Act and the Cooperation Agreement authorize the Authority to bring, on ten (10) days' notice, a mandamus action to compel production of the same.

The Authority is required to determine, based on its review of the aforementioned information or upon such independent audits, examinations or studies of the City finances as may be conducted by or on behalf of the Authority, whether a Variance from the Financial Plan has occurred.

Under the Cooperation Agreement, a "Variance" is deemed to have occurred as of the end of a reporting period described above if (i) a net adverse change in the fund balance of a Covered Fund of more than one percent (1%) of the revenues budgeted for such Covered Fund for that fiscal year is reasonably projected to occur, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year, or (ii) the actual net cash flows of the City for a Covered Fund are reasonably projected to be less than ninety-five percent (95%) of the net cash flows of the City for such Covered Fund for that fiscal year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year.

If the Authority determines that a Variance exists, it is required to notify the City in writing, whereupon the City is required, within ten (10) days after request by the Authority, to provide the Authority such additional information as the Authority deems necessary to explain the Variance. The Authority may not take action with respect to the City as a result of Variances from the Financial Plan in any fiscal quarter of the City if the City (i) within thirty (30) days provides a written explanation of the Variance that the Authority deems reasonable, (ii) within forty-five (45) days proposes remedial action that the Authority believes will restore overall compliance with the Financial Plan, (iii) provides information in the immediately succeeding quarterly financial report required to be delivered to the Authority demonstrating to the reasonable satisfaction of the Authority that the City is taking the remedial action and otherwise complying with the Financial Plan, and (iv) submits monthly supplemental reports in accordance with the Act and the Cooperation Agreement.

#### *Power to Initiate Withholding of Certain Payments to the City by the Commonwealth*

The Act and the Cooperation Agreement require the Authority to certify to the Secretary of the Budget of the Commonwealth the City's noncompliance with the then-existing Financial Plan during any period when the Authority,

by a Qualified Majority, determines that the City (i) has not adhered to the then-existing Financial Plan and (ii) has not taken adequate remedial action during the next fiscal quarter following such departure from the Financial Plan to cure such noncompliance.

In addition, the Act and the Cooperation Agreement require the Authority to certify to the Secretary of the Budget of the Commonwealth that the City is not in compliance with the then- existing Financial Plan if the City (a)(i) has failed to file a Financial Plan or has no Financial Plan approved by the Authority, both as required by the Act and the Cooperation Agreement, or (ii) has failed to file mandatory revisions to an approved Financial Plan or reports as required by the Act and the Cooperation Agreement and (b) has not been compelled to file a Financial Plan, a mandatory revision to a Financial Plan or a report pursuant to the Authority's power to institute a mandamus action under the Act and the Cooperation Agreement.

#### *Withholding of Commonwealth Payments to City; Exemptions Therefrom*

In the event the Authority certifies the City's noncompliance with an approved Financial Plan, the Act requires the Secretary of the Budget of the Commonwealth to notify the City of such certification and to inform the City that each grant, loan, entitlement or payment from the Commonwealth or any of its agencies to the City (except as provided below), including payments from the City Account, shall be suspended until such time as the City complies with the then-existing Financial Plan. The Act also requires payments from the City Account to be retained in that account, and all other payments to be held in escrow by the Commonwealth until such time as the Board, by a Qualified Majority, determines that the conditions causing the City's noncompliance with the Financial Plan have ceased to exist. At the time the Authority makes such determination, the Act requires the Authority promptly to notify the Secretary of the Budget of the Commonwealth, who is required to release all funds held in escrow, along with interest and income earned thereon during the escrow period, and the disbursements to the City from the City Account shall then resume.

The Act and the Cooperation Agreement specifically provide that, other provisions of the Act and the Cooperation Agreement notwithstanding, the following funds may not be withheld by the Commonwealth from the City for noncompliance with a Financial Plan: (i) funds for capital projects under contracts in progress; (ii) funds granted or allocated to the City directly from an agency of the Commonwealth, or from the federal government for distribution by the Commonwealth after the declaration of a disaster resulting from a catastrophe; (iii) pension fund payments required by law; (iv) funds administered by the City's Department of Human Services or Department of Health that provide benefits or services to recipients; (v) funds that the City has pledged to repay bonds or notes issued under The First Class City Revenue Bond Act (Act of October 18, 1972, P.L. 955, No. 234); and (vi) funds appropriated by the Commonwealth for the City's court system or correctional programs. The Act also provides that funds will not be withheld from the City if the City's noncompliance with a Financial Plan is due to the Commonwealth's failure to pay funds due to the City from moneys appropriated by the General Assembly of the Commonwealth. However, the Cooperation Agreement provides that such failure by the Commonwealth to pay any such money shall not be as a result of any fault of the City.

### **LITIGATION**

There is no litigation of any nature now pending or threatened seeking to restrain or enjoin the issuance, sale, execution or delivery of the 2019/2020 Bonds or any proceedings of the Authority taken with respect to the issuance or sale thereof, or the pledge or application of any moneys or security provided for the payment of the 2019/2020 Bonds or the existence or powers of the Authority.

### **LEGAL INVESTMENT**

The Act provides that the 2019/2020 Bonds are legal investments, in which all government agencies, all insurance companies, trust companies, banking associations, banking corporations, savings banks, investment companies, executors, trustees of any retirement, pension or annuity fund or system of the Commonwealth or of a city,

trustees and other fiduciaries may properly and legally invest funds, including capital, deposits or other funds in their control or belonging to them. Under the Act, the 2019/2020 Bonds may properly and legally be deposited with and received by any government agency for any purpose for which the deposit of bonds or other obligations of the Commonwealth now or hereafter may be authorized by law.

### **CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS**

The Authority will enter into the Forward Delivery Bond Purchase Agreement for the 2020 Bonds with the Representative acting on behalf of itself and on behalf of the Underwriters. Subject to the terms of the Forward Delivery Bond Purchase Agreement, the Authority expects to issue and deliver the 2020 Bonds on March 17, 2020, or such later date as may be mutually agreed by the Authority and the Underwriters (the “Delayed Delivery Closing Date”).

The obligation of the Underwriters to purchase the 2020 Bonds from the Authority is subject to the satisfaction of certain conditions, as outlined in the Forward Delivery Bond Purchase Agreement on the Initial Closing Date (the “Initial Closing Date”, which is expected to be December 3, 2019), the date of issuance of the 2019 Bonds) and on the Delayed Delivery Closing Date. The conditions to be satisfied during the period from and including the date of the Forward Delivery Bond Purchase Agreement to the Initial Closing Date are, in general, comparable to those required in connection with bond closings that use a customary period of up to six weeks between sale dates and final closing dates. Because of the longer period between the sale and settlement of the 2020 Bonds, there are certain certificate, legal opinion and other document delivery requirements and settlement conditions that must be met as of the Delayed Delivery Closing Date, and certain of those requirements and conditions are summarized below. All the conditions with respect to the sale and settlement of the 2020 Bonds are set forth in the Forward Delivery Bond Purchase Agreement. The following is a description of certain provisions of the Forward Delivery Bond Purchase Agreement. The following description is not to be considered a full statement of the terms of the Forward Delivery Bond Purchase Agreement and accordingly is qualified by reference thereto and is subject to the full text thereof, a copy of which is available from the Authority and the Underwriters.

BY PLACING AN ORDER WITH THE UNDERWRITERS FOR THE PURCHASE OF THE 2020 BONDS, EACH PURCHASER ACKNOWLEDGES AND AGREES THAT THE 2020 BONDS ARE BEING SOLD ON A “FORWARD DELIVERY” BASIS, THAT THE PURCHASER IS OBLIGATED TO ACCEPT DELIVERY OF AND PAY FOR THE 2020 BONDS ON THE DELAYED DELIVERY CLOSING DATE SUBJECT TO THE CONDITIONS IN THE FORWARD DELIVERY BOND PURCHASE AGREEMENT, AND THAT EACH PURCHASER WILL BE REQUIRED TO SIGN, AND DELIVER TO THE UNDERWRITERS, A DELAYED DELIVERY CONTRACT SUBSTANTIALLY IN THE FORM ATTACHED AS APPENDIX J (A “DELAYED DELIVERY CONTRACT”) AS A CONDITION TO ANY 2020 BONDS BEING ALLOCATED TO SUCH PURCHASER. ADDITIONALLY, EACH PURCHASER ACKNOWLEDGES AND AGREES THAT IT WILL REMAIN OBLIGATED TO PURCHASE SUCH 2020 BONDS EVEN IF THE PURCHASER DECIDES TO SELL SUCH 2020 BONDS FOLLOWING THE DATE OF PURCHASE, UNLESS THE PURCHASER SELLS SUCH 2020 BONDS TO ANOTHER INSTITUTION WITH THE PRIOR WRITTEN CONSENT OF THE REPRESENTATIVE OF THE UNDERWRITERS AND SUCH INSTITUTION PROVIDES A WRITTEN ACKNOWLEDGEMENT OF CONFIRMATION OF PURCHASE ORDER AND A DELAYED DELIVERY CONTRACT IN THE SAME RESPECTIVE FORM AS THAT EXECUTED BY THE PURCHASER.

### **Delayed Delivery Closing Date for 2020 Bonds**

The issuance of the 2020 Bonds and the Underwriters’ obligations under the Forward Delivery Bond Purchase Agreement to purchase, accept delivery of and pay for the 2020 Bonds on the Delayed Delivery Closing Date are conditioned upon the performance by the Authority of its obligations thereunder, the delivery of certain certificates, legal opinions and other documents, including, without limitation, the delivery of an approving opinion of Bond Counsel dated the Delayed Delivery Closing Date, substantially in the form and to the effect as set forth in APPENDIX E-2 to this Official Statement (the “2020 Bond Counsel Opinion”), and the satisfaction of other conditions as of the Delayed Delivery Closing Date, certain of which are described below.

### *No Change in Law*

The Forward Delivery Bond Purchase Agreement provides as a condition to the Underwriters' obligation to purchase, accept delivery of and pay for the 2020 Bonds, that as of the Delayed Delivery Closing Date, no Change in Law shall have occurred. For purposes of this condition, "Change in Law" shall mean any of the following events that occur at any time after the Initial Closing Date and on or prior to the Delayed Delivery Closing Date: (i) any change in or addition to applicable federal or state law, whether statutory or as interpreted by the courts, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or state agencies, (ii) any legislation enacted by the Congress of the United States or introduced into Congress and recommended for passage by the President of the United States (whether or not such enacted or recommended legislation has a proposed effective date which is on or before the Delayed Delivery Closing Date), (iii) any law, rule or regulation proposed or enacted by any governmental body, department or agency (whether or not such proposed or enacted law, rule or regulation has a proposed effective date which is on or before the Delayed Delivery Closing Date), or (iv) any judgment, ruling or order issued by any court or administrative body, which in any such case cited in (i) through (iv) above would on the Delayed Delivery Closing Date: (A) as to the Underwriters, legally prohibit (or have the retroactive effect of prohibiting, if enacted, adopted, passed or finalized) their purchase of the 2020 Bonds, as provided in the Forward Delivery Bond Purchase Agreement or their sale of the 2020 Bonds or beneficial ownership interests therein to the public; or (B) as to the Authority, make illegal the issuance, sale or delivery of the 2020 Bonds (or have the retroactive effect of making such issuance, sale or delivery illegal, if enacted, adopted, passed or finalized); or (C) eliminate the exclusion from gross income for federal income tax purposes of interest on the 2020 Bonds (or have the retroactive effect of eliminating such exclusion if enacted, adopted, passed or finalized); or (D) require the 2020 Bonds to be registered under the Securities Act of 1933, as amended or under the Securities Exchange Act of 1934, as amended or require the Indenture to be qualified under the Trust Indenture Act of 1939, as amended (if enacted, passed, finalized or adopted), and as to the foregoing, in the sole and reasonable judgment of Bond Counsel causes Bond Counsel to not issue its opinion as to the tax-exempt status of the interest on the 2020 Bonds for federal tax purposes; provided, however, that such change in or addition to law, legislation, rule or regulation or judgment, ruling or order shall have become effective, been enacted, introduced or recommended, been proposed or enacted or been issued as the case may be, after the date of the Forward Delivery Bond Purchase Agreement. The Underwriters' right to cancel their obligation to purchase the 2020 Bonds pursuant to the provisions of the Forward Delivery Bond Purchase Agreement described in this paragraph shall only arise on the Delayed Delivery Closing Date and only if a Change in Law exists on the Delayed Delivery Closing Date, irrespective of when such Change in Law arose.

### *Existence of Ratings*

It shall also be a condition to the Underwriters' obligation to purchase, accept delivery of, and pay for the 2020 Bonds that the Authority deliver evidence to the Underwriters that as of the Delayed Delivery Closing Date, that the ratings which are required to be obtained by the Initial Closing Date have not been withdrawn or suspended as of the Delayed Delivery Closing Date. *See* "RATINGS" herein for information about the ratings for the 2020 Bonds to be obtained by the Initial Closing Date.

### *Confirmation of Representations*

It shall also be a condition to the Underwriters' obligation to purchase, accept delivery of and pay for the 2020 Bonds that the Authority deliver a certificate to the Underwriters, dated the Delayed Delivery Closing Date, signed by the Chairperson or Vice Chairperson and Secretary or Assistant Secretary of the Authority to the effect that, to the best of their knowledge, the Authority's representations and warranties in the Forward Delivery Bond Purchase Agreement are true and correct in all material respects on and as of the Delayed Delivery Closing Date.

### *Delivery of Supplement to the Official Statement*

During the period of time subsequent to the Initial Closing Date and up to and including the Delayed Delivery Closing Date (the "Forward Delivery Period"), certain information contained in this Official Statement may change in a material respect. The Authority has agreed in the Forward Delivery Bond Purchase Agreement to deliver a supplement

to the Official Statement (the “Supplement to the Official Statement”) not more than twenty-five (25) days nor less than ten (10) days prior to the Delayed Delivery Closing Date. The Supplement to the Official Statement is expected to provide, among other things, a discussion of, and any updates with respect to, matters of the type addressed under “TAX MATTERS” which are applicable to the 2020 Bonds as of the date of the Supplement to the Official Statement.

If, on the Delayed Delivery Closing Date, the conditions to the obligations of the Underwriters to purchase, accept delivery of and pay for the 2020 Bonds as set forth in the Forward Delivery Bond Purchase Agreement have not been met or waived, the Forward Delivery Bond Purchase Agreement will terminate and neither the Underwriters nor the Authority will be under any further obligation under the Forward Delivery Bond Purchase Agreement.

If the Change in Law involves the enactment of legislation (such as, for example, a change in tax rates) which only diminishes the value of, as opposed to eliminating the exclusion from gross income for federal income tax purposes of, interest payable on “state or local bonds,” the Authority may, nonetheless, be able to satisfy the requirements for the delivery of the 2020 Bonds. In such event, the Underwriters would be obligated to purchase the 2020 Bonds from the Authority and the purchasers would be required to accept delivery of the purchased 2020 Bonds from the Underwriters.

The Underwriters have advised the Authority that the 2020 Bonds will be sold only to purchasers who execute a Delayed Delivery Contract, a form of which is set forth in APPENDIX J. The Authority will not be a party to the Delayed Delivery Contracts, and the Authority is not in any way responsible for the performance thereof or for any representations or warranties contained therein. The rights and obligations under the Forward Delivery Bond Purchase Agreement are not conditioned or dependent upon the performance of any Delayed Delivery Contract. The Underwriters may not refuse to purchase the 2020 Bonds from the Authority except as expressly provided in the Forward Delivery Bond Purchase Agreement.

THE UNDERWRITERS (AND, IN TURN, THE PURCHASERS OF THE 2020 BONDS FROM THE UNDERWRITERS) MAY NOT REFUSE TO PURCHASE THE 2020 BONDS BY REASON OF GENERAL MARKET OR CREDIT CHANGES INCLUDING, BUT NOT LIMITED TO, CHANGES IN THE RATINGS ANTICIPATED TO BE ASSIGNED TO THE 2020 BONDS, CHANGES IN THE FINANCIAL CONDITION, OPERATIONS, PERFORMANCE, PROPERTIES OR PROSPECTS OF THE AUTHORITY AFTER THE INITIAL CLOSING DATE AND PRIOR TO THE DELAYED DELIVERY CLOSING DATE, CHANGES IN THE GENERAL LEVEL OF INTEREST RATES OR CHANGES IN VALUE OF THE 2020 BONDS OR FOR ANY OTHER REASON EXCEPT A FULL ELIMINATION OF TAX EXEMPTION, ANY OTHER ‘CHANGE IN LAW’ DESCRIBED ABOVE, OR THE FAILURE OF THE DELIVERY OF THE CERTIFICATES, LEGAL OPINIONS AND DOCUMENTS REQUIRED TO BE DELIVERED ON OR BEFORE THE DELAYED DELIVERY CLOSING DATE PURSUANT TO THE FORWARD DELIVERY BOND PURCHASE AGREEMENT.

### **Additional Risks Related to the Forward Delivery Period**

The discussion of risks set forth below has been provided by the Underwriters and may not be exhaustive of all of the risks that may arise during the Forward Delivery Period. The Authority disclaims any responsibility therefor.

During the Forward Delivery Period, certain information contained in this Official Statement could change in a material respect. Changes in such information will not permit the Underwriters to terminate the Forward Delivery Bond Purchase Agreement unless the change results in the Authority’s inability to satisfy the conditions set forth in the Forward Delivery Bond Purchase Agreement or release the purchasers of their obligation to purchase the 2020 Bonds as described in the Delayed Delivery Contracts.

In addition to the risks set forth above, purchasers of the 2020 Bonds are subject to certain additional risks, some of which are described below, and which will not constitute grounds for purchasers to refuse to accept delivery of and pay for the 2020 Bonds.

Prospective purchasers should consult their investment advisors before making any decision as to the purchase of the 2020 Bonds. The following discussion, while not setting forth all of the factors that should be considered, contains some of the factors which should be considered, in addition to the other information in this Official Statement, prior to purchasing the 2020 Bonds. This section is not meant to be comprehensive or definitive, and there may be other risk factors which will become material in the future.

#### *2020 Bond Counsel Opinion: Tax Law Risk*

Subject to the additional conditions of settlement described under “Delayed Delivery Closing Date” above, the Forward Delivery Bond Purchase Agreement obligates the Authority to deliver and the Underwriters to acquire the 2020 Bonds if the Authority delivers the 2020 Bond Counsel Opinion. During the Forward Delivery Period, new legislation, new court decisions, new regulations, or new rulings may be enacted, promulgated or interpreted that might prevent Bond Counsel from rendering its approving opinion or otherwise affect the substance of such opinion. Notwithstanding that the enactment of new legislation, new court decisions or the promulgation of new regulations or rulings might diminish the value of, or otherwise affect, the exclusion of interest on the 2020 Bonds for purposes of federal income taxation payable on “state or local bonds,” the Authority might be able to satisfy the requirements for the delivery of the 2020 Bonds. In such event, the Underwriters would be required to accept delivery of the 2020 Bonds. Prospective purchasers are encouraged to consult their tax advisors regarding the likelihood of any changes in tax law and the consequences of such changes to such purchasers. Any Change in Law occurring during the Forward Delivery Period does not relieve the Underwriters of their obligation under the Forward Delivery Bond Purchase Agreement at any time prior to the Delayed Delivery Closing Date. The facts and circumstances giving rise to any Change in Law occurring during the Forward Delivery Period may change due to legislative or regulatory action or other facts and circumstances at any time prior to the Delayed Delivery Closing Date with the resulting effect that a Change in Law may then no longer exist as of the Delayed Delivery Closing Date. *See* “TAX MATTERS – 2020 Bonds - Opinion of Bond Counsel.”

#### *Ratings Risk*

Ratings have been assigned to the 2020 Bonds as described under “RATINGS.” No assurances can be given that the ratings assigned to the 2020 Bonds on the Delayed Delivery Closing Date will not be different from those currently assigned to the 2020 Bonds. Issuance of the 2020 Bonds and the Underwriters’ obligations under the Forward Delivery Bond Purchase Agreement are not conditioned upon the assignment of any particular ratings for the 2020 Bonds as of the Delayed Delivery Closing Date or the maintenance of ratings of the 2020 Bonds during the Forward Delivery Period at the levels assigned at the Initial Closing Date. Any suspension or withdrawal of any such rating during the Forward Delivery Period may be cured up to the Delayed Delivery Closing Date and does not relieve the Underwriters of their obligation under the Forward Delivery Bond Purchase Agreement at any time prior to the Delayed Delivery Closing Date.

#### *Market Value Risk*

The market value of the 2020 Bonds as of the Delayed Delivery Closing Date may be affected by a variety of factors including, without limitation, general market conditions, the ratings then assigned to the 2020 Bonds, the financial condition and operations of the Authority, and federal and state income tax rates and/or law and other laws. The market value of the 2020 Bonds as of the Delayed Delivery Closing Date could therefore be higher or lower than the price to be paid by the initial purchasers of the 2020 Bonds and that difference could be substantial. The Underwriters will nevertheless be obligated to take delivery of and pay for the 2020 Bonds if the conditions in the Forward Delivery Bond Purchase Agreement are satisfied on the Delayed Delivery Closing Date. **NEITHER THE AUTHORITY NOR THE UNDERWRITERS MAKE ANY REPRESENTATION AS TO THE EXPECTED MARKET PRICE OF THE 2020 BONDS AS OF THE DELAYED DELIVERY CLOSING DATE.** Further, no assurance can be given that the introduction or enactment of any future legislation will not affect the market price for the 2020 Bonds as of the Delayed Delivery Closing Date or thereafter or not have a materially adverse impact on any secondary market for the 2020 Bonds.

*Circumstances That May Result in Failure of Conditions of Forward Delivery Bond Purchase Agreement to be Satisfied*

The Underwriters' obligation to purchase, accept delivery of, and pay for the 2020 Bonds is subject to certain conditions of the Forward Delivery Bond Purchase Agreement being satisfied as of the Delayed Delivery Closing Date. Although the Authority is not aware, as of the date of this Official Statement, of any information that would lead it to believe that it will be unable to satisfy its obligations under the Forward Delivery Bond Purchase Agreement on the Delayed Delivery Closing Date, no assurances can be made that, as of the Delayed Delivery Closing Date: (i) there will have been no Change in Law; (ii) the facts and circumstances that are material to one or more of the required legal opinions will not differ from the facts and circumstances as of the Initial Closing Date; or (iii) that all necessary certifications and representations can or will be delivered and made in connection with the proposed issuance and delivery of the 2020 Bonds. As a consequence of any of the foregoing, one or more of the foregoing legal opinions may not be rendered or one or more of the Delayed Delivery Closing Date conditions in the Forward Delivery Bond Purchase Agreement may not be met, with the possible result that the delivery of the 2020 Bonds will not occur.

*Secondary Market Risk*

The Underwriters are not obligated to make a secondary market in the 2020 Bonds, and no assurances can be given that a secondary market will exist for the 2020 Bonds during the Forward Delivery Period. Purchasers of the 2020 Bonds should assume that the 2020 Bonds will be illiquid throughout the Forward Delivery Period.

## TAX MATTERS

### 2019 Bonds - Opinion of Bond Counsel

The Internal Revenue Code of 1986, as amended (the "Code") contains provisions relating to the tax-exempt status of interest on obligations issued by governmental entities which apply to the 2019 Bonds. These provisions include, but are not limited to, requirements relating to the use and investment of the proceeds of the 2019 Bonds and the rebate of certain investment earnings derived from such proceeds to the United States Treasury Department on a periodic basis. These and other requirements of the Code must be met by the Authority subsequent to the issuance and delivery of the 2019 Bonds in order for interest thereon to be and remain excludable from gross income for purposes of federal income taxation. The Authority has made covenants to comply with such requirements.

In the opinion of Bond Counsel, interest on the 2019 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion of Bond Counsel is subject to the condition that the Authority comply with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019 Bonds in order that interest thereon continues to be excluded from gross income. Failure to comply with certain of such requirements could cause the interest on the 2019 Bonds to be so includable in gross income retroactive to the date of issuance of the 2019 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2019 Bonds is not treated as an item of tax preference for purposes of the federal alternative minimum tax.

In addition to the matters addressed below, prospective purchasers of the 2019 Bonds should be aware that ownership of the 2019 Bonds may result in collateral tax consequences to certain taxpayers, including but not limited to, foreign corporations, certain S corporations, financial institutions, recipients of social security and railroad retirement benefits and property or casualty insurance companies. Bond Counsel expresses no opinion regarding any other federal tax consequences relating to the 2019 Bonds or the receipt of interest thereon. **Prospective purchasers of the 2019 Bonds should consult their own tax advisors as to the impact of these other tax consequences.**

In the opinion of Bond Counsel, under the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof, the 2019 Bonds, and the interest thereon are free from taxation for state and local purposes

within the Commonwealth of Pennsylvania, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2019 Bonds or the interest thereon. Profits, gains or income derived from the sale, exchange, or other disposition of the 2019 Bonds are subject to state and local taxation within the Commonwealth of Pennsylvania. Specifically, the 2019 Bonds are exempt from personal property taxes in Pennsylvania and interest on the 2019 Bonds is exempt from the Pennsylvania personal income tax and the Pennsylvania corporate net income tax.

Bond Counsel's opinion will be based on existing law, which is subject to change. Such opinion is further based on factual representations made to Bond Counsel as of the date of delivery of the 2019 Bonds. Bond Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention, or to reflect any changes in law that may thereafter occur or become effective.

### **Deduction for Interest Paid by Financial Institutions to Purchase or Carry Tax-Exempt Obligations**

The Code, subject to limited exceptions not applicable to the 2019 Bonds, denies the interest deduction for indebtedness incurred or continued to purchase or carry tax-exempt obligations, such as the 2019 Bonds. With respect to banks, thrift institutions and other financial institutions, the denial to such institutions is one hundred percent (100%) for interest paid on funds allocable to the 2019 Bonds and any other tax-exempt obligations acquired after August 7, 1986.

### **Property or Casualty Insurance Company**

The Code also provides that a property or casualty insurance company may also incur a reduction, by a specified portion of its tax-exempt interest income, of its deduction for losses incurred.

### **Reportable Payments and Backup Withholding**

The payments of interest on the 2019 Bonds will be reported to the Internal Revenue Service by the payor on Form 1099 unless the holder is an "exempt person" under Section 6049 of the Code. A holder who is not an exempt person may be subject to "backup withholding" at a specified rate prescribed in the Code if the holder does not file Form W-9 with the payor advising the payor of the holder's taxpayer identification number. Holders should consult with their brokers regarding this matter.

The payor will report to the holders and to the Internal Revenue Service for each calendar year the amount of any "reportable payments" during such year and the amount of tax, if any, with respect to payments made on the 2019 Bonds.

### **Accounting Treatment of Amortizable Bond Premium**

The 2019 Bonds are hereinafter referred to as the "Premium Bonds." An amount equal to the excess of the initial public offering price of a Premium Bond set forth on the inside of the cover page over its stated redemption price at maturity constitutes premium on such Premium Bond. A purchaser of a Premium Bond must amortize any premium over such Premium Bond's term using constant yield principles, based on the purchaser's yield to maturity. As premium is amortized, the purchaser's basis in such Premium Bond is reduced by a corresponding amount, resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser's basis is reduced, no federal income tax deduction is allowed.

Purchasers of any Premium Bonds, whether at the time of initial issuance or subsequent thereto, should consult their own tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to state and local tax consequences of owning Premium Bonds.

## 2020 Bonds - Opinion of Bond Counsel

The Code contains provisions relating to the tax-exempt status of interest on obligations issued by governmental entities which apply to the 2020 Bonds. These provisions include, but are not limited to, requirements relating to the use and investment of the proceeds of the 2020 Bonds and the rebate of certain investment earnings derived from such proceeds to the United States Treasury Department on a periodic basis. These and other requirements of the Code must be met by the Authority subsequent to the issuance and delivery of the 2020 Bonds in order for interest thereon to be and remain excludable from gross income for purposes of federal income taxation. The Authority has made covenants to comply with such requirements.

Assuming that no Change In Law has occurred, Bond Counsel, on the Delayed Delivery Closing Date for the 2020 Bonds, will deliver its opinion on the Delayed Delivery Closing Date that interest on the 2020 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion of Bond Counsel assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2020 Bonds in order that interest thereon continues to be excluded from gross income. Failure to comply with certain of such requirements could cause the interest on the 2020 Bonds to be so includable in gross income retroactive to the date of issuance of the 2020 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2020 Bonds is not treated as an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax.

Assuming no Change in Law has occurred on the Delayed Delivery Closing Date for the 2020 Bonds, Bond Counsel will deliver its opinion that under the laws of the Commonwealth of Pennsylvania as enacted and construed on the Delayed Delivery Closing Date, the 2020 Bonds, and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2020 Bonds or the interest thereon. Profits, gains or income derived from the sale, exchange, or other disposition of the 2020 Bonds are subject to state and local taxation within the Commonwealth. Specifically, the 2020 Bonds are exempt from personal property taxes in Pennsylvania and interest on the 2020 Bonds is exempt from the Pennsylvania personal income tax and the Pennsylvania corporate net income tax.

Prospective purchasers of the 2020 Bonds should be aware that ownership of the 2020 Bonds may result in collateral tax consequences to certain taxpayers, including but not limited to, foreign corporations, certain S corporations, financial institutions, recipients of social security and railroad retirement benefits, and property or casualty insurance companies. Bond Counsel expresses no opinion regarding any other federal tax consequences relating to the 2020 Bonds or the receipt of interest thereon. **Prospective purchasers of the 2020 Bonds should consult their own tax advisors as to the impact of these other tax consequences.**

## CHANGES IN FEDERAL TAX LAW

Legislative or administrative actions and court decisions, at either the federal or state level, could have an impact on the treatment of interest on the 2019/2020 Bonds for federal or state income tax purposes, and thus on the value or marketability of the 2019/2020 Bonds. This could result from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or otherwise. It cannot be predicted whether or in what form any such proposals may be enacted or whether if enacted such proposals would apply to bonds issued prior to enactment. In addition, regulatory or other actions are from time to time announced or proposed which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the 2019/2020 Bonds. It cannot be predicted whether any such regulatory or other actions will be implemented or whether the 2019/2020 Bonds would be impacted thereby.

Purchasers of the 2019/2020 Bonds should consult their own tax advisors regarding any pending or proposed legislation, regulations or other potential changes in law. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities on the date of delivery

on the 2019 Bonds, and on the Delayed Delivery Closing Date, with respect to the 2020 Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulations or other potential changes in law.

**Prospective purchasers of the 2019/2020 Bonds should be aware that the ownership of tax-exempt obligations, such as the 2019/2020 Bonds, may result in collateral federal income tax consequences. Such prospective purchasers should consult their own tax advisors as to the consequences of investing in the 2019/2020 Bonds.**

## **RATINGS**

S&P and Fitch Ratings have both assigned the 2019 Bonds ratings of “AAA”. S&P and Fitch Ratings have both assigned the 2020 Bonds ratings of “AAA”. Such ratings reflect only the views of such organizations and any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing the same, at the following address: S&P Global Ratings, 55 Water Street, New York, New York 10041; and Fitch Ratings, One State Street Plaza, New York, New York 10004. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time. There is no assurance that any such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the rating agency concerned, if in the judgment of such rating agency, circumstances so warrant.

None of the Authority, the City, or the Underwriters has undertaken any responsibility to assure the maintenance of any rating. The Authority has agreed, in the Disclosure Agreements, to report actual rating changes on the 2019/2020 Bonds. See “MISCELLANEOUS - Continuing Disclosure Undertaking” herein and APPENDIX F hereto. Any downgrade, revision or withdrawal of a rating may have an adverse effect on the market price of or the market for the 2019/2020 Bonds.

## **CERTAIN LEGAL MATTERS**

Certain legal matters incident to the authorization, issuance, sale and delivery of both the 2019 Bonds and the 2020 Bonds are subject to the approving opinions of Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania, Bond Counsel. The proposed form of the opinions of Bond Counsel is appended hereto as APPENDIX E. Certain legal matters will be passed upon for the Authority by its counsel, Reed Smith LLP, Philadelphia, Pennsylvania; for the Underwriters by their counsel, Ahmad Zaffarese, LLC, Philadelphia, Pennsylvania; and for the City by the Office of the City Solicitor.

The various legal opinions to be delivered concurrently with the delivery of the 2019 Bonds and the delayed delivery of the 2020 Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, an attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or the future performance of the parties to the transaction. In addition, the rendering of an opinion does not guarantee the outcome of any legal dispute that may arise out of the transaction.

## **VERIFICATION**

It is anticipated that Robert Thomas CPA, LLC will serve as verification agent (the “Verification Agent”) in connection with the refunding of the Refunded 2010 Bonds with the proceeds of the 2020 Bonds and will deliver to the Authority on the Initial Closing Date for the 2020 Bonds and on the Delayed Delivery Closing Date for the 2020 Bonds its report (the “Verification Report”) indicating that it has verified the mathematical accuracy of the information provided by the Authority and its representatives with respect to the refunding requirements of the Refunded 2010

Bonds. Included within the scope of its engagement will be a verification of the mathematical accuracy of the computations of the adequacy of the cash and maturing principal of the securities to be placed in an escrow account, pursuant to the term and provisions in the Escrow Agreement, to meet the payment of the redemption price of the Refunded 2010 Bonds, together with accrued interest thereon, on the 2010 Bonds Redemption Date, as further described in “PLAN OF FINANCE” above.

The verification performed by the Verification Agent will be based solely upon data, information and documents provided to the Verification Agent. The Verification Report will state that the Verification Agent has no obligation to update the Verification Report for events occurring, or data or information coming to their attention, subsequent to the date of the Verification Report.

## **UNDERWRITING**

The 2019 Bonds are being purchased by the Underwriters named on the cover page of this Official Statement (the “Underwriters”), for whom RBC Capital Markets, LLC is acting as the representative (the “Representative”), subject to certain terms and conditions set forth in a Bond Purchase Agreement between the Authority and the Representative, on behalf of the Underwriters. The 2019 Bonds are being purchased for reoffering by the Underwriters at an aggregate purchase price of \$33,898,011.57, which price reflects an underwriter’s discount in the amount of \$120,965.73 and original issue premium of \$2,933,977.30. The initial public offering prices of the 2019 Bonds may be changed from time to time by the Underwriters without notice. The Bond Purchase Agreement for the 2019 Bonds provides that the Underwriters’ obligation to purchase the 2019 Bonds is subject to certain conditions and that the Underwriters are obligated to purchase all of the 2019 Bonds, if any 2019 Bonds are purchased.

The 2020 Bonds are being purchased by the Underwriters, with RBC Capital Markets, LLC acting as Representative, subject to certain terms and conditions set forth in the Forward Delivery Bond Purchase Agreement. The 2020 Bonds are being purchased for reoffering by the Underwriters at an aggregate purchase price of \$26,469,379.47, which price reflects an underwriter’s discount in the amount of \$82,247.43 and original issue premium of \$1,561,626.90. The initial public offering prices of the 2020 Bonds may be changed from time to time by the Underwriters without notice. The Forward Delivery Bond Purchase Agreement for the 2020 Bonds provides that the Underwriters’ obligation to purchase the 2020 Bonds is subject to certain conditions and that the Underwriters are obligated to purchase all of the 2020 Bonds, if any 2020 Bonds are purchased.

The 2019/2020 Bonds are offered for sale to the public at prices set forth on the inside front cover page of this Official Statement. The 2019/2020 Bonds may be offered and sold to certain dealers (including the Underwriters and other dealers depositing 2019/2020 Bonds into investment trusts) at prices lower than such offering prices, and such public offering prices may be changed from time to time by the Underwriters without prior notice.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and their respective affiliates have, from time to time, performed and may in the future perform, various investment banking services for the Authority for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Authority.

## **FINANCIAL STATEMENTS**

The financial statements of the Authority as of June 30, 2019 included in APPENDIX A to this Official Statement have been audited by Maher Duessel, independent auditors, as stated in their report appearing in APPENDIX A.

## **FINANCIAL ADVISORS**

Phoenix Capital Partners, LLP, Philadelphia, Pennsylvania, and PFM Financial Advisors LLC, Philadelphia, Pennsylvania, are acting as co-financial advisors (together, the “Financial Advisors”) to the Authority in connection with the issuance of the 2019/2020 Bonds. The Financial Advisors have assisted in the preparation of this Official Statement and in other matters relating to the planning, structuring and issuance of the 2019/2020 Bonds. They have received and reviewed but have not independently verified information in this Official Statement for accuracy or completeness (except, as to each Financial Advisor, the information in this section). Investors should not draw any conclusions as to the suitability of the 2019/2020 Bonds from, or base any investment decisions upon, the fact that the Financial Advisors have advised the Authority with respect to the 2019/2020 Bonds. The Financial Advisors’ fees for this issue are contingent upon the sale and issuance of the 2019/2020 Bonds.

The Financial Advisors are financial advisory and consulting organizations and not organizations engaged in the business of underwriting, marketing or trading of municipal securities or any other negotiable instruments.

## **CERTAIN RELATIONSHIPS**

Reed Smith LLP from time to time provides legal services to the Trustee and certain of the Underwriters with respect to unrelated matters.

Ahmad Zaffarese LLC, Counsel to the Underwriters, provides certain legal services to the City.

## **MISCELLANEOUS**

### **Negotiable Instruments**

The Act provides that bonds of the Authority shall have all the qualities of negotiable instruments under the Uniform Commercial Code of the Commonwealth.

### **Continuing Disclosure Undertaking**

In order to enable the Underwriters to comply with the requirements of Rule 15c2-12, the Authority will enter into a Disclosure Agreement for the benefit of the registered owners from time to time of the 2019 Bonds, to be dated the date of original delivery and payment for the 2019 Bonds, and the Authority will enter into a Disclosure Agreement for the benefit of the registered owners from time to time of the 2020 Bonds, to be dated the date of original delivery and payment for the 2020 Bonds (collectively, the “Disclosure Agreements”). The Disclosure Agreement for each of the 2019 Bonds and the 2020 Bonds shall constitute a written undertaking for the benefit of the owners and beneficial owners of the 2019 Bonds and the 2020 Bonds, as applicable. The proposed form of the Disclosure Agreement that will be delivered for the 2019 Bonds and also will be delivered for the 2020 Bonds is attached to this Official Statement as APPENDIX F. During the past five years, the Authority has complied in all material respects with its obligations under all continuing disclosure agreements to which it is or was a party. The Authority has reviewed and updated its disclosure policies and procedures to assist in complying with its continuing disclosure undertakings in the future.

**Official Statement Not a Contract**

This Official Statement has been duly authorized, executed and delivered by the Authority. Neither this Official Statement nor any advertisement for the 2019/2020 Bonds is to be deemed or construed as constituting a contract between the Authority and the purchasers of the 2019/2020 Bonds.

## **Independent Auditor's Report**

### **Board of Directors Pennsylvania Intergovernmental Cooperation Authority**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pennsylvania Intergovernmental Cooperation Authority (Authority), a blended component unit of the City of Philadelphia, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Authority as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and historical pension and other post-employment benefit information on pages i through x and pages 34 through 38, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying combining nonmajor fund financial statements, schedule of cash activity – General Fund, and schedule of cash activity – PICA Tax Revenue Fund (collectively, supplementary information) on pages 39 through 42 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Management's Discussion and Analysis**

The Board of the Pennsylvania Intergovernmental Cooperation Authority (the "Authority" or "PICA") offers the following narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2019 ("FY2019"). Please read it in conjunction with the Authority's financial statements, which begin on page 1.

### **Using this Annual Report**

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements comprise four components:

- (1) Government-wide financial statements – which provide both long-term and short-term information about the Authority's overall financial condition.
- (2) Fund financial statements – which provide a more detailed look at major individual funds.
- (3) Notes to the financial statements – which explain some information contained in the financial statements and provide more detailed data.
- (4) Supplementary information – which further explain and support the information in the financial statements.

### **Brief Description and Financial Highlights**

PICA is a blended component unit of the City of Philadelphia ("City"). PICA is a body corporate and politic, a public authority and instrumentality of the Commonwealth of Pennsylvania ("Commonwealth"). It was created in 1991 to assist the City in overcoming a severe fiscal crisis by issuing bonds to finance the accumulated operating deficit of the City, and by overseeing the creation of a long-term financial planning process. Since 1991, the City has submitted, and PICA has approved, twenty-eight five-year financial plans. PICA approved the Five-Year Financial Plan for fiscal years 2020 through 2024, on July 16, 2019.

PICA is governed by a Board consisting of five voting members appointed by the following state officials: The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives. The Board also includes two non-voting, *ex officio* members: The Secretary of the Budget of the Commonwealth and the Director of Finance of the City. The Authority currently employs six full-time staff.

The financial activity and statements presented in this report reflect only the financial activity of PICA. However, as a blended component unit of the City, the Authority's financial activity is included in the City's *Comprehensive Annual Financial Report*, as part of governmental activities. The following is a summary of some of the highlights of the Authority's financial activity in FY2019:

- The Authority's total net position at the close of FY2019 was (\$67,024,048), representing a positive change in net position of \$32,619,074 from the prior year. The largest contributor to the negative net position was \$143,305,094 in bonds payable.
- The positive change in net position was primarily due to a reduction of \$38,760,000 in bonds payable from the prior year. This reduction reflected scheduled payments of bond principal during the year.
- The Authority's most significant expenses in FY2019 were \$493,976,605 for grants to the City and \$8,392,100 for interest on long-term debt. The most significant revenue source was \$528,763,262 in PICA taxes.
- At the close of FY2019, the combined fund balance in all governmental funds was \$78,322,983. This amount included \$19,077,827 in the General Fund, \$48,011,448 in Debt Service Reserve Fund, and \$11,233,708 in the nonmajor governmental funds (consisting of \$3,959,787 in the 2009 and 2010 Debt Service Funds, \$2,070,932 in the Rebate Fund, and \$5,202,989 in the Special Revenue Funds).

## **Overview of Financial Statements**

*Government-Wide Financial Statements.* The government-wide financial statements provide information about the activities of the Authority as a whole. They are reported using the economic resource measurement focus and the accrual basis of accounting. In these statements, all current year revenues and expenses are taken into account, regardless of when cash is received or paid.

There are two government-wide financial statements: The Statement of Net Position and the Statement of Activities (pages 1 and 2). The Statement of Net Position presents information on all of the Authority's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. Over time, increases or decreases in net position should indicate whether the financial position of the Authority is improving or deteriorating. The Statement of Activities presents information showing how the Authority's net position changed during FY2019. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

*Fund Financial Statements.* The two governmental fund financial statements are the Statement of Revenue, Expenditures, and Changes in Fund Balance; and the Balance Sheet (pages 3 and 4). A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority maintains nine governmental funds, and information for each major fund is presented separately in the fund financial statements.

It is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both fund financial statements provide a reconciliation to facilitate this comparison between the fund statements and government-wide statements.

*Notes to the Financial Statements.* The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 5 through 33.

*Supplementary Information.* In addition to the basic financial statements, and the accompanying notes, this report also presents additional information in two separate sections: required supplementary information, and supplementary information.

**Required Supplementary Information:** Certain information regarding the General Fund operating budget, the proportionate share of the collective net pension and other post-employment benefit (OPEB) liability, and the contributions to the Commonwealth's pension and OPEB system is presented in this section. This required supplementary information can be found immediately following the notes to the financial statements.

**Supplementary Information:** The combining nonmajor governmental fund financial statements and the schedules of cash activity for both the General Fund and the PICA Tax Revenue Fund are presented in this section. The supplementary information can be found immediately following the Required Supplementary Information.

## **Government-Wide Financial Statements**

### **Statement of Net Position**

PICA's total assets as of June 30, 2019 were \$84,931,178, a decrease of 7.7 percent from the previous year. The most significant changes were an increase of \$2,208,403 in PICA taxes receivable, offset by decreases of (\$8,049,657) in other cash and cash equivalents held by trustee, (\$647,953) in investments, (\$333,883) in fair value of derivative instruments, and (\$245,556) in other cash and cash equivalents

Total deferred outflows of resources as of June 30, 2019 totaled \$655,467, an increase of 26.5 percent from the prior year, with a majority of the increase attributable to other post-employment benefits, and the remaining increase representing the difference between projected and actual earnings on investments related to the valuation of the net pension liability.

<b>Table 1: Net Position</b>			
	<b>FY2019</b>	<b>FY2018</b>	<b>Percent Change</b>
<b>Assets</b>

Current portion of net OPEB liability	32,654	32,829	-0.5%
Net pension liability	1,553,260	1,383,379	12.3%
Noncurrent portion of net OPEB liability	1,119,155	1,044,664	7.1%
Noncurrent portion of bonds payable	102,815,094	147,217,805	-30.2%
<b>Total Liabilities</b>	<b>\$151,405,614</b>	<b>\$191,567,966</b>	<b>-21.0%</b>
<b>Deferred Inflows of Resources</b>			
Deferred inflows related to pension	\$699,216	\$508,745	37.4%
Deferred inflows related to OPEB	505,863	96,639	423.5%
<b>Total Deferred Inflows of Resources</b>	<b>\$1,205,079</b>	<b>\$605,384</b>	<b>99.1%</b>
<b>Net Position</b>			
Net investment in capital assets	\$1,440	\$3,579	-59.8%
Restricted for:			
Debt service	53,442,167	61,823,513	-13.6%
Benefit of the City of Philadelphia	5,202,989	5,514,017	-5.6%
Unrestricted	(125,670,644)	(166,984,231)	-24.7%
<b>Total Net Position</b>	<b>(\$67,024,048)</b>	<b>(\$99,643,122)</b>	<b>-32.7%</b>

Total liabilities as of June 30, 2019 were \$151,405,614, a decrease of 21.0 percent from the previous year. The most significant change in liabilities included a decrease of (\$44,402,711) in the noncurrent portion of bonds payable, offset by an increase of \$2,208,403 in due to the City of Philadelphia, and an increase of \$1,730,000 in the current portion of bonds payable. The increase in the noncurrent portion of bonds payable reflected payments of principal for maturing bonds.

Total deferred inflows of resources as of June 30, 2019, were \$1,205,079, an increase of 99.1 percent over the prior year, representing the changes in proportion and difference between the Authority's contributions and proportionate share of contributions related to its pension plan, and the difference between expected and actual experience in its other post-employment benefits plan.

The Authority's total net position as of June 30, 2019, is (\$67,024,048). Of this amount, \$53,442,167 is restricted for debt service. The amount restricted for debt service includes the following elements:

<b>Restricted for Debt Service</b>	
<b>Debt Service Reserve Fund</b>	
Current assets held for debt service reserve purposes as required by Trust Indenture	\$48,011,448
<b>2009 and 2010 Debt Service Funds</b>	
Current assets held for debt service payments due in FY2020	3,959,787
<b>Rebate Fund</b>	
Current assets held for future potential rebate/debt service purposes	2,070,932
Sub-Total	\$54,042,167
<b>Less: Debt Service Reserve Fund</b>	
Current assets held for subsequent PICA administration purposes in FY2020 per the adopted budget	(600,000)
<b>Net Position restricted for debt service at June 30, 2019</b>	<b>\$53,442,167</b>

Of the total net position, \$5,202,989 is restricted for the benefit of the City, to be used for capital projects. Unrestricted net position/(deficit) of (\$125,670,644) includes \$600,000 committed by the PICA Board for Authority operations. The deficit in unrestricted net position was due primarily to long-term debt outstanding in excess of total assets. In the future, as the Authority continues to retire outstanding debt, its net position should improve.

## Statement of Activities

As shown in Table 2, total expenses for FY2019 were \$504,323,310, an increase of 8.1 percent from the previous year. The most significant changes in expenses included a \$39,762,998 increase in grants to the City, offset by a \$2,263,000 decline in interest on long-term debt. Total revenues for FY2019 were \$536,942,384, an increase of 6.2 percent from the prior year. The most significant changes in revenues included a \$30,050,109 (or 6.0 percent) increase in PICA taxes, and an increase of \$1,422,674 (or 62.2 percent) in investment income.

Revenues exceed expenses by \$32,619,074 in FY2019, resulting in an increase in net position of that amount. Net position/(deficit) at the beginning of the year was (\$99,643,122). Consequently, the yearend net position/(deficit) for FY2019 is (\$67,024,048).

Table 2: Activities

	FY2019	FY2018	Percent Change
<b>Expenses</b>			
Grants to City of Philadelphia	\$493,976,605	\$454,213,607	8.8%
General management and support	1,938,903	1,584,845	22.3%

<b>Net Position</b>			
Beginning of fiscal year	(\$99,643,122)	(\$137,427,785)	-27.5%
Adjustment due to GASB implementation	0	(1,128,195)	-100.0%
<b>End of fiscal year</b>	<b>(\$67,024,048)</b>	<b>(\$99,643,122)</b>	<b>-32.7%</b>

### **Governmental Fund Financial Statements**

The Authority's governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Both governmental fund financial statements are reconciled to the government-wide financial statements.

PICA maintains nine governmental funds. They include: the general fund; the PICA tax revenue fund; the debt service reserve fund; the 2009 and 2010 debt service funds; the rebate fund; and the 1992, 1993, and 1994 special revenue funds. A description of each fund is provided below.

*General Fund.* The General Fund accounts for all resources utilized for PICA operations. All FY2019 administration expenses were funded from earnings on the General Fund, a transfer of a portion of earnings on the Debt Service Reserve Fund to the General Fund, and the portion of the prior year's unassigned General Fund fund balance.

*PICA Tax Revenue Fund.* The PICA Tax Revenue Fund accounts for the receipts of PICA tax revenue and its allocation to other PICA funds and to the City in accordance with the PICA bond indenture. The fund receives PICA taxes, interest earnings on such collections, and net interest earnings on bond issue funds other than Special Revenue Funds (the earnings on Special Revenue Funds are restricted to providing grants to the City for PICA-approved capital projects). These funds are utilized to provide monthly, from the first available funds in that month, one-sixth of the next semi-annual interest requirement, and one-twelfth of the next annual principal requirement on PICA bonds outstanding, in a manner calculated to provide the total required semi-annual interest and annual principal payments at the close of the month prior to each required payment. After provision of monthly debt service requirements, the residual balances in the PICA Tax Revenue Fund are paid to the City as grants to the City General Fund.

*Debt Service Reserve Fund.* The Debt Service Reserve Fund contains assets sufficient to meet the debt service reserve requirement for PICA bonds, as required under the trust indenture. Current year investment earnings are transferred to other funds to pay current year debt service requirements and to finance a portion of each year's administrative expenses in the General Fund.

The General, PICA Tax Revenue, and Debt Service Reserve Funds are considered major funds, while the funds below are considered to be nonmajor.

*Debt Service Funds.* The 2009 and 2010 debt service funds account for the accumulation of resources for, and payment of, debt service on outstanding 2009 and 2010 series PICA bonds.

*Rebate Fund.* The Rebate Fund accounts for resources that may be necessary to meet federal arbitrage requirements and/or debt service requirements.

*Special Revenue Funds.* The Special Revenue Funds account for resources that have been allocated to fund City capital projects. They include amounts held separately by bond issue from which such funds were provided, for purposes of grants to the City for specific PICA-approved capital projects. The PICA Act restricts the City's use of PICA capital funding to specific "emergency" and "productivity" projects approved by the PICA Board and, where necessary, by certain Commonwealth elected officials.

The Authority, in connection with its four new-money bond issues, approved specific City capital projects totaling approximately \$426 million, while providing bond issue funds of approximately \$400.8 million for such projects. The difference, \$25.2 million, as anticipated, has been raised from investment earnings of funds dedicated to capital projects. At June 30, 2019, sufficient PICA-controlled special revenue funds (nonmajor funds) were available to complete all the initially approved PICA projects and additional projects subsequently approved by the PICA Board. Additional funds remain to be reprogrammed. Special revenue funds (nonmajor funds) held for PICA capital project grants to the City totaled \$5,202,989 at June 30, 2019.

## Statement of Revenue, Expenditures, and Changes in Fund Balances – Governmental Funds

The Statement of Revenue, Expenditures, and Changes in Fund Balances – Governmental Funds, presents revenues, expenditures, other financing sources and uses, and change in fund balance for the Authority's nine governmental funds for the year ended June 30, 2019. In addition, the statement presents fund balances at the beginning and at the end of FY2019. Table 3 presents a summary of the information in this statement.

	Revenues	Expenditures	Other Financing Sources/(Uses)	Fund Balance (June 30, 2019)
<b>Governmental Fund</b>				
General	\$931,549	\$1,230,340	(\$20,026)	\$19,077,827
PICA Tax Revenue	529,112,416	493,556,605	(35,555,811)	0
Debt Service Reserve	2,618,636	15,702	(11,021,936)	48,011,448
<b>Total Major</b>	<b>\$532,662,601</b>	<b>\$494,802,647</b>	<b>(\$46,597,773)</b>	<b>\$67,089,275</b>
Nonmajor:				
2010 Debt Service	278,243	24,073,750	23,786,204	2,012,876
2009 Debt Service	270,464	23,078,350	22,811,569	1,946,911
Rebate	43,276	0	0	2,070,932
1992 Special Revenue	62	0	0	2,944
1993 Special Revenue	3,998	0	0	191,318
1994 Special Revenue	104,912	420,000	0	5,008,727
<b>Total Nonmajor</b>	<b>700,955</b>	<b>\$47,572,100</b>	<b>46,597,773</b>	<b>11,233,708</b>
<b>Total Governmental Funds</b>	<b>\$533,363,556</b>	<b>\$542,374,747</b>	<b>\$0</b>	<b>\$78,322,983</b>

The Authority's governmental funds received \$533,363,556 in revenue in FY2019. This amount included \$528,763,262 in PICA taxes received in the PICA Tax Revenue Fund. Other major sources of revenue included \$2,618,636 in investment income in the Debt Service Reserve Fund and \$700,955 in investment income in the nonmajor funds. Expenditures in all governmental funds totaled \$542,374,747 in FY2019. This amount included: \$493,556,605 in grants to the City from the PICA Tax Revenue Fund, and \$420,000 in grants from the Special Revenue Funds; \$38,760,000 in debt service payments from the 2009 and 2010 Debt Service Funds (nonmajor funds), along with \$8,392,100 in debt service interest expenses; \$15,702 in investment expenses; and \$1,230,340 in expenditures for PICA operations, all of which were paid from the General Fund.

Other financing sources and uses included various operating transfers among funds. Funds were transferred from the General Fund, PICA Tax Revenue Fund, and the Debt Service Reserve Fund to the 2010 and 2009 Debt Service Funds (nonmajor funds) to pay for principal and interest payments due on outstanding PICA bonds during FY2019.

The sum of revenues, expenditures and other financing sources and uses for all governmental funds equals the change in fund balance for FY2019, which was (\$9,011,191). Accordingly, the total fund balance in all governmental funds decreased from \$87,334,174 as of July 1, 2018, to \$78,322,983 as of June 30, 2019, or approximately a 10.3 percent decline.

### Balance Sheet – Governmental Funds

The Balance Sheet – Governmental Funds, presents assets, liabilities, and fund balance for the Authority's nine governmental funds as of June 30, 2019. Total assets for all governmental funds are \$83,718,434. This amount includes \$19,261,870 in the General Fund, primarily consisting of cash and cash equivalents. Total assets in the Debt Service Reserve Fund are \$48,011,448, which includes cash and cash equivalents and investments. The remaining governmental fund assets – in the debt service funds and special revenue funds (nonmajor funds) and PICA Tax Revenue Fund – are primarily classified as cash and cash equivalents, PICA taxes receivable, or accrued interest receivable. Table 4 presents a summary of the information in this Statement.

Table 4: Balance Sheet			
	Assets	Liabilities	Fund Balance (June 30, 2019)
<b>Governmental Fund</b>			
General	\$19,261,870	\$184,043	\$19,077,827
PICA Tax Revenue	5,211,408	5,211,408	0
Debt Service Reserve	48,011,448	0	48,011,448
<b>Total Major</b>	<b>\$72,484,726</b>	<b>\$5,395,451</b>	<b>\$67,089,275</b>
<b>Nonmajor</b>			
2010 Debt Service	2,012,876	0	2,012,876
2009 Debt Service	1,946,911	0	1,946,911
Rebate	2,070,932	0	2,070,932
1992 Special Revenue	2,944	0	2,944
1993 Special Revenue	191,318	0	191,318
1994 Special Revenue	5,008,727	0	5,008,727
<b>Total Nonmajor</b>	<b>11,233,708</b>	<b>0</b>	<b>11,233,708</b>
<b>Total Governmental</b>	<b>\$83,718,434</b>	<b>\$5,395,451</b>	<b>\$78,322,983</b>

Total fund balances for all governmental funds are \$78,322,983. Within the General Fund, the total fund balance is \$19,077,827, of which \$14,483,145 is committed for future swaption activity and \$4,594,682 is unassigned. This unassigned fund balance is available for Authority administration expenditures. Within the Debt Service Reserve Fund, total fund balance is \$48,011,448, of which \$47,411,448 is restricted for

debt service, and \$600,000 is committed to subsequent PICA administration. In recent years, the Authority has annually transferred \$600,000 from the Debt Service Reserve Fund to the General Fund to finance a portion of PICA's operating expenditures. The fund balances in the 2009 and 2010 Debt Service Funds and Rebate Fund (nonmajor funds) are restricted for debt service. The fund balances in the special revenue funds (nonmajor funds) are restricted for the benefit of the City. These funds can only be used to finance City capital projects that meet specific criteria contained in the PICA Act.

### **General Fund Budget**

The PICA Act allows the Authority several sources of income to support its operations. The statute specifically provides that the Authority may draw earnings from the various funds and accounts created pursuant to its Trust Indenture, and also directly from the proceeds of PICA Taxes to the extent investment income is insufficient. The latter allowable revenue source has never been utilized by the Authority.

The PICA Act requires that the Authority adopt an annual budget (for the fiscal year commencing July 1) before March 1 of each year and also stipulates its format and additional information to be provided to the Governor and General Assembly of the Commonwealth.

The philosophy underlying the Authority's General Fund budget is that the Authority should maintain a personnel and expenditure level sufficient to permit it to respond to the demands placed upon it. The FY2020 General Fund operating budget totals \$1,586,000, the same as it was in FY2019. Table 5 presents a summary of the FY2019 and FY2020 General Fund budgets, as well as actual figures for FY2019.

The Authority's General Fund administrative expenditures are financed through a transfer of \$600,000 in interest earnings from the Debt Service Reserve Fund, appropriation of a portion of the existing General Fund surplus, and interest earnings. Total expenditures in FY2020 are budgeted at \$1,586,000. Expenditures for salaries and benefits comprise \$980,000. The next largest category is additional oversight duties, at \$250,000. This line item is reserved for special projects, commissioned research, or other needs that may arise during the fiscal year related to financial oversight of the City. Professional services are budgeted at \$190,000. Other expenses and capital outlay is budgeted at \$166,000 representing a slight decrease from the FY2019 budget.

<b>Table 5: General Fund Budget</b>				
	<b>FY2020 Budget</b>	<b>FY2019 Budget</b>	<b>FY2019 Actual</b>	<b>Percent Change FY2019 vs. FY2020 Budget</b>
<b>Revenues and Other Financing Sources</b>				
Interest Earnings – General Fund	\$18,000	\$18,000	\$73,353	0.0%
Use of Existing General Fund Surplus	968,000	968,000	556,987	0.0%
Other Financing Sources:				
Transfer of Interest Earnings from Debt Service Reserve Fund	600,000	600,000	600,000	0.0%
<b>Total Revenues and Other Financing Sources</b>	<b>\$1,586,000</b>	<b>\$1,586,000</b>	<b>\$1,230,340</b>	<b>0.0%</b>
<b>Expenditures</b>				
Salaries and benefits	\$980,000	\$955,000	\$840,014	2.6%
Professional services	190,000	190,000	167,354	0.0%
Other expenses	163,500	188,500	147,080	-13.3%
Capital outlay	2,500	2,500	0	0.0%
Additional oversight duties	250,000	250,000	75,892	0.0%
<b>Total Expenditures</b>	<b>\$1,586,000</b>	<b>\$1,586,000</b>	<b>\$1,230,340</b>	<b>0.0%</b>

In FY2019, actual PICA expenditures for operations were \$1,230,340, well below the budgeted amount. This reflected actual expenditures that were below budget in all major categories. Professional services, including legal, audit, and consulting, were below budgeted amounts, because PICA maintains a consistent level, year-to-year, for services pertaining to arbitrage and legal advice, which are only used to the extent they are needed in any given year. Actual costs for capital outlays and additional oversight duties were also below budgeted amounts.

## **Debt**

The Authority issued four series of bonds from 1992 to 1994 to finance the City's operating deficit, provide funding for City capital projects, establish a revolving loan fund to finance productivity-enhancing projects for the City, and for other purposes. PICA's statutory authorization to issue new-money bonds for capital or deficit financing expired on December 31, 1994. Since that time, the Authority has issued seven series of refunding bonds with the objective of lowering debt service costs. The most recent series of refunding bonds was issued in 2010.

By far the largest portion of the Authority's net deficit reflects its bonds payable. Proceeds from the PICA Tax, as well as the corresponding interest earned, are in part utilized to fund debt service requirements. The Authority's bonds payable activity for the year ended June 30, 2019 is summarized as follows:

<b>Bond Payable Activity</b>	
Outstanding Debt at July 1, 2018	\$168,505,000
Debt Retired	38,760,000
<b>Outstanding Debt at June 30, 2019</b>	<b>\$129,745,000</b>

## **Economic Factors and Next Year's Budget**

PICA Tax revenues reflect the underlying strength of the Philadelphia employment base, which has exhibited modest to strong growth in recent years. It is expected that this trend will continue in FY2020.

In FY2020, the Authority will continue to receive PICA Tax revenues in accordance with existing agreements between the City, Commonwealth, and PICA. These revenues will be allocated to the Debt Service Funds to meet debt service requirements on the outstanding series of 2009 and 2010 bonds. If necessary, PICA Tax revenues will be allocated to the Debt Service Reserve Fund to ensure that the debt service reserve requirement required under the Trust Indenture is maintained. The process for spending PICA funds on PICA-approved capital projects will also continue in FY2020, resulting in a continued reduction in the fund balance in the special revenue funds (nonmajor funds).

At this time, there are no major factors that are expected to significantly impact the Authority's operating expenditures in FY2020. The budget for FY2020 anticipates the use of \$968,000 of the existing General Fund surplus as a revenue source. This should result in a reduction in the unassigned General Fund balance in FY2020.

## **Additional Information**

In accordance with IRS regulations, certain funds already granted to the City by PICA continue to be classified as PICA Arbitrage Reportable Funds until the City expends such funds for the purpose for which they were provided. Accordingly, and also for oversight purposes, PICA tracks the uses/balances of such funds and interest earnings thereon until they are spent by the City. When the City encumbers funds for PICA-funded capital projects, the funds are transferred from the special revenue funds (nonmajor funds) to encumbered funds accounts also maintained by PICA's Trustee. Subsequent to incurring the capital expenditure, the City requests reimbursement from the encumbered funds accounts. As of June 30, 2019, the balance in the three encumbered funds accounts was as follows:

Capital Projects Encumbered Funds	
1992 Capital Projects Encumbered Funds	\$599,156
1993 Capital Projects Encumbered Funds	1,598,573
1993 Criminal Justice Encumbered Funds	746,784
1994 Capital Projects Encumbered Funds	4,259,375
<b>Total</b>	<b>\$7,203,888</b>

### **Contacting PICA's Financial Management**

This financial report is designed to present an accurate overview of the financial activities of the Authority during FY2019. If you have questions about this report or require additional information about the Authority's finances, please contact PICA staff at Pennsylvania Intergovernmental Cooperation Authority, 1500 Walnut Street, Suite 1600, Philadelphia, PA 19102.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

**1. Summary of Significant Accounting Policies and Organization**

Organization

The Pennsylvania Intergovernmental Cooperation Authority (Authority) was created on June 5, 1991 by virtue of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (P.L. 9, No. 6), 53 P.S. 12720.101 et seq., as amended (Act) for the purpose of providing financial assistance to the City of Philadelphia (City) in overcoming a severe financial crisis. Under the Act, the Authority is administered by a governing Board consisting of five voting members and two ex-officio nonvoting members. The ex-officio members are presently the Director of Finance of the City and the Budget Secretary of the Commonwealth of Pennsylvania (Commonwealth). The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives each appoints one voting member of the Board. Future operations of the Authority may be subject to legislative action.

The Act provides that the Authority shall have certain financial and oversight functions. The Authority had the power to issue bonds to grant or lend the proceeds thereof to the City. Such power to issue debt for such purposes has expired; however, the Authority remains authorized under the Act to issue refunding bonds and grant or lend the proceeds to the City.

Under the Act, the Authority also has the power, in its oversight capacity, to exercise certain advisory and review powers with respect to the City's financial affairs, including the power to review and approve five-year financial plans prepared at least annually by the City.

The Authority is considered a blended component unit of the City.

The accounting policies of the Authority conform to generally accepted accounting principles (GAAP) as applicable to municipalities. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The GASB is the authoritative standard-setting body for establishing governmental accounting and financial reporting principles.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on the activities of the primary government. All material interfund accounts and transactions have been eliminated in the government-wide financial statements.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Authority reports the following major governmental funds:

The **General Fund** is used to account for the administrative operations of the Authority, for which a budget is adopted annually.

The **PICA Tax Revenue (Special Revenue) Fund** accounts for the proceeds of the PICA Tax remitted to the Authority via the Commonwealth. It is utilized to fund the debt service requirements of the Authority and to provide grants to the City. It encompasses the Revenue Fund established with the Trustees by the Trust Indentures (see Note 5).

The **Debt Service Reserve Fund** holds assets for debt service reserve purposes as required by the Trust Indentures.

The Authority reports the following nonmajor governmental funds:

The **2010 and 2009 Debt Service Funds** account for the accumulation of financial resources for the payment of principal and interest on the Authority's long-term debt.

The **Rebate Fund** is maintained in order to fund future potential rebates and/or debt service requirements. The Debt Service Funds also include the Bond Redemption Fund, which has not yet been required. The aggregate fund balances of the Debt Service Funds are included in net position on the Balance Sheet and the Statement of Net Position as restricted for debt service.

The **1992, 1993, and 1994 Special Revenue Funds** account for assets held by the Authority for expenditures for the benefit of the City. The principal and income of these funds must be expended for their designated purpose. The Authority provided \$420,000

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

to the City during the year ended June 30, 2019. The 1992, 1993, and 1994 Special Revenue Funds also include the Deficit and Settlement funds, which completed their designated purpose in prior years and are presently inactive. The aggregate fund balances of the 1992, 1993, and 1994 Special Revenue Funds are included in net position on the Balance Sheet and the Statement of Net Position as restricted for the benefit of the City.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues from the PICA Tax (a tax levied by the City on the wages and net profits of Philadelphia residents and businesses) are recorded when the Authority is advised by the Commonwealth of the amounts to be remitted and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The Authority cannot and does not account for any PICA Tax due to, but not yet collected, by the City.

Governmental fund financial statements use a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both “measurable” and “available to finance expenditures of the current period.” The Authority considers amounts collected within 60 days after year-end on all governmental funds to be available and recognizes them as revenues of the current year. Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt services funds for payments to be made early the following year.

In the governmental fund financial statements, fund balances are classified as follows:

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The Authority did not have any fund balance classified as nonspendable at year-end.
- **Restricted:** This classification includes amounts for which constraints have been placed on the use of resources which are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. Management has

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

classified all fund balance in the special revenue funds and debt service funds as restricted (except as noted below).

- **Committed:** This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Directors (Board). These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same course of action that was employed when the funds were initially committed. Management has classified any fund balance that is related to the budget or that has been designated for future swaption activity as committed.
- **Assigned:** This classification includes amounts that are constrained by management's intent to be used for a specific purpose, but are neither restricted nor committed. This intent should be expressed by the Board or an official, such as the Executive Director. The Authority did not have any fund balance classified as assigned at year-end.
- **Unassigned:** This classification is the residual fund balance for the General Fund. It also represents fund balance that has not been classified as assigned, committed, restricted, or nonspendable. Management has classified the remaining portion of the General Fund fund balance as unassigned.

When fund balance resources are available for a specific purpose from multiple classifications, the Authority will generally use the most restrictive funds in the following order: restricted, committed, and assigned as they are needed.

**PICA Tax**

The "PICA Tax" was enacted by an ordinance adopted by the City Council and approved by the Mayor of the City on June 12, 1991 (Bill No. 1437). The tax levy is one and one-half percent (1.5%) on the wages and net profits of City residents and businesses. The PICA Tax is collected by the Department of Revenue of the Commonwealth, utilizing the City Revenue and Law Departments (collectively) as its agent, and remitted to the Treasurer of the Commonwealth for disbursement to the Authority's Trustee. The Authority does not administer the collection of the PICA Tax from taxpayers.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Cash and Cash Equivalents

The Authority considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents.

Investments

All investments are stated at fair value. Investment income is recorded on the Statement of Activities and includes any unrealized gains or losses earned during the period.

Bond Premium

The premium on bonds payable is being amortized on a straight-line basis over the term of the bonds.

Capital Assets

Capital assets, which include equipment, are reported in the government-wide financial statements. All capital assets are capitalized at cost and updated for additions and retirements during the year. The Authority does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Capital assets of the Authority are depreciated using the straight-line method over the useful lives of the assets. The estimated useful life of the equipment is five years.

Compensated Absences

Accrued expenses include an accrual for vacation pay earned but not taken as of June 30, 2019 of \$69,132.

Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the State Employees' Retirement System (SERS) and additions to/deductions from SERS' fiduciary net position have been determined on the same basis as they are reported by SERS. For this purpose, benefit payments (including refunds of

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined under a separate payment arrangement based of the Retired Employees Health Program (REHP). For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

## **2. Deposits and Investments**

Deposits

Authority funds may be deposited in any bank that is insured by the Federal Deposit Insurance Corporation. To the extent that such deposits exceed federal insurance, the depositories must deposit (with their trust department or other custodians) obligations of the United States, the Commonwealth, or any political subdivision of the Commonwealth to eliminate the risk of uninsured funds. Under Act 72 of 1971 Session of the Pennsylvania General Assembly (Act 72), as amended, the depositories may meet this requirement by pooling appropriate securities to cover all public funds on deposit with their institution.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

At June 30, 2019, the Authority's deposits consist of the following:

Cash	\$ 1,079,712
Certificates of deposit	<u>3,675,000</u>
Total deposits	<u><u>\$ 4,754,712</u></u>

The Authority's deposits include bank certificates of deposit that have a remaining maturity, at the time of purchase, of one year or less. U.S. Treasury and Agency obligations with a remaining maturity of one year or less are classified as short-term investments.

*Custodial Credit Risk* - Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority has no policy, other than as noted above, that further limits its custodial credit risk. As of June 30, 2019, the Authority's book balance was \$4,754,712 and the bank balance was \$4,774,614. Of the bank balance, \$3,925,000 was covered by federal depository insurance and \$849,614 was collateralized under Act 72.

Investments

As of June 30, 2019, the Authority had the following investments:

	<u>Fair Value</u>	<u>Cost</u>	<u>Maturity Date</u>
Money market funds	\$ 27,706,880	\$ 27,706,880	N/A
U.S. Treasury and Agency obligations	15,606,406	15,656,369	09/19-06/24
Municipal bonds/short-term notes	6,315,061	5,870,710	09/21-04/22
Commercial paper	<u>24,035,527</u>	<u>23,864,167</u>	08/19-10/19
	<u><u>\$ 73,663,874</u></u>	<u><u>\$ 73,098,126</u></u>	

The Authority complies with Pennsylvania statutes (72 P.S. Section 301.1 and Section 3603) which enumerate the permissible investments for funds of the Commonwealth. These statutes are applicable to the Authority as a result of Section 311(b) of the Act. Specifically, all funds of the Authority, including the proceeds of bonds, which are not required for immediate use may be invested in other obligations of an assisted city, or in obligations of

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

the Federal Government or of the Commonwealth, or obligations which are legal investments of Commonwealth funds, including certain types of commercial paper.

Investments in the PICA Tax Revenue Fund, the Debt Service Funds, and the 1992, 1993, and 1994 Special Revenue Funds must be invested in accordance with the various Trust Indentures.

The Trust Indentures restrict investments to the following types of securities:

- (a) Obligations to the City;
- (b) Other government obligations;
- (c) Federal funds, unsecured certificates of deposit, time deposits, or bankers' acceptances of any domestic bank having a combined capital and surplus of not less than \$50,000,000;
- (d) Federally insured deposits of any bank or savings and loan association which has a combined capital, surplus, and undivided profits of not less than \$3,000,000;
- (e) (i) Direct obligations of, or (ii) obligations, the principal of and interest of which are unconditionally guaranteed by any state of the United States of America, the District of Columbia, or the Commonwealth of Puerto Rico, or any political subdivision or agency thereof, other than the City, whose unsecured, uninsured, and unguaranteed general obligation debt is rated, at the time of purchase, "A" or better by Moody's and Standard & Poor's (S&P);
- (f) Commercial paper (having original maturities of not more than 270 days) rated at the time of purchase "P-1" by Moody's and "A-1" or better by S&P;
- (g) Repurchase agreements collateralized by direct obligations of, or obligations the payment of principal and interest on which are unconditionally guaranteed as to full and timely payment by, the United States of America; and direct obligations and fully guaranteed certificates of beneficial interest of the Export-Import Bank of the United States; consolidated debt obligations and letter of credit-backed issues of the Federal Home Loan Banks; participation certificates and senior debt obligations of the Federal Home Loan Mortgage Corporation; debentures of the Federal Housing

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Administration; mortgage-backed securities (except stripped mortgage securities which are valued greater than par on the portion of unpaid principal) and senior debt obligations of the Federal National Mortgage Association; participation certificates of the General Services Administration; guaranteed mortgage-backed securities and guaranteed participation certificates of the Government National Mortgage Association; guaranteed participation certificates and guaranteed pool certificates of the Small Business Administration; debt obligations and letters of credit-backed issues of the Student Loan Marketing Association; local authority bonds of the U.S. Department of Housing and Urban Development; and guaranteed Title XI financing of the U.S. Maritime Administration;

- (h) Money market mutual fund shares issued by a fund having assets not less than \$100,000,000 (including any such fund from which the Trustee or any of its affiliates may receive compensation) which invests in securities of the type specified in clauses (b) or (f) above and is rated "AAAm" or "AAAm-g" by S&P.

Investments in the Debt Service Reserve Fund may be only invested in the investments included in (b) through (h) above with a maturity of five years or less or guaranteed investment contracts that can be withdrawn without penalty.

*Custodial Credit Risk* - Custodial credit risk is the risk that the counterparty to an investment transaction will fail and the government will not recover the value of the investment or collateral securities that are in the possession of an outside party. The Authority has no policy, other than as noted above, that further limits its custodial credit risk.

All of the Authority's investments are insured and registered securities held by the entity or its agent (bank trust department) in the entity's name, with the exception of money market funds which are not exposed to custodial credit risk because those investments are not evidenced by securities in book entry or paper form.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

*Concentration of Credit Risk* - The Authority places no limit on the amount the Authority may invest in any one issuer. More than 5% of the Authority's investments were invested in the following:

Investment	Fair Value	% of Total Investments
Cty Hstn Tx Combnd Utl C P	\$ 14,603,058	20%
Curators of Univ Of Mo C P	9,432,469	13%
New Jersey ST Transit Corp Gans	4,415,400	6%

*Credit Risk* - The Authority investments had the following level of exposure to credit risk at June 30, 2019:

Investment	Fair Value	Rating
Money market funds	\$ 27,706,880	AAA
U.S. Treasury and Agency obligations	15,606,406	AA
Municipal bonds/short-term notes	6,315,061	A
Commercial paper	24,035,527	A-1

*Interest Rate Risk* – The Authority does not have a formal investment policy, other than as noted above, that further limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Fair Value of Investments* – With the exception of commercial paper, investments and derivatives are recorded at fair value as of June 30, 2019. Commercial paper is valued at amortized cost, which approximates fair value. GASB Statement No. 72, "Fair Value Measurement and Application," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement establishes a hierarchy of value inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest, and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

- Level 1 - Investments whose values are based on quoted prices (unadjusted) for identical assets (or liabilities) in active markets that a government can access at the measurement date.
- Level 2 - Investments with inputs - other than quoted prices included within Level 1 - that are observable for an asset (or liability), either directly or indirectly.
- Level 3 - Investments with unobservable inputs for an asset (or liability) and may require a degree of professional judgement.

The following table summarizes the Authority's investments within the fair value hierarchy as of June 30, 2019:

Investment Type	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 27,706,880	\$ -	\$ -	\$ 27,706,880
U.S. Treasury and Agency obligations	15,606,406	-	-	15,606,406
Municipal bonds/short-term notes	-	6,315,061	-	6,315,061
Commercial paper	-	24,035,527	-	24,035,527
Total	<u>\$ 43,313,286</u>	<u>\$ 30,350,588</u>	<u>\$ -</u>	<u>\$ 73,663,874</u>

The Authority's Level 1 investments are based on active market quotes. The Authority's Level 2 investments are based on secondary market quotes.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

**3. Interfund Transfers**

The composition of interfund transfers for the year ended June 30, 2019 is as follows:

	Transfers In	Transfers Out	Net Transfers In (Out)
General Fund	\$ 15,082,365	\$ 15,102,391	\$ (20,026)
PICA Tax Revenue Fund	2,913,309	38,469,120	(35,555,811)
Debt Service Reserve Fund	600,000	11,621,936	(11,021,936)
Nonmajor governmental funds:			
Debt Service Fund - 2010	24,056,042	269,838	23,786,204
Debt Service Fund - 2009	23,819,906	1,008,337	22,811,569
Total	<u>\$ 66,471,622</u>	<u>\$ 66,471,622</u>	<u>\$ -</u>

Interfund transfers are made on a regular basis to record the transfer of the portion of the PICA tax revenue withheld for debt service, operating transfers from the debt service reserve funds as permitted under the Trust Indenture, and transfers of the basis cap payments used for debt service.

**4. Capital Assets**

Capital asset activity for the year ended June 30, 2019 was as follows:

	Balance July 1, 2018	Deletions	Additions	Balance June 30, 2019
Equipment	\$ 10,699	\$ -	\$ -	\$ 10,699
Less: Accumulated depreciation	(7,120)	-	(2,139)	(9,259)
Equipment, net	<u>\$ 3,579</u>	<u>\$ -</u>	<u>\$ (2,139)</u>	<u>\$ 1,440</u>

Depreciation for the year ended June 30, 2019 was \$2,139 and is reflected in the Statement of Activities.

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

**5. Special Tax Revenue Bonds**

The following summary shows the changes in bonds payable for the year ended June 30, 2019:

Series of:	Outstanding July 1, 2018	Additions	Principal Repayments	Outstanding June 30, 2019	Amounts Due Within One Year
2009	\$ 100,030,000	\$ -	\$ 18,110,000	\$ 81,920,000	\$ 19,020,000
2010	68,475,000	-	20,650,000	47,825,000	21,470,000
Total	<u>\$ 168,505,000</u>	<u>\$ -</u>	<u>\$ 38,760,000</u>	129,745,000	<u>\$ 40,490,000</u>
			Add bond premiums	13,560,094	
				<u>\$ 143,305,094</u>	

In conjunction with the 1992 bond issue, the Authority entered into an Indenture of Trust dated as of June 1, 1992 which was supplemented by a First Supplemental Indenture of Trust dated as of June 22, 1992 (1992 Indenture). Two 1993 bond issues were issued pursuant to the 1992 Indenture as amended and supplemented, respectively, by a Second Supplemental Indenture of Trust dated as of July 15, 1993, and a Third Supplemental Indenture of Trust dated as of August 15, 1993.

In conjunction with the 1994 bond issue, the Authority entered into an Amended and Restated Indenture of Trust dated as of December 1, 1994 (1994 Indenture). The 1994 Indenture replaced the 1992 Indenture as amended and supplemented by the Second Supplemental Indenture of Trust and Third Supplemental Indenture of Trust. Subsequent bond issues in 1996, 1999, 2003, 2006, 2008, 2009, and 2010 were issued pursuant to the 1994 Indenture as amended and supplemented, respectively, by supplements dated May 15, 1996, April 1, 1999, June 1, 2003, June 1, 2006, May 1, 2008, June 1, 2009, and May 1, 2010.

Only the Series 2009 and 2010 bonds are currently outstanding. These bonds were issued, respectively, pursuant to the Sixth and Seventh Supplemental Indentures to the 1994 Indenture. These supplemental indentures are between the Authority and the U.S. Bank National Association (Trustee). The Trustee's responsibilities include ensuring that the proceeds of the PICA Tax (see Note 1) received by it are used to fund the debt service payments (bond principal and interest) required under the 1994 Indenture, as amended.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

Each series of bonds issued by the Authority are limited obligations of the Authority and the principal, redemption premium, if any, and interest thereon, are payable solely from a portion of the PICA Tax.

To issue additional bonds, the Trust Indenture requires that the Authority collection of PICA Taxes in any twelve consecutive months during the fifteen-month period immediately preceding the date of issuance of such additional bonds equals at least 175% of the maximum annual debt service requirement on the bonds outstanding after the issuance of the additional bonds for the 2009 Trust Indenture and 300% of the same for the 2010 Trust Indenture. The PICA Taxes collected during the year ended June 30, 2019 (\$528,763,262) equaled approximately 1126% of the maximum annual debt service (\$46,944,100) of the bonds outstanding at June 30, 2019 (the 2009 - \$23,082,850 and 2010 - \$23,861,250 bonds).

Total annual debt service requirements (annual principal or sinking fund requirements and interest payments) on the outstanding bonds at June 30, 2019 are as follows:

Fiscal Year Ending	Total Debt Service Requirements
2020	\$ 46,944,100
2021	37,319,600
2022	37,179,750
2023	23,076,000

Details as to the purpose of each of the respective series of bonds issued by the Authority through June 30, 2019, and as to bonds outstanding at that date follow.

A. Series of 1992, 1993, 1993A, and 1994

The proceeds from the sale of the Series of 1992, 1993, 1993A, and 1994 Bonds were used to (1) make grants to the City to fund the fiscal year 1991 General Fund cumulative deficit and the projected fiscal years 1992 and 1993 General Fund deficits, (2) make grants to the City to pay the cost of certain emergency capital projects to be undertaken by the City and other capital projects to increase productivity in the operation of City government, (3) make the required deposit to the Debt Service Reserve Fund, (4) capitalize interest on a portion of the Series of 1992 Bonds through June 15, 1993, (5) repay amounts previously advanced to the Authority by the Commonwealth to pay initial operating expenses of the Authority, (6)

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED JUNE 30, 2019**

---

fund a portion of the Authority's first fiscal year operating budget, (7) make a grant to the City for refunding of certain of the City's General Fund Obligation Bonds, (8) provide for the advance refunding of a portion of the Authority's Special Tax Revenue Bonds, Series of 1992, and (9) pay the costs of issuing each series of bonds.

The Refunded 1992, 1993, 1993A, and 1994 Bonds are no longer deemed to be outstanding under the Trust Indenture.

**B. Series of 1996, 1999, 2003, 2006, and 2008 A and B**

The proceeds from the sale of the Series of 1996, 1999, 2003, 2006, and 2008 A and B Bonds, together with other available funds, were used to (1) provide for the advance refunding of outstanding Authority Special Tax Revenue Bonds, (2) pay the premium for a Debt Service Reserve Fund insurance policy to satisfy Debt Service Reserve Fund Requirements, and (3) pay the costs of issuing each series bonds.

The Refunded 1996, 1999, 2003, 2006, and 2008 A and B Bonds are no longer deemed to be outstanding under the Trust Indentures.

**C. Series of 2009 (2009 Bonds)**

The net proceeds from the sale of the 2009 Bonds were used to (1) provide for the current refunding of all of the Authority's Special Tax Revenue Bonds, Series of 1999, outstanding as of May 15, 2009, (2) pay all the costs of terminating an interest rate Swaption related to the 1999 Bonds, and (3) pay the cost of issuing the 2009 Bonds. The proceeds of these bonds were used to refund the remaining portion of the 1999 Series maturing through 2023 in the total amount of \$326,865,000.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

The following table shows the annual principal or sinking fund requirements, interest payments, and the total debt service requirements for the 2009 Bonds outstanding at June 30, 2019:

Fiscal Year Ending	Interest Rate	Principal or Sinking Fund Requirements	Interest	Total Debt Service
2020	5%	\$ 19,020,000	\$ 4,062,850	\$ 23,082,850
2021	4% and 5%	19,965,000	3,111,850	23,076,850
2022	5%	20,945,000	2,133,250	23,078,250
2023	4.25% and 5%	21,990,000	1,086,000	23,076,000
		<u>\$ 81,920,000</u>	<u>\$ 10,393,950</u>	<u>\$ 92,313,950</u>

D. Series of 2010 (2010 Bonds)

The net proceeds from the sale of the 2010 Bonds were used to (1) provide for the current refunding of all of the Authority's Special Tax Revenue Bonds, Series of 2008 A and B, outstanding as of May 17, 2010, (2) to pay the costs of terminating an interest swap transaction related to the 2008 A and B Bonds, and (3) pay the cost of issuing the 2010 Bonds.

The following table shows the annual principal or sinking fund requirements, interest payments and the total debt service requirements for the 2010 Bonds outstanding at June 30, 2019:

Fiscal Year Ending	Interest Rate	Principal or Sinking Fund Requirements	Interest	Total Debt Service
2020	5%	\$ 21,470,000	\$ 2,391,250	\$ 23,861,250
2021	5%	12,925,000	1,317,750	14,242,750
2022	5%	13,430,000	671,500	14,101,500
		<u>\$ 47,825,000</u>	<u>\$ 4,380,500</u>	<u>\$ 52,205,500</u>

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

In June 2003 and 2004, the Authority entered into basis cap transactions with the counterparty as follows:

Investment Derivative Instruments

As of June 30, 2019, the Authority's basis caps did not meet the criteria for effectiveness as a hedging instrument. Therefore, they are reported as investment derivative instruments.

Governmental Activities	Classification	Fair Value at June 30, 2019:			Notional Amount
		Amount	Classification	Amount	
Investment Derivatives:					
2003 Basis Cap	Investment Income:	\$ 2,845	Investment:	\$ 322,889	\$ 36,790,000
1999 Basis Cap	Investment Income:	6,980	Investment:	888,415	72,960,000

The Authority entered into two basis cap transactions with JPMorgan Chase Bank, one in June 2003 related to the 2003 swap and one in April 2004 related to the 1999 swaption. For the 2003 basis cap transaction, beginning in June 15, 2003, the counterparty pays the Authority a fixed rate each month of .40% per year times the notional amount times the day count fraction and the Authority will pay the counterparty a variable rate based on the greater of (a) the average of Securities Industry and Financial Markets Association (SIFMA) for the month divided by one-month London Interbank Offered Rate (LIBOR) less 70%, multiplied by the one-month LIBOR, times the notional amount times the day count fraction, or (b) zero. The notional amount and term of the agreement equals the notional amount and term of the 2003 interest rate swap noted above.

For the 1999 basis cap transaction, beginning June 15, 2009, the counterparty pays the Authority a fixed rate each month of .46% per year times the notional amount times the day count fraction and the Authority will pay the counterparty a variable rate based on the greater of (a) the average of SIFMA for the month divided by one-month LIBOR less 70%, multiplied by the one-month LIBOR, times the notional amount times the day count fraction, or (b) zero. The notional amount and term of the agreement equals the notional amount and term of the 1999 interest rate swap noted above.

If the ratio of SIFMA/LIBOR rises sharply, the anticipated benefit may not be realized.

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

*Fair Value* – As of June 30, 2019, the 2003 basis cap had a positive fair value of \$322,889. This means that the Authority would receive this amount to terminate the 2003 basis cap. As of June 30, 2019, the 1999 basis cap had a positive fair value of \$888,415. This means that the Authority would receive this amount to terminate the 1999 basis cap. The fair values of these swaps were measured using the zero-coupon discount method and are categorized within Level 2 of the fair value hierarchy.

*Termination Risk* – The basis caps include an additional termination event based on credit ratings. The basis caps may be terminated by the Authority if the counterparty's ratings fall below A- or A3 and collateral is not posted within 15 days.

## **6. Defined Benefit Pension Plan**

### Plan Description

The Authority covers all full-time employees in the Pennsylvania State Employees' Retirement System (SERS) which was established as of June 27, 1923, under the provisions of Public Law 858, No 331. SERS is the administrator of a cost-sharing, multiple-employer defined benefit retirement system established by the Commonwealth to provide pension benefits for employees of state government and certain independent agencies.

SERS is a component unit of the Commonwealth and is included in the Commonwealth's financial report as a pension trust fund. SERS also issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Commonwealth of Pennsylvania, State Employees' Retirement Board, 30 North Third Street, P.O. Box 1147, Harrisburg, Pennsylvania, 17108.

### Benefits Provided

SERS provides retirement, death, and disability benefits. Retirement benefits vest after five years of credited service. Employees who retire with three years of service at age 60, or with 35 years of service if under age 60, are entitled to a normal annual retirement benefit. Members of the General Assembly and certain employees classified in hazardous duty positions can retire with full benefits at age 50, with at least three years of service. For employees hired prior to January 1, 2011, the general annual benefit provided by statute is 2.5% of the member's highest three-year average salary times years of service. Effective

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

January 1, 2011, the general annual benefit required by statute was reduced to 2.0% of the member's highest three-year annual average salary times years of service times class of service multiplier. The Authority's total and annual covered payroll for the year ended June 30, 2019 was \$479,052.

Contributions Required

Covered employees are required by statute to contribute to SERS at a rate of 6.25% (Class A3 and AA employees) and 9.30% (Class A4) of their gross pay. The contributions are recorded in an individually identified account which is also credited with interest, calculated quarterly to yield 4% per annum, as mandated by statute. Accumulated employee contributions and credited interest vest immediately and are returned to the employee upon termination of service if the employee is not eligible for other benefits.

The employer contribution rate for each fiscal year is certified by the SERS Board based on the annual actuarial valuation conducted by the SERS actuary. The Authority actuarially determined contribution rate was 23.94% and 23.80% (Class A3/A4) and 34.63% (Class AA) of the gross pay of its employees during the year ended June 30, 2019. The Authority contributed \$153,785 and \$161,514 to SERS during the fiscal years 2019 and 2018, respectively.

According to the retirement code, all obligations of SERS will be assumed by the Commonwealth should SERS terminate.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At June 30, 2019, the Authority reported a liability of \$1,553,260 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At December 31, 2018, the Authority's proportion was .0075%, which represents a .0005% decrease on its proportion measured as of December 31, 2017.

For the year ended June 30, 2019, the Authority recognized pension expense of \$279,875.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

At June 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 40,062	\$ 28,255
Changes of assumptions	71,127	-
Net difference between projected and actual earnings on pension plan investments	259,743	-
Changes in proportion and differences between Authority contributions and proportionate share of contributions	113,649	670,961
Authority contributions subsequent to the measurement date	81,066	-
Total	<u>\$ 565,647</u>	<u>\$ 699,216</u>

Deferred outflows of resources totaling \$81,066 related to pensions, resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending June 30:	Amount
2020	\$ (38,764)
2021	(55,289)
2022	(96,397)
2023	(26,026)
2024	1,841
	<u>\$ (214,635)</u>

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

*Actuarial Methods and Assumptions*

The following methods and assumptions were used in the December 31, 2018 actuarial valuations. These methods and assumptions were applied to all periods included in the measurement period.

Actuarial cost method	Entry age
Amortization method	Straight-line amortization of difference between projected and actual earnings on pension plan investments over five years and amortization of assumption changes and noninvestment gains/losses over the average expected remaining service lives of all employees that are provided benefits
Investment rate of return	7.25% net of expenses, including inflation
Projected salary increases	Average of 5.60% with range of 3.70% - 8.90%, including inflation
Asset valuation method	Fair (market) value
Inflation	2.60%
Mortality	Projected RP-2000 mortality tables adjusted for actual plan experience and future improvement
Cost-of-living adjustments	Ad hoc

Every five years, SERS is required to conduct an actuarial experience study to determine whether the assumptions used in its annual actuarial valuations remain accurate based on current and anticipated demographic trends and economic conditions. The *18th Investigation of Actuarial Experience*, which was published in March of 2016, analyzed experience from 2011 through 2015. The SERS Board accepted the actuarial assumptions set forth in the *18th Investigation of Actuarial Experience* at its March 2016 meeting.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

The long-term expected real rate of return on pension plan investments is determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class included on the pension plan's target asset allocation as of December 31, 2018 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Private Equity	16%	7.25%
Global Public Equity	48%	5.15%
Real Estate	12%	5.26%
Multi-Strategy	10%	4.44%
Fixed Income	11%	1.26%
Cash	3%	-
Total	100%	

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flow used to determine the discount rate assumed that employee contributions will be made at the rates applicable for each member and that employer contributions will be made based on rates determined by the actuary. Based on those assumptions, SERS' fiduciary net position was projected to be available to make all projected future benefit payments of current and non-active SERS members. Therefore, the long-term expected rate of return on SERS investments was applied to all periods of projected benefit payments to determine the total pension liability.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	<u>1% Decrease (6.25%)</u>	<u>Current Discount Rate (7.25%)</u>	<u>1% Increase (8.25%)</u>
Authority's proportionate share of the net pension liability	\$ 1,907,277	\$ 1,553,260	\$ 1,249,888

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued SERS financial report.

Payables to the Pension Plan

There were no amounts payable to the pension plan as June 30, 2019.

## 7. Other Post-Employment Benefits (OPEB)

Plan Description

The Authority covers all full-time employees in the Retired Employees Health Program (REHP). The REHP is a single-employer, defined benefit OPEB plan that includes Commonwealth agencies and some component units. The REHP is established as a trust equivalent arrangement. The REHP is administered by the Pennsylvania Employees Benefit Trust Fund (PEBTF), which acts as a third-party administrator under an administrative agreement with the Commonwealth. The REHP is provided as part of collective bargaining agreements with most Commonwealth labor unions. All policy decisions and types and levels of benefits for the REHP fall under the purview of the Commonwealth's Executive Board, Secretary of Administration. The REHP does not have a governing board.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

The Authority does not participate in the REHP trust and, as such, does not contribute to the trust, but instead contributes under a separate payment arrangement.

Benefits Provided

The Commonwealth sponsors the REHP for eligible retirees and their dependents to receive subsidized health coverage for the retiree's lifetime.

Eligible employees who retire from the state and meet one of the following eligibility criteria are eligible to receive REHP benefits:

- 25 or more years of service
- 20 or more years of service and superannuation age – 60 for general employees (age 55 or 65 for employees subject to Act 120 of 2010)
- Disability retirement – requires five years of service

Spouses and dependents are eligible for subsidized post-employment medical coverage while the retiree is alive. The Patient Protection and Affordable Care Act (PPACA), signed into law on March 23, 2010, increased the dependent child age limit to age 26 and applied to the Commonwealth effective January 1, 2011.

Contributions

The Authority's contribution rate to the REHP is determined by annual agreement with the Commonwealth of Pennsylvania and the Philadelphia Regional Port Authority (PRPA).

The Authority does not participate in the trust and, as such, contributes the actual fiscal year benefit payments attributable to its retirees. The Authority contributed \$224 per biweekly pay period for each current REHP eligible active employee during fiscal year ended June 30, 2019 to the REHP Trust. The Authority's contributions to the REHP for the years ended June 30, 2019 and 2018 were \$32,654 and \$32,829, respectively.

Health Care Reform

PPACA was signed into law in 2010 with the purpose of increasing the number of Americans with health insurance coverage. There are several provisions within PPACA with potentially significant short- and long-term cost implications for employers. In future years, there may

**PENNSYLVANIA INTERGOVERNMENTAL

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

continue to be increased cost impact to the extent the health and welfare program experiences increased utilization due to these changes, all of which are assumed to be in place indefinitely.

OPEB Liabilities, OPEB Expense, and Deferred Outflows and Inflows of Resources Related to OPEB

At June 30, 2019, the Authority reported a liability of \$1,151,809 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Authority's portion of the net OPEB liability was allocated based on a projections of the Authority's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2018, the Authority's proportion of the net OPEB liability was approximately 0.0078%, which is an increase of .0024% from its proportion measured at June 30, 2017.

For the year ended June 30, 2019, the Authority recognized OPEB expense of \$426,549.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

At June 30, 2019, the Authority reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Authority contributions subsequent to the measurement date	\$ 32,654	\$ -
Changes in proportion and differences between Authority contributions and proportionate share of contributions	57,166	-
Difference between expected and actual experience	-	352,710
Net difference between projected and actual earnings on OPEB plan investments	-	1,743
Changes of assumptions	-	151,410
Total	<u>\$ 89,820</u>	<u>\$ 505,863</u>

Deferred outflows of resources totaling \$32,654 related to OPEB, resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2020	\$ (113,177)
2021	(98,886)
2022	(98,886)
2023	(89,953)
2024	(47,143)
2025	(652)
	<u>\$ (448,697)</u>

COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Actuarial Methods and Assumptions

The following methods and assumptions were used in the June 30, 2018 actuarial valuation. These methods and assumptions were applied to all periods included in the measurement period:

Actuarial cost method	Entry age normal
Amortization method	Level percent of payroll, 30-year open amortization (fresh start each year)
Investment rate of return	5.00%
Projected salary increases	Average of 2.65% with range of 0.80% - 6.00%, including inflation
Inflation	2.60%
Mortality rate	Projected RP-2000 Mortality Tables (using projection scale AA) adjusted for actual plan experiences and future improvement
Healthcare trend increases:	
Initial rate for medical benefits	6.20% for Medicare and 5.90% for Medicare
Ultimate rate for medical benefits	4.10% for both Medicare and non-Medicare
Year ultimate trend rate reached	2075

The Commonwealth's SERS performs experience studies periodically to determine reasonable and appropriate economic and demographic assumptions for valuing the defined benefit pension plan. The inflation assumption selected by the SERS Board during an April 2017 meeting are also used for the retiree health benefit valuation.

One significant assumption where the recommendation of the experience study is not applicable to this retiree health benefit valuation is the discount rate. Since REHP has insufficient assets to meet future years' projected benefit payments, as prescribed by GASB Statements No. 74 and 75, the discount rate was based on the 20-year Bond Buyer General Obligation Index municipal bond rate as of the measurement date. The discount rate was 3.87% as of June 30, 2018 and 3.58% as of June 30, 2017.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY**  
(A BLENDED COMPONENT UNIT OF THE CITY OF PHILADELPHIA)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

---

Medicare Part D subsidy payments are not reflected under GASB Statement No. 45 (predecessor statement to GASB No. 75) which is consistent with GASB Technical Bulletin 2006-1.

Discount Rate

The discount rate used to measure the total pension liability was 3.87% as of June 30, 2018 and 3.58% as of June 30, 2017. Since REHP has insufficient assets to meet next year's projected benefit payments, as prescribed by GASB Statements No. 74 and 75, the discount rate will be based on the index rate for 20-year tax-exempt general obligation municipal bond index rate with an average rating of AA/Aa or higher as of the measurement date. The Commonwealth elected to determine the discount rate using the Bond Buyer 20-Bond General Obligation Index. Since REHP has insufficient assets to meet projected benefit payments, the municipal bond rate was applied to all periods of the projected benefit payments to determine the total OPEB liability. The projection of cash flows used to determine the single discount rate for each measurement period assumed that employer contributions will be made based on the current funding policy for future years.

Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following represents the Authority's proportionate share of the net OPEB liability calculated using the discount rate of 3.87%, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87%) or 1-percentage-point higher (4.87%) than the current rate.

	1% Decrease (2.87%)	Current Discount Rate (3.87%)	1% Increase (4.87%)
Authority's proportionate share of the net OPEB liability	\$ 1,319,559	\$ 1,151,809	\$ 1,013,579

## **APPENDIX B**

### **City of Philadelphia Government and Financial Information<sup>1</sup>**

#### **OVERVIEW**

The City of Philadelphia (the “City” or “Philadelphia”), located along the southeastern border of the Commonwealth of Pennsylvania (the “Commonwealth” or “Pennsylvania”), is the largest city in the Commonwealth and the sixth largest city in the United States with approximately 1.584 million residents (based on 2018 estimates). According to the 2010 U.S. Census, the City increased its population in the ten years from 2000 to 2010, reflecting the City’s first population gain in 60 years. From 2010 to 2018, the City increased its population by 3.6%. The City is also the center of the United States’ eighth largest metropolitan statistical area, which is an 11-county area encompassing the City, Camden, NJ, and Wilmington, DE and represents approximately 6.1 million residents (based on 2018 estimates).

The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries. The City’s economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major regional business and personal services center with strengths in insurance, law, finance, healthcare, higher education, utilities, and the arts. In addition, the City is a center for health, education, research and science facilities with the nation’s largest concentration of healthcare resources within a 100-mile radius.

The cost of living in the City is relatively moderate and affordable compared to other major metropolitan areas in the northeast United States. The City, as one of the country’s education centers, offers its business community a large and diverse labor pool that draws from major universities including, within the geographical boundaries of the City, the University of Pennsylvania (“Penn”), Temple University, Drexel University, St. Joseph’s University, and LaSalle University, among others.

#### **Fiscal Health of the City**

The City has implemented several strategies to address anticipated fiscal challenges over the course of the Twenty-Eighth Five-Year Plan (Fiscal Years 2020-2024), which are described below.

General Fund Reserves: For Fiscal Year 2020, the City’s projected General Fund balance available for appropriation is \$209.9 million, or approximately 4% of projected expenditures. The Mayor’s current target for the General Fund balance is 6-8% of expenditures. Over the course of the Twenty-Eighth Five-Year Plan (Fiscal Years 2020-2024), the City’s projected General Fund balance averages approximately \$167.4 million per Fiscal Year (as defined herein), with a low of \$128.9 million in Fiscal Year 2022. These projected General Fund balances incorporate budgeted amounts for the federal and state budget reserve and contributions to the Budget Stabilization Fund (each as described below). The City’s General Fund balance still remains below recommended levels. The Government Finance Officers Association (“GFOA”) recommends fund balances of approximately 17% of revenues or expenditures and the City’s General Fund balances over the course of the Twenty-Eighth Five-Year Plan are not projected to reach the City’s 6-8% goal. If the City is successful in funding the Budget Stabilization Fund as planned and does not use amounts included in the federal and state budget reserve, the City’s overall reserve balances, inclusive of its General Fund and the Budget Stabilization Fund, will increase as a percentage of expenditures.

---

<sup>1</sup> Unless otherwise noted, all information contained in this Appendix B is current as of June 30, 2019.

For more information on the City's historical financial operations and the City's projected General Fund balances for Fiscal Years 2019-2024, see "DISCUSSION OF FINANCIAL OPERATIONS" and Tables 1 and 2 (and the text following Table 2) herein.

Budget Stabilization Reserve: To provide the City with a financial cushion should unexpected costs arise, the City has made a deposit of \$34.3 million to the Budget Stabilization Reserve (as defined herein), pursuant to the Fiscal Year 2020 Adopted Budget. In addition to the Fiscal Year 2020 deposit, the City projects the following deposits to be made to the Budget Stabilization Reserve over the course of the Twenty-Eighth Five-Year Plan: (i) \$35.1 million (Fiscal Year 2021), (ii) \$36.1 million (Fiscal Year 2022), (iii) \$37.2 million (Fiscal Year 2023), and (iv) \$38.2 million (Fiscal Year 2024).

For more information on the Budget Stabilization Reserve, see "DISCUSSION OF FINANCIAL OPERATIONS – Budget Stabilization Reserve" herein.

Federal and State Budget Reserve: To continue mitigating against potential state and federal cuts in funds provided to the City, the Fiscal Year 2020 Adopted Budget sets aside \$55.1 million in a federal and state budget reserve. The Twenty-Eighth Five-Year Plan continues funding such a reserve through Fiscal Year 2024. Although this reserve would help to offset any such cuts, it represents only a small fraction of what the City projects to receive in grants from the state and federal governments in Fiscal Years 2020-2024. Accordingly, if potential cuts exceed the amount in the reserve, it could require the City to make difficult decisions about what to continue funding. If potential cuts in any Fiscal Year are less than the reserve amount established for such year, the difference would increase the General Fund balance at the end of such year unless the City uses the funds in such reserve for other purposes. Based on the current estimate for Fiscal Year 2019, \$53.6 million has been budgeted for the federal and state funding reserve. The City has not utilized such funds for Fiscal Year 2019, and expects any remaining balance in the reserve to be included in the General Fund balance for such Fiscal Year.

Labor Reserve: While all of the City's unions are covered by bargaining agreements through June 30, 2020, the Twenty-Eighth Five-Year Plan includes a labor reserve for potential future labor cost increases once such agreements expire. As such, the Twenty-Eighth Five-Year Plan includes labor reserves of (i) \$20 million (Fiscal Year 2021), (ii) \$30 million (Fiscal Year 2022), (iii) \$40 million (Fiscal Year 2023), and (iv) \$50 million (Fiscal Year 2024).

Tax Revenues: Approximately three-quarters of the City's revenues come from local taxes and more than 85% of tax revenues come from just four taxes: Wage and Earnings Taxes, Real Estate Taxes, Business Income and Receipts Taxes ("BIRT"), and Real Property Transfer Taxes. The largest portion of these tax revenues, more than 40%, comes from the Wage and Earnings Tax (see Table 3 and "REVENUES OF THE CITY – Wage, Earnings, and Net Profits Taxes" herein). Approximately 40% of the Wage and Earnings Tax is paid by non-resident workers. Additionally, the City remains unique among the nation's largest cities in that it imposes a tax on both corporate profits and revenue through the BIRT, which is projected to generate 13.7% of the City's local tax revenue in Fiscal Year 2020 (based on projections included in the Fiscal Year 2020 Adopted Budget). See "REVENUES OF THE CITY" and Table 3 herein.

High Fixed Costs: The City's high fixed costs consume a significant portion of the City's budget. The largest of such costs is the City's payment to the Municipal Pension Fund. Pension costs are budgeted to consume approximately 15% of the Fiscal Year 2020 Adopted Budget, with a City pension cost of approximately \$749.1 million (from the General Fund). Even with such large payments, the Municipal Pension Fund is under 50% funded. See "PENSION SYSTEM" herein.

Increased Funding for the School District: In the Fiscal Year 2020 Adopted Budget, the City's direct contribution to The School District of Philadelphia (the "School District") from the General Fund is

\$222.5 million in Fiscal Year 2020, an amount \$36.7 million higher than the current estimate for Fiscal Year 2019 (\$185.8 million). The School District is an independent governmental entity.

For more information on the School District, see “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – Mayoral-Appointed or Nominated Agencies – The School District.” For more information on the City’s historical contributions to the School District, see “EXPENDITURES OF THE CITY – City Payments to School District” and Table 21 herein.

In addition to the fiscal challenges and related strategic planning described above, the City faces several near-term fiscal uncertainties, such as (i) continued increases in pension costs, (ii) the possibility of an economic downturn, (iii) uncertainties related to how amendments to the federal tax code may impact the City’s economy (such as the limits placed on the state and local tax deduction, among others), (iv) possible decreases in federal and state spending, (v) potential increases in labor costs under future labor agreements (as noted above, the City’s unions are covered by bargaining agreements through June 30, 2020), and (vi) continued increases in City contributions to the School District.

This “OVERVIEW” is intended to highlight the strategies implemented by the City to address its principal anticipated fiscal challenges. The reader is cautioned to review with care the more detailed information presented in this APPENDIX B.

## **THE GOVERNMENT OF THE CITY OF PHILADELPHIA**

### **Introduction**

As noted above, the City is the largest city in the Commonwealth, the sixth largest city in the United States, and the center of the United States’ eighth largest metropolitan statistical area. The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries.

As one of the country’s education centers, the City offers the business community a large and diverse labor pool. Penn, Temple University, Drexel University, St. Joseph’s University, La Salle University, and Community College of Philadelphia are certain of the well-known institutions of higher education located in the City. There are also a number of other well-known colleges and universities located near the City, notably including Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University, among others.

The City is a center for health, education, research and science facilities. In the City, there are more than 30 hospitals, including the Children’s Hospital of Philadelphia, Hospital of the University of Pennsylvania, Einstein Medical Center-Philadelphia, Temple University Hospital, and Thomas Jefferson University Hospitals and Jefferson Health, among others, and schools of medicine, dentistry, pharmacy, optometry, podiatry, and veterinary medicine.

Tourism is important to the City and is driven by the City’s extraordinary historic and cultural assets. The City’s Historic District includes Independence Hall, the Liberty Bell, Carpenters’ Hall, the Betsy Ross House, and Elfreth’s Alley, the Nation’s oldest residential street. The Benjamin Franklin Parkway District (referred to as the “Parkway” in APPENDIX C to this Official Statement) includes the Philadelphia Museum of Art, the Barnes Foundation, and the Rodin Museum. The Avenue of the Arts, located along a mile-long section of South Broad Street between City Hall and Washington Avenue, includes the Kimmel Center, the Academy of Music, and other performing arts venues. All of the foregoing are key tourist attractions in the City.

For more information on the City's demographic and economic resources and economic development initiatives, see APPENDIX C to this Official Statement.

## **History and Organization**

The City was incorporated in 1789 by an Act of the General Assembly of the Commonwealth (the "General Assembly") (predecessors of the City under charters granted by William Penn in his capacity as proprietor of the colony of Pennsylvania may date to as early as 1682). In 1854, the General Assembly, by an act commonly referred to as the Consolidation Act: (i) made the City's boundaries coterminous with the boundaries of Philadelphia County (the same boundaries that exist today) (the "County"); (ii) abolished all governments within these boundaries other than the City and the County; and (iii) consolidated the legislative functions of the City and the County. Article 9, Section 13 of the Pennsylvania Constitution abolished all county offices in the City, provides that the City performs all functions of county government, and states that laws applicable to counties apply to the City.

Since 1952, the City has been governed under a Home Rule Charter authorized by the General Assembly pursuant to the First Class City Home Rule Act, Act of April 21, 1949, P.L. 665, Section 17, and adopted by the voters of the City (as amended and supplemented, the "City Charter"). The City Charter provides, among other things, for the election, organization, powers and duties of the legislative branch (the "City Council") and the executive and administrative branch, as well as the basic rules governing the City's fiscal and budgetary matters, contracts, procurement, property, and records. Under Article XII of the City Charter, the School District operates as a separate and independent home rule school district. Certain other constitutional provisions and Commonwealth statutes continue to govern various aspects of the City's affairs, notwithstanding the broad grant of powers of local self-government in relation to municipal functions set forth in the First Class City Home Rule Act.

Under the City Charter, there are two distinct principal governmental entities in the City: (i) the City, which performs municipal and county functions; and (ii) the School District, which has boundaries coterminous with the City and responsibility for all public primary and secondary education.

The court system in the City, consisting of Common Pleas and Municipal Courts, is part of the Commonwealth judicial system. Although judges are paid by the Commonwealth, most other court costs are paid by the City, with partial reimbursement from the Commonwealth.

## **Elected and Appointed Officials**

The Mayor is elected for a term of four years and is eligible to be elected for no more than two successive terms. Each of the seventeen members of City Council is also elected for a four-year term, which runs concurrently with that of the Mayor. There is no limitation on the number of terms that may be served by members of City Council. Of the members of City Council, ten are elected from districts and seven are elected at-large. No more than five of the seven at-large candidates for City Council may be nominated by any one party or political body. The District Attorney and the City Controller are elected at the mid-point of the terms of the Mayor and City Council.

The City Controller's responsibilities derive from the City Charter, various City ordinances and state and federal statutes, and contractual arrangements with auditees. The City Controller must follow Generally Accepted Government Auditing Standards, established by the federal Government Accountability Office (formerly known as the General Accounting Office), and Generally Accepted Auditing Standards, promulgated by the American Institute of Certified Public Accountants.

The City Controller audits and reports on the City's and the School District's Comprehensive Annual Financial Reports ("CAFRs"), federal assistance received by the City, and the performance of City departments. The City Controller also conducts a pre-audit program of City expenditure documents required to be submitted for approval, such as invoices, payment vouchers, purchase orders and contracts. Documents are selected for audit by category and statistical basis. The Pre-Audit Division verifies that expenditures are authorized and accurate in accordance with the City Charter and other pertinent legal and contractual requirements before any moneys are paid by the City Treasurer. The Pre-Audit Technical Unit, consisting of auditing and engineering staff, inspects and audits capital project design, construction and related expenditures. Other responsibilities of the City Controller include investigation of allegations of fraud, preparation of economic reports, certification of the City's debt capacity and the capital nature and useful life of the capital projects, and opining to the Pennsylvania Intergovernmental Cooperation Authority ("PICA") on the reasonableness of the assumptions and estimates in the City's five-year financial plans.

Under the City Charter, the principal officers of the City's government are the Managing Director of the City (the "Managing Director"), the Director of Finance of the City (the "Director of Finance"), the City Solicitor (the "City Solicitor"), the Director of Commerce (the "Director of Commerce"), the City Representative (the "City Representative"), and the Director of Planning and Development (the "Director of Planning and Development"). Under the City Charter, the Mayor appoints the Managing Director, the Director of Finance, the Director of Commerce, the City Representative, and the Director of Planning and Development. The Mayor, with the advice and consent of a majority of City Council, also appoints the City Solicitor.

The Managing Director, in coordination with the senior officials of City departments and agencies, is responsible for supervising the operating departments and agencies of the City that render the City's various municipal services. The Director of Commerce is charged with the responsibility of promoting and developing commerce and industry. The City Representative is the Ceremonial Representative of the City and especially of the Mayor. The City Representative is charged with the responsibility of giving wide publicity to any items of interest reflecting the activities of the City and its inhabitants, and for the marketing and promotion of the image of the City. Under the City Charter, the Director of Planning and Development oversees the Department of Planning and Development, which includes three divisions: (i) the Division of Development Services; (ii) the Division of Planning and Zoning; and (iii) the Division of Housing and Community Development. Such divisions represent five budgetary programs/fiscal divisions, including Executive Administration, Planning & Zoning, Development Services, Community Development, and Housing Development.

The City Solicitor is head of the Law Department and acts as legal advisor to the Mayor, City Council, and all of the agencies of the City government. The City Solicitor is also responsible for: (i) advising on legal matters pertaining to all of the City's contracts and bonds; (ii) assisting City Council, the Mayor, and City agencies in the preparation of ordinances for introduction in City Council; and (iii) conducting litigation involving the City.

The Director of Finance is the chief financial and budget officer of the City and is selected from three names submitted to the Mayor by a Finance Panel, which is established pursuant to the City Charter and is comprised of the President of the Philadelphia Clearing House Association, the Chairman of the Philadelphia Chapter of the Pennsylvania Institute of Certified Public Accountants, and the Dean of the Wharton School of Finance and Commerce of the University of Pennsylvania. Under Mayor Kenney's administration, the Director of Finance is responsible for the financial functions of the City, including: (i) development of the annual operating budget, the capital budget, and capital program; (ii) the City's program for temporary and long-term borrowing; (iii) supervision of the operating budget's execution; (iv) the collection of revenues through the Department of Revenue; (v) the oversight of pension administration as Chairperson of the Board of Pensions and Retirement; and (vi) the supervision of the

Office of Property Assessment. The Director of Finance is also responsible for the appointment and supervision of the City Treasurer, whose office manages the City's debt program and serves as the disbursing agent for the distribution of checks and electronic payments from the City Treasury and the management of cash resources.

The following are brief biographies of Mayor Kenney, his Chief of Staff, the Director of Finance, and the City Treasurer.

**James F. Kenney, Mayor.** On November 3, 2015, James F. Kenney was elected as the City's 99th Mayor and was sworn into office on January 4, 2016. Mayor Kenney is a lifelong resident of the City and a graduate of La Salle University. In 1991, Mayor Kenney was elected to serve as a Democratic City Councilman At-Large and was a member of City Council for 23 years.

**James Engler, Chief of Staff.** Mr. Engler was appointed Chief of Staff effective August 10, 2018. Prior to that, Mr. Engler served as Deputy Mayor for Policy and Legislation since January 2016. In that role, Mr. Engler served as a senior liaison between the Mayor's Office and City Council and was responsible for developing administration policy priorities and working with stakeholders inside and outside of government to advance those goals.

**Rob Dubow, Director of Finance.** Mr. Dubow has served as Director of Finance since being appointed on January 7, 2008. Prior to that appointment, Mr. Dubow was the Executive Director of PICA. He has also served as Executive Deputy Budget Secretary of the Commonwealth, from 2004 to 2005, and as Budget Director for the City, from 2000 to 2004.

**Christian Dunbar, City Treasurer.** Mr. Dunbar was appointed City Treasurer in July 2019. Prior to his appointment, Mr. Dunbar served as Deputy City Treasurer. As City Treasurer, Mr. Dunbar oversees the issuance of all notes and bonds on behalf of the City's General Fund and Enterprise Funds used to finance capital projects. Prior to joining the City, Mr. Dunbar was a wealth manager with Wells Fargo Advisors.

## **Government Services**

Municipal services provided by the City include: (i) police and fire protection; (ii) health care; (iii) certain welfare programs; (iv) construction and maintenance of local streets, highways, and bridges; (v) trash collection, disposal and recycling; (vi) provision for recreational programs and facilities; (vii) maintenance and operation of the water and wastewater systems (the "Water and Wastewater Systems"); (viii) acquisition and maintenance of City real and personal property, including vehicles; (ix) maintenance of building codes and regulation of licenses and permits; (x) maintenance of records; (xi) collection of taxes and revenues; (xii) purchase of supplies and equipment; (xiii) construction and maintenance of airport facilities (the "Airport System"); and (xiv) maintenance of a prison system. For information on the Water and Wastewater Systems, see APPENDIX C – "KEY CITY-RELATED SERVICES AND BUSINESSES – Water and Wastewater." For information on the Airport System, see APPENDIX C – "TRANSPORTATION – Airport System."

The City owns the assets that comprise the Philadelphia Gas Works ("PGW" or the "Gas Works"). PGW serves residential, commercial, and industrial customers in the City. PGW is operated by Philadelphia Facilities Management Corporation ("PFMC"), a non-profit corporation specifically organized to manage and operate PGW for the benefit of the City. For more information on PGW, see "PGW PENSION PLAN," "PGW OTHER POST-EMPLOYMENT BENEFITS," "EXPENDITURES OF THE CITY – PGW Annual Payments," and "LITIGATION – PGW."

## Local Government Agencies

There are a number of governmental authorities and quasi-governmental non-profit corporations that also provide services within the City. Certain of these entities are comprised of governing boards, the members of which are either appointed or nominated, in whole or part, by the Mayor, while others are independent of the Mayor's appointment or recommendation.

### *Mayoral-Appointed or Nominated Agencies*

**Philadelphia Industrial Development Corporation and Philadelphia Authority for Industrial Development.** The Philadelphia Industrial Development Corporation ("PIDC") and the Philadelphia Authority for Industrial Development ("PAID"), along with the City's Commerce Department, coordinate the City's efforts to maintain an attractive business environment, attract new businesses to the City, and retain existing businesses. PIDC manages PAID's activities through a management agreement. Of the 30 members of the board of PIDC, eight are City officers or officials (the Mayor, the Managing Director, the Finance Director, the Commerce Director, the Director of Planning and Development, the City Solicitor, and two members of City Council), nine members are designated by the President of the Chamber of Commerce of Greater Philadelphia (the "Chamber of Commerce"), and the remaining 13 members are jointly designated by the Chamber of Commerce and the Commerce Director. The five-member board of PAID is appointed by the Mayor.

**Philadelphia Municipal Authority.** The Philadelphia Municipal Authority (formerly the Equipment Leasing Authority of Philadelphia) ("PMA") was originally established for the purpose of buying equipment and vehicles to be leased to the City. PMA's powers have been expanded to include any project authorized under applicable law that is specifically authorized by ordinance of City Council. PMA is governed by a five-member board appointed by City Council from nominations made by the Mayor.

**Philadelphia Energy Authority.** The Philadelphia Energy Authority ("PEA") was established by the City and incorporated in 2011 for the purpose of facilitating and developing energy generation projects, facilitating and developing energy efficiency projects, the purchase or facilitation of energy supply and consumer energy education. PEA is authorized to participate in projects on behalf of the City, other government agencies, institutions and businesses. PEA is governed by a five-member board appointed by City Council from four nominations made by the Mayor and one nomination from City Council.

**Philadelphia Redevelopment Authority.** The Philadelphia Redevelopment Authority (formerly known as the Redevelopment Authority of the City of Philadelphia) (the "PRA"), supported by federal funds through the City's Community Development Block Grant Fund and by Commonwealth and local funds, is responsible for the redevelopment of the City's blighted areas. PRA is governed by a five-member board appointed by the Mayor.

**Philadelphia Land Bank.** The Philadelphia Land Bank (the "PLB") is an independent agency formed under the authority of City ordinance and Pennsylvania law to return vacant and tax delinquent properties to productive reuse. The PLB has an 11-member board of directors, of which five are appointed by the Mayor and five are appointed by City Council. The final board member is appointed by a majority vote of the other board members. The City provides funds for its operations. For more information on the PLB, see APPENDIX C – "ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION – City and Quasi-City Economic Development Agencies and Related Programs – Philadelphia Land Bank."

**Philadelphia Housing Authority.** The Philadelphia Housing Authority (the "PHA") is a public body organized pursuant to the Housing Authorities Law of the Commonwealth and is neither a department nor an agency of the City. PHA is responsible for developing and managing low and moderate income

rental units and limited amounts of for-sale housing in the City. PHA is also responsible for administering rental subsidies to landlords who rent their units to housing tenants qualified by PHA for such housing assistance payments. PHA is governed by a nine-member Board of Commissioners, all of whom are appointed by the Mayor with the approval of a majority of the members of City Council. The terms of the Commissioners are concurrent with the term of the appointing Mayor. Two of the members of the Board are required to be PHA residents. For more information on PHA, see APPENDIX C – “ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION – City and Quasi-City Economic Development Agencies and Related Programs – The Philadelphia Housing Authority.”

**Hospitals and Higher Education Facilities Authority of Philadelphia.** The Hospitals and Higher Education Facilities Authority of Philadelphia (the “Hospitals Authority”) assists non-profit hospitals by financing hospital construction projects. The City does not own or operate any hospitals. The powers of the Hospitals Authority also permit the financing of construction of buildings and facilities for certain colleges and universities and other health care facilities and nursing homes. The Hospitals Authority is governed by a five-member board appointed by City Council from nominations made by the Mayor.

**Southeastern Pennsylvania Transportation Authority.** The Southeastern Pennsylvania Transportation Authority (“SEPTA”), which is supported by transit revenues and federal, Commonwealth, and local funds, is responsible for developing and operating a comprehensive and coordinated public transportation system in the southeastern Pennsylvania region. Two of the 15 members of SEPTA’s board are appointed by the Mayor and confirmed by City Council. SEPTA is not a department or agency of the City. For more information on SEPTA, see “EXPENDITURES OF THE CITY – City Payments to SEPTA” and APPENDIX C – “TRANSPORTATION – Southeastern Pennsylvania Transportation Authority (SEPTA).”

**Pennsylvania Convention Center Authority.** The Pennsylvania Convention Center Authority (the “Convention Center Authority”) constructed and maintains, manages, and operates the Pennsylvania Convention Center, which opened on June 25, 1993. The Pennsylvania Convention Center is owned by the Commonwealth and leased to the Convention Center Authority. An expansion of the Pennsylvania Convention Center was completed in March 2011. This expansion enlarged the Pennsylvania Convention Center to approximately 2,300,000 square feet with the largest contiguous exhibit space in the Northeast, the largest convention center ballroom on the East Coast, and the ability to host large tradeshow or two major conventions simultaneously.

Of the 15 members of the board of the Convention Center Authority, two are appointed by the Mayor and one by each of the President and Minority Leader of City Council. The Director of Finance is an ex-officio member of the Board with no voting rights. The Commonwealth, the City and the Convention Center Authority have entered into an operating agreement with respect to the operation and financing of the Pennsylvania Convention Center. In January 2014, SMG began managing and operating the Pennsylvania Convention Center, instituting a number of measures intended to reduce and control show costs and improve customer service. For more information on the Convention Center Authority, see “EXPENDITURES OF THE CITY – City Payments to Convention Center Authority.”

**The School District.** The School District was established, pursuant to the First Class City Home Rule Education Act, by the Educational Supplement to the City Charter as a separate and independent home rule school district to provide free public education to the City’s residents. Under the City Charter, the School District is governed by the Board of Education of the School District of Philadelphia (the “Board of Education”).

Effective December 2001, the School District was declared distressed by the Secretary of Education of the Commonwealth (the “Secretary of Education”) pursuant to the Public School Code of 1949, as

amended (the “School Code”). During such a period of distress, the powers and duties of the Board of Education are vested in a School Reform Commission (the “School Reform Commission”) created pursuant to the School Code. In December 2017, the Secretary of Education approved a resolution adopted by the School Reform Commission recommending the dissolution of the School Reform Commission and rescission of the declaration of distressed school district status effective June 30, 2018. In April 2018, the Mayor appointed nine members to serve on the Board of Education and such individuals assumed their duties on July 1, 2018. As of such date, the Board of Education governs the School District.

Under the City Charter, the Board of Education is required to levy taxes annually, within the limits and upon the subjects authorized by the General Assembly or City Council, in amounts sufficient to provide for operating expenses, debt service charges, and for the costs of any other services incidental to the operation of public schools. The School District has no independent power to authorize school taxes. Certain financial information regarding the School District is included in the City’s CAFR.

The School District is part of the Commonwealth system of public education. In a number of matters, including the incurrence of short-term and long-term debt, the School District is governed by the separate statutes of the Commonwealth. The School District is a separate political subdivision of the Commonwealth, and the City has no property interest in or claim on any revenues or property of the School District.

In the City’s CAFR for Fiscal Year 2018 (the “Fiscal Year 2018 CAFR”), the City reported that its direct contribution to the School District from the General Fund was \$104.3 million in Fiscal Year 2018, not including funding from taxes levied by the School District and authorized by City Council. In the Fiscal Year 2020 Adopted Budget, the City’s direct contribution to the School District from the General Fund is \$222.5 million in Fiscal Year 2020, an amount \$36.7 million higher than the current estimate for Fiscal Year 2019 (\$185.8 million). Such amounts do not include funding from taxes levied by the School District and authorized by City Council. For more information on the City’s historical contributions to the School District, see “EXPENDITURES OF THE CITY – City Payments to School District” and Table 21.

#### *Non-Mayoral-Appointed or Nominated Agencies*

**PICA.** PICA was created by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the “PICA Act”) in 1991 to provide financial assistance to cities of the first class, and it continues in existence for a period not exceeding one year after all of its liabilities, including the PICA Bonds (as defined herein), have been fully paid and discharged. The City is the only city of the first class in the Commonwealth. The Governor, the President pro tempore of the Pennsylvania Senate, the Minority Leader of the Pennsylvania Senate, the Speaker of the Pennsylvania House of Representatives, and the Minority Leader of the Pennsylvania House of Representatives each appoints one voting member of PICA’s board. The Secretary of the Budget of the Commonwealth and the Director of Finance of the City serve as ex officio members of PICA’s board with no voting rights.

In January 1992, the City and PICA entered into an Intergovernmental Cooperation Agreement (the “PICA Agreement”), pursuant to which PICA agreed to issue bonds from time to time, at the request of the City, for the purpose of funding, among other things, deficits in the General Fund and a debt service reserve. See “DEBT OF THE CITY – PICA Bonds.”

Under the PICA Act and for so long as any PICA Bonds are outstanding, the City is required to submit to PICA: (i) a five-year financial plan on an annual basis; and (ii) quarterly financial reports, each as further described below under “DISCUSSION OF FINANCIAL OPERATIONS – Five-Year Plans of the City” and “– Quarterly Reporting to PICA.” Under the PICA Act, at such time when no PICA Bonds are outstanding, the City will no longer be required to prepare such annual financial plans or quarterly

reports. See “DEBT OF THE CITY – PICA Bonds” for the current final stated maturities of outstanding PICA Bonds. As of June 30, 2019, the principal amount of PICA Bonds outstanding was \$129,745,000; the final maturity date for such PICA Bonds is June 15, 2023.

The PICA Act and the PICA Agreement provide PICA with certain financial and oversight functions. PICA has the power to exercise certain advisory and review procedures with respect to the City’s financial affairs, including the power to review and approve the five-year financial plans prepared by the City, and to certify non-compliance by the City with the then-existing five-year plan. PICA is also required to certify non-compliance if, among other things, no approved five-year plan is in place or if the City has failed to file mandatory revisions to an approved five-year plan. Under the PICA Act, any such certification of non-compliance would, upon certification by PICA, require the Secretary of the Budget of the Commonwealth to withhold funds due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements, and payments payable to the City by the Commonwealth, including payment of the portion of the PICA Tax, as further described under “DEBT OF THE CITY – PICA Bonds” below, otherwise payable to the City). Such withheld funds are held in escrow by the Commonwealth or in the applicable city account until such non-compliance is cured. A majority vote of PICA will determine when the conditions that caused the City to be certified as non-compliant have ceased to exist. Following such vote, PICA notifies the Secretary of the Budget and the withheld funds are released (together with all interest and income earned thereon during the period held in escrow).

**Philadelphia Parking Authority.** The Philadelphia Parking Authority (the “PPA”) is responsible for: (i) the construction and operation of parking facilities in the City and at Philadelphia International Airport (“PHL”); and (ii) enforcement of on-street parking regulations. The members of the PPA’s board are appointed by the Governor, with certain nominations from the General Assembly. PPA is not a department or agency of the City. For more information on the PPA, see “REVENUES OF THE CITY – Philadelphia Parking Authority Revenues.”

## **Cybersecurity**

The City relies on a complex technology environment to conduct its operations. As a recipient and provider of personal, private, and sensitive information, the City and its departments and offices face multiple cyber threats including, but not limited to, hacking, viruses, malware, and other attacks on computers and other sensitive digital networks and systems.

The City’s Office of Innovation and Technology works to protect the City from cyber threats by adopting new technology and ensuring City systems and citizen data are protected. The Office of Innovation and Technology follows industry best practices, develops City-wide security policies, provides regular security training to all users, and uses security tools to mitigate, prevent, deter, and respond to incidents if and when they occur. Additionally, to identify potential vulnerabilities and proactively mitigate them, the City organizes periodic (i) vulnerability scanning of critical systems, (ii) penetration tests of the information security environment, and (iii) regular internal testing of systems and users. These tests are performed by both the Office of Innovation and Technology and third parties.

The Office of Innovation and Technology is working to establish relationships with federal and state government, commercial, academic, and law enforcement security experts. It is the City’s expectation that such relationships will enable the City to stay informed of threats and continuing improvements to security systems.

No assurances can be given that the City’s security and operational control measures will be successful in guarding against future cyber threats and attacks. The results of any attack on the City’s

computer and information technology systems could impact its operations and damage the City's digital networks and systems, and the costs of remedying any such damage could be substantial.

## **Climate Change**

The City's Office of Sustainability ("OOS") works with partners around the City, both public and private, to educate and prepare the City for climate change, among other things. OOS is responsible for implementing Greenworks Philadelphia, the City's comprehensive sustainability plan, which consists of a variety of initiatives to prepare the City for future climate-related challenges.

Planning for the potential impact of climate change in the City is challenging. The City's climate is variable and projections of future conditions range significantly. Potential climate change impacts include rising temperatures (heat waves); air quality issues; increased heavy precipitation events (rain or snow); rising sea levels (two feet by 2050 and four feet by 2100); and storm surges from more intense hurricanes and tropical storms.

Under the mid-century (2050) and end-of-century (2100) analyses, the City projects that it will experience a greater frequency of heavy and extremely heavy precipitation events, with the largest increase occurring in precipitation that falls during winter months. Heavy precipitation and flooding can be caused by a variety of weather systems, including tropical storms and hurricanes, thunderstorms, and frontal activity. When these heavy precipitation events fall as rain, they often exceed the capacity of the City's storm sewer infrastructure; when they fall as snow, they require many City resources to manage. Some of these projections are already becoming a reality, as the City has experienced an increase in the intensity and frequency of storm events over the last decade, which has on occasion resulted in significant flooding.

The sea level rising is a particularly important risk for the City, as rising seas affect water levels in the Delaware and Schuylkill Rivers bordering the City. Higher sea levels will increase the depth and extent of flooding in and around the City from storm surges. Low-lying areas already experience localized flooding during heavy storm events, and both municipal infrastructure and private development exist along the two rivers. Because of the City's topography and its location next to tidal rivers, many facilities and other properties are vulnerable to sea level rise, even under conservative sea level rise scenarios. For example, PHL and at least a dozen other City facilities would be exposed to flooding with two feet of sea level rise, a scenario that is likely to occur by mid-century. Under the mid-century sea level rise scenario (indicating two feet of sea level rise), only one facility is highly vulnerable to flooding, but under the end-of-century sea level rise scenario (four feet of sea level rise), 19 facilities are highly vulnerable and another 12 facilities are moderately vulnerable. Hundreds of additional facilities are highly vulnerable to both riverine flooding and the combination of sea level rise and storm surge.

**Financial Impact.** While the financial effects of climate change are difficult to quantify, the City has developed some cost estimates related to its future fiscal impact. Climate change will increase both the risk of expensive extreme events and the regular, recurring costs of doing business, along with equally important but less quantifiable costs to quality of life in the City. Proactive planning for climate change can help to reduce many of these costs, both public and private.

Climate change is increasing the intensity of extreme storms, and just one severe hurricane could cause more than \$2 billion in damages across the City. The City expects to see more frequent extreme storms with higher winds and more flooding, due in part to sea level rise combined with heavy rains. Depending on severity, each of these storms could cause between \$20 million and \$900 million in damages in the City.

In addition to increasing disaster costs, higher heat and more precipitation will increase the everyday cost of doing business for the City's government, businesses, and residents. Increased operating costs from climate change across all sectors would result in a significant economic impact in the City. Much of these costs will be borne by city departments in combination with Commonwealth and federal government; others will fall directly on the private sector.

Annual costs of climate change to the City will include a variety of increases ranging from energy and maintenance costs to the increasing costs of continuing to provide services. For example, the City expects climate change to (i) increase annual electricity costs by up to \$1 million due to increased demand for air conditioning; (ii) create an additional \$2 to \$4 million in roadway maintenance costs from precipitation, freeze-thaw cycles, and high temperatures; and (iii) increase the annual cost of running heat emergency helplines to advise callers about how to avoid heat stress and refer those in need of help to emergency services.

The City also expects to face a variety of other increased costs due to climate change, such as (i) costs associated with a variety of respiratory diseases caused by higher levels of ozone (with costs for medical treatment and lost productivity associated with these diseases will approach \$20 million by 2050), and (ii) increased regional transportation expenses (increased operational costs and damages from climate change could rise by almost \$2 million per year).

In 2016, OOS, along with a cross-departmental Climate Adaptation Working Group, issued *Growing Stronger: Toward a Climate-Ready Philadelphia* to (i) assess vulnerabilities and preparation opportunities for municipal government; (ii) identify low-barrier and high-impact internal actions that can be taken to reduce risks and decrease stressors on City infrastructure services; and (iii) guide proactive projects with benefits beyond municipal operations. City-wide climate adaptation planning efforts are now also underway.

## **CITY FINANCES AND FINANCIAL PROCEDURES**

Except as otherwise noted, the financial statements, tables, statistics, and other information shown below have been prepared by the Office of the Director of Finance and can be reconciled to the financial statements in the Fiscal Year 2018 CAFR and notes therein. The Fiscal Year 2018 CAFR was prepared by the Office of the Director of Finance in conformance with guidelines adopted by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants' audit guide, Audits of State and Local Government Units.

### **General**

Governmental funds account for their activities using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as in the case of full accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due; however, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues, such as real estate taxes, are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, BIRT, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources

are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue that is considered to be program revenue includes: (i) charges to customers or applicants for goods received, services rendered or privileges provided; (ii) operating grants and contributions; and (iii) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues; therefore, all taxes are considered general revenues.

The City's financial statements reflect the following three funds as major Governmental Funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The Health Choices Behavioral Health Fund accounts for resources received from the Commonwealth. These resources are restricted to providing managed behavioral health care to residents of the City.
- The Grants Revenue Fund accounts for the resources received from various federal, Commonwealth, and private grantor agencies, including those received by the City's Department of Human Services ("DHS"). The resources are restricted to accomplishing the various objectives of the grantor agencies.

The City also reports on permanent funds, which are used to account for resources legally held in trust for use by the park and library systems of the City. There are legal restrictions on the resources of the permanent funds that require the principal to remain intact, while only the earnings may be used for the programs.

The City reports on the following fiduciary funds:

- The Municipal Pension Fund accumulates resources to provide pension benefit payments to qualified employees of the City and certain other quasi-governmental organizations.
- The PGW Retirement Reserve Fund accounts for contributions made by PGW to provide pension benefit payments to its qualified employees under its pension plan. For more information on the PGW Pension Plan (as defined herein), see "PGW PENSION PLAN."
- The Escrow Fund accounts for funds held in escrow for various purposes.
- The Employees Health & Welfare Fund accounts for funds deducted from employees' salaries for payment to various organizations.
- The Departmental Custodial Accounts account for funds held in custody by various departments of the City.

The City reports on the following major proprietary funds:

- The Water Fund accounts for the activities related to the operation of the Water and Wastewater Systems.
- The Aviation Fund accounts for the activities of the Airport System.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenues of the Aviation Fund are charges for the use of the City's airports, PHL and Northeast Philadelphia Airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

### **Current City Disclosure Practices**

It is the City's practice to file its CAFR, which contains the audited combined financial statements of the City, in addition to certain other information, such as the City's bond ratings and information about upcoming debt issuances, with the MSRB as soon as practicable after delivery of such information. For bonds issued in calendar year 2015 and thereafter, the annual filing deadline is February 28; for bonds issued prior to calendar year 2015, the annual filing deadline is 240 days after the end of the respective Fiscal Year, being February 25. The Fiscal Year 2018 CAFR was filed with the MSRB on February 25, 2019, through the MSRB's EMMA system. The Fiscal Year 2018 CAFR is available on the website of the Director of Finance of the City of Philadelphia at <https://www.phila.gov/finance/reports-Comprehensive.html>.

A wide variety of information concerning the City is available from publications and websites of the City and others, including the City's investor information website at <http://www.phila.gov/investor> (the "City's Investor Website"). Any such information that is inconsistent with the information set forth in this Official Statement should be disregarded. No such information is a part of or incorporated into this Official Statement.

### **Independent Audit and Opinion of the City Controller**

The City Controller has examined and expressed opinions on the basic financial statements of the City contained in the Fiscal Year 2018 CAFR. The City Controller has not participated in the preparation of this Official Statement nor in the preparation of the budget estimates and projections and cash flow statements and forecasts set forth in various tables contained in this Official Statement. Consequently, the City Controller expresses no opinion with respect to any of the data contained in this Official Statement other than what is contained in the basic financial statements of the City in the Fiscal Year 2018 CAFR.

### **Budgetary Accounting Practices**

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles ("GAAP"). In accordance with the City Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the City, consisting of the General Fund, eleven (11) Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, Health Choices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Car Rental Tax, Housing Trust, Acute Care Hospital Assessment, Budget Stabilization, and Water Residual Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. These budgets appropriate funds for all City departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: (i) personal services; (ii) purchase of services; (iii) materials and supplies; (iv) equipment; (v) contributions, indemnities, and taxes; (vi) debt service; (vii) payments to other funds; and (viii) advances and other miscellaneous payments. The appropriation amounts for each

fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have City Council approval. Appropriations that are not expended or encumbered at year-end are lapsed.

The City's capital budget is adopted annually by City Council. The capital budget is appropriated by project for each department. Requests to transfer appropriations between projects must be approved by City Council. Any appropriations that are not obligated at year-end are either lapsed or carried forward to the next Fiscal Year.

Schedules prepared on the legally enacted basis differ from the GAAP basis in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures. The primary difference between the GAAP and legal (budgetary) fund balance is due to the timing of recognizing the BIRT. The legal basis recognizes BIRT revenues in the Fiscal Year they are collected. The GAAP basis requires the City to recognize the BIRT revenues (which are primarily paid in April) for the calendar year in which the BIRT taxes are due, requiring the City to defer a portion of the April payment into the next Fiscal Year. For more information on BIRT, see "REVENUES OF THE CITY – Business Income and Receipts Tax."

## **DISCUSSION OF FINANCIAL OPERATIONS**

### **Principal Operations**

The major financial operations of the City are conducted through the General Fund. In addition to the General Fund, operations of the City are conducted through two other major governmental funds and 19 non-major governmental funds. The City operates on a July 1 to June 30 fiscal year ("Fiscal Year") and reports on all the funds of the City, as well as its component units, in the City's CAFR. PMA's and PICA's financial statements are blended with the City's statements. The financial statements for PGW, PRA, the PPA, the School District, the Community College of Philadelphia, the Community Behavioral Health, Inc., the Delaware River Waterfront Corporation, and PAID are presented discretely.

### **Fund Accounting**

Funds are groupings of activities that enable the City to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. The governmental funds are used to account for the financial activity of the City's basic services, such as: general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; and streets, highways and sanitation. The funds' financial activities focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the Fiscal Year. The financial information presented for the governmental funds is useful in evaluating the City's short-term financing requirements.

The City maintains 22 individual governmental funds. The City's CAFRs, including the Fiscal Year 2018 CAFR, present data separately for the General Fund, Grants Revenue Fund, and Health Choices Behavioral Health Fund, which are considered to be major funds. Data for the remaining 19 funds are combined into a single aggregated presentation.

Proprietary Funds. The proprietary funds are used to account for the financial activity of the City's operations for which customers are charged a user fee; they provide both a long- and short-term view of financial information. The City maintains three enterprise funds that are a type of proprietary fund – airport, water and wastewater operations, and industrial land bank.

Fiduciary Funds. The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for PGW's employees' retirement reserve assets. Both of these fiduciary activities are reported in the City's CAFRs, including the Fiscal Year 2018 CAFR, as separate financial statements of fiduciary net assets and changes in fiduciary net assets.

See "CITY FINANCES AND FINANCIAL PROCEDURES" for a further description of these governmental, proprietary, and fiduciary funds.

### **Budget Procedure**

At least 90 days before the end of the Fiscal Year, the operating budget for the next Fiscal Year is prepared by the Mayor and submitted to City Council for adoption. The budget, as adopted, must be balanced and provide for discharging any estimated deficit from the current Fiscal Year and make appropriations for all items to be funded with City revenues. The Mayor's budgetary estimates of revenues for the ensuing Fiscal Year and projection of surplus or deficit for the current Fiscal Year may not be altered by City Council. Not later than the passage of the operating budget ordinance, City Council must enact such revenue measures as will, in the opinion of the Mayor, yield sufficient revenues to balance the budget.

At least 30 days before the end of the Fiscal Year, City Council must adopt by ordinance an operating budget and a capital budget for the ensuing Fiscal Year and a capital program for the six ensuing Fiscal Years. If the Mayor disapproves the bills, he must return them to City Council with the reasons for his disapproval at the first meeting thereof held not less than ten days after he receives such bills. If the Mayor does not return the bills within the time required, they become law without his approval. If City Council passes the bills by a vote of two-thirds of all of its members within seven days after the bills have been returned with the Mayor's disapproval, they become law without his approval. While the City Charter requires that City Council adopt the ordinances for the operating and capital budgets at least 30 days before the end of the Fiscal Year, in practice, such ordinances are often adopted after such deadline, but before the end of such Fiscal Year. For example, the City's Fiscal Year 2020 operating budget ordinance was presented to City Council on March 7, 2019, approved by City Council on June 13, 2019, and signed by the Mayor on June 18, 2019. There is no practical consequence to adopting the budget ordinances after the deadline in the City Charter, but before the end of the Fiscal Year.

The capital program is prepared annually by the City Planning Commission to present the capital expenditures planned for each of the six ensuing Fiscal Years, including the estimated total cost of each project and the sources of funding (local, state, federal, and private) estimated to be required to finance each project. The capital program is reviewed by the Mayor and transmitted to City Council for adoption with his recommendation thereon. The Capital Program ordinance for Fiscal Years 2020-2025 (the "Fiscal Year 2020-2025 Adopted Capital Program") was approved by City Council on June 13, 2019, and signed by the Mayor on June 18, 2019.

The capital budget ordinance, authorizing in detail the capital expenditures to be made or incurred in the ensuing Fiscal Year from City Council appropriated funds, is adopted by City Council concurrently with the capital program. The capital budget must be in full conformity with that part of the capital program applicable to the Fiscal Year that it covers.

For information on the City's Fiscal Year 2020 Adopted Budget (as defined below), see “– Current Financial Information – Fiscal Year 2020 Adopted Budget and Twenty-Eighth Five-Year Plan” herein. For information on the City's capital program, see “CITY CAPITAL PROGRAM” herein.

### **Budget Stabilization Reserve**

In April 2011, the City adopted an amendment to the City Charter that established the “Budget Stabilization Reserve.” The City Charter provides that the annual operating budget ordinance is required to provide for appropriations to a Budget Stabilization Reserve, to be created and maintained by the Director of Finance as a separate fund, which may not be commingled with any other funds of the City. Appropriations to the Budget Stabilization Reserve are required to be made each Fiscal Year if the projected General Fund balance for the upcoming Fiscal Year equals or exceeds three percent of General Fund appropriations for such Fiscal Year. City Council can appropriate additional amounts to the Budget Stabilization Reserve by ordinance, no later than at the time of passage of the annual operating budget ordinance and only upon recommendation of the Mayor. Total appropriations to the Budget Stabilization Reserve are subject to a limit of five percent of General Fund appropriations. Amounts in the Budget Stabilization Reserve from the prior Fiscal Years, including any investment earnings certified by the Director of Finance, are to remain on deposit therein. The City has made a deposit of \$34.3 million to the Budget Stabilization Reserve, pursuant to the Fiscal Year 2020 Adopted Budget.

Withdrawals from the Budget Stabilization Reserve are permitted only upon (i) approval by ordinance of a transfer of appropriations from the Budget Stabilization Reserve and only for the purposes set forth in such transfer ordinance and (ii) either (1) a certification by the Director of Finance that General Fund revenues actually received by the City during the prior Fiscal Year were at least one percent less than the General Fund revenues set forth in the Mayor's estimate of receipts, or (2) a certification by the Director of Finance that such withdrawal is necessary to avoid either a material disruption in City services or to fund emergency programs necessary to protect the health, safety or welfare of City residents, and that it would be fiscally imprudent to seek emergency appropriations pursuant to the City Charter. Any such certification must be approved either by a resolution adopted by two-thirds of all of the members of City Council or an agency of the Commonwealth with responsibility for ensuring the fiscal stability of the City.

### **Annual Financial Reports**

The City is required by the City Charter to issue, within 120 days after the close of each Fiscal Year, a statement as of the end of the Fiscal Year showing the balances in all funds of the City, the amounts of the City's known liabilities, and such other information as is necessary to furnish a true picture of the City's financial condition (the “Annual Financial Reports”). The Annual Financial Reports, which are released on or about October 28 of each year, are intended to meet these requirements and are unaudited. As described above, the audited financial statements of the City are contained in its CAFR, which is published at a later date. The Annual Financial Reports contain financial statements for all City governmental funds and blended component units presented on the modified accrual basis. The proprietary and fiduciary funds are presented on the full accrual basis. They also contain budgetary comparison schedules for those funds that are subject to an annual budget. The financial statements of the City's discretely presented component units that are available as of the date of the Annual Financial Reports are also presented. Historically, the results for General Fund balance have not materially changed between the Annual Financial Reports and the CAFRs.

The Annual Financial Report for Fiscal Year 2018 was released on October 26, 2018. The Fiscal Year 2018 CAFR was filed with the Municipal Securities Rulemaking Board (“MSRB”) on February 25, 2019, through the MSRB's Electronic Municipal Market Access (“EMMA”) system. See “CITY FINANCES AND FINANCIAL PROCEDURES – Current City Disclosure Practices.”

## **Five-Year Plans of the City**

The PICA Act requires the City to annually prepare a financial plan that includes projected revenues and expenditures of the principal operating funds of the City for five Fiscal Years consisting of the current Fiscal Year and the subsequent four Fiscal Years. Each five-year plan, which must be approved by PICA, is required to, among other things, eliminate any projected deficits, balance the Fiscal Year budgets and provide procedures to avoid fiscal emergencies. For information on the Twenty-Seventh Five-Year Plan and the Twenty-Eighth Five-Year Plan, see “– Current Financial Information – Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan” and “– Fiscal Year 2020 Adopted Budget and Twenty-Eighth Five-Year Plan.”

## **Quarterly Reporting to PICA**

The PICA Act requires the City to prepare and submit quarterly reports to PICA so that PICA may determine whether the City is in compliance with the then-current five-year plan. Each quarterly report is required to describe actual or current estimates of revenues, expenditures, and cash flows compared to budgeted revenues, expenditures, and cash flows by covered funds for each month in the previous quarter and for the year-to-date period from the beginning of the then-current Fiscal Year of the City to the last day of the fiscal quarter or month, as the case may be, just ended. Each such report is required to explain any variance existing as of such last day.

Under the PICA Agreement, a “variance” is deemed to have occurred as of the end of a reporting period if (i) a net adverse change in the fund balance of a covered fund (i.e., a principal operating fund) of more than 1% of the revenues budgeted for such fund for that Fiscal Year is reasonably projected to occur, such projection to be calculated from the beginning of the Fiscal Year for the entire Fiscal Year, or (ii) the actual net cash flows of the City for a covered fund are reasonably projected to be less than 95% of the net cash flows of the City for such covered fund for that Fiscal Year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the Fiscal Year for the entire Fiscal Year.

PICA may not take any action with respect to the City for variances if the City: (i) provides a written explanation of the variance that PICA deems reasonable; (ii) proposes remedial action that PICA believes will restore overall compliance with the then-current five-year plan; (iii) provides information in the immediately succeeding quarterly financial report demonstrating to the reasonable satisfaction of PICA that the City is taking remedial action and otherwise complying with the then-current five-year plan; and (iv) submits monthly supplemental reports until it regains compliance with the then-current five-year plan.

PICA last declared a variance in February 2009. Such variance was cured by the City pursuant to a revised five-year plan for Fiscal Years 2010-2014 and the Commonwealth’s authorization of an increase in the City Sales Tax (as defined herein). See “REVENUES OF THE CITY – Sales and Use Tax” herein. A failure by the City to explain or remedy a variance would, upon certification by PICA, require the Secretary of the Budget of the Commonwealth to withhold funds due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements and payments payable to the City by the Commonwealth, including payment of the portion of the PICA Tax, as further described under “DEBT OF THE CITY – PICA Bonds” below, otherwise payable to the City). The City uses its Quarterly City Manager’s Reports to satisfy the quarterly reporting requirement to PICA. Such reports are released within 45 days following the end of the applicable quarter and the most recent versions of such reports are available on the City’s Investor Website (as defined herein). The most recent Quarterly City Manager’s Report is the report for the period ending June 30, 2019, which was released on August 15, 2019.

## **Summary of Operations**

The following table presents the summary of operations for the General Fund for Fiscal Years 2016-2018, budgeted amounts and current estimates for Fiscal Year 2019, and budgeted amounts for Fiscal Year 2020. For a description of the legally enacted basis on which the City's budgetary process accounts for certain transactions, see "CITY FINANCES AND FINANCIAL PROCEDURES – Budgetary Accounting Practices." "Current Estimate," as used in the tables and text below, refers (except as otherwise indicated) to the most recently revised estimates for Fiscal Year 2019, which were released by the City on June 18, 2019 as part of the Fiscal Year 2020 Adopted Budget and the Twenty-Eighth Five-Year Plan, as applicable.

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019 (Adopted Budget), the Fiscal Year 2019 Adopted Budget. For Fiscal Year 2019 (Current Estimate), the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020 (Adopted Budget), the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> Figures may not sum due to rounding.

<sup>(3)</sup> For more information on the City Sales Tax, see "REVENUES OF THE CITY – Sales and Use Tax."

<sup>(4)</sup> Includes Amusement Tax, Real Property Transfer Tax, Parking Lot Tax, Smokeless Tobacco Tax and miscellaneous taxes.

<sup>(5)</sup> The Philadelphia Beverage Tax (as defined herein) taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

<sup>(6)</sup> For a detailed breakdown of "Net PICA Taxes Remitted to the City," see Table 43. Such figures reflect revenues received by the City from the PICA Tax of 1.50%, the proceeds of which are remitted to PICA for payment of debt service on PICA bonds and PICA expenses. After paying debt service and expenses, net proceeds from the tax are remitted to the City as Revenue from Other Governments. See "DEBT OF THE CITY – PICA Bonds."

<sup>(7)</sup> For a detailed breakdown of "Other Revenue from Other Governments," see Table 12. "Other Revenue from Other Governments" includes state gaming revenues.

<sup>(8)</sup> Includes debt service on lease and service agreement financings.

<sup>(9)</sup> Includes contributions to the School District. See also Table 21 and the accompanying text herein.

<sup>(10)</sup> Includes debt service on General Obligation Debt (as defined herein) and tax and revenue anticipation notes; excludes debt service on PICA bonds and lease and service agreement financings.

<sup>(11)</sup> For Fiscal Year 2016, includes \$9.7 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2017, includes \$19.2 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2018, includes \$24.2 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Adopted Budget), assumes \$48.3 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Current Estimate), assumes \$47.6 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2020 (Adopted Budget), assumes \$53.9 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

<sup>(12)</sup> The Labor Reserve is set aside for labor-related costs, including costs related to labor agreements with certain of the City's municipal unions, among other things. See "EXPENDITURES OF THE CITY – Overview of City Employees." The Federal and State Funding Reserve is set aside to address certain funding that may become unavailable as a result of cuts in the federal or state budget or the implementation of other federal or state policies that may affect such funding for the City. Any portion of such reserves that is not used to offset labor-related costs or costs related to cuts in federal or state funding, as applicable, will increase the General Fund balance at the end of the given Fiscal Year, if not used by the City for other purposes.

<sup>(13)</sup> In its Fiscal Year 2019 Adopted Budget, the City projected that Fiscal Year 2018 would end with a General Fund balance of \$228.5 million. In the Fiscal Year 2018 CAFR, the City reported that Fiscal Year 2018 ended with a General Fund balance of \$368.8 million. Such number has been included as the "Cumulative Fund Balance Prior Year" in the Twenty-Eighth Five-Year Plan.

## Current Financial Information

Table 2 below shows General Fund balances for Fiscal Year 2018, budgeted amounts and current estimates for Fiscal Year 2019, and budgeted amounts for Fiscal Year 2020.

**Table 2**

<sup>(1)</sup> Figures may not sum due to rounding.

<sup>(2)</sup> Sources: For Fiscal Year 2018, the Fiscal Year 2018 CAFR. For Fiscal Year 2019 Adopted Budget, the Fiscal Year 2019 Adopted Budget. For Fiscal Year 2019 Current Estimate, the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020 Adopted Budget, the Fiscal Year 2020 Adopted Budget.

<sup>(3)</sup> For Fiscal Year 2018, includes \$77.4 million in revenue from the Philadelphia Beverage Tax. For Fiscal Year 2019 Adopted Budget, assumes \$78.0 million in revenue from such tax. For Fiscal Year 2019 Current Estimate, assumes \$76.6 million in revenue from such tax. For Fiscal Year 2020 Adopted Budget, assumes \$75.9 million in revenue from such tax. The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

<sup>(4)</sup> For Fiscal Year 2018, includes \$24.2 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 Adopted Budget, assumes \$48.3 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Current Estimate), assumes \$47.6 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2020 Adopted Budget, assumes \$53.9 million from such tax revenues for the Municipal Pension Fund. See “REVENUES OF THE CITY – Sales and Use Tax.”

<sup>(5)</sup> Includes debt service on lease and service agreement financings.

<sup>(6)</sup> Includes debt service on General Obligation Debt (as defined herein) and tax and revenue anticipation notes; excludes debt service on PICA bonds and lease and service agreement financings.

<sup>(7)</sup> Advances & Miscellaneous Payments includes funds set aside in the Labor Reserve and the Federal and State Funding Reserve, as applicable. The Labor Reserve is set aside for labor-related costs, including costs related to labor agreements with certain of the City’s municipal unions, among other things. See “EXPENDITURES OF THE CITY – Overview of City Employees.” The Federal and State Funding Reserve is set aside to address certain funding that may become unavailable as a result of cuts in the federal or state budget or the implementation of other federal or state policies that may affect such funding for the City. The Fiscal Year 2019 Adopted Budget includes (i) \$16.4 million for the Labor Reserve, and (ii) \$54.6 million for the Federal and State Funding Reserve, while the Twenty-Eighth Five-Year Plan estimates \$0.0 million and \$53.6 million for such reserves for Fiscal Year 2019, respectively. The Fiscal Year 2020 Adopted Budget includes (i) \$0.0 million for the Labor Reserve, and (ii) \$55.1 million for the Federal and State Funding Reserve, respectively. Any portion of such reserves that is not used to offset labor-related costs or costs related to cuts in federal or state funding, as applicable, will increase the General Fund balance at the end of the given Fiscal Year, if not used by the City for other purposes.

<sup>(8)</sup> In its Fiscal Year 2019 Adopted Budget, the City projected that Fiscal Year 2018 would end with a General Fund balance of \$228,545 million. In the Fiscal Year 2018 CAFR, the City reported that Fiscal Year 2018 ended with a General Fund balance of \$368,783 million. Such number has been included as the “Prior Year Fund Balance” in the Twenty-Eighth Five-Year Plan.

***The following discussion of the Fiscal Year 2019 Adopted Budget, the Twenty-Seventh Five-Year Plan, the Fiscal Year 2020 Adopted Budget, and the Twenty-Eighth Five-Year Plan, as applicable, is based, in part, on projections and forward-looking statements related to Fiscal Years 2019 and 2020. No assurance can be given that the applicable budget estimates and forward-looking statements will be realized. The accuracy of such budget estimates and forward-looking statements cannot be verified until after the close of the applicable Fiscal Year and the completion of the related audit.***

Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan. On March 1, 2018, the Mayor submitted his proposed Fiscal Year 2019 budget to City Council, along with the proposed five-year plan for Fiscal Years 2019-2023. On June 21, 2018, City Council approved the Fiscal Year 2019 operating budget ordinance, which was signed by the Mayor on June 21, 2018 (the “Fiscal Year 2019 Adopted Budget”). On June 26, 2018, the City submitted to PICA its FY 2019-2023 Five Year Financial Plan Per Council Approved Budget (the “Twenty-Seventh Five-Year Plan”). PICA approved the Twenty-Seventh Five-Year Plan on July 25, 2018. On November 23, 2018, the City submitted a letter to PICA, which revised the Twenty-Seventh Five-Year Plan. Such letter indicated that a collective bargaining reopener was concluded with AFSCME DC 33 (as defined herein), which resulted in an agreement by the City to contribute \$28 million to AFSCME DC 33’s health plan in Fiscal Years 2019 and 2020.

Fiscal Year 2019 Current Estimate. The current estimate for Fiscal Year 2019 is derived from information included in the Twenty-Eighth Five-Year Plan. In the Twenty-Eighth Five-Year Plan, the City estimates that it will end Fiscal Year 2019 with a General Fund balance (on the legally enacted basis) of approximately \$297.7 million.

Fiscal Year 2020 Adopted Budget and Twenty-Eighth Five-Year Plan. The City’s proposed Fiscal Year 2020 operating budget was submitted by the Mayor to City Council on March 7, 2019, along with the City’s proposed five-year plan for Fiscal Years 2020-2024. On June 13, 2019, City Council approved the Fiscal Year 2020 operating budget ordinance, which was signed by the Mayor on June 18, 2019 (the “Fiscal Year 2020 Adopted Budget”).

On June 18, 2019, the City submitted to PICA its FY 2020-2024 Five Year Financial Plan Per Council Approved Budget (the “Twenty-Eighth Five-Year Plan”). PICA approved such plan on July 16, 2019. PICA staff, in recommending that PICA approve the Twenty-Eighth Five-Year Plan, noted that the revenue and expenditure projections presented in the Twenty-Eighth Five-Year Plan were [quoting from the PICA Act] “based on reasonable and appropriate assumptions and methods of estimation . . . consistently applied.” The PICA staff report concluded that “[a]lthough PICA is confident that the [Twenty-Eighth Five-Year Plan] is based on reasonable and appropriate assumptions, and year end fund balances are positive throughout the life of the [Twenty-Eighth Five-Year Plan], certain factors were identified that might present risks to the [Twenty-Eighth Five-Year Plan].” The PICA report identified such factors as: (i) the possibility of an economic recession over the period covered by the plan; (ii) the projected growth of the BIRT and the Real Property Transfer Tax; (iii) funding of the now locally controlled School District; and (iv) costs of funding increasing pension liabilities. The PICA staff report also highlighted certain other financial concerns that could impact the City’s financial condition, including, among others (a) future labor, overtime, and employee health benefit costs; (b) speculative revenues from sources such as locally generated non-tax revenue, revenue from other governments, and revenue from other funds; (c) real estate tax appeals; and (d) low projected General Fund balances, relative to the GFOA’s recommended levels.

For Fiscal Years 2020-2024, the Twenty-Eighth Five-Year Plan projects that the City will end such Fiscal Years with General Fund balances (on the legally enacted basis) of approximately (i) \$209.9 million (Fiscal Year 2020), (ii) \$156.0 million (Fiscal Year 2021), (iii) \$128.9 million (Fiscal Year 2022), (iv) \$147.6 million (Fiscal Year 2023), and (v) \$194.8 million (Fiscal Year 2024).

For more information on the City’s annual budget process under the City Charter and the five-year financial plans and quarterly reporting required under the PICA Act, see “– Budget Procedure,” “– Five-Year Plans of the City,” and “– Quarterly Reporting to PICA,” above.

## **REVENUES OF THE CITY**

### **General**

Prior to 1939, the City relied heavily on the real estate tax as the mainstay of its revenue system. In 1932, the General Assembly adopted an act (commonly referred to as the Sterling Act) under which the City is permitted to levy any tax that was not specifically pre-empted by the Commonwealth. Acting under the Sterling Act and other Pennsylvania legislation, the City has taken various steps over the years to broaden its sources of income, including: (i) enacting the wage, earnings, and net profits tax in 1939; (ii) introducing a sewer service charge to make the sewage treatment system self-sustaining after 1945; (iii) requiring under the City Charter that the water, sewer, and other utility systems be fully self-sustaining; (iv) enacting the Mercantile License Tax (a gross receipts tax on business done within the City) in 1952, which was replaced as of the commencement of Fiscal Year 1985 by the Business Privilege Tax (renamed the Business Income and Receipts Tax in May 2012), and (v) enacting the City Sales Tax (as defined herein) for City general revenue purposes effective beginning in Fiscal Year 1992.

### **Major Revenue Sources**

The City currently derives its revenues primarily from various taxes, non-tax revenues, and receipts from other governments. See Table 3 for General Fund tax revenues for Fiscal Years 2016-2018, budgeted amounts and current estimates for Fiscal Year 2019, and budgeted amounts for Fiscal Year 2020. The following discussion of the City’s revenues does not take into account revenues in the non-debt related funds. The tax rates for Fiscal Years 2016 through 2018 are contained in the Fiscal Year 2018 CAFR.

Table 3 provides a detailed breakdown of the “Total Taxes” line from Table 1 above. Table 3 does not include “Revenues from Other Governments,” which consists of “Net PICA Taxes Remitted to the City” and “Other Revenue from Other Governments.” “Net PICA Taxes Remitted to the City” is set forth in Table 1 and a detailed breakdown of such revenues is shown in Table 43. “Other Revenue from Other Governments” is set forth in Table 1 and a detailed breakdown of such revenues is shown in Table 12.

## Wage, Earnings, and Net Profits Taxes

The largest tax revenue source (comprising more than 46% of all tax revenues in Fiscal Year 2018) is the wage, earnings and net profits tax. The wage and earnings tax is collected from all employees working within City limits, and all City residents regardless of work location. The net profits tax is collected on the net profits from the operation of a trade, business, profession, enterprise or other activity conducted by individuals, partnerships, associations or estates and trusts within the City limits. The following table sets forth the resident and non-resident wage, earnings and net profits tax rates for Fiscal Years 2016-2020, the annual wage, earnings and net profits tax receipts in Fiscal Years 2016-2018, the budgeted amount and current estimate of such receipts for Fiscal Year 2019, and the budgeted amount of such receipts for Fiscal Year 2020.

**Table 4**  
**Summary of Wage, Earnings and Net Profits Tax Rates and Receipts**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)<sup>(1)</sup>**

Fiscal Year	Resident Wage, Earnings and Net Profits Tax Rates <sup>(2)</sup>	Non-Resident Wage, Earnings and Net Profits Tax Rates	Annual Wage, Earnings and Net Profits Tax Receipts (including PICA Tax) (Amounts in Millions of USD) <sup>(3)</sup>
2016	3.9102%	3.4828%	\$1,842.9 (Actual)
2017	3.9004%	3.4741%	\$1,940.4 (Actual)
2018	3.8907%	3.4654%	\$2,071.5 (Actual)
2019	3.8809%	3.4567%	\$2,135.8 (Adopted Budget)
			\$2,124.5 (Current Estimate)
2020	3.8712%	3.4481%	\$2,218.0 (Adopted Budget)

<sup>(1)</sup> See Table 7 in the Fiscal Year 2018 CAFR for tax rates for Fiscal Years 2016-2018. See the Twenty-Eighth Five-Year Plan for tax rates for Fiscal Years 2019-2020.

<sup>(2)</sup> Includes PICA Tax. See “DEBT OF THE CITY – PICA Bonds” for a description of the PICA Tax.

<sup>(3)</sup> Sources: For Fiscal Years 2016-2018, the City’s CAFRs for the City’s annual wage, earnings, and net profits tax receipts and the City’s Quarterly City Manager’s Reports for gross PICA Tax (see first column in Table 43). For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget and the Twenty-Eighth Five-Year Plan.

Commonwealth funding from gaming revenues is mandated by statute to be used to reduce the resident and nonresident wage tax rate. Gaming revenues have averaged approximately \$86.3 million in Fiscal Years 2016-2018. For Fiscal Year 2019, the budgeted amount and current estimate of gaming revenues is \$86.3 million. For Fiscal Year 2020, the budgeted amount of gaming revenues is \$86.3 million. The wage tax rates in such Fiscal Years reflect a rate reduction due to these revenues.

See “– Other Tax Rate Changes” herein, for information regarding wage and earnings tax rate reductions under the Twenty-Eighth Five-Year Plan.

In a 2015 decision by the Supreme Court of the United States (*Comptroller of the Treasury of Maryland v. Wynne*, 135 S. Ct. 1787 (2015)), a state’s failure to provide certain credits against its personal income tax was held to have violated the dormant Commerce Clause of the United States Constitution. Such personal income tax was applied to income earned outside of the state of residency, and residents were not given a credit for income taxes paid to the state where such income was earned, resulting, in the circumstances presented, in taxing income earned interstate at a rate higher than income earned intrastate. The City provides a credit to resident taxpayers against their respective wage, earnings, and net profits tax liabilities for similar taxes paid to another locality, but does not provide a credit for similar taxes paid to another state. Taxpayers have challenged the City’s refusal to grant a credit for taxes paid to other states and have appealed to the Commonwealth Court on such matters. To date, the City’s position has been

upheld by both the Tax Review Board and the Court of Common Pleas. The City estimates the cost of current appeals to be under \$3 million.

### **Business Income and Receipts Tax**

Pursuant to The First Class City Business Tax Reform Act of 1984, City Council imposed a business tax measured by gross receipts, net income or the combination of the two. The same year, City Council by ordinance repealed the Mercantile License Tax and the General Business Tax and imposed the Business Privilege Tax. As of May 1, 2012, the Business Privilege Tax was renamed the Business Income and Receipts Tax (or BIRT). The BIRT allows for particular allocations and tax computations for regulated industries, public utilities, manufacturers, wholesalers and retailers. Rental activities are usually considered to be business activities. Every estate or trust (whether the fiduciary is an individual or a corporation) must file a BIRT return if the estate or trust is engaged in any business or activity for profit within the City. There are also credit programs where meeting the requirement of the program allows for a credit against the BIRT. All persons subject to both the BIRT and the net profits tax are entitled to apply a credit of 60% of the net income portion of their BIRT liability against what is due on the net profits tax to the maximum of the net profits tax liability for that tax year.

In November 2011, legislation was enacted to halt a previously enacted program of reducing the gross receipts portion of the BIRT and to commence reductions in the net income portion of the BIRT to take effect in tax year 2014 with changes phasing in through tax year 2023. The following table provides a summary of BIRT rates for tax years 2012-2023. Future BIRT rates remain subject to amendment by action of City Council and the Mayor.

**Table 5**  
**Summary of Business Income and Receipts Tax Rates**

<u>Tax Year</u>	<u>Gross Receipts</u>	<u>Net Income</u>
2012	1.415 mills	6.45%
2013	1.415 mills	6.45%
2014	1.415 mills	6.43%
2015	1.415 mills	6.41%
2016	1.415 mills	6.39%
2017	1.415 mills	6.35%
2018	1.415 mills	6.30%
2019	1.415 mills	6.25%
2020	1.415 mills	6.20%
2021	1.415 mills	6.15%
2022	1.415 mills	6.10%
2023	1.415 mills	6.00%

The 2011 legislation incorporated several changes intended to help small and medium sized businesses and lower costs associated with starting a new business in order to stimulate new business formation and increase employment in the City, including the following: (i) the Commercial Activity License fee for all businesses was eliminated in 2014; (ii) business taxes for the first two years of operations for all new businesses with at least three employees in their first year and six employees in their second year were eliminated beginning in 2012; and (iii) across the board exclusions on the gross receipts portion of the BIRT were provided for all businesses phased in over a three-year period beginning in 2014 and eventually excluding the first \$100,000 of gross receipts, along with proportional reductions in the net income portion of the BIRT. The legislation also provided for implementation of single sales factor apportionment in 2015, which enables businesses to pay BIRT based solely on sales in the City, rather than on property or payroll.

By Fiscal Year 2023, the net income (profits) portion of the business tax is projected to reach 6.00%. In addition, legislation was enacted, effective for tax year 2019, to (i) eliminate the requirement for new businesses to make an estimated business tax payment when filing a return for their first tax year of business operations and (ii) allow such estimated payments in the second year to be made in quarterly installments.

## **Real Property Taxes**

Assessment and Collection. Taxes are levied on the assessed value of all taxable residential and commercial real property located within the City's boundaries for the City and for the School District (each, a "Real Estate Tax") as assessed by the Office of Property Assessment ("OPA") and collected by the Department of Revenue for both the City and the School District. Real Estate Taxes are authorized by Commonwealth law to be authorized by the City and the School District, with the millage split between the two taxes changing over the years. Currently, the City Real Estate Tax is equal to 45% of the total authorized millage and the School District Real Estate Tax is equal to 55% of the total authorized millage. Real Estate Taxes are levied on a calendar year basis. By separate ordinances, City Council authorizes and levies the rate of the City Real Estate Tax and authorizes the rate of the School District Real Estate Tax. The Board of Education levies all School District taxes, including the School District Real Estate Tax. Bills are sent in December for the following year and payments are due March 31. A discount of 1% is available for taxpayers who pay their Real Estate Taxes on or before the last day of February.

For tax year 2014, all properties in Philadelphia were reassessed at their actual market value by OPA under the Actual Value Initiative ("AVI") in order to replace outdated values and inequities within the system. Under AVI, the total assessed value of all properties more accurately reflected the market in the City and the total assessment grew substantially. As a result, the Mayor and City Council significantly reduced the Real Estate Tax rate to ensure that, in its first year, the reassessment resulted in the collection of approximately the same amount of Real Estate Taxes as the prior year (tax year 2013).

In order to mitigate any hardship that could be created by those large increases, the ordinance imposing the new Real Estate Tax rates included a homestead exemption of \$30,000 for all primary residential owner-occupants. In the Fiscal Year 2019 Adopted Budget, the homestead exemption was increased from \$30,000 to \$40,000 of assessed value. In the Fiscal Year 2020 Adopted Budget, the homestead exemption was increased from \$40,000 to \$45,000 of assessed value. In addition to the homestead exemption, the City has also instituted several other property tax relief programs for taxpayers.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The Real Estate Tax rates for tax years 2014-2018 are set forth in Table 6 below:

**Table 6**  
**Real Estate Tax Rates and Allocations**

<u>Tax Year</u>	<u>City</u>	<u>School District</u>	<u>Total</u>
2014	0.6018%	0.7382%	1.3400%
2015	0.6018%	0.7382%	1.3400%
2016	0.6317%	0.7681%	1.3998%
2017	0.6317%	0.7681%	1.3998%
2018	0.6317%	0.7681%	1.3998%

For Fiscal Year 2018, the actual amount of Real Estate Tax revenue for the City was \$611.3 million (excluding delinquent collections). For Fiscal Year 2019, the budgeted amount and current estimate of Real Estate Tax revenue for the City was \$630.7 million (excluding delinquent collections) and \$651.1 million (excluding delinquent collections), respectively. For Fiscal Year 2020, the budgeted amount of Real Estate Tax revenue for the City is \$653.4 million (excluding delinquent collections). See Table 3 above. For information on the process for appealing a property tax assessment, see the text before and after Table 7 below.

Table 7 shows the assessed values of properties used for tax year 2019 and 2020 Real Estate Taxes.

<sup>1</sup> Assessment data current as of March 31, 2019.

<sup>2</sup> Includes commercial, industrial, store with dwelling, hotels, and motels.

<sup>3</sup> Apartments were split from the previous hotels and apartments category and are now reflected as multi-family residential.

Assessment and Appeals. OPA is responsible for property assessments, while the Board of Revision of Taxes (“BRT”), an independent, seven-member board appointed by the Board of Judges of the Philadelphia Common Pleas Court, is the property assessment appeals board.

OPA certifies the market values by March 31 of the prior year (i.e., for tax year 2020, OPA certified the market values on March 31, 2019). Taxpayers base their appeals on the certified market values, and therefore, the assessed values are adjusted as the appeals are finalized. In some circumstances and for certain tax years, taxpayers are permitted, during the appeals process, to pay their property tax bills based on the certified market value of their properties from the prior assessment. For budgetary purposes, OPA provides updated assessment data to the Office of the Director of Finance in February of each year, from which Real Estate Tax projections are made. Certified values can vary substantially from the amounts included in such data and, as such, Real Estate Tax collections can also vary from the amounts included in the City’s annual operating budget.

Under AVI, OPA set up a new process called a first level review (“FLR”), where a taxpayer could request an administrative review of its assessment notice prior to launching a formal appeal with the BRT. The BRT has the authority, following a formal appeal, to either increase, decrease, or leave unchanged the property assessment. Some appeals are not resolved before bills are sent to taxpayers. As such, some property assessments are modified after taxpayers receive bills.

For tax year 2018, OPA revised the assessed values of over 60,000 parcels (which included properties of all categories, including commercial and residential parcels) throughout the City as part of its reassessment. In September 2017, the owners of multiple commercial properties in the City filed a lawsuit against the City in the Court of Common Pleas. The plaintiffs in such matter alleged, based on a July 2017 Pennsylvania Supreme Court decision, that OPA violated the uniformity clause of the Pennsylvania Constitution in reassessing commercial properties and not residential properties for tax year 2018. The plaintiffs sought declaratory relief, a permanent injunction, and an order directing OPA to recertify their properties at tax year 2017 values. Subsequently, ten additional cases were filed, asserting virtually the same claims. All of the cases, which encompass approximately 600 plaintiffs and approximately 700 properties, were consolidated for management purposes. In a ruling handed down on July 18, 2019, the Common Pleas Court found that plaintiffs were owed refunds for overpayments equal to the difference between the plaintiffs’ Real Estate Taxes for tax year 2017 and tax year 2018. The Court calculated the total amount of these refunds at \$48 million, with \$14 million allocated to the City and \$34 million allocated to the School District (such amounts may also be subject to post-judgment interest). The Common Pleas Court ruling has not been reduced to judgment and the City intends to challenge the ruling on post-verdict motions. The City will argue, inter alia, that the OPA assessments were consistent with prior law when they were made, and that the subsequent Pennsylvania Supreme Court decision on which plaintiffs relied could not be applied to retroactively invalidate the OPA assessments. As noted below, City-wide reassessments were conducted for tax years 2019 and 2020. As such, the City does not expect the Real Estate Taxes for such tax years to be impacted by the final judgment on this matter. For more general information on judgments and settlements on claims against the City, see “LITIGATION.”

For tax year 2019, OPA revised the assessed values of over 515,000 parcels throughout the City as part of its reassessment. As of June 25, 2019, OPA has received 20,753 FLRs, with approximately 400 that have yet to be decided. As of such date, BRT has received approximately 9,700 formal appeals, with approximately 4,500 that have yet to be decided.

For tax year 2020, OPA revised the assessed values of over 503,000 parcels throughout the City as part of its reassessment. As of June 25, 2019, OPA has received 9,521 FLRs.

Review of Assessment Methodology. In January 2019, City Council, the Mayor’s office, and the City Controller each released reports describing their respective reviews of OPA’s assessment methodology and process. Each of the reports indicated that OPA’s assessment methodology and processes could be more transparent and accurate.

The consultant engaged by the Mayor’s office made a number of recommendations to improve OPA’s assessment activities and the quality of assessments. Such recommendations include (i) reviewing all classifications of residential and non-residential properties, (ii) reviewing the assignment of construction grades and conditions codes for all residential properties, (iii) examining the reliability and consistency of commercial building grade and condition codes, (iv) maintaining flexibility provided by current valuation methods in the transition to the computer-assisted mass appraisal system program (“CAMA”), (v) hiring additional data analysis and property appraisal experts, (vi) improving and refining data collection and maintaining such data in the CAMA system, (vii) making valuation and assessment reports available on OPA’s website, (viii) documenting and explaining the assessment and valuation process to the public, (ix) developing a plan and guidelines to implement the recommendations and reporting on progress to the Chief Assessment Officer, and (x) temporarily changing the assessment calendar while the recommendations and CAMA system are implemented. While the City is reviewing the foregoing recommendations and working with OPA to implement such recommendations as appropriate, the City will not implement item (x) as the assessment calendar is based on Commonwealth law.

The City Controller’s report found that OPA met industry standards in a citywide ratio study for tax year 2019 and also recommended (a) addressing OPA assessments that are done on a geographical zone basis, which tend to overburden lower income neighborhoods in the City, (b) resolving land valuation non-uniformity, and (c) conducting annual reassessments on all properties to ensure that homeowners see smaller, incremental changes in their property assessment year-over-year, rather than the single-year increase seen in tax year 2019.

The City and OPA continue to review the recommendations contained in the foregoing reports and have begun implementing many of the recommendations. The City expects to continue working with OPA to implement additional recommendations, as appropriate.

Collection Initiatives. Since 2010, the City has pursued a number of initiatives to improve the collection of Real Estate Taxes, including (i) prompt correspondence with taxpayers with overdue Real Estate Taxes, (ii) using outside collection firms to collect overdue Real Estate Taxes, (iii) sequestration of delinquent properties occupied by commercial tenants, and (iv) tax lien sales.

Real Estate Tax Tables. See Table 8 below for data with respect to Real Estate Taxes levied from 2014 to 2018 and collected by the City from January 1, 2014 to June 30, 2018. See Table 9 for the assessed property values of the City’s principal taxable assessed parcels in 2019. See Table 10 for the 2019 market and assessed values of the ten highest valued taxable real properties in the City, as well as the amounts and duration of Real Estate Tax abatements with respect to such properties.

<sup>(2)</sup> Certified Values as of 3/31/2018.

## Sales and Use Tax

Pursuant to the authorization granted by the Commonwealth under the PICA Act, the City adopted a 1% sales and use tax (the “City Sales Tax”) for City general revenue purposes effective beginning in Fiscal Year 1992. It is imposed in addition to, and on the same basis as, the Commonwealth’s sales and use tax. Vendors are required to pay City Sales Taxes to the Commonwealth Department of Revenue together with the Commonwealth sales and use tax. The State Treasurer deposits the collections of City Sales Taxes in a special fund and disburses the collections, including any investment income earned thereon, less administrative fees of the Commonwealth Department of Revenue, to the City on a monthly basis.

The City’s budgets for Fiscal Years 2010-2014 provided for an increase in the City Sales Tax rate to 2%, as authorized by the Commonwealth effective October 8, 2009, through June 30, 2014. In July 2013, the Commonwealth authorized the implementation of a new, permanent 1% increase in the City Sales Tax rate effective July 1, 2014, which was adopted by the City on June 12, 2014 and became effective on July 1, 2014. Under the reauthorized City Sales Tax, the first \$120 million collected from such additional 1% is distributed to the School District. For Fiscal Years 2015-2018, the General Assembly authorized the City to use the next \$15 million of City Sales Tax revenues from such additional 1% collected in such Fiscal Years for the payment of debt service on obligations issued by the City for the benefit of the School District. Following such debt service payments, that remaining portion of the City Sales Tax revenues from such additional 1% distributed to the City is required to be used exclusively in accordance with Act 205 (as defined herein) and deposited to the Municipal Pension Fund.

The following table sets forth the City Sales Taxes collected in Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 11**  
**Summary of City Sales Tax Collections**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1)</sup>**

<u>Fiscal Year</u>	<u>City Sales Tax Collections</u>
2016 (Actual)	\$169.4 <sup>(2)</sup>
2017 (Actual)	\$188.4 <sup>(2)</sup>
2018 (Actual)	\$198.4 <sup>(2)</sup>
2019 (Adopted Budget)	\$216.5 <sup>(3)</sup>
2019 (Current Estimate)	\$215.2 <sup>(3)</sup>
2020 (Adopted Budget)	\$227.9 <sup>(3)</sup>

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> Net collections estimated to be distributed to the City (i) from the first 1% City Sales Tax, (ii) following the distribution of \$120 million of revenues from the second 1% City Sales Tax to the School District, and (iii) following the payment of debt service on obligations issued by the City for the benefit of the School District, as described above.

<sup>(3)</sup> Net collections estimated to be distributed to the City from the first 1% City Sales Tax and following the distribution of \$120 million of revenues from the second 1% City Sales Tax to the School District, as described above.

### **Real Property Transfer Tax**

Real Property Transfer Taxes are collected in connection with the sale of real property in the City. The Real Property Transfer Tax rate in the City is 4.278%, 3.278% of which is imposed by the City and 1% of which is charged by the Commonwealth. Revenues from this tax fell during the 2008 recession but have grown since such recession ended.

In the Twenty-Eighth Five-Year Plan, the City projects for Fiscal Years 2019-2024 that it will collect approximately (i) \$334.7 million (Fiscal Year 2019), (ii) \$339.3 million (Fiscal Year 2020), (iii) \$343.1 million (Fiscal Year 2021), (iv) \$357.4 million (Fiscal Year 2022), (v) \$370.6 million (Fiscal Year 2023), and (vi) \$353.6 million (Fiscal Year 2024) in revenues from the Real Property Transfer Tax in such Fiscal Years.

After significant growth through Fiscal Year 2018, changes in the property market in the City are projected to return to a more moderate level, with a reduction in revenue projected in Fiscal Year 2019, and relatively slow growth annually thereafter, mostly due to a "normalized" level for the commercial property market.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## **Other Taxes**

The City also collects parking taxes, an amusement tax, a valet parking tax, an outdoor advertising tax, a smokeless tobacco tax, the Philadelphia Beverage Tax (see below), and other miscellaneous taxes.

In June 2016, City Council passed the Philadelphia Beverage Tax (Chapter 19-4100 of the Philadelphia Code) (the “Philadelphia Beverage Tax”). On October 31, 2016, the Department of Revenue adopted regulations for the Philadelphia Beverage Tax. The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

The Philadelphia Beverage Tax is deposited into the General Fund, and with the additional revenue, the City has budgeted for pre-Kindergarten, community schools, and debt service for improvements to parks, playgrounds, recreation centers, and libraries, as contemplated by the City’s Rebuild program. In the Fiscal Year 2018 CAFR, the City reported that it collected approximately \$77.4 million in revenues from the Philadelphia Beverage Tax for Fiscal Year 2018.

In the Twenty-Eighth Five-Year Plan, the City projects for Fiscal Years 2019-2024 that it will collect approximately (i) \$76.6 million (Fiscal Year 2019), (ii) \$75.9 million (Fiscal Year 2020), (iii) \$75.1 million (Fiscal Year 2021), (iv) \$74.4 million (Fiscal Year 2022), (v) \$73.6 million (Fiscal Year 2023), and (vi) \$72.9 million (Fiscal Year 2024) in revenues from the Philadelphia Beverage Tax in such Fiscal Years.

## **Improved Collection Initiative**

The City is pursuing a multifaceted strategy designed to improve collections of various taxes while decreasing delinquencies. Key compliance strategies continue to include revocation of commercial licenses and sequestration, among others.

In addition to compliance efforts, the City has been working on two projects – one to implement technology solutions for its cashiering and payments processing systems (completed) and another to develop an integrated data warehouse and case management system (ongoing). These initiatives are designed to improve operational efficiencies and drive compliance efforts by providing tools currently unavailable to the City.

## **Other Locally Generated Non-Tax Revenues**

These revenues include license fees and permit sales, traffic fines and parking meter receipts, court related fees, stadium revenues, interest earnings and other miscellaneous charges and revenues of the City.

## **Revenue from Other Governments**

The following table presents revenues received from other governmental jurisdictions for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, the budgeted amount for Fiscal Year 2020, and the percentage such revenues represent in the General Fund. The table does not reflect substantial amounts of revenues from other governments received by the Grants Revenue Fund, Community Development Fund, and other operating and capital funds of the City.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

**Table 12**

<b>Fiscal Year</b>	<b>Commonwealth<sup>(4)</sup></b>	<b>Federal Government</b>	<b>Other Governments<sup>(5)</sup></b>	<b>Total</b>	<b>Percentage of General Fund Revenues</b>
2016 (Actual)	\$223.7	\$29.7	\$52.3	\$305.6	7.7%
2017 (Actual)	\$214.7	\$37.6	\$55.4	\$307.7	7.4%
2018 (Actual)	\$224.5	\$31.3	\$68.2	\$323.9	7.1%
2019 (Adopted Budget)	\$231.1	\$43.1	\$63.3	\$337.5	7.3%
2019 (Current Estimate) <sup>(1)</sup>	\$221.5	\$32.8	\$62.4	\$316.7	6.7%
2020 (Adopted Budget)	\$235.7	\$45.8	\$66.4	\$347.9	7.1%

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> Figures may not sum due to rounding.

<sup>(3)</sup> Does not include the PICA Tax.

<sup>(4)</sup> Such revenues are for health, welfare, court, and various other specified purposes.

<sup>(5)</sup> Such revenues primarily consist of payments from PGW, parking fines and fees from PPA, and other authorized adjustments.

### **Revenues from City-Owned Systems**

In addition to taxes, the City realizes revenues through the operation of various City-owned systems, such as the Water and Wastewater Systems and PGW. The City has issued revenue bonds with respect to the Water and Wastewater Systems and PGW to be paid solely from and secured by a pledge of the respective revenues of these systems. The revenues of the Water and Wastewater Systems and PGW are not legally available for payment of other obligations of the City until, on an annual basis, all revenue bond debt service requirements and covenants relating to those bonds have been satisfied, and then only in a limited amount and upon satisfaction of certain other conditions.

Water Fund. The revenues of the Philadelphia Water Department (the "Water Department") are required to be segregated from other funds of the City. Under the City's Restated General Water and Wastewater Revenue Bond Ordinance of 1989 (the "Water Ordinance"), an annual transfer may be made from the Water Fund to the City's General Fund in an amount not to exceed the lesser of (i) all Net Reserve Earnings and (ii) \$4,994,000. "Net Reserve Earnings" means the amount of interest earnings during the Fiscal Year on amounts in the Debt Reserve Account and Subordinated Bond Fund, each as defined in the Water Ordinance.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The following table shows the amounts transferred from the Water Fund to the General Fund for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 13**  
**Transfers from Water Fund to General Fund (Excess Interest on Sinking Fund Reserve)**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)<sup>(1), (2)</sup>**

Fiscal Year	Amount Transferred
2016 (Actual)	\$1,555,702
2017 (Actual)	\$1,866,455
2018 (Actual)	\$1,627,838
2019 (Adopted Budget and Current Estimate)	\$1,500,000
2020 (Adopted Budget)	\$1,500,000

<sup>(1)</sup> Sources: For Fiscal Years 2015-2018, the City's Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

<sup>(2)</sup> The Water Department's budgeted amount for such transfers is typically greater than the figure included in the City's operating budget.

The City also budgets for certain transfers from the Water Fund to the General Fund related to services performed and costs borne by the General Fund. For Fiscal Year 2018, the amount of such transfers was approximately \$7.3 million. For Fiscal Year 2019, the City budgeted approximately \$9.6 million for such transfers, while the current estimate for such transfers is approximately \$7.5 million. Fiscal Year 2020, the City budgeted approximately \$12.7 million for such transfers.

**PGW.** The revenues of PGW are required to be segregated from other funds of the City. Payments for debt service on PGW bonds are made directly by PGW. PGW is required to make an annual payment of \$18 million to the General Fund. The Fiscal Year 2020 Adopted Budget includes such \$18 million annual payment to the General Fund from PGW for such Fiscal Year. For more information on PGW, see "THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Government Services."

### **Philadelphia Parking Authority Revenues**

The PPA was established by City ordinance pursuant to the Pennsylvania Parking Authority Law (P.L. 458, No. 208 (June 5, 1947)). Various statutes, ordinances, and contracts authorize the PPA to plan, design, acquire, hold, construct, improve, maintain and operate, own or lease land and facilities for parking in the City, including such facilities at PHL, and to administer the City's on-street parking program.

The PPA owns and operates five parking garages and a number of surface parking lots at PHL. The land on which these garages and surface lots are located is leased from the City, acting through the Division of Aviation, pursuant to a lease expiring in 2030 (the "Lease Agreement"). The Lease Agreement provides for payment of rent to the City, which is equal to gross receipts less operating expenses, debt service on the PPA's bonds issued to finance improvements at PHL, and reimbursement to the PPA for capital expenditures and prior year operating deficits relating to its operations at PHL, if any.

The PPA's administrative costs are a component of its operating expenses. In 1999, at the request of the FAA, the PPA and the City entered into a letter agreement (the "FAA Letter Agreement"), which contained a formula for calculating the PPA's administrative costs and capped such costs at 28% of the PPA's total administrative costs for all of its cost centers. The PPA owns and/or operates parking facilities at a number of locations in the City in addition to those at PHL. The PPA parking facilities at PHL are cost centers for purposes of the FAA Letter Agreement.

On-street parking revenues are administered and collected, on behalf of the City, by the PPA. Pursuant to Pennsylvania law, the PPA transmits these revenues to the City, net of any actual expenses incurred in the administration of the on-street parking system in accordance with the PPA's approved budget. If such net revenues exceed a designated threshold, then any excess above that threshold is to be transmitted to the School District. The current threshold is \$35 million and includes a mandatory escalator to take into account increases in revenues.

The following table presents payments received by the City from PPA for on-street parking for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 14**  
**PPA On-Street Parking Payments to the City**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget )<sup>(1), (2)</sup>**  
**(Amounts in Millions of USD)**

Fiscal Year	Payments to the City
2016 (Actual)	\$33.7
2017 (Actual)	\$39.9
2018 (Actual)	\$41.3
2019 (Adopted Budget)	\$42.8
2019 (Current Estimate)	\$41.8
2020 (Adopted Budget)	\$45.8

<sup>(1)</sup> Sources: For Fiscal Years 2015-2018, the City's Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2019 Adopted Budget.

<sup>(2)</sup> Table 14 shows City revenues; none of such payments is transferred to the School District.

## Other Tax Rate Changes

The Twenty-Eighth Five-Year Plan includes reductions in both the resident and non-resident wage and earnings tax. The following table details rates under the Twenty-Eighth Five-Year Plan.

**Table 15**  
**Changes in Wage and Earnings Tax Rates<sup>(1)</sup>**

Fiscal Year	Twenty-Eighth Five-Year Plan	
	Resident Wage and Earnings Tax Rates <sup>(2)</sup>	Non-Resident Wage and Earnings Tax Rates
2019	3.8809%	3.4567%
2020	3.8712%	3.4481%
2021	3.8616%	3.4395%
2022	3.8519%	3.4309%
2023	3.8423%	3.4223%
2024	3.8327%	3.4137%

<sup>(1)</sup> Source: The Twenty-Eighth Five-Year Plan.

<sup>(2)</sup> Includes PICA Tax. See "DEBT OF THE CITY – PICA Bonds" for a description of the PICA Tax.

Under the Twenty-Eighth Five-Year Plan, receipts from the Wage and Earnings Tax are estimated to grow at a rate of 3.03% in Fiscal Year 2019, 4.30% in Fiscal Year 2020, 3.97% in Fiscal Year 2021, 3.84% in Fiscal Year 2022, 3.83% in Fiscal Year 2023, and 3.63% in Fiscal Year 2024.

## EXPENDITURES OF THE CITY

Three of the principal City expenditures are for personal services (personnel) (including pensions and other employee benefits), purchase of services (including payments to SEPTA), and debt service. The expenditures for personal services (personnel) and purchase of services are addressed below under this caption; debt service is addressed below under “DEBT OF THE CITY.”

### Personal Services (Personnel)

As of June 30, 2018, the City employed 27,867 full-time employees, representing approximately 4.2% of employees in Philadelphia (approximately 663,917 employees, according to preliminary, non-seasonally adjusted data from the Bureau of Labor Statistics). Of the 27,867 full-time employees, the salaries of 22,226 were paid from the General Fund. Additional sources of funding for full-time City employees include the Grants Revenue Fund, the Water Fund, and the Aviation Fund, as well as grants and contributions from other governments. Activities funded through such grants and contributions are not undertaken if funding is not received. The following table sets forth the number of filled, full-time positions of the City as of the dates indicated.

<sup>(2)</sup> Table 16 does not include seasonal or temporary employees.

### Overview of City Employees

The wages and benefits of City employees vary not only by position, but also by whether the employees are represented by a union and, if so, which union. Employee wages and benefits may also be impacted by whether the employee is subject to the civil service system or exempt from those rules. Thus, City employees may be broken down into three major categories for purposes of understanding how their wages and benefits are determined: (i) employees who are not subject to the civil service system (“exempt employees”); (ii) employees who fall under the civil service system but are not represented by a union

(“non-represented employees”); and (iii) employees who are subject to the civil service system and are represented by a union (“union employees”).

As of June 25, 2019, the City had over 24,000 unionized employees, representing approximately 80% of the City’s employees. Such employees were represented by the City’s four municipal unions: (i) Fraternal Order of Police (“FOP”) Lodge No. 5; (ii) International Association of Fire Fighters (“IAFF”) Local 22; (iii) American Federation of State, County and Municipal Employees District Council 33 (“AFSCME DC 33”); and (iv) American Federation of State, County and Municipal Employees District Council 47 (“AFSCME DC 47”). The foregoing unions are covered by bargaining agreements through June 30, 2020. Each such agreement contains pension reform terms, as described in more detail in Table 18 below.

In July 2016, a collective bargaining agreement was reached with AFSCME DC 33, which provides for salary increases, lump sum payments for health care, and a one-time bonus, among other things. This collective bargaining agreement was ratified on August 19, 2016. In November 2018, a collective bargaining reopener was concluded with AFSCME DC 33, which resulted in an agreement by the City to contribute \$28 million to AFSCME DC 33’s health plan in Fiscal Years 2019 and 2020.

On June 30, 2017, the labor agreements for FOP Lodge No. 5, IAFF Local 22, and AFSCME DC 47 expired. On August 15, 2017, a labor arbitration panel awarded the FOP Lodge No. 5 Labor Contract, a new three-year contract, reflecting annual raises ranging from 3.25% to 3.75% and resulting in a projected aggregate cost to the City of approximately \$247.22 million during Fiscal Years 2018-2022.

On March 13, 2018, an arbitration panel awarded a new three-year contract for the employees of the Philadelphia Sheriff’s Office and Register of Wills, reflecting annual raises ranging from 2.5% to 3.0% for Register of Wills employees and 3.0% to 3.25% for Sheriff’s Office employees and resulting in a projected aggregate cost to the City of approximately \$13.46 million during Fiscal Years 2018-2023.

On March 19, 2018, an arbitration panel awarded a new three-year contract for the public safety employees represented by DC 33 Local 159 and DC 33 Local 1637, reflecting annual raises ranging from 3.0% to 3.25% and resulting in a projected aggregate cost to the City of approximately \$50.28 million during Fiscal Years 2018-2023.

In May 2018, an arbitration panel awarded a new three-year contract for IAFF Local 22 (firefighters), reflecting annual raises ranging from 3.25% to 3.75% and resulting in a projected aggregate cost to the City of approximately \$144.58 million during Fiscal Years 2018-2023.

In June 2018, a new three-year collective bargaining agreement was reached with AFSCME DC 47, reflecting annual raises ranging from 2.5% to 3.0% and resulting in a projected aggregate cost to the City of approximately \$46.17 million during Fiscal Years 2018-2023.

The costs of the agreements discussed above have been included in the City’s five-year plans, as applicable. *See* “DISCUSSION OF FINANCIAL OPERATIONS – Current Financial Information” herein.

For more information on the current status of the interest arbitration awards that have been issued for, and contract settlements reached with, the City’s major labor organizations, as well as changes that have been made for non-represented employees, see Table 18.

Collective bargaining with respect to the wages, hours and other terms and conditions of employment of union employees, other than uniformed employees of the Police Department and the Fire Department, is governed by the Public Employee Relations Act (Pa. P.L. 563, No. 195 (1970)) (“PERA”).

PERA requires the City and the unions to negotiate in good faith to attempt to reach agreement on new contract terms and, if an impasse exists after such negotiations, to mediate through the Commonwealth Bureau of Mediation. Once the mediation procedures have been satisfied, and if no collective bargaining agreement has been reached, most employees covered by PERA are permitted to strike. Certain employees, however, including employees of the Sheriff's Office and the Register of Wills represented by the FOP, corrections officers represented by AFSCME DC 33, and employees of the First Judicial District represented by AFSCME DC 47, are not permitted to strike under PERA. These employees must submit any impasse to binding interest arbitration once the mediation procedures have been satisfied. PERA permits parties at an impasse, which are not required to submit to binding interest arbitration, to do so voluntarily. Provisions of an interest arbitration award issued under PERA that require legislative action are considered advisory only and the legislative body is permitted to meet, consider, and reject those provisions.

Uniformed employees of the Police Department and the Fire Department bargain under the Policemen and Firemen Collective Bargaining Act (Pa. P.L. 237, No. 111 (1968)) ("Act 111"), which provides for final and binding interest arbitration to resolve collective bargaining impasses and prohibits these employees from striking. Interest arbitration under Act 111 operates similarly to interest arbitration under PERA, but City Council is not permitted to reject the portions of an interest arbitration award that require legislative action. To the contrary, City Council is required to pass any legislation necessary to implement the award unless doing so would violate state or federal law. Thus, the arbitration panel has significant, although not limitless, power to issue an award on mandatory subjects of bargaining. As with interest arbitration under PERA, the arbitration panel cannot issue an award on a matter that is one of inherent managerial policy. In addition to the grounds available to challenge a PERA interest arbitration award on appeal, the PICA Act requires an Act 111 interest arbitration panel to, among other things, give substantial weight to the City's five-year plan and ability to pay for the cost of the award without negatively impacting services, and gives the City the right to appeal the award to the Court of Common Pleas if it believes the panel has failed to meet these responsibilities. If the arbitration panel fails to do so or, among other things, if it awards wages or benefits that exceed what is assumed in the most-recent five-year plan without substantial evidence in the record demonstrating that the City can afford these increases without adversely impacting service levels, the Court of Common Pleas is required to vacate the arbitration award and remand it to the arbitration panel.

### **Overview of Employee Benefits**

The City provides various pension, life insurance, and health benefits for its employees. The benefits offered depend on the employee's union status and bargaining unit, if applicable. General Fund employee benefit expenditures for Fiscal Years 2016 through 2020 are shown in the following table.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

**Table 17**  
**General Fund Employee Benefit Expenditures**

- <sup>(1)</sup> Source: From the City's five-year financial plans, except for "Payments under City-administered plan" and "Payments under union-administered plans," which were provided by the City, Department of Human Resources and the Office of Budget and Program Evaluation. Figures may not sum due to rounding.
- <sup>(2)</sup> Includes debt service on Pension Bonds (as defined herein) and the Commonwealth contributions to the Municipal Pension Fund. See Tables 29 and 30.
- <sup>(3)</sup> This breakdown of "Health" between "Payments under City-administered plan" and "Payments under union-administered plans" is an estimate of actual expenses. The City records the actual health expenses in one line item, which corresponds to the figures in "Total Health."
- <sup>(4)</sup> Includes payments of social security and Medicare taxes.
- <sup>(5)</sup> Includes payments for unemployment compensation, employee disability, group life, group legal, tool allowance, and flex cash payments.
- <sup>(6)</sup> Includes \$9.7 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(7)</sup> Includes \$19.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(8)</sup> Includes \$24.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(9)</sup> Assumes \$48.3 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(10)</sup> Assumes \$47.6 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."
- <sup>(11)</sup> Assumes \$53.9 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

Each of the City's four municipal unions sponsors its own health plan that provides medical, prescription, dental and optical benefits to participating employees and eligible retirees through trusts on which the City has varying degrees of minority representation. Exempt and non-represented employees, along with represented employees of the Register of Wills and employees represented by AFSCME DC 33 who have chosen not to become members of the union's healthcare plan, receive health benefits through a plan sponsored and administered by the City. Each of the plans provides different benefits determined by the plan sponsor or through collective bargaining. To provide health care coverage, the City pays a negotiated monthly premium for employees covered by the union contract for AFSCME DC 33 and is self-insured for all other eligible employees. Aside from AFSCME DC 33, the City is responsible for the actual health care cost that is invoiced to the City's unions by their respective vendors. The actual cost can be a combination of self-insured claim expenses, premiums, ancillary services, and administrative expenses. In addition, employees who satisfy certain eligibility criteria receive five years of health benefits after their retirement. See "OTHER POST-EMPLOYMENT BENEFITS" below. Such benefits are determined and administered by the plan in which the employee participated at the time of his or her retirement. Other employee benefits, including life insurance and paid leave, are similarly determined by the respective collective bargaining agreements, as well as City policies and Civil Service Regulations. Employees also participate in the Municipal Pension Plan. See "PENSION SYSTEM" below.

## Overview of Current Labor Situation

Table 18 summarizes the current status of the interest arbitration awards that have been issued for, and contract settlements reached with, the City's major labor organizations, as well as changes that have been made for non-represented employees. It also provides a brief summary of pension reforms that have occurred since 2016.

**Table 18**  
**Status of Arbitration Awards and Labor Contract Settlements**

Authorized Number of Full- Time Citywide Employees Represented <sup>(1)</sup>	Status of Arbitration Award  <u>or Contract Settlement</u>	Wage Increases	Pension Reforms <sup>(2)</sup>
Organization FOP Lodge No. 5 (Police Department)	Three-year contract effective July 1, 2017 through June 30, 2020 awarded by arbitration panel on August 15, 2017	<ul style="list-style-type: none"><li>• 3.25% pay increase for Fiscal Year 2018</li><li>• 3.50% pay increase for Fiscal Year 2019</li><li>• 3.75% pay increase for Fiscal Year 2020</li></ul>	<ul style="list-style-type: none"><li>• Current employees in Plan 87 or Plan 10 will pay an additional .92% of salary effective 7/1/17, increasing by an additional .92% of salary effective 7/1/18 (total increase of 1.84%). These contributions are on top of the current 5% or 6% contribution rates in effect, varies by plan membership</li><li>• Employees hired on or after 7/1/17 will be required to pay an additional 2.5% of salary</li></ul>
FOP Lodge No. 5 (Sheriff's Office and Register of Wills)	Three-year contract effective July 1, 2017 through June 30, 2020 awarded by arbitration panel on March 13, 2018	<p>Sheriff's Office employees:</p> <ul style="list-style-type: none"><li>• 3.0% increase for Fiscal Year 2018</li><li>• 3.25% increase for Fiscal Year 2019</li><li>• 3.25% increase for Fiscal Year 2020</li></ul> <p>Register of Wills employees:</p> <ul style="list-style-type: none"><li>• 3.0% increase for Fiscal Year 2018</li><li>• 2.5% increase for Fiscal Year 2019</li><li>• 3.0% increase for Fiscal Year 2020</li></ul>	<ul style="list-style-type: none"><li>• Tiered contribution system for current employees under which employees who have higher salaries pay a higher percent of their salaries as contributions to the pension fund</li><li>• Mandatory stacked-hybrid plan for new hires under which employees receive a defined benefit pension for their first \$50,000 of earnings and a defined contribution pension for earnings above \$50,000</li><li>• Plan 10 closed to new enrollment for members of Lodge 5 but remains unchanged for other employee groups</li><li>• Once fully implemented, such employees in Plan 10 are expected to receive a letter indicating that they have 90 days to make an irrevocable election to opt into the stacked-hybrid plan</li><li>• DROP (as defined below) interest rate decreases from 4.5% to the rate on the one-year treasury effective January 1 of each year for participants not currently enrolled or eligible to enroll</li></ul>
IAFF Local 22	Three-year contract effective July 1, 2017 through June 30, 2020 awarded by arbitration panel on May 17, 2018;	<ul style="list-style-type: none"><li>• 3.25% pay increase for Fiscal Year 2018</li><li>• 3.5% pay increase for Fiscal Year 2019</li><li>• 3.75 % pay increase for Fiscal Year 2020</li></ul>	<ul style="list-style-type: none"><li>• Current employees in Plan 87 or Plan 10 will pay an additional .92% of salary effective 7/1/17, increasing by an additional .92% of salary effective 7/1/18 (total increase of 1.84%). <sup>(1)</sup> From data provided by the Mayor's Office of Labor Relations on June 25, 2019.

<sup>(2)</sup> "Plan 87," "Plan 10," and "Plan 16" referenced in this column are described in Table 19.

Certain features of the 1987 Plan (“Plan 87”), the 2010 Plan (“Plan 10”), and the 2016 Plan (“Plan 16”) are summarized below. Plan 87 is solely a defined benefit plan. Plan 10 and Plan 16 are “hybrid” plans that include both defined benefit and defined contribution components. A more comprehensive summary of each plan is included as Appendix D of the July 1, 2018 Valuation (as defined herein). See “PENSION SYSTEM” below.

**Table 19**  
**Summary of Key Aspects of Plan 87, Plan 10, and Plan 16**

<b>Plan 87</b>	<b>Normal Retirement Eligibility</b>	<b>Average Final Compensation (“AFC”)</b>	<b>Defined Benefit – Retirement Benefits Multiplier</b>
Municipal (Plan Y)	Age 60 and 10 years of credited service <sup>(1)</sup>	Average of three highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• (2.2% x AFC x years of service up to 10 years) plus (2.0% x AFC x numbers of years in excess of 10 years), subject to a maximum of 100% of AFC</li> </ul>
Police and Fire	Age 50 and 10 years of credited service <sup>(1)</sup>	Average of two highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• (2.2% x AFC x years of service up to 20 years) plus (2.0% x AFC x numbers of years in excess of 20 years), subject to a maximum of 100% of AFC</li> </ul>
Elected Official (Plan L)	Age 55 and 10 years of credited service <sup>(2)</sup>	Average of three highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• 3.5% x AFC x years of service, subject to a maximum of 100% of AFC</li> </ul>
<b>Plan 10</b>	<b>Normal Retirement Eligibility</b>	<b>Average Final Compensation (“AFC”)</b>	<b>Defined Benefit – Retirement Benefits Multiplier</b>
Municipal <sup>(3)</sup>	Age 60 and 10 years of credited service	Average of five highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• 1.25% x AFC x years of service up to 20 years</li> </ul>
Police and Fire	Age 50 and 10 years of credited service	Average of five highest calendar or anniversary years	<ul style="list-style-type: none"> <li>• 1.75% x AFC x years of service up to 20 years</li> </ul>
-----			
<b>Defined Contribution</b>			
<ul style="list-style-type: none"> <li>• The City matches employee contributions at a 50% rate, with the total City match not to exceed 1.5% of compensation for each year.</li> <li>• After five years of credited service, the full amount in the account is distributed to the employee when he or she separates from City service.</li> <li>• The right to the portion of the account attributable to City contributions does not vest until the completion of five years of credited service.</li> </ul>			
<b>Plan 16</b>	<b>Normal Retirement Eligibility</b>	<b>Average Final Compensation (“AFC”)</b>	<b>Defined Benefit – Retirement Benefits Multiplier</b>
Municipal	Age 60 and 10 years of credited service	Lesser of (i) AFC under Plan Y (of Plan 87) (which is the average of three highest calendar or anniversary years) or (ii) \$50,000 (cap increases to \$65,000 on 1/1/2019)	<ul style="list-style-type: none"> <li>• (2.2% x AFC x years of service up to 10 years) plus (2.0% x AFC x numbers of years in excess of 10 years), subject to a maximum of 100% of AFC</li> </ul>
-----			
<b>Defined Contribution</b>			
<ul style="list-style-type: none"> <li>• Employees may voluntarily participate in the defined contribution portion; employee contributions vest immediately.</li> <li>• For employees with annual salaries above the cap, the City matches employee contributions at a 50% rate, with the total City match not to exceed 1.5% of compensation for each year (only if employee is contributing); the City’s matching contributions vest after five years of credited service.</li> <li>• The maximum annual employee contribution is \$18,000, excluding the City’s matching contributions.</li> </ul>			

<sup>(1)</sup> Five years of credited service for those who make additional contributions. See “PENSION SYSTEM – Pension System; Pension Board – Membership.”

<sup>(2)</sup> The lesser of two full terms or eight years of credited service for those elected officials who make additional contributions. See “PENSION SYSTEM – Pension System; Pension Board – Membership.”

<sup>(3)</sup> Under Plan 10 (Municipal), pension contributions freeze after 20 years. At such time and for each subsequent year, the employee’s pension payments remain fixed and the employee may no longer make pension contributions.

## Purchase of Services

The following table shows the City's major purchase of services, which represents one of the major classes of expenditures from the General Fund. Table 20 shows contracted costs of the City for Fiscal Years 2016-2018, the budgeted amounts and current estimates for Fiscal Year 2019, and the budgeted amounts for Fiscal Year 2020.

**Table 20**  
**Purchase of Services in the General Fund**

## City Payments to School District

The following table presents the City's payments to the School District from the General Fund for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 21**  
**City Payments to School District**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1)</sup>**

	<b>Actual 2016</b>	<b>Actual 2017</b>	<b>Actual 2018</b>	<b>Adopted Budget 2019</b>	<b>Current Estimate 2019</b>	<b>Adopted Budget 2020</b>
City Payments to School District	\$104.2	\$104.3	\$104.3	\$180.9	\$185.8	\$222.5

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

Beginning with the City's adopted budget for Fiscal Year 2016, the City implemented a \$25 million property tax increase and a \$10 million parking tax increase to benefit the School District. The figures above for Fiscal Years 2016-2020 reflect such increases.

For more discussion of the School District, see "THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – *Mayoral-Appointed or Nominated Agencies* – The School District," above. For a discussion of changes in the funding provided by the City to the School District, see "REVENUES OF THE CITY – Sales and Use Tax." For a discussion of the transition to AVI and how such transition affects funding for the School District, see "REVENUES OF THE CITY – Real Property Taxes."

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## City Payments to SEPTA

SEPTA operates a public transportation system within the City and Bucks, Chester, Delaware, and Montgomery counties. SEPTA's operating budget is supported by federal, Commonwealth, and local subsidies, including payments from the City. The following table presents the City's payments to SEPTA from the General Fund for Fiscal Years 2016-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the budgeted amount for Fiscal Year 2020.

**Table 22**  
**City Payments to SEPTA**  
**Fiscal Years 2016-2018 (Actual), 2019 (Adopted Budget and Current Estimate), and 2020 (Adopted Budget)**  
**(Amounts in Millions of USD)<sup>(1)</sup>**

	<b>Actual 2016</b>	<b>Actual 2017</b>	<b>Actual 2018</b>	<b>Adopted Budget and Current Estimate 2019</b>	<b>Adopted Budget 2020</b>
City Payment to SEPTA	\$74.2	\$79.7	\$81.9	\$84.6	\$87.6

<sup>(1)</sup> Sources: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Plan. For Fiscal Year 2020, the Fiscal Year 2020 Adopted Budget.

The City budgets operating subsidies each Fiscal Year to match the estimated operating subsidies of the Commonwealth under Act 89. The state operating subsidy is funded through the Pennsylvania Public Transportation Trust Fund as created by Act 44 of 2007, amended by Act 89 of 2013. The local match requirement is calculated to match state operating subsidies. In addition, local matching funds must be appropriated each Fiscal Year in which state funds are received in order for SEPTA to receive the full allocation of state funds. The Twenty-Eighth Five-Year Plan projects annual operating subsidy payments to SEPTA from the City will increase to \$101.9 million by Fiscal Year 2024. For more information on SEPTA, see APPENDIX C – "TRANSPORTATION – Southeastern Pennsylvania Transportation Authority (SEPTA)."

## City Payments to Convention Center Authority

In connection with the financing of the expansion to the Pennsylvania Convention Center and the refinancing of debt for the original Pennsylvania Convention Center construction, the Commonwealth, the City, and the Convention Center Authority entered into an operating agreement in 2010 (the "Convention Center Operating Agreement"). The Convention Center Operating Agreement provides for the operation of the Convention Center by the Convention Center Authority and includes an annual service fee of \$15,000,000 from the City to the Convention Center Authority in each Fiscal Year through Fiscal Year 2040.

As authorized by ordinance, the City has agreed to pay to the Convention Center Authority on a monthly basis a certain percentage of hotel room taxes and hospitality promotion taxes collected during the term of the Convention Center Operating Agreement. The remaining percentages of such taxes are paid to the City's tourism and marketing agencies. The General Fund does not retain any portion of the proceeds of the hotel room rental tax or the hospitality promotion tax.

## PENSION SYSTEM

*The amounts and percentages set forth under this heading relating to the City's pension system, including, for example, actuarial liabilities and funded ratios, are based upon numerous demographic and economic assumptions, including the investment return rates, inflation rates, salary increase rates, post-retirement mortality, active member mortality, rates of retirement, etc. The reader is cautioned to review and carefully consider the assumptions set forth in the documents that are cited as the sources for the information in this section. In addition, the reader is cautioned that such sources and the underlying assumptions speak as of their respective dates, and are subject to changes, any of which could cause a significant change in the unfunded actuarial liability.*

### Overview

The City faces significant ongoing financial challenges in meeting its pension obligations, including an unfunded actuarial liability ("UAL") of approximately \$6.1 billion as of July 1, 2018. In Fiscal Year 2018, the City's contribution to the Municipal Pension Fund was approximately \$782.0 million, of which the General Fund's share (including the Commonwealth contribution) was \$632.1 million. *See Table 29.* The City's aggregate pension costs (consisting of payments to the Municipal Pension Fund and debt service on the Pension Bonds (as defined herein)) have increased from approximately 10.20% of the City's General Fund budget to approximately 15.21% of the General Fund budget from Fiscal Years 2009 to 2018. *See Table 31.* As reflected in the Funded Ratio chart following Table 28, the funded ratio of the Municipal Pension Plan was 76.7% on July 1, 1999 (at which time the UAL was approximately \$1.4 billion), and was 46.8% on July 1, 2018.

The decline in the Municipal Pension System's funded status and the net growth of the unfunded liability is the product of a number of factors, including the following:

- The declines in the equity markets in 2000-2001 and in 2008-2009. *See Table 24 and the Funded Ratio chart below Table 28.*
- A reduction in the assumed rate of return, from 8.75% in 2009 to 7.55% effective July 1, 2019 (i.e., Fiscal Year 2020). Although the gradual reductions in the assumed rates of return reflected in Table 24 are considered a prudent response to experience studies, by reducing the assumed return in the measurement of the actuarial liabilities, it serves to increase the UAL from what it otherwise would have been.
- Adopting more conservative mortality rates in response to experience studies performed by the Municipal Pension Plan actuary.
- The Municipal Pension Plan is a mature system, which means the number of members making contributions to the Municipal Pension Plan is less than the number of retirees and other beneficiaries receiving payments from the Municipal Pension Plan, by approximately 8,900. As a result, the aggregate of member contributions and the City's contributions are less than the amount of benefits and refunds payable in most years, with the result that in such years investment income must be relied upon to meet such difference before such income can contribute to an increase in the Municipal Pension System's assets growth. *See Table 26* (which reflects that in Fiscal Year 2018); however, the aggregate of member contributions and the City's contribution exceeded the amount of benefits and refunds payable in such Fiscal Year.

- The determination by the City, commencing in Fiscal Year 2005, to fund in accordance with the “minimum municipal obligation” (“MMO”), as permitted and as defined by Pennsylvania law, in lieu of the City Funding Policy (as defined herein), resulted in the City contributing less than otherwise would have been contributed. *See* “– Funding Requirements; Funding Standards” below.
- Revising, in Fiscal Year 2009, in accordance with Pennsylvania law, the period over which the UAL was being amortized, such that the UAL as of July 1, 2009 was “fresh started” to be amortized over a 30 year period ending June 30, 2039. In addition, changes were made to the periods over which actuarial gains and losses and assumption changes were amortized under Pennsylvania law. *See* “UAL and its Calculation – Actuarial Valuations.”

The City has taken a number of steps to address the funding of the Municipal Pension Plan, including the following:

- Reducing the assumed rate of return on a gradual and consistent basis, which results in the City making larger annual contributions. *See* Table 24 below.
- Adopting more conservative mortality rates in response to experience studies performed by the Municipal Pension Plan actuary.
- In conjunction with the revisions to the amortization periods that occurred in Fiscal Year 2009, changing from a level percent of pay amortization schedule to a level dollar amount schedule. This results in producing payments that ensure that a portion of principal on the UAL is paid each year.
- Funding consistently an amount greater than the MMO (subject to the authorized deferrals for Fiscal Years 2010 and 2011 described below). *See* Table 29.
- Negotiating collective bargaining agreements by which additional contributions are being made (and will be made) by certain current (and future) members and by which benefits will be capped for certain future members of the Municipal Pension Plan. *See* Table 18.
- Securing additional funding, including funds required to be deposited by the City to the Municipal Pension Fund from its share of sales tax revenue.
- Adopting a Revenue Recognition Policy (defined and described below), by which sources of anticipated additional revenue that will be received by the System are specifically dedicated toward paying down the unfunded pension liability and not to reducing future costs of the City. The additional revenue is tracked and accumulated in a notional account, which is then deducted from the Actuarial Asset Value to determine the contribution under the Revenue Recognition Policy. As a result, such contribution is higher than the MMO.
- Changing the investment strategy to increase the use of passive investment vehicles, which has resulted in increased returns and decreased fees.

This “Overview” is intended to highlight certain of the principal factors that led to the pension system’s current funded status, and significant steps the City and the Pension Board (as defined herein) have taken to address the underfunding. The reader is cautioned to review with care the more detailed information presented below under this caption, “PENSION SYSTEM.”

## **Pension System; Pension Board**

The City maintains two defined-benefit pension programs: (i) the Municipal Pension Plan, a single employer plan, which provides benefits to police officers, firefighters, non-uniformed employees, and non-represented appointed and elected officials, and (ii) the PGW Pension Plan, a single employer plan, which provides benefits to PGW employees. The Municipal Pension Plan is administered through 20 separate benefit structures, the funding for which is accounted for on a consolidated basis by the Municipal Pension Fund. Such benefit structures establish for their respective members different contribution levels, retirement ages, etc., but all assets are available to pay benefits to all members of the Municipal Pension Plan. The Municipal Pension Plan is a mature plan, initially established in 1915, with net investment assets that totaled approximately \$5.3 billion as of June 30, 2018. The Municipal Pension Plan has approximately 28,800 members who make contributions to the plan, and provides benefits to approximately 37,700 retirees and other beneficiaries.

PGW is principally a gas distribution facility owned by the City. For accounting presentation purposes, PGW is a component unit of the City and follows accounting rules as they apply to proprietary fund-type activities. The PGW Pension Plan is funded with contributions by PGW to such plan, which are treated as an operating expense of PGW, and such plan is not otherwise addressed under the caption “PENSION SYSTEM.” *See* “PGW PENSION PLAN” below.

Contributions are made by the City to the Municipal Pension Fund from: (i) the City’s General Fund; (ii) funds that are received by the City from the Commonwealth for deposit into the Municipal Pension Fund; and (iii) various City inter-fund transfers, representing amounts contributed, or reimbursed, to the City’s General Fund for pensions from the City’s Water Fund, Aviation Fund, and certain other City funds or agencies. *See* Table 29. In addition to such City (employer) contribution, the other principal additions to the Municipal Pension Fund are: (i) member (employee) contributions; (ii) interest and dividend income; (iii) net appreciation in asset values; and (iv) net realized gains on the sale of investments. *See* Table 26 below. An additional source of funding is that portion of the 1% Sales Tax rate increase that is required under Pennsylvania law to be deposited to the Municipal Pension Fund. *See* “REVENUES OF THE CITY – Sales and Use Tax.”

The City of Philadelphia Board of Pensions and Retirement (the “Pension Board”) was established by the City Charter to administer “a comprehensive, fair and actuarially sound pension and retirement system covering all officers and employees of the City.” The City Charter provides that the Pension Board “shall consist of the Director of Finance, who shall be its chairman, the Managing Director, the City Controller, the City Solicitor, the Personnel Director and four other persons who shall be elected to serve on the Board by the employees in the civil service in such manner as shall be determined by the Board.” In addition, there is one non-voting member on the Pension Board, who is appointed by the President of City Council. An Executive Director, together with a budgeted staff of 73 personnel, administers the day-to-day activities of the retirement system, providing services to approximately 66,600 members.

The Municipal Pension Plan, the Municipal Pension Fund, and the Pension Board are for convenience sometimes collectively referred to under this caption as the “Municipal Retirement System.”

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Membership. The following table shows the membership totals for the Municipal Pension Plan, as of July 1, 2018 and as compared to July 1, 2017.

**Table 23**  
**Municipal Pension Plan – Membership Totals**

	<u>July 1, 2018</u>	<u>July 1, 2017</u>	<u>% Change</u>
Actives	28,845	28,615	0.8%
Terminated Vesteds	1,074	1,157	-7.2%
Disabled	3,890	3,942	-1.3%
Retirees	22,275	22,288	-0.1%
Beneficiaries	8,547	8,552	-0.1%
Deferred Retirement Option Plan (“DROP”)	<u>1,944</u>	<u>1,767</u>	10.0%
Total City Members	66,575	66,321	0.4%
Annual Salaries	\$1,805,400,096	\$1,744,728,288	3.5%
Average Salary per Active Member	\$62,590	\$60,973	2.7%
Annual Retirement Allowances	\$761,946,574	\$750,204,529	1.6%
Average Retirement Allowance	\$21,951	\$21,569	1.8%

Source: July 1, 2018 Valuation.

As shown in Table 23, total membership in the Municipal Pension Plan increased by 0.4%, or from 66,321 to 66,575 members, from July 1, 2017 to July 1, 2018, including an increase of 0.8% in active members from 28,615 to 28,845 (who were contributing to the Municipal Pension Fund). Of the 66,575 members, 37,730 were retirees, beneficiaries, disabled, and other members (who were withdrawing from, or not contributing to, the Municipal Pension Fund).

Subject to the exceptions otherwise described in this paragraph, employees and officials become vested in the Municipal Pension Plan upon the completion of ten years of service. Employees and appointed officials who hold positions that are exempt from civil service and who are not entitled to be represented by a union, and who were hired before January 13, 1999, may elect accelerated vesting after five years of service in return for payment of a higher employee contribution than if the vesting period were ten years. Such employees and officials become vested after five years of service if hired after January 13, 1999 or seven years of service if hired after January 1, 2019, and pay a higher employee contribution than if the vesting period were ten years. Elected officials become vested in the Municipal Pension Plan once they complete service equal to the lesser of two full terms in their elected office or eight years and pay a higher contribution than if the vesting period were ten years. Elected officials pay an additional employee contribution for the full cost of the additional benefits they may receive over those of general municipal employees. Upon retirement, employees and officials may receive up to 100% of their average final compensation depending upon their years of credited service and the plan in which they participate.

All City employees participate in the U.S. Social Security retirement system except for uniformed Police and uniformed Fire employees.

Certain membership information relating to the City’s municipal retirement system provided by the Pension Board is set forth in Appendix A to the July 1, 2018 Actuarial Valuation Report (the “July 1, 2018 Valuation”) and includes as of July 1, 2018, among other information, active and non-active member data by plan, age/service distribution for active participants and average salary for all plans, and age and benefit distributions for non-active member data.

## **Funding Requirements; Funding Standards**

City Charter. The City Charter establishes the “actuarially sound” standard quoted above. Case law has interpreted “actuarially sound” as used in the City Charter to require the funding of two components: (i) “normal cost” (as defined below) and (ii) interest on the UAL. (*Dombrowski v. City of Philadelphia*, 431 Pa. 199, 245 A.2d 238 (1968)).

Pennsylvania Law. The Municipal Pension Plan Funding Standard and Recovery Act (Pa. P.L. 1005, No. 205 (1984)) (“Act 205”), applies to all municipal pension plans in Pennsylvania, “[n]otwithstanding any provision of law, municipal ordinance, municipal resolution, municipal charter, pension plan agreement or pension plan contract to the contrary . . . .” Act 205 provides that the annual financial requirements of the Municipal Pension Plan are: (i) the normal cost; (ii) administrative expense requirements; and (iii) an amortization contribution requirement. In addition, Act 205 requires that the MMO be payable to the Municipal Pension Fund from City revenues, and that the City shall provide for the full amount of the MMO in its annual budget. The MMO is defined as “the financial requirements of the pension plan reduced by . . . the amount of any member contributions anticipated as receivable for the following year.” Act 205 further provides that the City has a “duty to fund its municipal pension plan,” and the failure to provide for the MMO in its budget, or to pay the full amount of the MMO, may be remedied by the institution of legal proceedings for mandamus.

In accordance with Pennsylvania law and Act 205, the City uses the entry age normal actuarial funding method, whereby “normal cost” (associated with active employees only) is the present value of the benefits that the City expects to become payable in the future distributed evenly as a percent of expected payroll from the age of first entry into the plan to the expected age at retirement. The City’s share of such normal cost (to which the City adds the Plan’s administrative expenses) is reduced by member contributions. The term “level” means that the contribution rate for the normal cost, expressed as a percentage of active member payroll, is expected to remain relatively level over time.

The City has budgeted and paid at least the full MMO amount since such requirement was established, and more specifically, prior to Fiscal Year 2005 the City had been contributing to the Municipal Pension Plan the greater amount as calculated pursuant to the City Funding Policy which was implemented before Act 205 was effective, as described below. Beginning in Fiscal Year 2018, the City is contributing under the Revenue Recognition Policy (defined below), which requires higher contribution amounts than under the MMO. Payment of the MMO is a condition for receipt of the Commonwealth contribution to the Municipal Pension Fund. *See* Table 29.

Act 205 was amended in 2009 by Pa. P.L. 396, No. 44 (“Act 44”) to authorize the City to: (i) “fresh start” the amortization of the UAL as of July 1, 2009 by a level annual dollar amount over 30 years ending June 30, 2039; and (ii) revise the amortization periods for actuarial gains and losses and assumption changes in accordance with Act 44, as described below under “UAL and its Calculation – Actuarial Valuations.” In addition, Act 44 authorized the City to defer, and the City did defer, \$150 million of the MMO otherwise payable in Fiscal Year 2020, and \$80 million of the MMO otherwise payable in Fiscal Year 2011, subject to repayment of the deferred amounts by June 30, 2014. The City repaid the aggregate deferred amount of \$230 million, together with interest at the then-assumed interest rate of 8.25%, in Fiscal Year 2013. *See* Table 29. Because the final amortization date is fixed, if all actuarial assumptions are achieved, the unfunded liability would decline to zero as of the final amortization date. To the extent future experience differs from the assumptions used to establish the 30-year fixed amortization payment schedule, new amortization bases attributable to a particular year’s difference would be established and amortized over their own 20-year schedule.

GASB; City Funding Policy. Governmental Accounting Standards Board (“GASB”) Statement No. 27, “Accounting for Pensions by State and Local Governmental Employers” (“GASB 27”), applied to the City for Fiscal Years beginning prior to July 1, 2014. For the Fiscal Year beginning July 1, 2014, GASB Statement No. 68 (“GASB 68”), which amends GASB 27 in several significant respects, applies. GASB 27 defined an “annual required contribution” (“ARC”) as that amount sufficient to pay (i) the normal cost and (ii) the amortization of UAL, and provides that the maximum acceptable amortization period is 30 years (for the initial 10 years of implementation, 1996-2006, a 40-year amortization period was permitted). GASB 27 did not establish funding requirements for the City but rather was an accounting and financial reporting standard. GASB 68 does not require the calculation of an ARC but does require the City to include as a liability on its balance sheet the City’s “net pension liability,” as defined by GASB 68. The City has been funding the Municipal Pension Fund since Fiscal Year 2003 based on the MMO (at a minimum), including the deferral permitted by Act 44. *See Table 29 below.*

The City, prior to Fiscal Year 2005, had been funding the Municipal Pension Fund in accordance with what the City referred to as the “City Funding Policy.” That reference was used and continues to be used in the Actuarial Reports. Under the City Funding Policy, the UAL as of July 1, 1985 was to be amortized over 34 years ending June 30, 2019, with payments increasing at 3.3% per year, the assumed payroll growth. Other changes in the actuarial liability were amortized in level-dollar payments over various periods as prescribed in Act 205. In 1999, the City issued pension funding bonds, the proceeds of which were deposited directly into the Municipal Pension Fund to pay down its UAL. *See “– Annual Contributions – Annual Debt Service Payments on the Pension Bonds” below.*

Revenue Recognition Policy. The City follows a policy (the “Revenue Recognition Policy”) to contribute each year to the Municipal Pension Fund an amount in excess of the MMO. The determination for such additional funding is based on not including (i) the portion of the amounts generated by the increase in the Sales Tax rate that became effective on July 1, 2014 and are required by Act 205 to be deposited to the Municipal Pension Fund (*see* “REVENUES OF THE CITY – Sales and Use Tax”), (ii) contributions to be made by City employees that are under Plan 16 (described above in the text that immediately follows Table 19), and (iii) additional member contributions for current and future members in Plan 87 Police, in the actuarial asset value when determining the annual contribution obligation.

The amounts projected by the City in the Twenty-Eighth Five-Year Plan to be deposited from Sales Tax revenue into the Municipal Pension Fund, for the six Fiscal Years 2019-2024, respectively, are as follows: \$47.6 million; \$53.9 million; \$59.4 million; \$64.8 million; \$70.3 million; and \$75.0 million.

## **UAL and its Calculation**

According to the July 1, 2018 Valuation, the funded ratio (the valuation of assets available for benefits to total actuarial liability) of the Municipal Pension Fund as of July 1, 2018 was 46.8% and the Municipal Pension Fund had an unfunded actuarial liability (“UAL”) of \$6.124 billion. The UAL is the difference between total actuarial liability (\$11.521 billion as of July 1, 2018) and the actuarial value of assets (\$5.397 billion as of July 1, 2018).

Key Actuarial Assumptions. In accordance with Act 205, the actuarial assumptions must be, in the judgment of both Cheiron (the independent consulting actuary for the Municipal Pension Fund) and the City, “the best available estimate of future occurrences in the case of each assumption.” The assumed investment return rate used in the July 1, 2018 Valuation was 7.60% a year (which includes an inflation assumption of 2.75%), net of administrative expenses, compounded annually. For the prior actuarial valuation, the assumed investment return rate was 7.65%. *See Table 24 for the assumed rates of return for Fiscal Years 2009 to 2018.* The 7.65% was used to establish the MMO payment for Fiscal Year 2018;

7.60% will be used to establish the MMO payment for Fiscal Year 2019; 7.55% will be used to establish the MMO payment for Fiscal Year 2020.

Other key actuarial assumptions in the July 1, 2018 Valuation include the following: (i) total annual payroll growth of 3.30%, (ii) annual administrative expenses assumed to increase 3.30% per year, (iii) to recognize the expense of the benefits payable under the Pension Adjustment Fund (as described below), actuarial liabilities were increased by 0.54%, based on the statistical average expected value of the benefits, (iv) a vested employee who terminates will elect a pension deferred to service retirement age so long as their age plus years of service at termination are greater than or equal to 55 (45 for police and fire employees in the 1967 Plan), (v) for municipal and elected members, 65% of all disabilities are ordinary and 35% are service-connected, and (vi) for police and fire members, 25% of all disabilities are ordinary and 75% are service-connected.

“Smoothing Methodology”. The Municipal Retirement System uses an actuarial value of assets to calculate its annual pension contribution, using an asset “smoothing method” to dampen the volatility in asset values that could occur because of fluctuations in market conditions. The Municipal Retirement System used a five-year smoothing prior to Fiscal Year 2009, and beginning with Fiscal Year 2009 began employing a ten-year smoothing. Using the ten-year smoothing methodology, investment returns in excess of or below the assumed rate are prospectively distributed in equal amounts over a ten-year period, subject to the requirement that the actuarial value of assets will be adjusted, if necessary, to ensure that the actuarial value of assets will never be less than 80% of the market value of the assets, nor greater than 120% of the market value of the assets. The actuarial value of assets as of July 1, 2018, was approximately 101.1% of the market value of the assets, as compared to 104.8% as of July 1, 2017.

Actuarial Valuations. The Pension Board engages an independent consulting actuary (currently Cheiron) to prepare annually an actuarial valuation report. Act 205, as amended by Act 44, establishes certain parameters for the actuarial valuation report, including: (i) use of the entry age normal actuarial cost method; (ii) that the report shall contain: (a) actuarial exhibits, financial exhibits, and demographic exhibits; (b) an exhibit of normal costs expressed as a percentage of the future covered payroll of the active membership in the Municipal Pension Plan; and (c) an exhibit of the actuarial liability of the Municipal Pension Plan; and (iii) that changes in the actuarial liability be amortized in level-dollar payments as follows: (a) actuarial gains and losses be amortized over 20 years beginning July 1, 2009 (prior to July 1, 2009, gains and losses were amortized over 15 years); (b) assumption changes be amortized over 15 years beginning July 1, 2010 (prior to July 1, 2010, assumption changes were amortized over 20 years); (c) plan changes for active members be amortized over 10 years; (d) plan changes for inactive members be amortized over one year; and (e) plan changes mandated by the Commonwealth be amortized over 20 years.

Act 205 further requires that an experience study be conducted at least every four years, and cover the five-year period ending as of the end of the plan year preceding the plan year for which the actuarial valuation report is filed. The most recent Experience Study was prepared by Cheiron in March 2018 for the period July 1, 2012 – June 30, 2017. The changes to the actuarial and demographic assumptions that were adopted by the Pension Board in response to such Experience Study were employed for the July 1, 2018 Valuation (which is used to determine the June 30, 2020 fiscal year end MMO, City Fund Policy, and Revenue Recognition Policy contributions). The principal revisions included increases in salary growth rates for municipal employees; decreases in retirement and termination rates; marginal changes in the expected disability rates; and changes in mortality assumptions to fully reflect the most recent experience. Details of these assumption changes and the experience of the Municipal Pension Plan can be found in the *City of Philadelphia Municipal Retirement System Experience Study Results for the period covering July 1, 2012 – June 30, 2017*, available at the Investor Information section of the City’s Investor Website.

## **Pension Adjustment Fund**

Pursuant to § 22-311 of the Philadelphia Code, the City directed the Pension Board to establish a Pension Adjustment Fund (“PAF”) on July 1, 1999, and further directed the Pension Board to determine, effective June 30, 2000 and each Fiscal Year thereafter, whether there are “excess earnings” as defined available to be credited to the PAF. The Pension Board’s determination is to be based upon the actuary’s certification using the “adjusted market value of assets valuation method” as defined in § 22-311. Although the portion of the assets attributed to the PAF is not segregated from the assets of the Municipal Pension Fund, the Philadelphia Code provides that the “purpose of the Pension Adjustment Fund is for the distribution of benefits as determined by the Board for retirees, beneficiaries or survivors [and] [t]he Board shall make timely, regular and sufficient distributions from the Pension Adjustment Fund in order to maximize the benefits of retirees, beneficiaries or survivors.” Distributions are to be made “without delay” no later than six months after the end of each Fiscal Year. The PAF was established, in part, because the Municipal Retirement System does not provide annual cost-of-living increases to retirees or beneficiaries. At the time the PAF was established, distributions from the PAF were subject to the restriction that the actuarial funded ratio using the “adjusted market value of assets” be not less than such ratio as of July 1, 1999 (76.7%). That restriction was deleted in 2007.

The amount to be credited to the PAF is 50% of the “excess earnings” that are between one percent (1%) and six percent (6%) above the actuarial assumed investment rate. Earnings in excess of six percent (6%) of the actuarial assumed investment rate remain in the Municipal Pension Fund. Although the Pension Board utilizes a ten-year smoothing methodology, as explained above, for the actuarial valuation of assets for funding and determination of the MMO, § 22-311 provides for a five-year smoothing to determine the amount to be credited to the PAF. The actuary determined that for the Fiscal Year ended June 30, 2018, there were no “excess earnings” as defined to be credited to the PAF. The Pension Board transfers to the PAF the full amount calculated by the actuary as being available in any year for transfer within six months of the Pension Board designating the amount to be transferred.

Transfers to the PAF and the resultant additional distributions to retirees result in removing assets from the Municipal Pension Plan. To account for the possibility of such transfers, and as an alternative to adjusting the assumed investment return rate to reflect such possibility, the actuary applies a load of 0.54% to the calculated actuarial liability as part of the funding requirement and MMO. Such calculation was utilized for the first time in the July 1, 2013 actuarial valuation.

The market value of assets as used under this caption, “PENSION SYSTEM,” represents the value of the assets if they were liquidated on the valuation date and this value includes the PAF (except as otherwise indicated in certain tables), although the PAF is not available for funding purposes. The actuarial value of assets does not include the PAF.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Rates of Return; Asset Values; Changes in Plan Net Position

Rates of Return. The following table sets forth for the Fiscal Years 2009-2018 the market value of assets internal rate of return and actuarial value of assets internal rate of return experienced by the Municipal Pension Fund, and the assumed rate of return. The 5-year and 10-year annual average returns as of June 30, 2018, were 6.73% and 5.30%, respectively, on a market value basis.

**Table 24**  
**Municipal Pension Fund**  
**Annual Rates of Return**

<u>Year Ending June</u> <u>30,</u>	<u>Market Value</u>	<u>Actuarial Value</u> <sup>(1)</sup>	<u>Assumed Rate of Return</u>
2009	-19.9%	-9.3%	8.75%
2010	13.8%	12.9%	8.25%
2011	19.4%	9.9%	8.15%
2012	0.2%	2.4%	8.10%
2013	10.9%	5.1%	7.95%
2014	15.7%	4.8%	7.85%
2015	0.3%	5.8%	7.80%
2016	-3.2%	4.5%	7.75%
2017	13.1%	4.4%	7.70%
2018	9.0%	5.1%	7.65%

Source: July 1, 2018 Valuation.

<sup>(1)</sup> Net of PAF. See "Pension Adjustment Fund" above. The actuarial values reflect a ten-year smoothing.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Asset Values. The following table sets forth, as of the July 1 actuarial valuation date for the years 2009-2018, the actuarial and market values of assets in the Municipal Pension Fund and the actuarial value as a percentage of market value.

**Table 25**  
**Actuarial Value of Assets vs. Market Value of Net Assets**  
**(Dollar Amounts in Millions of USD)**

Actuarial Valuation Date (July 1)	Actuarial Value of Assets <sup>(1)</sup>	Market Value of Net Assets <sup>(1)</sup>	Actuarial Value as a Percentage of Market Value
2009	\$4,042.1	\$3,368.4	120.0%
2010 <sup>(2)</sup>	\$4,380.9	\$3,650.7	120.0%
2011 <sup>(2)</sup>	\$4,719.1	\$4,259.2	110.8%
2012 <sup>(2)</sup>	\$4,716.8	\$4,151.8	113.6%
2013	\$4,799.3	\$4,444.1	108.0%
2014	\$4,814.9	\$4,854.3	99.2%
2015	\$4,863.4	\$4,636.1	104.9%
2016	\$4,936.0	\$4,350.8	113.5%
2017	\$5,108.6	\$4,873.0	104.8%
2018	\$5,397.4	\$5,340.1	101.1%

Source: July 1, 2018 Valuation for Actuarial Value of Assets; 2009-2018 Actuarial Reports for Market Value of Net Assets.

<sup>(1)</sup> For purposes of this table, the Market Value of Net Assets excludes the PAF, which as of June 30, 2018 equaled \$1.160 million. The Actuarial Value of Assets excludes that portion of the Municipal Pension Fund that is allocated to the PAF. The actuarial values reflect a ten-year smoothing.

<sup>(2)</sup> The July 1, 2010 actuarial and market values of assets include the \$150 million deferred contribution from Fiscal Year 2020, and the July 1, 2011 and July 1, 2012 actuarial and market values of assets include the total deferred contribution of \$230 million. See Table 29 below.

Changes in Plan Net Position. The following table sets forth, for the Fiscal Years 2014-2018, the additions, including employee (member) contributions, City contributions (including contributions from the Commonwealth), investment income and miscellaneous income, and deductions, including benefit payments and administration expenses, for the Municipal Pension Fund. Debt service payments on pension funding bonds (as described below at “Annual Contributions – *Annual Debt Service Payments on the Pension Bonds*”) are made from the City’s General Fund, Water Operating Fund, and Aviation Operating Fund, but are not made from the Municipal Pension Fund, and therefore are not included in Table 26. In those years in which the investment income is less than anticipated, the Municipal Pension Fund may experience negative changes (total deductions greater than total additions), which, as the table reflects, did occur in Fiscal Years 2015 and 2016. Furthermore, if unrealized gains are excluded from Table 26, resulting in a comparison of cash actually received against actual cash outlays, it results in a negative cash flow in Fiscal Years 2014-2017, which is typical of a mature retirement system. In Fiscal Year 2018, there was a positive cash flow.

Contributions from the Commonwealth are provided pursuant to the provisions of Act 205. Any such contributions are required to be used to defray the cost of the City’s pension system. The amounts contributed by the Commonwealth for each of the last ten Fiscal Years are set forth in Table 29 below. The contributions from the Commonwealth are capped pursuant to Act 205, which provides that “[n]o municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount greater than 25% of the total amount of the general municipal pension system State aid available.”

Employee (member) contribution amounts reflect contribution rates as a percent of pay, which for the plan year beginning July 1, 2019, vary from 6.00% to 8.50% for police and fire employees, and from 2.33% to 7.00% for municipal employees excluding elected officials. These rates include the increases for police employees effective July 1, 2017 resulting from the FOP Lodge No. 5 and IAFF Local No. 22 Labor Contracts. Such contracts increased member contributions for current police officers in Plan 87 and Plan 10 by 0.92% effective July 1, 2017 and an additional 0.92% effective July 1, 2018. For new police officers and fire fighters hired or rehired on or after July 1, 2017, the member contribution rate is increased by 2.5% over the rate which would otherwise be in effect as of July 1, 2017. The rates also include the increases in contributions for certain municipal employees and elected officials currently in Plans 67, 87 and 87 Prime and elected officials as required by legislation. This legislation called for employees in these groups to pay an additional 0.5% of compensation from January 1, 2015 to December 31, 2015 and an additional 1.0% from January 1, 2016 onwards. New employees in these groups entering Plan 87 Municipal Prime will pay an additional 1.0% of compensation which is included in the table below. Finally, these rates do not include the additional tiered contributions paid by current and future municipal employees based on their level of compensation.

## Funded Status of the Municipal Pension Fund

The following two tables set forth, as of the July 1 actuarial valuation date for the years 2009-2018, the asset value, the actuarial liability, the UAL, the funded ratio, covered payroll and UAL, as a percentage of covered payroll for the Municipal Pension Fund on actuarial and market value bases, respectively.

**Table 27**

2017	\$487.0	\$68.7	\$555.7	\$61.0	\$28.8	\$33.3	\$27.4	\$0.0	\$706.2	\$629.6	-	112.2%
2018	\$559.7	\$72.4	\$632.1	\$62.7	\$28.8	\$32.5	\$25.9	\$0.0	\$782.0	\$661.3	-	118.3%

- (1) Other Funds Contributions represents contributions to the Municipal Pension Fund from the City's Special Gasoline Tax Fund, Community Development Block Grant Fund, and Municipal Pension Fund.
- (2) Reflects the actual cash outlays for Fiscal Year 2020 and Fiscal Year 2011, which do not include the deferred contributions authorized pursuant to Act 44. See "– Funding Requirements; Funding Standards – Pennsylvania Law" above for a discussion of pension contribution deferrals authorized pursuant to Act 44.
- (3) As authorized pursuant to Act 44, the City deferred payments to the Municipal Pension Fund of \$150 million in Fiscal Year 2020 and \$80 million in fiscal year 2011. Those amounts were repaid in fiscal year 2013, in which year the City made a contribution of \$252.6 million to the Municipal Pension Fund, consisting of \$230 million of proceeds of Pension Bonds that were issued in October 2012 and \$22.6 million in refunding savings from a refunding Pension Bond financing in December 2012. See "– Annual Debt Service Payments on the Pension Bonds" below.
- (4) Act 205 directs the Actuary, in performing the actuarial valuations, to disregard deferrals, and therefore for ease of presentation 100.0% is reflected in this column for both the years in which the deferrals occurred and the year in which the makeup payment was made.

*Annual Debt Service Payments on the Pension Bonds*

Pension funding bonds (“Pension Bonds”) were initially issued in Fiscal Year 1999 (the “1999 Pension Bonds”), at the request of the City, by PAID. Debt service on the Pension Bonds is payable pursuant to a Service Agreement between the City and PAID. The Service Agreement provides that the City is obligated to pay a service fee from its current revenues and the City covenanted in the agreement to include the annual amount in its operating budget and to make appropriations in such amounts as are required. If the City’s revenues are insufficient to pay the full service fee in any Fiscal Year as the same becomes due and payable, the City has covenanted to include amounts not so paid in its operating budget for the ensuing Fiscal Year.

The 1999 Pension Bonds were issued in the principal amount of \$1.3 billion, and the net proceeds were used, together with other funds of the City, to make a contribution in Fiscal Year 1999 to the Municipal Pension Fund in the amount of approximately \$1.5 billion.

In October 2012, PAID, at the request of the City, issued Pension Bonds in the principal amount of \$231.2 million, the proceeds of which were used principally to make the \$230 million repayment of deferred contributions to the Municipal Pension Fund reflected in Table 29 above. These bonds had maturities of April 1, 2013 and 2014, and have been repaid.

In December 2012, PAID, at the request of the City, issued Pension Bonds in the approximate principal amount of \$300 million, the proceeds of which were used to current refund a portion of the 1999 Pension Bonds. The refunding generated savings of approximately \$22.6 million, which the City deposited into the Municipal Pension Fund.

Table 30 shows the components of the City’s annual debt service payments on the Pension Bonds for the Fiscal Years 2009-2018.

**Table 30**  
**Total Debt Service Payments on Pension Bonds**  
**(Amounts in Millions of USD)**

Fiscal Year	General Fund Payment	Water Fund Payment	Aviation Fund Payment	Other Funds Payment <sup>(1)</sup>	Grants Funding	Total Payment
2009	\$84.4	\$7.2	\$3.3	\$0.6	\$1.3	\$96.8
2010	\$96.7	\$7.6	\$3.4	\$0.6	\$1.5	\$109.8
2011	\$97.7	\$10.3	\$4.6	\$0.8	\$1.5	\$114.9
2012	\$100.1	\$10.7	\$4.8	\$0.7	\$3.4	\$119.7
2013 <sup>(2)</sup>	\$196.6	\$21.5	\$10.1	\$1.3	\$3.8	\$233.3
2014 <sup>(2)</sup>	\$211.0	\$23.6	\$11.2	\$1.4	\$3.7	\$250.9
2015	\$107.7	\$12.6	\$5.9	\$0.8	\$4.0	\$131.0
2016	\$109.9	\$13.7	\$6.4	\$0.9	\$3.8	\$134.7
2017	\$109.5	\$14.5	\$6.6	\$0.9	\$3.3	\$134.8
2018	\$110.1	\$14.3	\$6.3	\$0.9	\$3.1	\$134.7

<sup>(1)</sup> Other Funds Payments represents the allocable portion of debt service payments on the City’s Pension Bonds from the City’s Community Development Block Grant Fund and Municipal Pension Fund.

<sup>(2)</sup> The increase in debt service payments in fiscal years 2013 and 2014 over the fiscal year 2012 amounts reflect the debt service payments on the Pension Bonds that were issued in October 2012.

*Annual Pension Costs of the General Fund*

Table 31 shows the annual pension costs of the General Fund for the Fiscal Years 2009-2018, being the sum of the General Fund Contribution to the Municipal Pension Fund (column (A) in Table 29 above) and the General Fund debt service payments on Pension Bonds (Table 30 above).

**Table 31**  
**Annual Pension Costs of the General Fund**  
**(Amounts in Millions of USD)**

Fiscal Year	General Fund Pension Fund Contribution (A) <sup>(1)</sup>	General Fund Pension Bond Debt Service Payment (B)	Annual Pension Costs (A+B)	Total General Fund Expenditures (C)	General Fund portion of Annual Pension Costs as % of Total General Fund Expenditures $\frac{(A+B)}{C}$
2009	\$315.0	\$84.4	\$399.4	\$3,915.29	10.20%
2010	\$190.8	\$96.7	\$287.5	\$3,653.73	7.87%
2011	\$325.8	\$97.7	\$423.5	\$3,785.29	11.19%

## Actuarial Projections of Funded Status

Cautionary Note. The information under this subheading, “Actuarial Projections of Funded Status,” was prepared by Cheiron. The table below shows a five-year projection of Revenue Recognition Policy (“RRP”) payments, Actuarial Value of Assets, Actuarial Liability, UAL, and Funded Ratio. The charts below show projections of funded ratios and City contributions based on the RRP through Fiscal Year 2038. All projections, whether for five years or for twenty years, are subject to actual experience deviating from the underlying assumptions and methods, and that is particularly the case for the charts below for the periods beyond the projections in the five-year table. **Projections and actuarial assessments are “forward looking” statements and are based on assumptions which may not be fully realized in the future and are subject to change, including changes based on the future experience of the City’s Municipal Pension Fund and Municipal Pension Plan.**

The projections are on the basis that all assumptions as reflected in the July 1, 2018 Valuation are exactly realized and the City makes all future RRP payments on schedule as required by the funding policy adopted by the Pension Board, and must be understood in the context of the assumptions, methods and benefits in effect as described in the July 1, 2018 Valuation. Included among such assumptions are: (i) the rates of return for the Municipal Pension Fund over the projection period will equal 7.60% in Fiscal Year 2019 and 7.55% annually thereafter, (ii) RRP contributions will be made each year, and (iii) the provisions of Act 205 as amended by Act 44 will remain in force during the projection period. The July 1, 2018 Valuation includes charts reflecting the contributions based on MMO (Baseline projection set 1), and charts reflecting the additional contributions in accordance with the RRP (Baseline projection set 2). The charts below reflect the RRP contributions, which are higher than the MMO required under Pennsylvania law. Using the RRP, the System is projected to be 80% funded by 2029 and 100% funded by 2033, four years earlier than under the MMO projections. By the end of the projection period, the System is expected to be funded at 110.6% compared to 103.8% when MMO contributions are made. See the July 1, 2018 Valuation for a further discussion of the assumptions and methodologies used by the Actuary in preparing the July 1, 2018 Valuation and the following projections, all of which should be carefully considered in reviewing the projections. The July 1, 2018 Valuation is available for review on the website of the City’s Board of Pensions. The table and charts below separately set forth estimates of sales tax revenues that will be deposited by the City into the Municipal Pension Fund, which were provided by the City to Cheiron at the time of the valuation. Cheiron has not analyzed and makes no representation regarding the validity of the sales tax revenue assumptions and estimates provided by the City. See “REVENUES OF THE CITY – Sales and Use Tax.” Each of the tables and graphs that follow are part of the July 1, 2018 Valuation and such Valuation report should be referenced regarding the underlying benefits, methods, and assumptions utilized in the production of these values.

Five-Year Projection. The following chart provides dollar amounts in millions of USD.

Fiscal Year End	RRP	Sales Tax Contribution	Actuarial Value of Assets	Actuarial Liability	UAL	Funded Ratio
2019	\$ 680.8	\$ 45.2	\$ 5,397.4	\$ 11,521.0	\$ 6,123.5	46.8%
2020	704.6	51.5	5,722.9	11,699.2	5,976.4	48.9%
2021	715.9	56.8	6,071.4	11,820.5	5,749.2	51.4%
2022	722.1	62.2	6,412.9	11,944.4	5,531.5	53.7%
2023	732.0	67.6	6,823.1	12,070.4	5,247.2	56.5%

### Twenty-Year Projections.

Funded Ratio Chart based on the RRP:

Expected City Contribution Chart based on the RRP:

### **OTHER POST-EMPLOYMENT BENEFITS**

The City self-administers a single employer, defined benefit plan for post-employment benefits other than pension benefits (“OPEB”), and funds such plan on a pay-as-you-go basis. The City’s OPEB plan provides for those persons who retire from the City and are participants in the Municipal Pension Plan: (i) post-employment healthcare benefits for a period of five years following the date of retirement and (ii) lifetime life insurance coverage (\$7,500 for firefighters who retired before July 1, 1990; \$6,000 for all other retirees). In general, retirees eligible for OPEB are those who terminate their employment after ten years of continuous service to immediately become pensioned under the Municipal Pension Plan.

To provide health care coverage, the City pays a negotiated monthly premium for retirees covered by the union contract for AFSCME DC 33 and is self-insured for all other eligible pre-Medicare retirees. Aside from AFSCME DC 33, the City is responsible for the actual health care cost that is invoiced to the City’s unions by their respective vendors. The actual cost can be a combination of self-insured claim

expenses, premiums, ancillary services, and administrative expenses. Eligible union represented employees receive five years of coverage through their union's health fund. The City's funding obligation for pre-Medicare retiree benefits is the same as for active employees. Union represented and non-union employees may defer their retiree health coverage until a later date. For some groups, the amount that the City pays for their deferred health care is based on the value of the health benefits at the time the retiree claims the benefits, but for police and fire retirees who retired after an established date, the City pays the cost of five years of coverage when the retiree claims the benefits.

The annual payments made by the City for OPEB for Fiscal Years 2014-2018 are shown in Table 33 below.

**Table 33**  
**Annual OPEB Payment**  
**(Amounts in Thousands of USD)**

<u>Fiscal Year ended June 30,</u>	<u>Annual OPEB Payment</u>
2014	\$67,100
2015	\$95,300
2016	\$107,200
2017	\$114,800
2018	\$96,400

Source: See Note IV.3 to the City's audited Financial Statements for such Fiscal Years (as included in the City's CAFRs).

For financial reporting purposes, although the City funds OPEB on a pay-as-you-go basis, it is required to include in its financial statements (in accordance with GASB Statement No. 75) a calculation similar to that performed to calculate its pension liability. Pursuant to GASB 75, an annual required contribution is calculated which, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liability over a period not to exceed 30 years. As of June 30, 2017, the date of the most recent actuarial valuation, the UAL for the City's OPEB was \$1.862 billion, the covered annual payroll was \$1.865 billion, and the ratio of UAL to the covered payroll was 99.83%. See Note IV.3 to the City's audited Financial Statements for the Fiscal Year ended June 30, 2018.

## PGW PENSION PLAN

### General

PGW consists of all the real and personal property owned by the City and used for the acquisition, manufacture, storage, processing, and distribution of gas within the City, and all property, books, and records employed and maintained in connection with the operation, maintenance, and administration of PGW. The City Charter provides for a Gas Commission (the "Gas Commission") to be constituted and appointed in accordance with the provisions of contracts between the City and the operator of PGW as may from time to time be in effect, or, in the absence of a contract, as may be provided by ordinance. The Gas Commission consists of the City Controller, two members appointed by City Council and two members appointed by the Mayor.

PGW is operated by PFMC, pursuant to an agreement between the City and PFMC dated December 29, 1972, as amended, authorized by ordinances of City Council (the “Management Agreement”). Under the Management Agreement, various aspects of PFMC’s management of PGW are subject to review and approval by the Gas Commission. The PUC has the regulatory responsibility for PGW with regard to rates, safety, and customer service.

The City sponsors the Philadelphia Gas Works Pension Plan (the “PGW Pension Plan”), a single employer defined benefit plan, to provide pension benefits for certain current and former PGW employees and other eligible class employees of PFMC and the Gas Commission. As plan sponsor, the City, through its General Fund, could be responsible for plan liabilities if the PGW Pension Plan does not satisfy its payment obligations to PGW retirees. At June 30, 2018, the PGW Pension Plan membership total was 3,729, comprised of: (i) 2,516 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them; and (ii) 1,213 participants, of which 961 were vested and 252 were nonvested.

### **PGW Pension Plan**

The PGW Pension Plan provides retirement benefits as well as death and disability benefits. Retirement benefits vest after five years of credited service. Retirement payments for vested employees commence: (i) at age 65 and five years of credited service; (ii) age 55 and 15 years of credited service; or (iii) without regard to age, after 30 years of credited service. For covered employees hired prior to May 21, 2011 (union employees) or prior to December 21, 2011 (non-union employees), PGW pays the entire cost of the PGW Pension Plan. Union employees hired on or after May 21, 2011 and non-union employees hired on or after December 21, 2011 have the option to participate in the PGW Pension Plan and contribute 6% of applicable wages, or participate in a plan established in compliance with Section 401(a) of the Internal Revenue Code (deferred compensation plan) and have PGW contribute 5.5% of applicable wages.

PGW is required by statute to contribute the amounts necessary to fund the PGW Pension Plan. The PGW Pension Plan is being funded with contributions by PGW to the Sinking Fund Commission of the City, together with investment earnings and employee contributions required for new hires after December 2011 who elect to participate in the PGW Pension Plan. Benefit and contribution provisions are established by City ordinance and may be amended only as allowed by City ordinance. The pension payments are treated as an operating expense of PGW and are included as a component of PGW’s base rate. The PUC approves all items that are to be included in PGW’s base rates.

Effective October 2015, payments to beneficiaries of the PGW Pension Plan are made by the PGW Retirement Reserve Fund. Prior to October 2015, payments to beneficiaries of the PGW Pension Plan were made by PGW through its payroll system. The financial statements for the PGW Pension Plan for the fiscal year ended June 30, 2018, show an amount due to PGW of approximately \$0.1 million, which represents the cumulative excess of payments made to the retirees and administrative expenses incurred by PGW, over the sum of PGW’s required annual contribution and reimbursements received from the PGW Pension Plan.

### **Pension Costs and Funding**

PGW pays an annual amount that is projected to be sufficient to cover its normal cost and an amortization of the PGW Pension Plan’s UAL. The following table shows the normal cost, the amortization payment, and the resulting annual required contribution as of the last five actuarial valuation dates for the PGW Pension Plan. PGW has been using a 20-year open amortization period (and the payments in Table 34 are on the basis of a 20-year open amortization). Commencing in PGW’s fiscal year 2016, PGW calculates an annual required contribution on the basis of both a 20-year open amortization period and a

30-year closed amortization period, and will contribute the higher of the two amounts. *See* “– Projections of Funded Status” below. An open amortization period is one that begins again or is recalculated at each actuarial valuation date. With a closed amortization period, the unfunded liability is amortized over a specific number of years to produce a level annual payment. Because the final amortization date is fixed, if all actuarial assumptions are achieved, the unfunded liability would decline to zero as of the final amortization date. To the extent future experience differs from the assumptions used to establish the 30-year fixed amortization payment schedule, new amortization bases attributable to a particular year’s difference would be established and amortized over their own 30-year schedule.

**Table 34**  
**PGW Pension – Annual Required Contributions**  
**(Dollar Amounts in Thousands of USD)**

<b>Calculation of ARC for the 12- month period ended:</b>	<b>Normal Cost<sup>(1)</sup> (A)</b>	<b>Amortization Payment<sup>(1)</sup> (B)</b>	<b>ARC<sup>(1), (2)</sup> (A + B)</b>	<b>Payments to Beneficiaries<sup>(3)</sup></b>
9/1/2014	\$8,852	\$12,130	\$20,982	\$42,913
7/1/2015	\$7,859	\$18,063	\$25,922	\$46,917
7/1/2016	\$7,992	\$20,238	\$28,230	\$50,447
7/1/2017	\$7,717	\$19,678	\$27,395	\$51,376
7/1/2018	\$7,760	\$20,022	\$27,782	\$52,627

(1) Source: The Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019 for the PGW Pension Plan.

(2) As described above, until October 2015, PGW did not make a net cash contribution to the PGW Pension Plan, but rather paid beneficiaries through its payroll system, and then was reimbursed by the Plan. Effective October 2015, payments to beneficiaries of the PGW Pension Plan are made by the PGW Retirement Reserve Fund. Each ARC is the sum reflected in this table, but the “Calculated Mid-Year Contribution” in Tables 36 and 37 more closely approximates the actual pension contributions made by PGW.

(3) Source: For 2014-2015, PGW’s CAFR for the fiscal year ended August 31, 2015. For 2016, the audited financial statements for PGW for the fiscal years ended August 31, 2016 and 2015. For 2017, the audited financial statements for PGW for the fiscal years ended August 31, 2017 and 2016. For 2018, PGW records.

Although PGW has paid its annual required contribution each year, the market value of assets for the PGW Pension Plan is less than the actuarial accrued liability, as shown in the next table.

**Table 35**  
**Schedule of Pension Funding Progress**  
**(Dollar Amounts in Thousands of USD)<sup>(1)</sup>**

<b>Actuarial Valuation Date</b>	<b>Market Value of Assets</b>	<b>Actuarial Liability</b>	<b>UAL (Market Value)</b>	<b>Funded Ratio</b>
9/1/2014	\$514,944	\$643,988	\$129,044	79.96%
7/1/2015	\$510,719	\$706,704	\$195,985	72.27%
7/1/2016	\$483,259	\$736,078	\$252,819	65.65%
7/1/2017	\$521,526	\$739,872	\$218,346	70.49%
7/1/2018	\$543,246	\$758,069	\$214,823	71.66%

(1) Source: The Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019 for the PGW Pension Plan.

The current significant actuarial assumptions for the PGW Pension Plan are: (i) investment return rate of 7.30% compounded annually; (ii) salary increases assumed to reach 4.5% per year; and (iii) retirements that are assumed to occur, for those with 30 or more years of service, at a rate of 15% at ages 55 to 60, 30% at age 61, 50% at ages 62-69, and 100% at age 70 and older.

PGW uses a September 1 – August 31 fiscal year, while the PGW Pension Plan uses a July 1 – June 30 fiscal year (the same as the City’s fiscal year). The last four actuarial valuation reports for the PGW Pension Plan utilized a plan year of July 1 to June 30. This is reflected in Table 35 above.

The PGW Pension Plan actuary prepared a separate actuarial valuation report (“GASB 67 Report”) for the fiscal year ending June 30, 2018, for purposes of plan reporting information under Governmental Accounting Standards Board Statement No. 67, “Financial Reporting for Pension Plans.” The GASB 67 Report shows for the fiscal year ending June 30, 2018, an unfunded liability of approximately \$261.3 million (rather than the approximately \$214.8 million reflected in Table 35), which results in a funded ratio of 67.53%. In addition, that report provides an interest rate sensitivity, which shows that were the investment rate to be 6.30% (1% lower than the assumed investment rate of 7.30%), the unfunded liability would be approximately \$354.0 million.

### **Projections of Funded Status**

The information under this subheading, “Projections of Funded Status,” is extracted from tables prepared by Aon Hewitt, as actuary to the PGW Pension Plan, which were included in their “Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019,” dated September 5, 2018. The charts show 10-year projections, using both the current amortization method (20-year, open) and the alternative amortization method (30-year, fixed). *See* “– Pension Costs and Funding” above. Projections are subject to actual experience deviating from the underlying assumptions and methods. **Projections and actuarial assessments are “forward looking” statements and are based upon assumptions that may not be fully realized in the future and are subject to change, including changes based upon the future experience of the PGW Pension Plan.**

## **Additional Information**

The City issues a publicly available financial report that includes financial statements and required supplementary information for the PGW Pension Plan. The report is not incorporated into this Official Statement by reference. The report may be obtained by writing to the Office of the Director of Finance of the City.

Further information on the PGW Pension Plan, including with respect to its membership, plan description, funding policy, actuarial assumptions and funded status is contained in the Fiscal Year 2018 CAFR.

### **PGW OTHER POST-EMPLOYMENT BENEFITS**

PGW provides post-employment healthcare and life insurance benefits to its participating retirees and their beneficiaries and dependents. The City, through its General Fund, could be responsible for costs associated with post-employment healthcare and life insurance benefits if PGW fails to satisfy its post-employment benefit obligations.

PGW pays the full cost of medical, basic dental, and prescription coverage for employees who retired prior to December 1, 2001. Employees who retire after December 1, 2001 are provided a choice of three plans at PGW's expense and can elect to pay toward a more expensive plan. Union employees hired prior to May 21, 2011 and non-union employees hired prior to December 21, 2011 who retire from active service to immediately begin receiving pension benefits are entitled to receive lifetime post-retirement medical, prescription, and dental benefits for themselves and, depending on their retirement plan elections, their dependents. Employees hired on or after those dates are entitled to receive only five years of post-retirement benefits. Currently, PGW provides for the cost of healthcare and life insurance benefits for retirees and their beneficiaries on a pay-as-you-go-basis.

As part of a July 29, 2010 rate case settlement (the "Rate Settlement"), which provided for the establishment of an irrevocable trust for the deposit of funds derived through a rider from all customer classes to fund OPEB liabilities (the "OPEB Surcharge"), PGW established the trust in July 2010, and began funding the trust in accordance with the Rate Settlement in September 2010. The Rate Settlement provides that PGW shall deposit \$15.0 million annually for an initial five-year period towards the ARC, and an additional \$3.5 million annually, which represents a 30-year amortization of the OPEB liability at August 31, 2010. These deposits will be funded primarily through increased rates of \$16.0 million granted in the Rate Settlement. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excesses) over a period of 30 years. In PGW's 2015-2016 Gas Cost Rate ("GCR") proceeding, PGW proposed to continue its OPEB Surcharge. The parties to the GCR proceeding submitted a settlement agreement continuing the OPEB Surcharge at the same level of revenue (\$16.0 million annually) and funding (\$18.5 million annually). Such settlement agreement was approved by the PUC.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Table 38 provides detail of actual PGW OPEB payments for the last five PGW Fiscal Years and projected PGW OPEB payments for PGW Fiscal Years 2019-2023. Table 39 is the schedule of PGW OPEB funding progress.

## **CITY CASH MANAGEMENT AND INVESTMENT POLICIES**

### **General Fund Cash Flow**

Because the receipt of revenues into the General Fund generally lags behind expenditures from the General Fund during each Fiscal Year, the City issues notes in anticipation of General Fund revenues and makes payments from the Consolidated Cash Account (described below) to finance its on-going operations.

The timing imbalance referred to above results from a number of factors, principally the following:

- (i) Real Estate Taxes, BIRT, and net profits taxes are not due until the latter part of the Fiscal Year; and
- (ii) the City experiences lags in reimbursement from other governmental entities for expenditures initially made by the City in connection with programs funded by other governments.

From time to time, the City issues, or PICA has issued on behalf of the City, tax and revenue anticipation notes. Each issue was repaid when due, prior to the end of the particular Fiscal Year. The City did not issue tax and revenue anticipation notes in Fiscal Year 2019, nor does it expect to do so in Fiscal Year 2020.

The repayment of the tax and revenue anticipation notes is funded through cash available in the General Fund.

### **Consolidated Cash**

The Act of the General Assembly of June 25, 1919 (Pa. P.L. 581, No. 274, Art. XVII, § 6) authorizes the City to make temporary inter-fund loans between certain operating and capital funds. The City maintains a Consolidated Cash Account for the purpose of pooling the cash and investments of all City funds, except those which, for legal or contractual reasons, cannot be commingled (e.g., the Municipal Pension Fund, sinking funds, sinking fund reserves, funds of PGW, the Aviation Fund, the Water Fund, and certain other restricted purpose funds). A separate accounting is maintained to record the equity of each member fund that participates in the Consolidated Cash Account. The City manages the Consolidated Cash Account pursuant to the procedures described below.

To the extent that any member fund temporarily experiences the equivalent of a cash deficiency, an advance is made from the Consolidated Cash Account, in an amount necessary to result in a zero balance in the cash equivalent account of the borrowing fund. All subsequent net receipts of a member fund that has negative equity are applied in repayment of the advance.

All advances are made within the budgetary constraints of the borrowing funds. Within the General Fund, this system of inter-fund advances has historically resulted in the temporary use of tax revenues or other operating revenues for capital purposes and the temporary use of capital funds for operating purposes. With the movement of the reimbursable component of DHS activities from the General Fund to the Grants Revenue Fund, a similar system of advances has resulted in the use of tax revenues or other operating revenues in the General Fund to make expenditures from the Grants Revenue Fund, which advances may be outstanding for multiple Fiscal Years, but which are expected to be reimbursed by the Commonwealth.

The City, in addition to maintaining an ongoing cash reconciliation process, is reviewing and reconciling certain unidentified variances in the Consolidated Cash Account. The reconciliation process, in short, reconciles the account balance and activity shown on the records of the bank at which the cash balance of the Consolidated Cash Account is maintained to that shown on the City's records. The City's records were not consistently reconciled for the period of July 1, 2014 – June 30, 2017, as noted in the

Fiscal Year 2018 CAFR. The balance in the Consolidated Cash Account on the City's records was higher than the account balance on the bank's records by approximately \$40 million, which is attributable principally to unidentified historic variances. The City engaged the services of an auditing firm to undertake a complete reconciliation and resolve the unidentified variances. In January 2019, a final audit report was delivered. The current variance is \$528,000 and the City will continue its effort to reconcile such remaining amount.

Procedures governing the City's cash management operations require the General Fund-related operating fund to borrow initially from the General Fund-related capital fund, and only to the extent there is a deficiency in such fund may the General Fund-related operating fund borrow money from any other funds in the Consolidated Cash Account.

## **Investment Practices**

Cash balances in each of the City's funds are managed to maintain daily liquidity to pay expenses, and to make investments that preserve principal while striving to obtain the maximum rate of return. Pursuant to the City Charter, the City Treasurer is the City official responsible for managing cash collected into the City Treasury. The available cash balances in excess of daily expenses are placed in demand accounts, swept into money market mutual funds, or used to make investments directed by professional investment managers. These investments are held in segregated trust accounts at a separate financial institution. Cash balances related to revenue bonds for water and sewer and the airport are directly deposited and held separately in trust. A fiscal agent manages these cash balances in accordance with the applicable bond documents and the investment practice is guided by administrative direction of the City Treasurer per the Investment Committee and the Investment Policy (as described below). In addition, certain operating cash deposits (such as Community Behavioral Health, Special Gas/County Liquid and "911" surcharge) of the City are restricted by purpose and required to be segregated into accounts in compliance with federal or Commonwealth reporting.

Investment guidelines for the City are embodied in section 19-202 of the Philadelphia Code. In furtherance of these guidelines, as well as Commonwealth and federal legislative guidelines, the Director of Finance adopted a written Investment Policy (the "Policy") that went into effect in August 1994 and was most recently revised in September 2014. The Policy supplements other legal requirements and establishes guiding principles for the overall administration and effective management of all of the City's monetary funds (except the Municipal Pension Fund, the PGW Retirement Reserve Fund, the PGW OPEB Trust and the PGW Workers' Compensation Reserve Fund).

The Policy delineates the authorized investments as authorized by the Philadelphia Code and the funds to which the Policy applies. The authorized investments include U.S. government securities, U.S. treasuries, U.S. agencies, repurchase agreements, commercial paper, corporate bonds, money market mutual funds, obligations of the Commonwealth, collateralized banker's acceptances and certificates of deposit, and collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality, all of investment grade rating or better and with maturity limitations.

U.S. government treasury and agency securities carry no limitation as to the percent of the total portfolio. Repurchase agreements, money market mutual funds, commercial paper, and corporate bonds are limited to investment of no more than 25% of the total portfolio. Obligations of the Commonwealth and collateralized banker's acceptances and certificates of deposit are limited to no more than 15% of the total portfolio. Collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality are limited to no more than 5% of the total portfolio.

U.S. government securities carry no limitation as to the percent of the total portfolio per issuer. U.S. agency securities are limited to no more than 33% of the total portfolio per issuer. Repurchase agreements and money market mutual funds are limited to no more than 10% of the total portfolio per issuer. Commercial paper, corporate bonds, obligations of the Commonwealth, collateralized banker's acceptances and certificates of deposit, and collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality are limited to no more than 3% of the total portfolio per issuer.

The Policy provides for an ad hoc Investment Committee consisting of the Director of Finance, the City Treasurer and one representative each from the Water Department, the Division of Aviation, and PGW. The Investment Committee meets quarterly with each of the investment managers to review each manager's performance to date and to plan for the next quarter. Investment managers are given any changes in investment instructions at these meetings. The Investment Committee approves all modifications to the Policy. The Investment Committee may from time to time review and revise the Policy and does from time to time approve temporary waivers of the restrictions on assets based on cash management needs and recommendations of investment managers.

The Policy expressly forbids the use of any derivative investment product as well as investments in any security whose yield or market value does not follow the normal swings in interest rates. Examples of these types of securities include, but are not limited to: structured notes, floating rate (excluding U.S. Treasury and U.S. agency floating rate securities) or inverse floating rate instruments, securities that could result in zero interest accrual if held to maturity, and mortgage derived interest and principal only strips. The City currently makes no investments in derivatives.

## **DEBT OF THE CITY**

### **General**

Section 12 of Article IX of the Constitution of the Commonwealth provides that the authorized debt of the City "may be increased in such amount that the total debt of [the] City shall not exceed 13.5% of the average of the annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but [the] City shall not increase its indebtedness to an amount exceeding 3.0% upon such average assessed valuation of realty, without the consent of the electors thereof at a public election held in such manner as shall be provided by law." The Supreme Court of Pennsylvania has held that bond authorizations once approved by the voters need not be reduced as a result of a subsequent decline in the average assessed value of City property. The general obligation debt subject to the limitation described in this paragraph is referred to herein as "Tax-Supported Debt."

The Constitution of the Commonwealth further provides that there shall be excluded from the computation of debt for purposes of the Constitutional debt limit, debt (herein called "Self-Supporting Debt") incurred for revenue-producing capital improvements that may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay interest and sinking fund charges thereon. In the case of general obligation debt, the amount of such Self-Supporting Debt to be so excluded must be determined by the Court of Common Pleas of Philadelphia County upon petition by the City. Self-Supporting Debt is general obligation debt of the City, with the only distinction from Tax-Supported Debt being that it is not used in the calculation of the Constitutional debt limit. Self-Supporting Debt has no lien on any particular revenues.

For purposes of this Official Statement, Tax-Supported Debt and Self-Supporting Debt are referred to collectively as “General Obligation Debt.” The term “General Fund-Supported Debt” is comprised of: (i) General Obligation Debt; and (ii) PAID, PMA, PPA, and PRA bonds, which are secured by agreements with the City to appropriate and pay amounts sufficient to pay principal, interest, or redemption price when due on the bonds.

Using the methodology described above, as of September 30, 2019, the Constitutional debt limitation for Tax-Supported Debt was approximately \$9,534,040,000. The total amount of authorized debt applicable to the debt limit was \$2,399,372,000 including \$682,427,000 of authorized but unissued debt, leaving a legal debt margin of \$7,507,076,000. Based on the foregoing figures, the calculation of the legal debt margin is as follows:

**Table 40**  
**General Obligation Debt**  
**September 30, 2019**  
**(Amounts in Thousands of USD)**

Authorized, issued and outstanding	\$1,716,945
Authorized and unissued	<u>682,427</u>
Total	\$2,399,372
Less: Self-Supporting Debt	(\$352,838)
Less: Serial bonds maturing within a year	<u>(19,570)</u>
Total amount of authorized debt applicable to debt limit	2,026,964
Legal debt limit	<u>9,534,040</u>
Legal debt margin	\$7,507,076

As a result of the implementation of the City’s AVI, the assessed value of taxable real estate within the City has increased substantially. See “REVENUES OF THE CITY – Real Property Taxes.” The \$9.534 billion Constitutional debt limit calculation includes six years of property values certified under the City’s AVI program, and four years of property values under the City’s former property valuation process. Assuming no increase or decrease in property values used to calculate the Constitutional debt limit in Table 40, the Constitutional debt limit is estimated to be \$17.127 billion by 2027.

The City is also empowered by statute to issue revenue bonds and, as of June September 30, 2019, had outstanding \$2,228,379,217 aggregate principal amount of Water and Wastewater Revenue Bonds (“Water and Wastewater Bonds”), \$964,480,000 aggregate principal amount of Gas Works Revenue Bonds, and \$1,521,240,000 aggregate principal amount of Airport Revenue Bonds. As of September 30, 2019, the principal amount of PICA Bonds outstanding was \$129,745,000. The City has also enacted ordinances authorizing the issuance of (i) up to \$350 million aggregate principal amount in Airport Revenue Commercial Paper Notes for the Division of Aviation, (ii) up to \$400 million of Airport Revenue Bonds to finance capital projects for the Division of Aviation, (iii) up to \$270 million of Gas Works Revenue Notes to finance working capital and capital projects for PGW, (iv) up to \$200 million of Gas Works Revenue Bonds to finance capital projects for PGW, and (v) up to \$800 million of Water and Wastewater Revenue Bonds for the Philadelphia Water Department, of which approximately \$250.7 million has been issued. For information on recent and upcoming financings, see “OTHER FINANCING RELATED MATTERS – Recent and Upcoming Financings.”

### **Short-Term Debt**

As provided in the PICA Act, the City's tax and revenue anticipation notes are general obligations of the City, but do not constitute debt of the City subject to the limitations of the Constitutional debt limit. The City does not have any tax and revenue anticipation notes outstanding. The City did not issue any tax and revenue anticipation notes in Fiscal Year 2019 nor does it expect to do so in Fiscal Year 2020. *See* "CITY CASH MANAGEMENT AND INVESTMENT POLICIES – General Fund Cash Flow."

### **Long-Term Debt**

The following table presents a synopsis of the bonded debt of the City and its component units as of the date indicated. Of the total balance of the City's general obligation bonds issued and outstanding as of September 30, 2019, approximately 28% is scheduled to mature within five Fiscal Years and approximately 59% is scheduled to mature within ten Fiscal Years. When PICA's outstanding bonds are included with the City's general obligation bonds, approximately 61% is scheduled to mature within ten Fiscal Years.

<sup>(1)</sup> Does not include letter of credit fees. Figures may not sum due to rounding.

<sup>(2)</sup> Includes both Tax-Supported Debt and Self-Supporting Debt. See “– General.” Does not include PICA Bonds.

<sup>(3)</sup> Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate.

<sup>(4)</sup> Includes PAID, PMA, PPA, and PRA bonds, which are supported by City contracts to pay or guarantee payment from General Fund appropriations, with capital appreciation bonds including only actual amounts payable. The original issuance amount of such capital appreciation bonds is included under the “Principal” column in the Fiscal Year such bonds mature and the full accretion amount at maturity less the original issuance amount is included in the “Interest” column in the Fiscal Year such bonds mature.

<sup>(5)</sup> Includes (i) sublease payments of approximately \$15.2 million annually for the police headquarters renovation; and (ii) an assumption that the City issues approximately \$200 million in bonds in year nine (2026) to acquire the project at an assumed interest rate of 5% over the next 20 years.

<sup>(6)</sup> Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate, plus any fixed spread. Net of capitalized interest on PAID City Service Agreement Revenue Refunding Bonds, Series 2012 (Federally Taxable).

## **Other Long-Term Debt Related Obligations**

The City has entered into other contracts and leases to support the issuance of debt by public authorities related to the City pursuant to which the City is required to budget and appropriate tax or other general revenues to satisfy such obligations, as shown in Table 41. The City budgets all other long-term debt-related obligations as a single budget item with the exception of PPA.

The Hospitals Authority and the State Public School Building Authority have issued bonds on behalf of the Community College of Philadelphia (“CCP”). Under the Community College Act (Pa. P.L. 103, No. 31 (1985)), each community college must have a local sponsor, which for CCP is the City. As the local sponsor, the City is obligated to pay up to 50% of the annual capital expenses of CCP, which includes debt service. The remaining 50% is paid by the Commonwealth. Additionally, the City annually appropriates funds for a portion of CCP’s operating costs (less tuition and less the Commonwealth’s payment). The amount paid by the City in Fiscal Year 2018 was \$30.4 million. The budgeted amount and current estimate for Fiscal Year 2019 is \$32.4 million. The budgeted amount for Fiscal Year 2020 is \$33.8 million.

## **PICA Bonds**

PICA has issued 11 series of bonds at the request of the City (the “PICA Bonds”). PICA no longer has authority under the PICA Act to issue bonds for new money purposes, but may refund bonds previously issued. As of September 30, 2019, the principal amount of PICA Bonds outstanding was \$129,745,000. The final maturity date for such PICA Bonds is June 15, 2023. The proceeds of the PICA Bonds were used to: (i) make grants to the City to fund its General Fund deficits, to fund all or a portion of the costs of certain City capital projects, to provide other financial assistance to the City to enhance operational productivity, and to defease certain of the City’s general obligation bonds; (ii) refund other PICA Bonds; and (iii) pay costs of issuance.

The PICA Act authorizes the City to impose a tax for the sole and exclusive purposes of PICA. In connection with the adoption of the Fiscal Year 1992 budget and the execution of the PICA Agreement, as so authorized by the PICA Act, the City reduced the wage, earnings, and net profits taxes on City residents by 1.5% and enacted a new tax of 1.5% on wages, earnings, and net profits of City residents (the “PICA Tax”), which continues in effect. The PICA Tax secures the PICA Bonds. Pursuant to the PICA Act, at such time when no PICA Bonds are outstanding, the PICA Tax will expire. At any time, the City is authorized to increase for its own use its various taxes, including its wage, earnings, and net profits taxes on City residents and could do so upon the expiration of the PICA Tax. Certain taxes, such as sales, liquor, and hotel taxes, among others, cannot be increased by the City without Commonwealth approval.

The PICA Tax is collected by the City’s Department of Revenue, as agent of the State Treasurer, and deposited in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund (the “PICA Tax Fund”) of which the State Treasurer is custodian. The PICA Tax Fund is not subject to appropriation by City Council or the General Assembly. *See “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – Non-Mayoral-Appointed or Nominated Agencies – PICA.”*

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The PICA Act authorizes PICA to pledge the PICA Tax to secure its bonds and prohibits the Commonwealth and the City from repealing the PICA Tax or reducing its rate while any PICA Bonds are outstanding. PICA Bonds are payable from PICA revenues, including the PICA Tax, pledged to secure PICA's bonds, the Bond Payment Account (as described below) and any debt service reserve fund established for such bonds and have no claim on any revenues of the Commonwealth or the City.

The PICA Act establishes a "Bond Payment Account" for PICA as a trust fund for the benefit of PICA bondholders and authorizes the creation of a debt service reserve fund for bonds issued by PICA. The State Treasurer is required to pay the proceeds of the PICA Tax held in the PICA Tax Fund directly to the Bond Payment Account. The proceeds of the PICA Tax in excess of amounts required for: (i) debt service; (ii) replenishment of any debt service reserve fund for bonds issued by PICA; and (iii) certain PICA operating expenses, are required to be deposited in a trust fund established exclusively to benefit the City and designated the "City Account." Amounts in the City Account are required to be remitted to the City not less often than monthly, unless PICA certifies the City's non-compliance with the then-current five-year financial plan.

The total amount of PICA Tax remitted by the State Treasurer to PICA (which is net of the costs of the State Treasurer in collecting the PICA Tax), PICA annual debt service and expenses, and net PICA tax revenue remitted to the City for Fiscal Years 2016-2018, the budgeted amounts and current estimates for Fiscal Year 2019, and the budgeted amounts for Fiscal year 2020 are set forth below.

**Table 43**  
**Summary of PICA Tax Remitted by the State Treasurer to PICA**  
**and Net Taxes Remitted by PICA to the City**  
**(Amounts in Millions of USD)<sup>(1),(2)</sup>**

<b>Fiscal Year</b>	<b>PICA Tax<sup>(3)</sup></b>	<b>PICA Annual Debt Service and Expenses<sup>(3)</sup></b>	<b>Net taxes remitted to the City<sup>(4)</sup></b>
2016 (Actual)	\$444.5	\$61.1	\$383.4
2017 (Actual)	\$469.2	\$59.7	\$409.5
2018 (Actual)	\$497.0	\$42.8	\$454.2
2019 (Adopted Budget)	\$516.0	\$47.1	\$469.0
2019 (Current Estimate)	\$521.7	\$47.1	\$474.6
2020 (Adopted Budget)	\$546.1	\$46.8	\$499.3

<sup>(1)</sup> Figures may not sum due to rounding.

<sup>(2)</sup> A variance exists between the City's calculation and reporting of both the PICA Tax and the Authority's annual debt service and expenses (as set forth in the body of this Official Statement, in this table and elsewhere in this APPENDIX B), as opposed to the Authority's calculation and reporting of similar items (as set forth in the body of this Official Statement, in APPENDIX A and in the Authority's audited financial statements for prior fiscal years). This variance is due to the City's utilization of a cash-basis accounting method in contrast to the Authority's utilization of a modified accrual accounting method based on month-to-month and year-to-year payments and receipts, which the Authority then reconciles with the Office of the City Treasurer of the City at the end of each fiscal year.

<sup>(3)</sup> Source: The City's Quarterly City Manager's Reports or the budget for the applicable Fiscal Year.

<sup>(4)</sup> Source: For Fiscal Years 2016-2018, the City's CAFRs for such Fiscal Years. For Fiscal Years 2019-2020, the Fiscal Year 2019 Adopted Budget and the Twenty-Eighth Five-Year Financial Plan, as applicable.

## OTHER FINANCING RELATED MATTERS

### Swap Information

The City has entered into various swaps related to its outstanding General Fund-Supported Debt as detailed in the following table:

**Table 44**  
**Summary of Swap Information**

<sup>(1)</sup> On July 28, 2009, the City terminated a portion of the swap in the amount of \$213,505,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2009A fixed rate bonds and the Series 2009B variable rate bonds. The City made a termination payment of \$15,450,000.

<sup>(2)</sup> Fair values are as of September 30, 2019, and are shown from the City's perspective and include accrued interest.

<sup>(3)</sup> On July 15, 2014, PAID terminated a portion of the swap in the amount of \$41,555,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2014B fixed rate bonds. PAID made a termination payment of \$4,171,000 to JPMorgan. On September 11, 2019, PAID terminated a portion of the swap in the amount of \$33,455,654 in conjunction with the refunding of a portion of its Series 2007B bonds with the Series 2019 bonds. PAID made a termination payment of \$6,051,000 to JPMorgan.

<sup>(4)</sup> On July 15, 2014, PAID terminated a portion of the swap in the amount of \$13,840,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2014B fixed rate bonds. PAID made a termination payment of \$1,391,800 to Merrill Lynch. On September 11, 2019, PAID terminated a portion of the swap in the amount of \$11,149,346 in conjunction with the refunding of a portion of its Series 2007B bonds with the Series 2019 bonds. PAID made a termination payment of \$1,998,000 to Merrill Lynch.

While the City is party to several interest rate swap agreements, for which there is General Fund exposure and on which the swaps currently have a negative mark against the City, the City has no obligation to post collateral on these swaps while the City's underlying ratings are investment grade.

For more information related to certain swaps entered into in connection with revenue bonds issued for PGW, the Water Department, and the Division of Aviation, see the Fiscal Year 2018 CAFR. In addition, PICA has entered into swaps, which are detailed in the Fiscal Year 2018 CAFR.

## Swap Policy

The City has adopted a swap policy for the use of swaps, caps, floors, collars and other derivative financial products (collectively, “swaps”) in conjunction with the City’s debt management. The swap program managed by the City includes swaps related to the City’s general obligation bonds, tax-supported service contract debt issued by related authorities, debt of the Water Department, Division of Aviation, and debt of PGW. Swaps related to debt of the PICA, the School District, and the PPA are managed by those governmental entities, respectively.

The Director of Finance has overall responsibility for entering into swaps. Day-to-day management of swaps is the responsibility of the City Treasurer, and the Executive Director of the Sinking Fund Commission is responsible for making swap payments. The Office of the City Treasurer and the City Solicitor’s Office coordinate their activities to ensure that all swaps that are entered into are in compliance with applicable federal, state, and local laws.

The swap policy addresses the circumstances when swaps can be used, the risks that need to be evaluated prior to entering into swaps and on an ongoing basis after swaps have been executed, the guidelines to be employed when swaps are used, and how swap counterparties will be chosen. The swap policy is used in conjunction with the City’s Debt Management Policy, reviewed annually, and updated as needed.

Under the swap policy, permitted uses of swaps include: (i) managing the City’s exposure to floating interest rates through interest rate swaps, caps, floors and collars; (ii) locking in fixed rates in current markets for use at a later date through the use of forward starting swaps and rate locks; (iii) reducing the cost of fixed or floating rate debt through swaps and related products to create “synthetic” fixed or floating rate debt; and (iv) managing the City’s credit exposure to financial institutions and other entities through the use of offsetting swaps.

Since swaps can create exposure to the creditworthiness of financial institutions that serve as the City’s counterparties on swap transactions, the City has established standards for swap counterparties. As a general rule, the City enters into transactions with counterparties whose obligations are rated in the A rated category or better from two nationally recognized rating agencies. If counterparty’s credit rating is below the double-A rating category, the swap policy requires that the City’s exposure be collateralized. If a counterparty’s credit is downgraded below the A category, even with collateralization, the swap policy requires a provision in the swap permitting the City to exercise a right to terminate the transaction prior to its scheduled termination date.

## Letter of Credit Agreements

The City has entered into various letter of credit agreements related to its General Fund-Supported Debt as detailed in the table below. Under the terms of such letter of credit agreements, following a purchase of the applicable bonds, the City may be required to amortize such bonds more quickly than as originally scheduled at issuance.

**Table 45**  
**Summary of Letter of Credit Agreements**  
**for General Fund-Supported Debt**  
**as of September 30, 2019**

<b>Variable Rate Bond Series</b>	<b>Amount Outstanding</b>	<b>Bond Maturity Date</b>	<b>Provider</b>	<b>Expiration Date</b>	<b>Rating Thresholds <sup>(1)</sup></b>
General Obligation Multi-Modal Refunding Bonds, Series 2009B	\$100,000,000	August 1, 2031	Barclays Bank PLC	May 24, 2023	The long-term rating assigned by any one of the rating agencies to any unenhanced long-term parity debt of the City is (i) withdrawn or suspended for credit-related reasons or (ii) reduced below investment grade.
PAID Multi-Modal Lease Revenue Refunding Bonds, Series 2007B-2	\$72,400,000	October 1, 2030	TD Bank	May 29, 2024	The long-term ratings assigned by at least two of the rating agencies to any unenhanced general obligation bonds of the City is (i) withdrawn or suspended for credit-related reasons, or (ii) reduced below investment grade.

---

<sup>(1)</sup> The occurrence of a Rating Threshold event would result in an event of default under the reimbursement agreement with the related bank.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Recent and Upcoming Financings

*Recent Financings.* The following is a list of financings that the City has entered into since January 1, 2019.

- In September 2019, PAID issued \$147,615,000 in Lease Revenue Refunding Bonds for the benefit of the City.
- In August 2019, the City issued \$293,360,000 in General Obligation Bonds.
- In August 2019, the City issued \$250,660,000 in Water and Wastewater Revenue Bonds.
- In May 2019, the City issued \$188,660,000 in General Obligation Refunding Bonds.
- In February 2019, the City issued \$68,335,000 in Water and Wastewater Revenue Refunding Bonds.

*Upcoming Financings.*

- In November 2019, the City expects to issue approximately \$111 million in General Obligation Refunding Bonds.
- In October 2020, the City expects to issue approximately \$128 million in Water and Wastewater Revenue Refunding Bonds pursuant to a Forward Delivery Bond Purchase Agreement signed in February 2019.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## CITY CAPITAL PROGRAM

As part of the annual budget process, the Mayor submits for approval a six-year capital program to City Council, together with the proposed operating budget. For more information on the City's budget process, see "DISCUSSION OF FINANCIAL OPERATIONS – Budget Procedure."

### Certain Historical Capital Expenditures

Table 46 shows the City's historical expenditures for Fiscal Years 2014-2018 for certain capital purposes, including expenditures for projects related to transit, streets and sanitation, municipal buildings, recreation, parks, museums, and stadia, and economic and community development. The source of funds used for such expenditures are primarily general obligation bond proceeds, but also include federal, state, private, and other government funds and operating revenue. Figures in the table below are generated after the Fiscal Year closes and may not sum due to rounding.

**Table 46**

## Fiscal Year 2020-2025 Adopted Capital Program

The Fiscal Year 2020-2025 Adopted Capital Program contemplates a total budget of \$10.85 billion. In the Fiscal Year 2020-2025 Adopted Capital Program, approximately \$3.35 billion is expected to be provided from federal, Commonwealth, and other sources and approximately \$7.50 billion through City funding. The following table shows the amounts budgeted each year from various sources of funds for capital projects in the Fiscal Year 2020-2025 Adopted Capital Program.

**Table 48**

## LITIGATION

Generally, judgments and settlements on claims against the City are payable from the General Fund, except for claims against the Water Department, the Division of Aviation, and PGW, which are paid out of their respective funds or revenues and only secondarily out of the General Fund.

The Act of October 5, 1980, P.L. 693, No. 142, known as the “Political Subdivision Tort Claims Act,” (the “Tort Claims Act”) establishes a \$500,000 aggregate limitation on damages for injury to a person or property arising from the same cause of action or transaction or occurrence or series of causes of action, transactions or occurrences with respect to governmental units in the Commonwealth such as the City. The constitutionality of that aggregate limitation on damages has been upheld by the Pennsylvania appellate courts, including in the recent decision of the Supreme Court of Pennsylvania in *Zauflik v. Pennsbury School District*, 104 A.3d 1096 (2014). Under Pennsylvania Rule of Civil Procedure 238, delay damages are not subject to the \$500,000 limitation. The limit on damages is inapplicable to any suit against the City that does not arise under state tort law, such as claims made against the City under federal civil rights laws.

### General Fund

The following table presents the City’s aggregate losses from settlements and judgments paid out of the General Fund for Fiscal Years 2016-2018, and the budgeted amounts for Fiscal Years 2019 and 2020.

**Table 49**  
**Aggregate Losses – General and Special Litigation Claims (General Fund)**  
**Fiscal Years 2016-2018 (Actual) and 2019-2020 (Budget)**  
**(Amounts in Millions of USD)**

	Actual 2016	Actual 2017	Actual 2018	Budget 2019	Budget 2020
Aggregate Losses	\$41.2	\$38.3	\$44.6	\$48.8	\$49.2

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

The current estimate of settlements and judgments from the General Fund for Fiscal Year 2019 is \$48.8 million. Such estimate is based on internal calculations using (i) the “Possible Costs” listed in its Quarterly Litigation Reports, (ii) the 3-year average cost for closed cases, and (iii) current year-to-date spending reports.

Based on the Twenty-Eighth Five-Year Plan, the City expects settlements and judgments from the General Fund for Fiscal Years 2020-2024 to range from \$49.2 million in Fiscal Year 2020 to \$48.8 million in Fiscal Year 2024.

In budgeting for settlements and judgments in the annual operating budget and projecting settlements and judgments for each five-year plan, the City bases its estimates on past experience and on an analysis of estimated potential liabilities and the timing of outcomes, to the extent a proceeding is sufficiently advanced to permit a projection of the timing of a result. General and special litigation claims are budgeted separately from back-pay awards and similar settlements relating to labor disputes. Usually, some of the costs arising from labor litigation are reported as part of current payroll expenses.

In addition to routine litigation incidental to performance of the City’s governmental functions and litigation arising in the ordinary course relating to contract and tort claims and alleged violations of law, certain special litigation matters are currently being litigated and/or appealed and adverse final outcomes of such litigation could have a substantial or long-term adverse effect on the General Fund. These proceedings involve: (i) environmental-related actions and proceedings in which it has been or may be alleged that the City is liable for damages, including but not limited to property damage and bodily injury, or that the City should pay fines or penalties or the costs of response or remediation, because of the alleged generation, transport, or disposal of toxic or otherwise hazardous substances by the City, or the alleged disposal of such substances on or to City-owned property; (ii) contract disputes and other commercial litigation; (iii) union arbitrations and other employment-related litigation; (iv) potential and certified class action suits; and (v) civil rights litigation. The ultimate outcome and fiscal impact,

if any, on the General Fund of the claims and proceedings described in this paragraph are not currently predictable. See Note IV.8. to the Fiscal Year 2018 CAFR, “Contingencies – Primary Government – Claims and Litigation”.

In addition, see “REVENUES OF THE CITY – Real Property Taxes,” for a discussion of litigation relating to the reassessment of commercial property in tax year 2018.

**Water Fund**

Various claims have been asserted against the Water Department and in some cases lawsuits have been instituted. Many of these Water Department claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Water Department. The following table presents the Water Department’s aggregate losses from settlements and judgments paid out of the Water Fund for Fiscal Years 2016-2018, and the budgeted amounts for Fiscal Years 2019 and 2020. The current estimate for Fiscal Year 2019 is \$3.5 million. The Water Fund is the first source of payment for any of the claims against the Water Department.

**Table 50**  
**Aggregate Losses – General and Special Litigation Claims (Water Fund)**  
**Fiscal Years 2016-2018 (Actual) and 2019-2020 (Budget)**  
**(Amounts in Millions of USD)**

	Actual 2016	Actual 2017	Actual 2018	Budget 2019	Budget 2020
Aggregate Losses	\$5.4	\$7.0	\$6.3	\$8.5	\$7.5

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Aviation Fund

Various claims have been asserted against the Division of Aviation and in some cases lawsuits have been instituted. Many of these Division of Aviation claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Division of Aviation. The following table presents the Division of Aviation's aggregate losses from settlements and judgments paid out of the Aviation Fund for Fiscal Years 2016-2018, and the budgeted amounts for Fiscal Years 2019 and 2020. The current estimate for Fiscal Year 2019 is \$1.9 million. The Aviation Fund is the first source of payment for any of the claims against the Division of Aviation.

**Table 51**  
**Aggregate Losses – General and Special Litigation Claims (Aviation Fund)**  
**Fiscal Years 2016-2018 (Actual) and 2019-2020 (Budget)**

	Actual 2016	Actual 2017	Actual 2018	Budget 2019	Budget 2020
Aggregate Losses	\$1.3 million	\$1.6 million	\$1.1 million	\$2.5 million	\$2.5 million

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

## PGW

Various claims have been asserted against PGW and in some cases lawsuits have been instituted. Many of these PGW claims have been reduced to judgment or otherwise settled in a manner requiring payment by PGW. The following table presents PGW's settlements and judgments paid out of PGW revenues, with accompanying reserve information, in PGW Fiscal Years 2014 through 2018. PGW revenues are the first source of payment for any of the claims against PGW. PGW currently estimates approximately \$6.0 million and \$3.1 million in settlements and judgments for PGW Fiscal Years 2019 and 2020, respectively.

**Table 52**  
**Claims and Settlement Activity (PGW)**  
**PGW Fiscal Years 2014-2018**  
**(Amounts in Thousands of USD)**

Fiscal Year (ending August 31)	Beginning of Year Reserve	Current Year Claims and Adjustments	Claims Settled	End of Year Reserve	Current Liability Amount
2014	\$10,411	\$2,498	(\$2,965)	\$9,944	\$4,728
2015	\$9,944	\$3,610	(\$2,042)	\$11,512	\$5,011
2016	\$11,512	\$2,022	(\$3,041)	\$10,493	\$5,307
2017	\$10,493	\$6,681	(\$2,797)	\$14,377	\$4,627
2018	\$14,377	\$2,910	(\$3,223)	\$14,064	\$6,100

## APPENDIX C

### City of Philadelphia Socioeconomic Information<sup>1</sup>

#### INTRODUCTION

The City of Philadelphia (the “City” or “Philadelphia”) is the sixth largest city in the nation by population, and is at the center of the United States’ eighth largest metropolitan statistical area, according to 2018 estimates. The Philadelphia MSA (further described below) includes a substantial retail sales market, as well as a diverse network of business suppliers and complementary industries. Some of the City’s top priorities include attracting and retaining knowledge workers, increasing educational attainment and employment skills among Philadelphians, attracting real estate development, and promoting Philadelphia as a desirable location for business.

According to the 2010 U.S. Census, the City increased its population by 0.7% to 1.53 million residents in the ten years from 2000 to 2010, ending six decades of population decline. Although the increase was modest, it was an indicator of more recent growth and development in Philadelphia. From 2010 to 2018, the City increased its population by 3.6% to 1.584 million residents. As described below, the 20 to 34 year-old age group is the largest age group in Philadelphia and the fastest growing.

Philadelphia’s recent population and job growth, the latter of which outpaced the national average for the past three years, is expected to provide additional resources to tackle the City’s largest challenges. These challenges include underfunded pension liabilities, low estimated General Fund balances in Fiscal Years 2020-2024, high rates of poverty, and the School District of Philadelphia’s (the “School District”) ongoing fiscal challenges. Given the population shifts and economic development taking place nationwide, coupled with the City’s strategic geographical location, relative affordability, diversified economy, cultural and recreational amenities, and its growing strength in key industries, Philadelphia is well-positioned to attract new businesses and investment over the coming years.

#### Geography

The City has an area of approximately 134 square miles, and is located along the southeastern border of the Commonwealth of Pennsylvania (the “Commonwealth”), at the confluence of the Delaware and Schuylkill Rivers. The City, highlighted in orange in Figure 1, lies at the geographical and economic center of the MSA and PMSA (described below). Philadelphia is both the largest city and the only city of the first class in the Commonwealth, and is coterminous with the County of Philadelphia.

*Philadelphia Metropolitan Statistical Area (the “MSA”),* highlighted in blue in Figure 1, is the eleven-county area named the Philadelphia-Camden-Wilmington metropolitan statistical area, representing an area of approximately 5,118 square miles with approximately 6,096,372 residents according to 2018 estimates by the U.S. Census Bureau.<sup>2</sup>

*Philadelphia Primary Metropolitan Statistical Area (the “PMSA”),* highlighted with bold black outlines, in Figure 1, is a five-county area within the MSA that lies in the Commonwealth and is sometimes called the Philadelphia Metropolitan Division. The counties of Bucks, Chester, Delaware, and Montgomery are referred to as the Suburban PMSA herein.

---

<sup>1</sup> Unless otherwise noted, all information contained in this Appendix C is current as of December 31, 2018.

<sup>2</sup> Due to its close proximity and impact on the region’s economy, Mercer County, New Jersey, highlighted in green in Figure 1, is included in the MSA by many regional agencies, although it is not included in the area defined by the U.S. Office of Management and Budget.

**Figure 1**  
**Map of Philadelphia Region including the MSA, PMSA, and Mercer County, NJ**

Source: 2009 TIGER County Shapefiles

### **Strategic Location**

Philadelphia is at the center of the fourth largest MSA on the East Coast, and is served by a robust transportation infrastructure, including: the Philadelphia International Airport, Amtrak's Northeast Corridor rail service, major interstate highway access, regional train service provided by Southeastern Pennsylvania Transportation Authority ("SEPTA") and New Jersey's PATCO (as defined herein), and the Port of Philadelphia. Due to the transportation infrastructure centered in the City, Philadelphia is accessible to regional and international markets, and is within a day's drive of 50% of the nation's population. Philadelphia's central location along the East Coast, an hour from New York City and less than two hours from Washington, D.C. by high-speed rail, also allows for convenient access to these significant economic centers.

### **Population and Demographics**

Philadelphia is the nation's sixth most populous city, with 1.584 million residents, based on 2018 estimates. The 2000 and 2010 U.S. Census reflect the City's first population gain in 60 years. The City's population reached its nadir in 2006 with 1.45 million residents. Philadelphia's population has increased by 135,744 residents from 2006 – 2018, or by 8.57%.

From 2006 to 2018, the share of the population represented by citizens age 20 to 34 ("millennials") grew from 20% to 26.2%, becoming the largest share of Philadelphia's population. This demographic group tends to be better educated than the City's and the nation's adult population as a whole. In 2017, 42.8% of 25- to 34-year-olds in Philadelphia held a bachelor's degree or higher, while only 34.4% of 25 to 34-year-olds in the United States were college graduates. The City's many universities and diverse employment opportunities are likely draws for residents in the 20 to 34 age group. In addition to an increase in the millennial population, the City's immigrant population also grew significantly, with the City's Asian population increasing from 4.9% to 7.1% and the Hispanic or Latino population increasing from 8.5% to 14.1% between 2000 to 2017, according to the US Census Bureau.

**Table 1**  
**Population: City, MSA, Pennsylvania & Nation**

	1990	2000	2010	2018	Percent Change 2000 - 2010	Percent Change 2010 - 2018

Nearly 18% of Philadelphia's population is school-aged (aged 5-19), and in 2017, Philadelphia exceeded many selected peer cities in its share of students who are enrolled in an undergraduate, graduate or professional education program. Selected peer cities (as shown in Table 2) reflect characteristics consistent with Philadelphia, such as geography, socio-economic statistics, industrial legacies, or port facilities. Among these cities, while Boston had the highest percentage of its population enrolled in higher education, Philadelphia had 34,634 more students enrolled in higher education than Boston. Philadelphia had the fifth highest percentage of its population enrolled in higher education and the fifth largest university student population.

## ECONOMIC BASE AND EMPLOYMENT

### The Philadelphia Economy

The City's economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major regional business and personal services center with strengths in insurance, law, finance, health, education, utilities, and the arts. The City also provides a destination for entertainment, arts, dining and sports for residents of the suburban counties, as well as for those residents of the counties comprising the MSA plus Mercer County, New Jersey.

As shown in Table 10, the cost of living in the City is relatively moderate and affordable compared to other major metropolitan areas along the East Coast. For example, Philadelphia's cost of living is 20% less than the Washington D.C. metropolitan area and 61% less than Manhattan. The City, as the commercial center of an MSA of 6.1 million people, offers its business community access to a large, diverse, and industrious labor pool. As one of country's education centers, these businesses also enjoy access to a large pool of recent graduates from the institutions of higher education in the MSA.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Key Industries

Table 3 provides location quotients for Philadelphia's most concentrated industry sectors. Location quotients quantify how concentrated a particular industry is in a region as compared to a base reference area, usually the nation. A location quotient greater than 1.00 indicates an industry with a greater share of the local area employment than is the case in the reference area.

As shown in Table 3, compared to the nation, Philadelphia County has higher concentrations in seven sectors: 1. educational services; 2. health care and social assistance; 3. management of companies and enterprises; 4. arts, entertainment, and recreation; 5. professional and technical services; 6. other services, except public administration; and 7. finance and insurance.<sup>3</sup> Of these seven sectors, the City has a higher concentration of employment than the Commonwealth in five sectors: educational services; health care and social assistance; arts, entertainment and recreation; professional and technical services; and other services, except public administration.

**Table 3**  
**Ratio of Philadelphia County and Pennsylvania Industry Concentrations**  
**Compared to the United States**

Industry	Philadelphia County to the US	Pennsylvania to the US
Educational Services	4.31	1.57
Health Care and Social Assistance	1.76	1.3
Management of Companies and Enterprises	1.14	1.45
Arts, Entertainment, and Recreation	1.16	1.03
Professional and Technical Services	1.19	0.95
Other Services, Except Public Administration	1.13	1.11
Finance and Insurance	1.07	1.09

Source: Bureau of Labor Statistics: 2018 Annual Average Employment Location Quotient, Quarterly Census of Employment and Wages

The concentration of educational services not only provides stable support to the local economy, but also generates a steady and educated workforce, fueling the City's professional services and healthcare industries. As of 2018, there were 118,580 Philadelphia residents between the ages of 25 and 34 with college degrees, and a 2019 Campus Philly report found that 54% of recent graduates in the Greater Philadelphia area have remained in the area, outpacing the retention rate of Boston (42%).

The City is also capitalizing on the region's assets to become a leader in research generated by life sciences and educational institutions. Several sites now foster life science incubator facilities, including University City Science Center, University of Pennsylvania ("Penn"), and Drexel University. University Place Associates (UPA) and the Wistar Institute have recently announced a strategic collaboration to curate a 240,000 square foot building to be dedicated to supporting the life sciences industry with state-of-the-art laboratory/office space in the heart of Philadelphia's University City District. It is expected to be completed early 2021. Johnson & Johnson utilizes Pennovation Works as the site for JPOD, an interactive, high-tech conference space. Announced in June 2019, Pennovation Works is to enter its next phase with a \$35 million project to renovate the existing building into lab-related space. The four-story, 73,400-square-foot structure will have 35,000 square feet of wet lab, office and flex space. It is expected to be completed August 2020. Penn's Penn Center for Innovation and Temple University's Office of Technology Development and Commercialization are two of several organizations driving tech transfer and commercialization of innovations developed at Philadelphia's major research institutions. The Cambridge Innovation Center occupies part of City

<sup>3</sup> The Bureau of Labor Statistics ("BLS") defines the "Other Services" (except Public Administration) sector as establishments engaged in providing services not specifically provided for elsewhere in the BLS classification system, such as equipment and machinery repairing, promoting or administering religious activities, grant making, advocacy, providing dry cleaning and laundry services, personal care services, death care services, pet care services, photofinishing services, temporary parking services, and dating services.

Square, which includes state-of-the-art wet lab and shared working space. The project expanded the one million square feet in facilities offered by the University City Science Center to 6 million square feet, with a projected investment of over \$1 billion. It is expected to be completed in 2027.

## Employment

Table 4 shows non-farm payroll employment in the City over the last decade by industry sectors. In the past 10 years, growth has occurred in Mining, Logging, and Construction; Trade, Transportation, and Utilities; Professional and Business Services; Education and Health Services; Leisure and Hospitality and Other Services. These sectors provide stability to the City's overall economy.

**Table 4**

Source: Bureau of Labor Statistics, 2018.

<sup>1</sup> Includes persons employed within the City, without regard to residency.

Bureau of Labor Statistics data show that in 2018, the Education and Health Services, Professional and Business Services, Financial Activities, and Leisure and Hospitality sectors collectively represented 62.9% of total employment in the City for the year. From 2009 to 2018, Philadelphia gained 77,800 private sector jobs. Job growth in Philadelphia has outpaced the rest of the nation for the past three years, and the employment rate is the highest in decades.

## Unemployment

Although Philadelphia has recently narrowed the gap between its unemployment levels and the national unemployment levels, the effects of the recession on unemployment endured longer in Philadelphia than in many other parts of the country.

As shown in Table 6, employment gains in the latter part of 2013 through 2018 have resulted in a decline in Philadelphia's unemployment rate from a high of 10.9% in 2012 to 5.5% in 2018.

Table 6 below shows unemployment information for Philadelphia, the MSA, the Commonwealth and the United States.

**Table 6**  
**Unemployment Rate in Selected Geographical Areas**  
**(Annual Average 2009-2018)**

Geographical Area	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	Change in rate from 2009-2018

## Principal Private Sector Employers in the City

Table 7 lists the 20 largest private employers that are based in Philadelphia. Penn and Thomas Jefferson University and Jefferson Health top this list. Other sectors represented include food services, bio-tech, and broadcasting/cable.

Fortune 500 companies headquartered or maintaining a major presence in Philadelphia include the Comcast Corporation and the Aramark Corporation. As of early 2018, Crown Holdings Inc. was located in Philadelphia, but has recently relocated its headquarters to Bucks County. Two Fortune 1000 companies are also headquartered within the City: FMC Corporation and Urban Outfitters Inc.

**Table 7**

Certain Other Employers in the City. On June 30, 2019, Philadelphia Academic Health System, LLC (“PAHS”), the parent company of Hahnemann University Hospital and St. Christopher’s Hospital for Children, and certain of its subsidiaries and related physician practices, filed for bankruptcy. Through the bankruptcy process, it is expected that Hahnemann University Hospital will close and St. Christopher’s Hospital for Children will be sold or have its debt restructured. On July 1, 2019, Hahnemann University Hospital began a wind down of its operations; final closing is expected on or before September 6. Hahnemann University Hospital has approximately 496 beds and 2,500 employees, while St. Christopher’s Hospital for Children has approximately 88 pediatric beds and 1,900 employees.

In late June 2019, Philadelphia Energy Solutions announced that it will be shutting down its South Philadelphia refinery following an explosion and fire on June 21, 2019, which resulted in significant damage to the refinery complex. The closure is expected to impact more than 1,000 employees. The City does not expect to incur any costs related to cleaning up the refinery complex or any associated environmental remediation. Preliminary investigations by the City have not revealed any threats to the City’s water supply as a result of the explosion and fire at the refinery complex.

## Hospitals and Medical Centers

The City is a center for health, education, research and science facilities with the nation's largest concentration of healthcare resources within a 100-mile radius. There are presently more than 30 hospitals, five medical schools, two dental schools, two pharmacy schools, as well as schools of optometry, podiatry and veterinary medicine located in the City. The City is one of the largest health care and health care education centers in the world, and a number of the nation's largest pharmaceutical companies are located in the Philadelphia area.

Major research facilities are also located in the City, including those located at its universities and medical schools: Children's Hospital of Philadelphia, the Hospital of the University of Pennsylvania, The Wistar Institute, the Fox Chase Cancer Center, and the University City Science Center. Philadelphia is home to two of the nation's 41 National Cancer Institute ("NCI")-designated Comprehensive Cancer Centers (the Abramson Cancer Center at the University of Pennsylvania and Fox Chase Cancer Center, which is part of the Temple University Health System). Additionally, Philadelphia is also home to two NCI-designated Cancer Centers (Kimmel Cancer Center and The Wistar Institute Cancer Center).

### *Penn Medicine University of Pennsylvania Health System*

Penn Medicine includes Pennsylvania Hospital, the nation's first hospital, founded in 1751 and the nation's first medical school, the University of Pennsylvania School of Medicine, opened in 1765. In addition, the Hospital of the University of Pennsylvania was established in 1874 as the nation's first teaching hospital. Penn Medicine's hospitals have been named among the top ten hospitals in the country with the combined University of Pennsylvania and Penn Presbyterian Medical Center ranked #1 in the region by *U.S. News and World Report*. Penn Medicine, which has invested more than \$200 million in major capital investments between 2014 and 2015, began construction in 2016 on a new 1.5 million square foot Patient Pavilion, a clinical facility that is projected to be occupied by spring of 2021.

### *Children's Hospital of Philadelphia Expansion*

Children's Hospital of Philadelphia ("CHOP") is the oldest children's hospital in the nation and one of the largest in the world. CHOP was ranked #2 in the nation in 2017-2018 according to the *U.S. News and World Report*. Since 2002, CHOP has invested over \$5.3 billion in its expansion in Philadelphia. In 2017, CHOP opened two facilities as a part of this expansion: the \$500 million, 700,000 square foot Buerger Center for Advanced Pediatric Care, and the \$275 million, 466,000 square foot Roberts Center for Pediatric Research.

### *Temple University Hospital, Inc.*

Temple University Hospital, Inc. ("TUH") is one of the region's most respected academic medical centers. The 732-bed Philadelphia hospital is also the chief clinical training site for the Lewis Katz School of Medicine at Temple University. TUH was ranked among the "Best Regional Hospitals" in six different specialties in *U.S. News & World Report* 2015-2016 regional rankings.

### *Thomas Jefferson University and Jefferson Health*

Thomas Jefferson University Hospitals ("TJUH") has been at the top of the list of hospitals in Pennsylvania (3rd) and the Philadelphia metro area (2nd) in *U.S. News & World Report's* annual listing of the best hospitals and specialties. TJUH also ranked 16<sup>th</sup> overall in the U.S. News and World Report listing. Jefferson Health has recently participated in several significant mergers, integrating Magee Hospital, Kennedy Health System, the Aria Health system and Abington Hospital into its system. In 2017, Thomas Jefferson University acquired Philadelphia University to become the fifth largest educational institution in Philadelphia.

### *Einstein Healthcare Network*

Einstein Healthcare Network is a private, not-for-profit organization with several major facilities and many outpatient centers that has been in existence for nearly 150 years. The Einstein Health and Medical Center in Philadelphia has been listed as a top hospital in *U.S. News & World Report*.

In September 2018, Einstein Healthcare Network and Thomas Jefferson University announced a merger agreement and such entities are seeking necessary state and federal regulatory approvals to close the transaction.

### **Educational Institutions**

The MSA plus Mercer County, New Jersey, has the second largest concentration of undergraduate and graduate students on the East Coast, with approximately 100 degree granting institutions of higher education and a total enrollment of over 434,000 full and part-time students. Approximately 137,807 students lived within the geographic boundaries of the City in 2016. Included among these institutions are Penn, Temple University, Drexel University, St. Joseph's University, and LaSalle University. Within a short drive from the City are such schools as Princeton University, Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University.

#### *University of Pennsylvania*

Penn, the first university in the U.S., founded in 1740, and a prominent Ivy League institution, is located in West Philadelphia across the Schuylkill River from downtown Philadelphia. In the fall of 2018, more than 21,000 full-time undergraduate, graduate and professional full-time students attended Penn, 5,333 of whom are international students. Approximately 3,900 part-time students were enrolled. As of the fall 2018, Penn had a total workforce of over 18,000 faculty and staff, and the University of Pennsylvania Health System had a workforce of 23,275 employees. In September 2016, Penn opened Pennovation Works, a 55,000 square foot business incubator and laboratory that houses researchers, innovators, and entrepreneurs for the commercialization of research discoveries.

Penn has undergone significant expansion in the last decade and has a growing endowment currently valued at \$13.8 billion. In 2015, Penn, and related third-party developers, spent \$932 million dollars on new buildings and renovations. A recent independent report conducted by Econsult Solutions, Inc. found that Penn and the University of Pennsylvania Health System had a combined economic impact on the City and the Commonwealth of more than \$14 billion in Fiscal Year 2015, including \$10.8 billion to the City. According to the same study, such Penn entities generate \$1 out of every \$20 of Philadelphia's general fund and one out of every nine jobs in the Philadelphia economy.

In Fiscal Year 2018, Penn was the fifth largest recipient of funding from the National Institutes of Health ("NIH"), receiving approximately \$405.6 million. Penn is consistently one of the largest annual recipients of NIH funding.

#### *Drexel University*

Founded in 1891 as the Drexel Institute of Science, Art and Industry, Drexel University ("Drexel") is one of Philadelphia's top 10 private employers, and a major engine for economic development in the region. Drexel is known for its innovation and civic engagement, ranked a "top 15 most innovative school" by *U.S. News and World Report*. Drexel's student body consists of approximately 26,000, making it one of the 15 largest private universities in the country. Drexel is unique in that it provides its students with a co-op work experience every six months throughout the four year college experience. Over the last decade, Drexel has undergone significant expansion and has major plans for future development. In 2011, Drexel opened the doors to the \$69 million Constantine N. Papadakis Integrated Sciences Building, a \$92 million facility for its LeBow School of Business, and a new mixed use residential and retail project, Chestnut Square.

### *Temple University*

Temple University (“Temple”), founded in 1884, has undergone a significant transformation over the past three decades from a university with a mostly commuter-based enrollment to one in which on and near-campus housing is now in high demand. Temple features 17 schools and colleges, eight campuses, hundreds of degree programs and more than 38,000 students. Currently, an estimated 12,000 students live on or around the Temple campus.

“Visualize Temple,” approved in 2014, is Temple’s campus master plan to guide the continued growth and evolution of the City’s leading public research university. It is the culmination of an 18-month long process driven by the input of over 3,000 Temple students, alumni, faculty, and staff. Such plan identifies challenges and opportunities at each campus and defines a collective vision for further campus transformation. Temple continues to implement key elements of this master plan.

### *Thomas Jefferson University*

In 2017, Thomas Jefferson University and Philadelphia University merged to create the fifth largest university in the City. The new Thomas Jefferson University (“Jefferson”) creates a national comprehensive university designed to deliver high-impact education and value for students in medicine, science, architecture, design, fashion, textiles, health, business, engineering, and other disciplines.

In addition to nine colleges and three schools from both universities, the formation of the Philadelphia University Honors Institute and the Philadelphia University Design Institute are key components of the combined university’s educational ecosystem. Jefferson includes (i) campuses in Center City, Philadelphia (“Center City”), East Falls, Montgomery County, Bucks County, and Atlantic County (NJ); (ii) a growing online presence; (iii) numerous clinical sites; and (iv) an extensive global footprint with locations in Italy and Japan, study abroad sites and curricular and co-curricular partnerships and networks. Jefferson is home to more than 7,800 students, 4,000 faculty members and 63,000 alumni.

### *Community College of Philadelphia*

The Community College of Philadelphia (the “College”) serves over 19,000 students in associate’s degree and certificate programs. The College operates four campuses: its main Campus in Center City Philadelphia and three regional campuses in West Philadelphia, Northeast Philadelphia, and Northwest Philadelphia. The College offers more than 70 associate’s degree, academic and proficiency certificate, and workforce programs. Graduates continue to strengthen Philadelphia’s local economy and workforce, both in Philadelphia and the Greater Philadelphia region.

The College enables students to embark on a smart path to a bachelor’s degree program, with transfer agreements and partnerships to assist in the transition. In the 2015-16 academic year, approximately 30,194 students took credit and noncredit courses. The College is embarking on an expansion of its West Philadelphia Campus, to expand its Automotive Center and to establish a Workforce Campus with a new \$20 million facility in the heart of Philadelphia’s Promise Zone.

The College is one of 30 community colleges in the nation to undertake a new Career Pathways model under which it has expanded its dual enrollment programs, including establishing the first Middle College in the Commonwealth, with the School District of Philadelphia. Upon completion of high school, enrolled students will receive both a high school degree and an associate’s degree.

The College has vastly expanded its role in workforce development and economic innovation, establishing a division that is responsible for working directly with Philadelphia employers to meet their workforce hiring and professional development needs. The College has established new post-secondary programs matched with Philadelphia’s high priority occupations enabling Philadelphians to earn family sustaining wages without a degree.

## Family and Household Income

Table 8 shows median family income, which includes related people living together, and Table 9 shows median household income, which includes unrelated individuals living together, for Philadelphia, the MSA, the Commonwealth and the United States. Over the period 2008-2017, median family income for Philadelphia increased by 9% (see Table 8), while median household income increased by 10.8% over the period 2008-2017 as a result of an influx of higher income households (see Table 9).

**Table 8**  
**Median Family Income\* for Selected Geographical Areas, 2008-2017**  
**(Dollar Amounts in Thousands)**

Year	Philadelphia	Philadelphia-Camden- Wilmington MSA	Pennsylvania	United States	Philadelphia as a percentage of the US
2008	\$46.40	\$77.60	\$63.30	\$63.40	73.19%
2009	\$45.70	\$76.90	\$62.20	\$61.10	74.96%
2010	\$43.10	\$74.50	\$61.90	\$60.60	71.12%
2011	\$42.70	\$75.70	\$63.30	\$61.50	69.43%
2012	\$44.30	\$77.00	\$65.10	\$62.50	70.88%
2013	\$44.60	\$78.20	\$66.50	\$64.00	69.69%
2014	\$47.00	\$80.60	\$67.90	\$65.90	71.32%
2015	\$49.30	\$83.00	\$70.20	\$68.30	72.18%

## Cost of Living Index

Philadelphia has the second lowest cost of living index among major cities in the Northeast, as shown in Table 10 below. Additionally, the City's Wage, Earnings, and Net Profits Tax Rates have decreased in each of Fiscal Years 2013-2019. See "REVENUES OF THE CITY – Wages, Earnings, and Net Profits Taxes" in APPENDIX B for this Official Statement.

## Housing

Growing rapidly from its founding in 1682, Philadelphia's historic housing stock reflects its past roles as the largest city in the British Empire and as "the workshop of the world" during the peak of the industrial revolution. However, its condition and age (among the oldest of any city in the country) is also a reflection of the decades of depopulation and abandonment that marked the second half of the 20<sup>th</sup> Century. Nevertheless, Philadelphia has undergone a significant revitalization in the most recent decades, particularly in the neighborhoods within and around its downtown core. The period between the 2000 and 2010 Censuses was the first wherein Philadelphia experienced a net population increase since 1940 to 1950, due both to rapid growth in the number of higher income households in these core neighborhoods and to a significant influx in the foreign-born population in more peripheral neighborhoods of the City.

The City's population growth has driven significant new construction and investment in many of its neighborhoods resulting in increases in the value of the City's housing stock. Most housing indicators for Philadelphia indicate an upward outlook, in terms of prices, construction, and sales, for the near future. Nevertheless, the City continues to face significant challenges caused by the persistent problems of poverty, crime, underperforming schools, and lack of employment opportunities.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The total housing stock, measured by the number of units, increased by 0.7% from 2010-2016, for a total of 674,500 in 2016.<sup>9</sup> This increase of 4,500 units is the result of a net increase of 6,000 multifamily units and 500 “other” units (such as mobile homes and boats), off-set by a net loss of 2,000 single-family homes (due to multifamily conversions and demolitions).<sup>3</sup> The homeownership rate in the City in 2016 was 52.1%, which represents a decline from 54.1% in 2000.<sup>3</sup> Accordingly, properties in the City have continued to command higher rents, with the median monthly rent in June 2018 equal to \$1,214, representing a 10.9% increase over the prior five-year period.<sup>10</sup>

### *Home Prices*

As shown in the chart below, after eight years of moderate house price deflation following the peak of the 2007 recession, Philadelphia’s housing market began posting rapid increases in prices, citywide, starting in 2013. In 2015, home values in Philadelphia recovered to their pre-recession peak and have continued to climb to 20% above that peak as of January 2018. The following chart uses the Home Value Index to chart changes in home values in Philadelphia, the Philadelphia region, and the U.S. as a whole over the 20-year period from February 1998 through January 2018.<sup>11</sup>

**Percent Change in Median Nominal Home Value (Zillow Home Value Index), 1998-2018**

Source: Zillow Research, ZHVI Time Series

In the first years shown in this chart, housing values in Philadelphia were not only lower than the region and country as a whole, in nominal terms, but they also grew at a lower rate. From 2002 to 2007, however, the rate of growth in the City’s home values significantly outpaced these comparison regions. Although home values in the City stagnated and declined for eight years, after hitting a peak in 2007, the housing market in Philadelphia retained a much greater share of its pre-recession gains during this period than did either the region or country as a whole. Since then, Philadelphia’s housing market has surged, such that, in nominal terms, housing values within the City have nearly tripled since 1998, a rate of growth that is more than 50% greater than the rest of the country.

<sup>9</sup> US Census Bureau, American Communities Survey, 1-Year Survey

<sup>10</sup> Zillow Research, ZRI Time Series

<sup>11</sup> Zillow Research, ZHVI Time Series

### *Home Sales*

Another indicator of the housing market's recovery is home sales. The following chart shows the annual number of home sales in Philadelphia since 2009. Like prices, home sales dropped significantly following the 2007 recession, but have, seasonal variations notwithstanding, steadily increased since 2011. In 2017, there were 27,327 home sales, nearly double their post-recession nadir of 2011 of 14,542. This trend reflects a recovery of the City's housing market and is likely to continue as the significant increment of new housing construction (described below) is absorbed.

**Home Sales in Philadelphia, 2009-2017**

Source: Zillow Research, Home Sales Time Series

**Home Sales in Philadelphia, April 2014 through September 2017**

Source: Philadelphia Department of Revenue

### *Home Construction*

Home building activity in Philadelphia has also made significant progress since hitting its recessionary low in 2009. The following chart shows the number of newly constructed units being added to Philadelphia's housing stock, as represented by the number of building permits issued for such units, from 1998 through 2017.

**Building Permits Issued in Philadelphia, New Construction Only  
(Number of Units by Building Type), 1998-2017**

Source: US Census, Building Permits Survey

Prior to 2000, construction of new housing units in Philadelphia was low by both absolute and relative measures, averaging only 507 units per year in the decade from 1990 through 1999. However, since 2003, permits for new construction have not been for less than 947 units in any single year, including during the nadir of the 2007 recession. In 2014, permits were issued to approve the construction of nearly 4,000 new housing units in Philadelphia—an all-time high. Notably, these data do not include additions or substantial alteration to existing buildings, which together account for nearly a third of all new housing units in Philadelphia from 2013 to 2017, based on permit issuance data from the Department of Licenses and Inspections. Although total permitting activity declined in 2015 and 2016, recovering somewhat in 2017, total residential development activity remains quite high, and it appears there is continued population growth in the City’s metropolitan core.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Office Market

The City currently has approximately 48.0 million square feet of office space in the Central Business District (“CBD”), with an additional 149,828 square feet under construction according to Jones Lang LaSalle’s (“JLL”) statistics for the first quarter of 2019.

The average direct asking rental rates in the City’s CBD rose slightly to \$32.21 per square foot in the first quarter of 2019. Markedly, the City’s CBD enjoys rising rents with low overall total vacancy, while its suburban counterparts have higher overall total vacancy and lower rents during the same period, at 15.0% and \$27.42 per square foot.

Table 11 shows comparative overall first quarter 2019 office vacancy rates for selected office markets.

**Table 11**  
**Total Office Vacancy Rates of Selected Office**  
**Markets**  
**First Quarter 2019**

## ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION

### City of Philadelphia Economic Development Mission and Goals

The City's economic development strategy is to (1) spur job-creation by fostering an improved business environment; (2) increase the City's population and visitation; and (3) enhance quality of life within the City. The City partners with numerous quasi-city and private agencies to accomplish these objectives.

The City utilizes several place-based economic development strategies to spur development in Philadelphia. These strategies include: (i) a 10-year real estate tax abatement on all new construction, as well as on improvements to existing properties; (ii) Commonwealth-designated Keystone Opportunity Zones in which eligible businesses may be exempt from all Commonwealth and local business taxes until a specified date; (iii) Commonwealth-designated Keystone Innovation Zones in which energy, defense, technology, and life-sciences companies may be eligible for saleable tax credits worth \$100,000 annually for the first eight years of operations; (iv) tax increment financing; and (v) commercial corridor revitalization through support of Business Improvement Districts and reimbursement for certain storefront and interior retail improvements.

The City has also actively worked to raise its profile in the international business community. In 2015, Philadelphia received the designation of the first World Heritage City in the United States by the Organization of World Heritage Cities. In 2015, the City entered into a "sister city" agreement with Frankfurt, Germany, considered the largest financial center in continental Europe. This agreement is Philadelphia's first sister city since 1992. In recent years, the City has hosted delegations of business leaders and officials on trade missions to the United States and participated in trade missions to Germany, France, Portugal, China, South Korea, and Canada. In 2018, a website was launched, [philadelphiadelivers.com](http://philadelphiadelivers.com), which showcases all that the City has to offer businesses including location, talent, affordability, and amenities. Also in 2018, Philadelphia was one of four cities selected by the Brookings Institute to join the Global Identity Cohort. As such, more than 80 local stakeholders have been engaged to begin crafting a shared brand and narrative around Philadelphia in order to attract residents, businesses and events.

### City and Quasi-City Economic Development Agencies and Related Programs

#### *City of Philadelphia Department of Commerce*

The mission of the Department of Commerce is to (i) ensure that Philadelphia is a globally-competitive city where employers hire, entrepreneurs thrive, and innovation abounds; (ii) recruit and retain a diverse set of businesses; (iii) foster economic opportunities for all Philadelphians in all neighborhoods; and (iv) partner with workforce development programs and local businesses on talent development with the goal of ensuring that all Philadelphians can find and retain living-wage jobs. The Department of Commerce has three major divisions: Neighborhood & Business Services; Office of Business Development and Office of Economic Opportunity.

#### *City of Philadelphia Department of Planning and Development*

The Department of Planning and Development ("Planning and Development") oversees all planning, real estate development support, and commissions such as the Historical Commission, Planning Commission, Art Commission and Civic Design Review. Planning and Development also oversees all housing initiatives and plays a key role in community development.

#### *Philadelphia Industrial Development Corporation ("PIDC")*

PIDC is a non-profit organization founded by the City of Philadelphia and the Greater Philadelphia Chamber of Commerce in 1958. PIDC offers flexible financing tools, a targeted portfolio of industrial and commercial real estate, and expertise to help clients invest, develop, and grow in Philadelphia. PIDC also structures and invests in public-private partnerships for key City policy areas and development priorities. Over the past 60 years, PIDC and its affiliates have settled over 7,300 transactions, including more than \$16.6 billion in financing that has leveraged over

\$29 billion in total investment and assisted in creating and retaining hundreds of thousands of jobs in Philadelphia. Its direct loan and managed third-party portfolio at year-end 2018 was more than \$668 million, representing 495 loans.

*Philadelphia Authority for Industrial Development (“PAID”)*

PAID is a non-profit organization founded by the City of Philadelphia and

*Philadelphia Redevelopment Authority (“PRA”)*

In 1945, the Commonwealth enacted the Urban Renewal Law and created the PRA as the City’s urban renewal agency. Today, the PRA continues its role as a key financier, project manager, leader, and expert of developing and maintaining land in the City. The PRA is one of five municipal land holding agencies. Its Real Estate Division facilitates the redevelopment of PRA assets and it provides project management and analysis for real estate sales, acquisitions, redeveloper agreements, developer submissions, and required approvals. Its Housing Department leads the underwriting and loan closing process for all affordable housing projects within the City and works primarily with non-profit and for-profit developers as a lender.

*Philadelphia Land Bank (“PLB”)*

Established in 2013, the PLB is a new institutional partner in land use. The aim of the PLB is to consolidate many of the land acquisition and disposition processes of the City under one umbrella, making it easier for private individuals and organizations to acquire properties that otherwise contribute to neighborhood disinvestment and turn them into assets for the community in which they are located. The PLB can: (i) consolidate properties owned by multiple public agencies into single ownership to speed property transfers to new, private owners; (ii) acquire tax-delinquent properties through purchase or by bidding the City’s lien interests at a tax foreclosure; (iii) with consent of the City, clear the title to those properties so new owners are not burdened by old liens; and (iv) assist in the assemblage and disposition of land for community, non-profit, and for-profit uses.

*The Division of Housing and Community Development (“DHCD”)*

DHCD, formerly known as the Office of Housing and Community Development and now part of Planning and Development, manages planning, policy, and investment in low-income housing through several assistance programs. Most significantly, the DHCD creates and manages implementation of the Consolidated Plan, a federally-mandated plan and budget that must be updated yearly in order to receive federal Community Development Block Grant funding.

*The Philadelphia Housing Authority (“PHA”)*

PHA is funded primarily by the federal government and is the largest landlord in Pennsylvania. PHA develops, acquires, leases and operates affordable housing for City residents with limited incomes. PHA works in partnership with the City and Commonwealth governments, as well as private investors. Over 93% of PHA’s annual budget is funded directly or indirectly by the U.S. Department of Housing and Urban Development, and most of the balance of PHA’s budget is derived from resident rent payments. Neither PHA’s funds nor its assets are available to pay City expenses, debts, or other obligations, and the City has no power to tax PHA or its property. Neither the City’s funds nor its assets are subject to claims for the expenses, debts, or other obligations of PHA.

*Rebuilding Community Infrastructure Program (“Rebuild”)*

The Rebuild program, using funds from the Philadelphia Beverage Tax, will invest hundreds of millions of dollars in Philadelphia’s parks, recreation centers, and libraries over a seven-year period. Rebuild prioritizes sites in high-need neighborhoods, as well as sites that are in extremely poor condition. This program is intended to catalyze economic development in some of Philadelphia’s most impoverished communities and neighborhoods. Rebuild is not only committed to making transformative capital improvements in neighborhood public and shared spaces, but will also strive to build capacity and opportunities for minority and women-owned businesses and job opportunities for

local residents. In November 2018, PAID issued \$79,460,000 in City Service Agreement Revenue Bonds to finance certain costs of the Rebuild program.

## **Key Commercial Districts and Development**

Over the last two decades the efforts of Philadelphia's economic development agencies and others have spurred significant economic revitalization throughout the City. In particular, a number of geographic areas have experienced concentrated developments: Philadelphia's Historic District, Avenue of the Arts, North Broad Street, and the Benjamin Franklin Parkway. Many of these developments, such as a significant increase to Philadelphia's hotel room inventory in Center City and expansion of the Pennsylvania Convention Center, are key to the growth of Philadelphia's leisure and hospitality sector. Several key areas within the City have been instrumental in the economic and commercial development of Philadelphia over the past twenty-five years and the population growth since 2000. Recent and current developments in the key commercial districts described below are listed in Table 12.

### *Center City*

A district that has seen a resurgence over the last two and a half decades, Center City is Philadelphia's central business and office region within the City. Center City is the strongest employment center in the City. In addition, the area contains a sizeable residential population and provides ample access to retail, dining, arts and culture, entertainment, and mass transportation services, to both residents and daily commuters. Center City is flanked by neighborhoods that are considered "Greater Center City." Approximately 309,000 riders take public transit into Greater Center City every weekday. Over the last two decades, as there has been an influx of new businesses and residents in these neighborhoods, the boundaries of Greater Center City have moved significantly further North and South, with the Delaware and Schuylkill rivers remaining boundaries on the East and West.

### *Old City*

Old City is home to some of the country's oldest historical assets and is considered America's "most historic square mile." Independence National Historical Park is an international destination, attracting 3.6 million visitors annually. Important culturally and economically, Old City is also home to world-class museums, theaters and art galleries. The neighborhood offers excellent hotels, a wide range of dining and nightlife establishments, independent retailers and a diverse mix of technology, media, professional, and service organizations. Some 8,000 residents live in historic townhouses, industrial loft apartments, and new condominium properties. Old City is located within a Keystone Innovation Zone, meaning that technology, energy, and life sciences businesses may be eligible for up to \$100,000 in tax credits.

Old City District ("OCD") is a business improvement district that promotes the area and fosters economic development locally. OCD helps companies find suitable real estate and actively promotes the sector to attract businesses. Over the last few years, technology and creative businesses have established an increasingly important presence in the area.

### *University City*

Located west of Center City, University City is a hub for the health care, life sciences, and higher education sectors and accounted for approximately 11% of the City's employment in 2017. It includes the campuses of Penn, Drexel University, University of the Sciences, the University of Pennsylvania Health System, the Children's Hospital of Philadelphia, and The Wistar Institute, as well as the University City Science Center, a biomedical incubator. University City has experienced significant real estate development, driven mostly through the investment of its universities and research institutional anchors.

Penn built the \$88 million Singh Center for Nanotechnology in 2013 and is investing \$127 million in a new residence hall called New College House at Hill Field. Drexel University invested nearly \$300 million in University City in 2013, and is planning for an additional \$3.5 billion over 20 years in the development of Schuylkill Yards in partnership with Brandywine Realty Trust. Such project will develop 14 acres of underutilized land near Philadelphia's

30th Street Station into an innovation neighborhood, which will feature a mix of entrepreneurial spaces, educational facilities and research laboratories, corporate offices, residential and retail spaces, hospitality and cultural venues and public open spaces.

### *The Navy Yard*

The Navy Yard is a 1,200 acre mixed-use office, research and industrial park with over 13,000 people working on site across 150 companies. The Navy Yard has diverse tenants such as Philly Shipyard, one of the world's most advanced commercial shipbuilding facilities; the global headquarters for retailer Urban Outfitters, Inc.; a 208,000 square foot, double LEED Platinum corporate office for pharmaceutical company GlaxoSmithKline; and a LEED Silver bakery facility for the Tasty Baking Company. More than 7.5 million square feet of space is currently occupied or in development with significant additional capacity available for office, industrial, retail and residential development.

PIDC and its partners released an updated Navy Yard master plan in 2013, detailing a comprehensive vision for the Navy Yard. The plan calls for a total of over 13.5 million square feet of new construction and historic renovation supporting office, research and development, industrial and residential development, complemented with commercial retail amenities, open spaces and expanded mass transit. Under such plan, the fully built out Navy Yard would support more than 30,000 employees and over \$3 billion in private investment. PIDC continues to work on this long-term plan for the Navy Yard.

The Navy Yard continues to grow bringing it closer to its strategic targets. Since 2000, the Navy Yard has leveraged more than \$150 million in publicly funded infrastructure improvements to spur more than \$750 million in new private investment.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## Waterfront Developments

Taking advantage of the City's geographic assets, the Schuylkill River and the Delaware River, the City is redeveloping its waterfront to accommodate a variety of developments, including mixed-use projects and housing, parks and recreational trails, and hotels. These projects improve quality of life for residents and improve the visitor experience, but also are an impetus for environmental remediation and private development of former industrial property within the City.

### *Delaware River Waterfront Corporation (the "DRWC")*

The Delaware River has historically been a center of activity, industry, and commerce, bounded at its north and south ends by active port facilities. The City adopted a Master Plan for the central Delaware River in 2011. DRWC, in partnership with the City, is a nonprofit corporation that works to transform the central Delaware River waterfront into a vibrant destination for recreational, cultural, and commercial activities. Over the last ten years, DRWC has successfully opened four adaptive reuse park projects built on former pier structures, including the newly-renovated Cherry Street Pier in 2018.

DRWC, the City, and the Commonwealth have partnered to redevelop Penn's Landing, a major public space along the Delaware River waterfront. The resulting civic space will leverage investment from private sources for the redevelopment of the adjoining parcels.

### *Schuylkill River Development Corporation (the "SRDC")*

Redevelopment along the Schuylkill River is managed by a partnership among SRDC, the Department of Parks & Recreation, and the Department of Commerce. SRDC works with federal, Commonwealth, City, and private agencies to coordinate, plan and implement economic, recreational, environmental and cultural improvements, and tourism initiatives on the Schuylkill River. From 1992 to 2017, \$70 million was invested by SRDC, the City, and their partners along the tidal Schuylkill to create 3.65 miles of riverfront trails within 30 acres of premiere park space in the heart of the City, and has added amenities to the Schuylkill River Park such as floating docks, fishing piers, a composting toilet, and architectural bridge lighting. SRDC continues to work towards meeting its goal of creating and maintaining trails and green space along the tidal Schuylkill River in Philadelphia.

Since 2005, Philadelphia has benefitted from more than \$1 billion in development along the Schuylkill River, with more planned by private developers, universities, and healthcare institutions.

### *SugarHouse Casino*

Philadelphia's first casino, SugarHouse, opened in September 2010. SugarHouse Casino sits on the Delaware River waterfront offering an array of slot machines, table games and dining options. Its operations also include a multi-purpose event space with waterfront views, restaurants, and a parking garage. As of August 2018, SugarHouse had approximately 1,500 employees. As reported to the Pennsylvania Gaming Control Board, SugarHouse's gaming revenue was approximately \$299.1 million in Fiscal Year 2018.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## TOURISM AND HOSPITALITY

Philadelphia has experienced a significant increase in tourism over the last decade, fueled by several high profile, global events that the City hosted, notably the 2015 World Meeting of Families, culminating in a papal visit from Pope Francis, and the Democratic National Convention in 2016. In April 2017, Philadelphia hosted the NFL Draft, which is estimated to have brought approximately 250,000 people to Center City. Both business and convention tourism, as well as leisure tourism were at a record high in 2016. In 2016, Lonely Planet named Philadelphia on its top-10 best list of “unexpectedly exciting places to see,” and in 2017, Travel and Leisure named Philadelphia as one of the best places to visit in the world.

The Philadelphia Convention and Visitors Bureau (“PHLCVB”) books meetings, conventions and sporting events and supports international marketing of Philadelphia overseas. PHLCVB also books domestic group tours. Tourism Economics, an Oxford Economics Company, reported that international visitors from overseas to Philadelphia in 2017 numbered more than 648,000, spending \$651 million generating \$1.1 billion in total economic impact to the Philadelphia region. According to the same source, Philadelphia ranks as the 16<sup>th</sup> most visited city in the U.S. by overseas travelers. Philadelphia’s international visitation has seen significant growth over the past decade, a 18% growth in overseas travelers since 2007 (up from 549,000 in 2007).

The PHLCVB currently has 892 meetings, conventions, and sporting events booked for future years. These groups will bring a total of 3.1 million attendees to Philadelphia consuming 3.7 million room nights.

Visit Philadelphia markets Philadelphia domestically, as well as in Canada and Mexico, to promote leisure travel. Philadelphia has attracted more overnight leisure travelers than ever before and Center City hotels reached a landmark 1 million leisure room nights in 2016. Further, several big and new-to-the-city brands are entering the market, along with smaller boutique hotels. Leisure hotel room stays have increased 334% since 1997 and in 2017 the estimated economic impact of leisure travel to the region was \$11.5 billion according to the Visit Philly 2018 Annual Report.

**Table 13**  
**Greater Philadelphia Visitor Growth, 1997-2017**  
**(In Millions)**

	1997	2017	Net Change	% Change
Total Visitation	26.7	43.3	16.6	62%
Leisure- Overnight	7.3	15.1	7.8	107%
Leisure- Day	15.5	23.1	7.6	49%
Business- Overnight	1.4	2.3	0.9	64%
Business- Day	2.5	2.8	0.3	12%

Source: Visit Philadelphia Annual Report, 2018

Philadelphia has seen an influx in new hotel development, with numerous new developments underway or confirmed. Since 2015, there has been notable hotel development in the City, representing over \$1 billion in investment. The number of hotel rooms available in the City in 1993 was 5,613, with occupancy at 65%. In 2017, the City’s hotel room inventory was 16,334 rooms, with occupancy at 76.6%%. Several hotel projects are currently under development, which will increase hotel room inventory by close to 2,000 rooms.

### Museum and Cultural Centers

Crucial to tourism is the City’s robust arts and culture sector. One in three tourists who come to Center City cite museums and cultural events as the primary reason for their visit. Top attractions in Philadelphia include Independence National Park, the Philadelphia Museum of Art, the Philadelphia Zoo, and Reading Terminal Market.

Organizations like the Philadelphia Museum of Art, the Kimmel Center, FringeArts, and more than 400 smaller cultural organizations throughout the City help improve the quality of life for residents and visitors. The Greater Philadelphia Cultural Alliance reported in 2017 that arts and culture produced \$3.4 billion in economic impact and contributed \$930 million in household income in the City.

### **Avenue of the Arts (South Broad Street) Investments**

The Avenue of the Arts is located along a mile-long section of South Broad Street between City Hall and Washington Avenue, in the heart of Center City. Reinventing South Broad Street as the Avenue of the Arts, a world class cultural destination, has been a civic goal in Philadelphia for more than two decades. Cultural institutions, the William Penn Foundation, local property owners and civic leaders advanced the idea of a performing arts district on South Broad Street anchored by the Academy of Music and modeled after successful performing arts districts around the country. The Avenue of the Arts became a key element of the City's strategy to strengthen Center City as the region's premier cultural destination and an important element in the City's bid to expand its convention and tourism industries.

### **The Benjamin Franklin Parkway**

Complementing the Avenue of the Arts theater district developments, the Benjamin Franklin Parkway (the "Parkway") is considered the spine of Philadelphia's museum district. Designed by French architect Jacques Gréber, to emulate the Champs Elysées of Paris, the Parkway opened in 1929. It runs from the area of City Hall to the Philadelphia Museum of Art and is a central public space and tourist attraction. Key Parkway features include Love Park (which has undergone major renovations and was reopened in the spring of 2018), the Philadelphia Museum of Art, the Rodin Museum, the Franklin Institute, The Barnes Foundation, the Free Library of Philadelphia, the Academy of Natural Sciences, the Swann Memorial Fountain, Sister Cities Park, Cathedral Basilica of Saints Peter and Paul on Logan Square, and numerous pieces of public art.

The Barnes Foundation, which opened in 2012, is a welcome addition to the City's impressive roster of arts facilities, and has had a significant impact on the City's leisure and hospitality industry. In 2015, the Barnes Foundation welcomed its one millionth visitor since opening on the Parkway. With membership over 85,000, it is ranked among the top institutions of its kind in the country.

### **Historic District**

Key to the City's leisure and hospitality growth is the maintenance and investment in the City's extraordinary historic assets. As the birthplace of the country, Philadelphia remains a major tourist destination year-round, particularly the City's Historic District, which includes various museums and cultural centers, as well as such national treasures as the Liberty Bell, Independence Hall, Carpenters' Hall, the Betsy Ross House and Elfreth's Alley, the Nation's oldest residential street. The City continues to invest in the maintenance and expansion of the Historic District's tourist experience. Such district is expected to remain competitive in the national and international tourism markets for years to come.

### **North Broad Street and the Philadelphia Convention Center**

In 1993, with support from the Commonwealth, the Pennsylvania Convention Center (the "Convention Center") was completed, providing a total of 624,000 square feet of saleable space across its four exhibit halls, ballroom and banquet spaces. In 2011, a \$786 million expansion, across 20 acres of central Philadelphia real estate, increased the facility to 2.3 million square feet. It is the largest single public works project in Pennsylvania history.

In 2014, SMG began managing and operating the Convention Center, instituting a number of measures intended to reduce and control show costs and improve customer service. In 2016, the Convention Center announced that 2015 was its highest booking year ever with 856,663 bookings, a 1.2% increase from 2014, representing an estimated \$1.1 billion in future economic impact.

Following the 2011 expansion of the Convention Center, development efforts in the North Broad Street area increased. Improvements include Lenfest Plaza at the Pennsylvania Academy of Fine Arts and two hotels. Development continues to move north along Broad Street, with significant investment taking place to restore the Berry Building, the Philadelphia Metropolitan Opera House, and the Divine Lorraine Hotel.

### **South Philadelphia Sports Complex**

Another key element of Philadelphia's hospitality industry is professional sports. Philadelphia is the only city to have a professional hockey, basketball, baseball, and football team playing in a single district within the City, the Sports Complex Special Services District, created by the City in 2000.

The South Philadelphia Sports Complex houses three professional sports facilities: The Wells Fargo Center opened in 1996 and is home to the Philadelphia Flyers (National Hockey League) and Philadelphia 76ers (National Basketball Association); Lincoln Financial Field opened in 2003 and is home to the Philadelphia Eagles (National Football League); and Citizens Bank Park opened in 2004 and is home to the Philadelphia Phillies (Major League Baseball). The Phillies and the Eagles are contractually obligated to play in Philadelphia until 2033 and 2034, respectively.

Within the South Philadelphia Sports Complex, there is a sports entertainment and dining complex. There are also plans to expand this area to include retail, hotel, and theater space, a casino, a spa, and a conference center.

### **Retail Market, Food and Dining**

In the last five years, the City's retail market has grown substantially, attracting 77 national retailers. With nearly 193,000 residents, 305,000 workers, 3.5 million occupied hotel room nights and 112,000 college students in and around Center City, the market generates more than \$1 billion in annual retail demand. More than 1.4 million square feet of retail space is currently under construction with significant development surging east of Broad Street, with some of Philadelphia's most ambitious retail and mixed-use projects.

Market East, an important commercial area between City Hall and the City's Historic District is experiencing significant development. New developments in Market East represent a \$910 million investment that is creating a continuous shopping and dining experience from Independence Mall to the major Center City convention hotels, just east of City Hall. The revitalization of this section of the City, containing a major transport hub, is expected to be transformative. Most notably, the planned redevelopment of The Gallery at Market East into Fashion District Philadelphia is one of the biggest developments in the area. In the last several years, there have also been recent improvements along East Market Street, including retail, residential, hotel, and other mixed-use projects.

Complementing the rise of retail in Philadelphia, the City has experienced a revival of restaurant establishments, especially in Center City and Greater Center City, indicating an improved quality of life and vibrancy of those neighborhoods. Increased investment in Center City to beautify the area, as well as the City's support in making the area more welcoming to visitors and diners, has sparked a significant increase in the number of indoor/outdoor dining establishments throughout Center City.

## **TRANSPORTATION**

The residents of the City and surrounding counties are served by a commuter transportation system operated by SEPTA. This system includes two subway lines, a network of buses and trolleys, and a commuter rail network joining Center City and other areas of the City to PHL (as defined herein) and to the surrounding counties. For more information on SEPTA, see "– Southeastern Pennsylvania Transportation Authority" and APPENDIX B – "EXPENDITURES OF THE CITY – City Payments to SEPTA."

A high-speed train line runs from southern New Jersey to Center City and is operated by the Port Authority Transit Corporation ("PATCO"), a subsidiary of the Delaware River Port Authority. On the average weekday, PATCO brings approximately 15,000 individuals to Philadelphia.

New Jersey Transit operates 19 different bus routes and the Atlantic City Train Line, all of which serve to connect Philadelphia and New Jersey. On the average weekday, the New Jersey Transit bus routes bring approximately 2,000 individuals to Philadelphia and the Atlantic City Line brings approximately 700 individuals to Philadelphia.

Amtrak, SEPTA, Norfolk Southern, CSX Transportation, Conrail and the Canadian Pacific provide inter-city commuter and freight rail services connecting the City to other major cities and markets in the United States. According to Amtrak, Philadelphia's 30th Street Station is the third busiest station in the United States. Structural improvements of \$30 million were recently completed to the station, and an additional \$60 million restoration project is awaiting federal approval.

The City now has one of the most accessible downtown areas in the nation with respect to highway transportation by virtue of Interstate 95 ("I-95"); Interstate 676 (the "Vine Street Expressway"), running east-to-west through the CBD between Interstate 76 (the "Schuylkill Expressway") and I-95; and Interstate 476 (the "Blue Route") in suburban Delaware and Montgomery Counties, which connects the Pennsylvania Turnpike and I-95 and connects to the Schuylkill Expressway, which runs to Center City. In addition, more than 100 truck lines serve the Philadelphia area.

The City is served within city limits by numerous private buses and shuttles. These buses and shuttles are operated by apartment complexes, universities, and private companies. These buses and shuttles connect Philadelphians to transit hubs, employment, and residences. A rail line reaches PHL in less than 20 minutes from the City's central business district and connects directly with the commuter rail network and the Pennsylvania Convention Center.

Philadelphia launched the Indego bike share program, sponsored by Independence Blue Cross, in April 2015. The system launched with 600 bicycles and 70 stations throughout the City from Temple University in North Philadelphia to Tasker Street in South Philadelphia and from the Delaware River on the east to 44th Street in West Philadelphia. Indego is the first bike share system in the United States to launch with a cash payment option for members. In 2017, the City expanded Indego to 1,100 bicycles and 121 bike share stations, with stations as far north as Dauphin Street in Kensington, as far south as McKean Street in South Philadelphia, and as far west as 52<sup>nd</sup> Street. In 2017, 780,000 trips were taken.

### **Southeastern Pennsylvania Transportation Authority**

SEPTA operates facilities across the PMSA, encompassing approximately 2,200 square miles and serving approximately 4.1 million inhabitants. SEPTA operates service 24 hours a day, seven days a week, 365 days a year. A significant segment of the region relies on SEPTA for public transportation and annual SEPTA ridership totaled more than 302.7 million in Fiscal Year 2018.

SEPTA's operations are accounted for in three separate divisions, the percentages following each division representing its approximate share of SEPTA's expense budget: City Transit (66%); Regional Rail Division (25%); and Suburban (9%). The City Transit Division serves the City with a network of 89 subway-elevated, light rail, trackless trolley and bus routes, providing approximately 852,000 unlinked passengers trips per weekday. The Regional Rail Division serves the City and the local counties with a network of 13 commuter rail lines providing approximately 120,000 passenger trips per weekday.

SEPTA continues to rehabilitate and replace critical infrastructure and systems, such as substations, bridges and stations. Its long-term capital program includes (i) safety and security enhancements, (ii) modernization of communication, signal equipment, and fare collection systems, (iii) replacement of rail vehicles that have exceeded their useful life, (iv) enhancing accessibility, (v) expanding capacity to address ridership growth, (vi) expanding its fleet of hybrid buses, and (vii) performing vehicle overhauls to optimize vehicle performance.

## Airport System

The Airport System serves residents and visitors from a broad geographic area that includes eleven counties within four states: Pennsylvania, New Jersey, Delaware, and Maryland. The Airport System consists of the Philadelphia International Airport (“PHL” or the “Airport”) and Northeast Philadelphia Airport (“PNE”).

### *Philadelphia International Airport*

PHL is classified by the Federal Aviation Administration as a large air traffic hub (enplaning 1.0% or more of the total passengers enplaned in the U.S.). According to data reported by Airports Council International – North America, PHL was ranked the twentieth busiest airport in the United States, serving 29.6 million passengers in calendar year 2017. PHL is located approximately seven miles from Center City on approximately 2,584 acres.

PHL has four runways, consisting of two parallel runways, a crosswind runway, and a commuter runway, as well as interconnecting taxiways. PHL’s terminal facilities consist of seven terminal units, totaling approximately 3.2 million square feet. Such terminal facilities include ticketing areas, passenger and baggage screening areas, passenger hold rooms and other amenities, baggage claim areas, approximately 175 food, retail and service establishments, and other support areas. PHL also has six active cargo facilities, a variety of support buildings, training areas, an air traffic control tower, a fixed-base operator, corporate hangars, a fueling supply facility, two American Airlines aircraft maintenance hangars, and a first-class office complex.

Outside of the PHL terminal area, there are a 14-story, 419-room hotel, seven rental car facilities, a 150-vehicle cell-phone lot, and two employee parking lots with more than 4,000 spaces. Such area also includes five parking garages and surface lots consisting of more than 18,900 vehicle spaces, operated by the Philadelphia Parking Authority.

The current Airport-Airline Use and Lease Agreement (the “Airline Agreement”) between PHL and the airlines began July 1, 2015 and has a five-year term with options for two one-year extensions. The Airline Agreement was approved by City Council in June 2015.

Capital Development. The Airport System’s long-term capital program includes (i) terminal and landside improvements, (ii) airfield improvements, (iii) security and information technology improvements, and (iv) land acquisition and ground transportation improvements, among other things.

PHL Passenger and Other Traffic Activity. The table below shows PHL passenger and cargo activity. In Fiscal Year 2018, PHL enplaned passenger traffic increased by 3.0%, domestic enplanements increased by 3.6%, international enplanements decreased by 1.2%, and total cargo traffic increased by 13.8%.

	Fiscal Year 2018	Fiscal Year 2017
Domestic Enplanements	13,238,844	12,775,958
International Enplanements	2,006,609	2,030,924
Total Enplanements	15,245,453	14,806,882
Freight (US tons)	487,086	424,009
Mail (US tons)	23,344	24,659
Total (US tons)	510,430	448,668

### *Northeast Philadelphia Airport*

PNE is located approximately ten miles northeast of Center City on approximately 1,126 acres. PNE serves as a reliever airport for PHL and provides for general aviation, air taxi, corporate, and occasional military use. PNE currently has no scheduled commercial service. There are a variety of hangars (corporate and general aviation) at PNE. There are approximately 175 general aviation aircraft based at PNE. The Airport System's long-term capital program includes PNE improvement projects.

### **Port of Philadelphia**

The Port of Philadelphia (the "Port") is located on the Delaware River within the City limits. The Port's facilities are serviced by two Class I railroads (CSX and Norfolk Southern) and provide service to major eastern Canadian points, as well as Midwestern, southern and southeastern U.S. destinations. Terminal facilities, encompassing four million square feet of warehousing, are located in close proximity to Interstate 95 and Interstate 76. Over 1,600 local general freight trucking companies operate in the MSA, according to Hoover's Inc.

The Philadelphia Regional Port Authority (the "PRPA") reported approximately 6.3 million metric tons of cargo moved through the Port in 2016, the second year of more than 6 million tons of cargo in a single calendar year, representing a 2.7% increase over 2015. The Port is the top-ranked port for meat importing in the United States, and is among the nation's leaders for fruit, cocoa, forest products and steel imports. In December 2015, the PRPA secured a new shipping service that will link directly with burgeoning port operations on the Gulf of Mexico at Veracruz and Altamira. This service will target commodities including goods such as avocados, lemons, tomatoes and commercial cargo.

As part of an ongoing project, the PRPA is working to increase the Port's competitiveness by increasing capacity by deepening the main channel of the Delaware River from 40 to 45 feet. In November 2016, the Governor announced \$300 million in Commonwealth funding to significantly expand the Port's facilities and double its capacity by 2020. Improvements will double container and auto capacity at the Port and increase the Port's ability to handle wood pulp, a food grade commodity.

## **KEY CITY-RELATED SERVICES AND BUSINESSES**

### **Water and Wastewater**

The water and wastewater systems of the City are owned by the City and operated by the City's Water Department (the "Water Department"). The water and wastewater systems are referred to herein individually as the "Water System" and "Wastewater System", respectively.

The Water System's service area includes the City and has one wholesale water service contract. Based on the 2017 U.S. Census Bureau estimate, the Water System served 1,580,863 individuals.

As of June 30, 2018, the Water System served approximately 480,000 active customer accounts using approximately 3,100 miles of mains and approximately 25,000 fire hydrants.

The City obtains approximately 58% of its water from the Delaware River and the balance from the Schuylkill River. The City is authorized by the Pennsylvania Department of Environmental Protection (the "PaDEP") to withdraw up to 423 million gallons per day ("MGD") from the Delaware River and up to 258 MGD from the Schuylkill River. On September 27, 2016, the PaDEP issued the Water Department a new water allocation permit, which expires on September 27, 2041. Under the new permit, the amount the City is authorized to withdraw from each river has not changed.

Water treatment is provided by the Samuel S. Baxter Water Treatment Plant on the Delaware River and by the Belmont and Queen Lane Water Treatment Plants on the Schuylkill River. The combined rated treatment capacity of these plants under the Water Department's Partnership for Safe Water procedures is 546 MGD. The combined maximum source water withdrawal capacity from the two rivers that supply these plants is 680 MGD. The excess source water capacity enables higher than normal withdrawal from either river should conditions limit withdrawals from one.

The Wastewater System's service area includes the City and ten wholesale wastewater service contracts. Based on the 2017 U.S. Census Bureau estimate, the Wastewater System served 1,580,863 individuals that live in the City and ten wholesale contracts.

As of June 30, 2018, the Wastewater System served approximately 545,000 accounts, including approximately 50,000 stormwater-only accounts and ten wholesale contracts with neighboring municipalities and authorities.

The Wastewater System consists of three water pollution control plants, the Northeast, Southwest and Southeast water pollution control plants (the "WPCPs"), 19 pumping stations, approximately 3,700 miles of sewers, and a privately managed centralized biosolids handling facility. It includes approximately 1,850 miles of combined sewers, 760 miles of sanitary sewers, 740 miles of stormwater sewers, 13 miles of force mains (sanitary and storm) and 349 miles of appurtenant piping. The three WPCPs processed a combined average of 413 MGD of wastewater in Fiscal Year 2018, have a 522 MGD combined average daily design capacity and a peak capacity of 1,059 MGD.

### **Solid Waste Disposal**

The City is responsible for collecting solid waste, including recycling, from residential households and some commercial establishments. On average, approximately 2,300 tons of solid waste per day are collected by the City. Municipal solid waste is disposed of through a combination of recycling processing facilities, private and City transfer stations within the City limits, and at various landfills operated outside the City limits.

### **Parks**

The City was originally designed by William Penn and Thomas Holme around five urban parks, each of which remains in Center City to this day. The City's parklands total over 10,300 acres, and include Fairmount Park, the world's largest landscaped urban park at 9,200 acres, Pennypack Park, and the Philadelphia Zoo, the country's first zoo. The City also offers its residents and visitors America's most historic square mile, which includes Independence Hall and the Liberty Bell. Under the Rebuild initiative, an estimated \$500 million will be invested in Philadelphia parks, recreation centers, playgrounds and libraries in the next several years.

### **Libraries**

The Free Library of Philadelphia, the City's public library system, comprises 54 branches and an extensive online resource system.

### **Streets and Sanitation**

The Philadelphia Streets Department (the "Streets Department") and the divisions within it are responsible for the City's large network of streets and roadways. The City's pavement condition is considered to be a "Fair" pavement condition. In order for the City to maintain its pavement in a state of good repair, local streets should be repaved once every 20 years and arterials should be repaved once every 10 years. This requires approximately 131 miles of paving every year. The pavement program has accumulated a backlog of approximately 1,100 miles since 1996. As a result of the new funding under Act 89, the Streets Department has funds to address long standing state of good repair needs without an additional allocation from the General Fund. During Fiscal Years 2014-2017, the Streets Department

invested in critical equipment replacements and began to implement a strategy to address recurring state of good repair needs. This includes critical equipment replacement, street paving and pothole repair, and replacement of traffic control equipment.

The Streets Department is also responsible for the ongoing collection and disposal of residential trash and recyclables, as well as the construction, cleanliness and maintenance of the street system. The streets system in Philadelphia totals 2,575 miles - 2,180 miles of City streets, 35 miles of Fairmount Park roads and 360 miles of state highways. The Highway Unit and Sanitation Division annually collects and disposes of approximately 600,000 tons of rubbish and 125,000 tons of recycling, completes over 48,000 miles of mechanical street cleaning, clears 1,800 major illegal dump sites, and removes over 155,000 abandoned tires.

### **Sustainability and Green Initiatives**

Mayor Kenney continues the City's commitment to make Philadelphia the greenest and most sustainable city in America. To aid in achieving this goal, the Philadelphia Energy Authority has been tasked with improving energy sustainability and affordability in the City and with educating consumers on their energy choices. The City is investing in and evaluating additional options and investing in green infrastructure to better manage storm water reclamation and reduce pollution of the City's public waters. There has been extensive investment in creating more and better public green spaces, such as Love Park in Center City, as well as green spaces along both the Delaware and Schuylkill Rivers. Finally, the City has been taking steps to further reduce automobile traffic, congestion and pollution by making Philadelphia's streets increasingly friendly to bicyclists. The City introduced its new bicycle sharing system, Indego, in 2015, as further described in "TRANSPORTATION." Bicycle share programs have been successfully implemented in other cities worldwide.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

## **APPENDIX D**

### **Definitions of Certain Terms and Summary of Certain Provisions of the Indenture**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

The following sets forth the definitions of certain terms used in the Indenture and a brief summary of certain provisions of the Indenture. Certain other provisions of the Indenture relating to the 2019/2020 Bonds are summarized in the Official Statement under the section captioned “THE 2019/2020 BONDS.” Reference should be made to the Indenture for a complete statement of all of these provisions and other provisions which are not summarized in the Official Statement. Copies of the Indenture may be obtained from the Trustee.

## DEFINITIONS OF CERTAIN TERMS

**“2019 Closing Date”** means the date of the delivery of the 2019 Bonds, as applicable to the Underwriters against payment therefore.

**“Additional Bonds”** means bonds or notes: (i) as of the 2019 Closing Date, other than the 2010 Bonds and the 2019 Bonds, and (ii) as of the Delayed Delivery Closing Date of the 2020 Bonds, other than the 2010 Bonds maturing on June 15, 2020, the 2019 Bonds and the 2020 Bonds, authorized to be issued under the Indenture.

**“Authority”** means the Pennsylvania Intergovernmental Cooperation Authority, a body corporate and politic organized and existing as a public authority and instrumentality of the Commonwealth under and by virtue of the Constitution and laws of the Commonwealth.

**“Authority Representative”** means the person or persons at the time designated to act on behalf of the Authority by written certificate furnished to the Trustee containing the specimen signatures of such person or persons and signed on behalf of the Authority by its duly authorized agent. Such certificate may designate an alternate or alternates.

**“Board”** means the governing board of the Authority.

**“Bond”** or **“Bonds”** means all bonds authorized to be issued pursuant to authorizing resolutions previously adopted by the Authority and executed and delivered under and pursuant to such authorizing resolutions and the Indenture, as the same was amended and supplemented from time to time, including any bonds issued in substitution therefor, and any Additional Bonds issued pursuant to the Indenture.

**“Bond Counsel”** means any firm of nationally recognized bond counsel acceptable to the Authority.

**“Bondholder”** or **“Holder”** means the registered owner of any Bond.

**“Bond Redemption Fund”** means the separate fund of such name established under the Indenture.

**“Bond Register”** means the list of the names and addresses of Bondholders and the principal amounts and numbers of the Bonds held by them maintained by the Registrar on behalf of the Authority.

**“Bond Year”** for any Series of Bonds means each one-year period (or shorter period from the date of issue) that ends at the close of business on the date in the calendar year that is elected by the Authority as permitted under the Code.

**“Business Day”** means a day other than a Saturday, Sunday or holiday on which the Trustee or any applicable Credit Facility Issuer are authorized to be closed under applicable state or federal law.

**“Capital Projects Fund”** means the separate fund of such name established under the Indenture.

**“City Account”** means the account of such name created under the Act and the Disbursement Agreement.

**“City Obligations”** means any direct obligations of the City, including tax and revenue anticipation notes of the City, or any obligations guaranteed by the City, the investment in which shall have been approved by the Authority in accordance with Section 311(b) of the Act.

**“Code”** means the Internal Revenue Code of 1986, as amended, or any successor legislation, and the regulations and published rulings promulgated thereunder or applicable thereto.

**“Credit Facility”** means the Municipal Bond Debt Service Reserve Fund Policy issued by the Credit Facility Issuer, and any other letter of credit, bond insurance policy, or other credit facility meeting the requirements of, and delivered to the Trustee in accordance with, the Indenture in connection with the issuance of Additional Bonds to satisfy the Debt Service Reserve Requirement for the Debt Service Reserve Fund.

**“Credit Facility Issuer”** means Financial Guaranty Insurance Company (policy novated to National Public Finance Guarantee Corporation) and each issuer of a Credit Facility then in effect, and its successors. Reference to the Credit Facility Issuer shall be read to mean each issuer of a Credit Facility.

**“Debt Service Fund”** means the separate fund of such name established under the Indenture.

**“Debt Service Requirement”** means for a specified period the principal of (whether at maturity or pursuant to mandatory redemption) and interest (other than capitalized interest) on Outstanding Bonds payable during the period. If any Series bears interest at a variable interest rate, the interest thereon shall be deemed to be an amount calculated using an interest rate equal to the maximum interest rate permitted for such Series under the authorizing Supplemental Indenture. If the repayment obligation of the Authority under a Credit Facility with respect to a particular Series is secured on a parity with the Bonds and provides for a different rate of interest or amortization period than such Series, the principal and interest during a period for such Series of Bonds for purposes of computing the Debt Service Requirement shall be based upon the maximum interest rate and amortization provisions of the Credit Facility if they result in a higher Debt Service Requirement. If an interest rate exchange agreement, interest rate cap and floor agreement or other similar agreement permitted by Section 304(10) of the Act is in effect with respect to a Series of Bonds and the unguaranteed debt of the obligated counterparty is rated in one of the two highest rating categories by S&P and Moody's and no default exists under such agreement, the principal and interest payable during a period for such Series of Bonds for purposes of computing the Debt Service Requirement for such period shall be determined by reference to the net amount payable by the Authority under or after giving effect to such agreement.

**“Debt Service Reserve Fund”** means the separate fund of such name established under the Indenture.

**“Debt Service Reserve Requirement”** means an amount equal to the lesser of (i) the Maximum Annual Debt Service Requirement with respect to all Bonds outstanding under the Indenture, and (ii) the maximum amount permitted by the Code.

**“Deficit Fund”** means the separate Fund of such name established under the Indenture.

**“Delayed Delivery Closing Date”** means the date of the delivery of the 2020 Bonds, as applicable to the Underwriters against payment therefore.

**“Department”** means the Department of Revenue of the Commonwealth.

**“Depository”** means U.S. Bank National Association, successor to First Union National Bank, a national banking association organized and existing under the laws of the United States, as Depository under the Disbursement Agreement, and its successors and assigns.

**“Disbursement Agreement”** means the City Account Deposit and Disbursement Agreement dated as of December 6, 1991 between the Authority and the Depository and acknowledged and agreed to by the City as the same may be amended, modified or supplemented and in effect from time to time.

**“Event of Default”** means any event specified as such in Section 8.01 of the Indenture.

**“Fitch”** means Fitch Ratings, Inc., a corporation organized and existing under the laws of the State of New York, its successors and assigns and if such corporation shall for any reason no longer perform the actions of a securities rating agency, “Fitch” shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority.

**“Government Obligations”** means any of the following which are noncallable and which at the time of investment are legal investments under the Act for the moneys proposed to be invested therein:

(a) direct general obligations of, or obligations the payment of principal of and interest on which are unconditionally guaranteed as to full and timely payment by, the United States of America (“Direct Obligations”);

(b) direct obligations and fully guaranteed certificates of beneficial interest of the Export-Import Bank of the United States; consolidated debt obligations and letter of credit-backed issues of the Federal Home Loan Banks; participation certificates and senior debt obligations of the Federal Home Loan Mortgage Corporation (“FHLMCs”); debentures of the Federal Housing Administration; mortgage-backed securities (except stripped mortgage securities which are valued greater than par on the portion of unpaid principal) and senior debt obligations of the Federal National Mortgage Association (“FHMAs”); participation certificates of the General Services Administration; guaranteed mortgage-backed securities and guaranteed participation certificates of the Government National Mortgage Association (“GNMAs”) guaranteed participation certificates and guaranteed pool certificates of the Small Business Administration; debt obligations and letter of credit-backed issues of the Student Loan Marketing Association; local authority bonds of the U.S. Department of Housing & Urban Development; and guaranteed Title XI financings of the U.S. Maritime Administration; or

(c) obligations issued by the Resolution Funding Corporation pursuant to the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (the “FIRRE Act”), (i) the principal of which obligations is payable when due from payments of the maturing principal of non-interest bearing direct obligations of the United States of America which are issued by the Secretary of the Treasury and deposited in the Funding Corporation Principal Fund established pursuant to the FIBRE Act, and (ii) the interest on which obligations, to the extent not paid from other specified sources, is payable when due by the Secretary of the Treasury pursuant to the FIRRE Act.

**“Investment Earnings”** means all interest and income received from the investment of funds held under the Indenture, losses suffered by reason of such investment, and any interest paid by the Trustee or any other depository of any fund established under the Indenture, and any net profits or losses resulting from the sale of securities.

**“Investment Securities”** means each of the following:

(1) Obligations of any of the following federal agencies which obligations represent the full faith and credit of the United States of America, including:

- Export-Import Bank
- Rural Economic Community Development Administration
- U.S. Maritime Administration
- Small Business Administration
- U.S. Department of Housing & Urban Development (PHAs)
- Federal Housing Administration
- Federal Financing Bank.

(2) Direct obligations of any of the following federal agencies whether or not such obligations are fully guaranteed by the full faith and credit of the United States of America:

- Senior debt obligations issued by the Federal National Mortgage Association (FNMA) or Federal Home Loan Mortgage Corporation (FHLMC).
- Obligations of the Resolution Funding Corporation (REFCORP)
- Senior debt obligations of the Federal Home Loan Bank System
- Senior debt obligations of other Government Sponsored Agencies.

(3) U.S. dollar denominated deposit accounts, federal funds and bankers' acceptances with domestic commercial banks which have a rating on their short term certificates of deposit on the date of purchase of "P-1" by Moody's and "A-1" or "A-1+" by S&P and maturing not more than 360 calendar days after the date of purchase. (Ratings on holding companies are not considered as the rating of the bank);

(4) Commercial paper which is rated at the time of purchase in the single highest classification, "P-1" by Moody's and "A-1+" by S&P and which matures not more than 270 calendar days after the date of purchase;

(5) Investments in a money market fund rated "AAAm" or "AAAm-G" or better by S&P;

(6) Pre-refunded Municipal Obligations defined as follows: any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state which are not callable at the option of the obligor prior to maturity or as to which irrevocable instructions have been given by the obligor to call on the date specified in the notice; and

(A) which are rated, based on an irrevocable escrow account or fund (the "escrow"), in the highest rating category of Moody's or S&P or any successors thereto; or

(B) (i) which are fully secured as to principal and interest and redemption premium, if any, by an escrow consisting only of cash or obligations described in paragraphs (1) or (2) above, which escrow may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations on the maturity date or dates thereof or the specified redemption date or dates pursuant to such irrevocable instructions, as appropriate, and (ii) which escrow is sufficient, as verified by a nationally recognized independent certified public accountant, to pay principal of and interest and redemption premium, if any, on the bonds or other obligations described in this paragraph on the maturity date or dates specified in the irrevocable instructions referred to above, as appropriate.

(7) Municipal Obligations rated "Aaa/AAA" or general obligations of States with a rating of "A2/A" or higher by both Moody's and S&P;

(8) That certain “Debt Service Reserve Forward Delivery Agreement” dated as of June 6, 2000 by and between the Trustee, the Authority and Wachovia Bank, National Association (successor to First Union Securities, Inc.) and any securities which are “Eligible Securities” as defined therein;

(9) That certain “Debt Service Reserve Forward Delivery Agreement” dated as of June 6, 2000 by and between the Trustee, the Authority and JPMorgan Chase Bank, National Association, and any securities which are “Eligible Securities” as defined therein;

(10) Government Obligations; and

(11) Investment Securities, as defined in the Amended and Restated Indenture.

Notwithstanding the foregoing, no moneys of the Authority may be invested in obligations issued by or obligations guaranteed by the City, without the approval of a qualified majority of the board of the Authority, and, in any case, no moneys held in a debt service reserve fund may be invested in obligations issued by or obligations guaranteed by the City.

**“Maximum Annual Debt Service Requirement”** means the maximum Debt Service Requirement in any subsequent fiscal year of the Authority on Bonds expected to be Outstanding at the time of such calculation.

**“Moody's”** means Moody's Investors Service, Inc., a corporation organized and existing under the laws of the State of Delaware, its successors and assigns, and if such corporation shall for any reason no longer perform the functions of a securities rating agency, “Moody's” shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority.

**“Municipal Obligations”** means any obligations issued or guaranteed by any state or political subdivision of a state or by any public instrumentality of any of the foregoing.

**“Outstanding,” “Bonds Outstanding” or “outstanding Bonds”** mean all Bonds which have been authenticated and delivered under the Indenture, except:

(a) Bonds cancelled after purchase in the open market or because of payment or redemption prior to their maturity;

(b) Bonds for the payment or redemption of which cash or Government Obligations shall have been theretofore deposited with the Trustee (whether upon or prior to the maturity date or redemption date of any such Bonds) in accordance with Article VII of the Amended and Restated Indenture; provided that if such Bonds are to be redeemed prior to their stated maturity date, notice of such redemption shall have been given or arrangements satisfactory to the Trustee shall have been made therefor, or waiver of such notice satisfactory in form to the Trustee shall have been filed with the Trustee; and

(c) Bonds in lieu of which others have been authenticated under Section 2.07 or Section 2.08 of the Amended and Restated Indenture.

**“Person”** means a corporation, association, partnership, limited liability company, joint venture, trust, organization, business, individual or government or any governmental agency or political subdivision thereof.

**“PICA Tax Disbursement Agreement”** means the letter agreement between the Authority and the State Treasurer pursuant to which the Authority has designated the Trustee as the Trustee for the

funds required or permitted to be established pursuant to Chapter 3 of the Act for the security and payment of the 2010 Bonds maturing on June 15, 2020, the 2019 Bonds, the 2020 Bonds and all other Series of Bonds issued under the Indenture and the State Treasurer has acknowledged and agreed to the terms of such letter agreement.

**“PICA Tax Ordinance”** means the ordinance (Bill No. 1437) of the City approved June 12, 1991 enacting the Income Tax.

**“PICA Taxes”** means the Income Tax and any other taxes which may be enacted hereafter by the City pursuant to the Act for the exclusive purposes of the Authority and which are pledged by the Authority to secure the Bonds in a Supplemental Indenture.

**“Pledged Revenues”** means all amounts received by-or payable to or at the direction ,of the Authority constituting proceeds (including interest and penalties) of any PICA Taxes and all moneys and securities held by the Trustee under the Indenture, together with any earnings thereon, except moneys and securities, together with any earnings thereon, held in the Rebate Fund.

**“Rating Agency”** means each nationally recognized securities rating agency then maintaining a rating on the 2019 Bonds and 2020 Bonds at the request of the Authority, which at the time of issuance of the 2019 Bonds and at the time of issuance of the 2020 Bonds includes S&P, Moody's and Fitch.

**“Registrar”** means the Registrar appointed in accordance with the provisions of the Indenture. **“Principal Office”** of the Registrar means the office thereof designated in writing to the Authority and the Trustee.

**“Revenue Fund”** means the separate fund of such name established under the Indenture.

**“S&P”** means Standard & Poor's Ratings Group, a Division of McGraw Hill, Inc., a corporation organized and existing under the laws of the State of New York, its successors and assigns, and if such corporation shall for any reason no longer perform the functions of a securities rating agency, **“S&P”** shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority.

**“Series”** or **“Series of Bonds”** means all of the Bonds designated as being of the same series at the time of issuance thereof in one transaction and any Bonds thereafter authenticated and delivered in lieu thereof or in substitution therefor pursuant to the Indenture, as the same shall be amended and supplemented from time to time.

**“Special Payment Date”** means with respect to Outstanding Bonds the date set for the payment of interest or principal that was not paid when due on any Interest Payment Date or on any date that principal is due, which date shall be fixed by the Trustee whenever moneys become available for the payment of such interest or principal.

**“Special Record Date”** means the date (whether or not a Business Day) fixed to determine the names and addresses of holders of any series of Bonds for purposes of paying principal or interest on a Special Payment Date.

**“State Treasurer”** means the State Treasurer of the Commonwealth.

**“Supplemental Indenture”** means any indenture of the Authority amending or supplementing the Indenture for any purpose, in accordance with the terms of the Indenture.

**“Tax Collection Agency Agreement”** means the agreement between the Department and the City, acting through its Revenue Department and its Law Department, which sets forth the manner in which the Revenue Department and the Law Department of the City shall collect income tax on behalf of the Department and in which amounts collected shall be transferred to the Commonwealth account designated by the Department.

**“Trustee”** means U.S. Bank National Association, as successor trustee, a national banking association organized and existing under the laws of the United States, as the Trustee under the Indenture, its successors in trust under the Indenture and its assigns.

Words importing singular number shall include the plural number, and vice versa, words importing persons shall include, firms and corporations and the masculine shall include the feminine, and vice versa, wherever the context requires.

## **SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE**

### **Pledge and Assignment**

Under the Indenture, the Authority assigns, pledges and grants to the Trustee a security interest in the following property (the “Trust Estate”): (i) all of the Authority's right, title and interest in and to the Pledged Revenues; (ii) all right, title and interest of the Authority in and to all moneys and securities from time to time held by the Trustee under the terms of the Indenture, except for moneys and securities held in the Rebate Fund; and (iii) any and all other property rights and interests of every kind or nature as the Authority may from time to time assign, pledge and grant to the Trustee as additional security under the Indenture, in trust for the equal and proportionate benefit, security and protection of all present and future Holders of Bonds to secure the payment of the principal of, premium, if any, and interest on the Bonds, without privilege, priority or distinction as to the lien or otherwise of any of the Bonds over any of the other Bonds, except in the case of funds held for the benefit of particular Bonds, to the extent provided in the Indenture, for the performance and observance of the covenants contained in the Indenture and in the Bond, and for the benefit of any Credit Facility Issuer to the extent provided in the Indenture.

### **Creation of Funds**

The Trustee has established under the Indenture the following funds: Revenue Fund, Debt Service Fund, Debt Service Reserve Fund, Bond Redemption Fund, Capital Projects Fund, Deficit Fund, Rebate Fund and Settlement Fund. Each of these funds is to be held in trust by the Trustee under the Indenture and, except for the Rebate Fund, which shall not be subject to any security interest, pledge, assignment, lien or charge in favor of the Trustee, any Bondholder, any Credit Facility Issuer or any other Person; such funds are pledged to secure the obligations to Bondholders and each Credit Facility Issuer under the Indenture. The Trustee shall establish accounts in each fund (other than the Debt Service Reserve Fund) to identify the Series of Bonds providing the source of money in such account or in respect of which money in such account is available to pay debt service. Moneys in accounts in respect of a particular Series shall only be available to pay debt service or the redemption price of the Bonds of such Series, except as may otherwise be provided in the Indenture or in the Supplemental Indenture adopted at or prior to the time of issuance of such Series. References in the following discussion of the various funds to transfers from certain funds to other funds are to be read to refer to transfers from the several accounts of the respective funds to the corresponding accounts of the other funds relating to the same Series of Bonds.

## **Deficit Fund**

At the time of issuance of each Series of Bonds, there shall be deposited in the Deficit Fund such amount as shall be specified in the Indenture or the Supplemental Indenture authorizing the issuance of such Series of Bonds. Amounts in the Deficit Fund constituting proceeds of any Series of Bonds shall be applied as provided in the Indenture or the Supplemental Indenture authorizing such Series of Bonds. If there are insufficient amounts in the Debt Service Fund to make any payment of principal of or interest due on the Bonds and there are no available amounts in the Debt Service Reserve Fund or the Capital Projects Fund for such purpose, the Trustee shall transfer amounts from the Deficit Fund to the Debt Service Fund to the extent necessary to eliminate such deficiency. In addition, if any provision of Section 202 of the Act is held invalid by a court of competent jurisdiction, the Trustee shall not transfer any amounts from the Deficit Fund to the City unless it receives an Order from the Supreme Court of Pennsylvania permitting such transfer.

## **Capital Projects Fund**

At the time of issuance of each Series of Bonds, there shall be deposited in the Capital Projects Fund such amount as shall be specified in the Indenture or in the Supplemental Indenture authorizing the issuance of such Series of Bonds. Amounts in the account in the Capital Projects Fund derived from proceeds of a Series of Bonds shall be disbursed only for costs of the capital projects identified in the Indenture or in the Supplemental Indenture authorizing the issuance of such Series of Bonds. The capital projects to be funded from the Capital Projects Fund may be revised by the Authority, with the consent of the City, upon delivery to the Trustee of, among other things, an opinion of Bond Counsel to the effect that such revision is permitted under the Act and will not adversely affect the excludability of interest on any Bonds from gross income for federal tax purposes. Such revision shall not require execution of a Supplemental Indenture and shall not be considered an amendment requiring consent of any Bond Insurer or Bondholders.

The Trustee shall transfer amounts in the applicable account in the Capital Projects Fund to the Encumbered Funds Account upon the receipt of a requisition signed by the Authority accompanied by a notice (in the form prescribed in the Indenture) from the City to the Authority to the effect that the City is prepared to award a contract for or commence work on an approved capital project or projects, which notice shall identify in reasonable detail: (i) the capital project or projects, (ii) the amount of the contract to be awarded or the cost of work to be encumbered, and (iii) the proposed date of award of such contract or the proposed date of commencement of the work. The Trustee shall not transfer amounts from the Capital Projects Fund to the Encumbered Funds Account at any time when a suspension of payment from the Commonwealth to the City is in effect as a result of the Authority certifying that the City is not in compliance with an approved financial plan pursuant to provisions of the Act and the Trustee has notice of such suspension. In addition, the Trustee shall not transfer amounts from the Capital Projects Fund to the Encumbered Funds Account if any provision of Section 202 of the Act is held invalid by a court of competent jurisdiction, unless the Trustee receives an order of the Supreme Court of Pennsylvania permitting such transfer. Upon completion, termination or abandonment of any capital project with respect to which moneys shall have been disbursed to the Encumbered Funds Account, any unspent moneys deposited therein for such capital project shall, to the extent not approved by the Authority for application to other capital projects being funded from the Encumbered Funds Account, be deposited, at the direction of the Authority and the City, in the Capital Projects Fund.

Amounts remaining in any account in the Capital Projects Fund after completion, termination or abandonment of the capital project or projects to be financed with the proceeds of the related Series of Bonds shall be transferred at the direction of the Authority to the Debt Service Fund for the payment of principal next becoming due on the applicable Series of Bonds or to the Bond Redemption Fund for redemption of Bonds of such Series at the earliest practicable date that Bonds of such Series can be

redeemed without a premium unless the Trustee is directed by the Authority at the request of the City to apply such excess for a purpose permitted under the Act and receives an opinion of Bond Counsel that such use is permitted under the Act and will not adversely affect the excludability of interest on any Bonds from gross income for federal income tax purposes.

To the extent that amounts in the Debt Service Fund are insufficient to make any payment of principal of or interest due on the Bonds after all available amount in the Debt Service Reserve Fund have been used, the Trustee shall transfer amounts from the Capital Projects Fund to the Debt Service Fund to the extent necessary to eliminate such deficiency.

### **Revenue Fund**

All payments of PICA Taxes made to the Trustee by the State Treasurer shall be received by the Trustee and deposited by the Trustee in the Revenue Fund. The Trustee shall transfer sums from the Revenue Fund to other funds as provided in the Indenture and as more particularly described in the Official Statement under "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS — Authority Tax." Any moneys remaining in the Revenue Fund after all such transfers have been made shall be transferred by the Trustee to the Depository for deposit to the City Account.

### **Debt Service Fund**

On the date of settlement for each Series of Bonds, there shall be deposited in the Debt Service Fund an amount equal to the accrued interest, if any, on such Series of Bonds to the date of settlement therefor and any capitalized interest in respect of such Series. Amounts received by the Trustee pursuant to an interest rate exchange agreement or other agreement permitted by Section 304(10) of the Act in respect of a Series of Bonds shall be credited to the accounts in respect of such Series of Bonds.

Moneys in the Revenue Fund shall be transferred to the Debt Service Fund to the extent necessary to cause the aggregate amount deposited therein in each month to equal the sum of (i) the aggregate for all Series of Bonds paying interest semiannually of  $\frac{1}{6}$  (such fraction to be increased or decreased, as appropriate, for a Series of Bonds to account for any initial or final interest period shorter or longer than six months) of the amount of interest that will be due and payable on each such Series of Bonds Outstanding on the next succeeding Interest Payment Date for the respective Series, (ii) the aggregate for all Series of Bonds paying interest at an interval other than semiannually of an amount equal to the interest that will be due and payable or otherwise accrue on each such Series of Bonds during such month (assuming that interest due on such Bonds will be payable at the maximum interest rate applicable to such Bonds, and taking into account (A) any amounts received from the counterparty to an interest rate exchange agreement, interest rate cap or floor agreement or other similar agreement deposited directly into the Debt Service Fund, and (B) any amounts remaining in the Debt Service Fund from prior months' transfers from the Revenue Fund in excess of the amount actually paid or accrued as interest on such Bonds for such prior months), (iii) the aggregate for all Series of Bonds of  $\frac{1}{12}$  (such fraction to be increased, as appropriate, for a Series to account for any initial or final principal payment period shorter than 12 months), of the amount of principal that will become due and payable on each Series of Bonds (whether upon maturity or mandatory redemption) on the next succeeding principal payment date (whether upon maturity or mandatory redemption) for the respective Series occurring within the next year following the date of such transfer, (iv) any deficiency in deposits required to be made in prior months under the preceding clauses (i), (ii) and (iii) which has not been eliminated and (v) any amount owed to any Credit Facility Issuer in respect of payments made for principal and interest on Bonds. The Trustee shall use the moneys in the Debt Service Fund to pay the principal of and mandatory sinking fund installments and interest on the Bonds as it becomes due and payable and to pay any amount owed to the Credit Facility Issuer in respect of payments made for principal and interest on Bonds.

## **Debt Service Reserve Fund**

There shall be maintained in the Debt Service Reserve Fund an amount equal to the Debt Service Reserve Requirement for all Outstanding Bonds. In lieu of such deposit, at the time of issuance of a Series, subject to approval of the Bond Insurer, if any, there may be provided a Credit Facility in such amount issued by a Credit Facility Issuer whose credit facilities are such that bonds secured by such credit facilities are rated in one of the three highest rating categories by Moody's and S&P. To the extent that additional amounts are required to be deposited in the Debt Service Reserve Fund, such moneys shall come from sources other than the proceeds of the Bonds. Moneys in the Revenue Fund shall be transferred to the Debt Service Reserve Fund to the extent necessary to eliminate a deficiency therein. To the extent that there is an excess amount in the Debt Service Reserve Fund as of the date any valuation is required to be made as provided in the Indenture, unless otherwise provided in the Supplemental Indenture authorizing the issuance of such Series, the excess (other than any Investment Earnings) shall be transferred, at the written direction of the Authority, either to the Debt Service Fund or the Bond Redemption Fund as provided in the Indenture, or, subject to an approving opinion of Bond Counsel, as directed in writing by the Authority.

Investment Earnings from investments of amounts in the Debt Service Reserve Fund shall be applied by the Trustee as follows:

(a) the Trustee shall retain in the Debt Service Reserve Fund the amount necessary to eliminate deficiency therein;

(b) the Trustee shall transfer to the Rebate Fund in respect of each Bond Year such amount as is certified by the Authority to the Trustee pursuant to the applicable Tax Compliance Agreement as the Rebate Amount and Yield Reduction Amount, if any, for such Bond Year with respect to the 2010 Bonds maturing on June 15, 2020, the 2019 Bonds and the 2020 Bonds and such additional amount for each other Series of Bonds as may be specified in the Supplemental Indenture authorizing the Series;

(c) the Trustee shall transfer to the Authority the amount necessary to cause the aggregate amount transferred to the Authority during the fiscal year of the Authority in which such transfer is made (together with transfers from the Revenue Fund), to equal the total operating expenses of the Authority for such fiscal year as set forth in the certificate of the Authority filed with the Trustee in respect of such fiscal year; and

(d) the Trustee shall transfer any remaining amount to the Revenue Fund.

If there are insufficient moneys to pay the Debt Service Requirement on any Series of Bonds on any Interest Payment Date or maturity date of such Series of Bonds, the Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund amounts necessary to make such payments from the Debt Service Fund.

In the event any application of funds in the Debt Service Reserve Fund in accordance, with the preceding paragraph causes the amount in the Debt Service Reserve Fund to be less than the Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority.

The Trustee shall value the Investment Securities, if any, held in the Debt Service Reserve Fund at the end of each Bond Year for such Series and six months after the end of each such Bond Year. Investments in the Debt Service Reserve Fund, other than guaranteed investment contracts, shall be valued at fair market value. Guaranteed investment contracts shall be valued at the amortized cost thereof plus accrued interest. If the value of such Investment Securities plus any moneys in the Debt Service Reserve Fund (other than Investment Earnings which have not yet been transferred as described above)

falls below the Debt Service Reserve Requirement, the Trustee shall promptly notify the Authority. Such deficiency shall be eliminated as indicated above and if necessary by the transfer from the Revenue Fund described in the Indenture.

Upon a redemption or final maturity of all of the Bonds of a Series, moneys in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement shall be applied as discussed above.

### **Bond Redemption Fund**

The Trustee shall deposit in the Bond Redemption Fund amounts received from any source for redemption of Bonds other than mandatory sinking fund payments.

Moneys deposited into the Bond Redemption Fund shall be used to redeem Bonds or, at the request of the Authority in writing, to purchase Bonds in the open market at a price not in excess of the principal amount thereof plus accrued interest thereon. Upon such deposit, to the extent such moneys are to be used to redeem Bonds, the Trustee shall promptly select and call Bonds for redemption.

### **Rebate Fund**

Amounts shall be deposited in the Rebate Fund in order to comply with rebate requirements of Section 148 of the Code and shall not be subject to any security interest, pledge, assignment, lien or charge in favor of the Trustee, any Bondholder, any Credit Facility Issuer or any other Person. The provisions of the Indenture regarding the Rebate Fund may be amended upon receipt by the Trustee and the Authority of an opinion of Bond Counsel that such amendment will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any moneys released from the Rebate Fund as a result of any such amendment shall be applied by the Trustee as required or permitted (in which case such application shall be at the written direction of the Authority) by such opinion of Bond Counsel.

The Authority is required to determine the Rebate Amount and Yield Reduction Amount, if any, in respect of each Series of Bonds or cause the same to be determined within 30 days after the end of each Bond Year and upon the retirement of the last Bond of a particular Series and to give written notification of such amounts to the Trustee. Following receipt of such notification, the Trustee is required to transfer first from Investment Earnings on the Debt Service Reserve Fund and then from the Revenue Fund to the Rebate Fund such amount as may be necessary so that the amount in the Rebate Fund shall be equal to the Rebate Amount and Yield Reduction Amount, if any, as of the computation date. In the event that as of the first day of any Bond Year in respect of each Series of Bonds, the amount on deposit in the Rebate Fund exceeds the Rebate Amount and Yield Reduction Amount, if any, the Trustee, at the direction of the Authority, shall transfer such excess amount into the Revenue Fund. If any amount shall remain in the Rebate Fund after the Trustee has made the final payment to the United States in respect of each Series of Bonds pursuant to the Indenture, such amount shall be transferred to the Revenue Fund.

### **Settlement Fund**

The Trustee has established a Settlement Fund under the Indenture to hold funds to be applied to the costs of issuance of the 2019 Bonds and the 2020 Bonds. Upon the payment of the costs of issuance, moneys in the Settlement Fund with respect to the 2019 Bonds and the 2020 Bonds, respectively, are to be transferred to the Debt Service Fund.

## **Pledged Revenues**

The Pledged Revenues, which secure the payment of amounts due in respect of the Bonds, consist of all amounts received by or payable to or at the direction of the Authority constituting proceeds (including interest and penalties) of any PICA Taxes and all moneys and securities held by the Trustee under the Indenture, together with any earnings thereon, except moneys and securities held in the Rebate Fund.

## **Pledge of Pledged Revenues**

The Pledged Revenues are trust funds and shall not be subject to lien (other than that of the Indenture or any lien thereon granted to secure the payment of any subordinated indebtedness of the Authority in accordance with the terms of the Indenture) or attachment by any creditor of the Authority.

## **Investment of Funds**

Moneys in the funds established under the Indenture shall, to the extent permitted by law and at the written direction of the Authority, be invested and reinvested in Investment Securities or City Obligations, except that moneys in the Debt Service Fund, the Revenue Fund and the Rebate Fund shall only be invested only in Government Obligations with maturities which will assure the availability of money at the time when needed; and moneys in the Debt Service Reserve Fund shall only be invested in Investment Securities with a maturity of not more than five years; provided, however, that if moneys are invested in a guaranteed investment contract or a repurchase agreement which allows the full principal of and interest on the investment to be withdrawn at par on any principal or interest payment date for the Bonds, such guaranteed investment contract or repurchase agreement may have a maturity longer than five years but not longer than ten years. Investment Earnings shall be added or charged to the Revenue Fund when earned or realized, subject to the provisions of the Indenture in the case of defeasance, and provided that (i) Investment Earnings from investment of amounts in the Debt Service Reserve Fund shall be applied as described under “Debt Service Reserve Fund” above; (ii) Investment Earnings from investment of amounts in the Rebate Fund shall remain in the Rebate Fund and become a part thereof, to be disbursed as described under “Rebate Fund” above; and (iii) Investment Earnings from investment of amounts in the Capital Projects Fund shall remain in the Capital Projects Fund so long as costs of capital projects are to be paid therefrom.

## **Covenants of the Authority**

The Authority covenants, among other things, that it will promptly pay or cause to be paid, but only from the Pledged Revenues, the principal of, premium, if any, and interest on all Bonds, and that it shall do and perform or cause to be done or performed all acts and things required to be done or performed by it under the Act and that it shall comply with all valid acts, rules, regulations, orders and directions applicable to the Indenture. The Authority has covenanted not to enter into any interest rate exchange agreement, interest rate cap and floor agreement or other similar agreement permitted by the Act if entering into such agreement would materially adversely affect any rating of the Bonds by Moody's, S&P or Fitch. The Authority also covenants at all times, to the extent permitted by law, to defend, preserve and protect the assignment and pledge of and security interest in, the Trust Estate under the Indenture and all the rights of the Bondholders and all Credit Facility Issuers under the Indenture against all claims and demands of all persons whomsoever.

The Authority covenants with the Holders from time to time of the Bonds and the Authority shall cause the City to covenant with the Authority and Trustee that they will not make any investment or other use of the proceeds of the Bonds which would cause the Bonds the interest on which, when such Bonds were issued, was intended, to be excluded from gross income for federal income tax

purposes to be “arbitrage bonds” (as that term is defined in Section 148 of the Code and all applicable regulations promulgated thereunder), and that they will comply with the requirements of such Code section and regulations throughout the term of all such Bonds.

The Authority shall deliver to the Trustee and to Moody's, S&P, Fitch and any Credit Facility Issuer within 120 days after the end of each fiscal year, on the basis of an audit conducted by independent certified public accountants, financial statements of the Authority at the end of such fiscal year together with notes and exhibits thereto (which shall include exhibits showing (i) all Bonds of the Authority then Outstanding, (ii) a summary of total annual debt service requirements and (iii) a statement of debt service coverage), which financial statements shall be audited by a firm of independent certified public accountants in accordance with generally accepted auditing standards. The Trustee is authorized to deliver copies of such financial statements to Bondholders and to any other Person who requests such financial statements.

### **Defaults and Remedies**

Each of the following events constitutes an Event of Default under the Indenture:

- (a) Default in the due and punctual payment of interest on any Bond after such payment has become due and payable; or
- (b) Default in the due and punctual payment of the principal or mandatory sinking fund installment of any Bond, whether at the stated maturity thereof or upon proceedings for redemption thereof; or
- (c) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Authority contained in the Indenture, any Supplemental Indenture or in the Bonds; or
- (d) Failure by the City to perform any of its covenants or agreements contained in the PICA Tax Ordinance or in any other ordinance of the City enacting PICA Taxes; or
- (e) Failure by the State Treasurer or the Department in the performance of any of their duties under the Act or covenants or agreements contained in the PICA Tax Disbursement Agreement or the Tax Collection Agency Agreement;

provided, however, that a default under (c) or (e) shall not constitute an Event of Default unless the Authority, the State Treasurer or the Department, as applicable, shall have had thirty (30) days after receipt of notice of such default from the Trustee or from the Bondholders of not less than twenty-five percent (25%) in aggregate principal amount of all Outstanding Bonds to correct said default or cause said default to be corrected and shall not have corrected said default or caused said default to be corrected within such period; provided that, if said default is such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the Authority, the State Treasurer or the Department, as applicable, within the applicable period and diligently pursued until the default is corrected; provided, further, that the period to cure any of such defaults shall be only seven (7) days in the case of a default in the payment of money and shall be such shorter period as may be specified in the notice of such default in the case of any default which would have a material adverse effect on the tax exempt status of the 2019 Bonds or the 2020 Bonds if not cured sooner than the period specified in the notice.

Upon the occurrence of an Event of Default, the Trustee may pursue any available remedy at law or in equity, including, without limitation, enforcement of the rights of the Trustee and the

Bondholders under the PICA Tax Ordinance or the Tax Compliance Agreement, the remedies provided in Section 305 of the Act and the rights of enforcement provided in Section 310 of the Act, to enforce the payment of the principal of, premium, if any, and interest on the Outstanding Bonds, the performance by the Authority of its obligations under the Indenture and the performance by the Department and by the State Treasurer of their obligations under the Act. Notwithstanding the foregoing, there shall be no right to accelerate the time for payment of the Bonds. Without limiting the generality of the foregoing, if at any time the Trustee shall not receive the Pledged Revenues for transfer to the Debt Service Fund at the times and on the dates required by the Act and the Indenture, the Trustee shall promptly enforce the pledge of, security interest in and lien and charge on the Pledged Revenues against all government agencies (as defined in the Act) in possession of any of such Pledged Revenues at any-time and shall send notice to the Department and the State Treasurer requesting that they take appropriate corrective actions.

If an Event of Default shall have occurred and be continuing and if directed in writing by the Bondholders of 25% in aggregate principal amount of Outstanding Bonds and upon being indemnified as provided in the Indenture, the Trustee shall be obligated to exercise such one or more of the rights and powers specified in the preceding paragraph, as directed, provided such direction shall not be otherwise than in accordance with law and the provisions of the Indenture and the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would prejudice Bondholders not parties to such direction.

No waiver of any Event of Default under the Indenture, whether by the Trustee or by the Bondholders, shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

Anything in the Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the term and conditions of the Indenture, provided that such direction shall not be otherwise than in accordance with the provisions of law and of the Indenture. The Trustee shall not be required to follow any direction from the Bondholders in the absence of indemnification of the Trustee, in accordance with the Indenture, in form and substance satisfactory to the Trustee.

### **Limitation on Actions by Bondholders**

Under certain circumstances set, forth in the Indenture, Bondholders may direct proceedings with respect to an Event of Default; however, no Bondholder shall have the right to pursue any remedy under the Indenture unless (a) the Trustee has been notified of an Event of Default as provided in the Indenture, (b) the Bondholders of not less than 25% of the aggregate principal amount of Outstanding Bonds shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers with respect to remedies granted under the Indenture or to pursue such remedy in their name or names, (c) the Trustee shall have been offered security and indemnity satisfactory to it against costs, expenses and liabilities and (d) the Trustee shall have failed or refused to comply with such request. Notwithstanding the foregoing, nothing in the Indenture shall affect or impair the right of any Bondholder to enforce the payment of the principal of, premium, if any, and interest on each of the Bonds to and for the equal benefit of all Bondholders at the time and place, from the source and in the manner expressed in the Bonds.

## **Waivers of Events of Default**

The Trustee may at its discretion waive any Event of Default under the Indenture and its consequences, and shall do so upon the written request of the Bondholders of (1) not less than 66-2/3% in aggregate principal amount of all Outstanding Bonds in respect of which default in the payment of principal or interest, or both, exists or (2) not less than a majority in aggregate principal amount of all Outstanding Bonds in the case of any other Event of Default; provided, however, that there shall not be waived any Event of Default in the payment of the principal of or interest on any Outstanding Bonds unless, prior to such waiver or rescission, all arrears of principal and interest, and all expenses of the Trustee in connection with such Event of Default shall have been paid or provided for and, in the case of any Bonds to which a Credit Facility applies, any amount drawn under the Credit Facility shall have been reinstated (if applicable) or the Credit Facility Issuer shall have been reimbursed. In case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such Event of Default shall have been discontinued or abandoned or determined adversely, then and in every such case the Authority, the Trustee, the Credit Facility Issuer and the Bondholders shall be restored to their former positions and rights under the Indenture, respectively, but no such waiver or rescission shall extend to any subsequent or other Event of Default, or impair any right consequent thereon. The foregoing notwithstanding, so long as a Credit Facility applies to the affected Bonds and the Credit Facility Issuer has not wrongfully failed to honor a drawing thereunder, the consent of the Credit Facility Issuer must be obtained prior to any such waiver with respect to the Bonds. Also, notwithstanding the foregoing, the consent of the Bond Insurer of the Series of Bonds as to which such Event of Default exists must be obtained prior to any such waiver becoming effective.

## **Modifications of Indenture Not Requiring Consent of Bondholders**

The Authority and the Trustee may enter into Supplemental Indentures, without the consent of or notice to, the Bondholders, for any one or more of the following purposes:

- (a) To cure any ambiguity or formal defect or omission in the Indenture;
- (b) To grant to or confer upon the Bondholders or the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Bondholders or the Trustee;
- (c) To subject to the Indenture additional revenues or collateral;
- (d) To modify, amend or supplement, the Indenture or any indenture supplemental thereto in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the states of the United States;
- (e) To provide for the adoption of a book-entry registration of any Series of Bonds;
- (f) To evidence the appointment of a separate or co-Trustee or the succession of a new Trustee;
- (g) To authorize the issuance and establish the terms of Additional Bonds and to effect an interest rate swap agreement, an interest rate cap or floor agreement or other similar agreement permitted under the Act;
- (h) To make any other change in the Indenture, including changes in connection with the Authority's issuance of subordinated debt, which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the Bondholders;

- (i) To secure or maintain the rating for the Bonds from S&P and/or Moody's and/or Fitch
- (j) To cure any defects in the Indenture which would, if not cured, cause the interest on Bonds which at the time of issuance was intended to be excluded from gross income for federal income tax purposes not to be so excluded;
- (k) To make any change permitted under Section 5.09 of the Indenture (relating to the Rebate Fund); or
- (l) To make any other change-in the Indenture which is approved by the Credit Facility Issuer if at the time of such change a Credit Facility is in effect and there has been no failure by the Credit Facility Issuer to make any payment under the Credit Facility or, if a new Credit Facility is being obtained, which is requested by the new Credit Facility Issuer and is to be effective only at, the time the new Credit Facility becomes effective, except a change specified in the Indenture as requiring the consent of the Holders of all Outstanding Bonds or a change which would affect the rights of the Authority unless the Authority approves of such change.

In exercising its discretion, the Trustee shall not unreasonably withhold its consent to any Supplemental Indenture for any of the foregoing purposes. The Trustee shall have the right to require an opinion of counsel that such Supplemental Indenture is authorized and permitted under the Indenture.

#### **Modifications of Indenture Requiring Consent of Bondholders**

Except for the foregoing Supplemental Indentures and subject to the provisions of the Indenture, the Bondholders of not less than a majority in aggregate principal amount of the Outstanding Bonds which would be adversely affected thereby shall have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by the Authority and the Trustee of such other Supplemental Indentures as shall be deemed necessary and desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any Supplemental Indenture; provided, however, that nothing in the Indenture shall permit, or be construed as permitting, without the consent of the Holders of all Bonds Outstanding which would be adversely effected thereby, (a) an extension of the maturity of the principal of or the interest on any Bond issued under the Indenture, (b) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon, or a change in the terms of redemption of the Bonds, (c) a privilege or priority of any Bond or Bonds over any Outstanding Bond or Bonds, (d) a reduction in the aggregate principal amount of the Bonds required for consent to Supplemental Indentures, (e) the creation of any lien ranking prior to or on a parity with the lien of the Indenture on the Trust Estate or any part thereof, except as expressly permitted in the Indenture, (f) the deprivation of the Bondholder of any Outstanding Bond of the lien created on the Trust Estate or (g) an adverse effect on the interest of the Bondholders in any Credit Facility; and further provided that no such amendment shall be permitted without the consent of the Credit Facility Issuer so long as the Credit Facility Issuer has not wrongfully failed to honor a drawing under the Credit Facility or otherwise defaulted thereunder.

#### **Discharge of Indenture**

If the Authority shall pay or cause to be paid, or there shall otherwise be paid or provision be made for payment, to the Holders of the Bonds the principal of, premium, if any, and interest due or to become due thereon at the times and in the manner stipulated therein, and all fees, expenses and other amounts due to the Trustee, each Registrar and each Credit Facility Issuer, then the Trust Estate and the rights granted under the Indenture shall cease, determine and be void, whereupon the Trustee shall

cancel and discharge the Indenture, and execute and deliver to the Authority such instruments in writing as shall be requisite to release the Indenture, and reconvey, release, assign and deliver unto the Authority any and all of the Trust Estate and all right, title and interest in and to any and all rights conveyed, assigned or pledged to the Trustee or otherwise subject to the Indenture, except amounts held in or payable to the Rebate Fund for payment to the United States and amounts held by the Trustee for the payment of the principal of, premium, if any, and interest on the Bonds. Notwithstanding the foregoing, Bonds paid with the proceeds of any Credit Facility shall be Outstanding until the Credit Facility Issuer has been reimbursed for the amount of the payment.

Any Bond shall be deemed paid as described above for all purposes under the Indenture when payment of the principal of, premium, if any, and interest on such Bond to the due date thereof either (i) shall have been made or caused to be made in accordance with the terms of the Indenture; or (ii) shall have been provided for by the irrevocable deposit with the Trustee of (A) moneys sufficient to make such payment and/or (B) Government Obligations of the types described in clause (a) of such definition, Refcorp interest strips, CATS, TIGRS, STRPS or defeased municipal bonds rated "AAA" by S&P or "Aaa" by Moody's, in each case non-callable and maturing as to principal and interest in such amount and such time as will insure the availability of sufficient moneys to make such payment. At such time as a Bond shall be deemed to be paid as aforesaid, such Bond shall no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment from such moneys or Government Obligations.

#### **Duties of the Trustee**

The Indenture provides that, prior to the occurrence of an Event of Default and after the curing or waiving of all Events of Default which may have occurred, the Trustee undertakes to perform only such duties as are set forth in the Indenture. In case an Event of Default has occurred which has not been cured or waived, the Trustee is obligated to exercise such of the rights and powers vested in it by the Indenture and to the same degree of care and skill in the exercise of such rights and powers as a prudent man would exercise under the circumstances in the conduct of his own affairs. In general, the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants or agreements on the part of the City, the Department or the State Treasurer, but the Trustee may require of the Authority full information and advice as to the performance of such covenants and agreements. Notwithstanding the foregoing, if there is a deficit in the amount deposited in the Debt Service Fund in excess of one month's required deposit, the Trustee shall make inquiry to determine whether there has been an Event of Default by reason of the failure of the City to perform its covenants and agreements in the PICA Tax Ordinance or other ordinance of the City enacting PICA Taxes or of the State Treasurer or the Department to perform their duties under the Act or covenants or agreements contained in the PICA Tax Disbursement Agreement or the Tax Collection Agency Agreement. The Trustee may act upon the opinion or advice of any attorney approved by the Trustee in the exercise of reasonable care and shall not be responsible for any loss or damage resulting from any action or inaction in good faith in reliance upon such opinion or advice received in writing. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, invested, withdrawn or transferred in accordance with the provisions of the Indenture or for any loss resulting from any such investment or the sale or disposition of any such investment in accordance with the provisions of the Indenture. The Trustee is not required under the Indenture to give any bond or surety to the performance of its obligations as Trustee.

## **APPENDIX E-1**

### **Proposed Form of Approving Opinion of Bond Counsel for 2019 Bonds**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

[FORM OF APPROVING OPINION OF BOND COUNSEL FOR THE 2019 BONDS]

\_\_\_\_\_, 2019

RE: \$31,085,000 PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA  
FUNDING PROGRAM), SERIES OF 2019

TO THE PURCHASERS OF THE ABOVE-CAPTIONED BONDS:

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$31,085,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds"). The 2019 Bonds are issued under and pursuant to and authorized by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), pursuant to the Resolution adopted by the Authority on September 17, 2019 and pursuant to the Amended and Restated Trust Indenture (the "Amended and Restated Indenture"), dated as of December 1, 1994 between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented pursuant to the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement"), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement"), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement"), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement"), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement"), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement"), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement"), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement," and together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, the "Indenture").

The 2019 Bonds are being issued for the purpose of providing funds which, together with other available moneys of the Authority, will be used to: (i) currently refund all of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2009; and (ii) pay the costs of issuing the 2019 Bonds (collectively, the "Refunding Project").

In the course of the performance of our duties as Bond Counsel, we have examined such documents, opinions, records, orders, notices, certificates, statutes, resolutions, decisions, and rulings as we have deemed necessary to enable us to furnish this opinion, including, *inter alia*,

Centre Square West ♦ 1500 Market Street, 38<sup>th</sup> Floor ♦ Philadelphia, PA 19102-2186  
Phone: (215) 972-7777 ♦ Fax: (215) 972-7725

DELAWARE FLORIDA ILLINOIS MARYLAND MASSACHUSETTS MINNESOTA NEW JERSEY NEW YORK PENNSYLVANIA WASHINGTON, DC

A DELAWARE LIMITED LIABILITY PARTNERSHIP

the following: (i) an executed counterpart of the Eighth Supplement, (ii) the form of the 2019 Bonds, (iii) a copy, certified or otherwise identified to our satisfaction, of the Indenture, (iv) an executed counterpart of the Tax Certificate, (v) the opinion of Counsel to the Authority, on which we have relied, (vi) an executed counterpart of the Bond Purchase Agreement dated as of October 29, 2019 (the “Purchase Agreement”) between the Authority and RBC Capital Markets, LLC, and (vii) such constitutional and statutory provisions and such other resolutions, certificates, instruments and documents as we have deemed necessary or appropriate in order to enable us to render an informed opinion as to the matters set forth herein. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Purchase Agreement.

In rendering the opinions set forth below, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents and the representations and warranties made therein without undertaking to verify the same by independent investigation. We have also assumed that the documents referred to herein have been duly authorized by all parties thereto other than the Authority and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, except the Authority, and that the actions required to be taken and consent required to be obtained by such parties, have been taken or obtained. We do not render any opinion with respect to the adequacy of security for the 2019 Bonds or the sources of payment in respect of the 2019 Bonds.

Based upon the foregoing, it is our opinion, under existing law and as of the date hereof, and subject to the qualifications and limitations set forth herein, that:

1. The Authority is a body corporate and politic, organized and validly existing under the laws of the Commonwealth of Pennsylvania with full power and authority to undertake the Refunding Project, to execute, deliver and perform its obligations under the Eighth Supplement and to issue and sell the 2019 Bonds.

2. The Eighth Supplement has been duly authorized, executed and delivered by the Authority and constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

3. The Authority has duly assigned, transferred and pledged to the Trustee, for the benefit of the holders of the 2019 Bonds, to the extent provided in the Indenture, all of its right, title and interest in and to the Pledged Revenues.

4. The issuance and sale of the 2019 Bonds have been duly authorized by the Authority and, on the assumption of execution and authentication stated above, such 2019 Bonds have been duly executed and delivered by the Authority and authenticated by the Trustee, are valid and binding limited obligations of the Authority enforceable in accordance with their terms and are entitled to the benefit and security of the Indenture, except as the rights created

thereunder and the enforcement thereof may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

5. Interest on the 2019 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019 Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with certain of such requirements could cause the interest on the 2019 Bonds to be so includable in gross income retroactive to the date of issuance of the 2019 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2019 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum taxes. We express no opinion regarding other federal tax consequences relating to the 2019 Bonds or the receipt of interest thereon.

6. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the 2019 Bonds and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2019 Bonds or the interest thereon.

The opinions set forth above are rendered on the basis of, and limited to, federal law and the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof. We express no opinion herein as to any matter not set forth in the numbered paragraphs above. In particular, we call to your attention that the 2019 Bonds are not in any way a debt or liability of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof other than the Authority, nor do the 2019 Bonds or the Indenture pledge the general credit or taxing power of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof. The Authority has no taxing power.

The opinions set forth above are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur including, but not limited to, those that may affect the tax status of interest on the 2019 Bonds.

Very truly yours,

## **APPENDIX E-2**

### **Proposed Form of Approving Opinion of Bond Counsel for 2020 Bonds**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

**[ASSUMING THAT NO CHANGE IN LAW HAS OCCURRED, SET FORTH BELOW IS  
THE FORM OF APPROVING OPINION TO BE DELIVERED BY BOND COUNSEL  
ON THE DELAYED DELIVERY CLOSING DATE FOR THE 2020 BONDS ]**

[DATE: DELAYED DELIVERY CLOSING DATE]

RE: \$24,990,0000 PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA  
FUNDING PROGRAM), SERIES OF 2020 (FORWARD DELIVERY)

TO THE PURCHASERS OF THE ABOVE-CAPTIONED BONDS:

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$24,990,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds"). The 2020 Bonds are issued under and pursuant to and authorized by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), pursuant to the Resolution adopted by the Authority on September 17, 2019 and pursuant to the Amended and Restated Trust Indenture (the "Amended and Restated Indenture"), dated as of December 1, 1994 between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented pursuant to the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement"), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement"), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement"), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement"), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement"), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement"), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement"), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement," and together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, the "Indenture").

The 2020 Bonds are being issued for the purpose of providing funds which, together with other available moneys of the Authority, will be used to: (i) currently refund the maturities of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 maturing after June 15, 2020; and (ii) pay the costs of issuing the 2020 Bonds (collectively, the "Refunding Project").

In the course of the performance of our duties as Bond Counsel, we have examined such documents, opinions, records, orders, notices, certificates, statutes, resolutions, decisions, and rulings as we have deemed necessary to enable us to furnish this opinion, including, *inter alia*, the following: (i) an executed counterpart of the Eighth Supplement, (ii) the form of the 2020 Bonds, (iii) a copy, certified or otherwise identified to our satisfaction, of the Indenture, (iv) an executed counterpart of the Tax Certificate, (v) the opinion of Counsel to the Authority, on which we have relied, (vi) an executed counterpart of the Forward Delivery Bond Purchase Agreement dated as of October 29, 2019 (the “Forward Delivery Purchase Agreement”) between the Authority and RBC Capital Markets, LLC and (vii) such constitutional and statutory provisions and such other resolutions, certificates, instruments and documents as we have deemed necessary or appropriate in order to enable us to render an informed opinion as to the matters set forth herein. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Forward Delivery Purchase Agreement.

In rendering the opinions set forth below, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents and the representations and warranties made therein without undertaking to verify the same by independent investigation. We have also assumed that the documents referred to herein have been duly authorized by all parties thereto other than the Authority and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, except the Authority, and that the actions required to be taken and consent required to be obtained by such parties, have been taken or obtained. We do not render any opinion with respect to the adequacy of security for the 2020 Bonds or the sources of payment in respect of the 2020 Bonds.

Based upon the foregoing, it is our opinion, under existing law and as of the date hereof, and subject to the qualifications and limitations set forth herein, that:

1. The Authority is a body corporate and politic, organized and validly existing under the laws of the Commonwealth of Pennsylvania with full power and authority to undertake the Refunding Project, to execute, deliver and perform its obligations under the Eighth Supplement and to issue and sell the 2020 Bonds.

2. The Eighth Supplement has been duly authorized, executed and delivered by the Authority and constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

3. The Authority has duly assigned, transferred and pledged to the Trustee, for the benefit of the holders of the 2020 Bonds, to the extent provided in the Indenture, all of its right, title and interest in and to the Pledged Revenues.

4. The issuance and sale of the 2020 Bonds have been duly authorized by the Authority and, on the assumption of execution and authentication stated above, such 2020 Bonds have been duly executed and delivered by the Authority and authenticated by the Trustee, are valid and binding limited obligations of the Authority enforceable in accordance with their terms and are entitled to the benefit and security of the Indenture, except as the rights created thereunder and the enforcement thereof may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

5. Interest on the 2020 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2020 Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with certain of such requirements could cause the interest on the 2020 Bonds to be so includable in gross income retroactive to the date of issuance of the 2020 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2020 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum taxes. We express no opinion regarding other federal tax consequences relating to the 2020 Bonds or the receipt of interest thereon.

6. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the 2020 Bonds and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2020 Bonds or the interest thereon.

The opinions set forth above are rendered on the basis of, and limited to, federal law and the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof. We express no opinion herein as to any matter not set forth in the numbered paragraphs above. In particular, we call to your attention that the 2020 Bonds are not in any way a debt or liability of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof other than the Authority, nor do the 2020 Bonds or the Indenture pledge the general credit or taxing power of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof. The Authority has no taxing power.

The opinions set forth above are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur including, but not limited to, those that may affect the tax status of interest on the 2020 Bonds.

Very truly yours,

## APPENDIX F

### Proposed Form of Continuing Disclosure Agreements

This Continuing Disclosure Agreement (the “Disclosure Agreement”) is executed and delivered this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_ by the Pennsylvania Intergovernmental Cooperation Authority (“Authority”) in connection with the issuance and sale by the Authority of its \$\_\_\_\_\_ Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of \_\_\_\_\_ (the “Bonds”). Capitalized terms used in this Disclosure Agreement which are not otherwise defined herein shall have the meanings given to such terms in the Official Statement (as defined herein) or the Indenture (as defined in the Official Statement), as applicable.

The Authority hereby agrees as follows:

#### ARTICLE I

##### The Undertaking

Section 1.1. Purpose. This Disclosure Agreement is being executed and delivered by the Authority solely for the benefit of the holders and the beneficial owners of the Bonds and in order to assist the Underwriters in complying with subsection (b)(5) of the Rule by undertaking to provide certain Annual Financial Information (as defined herein) and material events notices required by the Rule, and shall create no rights in any other person or entity.

Section 1.2. Annual Financial Information. (a) So long as any Bonds are outstanding, the Authority shall file annually its Annual Financial Information with the MSRB via EMMA (as both terms are defined herein) with respect to each Fiscal Year of the Authority, in accordance with the provisions of the subsection (b)(5) of the Rule, within 180 days after the end of the Authority’s Fiscal Year, commencing with the Fiscal Year ending June 30, 2020.

(b) If the Annual Financial Information to be filed by the Authority is not available by the date of the required filing, the Authority shall file unaudited Annual Financial Information by such date and file audited Annual Financial Information when available.

(c) The Authority shall provide, in a timely manner, written notice to the MSRB via EMMA specifying any failure of the Authority to provide the Annual Financial Information by the date specified in subsection (a) hereof.

Section 1.3. Notice Events. (a) So long as any Bonds are outstanding, if one of the following Notice Events occurs, the Authority shall provide, in a timely manner not in excess of ten (10) business days after the occurrence of such Notice Event, written notice of such Notice Event to the MSRB via EMMA:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;

- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of Bondholders, if material;
- (viii) Bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the Authority;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the Authority or the sale of all or substantially all of the assets of the Authority, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (xv) incurrence of a Financial Obligation of the Authority, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Authority, any of which affect security holders, if material; and
- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Authority, any of which reflect financial difficulties.

(b) Any notice of a defeasance of the Bonds shall state whether the Bonds have been escrowed to maturity or to an earlier redemption date and the timing of such maturity or redemption.

(c) Each Notice Event notice relating to the Bonds shall include the CUSIP numbers, if any, of the Bonds to which such Notice Event notice relates or, if the Notice Event notice relates to all bond issues of the Authority including the Bonds, such Notice Event notice need only include the CUSIP number of the Authority.

Section 1.4. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Authority from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information or notice of Notice Event hereunder, in addition to that which is required by this Disclosure Agreement. If the Authority chooses to do so, the Authority shall have no obligation under this Disclosure Agreement to continue to provide or to update such additional information or data.

Section 1.5. Additional Disclosure Obligations. The Authority acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933, as amended, and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, as amended, may apply to the Authority and that,

under some circumstances, compliance with this Disclosure Agreement without additional disclosures or other action may not fully discharge all duties and obligations of the Authority under such laws.

## ARTICLE II

### Operating Rules

Section 2.1. Reference to Other Filed Documents. It shall be sufficient for purposes of Section 1.2 hereof if the Authority provides Annual Financial Information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, [www.emma.msrb.org](http://www.emma.msrb.org)) or (ii) filed with the SEC. The provisions of this Section shall not apply to notices of Notice Events pursuant to Section 1.3 hereof.

Section 2.2. Submission of Information. Annual Financial Information may be set forth or provided in one document or a set of documents, and at one time or in part from time to time.

Section 2.3. General Provisions Regarding Filings. (a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the MSRB's Electronic Municipal Markets Access ("EMMA") system, the current Internet Web address of which is [www.emma.msrb.org](http://www.emma.msrb.org).

(b) All notices, documents and information provided on EMMA shall be provided in an electronic format as prescribed by the MSRB and shall be accompanied by identifying information as prescribed by the MSRB.

Section 2.4. Fiscal Year. (a) The Authority's current Fiscal Year begins July 1 and ends June 30, and the Authority shall promptly file a notification on EMMA of each change in its Fiscal Year.

(b) Annual Financial Information shall be provided at least annually notwithstanding any Fiscal Year longer than 12 calendar months.

## ARTICLE III

### Effective Date, Termination, Amendment, Enforcement, Governing Law

Section 3.1. Effective Date; Termination. (a) This Disclosure Agreement shall be effective upon the issuance of the Bonds.

(b) The Authority's obligations under this Disclosure Agreement shall terminate upon a legal defeasance, prior redemption or payment in full of all of the Bonds.

Section 3.2. Amendment. (a) This Disclosure Agreement may be amended without the consent of the holders of the Bonds (except to the extent required under clause (4)(ii) below), if all of the following conditions are satisfied:

(1) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the Authority or the type of business conducted thereby,

(2) this Disclosure Agreement as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances,

(2) above, (3) the Authority shall obtain an opinion of Counsel to the same effect as set forth in clause

(4) either (i) the Authority shall obtain an opinion of Counsel or a determination by an entity, in each case unaffiliated with the Authority (such as bond counsel), addressed to the Authority, to the effect that the amendment does not materially impair the interests of the holders of the Bonds, or

(ii) the holders of the Bonds consent to the amendment to this Disclosure Agreement pursuant to the same procedures as are required for amendments to the Indenture with consent of holders of Bonds pursuant to the Indenture as in effect at the time of the amendment, and

(5) the Authority shall ensure that copies of such opinion(s) and amendment are promptly filed on EMMA and sent to each Registered Owner.

(b) This Disclosure Agreement may be amended without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Disclosure Agreement which is applicable to this Disclosure Agreement, (2) the Authority shall obtain an opinion of Counsel to the effect that performance by the Authority under this Disclosure Agreement as so amended will not result in a violation of the Rule and (3) the Authority shall have copies of such opinion and amendment promptly filed on EMMA and sent to each Registered Owner.

(c) This Disclosure Agreement may be amended without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) the Authority shall have obtain an opinion of Counsel to the effect that the amendment is permitted by rule, order or other official pronouncement, or is consistent with any interpretive advice or no-action positions of Staff, of the SEC, and (2) the Authority shall ensure that such opinion and amendment shall be promptly filed on EMMA and sent to each Registered Owner.

(d) To the extent any amendment to this Disclosure Agreement results in a change in the type of financial information or operating data provided pursuant to this Disclosure Agreement, the first Annual Financial Information provided thereafter shall include a narrative explanation of the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

(e) If an amendment is made pursuant to Section 3.2(a) hereof to the accounting principles to be followed by the Authority in preparing its financial statements, the Annual Financial Information for the Fiscal Year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative and, to the extent reasonably feasible, quantitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information.

Section 3.3. Benefit; Third-Party Beneficiaries; Enforcement. (a) The provisions of this Disclosure Agreement shall constitute a contract with and inure solely to the benefit of the holders from time to time of the Bonds, except that beneficial owners of Bonds shall be third-party beneficiaries of this Disclosure Agreement. The provisions of this Disclosure Agreement shall create no rights in any person or entity except as provided in this subsection (a) and in subsection (b) of this Section.

(b) The obligations of the Authority to comply with the provisions of this Disclosure Agreement shall be enforceable by any holder of outstanding Bonds. The holders' rights to enforce the provisions of this Disclosure Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the Authority's obligations under this Disclosure Agreement. In consideration of the

third-party beneficiary status of beneficial owners of Bonds pursuant to subsection (a) of this Section, beneficial owners shall be deemed to be holders of Bonds for purposes of this subsection (b).

(c) Any failure by the Authority to perform in accordance with this Disclosure Agreement shall not constitute a default or an Event of Default under the Indenture or the Bonds and the rights and remedies provided by the Indenture or the Act upon the occurrence of a default or an Event of Default shall not apply to any such failure.

(d) This Disclosure Agreement shall be construed and interpreted in accordance with the laws of the Commonwealth, and any suits and actions arising out of this Disclosure Agreement shall be instituted in a court of competent jurisdiction in the Commonwealth; provided, however, that to the extent this Disclosure Agreement addresses matters of federal securities laws, including the Rule, this Disclosure Agreement shall be construed in accordance with such federal securities laws and official interpretations thereof.

## ARTICLE IV

### Definitions

Section 4.1. Definitions. The following terms used in this Disclosure Agreement shall have the following respective meanings:

(1) “Annual Financial Information” means the Authority’s Audited Financial Statements with Independent Auditor’s Report. The Annual Financial Information shall include Audited Financial Statements, if available, or Unaudited Financial Statements.

(2) “Audited Financial Statements” means the annual financial statements of the Authority, audited by such auditor as shall then be required or permitted by Commonwealth law. Audited Financial Statements shall be prepared in accordance with GAAP; provided, however, that pursuant to Sections 3.2(a) and (e) hereof, the Authority may from time to time, if required by federal or Commonwealth legal requirements, modify the accounting principles to be followed in preparing its financial statements. The notice of any such modification required by Section 3.2(a) hereof shall include a reference to the specific federal or Commonwealth law or regulation describing such accounting principles, or other description thereof.

(3) “Counsel” means any nationally recognized bond counsel or counsel expert in federal securities laws.

(4) “Financial Obligation” means “financial obligation” as such term is defined in the Rule.

(5) “GAAP” means generally accepted accounting principles as prescribed from time to time for governmental units by the Governmental Accounting Standards Board, the Financial Accounting Standards Board, or any successor to the duties and responsibilities of either of them.

(6) “MSRB” means the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Agreement.

(7) “Official Statement” means the Official Statement dated October \_\_, 2019 of the Authority relating to the Bonds, as it may be amended or supplemented.

(8) “Registered Owner” or “Registered Owners” means the person or persons in whose name a Bond is registered on the books of the Authority maintained by the Trustee in accordance with the Indenture. For so long as the Bonds shall be registered in the name of the Securities Depository or its nominee, the term

“Registered Owner” or “Registered Owners” also means and includes, for the purposes of this Disclosure Agreement, the owners of book-entry credits in the Bonds evidencing an interest in the Bonds; provided, however, that the Authority shall have no obligation to provide notice hereunder to owners of book-entry credits in the Bonds except those who have filed their names and addresses with the Authority for the purposes of receiving notices or giving direction under this Disclosure Agreement.

(9) “Rule” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 (17 CFR Part 240, §240.15c2-12), as amended, as in effect on the date of this Disclosure Agreement, including any official interpretations thereof issued either before or after the effective date of this Disclosure Agreement which are applicable to this Disclosure Agreement.

(10) “Unaudited Financial Statements” means the same as Audited Financial Statements, except that they shall not have been audited.

**IN WITNESS WHEREOF**, PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY has executed this Disclosure Agreement as of the day and year first above written.

## APPENDIX G

### Book-Entry Only System

#### General

*The information set forth herein concerning The Depository Trust Company, New York, New York (“DTC”) and the book-entry system described below has been extracted from materials provided by DTC for such purpose, is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the Authority, the City, the Trustee, or the Underwriters. The website referenced below is included for reference only and the information contained therein is not incorporated by reference in this Official Statement.*

DTC will act as securities depository for the Bonds under a book-entry system with no physical distribution of the Bonds made to the public. The 2019/2020 Bonds will initially be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee), or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of “AA+”. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2019 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee does not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as defaults and proposed amendments to the bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of the notices be provided directly to them.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal of, and interest on, the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct and Indirect Participants and not of DTC (or its nominee), the Authority, the City or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of, and interest on, the Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

**THE AUTHORITY, THE CITY, THE TRUSTEE, AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO ITS PARTICIPANTS OR THAT DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO BENEFICIAL OWNERS OF THE 2019/2020 BONDS (A) PAYMENTS OF PRINCIPAL OF, OR INTEREST ON, THE 2019/2020 BONDS, OR (B) CONFIRMATION OF OWNERSHIP INTERESTS IN THE 2019/2020 BONDS, OR (C) NOTICES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SECURITIES AND EXCHANGE COMMISSION AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH ITS PARTICIPANTS ARE ON FILE WITH DTC.**

**NONE OF THE AUTHORITY, THE CITY, THE TRUSTEE, OR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC PARTICIPANTS, BENEFICIAL OWNERS OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS FOR: (A) SENDING TRANSACTION**

**STATEMENTS; (B) MAINTAINING, SUPERVISING OR REVIEWING THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS; (C) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNER, OF ANY AMOUNT DUE IN RESPECT OF THE PRINCIPAL OF, OR INTEREST ON, THE 2019/2020 BONDS; (D) DELIVERY OR TIMELY DELIVERY BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNERS, OF ANY NOTICE OR OTHER COMMUNICATION WHICH IS REQUIRED TO BE GIVEN TO HOLDERS OR OWNERS OF THE 2019/2020 BONDS; OR (E) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE 2019/2020 BONDS.**

#### **Discontinuation of Book-Entry Only System**

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, 2019 Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2019 Bond certificates will be printed and delivered.

## APPENDIX J

### Form of Delayed Delivery Contract for 2020 Bonds

#### DELAYED DELIVERY CONTRACT

\_\_\_\_\_, 2019

RBC Capital Markets, LLC  
as Representative of the Underwriters

Re: \$24,990,000 Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery)  
(the “2020 Bonds”)

To RBC Capital Markets, LLC:

The undersigned (the “Purchaser”) hereby agrees to purchase from RBC Capital Markets, LLC, as “Representative”, on behalf of itself and the underwriters named in the list attached as Appendix I to the 2020 Forward Delivery Purchase Agreement (defined below) (collectively, the “Underwriters”) when, as, and if issued and delivered to the Underwriters by the Pennsylvania Intergovernmental Cooperation Authority (the “Authority”), and the Underwriters agree to sell to the Purchaser:

<u>Par Amount</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>CUSIP Number</u>	<u>Yield</u>	<u>Price</u>
\$12,260,000	6/15/2021	5.000%	JS3	1.370%	104.461
\$12,730,000	6/15/2022	5.000%	JT1	1.380%	107.971

of the above-referenced 2020 Bonds (the “Purchased Obligations”) offered by the Authority under the Preliminary Official Statement dated October 21, 2019, and the Official Statement relating to the Purchased Obligations dated October 29, 2019 (the “Official Statement”), at the purchase price and with the interest rates, principal amounts, and maturity dates shown above, and on the further terms and conditions set forth in this Delayed Delivery Contract. The Purchased Obligations are being purchased by the Underwriters pursuant to a Forward Delivery Bond Purchase Agreement dated October 29, 2019 among the Authority and the Representative (the “2020 Forward Delivery Purchase Agreement”). Capitalized terms used but not defined herein shall have the meanings ascribed thereto in the 2020 Forward Delivery Purchase Agreement, the Preliminary Official Statement or the Official Statement.

The Purchaser hereby confirms that it has reviewed the Preliminary Official Statement and the Official Statement (including without limitation the section entitled “INTRODUCTION – Forward Delivery of the 2020 Bonds”, “PLAN OF FINANCE – Forward Delivery Bond Purchase Contract for Series 2020 Bonds” and “CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS” therein), has considered the risks associated with purchasing the Purchased Obligations and is duly authorized to purchase the Purchased Obligations. The Purchaser further acknowledges and agrees that the Purchased Obligations are being sold on a “forward” basis, and the Purchaser hereby purchases and agrees to accept delivery of such Purchased Obligations from the Underwriters on or about March 17, 2020 (the “Delayed Delivery Closing Date”) as they may be issued and delivered in accordance with the 2020 Forward Delivery Purchase Agreement.

Payment for the Purchased Obligations shall be made to the Underwriters or upon its order on the Delayed Delivery Closing Date upon delivery to the Purchaser of the Purchased Obligations through the book-entry system of The Depository Trust Company. The Purchaser agrees that in no event shall the Underwriters be responsible or liable for any claim or loss, whether direct or consequential, which the Purchaser may suffer in the event the Authority does not for any reason issue and deliver the Purchased Obligations.

The obligation of the Purchaser to take delivery of the Purchased Obligations hereunder shall be unconditional. The Purchaser may terminate its obligation to purchase the Purchased Obligations in the event that between the Initial Closing Date and the Delayed Delivery Closing Date (the "Forward Delivery Period"), one of the following events shall have occurred after the Initial Closing Date and the Purchaser has notified the Underwriters in writing as provided herein:

1. there shall have occurred (1) a new outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war; or (2) any other calamity or crisis or any change in the financial, political or economic conditions in the United States or elsewhere, if the effect of any such event specified in clause (1) or (2), in the reasonable judgment of the Representative, makes it impracticable or inadvisable to proceed with the offering or the delivery of the 2020 Bonds on the terms and in the manner contemplated in the Preliminary Official Statement or the Official Statement;
2. there shall be in force a general suspension of trading on the New York Stock Exchange, or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on the New York Stock Exchange, whether by virtue of determination by that Exchange or by order of the SEC or any other governmental authority having jurisdiction that, in the Representative's reasonable judgment, makes it impracticable for the Underwriters to market the 2020 Bonds or enforce contracts for the sale of the 2020 Bonds; or
3. a general banking moratorium shall have been declared by federal or state authorities having jurisdiction and be in force or a major financial crisis or a material disruption in commercial banking or securities settlement or clearances services shall have occurred that, in the Representative's reasonable judgment makes it impracticable for the Underwriters to market the 2020 Bonds or enforce contracts for the sale of the 2020 Bonds;
4. legislation shall be enacted or be proposed or actively considered for enactment, or a decision by a court of the United States shall be rendered, or a ruling, regulation, proposed regulation, or statement by or on behalf of the SEC or other governmental agency having jurisdiction of the subject matter shall be made, to the effect that the 2020 Bonds, or any comparable securities of the Authority, or any obligations of the general character of the 2020 Bonds are not exempt from the registration, qualification or other requirements of the Securities Act of 1933, as amended and as then in effect (the "Securities Act") or the Indenture is not exempt from qualification under the Trust Indenture Act of 1939, as amended and as then in effect, or otherwise, or would be in violation of any provision of the federal securities laws;
5. a decision by a court of the United States shall have been rendered or a stop order, release, regulation, or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made to the effect that the issuance, offering, or sale of the 2020 Bonds, including all the underlying obligations as contemplated hereby or as described in the Official Statement, or any document relating to the issuance, offering or sale of the 2020 Bonds is or would be in violation of any provision of the federal securities laws at the Initial Closing Date, including the Securities Act, the Exchange Act, and the Trust Indenture Act of 1939, as amended;
6. Any Change in Law shall have occurred;
7. there shall exist any event or circumstance that in the Representative's sole and reasonable judgment (1) makes the Official Statement contain any untrue statement of material fact or omit to state a material fact

necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading, and in either such event, the Authority refuses to permit the Official Statement to be supplemented to correct or supply such statement or information;

8. Any rating of the Series 2020 Bonds by a national rating agency rating the Series 2020 Bonds has been withdrawn or suspended; or
9. Bond Counsel determines that for any reason, including a Change of Law, Bond Counsel will not be able to render its approving opinion substantially in the form attached as Appendix E-2 to the Official Statement and Bond Counsel provides written notice thereof to the Authority and the Underwriters (the “Bond Counsel Notice”), and the Authority does not notify the Underwriters within five business days of receipt of the Bond Counsel Notice that it has retained a new firm or firms to deliver such opinion.

A “Change in Law” means (i) any change in or addition to applicable federal or State law, whether statutory or as interpreted by the courts, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or State agencies, (ii) any legislation enacted by the Congress of the United States or introduced therein or recommended for passage by the President of the United States (if such enacted, introduced or recommended legislation has a proposed effective date that is on or before the date of the Delayed Delivery Closing), (iii) any law, rule or regulation proposed or enacted by any governmental body, department or agency (if such proposed or enacted law, rule or regulation has a proposed effective date that is on or before the date of the Delayed Delivery Closing) or (iv) any judgment, ruling or order issued by any court or administrative body, which in the case of any of (i), (ii), (iii) or (iv) would, (A) as to the Underwriter, prohibit (or have the retroactive effect of prohibiting, if enacted, adopted, passed or finalized) the Underwriters from purchasing the Series 2020 Bonds as provided in the Forward Delivery Bond Purchase Agreement or selling the Series 2020 Bonds or beneficial ownership interests therein to the public; or (B) as to the Authority, would make the issuance, sale or delivery of the Series 2020 Bonds illegal (or have the retroactive effect of making such issuance, sale or delivery illegal, if enacted, adopted, passed or finalized); or (C) eliminate the exclusion from gross income for federal income tax purposes of interest on the Series 2020 Bonds (or have the retroactive effect of eliminating such exclusion if enacted, adopted, passed or finalized); or (D) require the 2020 Bonds to be registered under the Securities Act of 1933, as amended or under the Securities Exchange Act of 1934, as amended or require the Resolution to be qualified under the Trust Indenture Act of 1939, as amended (if enacted, passed, finalized or adopted), and as to the foregoing, in the sole and reasonable judgment of Bond Counsel causes Bond Counsel to not issue its opinion as to the tax-exempt status of the interest on the 2020 Bonds for federal tax purposes; provided, however, that such change in or addition to law, legislation, rule or regulation or judgment, ruling or order shall have become effective, been enacted, introduced or recommended, been proposed or enacted or been issued as the case may be, after the date of the Forward Delivery Bond Purchase Agreement.

If the Change of Law involves the enactment of legislation which only diminishes the value of, as opposed to eliminating the exclusion from gross income for federal income tax purposes of interest payable on “state or local bonds,” the Authority may, nonetheless, be able to satisfy the requirements for the delivery of the Purchased Obligations. In such event, the Underwriters would be obligated to purchase the Purchased Obligations from the Authority and the Purchaser would be required to accept delivery of the Purchased Obligations from the Underwriter.

The Purchaser acknowledges and agrees that the Purchased Obligations are being sold on a “forward” or “delayed delivery” basis for delivery on the Delayed Delivery Closing Date and that the Purchaser is obligated to take up and pay for the Purchased Obligations on the Delayed Delivery Closing Date unless the Representative terminates the 2020 Forward Delivery Purchase Agreement or the Purchaser terminates its obligation to purchase the Purchased Obligations as described herein. To effect a termination by the Purchaser, the Purchaser acknowledges and agrees that it must give written notice of termination of this Delayed Delivery Contract to the Underwriters before the Delayed Delivery Closing Date. The Purchaser understands and agrees that no termination of the obligation of the Purchaser may occur after the Delayed Delivery Closing Date. The Purchaser is not a third party beneficiary under the 2020 Forward Delivery Purchase

Agreement and has no rights to enforce, or cause the Underwriters to enforce, any of the terms thereof. The Purchaser acknowledges that it will not be able to withdraw its order except as described herein, and will not otherwise be excused from performance of its obligations to take up and pay for the Purchased Obligations on the Delayed Delivery Closing Date because of market or credit changes, including specifically, but not limited to (a) changes in the ratings assigned to the Purchased Obligations or changes in the credit associated with the Purchased Obligations generally, and (b) changes in the financial condition and operations of the Authority. The Purchaser acknowledges and agrees that it will remain obligated to purchase the Purchased Obligations in accordance with the terms hereof, even if the Purchaser decides to sell such Purchased Obligations following the date hereof, unless the Purchaser sells Purchased Obligations to another entity with the prior written consent of the Underwriters and such entity provides a written acknowledgment of confirmation of purchase order and a delayed delivery contract in the same respective forms as that executed by the Purchaser.

The Purchaser represents and warrants that, as of the date of this Delayed Delivery Contract, the Purchaser is not prohibited from purchasing the Purchased Obligations hereby agreed to be purchased by it under the laws of the jurisdiction to which the Purchaser is subject.

This Delayed Delivery Contract will inure to the benefit of and be binding upon the parties hereto and their respective successors, but will not be assignable by either party without the prior written consent of the other.

The Purchaser acknowledges that the Representative is entering into the 2020 Forward Delivery Purchase Agreement with the Authority to purchase the Purchased Obligations in reliance in part on the performance by the Purchaser of its obligations hereunder.

This Delayed Delivery Contract may be executed by either of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument under the laws of the Commonwealth of Pennsylvania.

It is understood that the acceptance by the Underwriters of any Delayed Delivery Contract (including this one) is in the Underwriter's sole discretion and that, without limiting the foregoing, acceptances of such contracts need not be on a "first-come, first-served" basis. If this Delayed Delivery Contract is acceptable to the Underwriter, it is requested that the Representative sign the form of acceptance below and mail or deliver one of the counterparts hereof to the Purchaser at its address set forth below. This will become a binding contract between the Underwriters and the Purchaser when such counterpart is so mailed or delivered by the Representative. This Delayed Delivery Contract does not constitute a customer confirmation pursuant to Rule G-15 of the Municipal Securities Rulemaking Board.

This Delayed Delivery Contract shall be construed and administered under the laws of the Commonwealth of Pennsylvania.

**PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY  
SPECIAL TAX REVENUE REFUNDING BONDS  
(CITY OF PHILADELPHIA FUNDING PROGRAM),  
SERIES OF 2019**

**Continuing Disclosure Agreement**

This Continuing Disclosure Agreement (the "Disclosure Agreement") is executed and delivered this 3rd day of December, 2019 by the Pennsylvania Intergovernmental Cooperation Authority ("Authority") in connection with the issuance and sale by the Authority of its \$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "Bonds"). Capitalized terms used in this Disclosure Agreement which are not otherwise defined herein shall have the meanings given to such terms in the Official Statement dated (as defined herein) or the Indenture (as defined in the Official Statement), as applicable.

The Authority hereby agrees as follows:

**ARTICLE I**

**The Undertaking**

Section 1.1. **Purpose.** This Disclosure Agreement is being executed and delivered by the Authority solely for the benefit of the holders and the beneficial owners of the Bonds and in order to assist the Underwriters in complying with subsection (b)(5) of the Rule by undertaking to provide certain Annual Financial Information (as defined herein) and material events notices required by the Rule, and shall create no rights in any other person or entity.

Section 1.2. **Annual Financial Information.** (a) So long as any Bonds are outstanding, the Authority shall file annually its Annual Financial Information with the MSRB via EMMA (as both terms are defined herein) with respect to each Fiscal Year of the Authority, in accordance with the provisions of the subsection (b)(5) of the Rule, within 180 days after the end of the Authority's Fiscal Year, commencing with the Fiscal Year ending June 30, 2020.

(b) If the Annual Financial Information to be filed by the Authority is not available by the date of the required filing, the Authority shall file unaudited Annual Financial Information by such date and file audited Annual Financial Information when available.

(c) The Authority shall provide, in a timely manner, written notice to the MSRB via EMMA specifying any failure of the Authority to provide the Annual Financial Information by the date specified in subsection (a) hereof.

Section 1.3. Notice Events. (a) So long as any Bonds are outstanding, if one of the following Notice Events occurs, the Authority shall provide, in a timely manner not in excess of ten (10) business days after the occurrence of such Notice Event, written notice of such Notice Event to the MSRB via EMMA:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of Bondholders, if material;
- (viii) Bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the Authority;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the Authority or the sale of all or substantially all of the assets of the Authority, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (xv) incurrence of a Financial Obligation of the Authority, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Authority, any of which affect security holders, if material; and

- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Authority, any of which reflect financial difficulties.

(b) Any notice of a defeasance of the Bonds shall state whether the Bonds have been escrowed to maturity or to an earlier redemption date and the timing of such maturity or redemption.

(c) Each Notice Event notice relating to the Bonds shall include the CUSIP numbers, if any, of the Bonds to which such Notice Event notice relates or, if the Notice Event notice relates to all bond issues of the Authority including the Bonds, such Notice Event notice need only include the CUSIP number of the Authority.

Section 1.4. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Authority from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information or notice of Notice Event hereunder, in addition to that which is required by this Disclosure Agreement. If the Authority chooses to do so, the Authority shall have no obligation under this Disclosure Agreement to continue to provide or to update such additional information or data.

Section 1.5. Additional Disclosure Obligations. The Authority acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933, as amended, and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, as amended, may apply to the Authority and that, under some circumstances, compliance with this Disclosure Agreement without additional disclosures or other action may not fully discharge all duties and obligations of the Authority under such laws.

## ARTICLE II

### Operating Rules

Section 2.1. Reference to Other Filed Documents. It shall be sufficient for purposes of Section 1.2 hereof if the Authority provides Annual Financial Information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, [www.emma.msrb.org](http://www.emma.msrb.org)) or (ii) filed with the SEC. The provisions of this Section shall not apply to notices of Notice Events pursuant to Section 1.3 hereof.

Section 2.2. Submission of Information. Annual Financial Information may be set forth or provided in one document or a set of documents, and at one time or in part from time to time.

Section 2.3. General Provisions Regarding Filings. (a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the MSRB's Electronic Municipal Markets Access ("EMMA") system, the current Internet Web address of which is [www.emma.msrb.org](http://www.emma.msrb.org).

(b) All notices, documents and information provided on EMMA shall be provided in an electronic format as prescribed by the MSRB and shall be accompanied by identifying information as prescribed by the MSRB.

Section 2.4. Fiscal Year. (a) The Authority's current Fiscal Year begins July 1 and ends June 30, and the Authority shall promptly file a notification on EMMA of each change in its Fiscal Year.

(b) Annual Financial Information shall be provided at least annually notwithstanding any Fiscal Year longer than 12 calendar months.

### ARTICLE III

#### Effective Date, Termination, Amendment, Enforcement, Governing Law

Section 3.1. Effective Date; Termination. (a) This Disclosure Agreement shall be effective upon the issuance of the Bonds.

(b) The Authority's obligations under this Disclosure Agreement shall terminate upon a legal defeasance, prior redemption or payment in full of all of the Bonds.

Section 3.2. Amendment. (a) This Disclosure Agreement may be amended without the consent of the holders of the Bonds (except to the extent required under clause (4)(ii) below), if all of the following conditions are satisfied:

(1) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the Authority or the type of business conducted thereby,

(2) this Disclosure Agreement as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances,

(3) the Authority shall obtain an opinion of Counsel to the same effect as set forth in clause (2) above,

(4) either (i) the Authority shall obtain an opinion of Counsel or a determination by an entity, in each case unaffiliated with the Authority (such as bond counsel), addressed to the Authority, to the effect that the amendment does not materially impair the interests of the holders of the Bonds, or

(ii) the holders of the Bonds consent to the amendment to this Disclosure Agreement pursuant to the same procedures as are required for amendments to the Indenture with consent of holders of Bonds pursuant to the Indenture as in effect at the time of the amendment, and

(5) the Authority shall ensure that copies of such opinion(s) and amendment are promptly filed on EMMA and sent to each Registered Owner.

(b) This Disclosure Agreement may be amended without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Disclosure Agreement which is applicable to this Disclosure Agreement, (2) the Authority shall obtain an opinion of Counsel to the effect that performance by the Authority under this Disclosure Agreement as so amended will not result in a violation of the Rule and (3) the Authority shall have copies of such opinion and amendment promptly filed on EMMA and sent to each Registered Owner.

(c) This Disclosure Agreement may be amended without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) the Authority shall have obtain an opinion of Counsel to the effect that the amendment is permitted by rule, order or other official pronouncement, or is consistent with any interpretive advice or no-action positions of Staff, of the SEC, and (2) the Authority shall ensure that such opinion and amendment shall be promptly filed on EMMA and sent to each Registered Owner.

(d) To the extent any amendment to this Disclosure Agreement results in a change in the type of financial information or operating data provided pursuant to this Disclosure Agreement, the first Annual Financial Information provided thereafter shall include a narrative explanation of the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

(e) If an amendment is made pursuant to Section 3.2(a) hereof to the accounting principles to be followed by the Authority in preparing its financial statements, the Annual Financial Information for the Fiscal Year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative and, to the extent reasonably feasible, quantitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information.

Section 3.3. Benefit; Third-Party Beneficiaries; Enforcement. (a) The provisions of this Disclosure Agreement shall constitute a contract with and inure solely to the benefit of the holders from time to time of the Bonds, except that beneficial owners of Bonds shall be third-party beneficiaries of this Disclosure Agreement. The provisions of this Disclosure Agreement shall create no rights in any person or entity except as provided in this subsection (a) and in subsection (b) of this Section.

(b) The obligations of the Authority to comply with the provisions of this Disclosure Agreement shall be enforceable by any holder of outstanding Bonds. The holders' rights to enforce the provisions of this Disclosure Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the Authority's obligations under this Disclosure Agreement. In consideration of the third-party beneficiary status of beneficial owners of Bonds pursuant to subsection (a) of this Section, beneficial owners shall be deemed to be holders of Bonds for purposes of this subsection (b).

(c) Any failure by the Authority to perform in accordance with this Disclosure Agreement shall not constitute a default or an Event of Default under the Indenture or the Bonds and the rights

and remedies provided by the Indenture or the Act upon the occurrence of a default or an Event of Default shall not apply to any such failure.

(d) This Disclosure Agreement shall be construed and interpreted in accordance with the laws of the Commonwealth, and any suits and actions arising out of this Disclosure Agreement shall be instituted in a court of competent jurisdiction in the Commonwealth; provided, however, that to the extent this Disclosure Agreement addresses matters of federal securities laws, including the Rule, this Disclosure Agreement shall be construed in accordance with such federal securities laws and official interpretations thereof.

## ARTICLE IV

### Definitions

Section 4.1. Definitions. The following terms used in this Disclosure Agreement shall have the following respective meanings:

(1) "Annual Financial Information" means the Authority's Audited Financial Statements with Independent Auditor's Report. The Annual Financial Information shall include Audited Financial Statements, if available, or Unaudited Financial Statements.

(2) "Audited Financial Statements" means the annual financial statements of the Authority, audited by such auditor as shall then be required or permitted by Commonwealth law. Audited Financial Statements shall be prepared in accordance with GAAP; provided, however, that pursuant to Sections 3.2(a) and (c) hereof, the Authority may from time to time, if required by federal or Commonwealth legal requirements, modify the accounting principles to be followed in preparing its financial statements. The notice of any such modification required by Section 3.2(a) hereof shall include a reference to the specific federal or Commonwealth law or regulation describing such accounting principles, or other description thereof.

(3) "Counsel" means any nationally recognized bond counsel or counsel expert in federal securities laws.

(4) "Financial Obligation" means "financial obligation" as such term is defined in the Rule.

(5) "GAAP" means generally accepted accounting principles as prescribed from time to time for governmental units by the Governmental Accounting Standards Board, the Financial Accounting Standards Board, or any successor to the duties and responsibilities of either of them.

(6) "MSRB" means the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Agreement.

(7) "Official Statement" means the Official Statement dated October 29, 2019 of the Authority relating to the Bonds, as it may be amended or supplemented.

(8) "Registered Owner" or "Registered Owners" means the person or persons in whose name a Bond is registered on the books of the Authority maintained by the Trustee in accordance with the Indenture. For so long as the Bonds shall be registered in the name of the Securities Depository or its nominee, the term "Registered Owner" or "Registered Owners" also means and includes, for the purposes of this Disclosure Agreement, the owners of book-entry credits in the Bonds evidencing an interest in the Bonds; provided, however, that the Authority shall have no obligation to provide notice hereunder to owners of book-entry credits in the Bonds except those who have filed their names and addresses with the Authority for the purposes of receiving notices or giving direction under this Disclosure Agreement.

(9) "Rule" means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 (17 CFR Part 240, §240.15c2-12), as amended, as in effect on the date of this Disclosure Agreement, including any official interpretations thereof issued either before or after the effective date of this Disclosure Agreement which are applicable to this Disclosure Agreement.

(10) "Unaudited Financial Statements" means the same as Audited Financial Statements, except that they shall not have been audited.

[Remainder of page intentionally left blank.]

IN WITNESS WHEREOF, the undersigned authorized officer of the PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY has executed this Disclosure Agreement as of the day and year first above written.

### PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA FUNDING PROGRAM)

**\$31,085,000**  
**Series of 2019**

**\$24,990,000**  
**Series of 2020**  
**(Forward Delivery)**

In connection with the issuance on December 3, 2019, by the PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY (the "Issuer") of its \$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds") and its issuance on March 17, 2020 of its \$24,990,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (the "2020 Bonds," and together with the 2019 Bonds, the "Bonds"), and in furtherance of the covenants and representations of the Issuer contained in the Amended and Restated Indenture of Trust dated December 1, 1994, between the Issuer and U.S. Bank National Association, as successor trustee (the "Trustee"), as the same has been amended and supplemented from time to time, including by that certain Eighth Supplement to Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Trust Indenture") and pursuant to Sections 103 and 141 through 150 of the Internal Revenue Code of 1986, as amended (the "Code") and the regulations thereunder (the "Regulations"), the Issuer makes and enters into the following tax certificate (this "Tax Certificate").

#### Recitals

The Issuer covenants to comply with the Code and the Regulations throughout the term of the Bonds and to not take any action (or fail to take any action) which would adversely affect the tax-exempt status of interest on the Bonds.

The Issuer has covenanted in the Trust Indenture that it will do and perform all acts and things permitted by law and the Trust Indenture that are necessary or desirable in order to assure that interest on the Bonds will be excluded from gross income for purposes of federal income taxes and shall take no action that would result in such interest not being excluded from gross income for federal income taxes.

The Issuer understands and acknowledges that the opinion of Bond Counsel (as defined below) relating to, among other things, the exclusion of interest on the Bonds from gross income for federal income tax purposes is rendered in reliance upon the representations and statements of fact, estimates and expectations contained herein and assumes the Issuer's continued compliance with the provisions of this Tax Certificate.

The Issuer covenants to comply with the provisions of this Tax Certificate.

## **SECTION 1. DEFINITIONS.**

Capitalized terms used in this Tax Certificate have the meanings set forth herein or in Appendix One attached hereto, or where not so defined have the meanings set forth in the Trust Indenture. All definitions herein are qualified by reference to the Code and Regulations where applicable.

## **SECTION 2. REPRESENTATIONS.**

### **(a) Authorization.**

The 2019 Bonds are being issued and the 2020 Bonds will be issued pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L.9, No. 6, as amended (the "Act"), a resolution of the Issuer adopted September 17, 2019 (the "Resolution") and the Trust Indenture.

### **(b) Purposes of the Bonds.**

The proceeds of the 2019 Bonds, together with other available funds of the Authority, will be used to (i) currently refund all of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2009 (the "2009 Bonds") and (ii) pay the costs of issuing the 2019 Bonds. The 2009 Bonds were issued to currently refund the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1999 (the "1999 Bonds"), to pay the cost of terminating certain derivative financial products (the "Swaption" and a related "Swap") that had been entered into in anticipation of the refunding, and to pay the costs of issuing the 2009 Bonds.

The 1999 Bonds were issued to advance refund the Issuer's Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1993 (the "1993 Bonds"). The 1993 Bonds were issued to provide funds for intergovernmental grants (the "Grants") to the City of Philadelphia (the "City") to (i) pay the costs of certain capital projects to be undertaken by the City, (ii) pay the costs of certain capital improvements to the City's criminal justice and correctional facilities, and (iii) provide for the retirement of certain general obligation bonds of the City.

The Issuer has sold the 2020 Bonds and expects to issue the 2020 Bonds on March 17, 2020 to finance (i) the current refunding of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010 maturing after June 15, 2020 (the "Refunded 2010 Bonds," together with the 2009 Bonds, the "Refunded Bonds") and (ii) the payment of the costs of issuing the 2020 Bonds. The 2010 Bonds were issued to (i) currently refund all of the Issuer's outstanding Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 2008A (the "2008A Bonds") and Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 2008B (the "2008B Bonds" and together with the 2008A Bonds, the "Refunded 2008 Bonds"), (ii) to pay a termination payment on two swaps related to the Refunded 2008 Bonds (the "Termination Payment"), and (iii) to pay costs of issuance of the 2010 Bonds.

The Refunded 2008 Bonds were issued to finance (i) the current refunding of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 2003 (the "2003 Bonds") (ii) the current refunding of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 2006 (the "2006 Bonds"), and (iii) the payment of the costs of issuing the Refunded 2008 Bonds and of obtaining bond insurance for the Refunded 2008 Bonds. The 2003 Bonds were issued to finance (i) the current refunding of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program) Series of 1993A (the "1993A Bonds"), and (ii) the payment of the costs of issuing the 2003 Bonds and of obtaining credit enhancement for the 2003 Bonds. The 1993A Bonds were issued to finance (i) the advance refunding of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 1992 (the "1992 Bonds") maturing on June 15 of the years 2006, 2012 and 2022, (ii) make the required deposit to the Debt Service Reserve Fund in respect of the 1993A Bonds, and (iii) the payment of the costs of issuing the 1993A Bonds. The 1992 Bonds were issued to (i) make grants to the City to fund the Fiscal Year 1991 General Fund cumulative deficit, the projected Fiscal Year 1992 General Fund deficit and the projected Fiscal Year 1993 General Fund deficit of the City; (ii) make grants to the City to pay the costs of certain capital projects to be undertaken by the City; (iii) make a grant to the City to provide other financial assistance to the City to enhance productivity in the operation of City government; (iv) make the required deposit to the Debt Service Reserve Fund; (v) pay capitalize interest on a portion of the 1992 Bonds; (vi) repay \$150,000 previously advanced to the Issuer by the Commonwealth of Pennsylvania to pay initial operating expenses of the Issuer; (vii) fund a portion of the Issuer's first fiscal year operating budget which was used to pay a portion of the expenses of the Issuer related to the issuance of the 1992 Bonds; and (viii) pay the costs of issuing the 1992 Bonds.

The 2006 Bonds were issued to finance (i) the current refunding of the Issuer's Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 1996 (the "1996 Bonds"), and (ii) the payment of the costs of issuing the 2006 Bonds and of obtaining bond insurance for the 2006 Bonds. The 1996 Bonds were issued to (i) provide for the advance refunding of the 1992 Bonds maturing on or prior to June 15, 2002, (ii) provide for the refunding of the Issuer's Special Tax Revenue Bonds (City of Philadelphia Refunding Program) Series of 1994 maturing on or prior to June 15, 2005 (the "1994 Bonds"), (iii) pay the premium for a debt service reserve fund insurance policy to satisfy the Debt Service Reserve Fund Requirement in respect of the 1996 Bonds, and (iv) pay the costs of issuing the 1996 Bonds. The 1994 Bonds were issued to (i) make grants to the City to pay the costs of certain capital projects to be undertaken by the City; (ii) make the required deposit to the Debt Service Reserve Fund in respect of the 1994 Bonds; and (iii) pay the costs of issuing the 1994 Bonds.

### (c) Estimated Sources and Uses of Funds

The following table sets forth the estimated sources and uses of funds.

<u>SOURCES</u>	<u>2019 Bonds</u>	<u>2020 Bonds</u>
Par Amount of Bonds	\$31,085,000.00	\$24,990,000.00
Original Issue Premium	2,933,977.30	1,561,626.90
Amount held in Debt Service Reserve Fund	46,867,585.79	8,184,397.73
Transfer from Debt Service Fund for the 2009 Bonds	<u>11,541,425.00</u>	

Transfer from Debt Service Fund for the Refunded 2010 Bonds		439,250.00
<b>TOTAL SOURCES</b>	<b><u>\$92,427,988.09</u></b>	<b><u>\$35,175,274.63</u></b>
<b>USES</b>		
Current Refunding of 2009 Bonds	\$83,815,996.67	
Deposit under Escrow Agreement for Refunded 2010 Bonds		\$27,013,875.00
Debt Service Reserve Requirement	8,184,397.73	7,910,662.69
Costs of Issuance	427,593.69	250,736.94
<b>TOTAL USES</b>	<b><u>\$92,427,988.09</u></b>	<b><u>\$35,175,274.63</u></b>

**(d) Purpose of Tax Certificate.**

This Tax Certificate is made to establish the Issuer's reasonable expectations as to the amount and use of the Proceeds of the Bonds. It is intended to be and may be relied on for the purposes of Section 103 and 141 through 150 of the Code and as a certificate described in Regulations Section 1.148-2(b)(2). This Tax Certificate is being executed and delivered as part of the record of proceedings in connection with the issuance of the 2019 Bonds on the date hereof and expected issuance of the 2020 Bonds on March 17, 2020. The Issuer understands that, despite the representations, and statements of expectations made in this Tax Certificate, the taking of any deliberate, intentional action by the Issuer (or any person acting on the Issuer's behalf) after the applicable Date of Issue in order to earn arbitrage will cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code if such action, had it been expected on the Date of Issue, would have caused the Bonds to be arbitrage bonds and that an intent to violate the requirements of Section 148 of the Code is not necessary for an action to be considered intentional within the meaning of the Code.

**(e) Statement as to Facts, Estimates and Circumstances.**

The facts and estimates set forth in this Tax Certificate, on which the Issuer's expectations as to the Bonds are based, are to the best of the knowledge and belief of the undersigned officer of the Issuer true, correct and complete, and the Issuer's expectations are reasonable based on all the objective facts and circumstances. The Issuer understands that, for the purposes of the Code, the statements of facts, estimates, representations and expectations contained herein constitute evidence of the Issuer's expectations but do not establish any conclusions of law or any presumptions regarding the Issuer's actual expectations or the reasonableness of such expectations.

**(f) Responsible Persons.**

The undersigned is the person charged with the responsibility for issuance of the Bonds by the Issuer and has made due inquiry with respect to and is fully informed as to the matters set forth in this Tax Certificate.

**(g) Security.**

The Bonds are limited obligations of the Issuer. Under the Trust Indenture, the Bonds are payable solely from revenues of the Issuer derived from (i) a one and one-half percent (1.5%) tax (the "Authority Tax") on the salaries, wages, commissions and other compensation earned by

residents of the City of Philadelphia, Pennsylvania (the "City") and on net profits earned in business, professions and other activities conducted by residents of the City, which tax is imposed by the City pursuant to the Act and an ordinance adopted by the City Council of the City and approved by the Mayor on June 12, 1991 (Bill No. 1437, effective July 1, 1991) (the "Authority Tax Ordinance"); (ii) certain moneys and securities, and investment earnings thereon, together with a Debt Service Reserve Fund Policy originally issued by Financial Guaranty Insurance Company, all held by the Trustee in certain funds established under the Trust Indenture; and (iii) certain other funds and moneys held by the Trustee under the Trust Indenture. The Act provides that the revenues from the foregoing tax are the revenues and property of the Issuer and are not the revenues and property of the City

The Bonds are limited obligations of the Issuer. Under the Trust Indenture the Bonds are payable from certain pledged revenues of the Issuer and certain other funds held by the Trustee for such purpose. Neither the general credit nor the taxing power of the Commonwealth or any political subdivision thereof, including the City, is pledged for the payment of the principal of or interest on the Bonds. The Bonds do not constitute obligations of the Commonwealth or of any political subdivision thereof, including the City and neither the Commonwealth nor any political subdivision thereof, including the City, is liable for the payment of principal of or interest on the Bonds. The Issuer has no taxing power.

### **SECTION 3. REASONABLE EXPECTATIONS OF THE ISSUER AS TO FACTS, ESTIMATES AND CIRCUMSTANCES.**

The Issuer makes the following representations and statements of facts, estimates and expectations on the basis of which it is not expected that the proceeds of the Bonds will be used in a manner that will cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code.

**(a) Application of Total Sale Proceeds.**

The Sale Proceeds of the Bonds will be applied as set forth in Section 2(c).

**(b) No Replacement.**

No portion of the amounts received from the sale of the Bonds will be used as a substitute for any other funds that have been or will be used to acquire, directly or indirectly, obligations producing a yield in excess of the Bond Yield.

**(c) No Other Funds.**

Other than the funds and accounts specifically described in this Tax Certificate, no fund or account which secures or otherwise relates to the Bonds has been established, nor are any such funds or accounts expected to be established, pursuant to any instrument.

**(d) Refunding Program**

On the Delivery Date for the 2019 Bonds, the amount of \$83,815,996.67 will be deposited with the Trustee to effect the redemption of the 2009 Bonds. The amounts deposited with the Trustee will be sufficient to pay the interest accrued on the 2009 Bonds to the date of redemption (December 3, 2019, which date is within ninety (90) days of the Delivery Date) and to pay the principal due on December 3, 2019 and the redemption price, at par, of all the 2009 Bonds maturing thereafter.

An amount of Sale Proceeds of the 2020 Bonds expected to be received on the March 17, 2020 Delivery Date of the 2020 Bonds equal to \$26,300,889.96 will be applied to the current refunding of the Refunded 2010 Bonds together with \$273,735.04 from the Debt Service Reserve Fund and \$439,250.00 from the Refunded 2010 Bonds Debt Service Fund. Such amounts total \$27,013,875.00. The current refunding of the Refunded 2010 Bonds will be accomplished by applying such amount on March 17, 2020 to the purchase of certain United States Treasury Obligations to be held in an escrow account (the "2010 Escrow Account") in an amount which at all times shall be sufficient, to pay the redemption price of the Refunded 2010 Bonds on June 15, 2020, together with accrued interest thereon due on such date. Any excess amounts remaining in the 2010 Escrow Account after the redemption of the Refunded 2010 Bonds will be deposited to the account in the Debt Service Fund for the 2020 Bonds. The refunding transactions set forth above are further described in the Verification Report (defined below). The 2020 Delivery Date of the 2020 Bonds is within ninety (90) days of discharge date of the 2010 Bonds.

**(e) The Indenture**

Pursuant to the Indenture the Issuer has established and created the following special funds, each of which will be held by the Trustee:

- Settlement Fund
- Revenue Fund
- Capital Projects Fund
- Debt Service Fund
- Debt Service Reserve Fund
- Deficit Fund
- Bond Redemption Fund
- Rebate Fund

**(f) Costs of Issuance.**

An amount of Sale Proceeds of the 2019 Bonds equal to \$427,593.69 will be used to pay costs of issuance on the date hereof. An amount of Sale Proceeds of the 2020 Bonds equal to \$250,736.94 will be used to pay costs of issuance on the March 17, 2020 Delivery Date of the 2020 Bonds. Upon the payment of the costs of issuance for each respective series of Bonds, moneys in the Settlement Fund with respect to each series of Bonds are to be transferred to the Debt Service Fund.

**(g) Revenue Fund.**

The Issuer's revenues are deposited initially in a Revenue Fund under the Indenture. Amounts are transferred from the Revenue Fund to the Debt Service Fund in monthly installments to provide for payment of principal and interest on the applicable series of Bonds. These amounts are treated as part of the Debt Service Fund pending the monthly transfers. Remaining amounts in the Revenue Fund are transferred in the following order: (i) to the Debt Service Reserve Fund to cure any deficiencies, (ii) to the counterparties of interest rate swaps and other derivative financial products related to the Bonds, (iii) to the trustee of any subordinated debt for payment of debt service, (iv) to the Issuer for operating expenses, (v) to the Rebate Fund, and (vi) to the City. The amounts transferred to the Debt Service Fund are reasonably expected to be sufficient to pay the principal and interest on the Bonds, and the remaining amounts in the Revenue Fund are not reasonably expected to be used or available for this purpose. The amounts in the Revenue Fund therefore are not treated as gross proceeds of the Bonds and accordingly, are not subject to investment yield restriction or arbitrage rebate.

**(h) Debt Service Fund under the Trust Indenture.**

Monies in the Debt Service Fund will be applied to the payment, when due, of principal of, premium, if any, and interest on the applicable series of Bonds. Monies in the Debt Service Fund will be used primarily to achieve a proper matching of revenues and the debt service on the applicable series of Bonds within each Bond Year. Such account will be depleted at least once each year, except for a reasonable carryover amount which will not exceed the greater of (i) the earnings in such account for the immediately preceding Bond Year or (ii) one-twelfth of principal and interest payments on the Bonds for the immediately preceding Bond Year. The timing of the payment of interest on and principal of the Bonds by the Issuer has been established on the basis of, and is intended to achieve, a proper matching of revenues with debt service on the applicable series of Bonds. Both the Revenue Fund (during the period of time that moneys are held in such fund prior to being transferred to the Debt Service Fund) and the Debt Service Fund are intended to constitute part of a "bona fide debt service fund" within the meaning of Regulations §1.148-1(b).

Except for the Debt Service Fund held under the Trust Indenture and the Revenue Fund held under the Trust Indenture, the Issuer has not created or established, and does not expect to create or establish, any fund in connection with the Bonds that is reasonably expected to be used to pay debt service on the Bonds.

**(i) Debt Service Reserve Fund under the Trust Indenture.**

(a) All Bonds issued under the Indenture, including the 2019 Bonds are, and, when issued, the 2020 Bonds, will be secured by a parity Debt Service Reserve Fund that is reasonably required to market the Bonds. The Debt Service Reserve Fund Requirement is equal to the maximum annual debt service on the Bonds but not more than the amount permitted by the Code for a reasonably required reserve fund. Amounts in the Debt Service Reserve Fund at any time in excess of the Debt Service Reserve Fund Requirement can be withdrawn and are not reasonably expected to be available to pay principal or interest on the Bonds. The Debt Service

Reserve Fund is a reasonably required reserve fund and may be invested without yield restriction but is subject to arbitrage rebate.

(b) The Debt Service Reserve Fund includes investments purchased with proceeds of various series of Bonds, including the 1993 Bonds, in compliance with the size limitations for a reasonably required reserve fund at the time of the issuance of the respective Bonds. The Debt Service Reserve Fund also includes a Municipal Bond Debt Service Reserve Fund Policy originally issued by Financial Guaranty Insurance Company and purchased with proceeds of the 1999 Bonds. The Municipal Bond Debt Service Reserve Fund Policy has been novated to National Public Finance Guarantee Corporation ("NPFGC"). On the date of issuance of the 2019 Bonds, the Debt Service Reserve Fund Requirement is \$8,184,397.73. As such, \$38,683,188.06 will be released from such fund and used together with 2019 Bond proceeds to redeem the 2009 Bonds. No proceeds of the 2019 Bonds or the 2020 Bonds will be deposited in the Debt Service Reserve Fund. Upon the issuance of the 2020 Bonds on March 17, 2020, \$273,735.04 will be released from the Debt Service Reserve Fund and deposited into the escrow fund and used together with 2020 Bond proceeds to provide for the payment of the Refunded 2010 Bonds.

**(j) Rebate Fund under the Trust Indenture.**

The Issuer covenants to be responsible for the calculation and payment of the Rebate Requirement and any related penalties under Section 148(f) of the Code to the extent applicable to the Bonds. The Issuer will cause the amounts required to satisfy the Rebate Requirement to be deposited into the Rebate Fund and to be timely paid to the Internal Revenue Service. In that regard, the Issuer has agreed to cause the amounts needed for the Rebate Requirement to be deposited into the Rebate Fund at the times necessary to comply with the Rebate Requirement under Section 148(f) of the Code and the Regulations, Exhibit D hereof and the Trust Indenture, to the extent applicable to the Bonds, and to direct the Trustee to make payments to the Department of the Treasury from the Rebate Fund if, when and as required.

**(k) No Overissuance.**

The amount of the proceeds and the anticipated earnings thereon, together with other amounts available for and expected to be used for such purposes, do not exceed the amount necessary to accomplish the governmental purposes of the Bonds. The Bonds will not remain outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes of the Bonds, based on all facts and circumstances.

**(l) Universal Cap.**

Notwithstanding any restrictions on the investment of proceeds of the Bonds and other amounts set forth in Section 3(a) of this Tax Certificate, proceeds of the Bonds and other amounts treated as proceeds of the Bonds shall be allocated and remain allocated to the Bonds, and thus be subject to the restrictions contained in this Tax Certificate, only to the extent that the value of the Nonpurpose Investments allocated to proceeds does not exceed the value of the outstanding Bonds as determined under Regulations §1.148-6(b)(2) (the "Universal Cap"). This

section shall not apply to amounts on deposit in funds to the extent those funds constitute a "bona fide debt service fund."

In accordance with Treasury Regulation Section 1.148-6(b)(2), the Issuer covenants that with respect to the proceeds of the Refunding Program, the amount of the Universal Cap, if applicable, and the value of the Nonpurpose Investments will be determined as of each date proceeds of the 2009 Bonds or the 2010 Bonds would become transferred proceeds of the Bonds, and need not otherwise be determined in the Bond Year in which that date occurs. All values shall be determined as of the close of business on each determination date, after giving effect to all payments on bonds and payments for and receipts on investments on that date.

**(m) Bond Yield.**

The yield on the Bonds (the "Bond Yield") generally means that discount rate that, when used in computing the present value on the Delivery Date of all unconditionally payable payments of principal, interest and fees for qualified guarantees on the Bonds and amounts reasonably expected to be paid as fees for qualified guarantees on the Bonds, produces an amount equal to the present value, using the same discount rate on the Delivery Date, of the aggregate issue prices of the Bonds (defined as the initial offering prices or yields to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price or yield a substantial amount of such Bonds of each series and maturity were sold). The 2019 Bonds and the 2020 Bonds are treated as a single issue for purposes of determining the yield on the issue and yield on the investments. See Section 3(p) herein.

The Bonds are not subject to redemption prior to maturity.

The aggregate present value on the Delivery Date of the issue prices of the Bonds, as so defined, and based upon certain information provided by RBC Capital Markets LLC, as representative of the underwriters of the Bonds (the "Representative") are shown in the Certificate delivered by the Representative attached hereto as Exhibit A and made a part hereof. Using numbers supplied by the Representative, the Bond Yield, computed in the manner discussed above, as of the date hereof, is 1.291924%. The Bond Yield is computed as of the Delivery Date and will not be affected by subsequent unexpected events unless either (1) the Issuer enters into a hedging transaction, within the meaning of Treasury Regulations Section 1.148-4 or (2) there is a subsequent transfer, waiver, modification or similar transaction affecting any right that is part of the terms of a Bond. Prior to entering into any transaction described in the immediately preceding sentence, the Issuer shall inform Bond Counsel of its intent and shall not enter into such transaction without receiving a prior opinion from Bond Counsel that such transaction will not adversely affect the exclusion from gross income of interest on the Bonds.

If the 2020 Bonds are not issued on March 17, 2017, the Form 8038-G filed on or about the Delivery Date of the 2019 Bonds will be amended to properly reflect the fact that the 2020 Bonds have not been issued as contemplated in the original plan of finance.

**(n) Yield Restrictions.**

Any amounts on deposit in any account established for the Bonds will not be invested at a yield which exceeds the Bond Yield, except as follows:

**(1) Accrued Interest.**

There is no pre-issuance Accrued Interest.

**(2) Costs of Issuance of Bonds.**

Issuance Costs will be paid from funds deposited in the Settlement Fund on or about the applicable Delivery Date.

**(3) Revenue Fund held under the Trust Indenture and Debt Service Fund held under the Trust Indenture.**

Amounts deposited in the Revenue Fund established under the Trust Indenture (prior to the time when such amounts are transferred to the Debt Service Fund) and amounts deposited in the Debt Service Fund, to the extent such amounts constitute a "bona fide debt service fund," may be invested at an unrestricted yield for an aggregate period of 12 months from the date of deposit of such amounts. To the extent that such amounts constitute a "bona fide debt service fund" under Treas. Reg. § 1.148-1(b), investment earnings on such amounts for such Bond Year are not subject to the Rebate Requirement.

**(4) Investment Earnings.**

Investment Proceeds may be invested without regard to yield restriction for a one (1) year period beginning on the date of receipt. Yield restrictions applicable to earnings on amounts in certain Funds are described above. All earnings on Gross Proceeds are subject to the Rebate Requirement.

**(5) Debt Service Reserve Fund held under the Trust Indenture.**

Amounts in the Debt Service Reserve Fund may be invested without regard to yield restrictions and are subject to the Rebate Requirement described in Exhibit D herein.

**(6) Escrow Deposit Agreement.**

Proceeds of the 2020 Bonds to be deposited into the Escrow Deposit Agreement for the 2010 Refunded Bonds will be invested in State and Local Government Series Securities unless they are not available for purchase from the United States Treasury on the day bids are to be submitted.

The calculation of the Bond Yield has been verified by Robert Thomas CPA, LLC as set forth in the Verification Report (the "Verification Report") dated the date hereof. The

yield on the investments in the 2010 Escrow Account will be verified shortly before the closing on the 2020 Bonds.

**(7) Yield Reduction Payments.**

In determining the yield on certain Nonpurpose Investments acquired with Proceeds of the Bonds, “yield reduction payments” to the United States in accordance with Regulations §1.148-5(c) (including a rebate amount) shall be taken into account in the manner described therein. As a result, despite any of the above provisions that require the investment of Proceeds of the Bonds at a yield not in excess of the Bond Yield, the yield on *certain* Nonpurpose Investments acquired with Proceeds of the Bonds will not be considered to be higher than the Bond Yield if sufficient “yield reduction payments” are made to the United States Treasury at the times and in the amounts described in Treas. Reg. § 1.148-5(c) (“Yield Reduction Payments”). The Issuer covenants to retain and consult with Bond Counsel prior to making any such yield reduction payments.

**(o) No Hedge Bond.**

The Refunded Bonds were not “hedge bonds” as defined in § 149(g)(3)(A) of the Code.

**(p) Single Issue.**

The 2019 Bonds and the 2020 Bonds are treated as a single issue pursuant to Treas. Reg. § 1.150-1(c)(1). No other tax-exempt obligations of the Issuer (i) are reasonably expected to be paid from substantially the same source of funds as the Bonds (determined without regard to guarantees from unrelated parties), (ii) are being sold at substantially the same time as the Bonds, (i.e., within fifteen days before or after October 29, 2019) and (iii) are being sold pursuant to the same plan of financing with the Bonds.

**(q) IRS Form 8038-G.**

The Issuer will file with the Internal Revenue Service, Ogden Submission Processing Center, Ogden, Utah 84201 an Information Return for Tax-Exempt Governmental Obligations (Form 8038-G) separately with respect to the issuance of the 2019 Bonds and the 2020 Bonds on December 3, 2019 and March 17, 2020, respectively, as required by Section 149(e) of the Code. The information contained in the Form 8038-G being delivered at the closing with respect to the Bonds is true, complete and correct and has been supplied by the Issuer and Underwriter.

**(r) Arbitrage Bonds.**

Based on the facts, estimates and circumstances as of the date hereof and as set forth in this Tax Certificate, the Issuer reasonably expects that it will not use the Proceeds of the Bonds in a manner that would cause the Bonds to be “arbitrage bonds” within the meaning of Code Section 148.

**(s) Circumvention.**

The Issuer represents and warrants that the Bonds are not and will not be a part of a transaction or series of transactions that attempts to circumvent the provisions of Section 148 of the Code and which has the effect of (i) enabling the Issuer to exploit the difference between tax-exempt and taxable interest rates to obtain a material financial advantage and (ii) overburdening the tax-exempt bond market.

**(t) No Other Facts.**

To the best of the Issuer's knowledge and belief, there are no other facts, estimates or circumstances which would materially change the expectations described in this Tax Certificate and the expectations herein with respect to future events are reasonable.

**SECTION 4. REBATE REQUIREMENT CALCULATIONS AND PAYMENT.**

See Exhibit D attached hereto with respect to the Rebate Requirement.

**SECTION 5. NO FEDERAL GUARANTY.**

The Issuer will not invest (or permit to be invested) an aggregate five percent (5%) or more of the Gross Proceeds of the Bonds in federally insured deposits or accounts or otherwise invest such Gross Proceeds in any obligation the payment or interest on which is (in whole or in part) a direct obligation of or guaranteed by the United States (or any agency or instrumentality thereof). Notwithstanding the foregoing, Proceeds of the Bonds may be invested in any of the following without causing the Bonds to be considered "federally guaranteed":

(1) Any investment guaranteed by any of the following agencies of the United States:

- (i) Federal Housing Administration;
- (ii) Veterans Administration;
- (iii) Federal National Mortgage Association;
- (iv) Federal Home Loan Mortgage Corporation;
- (v) Government National Mortgage Association; and
- (vi) Bonneville Power Authority, pursuant to the Northwest Power Act, as in effect on the date of the enactment of the Tax Reform Act of 1984;

(2) Any investment described in the following subparagraphs:

- (i) investments during an initial temporary period until such Proceeds are needed for the purpose for which the Bonds were issued;
- (ii) investments of amounts in bona fide debt service funds;
- (iii) investments in direct obligations issued by the Treasury Department;
- (iv) investments in a reasonably required reserve or replacement fund;

- (v) investments in obligations issued pursuant to Section 21B(d)(3) of the Federal Home Loan Bank Act, as amended by Section 511 of the Federal Institutions Reform, Recovery and Enforcement Act of 1989 or any successor;
- (vi) investments in a refunding escrow;
- (vii) other investment permitted by regulation, such as securities issued by "REFCORP".

## **SECTION 6. SEGREGATION OF PROCEEDS.**

### **(a) Generally.**

In order to perform the calculations required by the Code, it is necessary to separately account for all of the Gross Proceeds and each specific investment acquired therewith. To that end, the Issuer agrees to establish, or cause to be established, separate accounts or funds or to take other accounting measures in order to account fully and with specificity for all Gross Proceeds and each investment acquired therewith.

### **(b) Maintenance of Books and Records.**

The Issuer covenants to maintain books and records sufficient to establish the accounting method (as described in paragraph (c) below) for the Bonds and the allocation of proceeds of the Bonds to expenditures; failure to maintain such books and records results in the application of Treas. Regs. §1.148-6 (relating to arbitrage allocation and accounting methods) using the specific tracing method.

### **(c) Allocation of Proceeds to Expenditures.**

The Issuer covenants to allocate proceeds of the Bonds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date of the project, if any, that is financed by the Bonds is placed in service; the Issuer further covenants that this allocation will be made in any event by the date sixty (60) days after fifth anniversary of the issuance of the Bonds, or the date sixty (60) days after the retirement of the Bonds, if earlier. If funds from different sources are to be allocated to expenditures for the Project, the Issuer covenants to make that allocation by applying consistently one of the following methods: a specific tracing method; a gross proceeds spent first method (subject to the "proceeds spent last" method for working capital expenditures in Treas. Regs. § 1.148-6(d)(3)); a first-in, first-out method; or a ratable allocation method. The method chosen must be applied consistently for both arbitrage purposes and private activity purposes, in compliance with Treasury. Regs §§ 1.141-6(a) and 1.148-6(d).

## **SECTION 7. MISCELLANEOUS.**

### **(a) No Working Capital.**

No portion of the Sale Proceeds of the Bonds or investment earnings thereon will be used to pay expenditures or be allocated to the reimbursement of expenditures other than expenditures which are (i) "capital expenditures" within the meaning of Treasury Regulation § 1.150-1

(i.e., any cost of a type that is properly chargeable to capital account, or which would be so chargeable with proper election, under general federal income tax principles); (ii) costs of issuance, carrying and repaying the Bonds; (iii) fees for a "qualified guarantee" (within the meaning of Treasury Regulation § 1.148-4(f)); (iv) amounts paid to the United States under Treasury Regulation § 1.148-5(c) as yield reduction payments; (v) costs that do not exceed five percent (5%) of the issue price of the Bonds (net of pre-issuance accrued interest) and that are directly related to capital expenditures financed by the Bonds (e.g., initial operating expenses for a capital project); (vi) principal and interest on the Bonds paid from unexpected excess sale or investment proceeds; (vii) interest on the issue for a period commencing on the Delivery Date until three (3) years from the Delivery Date; or (viii) principal and interest on the 2009 Bonds and the Refunded 2010 Bonds. Accordingly, no portion of the Sale Proceeds of the Bonds or investment earnings thereon will be used to pay expenditures which are "restricted working capital expenditures" within the meaning of Treasury Regulation § 1.148-1(b).

**(b) Restrictions on Non-Governmental Use.**

Based on the certifications of the City set forth in Exhibit C hereto, the Issuer does not reasonably expect, as of the date hereof, that the Bonds will meet either the private business tests or the private loan financing test. These tests and related provisions are set forth in Treasury Regulation §1.141-1 through 1.141-16 (see Summary of Private Business and Private Loan Financing Tests attached in Exhibit B). The private business tests consist of the private business use test and the private security or payment test. In addition, the Issuer covenants herein and in the Trust Indenture to not take a deliberate action subsequent to the date hereof that causes the private business tests or private loan financing test to be met without a written opinion of nationally recognized bond counsel to the effect that any such deliberate action will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes. PICA represents that it has given proceeds to the City which constitute "grants" under the Treasury Regulations. As such, it neither owns or controls any property acquired with the proceeds from the "grants."

**(c) Management Contract Limitations.**

The Issuer shall not enter into, materially modify or extend a management or service agreement with respect to any portion of the improvements or projects financed or refinanced with Sale Proceeds of the Bonds with any entity other than a state or a local governmental unit unless such agreement complies with Revenue Procedure 2017-13, Revenue Procedure 97-13 (as amended and amplified), as applicable, and Revenue Procedure 2007-47 or any successor revenue procedure or regulation thereto.

**(d) Transferred Proceeds.**

In accordance with Treasury Regulation § 1.148-9, on the Delivery Date of the 2019 Bonds, the outstanding 2009 Bonds will be discharged. As such, proceeds of the 2009 Bonds will become transferred proceeds of the 2019 Bonds and cease to be proceeds of the 2009 Bonds and will transfer based upon the amount in the fund multiplied by the transfer percentage which is determined in accordance with Treasury Regulation Section 1.148-9 (b)(1). Those funds affected by this rule in the case of the 2009 Bonds are: amounts remaining in the Debt Service

Reserve Fund after other transfer out of that fund; amounts in the 1993 Capital Projects Fund; amounts in the 1993 Encumbered Fund; and; amounts in the 1993 Criminal Justice Fund.

With respect to the 2010 Bonds, the transfer percentage will be applied on June 15, 2020 to amounts in the following funds and such amounts will become transferred proceeds of the 2020 Bonds: 1994 Capital Projects Fund and the 1994 Encumbered Funds.

Then transfer percentage for each of the 2009 and 2010 Bonds will be less than 100% because less than 100% of the principal amount of the prior bonds are being discharged with proceeds of the respective refunding bonds.

#### **SECTION 8. SURVIVAL ON DEFEASANCE OR OTHER PAYMENTS.**

Notwithstanding anything in this Tax Certificate to the contrary, the obligation of the Issuer to remit the Rebate Requirement to the United States Department of Treasury and to comply with all other requirements contained in this Tax Certificate shall survive the defeasance or payment in full of the Bonds.

#### **SECTION 9. AMENDMENTS; SUPPLEMENTATION.**

Notwithstanding any other provision herein, the covenants and obligations contained herein may be and shall be deemed modified to the extent the Issuer either (i) amends this Certificate upon the issuance of the 2020 Bonds on March 17, 2020 or amends this Certificate in the event of the failure of the delivery of the 2020 Bonds on March 17, 2020; or (ii) secures a written opinion of Bond Counsel that any action required hereunder is no longer required or that some further action is required in order to maintain the exclusion of interest on the Bonds from gross income for purposes of Federal income taxation.

[remainder of page intentionally left blank]

## SECTION 10. SUPPLEMENTATION OF THIS CERTIFICATE.

The Issuer understands the need to supplement this Tax Certificate periodically to reflect further developments in the Federal income tax laws governing the exclusion from gross income for Federal income tax purposes of interest on the Bonds. The Issuer agrees to periodically seek the advice of Bond Counsel as to the propriety of seeking the review of and supplements to this Tax Certificate from Bond Counsel.

Bond Counsel may rely on this Tax Certificate in rendering its opinion regarding the tax consequences to a holder of the Bonds.

### ISSUE PRICE CERTIFICATE

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY  
SPECIAL TAX REVENUE REFUNDING BONDS  
(CITY OF PHILADELPHIA FUNDING PROGRAM)

\$31,085,000  
Series of 2019

\$24,990,000  
Series of 2020  
(Forward Delivery)

The undersigned, on behalf of RBC Capital Markets, LLC and as representative (the "Representative") of the other underwriters (together, the "Underwriting Group") of the above-captioned bonds (the "Bonds"), hereby certifies as set forth below with respect to the sale and issuance of the above-captioned Bonds.

1. ***Sale of the Bonds.*** As of the date of this certificate, for each Maturity of the Bonds, the first price at which at least 10% of such Maturity of the Bonds was sold to the Public is the respective price listed in Schedule A.

2. ***Defined Terms.***

(a) ***General Rule Maturities*** means those Maturities of the Bonds listed in Schedule A hereto as the "General Rule Maturities."

(a) ***Issuer*** means Pennsylvania Intergovernmental Cooperation Authority.

(b) ***Maturity*** means Bonds with the same credit and payment terms. 2019 Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(c) ***Public*** means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(d) ***Sale Date*** means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is October 29, 2019.

(e) ***Underwriter*** means (i) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

3. **Yield.** The yield on the Bonds is 1.291924%. For this purpose, the term "yield" refers to that discount rate that, when used in computing the present value as of the date hereof of all expected payments of principal and interest on the Bonds produces an amount equal to the present value, using the same.

4. **Weighted Average Maturity.** The weighted average maturity ("WAM") of the Bonds has been calculated to be 2.2258 years. The WAM is the sum of the products of the Issue Price of each maturity and the number of years to maturity (determined separately for each maturity and by taking into account mandatory redemptions) as of the date hereof, divided by the aggregate Issue Price of the Bonds.

The WAM of the 2019 Bonds is 2.5876 years. The WAM of the 2020 Bonds is 1.7621 years.

5. **Remaining Weighted Average Maturity.** We have been requested by the Authority to calculate the remaining WAM of the 2009 Bonds being refunded by the 2019 Bonds and the remaining WAM of the Refunded 2010 Bonds (together with the 2009 Bonds, the "Refunded Bonds") being refunded by the 2020 Bonds. For this purpose, the term "remaining WAM" of the Refunded Bonds is the sum of the products of the issue price of each maturity of such bonds and the number of years to maturity (determined separately for each maturity and by taking into account mandatory redemptions or prepayments), divided by the aggregate issue price of the Refunded Bonds, as of the date hereof. We have computed the remaining WAM of the Refunded Bonds to be not less than 2.0739 years.

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Representative's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Authority with respect to certain of the representations set forth in the Tax Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Saul Ewing Arnstein & Lehr LLP, Philadelphia, Pennsylvania, bond counsel in connection with rendering their opinions that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of Internal Revenue Service Form 8038-G, and other federal income tax advice they may give to the Authority from time to time relating to the Bonds. The representations set forth herein are not necessarily based on personal knowledge and, in certain cases, the undersigned is relying on representations made by the other members of the Underwriting Group.

## EXHIBIT B

### SUMMARY OF PRIVATE BUSINESS AND PRIVATE LOAN FINANCING TESTS

**I. General.** In general, the private business use test is met if private business use exceeds ten percent (10%) of the proceeds over the measurement period (defined in Section (b) below). Use of facilities by natural persons (not using the facilities in a trade or business) and use by state or local governments is not treated as private business use. Likewise, use by private business persons of the financed property on the same basis as the general public is not treated as meeting private business use test. However, use pursuant to special legal entitlements is treated as private business use unless the exceptions discussed in Section (c) below apply. Under the Regulations special legal entitlements to use property can result from ownership, a lease, a management or incentive contract, a take or pay contract, an output contract, a research agreement, or any other arrangement which conveys special legal entitlements comparable to the foregoing, *e.g.*, arrangements conveying priority rights to the use or capacity of a facility. In addition, use by private business users receiving “a special economic benefit” is also treated as private business use if the financed facility is not available for general public use.

**(a) Special Economic Benefit.** If the financed property is not available to the general public, then any “special economic benefit” should be counted as private business use. The Regulations provide that special economic benefit is to be determined based on all the facts and circumstances, including one or more of the following factors:

- (1) the functional relationship and physical proximity of the property financed to other property used by a nongovernmental person;
- (2) a small number of nongovernmental persons receive the special economic benefit; and
- (3) a nongovernmental person depreciates the financed property.

**(b) Measurement of Private Business Use.**

**(1) General Rule.** In general, the private business use test is met if private business use exceeds ten percent (10%) of the proceeds of the issue over the measurement period. As a general rule, the amount of private business use of property is determined according to the average percentage of private business use of the property during the measurement period. Treasury Regulation §1.141-3(g). The measurement period for a new money issue (or for certain refunding bonds) (the “**Measurement Period**”) is the period beginning on the later of the issue date of the issue or the date the property is placed in service and ends on the earlier of the last date of the reasonably expected economic life of the property or the latest maturity of any bond of the issue financing the property. The measurement period for a refunding issue that refunds a prior issue of governmental bonds (defined for this **Exhibit B** as any bond that, when issued, *purported* to be a governmental bond as defined in Treasury Regulations § 1.150-1(b), or a qualified 501(c)(3) bond, as defined in Section 145(a) of the Code) is measured during a “Combined Measurement Period” (“**CMP**”) or at the option of the Issuer, during the period described in Treasury Regulation § 1.141-13(b)(2)(i), but only if the

prior issue does not satisfy the private business use test (as described in Treasury Regulations §§ 1.141-3 and 1.145-2, as applicable) based on actual facts and a measurement period that begins on the first day of the CMP and ends on the issue date of the refunding issue. CMP means: (i) the period beginning on the first day of the measurement period for the prior issue, or in the case of a series of refundings of governmental bonds, the first issue of governmental bonds in the series, and ends on the last day of the measurement period for the refunding issue, or (ii) if the prior issue (or, in the case of a series of refundings of governmental bonds, the first issue in the series) was issued before May 16, 1997, then the Issuer, at its option, may treat the CMP as beginning on the date (the "**Transition Date**") that is the earlier of December 19, 2005 or the first date on which the prior issue (or an earlier issue in the case of a series of refundings of governmental bonds) became subject to the 1997 Regulations (as defined in Treasury Regulation § 1.141-15(b)). If the Issuer treats the CMP as beginning on the Transition Date, then the Transition Date shall be treated as the date of the earliest issue.

In the case of refunding bonds, the amount of private business use of bonds which are not governmental bonds is determined using the Measurement Period.

The average percentage of private business use is the average of the percentages of private business use during the 1-year periods within the measurement period. The percentage of private business use for any 1-year period is the average private business use during that year calculated and expressed as the ratio of private business use during the year to the total private business use and non-private business use ("**governmental use**") during that year. An anti-abuse rule prevents the establishment of an unreasonably long term of an issue for a principal purpose of increasing the permitted amount of private business use. Treasury Regulation § 1.141-3(g)(2)(v).

(2) **Special Rule for Private Ownership.** The amount of private business use resulting from private ownership is calculated differently. In cases of private business ownership, a special rule provides that the amount of private business use is determined according to the greatest percentage of private business use in any 1-year period. Treasury Regulation § 1.141-3(g)(2)(iv).

(3) **Other Rules.** Other significant special measurement rules eliminate the consideration of a facility's down-time in calculating the average percentage of private use, but permit under certain circumstances a discrete portion of a facility to be treated as a separate facility. Treasury Regulation § 1.141-3(g)(4)(1). In addition, if private business use as of the issue date is reasonably expected to have a significantly greater fair market value than governmental use, the average amount of private business use must be determined according to relative reasonably expected fair market values of use rather than by another measure, such as average time of use. Treasury Regulation § 1.141-3(g)(4)(v). Further, if private business use and actual governmental use of a facility is on the same basis and occurs simultaneously, the average amount of private business use may be determined on a reasonable basis that reflects the proportionate benefits to each user. Treasury Regulation § 1.141-3.

(c) **Exceptions.** There are a number of exceptions for certain types of private business use that may have otherwise been counted toward satisfaction of the private business use test. These exceptions include private business use resulting from:

- (1) certain management or service contracts involving expense reimbursement, incidental services or de minimis services;
- (2) use of facilities by nongovernmental persons solely in their capacity as agents of a government person;
- (3) certain incidental private business users;
- (4) contracts not reasonably available to natural persons with rates set by general tariffs and a term not longer than one hundred (100) days;
- (5) negotiated arm's-length contracts with terms not longer than fifty (50) days;
- (6) use under arrangements on the same basis as natural persons not engaged in a trade or business; and
- (7) use of a developer during the development period under certain conditions.

Revenue Procedure 2017-13, Revenue Procedure 97-13 (as amended and amplified), as applicable, and Revenue Procedure 2007-47 or any successor revenue procedure or regulation thereto, provide exceptions for management agreements, service agreements and research agreements meeting certain safe harbor guidelines.

**II. Private Security or Payment Test.** In general, the private security or payment test is satisfied if the present value of the payments to be taken into account exceeds ten percent (10%) of the present value of the debt service to be paid over the term of the issue. The private payment portion of the test generally takes into account payment of debt service derived from payments (whether or not to the Issuer or a related party) in respect of property or borrowed money used or to be used for a private business use. The private security portion of the test generally takes into account payment of debt service directly or indirectly secured by an interest in property used or to be used for a private business use, or payments in respect of such property.

The security for an issue and the payment of debt service on the issue are determined from both the bond documents and on the basis of an underlying arrangement between the parties. An underlying arrangement can result from separate agreements between the parties or may be inferred from all the facts and circumstances in connection with the issuance of the bonds.

**(a) Measurement of Private Security and Payment.**

(1) **General Rule.** In general, the private security or payment test is satisfied if the present value of the payments to be taken into account exceeds ten percent (10%) of the present value of the debt service to be paid over the term of the issue. The private payment portion of the test generally takes into account payment of debt service derived from payments (whether or not to the Issuer or a related party) in respect of property or borrowed money used or to be used for a private business use. The private security portion of the test

generally takes into account payment of debt service directly or indirectly secured by an interest in property used or to be used for a private business use, or payments in respect of such property. Treasury Regulation § 1.141-4(a)(i).

For purposes of the private security or payment test, payments taken into account as private payments and payments taken into account as private security are aggregated. However, the same payments are not taken into account as both private payments and private security. Treasury Regulation § 1.141-4(a)(2).

(2) **Present Value.** Present values are determined by using the yield on the issue as the discount rate for a fixed yield issue. Variable yield issues may assume the then current interest rate to be the discount rate over the term of the issue. A subsequent deliberate action will cause a recalculation of the variable yield. Adjustments to debt service may be made to take into account payments and receipts that adjust the yield on an issue for purposes of Section 148(f). Treasury Regulation § 1.141-4(b)(2).

(b) **Payments Taken Into Account.** Generally, payments made by any private business user that is treated as using proceeds of the issue are taken into account. Payments are taken into account only for the period of time the property is being used for the private business use. Payments for use of the financed property include payments in respect of such property even if not made by a private business user (only to the extent available to be used directly or indirectly for debt service) (e.g., payments made by the public for electricity when the electric facility is operated by a manager with a non-qualifying management contract). Payments are not made in respect of financed property if those payments are directly allocable to other property being directly used by the person making the payment and those payments represent fair market compensation for that other use. Treasury Regulation § 1.141-4(c)(2).

Payments from a private business user are not counted to the extent such payments exceed the present value of debt service allocable to the proceeds used by such private business user. Payments for use of proceeds do not include the portion of any payment properly allocable to the payment of direct operating expenses of the financed property used by the private business user. A special rule generally characterizes payments of debt service on a refinanced issue as private payments in the same proportion as private payments bear to total payments on the refunding issues. Treasury Regulation § 1.141-4(c)(2).

There are special rules for allocating private payments when property is financed from multiple funding sources (e.g., taxable, tax-exempt or equity). As a general rule, payments for the use of property are allocated to the source or different sources of funding of property based on all the facts and circumstances, including whether an allocation is consistent with the purposes of Section 141. In general, a private payment for the use of property is allocated to a source of funding based on the nexus between the payment and both the financed property and the source of funding. Treasury Regulation § 1.141-4(c)(3).

Payments for the use of a discrete facility (or discrete portion of a facility) are allocated to the source or sources of funding of that discrete property. Payments made for the use of property financed with two or more sources of funding are allocated in a manner that reasonably corresponds to the relative amounts expended on the property by each source. If an issuer has

not kept records of expenditures, an issuer may use reasonable estimates of amounts expended on property. Costs of issuance and other neutral costs are allocated ratably among expenditures for this purpose. Allocations may be made according to relative amounts of debt service if such allocation method reasonably reflects the economic substance of the arrangement. Treasury Regulation § 1.141-4(c)(3).

Two other special allocations rules are in the nature of anti-abuse rules. Under the one rule, private payments under an arrangement entered into in connection with the issuance of the bonds are generally allocated to that issue. Whether an arrangement is entered into in connection with the issuance of the issue is determined under the facts and circumstances. An arrangement is ordinarily entered into in connection with the issuance of the issue if (i) the issuer entered into the arrangement during the 3-year period beginning 18 months before the issue date and (ii) the amount of payments reflects all or a portion of the debt service on the issue. Treasury Regulation § 1.141-4(c)(3)(iv). Under the other rule, an issuer may not allocate private payments to reimburse itself for equity contributions unless, not later than sixty (60) days after the date of expenditure of those amounts, the Issuer adopts an official intent resolution comparable to that required by Treasury Regulation § 1.150-2(e) and reimburses itself not later than 18 months after the later of the date the expenditure is made or the date the project is placed in service. Treasury Regulation § 1.141-4(c)(3)(v).

**(c) Security Taken Into Account.** As a general rule, private security consists of financed property used by a private business user as well as payments in respect of that property if any interest in that property or payments secures the payment of debt service on the bonds. Under this rule, the payments in respect of privately used property can be counted even if they are from the general public (only to the extent available to be used directly or indirectly for debt service). Treasury Regulation § 1.141-4(d)(3).

A special rule provides that private security which is not bond financed is taken into account only to the extent it is provided by a use of the proceeds of the issue. Treasury Regulation § 1.141-4(d)(2). Generally, proceeds of a bond issue are not taken into account prior to expenditure or loan to the private user. Treasury Regulation § 1.141-4(d)(3).

Consistent with the rules concerning payments, private security is not taken into account (i) for the period of time the property is not being used for private business use or is not serving as security, and (ii) to the extent it exceeds the amount of allocable private business use. Treasury Regulation § 1.141-4(d)(5). Private security is generally taken into account with respect to refunded issues in the same proportion as private security bears to total payments on the refunding issue. Treasury Regulation § 1.141-4(d)(5).

Finally, a special rule provides for the allocation of private security or payments (from the disposition of such property securing the issue) among multiple issues secured by such property or payments. The rule provides that such security or payments are allocated on a reasonable basis that takes into account bondholders' rights to the payments or property on default. Treasury Regulation § 1.141-4(d)(6).

**(d) Measurement Period for Private Security and Payment for Refunding Bonds.** See Treasury Regulations § 1.141-13 regarding the measurement period for the private payments and private security in the case of refunding bonds.

**(e) Generally Applicable Taxes.** For purposes of the private security or payment test, taxes of general application are not taken into account. The Treasury Regulations say that a "generally applicable tax is an enforced contribution exacted pursuant to legislative authority in the exercise of the taxing power ..." to raise revenue for governmental purposes. The tax must have a uniform rate applicable to all persons of the same class in the jurisdiction and a generally applicable manner of determination and collection. A special rule permits payments in lieu of taxes to constitute generally applicable taxes under certain circumstances.

**III. Private Loan Financing Test.** Note or notes meet the private loan financing test if the lesser of five percent (5%) or \$5 million of the proceeds of the issue is to be used (directly or indirectly) to make or finance loans to persons other than governmental persons (not including 501(c)(3) organizations). The Issuer's reasonable expectations and subsequent deliberate actions are taken into account. The amount actually loaned to a nongovernmental person is not discounted to reflect the present value of loan payments.

For purposes of this test, a private loan is any transaction characterized as a loan for federal tax purposes. In addition, a loan can arise from the direct lending of bond proceeds or from transactions that convey indirect benefits that are the economic equivalent of a loan. Loans that are Nonpurpose Investments do not cause the private loan financing test to be met.

Certain prepayments for property or services are also treated as loans for purpose of the private loan financing test if the principal purpose of such prepayments is to provide a benefit of tax-exempt financing to the seller. A prepayment is not treated as a loan for purposes of this test if either (i) the prepayment is made for a substantial business purpose other than providing tax benefits to the seller and the Issuer has no commercially reasonable alternative to the prepayment or (ii) substantially similar prepayments are made by a substantial percentage of persons similarly situated to the Issuer who do not use tax-exempt financing.

A special rule affirms that a grant is not a loan. Whether a transaction is characterized as a grant or a loan is determined based on all the facts and circumstances. Generally, a grant made from proceeds of an issue secured by generally applicable taxes is not treated as a loan. Certain impermissible agreements entered into with the grantee, however, could cause a grant to be treated as a loan, *e.g.*, an agreement to be personally liable on a tax that does not generally impose personal liability.

**Unrelated or Disproportionate Use Test.** Under this test, an issue satisfies the private business tests if the amount of private business use and private security or payments attributable to unrelated or disproportionate private business use exceeds five percent (5%) of the proceeds of the issue. Application of the test requires a three-step analysis. The first step is to determine whether the private use or uses are related to a governmental use. The second step is to examine the private business use to determine whether it is disproportionate to its related governmental use. Third, all unrelated private business uses and disproportionate related uses are aggregated to determine whether the five percent (5%) threshold has been exceeded.

Unrelated use is determined on a case by case basis emphasizing the operational relationship between the government use and the private business use. In general, a related privately used facility is required to be located within, or adjacent to, the governmentally used facility. Two other special rules provide some additional guidance. The first rule provides that a private business use is related to a governmental use if the uses of the facility are for the same purpose and the government use is not insignificant. The second rule provides that use of a facility in the same manner for both related and unrelated private business uses will not result in unrelated private business use if the related use is not insignificant.

### **PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA FUNDING PROGRAM)**

**\$31,085,000  
Series of 2019**

**\$24,990,000  
Series of 2020  
(Forward Delivery)**

#### **TAX COMPLIANCE CERTIFICATE**

#### **CERTIFICATIONS OF THE CITY**

This certificate, including the covenants set forth herein, deals with the use of the proceeds of the above-captioned issue of tax-exempt bonds (the "Bonds") and related matters for purposes of the Internal Revenue Code of 1986 (the "Code").

**1. The Grants.**

(a) The grants by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") from the proceeds of its 1992 Bonds, 1993 Bonds and the 1994 Bonds (as defined in the Tax Certificate) (the "Grants") have been fully applied in accordance with the terms of the Grants.

(b) The property attributable to the Grants is owned by the City of Philadelphia, Pennsylvania (the "City") without any security interest or other special legal interest in the Authority.

(c) The City has not and will not provide any consideration for the Grants, and the City has no obligation (and is not subject to any condition) to directly or indirectly repay any amount to the Authority on account of the Grants.

(d) Neither the Authority nor the City is under the control of the other, either directly or indirectly or through any third party, and in accepting the Grants the City acted and is acting in its own behalf and not as agent of the Authority.

(e) The City is not liable, either directly or indirectly, for the payment of debt service on the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 or the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) and is not liable, either directly or indirectly, for payment of debt service on any other obligations of the Authority. The Authority was not liable, either directly or indirectly, for payment of debt service on the general obligation bonds of the City which the City retired with certain of the Grants.

(f) The property attributable to the Grants has not and will not be used in any private business use within the meaning of section 141 of the Code, and no portion of the Grants has been used to make a private loan within the meaning of section 141 of the Code.

2. Compliance with Code. The City hereby covenants with the Authority that it shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the Bonds shall be excludable from the gross income of the recipients thereof for purposes of federal income taxation and that it will refrain from doing or performing any act or thing that will cause such interest not to be so excludable. The City hereby covenants with the Authority that it will not make any investment or other use of the proceeds (as that term is defined in section 148 of the Code and all applicable Treasury Regulations) of the Bonds in its custody or control (including investment control) which would cause the Bonds to be "arbitrage bonds" (as that term is defined in section 148 of the Code and all applicable regulations promulgated thereunder), and it will comply with the requirements of such Code section and applicable Treasury Regulations throughout the term of the Bonds.

3. Recordkeeping Obligation. The City shall retain and provide to the Authority upon reasonable demand records of the investments made with respect to proceeds of the 1992 Bonds, 1993 Bonds, the 1994 Bonds, the 2009 Bonds, the 2010 Bonds, the 2019 Bonds and the 2020 Bonds, if any, held in the City Capital Account or other accounts controlled by the City.

4. Private Loan Limitation. The City hereby covenants that not more than the lesser of \$5,000,000 or 5% of the net proceeds of the 1992 Bonds, 1993 Bonds, the 1994 Bonds, the 2009 Bonds, the 2010 Bonds, the 2019 Bonds or the 2020 Bonds under the custody or control of the City have been or will be used, directly or indirectly, to make or finance a loan to persons other than state or local government units.

[Signature appears on the following page.]

IN WITNESS WHEREOF, and intending to be legally bound, the undersigned duly authorized officer of the City of Philadelphia, Pennsylvania, has caused this Tax Compliance Certificate to be executed this 3rd day of December, 2019.

CITY OF PHILADELPHIA, PENNSYLVANIA

By:   
Director of Finance

## **EXHIBIT D**

### **REBATE REQUIREMENT AND EXCEPTIONS**

The Issuer hereby represents and warrants, after due investigation and to the best of the Issuer's knowledge that:

**(a) General.**

Certain Gross Proceeds of the Bonds will be exempt from the Rebate Requirement described in (e) hereof if the Bonds satisfy the requirements of either paragraph (b), paragraph (c) or paragraph (d) hereof.

**(b) Six Month Exception.**

The Bonds shall be treated as meeting the Rebate Requirement described in paragraph (c) hereof if the Gross Proceeds of the Bonds are expended for the governmental purposes of such issue within the 6-month period beginning on the Delivery Date. For purposes of this paragraph (b), the governmental purpose of the Bonds include payments of interest on but not payments of principal of the Bonds during the construction period. The six-month spending period will be extended for an additional six months if the Gross Proceeds of the Bonds, as specially defined for purposes of this paragraph (b), are expended within the first six-month spending period except for an amount not exceeding 5% of the issue price of the Bonds. Notwithstanding the above, Gross Proceeds of the Bonds shall not be eligible for the exemption from the Rebate Requirement described in this paragraph (b) unless the Rebate Requirement set forth in paragraph (c) is met for Gross Proceeds of such issue not required to be spent within the six-month spending period (other than earnings on amounts in the Debt Service Fund). In the event that the Bonds satisfy the requirements of this paragraph (b), the Issuer may nevertheless subsequently elect to disregard the availability of the exemption from rebate described in this paragraph (b) and to satisfy the Rebate Requirement with respect to the Bonds. For purposes of the Six Month Exception, bonds allocable to a refunding program are treated as a separate issue. See Treas. Reg. § 1.148-7(b)(1) for the treatment of transferred proceeds and the six month exception.

**(c) Rebate Requirement.**

The Rebate Requirement as of any Computation Date, subject to such modifications as may be made by Treasury Regulations or rulings, is an amount equal to the excess (if any) of the future value as of the Computation Date of all Nonpurpose Receipts over the future value as of the Computation Date of all Nonpurpose Payments. All future values are computed as of the Computation Date using an interest rate equal to the Bond Yield

**(d) Future Value.**

The future value of a Nonpurpose Receipt or Payment is calculated using the following formula:

$$FV = PV (1 + i)^n$$

where

FV = The future value of the Nonpurpose Receipt or Payment;

PV = The amount of the Nonpurpose Receipt or Payment;

i = Bond Yield divided by the number of compounding intervals in a Bond Year; and

n = The number of compounding intervals from the date of the Nonpurpose Receipt or Payment through the Computation Date.

**(e) Allocation and Accounting Rules.**

Generally, investments are allocated to the Bonds for the period that (1) begins on the date Gross Proceeds are allocated to the Bonds and to the investment, and (2) ends on the date such Gross Proceeds cease to be allocated to the Bonds or to the investment.

**(f) Relationship to Yield Restriction.**

Subject to paragraph (g) hereof, the requirements of this **Exhibit D** relating to the Rebate Requirement of the Code apply to all Gross Proceeds, regardless of whether such amounts are subject to yield restriction or are unrestricted as to yield. Thus, an amount of Gross Proceeds may be "unrestricted as to yield" but will, notwithstanding that characterization, be subject to the Rebate Requirement of the Code. Similarly, an amount of Gross Proceeds may be "restricted as to yield" but will, notwithstanding that characterization, also be subject to the Rebate Requirement of the Code.

**(g) Bona Fide Debt Service Fund.**

To the extent that amounts set aside to pay debt service constitute a "bona fide debt service fund", such amounts and the earnings thereon are excluded from the calculation of the Rebate Requirement. The Issuer shall comply with the recordkeeping requirements set forth in paragraph (j) hereof with respect to such earnings.

**(h) Computation and Payment Dates.**

The Rebate Requirement will be computed by or on behalf of the Issuer as of each Installment Computation Date and as of the Final Computation Date. The Issuer will consult with Bond Counsel or other nationally recognized bond counsel or a recognized rebate accountant six (6) months prior to each Installment Computation Date as well as the Final Computation Date. Rebate installments of an amount which, when added to the future value of all previous rebate payments made with respect to the Bonds, equals at least 90 percent of the Rebate Requirement, must be paid by the Issuer no later than the date 60 days after each Installment Computation Date. The final rebate payment of an amount which, when added to the future value of all previous rebate payments made with respect to the Bonds, equals 100 percent of the Rebate Requirement as of the Final Computation Date, must be paid by the Issuer no later than 60 days after the Final Computation Date.

**(i) Procedure for Remittance.**

Each rebate payment to be made by the Issuer pursuant to the Rebate Requirement must be filed with the Internal Revenue Service Center, Ogden, Utah 84201, on or before the date payment is due, and must be accompanied by Internal Revenue Service Form 8038-T, which shall be executed by the Issuer.

**(j) Recordkeeping Obligation.**

**(1) In General.**

The Issuer will maintain, or cause to be maintained by the Trustee, records adequate to determine the Rebate Requirement with respect to any Gross Proceeds under its control. Such records will include, but are not necessarily limited to, information regarding the following with respect to each and every investment acquired with Gross Proceeds:

- (i) the purchase price;
- (ii) nominal rate of interest;
- (iii) amount of accrued interest purchased included in purchase price (if any);
- (iv) par or face amount;
- (v) purchase, date;
- (vi) maturity date;
- (vii) amount of original issue discount or premium or market discount (if any);
- (viii) type of Investment Property;
- (ix) frequency of periodic payments;
- (x) period of compounding;
- (xi) date of disposition,
- (xii) amount realized on the disposition (including accrued interest);
- (xiii) market price data sufficient to establish that the purchase price was equal to the Fair Market Value on the date of acquisition or, if earlier, on the date of a binding contract to acquire such Investment Property; and

- (xiv) market price data sufficient to establish the Fair Market Value of any Nonpurpose Investment as of any Computation Date and as of the date such Nonpurpose Investment becomes allocable to, or ceases to be allocable to, Gross Proceeds.

**(2) Retention of Records.**

The Issuer agrees to retain (or cause the Trustee to retain) records of the determinations and the manner in which the Rebate Requirement was calculated until six years after the retirement of the last obligation of the Bonds or for such other period as the Department of the Treasury may, by regulations or rulings, provide.

## **Appendix One Definitions**

(a) **Bond Counsel** shall mean Saul Ewing Arnstein & Lehr LLP or other nationally recognized bond counsel to the Issuer.

(b) **Bond Year** shall mean the one year period (or shorter period) ending on each December 3, or such other date as the Issuer shall elect prior to the first Installment Computation Date.

(c) **Code** shall mean the Internal Revenue Code of 1986, as amended.

(d) **Computation Date** shall mean an Installment Computation Date or the Final Computation Date.

(e) **Computation Date Credit** shall mean, with respect to the Bonds on an eligible Computation Date, a credit of \$1,000 on the last day of each Bond Year during which there are amounts allocated to Gross Proceeds of the Bonds that are subject to the Rebate Requirement, and on the final maturity date of the Bonds.

(f) **Computation Period** shall mean the period between Computation Dates. The first computation period begins on the issue date and ends on the first Computation Date. Each succeeding computation period begins on the date immediately following the Computation Date and ends on the next Computation Date.

(g) **Date of Issue or Delivery Date** shall mean the date on which there is a physical delivery of the 2019 Bonds and the 2020 Bonds in exchange for the amount of issue price, which exchange is occurring this date, December 3, 2019 with respect to the 2019 Bonds and on March 17, 2020 with respect to the 2020 Bonds.

(h) **Department of the Treasury** shall mean the Department of the Treasury of the United States.

(i) **Fair Market Value**, with respect to a Nonpurpose Investment, shall mean, except where otherwise indicated in the Tax Certificate, the following:

(1) **General.** The Fair Market Value of an investment shall be the price at which a willing buyer would purchase the investment from a willing seller in a bona fide, arm's length transaction. Fair Market Value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e. the trade date rather than the settlement date). Except as otherwise provided, an investment that is not of a type traded on an established securities market is rebuttably presumed to be acquired or sold at a price that is not its Fair Market Value. The Fair Market Value of an Investment consisting of an obligation of the Treasury Department that is purchased directly from the Treasury Department shall be its purchase price.

(2) **Certificates of Deposit.** The Fair Market Value of a certificate of deposit that has a fixed interest rate, a fixed principal payment schedule, and a substantial penalty for early withdrawal shall be its purchase price if the certificate of deposit has a yield not less than (A) the yield on reasonably comparable direct obligations of the United States, and (B) the highest yield that is published or posted by the provider to be currently available from the provider on comparable certificates of deposit offered to the public.

(3) **Guaranteed Investment Contracts.** Except as provided in the definitions of Nonpurpose Payments and Nonpurpose Receipts, in the case of a guaranteed investment contract, the obligations acquired thereunder shall be considered acquired or disposed of for an amount equal to the fair market value of such obligations if:

- (i) the purchaser makes a bona fide solicitation for a specified guaranteed investment contract and receives at least three bids on the guaranteed investment contract from reasonably competitive providers that have no material financial interest in the Bonds and at least one bid from a reasonably competitive provider. No potential provider was given the opportunity to review other providers' bids before submitting a bid. The bid specifications were in writing and timely forwarded to potential providers and included all material terms of the bid and such terms are commercially reasonable. If the Issuer uses an agent to conduct the bidding process, then the agent did not bid on the guaranteed investment contract;
- (ii) the purchaser purchases the highest yielding guaranteed investment contract for which a bona fide bid is made (determined net of brokers' fees, however denominated);
- (iii) the determination of the terms of the guaranteed investment contract takes into account the Issuer's reasonably expected draw-down schedule for the funds to be invested;
- (iv) the terms of the guaranteed investment contract are commercially reasonable;
- (v) the obligor on the guaranteed investment contract certifies those administrative costs that are paid or expected to be paid to third parties in connection with supplying the guaranteed investment contract;
- (vi) the Issuer retains the following records with the Bond documents until three (3) years after the last outstanding Bond is redeemed: (i) a copy of the guaranteed investment contract; (ii) the receipt or other record of the amount actually paid by the Issuer for the guaranteed investment

contract including a record of any administrative costs paid by the Issuer and the certification under (v) above; (iii) for each bid that this submitted, the name of the person and entity submitting the bid, the time and date of the bid and the bid results; (iv) the bid solicitation form, and, if the terms of the guaranteed investment contract are deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose of the deviation; and

- (vii) the bid specifications include a statement that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Issuer or any other person (whether or not in connection with the bond issue) and that the bid is not being submitted solely as a courtesy to the Issuer or any other person to satisfy the requisite amount of bidders requirement.

(j) **Final Computation Date** shall mean the date the last Bond that is part of the Bonds is discharged.

(k) **Gross Proceeds** shall have the meaning contained in Treasury Regulations Section 1.148-1(b), and shall generally include amounts which are:

(1) actually or constructively received from the sale of the Bonds, including amounts used to pay underwriters' discount or compensation and accrued interest other than Pre-Issuance Accrued Interest; and shall also include, but are not limited to, amounts derived from the sale of a right that is associated with the Bonds, and that is described in Treasury Regulations Section 1.148-4(b)(4);

(2) investment proceeds (defined in Treasury Regulations Section 1.148-1(b) to include amounts actually or constructively received at any time by the Issuer, such as interest and dividends, from the investment of proceeds of the Bonds);

(3) treated as proceeds under Treasury Regulations Section 1.148-1(c) (which treats amounts in invested sinking funds and pledged funds for an issue as proceeds of an issue), including amounts in the Debt Service Fund; and

(4) treated as Transferred Proceeds of the Bonds (as described in Treasury Regulations Section 1.148-9).

Such term shall not include amounts that are not otherwise Gross Proceeds but that are deposited in the Rebate Fund or allocated to the Rebate Requirement. The determination of whether an amount is included within this definition shall be made without regard to whether the amount is credited to any fund or account established under the Indenture or (except in the case of an amount described in

(3) above) is subject to the pledge of the Indenture. An amount is pledged to pay principal of or interest on the Bonds if there is reasonable assurance that the amount will be available to be used for such purposes in the event that the Issuer encounters financial difficulties.

(k) **Installment Computation Date** shall mean initially any date chosen by the Issuer so long as such date is no later than five years after the issue date of the 2019 Bonds and in subsequent years, any date so long as it is no more than five years after the previous installment computation date.

(l) **Investment Proceeds** shall mean investment earnings on Proceeds of the Bonds.

(m) **Investment Property** shall mean any security (within the meaning of Code Section 165(g)(2)(A) or (B)) or obligation (other than tax-exempt bonds), any annuity contract or any Investment-type Property.

(n) **Investment-type Property** shall mean any property, other than property described in section 148(b)(2)(A), (B), (C), or (E) of the Code, that is held principally as a passive vehicle for the production of income. For this purpose, production of income includes any benefit based on the time value of money, including the benefit from making a prepayment.

Except as otherwise provided herein, a prepayment for property or services gives rise to investment-type property if a principal purpose for prepaying is to receive an investment return from the time the prepayment is made until the time payment otherwise would be made. A prepayment does not give rise to investment-type property if--

(1) The prepayment is made for substantial business purpose other than investment return and the Issuer has no commercially reasonable alternative to the prepayment; or

(2) Prepayments on substantially the same terms are made by a substantial percentage of persons who are similarly situated to the issuer but who are not beneficiaries of tax-exempt financing.

(o) **Net Sale Proceeds** shall mean Sale Proceeds, less the portion of those Sale Proceeds invested in a reasonably required reserve or replacement fund under Code Section 148(d) and as part of a minor portion under Code Section 148(e).

(p) **Nonpurpose Investment** shall mean any Investment Property in which Gross Proceeds are invested or to which Gross Proceeds are allocated other than a Purpose Investment.

(q) **Nonpurpose Payments** are: (i) amounts actually or constructively paid to acquire a Nonpurpose Investment (or treated as paid to acquire a Nonpurpose Investment in a Commingled Fund), (ii) for a Nonpurpose Investment that is first allocated to the Bonds on a date after it is actually acquired (e.g., an investment that becomes allocable to Transferred Proceeds or to Replacement Proceeds) or that become subject to the Rebate Requirement on a date after it is actually acquired (e.g., an Investment allocable to the Debt Service Reserve Fund at the end of the two-year spending period), the Value of that Nonpurpose Investment on that date, (iii) for a Nonpurpose Investment that was allocated to the Bonds at the end of the preceding Computation Period, the Value of that Nonpurpose Investment at the beginning of the Computation Period, (iv) the Computation Date Credit and (v) yield reduction payments on Nonpurpose Investments made pursuant to Regulations §1.148-5(c).

(r) **Nonpurpose Receipts** are: (i) amounts actually or constructively received from a Nonpurpose Investment (including amounts treated as received from Nonpurpose Investments held by a Commingled Fund), such as earnings and return of principal, (ii) for a Nonpurpose Investment that ceases to be allocated to the Bonds before its disposition or redemption date (e.g., an Investment that become allocable to Transferred Proceeds of another issue or that ceases to be allocable to the Bonds pursuant to the Universal Cap) or that ceases to be subject to the Rebate Requirement on a date earlier than its disposition or redemption date (e.g., an Investment allocated to a fund initially subject to the Rebate Requirement but that subsequently qualifies as a bona fide debt service fund), the Value of that Nonpurpose Investment on that date, and (iii) for a Nonpurpose Investment that is held at the end of a Computation Period, the Value of that Nonpurpose Investment at the end of that period. Regulations §1.148-6(e) provides special rules for any fund containing both Gross Proceeds of the Bonds and amounts in excess of \$25,000 that are not Gross Proceeds of the Bonds if the amounts in such fund are invested and accounted for collectively, without regard to the source of funds deposited in the fund (a "Commingled Fund").

(s) **Plain Par Bond** shall mean a bond (1) issued with not more than a de minimis amount of original issue discount or premium, (2) issued for a price that does not include accrued interest other than Pre-Issuance Accrued Interest, (3) that bears interest from the issue date at a single, stated, fixed rate or that is a variable rate debt instrument within the meaning of Code Section 1275, in each case with interest unconditionally payable at least annually, and (4) that has a lowest stated redemption price that is not less than its outstanding principal amount. For this purpose, a "de minimis" amount means, with reference to original issue discount or premium, an amount that does not exceed 2 percent multiplied by the stated redemption price at maturity, plus any original issue premium that is attributable exclusively to reasonable underwriters' compensation.

(t) **Plain Par Investment** shall mean an investment that is an obligation (1) issued with not more than a de minimis amount of original issue discount or premium or, if acquired on a date other than its issue date, acquired with no more than a de minimis amount of market discount or premium, (2) issued for a price that does not include accrued interest other than Pre-Issuance Accrued Interest, (3) bears interest from its issue date at a single, stated, fixed rate or that is a variable rate debt instrument under Code Section 1275, in each case with interest unconditionally payable at least annually, and (4) has a lowest stated redemption price that is not less than its outstanding stated principal amount. For this purpose, "de minimis" shall mean, with reference to original issue discount or premium, an amount that does not exceed 2 percent multiplied by the stated redemption price at maturity plus any original issue premium that is attributable exclusively to reasonable underwriters' compensation and, in reference to market discount or market premium, an amount that does not exceed 2 percent multiplied by the stated redemption price at maturity.

(u) **Pre-Issuance Accrued Interest** shall mean amounts representing interest that accrued on the Bonds for a period not greater than one year before their Date of Issue, but only if these amounts are paid within one year after the Date of Issue.

(v) **Present Value** shall mean, with respect to an investment, an amount equal to the present value of all unconditionally payable receipts to be received from and payments to be paid for the investment after that date using the yield on the investment as the discount rate, computed under the economic accrual method, using the same compounding interval and financial conventions used to compute the Bond Yield.

(w) **Proceeds** shall mean Sale Proceeds, Investment Proceeds and Transferred Proceeds of the Bonds. Such term shall not include amounts actually or constructively received with respect to a Purpose Investment that are properly allocable to an immaterially higher yield under Regulations §1.148-2(d) or Code Section 143(g) or to qualified administrative costs recoverable under Regulations §1.148-5(e).

(x) **Purpose Investment** means an Investment that is acquired to carry out the government purpose of an issue.

(y) **Reasonable Retainage** means an amount not exceeding 5% of Gross Proceeds.

(z) **Rebate Fund** shall mean the account established pursuant to the Trust Indenture to provide for satisfaction of the Rebate Requirement.

(aa) **Rebate Requirement** shall mean the rebate requirement under Code Section 148(f) and the Regulations thereunder and Section 4 of this Tax Certificate.

(bb) **Regulations** shall mean the regulations issued by the Treasury Department pursuant to Code Sections 103 and 141 through 150.

(cc) **Replacement Proceeds** shall mean amounts that have a sufficiently direct nexus to the Bonds or to the governmental purpose of the Bonds to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the Bonds were not used or to be used for that governmental purpose. For this purpose, governmental purposes include the use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus for this purpose. Replacement Proceeds include, but are not limited to, sinking funds, pledge funds, and certain other amounts to the extent these funds or amounts are held by or derived from a substantial beneficiary of the Bonds (all within the meaning of Regulations §1.148-1(c)). A substantial beneficiary of the Bonds includes the Issuer and any related party to the Issuer.

(dd) **Sale Proceeds** shall mean amounts actually or constructively received from the sale of the Bonds, including amounts used to pay underwriters' discount or compensation and accrued interest other than Pre-Issuance Accrued Interest and shall also include, but are not limited to, amounts derived from the sale of a right that is associated with the Bonds, and that is described in Regulations §1.148-4(b)(4).

(ee) **Tax Certificate** shall mean this Tax Certificate, as such Tax Certificate may be amended from time to time.

(ff) **Transferred Proceeds** shall mean the outstanding principal amount of a prior issue that is discharged by a refunding issue, determined in accordance with Regulations §1.148-9.

(gg) **Value** shall mean, with respect to an investment (including a payment or receipt on an investment) on a date, an amount determined using one of the following methods consistently with respect to such investment for all purposes of Code Section 148: (i) a Plain Par Investment may be valued at its outstanding stated principal amount, plus any accrued interest unpaid on that date, (ii) any fixed rate investment may be valued at its Present Value on that date, and (iii) an investment may be valued at its Fair Market Value on that date. Any yield-restricted investment must be valued at its Present Value. Except with regard to (i) yield-restricted investments, (ii) investments allocated or de-allocated as a result of application of the Universal Cap, (iii) Transferred Proceeds and (iv) amounts in a Commingled Fund, an investment must be valued at its Fair Market Value on the date that it is first allocated to the Bonds or first ceases to be allocated to the Bonds as a consequence of a deemed acquisition or deemed disposition. The Value of Nonpurpose Investments allocated to Transferred Proceeds of the Bonds on a Transfer Date may not exceed the Value of that Nonpurpose Investment on such Transfer Date used for purposes of applying any of the rules under Code Section 148 to the refunded obligation.

**\$31,085,000**  
**Pennsylvania Intergovernmental Cooperation Authority**  
**Special Tax Revenue Refunding Bonds**  
**(City of Philadelphia Funding Program)**  
**Series of 2019**

**CLOSING RECEIPT**

Receipt, executed this 3rd day of December, 2019, by the Pennsylvania Intergovernmental Cooperation Authority (the "Issuer"), U.S. Bank National Association, as trustee (the "Trustee"), and RBC Capital Markets, LLC, as representative (the "Representative") on behalf of itself and Siebert Cisneros Shank & Co., LLC and PNC Capital Markets LLC (collectively, the "Underwriters").

**WITNESSETH:**

As used in this Closing Receipt, the following terms have the indicated meaning:

**INDENTURE:** means the Amended and Restated Indenture of Trust dated as of December 1, 1994, as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996, the Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999, the Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003, the Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006, the Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008, the Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009, the Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 and the Eighth Supplement to Amended and Restated Indenture of Trust dated as of December 1, 2019, each between the Issuer and the Trustee, and as may be further amended or supplemented from time to time in accordance with the terms thereof.

**2009 BONDS:** means the Issuer's \$81,920,000 aggregate outstanding principal amount of Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2009.

**2019 BONDS:** means the Issuer's \$31,085,000 aggregate principal amount of Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019.

**PROJECT:** means the financing of the costs, together with other available moneys of the Issuer, of (i) currently refunding all of the outstanding 2009 Bonds and (ii) issuing the 2019 Bonds.

**EIGHTH SUPPLEMENT:** means the Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019, between the Issuer and the Trustee.

All other capitalized terms used in this Closing Receipt and not otherwise defined herein shall have the meanings set forth for such terms in the Indenture.

ISSUER hereby:

(1) acknowledges delivery of the 2019 Bonds to the Trustee and requests the Trustee to authenticate the same in accordance with the Indenture and deliver the 2019 Bonds to the Representative, but only upon receipt of the amount of the Total Due From Underwriters set forth on Schedule I hereto; and

(2) directs the Trustee to deposit the net proceeds from the sale of the 2019 Bonds into the Funds established under the Indenture and to make the transfers and pay the costs of the Project pursuant to Section 3.01 of the Eighth Supplement and as specified on Schedule I and Schedule II hereto.

TRUSTEE hereby:

(1) acknowledges receipt of the 2019 Bonds from the Issuer and confirms that it has authenticated the 2019 Bonds and has delivered them to the Representative in accordance with the foregoing instructions;

(2) acknowledges receipt on the date hereof of the Total Due From Underwriters as set forth on Schedule I hereto;

(3) confirms that the Total Due From Underwriters received at Closing has been deposited and applied as specified on Schedule I and Schedule II hereto; and

(4) confirms that it has made the transfers set forth in Schedule I.

REPRESENTATIVE hereby:

(1) acknowledges receipt from the Trustee of the executed, attested and authenticated 2019 Bonds;

(2) acknowledges payment by it of the amount listed on Schedule I hereto as the Total Amount Due From Underwriters to the Trustee on behalf of the Issuer on the date hereof.

IN WITNESS WHEREOF, the authorized officers of the parties hereto have caused this Closing Receipt to be executed as of the date first written above.

ESCROW DEPOSIT AGREEMENT

Dated March 17, 2020

By and Between

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY, as Issuer

And

U.S. BANK NATIONAL ASSOCIATION, as Escrow Agent

Providing for Payment of Principal and Interest on  
Aggregate Principal Amount

\$206,960,000

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY  
Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program),  
Series of 2010

## ESCROW DEPOSIT AGREEMENT

THIS ESCROW DEPOSIT AGREEMENT made and entered into this 17th day of March, 2020, by and between PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY (the "Authority"), a body corporate and politic organized and existing as a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth") under and by virtue of the Constitution and laws of the Commonwealth and U.S. Bank National Association, a national banking association having a corporate trust office in Philadelphia, Pennsylvania as escrow agent hereunder (the "Escrow Agent").

### WITNESSETH:

WHEREAS, the Authority is authorized and empowered under the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6), as amended (as such Act may be further amended from time to time, the "Act"), to issue its bonds in accordance with the Act for various purposes, including, without limitation, providing financial assistance to a city of the first class in the Commonwealth to finance a deficit other than a cash flow deficit, to finance capital projects and to otherwise assist such a city and to refund outstanding indebtedness of the Authority; and

WHEREAS, the Escrow Agent is a national banking association duly organized and validly existing in good standing under the laws of the United States of America with full power and authority to act in fiduciary capacities and having a corporate trust office in Philadelphia, Pennsylvania; and

WHEREAS, the Authority has heretofore issued its \$206,960,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Refunding Program), Series of 2010 (the "Prior Bonds"); and

WHEREAS, the Prior Bonds were issued pursuant to the provisions of an Amended and Restated Indenture of Trust dated as of December 1, 1994, as supplemented and amended the ("Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"); and

WHEREAS, pursuant to the Indenture, the Authority desires to exercise its option to redeem a portion of the Prior Bonds and provide for the deposit of amounts sufficient to pay the principal and interest on the Prior Bonds being redeemed (the "Refunding Program"); and

WHEREAS, a portion of the Prior Bonds will be refunded as set forth in Exhibit A attached hereto and made a part hereof (the "Refunded Prior Bonds"); and

WHEREAS, the Authority has determined to finance the Refunding Program from a portion of the Sale Proceeds of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) being issued in the aggregate principal amount of \$24,990,000 (the "2020 Bonds") along with a release from the Debt Service

Reserve Fund in the amount of \$273,735.04 and a transfer from the Debt Service Fund in the amount of \$439,250.00; and

WHEREAS, the funds deposited hereunder with respect to the Refunded Prior Bonds [(except for \$\_\_\_\_\_ which shall be retained as a cash deposit to the escrow account)] shall be used to acquire a portfolio of investment securities, described in detail in Exhibit B for the purpose of refunding the Refunded Prior Bonds, which is attached hereto and is made a part hereof, in accordance with the confirmations of purchase or subscription furnished to the Escrow Agent at or before the execution hereof, receipt of which is hereby acknowledged; and

WHEREAS, based upon the Verification Report, as defined herein, the portfolio of investment securities described in Exhibit B, along with the initial cash deposit of \$\_\_\_\_, will provide funds sufficient to pay all interest on and principal of the Refunded Prior Bonds from the date hereof to and including June 15, 2020, the date on which the Refunded Prior Bonds will be called for redemption; and

WHEREAS, the execution and delivery of this Escrow Deposit Agreement has been duly authorized by the Authority and the Escrow Agent.

NOW, THEREFORE, intending to be legally bound, the Authority and U.S. Bank National Association, in its capacities as Trustee and as Escrow Agent hereunder, hereby agree as follows:

#### SECTION 1. Receipt of Funds and Execution of Funding Certificate.

The Escrow Agent hereby acknowledges receipt of proceeds of the 2020 Bonds in the amount of \$26,300,889.96, and funds transferred from the Debt Service Fund and Debt Service Reserve Fund under the Indenture in the amount of \$712,985.04, of which amount (i) \$\_\_\_\_\_ shall be used to purchase the Government Obligations (as more fully described in Section 3 hereof and in Exhibit B hereto) (the "2010 Securities") [and (ii) the remainder shall be held as an initial cash deposit of \$\_\_\_\_ (the "Cash Deposit") which shall remain uninvested]. The Escrow Agent and the Authority have received and are entitled to rely upon the report (the "Verification Report") of Robert Thomas CPA, LLC (the "Verification Agent"), attached hereto as Exhibit C, verifying that the maturing principal of and interest on the 2010 Securities, together with the Cash Deposit, is sufficient to pay, when due, the principal of, premium, if any, and interest due on the Refunded Prior Bonds, when and as the same shall mature or become due, as the case may be, up to and including June 15, 2020 (the "Redemption Date"). The Escrow Agent makes no representation regarding the accuracy of the Verification Report. The 2010 Securities and the Cash Deposit shall be deposited in the Escrow Fund, as hereinafter defined.

#### SECTION 2. Creation of Escrow Fund.

There is hereby created and established with the Escrow Agent a special segregated and irrevocable escrow account designated the Pennsylvania Intergovernmental Cooperation Authority Escrow Fund- Series 2010 Bonds (the "Escrow Fund"). The Escrow Fund shall be held in the custody of the Escrow Agent and irrevocably pledged for the benefit of the holders of the Refunded Prior Bonds. The Escrow Fund shall be held by the Escrow Agent separate and

apart from other funds of the Authority or of the Escrow Agent. \$27,013,875.00 shall be deposited in the Escrow Fund and disbursed as set forth in Sections 3, 4 and 5 hereof.

### SECTION 3. Purchase of Government Obligations.

(a) Concurrently with the execution of this Escrow Agreement, the Escrow Agent shall apply the sum of \$27,013,875.00 to the purchase, in the name of U.S. Bank National Association, as Escrow Agent, in trust for the benefit of the holders of the Refunded Prior Bonds, the Government Obligations for the Refunded Prior Bonds described in **Exhibit B** hereto. The Verification Report demonstrates that the Government Obligations for the Refunded Prior Bonds shall mature and shall bear interest payable in such amounts and at such times as shall be necessary and sufficient, together with the Cash Deposit, to satisfy the debt service requirements for the Refunded Prior Bonds to and including the Redemption Date.

(b) The Escrow Agent shall acquire the Government Obligations for the Refunded Prior Bonds in good faith for value and without notice of any adverse claim. The Escrow Agent shall obtain confirmation from the Bureau of the Public Debt that it has recorded the Government Obligations for the Refunded Prior Bonds comprising SLGS (as hereinafter defined) on its records in the name of the Escrow Agent. The Escrow Agent shall identify on its records that the Government Obligations are being held for the benefit of the holders of the Refunded Prior Bonds.

(c) In this Escrow Deposit Agreement, "**Government Obligations**" shall mean direct obligations of, or direct non-prepayable obligations the principal of and interest on which are unconditionally guaranteed as to the full and timely payment by the United States of America, and which are not callable or otherwise redeemable by any person other than the holder thereof, excluding investments in mutual funds or unit investment trusts. All monies, other than the Cash Deposit, if necessary, in the Escrow Fund shall be invested solely in a portfolio of United States Treasury Obligations – State and Local Government Series ("SLGS"), or other substitute securities as provided for in Section 8 herein, and all such investments shall be in the name of the Escrow Agent. The Government Obligations, consisting of SLGS, for the Refunded Prior Bonds and the Cash Deposit shall be held by the Escrow Agent in trust, exclusively for the benefit of the registered owners of the Refunded Prior Bonds, as described in Section 2 hereof and applied to the payment of the principal of and interest on the Refunded Prior Bonds. If SLGS are not available, then the proceeds shall be invested in Open Market Securities, which shall be Government Obligations other than SLGS.

(d) Upon receipt by the Escrow Agent of the amount set forth in Section 1, the Authority is hereby released from all of its obligations under the Indenture in respect of the payment of principal or redemption of and interest on the Refunded Prior Bonds.

### SECTION 4. Amounts Held in Trust.

(a) The Authority and the Escrow Agent agree that the Cash Deposit and the total principal amount of and interest on the Government Obligations for the Refunded Prior Bonds shall be held by the Escrow Agent, in trust, for the holders of the Refunded Prior Bonds and the Escrow Agent shall apply said Cash Deposit and said principal amount and interest to the

payment of principal of, premium, if any, and interest on the Refunded Prior Bonds through and including the Redemption Date in accordance with the debt service schedule attached hereto as **Exhibit D**.

(b) The Authority agrees that, except as provided in Section 8 hereof, it shall not have any control over the proceeds of the 2020 Bonds to be deposited to the Escrow Fund, any cash or investments held at any time in the Escrow Fund, the application thereof or the investment thereof pending application.

#### SECTION 5. Payment of Refunded Prior Bonds.

On the Redemption Date, after the interest on and principal on all the Refunded Prior Bonds have become due and payable, all moneys and securities in the Escrow Fund in excess of those required to make such payments shall be transferred by the Escrow Agent to U.S. Bank National Association, in its capacity as trustee for the holders of the 2020 Bonds, for application solely to the payment of the principal or redemption price of the 2020 Bonds; provided, however, that if the 2020 Bonds have been paid or payment thereof has been provided for, such amounts may be paid to such other person or applied to such other purpose as may be directed in writing by the Authority.

#### SECTION 6. Redemption of the Refunded Prior Bonds.

(a) The Authority hereby unconditionally and irrevocably authorizes and instructs the Escrow Agent to take all action necessary or appropriate to redeem the Refunded Prior Bonds on June 15, 2020 at a redemption price equal to 100% of the principal amount of such Refunded Prior Bonds plus accrued interest to the Redemption Date.

(b) The Authority hereby unconditionally and irrevocably authorizes and instructs the Escrow Agent to cause a copy of the notice of redemption in substantially the form attached hereto as **Exhibit E** to be deposited in the United States mail, first-class, postage prepaid, at least thirty (30) days and not more than sixty (60) days prior to the Redemption Date addressed to each holder of Refunded Prior Bonds called for redemption, at his/her address which appears in the Bond Register or at such other address as is furnished in writing by such owner to the Escrow Agent. In addition, the Escrow Agent shall for informational purposes cause copies of such notice of redemption to be posted with the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA") site (<http://www.emma.msrb.org/>).

#### SECTION 7. Notice of Refunding.

The Authority directs the Escrow Agent to cause a copy of the refunding notice in substantially the form provided in **Exhibit F** hereto to be sent within five (5) days after closing on [March \_\_, 2020] to be deposited in the United States mail, first-class, postage prepaid addressed to each holder of the Refunded Prior Bonds, at the address which appears in the Bond Register or at such other address as is furnished in writing by such owner to the Escrow Agent. In addition, the Escrow Agent shall for informational purposes in a timely manner cause copies of such notice of refunding to be sent by registered mail, certified mail, overnight delivery

service or legible telecopy (or other similarly secure service acceptable to the Escrow Agent) to all registered securities depositories and shall file a copy of such notice on the Municipal Securities Rulemaking Board's EMMA site.

SECTION 8. Sale and Substitution. In addition to the provisions of Section 3 above, from time to time and at any time, the Authority may direct the Escrow Agent in writing, and the Escrow Agent agrees to undertake to sell, redeem or otherwise dispose of, any or all of the securities held in the Escrow Fund and to apply the proceeds of such sale to the purchase of other securities, or to such other use as may be specified, upon compliance with the provisions of this Section 8.

(a) Such direction shall:

(i) specify the securities, and the date or dates on which, and the price or prices at which, they shall be sold;

(ii) specify any securities to be purchased and the date or dates on which, and the price or prices at which, they shall be purchased; and

(iii) specify the application to which receipts of maturing principal of or interest on securities to be held in the Escrow Fund are to be put.

(b) Any securities specified to be purchased pursuant to this subsection must qualify as Government Obligations.

(c) There shall be delivered to the Escrow Agent prior to or simultaneously with the aforesaid direction, a certificate or report of the Verification Agent, or any successor independent certified public accountant approved in writing by the Authority, demonstrating that the cash and securities to be on deposit in the Escrow Fund, after such sale and purchase and the payment of all fees and expenses in respect of said sale and purchase, excluding reinvestment earnings, shall mature and pay interest on such dates and in such amounts as necessary to satisfy fully the payment of the principal and interest on the Refunded Prior Bonds.

(d) There shall be delivered to the Escrow Agent prior to or simultaneously with the aforesaid direction, an opinion of Saul Ewing Arnstein & Lehr LLP ("**Tax Counsel**") or other nationally recognized tax counsel acceptable to the Authority or a ruling from the Internal Revenue Service, to the effect that the actions contemplated in the aforesaid direction (i) are permitted under the relevant documents and (ii) will not result in the Refunded Prior Bonds or the 2020 Bonds becoming "arbitrage bonds" under Section 148 of the Internal Revenue Code of 1986, as amended (the "**Code**"), and the applicable regulations promulgated thereunder in effect on the date of such request (the "**Regulations**"), or otherwise adversely affect the exclusion of interest on the Refunded Prior Bonds or the 2020 Bonds from gross income for federal income tax purposes.

## SECTION 9. Lien.

The Escrow Fund created hereby shall be irrevocable. The Escrow Agent, on behalf of holders of the Refunded Prior Bonds, shall have an express lien on and security interest in, respectively: (i) the Cash Deposit; (ii) all amounts in the Escrow Fund representing principal of and all amounts therein representing interest on the Government Obligations for the Refunded Prior Bonds; and (iii) the Government Obligations for the Refunded Prior Bonds in the Escrow Fund, until each has been used and applied in accordance herewith.

## SECTION 10. Substitute Escrow Agent.

The Escrow Agent may be removed with or without cause at any time by the Authority and the Escrow Agent may resign by giving written notice to the Authority, but no such removal or resignation shall take effect under this Escrow Deposit Agreement unless a successor Escrow Agent shall have been appointed by the Authority as hereinafter provided and such successor Escrow Agent shall have accepted such appointment, in which event such removal or resignation shall take effect immediately upon the appointment and acceptance of a successor Escrow Agent. In the event that no appointment of a successor Escrow Agent shall have been made by the Authority pursuant to the foregoing provisions of this Section within forty-five (45) days after written notice of resignation of the Escrow Agent has been given to the Authority, any retiring Escrow Agent may apply to any court of competent jurisdiction for the appointment of a successor Escrow Agent, and such court may thereupon, after such notice, if any, as it shall deem proper, appoint a successor Escrow Agent. In the event that such an application is made, the Authority shall be liable, to the extent authorized by law, to the retiring Escrow Agent for all actual and reasonable attorneys' fees incurred by said retiring Escrow Agent in connection with such judicial application for the appointment of a successor Escrow Agent. No successor Escrow Agent shall be appointed unless such successor Escrow Agent shall be a corporation or association with trust powers organized under the banking laws of the United States or the Commonwealth, and shall have at the time of appointment capital, surplus and undivided profits of not less than \$50,000,000. Every successor Escrow Agent appointed hereunder shall execute, acknowledge and deliver to its predecessor and to the Authority, an instrument in writing accepting such appointment hereunder and thereupon such successor Escrow Agent without any further act, deed or conveyance, shall become fully vested with all the rights, immunities, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of such successor Escrow Agent or the Authority execute and deliver an instrument transferring to such successor Escrow Agent all the estates, properties, rights, powers and trusts of such predecessor hereunder; and every predecessor Escrow Agent shall deliver all cash and Government Obligations held by it to its successor. Any corporation or association into which the Escrow Agent, or any successor to it in the trusts created by this Escrow Deposit Agreement, may be merged or converted or with which it or any successor to it may be consolidated, or any corporation or association resulting from any merger, conversion, consolidation or reorganization to which the Escrow Agent or any successor to it shall be a party or to which it sells or otherwise transfers all or substantially all of its corporate trust business shall, if approved in writing by the Authority, be the successor Escrow Agent under this Escrow Deposit Agreement without the execution or filing of any paper or any act on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

SECTION 11. Escrow Agent Entitled to Same Protection as Trustee.

In the exercise of its rights and the performance of its duties as escrow agent under this Escrow Deposit Agreement, the Escrow Agent shall be entitled to the same protections as the trustee under Article IX of the Indenture.

SECTION 12. Representations.

The Escrow Agent hereby represents that it has all necessary power and authority to enter into this Escrow Deposit Agreement and undertake the obligations and responsibilities imposed upon it herein, and that it will carry out all of its obligations hereunder.

SECTION 13. Limited Obligation of Escrow Agent.

The Escrow Agent shall not be liable for any loss resulting from any investment made pursuant to the terms and provisions of this Escrow Deposit Agreement. The liability of the Escrow Agent for the payment of the principal of and interest on the Refunded Prior Bonds shall be limited to the amounts deposited pursuant to this Escrow Deposit Agreement and the earnings thereon. The Escrow Agent shall not be liable for any act done, or omitted to be done, by it in the absence of negligence or willful misconduct. The Escrow Agent undertakes to perform only such duties expressly set forth herein, and no implied duties or obligations shall be read into this Escrow Deposit Agreement against the Escrow Agent. The Escrow Agent shall have no lien nor assert any lien whatsoever upon any of the moneys in the Escrow Fund for the payment of fees and expenses for services rendered by the Escrow Agent under this Escrow Deposit Agreement.

All necessary and proper fees, compensation and expenses of the Escrow Agent, and including without limitation, reasonable compensation for all services rendered in the execution, exercise and performance of any of the duties to be exercised or to be performed pursuant to this Escrow Deposit Agreement and all reasonable expenses, disbursements and advances incurred in accordance with this Escrow Deposit Agreement (including the reasonable compensation and expenses and disbursements of counsel) to the extent not presently paid will be paid by the Authority from its other legally available funds as such payments become due and shall not be paid or deducted from the amounts on deposit in the Escrow Fund.

The Escrow Agent shall be entitled to consult with legal counsel in the event that a question or dispute arises with regard to the construction of any of the provisions hereof or if an amendment to this Escrow Deposit Agreement is to be made pursuant to Section 17 hereof, and shall incur no liability and shall be fully protected in acting in accordance with the advice or opinion of such counsel.

The Escrow Agent may refuse to perform any duty or exercise any right or power which would require it to expend its own funds or risk any liability if it shall reasonably believe that repayment of such funds or adequate indemnity against such risk is not reasonably assured to it. The Escrow Agent may act through agents or attorneys appointed with due care. The Escrow Agent may conclusively rely and shall be protected in acting or refraining from acting upon any opinions, certificates and other documentation believed by it to be genuine and to have been signed or presented by the proper party or parties.

#### SECTION 14. Records.

The Escrow Agent will keep books of record and account in which complete and correct entries shall be made of all transactions relating to the receipts, disbursements, allocations and application of the money and Government Obligations deposited in the Escrow Fund and all proceeds thereof, and such books shall be available for inspection upon prior written notice at reasonable hours and under reasonable conditions by the Authority and the holders of the Refunded Prior Bonds.

#### SECTION 15. Invalid Provision.

If any one or more of the covenants or agreements provided in this Escrow Deposit Agreement on the part of the parties hereto to be performed should be determined by a court of competent jurisdiction to be contrary to law, such covenant or agreement shall be deemed and construed to be severable from the remaining covenants and agreements herein contained and shall in no way affect the validity of the remaining provisions of this Escrow Deposit Agreement. Upon any such determination, the Escrow Agent shall notify any Rating Agency then rating the Refunded Prior Bonds and/or the 2020 Bonds.

#### SECTION 16. Counterparts.

This Escrow Deposit Agreement may be executed in several counterparts, all or any of which shall be regarded for all purposes as an original and shall constitute and be but one and the same instrument.

#### SECTION 17. Amendments.

No amendment may be made to this Escrow Deposit Agreement unless it is in writing and signed by the parties to this Escrow Deposit Agreement. Furthermore, no amendment shall be made to this Escrow Deposit Agreement without the approval of all Refunded Prior Bonds that have not been paid unless the amendment:

- (a) (i) cures a formal defect, omission, inconsistency or ambiguity in the Escrow Deposit Agreement;
  - (ii) does not materially adversely affect the interest of the holders of the Refunded Prior Bonds; or
  - (iii) is made to pledge additional security, including the deposit of additional amounts to the Escrow Fund, for the benefit of the owners of the Refunded Prior Bonds; and
- (b) notice of the proposed amendment and draft legal documents are sent to any Rating Agency then rating the Prior Bonds prior to execution and the effective date of the amendment.

SECTION 18. Governing Law.

This Escrow Deposit Agreement shall be governed by the applicable law of the Commonwealth.

SECTION 19. Notices.

(a) All notices, demands and formal actions under this Escrow Deposit Agreement shall be in writing and mailed, postage prepaid by first class mail, telecopied and delivered to:

if to the Authority:

Pennsylvania Intergovernmental Cooperation Authority  
1500 Walnut Street, Suite 1600  
Philadelphia, PA 19102  
Attention: Executive Director

and if to the Escrow Agent:

U.S. Bank National Association  
Two Liberty Place  
50 South 16th St., Ste 2000  
Philadelphia, PA 19102

The Escrow Agent shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to this Escrow Deposit Agreement and delivered using Electronic Means; provided, however, that the Authority shall provide to the Escrow Agent an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the Authority, whenever a person is to be added or deleted from the listing. If the Authority elects to give the Escrow Agent Instructions using Electronic Means and the Escrow Agent in its discretion elects to act upon such Instructions, the Escrow Agent's understanding of such Instructions shall be deemed controlling. The Authority understands and agrees that the Escrow Agent cannot determine the identity of the actual sender of such Instructions and that the Escrow Agent shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Escrow Agent have been sent by such Authorized Officer. The Authority shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Escrow Agent and that the Authority and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the Authority. The Escrow Agent shall not be liable for any losses, costs or expenses arising directly or indirectly from the Escrow Agent's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The Authority agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Escrow Agent, including without limitation the risk of the Escrow Agent acting on unauthorized Instructions,

and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Escrow Agent and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Authority; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Escrow Agent immediately upon learning of any compromise or unauthorized use of the security procedures.

"Electronic Means" shall mean the following communications methods: S.W.I.F.T., e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Escrow Agent, or another method or system specified by the Escrow Agent as available for use in connection with its services hereunder.

IN WITNESS WHEREOF, the parties hereto have each caused this Escrow Deposit Agreement to be executed, under seal, by their duly authorized officers and attested as of the first date above written.

### NOTICE OF REFUNDING FOR REFUNDED PRIOR BONDS

Date: \_\_\_\_\_, 20\_\_

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY  
Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program),  
Series of 2010

#### NOTICE OF REFUNDING

NOTICE IS HEREBY GIVEN by U.S. Bank National Association, as Trustee for the Pennsylvania Intergovernmental Cooperation Authority (the "Issuer"), Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010 (the "2010 Bonds") dated May 14, 2010, maturing on or after June 15, 2021 that: (i) the deposit of certain refunding bond proceeds and other moneys which have been invested in obligations of the United States of America which, together with the interest to be received therefrom, along with an initial cash deposit, have been calculated to be sufficient amounts required (a) to pay interest and principal when due on the 2010 Bonds listed below (the "Refunded 2010 Bonds") until redemption and (b) to redeem on June 15, 2020, at a redemption price equal to 100% of the principal amount thereof, plus interest accrued to the redemption date, all Refunded 2010 Bonds then Outstanding, (ii) such Refunded 2010 Bonds are no longer deemed Outstanding under the Amended and Restated Indenture of Trust, dated as of December 1, 1994, as amended, between the Issuer and the Trustee, and (iii) the Refunded 2010 Bonds are not entitled to any lien, benefit or security under the Indenture other than the right to receive payment from the moneys and securities deposited in accordance with the Indenture.

Due	Amount	Rate	Original CUSIP
June 15, 2021	\$12,925,000	5.000%	708840JQ7
June 15, 2022	13,430,000	5.000	708840JR5

**THIS IS NOT A NOTICE OF REDEMPTION. THIS NOTICE IS FOR INFORMATIONAL PURPOSES ONLY AND DOES NOT REQUIRE OR SOLICIT THE SURRENDER OR EXCHANGE OF ANY BOND AT THIS TIME.**

## NOTICE OF FULL OPTIONAL REDEMPTION

### PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY SPECIAL TAX REVENUE REFUNDING SERIES OF 2009

NOTICE IS HEREBY GIVEN pursuant to the terms of the governing document dated as of June 15, 2009, between Pennsylvania Intergovernmental Cooperation, as Issuer, and U.S. Bank National Association, as Trustee or Agent, that the bonds listed below have been selected for Full Redemption on December 3, 2019 (the Redemption Date) at the price listed below of the principal amount (the Redemption Price) together with interest accrued to the Redemption Date.

<u>*CUSIP</u>	<u>Maturity</u>	<u>Rate</u>	<u>Amount</u>	<u>Price</u>
708840HY2	06/15/2020	5.00%	\$19,020,000	100.00%
708840HZ9	06/15/2021	4.00%	\$1,965,000	100.00%
708840JA2	06/15/2021	5.00%	\$18,000,000	100.00%
708840JB0	06/15/2022	5.00%	\$20,945,000	100.00%
708840JC8	06/15/2023	4.25%	\$1,800,000	100.00%
708840JD6	06/15/2023	5.00%	\$20,190,000	100.00%

This Notice of Redemption is conditional in that it is subject to the deposit of the redemption monies by the Authority with the Trustee on or prior to the Redemption Date. In the event sufficient redemption monies are not so deposited, this notice shall be of no effect and the redemption of the Bonds shall be cancelled.

Pursuant to the Governing Documents, payment of the Redemption Price on the Bonds called for redemption will be paid without presentation of the Bonds if presentment is not required and upon presentation of the Bonds if presentment is required. If presentment is required, surrender thereof can be made in the following manner:

**Delivery Instructions:**

U.S. Bank  
Global Corporate Trust  
111 Fillmore Ave E  
St. Paul, MN 55107

Bondholders presenting their bonds in person for same day payment **must** surrender their bond(s) by 1:00 P.M. CST on the Redemption Date and a check will be available for pick up after 2:00 P.M. CST. Checks not picked up by 4:30 P.M. CST will be mailed out to the bondholder via first class mail. If payment of the Redemption Price is to be made to the registered owner of the Bond, you are not required to endorse the Bond to collect the Redemption Price.

Interest on the principal amount designated to be redeemed shall cease to accrue on and after the Redemption Date.

For a list of redemption requirements please visit our website at [www.usbank.com/corporatetrust](http://www.usbank.com/corporatetrust) and click on the "Bondholder Information" link for Redemption instructions. You may also contact our Bondholder Communications team at 1-800-934-6802 Monday through Friday from 8 AM to 6 PM CST.

**IMPORTANT NOTICE**

Federal law requires the Paying Agent to withhold taxes at the applicable rate from the payment if an IRS Form W-9 or applicable IRS Form W-8 is not provided. Please visit [www.irs.gov](http://www.irs.gov) for additional information on the tax forms and instructions.

*\*The Undersigned shall not be held responsible for the selection or use of the CUSIP number in this Redemption Notice, nor is any representation made as to its correctness. It is included solely for the convenience of the Holders.*

December 3, 2019

The Honorable Joe Torsella  
Treasurer of the Commonwealth of Pennsylvania  
Office of the State Treasurer  
129 Finance Building  
Harrisburg, PA 17120

Dear Mr. Torsella:

On June 16, 1992, the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") issued \$474,555,000 aggregate principal amount of its Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1992 (the "1992 Bonds") pursuant to the provisions of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act No. 6 of June 5, 1991) (as such act has been or may be amended from time to time, the "Act") and an Indenture of Trust dated as of June 1, 1992 (the "Original Indenture") between the Authority and CoreStates Bank, NA., as trustee.

The Original Indenture was amended and supplemented by a First Supplemental Indenture of Trust dated as of June 22, 1992 and a Second Supplemental Indenture of Trust dated as of July 15, 1993 (the Original Indenture, as so amended and supplemented, is referred to herein as the "Amended Indenture").

On July 29, 1993, the Authority issued \$643,430,000 aggregate principal amount of its Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1993 (the "1993 Bonds") pursuant to the Act and the Amended Indenture. On September 14, 1993, the Authority issued \$178,675,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1993A (the "1993A Bonds") pursuant to the Act and the Amended Indenture, as amended and supplemented by a Third Supplemental Indenture of Trust dated as of August 15, 1993. On December 15, 1994, the Authority issued \$122,020,000 aggregate principal amount of its Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1994 (the "1994 Bonds") pursuant to the Act and the Amended and Restated Indenture of Trust, dated as of December 1, 1994 (the "Amended and Restated Indenture"), between the Authority and Meridian Bank (successor to CoreStates Bank, NA.), as Trustee, which amended and restated the Original Indenture as theretofore amended.

On May 30, 1996, the Authority issued \$343,030,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1996 (the "1996 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement to the Amended and Restated Indenture") between the Authority and Meridian Bank, N.A., as Trustee. On April 15, 1999, the Authority issued \$610,005,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1999 (the "1999 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement to the Amended and Restated Indenture") between the Authority and First Union National Bank (successor to Meridian Bank), as Trustee. On June 16, 2003, the Authority issued \$165,895,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2003 (the "2003 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement to the Amended and Restated Indenture") between the Authority and Wachovia Bank, National Association (successor to First Union National Bank), as Trustee. On June 15, 2006, the Authority issued \$89,950,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2006 (Auction Rate Securities) (the "2006 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement to the Amended and Restated Indenture") between the Authority and Wachovia Bank, National Association, as Trustee.

On May 15, 2008, the Authority issued \$214,565,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2008 (the "2008 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement to the Amended and Restated Indenture") between the Authority and U.S. Bank National Association (successor to Wachovia Bank, National Association), as Trustee (the "Trustee").

On June 15, 2009, the Authority issued \$354,925,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2009 (the "2009 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement to the Amended and Restated Indenture") between the Authority and the Trustee.

On May 14, 2010, the Authority issued \$206,960,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010

(the "2010 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement to the Amended and Restated Indenture") between the Authority and the Trustee.

The Authority is now issuing \$31,085,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds") pursuant to the Amended and Restated Indenture, as amended and supplemented by an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement to the Amended and Restated Indenture" and, collectively with the Amended and Restated Indenture, the First Supplement to the Amended and Restated Indenture, the Second Supplement to the Amended and Restated Indenture, the Third Supplement to the Amended and Restated Indenture, the Fourth Supplement to the Amended and Restated Indenture, the Fifth Supplement to the Amended and Restated Indenture, the Sixth Supplement to the Amended and Restated Indenture and the Seventh Supplement to the Amended and Restated Indenture, the "Indenture") between the Authority and the Trustee.

Pursuant to Section 601 of the Act, the City of Philadelphia (the "City"), by Ordinance (Bill No. 1437) approved June 12, 1991, enacted a tax of one and one-half percent (1-1/2%) on salaries, wages, commissions and other compensation earned by residents of the City and on the net profits earned in businesses, professions or other activities conducted by residents of the City (the "PICA Tax") to provide revenues for the purposes of the Authority. Pursuant to the Act, the PICA Tax is to be collected by the Department of Revenue of the Commonwealth of Pennsylvania (the "Department") and remitted by the Department to the Treasurer of the Commonwealth of Pennsylvania (the "Treasurer"), which is then to hold, invest and disburse such moneys as provided in the Act.

Pursuant to Section 603(a) of the Act, the Treasurer is custodian of the Pennsylvania Intergovernmental Cooperation Authority Tax Fund (the "PICA Tax Fund"), which shall be subject to the provisions of law applicable to funds listed in Section 302 of the Fiscal Code (Act of April 9, 1929, P.S. 343, No. 176). Pursuant to Section 603(a) of the Act, the PICA Tax collected by the Department and paid to the Treasurer is to be credited to the PICA Tax Fund not less frequently than every two weeks and, during any period prior to the credit of moneys to the PICA Tax Fund, interest earned on the PICA Tax paid to the Treasurer by the Department shall be deposited into the PICA Tax Fund. The Act also provides that moneys in the PICA Tax Fund shall not lapse or be transferred to any other fund, but shall remain in the PICA Tax Fund and shall at all times be the property of the Authority. Pending their disbursement to the Authority, moneys received by the Treasurer on behalf of or deposited into the PICA Tax Fund are to be invested or reinvested as are other funds in the custody of the Treasurer in the manner provided by law and all earnings received from the investment or deposit of such funds are to be credited to the PICA Tax Fund.

Pursuant to the Indenture, the Authority has assigned and pledged to the Trustee all of its right, title and interest in and to the PICA Tax for the equal and ratable benefit of the owners from time to time of the Authority's bonds, including the 2010 Bonds and the 2019 Bonds outstanding under the Indenture. The Indenture provides for the disbursement of the PICA Tax received by the Trustee in accordance with the provisions of the Act. Section 603(b) of the Act requires the Treasurer to disburse the total amount of moneys which are, as of the close of business of the previous week, contained in the PICA Tax Fund as a result of the tax imposed pursuant to Section 601 of the Act to or upon the order of the Authority and as provided in Section 312 of the Act. The Authority hereby directs that the weekly disbursements to be made by the Treasurer pursuant to Section 603(b) of the Act shall be made to the Trustee so long as any 2010 Bonds or 2019 Bonds are outstanding under the Indenture. Such direction shall not be subject to modification by the Authority unless consented to by the Trustee so long as any 2010 Bonds or 2019 Bonds are outstanding under the Indenture. The Authority will timely direct the Treasurer by requisition to transfer such amounts to the Trustee as an assignee of the Authority. The Treasurer shall continue to make such disbursement to the Trustee until it receives written notice from the Authority and the Trustee that the 2010 Bonds and 2019 Bonds are no longer outstanding under the Indenture. The Treasurer is hereby notified that the 1992 Bonds, the 1993 Bonds, the 1993A Bonds, the 1994 Bonds, the 1996 Bonds, the 1999 Bonds, the 2003 Bonds, the 2006 Bonds, the 2008 Bonds, and the 2009 Bonds are no longer outstanding under the Indenture.

NOTICE OF ADOPTION OF BOND  
RESOLUTION

NOTICE IS HEREBY GIVEN that the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") adopted a resolution on September 17, 2019 (the "Resolution") authorizing the issuance by the Authority of one or more series of its special tax revenue refunding bonds in an aggregate principal amount not to exceed \$112,000,000 for the purpose of refunding all or a portion of its outstanding Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2009, and its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010, and paying certain costs and expenses relating to the issuance of such refunding bonds. Pursuant to Section 303(b) of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 8, 1991, P.L. 9, No. 6, as amended), you are hereby notified that:

1. The Resolution was adopted by the Authority on September 17, 2019.
2. A copy of the Resolution has been filed for public inspection at the office of the Authority at 1500 Walnut Street, 16th Floor, Philadelphia, Pennsylvania 19102, and at the office of the Chief Clerk of the City Council of the City of Philadelphia at Room 402, City Hall, Philadelphia, Pennsylvania 19107.
3. This notice is published on September 23, 2019.
4. Any action or proceeding of any kind or nature in any court questioning the validity or proper authorization of the bonds provided for by the Resolution, or the validity of any covenants, agreements or contract provided for by the Resolution, shall be commenced within 10 days after the publication of this notice. If no action or proceeding questioning the validity or proper authorization of the bonds provided for by the Resolution, or the validity of any covenants, agreements or contract provided for by the Resolution, shall be commenced within 10 days after the publication of this notice, then all residents, taxpayers and owners of property in the City of Philadelphia and all other persons whatsoever shall be forever barred and foreclosed from instituting or commencing any action or proceeding in any court, or pleading any defense to any action or proceedings, questioning the validity or proper authorization of the such bonds, or the validity of any such covenants, agreements and contracts, and such bonds and such covenants, agreements and contracts shall be conclusively deemed to be valid and binding obligations in accordance with their terms and tenor.

Mr. Kevin E. Vaughan  
1621 Pine Street  
Philadelphia, PA 19103

Dear Mr. Vaughan:

I am pleased to reappoint you as a member of the Pennsylvania Intergovernmental Cooperation Authority.

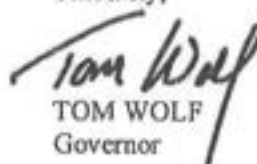

Your commission and oath of office are being prepared by the Department of State and will be mailed to you promptly. The commission, issued under my signature under the Great Seal of the Commonwealth, memorializes your appointment. The oath of office is required by the Constitution of Pennsylvania to be taken by all civil officers. It is important that you act promptly to swear and subscribe to the written oath of office. You cannot perform any powers or duties of your public office until the oath has been taken.

As a member of the Pennsylvania Intergovernmental Cooperation Authority, you are subject to the Public Official and Employee Ethics Act (Ethics Act), 66 Pa. C.S. §§ 1101 et. seq., and the Governor's Code of Conduct, Executive Order 1980-18 Amended. We have posted copies of the Ethics Act and the Governor's Code of Conduct, as well as the Executive Branch Employee Gift Ban, on the Administration tab at [www.governor.pa.gov](http://www.governor.pa.gov) under Intergovernmental Affairs. It is important that you take the time to review each of these documents, which provide ethical guidelines for your public position. If you do not have access to the internet or would like copies mailed to you, please contact my office at 717-787-5825. Please do not hesitate to contact us if you have questions or concerns about the materials you review.

Additionally, in your specific public position, you will be required to file by May 1st of each year a financial disclosure form under the Ethics Act. The Statement of Financial Interests form will be provided to you by your board or commission.

Please accept my best wishes for success in your continued responsibilities and appreciation for your dedicated service to the commonwealth.

Sincerely,

  
TOM WOLF  
Governor

**GENERAL CERTIFICATE OF THE AUTHORITY**

This certificate is made on December 3, 2019 in connection with the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of the 2019 Bonds (hereinafter defined) and the sale of the 2020 Bonds (hereinafter defined). As used herein the following terms have the indicated meanings:

"Act" means the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6), as amended.

"Bond Resolution" means the resolution of the Authority adopted on September 17, 2019 authorizing and approving, among other things, the issuance and sale of the 2019 Bonds and the 2020 Bonds.

"Indenture" means the Amended and Restated Indenture of Trust dated as of December 1, 1994 between the Authority and the Trustee, as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996, the Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999, the Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003, the Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006, the Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008, the Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009, the Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 and the Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019, pursuant to which the 2019 Bonds are issued and 2020 Bonds will be issued.

"2019 Bonds" means the \$31,085,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019, authorized to be issued under the Indenture.

"2020 Bonds" means the \$24,990,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), authorized to be issued under the Indenture.

"Forward Delivery Purchase Agreement" means the Forward Delivery Bond Purchase Agreement dated October 29, 2019 between the Authority and RBC Capital Markets, LLC, as Representative of the Underwriters.

"Official Statement" means the Official Statement dated October 29, 2019 of the Authority relating to the 2019 Bonds and 2020 Bonds.

"Preliminary Official Statement" means the Preliminary Official Statement dated October 21, 2019 relating to the 2019 Bonds and 2020 Bonds.

"Purchase Contract" means the Bond Purchase Agreement dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, as Representative of the Underwriters.

"Representative" means RBC Capital Markets, LLC, acting on its own behalf and as representative of the Underwriters.

"Underwriters" means RBC Capital Markets, LLC, Siebert Cisneros Shank & Co., LLC and PNC Capital Markets LLC.

All capitalized terms not defined herein shall have the meanings set forth in the Indenture or the Act.

WE, THE UNDERSIGNED CHAIRPERSON AND ASSISTANT SECRETARY OF THE AUTHORITY, HEREBY CERTIFY THAT AT ALL PERTINENT TIMES:

1. The Authority is a body corporate and politic created by and validly existing under the Act, with full legal right, power and authority to execute and delivery the Indenture, to issue, sell and deliver the 2019 Bonds and the 2020 Bonds, and to carry out and consummate the transactions contemplated by the Indenture, the Purchase Contract, the Forward Delivery Purchase Agreement and the Official Statement.

2. The voting members and officers of the Board of the Authority and the office held by each such member are set forth below and, if a signature is set opposite the name of any such member, such signature is a genuine specimen of such member's signature:

<u>Name</u>	<u>Office</u>	<u>Specimen/Signature</u>
Kevin Vaughan	Chairperson	
Harvey M. Rice*	Executive Director/ Assistant Secretary	

\*Mr. Rice is not a voting member of the Board of the Authority.

3. The individuals named above constitute all of the voting members and officers of the Board of the Authority, each of such individuals is and was at all times pertinent hereto duly appointed or elected, qualified and acting as such member and officer.

4. Attached hereto as Exhibit A is a true, correct and complete copy of the by-laws of the Authority, which by-laws are in full force and effect on the date hereof and were in full force and effect on all dates that action was taken with respect to the transactions contemplated by the Indenture, the Purchase Contract, the Forward Delivery Purchase Agreement and the Official Statement.

5. Attached hereto as Exhibit B is a true, correct and complete copy of the Bond Resolution; the Bond Resolution was duly adopted by a Qualified Majority at a public meeting of the Authority after notice thereof had been duly given in accordance with all requirements of law and procedural rules of the Authority; and the Bond Resolution has not been repealed, amended, rescinded or modified since its adoption and is in full force and effect on the date hereof. At all times since the date of adoption of the Bond Resolution, a true and correct copy of the Bond Resolution has been on file for public inspection at the offices of the Authority at 1500 Walnut Street, Suite 1600, Philadelphia, Pennsylvania.

6. Attached hereto as Exhibit C is a true, correct and complete copy of the resolution of the Authority approving the Intergovernmental Cooperation Agreement; such resolution was duly adopted by a Qualified Majority at a public meeting of the Authority after notice thereof had been duly given in accordance with all requirements of law and procedural rules of the Authority, and said resolution has not been repealed, amended, rescinded or modified since its adoption and is in full force and effect on the date hereof.

7. Attached hereto as Exhibit D is a true, correct and complete copy of the resolution of the Authority approving the City's Twenty-Eighth Five-Year Financial Plan prepared pursuant to the Act and submitted to the Authority for approval pursuant to the Act; such resolution was duly adopted by a Qualified Majority at a public meeting of the Authority after notice thereof had been duly given in accordance with all requirements of law and procedural rules of the Authority; and said resolution has not been repealed, amended, rescinded or modified since its adoption and is in full force and effect on the date hereof.

8. Attached hereto as Exhibit E are true, correct and complete specimens of the form of the Authority's 2019 Bonds. The signatures of the Chairperson or Vice Chairperson and the Secretary or the Assistant Secretary of the Authority signed on the 2019 Bonds are the manual signatures of the individuals who hold said offices on the date of this Certificate. The seal which was impressed or otherwise reproduced on said specimens is the legally adopted official corporate seal of the Authority.

9. The Eighth Supplement to the Amended and Restated Indenture delivered to the Trustee at the Closing held this day in respect of the 2019 Bonds and 2020 Bonds was duly authorized, executed, acknowledged and delivered on behalf of the Authority by the Chairperson, and was duly sealed and attested on behalf of the Authority by the Secretary or the Assistant Secretary; the signatures of said officers thereon are their respective genuine signatures; the seal thereunto affixed is the genuine corporate and common seal of the Authority; and the Eighth Supplement to the Amended and Restated Indenture is in substantially the form approved by the Bond Resolution.

10. Attached hereto as Exhibit F is a copy of the letter dated June 28, 1991 from the Department of Revenue of the Commonwealth of Pennsylvania, appointing the Revenue Department of the City and the Law Department of the City agents for the Collection and enforcement of the Authority Tax.

11. Attached hereto as Exhibit G is a copy of the City Account Deposit and Disbursement Agreement, dated as of December 6, 1991, as acknowledged by the City.

12. Attached hereto as Exhibit H is a copy of the Intergovernmental Cooperation Agreement, dated as of January 8, 1992, between the City and the Authority.

IN WITNESS WHEREOF, the Pennsylvania Intergovernmental Cooperation Authority has caused this General Certificate to be executed on its behalf by its Chairperson and Assistant Secretary and its seal to be affixed hereto on the date and year first above written.

BYLAWS OF THE  
PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY

ARTICLE I

GENERAL POWERS: INTERPRETATION OF BYLAWS

1.01 General Powers. The general powers of the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") shall be as set forth in the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act of June 5, 1991, P.L. 9, No. 6 (the "Act"), as amended from time to time hereafter.

1.02 Interpretation of Bylaws. All words, terms and provisions of these bylaws of the Authority (the "Bylaws") shall be interpreted and defined by and in accordance with the Act, as amended from time to time hereafter. All references in these Bylaws to statutory provisions shall be deemed to incorporate amendments to such provisions and to corresponding provisions of any subsequent law.

ARTICLE II

OFFICES

2.01 Principal Office. The principal office of the Authority shall be located at such place as the governing board of the Authority (the "Board") may designate. The Board may establish such other office or offices as may be necessary for the purpose of performing the Authority's duties and functions.

2.02 Books and Records. Except as otherwise provided for by resolution or as the business of the Authority may require, the corporate seal and all books and records of the Authority shall be kept at the principal office designated in Section 2.01.

ARTICLE III

GOVERNING BODY

3.01 Membership. The powers of the Authority shall be exercised by the Board which shall be composed of five (5)

appointed members, who shall not be elected public officials, and two (2) ex officio members. The members of the Board shall be as follows:

- (a) One member appointed by the Governor of the Commonwealth of Pennsylvania;
- (b) One member appointed by the President pro tempore of the Senate of the Commonwealth of Pennsylvania;
- (c) One member appointed by the Minority Leader of the Senate of the Commonwealth of Pennsylvania;
- (d) One member appointed by the Speaker of the House of Representatives of the Commonwealth of Pennsylvania;
- (e) One member appointed by the Minority Leader of the House of Representatives of the Commonwealth of Pennsylvania;
- (f) The Secretary of the Budget of the Commonwealth of Pennsylvania as an ex officio member; and
- (g) The Director of Finance of the City of Philadelphia as an ex officio member.

All members of the Board shall be residents of the Commonwealth of Pennsylvania and, except for the Secretary of the Budget, shall either be residents of the City of Philadelphia or have their primary places of business or employment in the City of Philadelphia.

3.02 Terms. The term of a Board member shall begin on the date of appointment. A member's term shall extend not more than sixty (60) days beyond the current term of office of the appointing authorities from the House of Representatives or until his or her successor is appointed, whichever shall first occur.

(amended  
on  
7/18/94)

3.03 Vacancies. A vacancy shall occur upon the death, resignation, disqualification, removal or expiration of the term of a member. Whenever such a vacancy occurs on the Board, whether prior to or on the expiration of a term, the appointing authority designated in Section 3.01 which originally appointed the Board member whose seat has become vacant is required, pursuant to Section 202(b) of the Act, to appoint a successor member within thirty (30) days of the occurrence of the vacancy. A member appointed to fill a vacancy occurring prior to the expiration of a term shall serve the unexpired term.

(amended  
on  
7/18/94)

3.04 Removal. A member shall serve at the pleasure of his or her appointing authority.

3.05 Ex Officio Members. The ex officio members of the Board may not vote and shall not be counted for purposes of establishing a quorum. The ex officio members may designate in writing a representative of their respective offices to attend meetings of the Board on their behalf and such representatives shall retain such authority until the authority is expressly revoked by the appropriate ex officio member.

3.06 Qualified Majority. All actions of the Board shall be taken by a majority of the Board unless specific provisions of the Act, as may be amended from time to time hereafter, require that such action be taken by a "Qualified Majority", which shall be defined as a majority of the Board which includes four (4) of the five (5) members appointed pursuant to Sections 3.01(a), (b), (c), (d) and (e).

3.07 Compensation. The members of the Board shall serve without compensation or remuneration for their services but shall be entitled to reimbursement of all reasonable and necessary actual expenses.

3.08 Liability. The rights of creditors of the Authority shall be solely against the Authority and no member of the Board shall be liable personally on any obligations of the Authority, including, without limitation, bonds of the Authority. Any and all rights granted pursuant to this Section 3.08 shall be in addition to any rights granted to members of the Board pursuant to the sovereign immunity provisions of Section 9.01.

3.09 Committees. The Board shall initially have a Finance Committee, a Legal Affairs Committee, and a Personnel Committee. The Board may designate by resolution one or more additional standing or special committees, each committee to consist of three (3) or more members appointed by the Chairperson of the Board (the "Chairperson"). The respective committees shall supervise and monitor the execution of various aspects of the Authority's activities and policies as determined by the Board and, at the request of the Board, shall gather facts in their respective areas of concern, present alternatives to the Board for deliberation and decision by the Board, and implement Board decisions as directed by the Board. No committee is authorized to take any official action on behalf of the Board or the Authority.

## ARTICLE IV

### MEETINGS

4.01 Place of Meetings. The Board may hold its publicly advertised meetings at the principal office of the Authority or at such other place as may be determined by the Board, provided that all meetings shall be held at a location accessible to the public.

4.02 Regular Meetings. The Board shall meet as frequently as it deems appropriate, but at least once during each quarter of the Authority's fiscal year.

4.03 Annual Meeting. The annual meeting of the Authority shall be the first regular meeting of each fiscal year of the Authority.

4.04 Special Meetings. Special meetings of the Board shall be held if a request for such a meeting is submitted to the Chairperson by at least two (2) members of the Board. Such a request shall state the general nature of the business to be transacted at such special meeting.

4.05 Notice of Meetings. At its first regular meeting of each fiscal year, the Board shall establish a schedule of its remaining regular meetings for the fiscal year. No further notice of such regularly scheduled meetings need be given to any member of the Board, except that any member not in attendance at the meeting at which the schedule was adopted shall be notified in writing of such schedule at least three (3) days prior to the next regular meeting. Written notice of any special meeting shall be given to each member of the Board at least twenty-four (24) hours prior to the day named for the special meeting.

4.06 Participation in Meetings by Conference Telephone. To the extent permitted by law, any member may participate in any meetings of the Board or of any committee, may be counted for the purpose of determining a quorum thereof, and may exercise all rights and privileges to which he or she might be entitled were he or she personally in attendance (including the right to vote) by means of conference telephone or similar communications equipment by means of which all persons attending the meeting can hear each other.

4.07 Public Notice of Meetings. All meetings of the

Board shall be open to the public. As soon as practical following the first regular meeting of each fiscal year, but in no event later than three (3) days prior to the next regularly scheduled meeting, the Secretary of the Board (the "Secretary") shall give public notice, in the manner hereinafter provided, of the remaining regularly scheduled meetings of the Board for the fiscal year. The Secretary shall also give public notice of each special meeting and rescheduled regular or special meeting at least twenty-four (24) hours prior to the time thereof, showing the date, time and place thereof. Public notice shall consist of the following: (a) publishing such notice in a newspaper of general circulation in the political subdivision where the meeting will be held, and (b) posting a copy of such notice prominently at the principal office of the Authority, or, if a meeting is to be held other than at such principal office, at the public building in which the meeting is to be held, provided that such posting may be given at both the principal office and at the actual place of meeting. The Secretary shall provide a copy of all public notices to any newspaper, radio station and/or television station which may request the same. Nothing herein, however, shall prevent the Board from holding executive sessions to which the public is not admitted, but no official action shall be taken nor official policy adopted at any such executive session, except as otherwise permitted by law.

4.08 Quorum. A majority of the Board shall constitute a quorum for the purpose of conducting business of the Board and for all other purposes. The ex officio members of the Board shall not be counted for purposes of establishing a quorum. All actions of the Board shall be taken by a majority of the Board unless specific provisions of the Act require that action be taken by a Qualified Majority.

4.09 Computing Time Periods. In computing the number of days during any period for purposes of these Bylaws, such period shall be computed so as to exclude the first and include the last day of such period. All days shall be counted, including Saturdays, Sundays, or any day made a legal holiday by the laws of the Commonwealth of Pennsylvania or of the United States (a "Holiday"); provided, however, that if the final day of any time period falls on a Saturday, Sunday or Holiday, then the final day shall be deemed to be the next day which is not a Saturday, Sunday or Holiday. In computing the number of days for the purpose of giving notice of any meeting, the date upon which the notice is given shall not be counted but the day set for the meeting shall be counted. Notice given twenty-four (24) hours before the time set for a meeting shall be deemed one day's

notice.

## ARTICLE V

### OFFICERS

5.01 Officers. The officers of the Authority shall be the Chairperson, the Vice Chairperson, the Secretary, the Treasurer, the Executive Director, one or more Assistant Secretaries, and such other officers as the Board may determine. The members of the Board shall elect from among themselves a Chairperson, Vice Chairperson, Secretary, Treasurer, and such other officers as they may determine. A Qualified Majority of the Board shall appoint and may remove the Executive Director. The Board may elect or appoint such other officers, assistant officers, agents, and employees as the needs of the Authority may require, who need not be members of the Board. A member of the Board may hold more than one office of the Board at any time.

5.02 Tenure of Office. Except for the Executive Director, all officers who are members of the Board shall be elected at the annual meeting and shall hold office for one year and until their respective successors shall have been duly elected or until they have ceased to be members of the Board. Except for the Executive Director, officers who are not members of the Board may be elected or appointed at any meeting of the Board and shall serve at the pleasure of the Board. The Executive Director shall serve at the pleasure of a Qualified Majority of the Board for a term ending sixty (60) days beyond the current term of office of the appointing authorities from the House of Representatives or until his or her successor is retained pursuant to the Act, whichever shall first occur. A person named to fill a vacancy occurring in the office of Executive Director occurring prior to the expiration of the Executive Director's term shall serve the unexpired term.

(amended  
on  
7/18/94)

5.03 Chairperson. The Chairperson shall have a general management role over the affairs of the Authority, shall conduct all meetings of the Board, and shall, in general, perform all duties incident to the office of the Chairperson and such other duties as may be assigned by the Board.

5.04 Vice Chairperson. The Vice Chairperson shall have all powers and duties of the Chairperson in the absence of the Chairperson and shall perform such other duties as may be assigned by the Board. Should both the Chairperson and Vice Chairperson be absent from any meeting of the Board, the members

present shall appoint a Chairperson pro tempore.

5.05 Secretary. The Secretary shall act as clerk of all meetings of the Board, shall record all the proceedings of such meetings in a book for that purpose, shall give such notice as may be required of all meetings, shall record all votes and shall have custody of all books and records of the Authority, except those kept by the Treasurer, and shall, in general, perform all duties incident to the office of the Secretary and such other duties as may be assigned by the Board.

5.06 Treasurer. The Treasurer shall keep the financial records of the Authority, provide for the custody of the funds and other properties of the Authority, and shall perform all other duties incident to the office of the Treasurer and such other duties as may be assigned by the Board.

5.07 Executive Director. The Executive Director, who shall be appointed by a Qualified Majority of the Board, shall be the full-time chief operating officer of the Authority and, subject to the supervision and control of the Board, shall have general supervision and direction of the business affairs of the Authority. He or she may execute on behalf of the Authority contracts entered into in the ordinary course of business and any other duly authorized contracts, and shall have such other powers and perform such other duties as may be delegated to him or her by a Qualified Majority of the Board.

5.08 Assistant Secretary. The Board may appoint one or more Assistant Secretaries who need not be members of the Board. The Assistant Secretary, or the Assistant Secretaries designated in the resolution by the Board if there is more than one, shall have all the powers and duties of the Secretary in the absence of the Secretary. Should the Secretary and the Assistant Secretary or Assistant Secretaries be absent from any meeting of the Board, the members present shall appoint a secretary of the meeting.

5.09 Other Officers. Such other officers as may from time to time be elected or appointed by the Board shall perform such duties as may be specifically assigned to them by the Board.

5.10 Removal of Officers. Except for the Executive Director, any officer of the Authority may be removed by a majority of the Board. If an officer who is a member of the Board loses his or her membership on the Board for any reason, such officer shall cease to hold his or her office; provided, however, that the Board shall not be precluded from reappointing

such officer provided that the office held is not one for which membership on the Board is a prerequisite.

5.11 Vacancies. A vacancy in any office shall occur upon the death, resignation, disqualification, removal or expiration of the term of an officer. A majority of the Board shall have the power to fill any vacancies occurring for whatever reason in any office, except for a vacancy in the Executive Director's office which shall require a Qualified Majority of the Board. All vacancies shall be filled as soon as practicable.

(amended  
on  
7/18/94)

## ARTICLE VI

### EMPLOYEES

6.01 Other Employees and Professional Services. The Board may employ such other agents, employees, technical experts, legal counsel and consultants as it may from time to time determine, to serve at the will of the Board and for such compensation as the Board may direct; provided that a Qualified Majority of the Board must approve any contract for professional services.

## ARTICLE VII

### AUDITS, FISCAL YEAR, MONIES OF THE AUTHORITY

7.01 Audit. The Authority shall file an annual report with the Chairperson and the Minority Chairperson of the Appropriations Committee of the Senate of the Commonwealth of Pennsylvania and the Chairperson and the Minority Chairperson of the Appropriations Committee of the House of Representatives of the Commonwealth of Pennsylvania, which annual report shall make provisions for the accounting of revenues and expenses of the Authority. The Authority shall have its books, accounts and records audited annually in accordance with generally accepted auditing standards by an independent auditor who shall be a certified public accountant, and a copy of the audit report shall be attached to and be made a part of the Authority's annual report. A concise financial statement shall be published annually in the *Pennsylvania Bulletin*. The Chairperson and Minority Chairperson of the Appropriations Committee of the Senate of the Commonwealth of Pennsylvania and the Chairperson and Minority Chairperson of the Appropriations Committee of the House of Representatives of the Commonwealth of Pennsylvania shall have the right to examine, from time to time and at any time, the books, accounts and records of the Authority.

7.02 Fiscal Year. The fiscal year of the Authority shall end on June 30 of each year.

7.03 Monies of the Authority. All monies of the Authority, from whatever source derived, shall be paid to the Treasurer of the Authority. The Board shall invest the funds of the Authority in a manner consistent with sound business practice, subject to the restrictions contained in the Act and any other applicable statute or regulation.

#### ARTICLE VIII

##### CORPORATE SEAL

8.01 Corporate Seal. A seal with the words "Pennsylvania Intergovernmental Cooperation Authority, Pennsylvania Corporate Seal - 1991" upon it shall be the common and corporate seal of the Authority. Such seal may be used by causing it to be impressed upon, affixed to, or reproduced in fact similarly or otherwise to any documents or other writing.

#### ARTICLE IX

##### SOVEREIGN IMMUNITY: INDEMNIFICATION

9.01 Sovereign Immunity. The Authority and its members, officers, officials and employees shall enjoy sovereign and official immunity, as provided in 1 Pa. Cons. Stat. Ann. § 2310 (relating to sovereign immunity reaffirmed; specific waiver), and shall remain immune from suit except as provided by and subject to the provisions of 42 Pa. Cons. Stat. Ann. § 8501 (relating to definitions) through § 8528 (relating to limitations on damages). Notwithstanding the provisions of 42 Pa. Cons. Stat. Ann. § 8525, the Authority, through its legal counsel, shall defend actions brought against the Authority or its members, officers, officials and employees when acting within the scope of their official duties.

9.02 Indemnity. The Authority shall indemnify any member or officer of the Authority who was or is an "Authorized Representative" of the Authority (which shall mean, for purposes of this Article IX, a member or officer of the Authority, including the Executive Director, or such person serving at the request of the Authority as a director, officer, partner, fiduciary or trustee of another corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise) and

who was or is a "party" (which shall include for purposes of this Article IX the giving of testimony or similar involvement) or is threatened to be made a party to any "proceeding" (which shall mean for purposes of this Article IX any threatened, pending or completed action, suit, appeal or other proceeding of any nature, whether civil, criminal, administrative or investigative, whether formal or informal, and whether brought by or in the right of the Authority or otherwise) by reason of the fact that such person was or is an Authorized Representative of the Authority to the fullest extent permitted by law, including without limitation indemnification against expenses (which shall include for purposes of this Article IX attorneys' fees and disbursements), damages, punitive damages, judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such proceeding, unless the act or failure to act giving rise to the claim is finally determined by a court to have constituted willful misconduct or recklessness. If an Authorized Representative is not entitled to indemnification in respect of a portion of any liabilities to which such person may be subject, the Authority shall nonetheless indemnify such person to the maximum extent permitted by law for the remaining portion of the liabilities.

9.03 Advancement of Expenses. The Authority shall pay the expenses (including attorneys' fees and disbursements) actually and reasonably incurred in defending a proceeding on behalf of any person entitled to indemnification under Section 9.02 in advance of the final disposition of such proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the Authority as authorized in this Article IX. The financial ability of such Authorized Representative to make such repayment shall not be a prerequisite to the making of an advance.

9.04 Employee Benefit Plans. For purposes of this Article IX, the Authority shall be deemed to have requested a member or officer to serve as fiduciary with respect to an employee benefit plan where the performance by such person of duties to the Authority also imposes duties on, or otherwise involves services by, such person as a fiduciary with respect to the plan; excise taxes assessed on an Authorized Representative with respect to any transaction with an employee benefit plan shall be deemed "fines"; and action taken or omitted by such person with respect to an employee benefit plan in the performance of duties for a purpose reasonably believed to be in the interest of the participants and beneficiaries of the plan

shall be deemed to be for a purpose which is not opposed to the best interests of the Authority.

9.05 Security for Indemnification Obligations. To further effect, satisfy or secure the indemnification obligations provided herein or otherwise, the Authority may maintain insurance, obtain a letter of credit, act as self-insurer, create a reserve, trust, escrow, cash collateral or other fund or account, enter into indemnification agreements, pledge or grant a security interest in any assets or properties of the Authority, or use any other mechanism or arrangement whatsoever in such amounts, at such costs, and upon such other terms and conditions as the Board shall deem appropriate.

9.06 Reliance Upon Provisions. Each person who shall act as an Authorized Representative of the Authority shall be deemed to be doing so in reliance upon the rights of indemnification provided in this Article IX.

9.07 Amendment or Repeal. All rights of indemnification under this Article IX shall be deemed a contract between the Authority and the person entitled to indemnification under this Article IX pursuant to which the Authority and each such person intend to be legally bound. Any repeal, amendment or modification hereof shall be prospective only and shall not limit, but may expand, any rights or obligations in respect of any proceeding whether commenced prior to or after such change to the extent such proceeding pertains to actions or failures to act occurring prior to such change.

9.08 Scope of Article. The indemnification, as authorized by this Article IX, shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any statute, agreement or otherwise, both as to action in an official capacity and as to action in any other capacity while holding such office. The indemnification and advancement of expenses may be provided under any statute, agreement or otherwise, both as to action in an official capacity and as to action in any other capacity while holding office. The indemnification and advancement of expenses provided in, or granted pursuant to, this Article IX shall continue as to a person who has ceased to be a member or an officer in respect of proceedings pertaining to actions or failures to act occurring while such person was serving as a member or an officer, and shall inure to the benefit of such person's heirs, executors and administrators.

## ARTICLE X

### CONFLICTS OF INTEREST

10.01 Conflicts of Interest. All members, officers and employees of the Authority shall be subject to the provisions of the Act of October 4, 1978, P.L. 883, No. 170, referred to as the Public Official and Employee Ethics Law, and the Act of July 19, 1957, P.L. 1017, No. 451, known as the State Adverse Interest Act. For the purposes of application of such acts, employees of the Authority (including, but without limitation, the Executive Director) shall be regarded as public employees of the Commonwealth of Pennsylvania, and members and officers of the Authority shall be regarded as public officials of the Commonwealth of Pennsylvania, whether or not they receive compensation.

## ARTICLE XI

### WAIVER OF NOTICE

11.01 Waiver of Notice. Any notice required to be given under these Bylaws may be effectively waived by the person entitled to such notice by written waiver signed before or after the meeting to which such notice related or by attendance at such meeting otherwise than for the express purpose of objecting to the transaction of any business because the meeting was not lawfully called or convened.

## ARTICLE XII

### AMENDMENT OF BYLAWS

12.01 Amendments. These Bylaws may be altered, amended or repealed, and new Bylaws may be adopted, by a Qualified Majority of the Board, at any meeting after fifteen (15) days' prior written notice of such an intention has been provided by the Secretary to each member of the Board; provided further, that no amendment may be made in contravention of the Act or any other applicable statute or regulation.

Re: Pennsylvania Intergovernmental Cooperation Authority

Dear Mr. Decker:

On behalf of the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), and in accordance with Section 303(b) of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, as amended (the "Act"), I am hereby filing with your office for public inspection the enclosed copy of a resolution adopted by the governing board of the Authority on September 17, 2019 authorizing the issuance of bonds by the Authority.

Also in accordance with Section 303(b) of the Act, the Authority intends to cause a notice to be published in a newspaper of general circulation published or circulating in the City, stating that a copy of this resolution has been filed in your office for public inspection.

Please acknowledge your receipt of this letter and the enclosed resolution by time stamping the enclosed copy of this letter and returning that time-stamped copy to our messenger.

Thanks very much,

Very truly yours,

Reed Smith LLP

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY

Resolution No. 2020-05

September 17, 2019

---

AUTHORIZING THE ISSUANCE AND SALE OF ONE OR MORE SERIES OF REFUNDING BONDS (THE "BONDS") OF THE AUTHORITY TO REFUND ALL OR A PORTION OF THE OUTSTANDING SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA FUNDING PROGRAM), SERIES OF 2009, AND SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA FUNDING PROGRAM), SERIES OF 2010, OF THE AUTHORITY (COLLECTIVELY, THE "REFUNDED BONDS"); AUTHORIZING THE BONDS TO BE ISSUED AS FIXED RATE BONDS; AUTHORIZING THE EXECUTION AND DELIVERY OF A SUPPLEMENT TO THE AMENDED AND RESTATED INDENTURE OF TRUST PURSUANT TO WHICH THE REFUNDED BONDS WERE ISSUED AND ARE SECURED; AUTHORIZING THE EXECUTION AND DELIVERY OF ONE OR MORE BOND PURCHASE CONTRACTS AND OTHER AGREEMENTS AND DOCUMENTS NECESSARY OR APPROPRIATE IN CONNECTION WITH THE ISSUANCE AND SALE OF THE BONDS AND THE REFUNDING TO BE EFFECTED THEREBY (THE "REFUNDING"); AUTHORIZING THE PREPARATION, DISTRIBUTION AND EXECUTION, AS APPLICABLE, OF A PRELIMINARY OFFICIAL STATEMENT AND A FINAL OFFICIAL STATEMENT RELATING TO THE BONDS; DETERMINING THAT A PRIVATE NEGOTIATED SALE OF THE BONDS IS IN THE BEST INTEREST OF THE AUTHORITY; AUTHORIZING AND APPROVING THE SALE OF THE BONDS; AUTHORIZING THE USE OF AVAILABLE MONEYS IN THE DEBT SERVICE RESERVE FUND, DEBT SERVICE FUND AND OTHER FUNDS OF THE AUTHORITY IN CONNECTION WITH THE REFUNDING, IF NECESSARY; AUTHORIZING ONE OR MORE CONDITIONAL NOTICES OF REDEMPTION OF THE REFUNDED BONDS; AND AUTHORIZING THE TAKING OF ALL OTHER ACTIONS, INCLUDING THE EXECUTION AND DELIVERY OF DOCUMENTS, NECESSARY OR APPROPRIATE FOR THE CONSUMMATION OF THE TRANSACTIONS CONTEMPLATED HEREBY.

**BACKGROUND**

WHEREAS, pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") is authorized to issue its bonds for the purpose of, among other things, refunding any outstanding indebtedness of the Authority; and

WHEREAS, the Authority currently has outstanding its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2009 (the "2009 Bonds"), in the aggregate principal amount of \$81,920,000, and its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010 (the "2010 Bonds"), in the aggregate

principal amount of \$26,355,000 (the "2010 Bonds") and together with the 2009 Bonds, the "Refunded Bonds"; and

WHEREAS, in order to achieve debt service savings, the Authority desires to authorize the issuance and sale of one or more additional series of its special tax revenue refunding bonds (collectively, the "Bonds") to refund all or a portion of the Refunded Bonds and to pay the costs and expenses of issuance related to the Bonds (collectively, the "Refunding"); and

WHEREAS, the Authority has determined that the public interest will be best served and that the purpose of the Act can be most advantageously achieved by authorizing the issuance of the Bonds in order to obtain funds to be used for the Refunding; and

WHEREAS, the Authority has determined that, because of, in particular, the complexity of this financing, a private negotiated sale of the Bonds is in the best interest of the Authority; and

WHEREAS, the Authority has determined that it would be expeditious to authorize the issuance of one or more conditional notices of optional redemption of the Refunded Bonds; and

WHEREAS, the Authority deems it necessary, in connection with the issuance, sale and delivery of the Bonds, to authorize and direct the execution and delivery of the Bonds and to authorize the execution and delivery of all such other agreements, instruments, certificates and documents, and the performance of all such other acts as may be necessary or appropriate, in connection with the issuance and sale of the Bonds, the Refunding, the implementation of this Resolution and the transactions contemplated hereby.

NOW, THEREFORE, BE IT RESOLVED BY THE PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY AS FOLLOWS:

Section 1. Definitions. In addition to the words and terms defined in the recitals above, the following words and terms used in this Resolution shall have the following respective meanings:

"Amended and Restated Indenture" means the Amended and Restated Indenture of Trust, dated as of December 1, 1994, as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust, dated as of May 15, 1996, the Second Supplement to the Amended and Restated Indenture of Trust, dated as of April 1, 1999, the Third Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2003, the Fourth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2006, the Fifth Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2008, the Sixth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2009, and the Seventh Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2010, each between the Authority and the Trustee (or a predecessor trustee).

"Authorized Officers" means the Chairperson and the Executive Director.

"Board" means the governing board of the Authority.

"Bond Purchase Contract" means any Bond Purchase Contract entered into between the Authority and the Underwriters (or a representative of the Underwriters), providing for the sale and purchase of one or more separate series of the Bonds.

"Chairperson" means the Chairperson of the Board, including any official authorized to carry out the duties of the Chairperson in the Chairperson's absence (including without limitation any acting Chairperson or temporary Chairperson).

"City" means the City of Philadelphia, Pennsylvania.

"Commonwealth" means the Commonwealth of Pennsylvania.

"Debt Service Reserve Fund" means the fund of that name held by the Trustee under the Amended and Restated Indenture.

"Eighth Supplement to the Amended and Restated Indenture" means the Eighth Supplement to the Amended and Restated Indenture to be entered into between the Authority and the Trustee with respect to the issuance of the Bonds, amending and supplementing the Amended and Restated Indenture.

"Executive Director" means the Executive Director of the Authority, including any official authorized to carry out the duties of the Executive Director in the Executive Director's absence (including without limitation any acting Executive Director or Deputy Executive Director).

"Official Statement" means any final official statement of the Authority with respect to one or more series of the Bonds.

"Preliminary Official Statement" means any preliminary official statement of the Authority with respect to one or more series of the Bonds.

"Resolution" means this Resolution, and any resolution supplemental hereto.

"Secretary" or "Assistant Secretary" means the Secretary or Assistant Secretary of the Board or any official authorized to carry out the duties of the Secretary or the Assistant Secretary in the Secretary's or the Assistant Secretary's absence (including, without limitation, any acting Secretary or acting Assistant Secretary of the Authority).

"Treasurer" means the Treasurer of the Authority, including any official authorized to carry out the duties of the Treasurer in the Treasurer's absence (including without limitation any acting Treasurer or Assistant Treasurer).

"Trustee" means U.S. Bank National Association, as trustee under the Amended and Restated Indenture, and its successors and assigns as such trustee.

"Underwriters" means RBC Capital Markets LLC, Siebert Cisneros Shank & Co., L.L.C., PNC Capital Markets LLC, and any other underwriters party to, or named in, any Bond Purchase Contract, to be selected by the Authority.

Section 2. Authorization of the Refunding. The Authority hereby finds and determines that the issuance and sale of the Bonds under the Amended and Restated Indenture and the Eighth Supplement to the Amended and Restated Indenture and the use of the proceeds of the Bonds for the Refunding are in furtherance of the public purposes set forth in the Act, are in the best interest of the Authority, and are in compliance with the provisions of the Act.

Section 3. Negotiated Sale of Bonds. The sale of the Bonds to the Underwriters at a private negotiated sale is hereby determined to be in the best interest of the Authority and the Commonwealth, to best fulfill the objectives of the Act and to be necessary and appropriate in light of the circumstances under which the financing for the Refunding is being arranged. A public or invited sale of the Bonds is hereby determined to be impracticable and inadvisable. The complexity of the Refunding and the Bonds, and the corresponding necessity of careful and thorough disclosure in the Preliminary Official Statement and the Official Statement in connection with the offering and the sale of the Bonds, will, in the judgment of the Authority, necessitate the ongoing participation of the Underwriters and their counsel in the planning and structuring of the financing for the Refunding and in the preparation of the Preliminary Official Statement and the Official Statement and the other financing documents and in the marketing of the Bonds. The Authority has determined, after due consideration, that such participation cannot be obtained in the absence of a commitment by the Authority to sell the Bonds to the Underwriters at a private negotiated sale.

Section 4. Delegation to Authorized Officers. The Authorized Officers are hereby expressly granted and delegated the full power and authority, for and on behalf of the Board, to review and approve the final terms, conditions and details of the Bonds and the Refunding and the issuance, sale and delivery of the Bonds, pursuant to the Act and in accordance with and subject to the terms, conditions and limitations established in this Resolution, such approval to be conclusively evidenced by the execution and delivery of the Bonds at the closing or closings therefor in the manner provided herein; provided, however, that the aggregate principal amount of the Bonds shall not exceed \$112,000,000, the final maturity date for the Bonds shall not be later than June 15, 2023, the fixed interest rate or rates on the Bonds shall be such that the true interest cost to the Authority shall not exceed seven percent (7.0%), the price received by the Authority for the Bonds shall be not less than 95% of the face amount thereof, and the Authority shall achieve net present value debt service savings as a result of the Refunding. The Bonds shall be designated generally as "Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019" and may be issued in one or more series or subseries and on one or more dates. The proceeds of the Bonds shall be used for the Refunding and to pay all or a portion of the costs and expenses incurred by the Authority in connection with the issuance of the Bonds, including without limitation deposits to any required reserve funds. If so approved by the Authorized Officers, the issuance and sale of the portion of the Bonds to be issued for the refunding of the 2010 Bonds may be structured on a "forward" basis whereby the terms of such Bonds are authorized and established as of a current date in 2019 with an agreement of the Authority to issue such Bonds, and an agreement

of the Underwriters to purchase such Bonds at specified prices, on an appropriate future date in 2020.

Section 5. Form and Terms of Bonds. The Bonds shall be issued in fully registered form. The Bonds shall be dated; shall mature in such principal amounts on such dates; shall bear interest at such fixed rates of interest; shall be subject to redemption prior to maturity; and shall otherwise be subject to such additional terms, conditions and provisions, all as are approved by the Authorized Officers and specified in each applicable Bond Purchase Contract or the Eighth Supplement to the Amended and Restated Indenture. The form of the Bonds for each applicable series set forth in the Eighth Supplement to the Amended and Restated Indenture is hereby incorporated herein by this reference, subject to appropriate insertions and revisions necessary to comply with the provisions of the Eighth Supplement to the Amended and Restated Indenture, and the provisions for the signatures, authentication, payment, place of payment, medium of payment, transfer, exchange, registration, number, denominations and other provisions thereof, to the extent not provided herein, shall be as set forth in the Eighth Supplement to the Amended and Restated Indenture, as finally executed, and are hereby approved and incorporated herein by this reference. The Bonds, when executed on behalf of the Authority in the manner contemplated by the Eighth Supplement to the Amended and Restated Indenture and this Resolution, shall represent the approved form of the Bonds.

Section 6. Execution and Authentication of Bonds. The Chairperson or Executive Director is hereby authorized and directed to execute the Bonds in the name and on behalf of the Authority by his or her manual or facsimile signature, and the Secretary or Assistant Secretary is hereby authorized and directed to affix the corporate seal of the Authority or a facsimile thereof to the Bonds when so executed and to attest the same by his or her manual or facsimile signature, and each such officer is hereby authorized and directed to deliver the Bonds to the Trustee for authentication pursuant to the Eighth Supplement to the Amended and Restated Indenture.

Section 7. Bonds as Limited Obligations. The Bonds shall be limited obligations of the Authority payable by the Authority solely from the sources specified or described in the Amended and Restated Indenture and the Eighth Supplement to the Amended and Restated Indenture. NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY, IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON THE BONDS. THE AUTHORITY HAS NO TAXING POWER. NO MEMBER OF THE BOARD SHALL BE LIABLE PERSONALLY ON THE BONDS OR ON ANY DOCUMENT OR INSTRUMENT EXECUTED IN CONNECTION THEREWITH.

Section 8. Eighth Supplement to the Amended and Restated Indenture. The Authority is hereby authorized to enter into the Eighth Supplement to the Amended and Restated Indenture. The Chairperson or Executive Director is hereby authorized and directed to execute and deliver the Eighth Supplement to the Amended and Restated Indenture in the name and on behalf of the Authority, such document to be in such form and to contain such terms and conditions (not inconsistent with any of the other requirements of this Resolution) as shall be approved by either such officer with the advice of the Authority's legal counsel and financial advisors, such approval and the approval of the Board to be conclusively evidenced by the execution of the Eighth Supplement to the Amended and Restated Indenture by either such officer.

Section 9. Bond Purchase Contracts. The Authority is hereby authorized to enter into one or more Bond Purchase Contracts and to sell the Bonds by private negotiated sale to the Underwriters pursuant thereto. The Chairperson or Executive Director is hereby authorized and directed to execute and deliver the Bond Purchase Contract in the name and on behalf of the Authority, such document to be in such form and to contain such terms and conditions (not inconsistent with any of the other requirements or conditions of this Resolution) as shall be approved by the Chairperson or Executive Director with the advice of the Authority's legal counsel and financial advisors, such approval and the approval of the Board to be conclusively evidenced by the execution of the Bond Purchase Contract by either such officer.

Section 10. Application of Bond Proceeds. By virtue of this Resolution and without further authorization from the Authority, the Trustee shall be authorized, directed and requested to apply the proceeds of the Bonds pursuant to the terms of the Amended and Restated Indenture and the Eighth Supplement to the Amended and Restated Indenture and to invest and reinvest, at the direction of the Authority, all moneys which by the terms of the Amended and Restated Indenture and the Eighth Supplement to the Amended and Restated Indenture may be invested, or to deposit and redeposit such moneys in such accounts as may be permitted by the Amended and Restated Indenture and the Eighth Supplement to the Amended and Restated Indenture, all subject to the terms and limitations contained in the Amended and Restated Indenture and the Eighth Supplement to the Amended and Restated Indenture.

Section 11. Preliminary Official Statement and Official Statement. The preparation and distribution of the Preliminary Official Statement and Official Statement (and any appropriate amendments or supplements thereto) for each applicable series of Bonds is hereby authorized and approved in connection with the marketing, sale and delivery of the Bonds. The Chairperson or Executive Director is hereby authorized and directed to execute the Official Statement for each series of Bonds in such form as shall be approved by the officer executing the same with the advice of the Authority's legal counsel and financial advisors, such approval and the approval of the Board to be conclusively evidenced by the execution of the Official Statement by either such officer. Any appropriate officer of the Authority is hereby authorized to deem the applicable Preliminary Official Statement final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended.

Section 12. Transaction Documents. The Authority is hereby authorized to enter into such escrow deposit agreements, continuing disclosure agreements, tax compliance agreements, agreements with the Commonwealth or the State Treasurer or any other department or agency of the Commonwealth, agreements with the City or any department or agency of the City, and all other agreements relating to or concerning the Bonds, the Refunding and any credit enhancement for the Bonds, if any, all as may be required under any Bond Purchase Contract or as may otherwise be necessary or appropriate for the proper, lawful and efficient consummation of the transactions contemplated by this Resolution. The Chairperson or the Executive Director is hereby authorized and directed, in the name and on behalf of the Authority, to execute, deliver and file any and all such documents and other documents, instruments, agreements and certificates of any kind whatsoever, which documents shall be in form and substance as shall be approved by any such officer with the advice of the Authority's legal counsel and financial advisors, such approval and the approval of the Board to be conclusively evidenced by the

execution of such documents by any such officer, and to do any and all other acts or things, that are necessary or appropriate in order to effect the issuance and sale of the Bonds, the Refunding, the investment of the proceeds of the Bonds, the execution, delivery and performance by the Authority of any Bond Purchase Contract, the Eighth Supplement to the Amended and Restated Indenture and the other financing documents relating to the Bonds, and to carry out the intent and purposes of this Resolution and the transactions contemplated hereby, or that are necessary or appropriate to effectuate fully the issuance of the Bonds, the Refunding and the other transactions contemplated hereby. The Secretary or any Assistant Secretary is hereby authorized and directed, when requested, to affix the official corporate seal of the Authority to any and all documents, instruments, agreements and certificates executed on behalf of the Authority pursuant to this Resolution and to attest said seal. For this purpose, the Executive Director is hereby appointed as an Assistant Secretary of the Authority.

Section 13. Filing of Resolution; Publication. The proper officers of the Authority are hereby directed to file a copy of this Resolution for public inspection in the office of the Authority and in the office of the Chief Clerk of City Council and to publish in a newspaper of general circulation published or circulating in the City a notice containing the information specified in Section 303(b)(1) through (4) of the Act.

Section 14. Transaction Costs. To the extent not paid from the proceeds of the Bonds or from other sources of funds available under the Amended and Restated Indenture, the Treasurer is hereby authorized to pay all costs and expenses relating to the issuance and sale of the Bonds and the Refunding, including without limitation fees and costs for credit enhancement, if any, and deposits to funds under the Amended and Restated Indenture, from the unencumbered general funds of the Authority.

Section 15. Redemption of Refunded Bonds. The proper officers of the Authority are hereby authorized and directed to take all necessary or appropriate action to cause conditional notices of the optional redemption of each series of the Refunded Bonds to be given to the holders of such Refunded Bonds, in accordance with all requirements of the Refunded Bonds, the Amended and Restated Indenture, and the applicable requirements of any applicable securities depository holding any of the Refunded Bonds. The redemption date or dates specified in such notice shall be such date or dates as may be appropriate in light of the anticipated date of issuance of each applicable series of the Bonds. The notices shall specify, among other things, that such redemption of the Refunded Bonds is expressly conditioned upon the deposit of the redemption moneys with the Trustee before the date fixed for redemption and such notice shall be of no effect unless such moneys are so deposited.

Section 16. Repeal and Ratification. All prior resolutions or parts of prior resolutions inconsistent with this Resolution are hereby repealed, rescinded, cancelled and annulled insofar as they conflict herewith. Subject to the foregoing sentence, the Authority hereby ratifies and confirms any and all prior actions taken by or on behalf of the Authority consistent with the intent of this Resolution.

Section 17. Effective Date. This Resolution shall take effect immediately.

**PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY**

**Resolution No. 1992 - 02**  
**January 8, 1992**

WHEREAS, there has been submitted to this meeting a form of an Intergovernmental Cooperation Agreement (the "Intergovernmental Cooperation Agreement") between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and the City of Philadelphia (the "City"); and

WHEREAS, Section 203(d) of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6) provides that the Authority shall have the power and its duty shall be to enter into such intergovernmental cooperation agreements with cities of the first class as are approved by a qualified majority of the governing board of the Authority.

**NOW THEREFORE, BE IT RESOLVED:**

1. The Authority hereby authorizes and approves the execution, delivery and performance by the Authority of the Intergovernmental Cooperation Agreement substantially in the form submitted to this meeting and attached hereto as Exhibit "A". The Chairperson or Vice-Chairperson of the Authority is hereby authorized and directed to execute the Intergovernmental Cooperation Agreement in the name and on behalf of the Authority; the Secretary or the Assistant Secretary of the Authority is hereby authorized and directed to affix the seal of the Authority to the Intergovernmental Cooperation Agreement when so executed and to attest the same; and the said officers of the Authority are hereby authorized and directed to deliver the Intergovernmental Cooperation Agreement to the City.

2. The Authority hereby ratifies and confirms any and all prior actions taken by or on behalf of the Authority consistent with the intent of this Resolution.

3. All resolutions or parts of resolutions not in accordance with this Resolution are hereby repealed insofar as they conflict herewith.

EXHIBIT D

AUTHORITY RESOLUTION APPROVING CITY FINANCIAL PLAN

**PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY**

---

**Resolution No. 2020 - 01**  
**July 16, 2019**

---

WHEREAS, as required under the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 5, 1991, P.L. 9, No. 6, as amended) (the "Act"), and under the Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Cooperation Agreement"), between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and The City of Philadelphia, Pennsylvania (the "City"), the City has submitted to the Authority a five-year financial plan for the City's fiscal years ending June 30, 2020 through June 30, 2024 (the "Plan"); and

WHEREAS, the staff of the Authority has reviewed the Plan and has submitted a report thereon to the Board;

**NOW THEREFORE, BE IT RESOLVED AS FOLLOWS:**

1. The Authority hereby finds and determines that the Plan meets the applicable requirements, criteria and standards of the Act and the Cooperation Agreement and hereby approves the Plan.
2. All prior resolutions or parts of prior resolutions not in accordance with this Resolution are hereby repealed insofar as they conflict herewith.
3. This Resolution shall take effect immediately.

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT: TEN MILLION EIGHT HUNDRED SEVENTY THOUSAND DOLLARS

The Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic organized and existing as a public authority and instrumentality of the Commonwealth of Pennsylvania, United States of America, duly existing under the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), for value received, hereby promises to pay (but only out of Pledged Revenues (as hereinafter defined)) to the Registered Owner identified above or registered assigns (the "Holder"), on the Maturity Date identified above, upon the presentation and surrender hereof, the Principal Amount identified above and to pay (but only out of the Pledged Revenues) interest on said Principal Amount at the annual rate specified above, from the most recent Interest Payment Date (hereinafter defined) to which interest has been paid or duly provided for, or if no interest has been paid, from the Dated Date identified above, on June 15 and December 15 in each year, commencing June 15, 2020 (each, an "Interest Payment Date"), until payment of said principal amount shall have been made or provided for.

The principal of this Bond, upon maturity or redemption, is payable at the Principal Office of U.S. Bank National Association or its successor, as Trustee (the "Trustee"). Interest on this Bond will be paid by the Trustee on each Interest Payment Date by check or draft mailed to the person in whose name this Bond is registered on the registration books of the Authority (the "Bond Register") maintained by U.S. Bank National Association or its successor as Registrar and at the address appearing thereon on the last day of the month (whether or not a business day) next preceding such Interest Payment Date (the "Record Date") or in lieu thereof, if so requested in a written notice provided to the Trustee not less than ten (10) days prior to the relevant Interest Payment Date by a holder of \$1,000,000 or more in aggregate principal amount of Series 2019 Bonds (as hereinafter defined), by wire transfer to an account in a bank located in the United States designated by such Bondholder. Any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner hereof as of the Record Date and shall be payable to the person who is the registered owner hereof at the close of business on the fifteenth (15th) day prior to the date set for the payment of such defaulted interest (the "Special Payment Date"). Such Special Payment Date shall be fixed by the Trustee in accordance with Section 2.03 of the Indenture (as hereinafter defined). The principal of and interest on this Bond are payable in lawful money of the United States or America.

Interest on the Series 2019 Bonds shall be paid on each Interest Payment Date and shall be computed on the basis of a year of 360 days consisting of twelve 30-day months.

THIS BOND IS A LIMITED OBLIGATION OF THE AUTHORITY AND IS PAYABLE SOLELY FROM THE SOURCES REFERRED TO HEREIN. NEITHER THE CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH OF PENNSYLVANIA OR OF ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY OF PHILADELPHIA, IS PLEDGED FOR THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THIS BOND. THIS BOND IS NOT AND SHALL NOT BE DEEMED AN OBLIGATION OF THE COMMONWEALTH OF PENNSYLVANIA OR OF ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY OF PHILADELPHIA, EXCEPT FOR THE AUTHORITY, AND NEITHER THE COMMONWEALTH OF PENNSYLVANIA NOR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE CITY OF PHILADELPHIA, EXCEPT FOR THE AUTHORITY, IS OR SHALL BE LIABLE FOR THE PAYMENT OF SUCH PRINCIPAL OR INTEREST. THE AUTHORITY HAS NO TAXING POWER.

NOTWITHSTANDING ANY PROVISION OF THE ACT OR ANY OTHER LAW TO THE CONTRARY, OR OF ANY IMPLICATION THAT MAY BE DRAWN THEREFROM, THE COMMONWEALTH OF PENNSYLVANIA AND ALL OTHER GOVERNMENT AGENCIES, INCLUDING THE CITY, EXCEPT THE AUTHORITY, SHALL HAVE NO LEGAL OR MORAL OBLIGATION FOR THE PAYMENT OF EXPENSES OR OBLIGATIONS OF THE AUTHORITY, INCLUDING, BUT NOT LIMITED TO, PRINCIPAL AND INTEREST ON THE SERIES 2019 BONDS, THE FUNDING OR REFUNDING OF ANY RESERVES AND ANY OPERATING OR ADMINISTRATIVE EXPENSES WHATSOEVER. OBLIGEEES OF THE AUTHORITY, INCLUDING HOLDERS OF SERIES 2019 BONDS, SHALL HAVE NO RECOURSE, LEGAL OR MORAL, TO THE COMMONWEALTH OF PENNSYLVANIA OR TO ANY GOVERNMENT AGENCY, EXCEPT THE AUTHORITY FOR THE PAYMENT OF PRINCIPAL OF OR INTEREST ON THE SERIES 2019 BONDS.

This Bond is fully registered in the name of the owner on the Bond Register kept for that purpose at the Principal Office or the Registrar. No transfer shall be valid as against the Authority or the Trustee unless made by the registered owner in person or by his duly authorized attorney or legal representative and similarly noted upon the Bond Register and hereon. Upon any such transfer or exchange, the Authority shall issue and, after due authentication by the Trustee, shall deliver to or upon the order of the registered owner, a new registered Bond or Bonds, in authorized denominations aggregating the principal amount hereof, maturing on the same date, bearing interest at the same rate, bearing the same series designation as this Bond and registered in such names as shall be requested.

The Authority, the Trustee and the Registrar may treat the person in whose name this Bond is registered as the absolute owner of this Bond for all purposes whether or not this Bond shall be overdue, and the Authority, the Trustee and the Registrar shall not be affected by any notice to the contrary. All payments of the principal, interest or redemption price made to the

registered owner hereof in the manner set forth herein and in the Indenture shall be valid and effectual to satisfy and discharge the liability upon this Bond to the extent of the sum or sums so paid, whether or not notation of the same be made hereon, and any consent, waiver or action taken by such registered owner pursuant to the provisions of the Indenture shall be conclusive and binding upon such registered owner, his heirs, successors and assigns, and upon all transferees hereof, whether or not notation thereof be made hereon or on any Bond issued in exchange therefor.

It is hereby certified, recited and declared that all acts, conditions and things required by the Constitution and laws of the Commonwealth of Pennsylvania to exist, to have happened and to have been performed, precedent to and in the execution and delivery of the Indenture and the issuance of this Bond, exist, have happened and have been performed in regular and due form as required by law.

No covenant or agreement contained in this Bond or the Indenture shall be deemed to be a covenant or agreement of any official, officer, agent or employee of the Authority in his or her individual capacity, and neither the members of the Board of the Authority nor any official executing this Bond nor any such officer, agent or employee shall be liable personally on this Bond or under the Indenture or be subject to any personal liability or accountability by reason of the issuance or sale of this Bond, all such liability of such members, officers, agents and employees being released as a condition of and as consideration for the execution of the Eighth Supplement to the Amended and Restated Indenture, dated as of December 1, 2019, between the Authority and the Trustee (the "Eighth Supplement") and the issuance of this Bond.

This Bond shall not be entitled to any right or benefit under the Indenture, or be valid or become obligatory for any purpose, until this Bond shall have been authenticated by the execution by the Trustee of the certificate of authentication inscribed hereon.

This Bond is one of a duly authorized issue of Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 issued in the aggregate principal amount of \$31,085,000 (the "Series 2019 Bonds"). The Series 2019 Bonds are issued to enable the Authority to refund certain of its outstanding bonds and for other purposes permitted by the Act and thereby to accomplish the public purposes set forth in the Act.

The Series 2019 Bonds are issued under and pursuant to the Act and a resolution of the Authority duly adopted on September 17, 2019 (the "Resolution") and under an Amended and Restated Indenture of Trust dated as of December 1, 1994, as amended and supplemented by a First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996, a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999, a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003, a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006, a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008, a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009, a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 and the Eighth Supplement (collectively, the "Indenture"), between the Authority and the

Trustee, and, together with other Outstanding Bonds, are equally and ratably secured under the Indenture, except as otherwise provided therein, by an assignment and pledge of, and grant of a security interest in, (i) all amounts received by or payable to or at the direction of the Authority constituting proceeds (including interest and penalties) of any PICA Taxes, and (ii) all moneys and securities held by the Trustee under the Indenture (except funds held in trust for the United States) (collectively, the "Pledged Revenues").

Capitalized terms used herein which are not defined herein shall have the meanings set forth in the Indenture.

The Series 2019 Bonds are not subject to redemption prior to maturity.

Reference is made to the Act, the Resolution, the Indenture and the PICA Tax Ordinance, executed or certified counterparts of which are on file at the corporate trust office of the Trustee, for statements of the purposes for which the Series 2019 Bonds are issued, a description of the Pledged Revenues assigned and pledged for the security of the Series 2019 Bonds (including the PICA Tax) and the nature, extent and manner of enforcement of such security, certain covenants of the Authority and the City made for the benefit of Bondholders, the terms and conditions under which the Indenture may be amended or modified, the rights and duties of the Authority and the Trustee, and the extent of the rights of the registered owners of the Series 2019 Bonds issued under the Indenture.

IN WITNESS WHEREOF, the Pennsylvania Intergovernmental Cooperation Authority has caused this Bond to be executed with the manual or facsimile signature of its Chairperson and its official seal or a facsimile thereof to be imprinted hereon and attested with the manual or facsimile signature of its Assistant Secretary, as of the date first above written.

THE SECRETARY

June 28, 1991

HONORABLE CHERYL WEISS  
REVENUE COMMISSIONER  
CITY OF PHILADELPHIA  
CITY HALL  
PHILADELPHIA PA

The Commonwealth of Pennsylvania, Department of Revenue, pursuant to its authority under Section 604(c) of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act of June 5, 1991 (P.L. No. 6, Section 604(c)), (hereinafter referred to as the "Act") hereby appoints as its agent the Revenue Department of the City of Philadelphia, its tax officers, clerks, collectors and other assistants including the City Solicitor and such deputies as she shall designate, to collect and enforce any tax imposed under the authority of Section 601(a)(3) of the Act including interest and penalties.

A separate agreement setting forth the terms and conditions of this appointment shall be executed by the Commonwealth, Department of Revenue and the City of Philadelphia, Revenue Department.

Any monies collected by the City of Philadelphia pursuant to this appointment shall be segregated in a separate fund and shall not be commingled with any other funds.

This appointment shall be effective July 1, 1991 and shall remain in effect until terminated by notice in writing by the Commonwealth of Pennsylvania, Department of Revenue.

In witness whereof, I have set my hand and seal this  
28 day of June, 1991.

COPY OF CITY ACCOUNT DEPOSIT AND DISBURSEMENT AGREEMENT

CITY ACCOUNT DEPOSIT AND DISBURSEMENT AGREEMENT

THIS CITY ACCOUNT DEPOSIT AND DISBURSEMENT AGREEMENT is made as of the 6th day of December, 1991, by and between the Pennsylvania Intergovernmental Cooperation Authority, a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania ("Authority"), and CoreStates Bank, N.A., a national banking association having its principal corporate trust office in the City of Philadelphia, Pennsylvania ("CoreStates"), and is acknowledged and agreed to by the City of Philadelphia, Pennsylvania.

W I T N E S S E T H:

WHEREAS, the General Assembly of the Commonwealth of Pennsylvania has enacted the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. \_\_\_\_\_, No. 6) ("Act"); and

WHEREAS, pursuant to Section 314 of the Act, the Authority desires to establish with CoreStates, in trust for the exclusive benefit of The City of Philadelphia, Pennsylvania ("City"), an account into which the Authority shall deposit or shall cause or direct to be deposited, certain funds as required by Section 314(c) of the Act; and

WHEREAS, CoreStates, subject to the terms and conditions hereinafter set forth, is willing to accept such trust, to accept such funds for deposit, to hold them in trust

for the City and to disburse such funds in accordance with the terms and conditions hereof and in accordance with the Act.

NOW, THEREFORE, in consideration of the mutual agreements and provisions herein contained and intending to be legally bound hereby, the parties hereto agree as follows:

1. ESTABLISHMENT OF TRUST ACCOUNT.

(a) The Authority hereby establishes with CoreStates, in trust for the exclusive benefit of the City, an account to be designated and known as the "City Account". The City Account shall consist of the funds required to be deposited by the Authority or caused or directed to be deposited by the Authority to the credit thereof pursuant to Section 314 of the Act and in accordance with any intergovernmental cooperation agreement entered into by the City and the Authority, and all investments of such funds and the income from such investments as hereinafter provided.

(b) CoreStates hereby agrees to establish and maintain the City Account as a trust fund and to receive and hold all such funds received from or on behalf of or at the direction of the Authority for deposit therein, and all such investments of such funds and the income from such investment, in trust exclusively for the benefit of the City (all such funds, investments and income on deposit to the credit of the City Account at any time and from time to time being hereinafter referred to as "Funds"). The City Account and the Funds (and the

Investment income earned thereon) shall not be subject to the claims or demands of, or to lien or attachment by or in favor of any creditor of the Authority or obligee of the Authority, as such term is defined in the Act, and shall at all times remain in the City Account as funds for the exclusive benefit of the City, subject to reimbursement to the City strictly in accordance with the terms of this Agreement and the Act. CoreStates shall hold the City Account separate and apart from all other funds and shall not commingle the Funds with any other funds or accounts.

2. DEPOSIT AND INVESTMENT OF FUNDS.

(a) All cash on deposit to the credit of the City Account shall be invested and reinvested by CoreStates only as directed in writing by the City in the permitted investments set forth on Exhibit "A" hereto, which Exhibit is incorporated herein by reference. Exhibit "A" may be revised or supplemented in a manner consistent with the Act by the City by delivery to CoreStates and the Authority of such revision or supplement in writing signed by the City Treasurer of the City or his or her designee named in Exhibit "B" hereto.

(b) Investment income earned on the Funds shall be added to and become part of the Funds.

(c) The directions of the City as to the investment of the City Account shall be provided in writing to CoreStates (with a copy sent concurrently to the Authority) by the City Treasurer of the City or his or her designee named on

Exhibit "B" attached hereto, which Exhibit is incorporated herein by reference, and the Authority and CoreStates shall not be liable or responsible for any loss suffered on account of any investment made upon such directions. The City Treasurer may also revise Exhibit "B" in order to name a different designee or different account for the City's general fund pursuant to Section 2 hereof by delivery of such revision in writing executed by the City Treasurer to the Authority and CoreStates.

(d) CoreStates shall notify the City of the amount of each deposit to the City Account on the date of such deposit.

### 3. DISBURSEMENT OF FUNDS.

(a) Except as provided in Section 3(b), and prior to the issuance of bonds by the Authority, CoreStates shall automatically disburse all Funds then on deposit in the City Account to the City on a weekly basis, on the last business day of each calendar week, by wire transfer of immediately available funds to the account of the City's general fund designated on Exhibit "B" hereto. Upon issuance of bonds by the Authority, CoreStates shall (except as provided in Section 3(b) hereof) automatically disburse all Funds then on deposit in the City Account to the City on a monthly basis, on the last business day of each calendar month, by wire transfer of immediately available funds to the account of the City's general fund designated on Exhibit "B" hereto. Delivery by the Authority of the executed

...enture of trust relating to the Authority's bonds shall be  
...to CoreStates of the commencement of monthly disbursements  
...the City Account. The disbursement of Funds provided  
...ainabove may be made on a different schedule than weekly by  
...ement of the Authority and the City and upon prior written  
...ice from the Authority and the City to CoreStates, but in no  
...ent (except as provided in Section 3(b) hereof) shall  
...bursement to the City be made less often than monthly on the  
...st business day of each calendar month.

(b) Disbursements from the City Account to the  
...ty shall be suspended at the written direction of the Secretary  
...the Budget of the Commonwealth of Pennsylvania, pursuant to  
...section 210(e) of the Act, to CoreStates that certification to  
...the Secretary of the Budget has been made by the Authority  
...pursuant to Section 210(e)(3) of the Act. Upon receipt of such  
...direction from the Secretary of the Budget, CoreStates shall  
...suspend all disbursements from the City Account (except for fees  
...and expenses of CoreStates permitted to be charged to the City  
...Account pursuant to Section 5(g) hereof), but shall continue to  
...invest all Funds at the direction of the City and to give the  
...City notice of amounts deposited in the City Account. Upon  
...receipt by CoreStates of written notice from the Secretary of the  
...Budget that the Funds are to be released pursuant to Section  
...209(e)(4) of the Act, CoreStates shall, by 11:00 A.M. on the  
...business day immediately following its receipt of the foregoing

by initiating a federal funds wire, disburse all Funds in the City Account to the City and shall thereafter resume disbursements in accordance with Section 3(a) hereof.

4. CONFLICTS BETWEEN AGREEMENTS.

The Authority and the City acknowledge and agree that CoreStates has, and shall have, no duties, obligations or liabilities under or in respect of any separate agreement or understanding by or between the Authority and the City and that all of CoreStates' obligations and duties with respect to the Funds arise solely under and in accordance with this Agreement and the Act.

5. CONCERNING CORESTATES.

(a) CoreStates shall not be responsible for determining the sufficiency of any of the amounts delivered for deposit into the City Account or the genuineness of any signature on any notice, agreement or instrument delivered hereunder. The duties of CoreStates hereunder shall be entirely administrative and not discretionary. CoreStates is directed hereby to comply with any orders, judgments or decrees of any court with respect to the disbursement of any Funds and shall not be liable as a result of its compliance with the same. CoreStates may rely conclusively upon the genuineness and authorization of the signature or purported signature of any party upon any

instruction, notice, release, receipt or other document delivered to it pursuant to this Agreement.

(b) As to any question arising in connection with the administration of this Agreement, CoreStates may rely absolutely upon the opinions given to it by its counsel and shall be free of liability for acting (or failing to act) in good faith in reliance on such opinions.

(c) In the event of any dispute or conflicting demands by the Authority or the City, whether or not expressly provided for in this Agreement, or if CoreStates otherwise deems it necessary, CoreStates shall have the right to file a suit in interpleader or for instructions or for a declaratory judgment or other relief and obtain an order from the proper court requiring the parties to litigate in such court their conflicting claims or demands. In the event any such action is taken, CoreStates shall be fully released and discharged from all obligations to perform any duties imposed upon it by this Agreement unless and until otherwise ordered by such court, except that CoreStates shall be obligated to account for the Funds and to maintain the City Account as provided in Section 1 hereof.

(d) CoreStates shall not be liable for any action taken or omitted to be taken hereunder except for its own negligence, willful misconduct or lack of good faith.

(e) The Authority may at any time, upon at least five days' prior written notice to CoreStates and the City,

terminate this Agreement, whereupon CoreStates shall promptly close the City Account and transfer all Funds on deposit therein to a successor trustee as directed in writing by the Authority to CoreStates and the City.

(f) The rights and obligations of CoreStates hereunder shall automatically inure to any successor in interest or successor organization to which CoreStates transfers substantially all of its trust business, provided such successor qualifies as trustee for the City Account under the Act.

(g) The fees, costs and expenses of CoreStates for the City Account and investment of the Funds are as set forth on Exhibit "C" attached hereto and incorporated herein by reference and shall be payable by the City at the times set forth on Exhibit "C". The fees and expenses set forth on Exhibit "C" shall be payable from the City Account, if not timely paid by the City. CoreStates is authorized and empowered to deduct such fees and expenses to which it is or may become entitled under this Agreement from the Funds, only if not timely paid by the City and upon prior written notice to the City. The City and CoreStates may revise or supplement Exhibit "C" from time to time by delivering such revision or supplement in writing to the Authority, such revision or supplement to be executed by CoreStates and the City.

(h) CoreStates shall compute the value of the investments in the City Account at the face value thereof or the

current market value thereof, whichever is the lower, or at the redemption price thereof, if then redeemable at the option of the holder. CoreStates shall provide to the City and the Authority on such periodic basis as shall be requested by the City, the valuations of the investments in the City Account and shall provide to the City and the Authority the monthly reports customarily prepared by CoreStates for the City with respect to accounts in CoreStates' trust department. CoreStates shall provide to the City such other reports with respect to the City Account as are reasonably requested by the City; provided, however, that CoreStates is reasonably capable of preparing such reports and that it is compensated for the expense of preparing such reports in amounts as shall be agreed upon by CoreStates and the City, as set forth in Exhibit "C" hereto. CoreStates shall deliver copies of all reports delivered to the City pursuant to this Section 5(h) concurrently to the Authority.

6. MISCELLANEOUS.

(a) Instructions, notices, releases and any other documents delivered under this Agreement shall be sent to the parties hereto as follows:

(i) if to CoreStates:

CoreStates Bank, N.A.  
Corporate Trust Administration  
510 Walnut Street - 6th Floor  
Philadelphia, PA 19106  
Attn: Stephen R. Schaaf  
Corporate Trust Officer  
Fax No: (215) 973-2955

(ii) if to the Authority:

Pennsylvania Intergovernmental  
Cooperation Authority  
2500 One Liberty Place  
Philadelphia, PA 19103  
Attn: Mr. Ronald Henry  
Executive Director  
Fax No: 215-851-1420

(iii) if to the City:

City Treasurer  
1430 Municipal Services Building  
15th Street and John F. Kennedy  
Boulevard  
Philadelphia, PA 19102  
Fax No: 215-568-1947

Each party hereto may designate a different address by  
vice given to the other parties. Such communications shall be  
considered properly sent when sent by facsimile, with  
confirmation; sent by overnight courier; hand-delivered with  
confirmation of receipt; or sent by registered or certified mail,  
return receipt requested.

(b) This Agreement shall be binding upon and  
more to the benefit of the parties hereto and their respective  
successors and assigns. This Agreement is not intended to create  
any rights or benefits in any person other than CoreStates, the  
Authority and the City and no third parties shall be deemed  
beneficiaries hereof.

(c) This Agreement may be amended or modified at  
any time or from time to time in a writing signed by CoreStates  
and the Authority and acknowledged and agreed to in writing by  
the City.

(d) This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

(e) This Agreement may be executed in two or more counterparts each of which shall be deemed an original but all of which together shall constitute one and the same document.

(f) This Agreement, unless sooner terminated pursuant to Section 5(e) hereof, shall terminate when the Authority delivers to CoreStates written notice that the bonds of the Authority are no longer outstanding. Upon receipt of such notice, CoreStates shall immediately transfer all Funds to the City and shall close the City Account.

(g) The City represents that the income and other property of the City are exempt from Federal, Commonwealth and local taxation.

IN WITNESS WHEREOF, the parties hereto have executed  
Agreement as of the date first set forth above.

## **EXHIBIT "A"**

### **Permitted Investments**

Bonds or notes of the United States Government; United States Treasury obligations, and United States Agency obligations.

obligations of the Commonwealth of Pennsylvania or any municipality or other political subdivision of the Commonwealth having taxing power, for which obligations the full faith and credit of the issuer are pledged (except obligations issued or guaranteed by the City and obligations of any other municipality or political subdivision which, at the time of investment is in default with respect to its funded indebtedness), all such obligations being registered or otherwise as to principal and interest; repurchase agreements; and collateralized certificates of deposit issued by commercial banks or savings and loan associations or savings banks domiciled in the Commonwealth of Pennsylvania, provided such obligations, agreements or certificates of deposit mature or become payable not more than two years from the time the investment is made; provided, further, that the underlying securities for repurchase agreements shall be limited to the securities listed in clause (1) of this Exhibit "A" and the underlying securities for certificates of deposit shall be limited to those taxable or tax-free securities listed in Section 19-201 (4) of the Philadelphia Code, a copy of which Section is annexed hereto and incorporated herein by reference.

(Bill No. 855)

AN ORDINANCE

*Explanation*

*(Brackets) indicate matter deleted*  
*Italics indicate new matter added*

Amending Sections 19-201 and 19-202 of The Philadelphia Code, entitled respectively "City Depositories" and "Authorized Investments" by deleting and adding certain designated banks and institutions; permitting as security for deposits and authorizing for investment all obligations of the United States; and extending the maximum allowable maturity date for investments from one to two years.

*The Council of the City of Philadelphia hereby ordains:*

SECTION 1. Section 19-201 of The Philadelphia Code is hereby amended as follows:

§19-201. City Depositories.

(1) Pursuant to the provisions of Section 6-300 of the Charter, the City Treasurer is authorized to deposit City funds in the following banks or institutions:

- (e) Continental Bank [and Trust Company];
- (f) Fidelity [Philadelphia Trust Company] Bank;
- (g) First Pennsylvania Bank [and Trust Company];
- (i) [Girard Trust Bank] Mellon Bank (East);
- (j) Industrial Valley Bank [and Trust Company];

APP NO 297-1

(l) [Lincoln National Bank] *Philadelphia Saving Fund Society*;

[(m) Pennsylvania Warehousing and Safe Deposit Company;]

[(n)] (m) Marian Bank;

[(o)] (n) Philadelphia National Bank;

[(p)] (o) Provident National Bank;

(p) *Atlantic Financial Savings and Loan*;

\* \* \*

(4) Security for Deposits:

(a) Banks or institutions designated by the Council as depositories of City funds shall deposit with the Philadelphia Federal Reserve Bank, or another commercial bank, ~~direct obligations of the United States government or obligations guaranteed by the United States government or obligations of certain agencies of the United States government, specifically the obligations of the Federal Farm Credit Banks, Federal Land Banks, Federal Intermediate Credit Banks, Banks for Cooperatives, Federal Home Bank, or Federal National Mortgage Association;~~ bonds or notes of the United States government, or United States Treasury obligations, or United States Agency obligations, or bonds of the Commonwealth of Pennsylvania or its instrumentalities, authorities, counties, cities, boroughs, incorporated towns, townships or school districts, or notes issued by the City of Philadelphia, or general obligation bonds of other States rated A or better by Moody's Investors Service or Standard and Poor's Corporation, equal to the deposits to be secured. The market value of the securities so pledged shall equal the deposit. The market value is to be determined by such bank or institution holding City deposits as of the close of business on the last day of the previous month or as of the opening of business on the first day of the present month. The

determination of market value by the bank or institution holding the City deposits is to be signed by the bank auditor and is subject to approval by the City Treasurer.

SECTION 2. Section 19-202 of The Philadelphia Code is hereby amended as follows:

§19-202. Authorized Investments.

(1) The Director of Finance, City Treasurer, and City Controller are authorized to invest, in the name of the City, money in the City Treasury which is not required for immediate use, in [direct obligations of the United States government; obligations guaranteed by the United States government; obligations issued by certain agencies of the United States, specifically the Federal Farm Credit Banks, Federal Land Banks, Federal Intermediate Credit Banks, Federal Home Loan Bank, Banks for Cooperatives, or Federal National Mortgage Association;] *bonds or notes of the United States government; United States Treasury obligations; United States Agency obligations;* obligations of this Commonwealth or any Municipality or other political subdivision of this Commonwealth, registered or otherwise as to principal and interest; repurchase agreements; and collateralized certificates of deposit, provided such obligations, agreements or certificates of deposit shall mature or become payable not more than [one year] *two years* from the time the investment is made; provided, further, that the underlying securities for repurchase agreements shall be limited to those taxable securities listed in §19-201(4) and the collateral for certificates of deposit shall be either those taxable or tax-free securities authorized to be used as security for deposits by §19-201(4) of this Chapter.

SECTION 3. This ordinance shall take effect immediately.

INTERGOVERNMENTAL COOPERATION AGREEMENT

THIS INTERGOVERNMENTAL COOPERATION AGREEMENT made and entered into as of the eighth day of January, 1992, by and between the PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY, a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Authority"), and the CITY OF PHILADELPHIA, a city of the first class of the Commonwealth of Pennsylvania (the "City");

W I T N E S S E T H:

WHEREAS, the General Assembly of the Commonwealth of Pennsylvania has enacted the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. \_\_\_\_\_, No. 6) (the "Act"); and

WHEREAS, the Act declares it to be the public policy of the Commonwealth of Pennsylvania (the "Commonwealth") to exercise its retained sovereign powers with regard to taxation, debt issuance and matters of state-wide concern in a manner calculated to foster the fiscal integrity of cities of the first class to assure that these cities provide for health, safety and welfare of their citizens; pay principal and interest owed on their debt obligations when due; meet financial obligations to their employees, vendors and suppliers; and provide for proper financial planning procedures and budgeting practices; and

WHEREAS, the Act further declares that the inability of a city of the first class to provide essential services to its

citizens as a result of a fiscal emergency has been determined to affect adversely the health, safety and welfare not only of the citizens of that municipality but also of other citizens of the Commonwealth; and

WHEREAS, in accordance with the Act, a governing board of the Authority has been duly appointed and has initiated actions intended to provide the City with access to capital markets for deficit elimination and to foster sound financial planning and budgetary practices that will address the underlying problems which result in such deficits; and

WHEREAS, in order to implement such cooperative intergovernmental actions, it is necessary to further define and detail the undertakings of the Authority and the City in this Agreement as anticipated in the Act; and

WHEREAS, the Act declares that the Commonwealth may attach conditions to grants of authority to incur indebtedness or assistance to the City in order to ensure that deficits are eliminated and access to capital markets is achieved and maintained, and that such conditions shall be incorporated into one or more intergovernmental cooperation agreements between the Authority and the City; and

WHEREAS, the Authority and the City intend that this Agreement constitute such an intergovernmental cooperation agreement incorporating certain of such conditions in accordance with the Act; and

WHEREAS, by resolution approved by a qualified majority of its governing board, the Authority has authorized the execution and delivery of this Agreement by the Authority; and

WHEREAS, by ordinance of its City Council, approved by the Mayor, the City has authorized the execution and delivery of this Agreement by the City and has determined that this Agreement constitutes a service agreement as provided for in Section 8-200(3) of the City's Home Rule Charter; and

WHEREAS, in furtherance of the legislative intent of the Act and the actions to be undertaken by the Authority pursuant to the Act and this Agreement, the City, by Ordinance (Bill No. 1437) of its City Council, approved by the Mayor on June 12, 1991, has enacted exclusively for purposes of the Authority a one and one-half percent (1½%) tax on wages, salaries, commissions and other compensation earned by residents of the City and on the net profits earned in businesses, professions or other activities conducted by residents of the City (the "Authority Tax");

NOW, THEREFORE, for good and valuable consideration, and intending to be legally bound hereby, the Authority and the City agree as follows:

#### **ARTICLE I** **DEFINITIONS**

##### **Section 1.01. Definitions.**

In addition to any words and terms elsewhere defined in this Agreement, the following words and terms, when used in this Agreement, shall have the following respective meanings, unless the context clearly requires otherwise. Any other words and terms used in this Agreement which are defined in the Act are used in this Agreement as so defined in the Act.

"Act" shall mean the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. \_\_\_\_\_, No. 6), as it may be amended, supplemented or otherwise modified and in effect from time to time.

"Additional City Documents" shall mean any and all additional documents, instruments, certificates and agreements delivered by or on behalf of the City pursuant to Section 2.01(d) or 2.03 hereof.

"Agreement" shall mean this Intergovernmental Cooperation Agreement, as it may be amended, supplemented or otherwise modified and in effect from time to time.

"Authority Tax" shall have the meaning given to that term in the recitals to this Agreement.

"City Account" shall mean the account so designated and established pursuant to Section 3.01 of this Agreement.

"City Account Depository" shall have the meaning given to that term in Section 3.01 hereof.

"City Controller" shall mean the City Controller of the City.

"City Council" shall mean the City Council of the City.

"Code" shall mean the Internal Revenue Code of 1986, as amended, and all regulations promulgated from time to time thereunder.

"Commonwealth" shall mean the Commonwealth of Pennsylvania.

"Corporate Entity" shall mean an authority or other corporate entity, now existing or hereafter created, of which one or more of the members of its governing board are appointed by the Mayor and which performs governmental functions for the City, and currently including, without limitation, those authorities and corporate entities listed in Exhibit "C" attached hereto.

"Covered Fund" or "Covered Funds" shall mean the principal operating fund or funds of the City, now existing or hereafter created, and shall include the General Fund, the General Capital Fund, and the Grants Revenue Fund and any other principal operating fund of the City which becomes a member of the City's Consolidated Cash Account.

"Days" shall mean, with respect to any period of time under consideration, the number of calendar days during such period excluding the first and including the last day of such period. Whenever the last day of any such period shall fall on a Saturday or Sunday, or on any day made a legal holiday by the laws of the City, the Commonwealth, or of the United States, such day shall be omitted from the computation.

"Deficit" shall mean as of any relevant date of determination or estimation thereof with respect to any Covered Fund or Funds, the amount of such negative fund

balance as is reasonably estimated, projected or determined by the City to exist in any such Covered Fund or Funds as of the close of the relevant fiscal year, as calculated pursuant to the modified accrual basis of accounting according to generally accepted standards and set forth in the relevant approved Financial Plan.

"Director of Finance" shall mean the Director of Finance of the City.

"Extraordinary Contract" shall mean any contract or agreement to which the City is a party or under or on account of which the City may be or become obligated, directly or indirectly, pursuant to which the City will (or upon the occurrence of certain events or circumstances or the satisfaction of certain conditions may) incur a financial obligation or confer a financial benefit upon another, in either case in excess of one million (\$1,000,000) dollars during any fiscal year of the City during the term of such contract or agreement or in excess of five million (\$5,000,000) dollars in the aggregate during the term of such contract or agreement. The City shall not divide individual contracts into separate contracts for purposes of avoiding such limits. Notwithstanding the foregoing, the term "Extraordinary Contract", (a) shall in all cases include, without limitation, any contract or agreement to which the City is a party and which relates to the borrowing of money by the City (regardless of the amount thereof and regardless of whether such borrowing would legally constitute indebtedness of the City), or the direct or indirect

guaranty or incurrence of a liability by the City (through an agreement of guaranty or suretyship, a service agreement or lease with an authority, or otherwise) of or on account of all or any portion of any indebtedness for money borrowed by another person or entity, (b) shall not include any contracts or agreements entered into by the City in the ordinary and usual course of business for the purchase of materials, equipment or supplies or for construction, alteration, repairs, maintenance or other services which are, in any such case, subject to the competitive bidding requirements of the Home Rule Charter or other relevant Pennsylvania law, and (c) shall not include any collective bargaining agreements entered into by the City with any labor union representing any employees of the City.

"Financial Plan" shall mean each financial plan of the City, including all amendments, supplements or revisions thereto from time to time, required to be prepared in accordance with the requirements of Article IV hereof.

"Governor" shall mean the Governor of the Commonwealth.

"Home Rule Charter" shall mean the Philadelphia Home Rule Charter as adopted by the electors of the City of Philadelphia on April 17, 1951, as it may be amended, supplemented or otherwise modified and in effect from time to time.

"Initial Bonds" shall have the meaning given to that term in Section 2.01 hereof.

"Initial Bond Request" shall have the meaning given to that term in Section 2.01 hereof.

"Mayor" shall mean the Mayor of the City.

"Net Proceeds" shall have the meaning given to that term in the Act.

"Outstanding" shall mean, with respect to any bonds of the Authority issued from time to time, all such bonds except, (a) bonds purchased by the Authority or the City for cancellation by the Authority or otherwise required to be canceled by the Authority, and (b) bonds for the payment of the principal of and interest on which moneys or investments sufficient to make such payments timely have been irrevocably deposited with a fiduciary for obligees of the Authority owning such bonds, in each case subject to such limitations and such additional requirements with regard to the payment or provision for payment or cancellation of such bonds as may be set forth in any agreement between the Authority and any obligee of the Authority.

"School District" shall mean The School District of Philadelphia, Pennsylvania.

"Secretary of the Budget" shall mean the Secretary of the Budget of the Commonwealth.

"Special Fund" shall mean any fund (other than the General Fund), whether governmental, proprietary or fiduciary in nature, now existing or hereafter created

on the books of account of the City to account for the receipt and use by the City of financial resources dedicated, earmarked or otherwise in any manner restricted for a particular purpose.

"Supplemental Funds" shall mean the Water Fund and the Aviation Fund of the City.

"Variance" shall have the meaning given to that term in Section 4.10 hereof.

Section 1.02. Rules of Construction.

Unless the context of this Agreement clearly requires otherwise, references to the plural include the singular, the singular the plural, and the part the whole. The words "hereof," "herein," "hereunder" and similar terms in this Agreement refer to this Agreement as a whole and not to any particular provision of this Agreement. The section and other headings contained in this Agreement and the table of contents preceding this Agreement are for reference purposes only and shall not control or affect the construction of this Agreement or the interpretation thereof in any respect. Section, subsection and exhibit references are to this Agreement unless otherwise specified. References in this Agreement to any section or subsection of the Act are to such sections or subsections of the Act as originally in effect and to any successor sections or subsections.

**ARTICLE II**  
**ISSUANCE OF BONDS BY THE AUTHORITY**

Section 2.01. Initial Issuance of Bonds to Finance a Deficit.

(a) As soon as practicable after the receipt by the Authority of a request by the City therefor in accordance with Section 301(g) of the Act (the "Initial Bond Request") and the approval (or deemed approval) by the Authority of the initial Financial Plan of the City pursuant to Sections 4.06 or 4.07 hereof, as the case may be, the Authority shall use its best efforts, subject to the provisions of the Act, to issue and sell bonds (the "Initial Bonds") for the purposes of:

(i) financing, as contemplated by Section 317 of the Act, the entire Deficit with respect to the General Fund of the City for its fiscal year ended June 30, 1991, in such amount as shall have been set forth as such in the initial Financial Plan of the City referred to above;

(ii) funding twelve (12) months' capitalized interest on the Initial Bonds;

(iii) funding a debt service reserve fund for the Initial Bonds, in an amount not to exceed ten percent (10%) of the aggregate principal amount of the Initial Bonds;

(iv) paying the costs of issuance and of credit enhancement, if any, for the Initial Bonds;

(v) funding the initial operating expenses of the Authority; and

(vi) any and all other purposes permitted by the Act, as determined by the Authority in its discretion.

(b) If so requested by the City in the Initial Bond Request, the Authority may, in its sole discretion, issue the Initial Bonds for the additional purpose of financing all or a portion of the Deficit with respect to the General Fund of the City for its fiscal year ending June 30, 1992.

(c) The Initial Bonds shall be sold at such prices, rates of interest and in accordance with such other terms and conditions as may be determined by the Authority in its discretion, consistent with the requirements of the Act. As soon as practicable after the issuance of the Initial Bonds, the Authority shall furnish to the City a complete copy of the transcript of closing documents relating to the Initial Bonds.

(d) The City agrees to cooperate fully with the Authority with respect to the issuance and sale of the Initial Bonds, such cooperation to include, without limitation, (i) promptly furnishing to the Authority and to such other entities as the Authority may reasonably request all such information (accompanied by such certifications of the City concerning the accuracy and completeness of such information as the Authority may reasonably request) concerning the City and its finances and operations as the Authority may reasonably request at any time and from time to time (before or after the issuance of the Initial Bonds) in order to enable the Authority timely to prepare or update and distribute to investors or potential investors in the Initial Bonds disclosure documents (and amendments or supplements thereto) concerning the Initial Bonds and the security therefor and in order to enable the Authority otherwise

to comply with all relevant federal and state securities laws and regulations in respect of the offering and sale of the Initial Bonds, and (ii) the execution and delivery by or on behalf of the City of such additional documents, instruments, certificates, agreements and legal opinions as may be reasonably determined by the Authority, by bond counsel to the Authority or by the initial purchasers of the Initial Bonds to be necessary or desirable in connection with the issuance and sale of the Initial Bonds or to establish or maintain the exclusion from gross income for Federal income tax purposes of the interest on the Initial Bonds.

(e) The Authority shall use its best efforts to request the information, certifications, documents, instruments, certificates, agreements and legal opinions within a reasonable period of time prior to the dates needed for delivery of the foregoing in order to provide the City with a reasonable period for preparation of such information and documentation.

Section 2.02. Application of Net Proceeds of Initial Bonds.

Subject to the provisions of the Act (including, without limitation, Section 202(i) thereof), and subject to the provisions of any of the Additional City Documents or other financing documents executed and delivered by the Authority in connection with the issuance of the Initial Bonds which may require that all or any portion of such Net Proceeds be deposited into an escrow account or similar segregated account subject to special provisions as to the disbursement or application thereof in order to assure compliance with the requirements of the Code applicable to the Initial Bonds, the Authority shall, on the date of its custody and control thereof, or on the business day next succeeding the date of its custody and control thereof, disburse

or cause to be disbursed the Net Proceeds of the issuance and sale of the Initial Bonds to the City by wire transfer of immediately available funds to such account of the City as is designated in writing to the Authority by the Director of Finance. Such disbursement of the Net Proceeds of the Initial Bonds shall constitute a grant of such funds by the Authority to the City without obligation on the part of the City to repay such funds to the Authority.

Section 2.03. Additional Bonds of the Authority.

(a) As and to the extent permitted by the Act, the Authority may from time to time in its discretion issue and sell one or more series of bonds in addition to the Initial Bonds, but only after receiving a proper request by the City therefor to the extent required by the Act. The City acknowledges that the Authority may, in the exercise of such discretion, refuse to issue any such additional bonds. The City agrees to cooperate fully with the Authority in connection with the issuance and sale of any such additional bonds, such cooperation to include, without limitation, (i) promptly furnishing to the Authority, and to such other entities as the Authority may reasonably request, all such information (accompanied by such certifications of the City concerning the accuracy and completeness of such information as the Authority may reasonably request) concerning the City and its finances and operations as the Authority may reasonably request at any time and from time to time (before or after the issuance of such additional bonds) in order to enable the Authority timely to prepare or update and distribute to investors or potential investors in such additional bonds disclosure documents (and amendments or supplements thereto) concerning such additional bonds and the security therefor and in order to enable the

Authority otherwise to comply with all relevant federal and state securities laws and regulations in respect to the offering and sale of such additional bonds, and (ii) the execution and delivery by or on behalf of the City of such additional documents, instruments, certificates, agreements and legal opinions as may be reasonably determined by the Authority, by bond counsel to the Authority or by the initial purchasers of any such additional bonds to be necessary or desirable in connection with the issuance and sale thereof or to establish or maintain the exclusion from gross income for Federal income tax purposes of the interest thereon.

(b) The Authority shall use its best efforts to request the information, certifications, documents, instruments, certificates, agreements and legal opinions within a reasonable period of time prior to the dates needed for delivery of the foregoing in order to provide the City with a reasonable period for preparation of such information and documentation.

### **ARTICLE III**

#### **THE CITY ACCOUNT**

##### **Section 3.01. Establishment of the City Account.**

As contemplated by the Act, the Authority has heretofore established with CoreStates Bank, N.A., in trust for the exclusive benefit of the City, an account designated as the "City Account." The Authority shall maintain the City Account at all times with CoreStates Bank, N.A. or, upon prior written notice to the City, with any other bank with trust powers or a trust company with a place of business in the Commonwealth selected by the Authority in its discretion. CoreStates Bank, N.A. and any other such depository of the City Account are herein

referred to as the "City Account Depository." The City Account and all funds and investments on deposit to the credit thereof shall at all times constitute trust funds for the exclusive benefit of the City and shall not, unless the City otherwise expressly agrees in writing, be subject to lien or attachment by or in favor of any creditor or obligee of the Authority.

Section 3.02. Deposits into the City Account.

(a) There shall be deposited to the credit of the City Account, weekly prior to the issuance of the Initial Bonds and thereafter no less often than monthly, the proceeds of the taxes or other revenues pledged by the Authority or the City, as the case may be, to secure any bonds of the Authority or to secure any payments due from the City to the Authority, but only if and to the extent such tax proceeds or revenues are in excess of the following requirements, as reasonably determined by the Authority, and subject to any limitations as may be set forth in any agreements entered into between the Authority and any obligees of the Authority:

(i) the payment requirements for any bond payment account or accounts established by the Authority in respect of any bonds of the Authority secured by taxes or revenues so pledged;

(ii) any amount required to cure a deficiency in any debt service reserve fund or funds established by the Authority in respect of any bonds of the Authority secured by taxes or revenues so pledged;

(iii) any amount permitted or required to be paid to or retained by the Authority for or on account of the Authority's operating expenses consistent with its budget as enacted pursuant to the Act, after exhaustion for such operating expense purposes of the revenues derived from the investment income of the Authority to the extent such investment income is available to the Authority, and any other amounts representing costs or expenses incurred by the Authority at any time with respect to any bonds of the Authority or with respect to the Authority's compliance with any terms and conditions applicable to such bonds;

(iv) any amounts required to be paid or set aside for future payment by the Authority to the issuer or provider of any credit enhancement or liquidity facility issued in respect of any bonds of the Authority;

(v) any amounts required to be paid or set aside for future payment by the Authority under any interest rate exchange agreements, interest rate cap or floor agreements or other similar agreements or arrangements entered into by the Authority in respect of any bonds of the Authority;

(vi) any amounts required to be paid or set aside for future payment to the Federal Government in respect of the arbitrage rebate requirements of the Code as applicable to any bonds of the Authority; and

(vii) any other amounts required to be paid or set aside for future payment under or in connection with any agreements entered into between the Authority and any obligees of the Authority or between the Authority and the City.

(b) Notwithstanding the foregoing, the City expressly acknowledges and agrees that, until such time as the Authority shall have issued and sold the Initial Bonds, the Authority may deduct from time to time from such tax proceeds or revenues before they are deposited to the credit of the City Account, (i) an initial amount of five hundred fifty thousand (\$550,000) dollars on account of operating expenses of the Authority for the months of August and September, 1991 and to establish an initial operating reserve for the Authority in the amount of one hundred fifty six thousand three hundred thirty nine (\$156,339) dollars, which five hundred fifty thousand (\$550,000) dollars amount the Authority and the City acknowledge has been received by the Authority, (ii) additional amounts each month thereafter on account of operating expenses budgeted to be incurred by the Authority during the next following month and (iii) an additional amount sufficient to repay in full the one hundred fifty thousand (\$150,000) dollars advanced to the Authority by the Commonwealth pursuant to Section 701 of the Act.

The Authority agrees, to the extent permitted by the Act, to issue the Initial Bonds in such aggregate principal amount as to fund, inter alia, five hundred thousand (\$500,000) dollars of Authority operating expenses and to repay such one hundred fifty thousand (\$150,000) dollars advance from the Commonwealth, and to the extent the Authority has previously deducted amounts from tax proceeds or revenues pursuant to the immediately preceding sentence on account of operating expenses (up to five hundred

thousand (\$500,000) dollars), or on account of issuance costs of bonds of the Authority (to the extent such amounts are reimbursed from bond proceeds), or on account of such advance from the Commonwealth, the Authority agrees to pay over to the City, as part of the Net Proceeds of the Initial Bonds, to be paid immediately to the City, the amounts so deducted.

Section 3.03. Investment of the City Account.

(a) Amounts on deposit to the credit of the City Account shall be invested at the direction of the City only in investments permitted by the Act.

(b) The directions of the City as to the investment of the City Account shall be provided in writing to the City Account Depository (with a copy sent concurrently to the Authority) by the Director of Finance or his or her designee, and the Authority shall not be liable or responsible for any loss suffered on account of any investment made upon such directions.

(c) The Authority shall direct the City Account Depository to provide to the City and the Authority at least monthly an accounting in reasonable detail of all investments, interest earnings, and fees, costs, expenses and charges in connection with the City Account. All fees, charges, costs and expenses associated with the City Account and the investment thereof shall be the responsibility of the City and not the Authority.

Section 3.04. Disbursement of Funds from the City Account.

Subject to any suspension of disbursements permitted pursuant to Section 4.12 of this Agreement and Section 210(e) of the Act, the Authority shall cause the disbursement to the City of all amounts on deposit to the credit of the City Account on a weekly basis, on or before the last business day of each calendar week, prior to the issuance of the Initial Bonds and thereafter on a monthly basis on the last business day of each calendar month so long as any bonds are Outstanding. Disbursements from the City Account may be made on a more frequent basis as may be requested by the City at any time and agreed to by the Authority in its discretion. Such amounts shall be disbursed by wire transfer of immediately available funds to such account of the City's General Fund as is designated in writing to the Authority by the Director of Finance, to be applied by the City to the general expenses of government of the City.

**ARTICLE IV**  
**PREPARATION, APPROVAL AND EFFECT OF THE CITY'S FINANCIAL PLAN**

Section 4.01. Submission of the Financial Plan.

(a) The City shall, as soon as practicable, submit to the Authority an initial Financial Plan prepared in accordance with the requirements of this Article IV and the Act. The initial Financial Plan shall include projected revenues and expenditures of the Covered Funds for five (5) fiscal years of the City consisting of the then-current fiscal year of the City and the next four (4) fiscal years thereafter.

(b) In addition, at least one hundred (100) Days (or on or before such other date as the Authority may approve at the request of the City) prior to the beginning of each fiscal year of the City so long as any bonds of the Authority are

Outstanding, the Mayor shall submit to the Authority a revised Financial Plan prepared in accordance with the requirements of this Article IV and the Act. Each such revised Financial Plan shall include projected revenues and expenditures of the Covered Funds for five (5) fiscal years of the City consisting of the fiscal year of the City beginning on the July 1 next following the date such Financial Plan is required to be submitted to the Authority pursuant to the immediately preceding sentence and the next four (4) fiscal years thereafter.

(c) Each Financial Plan shall include, without limitation, components that will:

(i) eliminate any Deficit for the current fiscal year and for subsequent fiscal years;

(ii) restore to Special Fund accounts money from those accounts used for purposes other than those specifically authorized;

(iii) balance the current fiscal year budget and subsequent budgets in the Financial Plan through sound budgetary practices, including, but not limited to, reductions in expenditures, improvements in productivity, increases in revenues, or a combination of these steps;

(iv) provide procedures to avoid a fiscal emergency condition in the future; and

(v) enhance the ability of the City to regain access to the short-term and long-term credit markets.

(d) Each Financial Plan shall demonstrate the City's responsibility to exercise efficient and accountable fiscal practices, such as, but without limitation:

- (i) increased managerial accountability;
- (ii) consolidation or elimination of inefficient City programs;
- (iii) recertification of tax-exempt properties;
- (iv) increased collection of existing tax revenues;
- (v) privatization of appropriate City services;
- (vi) sale of City assets as appropriate;
- (vii) improvement of procurement practices, including competitive bidding procedures;
- (viii) review of compensation and benefits of City employees; and
- (ix) identification of and requests for appropriate funding from other governments for services delivered by the City.

Section 4.02. Standards for the Financial Plan.

(a) Each Financial Plan shall reflect balanced budgets for each fiscal year of the City. All projections of revenues and expenditures in the Financial Plan shall be based on assumptions and methods of estimation determined to be reasonable and appropriate by the Authority, all such assumptions and methods to be consistently applied. All revenue and appropriation estimates shall be on a modified accrual basis in accordance with generally accepted standards. Estimates of revenues shall recognize revenues in the accounting period in which they become both measurable and available. Estimates of City-generated revenues shall be based on current or proposed tax rates, historical collection patterns and generally recognized econometric models reasonably acceptable to the Authority.

(b) Estimates of revenues to be received from the Commonwealth shall be based on historical patterns, currently available levels, or on levels proposed in a budget by the Governor. Estimates of revenues to be received from the Federal Government shall be based on historical patterns, currently available levels, or on levels proposed in a budget by the President of the United States or in a Congressional budget resolution. Nontax revenues shall be based on current or proposed rates, charges or fees, historical patterns and generally recognized econometric models reasonably acceptable to the Authority. Appropriation estimates shall include, at a minimum, all obligations incurred during the fiscal year and estimated to be payable during the fiscal year or in the twenty-four (24) month period following the close of the current fiscal year, and all obligations of prior fiscal years not covered by encumbered funds from prior fiscal years.

(c) All cash flow projections for the Financial Plan shall be based upon assumptions as to sources and uses of

cash determined to be reasonable and appropriate by the Authority, including, but not limited to, assumptions as to the timing of receipt and expenditure of such cash and the issuance of tax or revenue anticipation notes of the City pursuant to Chapter 4 of the Act, and shall provide for operations of the City to be conducted within the resources so projected. All estimates shall take into account the past and anticipated collection, expenditure and service demand experience of the City and current and projected economic conditions.

(d) Any deviations from the standards set forth in this Section 4.02 which the City proposes to use in the preparation of any Financial Plan shall be specifically disclosed by the City to the Authority not later than the submission to the Authority of such Financial Plan and shall be subject to approval by a qualified majority of the board of the Authority.

#### Section 4.03. Form of the Financial Plan.

(a) Each Financial Plan shall, consistent with the Home Rule Charter, be in such form as may be prescribed by the Authority and shall contain the following:

(i) for each of the first two (2) fiscal years of the City covered by the Financial Plan, with respect to the Covered Funds, such information as shall reflect the City's total expenditures by fund and by lump sum amount for each board, commission, department or office of the City; and

(ii) for each of the three (3) remaining fiscal years of the City covered by the Financial

Plan, with respect to the Covered Funds, such information as shall reflect the City's total expenditures by fund and by lump sum amount for major object classification.

(b) Each Financial Plan shall include projections of all revenues and expenditures for five (5) fiscal years, including, but not limited to, projected capital expenditures and short-term and long-term debt incurrence and cash flow forecasts by Covered Fund for the first year of the Financial Plan. Each Financial Plan shall include a schedule of projected capital commitments of the City and proposed sources of funding for such commitments; shall specifically explain the estimated or projected impact, if any, of such capital commitments on the Covered Funds; and shall with respect to the Supplemental Funds and Special Funds provide such information as is necessary to explain the estimated or projected impact, if any, of those Supplemental Funds and Special Funds on the Covered Funds.

Section 4.04. Supporting Information, Opinions, and Statements for the Financial Plan.

Each Financial Plan submitted by the City to the Authority shall be accompanied by the following supporting information:

(a) a schedule of debt service payments due or projected to become due in respect of all indebtedness of the City and all indebtedness of others supported in any manner by the City (by guaranty, lease, service agreement or otherwise) during each fiscal year of the City until the final scheduled maturity of such indebtedness, such schedule to set forth such

debt service payments separately according to the general categories of direct general obligation debt, direct revenue debt, lease obligations, service agreement obligations and guaranty obligations;

(b) a schedule of payments for legally mandated services included in the Financial Plan and due or projected to be due during the fiscal years of the City covered by the Financial Plan;

(c) a statement describing, in reasonable detail, the significant assumptions and methods of estimation used in arriving at the projections contained in the Financial Plan;

(d) the Mayor's proposed operating budget and capital budget for each of the Covered Funds for the next (or in the case of the initial Financial Plan, the current) fiscal year of the City, which budgets shall be consistent with the first year of the Financial Plan and which budgets shall be prepared in accordance with the Home Rule Charter;

(e) a statement by the Mayor that the budgets described in Section 4.04(d) hereof:

(i) are consistent with the Financial Plan;

(ii) contain funding adequate for debt service payments, legally mandated services and lease payments securing bonds of other government agencies or of any other entities; and

(iii) are based on reasonable and appropriate assumptions and methods of estimation.

(f) a cash flow forecast for the City's consolidated cash account for the first fiscal year of the City covered by the Financial Plan;

(g) an opinion or certification of the City Controller, prepared in accordance with generally accepted auditing standards, with respect to the reasonableness of the assumptions and estimates in the Financial Plan; and

(h) a schedule setting forth the number of authorized employee positions (filled and unfilled) for the first year covered by such Financial Plan for each board, commission, department or office of the City, and an estimate of this information for the later years covered by the Financial Plan. The schedule required under this paragraph (h) shall be accompanied by a report setting forth the City's estimates of wage and benefit levels for various groups of employees, such information to be presented in a manner which will allow the Authority to understand and effectively review the portions of the Financial Plan which reflect the results of the City's labor agreements with its employees, and an analysis of the financial effect on the City and its employees of changes in compensation and benefits, in collective bargaining agreements, and in other terms and conditions of employment, which changes may be appropriate in light of the City's current and forecast financial condition. The parties agree to cooperate such that the form of the report required under this paragraph (h), and the subjects covered, are reasonably satisfactory to the Authority.

Section 4.05. Authority Consultation with the City in Preparation of the Financial Plan.

The Authority shall consult with the City as it prepares its Financial Plan and may offer such assistance and advice as the Authority deems appropriate.

Section 4.06. Authority Review and Approval of the Financial Plan.

(a) The Authority shall promptly review each Financial Plan, proposed operating budget and capital budget submitted by the City. Not more than thirty (30) Days after submission by the City of a Financial Plan and proposed operating and capital budgets, the Authority shall determine the following:

(i) whether the Financial Plan projects balanced budgets for the Covered Funds, based on reasonable assumptions, as described in this Agreement, for each year of the Financial Plan; and

(ii) whether the proposed operating budget and capital budget are consistent with the proposed Financial Plan.

(b) If the Authority determines that these criteria are satisfied, the Authority shall approve such Financial Plan by vote of a qualified majority of its board. The Authority shall not be bound by any opinions or certifications of the City Controller issued pursuant to the Act or this Agreement.

If the Authority fails to take any action within thirty (30) Days of the submission of a proposed Financial Plan, the proposed

Financial Plan as submitted shall be deemed approved by the Authority. However, if during such 30-Day period a written request by two (2) members of the Authority board for a meeting and vote on the question of approval of the proposed Financial Plan has been submitted to the chairperson and a meeting and vote does not take place, the proposed Financial Plan shall be deemed disapproved.

Section 4.07. Authority Disapproval of the Financial Plan.

If a proposed Financial Plan is disapproved by the Authority, the Authority shall notify the City thereof and shall state in writing in reasonable detail the reasons for such disapproval, including the amount of any estimated budget imbalance in a Covered Fund. The City shall submit a revised Financial Plan to the Authority within fifteen (15) Days of such disapproval, which revised Financial Plan eliminates the budget imbalance. Not more than fifteen (15) Days after the submission of such revised Financial Plan, the Authority shall determine whether the revised Financial Plan satisfies the criteria set forth in Section 4.06 of this Agreement. If the Authority determines that these criteria are satisfied, the Authority shall approve the revised Financial Plan by vote of a qualified majority of its board. If the Authority shall not so approve the revised Financial Plan, then the Authority shall, subject to the occurrence of the events described in Section 4.12 of this Agreement, certify the City's noncompliance with the Financial Plan to the Secretary of the Budget.

Section 4.08. Revisions to the Financial Plan.

(a) While any bonds of the Authority remain Outstanding, each Financial Plan shall be revised on an annual basis to include, among other things, the operating and capital budgets of the City for its next fiscal year and any additional funds which pursuant to the definition of the term "Covered Funds" become new Covered Funds at any time during the prior fiscal year, and to extend the Financial Plan for an additional fiscal year. Such annual Financial Plans shall be submitted by the City in accordance with Section 4.01 of this Agreement and shall be reviewed by the Authority in accordance with Section 4.06 of this Agreement.

(b) Each Mayor shall, within ninety (90) Days of assuming office, propose to the Authority revisions to the Financial Plan, or certify to the Authority that he or she adopts the then-existing Financial Plan. If the Mayor fails, within said 90-Day period, to propose revisions to the Financial Plan or to certify that he or she adopts the then-existing Financial Plan, the then-existing Financial Plan shall nevertheless remain in full force and effect. In addition, the City may, during the course of a fiscal year, submit proposed revisions to the then-existing Financial Plan, and the City shall submit a proposed revision to the then-existing Financial Plan for any amendment to the City's operating or capital budget within fifteen (15) Days after such amendment becomes effective and for any additional fund which, pursuant to the definition of the term "Covered Funds," becomes a new Covered Fund, within fifteen (15) Days after such fund becomes a Covered Fund. The Authority shall review each such proposed revision within twenty (20) Days of its submission. The Authority shall approve the revision if it will not, based on assumptions deemed reasonable by the Authority, cause the Financial Plan to become imbalanced. Proposed revisions shall become part of the Financial Plan upon the

approval of a qualified majority of the board of the Authority, unless some other method of approval is permitted by Authority rules and regulations approved by a qualified majority of the board of the Authority. If the Authority fails to take action within twenty (20) Days on a proposed revision, such submission shall be deemed approved unless a written request for a meeting and vote of the Authority has been made in accordance with Section 4.06 of this Agreement, in which event if a meeting and vote does not take place, the proposed revision shall be deemed to have been disapproved. If the City Council adopts a budget inconsistent with an approved Financial Plan, the City shall submit the enacted budget to the Authority as a proposed revision to such Financial Plan within twenty (20) Days after such budget has been so enacted. In this event, the Authority shall review the proposed revision within thirty (30) Days of its submission, in accordance with the criteria set forth in Section 4.06 of this Agreement and this Section 4.08(b).

Section 4.09. Supplemental Reports.

(a) After a Financial Plan has been approved by the Authority, the City shall prepare and submit to the Authority and the Authority shall review the periodic reports required by this Section 4.09.

(b) Within forty-five (45) Days of the end of each fiscal quarter of the City, and also monthly (within thirty (30) Days after the end of the previous month) if a Variance from the Financial Plan has been determined to have occurred in accordance with Section 4.10 of this Agreement, the Mayor shall provide to the Authority a report describing actual, or current estimates of, revenues, expenditures and cash flows by Covered Fund (excepting the Grants Revenue Fund) compared to budgeted

revenues, expenditures and cash flows by Covered Funds (excepting the Grants Revenue Fund) for such previous quarterly or monthly period (as the case may be) and for the year-to-date period from the beginning of the then-current fiscal year of the City to the last day of the fiscal quarter or month (as the case may be) just ended. Each report shall explain any Variance existing as of the last day of such fiscal quarter or month, as the case may be.

(c) Any reports after the original Financial Plan for the Grants Revenue Fund financial projections will assume the fiscal year 1992 funding level throughout the five (5) year period. The City will include a Contingency Account appropriation which will be utilized to fund any increases in existing grants or new grants to the City. The City will provide to the Authority within twenty (20) Days after the close of each of its fiscal quarters a report by department of the disbursements from the Contingency Account.

(d) At least sixty (60) Days prior to the beginning of each fiscal quarter of the City, the Mayor shall provide to the Authority a report certified by the City Controller describing for the following quarter the debt service requirements on all bonds and notes of the City and all lease payments of the City securing the bonds of other government agencies. The reports shall be in such form and contain such information as may be specified by the Authority, and shall be updated to reflect any change in debt service immediately upon each issuance of bonds or notes by the City or upon execution of a lease by the City which secures bonds of another government agency.

(e) The Director of Finance shall provide within forty-five (45) Days of the end of each fiscal quarter a report

of financial operations of each of the Supplemental Funds for such fiscal quarter.

Section 4.10. Determination of Adherence to or Variance from the Financial Plan.

(a) Based upon the reports described in Sections 4.09 and 5.03(e) of this Agreement or upon such independent audits, examinations or studies of the City's finances as may be conducted by or on behalf of the Authority, the Authority shall determine if the City has adhered to or varied from its Financial Plan. For the purposes of this Agreement, a "Variance" shall be deemed to have occurred as of the end of a reporting period as reflected on a report submitted pursuant to Section 4.09 hereof if (i) a net adverse change in the fund balance of a Covered Fund of more than one percent (1%) of the revenues budgeted for such Covered Fund for that fiscal year is reasonably projected to occur, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year, or (ii) the actual net cash flows of the City for a Covered Fund are reasonably projected to be less than ninety-five percent (95%) of the net cash flows of the City for such Covered Fund for that fiscal year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year. If the Authority determines that a Variance exists it shall notify the City in writing. The City shall, within ten (10) Days after request by the Authority, provide to the Authority such additional information as the Authority deems necessary to explain the Variance.

(b) The Authority shall take no action with respect to the City for Variances from the Financial Plan in any fiscal quarter if:

(i) the City, within thirty (30) Days after receipt of notification from the Authority pursuant to Section 4.10(a) hereof, provides a written explanation for the Variance that the Authority deems reasonable;

(ii) the City, within forty-five (45) Days after receipt of notification from the Authority pursuant to Section 4.10(a) hereof, proposes remedial action which the Authority believes will restore the City's overall compliance with the Financial Plan;

(iii) information provided by the City to the Authority in the immediately succeeding quarterly financial report pursuant to Section 4.09(b) hereof demonstrates, to the reasonable satisfaction of the Authority, that the City is taking such remedial action and is otherwise complying with the Financial Plan; and

(iv) the City submits monthly supplemental reports in accordance with Section 4.09(b) of this Agreement until it regains compliance with the Financial Plan.

#### Section 4.11. Authority Recommendations.

The Authority may at any time issue recommendations as to how the City may achieve compliance with the Financial Plan, and shall provide copies of such recommendations to the Mayor, the City Controller, the City

Council, the Governor, the presiding officers of the Senate and the House of Representatives of the Commonwealth, and the Chairpersons of the Appropriations Committees of the Senate and the House of Representatives of the Commonwealth.

Section 4.12. Withholding of Funds.

(a) The Authority shall certify to the Secretary of the Budget the City's noncompliance with any Financial Plan during any period when the Authority has determined by the vote of a qualified majority of its board that the City has not adhered to such Financial Plan and has not taken acceptable remedial action during the next fiscal quarter following such departure from the Financial Plan. In addition, the Authority shall certify to the Secretary of the Budget that the City is not in compliance with its Financial Plan if the City:

(i) has no Financial Plan approved by the Authority at any time, or has failed to file any Financial Plan with the Authority as required hereunder or under the Act; or

(ii) has failed to file with the Authority mandatory revisions to any Financial Plan required by the Act or Sections 4.08, 5.06(b), 5.07(b) and 5.08(e) of this Agreement or reports as required by the Act or Section 4.09 of this Agreement; and

(iii) has not been compelled to file a Financial Plan, a mandatory revision to a Financial Plan, or a report through a mandamus action authorized under Section 5.10 of this Agreement and Section 210(j) of the Act.

(b) The City and the Authority acknowledge that the Act provides that if the Authority certifies that the City is not in compliance with any Financial Plan in accordance with this Section 4.12, the Secretary of the Budget shall notify the City that such certification has been made and that each grant, loan, entitlement or payment to the City by the Commonwealth, or any of its agencies, of Commonwealth funds and payment to the City from the City Account, shall be suspended pending compliance with such Financial Plan. Funds withheld shall be held in escrow by the Commonwealth or, in the case of the City Account, shall be retained in the City Account until compliance with the Financial Plan is restored as set forth below. The Act provides that funds held in escrow pursuant to this Section 4.12(b) shall not lapse pursuant to Section 621 of the act of April 9, 1929 (P.L. 177, No. 175), known as The Administrative Code of 1929, or any other law.

(c) The Authority shall, by a qualified majority of its board, determine when the conditions which caused the City to be certified as not in compliance with a Financial Plan have ceased to exist, and shall promptly notify the Secretary of the Budget of such determination. The City and the Authority acknowledge that the Act provides that the Secretary of the Budget shall thereupon release all funds held in escrow, together with all interest and income earned thereon during the period held in escrow, and the disbursements to the City of amounts in the City Account shall resume as provided in Section 3.04 of this Agreement (with all amounts then on deposit to the credit of the City Account which would have been, but for the suspension of disbursements referred to in this Section 4.12, previously distributed to the City to be disbursed to the City within one (1) business day following such release).

Section 4.13. Exemptions to Withholding by the Commonwealth.

Notwithstanding the provisions of Section 4.12 of this Agreement, the Authority and the City acknowledge that the Act provides that the following shall not be withheld from the City by the Commonwealth:

(a) funds for capital projects under contract in progress;

(b) funds granted or allocated to the City directly from an agency of the Commonwealth, or from the Federal Government for distribution by the Commonwealth after the declaration of a disaster resulting from a catastrophe;

(c) pension fund payments required by law;

(d) funds administered by the City's Department of Human Services or Department of Health that provide benefits or services to recipients;

(e) funds that the City has pledged to repay bonds or notes issued under the act of October 18, 1972 (P.L. 955, No. 234), known as The First Class City Revenue Bond Act; and

(f) funds appropriated by the Commonwealth for the court system or correctional programs of the City.

Except as otherwise permitted by law, the City agrees that it shall apply any such funds it receives on account of any

of the foregoing obligations or purposes solely to such obligations and purposes (or, to the extent permitted by law and by the terms of any relevant contract or agreement, to reimburse itself for prior payments it has made from other sources on account of such obligations and purposes in anticipation of receipt of such funds) and for no other obligations or purposes.

The City shall promptly furnish to the Authority such information in such detail as the Authority may reasonably request from time to time to evidence the City's compliance with the immediately preceding sentence.

Section 4.14. Commonwealth's Failure to Disburse Funds.

The withholding provisions set forth in Section 4.12 of this Agreement shall not apply, and the City shall not be found to have departed from any Financial Plan, due to the Commonwealth's failure to pay any money, including payment of Federal funds distributed by or through the Commonwealth, due to the City from moneys appropriated by the General Assembly of the Commonwealth, provided that any such failure by the Commonwealth to pay any such money shall not be as a result of any fault of the City.

ARTICLE V  
ADDITIONAL AGREEMENTS OF THE CITY AND THE AUTHORITY

Section 5.01. Authority Budgets.

As, when and to the extent required by the Act, the Authority shall submit to the Governor and the General Assembly of the Commonwealth a copy of the Authority's budget for each fiscal year of the Authority. The Authority shall deliver an additional copy of each such budget to the Director of Finance

concurrently with the submission thereof by the Authority to the Governor and the General Assembly as aforesaid, it being expressly understood that, notwithstanding such delivery, the Act does not provide the City with any rights of approval regarding the budgets of the Authority, and the City acknowledges that it has no such rights. The City acknowledges that it has received a copy of the initial operating budget of the Authority for the period ending June 30, 1992.

Section 5.02. Authority Taxes.

(a) The City and the Authority acknowledge that the City has heretofore enacted and imposed the Authority Tax exclusively for the purposes of the Authority pursuant to Section 601 of the Act and that the City may hereafter, in its discretion, enact and impose additional taxes for the Authority pursuant to said Section 601 of the Act.

(b) Pursuant to Sections 307(c), 308 and 602 of the Act and the Ordinance (Bill No. 1437) of City Council approved June 12, 1991, the City hereby pledges to and agrees with the Authority and each and every obligee of the Authority secured by an Authority pledge of the Authority Tax (which obligees are expressly intended to be third-party beneficiaries of this Section 5.02(b)) that the City will not reduce the rate of or repeal in whole or in part the Authority Tax until the principal amount of all bonds of the Authority secured by a pledge of the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of the Authority. The City acknowledges and agrees that, as provided in the Act, all revenues from the Authority Tax shall be revenues and property of the Authority and not revenues or

property of the City, and accordingly may be freely pledged by the Authority to secure bonds of the Authority and other obligations of the Authority to obligees of the Authority and shall not be subject to appropriation by the City Council. The Authority may assign its rights to enforce the provisions of this Section 5.02(b) to any obligees of the Authority secured by a pledge of any Authority Tax.

(c) To the extent the City or any department or agency of the City has been duly appointed to act as the agent of the Department of Revenue of the Commonwealth to collect and enforce any Authority Tax pursuant to the Act, the City agrees to so collect and enforce such Authority Tax, including interest and penalties, in a lawful and diligent manner at the direction of the Commonwealth's Department of Revenue; provided, however, that any moneys so collected by the City or any department or agency thereof as such agent shall not be commingled with any other funds of the City and shall be segregated and paid over to the Department of Revenue of the Commonwealth at least every two (2) weeks.

Section 5.03. Additional Reporting Requirements of the City.

(a) The City hereby agrees to deliver or cause to be delivered to the Authority, as soon as they become available, copies of all reports, documents, budgetary and financial planning data and any other information prepared by or on behalf of the City regarding the revenues, expenditures, budgets, costs, plans, operations, estimates and any other financial or budgetary matters of the City.

(b) In addition, the City hereby agrees, promptly upon request of the Authority from time to time, to prepare and furnish to the Authority, or cause to be prepared and furnished to the Authority, at the expense of the City, such additional reports concerning the matters described in Section 5.03(a) hereof or otherwise described herein or in the Act as the Authority may deem necessary to accomplish the purposes of the Act. The City acknowledges that the Authority may, in its sole discretion, at any time and from time to time accept and rely upon any reports prepared and furnished to the Authority by the City Controller in lieu of engaging private consultants to prepare reports of the City pursuant to this Section 5.03(b); provided, however, that nothing in this sentence shall be deemed to expand or vary the powers of the City Controller pursuant to the Home Rule Charter.

(c) The City hereby agrees to deliver to the Authority, within sixty (60) Days after the effective date of this Agreement, a schedule setting forth in reasonable detail the nature and amount of all funds which as of such date may not be withheld from the City by the Commonwealth pursuant to Section 210(f) of the Act and as described in Section 4.13 hereof; the dates on or as of which the City reasonably anticipates receipt of such funds; and the nature and amount of all other funds payable by or through the Commonwealth to the City and the date or dates on or as of which the City reasonably anticipates receipt of such other funds. The City shall periodically update such schedule at least once during each fiscal quarter of the City thereafter. Each such schedule shall be accompanied by a certificate of the Director of Finance setting forth the specific uses of all such funds so exempt from withholding and demonstrating that such uses fall within one or more of the exemptions from withholding described in Section 4.13 hereof.

(d) The City hereby agrees to deliver to the Authority, promptly upon receipt thereof by the City, copies of all reports, documents, budgetary and financial planning data and any other information prepared by or on behalf of the School District or any Corporate Entity regarding the revenues, expenditures, budgets, costs, plans, operations, estimates and any other financial or budgetary matters of the School District or any such Corporate Entity. To the extent permitted by law, the City agrees to cooperate with the Authority in connection with any request by the Authority to the School District or any such Corporate Entity for any such information by exercising any available rights and remedies to this end under any contracts or agreements between the City and the School District or such Corporate Entity to cause the School District and such Corporate Entity to deliver to the Authority all such information to which the Authority may be entitled under the Act. The Authority agrees to comply with the applicable laws and regulations with respect to the confidentiality of personnel, patient care, and other records maintained or received by the City.

(e) The Director of Finance shall as promptly as practicable provide to the Authority additional informational reports from time to time concerning changed conditions or unexpected events which may affect the City's adherence to its then-current Financial Plan.

#### Section 5.04. Inspection Rights.

Upon reasonable notice from the Authority, the City agrees to permit such persons as the Authority may designate from time to time to visit, inspect and observe the operations of the City; to examine, inspect and copy any and all books, records

and other information of or pertaining to the City; and to discuss the affairs of the City with any or all of the officials, employees and independent accountants of the City, as the case may be, all to the extent deemed necessary by the Authority to accomplish the purposes of the Act and at such times and as often as the Authority may reasonably request. The City agrees to cooperate fully in connection with any such undertaking by the Authority. As to the School District or any Corporate Entity, the City agrees to cooperate with the Authority in connection with any request by the Authority to the School District or any such Corporate Entity for any such information by exercising any available rights and remedies to this end under any contracts or agreements between the City and the School District or such Corporate Entity to cause the School District and such Corporate Entity to deliver to the Authority all such information to which the Authority may be entitled under the Act. The Authority agrees to comply with applicable laws and regulations with respect to the confidentiality of personnel, patient care, and other records maintained by the City.

#### Section 5.05. Independent Audits.

As provided under the Act, the City agrees that the Authority may in its reasonable discretion conduct or cause to be conducted such independent audits, examinations or studies of the City as the Authority deems appropriate. As to the School District or any Corporate Entity, the City agrees to cooperate with the Authority in connection with any request by the Authority to the School District or any such Corporate Entity for any such information by exercising any available rights and remedies to this end under any contracts or agreements between the City and the School District or such Corporate Entity to cause the School District and such Corporate Entity to deliver to

the Authority all such information to which the Authority may be entitled under the Act. The Authority agrees to comply with applicable laws and regulations with respect to the confidentiality of personnel, patient care, and other records maintained by the City.

Section 5.06. Contracts of the City.

(a) A contract in existence in the City prior to the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement shall remain effective after approval of such Financial Plan until such contract expires, but the City shall provide to the Authority in writing, promptly upon the request of the Authority from time to time, such explanations and analyses regarding any aspects of any such contracts as the Authority may so request at any time.

(b) After the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement, the City shall execute contracts the financial terms of which are in compliance with such Financial Plan. If the City executes a contract which is not in compliance with the Financial Plan, the contract shall not be void or voidable solely by reason of such noncompliance, but the City shall as soon as practicable (but in no event later than fifteen (15) Days after the execution by the City of such contract) submit to the Authority a proposed revision to the Financial Plan which demonstrates to the reasonable satisfaction of the Authority that revenues sufficient to pay the costs of the contract will be available in the affected fiscal years of the Financial Plan.

(c) The City agrees that it shall, as soon as practicable but in no event later than seven (7) Days prior to

entering into any Extraordinary Contract, deliver to the Authority:

(i) a summary of the terms of such Extraordinary Contract, said summary shall be substantially in the form of Exhibit "A" attached hereto; and

(ii) a written statement of the Director of Finance setting forth whether or not, in the opinion of the Director of Finance, the performance by the City of such Extraordinary Contract will be consistent with the Financial Plan of the City as then in effect pursuant to the Act and this Agreement.

The Authority may, within seven (7) Days after receipt by the Authority of said summary of the Extraordinary Contract and such statement of the Director of Finance, make comments or recommendations in writing with respect to such Extraordinary Contract, which comments and recommendations the City agrees to consider. Within four (4) Days after receipt of the summary and written statement, the Authority may request a full and complete copy of the Extraordinary Contract. The Authority may within three (3) Days after receipt by the Authority of the full and complete Extraordinary Contract make comments and recommendations with respect to such Extraordinary Contract, which comments and recommendations the City agrees to consider prior to its execution of such Extraordinary Contract.

Notwithstanding the foregoing provisions of this Section 5.06(c), to the extent that, due to a bona fide emergency involving an imminent threat to the health or safety of any

persons, the City is effectively unable to comply with the requirements of this Section 5.06(c) before entering into an Extraordinary Contract in respect of such an emergency, the City shall be deemed to have complied with this Section 5.06(c) if it delivers a summary of such Extraordinary Contract, in a form substantially similar to the form on Exhibit "A" hereto, to the Authority as soon as practicable before, and in no event later than five (5) Days after, the City enters into such Extraordinary Contract and no later than ten (10) Days after so delivering such summary delivers the statement of the Director of Finance required above and an additional statement of the Director of Finance explaining the full circumstances of such emergency and certifying that solely due to such emergency the City was unable to comply with the requirements of this Section 5.06(c) that would otherwise be applicable. For Extraordinary Contracts of the City in circumstances other than those posing an imminent threat to the health or safety of any persons but requiring the immediate attention of the City including, but not limited to, circumstances involving a bond or note purchase agreement or settlement agreement, the City will be deemed to have complied with this Section 5.06(c) if it delivers to the Authority: (i) a summary of such Extraordinary Contract (other than for a bond or note purchase agreement or settlement agreement) in a form substantially similar to the form on Exhibit "A" hereto, (ii) in the case of a settlement agreement, a description of the impact of such agreement on the Financial Plan, or (iii) in the case of a bond or note purchase agreement, a summary in a form substantially similar to the form on Exhibit "B" hereto (such delivery of the summary of a bond or note purchase agreement to be as soon as practicable before but no less than three (3) Days prior to execution thereof and with respect to a settlement agreement or other Extraordinary Contract, such delivery of required information to be as soon as practicable before, and in

no event later than five (5) Days after, the City enters into such Extraordinary Contract), and in any such case no later than ten (10) Days after so delivering such information delivers the statement of the Director of Finance required above and an additional statement of the Director of Finance explaining the full circumstances of such contract.

(d) Prior to the execution of any Extraordinary Contract, the Authority shall keep confidential all information relating to such contract and shall make all recommendations and communications with respect thereto exclusively to the City.

Section 5.07. Collective Bargaining Agreements of the City.

(a) A collective bargaining agreement in existence in the City prior to the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement shall remain effective after approval of such Financial Plan until such collective bargaining agreement expires by its terms or is otherwise terminated, but the City shall provide to the Authority in writing, promptly upon the request of the Authority from time to time, such explanations and analyses regarding any aspects of any such collective bargaining agreements as the Authority may so request at any time.

(b) After the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement, the City shall execute collective bargaining agreements in compliance with such Financial Plan. If the City executes a collective bargaining agreement, or receives an arbitration award (other than an arbitration award covered by Section 5.08 hereof, as to which the provisions of Section 5.08 shall apply), which is

not in compliance with such Financial Plan, neither such collective bargaining agreement nor such arbitration award shall be void or voidable solely by reason of such noncompliance, but the City shall as soon as practicable (but in no event later than fifteen (15) Days after the execution by the City of such collective bargaining agreement or receipt by the City of such arbitration award) submit to the Authority a proposed revision to the Financial Plan which demonstrates to the reasonable satisfaction of the Authority that revenues sufficient to pay the costs of such collective bargaining agreement or such arbitration award, as the case may be, will be available in the affected fiscal years of the Financial Plan.

(c) In negotiating collective bargaining agreements in accordance with Section 5.07(b) hereof, the City shall consider any Authority views concerning the financial impact on the City. The City will provide to the Authority any information requested by the Authority to assist the Authority in anticipating the manner in which proposed labor agreements will comply with the Financial Plan then in effect. Without limiting the requirements of Section 5.07(b) hereof, the City shall, within fifteen (15) Days after execution of a collective bargaining agreement or receipt of an arbitration award, provide to the Authority a report in writing on the effect of such agreement or award on the Financial Plan.

(d) To enable it to be fully informed with regard to the manner in which collective bargaining agreements will be reconciled with the approved Financial Plan, the Authority will review all information concerning such agreements provided to it by the City, including but not limited to the information required pursuant to Section 4.04(h) hereof. If it determines that additional information is required to allow it to

accomplish its objectives in accordance with the Act, the Authority may prepare or cause to be prepared reports or studies of the financial implications of the City's relationships with its work force.

(e) Prior to the execution of any collective bargaining agreement, the Authority shall not disclose any confidential information received from the City with respect to the negotiations by the City of such collective bargaining agreement so long as the City specifically requests that such information be maintained confidential and represents to the Authority that the disclosure of such information would adversely affect such negotiations.

(f) Nothing in this Agreement is intended to impair in any manner the relationships between the City and its employees or the collective bargaining representatives of such employees or to adversely affect the collective bargaining process in any manner.

#### Section 5.08. Arbitration Awards.

(a) The City and the Authority acknowledge that the Act provides that after the approval by the Authority of a Financial Plan submitted pursuant to this Agreement and the Act, any determination of a board of arbitration established pursuant to the provisions of the act of June 24, 1968 (P.L. 237, No. 111), referred to as the Policemen and Firemen Collective Bargaining Act, providing for an increase in wages or fringe benefits of any employee of the City under the Financial Plan, in addition to considering any standard or factor required to be considered by applicable law, shall take into consideration and accord substantial weight to:

(i) the approved Financial Plan; and

(ii) the financial ability of the City to pay the cost of such increase in wages or fringe benefits without adversely affecting levels of service.

(b) The Act further provides that such a determination of a board of arbitration shall be in writing and a copy thereof shall be forwarded to each party to the dispute and the Authority, and that any determination of the board of arbitration which provides for an increase in wages or fringe benefits of any employee of the City shall state with specificity in writing all factors which the board of arbitration took into account in considering and giving substantial weight to:

(i) the approved Financial Plan of the City; and

(ii) the City's financial ability to pay the cost of such increase.

(c) The Act further provides that any party to a proceeding before a board of arbitration may appeal to the court of common pleas to review:

(i) the consideration of the City's Financial Plan;

(ii) the determination as to the City's financial ability to pay; or

(iii) the failure of the board of arbitration to issue a determination including a detailed writing of all factors which the board of arbitration took into account in considering and giving substantial weight to the City's financial ability to pay and the City's Financial Plan.

(d) The Act further provides that the decision of the board of arbitration shall be vacated and remanded to the board of arbitration if the court finds:

(i) that the board of arbitration failed to take into consideration and accord substantial weight to the approved Financial Plan;

(ii) that the board of arbitration's determination as to the City's financial ability to pay is not supported by substantial evidence as produced by the parties to the proceedings before the board of arbitration; or

(iii) that the board of arbitration has failed to state with specificity in writing the factors which it took into account in considering and giving substantial weight to the City's financial ability to pay or the City's approved Financial Plan.

(e) The Act further provides that such appeal shall be commenced not later than thirty (30) Days after the issuance of a final determination by the board of arbitration, and that if, after the exhaustion of all appeals, the final arbitration award is not in compliance with the approved

Financial Plan, the award shall not be void or voidable solely by reason of such noncompliance, but the City shall submit (and the City hereby agrees with the Authority that it shall submit no later than twenty (20) Days after the date of such final arbitration award) to the Authority a proposed revision to its Financial Plan which demonstrates that revenues sufficient to pay the costs of the award will be available in the affected fiscal years of the Financial Plan.

(f) The City expressly acknowledges and consents to all of the provisions of Section 209(k) of the Act and of this Section 5.08; agrees to take or cause to be taken all such action requisite to carry out fully or give effect to the intent of such provisions; and agrees to keep the Authority fully informed with respect to any arbitration proceeding or appeal described in this Section 5.08, including without limitation all scheduled hearing dates and other similar dates relating to such proceeding or appeal.

Section 5.09. City Expenditure of Available Funds.

Nothing in this Agreement shall be construed to limit the power of the City to determine, from time to time, within available funds of the City, the purposes for which expenditures are to be made by the City and the amounts of such expenditures then permitted under a Financial Plan of the City.

Section 5.10. Additional Remedies of Authority for Failure to File Financial Plans and Reports.

In the event that the City shall fail to file with the Authority any Financial Plan, revision to a Financial Plan, report or other information required to be filed with the

Authority pursuant to the Act or this Agreement, the Authority, in addition to all other rights which the Authority may have at law or in equity, shall have the right by mandamus to compel the City and the officers, employees and agents thereof to file with the Authority the Financial Plan, revision to a Financial Plan, report or other information which the City has failed to file. The Authority shall give the City written notice of the failure of the City to file and of the Authority's intention to initiate an action under this Section 5.10, and the Authority shall not initiate such an action earlier than ten (10) Days after the giving of such notice.

#### **ARTICLE VI** **MISCELLANEOUS**

##### **Section 6.01. Term.**

(a) This Agreement shall take effect upon such date as this Agreement shall have been duly executed by each of the parties hereto and shall extend for so long as any bonds of the Authority are Outstanding.

(b) The City represents and warrants that this Agreement constitutes a service contract between the City and an authority pursuant to Section 8-200(3) of the Home Rule Charter, and as such, the City does not have the right to terminate this Agreement without liability after the expiration of four (4) years.

##### **Section 6.02. General Rights and Prohibitions.**

Nothing in this Agreement shall limit the rights or impair the obligations of the City to comply with the provisions of any contract in effect on the effective date of the

Act (June 5, 1991), or shall in any way impair the rights of the obligees of the City with respect to any such contract.

Section 6.03. Compliance with the Act; Severability.

(a) The City and the Authority intend that this Agreement shall constitute an intergovernmental cooperation agreement within the meaning of the Act and hereby declare that this Agreement is entered into to accomplish the public purposes of the Act. This Agreement shall be read, taken and construed to the maximum extent possible in a manner consistent with the Act, but to the extent of any conflict between any of the provisions of this Agreement and any of the provisions of the Act, the provisions of the Act shall control. The City and the Authority each acknowledges that it is subject to the provisions of the Act and each agrees to observe and perform all provisions thereof applicable to it, whether or not such provisions are expressly referred to in this Agreement.

(b) The provisions of this Agreement are intended to be severable. If any provision of this Agreement shall be held invalid or unenforceable in whole or in part, such provision shall be ineffective to the extent of such invalidity or unenforceability without in any manner affecting the validity or enforceability of the remaining provisions of this Agreement.

Section 6.04. Notices.

All notices, demands, requests, consents, approvals, certificates, waivers or other communications with respect to this Agreement (collectively, "notices") shall be in writing (including telecopied communication) and shall be effective if sent by certified or registered United States mail,

postage prepaid, return receipt requested, or by overnight courier with signed receipt evidencing such delivery, or by same day delivery service with signed receipt evidencing such delivery, or by telecopier (with confirmation in writing mailed by first-class mail, postage prepaid), to the following parties:

For the Authority:

1429 Walnut Street  
Fourteenth Floor  
Philadelphia, Pennsylvania 19102  
Telecopier No.: 215-563-2570

For the City:

Mayor  
City Hall, Room 215  
Philadelphia, Pennsylvania 19107  
Telecopier No.: 215-686-2170

With a copy to:

City Solicitor  
1520 Municipal Services Building  
Philadelphia, Pennsylvania 19107  
Telecopier No.: 215-686-5223

Finance Director  
1420 Municipal Services Building  
Philadelphia, Pennsylvania 19107  
Telecopier No.: 215-568-1947

President, City Council  
City Hall, Room 490  
Philadelphia, Pennsylvania 19107

Telecopier No.: 215-563-3162

City Controller  
1230 Municipal Services Building  
Philadelphia, Pennsylvania 19107  
Telecopier No.: 215-686-3832

or to such other address or telecopier number as the party to receive notice may from time to time designate by written notice to the other party in the manner above described. Any such properly given notice shall be effective on the earliest to occur of receipt, the third business day after mailing in the manner set forth herein, on the first business day after deposit with an overnight courier service, on the day of deposit with a same day delivery service or upon telephone confirmation of receipt of telecopy communication.

Section 6.05. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

Section 6.06. No Third Party Rights.

Except as otherwise expressly provided in Section 5.02(b) hereof, nothing in this Agreement shall be construed to constitute or create rights in any person not a party to this Agreement (as third party beneficiary or otherwise), or to create obligations or responsibilities of the parties to such persons, or to permit any person other than the parties hereto and their respective successors and assigns to rely upon the covenants, conditions and agreements contained in this Agreement.

Section 6.07. Amendments and Waivers.

This Agreement shall be amended only by written instrument duly executed by the City and the Authority. The Authority may in its discretion, to the extent consistent with the Act, waive compliance by the City with any provision of this Agreement or extend the time specified for performance by the City of any covenant or agreement on its part set forth herein, and such waiver or extension shall be effective only to the extent specifically set forth in writing and shall not, unless so specified, apply to any subsequent failure on the part of the City to observe or perform any such provision. Notwithstanding the foregoing, the provisions of Section 5.02(b) hereof may not be amended without the express written consent of the requisite percentage of the obligees of the Authority entitled to the benefits thereof as set forth in any agreement between the Authority and such obligees.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement, as of the date first above written.

July 16, 2019

To the Board of Directors of the Pennsylvania Intergovernmental Cooperation Authority:

The staff of the Pennsylvania Intergovernmental Cooperation Authority ("PICA") is pleased to provide you with our report on the City of Philadelphia's Five Year Financial Plan for Fiscal Years 2020 through 2024 (the "Plan").

This report provides a comprehensive review and assessment of the Plan and its compliance with the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the "PICA Act"). It analyzes the revenue, expenditure, and fund balance projections, evaluates the reasonableness of the assumptions, and assesses potential risks to the Plan. Based on this review, and in accordance with the PICA Act, Section 209(f), "Authority Review and Approval of Plan," I recommend that the Board approve the Plan as presented.

The preparation of this report on a timely basis was made possible by the dedicated service of the PICA staff and our economic consultant, Charles Swanson. I would also like to thank the City of Philadelphia's Office of the Director of Finance, the Office of Budget and Program Evaluation, and the Department of Revenue for their cooperation, support and continued assistance.

Sincerely,

*Harvey M. Rice*

## I. INTRODUCTION

### Purpose of the Report

The Pennsylvania Intergovernmental Cooperation Authority ("PICCA") is mandated with assessing the City of Philadelphia's annual Five Year Financial Plan. The framework for evaluating the Plan is provided by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the "Act").

Currently, PICCA's role in oversight of the City is expected to end in 2023. According to our enabling legislation by the Act, Section 204, enacted in 1991, PICCA is set to expire upon the retirement of all outstanding PICCA bonds, with an up to one-year wind down period. Therefore, this plan represents one of the final four plans we will be evaluating and assessing, pending any legislative action to extend PICCA past the sunset.

The City of Philadelphia's FY2020-FY2024 Five Year Financial Plan (the "Plan") was submitted to PICCA on June 18, 2019. The objective of this report is to provide an overview of the Plan; discuss potential risks; evaluate spending and personnel staffing trends; assess indicators of financial health; review the capital program; and make a recommendation for PICCA Board action.

### PICCA Organization

PICCA was created in 1991 by the Commonwealth of Pennsylvania (the "Commonwealth") Legislature for the purpose of providing financial assistance to the City in overcoming a severe financial crisis. At that time, the City was burdened with a growing cumulative operating deficit, lacked resources to pay mounting overdue bills, had seen its credit ratings drop below the investment grade level by national rating agencies, had instituted an across-the-board hiring freeze, and had experienced an erosion in the quality of municipal services.

PICCA was designed to address the City's short-term financing needs, while overseeing a long-term financial planning process that would restore the confidence of investors, residents, and public officials in the ability of the City to maintain financial stability over the long-term.

PICCA is administered by a governing Board consisting of five voting members and two ex-officio nonvoting members. The Governor, the President pro tempore and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives each appoint one voting member to the Board. The ex-officio members are the Budget Secretary of the Commonwealth of Pennsylvania and the Director of Finance of the City of Philadelphia.

combination of such steps; (iv) provide procedures to avoid a fiscal emergency condition in the future; and (v) enhance the ability of the City to regain access to the short- and long-term credit markets.”

There are also statutorily mandated standards for the development of the Plan and the manner in which it is to be evaluated by PICCA:

- all projections of revenues and expenditures are to be based upon consistently applied reasonable and appropriate assumptions and methods of estimation;
- revenues are to be recognized in the accounting period in which they become both measurable and available.

The Act also mandates standards for the basis for estimation of City revenues:

*City sources* - current or proposed tax rates, historical collection patterns, and generally recognized econometric models;

*State sources* - historical patterns, currently available levels, or levels proposed in a budget by the Governor;

*Federal sources* - historical patterns, currently available levels, or levels proposed in a budget by the President or in a Congressional budget resolution; and

*Non-tax sources* - current or proposed rates, charges or fees, historical patterns, and generally recognized econometric models.

The Plan is also required to include debt service projections for existing and anticipated City obligations; a schedule of payments for legally-mandated services projected to be due during the term of the Plan; and a schedule showing the number of authorized employee positions (filled and unfilled), inclusive of estimates of wage and benefit levels for various groups of employees.

The Act requires that PICCA solicit an opinion or certification from the City Controller, prepared in accordance with auditing standards generally accepted in the United States, with respect to the reasonableness of the assumptions and estimates in the Plan. The Act does not, however, require that the Controller's determinations bind the PICCA Board in its evaluation of the Plan.

Finally, the Act stipulates that approval of a financial plan is contingent upon a “qualified majority” of the PICCA Board (four of its five voting members).

Once a Plan is approved by the PICCA Board, the City is required to stay “in compliance” with the current Plan. The City may occasionally be faced with a situation where it comes out of compliance with a currently approved Plan for several reasons, including extraordinary contracts, collective bargaining agreements, arbitration awards, or other unforeseen variances in revenue collection and/or expenditures.

For instance, if the City executes an extraordinary contract – a contract not in compliance with the current Plan – that contract is not void by virtue of being out of compliance, but the City must submit a proposed revision to the Plan incorporating those costs for consideration by the PICCA Board.<sup>10</sup> Collective bargaining agreements and arbitration awards require revisions as well, if they are out of compliance with a currently approved Plan. Each of these categories trigger their own respective time frames for submission of proposed revisions and subsequent Board consideration.

## II. ANALYSIS OF PLAN PROJECTIONS

As discussed in the introduction, the statutory criteria are used as a baseline for assessing the Plan. These are the minimal requirements that the Plan must meet to gain PICCA approval. Table 2.1 presents the PICCA Act criteria and Plan compliance. The discussion below summarises our assessment of the Plan's adherence to these requirements.

### Required Elements of the Plan

**Projecting Revenues and Expenditures.** The Plan includes projections of General Fund revenues and expenditures for five fiscal years, fiscal year 2020 through fiscal year 2024. In addition, the below components are included in the Plan.

**Eliminating Deficits.** The Plan projects positive General Fund year end fund balances for the current fiscal year, FY2020, and for the four subsequent fiscal years, FY2021 through FY2024, thus meeting the criterion of PCA Act Section 209 (b). To avert deficits, the Plan must be realistic—(a) the Act states: projections must be based on “reasonable and appropriate assumptions and methods of estimation” that are “consistently applied.”

**Restoring Funding to Special Accounts.** At the time PICPA was created, the City faced a cash crisis and had resorted to using restricted funds for general operations. The Act required that the plan demonstrate that the City would restore these funds to proper accounts. Added with PICPA's 1992 deficit bonds, this criterion has been met.

*Sound Budgetary Practices.* This provision applies to several fundamental practices, namely "reductions in expenditures, improvements in productivity, increases in revenues, or a combination of such steps." Although the City faces some challenges with regard to high fixed costs, it is making strides in improving efficiencies.

The City's budget process is evolving as a result of PICA's advocacy and City Council's legislation for program-based budgeting. Under the current

budget process, which was implemented in FY2017, resources are displayed by program, taking into account direct and indirect costs and revenues generated by each program. The City has also been adopting performance measures associated with each program, in order to assess program impact, efficiency, and return on investment. As of the beginning of FY2020, 43 departments are currently using this new program-based budgeting format. The remaining 10 departments will be phased in during fiscal year 2020, at which time all City departments will be integrated into the process by FY2021.

The City is also taking measures to resolve discrepancies in accounting practices by improving its approach to bank reconciliations and strengthening internal controls.

The City also seeks to modernize its approach to revenue collections, with the overall goal of maximizing collections and reducing delinquencies. Additionally, the City is embarking on an effort to modernize its financial and procurement systems, related to payroll, benefits, and human resources.

Avoiding a Fiscal Emergency: The City can avoid a fiscal emergency by continuing to address its major financial challenges. It should develop financial policies to address key issues that form the core of its financial condition: a sound economy, tax competitiveness, managing long-term obligations,

\* If reported, include the number of years the plan is projected to be in deficit.

reserves from FY2021 through FY2024, since all contracts will expire at the end of FY2020. While there is a significant increase in the reserves set aside for contingencies in this plan, as compared to previous plans, these reserves combined still do not reach the GPOA recommendation.

The PICVA Act also requires that estimates for tax revenues collected by the City should be "based on current or proposed tax rates, historical collection patterns, and generally recognized econometric models," while revenues received from federal or state government should be based on "historical patterns," "currently available levels," or levels contained in a budget proposed by the Governor, President, or in a Congressional budget resolution. Locally generated non-tax revenue estimates should be based on "current or proposed rates, charges or fees, historical patterns and generally recognized econometric models." The Plan does meet these criteria.

Furthermore, the City derives projections on the growth of its tax base from forecasts created by a consultant, HKS Martin ("HKS"). The forecasts are then reviewed by a group of professional economists before they are used by the City to estimate the tax base. As explained later in the

"Evaluation of Plan Projections" section, some of the estimates related to tax base growth for several taxes were recently modified.

With regard to expenditures, estimates are required to include "all obligations incurred during the fiscal year and estimated to be payable during the fiscal year or in the 24-month period following the close of the current fiscal year." The Act continues by stating that obligations from previous fiscal years "not covered by encumbered funds" should also be included in estimated expenditures. If there are any obligations not factored into the Plan that may be incurred "during the fiscal year or in the 24-month period following," such as new contracts, debt service, or settlements, they could pose risks to the Plan.

The Act also requires that estimates be made on a modified accrual basis, whereas revenues are recognized in the accounting period in which they become both measurable and available. The City uses the modified accrual basis of accounting to recognize revenues and expenditures for budgeting purposes, therefore the Plan meets this criterion, and all projections are shown in this manner.

The Plan projects total FY2020 obligations at \$5.025 billion. Of this amount, \$2.711 billion are for Agency Obligations, \$1.412 billion are for Employee Benefits, and \$90.9 million are for Other Obligations—expenditures including, but not limited to, debt service, and payments to the School District of Philadelphia ("School District"), the Southeastern Pennsylvania Transportation Authority ("SEPTA"), Community College of Philadelphia, and the Pennsylvania Convention Center. Agency Obligations are projected to increase from FY2020 to FY2024 by less than one percent, while Employee Benefits are projected to increase by 12.0 percent, and Other Obligations by over 22 percent.

The remainder of this section describes key assumptions that form the basis of the projections of revenues and obligations in the Plan. Some of the policy issues raised by the projections are also discussed.

#### General Fund Revenue Projections

Taxes. Table 2.3 presents General Fund revenue over the Plan period. The majority of City tax revenue is generated by the wage and earnings, real estate, business income and receipts, real estate transfer, and sales taxes. This table also includes locally generated non-tax revenue, revenue from other governments, and revenue from other funds. Table 2.4 presents the Plan's projected tax rates.

Table 2.4: Philadelphia Tax Rates (Percent)

#### II. Analysis of Plan Projections

Revenue projections are based on projected tax base growth for each tax. Base growth projections for every tax, except the real estate tax and the beverage tax, were made initially by the City's revenue forecasting consultant, IHS. These projections were reviewed by economists at a meeting held at the Federal Reserve Bank of Philadelphia prior to the release of the proposed Plan in March. The IHS projections were generally accepted by the experts present at the Federal Reserve meeting; some were adopted by the City in the proposed Plan, while others were modified by the City before inclusion into the Plan. Finally, as part of the Plan review process, PICCA engages its own economic consultant to evaluate the reasonableness of the City's revenue projections.

FY2020-FY2024

84

adjustments for tax rate changes in this revenue stream before finalizing projections.

The wage tax is among the City's revenue streams that is most vulnerable to declines in economic growth. The City projects a 4.3 percent revenue growth in FY2020 and approximately 3.5 percent annually thereafter. These projections are based on IHS's view that there is a 25 percent possibility of a recession in FY2020 (see Section III discussion, "Economic Growth").

The business income and receipts tax ("BIRT") is composed of separate levies on net income and gross receipts. The net income tax rate is projected to decline from 6.20 percent in FY2020 to 6.00 percent in FY2024. The gross receipts portion is projected to remain at 0.1415 percent throughout the Plan period. As with the wage tax, the BIRT imposes a tax burden that far exceeds comparable taxes in the suburbs and is unique compared to most other major US cities.

The Plan projects a negative 1.2 percent growth in BIRT revenues in FY2020 and minimal or negative growth thereafter. PICCA's consultant anticipates lower growth rates in the two initial Plan years, due to concerns about a looming recession (see Section III discussion, "BIRT Volatility").

The City has taken steps to reduce and reform this tax by instituting an exemption on the first \$100,000 of gross receipts and a single sales factor apportionment to determine net income. BIRT revenue is difficult to project due to these exemptions. Many firms subject to the tax receive rebates after filing their taxes, if their actual tax bill differs from the original filing. Furthermore, the City cannot quantify the total amount of rebates until after the end of a given fiscal year.

Projections for this tax are further complicated by the need to anticipate corporate earnings, which comprise the tax base, and which are more volatile than wage earnings. Additionally, BIRT revenue is also impacted by business activity outside the City limits conducted by companies not located here, but having some operations in Philadelphia.

As such, national business activity interplays with local activity and the local tax structure, combining into a complex revenue stream. An overall decline in the national economy would thus negatively impact BIRT revenue growth, hence PICCA's designation of this revenue stream as a risk.

The real estate tax rate is a combination of City and School District rates, which together equal 1.3998 percent. The overall tax includes a City-dedicated portion of 0.6317 percent and a School District portion of 0.7681 percent.

The real estate tax projection process begins with the City's estimate of the tax base. This estimate is not based on IHS projections, but rather on an assumption about the rate of growth of taxable assessed value, which includes residential and commercial property classifications. The real estate tax revenue projection also reflects other factors, including: the rate at which assessments for new construction and rehabilitation return to taxable status, homestead exemptions, Longtime Owner Occupants Program ("LOOP") discounts, and Tax Increment Financing ("TIF") programs. Also reflected in the Plan is the impact of enforcement initiatives, including the Revenue Department's data warehouse, sequestration, and delinquent billing policies.

The Plan projects a 6.0 percent increase in this tax for FY2019, due to reassessments, and a 2.0 percent in FY2020. Those increases may be distorted by City Council legislation - Bill No. 171009, enacted in January 2019, the impact of which is a delay in payments on taxes associated with reassessments under appeal - amounts are not due until the resolution of appeals. Reassessments included in the Plan's projections have given rise to an estimated tax base increase that hinges on a success rate on appeals that may not be achieved (see Section III discussion, "Real Estate Tax Appeals"). PICCA's consultant estimates a higher rate of decline due to such appeals than the City's.

Additionally, this year, there is the Homestead Exemption for residential properties, which will have the effect of offsetting increases in real

**Locally Generated Non-Tax.** Locally generated non-tax revenue is projected at \$353.3 million in FY2020. This category includes a variety of revenue sources, including fees related to cable franchises, emergency medical services, commercial property refuse collections, business licenses, and the court system. Fine revenue is also included. Revenues collected by City agencies that account for a significant portion of this category are shown in Table 2.3. Overall revenue from this category is projected to remain relatively constant over the life of the Plan, decreasing slightly to \$319.6 million in FY2024. See Figure 2.2 for locally generated non-tax projected revenue growth. (see Section III discussion, "Speculative Revenues").

**Revenue from Other Governments.** The City receives grant revenue from state and federal governments to support a variety of programs. The majority of these revenues are not a part of this report because they are recognized in governmental funds other than the General Fund. In FY2020, the Plan projects \$847.2 million in revenue from other governments. Major categories include reimbursement for certain health programs, the Philadelphia Gas Works annual rental fee, state pension aid, state funding to support wage tax reduction, Philadelphia Parking Authority on-street parking revenue, certain grants to support the court system, and PICA City Account revenue. These revenues are shown in Table 2.3. (see Section III discussion, "Speculative Revenues").

The largest source of revenue within this category is the PICA City Account. PICA receives a share of the resident portion of the wage, earnings and net profits taxes to pay debt service on outstanding PICA bonds. Revenues from PICA-dedicated taxes not needed to pay debt service are returned directly to the City through the PICA City Account. This revenue source is projected at \$499.3 million in FY2020 and is projected to increase to \$608.1 million in FY2024. The significant rate of increase reflects projected growth in wage tax revenue and declining PICA debt service through FY2023.

**Revenue from Other Funds.** General Fund revenue from other funds is projected at \$81 million in FY2020, decreasing to \$66.3 million in FY2024. Major categories include reimbursements from the

**Water Fund.** Aviation Fund and Grants Revenue Fund, for services provided. Grants Revenue related to the 911 system is projected to be higher in FY2020 than in the other years of the Plan. (see Section III discussion, "Speculative Revenues").

## II. Analysis of Plan Projections

**General Fund Obligation Projections**

The Plan projects General Fund obligations will increase from \$5.025 billion in FY2020 to \$5.417 billion in FY2024, an increase of \$392 million, or 7.8 percent, over those five fiscal years. This amounts to an average annual increase of 1.9 percent. Obligations are projected to surpass the five billion dollar mark for the first time in the City's history in FY2020, after having surpassed the four billion dollar mark just four years earlier, in FY2016.

General Fund obligations are comprised of three major categories: Agency Obligations, Employee Benefits, and Other (see Table 4.1, in Section IV, for a list of agencies and obligations included in each function and category). The General Fund includes appropriations to finance the operations of 54 City agencies. These agencies range from major departments, such as Police and Prisons, to relatively minor offices and commissions (in terms of funding), such as the Office of Sustainability and the Commission on Human Relations. Some are under the jurisdiction of the Mayor, such as the Office of the Managing Director and the Chief Administrative Officer, while others are led by independently elected officials, such as the Sheriff and the Register of Wills.

# APPENDIX D: CITY'S FY2020-FY2024 FIVE YEAR FINANCIAL PLAN SUBMITTED TO PICA ON JUNE 18, 2019

plan, have now increased to an estimated total of \$1.017 billion, due in part to excessive overtime spending within the Fire Department.

Judicial and Corrections is the next largest category of spending, with \$424.2 million in projected obligations in FY2020. This represents a 2.6 percent decrease from FY2019 spending, and costs for the category are projected to remain flat over the life of the Plan. Two agencies, the Prisons Department and the Office of the District Attorney, are projected to reduce costs in FY2020, by 5.0 percent and 7.5 percent, respectively.

Several Agency Function categories are projected to reduce spending over the life of the Plan. Central Services costs are projected to decrease by 0.1 percent by FY2024. Health and Human Services by 1.1 percent, Governance and Administration by 4.0 percent, and Regulation and Economic Development by a considerable 17.4 percent.

Within the latter category, the Commerce Department has received an influx of funds in FY2020 to enhance its neighborhood commercial corridor program. This is a one-year economic stimulus increase, which accounts for the Department's 50 percent decrease in spending by 2024. Additionally, the Department of Planning and Development's FY2020 spending is bolstered by funds earmarked for the Housing Trust Fund, accounting for that Department's projected decrease in spending by FY2024.

In addition to projected reduced spending within several categories, growth within the remaining categories is projected to be minimal. Arts, Culture, and Recreation obligations are projected to increase by 2.3 percent, and Transportation and Sanitation obligations by 3.1 percent. While obligations for the Education category increased by 48.2 percent, this only amounts to an increase of \$21.9 million.

Figure 2.3 illustrates projected FY2020 obligations by Agency function, while Figure 2.4 illustrates projected obligations by category as both a dollar amount and on a percentage growth basis over the plan period. As is evident from Figure 2.4, the City projects spending reductions in all three obligations categories over the life of the Plan.

**Employee Benefits Obligations.** The General Fund also includes separate appropriations to fund various employee benefits, such as pension payments, employee health benefits, disability, workers' compensation, social security contributions, and unemployment compensation. Contrary to Agency Functions, the Employee Benefits category is projected to see steady growth in spending over the life of the Plan. As shown in Table 2.6, Employee Benefits Obligations for FY2020 are projected at \$1.412 billion, increasing to \$1.581 billion in FY2024—an increase of \$169.3 million. This amounts to growth of almost 12.0 percent, at an average annual rate of almost three percent.

City of Philadelphia – Office of the Director of Finance  
Notes to Forecasted General Fund Statements of Operations  
Fiscal Years Ending June 30, 2020 through June 30, 2024

**C. Pensions**

As part of the effort to control major cost drivers and to improve the health of the pension fund, several changes have been made over the past few years. The City continues to seek ways to improve the long-term health of the fund.

The City's Act 111 interest arbitration awards with the FOP, Lodge No. 5 and IAFU, Local 22 both require most current members to make additional contributions to the pension fund of 0.92% starting in FY18 and an additional 0.92% in FY19, for a combined 1.84% additional contributions. New hires are now required to make an additional 2.5% contribution above rates in effect prior to the arbitration award.

Significant pension changes were also included in the DC47 collective bargaining agreement, closely mirroring the earlier reforms agreed to with DCC3. Effective in January 2019, current employees began participating in a tiered contribution system where those with higher annual salaries will pay higher contribution rates. New employees are now mandatory members of a stacked hybrid plan under which employees will receive a traditional defined benefit pension on their first \$65,000 of salary as well as the option to participate in a voluntary defined contribution plan. These reforms have been applied to employees who are not represented by a union, which means that all City employees will be participating in strengthening the pension fund.

In addition to the aforementioned changes in pension benefits, the City's pension fund has also undergone the following changes:

- The City continues to make at least its full minimum municipal obligation (MMO) each year and has dedicated a portion of additional revenues to the fund. Under 2014 state legislation, the additional 1% local sales tax provides funding for the School District of Philadelphia (first \$120 million), debt service on a four-year borrowing for the District (next \$15 million through which was satisfied in FY18), and any remaining funds are dedicated to the pension fund. From FY20 through FY24, the City's pension fund is projected to receive \$333.3 million from the proceeds of the Sales Tax. The Sales Tax revenues will supplement the City's MMO payment rather than supplanting a portion of it.
- The City also created the Revenue Recognition Policy under which the Sales Tax revenue and additional employee contributions achieved through collective bargaining and interest

and projects a deposit in each of the years included in the Plan. According to the Plan, a rainy day fund of \$180.8 million will be established by FY2024. The importance of this reserve is paramount; the funds may only be drawn and spent in specific, emergency situations, shielding the funds from other discretionary spending.

Another growing payment in the Other Obligations category is the contribution to the School District—governance of which was returned to a local school board on July 1, 2018, following the dissolution of the School Reform Commission (“SRC”).

The City's contribution was \$104.3 million in FY2018—before the District's returns to local control—it grew to \$185.8 million in FY2019, and will increase further, to \$222.5 million in FY2020. The contribution is projected to increase to \$272.2 million in FY2024.

The City's debt service payment (Slaking Fund) is the fastest-growing Other Obligations category, projected to increase by \$83 million to \$379.7 million, or 28.0 percent, over the life of the Plan. The City projects spending \$1.074 billion on debt service over the five fiscal years included in the Plan.

Considering the fast-growing payments to the School District and for debt service, along with

the aforementioned reserves, Other Obligations is the fastest growing obligations category by far. As a whole, this category is projected to grow from \$901.9 million in FY2020 to \$1.107 billion in FY2024, an increase of \$205.1 million, or 22.7 percent. Additionally, spending within this category nearly doubled from FY2016 to FY2024, an increase of nearly \$520 million. While establishing reserves and funding the School District are considered investments in the future, the City will need to take caution that essential services, categorized in the Agency Function, do not suffer as a result of the additional spending on Other Obligations.

**Revenue and Obligations Growth.** The City projects continued revenue growth over the life of the Plan due to the ongoing economic expansion. General Fund revenues are projected to increase from \$4.918 billion in FY2020 to \$5.445 billion in FY2024, a growth of 10.7 percent. General Fund spending is also projected to grow, from \$5.025 billion to \$5.417 million, or 7.8 percent growth. Whereas revenues are growing at a faster rate than obligations, obligations remain higher than revenues in all but the final year of the Plan.

This threatens the higher fund balances the City has been able to accumulate in recent years. FY2019's estimated fund balance of almost \$300 million is projected to drop to just under \$200 million by FY2024. Whereas the City has been able to achieve a fund balance-to-appropriations ratio triggering a deposit into the USR in FY2020, this may not be possible if the City's fragile revenue projections are negatively affected by an economic downturn or volatile BIRT or real estate tax collections.

Though the City has made progress in recent years, shorting up fund balances and projecting revenues more accurately, to the point that major rating agencies have upgraded the City's credit rating, the City must now focus on maintaining these improved financial practices and planning for the long-term. The City should continue to focus on spending within its means, or at a minimum, keep spending levels within ranges of projected revenues.

City of Philadelphia – Office of the Director of Finance  
Notes to Forecasted General Fund Statements of Operations  
Fiscal Years Ending June 30, 2020 through June 30, 2024

#### 4. Locally Generated Non-Tax Revenue

Locally Generated Non-Tax Revenue are forecasted based on historical trends, rate changes, and current collection patterns. Certain revenues such as interest earnings, licenses and permits and recording fees are subject to economic conditions and are estimated accordingly.

#### 5. Revenue from Other Governments

Revenue from Other Governments is forecasted based on historical trends and state and federal budget information. The PICAA City account, which represents 58.9% of Revenue from Other Governments, is forecasted using Wage Tax variables.

#### 6. Obligation Estimates

OBPE provided obligation estimates to the Director of Finance and the Mayor for discussion and inclusion in the revised annual FY2020 budget and FY2020-2024 FYP submitted by the Mayor to the PICAA on June 18, 2019. OBPE provides forecasts of all major expenditure categories. Obligations total \$4,025 billion, an increase of \$192.5 million over the FY19 estimate. A handful of items account for much of that increase: pensions; the School District contribution; employee disability; disposal contracts, which have been driven up by global markets; a contribution to the budget stabilization reserve fund; and expansion of Pre-K and Community Schools with the resolution of the litigation challenging the Philadelphia Beverage Tax.

#### a. Labor Agreements

The forecasted statements include:

- The final contract pay raise for AFSCME DC23 of 3% in FY20 and a one-time \$11 million lump sum payment to the union's health and welfare fund in FY20.
- Per the FY18 to FY20 arbitration award for the Fraternal Order of Police (FOP), a 3.75% increase in FY20.
- Per the FY18 to FY20 arbitration award for the International Association of Fire Fighters (IAFF), a 3.75% in FY20. Fire fighters also received an increase to premium pay rates of an additional 0.2 hours per week in FY20.

### III. RISKS TO THE PLAN

The PICAA Act requires that Plan projections of revenues and obligations are based on reasonable assumptions and methods of estimation. This requirement was included in the Act to ensure that the Plan provides adequate assurance that the City will continue to maintain financial stability, most notably exhibited through positive fund balances. Reasonable assumptions and methods of estimation, in addition to other budget balancing measures, ensure a positive General Fund balance each fiscal year over the Plan period.

#### Key Risks

The discussion below focuses on key risks to the Plan and its projections. They include: economic growth, the business income and receipts tax ("BIRT"), the real estate transfer tax ("RTT"), School District of Philadelphia funding, and pension funding, as well as other financial concerns, which are worth noting, but are not considered by PICAA as key risks to the Plan. PICAA recommends approval of the FY2020 to FY2024 Plan as currently proposed, but a well-rounded discussion of the City's finances requires the presentation of any risk factors or other financial issues facing the City.

#### Economic Growth

A risk to any Five Year Plan is the possibility that slower than projected economic growth could result in actual tax revenues below Plan projections. The Plan assumes overall growth in revenues of approximately 2.8 percent annually. These projections account for slower expected economic growth than in recent years, but they reflect the median of growth forecasts, not the lower end of possible growth rates.<sup>1</sup>

There are several indicators economists look to in assessing the likelihood of an economic downturn, one of which is the labor market. When the unemployment rate reaches a low point, this could be a sign of an approaching recession. The current U.S. unemployment rate is at its lowest

<sup>1</sup>United Nations, *Medium-Term Prospects of the World, People's University, Brussels* (United Nations Publications, 2008), 2008.

in 50 years: 3.6 percent, as of June 2019. The Philadelphia unemployment rate is similarly very low, 4.9 percent, although it is typically higher than the national rate (see section V discussion, "Unemployment Rate").

Additionally, although recessions are difficult to predict, there are measures of confidence and other surveys that indicate the potential for a recession. The Wall Street Journal's survey of experts reports that 85 percent of respondents believe there will be a recession either in 2020 or 2021.<sup>2</sup> Consumer confidence, along similar lines, has also recently declined to a 21-month low, as of June 2019, partly due to the concerns of a trade war with China.<sup>3</sup> Meanwhile, the City's consultant, IHS, places the possibility of a recession at 25 percent for 2020, which is built into the City's growth projections.

Perhaps the most significant indicator of an approaching recession is an inverted yield curve.

<sup>2</sup>Survey, "Recession: 85 Percent of Experts Say It's Coming," *Wall Street Journal*, 2019, <https://www.wsj.com/articles/recession-85-percent-of-experts-say-its-coming-11564444444>.

Fiscal Years Ending June 30, 2020 through June 30, 2024

to firms to locate in the city. Lastly, starting in FY20, the BIRT will be collected on a quarterly basis, easing the impact on new businesses.

#### d. Real Estate Transfer Tax

The Real Estate Transfer Tax (RTT) is projected to provide \$339.3 million in FY20. After a strong several years, the base growth of the RTT is projected to grow by 1.37% in FY20. The City currently imposes a 3.278% tax on real property sales and an additional 1% is charged by the Commonwealth for a 4.278% total RTT.

#### e. Sales Tax

Sales Tax revenues are projected to generate \$227.9 million for the City's general fund in FY20, based on a growth rate of 3.8%, and comprising 6.3% of tax revenues. As part of its response to projected City budget deficits in 2009, the Commonwealth of Pennsylvania (the Commonwealth) provided authorization and the City passed legislation to temporarily increase the Sales Tax rate from 1% to 2% through the end of FY14. This raised the total Sales Tax rate to 8%, with 6% going to the Commonwealth and 2% to the City. The tax was made permanent starting in FY15 with 1% of the local Sales Tax being for the benefit of the School District of Philadelphia and the City's pension fund, whereby \$120 million of the sales tax goes directly to the School District and remaining amounts flow through the City's General Fund to pay for debt service on a borrowing on behalf of the School District and for additional contributions to the Pension Fund. In FY20, the debt service on the borrowing is complete, and therefore all of the proceeds above the \$120 million in Sales Tax receipts from the second 1% is going to the City's Pension Fund (projected to be \$43.9 million). From FY20 through FY24, the City's pension fund is projected to receive \$223.3 million from the proceeds of the Sales Tax.

#### f. Parking Tax

The Parking Tax is levied on the gross receipts from all parking transactions. Parking Tax revenue is projected to generate \$100.2 million in FY20, based on prior-year revenue history and local economic trends.

Additionally, the real estate transfer tax, and the business income and receipts tax (BIRT), both discussed below, are particularly volatile, with the BIRT highly sensitive to the business cycle, and the real estate transfer tax sensitive to the housing market.<sup>7</sup>

The recent actual, estimated, and projected growth rates are shown in Figures 3.1 (wage and earnings tax) and 3.2 (real estate transfer tax). They present actual growth from FY2007 through FY2018, estimated in FY2019, and projected growth from FY2020 through FY2024.

The figures illustrate the impact of the Recession of 2008 and the housing crisis of 2007-2009 on City tax bases. The rate of growth in the wage tax in Figure 3.1 is shown to be highly sensitive to the macro economy, as indicated by the steep decline in growth rates from FY2007 to FY2010, and the gradual increase from FY2010 to FY2015.

The real estate transfer tax, in Figure 3.2, shows a significant negative impact attributable to the housing crisis of 2007, with the base declining by more than 30 percent in FY2009. In the years following, during the economic expansion, this tax shows mostly high rates of growth between FY2010 to FY2018.

These past experiences may serve as an indication of the impact of future economic downturns on revenues. In the event of a recession, the impact would be observed almost immediately, within a month for the wage and real estate transfer taxes, and within several months for the sales tax.<sup>8</sup> BIRT declines would be experienced in a more delayed manner.<sup>9</sup> Overall, the revenue streams where the City stands to see the largest declines during an economic downturn, in dollar amounts, would be the wage and real estate transfer taxes.<sup>10</sup> For this reason, the discussion on risks pertaining to the real estate transfer tax projections, below, is particularly important.

years, the assumption of continued economic growth over the full five years of the Plan is a potential risk factor.

#### BIRT Volatility

The business income and receipts tax (BIRT) is one of the most difficult revenue streams to project. Corporate earnings, being a volatile revenue stream, are difficult to predict. The tax is impacted by both national and local economic trends, and any slowdown in the economy would adversely affect BIRT collections.

Furthermore, in formulating BIRT projections, the City must not only account for future corporate earnings as estimated by a combination of City and IHS experts, but it must also include in those estimates, business activity occurring within City limits, which is conducted by businesses located elsewhere.<sup>11</sup> This complexity may further be exacerbated by the high level of refunds and credits incorporated into the BIRT reforms on single sales factor apportionment and exemptions in gross receipts from the gross receipts portion of the tax.<sup>12</sup>

The Plan projects a very minimal BIRT growth over the five year period, averaging approximately 0.5 percent annually. This represents a total projected growth of only 2.6 percent between FY2019 and FY2024, or \$13.1 million overall. This is a notable difference from the City's BIRT projections in last year's Plan, which projected growth in each of its years of more than 3 percent annually on average, representing an overall increase of \$69.6 million over the five year period.

Despite this Plan's minimal projected growth in BIRT revenue, there is a heightened level of uncertainty regarding where business earnings will trend over the next several years during this Plan period.

While the City's FY2020 projection is in line with our economist's forecast, a larger disparity exists between our economist's forecast and the City's projections in the later years of the Plan. PICCA's economist

City of Philadelphia – Office of the Director of Finance  
Notes to Forecasted General Fund Statements of Operations  
Fiscal Years Ending June 30, 2020 through June 30, 2024

4. Real Estate Transfer Tax (RTT),
5. Sales Tax,
6. Parking Tax, and
7. Philadelphia Beverage Tax.

The remaining taxes, including the amusement tax, are budgeted to provide less than 1% of General Fund revenue. Philadelphia's reliance on the Wage Tax (43.4% of the General Fund, including PICCA portion), the BIRT (10.9%) and the Sales Tax (4.6%) places the City at risk from economic trends and employment fluctuations of the local economy. Other cities and counties that rely more heavily on property tax revenues are more susceptible to dramatic shifts in the housing market.

**a. Wage Tax**

The largest tax revenue source (comprising 44.9% of tax revenues, excluding the PICCA portion) is the Wage Tax, which encompasses the wage, earnings, and net profits taxes. The Wage Tax is collected from all employees working within city limits, and all Philadelphia residents regardless of work location. In FY20, the Wage Tax rate has been reduced from 3.8809% to 3.8712% for residents and from 3.4567% to 3.4413% for non-residents. The resident rate includes 1.5% that is reserved for the PICCA. PICCA has overseen the City's finances since 1992, but under current statute is scheduled to dissolve following the repayment of all outstanding bonds at the close of fiscal year 2023. Revenue projections for fiscal year 2024 assume the City and Commonwealth will work together to extend PICCA's existence or, alternatively, that City Council will adopt a Wage Tax rate, independent of the PICCA portion, to produce the expected revenue. This FYP maintains the assumption that the 1.5% will continue in FY24. The PICCA statute permits the Authority a "first dollar" claim on its portion of Wage Tax proceeds, which is used to pay debt service on bonds issued by PICCA for the benefit of the City. Excluding the PICCA portion, the Wage Tax and Net Profits Tax is projected to bring in \$1.672 billion in FY20. This projection includes a 4.30% growth rate for the Wage and Earnings component and a 5.52% growth rate for the Net Profit component of the tax.<sup>3</sup>

<sup>3</sup> Growth rates referenced throughout these notes are applied to the current portion of the tax base

The cumulative City contribution from the General Fund for FY2020 through FY2024 will total \$1.28 billion. In addition to increasing its General Fund contribution, attributable to the slow down of wage tax reductions (as explained in Section II) and departmental funding cuts of \$222.2 million over the Plan period, the City has also allocated other revenue streams to the School District. The additional revenues are derived from the real estate transfer tax (\$126.7 million), which serves to offset losses from the increased Homestead exemption, and the slowdown of wage tax rate reductions (\$414.0 million) over the life of the Plan.

Nonetheless, the School District's five year projections show deficits of \$76.4 million in FY2022, \$186.0 million in FY2023, and \$296.7 million in FY2024. Additionally, the School District's fund balance as a percentage of total expenditures is low in the years where the fund balance is positive. In FY2019, the fund balance is estimated at approximately 5 percent of expenditures, however, in FY2020 the fund balance falls to 3.8 percent of expenditures, and ultimately to 0.8 percent of expenditures in FY2021, before showing a deficit in the three remaining years.

Furthermore, the current teachers' contract for the Philadelphia Federation of Teachers ("PFT") will expire in FY2020. Four of the School District Plan's five years do not budget for raises and related labor costs. Assuming a conservative two percent growth, a new contract could mean a very low fund balance in FY2021 of approximately \$28.8 million, and even larger deficits in FY2022 through FY2024. Deficits could reach \$92.4 million in FY2022, \$222.0 in FY2023, and \$354.7 million in FY2024 if teachers negotiate a 2 percent rate.

As evidenced by the re-allocation of funds from City operating departments to the School District, the risk is that the City may be compelled to further supplement its contribution to the School District within this Plan period, which could draw vital resources away from other City services, or could impact the fund balance.

**Pension Funding**

The Plan's annual projected pension costs reflect the City's annual contributions to the pension system in satisfaction of the state mandated minimum contribution, known as the Minimum Municipal Obligation ("MMO"). In this year's Plan, the total projected MMO ranges between \$749.1 million in FY2020 to \$815.1 million in FY2024, which includes dedicated amounts arising from the sales tax and employee contributions. The General Fund portion of the MMO ranges between \$584.7 in FY2020 to \$629.7 in FY2024. The City also pays debt service on pension obligation bonds, which account for approximately \$110.2 million annually.

The major risk associated with the MMO projections in any five year plan, is that they are significantly impacted by investment performance. This risk becomes heightened in this Plan, as the City continues into a long period of economic expansion, with potential for a recession increasing with time (see above discussion, "Economic Growth").

The investment return assumption for FY2018, the year of the most recently available Actuarial Valuation, was 7.65 percent, net of fees. The market value of assets, as of the Actuarial Valuation for the year ending June 30, 2018, was 9.01 percent, which was higher than the assumed rate of return. However, the actuarial value of assets—which reflects gains and losses extended over a ten year period, was 5.11 percent—shows that the pension fund has incurred substantial experience losses related to investments in prior years, the effects of which are being incrementally recognized under the City's ten-year asset smoothing policy. As the losses are recognized, they will then be amortized, leading to higher required contributions. Any future losses in any of the years of the Plan will result in even higher required contributions.

Apart from risks of immediate costs related to the MMO, the City's pension liability represents a long-term financial risk to the City. The pension fund is currently 46.8 percent funded, with an unfunded actuarial accrued liability ("UAAL")

City of Philadelphia – Office of the Director of Finance  
Notes to Forecasted General Fund Statements of Operations  
Fiscal Years Ending June 30, 2020 through June 30, 2024

- Forecasts of economic activity provided by several sources including the Congressional Budget Office.
- Continuous evaluation of national and local economic data on employment, inflation, interest rates, and economic growth.
- Ongoing examination of the City's current tax receipts.
- Economic forecasting of tax revenues provided by a revenue forecasting consultant.
- Analysis and tax history provided by experienced staff within the Philadelphia Department of Revenue.
- Discussions with economists at a meeting at the Federal Reserve Bank of Philadelphia, and
- The extensive experience of its staff.

OBPE's tax forecasts for the FYs were developed in conjunction with a revenue forecasting consultant, IHS Markit, Ltd. (IHS). IHS created econometric models which included variables such as wage and salary adjustments in the metropolitan statistical area (MSA) and the county, personal income in the county, the unemployment rate, home prices in the county, real estate transaction growth, and national corporate profits. These models, together with their forecast of the Philadelphia economy, were used by IHS to forecast tax revenues for the City. IHS focused on the following taxes – Wage and Earnings Tax, Net Profits Tax, Business Income and Receipts Tax, Real Estate Transfer Tax, Parking Tax and Sales Tax. These forecasts were refined by OBPE after discussions with economists at a meeting at the Federal Reserve Bank of Philadelphia, as well as with experienced staff within the Department of Revenue. Forecasts for the remaining major taxes – Real Estate and Philadelphia Beverage – were developed using the internal expertise of employees within the City. The Real Estate Tax estimates were forecasted by OBPE with data and input from the Office of Property Assessment and the Department of Revenue. The Philadelphia Beverage Tax estimates were based upon initial collections of this new tax, along with an assumption of a 1% decline in consumption assumed based upon national trends of reduced sugar-sweetened beverage consumption, in consultation with the Department of Revenue.

Table 3.2: Wage Risk by Bargaining Unit (\$ in Millions)

Bargaining Unit	FY2020	FY2021	FY2022	FY2023	FY2024	Plan Total
Police	—	\$10.6	\$20.4	\$32.4	\$63.7	\$126.1
Police – Sheriff	—	0.4	0.8	1.2	1.5	3.8
Police – Registrar of Wills	—	0.1	0.2	0.3	0.3	0.8
AFP – Fire and EMS	—	3.9	7.8	11.6	15.0	39.6
DC 33	—	4.0	8.0	12.1	16.3	40.3
DC 33 – Local 199	—	2.0	4.1	6.2	8.4	20.8
DC 47	—	3.4	4.9	7.4	10.0	24.8
DC 47 – Local 810	—	0.4	0.8	1.2	1.6	4.0
Total Estimated Wage Risk	—	\$63.7	\$128.0	\$202.7	\$277.9	\$672.4

Notes: FY21 estimates based on FY2020 salary and benefit data and projected wage increases through FY2024, after the current contract negotiations. Notes: FY22 estimates based on FY2021 salary and benefit data and projected wage increases through FY2024, after the current contract negotiations.

Wage increases for non-union employees such as exempt and non-represented employees, nor does it account for overtime costs. These potential wage increases do not constitute a projection but are used solely for the purpose of this risk analysis.

Despite the labor reserve set aside, according to our analysis, the City could face a deficit in the labor reserve of \$3.7 million, \$18.0 million, \$32.7 million, and \$47.9 million, in FY2021, FY2022, FY2023, and FY2024, respectively. Therefore, the provision for future obligations is not enough to cover potential wage increases in the later years of the Plan. Despite these additional wage costs, our analysis estimates that the projected fund balances will still remain positive throughout the life of the Plan but dropping significantly in the last two years of the Plan.

Table 3.3 presents the potential impact of the Plan's wage risk on the fund balance. Therefore, despite the labor reserve set aside, a risk exists that

the Plan does not cover the cost of all potential wage increases. It should be noted that any future labor agreements that increase General Fund costs beyond the labor reserve included in the Plan would require a revision. This revision would have to demonstrate the existence of sufficient funds to cover any additional costs.

Speculative Revenues

The FY2020-FY2024 Plan includes some revenues that are speculative in the following categories: locally generated non-tax revenue from other governments, and revenue from other funds.

As discussed at length throughout this report, the PICA Act requires that estimates for tax revenues collected by the City should be "based on current or proposed tax rates, historical collection patterns, and generally recognized econometric models."

Table 3.3: Potential Impact of Wage Risk on Plan Fund Balance (\$ in Millions)

Provision for Future Labor Obligations	FY2020	FY2021	FY2022	FY2023	FY2024	Total
Estimated Wage Risk	—	\$63.7	\$128.0	\$202.7	\$277.9	\$672.4

68

Figure 3-3: Appeals Filed vs. Appeals Heard  
with Total Market Value (\$ in Billions)

III. Back to the Plan

The total of speculative revenues could reach between \$90 and \$60 million in FY2020, if the aforementioned projections are not realized. The current fund balance would most likely absorb such a decrease, but PICA cautions the City as to not overproject revenues.

**Real Estate Tax Appeals**

In 2014, the City implemented the Actual Value Initiative ("AVI"), which required that all City properties be assessed at their current market value for taxation purposes.

Since the implementation of AVI, the City has conducted reassessments each year. Reassessments in recent years have prompted some litigation based on questions surrounding classification and ensuing reassessments of different types of properties. The basis of the litigation is the Pennsylvania constitution's uniformity clause, which requires that all properties be taxed in a uniform manner, even between different categories. Additionally, a key component of AVI is the requirement that all City property be appraised each year. On this basis, two commercial property owners have sued the City, rendering \$63 million in City and School District revenues at stake, \$13 million of which are City revenues. A ruling on the lawsuit is pending.

Apart from the immediate risk of the City having to repay commercial property owners \$63 million if the reassessment is found to violate the uniformity clause, the Office of Property Assessment ("OPA") faces other, non-legal challenges, as well.

OPA completed a citywide reassessment of all properties in March 2018 for calendar year 2019 real estate taxes. Subsequently, City Council conducted an audit of that reassessment, based on increasing concerns of flaws in the new values and their impact on taxpayers. The audit flagged a number of deficiencies with the current system and issued recommendations. Among the findings were the following: assessments lack uniformity; assessments generally do not meet industry standards (with the exception of those for condominiums); properties valued below \$100,000 tend to be overassessed; and timing of First Level Reviews was too slow. The audit issued several recommendations, including: examination of inadequacies of staffing, budgets, procedures, and methodologies; reestablishment of clear goals; creation of alternative strategies to accomplish goals; and interaction with stakeholders, among others.

City Council issued several recommendations as a result of the audit, including the identification and correction of any outlier assessments by April 2019. Council's other recommendations centered around hiring, leadership and procurement of experts. The City's response to City Council's audit indicated that the report did not provide specific assessment process improvements, did not give the City credit for implementing recommendations from a previous audit conducted in 2012, and was a missed opportunity to help OPA focus on its weaknesses. In addition, the City had significant concerns with the audit's methodology related to the assessment valuation process, as sales data that was not fully validated was used.

## INDEPENDENT ACCOUNTANT'S REPORT

To the Chair and Board Members of the  
Pennsylvania Intergovernmental Cooperation Authority

We have examined the accompanying forecast of the City of Philadelphia, Pennsylvania, which comprises the forecasted general fund statements of operations and statements of significant assumptions and accounting policies for each of the five years ending through June 30, 2024, of the City of Philadelphia, Pennsylvania, based on the guidelines for the presentation of a forecast established by the American Institute of Certified Public Accountants (AICPA). City of Philadelphia's Office of the Director of Finance Management is responsible for preparing and presenting the forecast in accordance with the guidelines for the presentation of a forecast established by the AICPA. Our responsibility is to express an opinion on the forecast based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the forecast is presented in accordance with the guidelines for the presentation of a forecast established by the AICPA, in all material respects. An examination involves performing procedures to obtain evidence about the forecast. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the forecast, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, the accompanying forecast is presented, in all material respects, in accordance with the guidelines for the presentation of a forecast established by the AICPA, and the underlying assumptions are suitably supported and provide a reasonable basis for management's forecast.

There will usually be differences between forecasted and actual results because events and circumstances frequently do not occur as expected, and those differences may be material. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

The forecasted statement referred to above includes assumptions that are particularly sensitive because they require state or city legislative approval and successful labor negotiations. As discussed in Note C.1.a, the Wage Tax rate includes 1.5 percent that is reserved for PICA. This assumption is particularly sensitive because the plan assumes the state will enact legislation to reinstate PICA upon its dissolution at the end of fiscal year 2023 or, alternatively, City Council will pass legislation to increase the Wage Tax to produce the expected revenue. The assumptions pertaining to labor agreement costs as described in Note C.6, are particularly sensitive due to the uncertainty in the outcome of expected future negotiations with the four major municipal unions whose contracts are set to expire in 2020.

Figure 3-4: Fund Balance Growth vs. Revenue and Obligations Growth (Percent)

order to show a full picture of the funds set aside in this Plan. It also illustrates that total reserves are still well below not only GFOA recommended levels, but also the City's own target.

As it pertains to the federal funding reserve, the City contends that amounts need to be set aside in the event of potential federal cuts to grant money. Although PICA advocated for such contingency planning at the beginning of the Trump administration when there was a true threat of this possibility, the City has since prevailed in a lawsuit regarding federal funding. Since the conclusion of this litigation, the risk of funding cuts from the federal government has been minimal, yet the City continues to set aside money in this reserve. The reserve appears to be akin to a second unrestricted fund balance that the City appropriates to other purposes at the conclusion of each fiscal year, upon discovering that federal cuts did not occur. In the interest of transparency and good budgeting, the City should properly designate this reserve for the true purpose it will serve, whether as a part of the fund balance, labor reserve, or another purpose.

There are a number of reasons, apart from the most obvious need to guard against contingencies, for maintaining adequate fund balances, including: cash availability, favorable credit ratings, generating investment earnings, and avoiding interest costs. In consideration of these factors, all of which are particularly relevant to the City, PICA recognizes the City's efforts to ensure larger fund balances in this Plan. PICA hopes the City

will continue in this direction by increasing fund balances to meet GFOA recommendations.

### Employee Health Benefit Costs

Health benefits for active and retired workers are currently estimated at a cost of \$500.2 million for FY2019, 3.8 percent higher than the originally budgeted amount, and 19.6 percent higher than the FY2018 actual. The main contributors to the increased cost above the FY2019 adopted budget were the DC33 reopener payment to the union's health fund of approximately \$17 million and fringe benefit increases associated with DC47 and exempt employee raises.

Despite healthcare trends, the Plan projects health benefit costs to decrease in FY2020, to \$490.0 million, or 2 percent below the FY2019 estimate. The remaining years of the Plan budget for continued increases between FY2020 to FY2024, reaching \$580.4 million. This accounts for higher than 5 percent increases in each year, except in FY2021, which will see a 1.1 percent increase, while a 2.0 percent decrease is projected in FY2020. It is concerning that the first two years of the Plan do not factor in realistic growth expectations for employee benefits—a 2.0 percent decline in FY2020, followed by only 1.1 percent growth in FY2021.

During the Plan period, the overall health benefit cost projections incorporate separate calculations for the union plans and the City-administered

**City Controller**  
**Rebecca Rhynhart**

FY2020-FY2024

64

Figure 3-6: Backdrop vs. Actual Overtime Costs  
(\$ in Millions)

The City has shown signs of improvement when it comes to overtime: FY2019 overtime spending only exceeded last year's total by 1.4 percent (less than contractually negotiated wage increases for the fiscal year), and departments came closer to remaining within their annual overtime allocation than in previous years. While improved, the City still exceeded its FY2019 overtime allocation. Additionally, \$181.9 million in overtime spending may be seen as high, considering the myriad other City programs that require funding. Finally, with the current high staffing levels, it should be expected that overtime costs will decrease in the future. Continued high overtime costs represent a risk to the Plan, in that they threaten both the City's budget for wages, as well as crucial funding for other City services.

### Fire Department Overtime Costs

The Philadelphia Fire Department is projected to spend \$51.1 million on overtime in FY2019, the highest total, by far, in its history. As Fire Department overtime costs have fluctuated between approximately \$25 and \$35 million since FY2011, FY2019 overtime costs represent a sharp increase in overtime spending. Additionally, the Department exceeded its annual allocation for overtime by \$22.7 million; City departments, as a whole, only overspent their combined allocation by \$27.1 million. Thus, the Fire Department accounted for 83.8 percent of that overspend. Consequently, high overtime spending necessitated a mid-year fund transfer, as costs pushed the Department beyond its budget for

wages; the potential for such fund transfers in future fiscal years represents a risk to the Plan.

Fire Department officials have cited various factors contributing to the considerable growth in overtime spending within the Department. These factors include: staffing special events, backfilling vacancies due to vacation, illness, training, injury, and employees placed on restricted or no duty due to results on a biennial exam.<sup>11</sup> In addition, recruiting and training new employees, especially EMTs staff, is a lengthy and costly process which has led to chronic under-staffing.

While these factors are relevant to explaining the excessive overtime spending, Department management should make a concerted effort to control overtime spending by developing a detailed overtime reduction plan, and a comprehensive staffing plan that anticipates the needs of the Department to fill shifts without the excessive use of overtime. Planning for attrition should be a key part of that staffing plan, to ensure overtime costs do not again result in the City exceeding its overtime budget.

### Indemnities

General Fund indemnities are projected to stay relatively level throughout the life of the Plan, ranging between a low of \$48.8 to a high of \$49.2 million. Indemnity spending totaled \$45.3 million in FY2019.

Website: [www.phila.gov](http://www.phila.gov)

July 8, 2019

Mr. Harvey M. Rice, Executive Director  
Pennsylvania Intergovernmental Cooperation Authority  
1500 Walnut Street, Suite 1600  
Philadelphia, PA 19102

Dear Mr. Rice:

Pursuant to its mandate as specified in Section 12720.209(PA) of the Pennsylvania Intergovernmental Cooperation Authority (PICCA) Act, the Office of the Controller conducted its annual review of the Forecasted General Fund Statements of Operations for each of the fiscal years ending June 30, 2020 through June 30, 2024. The Statement of Operations, also known as the Five-Year Plan (Plan), was prepared by the City of Philadelphia's Office of the Director of Finance and submitted to PICCA on June 18, 2019. My staff conducted its review of the Plan in accordance with accreditation standards set forth by the American Institute of Certified Public Accountants. Attached please find the Independent Accountant's report signed by my deputy who is a Certified Public Accountant.

I recommend that PICCA approve the Plan; however, in reviewing the projected annual budgets, our office noted two sensitive assumptions and two causes for concern that PICCA should take into consideration while evaluating the Plan. In particular, the scheduled dissolution of PICCA at the end of fiscal year (FY) 2023 represents a serious risk to the Plan as indicated in the sensitive assumptions detailed below. Our office expects the City to provide a plan with concrete steps for its course of action to resolve this issue by the next budget cycle.

**Sensitive Assumptions**

The Plan does not anticipate the dissolution of PICCA at the close of FY23, following the City's repayment of outstanding PICCA bonds. In the current iteration of the Plan, the City assumes \$2.5B in Wage and Non Profit Tax revenue for FY24, inclusive of \$625M that will no longer be collected by the PICCA Tax. This assumption represents a significant risk to the Plan and requires either state legislative action to reauthorize PICCA or City Council legislation to amend the Wage Tax rate to account for the discontinued PICCA portion.

its inception, but also the first Plan where such contributions are projected to be made in each fiscal year. Total projected contributions to the BSR over the Plan period are \$180.8 million. PICCA has long advocated for this kind of contingency planning; it should be the City's goal to continue this effort and contribute to the BSR every year.

The risk to the Plan is that the BSR contributions are not realized as projected. In past Plans, where the City has projected contributions to the BSR, other contingencies have taken precedence. For example, the FY2015-FY2019 Plan submitted to PICCA included a contribution to the BSR in its final year, amounting to \$24.6 million. However, there were two subsequent revisions to that Plan in August and September, due to new labor agreements and changes in pension related actuarial assumptions, which resulted in the City eliminating the projected BSR contribution.

Similarly, in the FY2016-FY2020 Proposed Plan, the City projected another BSR contribution in the final fiscal year, amounting to \$25.7 million; by the time the Plan was adopted by City Council, that contribution reached \$26.0 million. However, in the following year, the FY2017-FY2021 Plan was submitted to PICCA without a BSR contribution included.

## III. Risks to the Plan

Another example of a foregone BSR contribution arose in FY2019, when the City realized a fund balance that was higher than originally projected, which also triggered a BSR contribution. Due to intricacies in the existing BSR legislation, City Council would have had to pass an amendment to allow a contribution to be made in that particular circumstance. Unfortunately, the legislation never passed, and the contribution to the BSR was not made as a result.

These examples reflect financial priorities that do not rank the BSR highly. This Plan, in particular, gives rise to concerns that pending labor costs for all unions beginning in FY2021 will result in more foregone BSR contributions in future years of the Plan. Although PICCA is hopeful the contributions will occur as projected in each year of this Plan, projected contributions in previous Plans were either deferred or eliminated altogether.

The City should ensure that the projected contributions are made, and that the City continues to put money aside in the BSR every year thereafter.

## APPENDIX B: PERSONNEL TRENDS BY FUNCTION AND AGENCY

## Agency Full-Time Positions by Functional Category: General Fund

[illegible]

FV20240-FV2024

31

#### IV. SPENDING AND PERSONNEL STAFFING TRENDS

This section discusses trends in General Fund spending and personnel levels by major category. The review of obligations covers actual spending from FY2015 to FY2018, estimated spending for FY2019, and projected spending for FY2020. Personnel trends from FY2015 to FY2019 are also discussed along with approved personnel levels for FY2020. The purpose of this section is to provide perspective on recent trends in costs and changes in budgetary priorities.

For purposes of the analysis, General Fund obligations are classified into three broad categories: Agency Functions, Employee Benefits, and Other Obligations. Agencies have been classified into nine functional categories. In FY2018, the City restructured certain departments and functions, therefore, for consistency and comparability purposes, we restated prior year obligations accordingly. Table 4.1 lists these three categories of obligations. The following section analyzes these obligations categories as a percentage of total obligations, while also considering rates of spending growth.

## General Fund Spending

Table 4.2 presents overall General Fund obligation trends from FY2015 to FY2020. Figures for FY2019 represent unaudited estimates, and figures for FY2020 represent spending projections listed in the City's Five Year Plan. The analysis considers spending trends from FY2015 to FY2019, the most recent years for which actual and estimated data are available, while looking ahead to projected spending for FY2020 where appropriate. Total General Fund obligations increased by 26.1 percent from FY2015 to FY2019, from \$3.831 billion to \$4.832 billion, at an average annual rate of 6.0 percent.

This represents a considerable increase in spending over the previous five-year period, in which spending increased by just 15.2 percent from FY2014 to FY2018, at an average annual increase of 3.2 percent. Furthermore, City obligations will exceed five billion dollars in FY2020 for the first

time in the City's history, having just crossed the four billion dollar threshold four years earlier in FY2016. FY2020 obligations are projected at \$5.025 billion, a 4.0 percent increase over FY2019.

This increase in spending has been driven by marked increases in each of the three aforementioned spending categories: spending on Agency Functions increased by 21.1 percent from FY2013-FY2019, while Employee Benefits spending increased by 25.3 percent, and spending on Other Obligations increased by 47.4 percent. This growth in spending far outpaces the period from FY2014 to FY2018, when spending on Agency Functions increased by 13.4 percent, Employee Benefits by 9.1 percent, and Other Obligations by 33.3 percent.

Such growth in spending as a function of one additional year poses the question of whether revenues can keep pace with obligations in the coming fiscal years.

Figure 4.1 illustrates costs by each obligation category, as well as the percentage change for each category from FY2015 to FY2020. Agency costs represented 56.8 percent of total General Fund obligations in FY2015, but decreased slightly to 54.6 percent by FY2019, and are projected to

# APPENDIX A: SPENDING TRENDS BY FUNCTION AND MAJOR AGENCY

Figure 4-1: Obligations by Category (\$ in Millions)

## IV. Spending and Personnel Staffing Trends

to decrease further, to 54 percent in FY2020, Figures 4.2 and 4.3 illustrate the costs associated with Agency Function categories from FY2015 to FY2019, along with the projected cost of each category in FY2020. Further analysis on cost trends within these categories is provided later in this section.

Employee Benefits represented 28.7 percent of General Fund spending in FY2015 and decreased slightly, by two-tenths of a percentage point by FY2019. Benefits costs are projected to decrease further, to 28.1 percent of total obligations in FY2020, but the change—less than one percentage point over five years—means spending on Employee Benefits has remained relatively constant.

Other Obligations was the only obligations category to show any significant increase as a percent of total spending, growing from 14.5 percent in FY2015 to an estimated 16.9 percent in FY2019. Continued growth in spending within this category is projected for FY2020, to 17.9 percent of total obligations. The increase is primarily driven by the City's larger contribution to the School District of Philadelphia ("School District"), which was officially returned to local control from the School Reform Commission on July 1, 2018.

Thus, as the City's total obligations have increased from FY2015 to FY2019, spending on Agency Functions as a percent of total obligations has decreased. Employee Benefits spending has

remained consistent, and Other Obligations spending has increased over that period. Additionally, the growth in spending for each of these categories has not been proportional, as spending on Agency Functions and Employee Benefits have increased by an average of 4.9 percent and 3.8 percent per year, respectively, while spending on Other Obligations has grown at a rate of 10.2 percent per year.

General Fund Personnel Staffing  
The number of City employees has exceeded the previous peak level, recorded before the Great Recession of 2008.

*FY2015 to FY2019, the City added 2,443 full-time positions, increasing the City's workforce by 11.6 percent over that period.*

The largest increase was in the Public Safety category, as it added 975 employees. Following Public Safety was Governance and Administration, which added 308 employees, then Transportation and Sanitation with 264 employees, and Health and Human Services with 247 employees.

In terms of the rates growth, Regulation and Economic Development led the Agency Function category, as it grew its workforce by 30.5 percent from FY2015 to FY2019. The next highest growth was in Education (20.0 percent), followed by Health and Human Services (19.7 percent), and then Governance and Administration (17.6 percent).

## APPENDICES

<sup>1</sup>Source: Table 4.1 for Department of Public Safety, Department of Public Health, Department of Public Works, and Department of Public Finance.

<sup>2</sup>MacArthur Foundation Security Fund.

Spending in this category rose by just 2.7 percent since FY2015, at an average rate of 0.7 percent per fiscal year. Spending within the category actually decreased by almost one percent from FY2018 to FY2019, and is projected to decrease by an additional 1.7 percent in FY2020.

Double-digit increases within the independent elected offices of the Sheriff ("Sheriff"), District Attorney ("DAO"), and Register of Wills over the four-year period were offset by a marginal increase of 1.9 percent within the Philadelphia Department of Prisoners ("PDP"), and a decrease of seven percent within the First Judicial District of Pennsylvania ("FJD").

After years of spending increases at the PDP, costs declined by 2.9 percent from FY2018 to FY2019 and are projected to further decline in FY2020. The City's justice partners have managed to cut the prison population by nearly half while depopulating the aging House of Correction—the result of the City's successful participation in the MacArthur Foundation Safety and Justice Challenge, which has impacted PDP spending.<sup>2</sup>

Changes in staffing levels within Judicial and Corrections departments mirror trends in

<sup>2</sup>The City's justice partners include representatives from the PDP, Department of Public Health, Department of Public Works, the District Attorney and Register of Wills, and the First Judicial District.

the City in prioritizing and allocating capital funding. Although the City encourages such assessments on a departmental level, the last comprehensive assessment was PICCA's 2007 assessment, despite this being a best practice. Furthermore, Philadelphia 2035 does not include plans regarding IT needs, as well as certain other major needs.<sup>1</sup> Facilities assessments have limited lifespans and eventually become obsolete due to changing conditions and capital needs; therefore, any assessments should be conducted with purpose and preparedness to act upon them.

#### Risks

There are always risks associated with capital projects, particularly risks that may derail projects or cause costs to increase above projections, including: higher than budgeted construction costs, change orders, delays in projects, and contractor defaults, among others. The status and costs of projects are continuously monitored by the Budget Office during the funding approval process. If there is a change in the prioritization of projects, due to an emergency or some other need during this process, funding is reallocated from other projects accordingly. If projects become more expensive than the original appropriation allows, left-over funds from other, completed projects, are reallocated.

<sup>1</sup>The City's comprehensive development plan, which is revised and updated by the City Planning Commission.

#### Conclusion

Based on our review of the City's Recommended Capital Program, PICCA staff noted several areas the City can improve upon. The City should continue to put an emphasis on first spending down carry-forward amounts before issuing new debt and research best practices to determine the best time of year to perform the carry-forward calculation. In discussions, PICCA and the City agreed that the City should maximize pay-as-you-go financing opportunities and revisit eligibility requirements annually or bi-annually. Additionally, best practices indicate that the City should conduct facilities assessments to prioritize needs most efficiently and formulate articulable financial policies regarding eligibility for capital funding.

Although the capital planning process could be improved in the aforementioned ways, the FY2020 capital budget is consistent with the Five Year Plan, and as such, is in compliance with the PICCA Act's requirements in Section 208.

percent increase in staff, while DHS added 21 employees and OHS added 17 employees, increases of 4.8 percent and 12.1 percent, respectively. Every department in the category added at least some employees except DBH11X, whose staff of 16 remained constant. Thus, Health and Human Services added 247 employees as a whole, third only to Public Safety and Governance and Administration in number of employees added, for a total increase of 19.7 percent.

**Regulation and Economic Development.** Obligations for the Regulation and Economic Development function are estimated to total \$62.1 million in FY2019, an increase of \$17.2 million from FY2015, or 38.4 percent. Despite the increase, spending totals represented just 2.4 percent of Agency Obligations and 1.3 percent of total General Fund obligations in FY2019.

Approximately \$7.4 million, or 43 percent of the increase in Regulation and Economic Development is a result of the addition of the Department of Planning and Development, which was created in FY2015 and is responsible for City Planning, affordable housing, historical preservation, and oversight of public art. The Department absorbed the Office of Housing and Community Development, the Historical Commission, the Zoning Board of Adjustment, and the City Planning Commission, and consequently, the obligations associated with those entities.

Other increases in obligations within the Regulation and Economic Development function were driven by increased spending within the

**IV. Spending and Personnel Staffing Trends**

Department of Licenses and Inspections (L&I). To accommodate the City's ongoing development boom, and to improve response time to complaints and violations, L&I has hired 103 new employees, increasing its workforce by 31.6 percent. L&I also opened two new satellite offices in FY2018.

**The Commerce Department, responsible for most of the economic development initiatives in the category, has seen its budget remain relatively flat since FY2015, but it is set to receive an increase in FY2020 to strengthen its neighborhood commercial corridor initiatives.**

Every department in the category increased its employee count over the past four fiscal years, and, as a result, the Regulation and Economic Development category has increased staff by 144 employees, or 36.5 percent. This increase is projected to continue; the City has approved an additional 66 full time positions for FY2020, which would bolster Regulation and Economic Development staff by another 12.2 percent.

**Arts, Culture, and Recreation.** Obligations for Arts, Culture, and Recreation are estimated to total \$16.1 million in FY2019, 4.4 percent of Agency Obligations, and 2.4 percent of total General Fund obligations, representing an increase of \$15.8 million, or 15.9 percent from FY2015. Each agency within the category saw spending increases of less than one million dollars over the four-year period except the Free Library of Philadelphia ("FLP"), whose obligations increased by two

Table 4.3: General Fund Full-Time Positions by Function<sup>1</sup>

Function	Actual				Estimated		Increase / Decrease in FY2020

**Table 6-2: Major Projects in FY2020 Recommended Capital Budget (\$ in Millions)**

Department	New City Tax Supported Funding
Streets	\$43.2
OTF	\$28.0
Finance	\$62.0

**Capital Project Funding Eligibility**

Generally, in order for a project to qualify for capital funding, it must cost at least \$15,000 and have a lifespan of at least five years. After this general inquiry, eligibility requirements for capital funding, based on bond requirements, other legal considerations, and financial policy, play a central role in selecting capital projects.

Capital Program eligibility is determined by the Budget Office and is subsequently certified by the Controller's Office. The eligibility requirements have not been revised since 2014, but best practice indicates this should ideally be done annually.

Furthermore, while the bond and legal requirements are clear, eligibility based on financial policy priorities seems unclear, and the formulation of such policy is admittedly not a formal process. The City considers its own financial needs when formulating policies related to eligibility but has not analyzed best practices or policies of similar jurisdictions related to capital funding eligibility.

Prioritization of the projects is based on the City's priorities and on what federal or state funding can be leveraged. For FY2020, federal funding, new and prior, is a source of 17.5 percent of the budget, while state funding is 13.6 percent.

**FY2020 Capital Projects**

The largest recommended investment in the current Capital Program is in the Streets Department, totaling \$315.4 million over six years. In FY2020, \$43.2 million in new general obligation bonds is recommended for resurfacing streets, constructing accessible ramps, and other improvements.

**Figure 11: Capital Budget Comparison**

The Office Of Innovation and Technology ("OIT") shows an investment of \$107.6 million in tax supported funds over the six year program, with \$28 million in FY2020. In that year, approximately \$5.5 million is attributable to IT needs for the new Police headquarters. Another significant investment is the Rebuild program, consisting of \$113 million in currently available funding, from Rebuild bonds, capital funds and grants, with additional future funding between \$295 million and \$360 million.

According to the recommended capital budget, another major project, mandated by the state, is the purchase of new voting machines and related technology. This project will be substantially financed on a pay-as-you-go basis. Additional funding will come from new general obligation bonds and other sources.

There are other major projects involving new tax-supported City funds in the Capital Program in several other major departments. Still, other major projects will be financed through federal.

**Table 6-3: Stand Alone Department Capital Projects FY2020 (\$ in Millions)**

Department	New City Tax Supported Funding
Streets	\$43.2
OTF	\$28.0
Public & Recreation	\$23.8
SEPTA	\$4.6

to FY2019. The additional staff has resulted in a 16 percent increase in the Streets Department's workforce, with 70 additional full-time positions approved for FY2020.

Central Services. Central Services includes internal services that support the operation of other City departments, such as the Department of Public Property ("DPP"), which manages City properties, workspace, and utilities; the Office of Fleet Management ("OFM"), which maintains the City's vehicle inventory; and the Office of Innovation and Technology ("OIT"), which manages the City's internet and information systems and manages technological innovation projects and upgrades.

General Fund obligations for Central Services are estimated to total \$235.2 million in FY2019, representing 8.9 percent of agency spending and 4.9 percent of total obligations. After increasing by \$43.6 million from FY2015 to FY2019, or 22.8 percent, FY2020 obligations are estimated to increase by \$13.3 million, or an additional 5.7 percent over that one fiscal year.

Approximately \$23.5 million of the increased spending from FY2015 to FY2019 was due to the implementation of an upgraded citywide 911 service, an ongoing project within OIT that

features the use of a geographic information system ("GIS") for high positional accuracy, and address and street network data for the routing of emergency response vehicles.<sup>1</sup> Thus, the bulk of Central Services' spending increase was within OIT; spending within OFM has risen slightly, while remaining relatively level within DPP.

As with every other Agency Function category, staffing has increased over the four-year period from FY2015 to FY2019. OFM has added 42 new employees, for an increase of 15.9 percent; OIT has added 37 employees, for an increase of 14.5 percent; and DPP has added 12 employees, for an increase of 8.7 percent. In total, Central Services has added 91 employees, for an increase of 13.8 percent.

Governance and Administration. The Governance and Administration function includes leadership and legislative bodies, such as, the Office of the Mayor and Philadelphia City Council ("City Council"), administrative departments such as the Office of the Managing Director ("MDO"), the Office of the Director of Finance ("Finance"), the Office of the Chief Administrative Officer ("CAO"), and oversight agencies such as the Board of Ethics, and the Office of the Inspector General ("OIG"). The category also includes the highest number of total entities of any of the Agency Functions, at 19.

The high number of agencies suggests that governance and management of the City is a complex and varied task, ranging from protecting the City's legal interests (Law Department), to creating bond issuances (City Treasurer) to managing the City's finances and budget (Finance).

*In terms of spending and staffing levels, Governance and Administration represents some of the lowest totals in both regards, despite including the most departments and offices.*

Spending in this category is estimated to total \$266.6 million in FY2019, 10.1 percent of Agency Obligations, and just 5.5 percent of total General Fund obligations. Obligations increased by a total of \$99.9 million from FY2015 to FY2019,

<sup>1</sup> These costs will be offset through a repayment from other funds.

## VI. CAPITAL PROGRAM

period, though at a lesser average annual rate than pension spending. Obligations increased from \$410.3 million in FY2015, to an estimated \$514.4 million in FY2019, an increase of \$104.1 million, or 25.4 percent, with an average annual increase of 6.3 percent. The City projects health and welfare spending to decrease to \$504.4 million in FY2020, by 2.4 percent. As the national average for healthcare cost increases hovered between three and five percent over that same period, it appears the City has not been able to keep pace with such increases, but is attempting to rein in healthcare costs in FY2020.

There have also been increases in Other Employee Benefits Obligations, such as Unemployment Compensation, Disability, and Social Security. The most stark increase has been in Unemployment Compensation, which, after declining in cost from FY2016 to FY2017, jumped by 77.3 percent in FY2018, and then increased by 16.8 percent in FY2019, for a total growth of 60.4 percent over the four-year period. This increase pushed total Other Employee Benefits costs to increase by 10.3 percent over the same period.

### Other Obligations

Other Obligations include subsidies and payments made to support non-City entities such as SEPTA, the Defender Association and the Art Museum; operational costs such as workspace rentals and utilities; certain provisions, or funds set aside by the City for various purposes, such as a potential reduction in federal grants; the City's Budget Stabilization Reserve; and Debt Service on outstanding bonds. The City also supports the School District, a cost that has increased since the District's return to local control from the state-appointed School Reform Commission on July 1, 2018 (see Section III discussion, "School District of Philadelphia Funding").

*The City's contribution to the School District was, by far, the highest and fastest growing obligation in the Other Obligations category.*

### IV. Spending and Personnel Staffing Trends

The contribution increased from \$69.1 million in FY2015 to \$185.8 million in FY2019, for an increase of 168.8 percent. The City projects the contribution to increase to \$222.5 million in FY2020, or by another 19.8 percent.

Most contributions in the Other Obligations category increased between FY2015 and FY2019, ranging from a \$50.6 million increase in debt service payments, to a \$7,000 increase in Hero Awards. Other contributions remained flat, such as the City subsidies paid to the Philadelphia Museum of Art (\$2.6 million) and the Pennsylvania Convention Center (\$15.0 million).

*The City managed to reduce utilities costs over the four-year period, from \$31.4 million in FY2015 to an estimated \$25.0 million in FY2019—a savings of \$6.4 million.*

As a whole, Other Obligations increased by \$263.2 million, or 47.5 percent from FY2015 to FY2019, increasing from 14.5 percent of total obligations to 16.9 percent. Again, that increase largely reflects the increased contribution to the School District. As the School District projects deficits in the later years of its five year plan, the City's contribution is also likely to increase.

FY2020-FY2024

Figure 5.4: Pension System Annual Rates of Return

and has started to move into index funds. The Board of Pensions also continues its commitment to reduce the expected return on investments.

In FY2018, the expected return on investments was lowered to 7.65 percent, which has since been reduced to 7.55 percent for FY2021. These efforts, which move the assumptions in a more conservative direction, will reduce the risk that contributions will continue their unpredictable growth. In addition, they will increase the probability that the RRP funding levels will increase the funded ratio of the MRS over time.

Table 5.6 also presents the City Funding Policy as reported in the City's CAFR. The Annual Required Contribution ("ARC") is defined as a payment sufficient to pay system normal costs and amortize any unfunded liabilities over a period not to exceed 30 years. The MMO qualifies as an appropriate measure of the ARC, but the MMO has historically

been below the City Funding Policy, due to the different amortization methods explained previously. The City's actual contributions since 2003 have been based on the MMO rather than the City Funding Policy, pursuant to state Act 205. Accordingly, the actual contributions have been below the City Funding Policy in most years.

As shown in Table 5.6, the City's new RRP still bases payments on the MMO but dedicates supplemental revenues, described earlier in this section, over and above MMO amounts. Basing payments on the lower MMO amount, in lieu of the City Funding Policy, may reflect that the City is unable to make the higher payments. However, the recently implemented RRP, shows the City's ability to contribute higher amounts to the pension fund going forward, which could be viewed as a positive indicator of the City's financial health.

Table 5.7: Other Post-Employment Benefits (OPEB) Funding Status (\$ in Millions)

Component	2011	2012	2013	2014	2015	2016	2017

## V. INDICATORS OF FINANCIAL HEALTH

This section is designed to promote "efficient and accountable fiscal practices," one of PICPA's core objectives as stated in the PICPA Act. By presenting quantitative measures of the overall economic performance of Philadelphia and the financial performance of its government.

The quantitative measures discussed include four economic indicators: payroll employment, the unemployment rate, poverty, and median household income. Financial condition indicators include the General Fund year end fund balance, outstanding debt, and the funding status of the municipal pension system and other post-employment benefits. Multi-year trends are reported to allow an assessment of whether the indicator is improving or declining over time.

### Economic Indicators

**Payroll Employment.** Table 5.1 presents trends in payroll employment for the City, region, and nation since 2011. The City's share of regional and national employment is also presented to indicate the extent to which the City's employment basis is growing more or less rapidly than that of the region and nation. This data reflects payroll of Philadelphia-based business establishments. As such, it reflects earnings of Philadelphia workers, rather than just residents.

City employment increased to 724,400 in 2018, representing an increase of approximately 2.3 percent over 2017, and an almost 10 percent

increase from 2011. As Table 5.1 illustrates, this rate of increase has been broadly consistent with regional employment trends, as the City's share of regional payroll employment has remained roughly constant since 2011. In contrast, national employment increased by 12.5 percent since 2011, therefore outpacing the City's increase of 9.7 percent. As a result, the City's share of national employment declined slightly from 0.500 percent in 2011 to 0.486 percent in 2018.

*It should be noted that the City's employment figure has slightly outpaced the region and the nation, since 2016.*

Table 5.1: Non-Farm Payroll Employment by Area

Employment Area	2011	2012	2013	2014	2015	2016	2017	2018
City of Philadelphia	660,300	662,400	665,300	673,300	683,000	696,000	708,300	724,400
Region <sup>1</sup>	2,708,600	2,724,300	2,740,300	2,776,000	2,800,000	2,868,700	2,912,700	3,040,000
Nation <sup>2</sup>	131,940,800	133,170,700	134,380,300	135,607,300	136,815,100	138,048,900	139,204,300	140,404,300

City as Percent of Nation	0.500%	0.494%	0.488%	0.486%	0.487%	0.487%	0.485%	0.486%

Source: U.S. Bureau of Economic Analysis, "Non-Farm Payroll Employment by Area and Region," 2018. <sup>1</sup>Region includes the Philadelphia, Delaware, and Maryland areas. <sup>2</sup>Nation includes all non-farm payroll employment in the United States. <sup>3</sup>City as Percent of Region is calculated as City of Philadelphia payroll employment divided by Region payroll employment. <sup>4</sup>City as Percent of Nation is calculated as City of Philadelphia payroll employment divided by Nation payroll employment.

Figure 5.2: Poverty Rate: Philadelphia, Pennsylvania, and Nation

District funding challenges. The City's ratings are relatively weak and rank the second lowest among the 20 largest cities (behind Chicago) as of December 2017.<sup>5</sup>

Ultimately, the City continues to save on the cost of borrowing thanks to its current credit ratings, as the difference between A and BBB borrowing rates as of February 2019 was 0.37 percent.<sup>6</sup> It is critical that the City maintain A ratings so that it can continue to improve its infrastructure and finance capital projects on a sustainable basis.

**Pension Funding Status.** The funded status of the City's Municipal Retirement System ("MRS") is one of the most critical financial challenges facing the City. Risks related to pension funding are also described in Section III, Table 5.6 presents a multi-year trend in the primary indicators of

pension funding status. These measures are drawn from the annual actuarial valuation reports and City Comprehensive Annual Financial Reports ("CAFR").

The City's funding is determined by state law, which mandates that the City annually contribute a Minimum Municipal Obligation ("MMO") to the pension fund. The MMO includes costs accrued during the year as a result of services provided by current employees, and an amortization payment sufficient to amortize the unfunded liability of the MRS over a defined period, as determined by an actuarial valuation.

The MMO is calculated by the consulting actuary of the Board of Pensions and Retirement. The actuary's calculation is based on a number of key demographic and economic assumptions, many of which are based on experience. The assumptions

Figure 5.3: Pension System Funding Status (\$ in Millions)

Figure 5.4: Unemployment Rate by Region over Time

was \$308.8 million, 8.4 percent of General Fund obligations. This represented \$140.3 million more than the projected \$228.5 million in the FY2019-2023 Plan and signified the first time the City met its internal target for fund balance, between 6 and 8 percent of obligations.

For FY2019, the year-end fund balance is estimated at approximately \$297.2 million, or 6.3 percent of obligations.

This estimate should be viewed in context, along with the federal funding reserve the City has also set aside for that year, amounting to \$53.6 million.

Fund balances since FY2008 have been modest relative to obligations, until FY2018. The highest level until FY2018 was the FY2013 fund balance of approximately \$257 million, or 7.1 percent of obligations. However, the fund balance in that year was bolstered significantly due to a delay in settling labor contracts with the City's major unions. After FY2013, the General Fund balances dropped lower, as they have reflected the impact of settled labor contracts and a return to annual wage increases for employees since the recession.

Despite the recent larger fund balance in FY2018, and despite the higher fund balances in this Plan, which trigger contributions to the Budget Stabilization Reserve in each fiscal year, fund balances remain below GFOA recommendations. As mentioned previously, the City has established an internal target fund balance of 6 to 8 percent of obligations. The City is poised to meet this goal

Table 5.4: General Fund Year-End Fund Balance and Total Obligations (\$ in Millions)

Fiscal Year	Fund Balance	Total Obligations	Percent of Obligations
2007	\$307.9	\$5,726.7	5.4%
2008	318.5	5,419.9	5.9%
2009	(127.2)	3,483.3	-3.6%
2010	(114.6)	3,053.7	-3.7%
2011	-	3,786.3	0%
2012	146.8	3,484.9	4.2%
2013	256.9	3,613.3	7.1%
2014	209.1	3,886.6	5.4%
2015	103.5	3,851.5	2.7%
2016	148.5	4,053.8	3.7%
2017	189.2	4,439.8	4.3%
2018	298.6	4,409.9	6.8%
2019 (estimated)	\$297.2	\$4,819.7	6.2%

CONTRACT AND SECTION 2.11(F) OF THE INDENTURE**

This certificate is made on December 3, 2019 in connection with the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds") and the authorization of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds" and together with the 2019 Bonds, the "2019/2020 Bonds"), as required by Sections L.3(h) and L.3(y) of the Bond Purchase Agreement dated October 29, 2019 (the "Purchase Contract") between the Authority and RBC Capital Markets, LLC, as representative of the Underwriters named therein, Section L.6(h) of the Forward Delivery Bond Purchase Agreement dated October 29, 2019 (the "Forward Delivery Purchase Agreement") between the Authority and RBC Capital Markets, LLC, as representative of the Underwriters and Section 2.11(f) of the Indenture. Terms used but not defined herein shall have the meanings set forth in the Purchase Contract, Forward Delivery Purchase Agreement or the Indenture.

**WE, THE CHAIRPERSON AND ASSISTANT SECRETARY OF THE AUTHORITY,  
HEREBY CERTIFY AS FOLLOWS:**

1. Each of the Bond Documents to which the Authority is a party which has been executed and delivered prior to the date hereof is currently in full force and effect and no default on the part of the Authority, or event which with notice or upon lapse of time, or both, would constitute such a default, has occurred thereunder.

2. To the best of our knowledge and after reasonable investigation, the Resolution is in full force and effect as of the date hereof and has not been amended or supplemented since the date of its adoption.

3. To the best of our knowledge after reasonable investigation, the representations and warranties of the Authority contained in the Purchase Contract and the Forward Delivery Purchase Agreement are true and correct as of the date hereof.

4. To the best of our knowledge after reasonable investigation, the Official Statement, except for information furnished by, or with respect to the City of Philadelphia, Pennsylvania (the "City") set forth in the sections of the Official Statement entitled "INTRODUCTION – The City of Philadelphia," "ANNUAL COLLECTION OF THE CITY TAX AND THE AUTHORITY TAX," "THE AUTHORITY — Operating History," and in Appendices B, C, G and J of the Official Statement, with respect to FGIC, any of its affiliates

or any other bond insurance company set forth in the Official Statement and with respect to the Underwriters set forth in the section of the Official Statement entitled "UNDERWRITING," with respect to The Depository Trust Company set forth in Appendix G and set forth in the section of the Official Statement entitled "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS — Additional Risks Related to the Forward Delivery Period," as to which no representation is made, does not include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

5. To the best of our knowledge after reasonable investigation, no litigation is pending against the Authority (i) to restrain or enjoin the issuance or delivery of any of the 2019/2020 Bonds or the pledge or collection of revenues pledged under the Indenture, (ii) in any way contesting or affecting any authority for the issuance of the 2019/2020 Bonds or the validity of the 2019 Bonds, the 2020 Bonds, the Bond Documents, the Purchase Contract, or the Forward Delivery Bond Purchase Agreement or the validity of the Resolution or (iii) in any way contesting the existence or powers of the Authority.

6. To the best of our knowledge after reasonable investigation, except as has been disclosed to the Representative, no event affecting the Authority has occurred since the date of the Official Statement which should be disclosed in the Official Statement for the purpose for which it is to be used, or which it is necessary to disclose therein in order to make the statements and information therein, in light of the circumstances under which they were made, not misleading.

7. To the best of our knowledge after reasonable investigation, the Authority has complied with all agreements and satisfied all conditions, on its part to be performed or satisfied at or prior to the issuance and sale of the 2019/2020 Bonds.

8. The Maximum Annual Debt Service Requirement for the 2019 Bonds and the total principal and interest payable on the 2019 Bonds for the term thereof do not exceed the comparable amounts for the 2009 Bonds being refunded by the 2019 Bonds.

**Re:   Consent of the City of Philadelphia Regarding the  
      Eighth Supplement to the Amended and Restated Indenture of Trust**

Dear Mr. Dubow:

The Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and U.S. Bank National Association, as successor Trustee ("Trustee"), intend to enter into an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019, in the form attached hereto as Exhibit A (the "Eighth Supplement to the Amended and Restated Indenture") in connection with the issuance by the Authority of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 and its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), which will amend and supplement the Amended and Restated Indenture of Trust dated as of December 1, 1994 by and between the Authority and the Trustee (the "Amended and Restated Indenture") and in accordance with Section 10.03 of the Amended and Restated Indenture, the Authority hereby requests the consent of the City of Philadelphia, Pennsylvania (the "City") to the execution and delivery of the Eighth Supplement to the Amended and Restated Indenture.

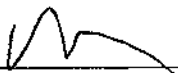

Please sign below and return this letter to the Authority at the above address (to the attention of the undersigned) as evidence of the City's consent to the execution and delivery of the Eighth Supplement to the Amended and Restated Indenture.

Sincerely,

Kevin Vaughan  
Chair

**Re: Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2019  
and Series of 2020 (Forward Delivery)**

---

Ladies and Gentlemen:

Pursuant to Section 10.04 of the Amended and Restated Indenture of Trust, dated as of December 1, 1994, between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and U.S. Bank National Association, as successor Trustee (the "Trustee"), as supplemented (the "Existing Indenture"), we are hereby giving you notice that we intend to amend and supplement the Existing Indenture on or about December 3, 2019, and request that you consent to the proposed Eighth Supplement to the Amended and Restated Indenture of Trust, dated as of December 1, 2019 (the "Eighth Supplement"), between the Authority and the Trustee. We have been informed that you are now the primary insurer of the Debt Service Reserve Fund Policy (the "Policy") previously issued for the Authority by Financial Guaranty Insurance Company ("FGIC") that was novated to you.

The Authority is planning to issue its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019, in the aggregate principal amount of \$31,085,000 (the "Series of 2019 Bonds"), and its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), in the aggregate principal amount of \$24,990,000 (the "Series of 2020 Bonds"). The Series of 2019 Bonds are being issued to refund the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2009 for debt service savings. The Series of 2020 Bonds are being issued to refund the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 for debt service savings. The Eighth Supplement will authorize and provide for the issuance of the Series of 2019 Bonds and the Series of 2020 Bonds. A near-final draft of the Eighth Supplement is attached hereto.

Please acknowledge your consent to the Eighth Supplement by executing the consent form attached hereto and returning an executed copy to me on or before November 15, 2019. Thank you for your attention and consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "Harvey M. Rice". The signature is fluid and cursive, with the first name "Harvey" being more prominent.

Harvey Rice  
Executive Director

Consent of National Public Finance Guarantee

Execution below by the undersigned duly authorized officer of National Public Finance Guarantee Corporation ("National") evidences its consent to the Eighth Supplement substantially in the form attached hereto. National is authorized to give this consent pursuant to the novation of the Policy previously issued by FGIC.

NATIONAL PUBLIC FINANCE  
GUARANTEE CORPORATION

By: Brian J. Cooney

Title: Managing Director

Date: November 14, 2019

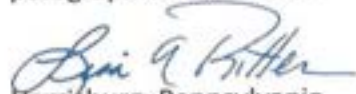

Board of Directors  
Pennsylvania Intergovernmental  
Cooperation Authority

We are the independent certified public accountants with respect to Pennsylvania Intergovernmental Cooperation Authority (PICA) in accordance with standards established by the American Institute of Certified Public Accountants. We have audited the financial statements of PICA as of and for the year ended June 30, 2019 and have issued our report thereon dated September 23, 2019. These financial statements appear in Appendix A of PICA's Final Official Statement dated October 29, 2019, prepared in connection with the issuance of PICA's \$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019, and \$24,990,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (Final Official Statement).

The financial statements and report referred to above are intended to comply as to form in all material respects with accounting principles generally accepted in the United States of America. The financial statements and report referred to above are not intended to comply with the accounting requirements of the Securities and Exchange Commission that would be applicable to Forms 10-K or registration statements for corporate securities prepared in accordance with the Securities Act of 1933. Similarly, we do not agree to be referred to as "experts" in the statutory meaning of the Securities Act of 1933.

Our audit of the financial statements referred to in the introductory paragraph of this letter comprised audit tests and procedures deemed necessary for the purpose of expressing an opinion on such financial statements taken as a whole. For no period did we perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions such as those presented in the Final Official Statement and, accordingly, we express no opinion thereon. Nothing has come to our attention which would lead us to believe that the independent auditor's report in Appendix A of the Final Official Statement, dated October 29, 2019, contains any untrue statement of material fact or omits to state any material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

We agree to the inclusion in the Final Official Statement of our report referred to in the first paragraph of this letter.

**Re: Notice to Rating Agencies of the Eighth Supplement to the  
Amended and Restated Indenture of Trust**

Ladies and Gentlemen:

Pursuant to Section 10.05 of the Amended and Restated Indenture of Trust, dated as of December 1, 1994, between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and U.S. Bank National Association, as successor Trustee (the "Trustee"), as supplemented (the "Existing Indenture"), we are hereby giving you notice that we intend to amend and supplement the Existing Indenture on or about December 3, 2019.

The Authority is planning to issue its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019, in the aggregate principal amount of \$31,085,000 (the "Series of 2019 Bonds"), and its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), in the aggregate principal amount of \$24,990,000 (the "Series of 2020 Bonds"). The Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement") between the Authority and the Trustee will authorize and provide for the issuance of the Series of 2019 Bonds and the Series of 2020 Bonds. A near-final draft of the Eighth Supplement is attached hereto as well as all previous amendments and supplements to the Existing Indenture.

Sincerely,

Harvey Rice  
Executive Director

**CERTIFICATE OF CO-FINANCIAL ADVISOR**

The undersigned duly authorized officer of PFM Financial Advisors LLC (the "Co-Financial Advisor") hereby certifies on this 3rd day of December, 2019, as follows:

1. This Certificate is being executed and delivered by the Co-Financial Advisor in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its \$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds") and its \$24,990,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds," together with the 2019 Bonds, the "2019/2020 Bonds"), as authorized by (a) the Act; (b) the Resolution; (c) Ordinances of the City Council of The City of Philadelphia, Pennsylvania; and (d) the Indenture, as amended and supplemented from time, including by the Eighth Supplemental Indenture. Capitalized terms not otherwise defined herein shall have the meanings ascribed in the Official Statement (hereinafter defined).

2. The Co-Financial Advisor has acted as a financial advisor to the Authority in connection with the Authority's issuance of the 2019/2020 Bonds.

3. I have read the Preliminary Official Statement, dated October 21, 2019, and the Official Statement dated October 29, 2019, relating to the 2019/2020 Bonds (collectively referred to as the "Official Statement") and without having undertaken to independently determine the accuracy, completeness or fairness of the statements contained in the Official Statement (including the Appendices and Tables thereto), nothing has come to my attention in connection with my engagement in respect to the issuance of the 2019/2020 Bonds that would lead me to believe that, as of the date hereof, the Official Statement (except for information contained in Appendix G – "BOOK-ENTRY ONLY SYSTEM," as to which no view is expressed) contains an untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

4. I further certify that PFM Financial Advisors LLC is (a) a financial advisory and consulting organization; (b) not in the business of underwriting, marketing or trading municipal securities or any other negotiable instruments; and (c) registered as a Municipal Advisor with the Securities and Exchange Commission pursuant to Section 15B of the Securities and Exchange Act of 1934 and all rules and regulations thereunder.

I have executed this Certificate of Co-Financial Advisor on behalf of PFM Financial Advisors LLC on the date first written above.

I, Michael A. Decker, Chief Clerk of the Council (the "Council") of the City of Philadelphia (the "City"), do hereby certify on December 3, 2019 that it appears from the records of said Council that:

1. (a) Public hearings were held on each of the Bills (the "Bills") listed below as required by Section 2-201(2) of the Philadelphia Home Rule Charter:

(i) Bill Number 1437 of 1991, attached hereto as Exhibit A, imposing a 1.5% tax on salaries, wages, commissions and other compensation earned by residents of the City and on net profits earned in business, professions and other activities conducted by residents of the City exclusively for the purposes of the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") pursuant to Section 601 of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (hearing held May 23, 1991).

(ii) Bill Number 1563-A of 1992, attached hereto as Exhibit B, approving the execution and delivery by the City of an Intergovernmental Cooperation Agreement between the City and the Authority (hearings held September 27 and September 28, 1991).

(b) Notices of public hearings on said Bills and of their report from committee were duly given by advertisement, each such Bill was duly enacted by the affirmative vote of a majority of all the members of the Council after the elapse of not less than five days from the printing and distribution of each Bill as reported from committee and the votes thereon have been recorded in the Journal of Council, all as required by Section 2-201 of the Philadelphia Home Rule Charter.

(c) The copies of the Bills attached hereto are true and correct copies of the originals thereof on file in the office of the Chief Clerk of the Council.

(d) Such Bills have not been amended or repealed and are in full force and effect on the date of this certificate.

2. A Copy of Resolution No. 2020-05 of the Authority, adopted September 17, 2019, as provided to me by the Authority, has been on file for public inspection at the office of the Chief Clerk of the City Council, Room 402, City Hall, Philadelphia, Pennsylvania, at all times since the delivery of such Resolution to me on September 18, 2019.

IN WITNESS WHEREOF, I have executed this certificate on the date and year first above written.

CITY OF PHILADELPHIA, PENNSYLVANIA

By: \_\_\_\_\_

MICHAEL A. DECKER,  
Chief Clerk of the Council of the  
City of Philadelphia, Pennsylvania

**EXHIBIT A**

**Bill Number 1437**

(Bill No. 1437)  
AN ORDINANCE

*Explanation: Italics indicate new matter added.*

Amending Title 19 of The Philadelphia Code, entitled "Finances, Taxes and Collections," by adding a new Chapter 19-2800, entitled "Pennsylvania Intergovernmental Cooperation Authority Tax on Wages and Net Profits," by imposing a tax of one and one-half percent on the salaries, wages, commissions and other compensation earned by residents of the City and on the net profits earned in businesses, professions or other activities conducted by residents of the City; providing that revenues from the tax are to be used for the purposes of the Pennsylvania Intergovernmental Cooperation Authority; pledging to obligees of the Authority that the City will neither repeal nor reduce the tax for so long as bonds of the Authority secured by the pledge of the tax remain outstanding; providing for the collection of the tax; and imposing penalties.

*The Council of the City of Philadelphia hereby ordains:*

SECTION 1. Title 19 of The Philadelphia Code, entitled "Finances, Taxes and Collections," is hereby amended by adding a new Chapter 19-2800, entitled "Pennsylvania Intergovernmental Cooperation Authority Tax on Wages and Net Profits," to read as follows:

**CHAPTER 19-2800. PENNSYLVANIA  
INTERGOVERNMENTAL  
COOPERATION AUTHORITY TAX  
ON WAGES AND NET PROFITS.**

**§19-2801. Legislative Acknowledgements.**

*(1) The General Assembly of the Commonwealth of Pennsylvania has enacted the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of \_\_\_\_\_, 1991, P.L. \_\_\_\_, No. \_\_\_\_).*

*(2) The Act declares it to be the public policy of the Commonwealth to exercise its retained sovereign powers with regard to taxation, debt issuance and matters of State-wide concern in a manner calculated to foster the fiscal integrity of cities of the first class to assure that these cities provide for the health, safety and welfare of their citizens; pay principal and interest owed on their debt*

*obligations when due; meet financial obligations to their employees, vendors and suppliers; and provide for proper financial planning procedures and budgeting practices. The inability of a city of the first class to provide essential services to its citizens as a result of a fiscal emergency has been determined to affect adversely the health, safety and welfare not only of the citizens of that municipality but also of other citizens in this Commonwealth.*

*(3) The stated intent of the General Assembly for enacting the Act is to:*

*(a) provide cities of the first class with the legal tools with which cities of the first class can eliminate deficits that render them unable to perform essential municipal services;*

*(b) create an authority that will enable cities of the first class to access capital markets for deficit elimination and seasonal borrowings to avoid default on existing obligations and chronic cash shortages that will disrupt the delivery of municipal services;*

(c) *foster sound financial planning and budgetary practices that will address the underlying problems which result in such deficits; and*

(d) *exercise its powers consistent with the rights of citizens to home rule and self government by maintaining a system pursuant to which the principal responsibility for conducting the governmental affairs of a municipality remains with its local elected officials;*

(e) *remedy the fiscal emergency confronting cities of the first class through the implementation of sovereign powers of the Commonwealth with respect to taxation, indebtedness and matters of State-wide concern. To safeguard the rights of the citizens to the electoral process and home rule, the General Assembly intends to exercise its power in a cooperative manner with the elected officers of cities of the first class as contemplated by the Constitution of Pennsylvania.*

(f) *authorize the imposition of a tax or taxes to provide a source of funding for an intergovernmental cooperation authority to enable it to assist cities of the first class and to incur debt of such authority for such purposes; however, the General Assembly intends that such debt shall not be*

*a debt or liability of the Commonwealth or a city of the first class nor shall debt of the authority payable from and secured by such source of funding create a charge directly or indirectly against revenues of the Commonwealth or a city of the first class.*

*(4) In enacting the Act the General Assembly of the Commonwealth inter alia found:*

*(a) That cities of the first class have encountered recurring financial difficulties which may affect the performance of necessary municipal services to the detriment of the health, safety and general welfare of residents of such cities.*

*(b) That the financial difficulties have caused cities of the first class to lose an investment-grade credit rating and direct access to capital markets.*

*(c) That it is critically important that cities of the first class achieve an investment-grade credit rating and thereafter maintain their credit-worthiness.*

(d) *That, without the ability to enter the capital markets, cities of the first class may face a fiscal emergency that could render them unable to pay their obligations when due and deliver essential services to their citizens.*

(e) *That, due to the economic and social interrelationship among all citizens in our economy, the fiscal integrity of cities of the first class is a matter of concern to residents of the entire Commonwealth, and the financial problems of such cities have a direct and negative effect on the entire Commonwealth.*

(f) *That, because cities of the first class consume a substantial proportion of the products of Pennsylvania's farms, factories, manufacturing plants and service enterprises, economic difficulties confronting cities of the first class detrimentally affect the economy of the Commonwealth as a whole and become a matter of State-wide concern.*

(g) *That, because residents of cities of the first class contribute a substantial proportion of all Commonwealth tax revenues, a disruption of the economic and social life of such cities may have a significant detrimental effect upon Commonwealth revenues.*

(h) That, cities of the first class and the Commonwealth have shown a willingness to cooperate in order to address important financial and budgetary concerns.

(i) That, the financial difficulties of cities of the first class can best be addressed and resolved by cooperation between governmental entities.

(j) That, the Constitution of Pennsylvania grants municipalities authority to cooperate with other governmental entities in the exercise of any function or responsibility.

(k) That, the Commonwealth retains certain sovereign powers with respect to cities of the first class, among them the powers to authorize and levy taxes, to authorize the incurring of indebtedness and to provide financial assistance that may be necessary to assist cities in solving their financial problems.

(l) That, the Commonwealth may attach conditions to grants of authority to incur indebtedness or assistance to

*cities of the first class in order to ensure that deficits are eliminated and access to capital markets is achieved and maintained.*

*(m) That, such conditions shall be incorporated into intergovernmental cooperation agreements between the Commonwealth or its instrumentalities and cities of the first class.*

*(n) That, cities of the first class and the Commonwealth will benefit from the creation of an independent authority composed of members experienced in finance and management which may advise such cities, the General Assembly and the Governor concerning solutions to fiscal problems cities of the first class may face.*

*(o) That, the creation of such an authority with the power to borrow money and issue bonds in order to assist cities of the first class will allow such cities to continue to provide the necessary municipal services for their residents and to contribute to the economy of the Commonwealth.*

*(p) That, in order for an authority to effectively assist cities of the first class in financing their cash flow needs and for cities of the first class to be able to cost-effectively*

*finance their cash flow needs during the term of any authority bonds and thereafter, the enactment of certain provisions of law in connection with the issuance of tax and revenue anticipation notes of cities of the first class is necessary and desirable.*

*(q) That, a dedicated source of funding for the authority is necessary in order to address the immediate financial difficulties of cities of the first class.*

*(r) That, the Commonwealth's action in authorizing cities of the first class to impose taxes for the authority will allow such cities to continue to provide necessary services for their residents and for those non-residents enjoying the benefits of such services.*

*(s) That, the levy of a tax within cities of the first class for the authority should be authorized by the Commonwealth for the benefit of cities of the first class, with the revenue produced as a result of such levy being Commonwealth-authorized revenues and revenues of a State authority, and not revenues of the city of the first class.*

(t) *That, the authority to levy a tax only within cities of the first class or as a rate that is higher than that imposed outside cities of the first class is based upon a legitimate classification which the General Assembly deems to be reasonable and just, since the benefit received by taxpayers in cities of the first class as a result of such levy is determined to be in proportion to the tax burden imposed in such cities of the first class.*

(u) *That, a levy imposed only, or at a higher rate, in cities of the first class will be used to benefit citizens of cities of the first class by providing for their health, safety, convenience and welfare.*

(5) *City Council further acknowledges that the Act:*

(a) *Specifically authorizes the imposition and pledge of any combination of the following taxes:*

(i) *a sale and use and hotel occupancy tax;*

(ii) *a realty transfer tax such as is now or as may be hereafter enacted for general revenue purposes of the City pursuant to Section 1301(b) of the Act of December 13, 1988 (P.L. 1121, No. 45), known as the Local Tax Reform Act; and*

(iii) a tax on salaries, wages, commissions, compensation or other income received or to be received for work done by residents of the City, imposed pursuant to the provisions of the Sterling Act.

(b) Provides that the revenues generated by any such tax are to become the exclusive property of the Pennsylvania Intergovernmental Cooperation Authority (PICA) and shall not be subject to appropriation by City Council or the General Assembly of the Commonwealth.

(c) Provides that the Department of Revenue of the Commonwealth is charged with the administration, enforcement and collection of the tax imposed by this Chapter and if the tax imposed is pursuant to Subsections 601(a)(2) or (3) of the Act the administration, enforcement and collection procedures for the taxes and the fines, forfeitures, penalties and interest charges shall be as are specified in this Chapter.

(d) Provides that the Department of Revenue of the Commonwealth is authorized to appoint as its agents, tax officers, clerks, collectors and other assistants, including revenue and legal departments of cities imposing a tax under this chapter, to collect and enforce any tax, including

*interest and penalties, imposed under authority of this chapter; provided, however, that any moneys collected by any such agent shall not be commingled with any other funds of such agent and must be segregated and paid over to the Department of Revenue of the Commonwealth at least monthly.*

*(e) Provides that the revenues collected by any of the Department of Revenue's agents, tax officers, clerks, collectors and other assistants are to be paid over to the Department of Revenue of the Commonwealth to be deposited by the Treasurer of the Commonwealth in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund.*

*(f) Provides that the obligees of PICA shall have the right to enforce a pledge of or security interest in revenues of the authority securing payment of bonds of the authority against all government agencies in possession of any such revenues at any time, which revenues may be collected directly from such officials upon notice by such obligees or a trustee for such obligees for application to the payment of such bonds as and when due or for deposits in any sinking, bond or debt service fund established by the*

*Commonwealth or established by resolution of the authority with such trustee at the times and in the amounts specified in such bonds or the resolution or indenture or trust agreement securing such bonds. Any government agency in possession of any such revenues shall make payment against receipt and shall thereby be discharged from any further liability or responsibility for such revenues. If such payment shall be to a holder of bonds, it shall be made against surrender of such bonds to the payor for delivery to the authority in the case of payment in full, otherwise it shall be made against production of such bonds for notation thereon of the amount of the payment. The provisions of this section with respect to the enforceability and collection of revenues which secure bonds shall supersede any contrary or inconsistent statutory provision or rule of law. This section shall be construed and applied to fulfill the legislative purpose of clarifying and facilitating the financing of the authority of the costs of assisting a city by assuring to the obligees of the authority the full and immediate benefit of the security for*

*the bonds without delay, diminution or interference based on any statute, decision, ordinance, or administrative rule or practice.*

**§19-2802. Definitions.**

(1) *"Authority." The Pennsylvania Intergovernmental Cooperation Authority established in the Act.*

(2) *"Bond." A note, bond, refunding note and bond, interim certificate, debenture and other evidence of indebtedness or obligation which an authority is authorized to issue pursuant to the Act.*

(3) *"Business." An enterprise, activity, profession or undertaking of any nature conducted for profit or ordinarily conducted for profit, whether by an individual, copartnership, association, governmental body or unit or agency, or any other entity.*

(4) *"Department." The Department of Revenue of the Commonwealth or its agents, tax officers, clerks, collectors and other assistants, including revenue and legal departments of the City of Philadelphia. For purpose of complying with the provisions of this Chapter, the Revenue*

*Department of the City is the authorized agent of the Department of Revenue of the Commonwealth for the collection of taxes imposed hereunder.*

(5) *"Employee."* Any person who renders services to another for a consideration or its equivalent, under an express or implied contract, and who is under the control and direction of the latter, including temporary, provisional, casual or part-time employment.

(6) *"Employer."* An individual, copartnership, association, corporation, governmental body or unit or agency, or any other entity, who or that employs one or more persons on a salary, wage, commission or other compensation basis.

(7) *"Net Profits."* The net gain from the operation of a business, profession or enterprise, after provision for all allowable costs and expenses incurred in the conduct thereof, either paid or accrued in accordance with the accounting system used, without deduction of taxes based on income.

(8) *"Obligee of the Authority."* Any holder or owner of any bond of the Pennsylvania Intergovernmental

*Cooperation Authority or any trustee or other fiduciary for any such holder or any provider of a letter of credit, policy of municipal bond insurance or other credit enhancement or liquidity facility for bonds of the authority.*

(9) *"Person."* Every individual, copartnership, fiduciary or association.

(10) *"Resident."* An individual, copartnership, association, corporation or any other entity domiciled in the City.

(11) *"Salaries, Wages, Commissions and Other Compensation."* All salaries, wages, commissions, bonuses, incentive payments, fees and tips that may accrue or be received by an individual, whether indirectly or through an agent and whether in cash or in property, for services rendered, but excluding:

(a) *periodical payments for sick or disability benefits and those commonly recognized as old age benefits;*

(b) *retirement pay, or pensions paid to persons retired from service after reaching a specific age or after a stated period of employment;*

---

(c) *any wages or commissions paid by the United States to any person for active service in the Army, Navy or Air Force of the United States;*

(d) *any bonus or additional compensation paid by the United States, this Commonwealth, or any other state for such service;*

(e) *any statutory per diem compensation paid any witness or juror, or member of the District Election Board.*

(12) *"Taxpayer." Any person required by this Chapter to file a return or to pay a tax.*

***§19-2803. Imposition of Pennsylvania Intergovernmental Cooperation Authority Tax on Wages and Net Profits.***

(1) *An annual tax to provide revenues for the purposes of the Pennsylvania Intergovernmental Cooperation Authority is imposed as follows:*

(a) *On salaries, wages, commissions, and other compensation earned by residents of Philadelphia on and after July 1, 1991 at the rate of one and one-half percent.*

(b) *On the net profits earned in business, professions or other activities conducted by residents after July 1, 1991 at the rate of one and one-half percent.*

(2) *The tax imposed under §19-2803(1)(a) shall relate to and be imposed upon salaries, wages, commissions, and other compensation paid by an employer or on his behalf to any person who is employed by or renders services to him.*

(3) *The tax levied under §19-2803(1)(b) shall relate to and be imposed on the net profits of any business, profession, or enterprise carried on by any person as owner or proprietor, either individually or in association with some other person or persons.*

**§19-2804. City Pledge; Duration of Taxes.**

(1) *The city pledges and agrees with each and every obligee of the authority acquiring bonds secured by an authority pledge of taxes imposed by this Chapter that the city will not repeal the tax or reduce the rate of the tax imposed for the authority until all bonds so secured by the pledge of the authority, together with the interest thereon, are fully paid or provided for. The revenues from the taxes imposed by this Chapter shall be revenues and property of*

*the authority and shall not be revenues or property of the city. The taxes shall be collected by the Department of Revenue of the Commonwealth and shall not be subject to appropriation by the City Council or by the General Assembly.*

*(2) The taxes imposed under this chapter shall continue in effect until all bonds of the authority which are secured by the authority's pledge of such tax revenues are no longer outstanding. For as long as any such bonds remain outstanding, City Council pledges not to repeal this Chapter or reduce the rate of tax imposed for the authority under this Chapter.*

**§19-2805. Return and Payment of Tax.**

*(1) Each person whose net profits are subject to the tax imposed by this chapter shall, on or before April 15 of each year, make and file with the Department a return on a form furnished by or obtainable from the Department setting forth the amount of such net profits earned by him during the preceding year and subject to the said tax, together with such other pertinent information as the Department may require. Where a return is made for a fiscal year or for any*

*other period different from a calendar year, the said return shall be made within one hundred five (105) days from the end of the said fiscal year or other period.*

*(2) Each person who is employed on a salaried, wage, commission or other compensation basis, which is subject to a tax imposed by this Chapter and which tax is not withheld by his employer and paid to the Department as provided in §19-2806 shall make and file a tax return with the Department for the three (3) months ending December 31, on or before the 15th day of the following February, and shall make and file a tax return with the city on or before the last day of April, July and October for the last three (3) months ending on the last day of the month preceding the due date. The return shall be made on a form furnished by the Department, setting forth the aggregate amount of salaries, wages, commissions and other compensation subject to the said tax earned by such person for the three (3) months, together with such other pertinent information as the city may require.*

*(3) Whenever any person files a return required by this Section he shall at the time of filing pay to the Department the amount of tax due thereon.*

**§19-2806. Collection at Source.**

(1) *Each employer within a city of the first class who employs one or more persons on a salary, wage, commission or other compensation basis shall deduct at the time of payment thereof, the tax imposed by this Chapter on the salaries, wages, commissions and other compensation due from the said employer to the said employee, except that due to employees engaged as domestic servants, and shall make a return and pay to the Department the amount of tax so deducted at such intervals as the Department shall established by regulations.*

(a) *The return shall be on a form or forms furnished by the Department and shall set forth the names and residences of each employee of said employer during all or any part of the period covered by the said return, the amounts of salaries, wages, commissions or other compensation earned during such period by each of such employees, together with such other information as the Department may require.*

(b) *The employer making the return shall, at the time of filing, pay to the Department the amount of tax due thereon.*

(c) *The failure of any employer, residing either within or outside of a city of the first class to make such return and/or to pay such tax shall not relieve the employee from the responsibility for making the returns, paying the tax, and complying with the regulations with respect to making the returns and paying the tax.*

(2) *When an employer makes deductions or returns under §19-2806(1) he shall deposit such deduction with the Department or with any bank designated by the Department, which shall in all cases be a bank designated as a City depository bank.*

(a) *Each bank so designated shall issue official receipts to the employer for the money received from him, which money shall be credited to the authority's account. Such deposits shall be reported daily to the department.*

(b) *At the time of each deposit, the employer shall file with the department or designated bank a depository form to be furnished by the department which shall contain such information as the department may require.*

**§19-2807. Estimated Net Profits Tax.**

(1) *Returns and Payments of Estimated Tax.*

---

(a) *Each person whose net profits are subject to the tax imposed by this Chapter shall be required to file returns and pay estimated tax on account of the net profits due for the current taxable year.*

(2) *For the purposes of this Chapter, the term "estimated tax" means the amount of net profits tax which a person calculated to be his tax due under this Chapter for the preceding taxable year, after giving effect to the tax credit provided in Section 19-2808.*

(3) *Calendar Year Taxpayers.*

(a) *Returns and payments of estimated tax for taxable years beginning after December 31, 1991 shall be due and payable as follows:*

(.1) *The first installment of one-fourth of the estimated tax shall be due and payable on or before April 15 of the taxable year.*

(.2) *The second installment of one-fourth of the estimated tax shall be due and payable on or before June 15 of the taxable year.*

(4) *Fiscal Year Taxpayers.*

*(a) Persons who report net income for a fiscal year period other than a calendar year shall make returns and payments of estimated tax for taxable years beginning after December 31, 1991 as follows:*

*(.1) The first installment of one-fourth of the estimated tax shall be due and payable within three and one-half months after the beginning of the taxable fiscal year.*

*(.2) The second installment of one-fourth of the estimated tax shall be due and payable within five and one-half months after the beginning of the taxable fiscal year.*

*(5) Credits for Excessive Estimated Payments.*

*(a) Any estimated payments which exceed a person's tax liability for the taxable year shall be applied as a credit against the estimated tax for the following taxable year, to the extent of the estimated tax due for the following taxable year.*

*(b) The amount of any estimated payments which exceed the estimated tax for the following year shall be refunded to the taxpayer.*

*(6) Provisions not Applicable. The provisions of Section 19-2807 shall not be applicable to a person for a taxable year if:*

*(a) Such person was not engaged in business in the preceding taxable year; or*

*(b) Such person's net profits tax liability for the preceding taxable year does not exceed one hundred (\$100) dollars; or*

*(c) Such person terminated his business activity prior to the due date of the net profits tax return for the preceding taxable year.*

*(7) Any person who terminates his business activity prior to the due date of any estimated payment shall not be required to make any additional estimated payments for that taxable year.*

**§19-2808. Credit Against Tax.**

*(1) In the event that any person subject to a tax under §19-1502(1)(c) and who is entitled to a credit pursuant to §19-1506 does not totally exhaust such credit against tax*

liability incurred pursuant to §19-1502(1)(c). The remaining credit may be applied against taxes owed pursuant to this chapter.

(2) The credit provided pursuant to this Section relates to the following tax year;

(a) When a return is made for a fiscal year corresponding to the calendar year, the same calendar year as that which is used as the measuring period for computing net income subject to the tax imposed under Chapter 19-2600 of this Title on which the credit is based.

(b) When a return is made for a fiscal year other than a calendar year, the fiscal year which ends within the calendar year for which the tax imposed under Chapter 19-2600 of this Title is paid, and on which the credit is based.

(3) Nothing in this Section shall permit credits to be charged against any given tax year in excess of the amount of tax due under §19-2803 for that tax year.

#### *§19-2809. Penalties and Enforcement.*

(1) *Penalties.*

(a) *For late deposits of withheld taxes due under this Chapter there shall be added, in addition to the penalties set forth herein, a penalty of ten percent (10%) of the underpayment.*

(2) *Extension for Payment.*

(a) *If the due date for the payment of any tax due falls on a Sunday or a holiday, or any day during which the agency collecting such tax is not open for a full business day, the Department may postpone such due date to the next following business day.*

(b) *The Department may, upon proper cause shown, grant a taxpayer an extension of not more than sixty (60) days for the payment of the tax. Application for such extension shall be made on or before the last day for the payment of the tax, in such form as the Department prescribes.*

(c) *If any Federal taxing authority grants to any taxpayer an extension for the payment of Federal income tax for a period in excess of sixty (60) days, the Department*

*may grant an additional extension of time for the payment of any City tax affected thereby, not to exceed thirty (30) days after the termination of the Federal extension period.*

*(d) Where an extension for payment of any tax has been granted by the Department, the principal amount of such tax shall be subject to interest from the original due date at the rate of one-half of one percent per month, or part thereof, but shall not be subject to any penalty if paid within the extended period.*

*(3) Extension for Filing Returns.*

*(a) The Department may, upon proper cause shown, grant a taxpayer an extension of not more than sixty (60) days for the filing of any tax return. Application for such extension shall be made on or before the last day of the payment of the tax, in such form as the Department prescribes.*

*(b) If any Federal taxing authority grants to any taxpayer an extension for the filing of Federal income tax returns for a period in excess of sixty (60) days, the*

*Department may grant an additional extension of time for the filing of any tax returns affected thereby, not to exceed the date of termination of the Federal extension period.*

*(c) In order for an extension to be granted, the taxpayer must file a tentative return and pay one hundred percent (100%) of the tax estimated to be due, on or before the statutory due date. The extension will not relieve the taxpayer from the obligation to pay interest and penalty from the date such return was originally due upon the amount of tax due in excess of the estimated tax paid.*

*(4) Allocation of Delinquent Payments.*

*(a) Unless otherwise provided, when a partial payment is made on account of any delinquent tax, such payment shall be pro-rated between the principal sum of such tax and the penalties and interest accumulated on it.*

*(5) Records of Taxpayer.*

*(a) . Every person who has paid, or from whom there is due or alleged to be due, any moneys collectible by the Department, for or on behalf of the authority, including*

*any taxes, charges, or other sums, and any person upon whom there is imposed any other obligation to collect and remit to a city any such moneys shall:*

*(.1) preserve and retain his books, records, accounts, copies of tax returns filed with other taxing authorities, and other data relating thereto, for a period of six (6) years after such moneys become collectible or have been collected by the Department, whichever is later;*

*(.2) when requested by the Department produce his books, records, accounts, copies of tax returns filed with other taxing authorities, and other data relating thereto, and give to the Department the opportunity to make examination of such books, records, accounts, copies, data, and any property owned or controlled by such person in order to verify the accuracy of any report or return made, or if no report or return has been made, to ascertain the amount of tax, rent, charge, or other sum due.*

*(.3) Any information obtained by the Department in the conduct of any examination or investigation shall be treated as confidential, except in the course of departmental business, or in accordance with judicial order, or as otherwise provided by law.*

*(6) Oaths.*

*(a) Whenever the Department shall hold hearings or conduct investigations, the Revenue Commissioner of the City, or any deputy designated by him, shall have the power to administer oaths to persons under examination.*

*(7) Interest, Penalties and Costs.*

*(a) If any tax authorized or imposed under this Chapter is not paid when due, there shall be added to the amount of the unpaid tax and collected therewith, interest at the rate of one-half of one percent of the amount of the unpaid tax, and a penalty at the rate of one percent of the amount of the unpaid tax shall be added for each month or fraction thereof during which said tax shall remain unpaid and shall be collected, together with the amount of the tax. This provision shall not apply to:*

*(.1) Taxes imposed by §19-2803 that are not, in fact, withheld pursuant to §19-2806; provided, however, when such tax is not paid when due interest at the rate of one-half percent of the amount of the unpaid tax and a penalty of one percent of the amount of the unpaid tax per month for*

*the first year and one-half percent per month thereafter shall be added and collected together with the amount of the tax.*

*(b) Where suit is brought for the recovery of any such tax the person liable therefor shall, in addition, be liable for the costs of collection together with the interest and penalties herein imposed.*

*(c) If any tax imposed under this Chapter was not paid when due or is not paid when it becomes due, there shall be added to the amount of the unpaid tax, interest, and penalty and collected therewith:*

*(.1) interest at the rate of one-half of one percent of the amount of the unpaid tax each month or fraction thereof during which the tax remains unpaid; and*

*(.2) penalty calculated on the amount of the unpaid tax at the following rates for each month during which the tax remains unpaid:*

*(.a) in the first month or fraction thereof following the due date, one percent (1%);*

(.b) in the second month or fraction thereof following the due date, an additional one percent (1%) for a total of two percent (2%);

(.c) in the third month or fraction thereof following the due date, an additional one percent (1%) for a total of three percent (3%);

(.d) in the fourth month or fraction thereof following the due date, an additional two percent (2%) for a total of five percent (5%);

(.e) in the fifth month or fraction thereof following the due date, an additional two percent (2%) for a total of seven percent (7%);

(.f) in the sixth month or fraction thereof following the due date, an additional two percent (2%) for a total of nine percent (9%);

(.g) in the seventh month or fraction thereof following the due date, an additional three percent (3%) for a total of twelve percent (12%);

*(.h) in the eighth month or fraction thereof following the due date, an additional three percent (3%) for a total of fifteen percent (15%);*

*(.i) in the ninth month or fraction thereof following the due date, an additional three percent (3%) for a total of eighteen percent (18%);*

*(.j) in the tenth month or fraction thereof following the due date, an additional four percent (4%) for a total of twenty-two percent (22%);*

*(.k) in the eleventh month or fraction thereof following the due date, an additional four percent (4%) for a total of twenty-six percent (26%);*

*(.l) in the twelfth month or fraction thereof following the due date, an additional four percent (4%) for a total of thirty percent (30%);*

*(.m) thereafter, for each additional month or fraction thereof following the due date, one and one-quarter percent (1-1/4%) shall be added to the amount charged under subsection (.1).*

*(d) In addition to any other sanction or remedial procedure provided, any person who shall:*

*(.1) make any false or untrue statement on his report or return;*

*(.2) fail or refuse to file any report or return;*

*(.3) violate any condition of any license required hereunder;*

*(.4) fail to pay over to the Department any moneys which he may hold as agent for the Department;*

*(.5) violate any provision of this Chapter or any regulation adopted hereunder;*

*shall be subject to a fine of not more than three hundred (\$300) dollars, for each offense together with imprisonment for not more than ninety (90) days if the fine and costs are not paid within ten (10) days. A separate offense shall be deemed to occur on the first day of each month that conduct described in subsections (d)(.2) or (d)(.4) continues.*

(e) *Any person who shall have paid, or from whom there is due or alleged to be due any moneys collectible by the Department, including any taxes, charges, or other sums, and who fails and refuses to produce or permit the examination of his books, records, accounts, and related data, or to afford to authorized representatives of the Department an opportunity for such examination, shall be subject to a fine of not more than three hundred (\$300) dollars for each such offense, with imprisonment for not more than ninety (90) days if the fine and costs are not paid within ten (10) days.*

(f) *When any person shall give or cause to be given to a city official or agency a check in payment of any obligation whether due to the department or others, including but not limited to any tax which is dishonored or unpaid by the bank upon which it is drawn, the sum of twenty (\$20) dollars shall be added to the obligation and interest and penalties provided by law or otherwise, to cover the additional cost to the Department.*

*(8) Limitation of Actions.*

*(a) Any suit to recover any tax authorized or imposed by this chapter shall be begun within six (6) years after such tax is due or within six (6) years after a return or a report has been filed, whichever date is later; but this limitation shall not apply in the following cases:*

*(.1) where the taxpayer has failed to file the return or report required under the provisions of this chapter;*

*(.2) where an examination of a return or report filed by the taxpayer and of other evidence relating to such return or report in the possession of the Department reveals a fraudulent evasion of taxes, including, but not limited to, substantial understatement of gross income, or any other receipt of income, moneys or funds in any such return or report;*

*(.3) where the taxpayer has collected or withheld tax funds or moneys of any nature or description under this Chapter as agent of or trustee for the Department and has failed, neglected or refused to pay the amount so collected or so withheld to the Department.*

(b) *All defenses to the collection of any tax authorized or imposed by this Chapter shall be raised by appropriate petition pursuant to provisions of local ordinance.*

(c) *Where a taxpayer has filed any petition pursuant to ordinance, the period of limitation set forth in §19-2809(a) shall be tolled until final determination of such petition has been made.*

(9) *Construction.*

(a) *Each tax authorized or imposed under this Chapter upon any person, transaction, occupation, privilege, subject or personal property shall be in addition to any other taxes imposed by a city of the first class upon such person, transaction, occupation, privilege, subject or personal property.*

(10) *Administration and Enforcement.*

(a) *The Commissioner of Revenue of the City of Philadelphia is hereby authorized to promulgate regulations governing the administration, enforcement and interpretation of the provisions of this chapter.*

APP. NO. 297-39

SECTION 2. Effective Date. This ordinance shall become effective upon the later of either July 1, 1991 or upon the effective date of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of \_\_\_\_\_, 1991, P.L. \_\_\_\_\_, No. \_\_\_\_\_).

(Bill No. 1563-A)

## AN ORDINANCE

**Explanation:**

**[Bold Brackets]** indicate matter deleted on Final Passage.

***Bold Italics*** indicate new matter added on Final Passage.

Setting forth and approving an intergovernmental cooperation agreement between the City of Philadelphia and the Pennsylvania Intergovernmental Cooperation Authority ("PICA"), and requiring that prior to the submission of certain documents to PICA the Mayor shall submit them for approval by resolution of City Council.

WHEREAS, The General Assembly of the Commonwealth of Pennsylvania has enacted the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. \_\_\_\_ No. 6) (the "Act"); and

WHEREAS, The Act declares it to be the public policy of the Commonwealth of Pennsylvania (the "Commonwealth") to exercise its retained sovereign powers with regard to taxation, debt issuance and matters of state-wide concern in a manner calculated to foster the fiscal integrity of cities of the first class to assure that these cities provide for the health, safety and welfare of their citizens; avoid interruption of essential city services; pay principal and interest owed on their debt obligations

when due; meet financial obligations to their employees, vendors and suppliers; and provide for proper financial planning procedures and budgeting practices; and

WHEREAS, In accordance with the Act the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") has been created, a governing board of the Authority has been duly appointed, and the Authority has initiated actions to provide the City with access to capital markets for deficit elimination and to foster sound financial planning and budgetary practices that will address the underlying problems which result in such deficits; and

WHEREAS, The City of Philadelphia is a city of the first class requiring the financial assistance of the Authority; and

WHEREAS, In order to foster cooperative action between the Authority and the City to reach common ends, it is necessary to further define and detail the undertakings of the Authority and the City in an Intergovernmental Cooperation Agreement (the "Agreement") as anticipated in the Act; and

WHEREAS, The City Council is the governing body of the City, and as such is responsible for approving all operating and capital budgets and amendments thereto and should, accordingly, participate fully in the interchanges of information and the development of City financial plans required by the Agreement and the Act; now therefore

*The Council of the City of Philadelphia hereby ordains:*

SECTION 1. The Intergovernmental Cooperation Agreement attached hereto as Exhibit "A," and incorporated herein, is hereby approved, and all

appropriate officers of the City are hereby authorized to execute such Agreement, and, consistent with the terms of this ordinance, implement its provisions.

SECTION 2. Prior to the submission to the Authority of the initial financial plan pursuant to Section 4.01(a) of the Agreement, and prior to the submission of a proposed revision to the plan pursuant to Section 4.07 or 4.08(b) of the Agreement or of proposed remedial action pursuant to Section 4.10(b)(ii) of the Agreement, if such proposed revision or remedial action will require the adoption of an ordinance of City Council for its implementation, the Mayor shall submit such financial plan, revisions thereto and proposals for remedial action (individually and collectively to be referred to hereinafter as a "filing") to City Council for preliminary approval by resolution. Without said approval no filing shall be deemed an official filing by the City. Provided, however, that in the event that City Council has no regularly scheduled meeting within ten (10) days of the time the administration has completed the preparation of a filing and is ready to submit said filing to the Authority, the administration may request the President of City Council to waive the requirement for Council approval by resolution, and if the President of City Council determines that time is of the essence and elects not to call a special meeting of City Council, the President of City Council may waive the requirement that City Council approve the filing by resolution, such waiver to be in writing and addressed to the Mayor, the Finance Director and each Councilmember. Further provided, that if City Council fails to approve or disapprove a request for approval of any of the filings within ten (10) days of the submission of the request, or if the President of City Council fails to approve or disapprove a waiver within ten

(10) days of the submission of the request, City Council's approval, and where appropriate, the President of City Council's waiver, shall be deemed to have been given.

SECTION 3. All written financial, contract-related, and other reports and written communications submitted to the Authority by the City pursuant to the Agreement or the Act shall simultaneously be submitted to the President of the Council for immediate distribution to all members of City Council, and all decisions, recommendations, and other written communications received from the Board shall be submitted to the President of the Council for immediate distribution to all members of City Council immediately upon receipt thereof by any City official.

SECTION 4. All proposed amendments to the Agreement shall be submitted to the President of City Council for immediate distribution to all members of City Council. If the President of City Council determines that the proposed amendments are substantial in nature, they shall be submitted to City Council for approval by ordinance. An amendment is substantial in nature if it changes the terms of the Agreement to materially alter the relationship of the parties to the Agreement, directly or indirectly increases the City's financial obligations under the Agreement, materially diminishes the obligations of the Authority to the City under the Agreement or otherwise adversely affects the rights of the City or any official of the City under said Agreement. If the President of City Council determines that proposed amendments are not substantial in nature, the appropriate officers of the City are authorized to execute such amendments, and, consistent with the terms of this ordinance, implement their provisions.

**INTERGOVERNMENTAL COOPERATION  
AGREEMENT**

THIS INTERGOVERNMENTAL COOPERATION AGREEMENT made and entered into as of the \_\_\_\_\_ day of \_\_\_\_\_, 1992, by and between the PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY, a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Authority"), and the CITY OF PHILADELPHIA, a city of the first class of the Commonwealth of Pennsylvania (the "City");

**W I T N E S S E T H :**

WHEREAS, The General Assembly of the Commonwealth of Pennsylvania has enacted the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. \_\_\_\_\_, No. 6) (the "Act"); and

WHEREAS, The Act declares it to be the public policy of the Commonwealth of Pennsylvania (the "Commonwealth") to exercise its retained sovereign powers with regard to taxation, debt issuance and matters of state-wide concern in a manner calculated to foster the fiscal integrity of cities of the first class to assure that these cities provide for health, safety and welfare of their citizens; pay principal and interest owed on their debt obligations when due; meet financial obligations to their employees, vendors and suppliers; and provide for proper financial planning procedures and budgeting practices; and

WHEREAS, The Act further declares that the inability of a city of the first class to provide essential services to its citizens as a result of a fiscal emergency has been determined to affect adversely the health, safety and welfare not only of the citizens of that municipality but also of other citizens of the Commonwealth; and

WHEREAS, In accordance with the Act, a governing board of the Authority has been duly appointed and has initiated actions intended to provide the City with access to capital markets for deficit elimination and to foster sound financial planning and budgetary practices that will address the underlying problems which result in such deficits; and

WHEREAS, In order to implement such cooperative intergovernmental actions, it is necessary to further define and detail the undertakings of the Authority and the City in this Agreement as anticipated in the Act; and

WHEREAS, The Act declares that the Commonwealth may attach conditions to grants of authority to incur indebtedness or assistance to the City in order to ensure that deficits are eliminated and access to capital markets is achieved and maintained, and that such conditions shall be incorporated into one or more intergovernmental cooperation agreements between the Authority and the City; and

WHEREAS, The Authority and the City intend that this Agreement constitute such an intergovernmental cooperation agreement incorporating certain of such conditions in accordance with the Act; and

WHEREAS, By resolution approved by a qualified majority of its governing board, the Authority has authorized the execution and delivery of this Agreement by the Authority; and

WHEREAS, By ordinance of its City Council, approved by the Mayor, the City has authorized the execution and delivery of this Agreement by the City and has determined that this Agreement constitutes a service agreement as provided for in Section 8-200(3) of the City's Home Rule Charter; and

WHEREAS, In furtherance of the legislative intent of the Act and the actions to be undertaken by the Authority pursuant to the Act and this Agreement, the City, by Ordinance (Bill No. 1437) of its City Council, approved by the Mayor on June 12, 1991, has enacted exclusively for purposes of the Authority a one and one-half percent (1½%) tax on wages, salaries, commissions and other compensation earned by residents of the City and on the net profits earned in businesses, professions or other activities conducted by residents of the City (the "Authority Tax");

NOW, THEREFORE, for good and valuable consideration, and intending to be legally bound hereby, the Authority and the City agree as follows:

## ARTICLE I DEFINITIONS

### SECTION 1.01. Definitions.

In addition to any words and terms elsewhere defined in this Agreement, the following words and terms, when used in this Agreement, shall have the following respective meanings, unless the context clearly requires

otherwise. Any other words and terms used in this Agreement which are defined in the Act are used in this Agreement as so defined in the Act.

"Act" shall mean the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. \_\_\_\_, No. 6), as it may be amended, supplemented or otherwise modified and in effect from time to time.

"Additional City Documents" shall mean any and all additional documents, instruments, certificates and agreements delivered by or on behalf of the City pursuant to Section 2.01(d) or 2.03 hereof.

"Agreement" shall mean this Intergovernmental Cooperation Agreement, as it may be amended, supplemented or otherwise modified and in effect from time to time.

"Authority Tax" shall have the meaning given to that term in the recitals to this Agreement.

"City Account" shall mean the account so designated and established pursuant to Section 3.01 of this Agreement.

"City Account Depository" shall have the meaning given to that term in Section 3.01 hereof.

"City Controller" shall mean the City Controller of the City.

"City Council" shall mean the City Council of the City.

"Code" shall mean the Internal Revenue Code of 1986, as amended, and all regulations promulgated from time to time thereunder.

"Commonwealth" shall mean the Commonwealth of Pennsylvania.

"Corporate Entity" shall mean an authority or other corporate entity, *now existing or hereafter created*, of which one or more of the members of its governing board are appointed by the Mayor and which performs governmental functions for the City[.], *and currently including, without limitation, those authorities and corporate entities listed in Exhibit "C" attached hereto.*

"Covered Fund" or "Covered Funds" shall mean the principal operating fund or funds of the City, now existing or hereafter created, and shall include the General Fund, the General Capital Fund, and the Grants Revenue Fund and any other principal operating fund of the City which becomes a member of the City's Consolidated Cash Account.

"Days" shall mean, with respect to any period of time under consideration, the number of calendar days during such period excluding the first and including the last day of such period. Whenever the last day of any such period shall fall on a Saturday or Sunday, or on any day made a legal holiday by the laws of the City, the Commonwealth, or of the United States, such day shall be omitted from the computation.

"Deficit" shall mean as of any relevant date of determination or estimation thereof with respect to any Covered Fund or Funds, the amount of such negative fund balance as is reasonably estimated, projected, or determined by the City to exist in any such Covered Fund or Funds as of the close of the relevant fiscal year, as

calculated pursuant to the modified accrual basis of accounting according to generally accepted standards and set forth in the relevant approved Financial Plan.

"Director of Finance" shall mean the Director of Finance of the City.

"Extraordinary Contract" shall mean any contract or agreement to which the City is a party or under or on account of which the City may be or become obligated, directly or indirectly, pursuant to which the City will (or upon the occurrence of certain events or circumstances or the satisfaction of certain conditions may) incur a financial obligation or confer a financial benefit upon another, in either case in excess of one million (\$1,000,000) dollars during any fiscal year of the City during the term of such contract or agreement or in excess of five million (\$5,000,000) dollars in the aggregate during the term of such contract or agreement. The City shall not divide individual contracts into separate contracts for purposes of avoiding such limits. Notwithstanding the foregoing, the term "Extraordinary Contract," (a) shall in all cases include, without limitation, any contract or agreement to which the City is a party and which relates to the borrowing of money by the City (regardless of the amount thereof and regardless of whether such borrowing would legally constitute indebtedness of the City), or the direct or indirect guaranty or incurrence of a liability by the City (through an agreement of guaranty or suretyship, a service agreement or lease with an authority, or otherwise) of or on account of all or any portion of any indebtedness for money borrowed by another person or entity, (b) shall not include any contracts or agreements entered into by the City in the ordinary and usual course

of business for the purchase of materials, equipment or supplies or for construction, alteration, repairs, maintenance or other services which are, in any such case, subject to the competitive bidding requirements of the Home Rule Charter or other relevant Pennsylvania law, and (c) shall not include any collective bargaining agreements entered into by the City with any labor union representing any employees of the City.

"Financial Plan" shall mean each financial plan of the City, including all amendments, supplements or revisions thereto from time to time, required to be prepared in accordance with the requirements of Article IV hereof.

"Governor" shall mean the Governor of the Commonwealth.

"Home Rule Charter" shall mean the Philadelphia Home Rule Charter as adopted by the electors of the City of Philadelphia on April 17, 1951, as it may be amended, supplemented or otherwise modified and in effect from time to time.

"Initial Bonds" shall have the meaning given to that term in Section 2.01 hereof.

"Initial Bond Request" shall have the meaning given to that term in Section 2.01 hereof.

"Mayor" shall mean the Mayor of the City.

"Net Proceeds" shall have the meaning given to that term in the Act.

"Outstanding" shall mean, with respect to any bonds of the Authority issued from time to time, all such bonds except, (a) bonds purchased by the Authority or the City for cancellation by the Authority or otherwise required to

be canceled by the Authority, and (b) bonds for the payment of the principal of and interest on which moneys or investments sufficient to make such payments timely have been irrevocably deposited with a fiduciary for obligees of the Authority owning such bonds, in each case subject to such limitations and such additional requirements with regard to the payment or provision for payment or cancellation of such bonds as may be set forth in any agreement between the Authority and any obligee of the Authority.

"School District" shall mean The School District of Philadelphia, Pennsylvania.

"Secretary of the Budget" shall mean the Secretary of the Budget of the Commonwealth.

"Special Fund" shall mean any fund (other than the General Fund), whether governmental, proprietary or fiduciary in nature, now existing or hereafter created on the books of account of the City to account for the receipt and use by the City of financial resources dedicated, earmarked or otherwise in any manner restricted for a particular purpose.

"Supplemental Funds" shall mean the Water Fund and the Aviation Fund of the City.

"Variance" shall have the meaning given to that term in Section 4.10 hereof.

#### SECTION 1.02. Rules of Construction.

Unless the context of this Agreement clearly requires otherwise, references to the plural include the singular, the singular the plural, and the part the whole. The words "hereof," "herein," "hereunder" and similar terms in this

Agreement refer to this Agreement as a whole and not to any particular provision of this Agreement. The section and other headings contained in this Agreement and the table of contents preceding this Agreement are for reference purposes only and shall not control or affect the construction of this Agreement or the interpretation thereof in any respect. Section, subsection and exhibit references are to this Agreement unless otherwise specified. References in this Agreement to any section or subsection of the Act are to such sections or subsections of the Act as originally in effect and to any successor sections or subsections.

## ARTICLE II

### ISSUANCE OF BONDS BY THE AUTHORITY

SECTION 2.01. Initial Issuance of Bonds to Finance a Deficit.

(a) As soon as practicable after the receipt by the Authority of a request by the City therefor in accordance with Section 301(g) of the Act (the "Initial Bond Request") and the approval (or deemed approval) by the Authority of the Initial Financial Plan of the City pursuant to Sections 4.06 or 4.07 hereof, as the case may be, the Authority shall use its best efforts, subject to the provisions of the Act, to issue and sell bonds (the "Initial Bonds") for the purposes of:

(i) financing, as contemplated by Section 317 of the Act, the entire Deficit with respect to the General Fund of the City for its fiscal year ended June 30, 1991, in such amount as shall have been set forth as such in the initial Financial Plan of the City referred to above;

(ii) funding twelve (12) months' capitalized interest on the Initial Bonds;

(iii) funding a debt service reserve fund for the Initial Bonds, in an amount not to exceed ten percent (10%) of the aggregate principal amount of the Initial Bonds;

(iv) paying the costs of issuance and of credit enhancement, if any, for the Initial Bonds;

(v) funding the initial operating expenses of the Authority; and

(vi) any and all other purposes permitted by the Act, as determined by the Authority in its discretion.

(b) If so requested by the City in the Initial Bond Request, the Authority may, in its sole discretion, issue the Initial Bonds for the additional purpose of financing all or a portion of the Deficit with respect to the General Fund of the City for its fiscal year ending June 30, 1992.

(c) The initial Bonds shall be sold at such prices, rates of interest and in accordance with such other terms and conditions as may be determined by the Authority in its discretion, consistent with the requirements of the Act. As soon as practicable after the issuance of the Initial Bonds, the Authority shall furnish to the City a complete copy of the transcript of closing documents relating to the Initial Bonds.

(d) The City agrees to cooperate fully with the Authority with respect to the issuance and sale of the Initial Bonds, such cooperation to include, without limitation, (i) promptly furnishing to the Authority and to such other entities as the Authority may reasonably request all such information (accompanied by such

certifications of the City concerning the accuracy and completeness of such information as the Authority may reasonably request) concerning the City and its finances and operations as the Authority may reasonably request at any time and from time to time (before or after the issuance of the Initial Bonds) in order to enable the Authority timely to prepare or update and distribute to investors or potential investors in the Initial Bonds disclosure documents (and amendments or supplements thereto) concerning the Initial Bonds and the security therefor and in order to enable the Authority otherwise to comply with all relevant federal and state securities laws and regulations in respect of the offering and sale of the Initial Bonds, and (ii) the execution and delivery by or on behalf of the City of such additional documents, instruments, certificates, agreements and legal opinions as may be reasonably determined by the Authority, by bond counsel to the Authority or by the initial purchasers of the Initial Bonds to be necessary or desirable in connection with the issuance and sale of the Initial Bonds or to establish or maintain the exclusion from gross income for Federal income tax purposes of the interest on the Initial Bonds.

(e) The Authority shall use its best efforts to request the information, certifications, documents, instruments, certificates, agreements and legal opinions within a reasonable period of time prior to the dates needed for delivery of the foregoing in order to provide the City with a reasonable period for preparation of such information and documentation.

**SECTION 2.02. Application of Net Proceeds of Initial Bonds.**

Subject to the provisions of the Act (including, without limitation, Section 202(i) thereof), and subject to the provisions of any of the Additional City Documents or other financing documents executed and delivered by the Authority in connection with the issuance of the Initial Bonds which may require that all or any portion of such Net Proceeds be deposited into an escrow account or similar segregated account subject to special provisions as to the disbursement or application thereof in order to assure compliance with the requirements of the Code applicable to the Initial Bonds, the Authority shall, on the date of its custody and control thereof, or on the business day next succeeding the date of its custody and control thereof, disburse or cause to be disbursed the Net Proceeds of the issuance and sale of the Initial Bonds to the City by wire transfer of immediately available funds to such account of the City as is designated in writing to the Authority by the Director of Finance. Such disbursement of the Net Proceeds of the Initial Bonds shall constitute a grant of such funds by the Authority to the City without obligation on the part of the City to repay such funds to the Authority.

**SECTION 2.03 Additional Bonds of the Authority.**

(a) As and to the extent permitted by the Act, the Authority may from time to time in its discretion issue and sell one or more series of bonds in addition to the Initial Bonds, but only after receiving a proper request by the City therefor to the extent required by the Act. The City acknowledges that the Authority may, in the exercise of such discretion, refuse to issue any such additional bonds.

The City agrees to cooperate fully with the Authority in connection with the issuance and sale of any such additional bonds, such cooperation to include, without limitation, (i) promptly furnishing to the Authority, and to such other entities as the Authority may reasonably request, all such information (accompanied by such certifications of the City concerning the accuracy and completeness of such information as the Authority may reasonably request) concerning the City and its finances and operations as the Authority may reasonably request at any time and from time to time (before or after the issuance of such additional bonds) in order to enable the Authority timely to prepare or update and distribute to investors or potential investors in such additional bonds disclosure documents (and amendments or supplements thereto) concerning such additional bonds and the security therefor and in order to enable the Authority otherwise to comply with all relevant federal and state securities laws and regulations in respect to the offering and sale of such additional bonds, and (ii) the execution and delivery by or on behalf of the City of such additional documents, instruments, certificates, agreements and legal opinions as may be reasonably determined by the Authority, by bond counsel to the Authority or by the initial purchasers of any such additional bonds to be necessary or desirable in connection with the issuance and sale thereof or to establish or maintain the exclusion from gross income for Federal income tax purposes of the interest thereon.

(b) The Authority shall use its best efforts to request the information, certifications, documents, instruments, certificates, agreements and legal opinions within a reasonable period of time prior to the dates needed for

delivery of the foregoing in order to provide the City with a reasonable period for preparation of such information and documentation.

### ARTICLE III THE CITY ACCOUNT

#### SECTION 3.01. Establishment of the City Account.

As contemplated by the Act, the Authority has heretofore established with CoreStates Bank, N.A., in trust for the exclusive benefit of the City, an account designated as the "City Account." The Authority shall maintain the City Account at all times with CoreStates Bank, N.A. or, upon prior written notice to the City, with any other bank with trust powers or a trust company with a place of business in the Commonwealth selected by the Authority in its discretion. CoreStates Bank, N.A. and any other such depository of the City Account are herein referred to as the "City Account Depository." The City Account and all funds and investments on deposit to the credit thereof shall at all times constitute trust funds for the exclusive benefit of the City and shall not, unless the City otherwise expressly agrees in writing, be subject to lien or attachment by or in favor of any creditor or obligee of the Authority.

#### SECTION 3.02 Deposits into the City Account.

(a) There shall be deposited to the credit of the City Account, weekly prior to the issuance of the Initial Bonds and thereafter no less often than monthly, the proceeds of the taxes or other revenues pledged by the Authority or the City, as the case may be, to secure any bonds of the Authority or to secure any payments due from the City to the Authority, but only if and to the extent such tax

proceeds or revenues are in excess of the following requirements, as reasonably determined by the Authority, and subject to any limitations as may be set forth in any agreements entered into between the Authority and any obligees of the Authority:

(i) the payment requirements for any bond payment account or accounts established by the Authority in respect of the bonds of the Authority secured by taxes or revenues so pledged;

(ii) any amount required to cure a deficiency in any debt service reserve fund or funds established by the Authority in respect of any bonds of the Authority secured by taxes or revenues so pledged;

(iii) any amount permitted or required to be paid to or retained by the Authority for or on account of the Authority's operating expenses consistent with its budget as enacted pursuant to the Act, after exhaustion for such operating expense purposes of the revenues derived from the investment income of the Authority to the extent such investment income is available to the Authority, and any other amounts representing costs or expenses incurred by the Authority at any time with respect to any bonds of the Authority or with respect to the Authority's compliance with any terms and conditions applicable to such bonds;

(iv) any amounts required to be paid or set aside for future payment by the Authority to the issuer or provider of any credit enhancement or liquidity facility issued in respect of any bonds of the Authority;

(v) any amounts required to be paid or set aside for future payment by the Authority under any interest rate exchange agreements, interest rate cap or floor

agreements or other similar agreements or arrangements entered into by the Authority in respect of any bonds of the Authority;

(vi) any amounts required to be paid or set aside for future payment to the Federal Government in respect of the arbitrage rebate requirements of the Code as applicable to any bonds of the Authority; and

(vii) any other amounts required to be paid or set aside for future payment under or in connection with any agreements entered into between the Authority and any obligees of the Authority or between the Authority and the City.

(b) Notwithstanding the foregoing, the City expressly acknowledges and agrees that, until such time as the Authority shall have issued and sold the Initial Bonds, the Authority may deduct from time to time from such tax proceeds or revenues before they are deposited to the credit of the City Account, (i) an initial amount [not to exceed] of five hundred fifty thousand (\$550,000) dollars on account of operating expenses of the Authority *for the months of August and September, 1991, and to establish an initial operating reserve for the Authority [and to repay] in [full] the [one hundred fifty thousand (\$150,000) dollars advanced to] amount of one hundred fifty-six thousand three hundred thirty-nine (\$156,339) dollars, which five hundred fifty thousand (\$550,000) dollars amount the Authority and the City acknowledge has been received by the [Commonwealth pursuant to Section 701 of the Act, and] Authority, (ii) additional amounts each month thereafter on account of operating expenses budgeted to be incurred by the Authority during the next following month and*

---

*(iii) an additional amount sufficient to repay in full the one hundred fifty thousand (\$150,000) dollars advanced to the Authority by the Commonwealth pursuant to Section 701 of the Act. The Authority agrees, to the extent permitted by the Act, to issue the Initial Bonds in such aggregate principal amount as to fund, inter alia, five hundred thousand (\$500,000) dollars of Authority operating expenses and to repay such one hundred fifty thousand (\$150,000) dollars advance from the Commonwealth, and to the extent the Authority has previously deducted amounts from tax proceeds or revenues pursuant to the immediately preceding sentence on account of operating expenses (up to five hundred thousand (\$500,000) dollars), or on account of issuance costs of bonds of the Authority (to the extent such amounts are reimbursed from bond proceeds), or on account of such advance from the Commonwealth, the Authority agrees to pay over to the City, as part of the Net Proceeds of the Initial Bonds, to be paid immediately to the City, the amounts so deducted.*

**SECTION 8.03. Investment of the City Account.**

(a) Amounts on deposit to the credit of the City Account shall be invested at the direction of the City only in investments permitted by the Act.

(b) The directions of the City as to the investment of the City Account shall be provided in writing to the City Account Depositary (with a copy sent concurrently to the Authority) by the Director of Finance or his or her designee, and the Authority shall not be liable or responsible for any loss suffered on account of any investment made upon such directions.

---

(c) The Authority shall direct the City Account Depository to provide to the City and the Authority at least monthly an accounting in reasonable detail of all investments, interest earnings, and fees, costs, expenses and charges in connection with the City Account. All fees, charges, costs and expenses associated with the City Account and the investment thereof shall be the responsibility of the City and not the Authority.

**SECTION 3.04. Disbursement of Funds from the City Account.**

Subject to any suspension of disbursements permitted pursuant to Section 4.12 of this Agreement and Section 210(e) of the Act, the Authority shall cause the disbursement to the City of all amounts on deposit to the credit of the City Account on a weekly basis, on or before the last business day of each calendar week, prior to the issuance of the Initial Bonds and thereafter on a monthly basis on the last business day of each calendar month so long as any bonds are Outstanding. Disbursements from the City Account may be made on a more frequent basis as may be requested by the City at any time and agreed to by the Authority in its discretion. Such amounts shall be disbursed by wire transfer of immediately available funds to such account of the City's General Fund as is designated in writing to the Authority by the Director of Finance, to be applied by the City to the general expenses of government of the City.

**ARTICLE IV  
PREPARATION, APPROVAL AND  
EFFECT OF THE CITY'S FINANCIAL PLAN**

**SECTION 4.01. Submission of the Financial Plan.**

(a) [On or before October 10, 1991, t]The City shall, *as soon as practicable*, submit to the Authority an initial Financial Plan prepared in accordance with the requirements of this Article IV and the Act. The initial Financial Plan shall include projected revenues and expenditures of the Covered Funds for five (5) fiscal years of the City consisting of the *then-current* fiscal year of the City [ending June 30, 1992] and the next four (4) fiscal years thereafter.

(b) In addition, at least one hundred (100) [d]Days (or on or before such other date as the Authority may approve at the request of the City) prior to the beginning of each fiscal year of the City so long as any bonds of the Authority are Outstanding, [commencing with the fiscal year of the City ending June 30, 1993, the City] *the Mayor* shall submit to the Authority a revised Financial Plan prepared in accordance with the requirements of this Article IV and the Act. Each such revised Financial Plan shall include projected revenues and expenditures of the Covered Funds for five (5) fiscal years of the City consisting of the fiscal year of the City beginning on the July 1 next following the date such Financial Plan is required to be submitted to the Authority pursuant to the immediately preceding sentence and the next four (4) fiscal years thereafter.

(c) Each Financial Plan shall include, without limitation, components that will:

(i) eliminate any Deficit for the current fiscal year and for subsequent fiscal years;

(ii) restore to Special Fund accounts money from those accounts used for purposes other than those specifically authorized;

(iii) balance the current fiscal year budget and subsequent budgets in the Financial Plan through sound budgetary practices, including, but not limited to, reductions in expenditures, improvements in productivity, increases in revenues, or a combination of these steps;

(iv) provide procedures to avoid a fiscal emergency condition in the future; and

(v) enhance the ability of the City to regain access to the short-term and long-term credit markets.

(d) Each Financial Plan shall demonstrate the City's responsibility to exercise efficient and accountable fiscal practices, such as, but without limitation:

(i) increased managerial accountability;

(ii) consolidation or elimination of inefficient City programs;

(iii) recertification of tax-exempt properties;

(iv) increased collection of existing tax revenues;

(v) privatization of appropriate City services;

(vi) sale of City assets as appropriate;

(vii) improvement of procurement practices, including competitive bidding procedures;

(viii) review of compensation and benefits of City employees; and

(ix) identification of and requests for appropriate funding from other governments for services delivered by the City.

**SECTION 4.02. Standards for the Financial Plan.**

(a) Each Financial Plan shall reflect balanced budgets for each fiscal year of the City. All projection of revenues and expenditures in the Financial Plan shall be based on assumptions and methods of estimation determined to be reasonable and appropriate by the Authority, all such assumptions and methods to be consistently applied. All revenue and appropriation estimates shall be on a modified accrual basis in accordance with generally accepted standards. Estimates of revenues shall recognize revenues in the accounting period in which they become both measurable and available. Estimates of City-generated revenues shall be based on current or proposed tax rates, historical collection patterns and generally recognized econometric models reasonably acceptable to the Authority.

(b) Estimates of revenues to be received from the Commonwealth shall be based on historical patterns, currently available levels, or on levels proposed in a budget by the Governor. Estimates of revenues to be received from the Federal Government shall be based on historical patterns, currently available levels, or on levels proposed in a budget by the President of the United States or in a Congressional budget resolution. Non-tax revenues shall be based on current or proposed rates, charges or fees, historical patterns and generally recognized econometric models reasonably acceptable to the Authority. Appropriation estimates shall include, at a minimum, all obligations incurred during the fiscal year

and estimated to be payable during the fiscal year or in the twenty-four (24) month period following the close of the current fiscal year, and all obligations of prior fiscal years not covered by encumbered funds from prior fiscal years.

(c) All cash flow projections for the Financial Plan shall be based upon assumptions as to sources and uses of cash determined to be reasonable and appropriate by the Authority, including, but not limited to, assumptions as to the timing of receipt and expenditure of such cash and the issuance of tax or revenue anticipation notes of the City pursuant to Chapter 4 of the Act, and shall provide for operations of the City to be conducted within the resources so projected. All estimates shall take into account the past and anticipated collection, expenditure and service demand experience of the City and current and projected economic conditions.

(d) Any deviations from the standards set forth in this Section 4.02 which the City proposes to use in the preparation of any Financial Plan shall be specifically disclosed by the City to the Authority not later than the submission to the Authority of such Financial Plan and shall be subject to approval by a qualified majority of the board of the Authority.

**SECTION 4.08. Form of the Financial Plan.**

(a) Each Financial Plan shall, consistent with the Home Rule Charter, be in such form as may be prescribed by the Authority and shall contain the following:

(i) for each of the first two (2) fiscal years of the City covered by the Financial Plan, with respect to the Covered Funds, such information as shall reflect the City's total expenditures by fund and by lump sum amount for each board, commission, department or office of the City; and

(ii) for each of the three (3) remaining fiscal years of the City covered by the Financial Plan, with respect to the Covered Funds, such information as shall reflect the City's total expenditures by fund and by lump sum amount for major object classification.

(b) Each Financial Plan shall include projections of all revenues and expenditures for five (5) fiscal years, including, but not limited to, projected capital expenditures and short-term and long-term debt incurrence and cash flow forecasts by Covered Fund for the first year of the Financial Plan. Each Financial Plan shall include a schedule of projected capital commitments of the City and proposed sources of funding for such commitments; shall specifically explain the estimated or projected impact, if any, of such capital commitments on the Covered Funds; and shall with respect to the Supplemental Funds and Special Funds provide such information as is necessary to explain the estimated or projected impact, if any, of those Supplemental Funds and Special Funds on the Covered Funds.

**SECTION 4.04. Supporting Information, Opinions, and Statements for the Financial Plan.**

Each Financial Plan submitted by the City to the Authority shall be accompanied by the following supporting information:

(a) a schedule of debt service payments due or projected to become due in respect of all indebtedness of the City and all indebtedness of others supported in any manner by the City (by guaranty, lease, service agreement or otherwise) during each fiscal year of the City until the final scheduled maturity of such indebtedness, such schedule to set forth such debt service payments separately according to the general categories of direct general obligation debt, direct revenue debt, lease obligations, service agreement obligations and guaranty obligations;

(b) a schedule of payments for legally mandated services included in the Financial Plan and due or projected to be due during the fiscal years of the City covered by the Financial Plan;

(c) a statement describing, in reasonable detail, the significant assumptions and methods of estimation used in arriving at the projections contained in the Financial Plan;

(d) the Mayor's proposed operating budget and capital budget for each of the Covered Funds for the next (or in the case of the initial Financial Plan, the current) fiscal year of the City, which budgets shall be consistent with the first year of the Financial Plan and which budgets shall be prepared in accordance with the Home Rule Charter;

(e) a statement by the Mayor that the budgets described in Section 4.04(d) hereof;

(i) are consistent with the Financial Plan;

(ii) contain funding adequate for debt service payments, legally mandated services and lease payments securing bonds of other government agencies or of any other entities; and

(iii) are based on reasonable and appropriate assumptions and methods of estimation.

(f) a cash flow forecast for the City's consolidated cash account for the first fiscal year of the City covered by the Financial Plan;

(g) an opinion or certification of the City Controller, prepared in accordance with generally accepted auditing standards, with respect to the reasonableness of the assumptions and estimates in the Financial Plan; and

(h) a schedule setting forth the number of authorized employee positions (filled and unfilled) for the first year covered by such Financial Plan for each board, commission, department or office of the City[,], and an estimate of this information for the later years covered by the Financial Plan. The schedule required under this paragraph (h) shall be accompanied by a report setting forth the City's estimates of wage and benefit levels for various groups of employees, such information to be presented in a manner which will allow the Authority to understand and effectively review the portions of the Financial Plan which reflect the results of the City's labor agreements with its employees and an analysis of the financial effect on the City and its employees of changes in compensation and benefits, in collective bargaining agreements, and in other terms and conditions of

*employment, which changes may be appropriate in light of the City's current and forecast financial condition. The parties agree to cooperate such that the form of the report required under this paragraph (h), and the subjects covered, are reasonably satisfactory to the Authority.*

**SECTION 4.05. Authority Consultation with the City in Preparation of the Financial Plan.**

The Authority shall consult with the City as it prepares its Financial Plan and may offer such assistance and advice as the Authority deems appropriate.

**SECTION 4.06. Authority Review and Approval of the Financial Plan.**

(a) The Authority shall promptly review each Financial Plan, proposed operating budget and capital budget submitted by the City. Not more than thirty (30) [d]Days after submission by the City of a Financial Plan and proposed operating and capital budgets, the Authority shall determine the following:

(i) whether the Financial Plan projects balanced budgets for the Covered Funds, based on reasonable assumptions, as described in this Agreement, for each year of the Financial Plan; and

(ii) whether the proposed operating budget and capital budget are consistent with the proposed Financial Plan.

(b) If the Authority determines that these criteria are satisfied, the Authority shall approve such Financial Plan by vote of a qualified majority of its board. The Authority shall not be bound by any opinions or certifications of the

City Controller issued pursuant to the Act or this Agreement. If the Authority fails to take any action within thirty (30) Days of the submission of a proposed Financial Plan, the proposed Financial Plan as submitted shall be deemed approved by the Authority. However, if during such 30-Day period a written request by two (2) members of the Authority board for a meeting and vote on the question of approval of the proposed Financial Plan has been submitted to the chairperson and a meeting and vote does not take place, the proposed Financial Plan shall be deemed disapproved.

**SECTION 4.07. Authority Disapproval of the Financial Plan.**

If a proposed Financial Plan is disapproved by the Authority, the Authority shall notify the City thereof and shall state in writing in reasonable detail the reasons for such disapproval, including the amount of any estimated budget imbalance in a Covered Fund. The City shall submit a revised Financial Plan to the Authority within fifteen (15) Days of such disapproval, which revised Financial Plan eliminates the Budget imbalance. Not more than fifteen (15) Days after the submission of such revised Financial Plan, the Authority shall determine whether the revised Financial Plan satisfies the criteria set forth in Section 4.06 of this Agreement. If the Authority determines that these criteria are satisfied, the Authority shall approve the revised Financial Plan by vote of a qualified majority of its board. If the Authority shall not so approve the revised Financial Plan, then the Authority shall, subject to the occurrence of the events described in

---

Section 4.12 of this Agreement, certify the City's non-compliance with the Financial Plan to the Secretary of the Budget.

SECTION 4.08. Revisions to the Financial Plan.

(a) While any bonds of the Authority remain Outstanding, each Financial Plan shall be revised on an annual basis to include, among other things, the operating and capital budgets of the City for its next fiscal year and any additional funds which pursuant to the definition of the term "Covered Funds" become new Covered Funds at any time during the prior fiscal year, and to extend the Financial Plan for an additional fiscal year. Such annual Financial Plans shall be submitted by the City in accordance with Section 4.01 of this Agreement and shall be reviewed by the Authority in accordance with Section 4.06 of this Agreement.

(b) Each Mayor shall, within ninety (90) Days of assuming office, propose to the Authority revisions to the Financial Plan, or certify to the Authority that he or she adopts the then-existing Financial Plan. If the Mayor fails, within said 90-Day period, to propose revisions to the Financial Plan or to certify that he or she adopts the then-existing Financial Plan, the then-existing Financial Plan shall nevertheless remain in full force and effect. In addition, the City may, during the course of a fiscal year, submit proposed revisions to the then-existing Financial Plan, and the City shall submit a proposed revision to the then-existing Financial Plan for any amendment to the City's operating or capital budget within fifteen (15) Days after such amendment becomes effective and for any additional fund which, pursuant to the definition of the term "Covered Funds," becomes a new Covered Fund,

within fifteen (15) Days after such fund becomes a Covered Fund. The Authority shall review each such proposed revision within twenty (20) Days of its submission. The Authority shall approve the revision if it will not, based on assumptions deemed reasonable by the Authority, cause the Financial Plan to become imbalanced. Proposed revisions shall become part of the Financial Plan upon the approval of a qualified majority of the board of the Authority, unless some other method of approval is permitted by Authority rules and regulations approved by a qualified majority of the board of the Authority. If the Authority fails to take action within twenty (20) Days on a proposed revision, such submission shall be deemed approved unless a written request for a meeting and vote of the Authority has been made in accordance with Section 4.06 of this Agreement, in which event if a meeting and vote does not take place, the proposed revision shall be deemed to have been disapproved. If the City Council adopts a budget inconsistent with an approved Financial Plan, the City shall submit the enacted budget to the Authority as a proposed revision to such Financial Plan within twenty (20) Days after such budget has been so enacted. In this event, the Authority shall review the proposed revision within thirty (30) Days of its submission, in accordance with the criteria set forth in Section 4.06 of this Agreement and this Section 4.06(b).

**SECTION 4.09. Supplemental Reports.**

(a) After a Financial Plan has been approved by the Authority, the City shall prepare and submit to the Authority and the Authority shall review the periodic reports required by this Section 4.09.

(b) Within forty-five (45) Days of the end of each fiscal quarter of the City, and also monthly (within thirty (30) Days after the end of the previous month) if a Variance from the Financial Plan has been determined to have occurred in accordance with Section 4.10 of this Agreement, the Mayor shall provide to the Authority a report describing actual, or current estimates of, revenues, expenditures and cash flows by Covered Fund (excepting the Grants Revenue Fund) compared to budgeted revenues, expenditures and cash flows by Covered Funds (excepting the Grants Revenue Fund) for such previous quarterly or monthly period (as the case may be) and for the year-to-date period from the beginning of the then-current fiscal year of the City to the last day of the fiscal quarter or month (as the case may be) just ended. Each report shall explain any Variance existing as of the last day of such fiscal quarter or month, as the case may be.

(c) Any reports after the original Financial Plan for the Grants Revenue Fund financial projections will assume the fiscal year 1992 funding level throughout the five (5) year period. The City will include a Contingency Account appropriation which will be utilized to fund any increases in existing grants or new grants to the City. The City will provide to the Authority within twenty (20) Days after the close of each of its fiscal quarters a report by department of the disbursements from the Contingency Account.

(d) At least sixty (60) Days prior to the beginning of each fiscal quarter of the City, the Mayor shall provide to the Authority a report certified by the City Controller describing for the following quarter the debt service requirements on all bonds and notes of the City and all

lease payments of the City securing the bonds of other government agencies. The reports shall be in such form and contain such information as may be specified by the Authority, and shall be updated to reflect any change in debt service immediately upon each issuance of bonds or notes by the City or upon execution of a lease by the City which secures bonds of another government agency.

(e) The Director of Finance shall provide within forty-five (45) Days of the end of each fiscal quarter a report of financial operations of each of the Supplemental Funds for such fiscal quarter.

**SECTION 4.10. Determination of Adherence to or Variance from the Financial Plan.**

(a) Based upon the reports described in [Section 4.09] *Sections 4.09 and 5.03(e)* of this Agreement or upon such independent audits, examinations or studies of the City's finances as may be conducted by or on behalf of the Authority, the Authority shall determine if the City has adhered to or varied from its Financial Plan. For the purposes of this Agreement, a "Variance" shall be deemed to have occurred as of the end of a reporting period as reflected on a report submitted pursuant to Section 4.09 hereof if (i) a net adverse change in the fund balance of a Covered Fund of more than one percent (1%) of the revenues budgeted for such Covered Fund for that fiscal year is reasonably projected to occur, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year, or (ii) the actual net cash flows of the City for a Covered Fund are reasonably projected to be less than ninety-five percent (95%) of the net cash flows of the City for such Covered Fund for that fiscal year originally forecast at the time of adoption of the budget, such

projection to be calculated from the beginning of the fiscal year for the entire fiscal year. If the Authority determines that a Variance exists it shall notify the City in writing. The City shall, within ten (10) Days after request by the Authority, provide to the Authority such additional information as the Authority deems necessary to explain the Variance.

(b) The Authority shall take no action with respect to the City for Variances from the Financial Plan in any fiscal quarter if:

(i) the City, within thirty (30) Days after receipt of notification from the Authority pursuant to Section 4.10(a) hereof, provides a written explanation for the Variance that the Authority deems reasonable;

(ii) the City, within forty-five (45) Days after receipt of notification from the Authority pursuant to Section 4.10(a) hereof, proposes remedial action which the Authority believes will restore the City's overall compliance with the Financial Plan;

(iii) information provided by the City to the Authority in the immediately succeeding quarterly financial report pursuant to Section 4.09(b) hereof demonstrates, to the reasonable satisfaction of the Authority, that the City is taking such remedial action and is otherwise complying with the Financial Plan; and

(iv) the City submits monthly supplemental reports in accordance with Section 4.09(b) of this Agreement until it regains compliance with the Financial Plan.

#### SECTION 4.11. Authority Recommendations.

The Authority may at any time issue recommendations as to how the City may achieve compliance with the Financial Plan, and shall provide copies of such recommendations to the Mayor, the City Controller, the City Council, the Governor, the presiding officers of the Senate and the House of Representatives of the Commonwealth, and the Chairpersons of the Appropriations Committees of the Senate and the House of Representatives of the Commonwealth.

**SECTION 4.12. Withholding of Funds.**

(a) The Authority shall certify to the Secretary of the Budget the City's non-compliance with any Financial Plan during any period when the Authority has determined by the vote of a qualified majority of its board that the City has not adhered to such Financial Plan and has not taken acceptable remedial action during the next fiscal quarter following such departure from the Financial Plan. In addition, the Authority shall certify to the Secretary of the Budget that the City is not in compliance with its Financial Plan if the City:

(i) has no Financial Plan approved by the Authority at any time, or has failed to file any Financial Plan with the Authority as required hereunder or under the Act; or

(ii) has failed to file with the Authority mandatory revisions to any Financial Plan required by the Act or Sections 4.08, 5.06(b), 5.07(b) and 5.08(e) of this Agreement or reports as required by the Act or Section 4.09 of this Agreement; and

(iii) has not been compelled to file a Financial Plan, a mandatory revision to a Financial Plan, or a report through a mandamus action authorized under Section 5.10 of this Agreement and Section 210(j) of the Act.

(b) The City and the Authority acknowledge that the Act provides that if the Authority certifies that the City is not in compliance with any Financial Plan in accordance with this Section 4.12, the Secretary of the Budget shall notify the City that such certification has been made and that each grant, loan, entitlement, or payment to the City by the Commonwealth, or any of its agencies, of Commonwealth funds and payment to the City from the City Account, shall be suspended pending compliance with such Financial Plan. Funds withheld shall be held in escrow by the Commonwealth or, in the case of the City Account, shall be retained in the City Account until compliance with the Financial Plan is restored as set forth below. The Act provides that funds held in escrow pursuant to this Section 4.12(b) shall not lapse pursuant to section 621 of the act of April 9, 1929 (P.L. 177, No. 175), known as The Administrative Code of 1929, or any other law.

(c) The Authority shall, by a qualified majority of its board, determine when the conditions which caused the City to be certified as not in compliance with a Financial Plan have ceased to exist, and shall promptly notify the Secretary of the Budget of such determination. The City and the Authority acknowledge that the Act provides that the Secretary of the Budget shall thereupon release all funds held in escrow, together with all interest and income earned thereon during the period held in escrow, and the disbursements to the City of amounts in the City Account

shall resume as provided in Section 3.04 of this Agreement (with all amounts then on deposit to the credit of the City Account which would have been, but for the suspension of disbursements referred to in this Section 4.12, previously distributed to the City to be disbursed to the City within one (1) business day following such release).

**SECTION 4.13. Exemptions to Withholding by the Commonwealth.**

Notwithstanding the provisions of Section 4.12 of this Agreement, the Authority and the City acknowledge that the Act provides that the following shall not be withheld from the City by the Commonwealth:

- (a) funds for capital projects under contract in progress;
- (b) funds granted or allocated to the City directly from an agency of the Commonwealth, or from the Federal Government for distribution by the Commonwealth after the declaration of a disaster resulting from a catastrophe;
- (c) pension fund payments required by law;
- (d) funds administered by the City's Department of Human Services or Department of Health that provide benefits or services to recipients;
- (e) funds that the City has pledged to repay bonds or notes issued under the act of October 18, 1972 (P.L. 955, No. 234), known as The First Class City Revenue Bond Act; and
- (f) funds appropriated by the Commonwealth for the court system or correctional programs of the City.

Except as otherwise permitted by law, the City agrees that it shall apply any such funds it receives on account of any of the foregoing obligations or purposes solely to such obligations and purposes (or, to the extent permitted by law and by the terms of any relevant contract or agreement, to reimburse itself for prior payments it has made from other sources on account of such obligations and purposes in anticipation of receipt of such funds) and for no other obligations or purposes. The City shall promptly furnish to the Authority such information in such detail as the Authority may reasonably request from time to time to evidence the City's compliance with the immediately preceding sentence.

**SECTION 4.14 Commonwealth's Failure to Disburse Funds.**

The withholding provisions set forth in Section 4.12 of this Agreement shall not apply, and the City shall not be found to have departed from any Financial Plan, due to the Commonwealth's failure to pay any money, including payment of Federal funds distributed by or through the Commonwealth, due to the City from moneys appropriated by the General Assembly of the Commonwealth, provided that any such failure by the Commonwealth to pay any such money shall not be as a result of any fault of the City.

**ARTICLE V**

**ADDITIONAL AGREEMENTS OF THE CITY AND  
THE AUTHORITY**

**SECTION 5.01. Authority Budgets.**

As, when and to the extent required by the Act, the Authority shall submit to the Governor and the General

Assembly of the Commonwealth a copy of the Authority's budget for each fiscal year of the Authority. The Authority shall deliver an additional copy of each such budget to the Director of Finance concurrently with the submission thereof by the Authority to the Governor and the General Assembly as aforesaid, it being expressly understood that, notwithstanding such delivery, the Act does not provide the City with any rights of approval regarding the budgets of the Authority, and the City acknowledges that it has no such rights. The City acknowledges that it has received a copy of the initial operating budget of the Authority for the period ending June 30, 1992.

**SECTION 5.02. Authority Taxes.**

(a) The City and the Authority acknowledge that the City has heretofore enacted and imposed the Authority Tax exclusively for the purposes of the Authority pursuant to Section 601 of the Act and that the City may hereafter, in its discretion, enact and impose additional taxes for the Authority pursuant to said Section 601 of the Act.

(b) Pursuant to Sections 307(c), 308 and 602 of the Act and the Ordinance (Bill No. 1437) of City Council approved June 12, 1991, the City hereby pledges to and agrees with the Authority and each and every obligee of the Authority secured by an Authority pledge of the Authority Tax (which obligees are expressly intended to be third-party beneficiaries of this Section 5.02(b)) that the City will not reduce the rate of or repeal in whole or in part the Authority Tax until the principal amount of all bonds of the Authority secured by a pledge of the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of

the Authority. The City acknowledges and agrees that, as provided in the Act, all revenues from the Authority Tax shall be revenues and property of the Authority and not revenues or property of the City, and accordingly may be freely pledged by the Authority to secure bonds of the Authority and other obligations of the Authority to obligees of the Authority and shall not be subject to appropriation by the City Council. The Authority may assign its rights to enforce the provisions of this Section 5.02(b) to any obligees of the Authority secured by a pledge of any Authority Tax.

(c) To the extent the City or any department or agency of the City has been duly appointed to act as the agent of the Department of Revenue of the Commonwealth to collect and enforce any Authority Tax pursuant to the Act, the City agrees to so collect and enforce such Authority Tax, including interest and penalties, in a lawful and diligent manner at the direction of the Commonwealth's Department of Revenue; provided, however, that any moneys so collected by the City or any department or agency thereof as such agent shall not be commingled with any other funds of the City and shall be segregated and paid over to the Department of Revenue of the Commonwealth at least every two (2) weeks.

SECTION 5.03. Additional Reporting Requirements of the City.

(a) The City hereby agrees to deliver or cause to be delivered to the Authority, as soon as they become available, copies of all reports, documents, budgetary and financial planning data and any other information prepared by or on behalf of the City regarding the

revenues, expenditures, budgets, costs, plans, operations, estimates and any other financial or budgetary matters of the City.

(b) In addition, the City hereby agrees, promptly upon request of the Authority from time to time, to prepare and furnish to the Authority, or cause to be prepared and furnished to the Authority, at the expense of the City, such additional reports concerning the matters described in Section 5.03(a) hereof or otherwise described herein or in the Act as the Authority may deem necessary to accomplish the purposes of the Act. The City acknowledges that the Authority may, in its sole discretion, at any time and from time to time accept and rely upon any reports prepared and furnished to the Authority by the City Controller in lieu of engaging private consultants to prepare reports of the City pursuant to this Section 5.03(b); provided, however, that nothing in this sentence shall be deemed to expand or vary the powers of the City Controller pursuant to the Home Rule Charter.

(c) The City hereby agrees to deliver to the Authority, within sixty (60) Days after the effective date of this Agreement, a schedule setting forth in reasonable detail the nature and amount of all funds which as of such date may not be withheld from the City by the Commonwealth pursuant to Section 210(f) of the Act and as described in Section 4.13 hereof; the dates on or as of which the City reasonably anticipates receipt of such funds; and the nature and amount of all other funds payable by or through the Commonwealth to the City and the date or dates on or as of which the City reasonably anticipates receipt of such other funds. The City shall periodically update such schedule at least once during each fiscal

quarter of the City thereafter. Each such schedule shall be accompanied by a certificate of the Director of Finance setting forth the specific uses of all such funds so exempt from withholding and demonstrating that such uses fall within one or more of the exemptions from withholding described in Section 4.13 hereof.

(d) The City hereby agrees to deliver to the Authority, promptly upon receipt thereof by the City, copies of all reports, documents, budgetary and financial planning data and any other information prepared by or on behalf of the School District or any Corporate Entity regarding the revenues, expenditures, budgets, costs, plans, operations, estimates and any other financial or budgetary matters of the School District or any such Corporate Entity. To the extent permitted by law, the City agrees to cooperate with the Authority in connection with any request by the Authority to the School District or any such Corporate Entity for any such information by exercising any available rights and remedies to this [and] end under any contracts or agreements between the City and the School District or such Corporate Entity to cause the School District and such Corporate Entity to deliver to the Authority all such information to which the Authority may be entitled under the Act. The Authority agrees to comply with the applicable laws and regulations with respect to the confidentiality of personnel, patient care, and other records maintained or received by the City.

(e) The Director of Finance shall as promptly as practicable provide to the Authority additional informational reports from time to time concerning changed conditions or unexpected events which may affect the City's adherence to its then-current Financial Plan.

**SECTION 5.04. Inspection Rights.**

Upon reasonable notice from the Authority, the City agrees to permit such persons as the Authority may designate from time to time to visit, inspect and observe the operations of the City; to examine, inspect and copy any and all books, records and other information of or pertaining to the City; and to discuss the affairs of the City with any or all of the officials, employees and independent accountants of the City, as the case may be, all to the extent deemed necessary by the Authority to accomplish the purposes of the Act and at such times and as often as the Authority may reasonably request. The City agrees to cooperate fully in connection with any such undertaking by the Authority. As to the School District or any Corporate Entity, the City agrees to cooperate with the Authority in connection with any request by the Authority to the School District or any such Corporate Entity for any such information by exercising any available rights and remedies to this end under any contracts or agreements between the City and the School District or such Corporate Entity to cause the School District and such Corporate Entity to deliver to the Authority all such information to which the Authority may be entitled under the Act. The Authority agrees to comply with applicable laws and regulations with respect to the confidentiality of personnel, patient care, and other records maintained by the City.

**SECTION 5.05. Independent Audits.**

As provided under the Act, the City agrees that the Authority may in its reasonable discretion conduct or cause to be conducted such independent audits, examinations or studies of the City as the Authority deems

appropriate. As to the School District or any Corporate Entity, the City agrees to cooperate with the Authority in connection with any request by the Authority to the School District or any such Corporate Entity for any such information by exercising any available rights and remedies to this end under any contracts or agreements between the City and the School District or such Corporate Entity to cause the School District and such Corporate Entity to deliver to the Authority all such information to which the Authority may be entitled under the Act. The Authority agrees to comply with applicable laws and regulations with respect to the confidentiality of personnel, patient care, and other records maintained by the City.

**SECTION 5.06: Contracts of the City.**

(a) A contract in existence in the City prior to the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement shall remain effective after approval of such Financial Plan until such contract expires, but the City shall provide to the Authority in writing, promptly upon the request of the Authority from time to time, such explanations and analyses regarding any aspects of any such contracts as the Authority may so request at any time.

(b) After the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement, the City shall execute contracts the financial terms of which are in compliance with such Financial Plan. If the City executes a contract which is not in compliance with the Financial Plan, the contract shall not be void or voidable solely by reason of such noncompliance, but the City shall as soon as practicable (but in no event later than

fifteen (15) Days after the execution by the City of such contract) submit to the Authority a proposed revision to the Financial Plan which demonstrates to the reasonable satisfaction of the Authority that revenues sufficient to pay the costs of the contract will be available in the affected fiscal years of the Financial Plan.

(c) The City agrees that it shall, as soon as practicable but in no event later than seven (7) Days prior to entering into any Extraordinary Contract, deliver to the Authority:

(i) a summary of the terms of such Extraordinary Contract, said summary shall be substantially in the form of Exhibit "A" attached hereto; and

(ii) a written statement of the Director of Finance setting forth whether or not, in the opinion of the Director of Finance, the performance by the City of such Extraordinary Contract will be consistent with the Financial Plan of the City as then in effect pursuant to the Act and this Agreement.

The Authority may, within seven (7) Days after receipt by the Authority of said summary of the Extraordinary Contract and such statement of the Director of Finance, make comments or recommendations in writing with respect to such Extraordinary Contract, which comments and recommendations the City agrees to consider. Within four (4) Days after receipt of the summary and written statement, the Authority may request a full and complete copy of the Extraordinary Contract. The Authority may within three (3) Days after receipt by the Authority of the full and complete Extraordinary Contract make comments and recommendations with respect to such Extraordinary

Contract, which comments and recommendations the City agrees to consider prior to its execution of such Extraordinary Contract.

Notwithstanding the foregoing provisions of this Section 5.06(c), to the extent that, due to a *bona fide* emergency involving an imminent threat to the health or safety of any persons, the City is effectively unable to comply with the requirements of this Section 5.06(c) before entering into an Extraordinary Contract in respect of such an emergency, the City shall be deemed to have complied with this Section 5.06(c) if it delivers a summary of such Extraordinary Contract, in a form substantially similar to the form on Exhibit "A" hereto, to the Authority as soon as practicable before, and in no event later than five (5) Days after, the City enters into such Extraordinary Contract and no later than ten (10) Days after so delivering such summary delivers the statement of the Director of Finance required above and an additional statement of the Director of Finance explaining the full circumstances of such emergency and certifying that solely due to such emergency the City was unable to comply with the requirements of this Section 5.06(c) that would otherwise be applicable. For Extraordinary Contracts of the City in circumstances other than those posing an imminent threat to the health or safety of any persons but requiring the immediate attention of the City including, but not limited to, circumstances involving a bond or note purchase agreement or settlement agreement, the City will be deemed to have complied with this Section 5.06(c) if it delivers to the Authority: (i) a summary of such Extraordinary Contract (other than for a bond or note purchase agreement or settlement agreement) in a form substantially similar to the form on

Exhibit "A," hereto, (i) in the case of a settlement agreement, a description of the impact of such agreement on the Financial Plan, or (ii) in the case of a bond or note purchase agreement, a summary in a form substantially similar to the form on Exhibit "B" hereto, (such delivery of the summary of a bond or note purchase agreement to be as soon as practicable before but no less than three (3) Days prior to execution thereof and with respect to a settlement agreement or other Extraordinary Contract, such delivery of required information to be as soon as practicable before, and in no event later than five (5) Days after, the City enters into such Extraordinary Contract), and in any such case no later than ten (10) Days after so delivering such information delivers the statement of the Director of Finance required above and an additional statement of the Director of Finance explaining the full circumstances of such contract.

Prior to the execution of any Extraordinary Contract, the Authority shall keep confidential all information relating to such contract and shall make all recommendations and communications with respect thereto exclusively to the City.

**SECTION 5.07. Collective Bargaining Agreements of the City.**

(a) A collective bargaining agreement in existence in the City prior to the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement shall remain effective after approval of such Financial Plan until such collective bargaining agreement expires by its terms or is otherwise terminated, but the City shall provide to the Authority in writing, promptly upon the request of the Authority from time to time, such

explanations and analyses regarding any aspects of any such collective bargaining agreements as the Authority may so request at any time.

(b) After the approval by the Authority of a Financial Plan submitted pursuant to the Act and this Agreement, the City shall execute collective bargaining agreements in compliance with such Financial Plan. If the City executes a collective bargaining agreement, *or receives an arbitration award (other than an arbitration award covered by Section 5.08 hereof, as to which the provisions of Section 5.08 shall apply)*, which is not in compliance with such Financial Plan, [the] *neither such collective bargaining agreement nor such arbitration award shall [not] be void or voidable solely by reason of such noncompliance, but the City shall as soon as practicable (but in no event later than fifteen (15) Days after the execution by the City of such collective bargaining agreement or receipt by the City of such arbitration award)* submit to the Authority a proposed revision to the Financial Plan which demonstrates to the reasonable satisfaction of [the] *such* Authority that revenues sufficient to pay the costs of the collective bargaining agreement *or such arbitration award, as the case may be*, will be available in the affected fiscal years of the Financial Plan.

(c) [Prior to the execution of any collective bargaining agreement, the Authority shall keep confidential all information relating to such collective bargaining process and shall make all recommendations and communications with respect thereto exclusively to the City.] *In negotiating collective bargaining agreements in accordance with Section 5.07(b) hereof, the City*

*shall consider any Authority views concerning the financial impact on the City. The City will provide to the Authority any information requested by the Authority to assist the Authority in anticipating the manner in which proposed labor agreements will comply with the Financial Plan then in effect. Without limiting the requirements of Section 5.07(b) hereof, the City shall, within fifteen (15) Days after execution of a collective bargaining agreement or receipt of an arbitration award, provide to the Authority a report in writing on the effect of such agreement or award on the Financial Plan.*

*(d) To enable it to be fully informed with regard to the manner in which collective bargaining agreements will be reconciled with the approved Financial Plan, the Authority will review all information concerning such agreements provided to it by the City, including but not limited to the information concerning such agreements provided to it by the City, including but not limited to the information required pursuant to Section 4.04(h) hereof. If it determines that additional information is required to allow it to accomplish its objectives in accordance with the Act, the Authority may prepare or cause to be prepared reports or studies of the financial implications of the City's relationships with its work force.*

*(e) Prior to the execution of any collective bargaining agreement, the Authority shall not disclose any confidential information received from the City with respect to the negotiations by the City of such collective bargaining agreement so long as*

*the City specifically requests that such information be maintained confidential and represents to the Authority that the disclosure of such information would adversely affect such negotiations.*

[(d)](f) Nothing in this Agreement is intended to impair in any manner the relationships between the City and its employees or the collective bargaining representatives of such employees or to adversely affect the collective bargaining process in any manner.

SECTION 5.08. Arbitration Awards.

(a) The City and the Authority acknowledge that the Act provides that after the approval by the Authority of a Financial Plan submitted pursuant to this Agreement and the Act, any determination of a board of arbitration established pursuant to the provisions of the act of June 24, 1968 (P.L. 237, No. 111), referred to as the Policemen and Firemen Collective Bargaining Act, providing for an increase in wages or fringe benefits of any employee of the City under the Financial Plan, in addition to considering any standard or factor required to be considered by applicable law, shall take into consideration and accord substantial weight to:

- (i) the approved Financial Plan; and
- (ii) the financial ability of the City to pay the cost of such increase in wages or fringe benefits without adversely affecting levels of service.

(b) The Act further provides that such a determination of a board of arbitration shall be in writing and a copy thereof shall be forwarded to each party to the dispute and the Authority, and that any determination of the board of arbitration which provides for an increase in wages or

fringe benefits of any employee of the City shall state with specificity in writing all factors which the board of arbitration took into account in considering and giving substantial weight to:

(i) the approved Financial Plan of the City; and

(ii) the City's financial ability to pay the cost of such increase.

(c) The Act further provides that any party to a proceeding before a board of arbitration may appeal to the court of common pleas to review:

(i) the consideration of the City's Financial Plan;

(ii) the determination as to the City's financial ability to pay; or

(iii) the failure of the board of arbitration to issue a determination including a detailed writing of all factors which the board of arbitration took into account in considering and giving substantial weight to the City's financial ability to pay and the City's Financial Plan.

(d) The Act further provides that the decision of the board of arbitration shall be vacated and remanded to the board of arbitration if the court finds:

(i) that the board of arbitration failed to take into consideration and accord substantial weight to the approved Financial Plan;

(ii) that the board of arbitration's determination as to the City's financial ability to pay is not supported by substantial evidence as produced by the parties to the proceedings before the board of arbitration; or

(iii) that the board of arbitration has failed to state with specificity in writing the factors which it took into account in considering and giving substantial weight to the City's financial ability to pay or the City's approved Financial Plan.

(e) The Act further provides that such appeal shall be commenced not later than thirty (30) Days after the issuance of a final determination by the board of arbitration, and that if, after the exhaustion of all appeals, the final arbitration award is not in compliance with the approved Financial Plan, the award shall not be void or voidable solely by reason of such noncompliance, but the City shall submit (and the City hereby agrees with the Authority that it shall submit no later than twenty (20) Days after the date of such final arbitration award) to the Authority a proposed revision to its Financial Plan which demonstrates that revenues sufficient to pay the costs of the award will be available in the affected fiscal years of the Financial Plan.

(f) The City expressly acknowledges and consents to all of the provisions of Section 209(k) of the Act and of this Section 5.08; agrees to take or cause to be taken all such action requisite to carry out fully or give effect to the intent of such provisions[.]; and *agrees to keep the Authority fully informed with respect to any arbitration proceeding or appeal described in this Section 5.08, including without limitation all scheduled hearing dates and other similar dates relating to such proceeding or appeal.*

SECTION 5.09. City Expenditure of Available Funds.

Nothing in this Agreement shall be construed to limit the power of the City to determine, from time to time, within available funds of the City, the purposes for which expenditures are to be made by the City and the amounts of such expenditures then permitted under a Financial Plan of the City.

**SECTION 5.10. Additional Remedies of Authority for Failure to File Financial Plans and Reports.**

In the event that the City shall fail to file with the Authority any Financial Plan, revision to the Financial Plan, report or other information required to be filed with the Authority pursuant to the Act or this Agreement, the Authority, in addition to all other rights which the Authority may have at law or in equity, shall have the right by mandamus to compel the City and the officers, employees and agents thereof to file with the Authority the Financial Plan, revision to a Financial Plan, report or other information which the City has failed to file. The Authority shall give the City written notice of the failure of the City to file and of the Authority's intention to initiate an action under this Section 5.10, and the Authority shall not initiate such an action earlier than ten (10) days after the giving of such notice.

**ARTICLE VI  
MISCELLANEOUS**

**SECTION 6.01. Term.**

(a) This Agreement shall take effect upon such date as this Agreement shall have been duly executed by each of the parties hereto and shall extend for so long as any bonds of the Authority are Outstanding.

---

(b) The City represents and warrants that this Agreement constitutes a service contract between the City and an authority pursuant to Section 8-200(8) of the Home Rule Charter, and as such, the City does not have the right to terminate this Agreement without liability after the expiration of four (4) years.

**SECTION 6.02. General Rights and Prohibitions.**

Nothing in this Agreement shall limit the rights or impair the obligations of the City to comply with the provisions of any contract in effect on the effective date of the Act (June 5, 1991), or shall in any way impair the rights of the obligees of the City with respect to any such contract.

**SECTION 6.03. Compliance with the Act; Severability.**

(a) The City and the Authority intend that this Agreement shall constitute an intergovernmental cooperation agreement within the meaning of the Act and hereby declare that this Agreement is entered into to accomplish the public purposes of the Act. This Agreement shall be read, taken and construed to the maximum extent possible in a manner consistent with the Act, but to the extent of any conflict between any of the provisions of this Agreement and any of the provisions of the Act, the provisions of the Act shall control. The City and the Authority each acknowledges that it is subject to the provisions of the Act and each agrees to observe and perform all provisions thereof applicable to it, whether or not such provisions are expressly referred to in this Agreement.

(b) The provisions of this Agreement are intended to be severable. If any provision of this Agreement shall be held

invalid or unenforceable in whole or in part, such provision shall be ineffective to the extent of such invalidity or unenforceability without in any manner affecting the validity or enforceability of the remaining provisions of this Agreement.

**SECTION 6.04. Notices.**

All notices, demands, requests, consents, approvals, certificates, waivers or other communications with respect to this Agreement (collectively, "notices") shall be in writing (including telecopied communication) and shall be effective if sent by certified or registered United States mail, postage prepaid, return receipt requested, or by overnight courier with signed receipt evidencing such delivery, or by same day delivery service with signed receipt evidencing such delivery, or by telecopier (with confirmation in writing mailed by first-class mail, postage prepaid), to the following parties:

Any such properly given notice shall be effective on the earliest to occur of receipt, the third business day after mailing in the manner set forth herein, on the first business day after deposit with an overnight courier service, on the day of deposit with a same day delivery service or upon telephone confirmation of receipt of telecopy communication.

**SECTION 6.05. Governing Law.**

This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

**SECTION 6.06. No Third Party Rights.**

Except as otherwise expressly provided in Section 5.02(b) hereof, nothing in this Agreement shall be construed to constitute or create rights in any person not a party to this Agreement (as third party beneficiary or otherwise), or to create obligations or responsibilities of the parties to such persons, or to permit any person other than the parties hereto and their respective successors and assigns to rely upon the covenants, conditions and agreements contained in this Agreement.

**SECTION 6.07. Amendments and Waivers.**

This Agreement shall be amended only by written instrument duly executed by the City and the Authority. The Authority may in its discretion, to the extent consistent with the Act, waive compliance by the City with any provision of this Agreement or extend the time specified for performance by the City of any covenant or agreement on its part set forth herein, and such waiver or extension shall be effective only to the extent specifically set forth in writing and shall not, unless so specified, apply to any subsequent failure on the part of the City to observe or perform any such provision. Notwithstanding the foregoing, the provisions of Section 5.02(b) hereof may not be amended without the express written consent of the requisite percentage of the obligees of the Authority entitled to the benefits thereof as set forth in any agreement between the Authority and such obligees.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement, as of the date first above written.

**PENNSYLVANIA INTERGOVERNMENTAL  
COOPERATION AUTHORITY INCOME TAX  
COLLECTION AGENCY AGREEMENT**

This Agreement is made and entered into as of the 1st day of June, 1992, by and between the Commonwealth of Pennsylvania ("Commonwealth"), Department of Revenue (hereinafter referred to as the "Department"), with its office at Strawberry Square, Harrisburg, Pennsylvania 17128, and the City of Philadelphia ("City"), acting by and through its Revenue Department ("Collection Agent") and its Law Department (hereinafter collectively referred to as the "Agent"), with offices at the Municipal Services Building, John F. Kennedy Boulevard at 15th Street, Philadelphia, PA 19102.

WHEREAS, pursuant to Section 601(a) of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act of June 5, 1991 (P.L. 9, No. 6) (hereinafter referred to as the "Act") the governing body of any city of the first class is authorized to impose certain taxes exclusively for purposes of the Pennsylvania Intergovernmental Cooperation Authority ("Authority"); and

WHEREAS, pursuant to authority granted pursuant to Section 601(a)(3) of the Act, the City Council of the City, by ordinance (Bill No. 1437), approved June 12, 1991 ("Income Tax Ordinance"), attached hereto as Appendix A, has amended Title 19 of the Philadelphia Code by adding a new Chapter 19-2800 imposing a tax of 1.5% exclusively for the Authority, on the salaries, wages, commissions and other compensation earned by residents of the City and on the net profits earned in businesses, professions or other activities conducted by residents of the City ("Authority Income Tax"); and

WHEREAS, pursuant to Section 604 of the Act, the Department is charged with the administration, enforcement and collection of any tax imposed pursuant to Section 601 of the Act, including the Authority Income Tax, and pursuant to Section 604(e) of the Act, the Department is authorized to appoint as its agents tax officers, clerks, collectors and assistants, including revenue and legal departments of cities imposing a tax under Chapter 6 of the Act, to collect any tax, including interest and penalties, imposed under the authority of Chapter 6 of the Act, including the Authority Income Tax; and

WHEREAS, by letter dated June 28, 1991, attached hereto as Appendix B, the Department, through its Secretary, the Honorable Eileen Healy McNulty (the "Secretary"), appointed the Agent as the agent of the Department for administering, collecting and enforcing the Authority Income Tax; and

WHEREAS, the Commonwealth and the City deem it in their common best interest to set forth the method of implementation of the collection, enforcement and administration of the Authority Income Tax pursuant to the Act and the performance by the Department and the Collection Agent of their respective powers and duties with respect thereto.

NOW, THEREFORE, in consideration of the foregoing recitals, the Commonwealth of Pennsylvania, Department of Revenue, and the City of Philadelphia, Revenue Department and Law Department, through their authorized representatives, agree to implement the administration, collection and enforcement of the Authority Income Tax as follows:

1. APPOINTMENT OF AGENT; COLLECTION AND ENFORCEMENT OF AUTHORITY INCOME TAX;

The appointment of the Agent as the agent of the Department as provided in the letter of the Department dated June 28, 1991 and the Income Tax Ordinance is hereby ratified and confirmed in all respects. The Agent shall administer, collect and enforce the Authority Income Tax as provided in the Income Tax Ordinance and shall remit the proceeds of the Authority Income Tax, including interest and penalties paid by taxpayers thereon, as provided in the Act and this Agreement.

2. TERM;

The term of this Agreement shall begin upon the date first above written and shall continue until terminated upon prior written notice by the Department to the Agent. The Department shall send a copy of any notice of termination of this Agreement to the Authority. Upon receipt of notice of termination, the Agent shall cooperate with the Department in providing for the orderly transfer of the duties and functions of the Agent hereunder to the Department or any agent appointed by the Department so that the collection and remittance of the Authority Income Tax shall continue to be made as provided in the Act without interruption.

3. REMITTANCE OF AUTHORITY INCOME TAX;

(a) On each City business day, the Collection Agent shall deposit, in immediately available funds, the Authority Income Tax collected that day in a demand deposit account, designated "The City of Philadelphia Collection Agent for Department of Revenue, Commonwealth of Pennsylvania Account" (herein, the "Agency Account"), which account shall be established in a Commonwealth depository bank in accordance with all applicable Commonwealth laws and regulations regarding State depositories. The Department acknowledges and approves

the establishment of the Agency Account at Fidelity Bank, National Association, or at any other Commonwealth depository designated in writing to the Department by the Agent ("Agency Bank"). The Agency Account shall be used solely for the deposit and remittance of the Authority Income Tax by the Collection Agent as agent of the Department and shall not be commingled with any funds of the City. The Collection Agent shall notify the Department in writing of any change in the depository for the Agency Account, prior to such change, and shall give a copy of such notice to the Authority. The Department acknowledges and approves the establishment of the Agency Account identified on Appendix C hereto.

(b) On each business day next following the day of deposit of Authority Income Tax in the Agency Account, all amounts in the Agency Account shall be transferred by the Agency Bank to a Commonwealth account designated in writing to the Collection Agent by the Department ("Commonwealth Account"). The Commonwealth Account at CoreStates Bank, N.A., Account No. 0196-628-8, is hereby designated by the Department to the Collection Agent as the Commonwealth Account to which daily electronic transfers of the amounts in the Agency Account shall be made. The Department shall notify the Collection Agent in writing of any change in the depository for the Commonwealth Account to which the Authority Income Tax shall be transferred, prior to such change, and the Collection Agent shall give a copy of any such notice to the Agency Bank and the Authority.

(c) The Collection Agent shall deliver an executed or certified copy of this Agreement to the Agency Bank, shall obtain from the Agency Bank an executed acknowledgement of receipt of this Agreement, and shall deliver a copy thereof to the Department. The provisions of this Section 3(c) of this Agreement shall constitute a direction of the Department and the Collection Agent to the Agency Bank (i) to make the daily transfers to

the Commonwealth Account specified in Section 3(b) strictly in accordance with the terms of this Agreement, and (ii) to make payments from the Agency Account if required by Section 310 of the Act in the manner required by Section 310 of the Act.

4. RECONCILIATION/ADJUSTMENT:

(a) Reconciliation: The Collection Agent shall reconcile monthly, the daily deposits to the Agency Account with the actual amount of Authority Income Tax collected. The Collection Agent shall use its Monthly Settlement Statistics Report, a copy of which Report is attached hereto as Appendix D, as the basis for such reconciliation.

(b) Adjustments: If a reconciliation made pursuant to paragraph (a), above, indicates that the actual Authority Income Tax collections for the preceding month are at variance with Agency Account deposits for that month, the Collection Agent shall:

(1) Identify any necessary adjustments, and

(i) If the amount deposited in the Agency Account is greater than actual Authority Income Tax collected, the Collection Agent shall deduct an amount equal to such excess from the next daily deposit to the Agency Account; or

(ii) If the amount deposited in the Agency Account is less than the actual Authority Income Tax collected, the Collection Agent shall deposit an amount equal to such under-remittance in the next daily deposit to the Agency Account.

(2) Any other reconciliation which results in an adjustment to an Authority Income Tax remittance shall be clearly identified on the subsequent daily remittance and the adjustment made in the manner set forth in (b)(1), above.

(3) The Monthly Settlement Statistics Report, together with any and all supporting documents therefor, requiring any adjustment made pursuant to this Section 4 shall be submitted to the Department for review monthly.

5. DETERMINATION OF RESIDENCE/NONRESIDENCE:

The Department shall determine the percentage of wage, earnings and net profits taxes attributable to residents and to nonresidents of the City. The method of calculating resident/nonresident collections shall be determined by the Department and approved by the Secretary. The current method approved by the Secretary for calculation of Authority Income Tax collection is attached hereto as Appendix E, which shall be revised from time to time as the Department shall determine and the Secretary shall approve. The Department shall notify the Agent of any change in the method of calculation and the effective date of such change, with a copy to the Authority.

6. CHANGES IN COLLECTION:

The City agrees that any changes or modifications in its computer system, tax reports or other reports, generation of reports, forms, accounting and/or bookkeeping methods that will or may affect in any material respect the administration, collection and enforcement of the Authority Income Tax shall be communicated to the Department in writing no less than forty-five (45) days before the effective date of any such change or modification.

7. ACCOUNTING RECORDS:

The City shall maintain, in accordance with the accounting principles applied to the City's own financial statements, all pertinent books, documents, financial and accounting records and evidence pertaining to this Agreement to the extent and in such detail as is

reasonably necessary to document all remittances, adjustments and collections of the Authority Income Tax. The City shall provide the Department a reconciliation of the City's accounting principles to generally accepted accounting principles.

Such financial and accounting records shall be made available for inspection and copying, upon request, to the Department, its designees, the State Inspector General, or any authorized agency of the Commonwealth of Pennsylvania at any time during the term of this Agreement and for three years from the expiration of this Agreement.

8. RIGHT TO AUDIT:

The City agrees to permit the audit of its records of the Authority Income Tax by the Department, its designees, and the State Inspector General. All returns, reports, costs and financial accounting records, source documentation, data systems, programs, applications, and planning summaries relating to the Authority Income Tax will be available for audit examination, inspection and copying; provided, however, that the Department agrees to maintain the confidentiality of taxpayer records required by §19-2809(5) of the Income Tax Ordinance. The Department reserves the right to perform at its sole reasonable discretion additional audits relating to the Authority Income Tax including, but not limited to, audits of financial/compliance, economy/efficiency or limited scope audits. Additionally, the Department also reserves the right to inspect and copy any of the City's third party auditors' reports and management letters relating to the Authority Income Tax.

9. COSTS:

In accordance with Section 604(b) of the Act, the Department shall deduct from the remittances of the Authority Income Tax costs of administration of this Agreement and shall

inform the Authority in writing monthly of the sum retained and the costs of administration and collection reimbursed. The Department as part of its cost, shall reimburse the City for certain limited expenses incurred by the Agent, as agent for the Department. The terms of such reimbursement shall be set forth in a separate agreement attached hereto as Appendix F.

10. INDEMNIFICATION:

[RESERVED]

11. AMENDMENTS, MODIFICATIONS:

This Agreement may not be modified or amended unless in writing and signed by both parties. A copy of any such modification or amendment shall be sent by the City to the Authority. Any breach or default by a party shall not be waived or released other than in writing

signed by the other party. Changes in the procedures set forth in this Agreement approved by the Department shall not constitute amendments to this Agreement.

12. TERMINATION:

This Agreement may be terminated by the Department upon prior written notice to the City. The Department shall send a copy of such notice of termination to the Authority. Upon receipt of notice of termination, the Agent shall cooperate with the Department in providing for the orderly transfer of the duties and functions of the Agent hereunder to the Department or any agent appointed by the Department so that the collection and remittance of the Authority Income Tax shall continue to be made as provided in the Act without interruption.

13. USUFRUCT

If, for any reason, the City should lose its ability to serve as Agent under this Agreement, the Department shall acquire a usufruct in all contractual items owned by the City in conjunction with the Agreement and which are necessary to provide the services of Agent. Said usufruct shall be limited to the right of the Department to possess and make use of such contractual items solely for the use and benefit of the Department in administering, enforcing and collecting the Authority Income Tax in the manner provided in this Agreement. Such usufruct shall be limited in time to the duration of this Agreement and in scope for program systems and other items being used by the Department under this Agreement.

14. NONDISCRIMINATION:

The City agrees to maintain a policy of nondiscrimination and agrees to comply with all of the Commonwealth laws, rules and regulations involving nondiscrimination on the basis

of race, color, religion, national origin, age or sex. Appendix G, Nondiscrimination Provisions, is attached hereto and made a part hereof as if set forth fully herein.

15. **NOTICES:**

The parties agree that all notices given pursuant to the terms of this Agreement shall be sufficient if in writing and sent by telecopy, facsimile or a courier service with receipt acknowledged. All other communications shall be sufficient if in writing and mailed postage prepaid first class. Any such notice or communication shall be sent to the following addresses or such other addresses as may be designated from time to time by the parties in writing:

(A) Department of Revenue  
Secretary of Revenue

AN ORDINANCE

BLANK, ROME

JUN 19 1991

COMISKY & McCAULEY

*Explanation: Dates indicate when matter added*

Amending Title 19 of The Philadelphia Code, entitled "Finances, Taxes and Collections," by adding a new Chapter 19-2500, entitled "Pennsylvania Intergovernmental Cooperation Authority Tax on Wages and Net Profits," by imposing a tax of one and one-half percent on the salaries, wages, commissions and other compensation earned by residents of the City and on the net profits earned in businesses, professions or other activities conducted by residents of the City; providing that revenues from the tax are to be used for the purposes of the Pennsylvania Intergovernmental Cooperation Authority; pledging to obligees of the Authority that the City will neither repeal nor reduce the tax for so long as bonds of the Authority secured by the pledge of the tax remain outstanding; providing for the collection of the tax; and imposing penalties.

APP. NO. 297-1

APPENDIX A

*The Council of the City of Philadelphia hereby ordains:*

SECTION 1. Title 19 of The Philadelphia Code, entitled "Finances, Taxes and Collections," is hereby amended by adding a new Chapter 19-2500, entitled "Pennsylvania Intergovernmental Cooperation Authority Tax on Wages and Net Profits," to read as follows:

CHAPTER 19-2500. PENNSYLVANIA  
INTERGOVERNMENTAL  
COOPERATION AUTHORITY TAX  
ON WAGES AND NET PROFITS.

§19-2501. *Legislative Acknowledgements.*

(1) *The General Assembly of the Commonwealth of Pennsylvania has enacted the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of \_\_\_\_\_, 1931, P.L. \_\_\_\_ No. \_\_\_\_).*

(2) *The Act declares it to be the public policy of the Commonwealth to exercise its retained sovereign powers with regard to taxation, debt issuance and matters of State-wide concern in a manner calculated to foster the fiscal integrity of cities of the first class to assure that these cities provide for the health, safety and welfare of their citizens; pay principal and interest owed on their debt*

*obligations when due; meet financial obligations to their employees, vendors and suppliers; and provide for proper financial planning procedures and budgeting practices. The inability of a city of the first class to provide essential services to its citizens as a result of a fiscal emergency has been determined to affect adversely the health, safety and welfare not only of the citizens of that municipality but also of other citizens in this Commonwealth.*

*(3) The stated intent of the General Assembly for enacting the Act is to:*

*(a) provide cities of the first class with the legal tools with which cities of the first class can eliminate deficits that render them unable to perform essential municipal services;*

*(b) create an authority that will enable cities of the first class to access capital markets for deficit elimination and seasonal borrowings to avoid default on existing obligations and chronic cash shortages that will disrupt the delivery of municipal services;*

(c) foster sound financial planning and budgetary practices that will address the underlying problems which result in such deficits; and

(d) exercise its powers consistent with the rights of citizens to home rule and self government by maintaining a system pursuant to which the principal responsibility for conducting the governmental affairs of a municipality remains with its local elected officials;

(e) remedy the fiscal emergency confronting cities of the first class through the implementation of sovereign powers of the Commonwealth with respect to taxation, indebtedness and matters of State-wide concern. To safeguard the rights of the citizens to the electoral process and home rule, the General Assembly intends to exercise its power in a cooperative manner with the elected officers of cities of the first class as contemplated by the Constitution of Pennsylvania.

(f) authorize the imposition of a tax or taxes to provide a source of funding for an intergovernmental cooperation authority to enable it to assist cities of the first class and to incur debt of such authority for such purposes; however, the General Assembly intends that such debt shall not be

*a debt or liability of the Commonwealth or a city of the first class nor shall debt of the authority payable from and secured by such source of funding create a charge directly or indirectly against revenues of the Commonwealth or a city of the first class.*

*(4) In enacting the Act the General Assembly of the Commonwealth inter alia found:*

*(a) That cities of the first class have encountered recurring financial difficulties which may affect the performance of necessary municipal services to the detriment of the health, safety and general welfare of residents of such cities.*

*(b) That the financial difficulties have caused cities of the first class to lose an investment-grade credit rating and direct access to capital markets.*

*(c) That it is critically important that cities of the first class achieve an investment-grade credit rating and thereafter maintain their credit-worthiness.*

(d) That, without the ability to enter the capital markets, cities of the first class may face a fiscal emergency that could render them unable to pay their obligations when due and deliver essential services to their citizens.

(e) That, due to the economic and social interrelationship among all citizens in our economy, the fiscal integrity of cities of the first class is a matter of concern to residents of the entire Commonwealth, and the financial problems of such cities have a direct and negative effect on the entire Commonwealth.

(f) That, because cities of the first class consume a substantial proportion of the products of Pennsylvania's farms, factories, manufacturing plants and service enterprises, economic difficulties confronting cities of the first class detrimentally affect the economy of the Commonwealth as a whole and become a matter of State-wide concern.

(g) That, because residents of cities of the first class contribute a substantial proportion of all Commonwealth tax revenues, a disruption of the economic and social life of such cities may have a significant detrimental effect upon Commonwealth revenues.

(h) That, cities of the first class and the Commonwealth have shown a willingness to cooperate in order to address important financial and budgetary concerns.

(i) That, the financial difficulties of cities of the first class can best be addressed and resolved by cooperation between governmental entities.

(j) That, the Constitution of Pennsylvania grants municipalities authority to cooperate with other governmental entities in the exercise of any function or responsibility.

(k) That, the Commonwealth retains certain sovereign powers with respect to cities of the first class, among them the power to authorize and levy taxes, to authorize the incurring of indebtedness and to provide financial assistance that may be necessary to assist cities in solving their financial problems.

(l) That, the Commonwealth may attach conditions to grants of authority to incur indebtedness or assistance to

*cities of the first class in order to ensure that deficits are eliminated and access to capital markets is achieved and maintained.*

*(m) That, such conditions shall be incorporated into intergovernmental cooperation agreements between the Commonwealth or its instrumentalities and cities of the first class.*

*(n) That, cities of the first class and the Commonwealth will benefit from the creation of an independent authority composed of members experienced in finance and management which may advise such cities, the General Assembly and the Governor concerning solutions to fiscal problems cities of the first class may face.*

*(o) That, the creation of such an authority with the power to borrow money and issue bonds in order to assist cities of the first class will allow such cities to continue to provide the necessary municipal services for their residents and to contribute to the economy of the Commonwealth.*

*(p) That, in order for an authority to effectively assist cities of the first class in financing their cash flow needs and for cities of the first class to be able to cost-effectively*

*finance their cash flow needs during the term of any authority bonds and thereafter, the enactment of certain provisions of law in connection with the issuance of tax and revenue anticipation notes of cities of the first class is necessary and desirable.*

*(q) That, a dedicated source of funding for the authority is necessary in order to address the immediate financial difficulties of cities of the first class.*

*(r) That, the Commonwealth's action in authorizing cities of the first class to impose taxes for the authority will allow such cities to continue to provide necessary services for their residents and for those non-residents enjoying the benefits of such services.*

*(s) That, the levy of a tax within cities of the first class for the authority should be authorized by the Commonwealth for the benefit of cities of the first class, with the revenue produced as a result of such levy being Commonwealth-authorized revenues and revenues of a State authority, and not revenues of the city of the first class.*

(t) That, the authority to levy a tax only within cities of the first class or at a rate that is higher than that imposed outside cities of the first class is based upon a legitimate classification which the General Assembly deems to be reasonable and just, since the benefit received by taxpayers in cities of the first class as a result of such levy is determined to be in proportion to the tax burden imposed in such cities of the first class.

(u) That, a levy imposed only, or at a higher rate, in cities of the first class will be used to benefit citizens of cities of the first class by providing for their health, safety, convenience and welfare.

(5) City Council further acknowledges that the Act:

(a) Specifically authorize the imposition and pledge of any combination of the following taxes:

(i) a sale and use and hotel occupancy tax;

(ii) a realty transfer tax such as is now or as may be hereafter enacted for general revenue purposes of the City pursuant to Section 1301(b) of the Act of December 13, 1968 (P.L. 1121, No. 45), known as the Local Tax Reform Act; and

(iii) a tax on salaries, wages, commissions, compensation or other income received or to be received for work done by residents of the City, imposed pursuant to the provisions of the Sterling Act.

(b) Provides that the revenues generated by any such tax are to become the exclusive property of the Pennsylvania Intergovernmental Cooperation Authority (PICA) and shall not be subject to appropriation by City Council or the General Assembly of the Commonwealth.

(c) Provides that the Department of Revenue of the Commonwealth is charged with the administration, enforcement and collection of the tax imposed by this Chapter and if the tax imposed is pursuant to Subsections 601(a)(2), or (3) of the Act the administration, enforcement and collection procedures for the taxes and the fines, forfeitures, penalties and interest charges shall be as are specified in this Chapter.

(d) Provides that the Department of Revenue of the Commonwealth is authorized to appoint as its agents, tax officers, clerks, collectors and other assistants, including revenue and legal departments of cities imposing a tax under this chapter, to collect and enforce any tax, including

interest and penalties, imposed under authority of this chapter; provided, however, that any moneys collected by any such agent shall not be commingled with any other funds of such agent and must be segregated and paid over to the Department of Revenue of the Commonwealth at least monthly.

(c) Provides that the revenues collected by any of the Department of Revenue's agents, tax officers, clerks, collectors and other assistants are to be paid over to the Department of Revenue of the Commonwealth to be deposited by the Treasurer of the Commonwealth in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund.

(f) Provides that the obligees of PICA shall have the right to enforce a pledge of or security interest in revenues of the authority securing payment of bonds of the authority against all government agencies in possession of any such revenues at any time, which revenues may be collected directly from such officials upon notice by such obligees or a trustee for such obligees for application to the payment of such bonds as and when due or for deposits in any sinking, bond or debt service fund established by the

*Commonwealth or established by resolution of the authority with such trustee at the times and in the amounts specified in such bonds or the resolution or indenture or trust agreement securing such bonds. Any government agency in possession of any such revenues shall make payment against receipt and shall thereby be discharged from any further liability or responsibility for such revenues. If such payment shall be to a holder of bonds, it shall be made against surrender of such bonds to the payor for delivery to the authority in the case of payment in full, otherwise it shall be made against production of such bonds for notation thereon of the amount of the payment. The provisions of this section with respect to the enforceability and collection of revenues which secure bonds shall supersede any, contrary or inconsistent statutory provision or rule of law. This section shall be construed and applied to fulfill the legislative purpose of clarifying and facilitating the financing of the authority of the costs of assisting a city by assuring to the obligees of the authority the full and immediate benefit of the security for*

*the bonds without delay, diminution or interference based on any statute, decision, ordinance, or administrative rule or practice.*

**§19-2802. Definitions.**

(1) *"Authority." The Pennsylvania Intergovernmental Cooperation Authority established in the Act.*

(2) *"Bond." A note, bond, refunding note and bond, interim certificate, debenture and other evidence of indebtedness or obligation which an authority is authorized to issue pursuant to the Act.*

(3) *"Business." An enterprise, activity, profession or undertaking of any nature conducted for profit or ordinarily conducted for profit, whether by an individual, copartnership, association, governmental body or unit or agency, or any other entity.*

(4) *"Department." The Department of Revenue of the Commonwealth or its agents, tax officers, clerks, collectors and other assistants, including revenue and legal departments of the City of Philadelphia. For purpose of complying with the provisions of this Chapter, the Revenue*

*Department of the City is the authorized agent of the Department of Revenue of the Commonwealth for the collection of taxes imposed hereunder.*

(5) "Employee." *Any person who renders services to another for a consideration or its equivalent, under an express or implied contract, and who is under the control and direction of the latter, including temporary, provisional, casual or part-time employment.*

(6) "Employer." *An individual, copartnership, association, corporation, governmental body or unit or agency, or any other entity, who or that employs one or more persons on a salary, wage, commission or other compensation basis.*

(7) "Net Profits." *The net gain from the operation of a business, profession or enterprise, after provision for all allowable costs and expenses incurred in the conduct thereof, either paid or accrued in accordance with the accounting system used, without deduction of taxes based on income.*

(8) "Obligee of the Authority." *Any holder or owner of any bond of the Pennsylvania Intergovernmental*

*Cooperation Authority or any trustee or other fiduciary for any such holder or any provider of a letter of credit, policy of municipal bond insurance or other credit enhancement or liquidity facility for bonds of the authority.*

(9) *"Person."* Every individual, copartnership, fiduciary or association.

(10) *"Resident."* An individual, copartnership, association, corporation or any other entity domiciled in the City.

(11) *"Salaries, Wages, Commissions and Other Compensation."* All salaries, wages, commissions, bonuses, incentive payments, fees and tips that may accrue or be received by an individual, whether indirectly or through an agent and whether in cash or in property, for services rendered, but excluding:

(a) *periodical payments for sick or disability benefits and those commonly recognized as old age benefits;*

(b) *retirement pay, or pensions paid to persons retired from service after reaching a specific age or after a stated period of employment;*

(c) any wages or commissions paid by the United States to any person for active service in the Army, Navy or Air Force of the United States;

(d) any bonus or additional compensation paid by the United States, this Commonwealth, or any other state for such service;

(e) any statutory per diem compensation paid any witness or juror, or member of the District Election Board.

(12) "Taxpayer." Any person required by this Chapter to file a return or to pay a tax.

**§19-2503. Imposition of Pennsylvania Intergovernmental Cooperation Authority Tax on Wages and Net Profits.**

(1) An annual tax to provide revenues for the purposes of the Pennsylvania Intergovernmental Cooperation Authority is imposed as follows:

(a) On salaries, wages, commissions, and other compensation earned by residents of Philadelphia on and after July 1, 1991 at the rate of one and one-half percent.

*(b) On the net profits earned in business, professions or other activities conducted by residents after July 1, 1991 at the rate of one and one-half percent.*

*(2) The tax imposed under §19-2803(1)(a) shall relate to and be imposed upon salaries, wages, commissions, and other compensation paid by an employer or on his behalf to any person who is employed by or renders services to him.*

*(3) The tax levied under §19-2803(1)(b) shall relate to and be imposed on the net profits of any business, profession, or enterprise carried on by any person as owner or proprietor, either individually or in association with some other person or persons.*

**§19-2804. City Pledge; Duration of Taxes.**

*(1) The city pledges and agrees with each and every obligee of the authority acquiring bonds secured by an authority pledge of taxes imposed by this Chapter that the city will not repeal the tax or reduce the rate of the tax imposed for the authority until all bonds so secured by the pledge of the authority, together with the interest thereon, are fully paid or provided for. The revenues from the taxes imposed by this Chapter shall be revenues and property of*

*the authority and shall not be revenues or property of the city. The taxes shall be collected by the Department of Revenue of the Commonwealth and shall not be subject to appropriation by the City Council or by the General Assembly.*

*(2) The taxes imposed under this chapter shall continue in effect until all bonds of the authority which are secured by the authority's pledge of such tax revenues are no longer outstanding. For as long as any such bonds remain outstanding, City Council pledges not to repeal this Chapter or reduce the rate of tax imposed for the authority under this Chapter.*

*§ 25-2565. Return and Payment of Tax.*

*(1) Each person whose net profits are subject to the tax imposed by this chapter shall, on or before April 15 of each year, make and file with the Department a return on a form furnished by or obtainable from the Department setting forth the amount of such net profits earned by him during the preceding year and subject to the said tax, together with such other pertinent information as the Department may require. Where a return is made for a fiscal year or for any*

*other period different from a calendar year, the said return shall be made within one hundred five (105) days from the end of the said fiscal year or other period.*

*(2) Each person who is employed on a salaried, wage, commission or other compensation basis, which is subject to a tax imposed by this Chapter and which tax is not withheld by his employer and paid to the Department as provided in §19-2806 shall make and file a tax return with the Department for the three (3) months ending December 31, on or before the 15th day of the following February, and shall make and file a tax return with the city on or before the last day of April, July and October for the last three (3) months ending on the last day of the month preceding the due date. The return shall be made on a form furnished by the Department, setting forth the aggregate amount of salaries, wages, commissions and other compensation subject to the said tax earned by such person for the three (3) months, together with such other pertinent information as the city may require.*

*(3) Whenever any person files a return required by this Section he shall at the time of filing pay to the Department the amount of tax due thereon.*

*§19-2806. Collection at Source.*

*(1) Each employer within a city of the first class who employs one or more persons on a salary, wage, commission or other compensation basis shall deduct at the time of payment thereof, the tax imposed by this Chapter on the salaries, wages, commissions and other compensation due from the said employer to the said employee, except that due to employees engaged as domestic servants, and shall make a return and pay to the Department the amount of tax so deducted, at such intervals as the Department shall establish by regulations.*

*(a) The return shall be on a form or forms furnished by the Department and shall set forth the names and residences of each employee of said employer during all or any part of the period covered by the said return, the amounts of salaries, wages, commissions or other compensation earned during such period by each of such employees, together with such other information as the Department may require.*

*(b) The employer making the return shall, at the time of filing, pay to the Department the amount of tax due thereon.*

(c) *The failure of any employer, residing either within or outside of a city of the first class to make such return and/or to pay such tax shall not relieve the employee from the responsibility for making the returns, paying the tax, and complying with the regulations with respect to making the returns and paying the tax.*

(2) *When an employer makes deductions or returns under §19-2806(1) he shall deposit such deduction with the Department or with any bank designated by the Department, which shall in all cases be a bank designated as a City depository bank.*

(a) *Each bank so designated shall issue official receipts to the employer for the money received from him, which money shall be credited to the authority's account. Such deposits shall be reported daily to the department.*

(b) *At the time of each deposit, the employer shall file with the department or designated bank a depository form to be furnished by the department which shall contain such information as the department may require.*

**§19-2807. Estimated Net Profits Tax.**

(1) *Returns and Payments of Estimated Tax.*

(a) Each person whose net profits are subject to the tax imposed by this Chapter shall be required to file returns and pay estimated tax on account of the net profits due for the current taxable year.

(2) For the purposes of this Chapter, the term "estimated tax" means the amount of net profits tax which a person calculated to be his tax due under this Chapter for the preceding taxable year, after giving effect to the tax credit provided in Section 19-2606.

(3) *Calendar Year Taxpayers.*

to: Returns and payments of estimated tax for taxable years beginning after December 31, 1991 shall be due and payable as follows:

(1) The first installment of one-fourth of the estimated tax shall be due and payable on or before April 15 of the taxable year.

(2) The second installment of one-fourth of the estimated tax shall be due and payable on or before June 15 of the taxable year.

(4) *Fiscal Year Taxpayers.*

*(a) Persons who report net income for a fiscal year period other than a calendar year shall make returns and payments of estimated tax for taxable years beginning after December 31, 1991 as follows:*

*(1) The first installment of one-fourth of the estimated tax shall be due and payable within three and one-half months after the beginning of the taxable fiscal year.*

*(2) The second installment of one-fourth of the estimated tax shall be due and payable within five and one-half months after the beginning of the taxable fiscal year.*

*(5) Credits for Excessive Estimated Payments.*

*(a) Any estimated payments which exceed a person's tax liability for the taxable year shall be applied as a credit against the estimated tax for the following taxable year, to the extent of the estimated tax due for the following taxable year.*

*(b) The amount of any estimated payments which exceed the estimated tax for the following year shall be refunded to the taxpayer.*

*(6) Provisions not Applicable. The provisions of Section 19-2807 shall not be applicable to a person for a taxable year if:*

*(a) Such person was not engaged in business in the preceding taxable year; or*

*(b) Such person's net profits tax liability for the preceding taxable year does not exceed one hundred (\$100) dollars; or*

*(c) Such person terminated his business activity prior to the due date of the net profits tax return for the preceding taxable year.*

*(7) Any person who terminates his business activity prior to the due date of any estimated payment shall not be required to make any additional estimated payments for that taxable year.*

**§19-2808. Credit Against Tax.**

*(1) In the event that any person subject to a tax under §19-1502(1)(c) and who is entitled to a credit pursuant to §19-1506 does not totally exhaust such credit against tax*

liability incurred pursuant to §19-1502(1)(c). The remaining credit may be applied against taxes owed pursuant to this chapter.

(2) The credit provided pursuant to this Section relates to the following tax year;

(a) When a return is made for a fiscal year corresponding to the calendar year, the same calendar year as that which is used as the measuring period for computing net income subject to the tax imposed under Chapter 19-2600 of this Title on which the credit is based.

(b) When a return is made for a fiscal year other than a calendar year, the fiscal year which ends within the calendar year for which the tax imposed under Chapter 19-2600 of this Title is paid, and on which the credit is based.

(3) Nothing in this Section shall permit credits to be charged against any given tax year in excess of the amount of tax due under §19-2803 for that tax year.

#### **§19-2809. Penalties and Enforcement.**

(1) Penalties.

(a) For late deposits of withheld taxes due under this Chapter there shall be added, in addition to the penalties set forth herein, a penalty of ten percent (10%) of the underpayment.

(2) Extension for Payment.

(a) If the due date for the payment of any tax due falls on a Sunday or a holiday, or any day during which the agency collecting such tax is not open for a full business day, the Department may postpone such due date to the next following business day.

(b) The Department may, upon proper cause shown, grant a taxpayer an extension of not more than sixty (60) days for the payment of the tax. Application for such extension shall be made on or before the last day for the payment of the tax, in such form as the Department prescribes.

(c) If any Federal taxing authority grants to any taxpayer an extension for the payment of Federal income tax for a period in excess of sixty (60) days, the Department

*may grant an additional extension of time for the payment of any City tax affected thereby, not to exceed thirty (30) days after the termination of the Federal extension period.*

*(d) Where an extension for payment of any tax has been granted by the Department, the principal amount of such tax shall be subject to interest from the original due date at the rate of one-half of one percent per month, or part thereof, but shall not be subject to any penalty if paid within the extended period.*

*(3) Extension for Filing Returns.*

*(a) The Department may, upon proper cause shown, grant a taxpayer an extension of not more than sixty (60) days for the filing of any tax return. Application for such extension shall be made on or before the last day of the payment of the tax, in such form as the Department prescribes.*

*(b) If any Federal taxing authority grants to any taxpayer an extension for the filing of Federal income tax returns for a period in excess of sixty (60) days, the*

Department may grant an additional extension of time for the filing of any tax returns affected thereby, not to exceed the date of termination of the Federal extension period.

(c) In order for an extension to be granted, the taxpayer must file a tentative return and pay one hundred percent (100%) of the tax estimated to be due, on or before the statutory due date. The extension will not relieve the taxpayer from the obligation to pay interest and penalty from the date such return was originally due upon the amount of tax due in excess of the estimated tax paid.

(4) Allocation of Delinquent Payments.

(a) Unless otherwise provided, when a partial payment is made on account of any delinquent tax, such payment shall be pro-rated between the principal sum of such tax and the penalties and interest accumulated on it.

(5) Records of Taxpayer.

(a) Every person who has paid, or from whom there is due or alleged to be due, any moneys collectible by the Department, for or on behalf of the authority, including

any taxes, charges, or other sums, and any person upon whom there is imposed any other obligation to collect and remit to a city any such moneys shall:

(1) preserve and retain his books, records, accounts, copies of tax returns filed with other taxing authorities, and other data relating thereto, for a period of six (6) years after such moneys become collectible or have been collected by the Department, whichever is later;

(2) when requested by the Department produce his books, records, accounts, copies of tax returns filed with other taxing authorities, and other data relating thereto, and give to the Department the opportunity to make examination of such books, records, accounts, copies, data, and any property owned or controlled by such person in order to verify the accuracy of any report or return made, or if no report or return has been made, to ascertain the amount of tax, rent, charge, or other sum due.

(3) Any information obtained by the Department in the conduct of any examination or investigation shall be treated as confidential, except in the course of departmental business, or in accordance with judicial order, or as otherwise provided by law.

(6) *Oaths.*

(a) *Whenever the Department shall hold hearings or conduct investigations, the Revenue Commissioner of the City, or any deputy designated by him, shall have the power to administer oaths to persons under examination.*

(7) *Interest, Penalties and Costs.*

(a) *If any tax authorized or imposed under this Chapter is not paid when due, there shall be added to the amount of the unpaid tax and collected therewith, interest at the rate of one-half of one percent of the amount of the unpaid tax, and a penalty at the rate of one percent of the amount of the unpaid tax shall be added for each month or fraction thereof during which said tax shall remain unpaid and shall be collected, together with the amount of the tax. This provision shall not apply to:*

(1) *Taxes imposed by §19-2603 that are not, in fact, withheld pursuant to §19-2606; provided, however, when such tax is not paid when due interest at the rate of one-half percent of the amount of the unpaid tax and a penalty of one percent of the amount of the unpaid tax per month for*

*the first year and one-half percent per month thereafter shall be added and collected together with the amount of the tax.*

*(b) Where suit is brought for the recovery of any such tax the person liable therefor shall, in addition, be liable for the costs of collection together with the interest and penalties herein imposed.*

*(c) If any tax imposed under this Chapter was not paid when due or is not paid when it becomes due, there shall be added to the amount of the unpaid tax, interest, and penalty and collected therewith:*

*(.1) interest at the rate of one-half of one percent of the amount of the unpaid tax each month or fraction thereof during which the tax remains unpaid; and*

*(.2) penalty calculated on the amount of the unpaid tax at the following rates for each month during which the tax remains unpaid:*

*(.a) in the first month or fraction thereof following the due date, one percent (1%);*

(b) in the second month or fraction thereof following the due date, an additional one percent (1%) for a total of two percent (2%);

(c) in the third month or fraction thereof following the due date, an additional one percent (1%) for a total of three percent (3%);

(d) in the fourth month or fraction thereof following the due date, an additional two percent (2%) for a total of five percent (5%);

(e) in the fifth month or fraction thereof following the due date, an additional two percent (2%) for a total of seven percent (7%);

(f) in the sixth month or fraction thereof following the due date, an additional two percent (2%) for a total of nine percent (9%);

(g) in the seventh month or fraction thereof following the due date, an additional three percent (3%) for a total of twelve percent (12%);

(h) in the eighth month or fraction thereof following the due date, an additional three percent (3%) for a total of fifteen percent (15%);

(i) in the ninth month or fraction thereof following the due date, an additional three percent (3%) for a total of eighteen percent (18%);

(j) in the tenth month or fraction thereof following the due date, an additional four percent (4%) for a total of twenty-two percent (22%);

(k) in the eleventh month or fraction thereof following the due date, an additional four percent (4%) for a total of twenty-six percent (26%);

(l) in the twelfth month or fraction thereof following the due date, an additional four percent (4%) for a total of thirty percent (30%);

(m) thereafter, for each additional month or fraction thereof following the due date, one and one-quarter percent ( $1\frac{1}{4}\%$ ) shall be added to the amount charged under subsection (l).

(d) In addition to any other sanction or remedial procedure provided, any person who shall:

(.1) make any false or untrue statement on his report or return;

(.2) fail or refuse to file any report or return;

(.3) violate any condition of any license required hereunder;

(.4) fail to pay over to the Department any moneys which he may hold as agent for the Department;

(.5) violate any provision of this Chapter or any regulation adopted hereunder;

shall be subject to a fine of not more than three hundred (\$300) dollars, for each offense together with imprisonment for not more than ninety (90) days if the fine and costs are not paid within ten (10) days. A separate offense shall be deemed to occur on the first day of each month that conduct described in subsections (d)(.2) or (d)(.4) continues.

(e) Any person who shall have paid, or from whom there is due or alleged to be due any moneys collectible by the Department, including any taxes, charges, or other sums, and who fails and refuses to produce or permit the examination of his books, records, accounts, and related data, or to afford to authorized representatives of the Department an opportunity for such examination, shall be subject to a fine of not more than three hundred (\$300) dollars for each such offense, with imprisonment for not more than ninety (90) days if the fine and costs are not paid within ten (10) days.

(f) When any person shall give or cause to be given to a city official or agency a check in payment of any obligation whether due to the department or others, including but not limited to any tax which is dishonored or unpaid by the bank upon which it is drawn, the sum of twenty (\$20) dollars shall be added to the obligation and interest and penalties provided by law or otherwise, to cover the additional cost to the Department.

*(E) Limitation of Actions.*

*(a) Any suit to recover any tax authorized or imposed by this chapter shall be begun within six (6) years after such tax is due or within six (6) years after a return or a report has been filed, whichever date is later; but this limitation shall not apply in the following cases:*

*(.1) where the taxpayer has failed to file the return or report required under the provisions of this chapter;*

*(.2) where an examination of a return or report filed by the taxpayer and of other evidence relating to such return or report in the possession of the Department reveals a fraudulent evasion of taxes, including, but not limited to, substantial understatement of gross income, or any other receipt of income, moneys or funds in any such return or report;*

*(.3) where the taxpayer has collected or withheld tax funds or moneys of any nature or description under this Chapter as agent of or trustee for the Department and has failed, neglected or refused to pay the amount so collected or so withheld to the Department.*

(b) *All defenses to the collection of any tax authorized or imposed by this Chapter shall be raised by appropriate petition pursuant to provisions of local ordinance.*

(c) *Where a taxpayer has filed any petition pursuant to ordinance, the period of limitation set forth in §19-2809(a) shall be tolled until final determination of such petition has been made.*

(9) *Construction.*

(a) *Each tax authorized or imposed under this Chapter upon any person, transaction, occupation, privilege, subject or personal property shall be in addition to any other taxes imposed by a city of the first class upon such person, transaction, occupation, privilege, subject or personal property.*

(10) *Administration and Enforcement.*

(a) *The Commissioner of Revenue of the City of Philadelphia is hereby authorized to promulgate regulations governing the administration, enforcement and interpretation of the provisions of this chapter.*

APP NO 297-39

SECTION 2. Effective Date. This ordinance shall become effective upon the later of either July 1, 1991 or upon the effective date of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of \_\_\_\_\_, 1991, P.L. \_\_\_\_\_, No. \_\_\_\_\_).

F-1 SECRETARY

June 28, 1991

HONORABLE CHERYL WEISS  
REVENUE COMMISSIONER  
CITY OF PHILADELPHIA  
CITY HALL  
PHILADELPHIA PA

The Commonwealth of Pennsylvania, Department of Revenue, pursuant to its authority under Section 604(a) of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act of June 5, 1991 (P.L. No. 6, Section 604(a)), (hereinafter referred to as the "Act") hereby appoints as its agent the Revenue Department of the City of Philadelphia, its tax officers, clerks, collectors and other assistants including the City Solicitor and such deputies as she shall designate, to collect and enforce any tax imposed under the authority of Section 601(a)(3) of the Act including interest and penalties.

A separate agreement setting forth the terms and conditions of this appointment shall be executed by the Commonwealth, Department of Revenue and the City of Philadelphia, Revenue Department.

Any monies collected by the City of Philadelphia pursuant to this appointment shall be segregated in a separate fund and shall not be commingled with any other funds.

This appointment shall be effective July 1, 1991 and shall remain in effect until terminated by notice in writing by the Commonwealth of Pennsylvania, Department of Revenue.

In witness whereof, I have set my hand and seal this  
28 day of June, 1991.

*Eileen H. McNulty*  
Eileen H. McNulty  
Secretary of Revenue

#### DETERMINATION OF RESIDENCE/NONRESIDENCE

(a) The method of calculating resident/nonresident collections as of the date of this Agreement is based on a three-year moving average of resident/nonresident collections of wage, earnings and net profits taxes. The City shall file annually with the Department the annual reconciliation of resident/nonresident collections based upon returns for wage tax in the form attached hereto as Schedule 1 and appropriate documentation for the earnings and net profits taxes and the three-year moving average will be adjusted accordingly upon approval by the Department.

(b) The method of calculation of Authority Income Tax collection as of the date of this Agreement has been determined by the Department and approved by the Secretary as follows:

(1) The calculation is made daily by the City on the Daily Receipt and Deposit Statement attached hereto as Schedule 2.

(2) (i) Total wage and earnings taxes are multiplied by 62%, the average of the last three years' percentages of resident wage and earnings taxes to total wage and earnings taxes.

(ii) Total Net profits taxes are multiplied by 68%, the average of the last three years' percentages of resident net profits taxes to total net profits taxes.

(3) The sum of (2)(i) and (2)(ii) is multiplied by a number which represents 1.5% (the rate of the Authority Income Tax) divided by 4.96%, the aggregate rate of wage, earnings, and net profits tax imposed on City residents for all purposes.

#### APPENDIX E

(4) A copy of the Daily Receipt and Deposit Statement (Schedule 2) showing each day's calculation of the Agency Account Deposit shall be sent by telecopy to the Department on the day of each deposit.

(5) The Collection Agent shall provide the Department annually with such information as the Department deems appropriate to adjust the calculations described in this Appendix E and the Department shall determine whether to adjust the method of calculation on the basis of such information. If the Department determines to adjust the method of calculation, the Department shall notify the Collection Agent in writing of its determination and the effective date of the adjustment.

### ANNUAL RECONCILIATION OF WAGE TAX

The Annual Reconciliation of Wage Tax Withheld for the year 1989 is due on or before February 28, 1990.

- If the tax due on line 7 is more than \$1, please make check payable to "City of Philadelphia."
- All compensation paid to residents is taxable, even if earned outside of Philadelphia.
- Compensation paid to non-residents is taxable only if earned inside Philadelphia.
- To assure efficient processing, please print your numbers carefully.
- Please direct telephone inquiries to 686-6400.

### MAGNETIC TAPE INSTRUCTIONS

**REMARK:** The City of Philadelphia Income Tax regulations requires all employers to submit a copy of Federal Form W-2 for each employee. If the number of forms exceeds 100, then the data MUST be provided on magnetic tape. The format is to be the same as transmitted to the Social Security Administration as stated in their Technical Information Booklet-4 (TIB-4); please note that the Code S - Supplemental Record must also be included. On the Code S, be sure to include the following fields:

LOCATION 112 = Tax Type Code = C  
LOCATION 213-217 = Taxing Entity Code = PHILA  
LOCATION 218-224 = Taxable Philadelphia Wages  
LOCATION 227-233 = Philadelphia Wage Tax Withheld  
LOCATION 234-240 = Philadelphia Tax Account Number

**LABEL:** The following data is required on the label to be affixed to the magnetic tape: Name of Taxpayer  
Seven-digit City of Philadelphia Business Tax Account Number  
Tax Year: 1989

**ATTENTION:** please complete below and remit this form.

If you had no taxable compensation in 1989, indicate date taxable compensation terminated: \_\_\_\_\_

Do you intend to have taxable compensation in 1990? Yes ☐ No ☐  
If no, your wage tax account will be terminated.

**WHERE TO FILE:** Mail this return and W2's or tape to:

Reimbursement Agreement

The Department pursuant to paragraph 9 of the "Pennsylvania Intergovernmental Cooperation Authority" Tax Collection Agency Agreement agrees to reimburse the Agent up to a maximum of \$40,000 per annum for expenses incurred by the Agent as a result of bad checks remitted to the Agent by taxpayers in collecting the Authority Income Tax. The Agent shall submit on a periodic basis acceptable to the Department for approval by the Department such documentation as deemed necessary by the Department to establish such expenses.

APPENDIX F

The nondiscrimination clause to be incorporated into every contractual agreement or other arrangement shall be in the following form:

# NONDISCRIMINATION CLAUSE

During the term of this contract, Contractor agrees as follows:

1. Contractor shall not discriminate against any employee, applicant for employment, independent contractor, or any other person because of race, color, religious creed, ancestry, national origin, age, or sex. Contractor shall take affirmative action to insure that applicants are employed, and that employees or agents are treated during employment, without regard to their race, color, religious creed, handicap, ancestry, national origin, age, or sex. Such affirmative action shall include, but is not limited to: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training. Contractor shall post in conspicuous places, available to employees, agents, applicants for employment, and other persons, a notice to be provided by the contracting agency setting forth the provisions of this nondiscrimination clause.

2. Contractor shall, in advertisements or requests for employment placed by it or on its behalf, state that all qualified applicants will receive consideration for employment without regard to race, color, religious creed, handicap, ancestry, national origin, age, or sex.

3. Contractor shall send each labor union or workers' representative with which it has a collective bargaining agreement or other contract or understanding, a notice advising said labor union or workers' representative of its commitment to this nondiscrimination clause. Similar notice shall be sent to every other source of recruitment regularly utilized by Contractor.

4. It shall be no defense to a finding of noncompliance with this nondiscrimination clause that Contractor had delegated some of its employment practices to any union, training program, or other source of recruitment which prevents it from meeting its obligations. However, if the evidence indicates that the Contractor was not on notice of the third-party discrimination or made a good faith effort to correct it, such factor shall be considered in mitigation in determining appropriate sanctions.

5. Where the practices of a union or any training program or other source of recruitment will result in the exclusion of minority group persons, so that Contractor will be unable to meet its obligations under this nondiscrimination clause, Contractor shall then employ and fill vacancies through other nondiscriminatory employment procedures.

6. Contractor shall comply with all state and federal laws prohibiting discrimination in hiring or employment opportunities. In the event of Contractor's noncompliance with the nondiscrimination clause of this contract or with any such laws, this contract may be terminated or suspended, in whole or in part, and Contractor may be declared temporarily ineligible for further Commonwealth contracts, and other sanctions may be imposed and remedies invoked.

7. Contractor shall furnish all necessary employment documents and records to, and permit access to its books, records, and accounts by, the contracting agency for purposes of investigation to ascertain compliance with the provisions of this clause. If Contractor does not possess documents or records reflecting the necessary information requested, it shall furnish such information on reporting forms supplied by the contracting agency.

8. Contractor shall actively recruit minority and women subcontractors or subcontractors with substantial minority representation among their employees.

9. Contractor shall include the provisions of this nondiscrimination clause in every subcontract, so that such provisions will be binding upon each Subcontractor.

10. Contractor obligations under this clause are limited to the Contractor's facilities within Pennsylvania or, where the contract is for purchase of goods manufactured outside of Pennsylvania, the facilities at which such goods are actually produced.

**EXHIBIT A**  
**LETTER OF REPRESENTATIONS**

October 29, 2019

RBC Capital Markets, LLC,  
As Representative for the Underwriters

Pennsylvania Intergovernmental  
Cooperation Authority  
1500 Walnut Street  
Suite 1600  
Philadelphia, PA 19102

Re: \$31,085,000 Pennsylvania Intergovernmental Cooperation Authority Special Tax  
Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of  
2019

Ladies and Gentlemen:

Pursuant to the Bond Purchase Agreement of even date herewith (the "Purchase Agreement") between the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") and RBC Capital Markets, LLC, on behalf of itself and as Representative (the "Representative") of the Underwriters specified therein (the "Underwriters"), the Authority has agreed, *inter alia*, to sell to the Underwriters the above captioned bonds (the "2019 Bonds"), and the Underwriters have agreed to purchase said 2019 Bonds upon the terms and conditions set forth in the Purchase Agreement. Unless otherwise defined herein, the terms defined in the Purchase Agreement are used herein with the same meanings. This Letter of Representations is delivered to you pursuant to the Purchase Agreement.

As of the date hereof, the undersigned, on behalf of the City, hereby represents and warrants to and agrees with each of you as follows:

1. The City of Philadelphia (the "City") approves of the terms and conditions upon which the 2019 Bonds are being sold to the Underwriters as set forth in the Purchase Agreement, without waiving any of the City's rights due to provisions of Section S. thereof;
2. The City has duly and validly acknowledged and approved the Official Statement;
3. The City has duly and validly authorized and approved the execution and delivery of the Cooperation Agreement, the Tax Collection Agreement and the City Tax Certifications, and the performance by the City of its obligations, covenants and agreements contained therein;

4. The City has duly and validly acknowledged and approved the City Account Deposit Agreement;

5. The City had and has full legal right, power and authority to enter into the City Cooperation Agreement and the Tax Collection Agreement and has duly authorized the execution and delivery of, and the performance of its obligations under, this Letter of Representations, the Cooperation Agreement, the Tax Collection Agreement and the City Tax Certifications (collectively, the "City Agreements"). Each of the City Agreements constitutes a valid, binding and legally enforceable obligation of the City, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer, and other laws affecting creditors' rights generally from time to time in effect, and rights of acceleration, indemnity, and contribution, and the availability of equitable remedies may be affected by equitable principles. The City has, and at the date of Closing will have, full legal right, power and authority to perform its obligations under the City Agreements.

6. The Ordinances have been duly and validly enacted or adopted, as applicable, by the City Council and approved by the Mayor, all in accordance with the City's Home Rule Charter and Code of General Ordinances and all applicable laws of the Commonwealth, are in full force and effect and have not been modified, amended, repealed or rescinded since the date of enactment.

7. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Tax Ordinance and the Cooperation Ordinance, including, without limitation, publication, convening and conduct of the public meetings at which public hearings were held and action was taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended). The Tax Ordinance and the Cooperation Ordinance are in full force and effect as of the date hereof and have not been amended since the respective dates of their enactment and adoption.

8. As provided in the Act, the proceeds of the Authority Tax as of the date hereof are, and at all times subsequent to the date hereof and as of and after the Closing will be, the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City;

9. Except as otherwise disclosed in the Preliminary Official Statement and in the Official Statement, the City is not, to the best of the City's knowledge in any material respect in breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation of the Commonwealth or the United States, or any applicable judgment, decree or loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound, the consequence of which or the correction of which would materially adversely affect the financial condition or results of operations of the City as a whole.

10. The execution and delivery of the Cooperation Agreement and the Tax Collection Agreement by the City and compliance with the provisions thereof did not, do not and will not

constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any existing applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any applicable judgment or decree and did not and do not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound;

11. The execution and delivery of the City Tax Certifications by the City and compliance with the provisions thereof do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any existing applicable judgment or decree and do not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement, or other instrument to which the City is a party or by which it is otherwise bound;

12. The acknowledgment and approval of the City Account Deposit Agreement by the City do not and will not constitute a breach of or default under the City's Home Rule Charter or the Code of General Ordinances, or any applicable law or administrative regulation or the Constitution of the Commonwealth or the United States or any applicable judgment or decree;

13. The City is currently in compliance in all material respects with its previous undertakings with regard to continuing disclosure.

14. The execution and delivery of, and compliance with the terms of this Letter of Representations and the Official Statement by the City, will not, constitute a breach of or default under the City's Home Rule Charter, the Code of General Ordinances, the Ordinance or any existing applicable law or administrative regulation (except that no representation or warranty is made in this paragraph 14 as to any federal or state securities law) or the Constitution of the Commonwealth or the United States or any applicable judgment or decree and will not, to the best of the City's knowledge, in any material respect constitute a default under any loan agreement, note, resolution, ordinance, agreement or other instrument to which the City is a party or by which it is otherwise bound.

15. The information with respect to the City contained in the Preliminary Official Statement and in the Official Statement, as of its date, and at the time of acceptance hereof, under the captions "INTRODUCTION – The City of Philadelphia", and in Appendix B and Appendix C, did not, and does not, contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

16. The City will notify the Representative, and the Authority, to the extent not disclosed in the Preliminary Official Statement or the Official Statement, of any material adverse change in the business, properties, financial condition or results of operation of the City as a whole occurring before the Closing or within the Update Period and will promptly notify the Representative if, during the Update Period, any event shall occur, or information come to its attention that would cause the Official Statement (whether or not previously supplemented or

amended) to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

17. The City agrees that between the date hereof and the date of Closing it will take no action which will cause the representations and warranties contained herein to be untrue at any time from the date hereof up to and including the date of Closing.

18. The City agrees to comply with and acknowledges its obligation to provide the Authority and the Underwriters with certain certifications and updating information in connection with the preparation of the Official Statement (including any amendments or supplements thereto) at the Closing of the 2019 Bonds, all as set forth in the Purchase Agreement.

19. Based solely on the information provided to me by the Law Department of the City (the "Law Department") after inquiry within the Law Department, except for litigation which in the opinion of the Law Department is without merit, and except as disclosed in the Preliminary Official Statement, to be disclosed in the Official Statement, no litigation or other legal proceeding is pending against the City or, to the best of the Law Department's knowledge, threatened in writing against the City:

(i) to restrain or enjoin the issuance or sale of the 2019 Bonds or the City's execution or delivery of, or performance under the Bond Documents, this Letter of Representations or in any way contesting any authority for or the validity or enforceability of the 2019 Bonds or the Ordinances; or

(ii) in which a final adverse decision can reasonably be anticipated in a magnitude or scope which would materially and adversely affect the financial condition or results of operations of the City as a whole; or

(iii) contesting in any way the completeness or accuracy of the information concerning the City in the Preliminary Official Statement or the Official Statement; or

(iv) contesting in any way the validity or enforceability of the City's obligations under the Cooperation Agreement, the Tax Collection Agreement or this Letter of Representations; or

(v) in any way challenging the right of the Director of Finance or the City Treasurer or any other official of the City signatory to any of the Bond Documents to which the City is a party or referred to in the Purchase Agreement or herein to hold his or her office, or the respective powers of such offices.

20. The City agrees and acknowledges that: (a) the primary role of the Underwriters is to purchase securities for resale to investors, in an arm's-length commercial transaction between the Authority and the Underwriters and that the Underwriters have financial and other interests that differ from those of the Authority and the City; (b) with respect to the engagement of the Underwriters by the Authority, including in connection with the purchase, sale and offering of the

2019 Bonds, and the discussions, conferences, negotiations and undertakings in connection therewith, each of the Underwriters is and has been acting as a principal and not an agent or municipal or financial advisor of, or fiduciary to, the Authority or the City; (c) the City has consulted its own legal, financial and other advisors to the extent it has deemed appropriate; and (d) the Purchase Agreement and this Letter of Representations express the entire relationship among the Underwriters, the Authority and the City with respect to the sale and offering of the 2019 Bonds.

This Letter of Representations is made solely for the benefit of the addressees hereof and the signatories hereto (including the successors and assigns of any Underwriter) and no other persons shall acquire or have any right hereunder or by virtue hereof. The terms "successors" and "assigns" as used herein shall not include any purchaser, as such purchaser, of any of the 2019 Bonds from the Underwriters or otherwise.

All representations, warranties and agreements in this Letter of Representations shall remain operative and survive the execution hereof.

Very truly yours,

THE CITY OF PHILADELPHIA

## Fitch Rates Pennsylvania Intergovernmental Cooperation Auth's Special Tax Revs 'AAA'; Outlook Stable

Fitch Ratings-New York-18 October 2019: Fitch Ratings has assigned a 'AAA' rating to the following Pennsylvania Intergovernmental Cooperation Authority (PICA, or the authority) special tax revenue refunding bonds (City of Philadelphia Funding Program):

--\$43.57 million series of 2019;

--\$25.465 million series of 2020 (forward delivery).

Additionally, Fitch has affirmed the ratings on PICA's outstanding series 2009 and 2010 bonds. The series 2019 and 2020 bonds will refund the series 2009 and 2010 bonds.

The bonds will be sold via negotiated sale on or about Oct. 29, 2019.

The Rating Outlook is Stable.

### SECURITY

The special tax revenue bonds are limited obligations of the authority payable from pledged revenues, consisting of a 1.5% tax on wages and other compensation earned by city residents, as well as the net profits earned in business, professions, and other activities conducted by residents. Payment of the pledged revenues to PICA is not subject to city or state appropriation.

### ANALYTICAL CONCLUSION

The 'AAA' rating reflects solid growth prospects for PICA's pledged revenues, supported by Philadelphia's expanding economy. The security structure is extremely resilient to economic downturns with robust coverage and history of limited revenue volatility. While the authority has no plans or statutory authority to issue new money bonds, the ratings would likely remain stable even if PICA were authorized by the commonwealth legislature to issue new money bonds up to the full legal additional bonds test (ABT).

Fitch recently published an exposure draft of state and local government tax-supported criteria (Exposure Draft: U.S. Tax-Supported Rating Criteria, dated July 23, 2019) that proposes to limit the

distance between local government special revenue and true sale security ratings and the related government's IDR. If applied in the proposed form, the criteria change would have no impact on the PICA special tax revenue bond ratings discussed in this Rating Action Commentary.

#### KEY RATING DRIVERS

**SOLID PLEDGED REVENUE GROWTH PROSPECTS:** Fitch anticipates growth in the pledged wage, earnings, and net profits tax revenues will be solid and between the pace of national economic growth and inflation. Historical trends indicate a relatively resilient stream, with limited declines and recent acceleration in growth. Pledged revenue growth prospects are linked to the city of Philadelphia's overall economy.

**ROBUST RESILIENCE:** Coverage of PICA special tax revenue bonds from pledged revenues should remain strong through a moderate downturn given the ample current coverage, limited historical revenue volatility, and extremely strong resilience of the security structure.

**NO EXPOSURE TO OPERATING RISK:** Fitch considers the ratings distinct from the both the city of Philadelphia (IDR A-/Positive) and the commonwealth of Pennsylvania (IDR AA-/Stable). Pledged revenues remain the property of PICA until paid to the trustee and are not subject to commonwealth or city appropriation. Fitch does not consider PICA's own operating risks to be a material credit consideration given its limited function as a fiscal oversight entity without direct service responsibilities.

#### RATING SENSITIVITIES

**Sound Coverage Cushion:** The ratings on the Pennsylvania Intergovernmental Cooperation Authority special tax revenue bonds are sensitive to Fitch's expectations for the maintenance of a robust coverage cushion from the pledged revenues, consistent with the current rating level.

#### ECONOMIC RESOURCE BASE

Philadelphia serves as a regional economic center in the Northeast, with a stable employment base weighted toward the higher education and healthcare sectors. Jobs expansion since the Great Recession has been steady and strong, but comparatively low wealth levels and modest population increases persist, limiting growth prospects. The population is approximately 1.6 million.

#### DEDICATED TAX CREDIT PROFILE

#### RATING NOT LINKED TO COMMONWEALTH OR CITY

Fitch does not cap or link the rating on the bonds at the commonwealth or city's IDR. The city acts

as collector of the PICA tax in an agency capacity under an intergovernmental agreement with the state revenue department. Statutory provisions in the act make clear that at all times, the tax revenues remain the property of PICA. After payment of debt service and fulfillment of indenture requirements, residual revenues flow to the city. Payment of the pledged revenues to PICA is not subject to city or commonwealth appropriation.

PICA's operational risks are minimal as it functions largely as a fiscal oversight body without material operating demands. Accordingly, Fitch does not evaluate PICA's operational profile and does not limit the rating on the bonds to the authority's underlying credit quality.

PICA was created by state legislation in 1991 (Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, or the Act) to assist the city in its financial recovery. The authority has broad powers to review and approve city budgets and multi-year financial plans. If PICA certifies the city's noncompliance to the state, Pennsylvania withholds certain state aid due to the city. PICA was given statutory authority to issue wage tax-secured bonds to fund the operating deficits and capital expenditures of the city. PICA has exhausted its borrowing authorization. Any additional issuance, except for refunding purposes as in the proposed transaction, would require consent of the authority's board and legislative approval by the Commonwealth. PICA reports that it has no plans to seek additional authorization and Fitch considers it highly unlikely.

The 1.5% tax pledged to the bonds is exclusively the property of PICA, and the city and state have covenanted not to reduce the tax as long as PICA bonds are outstanding.

#### **STRONG COVERAGE**

Coverage of annual debt service by pledged revenues has strengthened due to steady revenue growth and a declining debt service schedule. Receipts grew by an annual average of approximately 4% between fiscals 2009-2019, including a robust 6% increase year-over-year (yoy) in fiscal 2019 to approximately \$529 million, providing 11x coverage of debt service.

Growth in pledged revenues is tied to the city's economic trajectory, which Fitch views as solid. Fitch's current IDR for the city is 'A-/Positive Outlook. For more information on the city's economy and growth prospects, see Fitch's press release " Fitch Rates Philadelphia Auth for Industrial Development's, PA's \$160MM Rev Bonds A-", dated Aug. 29, 2019 and available at [www.fitchratings.com](http://www.fitchratings.com).

#### **SOLID GROWTH PROSPECTS**

Growth prospects for the pledged wage, earnings and net profits tax revenues are solid and in line

with Fitch's expectations regarding the city's economic trajectory. Pledged revenues are derived from a broad citywide economic base, benefiting from Philadelphia's role as a regional center for healthcare and higher education. Jobs expansion since the recession has been steady, but low wealth levels and weak population growth persist and limit growth prospects somewhat.

Historical revenue growth has been generally consistent, through the last two national recessions. Pledged revenues declined only twice since fiscal 1999, never more than 2%, and never for consecutive years. Particularly robust pledged revenue growth in recent years likely reflects economic growth in the city. Fitch does not anticipate that pace to continue, but continued growth between the pace of national economic growth and inflation is likely leading to a 'aa' assessment for this rating factor.

#### ROBUST RESILIENCE

The security provided by the pledged revenues is extremely resilient to economic volatility. Fitch's analysis focuses on current maximum leverage rather than the 3x ABT. While the lien remains open under the indenture, it requires state legislative action to be utilized, which Fitch considers highly unlikely. PICA has no plans to pursue additional authorization, and the city relies on residual revenues for its operating needs. Residual PICA taxes comprise approximately 10% of the city's operating revenues.

To evaluate the sensitivity of the dedicated revenue stream to cyclical decline, Fitch considers both revenue sensitivity results (using a 1% decline in national GDP scenario) and the largest decline in revenues over the period covered by the revenue sensitivity analysis. Based on the authority's pledged revenue history, the Fitch Analytical Sensitivity Tool (FAST) generates a 1% scenario decline in pledged wage, earnings, and net profits tax revenues. The largest actual decline was a 1.5% decline in fiscal 2010.

PICA has fully utilized its statutory authorization and Fitch does not anticipate the authority will seek further authorization. Therefore the agency assesses the resiliency of the structure by examining it relative to current debt service which declines annually. Fiscal 2019 pledged revenues of approximately \$529 million can withstand a 91% decline while still maintaining sum sufficient MADS coverage. This is equivalent to 91x the scenario result, and 61x the worst actual decline in revenues, warranting an 'aaa' assessment for this rating factor.

Even if PICA were to receive additional legislative authorization and issued up to its 3x ABT, Fitch still considers the structure to be extremely robust. Relative to the ABT, fiscal 2019 pledged revenues could withstand a 67% decline, equivalent to a still very strong 67x the scenario result

and 45x the worst historical decline.

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party

verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed.

The information in this report is provided "as is" without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

For Australia, New Zealand, Taiwan and South Korea only: Fitch Australia Pty Ltd holds an Australian financial services license (AFS license no. 337123) which authorizes it to provide credit ratings to wholesale clients only. Credit ratings information published by Fitch is not intended to be used by persons who are retail clients within the meaning of the Corporations Act 2001. Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see <https://www.fitchratings.com/site/regulatory>), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.

## S&P Global Ratings Terms and Conditions Applicable To Public Finance Credit Ratings

**General.** The credit ratings and other views of S&P Global Ratings are statements of opinion and not statements of fact. Credit ratings and other views of S&P Global Ratings are not recommendations to purchase, hold, or sell any securities and do not comment on market price, marketability, investor preference or suitability of any security. While S&P Global Ratings bases its credit ratings and other views on information provided by issuers and their agents and advisors, and other information from sources it believes to be reliable, S&P Global Ratings does not perform an audit, and undertakes no duty of due diligence or independent verification, of any information it receives. Such information and S&P Global Ratings' opinions should not be relied upon in making any investment decision. S&P Global Ratings does not act as a "fiduciary" or an investment advisor. S&P Global Ratings neither recommends nor will recommend how an issuer can or should achieve a particular credit rating outcome nor provides or will provide consulting, advisory, financial or structuring advice. Unless otherwise indicated, the term "issuer" means both the issuer and the obligor if the obligor is not the issuer.

**All Credit Rating Actions in S&P Global Ratings' Sole Discretion.** S&P Global Ratings may assign, raise, lower, suspend, place on CreditWatch, or withdraw a credit rating, and assign or revise an Outlook, at any time, in S&P Global Ratings' sole discretion. S&P Global Ratings may take any of the foregoing actions notwithstanding any request for a confidential or private credit rating or a withdrawal of a credit rating, or termination of a credit rating engagement. S&P Global Ratings will not convert a public credit rating to a confidential or private credit rating, or a private credit rating to a confidential credit rating.

**Publication.** S&P Global Ratings reserves the right to use, publish, disseminate, or license others to use, publish or disseminate a credit rating and any related analytical reports, including the rationale for the credit rating, unless the issuer specifically requests in connection with the initial credit rating that the credit rating be assigned and maintained on a confidential or private basis. If, however, a confidential or private credit rating or the existence of a confidential or private credit rating subsequently becomes public through disclosure other than by an act of S&P Global Ratings or its affiliates, S&P Global Ratings reserves the right to treat the credit rating as a public credit rating, including, without limitation, publishing the credit rating and any related analytical reports. Any analytical reports published by S&P Global Ratings are not issued by or on behalf of the issuer or at the issuer's request. S&P Global Ratings reserves the right to use, publish, disseminate or license others to use, publish or disseminate analytical reports with respect to public credit ratings that have been withdrawn, regardless of the reason for such withdrawal. S&P Global Ratings may publish explanations of S&P Global Ratings' credit ratings criteria from time to time and S&P Global Ratings may modify or refine its credit ratings criteria at any time as S&P Global Ratings deems appropriate.

**Reliance on Information.** S&P Global Ratings relies on issuers and their agents and advisors for the accuracy and completeness of the information submitted in connection with credit ratings and the surveillance of credit ratings including, without limitation, information on material changes to information previously provided by issuers, their agents or advisors. Credit ratings, and the maintenance of credit ratings, may be affected by S&P Global Ratings' opinion of the information received from issuers, their agents or advisors.

**Confidential Information.** S&P Global Ratings has established policies and procedures to maintain the confidentiality of certain non-public information received from issuers, their agents or advisors. For these purposes, "Confidential Information" shall mean verbal or written information that the issuer or its agents or advisors have provided to S&P Global Ratings and, in a specific and particularized manner, have marked or otherwise indicated in writing (either prior to or promptly following such disclosure) that such information is "Confidential."

**S&P Global Ratings Not an Expert, Underwriter or Seller under Securities Laws.** S&P Global Ratings has not consented to and will not consent to being named an "expert" or any similar designation under any applicable securities laws or other regulatory guidance, rules or recommendations, including without limitation, Section 7 of the U.S. Securities Act of 1933. S&P Global Ratings has not performed and will not perform the role or tasks associated with an "underwriter" or "seller" under the United States federal securities laws or other regulatory guidance, rules or recommendations in connection with a credit rating engagement.

**Disclaimer of Liability.** S&P Global Ratings does not and cannot guarantee the accuracy, completeness, or timeliness of the information relied on in connection with a credit rating or the results obtained from the use of such information. S&P GLOBAL RATINGS GIVES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS

FOR A PARTICULAR PURPOSE OR USE. S&P Global Ratings, its affiliates or third party providers, or any of their officers, directors, shareholders, employees or agents shall not be liable to any person for any inaccuracies, errors, or omissions, in each case regardless of cause, actions, damages (consequential, special, indirect, incidental, punitive, compensatory, exemplary or otherwise), claims, liabilities, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in any way arising out of or relating to a credit rating or the related analytic services even if advised of the possibility of such damages or other amounts.

No Third Party Beneficiaries. Nothing in any credit rating engagement, or a credit rating when issued, is intended or should be construed as creating any rights on behalf of any third parties, including, without limitation, any recipient of a credit rating. No person is intended as a third party beneficiary of any credit rating engagement or of a credit rating when issued.

## S&P Global Ratings Terms and Conditions Applicable To Public Finance Credit Ratings

**General.** The credit ratings and other views of S&P Global Ratings are statements of opinion and not statements of fact. Credit ratings and other views of S&P Global Ratings are not recommendations to purchase, hold, or sell any securities and do not comment on market price, marketability, investor preference or suitability of any security. While S&P Global Ratings bases its credit ratings and other views on information provided by issuers and their agents and advisors, and other information from sources it believes to be reliable, S&P Global Ratings does not perform an audit, and undertakes no duty of due diligence or independent verification, of any information it receives. Such information and S&P Global Ratings' opinions should not be relied upon in making any investment decision. S&P Global Ratings does not act as a "fiduciary" or an investment advisor. S&P Global Ratings neither recommends nor will recommend how an issuer can or should achieve a particular credit rating outcome nor provides or will provide consulting, advisory, financial or structuring advice. Unless otherwise indicated, the term "issuer" means both the issuer and the obligor if the obligor is not the issuer.

**All Credit Rating Actions in S&P Global Ratings' Sole Discretion.** S&P Global Ratings may assign, raise, lower, suspend, place on CreditWatch, or withdraw a credit rating, and assign or revise an Outlook, at any time, in S&P Global Ratings' sole discretion. S&P Global Ratings may take any of the foregoing actions notwithstanding any request for a confidential or private credit rating or a withdrawal of a credit rating, or termination of a credit rating engagement. S&P Global Ratings will not convert a public credit rating to a confidential or private credit rating, or a private credit rating to a confidential credit rating.

**Publication.** S&P Global Ratings reserves the right to use, publish, disseminate, or license others to use, publish or disseminate a credit rating and any related analytical reports, including the rationale for the credit rating, unless the issuer specifically requests in connection with the initial credit rating that the credit rating be assigned and maintained on a confidential or private basis. If, however, a confidential or private credit rating or the existence of a confidential or private credit rating subsequently becomes public through disclosure other than by an act of S&P Global Ratings or its affiliates, S&P Global Ratings reserves the right to treat the credit rating as a public credit rating, including, without limitation, publishing the credit rating and any related analytical reports. Any analytical reports published by S&P Global Ratings are not issued by or on behalf of the issuer or at the issuer's request. S&P Global Ratings reserves the right to use, publish, disseminate or license others to use, publish or disseminate analytical reports with respect to public credit ratings that have been withdrawn, regardless of the reason for such withdrawal. S&P Global Ratings may publish explanations of S&P Global Ratings' credit ratings criteria from time to time and S&P Global Ratings may modify or refine its credit ratings criteria at any time as S&P Global Ratings deems appropriate.

**Reliance on Information.** S&P Global Ratings relies on issuers and their agents and advisors for the accuracy and completeness of the information submitted in connection with credit ratings and the surveillance of credit ratings including, without limitation, information on material changes to information previously provided by issuers, their agents or advisors. Credit ratings, and the maintenance of credit ratings, may be affected by S&P Global Ratings' opinion of the information received from issuers, their agents or advisors.

**Confidential Information.** S&P Global Ratings has established policies and procedures to maintain the confidentiality of certain non-public information received from issuers, their agents or advisors. For these purposes, "Confidential Information" shall mean verbal or written information that the issuer or its agents or advisors have provided to S&P Global Ratings and, in a specific and particularized manner, have marked or otherwise indicated in writing (either prior to or promptly following such disclosure) that such information is "Confidential."

**S&P Global Ratings Not an Expert, Underwriter or Seller under Securities Laws.** S&P Global Ratings has not consented to and will not consent to being named an "expert" or any similar designation under any applicable securities laws or other regulatory guidance, rules or recommendations, including without limitation, Section 7 of the U.S. Securities Act of 1933. S&P Global Ratings has not performed and will not perform the role or tasks associated with an "underwriter" or "seller" under the United States federal securities laws or other regulatory guidance, rules or recommendations in connection with a credit rating engagement.

**Disclaimer of Liability.** S&P Global Ratings does not and cannot guarantee the accuracy, completeness, or timeliness of the information relied on in connection with a credit rating or the results obtained from the use of such information. S&P GLOBAL RATINGS GIVES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS

FOR A PARTICULAR PURPOSE OR USE. S&P Global Ratings, its affiliates or third party providers, or any of their officers, directors, shareholders, employees or agents shall not be liable to any person for any inaccuracies, errors, or omissions, in each case regardless of cause, actions, damages (consequential, special, indirect, incidental, punitive, compensatory, exemplary or otherwise), claims, liabilities, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in any way arising out of or relating to a credit rating or the related analytic services even if advised of the possibility of such damages or other amounts.

No Third Party Beneficiaries. Nothing in any credit rating engagement, or a credit rating when issued, is intended or should be construed as creating any rights on behalf of any third parties, including, without limitation, any recipient of a credit rating. No person is intended as a third party beneficiary of any credit rating engagement or of a credit rating when issued.

## Summary:

# Pennsylvania Intergovernmental Cooperation Authority; Miscellaneous Tax

### Credit Profile

US\$43.57 mil spl tax rev rfdg bnds (City of Philadelphia Fdg Prog) ser 2019 due 06/15/2023		
<i>Long Term Rating</i>	AAA/Stable	New
US\$25.465 mil spl tax rev rfdg bnds (City of Philadelphia Fdg Prog) ser 2020 due 06/15/2022		
<i>Long Term Rating</i>	AAA/Stable	New
Pennsylvania Intergovernmental Coop Auth spl tax		
<i>Long Term Rating</i>	AAA/Stable	Affirmed

## Rationale

S&P Global Ratings assigned its 'AAA' rating to the Pennsylvania Intergovernmental Cooperation Authority's (PICA) series 2019 and 2020 (forward delivery) special tax revenue refunding bonds (City of Philadelphia Funding Program). At the same time, S&P Global Ratings affirmed its 'AAA' rating on PICA's existing debt. The outlook is stable.

### Security and use of proceeds

A first lien on a 1.5% wage tax levied for PICA on city residents and on the net profits earned in business, professions, and other activities conducted by Philadelphia residents is pledged by PICA to secure the bonds.

The 2019 and 2020 bonds, together with other available funds, will be used to currently refund the 2009 series and execute a forward delivery refunding for the 2010 series the amount of \$43.6 million and \$25.5 million, respectively. The estimated net present value savings is around \$6.7 million and PICA is able to release roughly \$37.5 million from the debt service reserve (DSR) to further decrease debt payments. All bonds mature by 2023. No additional bonds, other than refunding bonds, are permitted under the authorizing legislation.

The rating is based on the application of our "Priority-Lien Tax Revenue Debt" criteria (published Oct. 22, 2018, on RatingsDirect), which incorporates our view of PICA's ownership of the pledged revenue, which is never comingled with either state or city revenue, and the revenue's strength and stability. In addition, we view the unique structure and purpose of the organization of PICA as an autonomous oversight board created by the state of Pennsylvania for the city of Philadelphia as a key credit factor.

Pursuant to our priority-lien criteria, we link the rating to the state as the relevant operating entity because of its role in setting up PICA by statute, the board's composition of state appointees, and PICA's oversight responsibilities as detailed in state statute. These responsibilities include approving budgets and five-year financial plans. PICA's strong oversight and control functions, established at the state level by statute, limit both the likelihood of severe fiscal distress for the city, as well as potential risks to the pledged revenue in a distress scenario. PICA was created in June 1991 to provide a financing vehicle to assist in resolving Philadelphia's fiscal crisis and oversee its finances. State

legislation created the ability to raise the PICA revenue through the imposition of the PICA tax, which is owned by PICA. We believe the relationship between the revenue and the operating entity is remote. We believe the pledged revenue is neither legally nor practically available to finance operations and is unlikely to be affected by operating distress.

The intent of PICA when originally formed was that once the bonds were paid off, the PICA tax expires and PICA will dissolve. However, as the time approaches, the city has expressed interest in maintaining PICA as an oversight entity. The decision on whether to extend PICA as an oversight entity, and include revenue as well, would be a decision that would need to include state-level authorities.

In our view, PICA's bonds are eligible to be rated above the sovereign because we believe the city can maintain better credit characteristics than the U.S. in a stress scenario. Under our criteria "Ratings Above The Sovereign: Corporate And Government Ratings—Methodology And Assumptions" (published Nov. 19, 2013), U.S. local governments are considered to have moderate sensitivity to country risk.

The PICA revenue, derived from locally sourced revenues, is the source of security on the debt; this severely limits the possibility of negative sovereign intervention in the payment of the debt or in the operations of the city. The institutional framework in the U.S. is predictable, and there is no history of government intervention.

### **Credit overview**

Key credit considerations include:

- A strong underlying economic base with access to a broad and diverse economy that supports Philadelphia's economic activity, which has led to stable pledged revenues;
- Audited fiscal 2019 collections that provide more than 11x coverage of maximum annual debt service (MADS), which we expect will improve through maturity in 2023 as a result of a trend of increasing revenues, the recent refunding, annually declining debt service requirements, and statutory limitations on the issuance of additional bonds for refunding purposes only;
- Our view that wage and net profits in business taxes demonstrate historically very low volatility through various economic cycles, with no history of significant volatility at the local level; and
- The state's creation of PICA and its governance as identified in state statute, as well as the legal and mechanical structure outlined in the bond documents, supports our view that operating risks are less likely to affect pledged revenue.

### **Economic fundamentals: Strong**

While Philadelphia is not the linked operating entity under our priority-lien criteria, we consider the city's economic activity to be a key factor in evaluating the revenue pledge, which is generated by the economic activity of Philadelphia residents. We consider the city's economy strong after several years of increases in assessed value (AV) and market value growth, which have raised its market value per capita. In addition, most of its major revenues have risen over the past year. Based on audited 2018, year-end revenue came in higher than anticipated, with strong growth in the transfer tax (34% growth over the previous year). In addition, the business income and receipts tax increased 8.8% over the previous year. Other revenues, such as the wage and earnings tax, rose 6.4% over the previous year, and property tax revenue rose 10.8%, in part due to a reassessment. The city's most recent 2019 revenue estimates show

an increase over the 2018 year-end levels, up 4.1%, led in part by a 6% increase real property tax revenue and 12.8% in the business income receipt tax. Fiscal 2019 is projected to end in a deficit of \$90.6 million, though this deficit is smaller than previously projected and includes the city's federal and state funding contingency reserve being spent. Should these trends continue, we anticipate 2019 would likely end strong than projected.

These revenue trends support our view of the overall economic activity, which underlies the PICA pledged revenues as well. The PICA revenues, the wage tax levied on city residents and on the net profits earned in business, professions, and other activities conducted by Philadelphia residents, have almost doubled since 2000.

We consider Philadelphia's economy strong after several years of increases in AV and market value growth, which has raised its market value per capita. The city, with an estimated population of 1.6 million, is coterminous with Philadelphia County in southeastern Pennsylvania. It is the sixth-largest city in the U.S. in terms of population. It is in the Philadelphia-Camden-Wilmington metropolitan statistical area (MSA), which we consider broad and diverse. The city has a projected per capita effective buying income (EBI) of 82% of the national level and per capita market value of \$106,000. It underwent two revaluations with its tax base for 2017, 2018, and 2019, resulting in growth each year. Market value grew by 7.6% over the past year to \$165.0 billion in tax year 2019, although 2020 is showing slower growth of 2.2% as anticipated, in part due to the revaluation appeals. The county unemployment rate was 5.5% in 2018. Leading city employers include Albert Einstein Medical, Children's Hospital of Philadelphia, Southeastern Pennsylvania Transit Authority, and Comcast Corp. of Willow Grove Inc. Philadelphia's economy is comparatively diverse with strong health care and higher education sectors, historically a more moderate employment growth base, and a higher unemployment rate when compared with state and national levels. The city has realized good levels of employment growth over the past two years, mitigating some of the economic concerns about five years of slower-than-U.S. employment growth through 2015.

The city's population experienced growth, after declines through 2006. Philadelphia has seen a rebound, particularly in the 25-34 age bracket between 2011-2015. According to projections, this population growth is anticipated to moderate somewhat in the upcoming years. We view the city's economic activity as key to its ability to service its expenditure needs as outlined. It still has a comparatively low per capita EBI and we note that its population also holds pockets of deep poverty. These statistics feed into our view of both the service-level needs and the ability to tap into the population for additional revenues.

#### **Coverage and liquidity: Very strong**

Pledged revenue collections have increased consistently over the past 18 years, with minor declines in 2010 and 2012. Since 2000, the revenue has more than doubled, providing very strong coverage over the years, and in fiscal 2018, it increased by 6% with another increase in 2019, bringing coverage on existing debt service to 11x. Given the strong economic fundamentals and recent trends, we believe this forecast is likely attainable, although not necessary to retain very strong coverage levels.

In fiscal 2018, total pledged tax revenue increased to almost \$497 million, providing over 8x coverage of MADS, which is latest audited year. The refunded debt service will increase coverage through maturity in 2023 and the state statutes prohibiting new-money issuance after 1996, we believe coverage will remain very strong.

The DSR is required to be funded at MADS, although we believe that, given the high level of coverage, the need for the

reserve is minimal. In combination with our very low volatility assessment and based on our view of very strong coverage, coupled with a closed lien, there is no downward adjustment to the coverage score that would indicate potential liquidity pressures.

**Volatility: Very low**

We assess the volatility of revenue to determine the likelihood of the availability of revenue during different economic cycles. We have two levels of volatility assessment: macro and micro.

Our macro volatility assessment begins with an assessment of the historical volatility of the economic activity being taxed, and includes an analysis of societal, demographic, political, and other factors that could affect these activities. To inform our opinion on expectations of future volatility, we use the variance of national economic activity that we believe most closely represents the taxing base over multiple economic cycles. For the pledged revenue, we determined our macro view of volatility based on personal income tax data from the Bureau of Economic Analysis for the period 1993-2014.

On a micro level, with stable collections coupled with a broad base, we see no internal or external influences that we believe worsen the macro assessment of volatility as very low. While fluctuations could occur relative to economic cycles and potentially the financial services industry bonus season, we believe historical trends inform our view of future tax collections that we believe will remain stable.

**Linkage to the State of Pennsylvania as a related entity: Remote**

We link the rating to the state as the relevant operating entity because of PICA's oversight responsibilities as detailed in state statute, and the purpose of PICA and its limited operations. These responsibilities include approving budgets and five-year financial plans. PICA's strong oversight and control functions, established at the state level, limit both the likelihood of severe fiscal distress for the city as well as potential risks to the pledged revenue in a distress scenario.

We believe the relationship between the revenue and the operating entity is remote. We believe the pledged revenue is neither legally nor practically available to finance operations and is unlikely to be affected by operating distress. We believe this is supported by the intent of PICA, the unique ownership of the revenue stream, and the flow of funds that prevents the revenue from comingling with either city or state revenues. In addition to PICA owning the revenue stream, the revenue collection is placed into a specific PICA tax fund. It is never part of either the city's or state's treasury and is kept segregated.

PICA was created in June 1991 to provide a financing vehicle to assist in resolving Philadelphia's fiscal crisis. The authority provides oversight to the city's finances, which includes reviewing its budgets and long-term financial plans. The authority may ultimately withhold state funding if it does not approve of the budget or longer-term plans. To date, PICA has not had to use this mechanism, but it does show the strength of the oversight body to ensure its fiscal stewardship. This oversight is incorporated into the city's overall operating profile as well.

The authority exists for as long as the bonds remain outstanding, with a small phase-out period.

By legislation, the pledged tax revenue was created for PICA and is owned by PICA. The city collects the revenues as a designated agent of the state and places them into the PICA tax fund. The state treasurer is required to transfer all amounts in the fund to the revenue fund for bond payments. After debt service, the flow of funds is: to the DSR fund;

payment of interest rate exchange, cap, or floor agreements; and to PICA for minimal operating expenses. PICA provides excess funds to the city as a grant. The DSR is funded at MADS on the bonds. No additional bonds, other than refunding bonds, are permitted under the authorizing legislation.

### **Ratings linkage to Pennsylvania**

Though we believe a remote relationship exists, we factor in Pennsylvania's general operating (GO) profile. As part of the priority-lien criteria, we view overall creditworthiness as a key determinant in our analysis.

For more information on the commonwealth's creditworthiness, please refer to our GO analysis on Pennsylvania, published on May 23, 2019 on Ratings Direct.

S&P Global Ratings believes Pennsylvania's fiscal position has stabilized, at least for the near term, given budget estimates for fiscal 2019 and the executive budget proposal for fiscal 2020. Stronger economic growth and slower increases in required pension contributions have helped narrow the commonwealth's budget gaps. However, we believe Pennsylvania's longer-term budgetary flexibility remains challenged by its minimal reserve levels, as proposed in the fiscal 2020 budget. While modest structural imbalance persists, the use of one-time measures has decreased since 2018 and Pennsylvania's liquidity position has improved. Despite a history of prolonged budget impasses and acrimony, fiscal 2020 budget negotiations went more smoothly due to smaller projected budget gaps and the lack of new broad-based tax proposals.

Although we believe the commonwealth is better positioned for fiscal stability in the near term compared to recent years, we expect a high fixed-cost burden and minimal reserve position will dampen Pennsylvania's budgetary flexibility in the long term. Altogether, debt service, pension, other postemployment benefits, and Medicaid account for a significant 45% of fiscal 2018 general fund spending, and with the exception of debt service, their annual cost increases are likely to exceed revenue growth. In addition, the commonwealth has been unable to materially rebuild its reserves, which were depleted during the Great Recession. We expect states to build their reserve profile during expansionary economic times to prepare for potential uncertainty later on.

## **Outlook**

The stable outlook reflects our view of the strong MADS coverage based on audited fiscal 2018 pledged revenue collections, supported by our view of the very low volatility in the pledged revenue. Philadelphia's economic activity and overall strong economy lend stability to the view of the revenue pledge. In addition, under our criteria, there is a link between the attributes of the priority-lien pledge and the Commonwealth of Pennsylvania as a related entity. This reflects our expectation that Pennsylvania's budgetary pressures will not significantly worsen over the two-year outlook horizon given its recent measures close its budget gap, improved liquidity position, and full actuarially determined pension contribution funding.

### **Downside scenario**

If we lowered our rating on Pennsylvania, we would likely lower our rating on PICA as well. We could do so if Pennsylvania's structural imbalance or liquidity were to significantly worsen or it were to backtrack on pension funding progress.

*Summary: Pennsylvania Intergovernmental Cooperation Authority; Miscellaneous Tax*

Certain terms used in this report, particularly certain adjectives used to express our view on rating relevant factors, have specific meanings ascribed to them in our criteria, and should therefore be read in conjunction with such criteria. Please see Ratings Criteria at [www.standardandpoors.com](http://www.standardandpoors.com) for further information. Complete ratings information is available to subscribers of RatingsDirect at [www.capitaliq.com](http://www.capitaliq.com). All ratings affected by this rating action can be found on S&P Global Ratings' public website at [www.standardandpoors.com](http://www.standardandpoors.com). **Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program)**

**\$31,085,000  
Series of 2019**

**\$24,990,000  
Series of 2020 (Forward Delivery)**

**CERTIFICATE OF TRUSTEE**

This Certificate is delivered in connection with the execution and delivery of documents related to the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") to U.S. Bank National Association, as Trustee (the "Bank") of \$31,085,000 aggregate principal amount of the Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds") and the sale of \$24,990,000 aggregate principal amount of the Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), which are scheduled to be issued on March 17, 2020. The undersigned hereby certifies on behalf of the Bank as follows:

I, Ralph E. Jones, Vice President, of U. S. Bank National Association (the "Bank") hereby certifies:

1. The Bank has accepted its appointment by the Authority to serve as trustee, paying agent, authentication agent and registrar in respect of the Bonds and in connection therewith the Bank has duly authorized, executed and delivered the Eighth Supplement to the Amended and Restated Indenture dated as of December 1, 2019 (the "Indenture"), between the Bank and the Authority. The Indenture is the valid and binding agreement of the Bank. The Bank has full corporate power and authority to act in this regard.

2. The individuals named below have been duly authorized to execute and deliver the Indenture and all other papers relating to the Bonds on behalf of the Bank in its capacity as trustee, paying agent, authentication agent, and registrar. Such individuals hold the respective offices set opposite their respective names, and the signatures of such individuals set opposite their respective offices are their genuine signatures.

# U.S. BANK NATIONAL ASSOCIATION

## CHARTER NO. 24

### AMENDED AND RESTATED ARTICLES OF ASSOCIATION

These Amended and Restated Articles of Association supersede the Articles of Association of Firststar Bank, National Association, being renamed U.S. Bank National Association (the "Association"), heretofore in effect.

**FIRST:** The title of the Association shall be "U.S. Bank National Association."

**SECOND:** The main office of the Association shall be in the City of Cincinnati, County of Hamilton, State of Ohio. The general business of the Association shall be conducted at its main office and its branches.

**THIRD:** The Board of Directors of the Association shall consist of not less than five (5) nor more than twenty-five (25) shareholders, the exact number of Directors within such minimum and maximum limits to be fixed and determined from time to time by resolution of a majority of the full Board of Directors or by resolution of the shareholders at any annual or special meeting thereof. Unless otherwise provided by the laws of the United States, any vacancy in the Board of Directors for any reason, including an increase in the number thereof, may be filled by action of the Board of Directors.

**FOURTH:** The annual meeting of the shareholders for the election of Directors and the transaction of whatever other business may be brought before said meeting shall be held at the main office or such other place as the Board of Directors may designate, on the day of each year specified thereof by the Bylaws, but if no election is held on that day, it may be held on any subsequent day according to the provisions of law; and all elections shall be held according to the provisions of law; and all elections shall be held according to such lawful regulations as may be prescribed by the Board of Directors.

**FIFTH:** The aggregate number of shares of common stock that the Association has authority to issue is 3,640,000, all of which are of one class only, each such share having a par value of \$5.00 (the "Common Stock"). The Association shall also have authority to issue 2,411,935 shares of preferred stock, without par value (the "Preferred Stock").

No holder of shares of the capital stock of any class of the Association shall have any pre-emptive or preferential right of subscription to any shares of any class of stock of the Association, whether now or hereafter authorized, or to any obligations convertible into stock of the Association issued or sold, nor any right of subscription to any thereof other than such, if any, as the Board of Directors, in its discretion, may from time to time determine and at such price as the Board of Directors may from time to time fix.

The Association, at any time and from time to time, may authorize and issue debt obligations, whether or not subordinated, without the approval of the shareholders.

**Section 5.01. Series A Preferred Stock.** Pursuant to the provisions of this Article Fifth, a series of Series A Non-Cumulative Preferred Stock, consisting of one hundred sixty-seven thousand (167,000) shares, is hereby established and authorized to be issued, and in addition to such matters specified elsewhere in this Article Fifth, such Series A Non-Cumulative Preferred Stock shall have the following powers, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions:

(a) **Designation and Amount.** The shares of Preferred Stock shall be designated as the Series A Non-Cumulative Preferred Stock (the "Series A Preferred Stock"), and the number of shares constituting the Series A Preferred Stock shall be one hundred sixty-seven thousand (167,000). The liquidation preference of the Series A Preferred Stock shall be \$1,000 per share (the "Series A Liquidation Value").

(b) **Rank.** The Series A Preferred Stock shall, with respect to dividend rights and upon liquidation, dissolution and winding up of the Association, rank (i) senior to all classes and series of Common Stock of the Association and to all classes and series of capital stock of the Association now or hereafter authorized, issued or outstanding, which by their terms expressly provide that they are junior to the Series A Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association, or which do not specify their rank (collectively with the Common Stock, the "Series A Junior Securities"); (ii) on a parity with the Series B Preferred Stock and the Series C Preferred Stock and each other class of capital stock or series of preferred stock issued by the Association after the date hereof, the terms of which specifically provide that such class or series will rank on a parity with the Series A Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association (collectively with the Series B Preferred Stock and the Series C Preferred Stock, the "Series A Parity Securities"); and (iii) junior to each other class of capital stock or series of preferred stock issued by the Association after the date hereof, the terms of which specifically provide that such class or series will rank senior to the Series A Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association (collectively, the "Series A Senior Securities").

(c) **Dividends.** Dividends are payable on the Series A Preferred Stock as follows:

(i) The holders of shares of the Series A Preferred Stock in preference to the Series A Junior Securities shall be entitled to receive, out of funds legally available for that purpose, and when, as, and if declared by the Board of Directors of the Association, dividends payable in cash at the annual rate of eight percent (8%) of the Series A Liquidation Value (the "Series A Dividend Rate").

(ii) Dividends on the Series A Preferred Stock shall be non-cumulative. Dividends not paid on any Series A Dividend Payment Date shall not accumulate thereafter. Dividends shall accumulate from the first day of any Series A Dividend Period to but excluding the immediately succeeding Series A Dividend Payment Date. Dividends, if and when declared, shall be payable in arrears in cash on each Series A

Dividend Payment Date of each year with respect to the Series A Dividend Period ending on the day immediately prior to such Series A Dividend Payment Date at the Series A Dividend Rate to holders of record at the close of business on the applicable Record Date, commencing on December 31, 2000 with respect to any shares of Series A Preferred Stock issued prior to that Series A Dividend Payment Date; provided that dividends payable on the Series A Preferred Stock on the Series A Dividend Payment Date immediately following the first Series A Dividend Period following the Issue Date (and any dividend payable for a period less than a full semiannual period) shall be prorated for the period and computed on the basis of a 360-day year of twelve 30-day months and the actual number of days in such Series A Dividend Period; and provided, further, that dividends payable on the Series A Preferred Stock on the Series A Dividend Payment Date immediately following the first Series A Dividend Period following the Issue Date shall include any accumulated and unpaid dividends on the Realty Company Series B Exchangeable Stock exchanged for the Series A Preferred Stock as of the Exchange Date for the then current dividend period. Dividends on such Series A Preferred Stock shall be paid only in cash.

(iii) No dividends on shares of Series A Preferred Stock shall be declared by the Board of Directors or paid or set apart for payment by the Board of Directors or paid or set apart for payment by the Association if such declaration or payment shall be restricted or prohibited by law.

(iv) Holders of shares of Series A Preferred Stock shall not be entitled to any dividends in excess of full dividends declared, as herein provided, on the shares of Series A Preferred Stock. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment on the shares of Series A Preferred Stock that may be in arrears.

(v) (A) So long as any shares of Series A Preferred Stock are outstanding, no dividends (other than dividends or distributions paid in shares of, or options, warrants or rights to subscribe for or purchase shares of, Series A Junior Securities and other than as provided in clause (B) below) shall be declared, paid or set aside for payment or other distribution upon any Series A Junior Securities or any other Series A Parity Securities, nor shall any shares of any Series A Junior Securities or any other Series A Parity Securities be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or set aside or made available for a sinking fund for the redemption of any shares of any such stock) by the Association (except by conversion into or exchange for shares of, or options, warrants or rights to subscribe for or purchase, Series A Junior Securities) unless, in each case, the full dividends on all outstanding shares of the Series A Preferred Stock shall have been declared and paid, when due, for the Series A Dividend Period, if any, terminating on or immediately prior to the date of payment in respect of such dividend, distribution, redemption, purchase or acquisition.

(B) When dividends for any Series A Dividend Period are not paid in full, as provided in clause (A) above, on the shares of the Series A Preferred Stock or any other Series A Parity Securities, dividends may be declared and paid on any such shares for any dividend period therefor, but only if such dividends are declared and paid pro rata so that the amount of dividends declared and paid per share on the shares of the Series A

Preferred Stock and any other Series A Parity Securities, in all cases shall bear to each other the same ratio that the amount of unpaid dividends per share on the shares of the Series A Preferred Stock for such Series A Dividend Period and such other Series A Parity Securities for the corresponding dividend period bear to each other.

**(d) Liquidation Preference.**

(i) In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Association, the holders of shares of Series A Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Association available for distribution to its shareholders an amount in cash equal to the Series A Liquidation Value for each share outstanding, plus an amount in cash equal to all unpaid dividends thereon for the then current Series A Dividend Period, whether or not earned or declared, before any payment shall be made or any assets distributed to the holders of Series A Junior Securities. If the assets of the Association are not sufficient to pay in full the liquidation payments payable to the holders of outstanding shares of the Series A Preferred Stock and any Series A Parity Securities, then the holders of all such shares shall share ratably in such distribution of assets in accordance with the amount which would be payable on such distribution if the amounts to which the holders of outstanding shares of Series A Preferred Stock and the holders of outstanding shares of such Series A Parity Securities are entitled were paid in full.

(ii) For the purpose of this Section 5.01(d), neither the voluntary sale, conveyance, exchange or transfer (for cash, shares of stock, securities or other consideration) of all or substantially all of the property or assets of the Association, nor the consolidation or merger of the Association, shall be deemed to be a voluntary or involuntary liquidation, dissolution or winding up of the Association, unless such voluntary sale, conveyance, exchange or transfer shall be in connection with a plan of liquidation, dissolution or winding up of the Association.

**(e) Redemption.** The Series A Preferred Stock is not redeemable prior to December 31, 2021. On or after such date, the Series A Preferred Stock shall be redeemable, in whole or in part, at the option of the Association, but with the consent of the Comptroller of the Currency and any other appropriate regulatory authorities, if required, for cash out of any source of funds legally available, at a redemption price equal to 100% of the Series A Liquidation Value per share plus unpaid dividends thereon accumulated since the immediately preceding Series A Dividend Payment Date (the "Series A Redemption Price"). Any date of such redemption is referred to as the "Series A Redemption Date." If fewer than all the outstanding shares of Series A Preferred Stock are to be redeemed, the Association will select those to be redeemed by lot or pro rata or by any other method as may be determined by the Board of Directors to be equitable.

The Series A Preferred Stock is not subject to any sinking fund.

**(f) Procedure for Redemption.**

(i) Upon redemption of the Series A Preferred Stock pursuant to Section 5.01(e) hereof, notice of such redemption (a "Series A Notice of Redemption") shall be mailed by first-class mail, postage prepaid, not less than thirty (30) days nor more than

sixty (60) days prior to the Series A Redemption Date to the holders of record of the shares to be redeemed at their respective addresses as they shall appear in the records of the Association; provided, however, that failure to give such notice or any defect therein or in the mailing thereof shall not affect the validity of the proceeding for the redemption of any shares so to be redeemed except as to the holder to whom the Association has failed to give such notice or except as to the holder to whom notice was defective. Each such notice shall state: (A) the Series A Redemption Date; (B) the Series A Redemption Price; (C) the place or places where certificates for such shares are to be surrendered for payment of the Series A Redemption Price; and (D) the CUSIP number of the shares being redeemed.

(ii) If a Series A Notice of Redemption shall have been given as aforesaid and the Association shall have deposited on or before the Series A Redemption Date a sum sufficient to redeem the shares of Series A Preferred Stock as to which a Series A Notice of Redemption has been given in trust with the Transfer Agent with irrevocable instructions and authority to pay the Series A Redemption Price to the holders thereof, or if no such deposit is made, then upon the Series A Redemption Date (unless the Association shall default in making payment of the Series A Redemption Price), all rights of the holders thereof as shareholders of the Association by reason of the ownership of such shares (except their right to receive the Series A Redemption Price thereof without interest) shall cease and terminate, and such shares shall no longer be deemed outstanding for any purpose. The Association shall be entitled to receive, from time to time, from the Transfer Agent the interest, if any, earned on such moneys deposited with it, and the holders of any shares so redeemed shall have no claim to any such interest. In case the holder of any shares of Series A Preferred Stock so called for redemption shall not claim the Series A Redemption Price for its shares within twelve (12) months after the related Series A Redemption Date, the Transfer Agent shall, upon demand, pay over to the Association such amount remaining on deposit, and the Transfer Agent shall thereupon be relieved of all responsibility to the holder of such shares, and such holder shall look only to the Association for payment thereof.

(iii) Not later than 1:30 p.m., Eastern Standard Time, on the Business Day immediately preceding the Series A Redemption Date, the Association shall irrevocably deposit with the Transfer Agent sufficient funds for the payment of the Series A Redemption Price for the shares to be redeemed on the Series A Redemption Date and shall give the Transfer Agent irrevocable instructions to apply such funds, and, if applicable and so specified in the instructions, the income and proceeds therefrom, to the payment of such Series A Redemption Price. The Association may direct the Transfer Agent to invest any such available funds, provided that the proceeds of any such investment will be available to the Transfer Agent in Milwaukee, Wisconsin at the opening of business on such Series A Redemption Date.

(iv) Except as otherwise expressly set forth in this Section 5.01(f), nothing contained in these Amended and Restated Articles of Association shall limit any legal right of the Association to purchase or otherwise acquire any shares of Series A Preferred Stock at any price, whether higher or lower than the Series A Redemption Price, in private negotiated transactions, the over-the-counter market or otherwise.

(v) If the Association shall not have funds legally available for the redemption of all of the shares of Series A Preferred Stock on any Series A Redemption Date, the Association shall redeem on the Series A Redemption Date only the number of shares of Series A Preferred Stock as it shall have legally available funds to redeem, as determined in an equitable manner, and the remainder of the shares of Series A Preferred Stock shall be redeemed, at the option of the Association, on the earliest practicable date next following the day on which the Association shall first have funds legally available for the redemption of such shares.

(g) **Reacquired Shares.** Shares of the Series A Preferred Stock that have been redeemed, purchased or otherwise acquired by the Association are not subject to reissuance or resale as shares of Series A Preferred Stock and shall be held in treasury. Such shares shall revert to the status of authorized but unissued shares of preferred stock, undesignated as to series, until the Board of Directors of the Association shall designate them again for issuance as part of a series.

(h) **Voting Rights.** Except as otherwise required by applicable law, the holders of Series A Preferred Stock shall not have any voting rights.

**Section 5.02. Series B Preferred Stock.** Pursuant to the provisions of this Article Fifth, a series of Series B Non-Cumulative Preferred Stock, consisting of one million four hundred ninety-four thousand nine hundred thirty-five (1,494,935) shares, is hereby established and authorized to be issued, and in addition to such matters specified elsewhere in this Article Fifth, such Series B Non-Cumulative Preferred Stock shall have the following powers, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions:

(a) **Designation and Amount.** The shares of Preferred Stock shall be designated as the Series B Non-Cumulative Preferred Stock (the "Series B Preferred Stock"), and the number of shares constituting the Series B Preferred Stock shall be one million four hundred ninety-four thousand nine hundred thirty-five (1,494,935). The liquidation preference of the Series B Preferred Stock shall be \$1,000 per share (the "Series B Liquidation Value").

(b) **Rank.** The Series B Preferred Stock shall, with respect to dividend rights and upon liquidation, dissolution and winding up of the Association, rank (i) senior to all classes and series of Common Stock of the Association and to all classes and series of capital stock of the Association now or hereafter authorized, issued or outstanding, which by their terms expressly provide that they are junior to the Series B Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association, or which do not specify their rank (collectively with the Common Stock, the "Series B Junior Securities"); (ii) on a parity with the Series A Preferred Stock and the Series C Preferred Stock and each other class of capital stock or series of preferred stock issued by the Association after the date hereof, the terms of which specifically provide that such class or series will rank on a parity with the Series B Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association (collectively with the Series A Preferred Stock and the Series C Preferred Stock, the "Series B Parity Securities"); and (iii) junior to each other class of capital stock or series of preferred stock issued by the Association after the date hereof, the terms of which specifically provide that such class or series will rank senior to the Series B Preferred

Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association (collectively, the "Series B Senior Securities").

(c) **Dividends.** Dividends are payable on the Series B Preferred Stock as follows:

(i) The holders of the Series B Preferred Stock in preference to the Series B Junior Securities shall be entitled to receive, out of funds legally available for that purpose, and when, as, and if declared by the Board of Directors of the Association, dividends payable in cash at the applicable annual rate set forth in this Section 5.02(c)(i) below of the Series B Liquidation Value (the "Series B Dividend Rate"):

(1) With respect to dividends payable on each Series B Dividend Payment Date occurring from the Issue Date through December 31, 2005, the Series B Dividend Rate shall be eight and seven-eighths percent (8.875%); and

(2) Thereafter, dividends shall accrue at a variable rate per annum equal to the 5-year CMT Rate plus two percent (2%). On December 31, 2005, and on December 31 every five (5) years thereafter, the previous dividend rate shall be replaced by the then-current 5-year CMT Rate plus two percent (2%). The 5-year CMT Rate for each 5-year period shall be determined by the Calculation Agent on the second Business Day immediately preceding the first day of such period (each a "CMT Determination Date").

(ii) Dividends on the Series B Preferred Stock shall be non-cumulative. Dividends not paid on any Series B Dividend Payment Date shall not accumulate thereafter. Dividends shall accumulate from the first day of any Series A Dividend Period to but excluding the immediately succeeding Series A Dividend Payment Date. Dividends, if and when declared, shall be payable in arrears in cash on each Series B Dividend Payment Date of each year with respect to the Series B Dividend Period ending on the day immediately prior to such Series B Dividend Payment Date at the Series B Dividend Rate per share to holders of record at the close of business on the applicable Record Date, commencing on the Exchange Date with respect to any shares of Series B Preferred Stock issued prior to that Series B Dividend Payment Date; provided that dividends payable on the Series B Preferred Stock on the Series B Dividend Payment Date immediately following the first Series B Dividend Period following the Issue Date (and any dividend payable for a period less than a full quarterly period) shall be prorated for the period and computed on the basis of a 360-day year of twelve 30-day months and the actual number of days in such Series B Dividend Period; and provided, further, that dividends payable on the Series B Preferred Stock on the Series B Dividend Payment Date immediately following the first Series B Dividend Period following the Issue Date shall include any accumulated and unpaid dividends on the Realty Company Series C Exchangeable Stock exchanged for the Series B Preferred Stock as of the Exchange Date for the then current dividend period. Dividends on such Series B Preferred Stock shall be paid only in cash.

(iii) No dividends on shares of Series B Preferred Stock shall be declared by the Board of Directors or paid or set apart for payment by the Board of Directors or paid or set apart for payment by the Association if such declaration or payment shall be restricted or prohibited by law.

(iv) Holders of shares of Series B Preferred Stock shall not be entitled to any dividends in excess of full dividends declared, as herein provided, on the shares of Series B Preferred Stock. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment on the shares of Series B Preferred Stock that may be in arrears.

(v) (A) So long as any shares of Series B Preferred Stock are outstanding, no dividends (other than dividends or distributions paid in shares of, or options, warrants or rights to subscribe for or purchase shares of, Series B Junior Securities and other than as provided in clause (B) below) shall be declared, paid or set aside for payment or other distribution upon any Series B Junior Securities or any other Series B Parity Securities, nor shall any shares of any Series B Junior Securities or any other Series B Parity Securities be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or set aside or made available for a sinking fund for the redemption of any shares of any such stock) by the Association (except by conversion into or exchange for shares of, or options, warrants or rights to subscribe for or purchase, Series B Junior Securities) unless, in each case, the full dividends on all outstanding shares of the Series B Preferred Stock shall have been declared and paid, when due, for the Series B Dividend Period, if any, terminating on or immediately prior to the date of payment in respect of such dividend, distribution, redemption, purchase or acquisition.

(B) When dividends for any Series B Dividend Period are not paid in full, as provided in clause (A) above, on the shares of the Series B Preferred Stock or any other Series B Parity Securities, dividends may be declared and paid on any such shares for any dividend period therefor, but only if such dividends are declared and paid pro rata so that the amount of dividends declared and paid per share on the shares of the Series B Preferred Stock and any other Series B Parity Securities, in all cases shall bear to each other the same ratio that the amount of unpaid dividends per share on the shares of the Series B Preferred Stock for such Series B Dividend Period and such other Series B Parity Securities for the corresponding dividend period bear to each other.

(d) Liquidation Preference.

(i) In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Association, the holders of shares of Series B Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Association available for distribution to its shareholders an amount in cash equal to the Series B Liquidation Value for each share outstanding, plus an amount in cash equal to all unpaid dividends thereon for the then current Series B Dividend Period, whether or not earned or declared, before any payment shall be made or any assets distributed to the holders of Series B Junior Securities. If the assets of the Association are not sufficient to pay in full the liquidation payments payable to the holders of outstanding shares of the Series B

Preferred Stock and any Series B Parity Securities, then the holders of all such shares shall share ratably in such distribution of assets in accordance with the amount which would be payable on such distribution if the amounts to which the holders of outstanding shares of Series B Preferred Stock and the holders of outstanding shares of such Series B Parity Securities are entitled were paid in full.

(ii) For the purpose of this Section 5.02(d), neither the voluntary sale, conveyance, exchange or transfer (for cash, shares of stock, securities or other consideration) of all or substantially all of the property or assets of the Association, nor the consolidation or merger of the Association, shall be deemed to be a voluntary or involuntary liquidation, dissolution or winding up of the Association, unless such voluntary sale, conveyance, exchange or transfer shall be in connection with a plan of liquidation, dissolution or winding up of the Association.

(e) **Redemption.** The Series B Preferred Stock is not redeemable prior to December 31, 2005. On such date and on each fifth anniversary of such date, the Series B Preferred Stock shall be redeemable, in whole or in part, at the option of the Association, but with the consent of the Comptroller of the Currency and any other appropriate regulatory authorities, if required, for cash out of any source of funds legally available, at a redemption price equal to 100% of the Series B Liquidation Value per share plus unpaid dividends thereon accumulated since the immediately preceding Series B Dividend Payment Date (the "Series B Redemption Price"). Any date of such redemption is referred to as the "Series B Redemption Date." If fewer than all the outstanding shares of Series B Preferred Stock are to be redeemed, the Association will select those to be redeemed by lot or pro rata or by any other method as may be determined by the Board of Directors to be equitable.

The Series B Preferred Stock is not subject to any sinking fund.

(f) **Procedure for Redemption.**

(i) Upon redemption of the Series B Preferred Stock pursuant to Section 5.02(e) hereof, notice of such redemption (a "Series B Notice of Redemption") shall be mailed by first-class mail, postage prepaid, not less than thirty (30) days nor more than sixty (60) days prior to the Series B Redemption Date to the holders of record of the shares to be redeemed at their respective addresses as they shall appear in the records of the Association; provided, however, that failure to give such notice or any defect therein or in the mailing thereof shall not affect the validity of the proceeding for the redemption of any shares so to be redeemed except as to the holder to whom the Association has failed to give such notice or except as to the holder to whom notice was defective. Each such notice shall state: (A) the Series B Redemption Date; (B) the Series B Redemption Price; (C) the place or places where certificates for such shares are to be surrendered for payment of the Series B Redemption Price; and (D) the CUSIP number of the shares being redeemed.

(ii) If a Series B Notice of Redemption shall have been given as aforesaid and the Association shall have deposited on or before the Series B Redemption Date a sum sufficient to redeem the shares of Series B Preferred Stock as to which a Series B Notice of Redemption has been given in trust with the Transfer Agent with irrevocable

instructions and authority to pay the Series B Redemption Price to the holders thereof, or if no such deposit is made, then upon the Series B Redemption Date (unless the Association shall default in making payment of the Series B Redemption Price), all rights of the holders thereof as shareholders of the Association by reason of the ownership of such shares (except their right to receive the Series B Redemption Price thereof without interest) shall cease and terminate, and such shares shall no longer be deemed outstanding for any purpose. The Association shall be entitled to receive, from time to time, from the Transfer Agent the interest, if any, earned on such moneys deposited with it, and the holders of any shares so redeemed shall have no claim to any such interest. In case the holder of any shares of Series B Preferred Stock so called for redemption shall not claim the Series B Redemption Price for its shares within twelve (12) months after the related Series B Redemption Date, the Transfer Agent shall, upon demand, pay over to the Association such amount remaining on deposit, and the Transfer Agent shall thereupon be relieved of all responsibility to the holder of such shares, and such holder shall look only to the Association for payment thereof.

(iii) Not later than 1:30 p.m., Eastern Standard Time, on the Business Day immediately preceding the Series B Redemption Date, the Association shall irrevocably deposit with the Transfer Agent sufficient funds for the payment of the Series B Redemption Price for the shares to be redeemed on the Series B Redemption Date and shall give the Transfer Agent irrevocable instructions to apply such funds, and, if applicable and so specified in the instructions, the income and proceeds therefrom, to the payment of such Series B Redemption Price. The Association may direct the Transfer Agent to invest any such available funds, provided that the proceeds of any such investment will be available to the Transfer Agent in Milwaukee, Wisconsin at the opening of business on such Series B Redemption Date.

(iv) Except as otherwise expressly set forth in this Section 5.02(f), nothing contained in these Amended and Restated Articles of Association shall limit any legal right of the Association to purchase or otherwise acquire any shares of Series B Preferred Stock at any price, whether higher or lower than the Series B Redemption Price, in private negotiated transactions, the over-the-counter market or otherwise.

(v) If the Association shall not have funds legally available for the redemption of all of the shares of Series B Preferred Stock on any Series B Redemption Date, the Association shall redeem on the Series B Redemption Date only the number of shares of Series B Preferred Stock as it shall have legally available funds to redeem, as determined in an equitable manner, and the remainder of the shares of Series B Preferred Stock shall be redeemed, at the option of the Association, on the earliest practicable date next following the day on which the Association shall first have funds legally available for the redemption of such shares.

(g) **Reacquired Shares.** Shares of the Series B Preferred Stock that have been redeemed, purchased or otherwise acquired by the Association are not subject to reissuance or resale as shares of Series B Preferred Stock and shall be held in treasury. Such shares shall revert to the status of authorized but unissued shares of preferred stock, undesignated as to series, until the Board of Directors of the Association shall designate them again for issuance as part of a series.

(h) **Voting Rights.** Except as otherwise required by applicable law, the holders of Series B Preferred Stock shall not have any voting rights.

**Section 5.03. Series C Preferred Stock.** Pursuant to the provisions of this Article Fifth, a series of Series C Non-Cumulative Preferred Stock, consisting of seven hundred fifty thousand (750,000) shares, is hereby established and authorized to be issued, and in addition to such matters specified elsewhere in this Article Fifth, such Series C Non-Cumulative Preferred Stock shall have the following powers, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions:

(a) **Designation and Amount.** The shares of Preferred Stock shall be designated as the Series C Non-Cumulative Preferred Stock (the "Series C Preferred Stock"), and the number of shares constituting the Series C Preferred Stock shall be seven hundred fifty thousand (750,000). The liquidation preference of the Series C Preferred Stock shall be \$1,000 per share (the "Series C Liquidation Value").

(b) **Rank.** The Series C Preferred Stock shall, with respect to dividend rights and upon liquidation, dissolution and winding up of the Association, rank (i) senior to all classes and series of Common Stock of the Association and to all classes and series of capital stock of the Association now or hereafter authorized, issued or outstanding, which by their terms expressly provide that they are junior to the Series C Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association, or which do not specify their rank (collectively with the Common Stock, the "Series C Junior Securities"); (ii) on a parity with the Series A Preferred Stock and the Series B Preferred Stock and each other class of capital stock or series of preferred stock issued by the Association after the date hereof, the terms of which specifically provide that such class or series will rank on a parity with the Series C Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association (collectively with the Series A Preferred Stock and the Series B Preferred Stock, the "Series C Parity Securities"); and (iii) junior to each other class of capital stock or series of preferred stock issued by the Association after the date hereof, the terms of which specifically provide that such class or series will rank senior to the Series C Preferred Stock as to dividend distributions and distributions upon the liquidation, dissolution or winding up of the Association (collectively, the "Series C Senior Securities").

(c) **Dividends.** Dividends are payable on the Series C Preferred Stock as follows:

(i) The holders of the Series C Preferred Stock in preference to the Series C Junior Securities shall be entitled to receive, out of funds legally available for that purpose, and when, as, and if declared by the Board of Directors of the Association, dividends payable in cash at the annual rate of 7.75% of the Series C Liquidation Value (the "Series C Dividend Rate").

(ii) Dividends on the Series C Preferred Stock shall be non-cumulative. Dividends not paid on any Series C Dividend Payment Date shall not accumulate thereafter. Dividends shall accumulate from the first day of any Series C Dividend Period to but excluding the immediately succeeding Series C Dividend Payment Date. Dividends, if and when declared, shall be payable in arrears in cash on each Series C Dividend Payment Date of each year with respect to the Series C Dividend Period ending on the day immediately prior to such Series C Dividend Payment Date at the Series C Dividend Rate per share to holders of record at the close of business on the applicable Record Date, commencing on the Exchange Date with respect to any shares of Series C Preferred Stock issued prior to that Series C Dividend Payment Date; provided that dividends payable on the Series C Preferred Stock on the Series C Dividend Payment Date immediately following the first Series C Dividend Period following the Issue Date (and any dividend payable for a period less than a full quarterly period) shall be prorated for the period and computed on the basis of a 360-day year of twelve 30-day months and the actual number of days in such Series C Dividend Period; and provided, further, that dividends payable on the Series C Preferred Stock on the Series C Dividend Payment Date immediately following the first Series C Dividend Period following the Issue Date shall include any accumulated and unpaid dividends on the Funding Company Exchangeable Securities exchanged for the Series C Preferred Stock as of the Exchange Date for the then current dividend period. Dividends on such Series C Preferred Stock shall be paid only in cash.

(iii) No dividends on shares of Series C Preferred Stock shall be declared by the Board of Directors or paid or set apart for payment by the Board of Directors or paid or set apart for payment by the Association if such declaration or payment shall be restricted or prohibited by law.

(iv) Holders of shares of Series C Preferred Stock shall not be entitled to any dividends in excess of full dividends declared, as herein provided, on the shares of Series C Preferred Stock. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment on the shares of Series C Preferred Stock that may be in arrears.

(v) (A) So long as any shares of Series C Preferred Stock are outstanding, no dividends (other than dividends or distributions paid in shares of, or options, warrants or rights to subscribe for or purchase shares of, Series C Junior Securities and other than as provided in clause (B) below) shall be declared, paid or set aside for payment or other distribution upon any Series C Junior Securities or any other Series C Parity Securities, nor shall any shares of any Series C Junior Securities or any other Series C Parity Securities be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or set aside or made available for a sinking fund for the redemption of any shares of any such stock) by the Association (except by conversion into or exchange for shares of, or options, warrants or rights to subscribe for or purchase, Series C Junior Securities) unless, in each case, the full dividends on all outstanding shares of the Series C Preferred Stock shall have been declared and paid, when due, for the Series C Dividend Period, if any, terminating on or immediately prior to the date of payment in respect of such dividend, distribution, redemption, purchase or acquisition.

(B) When dividends for any Series C Dividend Period are not paid in full, as provided in clause (A) above, on the shares of the Series C Preferred Stock or any other Series C Parity Securities, dividends may be declared and paid on any such shares for any dividend period therefor, but only if such dividends are declared and paid pro rata so that the amount of dividends declared and paid per share on the shares of the Series C Preferred Stock and any other Series C Parity Securities, in all cases shall bear to each other the same ratio that the amount of unpaid dividends per share on the shares of the Series C Preferred Stock for such Series C Dividend Period and such other Series C Parity Securities for the corresponding dividend period bear to each other.

**(d) Liquidation Preference.**

(i) In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Association, the holders of shares of Series C Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Association available for distribution to its shareholders an amount in cash equal to the Series C Liquidation Value for each share outstanding, plus an amount in cash equal to all unpaid dividends thereon for the then current Series C Dividend Period, whether or not earned or declared, before any payment shall be made or any assets distributed to the holders of Series C Junior Securities. If the assets of the Association are not sufficient to pay in full the liquidation payments payable to the holders of outstanding shares of the Series C Preferred Stock and any Series C Parity Securities, then the holders of all such shares shall share ratably in such distribution of assets in accordance with the amount which would be payable on such distribution if the amounts to which the holders of outstanding shares of Series C Preferred Stock and the holders of outstanding shares of such Series C Parity Securities are entitled were paid in full.

(ii) For the purpose of this Section 5.03(d), neither the voluntary sale, conveyance, exchange or transfer (for cash, shares of stock, securities or other consideration) of all or substantially all of the property or assets of the Association, nor the consolidation or merger of the Association, shall be deemed to be a voluntary or involuntary liquidation, dissolution or winding up of the Association, unless such voluntary sale, conveyance, exchange or transfer shall be in connection with a plan of liquidation, dissolution or winding up of the Association.

(e) **Redemption.** The Series C Preferred Stock shall be redeemable at any time, in whole or in part, at the option of the Association, but with the consent of the Comptroller of the Currency and any other appropriate regulatory authorities, if required, for cash out of any source of funds legally available, at a redemption price equal to 100% of the Series C Liquidation Value per share plus unpaid dividends thereon accumulated since the immediately preceding Series C Dividend Payment Date (the "Series C Redemption Price"). Any date of such redemption is referred to as the "Series C Redemption Date." If fewer than all the outstanding shares of Series C Preferred Stock are to be redeemed, the Association will select those to be redeemed by lot or pro rata or by any other method as may be determined by the Board of Directors to be equitable.

The Series C Preferred Stock is not subject to any sinking fund.

**(f) Procedure for Redemption.**

(i) Upon redemption of the Series C Preferred Stock pursuant to Section 5.03(e) hereof, notice of such redemption (a "Series C Notice of Redemption") shall be mailed by first-class mail, postage prepaid, not less than thirty (30) days nor more than sixty (60) days prior to the Series C Redemption Date to the holders of record of the shares to be redeemed at their respective addresses as they shall appear in the records of the Association; provided, however, that failure to give such notice or any defect therein or in the mailing thereof shall not affect the validity of the proceeding for the redemption of any shares so to be redeemed except as to the holder to whom the Association has failed to give such notice or except as to the holder to whom notice was defective. Each such notice shall state: (A) the Series C Redemption Date; (B) the Series C Redemption Price; (C) the place or places where certificates for such shares are to be surrendered for payment of the Series C Redemption Price; and (D) the CUSIP number of the shares being redeemed.

(ii) If a Series C Notice of Redemption shall have been given as aforesaid and the Association shall have deposited on or before the Series C Redemption Date a sum sufficient to redeem the shares of Series C Preferred Stock as to which a Series C Notice of Redemption has been given in trust with the Transfer Agent with irrevocable instructions and authority to pay the Series C Redemption Price to the holders thereof, or if no such deposit is made, then upon the Series C Redemption Date (unless the Association shall default in making payment of the Series C Redemption Price), all rights of the holders thereof as shareholders of the Association by reason of the ownership of such shares (except their right to receive the Series C Redemption Price thereof without interest) shall cease and terminate, and such shares shall no longer be deemed outstanding for any purpose. The Association shall be entitled to receive, from time to time, from the Transfer Agent the interest, if any, earned on such moneys deposited with it, and the holders of any shares so redeemed shall have no claim to any such interest. In case the holder of any shares of Series C Preferred Stock so called for redemption shall not claim the Series C Redemption Price for its shares within twelve (12) months after the related Series C Redemption Date, the Transfer Agent shall, upon demand, pay over to the Association such amount remaining on deposit, and the Transfer Agent shall thereupon be relieved of all responsibility to the holder of such shares, and such holder shall look only to the Association for payment thereof.

(iii) Not later than 1:30 p.m., Eastern Standard Time, on the Business Day immediately preceding the Series C Redemption Date, the Association shall irrevocably deposit with the Transfer Agent sufficient funds for the payment of the Series C Redemption Price for the shares to be redeemed on the Series C Redemption Date and shall give the Transfer Agent irrevocable instructions to apply such funds, and, if applicable and so specified in the instructions, the income and proceeds therefrom, to the payment of such Series C Redemption Price. The Association may direct the Transfer Agent to invest any such available funds, provided that the proceeds of any such investment will be available to the Transfer Agent in Milwaukee, Wisconsin at the opening of business on such Series C Redemption Date.

(iv) Except as otherwise expressly set forth in this Section 5.03(f), nothing contained in these Amended and Restated Articles of Association shall limit any legal right of the Association to purchase or otherwise acquire any shares of Series C Preferred Stock at any price, whether higher or lower than the Series C Redemption Price, in private negotiated transactions, the over-the-counter market or otherwise.

(v) If the Association shall not have funds legally available for the redemption of all of the shares of Series C Preferred Stock on any Series C Redemption Date, the Association shall redeem on the Series C Redemption Date only the number of shares of Series C Preferred Stock as it shall have legally available funds to redeem, as determined in an equitable manner, and the remainder of the shares of Series C Preferred Stock shall be redeemed, at the option of the Association, on the earliest practicable date next following the day on which the Association shall first have funds legally available for the redemption of such shares.

(g) **Reacquired Shares.** Shares of the Series C Preferred Stock that have been redeemed, purchased or otherwise acquired by the Association are not subject to reissuance or resale as shares of Series C Preferred Stock and shall be held in treasury. Such shares shall revert to the status of authorized but unissued shares of preferred stock, undesignated as to series, until the Board of Directors of the Association shall designate them again for issuance as part of a series.

(h) **Voting Rights.** Except as otherwise required by applicable law, the holders of Series C Preferred Stock shall not have any voting rights.

**Section 5.04. Definitions.** For the purpose of Sections 5.01, 5.02 and 5.03 hereof, the following terms shall have the meanings indicated:

*"5-year CMT Rate"* for any CMT Determination Date will be the rate equal to:

- (i) the weekly average interest rate of U.S. Treasury securities having an index maturity of five years for the week that ends immediately before the week in which the relevant CMT Determination Date falls, as such rate appears on page "7052" on Telerate (or such other page as may replace the 7052 page on that service or any successor services) under the heading "... Treasury Constant Maturities ... Federal Reserve Board Release H.15 ... Mondays Approximately 3:45 p.m."
- (ii) If the applicable rate described in clause (i) above is not displayed on Telerate page 7052 at 3:00 p.m., New York City time, on the relevant CMT Determination Date, then the 5-year CMT Rate will be the Treasury constant maturity rate applicable to a five-year index maturity for the weekly average as published in H.15(519) (as defined below).
- (iii) If the applicable rate described in clause (ii) above does not appear in H.15(519) at 3:00 p.m., New York City time, on the relevant CMT Determination Date, then the 5-year CMT Rate will be the Treasury constant maturity rate, or other U.S. Treasury rate, applicable to a five-

year index maturity with reference to the relevant CMT Determination Date, that:

- (a) is published by the Board of Governors of the Federal Reserve System, or the U.S. Department of the Treasury; and
  - (b) is determined by the Association to be comparable to the applicable rate formerly displayed on Telerate page 7052 and published in H.15(519).
- (iv) If the rate described in clause (iii) above does not appear at 3:00 p.m., New York City time, on the relevant CMT Determination Date, then the 5-year CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for Treasury notes having an original maturity of approximately five years and a remaining term to maturity of not less than four years, and in a representative amount, as of approximately 3:30 p.m., New York City time, on the relevant CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City selected by the Association. In selecting these offered rates, the Association will request quotations from five primary dealers and will disregard the highest quotation – or, if there is equality, one of the highest – and the lowest quotation – or, if there is equality, one of the lowest.
- (v) If the Association is unable to obtain three quotations of the kind described in clause (iv) above, the CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for Treasury notes with an original maturity longer than five years and a remaining term to maturity closest to five years, and in a representative amount, as of approximately 3:30 p.m., New York City time, on the relevant CMT Determination Date, as quoted by the three primary U.S. governmental securities dealers in New York City selected by the Association. In selecting these offered rates, the Association will request quotations from five primary dealers and will disregard the highest quotation – or, if there is equality, one of the highest – and the lowest quotation, or, if there is equality, one of the lowest.
- (vi) If fewer than five but more than two primary dealers are quoting offered rates as described above in clause (v), then the 5-year CMT Rate for the relevant CMT Determination Date will be based on the arithmetic mean of the offered rates so obtained, and neither the highest nor the lowest of those quotations will be disregarded.
- (vii) If two or fewer primary dealers are quoting offered rates as described above in clause (v), the 5-year CMT Rate in effect for the new dividend period will be the 5-year CMT Rate in effect for the prior dividend period.

As used in this definition, "H.15(519)" means the weekly statistical release entitled "Statistical Release H.15(519)," or any successor publication, published by the Board of Governors of the Federal Reserve System.

Absent manifest error, the Association's determination of the 5-year CMT Rate will be final and binding.

"*Association*" means U.S. Bank National Association (formerly named Firststar Bank, National Association), a national banking association.

"*Business Day*" means a day on which the New York Stock Exchange is open for trading and which is not a day on which banking institutions in The City of New York and Milwaukee, Wisconsin are authorized or required by law or executive order to close.

"*Calculation Agent*" means any Person authorized by the Association to determine the Series B Dividend Rate, which initially shall be the Association.

"*CMT Determination Date*" has the meaning set forth in Section 5.02(c)(i)(2) hereof.

"*Dividend Payment Date*" means, as the context requires, a Series A Dividend Payment Date, a Series B Dividend Payment Date or a Series C Dividend Payment Date.

"*Exchange Date*" means, as the context requires, any date on which the Realty Company Series B Exchangeable Stock is exchanged for the Series A Preferred Stock, any date on which the Realty Company Series C Exchangeable Stock is exchanged for the Series B Preferred Stock, or any date on which the Funding Company Exchangeable Securities are exchanged for the Series C Preferred Stock.

"*Firststar Realty*" means Firststar Realty L.L.C., an Illinois limited liability company.

"*Funding Company Exchangeable Securities*" means the Non-Cumulative Exchangeable Preferred Securities of USB Funding LLC, a Delaware limited liability company.

"*Issue Date*" means, as the context requires, the first date on which shares of Series A Preferred Stock, Series B Preferred Stock or Series C Preferred Stock are issued.

"*Person*" means any individual, firm, bank or other entity and shall include any successor (by merger or otherwise) of such entity.

"*Realty Company Series B Exchangeable Stock*" means the Series B Non-Cumulative Exchangeable Preferred Stock of Firststar Realty.

"*Realty Company Series C Exchangeable Stock*" means the Series C Non-Cumulative Exchangeable Preferred Stock of Firststar Realty.

"*Record Date*" means the 15th day of the month in which the applicable Dividend Payment Date falls for dividends declared by the Board of Directors.

*"Series A Dividend Payment Date"* means each June 30 and December 31 of each year.

*"Series A Dividend Period"* is the period from a Series A Dividend Payment Date to, but excluding, the next succeeding Series A Dividend Payment Date, except that the initial Series A Dividend Period shall commence on the date of the original issuance of shares of Series A Preferred Stock.

*"Series A Dividend Rate"* has the meaning set forth in Section 5.01(c)(i) hereof.

*"Series A Junior Securities"* has the meaning set forth in Section 5.01(b) hereof.

*"Series A Liquidation Value"* has the meaning set forth in Section 5.01(a) hereof.

*"Series A Notice of Redemption"* has the meaning set forth in Section 5.01(f)(i) hereof.

*"Series A Parity Securities"* has the meaning set forth in Section 5.01(b) hereof.

*"Series A Preferred Stock"* has the meaning set forth in Section 5.01(a) hereof.

*"Series A Redemption Date"* has the meaning set forth in Section 5.01(e) hereof.

*"Series A Redemption Price"* has the meaning set forth in Section 5.01(e) hereof.

*"Series A Senior Securities"* has the meaning set forth in Section 5.01(b) hereof.

*"Series B Dividend Payment Date"* means each June 30 and December 31 of each year.

*"Series B Dividend Period"* is the period from a Series B Dividend Payment Date to, but excluding, the next succeeding Series B Dividend Payment Date, except that the initial Series B Dividend Period shall commence on the original issuance of shares of Series B Preferred Stock.

*"Series B Dividend Rate"* has the meaning set forth in Section 5.02(c)(i) hereof.

*"Series B Junior Securities"* has the meaning set forth in Section 5.02(b) hereof.

*"Series B Liquidation Value"* has the meaning set forth in Section 5.02(a) hereof.

*"Series B Notice of Redemption"* has the meaning set forth in Section 5.02(f)(i) hereof.

*"Series B Parity Securities"* has the meaning set forth in Section 5.02(b) hereof.

*"Series B Preferred Stock"* has the meaning set forth in Section 5.02(a) hereof.

*"Series B Redemption Date"* has the meaning set forth in Section 5.02(e) hereof.

*"Series B Redemption Price"* has the meaning set forth in Section 5.02(e) hereof.

*"Series B Senior Securities"* has the meaning set forth in Section 5.02(b) hereof.

*"Series C Dividend Payment Date"* means each January 15 and July 15 of each year.

*"Series C Dividend Period"* is the period from a Series C Dividend Payment Date to, but excluding, the next succeeding Series C Dividend Payment Date, except that the initial Series C Dividend Period shall commence on the original issuance of shares of Series C Preferred Stock.

*"Series C Dividend Rate"* has the meaning set forth in Section 5.03(c)(i) hereof.

*"Series C Junior Securities"* has the meaning set forth in Section 5.03(b) hereof.

*"Series C Liquidation Value"* has the meaning set forth in Section 5.03(a) hereof.

*"Series C Notice of Redemption"* has the meaning set forth in Section 5.03(f)(i) hereof.

*"Series C Parity Securities"* has the meaning set forth in Section 5.03(b) hereof.

*"Series C Preferred Stock"* has the meaning set forth in Section 5.03(a) hereof.

*"Series C Redemption Date"* has the meaning set forth in Section 5.03(e) hereof.

*"Series C Redemption Price"* has the meaning set forth in Section 5.03(e) hereof.

*"Series C Senior Securities"* has the meaning set forth in Section 5.03(b) hereof.

*"Transfer Agent"* means a bank or trust company as may be appointed from time to time by the Board of Directors of the Association, or a committee thereof, to act as transfer agent, paying agent and registrar of the Series A Preferred Stock, the Series B Preferred Stock and the Series C Preferred Stock.

**SIXTH:** The Board of Directors shall appoint one of its members President of the Association, who shall be Chairman of the Board, unless the Board appoints another Director to be the Chairman of the Board. The Board of Directors shall have the power to appoint one or more Vice Presidents; and to appoint a Cashier and such other officers and employees as may be required to transact the Business of the Association. The Board of Directors shall have the power to define the duties of the officers and employees of the Association; to fix the salaries to be paid to them; to dismiss them; to require bonds from them and to fix the penalty thereof; to regulate the manner in which any increase of the capital of the Association shall be made; to manage and administer the business affairs of the Association; to make all Bylaws that it may be lawful for them to make and generally to do and perform all acts that it may be legal for a Board of Directors to do and perform.

**SEVENTH:** The Board of Directors, without need for approval of shareholders, shall have the power to change the location of the main office of the Association, subject to such limitations as from time to time may be provided by law; and shall have the power to establish or

change the location of any branch or branches of the Association to any other location, without the approval of the shareholders, but subject to the approval of the Comptroller of the Currency.

**EIGHTH:** The corporate existence of the Association shall continue until terminated in accordance with the laws of the United States.

**NINTH:** The Board of Directors of the Association, the Chairman of the Board, the President, or any three or more holders of Common Stock owning, in the aggregate, not less than twenty-five percent of the Common Stock of this Association, may call a special meeting of shareholders at any time. Unless otherwise provided by the laws of the United States, a notice of the time, place, and purpose of every annual and special meeting of the shareholders shall be given by first-class mail, postage prepaid, mailed at least ten (10) days prior to the date of such meeting to each shareholder of record entitled to vote at such meeting at his address as shown upon the books of the Association.

**TENTH:** Any person, his heirs, executors, or administrators, may be indemnified or reimbursed by the Association for reasonable expenses actually incurred in connection with any action, suit, or proceeding, civil or criminal, to which he or they shall be made a party by reason of his being or having been a Director, officer, or employee of the Association or of any firm, corporation, or organization which he served in any such capacity at the request of the Association. Provided, however, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding as to which he shall finally be adjudged to have been guilty of or liable for gross negligence, willful misconduct or criminal acts in the performance of his duties to the Association. And, provided further, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding which has been made the subject of a compromise settlement except with the approval of a court of competent jurisdiction, or the holders of record of a majority of the outstanding shares of the Association, or the Board of Directors, acting by vote of Directors not parties to the same or substantially the same action, suit or proceeding, constituting a majority of the whole number of Directors. And, provided further, that no Director, officer or employee shall be so indemnified or reimbursed for expenses, penalties or other payments incurred in an administrative proceeding or action instituted by an appropriate bank regulatory agency where said proceeding or action results in a final order assessing civil money penalties or requiring affirmative action by an individual or individuals in the form of payments to the Association. The foregoing right of indemnification shall not be exclusive of other rights to which such person, his heirs, executors, or administrators, may be entitled as a matter of law. The Association may, upon the affirmative vote of a majority of its Board of Directors, purchase insurance for the purpose of indemnifying its Directors, officers and other employees to the extent that such indemnification is allowed in the preceding paragraph. Such insurance may, but need not, be for the benefit of all Directors, officers, or employees.

**ELEVENTH:** Except as otherwise specifically provided in Article Fifth hereof, these Amended and Restated Articles of Association may be amended at any regular or special meeting of the shareholders by the affirmative vote of the holders of a majority of the outstanding shares of Common Stock of the Association, unless the vote of the holders of a greater amount of stock is required by law and in that case by the vote of the holders of such greater amount.

**AMENDED AND RESTATED  
BYLAWS  
OF  
U.S. BANK NATIONAL ASSOCIATION**

**ARTICLE I.  
MEETINGS OF SHAREHOLDERS**

**Section 1. Annual Meeting**

The annual meeting of shareholders shall be held at the main banking house of the Association or other convenient place duly authorized by the Board of Directors (the "Board") at 11:00 a.m. on the second Tuesday in March of each year, or such other date or time which the Board may designate at any Board meeting held prior to the required date for sending notice of the annual meeting to the shareholders. Notice of such meeting shall be mailed to shareholders not less than ten (10) or more than sixty (60) days prior to the meeting date.

**Section 2. Special Meetings**

Special meetings of shareholders may be called and held at such times and upon such notice as is specified in the Articles of Association.

**Section 3. Quorum**

A majority of the outstanding capital stock represented in person or by proxy shall constitute a quorum of any meeting of the shareholders, unless otherwise provided by law, but less than a quorum may adjourn any meeting, from time to time, and the meeting may be held as adjourned without further notice.

**Section 4. Inspectors**

The Board of Directors may, and in the event of its failure so to do, the Chairman of the Board may appoint Inspectors of Election who shall determine the presence of quorum, the validity of proxies, and the results of all elections and all other matters voted upon by shareholders at all annual and special meetings of shareholders.

**Section 5. Voting**

In deciding on questions at meetings of shareholders, except in the election of directors, each shareholder shall be entitled to one vote for each share of stock held. A majority of votes cast shall decide each matter submitted to the shareholders, except where by law a larger vote is required. In all elections of directors, each shareholder shall have the right to vote the number of shares owned by him for as many persons as there are directors to be elected, or to cumulate such shares and give one candidate as many votes as the number of directors multiplied by the

number of his shares equal, or to distribute them on the same principle among as many candidates as he shall think fit.

#### Section 6. Waiver and Consent

The shareholders may act without notice or a meeting by a unanimous written consent by all shareholders.

### **ARTICLE II. BOARD OF DIRECTORS**

#### Section 1. Term of Office

The directors of this Association shall hold office for one year and until their successors are duly elected and qualified.

#### Section 2. Number

As provided in the Articles of Association, the Board of this Association shall consist of not less than five nor more than twenty-five members. At any meeting of the shareholders held for the purpose of electing directors, or changing the number thereof, the number of directors may be determined by a majority of the votes cast by the shareholders in person or by proxy.

Any vacancy occurring in the Board shall be filled by the remaining directors. Between meetings of the shareholders held for the purpose of electing directors, the Board by a majority vote of the full Board may increase the size of the Board by not more than four directors in any one but not to more than a total of twenty-five directors, and fill any vacancy so created in the Board. All directors shall hold office until their successors are elected and qualified.

#### Section 3. Regular Meetings

The organizational meeting of the Board of Directors shall be held as soon as practicable following the annual meeting of shareholders at such time and place as the Chairman or President may designate. Other regular meetings of the Board of Directors shall be held quarterly at such time and place as may be designated in the notice of the meeting. When any regular meeting of the Board falls on a holiday, the meeting shall be held on the next banking business day, unless the Board shall designate some other day.

#### Section 4. Special Meetings

Special meetings of the Board of Directors may be called by the Chairman of the Board of the Association, or at the request of three or more Directors. Notice of the time, place and purposes of such meetings shall be given by letter, by telephone, in person, by facsimile, by electronic mail or other reasonable manner to every Director.

#### Section 5. Quorum

A majority of the entire membership of the Board shall constitute a quorum of any

meeting of the Board.

Section 6. Necessary Vote

A majority of those Directors present and voting at any meeting of the Board of Directors shall decide each matter considered, except where otherwise required by law or the Articles or Bylaws of this Association.

Section 7. Compensation

Directors, excluding full-time employees of the Bank, shall receive such reasonable compensation as may be fixed from time to time by the Board of Directors.

**ARTICLE III.  
OFFICERS**

Section 1. Who Shall Constitute

The Officers of the Association shall be a Chairman of the Board, Chief Executive Officer, a President, a Secretary, and other officers such as Vice Chairman of the Board, Executive Vice Presidents, Senior Vice Presidents, Vice Presidents, Assistant Vice Presidents, Assistant Secretaries, Trust Officers, Assistant Trust Officers, Controller, and Assistant Controller, as the Board may appoint from time to time. The Board may choose to delegate authority to elect officers other than the Chairman, Chief Executive Officer, President, Secretary, Vice Chairman and Executive Vice Presidents, to the Chief Executive Officer or President. Any person may hold two offices. The Chief Executive Officer and the President shall at all times be members of the Board of Directors.

Section 2. Term of Office

All officers shall be elected for and shall hold office until their respective successors are elected and qualified or until their earlier death, resignation, retirement, disqualification or removal from office, subject to the right of the Board of Directors in its sole discretion to discharge any officer at any time.

Section 3. Chairman of the Board

The Chairman of the Board shall have general executive powers and duties and shall perform such other duties as may be assigned from time to time by the Board of Directors. He shall, when present, preside at all meetings of the shareholders and directors and shall be ex officio a member of all committees of the Board.

Section 4. Chief Executive Officer

The Chief Executive Officer, who may also be the Chairman or the President, shall have general executive powers and duties and shall perform such other duties as may be assigned from time to time by the Board of Directors.

## Section 5. President

The President shall have general executive powers and duties and shall perform such other duties as may be assigned from time to time by the board of Directors. In addition, if designated by the Board of Directors, the President shall be the Chief Executive Officer and shall have all the powers and duties of the Chief Executive Officer, including the same power to name temporarily a Chief Executive Officer to serve in the absence of the President if there is a vacancy in the position of the chairman or in the event of the absence or incapacity of the Chairman.

## Section 6. Vice Chairmen of the Board

The Board of Directors shall have the power to elect one or more Vice Chairmen of the Board of Directors. Any such Vice Chairman of the Board shall participate in the formation of the policies of the Association and shall have such other duties as may be assigned to him from time to time by the Chairman of the Board or by the Board of Directors.

## Section 7. Other Officers

The Secretary and all other officers appointed by the Board of Directors shall have such duties as defined by law and as may from time to time be assigned to them by the Chief Executive Officer or the Board of Directors.

# ARTICLE IV. COMMITTEES

## Section 1. Compensation Committee

The duties of the Compensation Committee of the Association shall be carried out by the Compensation Committee of the financial holding company that is the parent of this Association.

## Section 2. Committee on Audit

The duties of the Audit Committee of the Association shall be carried out by the Audit Committee of the financial holding company that is the parent of this Association.

## Section 3. Trust Management Committee

The Board of Directors of this Association shall appoint a Trust Management Committee to provide oversight of the fiduciary activities of the Association. The Trust Management Committee shall determine policies governing fiduciary activities. The Trust Management Committee or such sub-committees, officers or others as may be duly designated by the Trust Management Committee shall oversee the processes related to fiduciary activities to assure conformity with fiduciary policies it establishes, including ratifying the acceptance and the closing out or relinquishment of all trusts. All actions of the Trust Committee shall be reported to the Board of Directors.

#### Section 4. Other Committees

The Board of Directors may appoint, from time to time, other committees for such purposes and with such powers as the Board may direct.

#### **ARTICLE V. MINUTE BOOK**

The organization papers of this Association, the Bylaws as revised or amended from time to time and the proceedings of all regular and special meetings of the shareholders and the directors shall be recorded in a minute book or books. All reports of committees required to be made to the Board shall be recorded in a minute book or shall be filed by the recording officer. The minutes of each meeting of the shareholders and the Board shall be signed by the recording officer.

#### **ARTICLE VI. CONVEYANCES, CONTRACTS, ETC.**

All transfers and conveyances of real estate, mortgages, and transfers, endorsements or assignments of stock, bonds, notes, debentures or other negotiable instruments, securities or personal property shall be signed by any elected or appointed officer.

All checks, drafts, certificates of deposit and all funds of the Association held in its own or in a fiduciary capacity may be paid out by an order, draft or check bearing the manual or facsimile signature of any elected or appointed officer of the Association.

All mortgage satisfactions, releases, all types of loan agreements, all routine transactional documents of the Association, and all other instruments not specifically provided for, whether to be executed in a fiduciary capacity or otherwise, may be signed on behalf of the Association by any elected or appointed officer thereof.

The Secretary or any Assistant Secretary of the Association or other proper officer may execute and certify that required action or authority has been given or has taken place by resolution of the Board under this Bylaw without the necessity of further action by the Board.

#### **ARTICLE VII. SEAL**

The Association shall have no corporate seal.

#### **ARTICLE VIII. INDEMNIFICATION OF DIRECTORS, OFFICERS, AND EMPLOYEES**

#### Section 1. General.

The Association shall indemnify to the full extent permitted by and in the manner permissible under the Delaware General Corporation Law, as amended from time to time (but,

in the case of any such amendment, only to the extent that such amendment permits the Association to provide broader indemnification rights than said law permitted the Association to provide prior to such amendment), any person made, or threatened to be made, a party to any action, suit, or proceeding, whether criminal, civil, administrative, or investigative, by reason of the fact that such person (i) is or was a director, advisory director, or officer of the Association or any predecessor of the Association, or (ii) is or was a director, advisory director or officer of the Association or any predecessor of the Association and served any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, advisory director, officer, partner, trustee, employee or agent at the request of the Association or any predecessor of the Association; provided, however, that the Association shall indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person, except for a proceeding contemplated by Section 4 of this Article VIII, only if such proceeding (or part thereof) was authorized by the Board of Directors.

### Section 2. Advancement of Expenses.

The right to indemnification conferred in this Article VIII shall be a contract right and shall include the right to be paid by the Association the expenses incurred in defending any such proceeding or threatened proceeding in advance of its final disposition, such advances to be paid by the Association within 20 days after the receipt by the Association of a statement or statements from the claimant requesting such advance or advances from time to time; provided, however, that if the General Corporation Law of the State of Delaware requires, the payment of such expenses incurred by a director, advisory director or officer in his or her capacity as a director, advisory director or officer (and not in any other capacity in which service was or is rendered by such person while a director, advisory director or officer, including, without limitation, service to an employee benefit plan) in advance of the final disposition of a proceeding, shall be made only upon delivery to the Association of an undertaking by or on behalf of such director, advisory director or officer, to repay all amounts so advanced if it shall ultimately be determined that such director, advisory director or officer is not entitled to be indemnified under this Article VIII or otherwise.

### Section 3. Procedure for Indemnification.

To obtain indemnification under this Article VIII, a claimant shall submit to the Association a written request, including therein or therewith such documentation and information as is reasonably available to the claimant and is reasonably necessary to determine whether and to what extent the claimant is entitled to indemnification. Upon written request by a claimant for indemnification pursuant to the first sentence of this Section 3, a determination, if required by applicable law, with respect to the claimant's entitlement thereto shall be made as follows: (1) if requested by the claimant, by Independent Counsel (as hereinafter defined), or (2) if no request is

made by the claimant for a determination by Independent Counsel, (i) by a majority vote of the Disinterested Directors (as hereinafter defined), even though less than a quorum, or by a majority vote of a committee of Disinterested Directors designated by a majority vote of Disinterested Directors, even though less than a quorum, or (ii) if there are no Disinterested

Directors or if the Disinterested Directors so direct, by Independent Counsel in a written opinion to the Board of Directors, a copy of which shall be delivered to the claimant. In the event the determination of entitlement to indemnification is to be made by Independent Counsel at the request of the claimant, the Independent Counsel shall be selected by the Board of Directors. If it is so determined that the claimant is entitled to indemnification, payment to the claimant shall be made within 10 days after such determination.

#### Section 4. Certain Remedies.

If a claim under Section 1 of this Article VIII is not paid in full by the Association within thirty days after a written claim pursuant to Section 3 of this Article VIII has been received by the Association, or if a claim under Section 2 of this Article VIII is not paid in full by the Association within twenty days after a written claim pursuant to Section 2 of this Article VIII has been received by the Association, the claimant may at any time thereafter bring suit against the Association to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been tendered to the Association) that the claimant has not met the standard of conduct which makes it permissible under the General Corporation Law of the State of Delaware for the Association to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Association. Neither the failure of the Association (including its Board of Directors or Independent Counsel) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the General Corporation Law of the State of Delaware, nor an actual determination by the Association (including its Board of Directors or Independent Counsel) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

#### Section 5. Binding Effect.

If a determination shall have been made pursuant to Section 3 of this Article VIII that the claimant is entitled to indemnification, the Association shall be bound by such determination in any judicial proceeding commenced pursuant to Section 4 of this Article VIII.

#### Section 6. Validity of this Article VIII.

The Association shall be precluded from asserting in any judicial proceeding commenced pursuant to Section 4 of this Article VIII that the procedures and presumptions of this Article VIII are not valid, binding and enforceable and shall stipulate in such proceeding that the Association is bound by all the provisions of this Article VIII.

#### Section 7. Nonexclusivity, etc.

The right to indemnification and the payment of expenses incurred in defending a proceeding or threatened proceeding in advance of its final disposition conferred in this Article VIII shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Articles of Association, Bylaws, agreement, vote of shareholders or Disinterested Directors or otherwise. No repeal or modification of this Article VIII, or adoption of any provision inconsistent herewith shall in any way diminish or adversely affect the rights of any present or former director, advisory director, officer, employee or agent of the Association or any predecessor thereof hereunder in respect of any occurrence or matter arising, or of any claim involving allegations of acts or omissions occurring or arising, prior to any such repeal or modification.

#### Section 8. Insurance.

The Association may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Association or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Association would have the power to indemnify such person against such expense, liability or loss under the General Corporation Law of the State of Delaware. To the extent that the Association maintains any policy or policies providing such insurance, each such director or officer, and each such agent or employee to whom rights to indemnification have been granted as provided in Section 9 of this Article VIII, shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage thereunder for any such director, officer, employee or agent.

#### Section 9. Indemnification of Other Persons.

The Association may grant rights to indemnification, and rights to be paid by the Association the expenses incurred in defending any proceeding in advance of its final disposition, to any present or former employee or agent of the Association or any predecessor of the Association to the fullest extent of the provisions of this Article VIII with respect to the indemnification and advancement of expenses of directors, advisory directors and officers of the Association.

#### Section 10. Severability.

If any provision or provisions of this Article VIII shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (1) the validity, legality and enforceability of the remaining provisions of this Article VIII (including, without limitation, each portion of any paragraph of this Article VIII containing any such provision held to be invalid, illegal or unenforceable, that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby; and (2) to the fullest extent possible, the provisions of this Article VIII (including, without limitation, each such portion of any paragraph of this Article VIII containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested by the provision held invalid, illegal or unenforceable.

## Section 11. Certain Definitions.

For purposes of this Article VI:

(1) "Disinterested Director" means a director of the Association who is not and was not a party to the matter in respect of which indemnification is sought by the claimant.

(2) "Independent Counsel" means a law firm, a member of a law firm, or an independent practitioner that is experienced in matters of corporation law and shall include any such person who, under the applicable standards of professional conduct then prevailing, would not have a conflict of interest in representing either the Association or the claimant in an action to determine the claimant's rights under this Article VIII.

## Section 12. Notices.

Any notice, request or other communication required or permitted to be given to the Association under this Article VIII shall be in writing and either delivered in person or sent by telecopy, telex, telegram, overnight mail or courier service, or certified or registered mail, postage prepaid, return receipt requested, to the Secretary of the Association and shall be effective only upon receipt by the Secretary.

## Section 13. Payments

Notwithstanding any other provision of this Article VIII, however, (a) any indemnification payments to an institution-affiliated party, as defined at 12 USC 1813(u), for an administrative proceeding or civil action initiated by a federal banking agency, shall be reasonable and consistent with the requirements of 12 USC 1828(k) and the associated regulations; and (b) any indemnification payments and advancement of costs and expenses to an institution-affiliated party, as defined at 12 USC 1813(u), in cases involving an administrative proceeding or civil action not initiated by a federal banking agency, shall be consistent with safe and sound banking practices.

## **ARTICLE IX. AMENDMENTS**

These Bylaws, or any of them, may be added to, altered, amended or repealed by the Board at any regular or special meeting of the Board.

## **ARTICLE X. GOVERNING LAW**

This Association designates the Delaware General Corporation Law, as amended from time to time, as the governing law for its corporate governance procedures, to the extent not inconsistent with Federal banking statutes and regulations.

Ladies and Gentlemen:

As counsel to Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), we have rendered an opinion, dated this date, to RBC Capital Markets, LLC, as Representative of the Underwriters, in connection with the issuance and sale of the above-captioned Bonds (the "Bonds"). A copy of said opinion is attached hereto. You are hereby authorized to rely on numbered paragraphs 1, 2, 3, 5 and 8 of our said opinion (subject to all of the assumptions, qualifications, exceptions, limitations and conditions set forth therein) as though it were expressly addressed to you.

This letter is furnished solely for your benefit in connection with the issuance and sale of the Bonds on this date and may not be delivered to or relied upon by any other person or entity without our express prior written consent.

Very truly yours,

**Re: *Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2019***

Ladies and Gentlemen:

We have acted as counsel to the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth") created pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), in connection with the issuance and sale by the Authority on this date of \$31,085,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds").

Pursuant to the power and authority vested in it by virtue of the Act, and to carry out the public purposes of the Act, the Authority is issuing the 2019 Bonds under an Amended and Restated Indenture of Trust, dated as of December 1, 1994 (the "1994 Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust, dated as of May 15, 1996 (the "First Supplemental Indenture"), by the Second Supplement to the Amended and Restated Indenture of Trust, dated as of April 1, 1999 (the "Second Supplemental Indenture"), by the Third Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2003 (the "Third Supplemental Indenture"), by the Fourth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2006 (the "Fourth Supplemental Indenture"), by the Fifth Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2008 (the "Fifth Supplemental Indenture"), by the Sixth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2009 (the "Sixth Supplemental Indenture"), by the Seventh Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2010 (the "Seventh Supplemental Indenture") and by the Eighth Supplement to the Amended and Restated Indenture of Trust, dated as of December 1, 2019 (the "Eighth Supplemental Indenture" and, together with the 1994 Indenture, the First Supplemental Indenture, the Second Supplemental Indenture, the Third Supplemental Indenture, the Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Seventh Supplemental Indenture, the "Indenture"), for the purpose of refunding certain outstanding bonds of the Authority, as more particularly described in the Indenture. The 2019 Bonds are secured under the Indenture by the

Authority's pledge to the Trustee of, and the Authority's grant to the Trustee of a security interest in, the proceeds of a 1.5% tax (the "Authority Income Tax") on salaries, wages, commissions and other compensation earned by residents of the City of Philadelphia, Pennsylvania (the "City") and on net profits earned in business, professions and other activities conducted by residents of the City, which has been enacted by the City exclusively for the purposes of the Authority pursuant to Section 601(a)(3) of the Act and pursuant to an ordinance (Bill No. 1437) of the City Council of the City, approved by the Mayor of the City on June 12, 1991 (the "Authority Income Tax Ordinance").

Pursuant to a Bond Purchase Agreement, dated October 29, 2019 (the "Bond Purchase Agreement"), between the Authority and RBC Capital Markets, LLC, as the representative of the several underwriters named therein (the "Underwriters"), the Authority is selling the 2019 Bonds to the Underwriters for reoffering by the Underwriters to the public. In connection with such public offering of the 2019 Bonds, the Authority has prepared an Official Statement, dated October 29, 2019 (the "Official Statement"), relating to the 2019 Bonds. As contemplated by the Act, the Authority and the City have heretofore entered into an Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Intergovernmental Cooperation Agreement"). In connection with the issuance of the 2019 Bonds, the Authority has executed and delivered a Federal Tax Certificate, dated December 3, 2019 (the "Tax Compliance Certificate"); and the Authority has entered into a Continuing Disclosure Agreement, dated December 3, 2019 (the "Disclosure Agreement").

For the purpose of rendering this opinion letter, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Indenture, the Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Official Statement, the Authority Income Tax Ordinance, the Tax Compliance Certificate, the Disclosure Agreement, and such other instruments, documents, records and certificates, and have made such investigations as to matters of law, as we have deemed necessary and appropriate. We also have examined a specimen of the 2019 Bonds.

In rendering this opinion letter, we have assumed, with respect to all documents and instruments reviewed by us, the genuineness of all signatures (other than those of the Authority), the capacity of natural persons, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all documents submitted to us as copies. We have further assumed as follows:

A. We have assumed that each party to the documents specified in paragraph 5 below other than the Authority (each such other party being referred to as an "Other Party") is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization and has the lawful power and authority to enter into and perform its obligations under such documents; that such documents have been duly authorized, executed and delivered by each such Other Party; and that such documents constitute the legal, valid and binding obligation of each such Other Party, enforceable against each such Other Party in accordance with their respective terms. We have further assumed that the 2019 Bonds have been duly authenticated by the Trustee in accordance with the requirements of the Indenture.

B. We have assumed that the City has duly and validly enacted the Authority Income Tax pursuant to the Authority Income Tax Ordinance in compliance with all procedural requirements of the City's Home Rule Charter, the Philadelphia Code of Ordinances and other applicable law, rules or regulations. We have further assumed that the Authority Income Tax Ordinance has not been amended, modified or repealed in whole or in part and is in full force and effect on the date hereof. We have further assumed that the City has duly authorized, executed and delivered the Intergovernmental Cooperation Agreement.

C. We have assumed that each Credit Facility Issuer (as defined in the Indenture) is duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation and is duly licensed and authorized by all applicable regulatory bodies to issue the Credit Facility (as defined in the Indenture) issued by such Credit Facility Issuer. We have further assumed that each Credit Facility has been duly authorized, executed and delivered by the relevant Credit Facility Issuer and constitutes the legal, valid and binding obligation of such Credit Facility Issuer, enforceable in accordance with its terms.

Based upon and subject to the foregoing, and subject to the further exceptions, qualifications and limitations hereinafter set forth, we are pleased to advise you that we are of the following opinions:

1. The Authority is a body corporate and politic, constituting a public authority and instrumentality of the Commonwealth, created pursuant to the Act.

2. The Authority has (or at the relevant time had) the power and the authority under the Act to enter into the Indenture and to issue the 2019 Bonds thereunder, and to enter into the Intergovernmental Cooperation Agreement, the Bond Purchase Agreement, the Tax Compliance Certificate and the Disclosure Agreement.

3. The Indenture, the 2019 Bonds, the Intergovernmental Cooperation Agreement, the Bond Purchase Agreement, the Tax Compliance Certificate and the Disclosure Agreement have each been duly authorized, executed and delivered by the Authority.

4. The Official Statement has been duly authorized and executed by the Authority.

5. The Indenture, the 2019 Bonds, the Intergovernmental Cooperation Agreement, the Bond Purchase Agreement, the Tax Compliance Certificate and the Disclosure Agreement are each legal, valid and binding obligations of the Authority, enforceable against the Authority in accordance with their respective terms. We call to your attention, however, that the 2019 Bonds are not general obligations of the Authority but are limited obligations of the Authority, payable only out of the revenues from the Authority Income Tax and certain funds held by the Trustee under the Indenture, and that neither the credit nor the taxing power of the Commonwealth or any political subdivision (including the City) or agency thereof, other than the credit of the Authority to the limited extent described above, is pledged for the payment of the principal or redemption price of or interest on the 2019 Bonds. According to the Act, the 2019 Bonds do not constitute a debt or obligation of the Commonwealth or

any political subdivision (including the City) or agency thereof. The Authority itself has no taxing power.

6. To our knowledge, except as disclosed in the Official Statement, there are no actions or proceedings pending, or overtly threatened in writing, against the Authority before any court, governmental agency or arbitrator, which seek to restrain or enjoin the issuance or delivery of the 2019 Bonds by the Authority or which in any way contest the validity or enforceability of the 2019 Bonds, the Indenture, the Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Tax Compliance Certificate, the Disclosure Agreement or the pledge of the revenues from the Authority Income Tax under the Indenture.

7. As provided in the Act, the proceeds of the Authority Income Tax are at all times the revenues and property of the Authority, are not property or revenues of the City, and are not subject to appropriation by either the Commonwealth or the City.

8. The Indenture creates a valid lien on, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture) for the security of the 2019 Bonds.

Although we have not undertaken to determine independently the accuracy, completeness or fairness of the information contained in the Official Statement and express no opinion with respect thereto, nothing has come to our attention during the course of the performance of our duties as counsel to the Authority in this transaction that would lead us to believe that the information contained in the Official Statement (except for the information contained in any of the Appendices to the Official Statement, any other information concerning the City, any information concerning any bond insurance company or any of the Underwriters, any information under the headings "TAX MATTERS", "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS" and "UNDERWRITING", and any financial, statistical or demographic information, data or projections contained or required to be contained in any portion of the Official Statement, as to which we express no opinion or belief) contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

We express no opinion concerning the exempt status of interest on the 2019 Bonds under any Federal or state tax laws or regulations or concerning any other Federal or state tax law consequences of owning or disposing of the 2019 Bonds. We express no opinion with respect to any liquidated damages provisions. We express no opinion concerning the status of the Indenture, the 2019 Bonds or the offering or sale of the 2019 Bonds under any registration or qualification requirements of the Federal or state securities laws or regulations. We express no opinion concerning the status of the 2019 Bonds as legal investments for any person or entity under any Federal or state laws or regulations. In addition, our opinions expressed herein are subject to, and limited by, (a) applicable bankruptcy, insolvency, reorganization, moratorium, arrangement, liquidation or other similar laws affecting the rights and remedies of creditors and secured parties generally, (b) general principles of equity, public policy considerations, judicial discretion and general requirements of good faith, fair dealing and reasonableness (regardless of whether considered in a proceeding at law or in equity) and (c) in the

particular case of indemnities or rights of contribution, the application of Federal or state securities or other laws, regulations or judicial decisions or public policy considerations which may limit the validity or enforceability thereof. We call to your attention that, as provided in the Act, the Authority enjoys sovereign and official immunity and shall remain immune from suit except as provided therein.

No opinion is expressed herein concerning the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds") that are described in the Official Statement. We call to your attention that the issuance and delivery of the 2020 Bonds in the future is subject to the satisfaction of certain legal and contractual conditions, as to which we express no opinion herein.

This opinion letter is limited to the present law of the Commonwealth and the present Federal law of the United States of America. This opinion letter is limited to the matters expressly stated herein; no opinion may be inferred or is implied beyond the matters expressly stated herein to be our opinion; and our opinions and other statements herein must be read in conjunction with the assumptions, limitations, exceptions and qualifications set forth in this letter.

The opinions and other statements herein are expressed as of the date hereof only, and not as of some future date. We undertake no responsibility to advise you of any change in law or any new laws, regulations, judicial decisions or other developments which may be promulgated or which may otherwise occur in the future. The phrase "to our knowledge" as used in this opinion letter means the conscious awareness, without independent investigation, of those attorneys in our firm who have devoted substantive attention to matters involving our representation of the Authority in this transaction.

This opinion letter is being rendered solely for your benefit in connection with the issuance of the 2019 Bonds by the Authority. You may not rely on this opinion letter for any other purpose and no other person or entity may rely on this opinion letter for any purpose. This opinion letter may not be referred to or quoted in whole or in part in any document, report or financial statement of, or filed with or delivered to, any person or entity, without the express written consent of the undersigned, but this opinion letter may be included as part of the transcript of closing documents relating to the 2019 Bonds.

Very truly yours,

as Representative of the Several Underwriters  
New York, NY

**Re: *Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2020 (Forward Delivery)***

Ladies and Gentlemen:

We have acted as counsel to the Pennsylvania Intergovernmental Cooperation Authority (the "Authority"), a body corporate and politic constituting a public authority and instrumentality of the Commonwealth of Pennsylvania (the "Commonwealth") created pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), in connection with the Forward Delivery Bond Purchase Agreement, dated October 29, 2019 (the "Forward Delivery Bond Purchase Agreement"), between the Authority and RBC Capital Markets, LLC, as the representative of the several underwriters named therein (the "Underwriters"), that relates to the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery), in the aggregate principal amount of \$24,990,000 (the "2020 Bonds").

Pursuant to the power and authority vested in it by virtue of the Act, and to carry out the public purposes of the Act, the Authority proposes to issue the 2020 Bonds under an Amended and Restated Indenture of Trust, dated as of December 1, 1994 (the "1994 Indenture"), between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by the First Supplement to the Amended and Restated Indenture of Trust, dated as of May 15, 1996 (the "First Supplemental Indenture"), by the Second Supplement to the Amended and Restated Indenture of Trust, dated as of April 1, 1999 (the "Second Supplemental Indenture"), by the Third Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2003 (the "Third Supplemental Indenture"), by the Fourth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2006 (the "Fourth Supplemental Indenture"), by the Fifth Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2008 (the "Fifth Supplemental Indenture"), by the Sixth Supplement to the Amended and Restated Indenture of Trust, dated as of June 1, 2009 (the "Sixth Supplemental Indenture"), by the Seventh Supplement to the Amended and Restated Indenture of Trust, dated as of May 1, 2010 (the "Seventh Supplemental Indenture") and by the Eighth Supplement to the Amended and Restated Indenture of Trust, dated as of December 1, 2019 (the "Eighth Supplemental Indenture" and, together with the 1994 Indenture, the First Supplemental Indenture, the Second

Supplemental Indenture, the Third Supplemental Indenture, the Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Seventh Supplemental Indenture, the "Indenture"), for the purpose of refunding certain outstanding bonds of the Authority, as more particularly described in the Indenture. The Eighth Supplemental Indenture provides that, when issued, the 2020 Bonds will be secured thereunder by the Authority's pledge to the Trustee of, and the Authority's grant to the Trustee of a security interest in, the proceeds of a 1.5% tax (the "Authority Income Tax") on salaries, wages, commissions and other compensation earned by residents of the City of Philadelphia, Pennsylvania (the "City") and on net profits earned in business, professions and other activities conducted by residents of the City, which has been enacted by the City exclusively for the purposes of the Authority pursuant to Section 601(a)(3) of the Act and pursuant to an ordinance (Bill No. 1437) of the City Council of the City, approved by the Mayor of the City on June 12, 1991 (the "Authority Income Tax Ordinance").

The Authority proposes to sell the 2020 Bonds to the Underwriters for reoffering by the Underwriters to the public. In connection with such public offering of the 2020 Bonds, the Authority has prepared an Official Statement, dated October 29, 2019 (the "Official Statement"), relating to the 2020 Bonds. In connection with the issuance of the 2020 Bonds, the Authority proposes to enter into a Continuing Disclosure Agreement substantially in the form attached to the Official Statement as Appendix F (the "Disclosure Agreement"). As contemplated by the Act, the Authority and the City have heretofore entered into an Intergovernmental Cooperation Agreement, dated as of January 8, 1992 (the "Intergovernmental Cooperation Agreement").

For the purpose of rendering this opinion letter, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Indenture, the Forward Delivery Bond Purchase Agreement, the Intergovernmental Cooperation Agreement, the Official Statement (including the form of the Disclosure Agreement appended thereto), the Authority Income Tax Ordinance and such other instruments, documents, records and certificates, and have made such investigations as to matters of law, as we have deemed necessary and appropriate.

In rendering this opinion letter, we have assumed, with respect to all documents and instruments reviewed by us, the genuineness of all signatures (other than those of the Authority), the capacity of natural persons, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all documents submitted to us as copies. We have further assumed as follows:

A. We have assumed that each party to the documents specified in paragraph 5 below other than the Authority (each such other party being referred to as an "Other Party") is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization and has the lawful power and authority to enter into and perform its obligations under such documents; that such documents have been duly authorized, executed and delivered by each such Other Party; and that such documents constitute the legal, valid and binding obligation of each such Other Party, enforceable against each such Other Party in accordance with their respective terms. We have further assumed that the 2020 Bonds will be duly authenticated by the Trustee in accordance with the requirements of the Indenture.

B. We have assumed that the City has duly and validly enacted the Authority Income Tax pursuant to the Authority Income Tax Ordinance in compliance with all procedural requirements of the City's Home Rule Charter, the Philadelphia Code of Ordinances and other applicable law, rules or regulations. We have further assumed that the Authority Income Tax Ordinance has not been amended, modified or repealed in whole or in part and is in full force and effect on the date hereof. We have further assumed that the City has duly authorized, executed and delivered the Intergovernmental Cooperation Agreement.

C. We have assumed that each Credit Facility Issuer (as defined in the Indenture) is duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation and is duly licensed and authorized by all applicable regulatory bodies to issue the Credit Facility (as defined in the Indenture) issued by such Credit Facility Issuer. We have further assumed that each Credit Facility has been duly authorized, executed and delivered by the relevant Credit Facility Issuer and constitutes the legal, valid and binding obligation of such Credit Facility Issuer, enforceable in accordance with its terms.

Based upon and subject to the foregoing, and subject to the further exceptions, qualifications and limitations hereinafter set forth, we are pleased to advise you that we are of the following opinions:

1. The Authority is a body corporate and politic, constituting a public authority and instrumentality of the Commonwealth, created pursuant to the Act.

2. The Authority has (or at the relevant time had) the power and the authority under the Act to enter into the Indenture and to issue the 2020 Bonds thereunder, and to enter into the Intergovernmental Cooperation Agreement, the Forward Delivery Bond Purchase Agreement and the Disclosure Agreement.

3. The Indenture, the Intergovernmental Cooperation Agreement and the Forward Delivery Bond Purchase Agreement have each been duly authorized, executed and delivered by the Authority. The Authority has duly authorized the issuance of the 2020 Bonds and the execution and delivery of the Disclosure Agreement.

4. The Official Statement has been duly authorized and executed by the Authority.

5. The Indenture, the Intergovernmental Cooperation Agreement and the Forward Delivery Bond Purchase Agreement are each legal, valid and binding obligations of the Authority, enforceable against the Authority in accordance with their respective terms.

6. To our knowledge, except as disclosed in the Official Statement, there are no actions or proceedings pending, or overtly threatened in writing, against the Authority before any court, governmental agency or arbitrator, which seek to restrain or enjoin the issuance or delivery of the 2020 Bonds by the Authority or which in any way contest the validity or enforceability of the 2020 Bonds, the Indenture, the Forward Delivery Bond Purchase Agreement or the Intergovernmental Cooperation Agreement or the pledge of the revenues from the Authority Income Tax under the Indenture.

7. As provided in the Act, the proceeds of the Authority Income Tax are at all times the revenues and property of the Authority, are not property or revenues of the City, and are not subject to appropriation by either the Commonwealth or the City.

8. The Indenture creates a valid lien on, and a valid and binding security interest in, the Pledged Revenues (as defined in the Indenture) for the security of the Authority's bonds issued under the Indenture.

Although we have not undertaken to determine independently the accuracy, completeness or fairness of the information contained in the Official Statement and express no opinion with respect thereto, nothing has come to our attention during the course of the performance of our duties as counsel to the Authority in this transaction that would lead us to believe that the information contained in the Official Statement (except for the information contained in any of the Appendices to the Official Statement, any other information concerning the City, any information concerning any bond insurance company or any of the Underwriters, any information under the headings "TAX MATTERS", "CERTAIN FORWARD DELIVERY CONSIDERATIONS FOR THE 2020 BONDS" and "UNDERWRITING", and any financial, statistical or demographic information, data or projections contained or required to be contained in any portion of the Official Statement, as to which we express no opinion or belief) contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

We express no opinion concerning the exempt status of interest on the 2020 Bonds under any Federal or state tax laws or regulations or concerning any other Federal or state tax law consequences of owning or disposing of the 2020 Bonds. We express no opinion with respect to any liquidated damages provisions. We express no opinion concerning the status of the Indenture, the 2020 Bonds or the offering or sale of the 2020 Bonds under any registration or qualification requirements of the Federal or state securities laws or regulations. We express no opinion concerning the status of the 2020 Bonds as legal investments for any person or entity under any Federal or state laws or regulations. In addition, our opinions expressed herein are subject to, and limited by, (a) applicable bankruptcy, insolvency, reorganization, moratorium, arrangement, liquidation or other similar laws affecting the rights and remedies of creditors and secured parties generally, (b) general principles of equity, public policy considerations, judicial discretion and general requirements of good faith, fair dealing and reasonableness (regardless of whether considered in a proceeding at law or in equity) and (c) in the particular case of indemnities or rights of contribution, the application of Federal or state securities or other laws, regulations or judicial decisions or public policy considerations which may limit the validity or enforceability thereof. We call to your attention that, as provided in the Act, the Authority enjoys sovereign and official immunity and shall remain immune from suit except as provided therein. We further call to your attention that the issuance and delivery of the 2020 Bonds in the future is subject to the satisfaction of certain legal and contractual conditions as set forth in the Forward Delivery Bond Purchase Agreement, the Indenture and the Act, as to which we express no opinion herein.

This opinion letter is limited to the present law of the Commonwealth and the present Federal law of the United States of America. This opinion letter is limited to the matters expressly stated herein;

no opinion may be inferred or is implied beyond the matters expressly stated herein to be our opinion; and our opinions and other statements herein must be read in conjunction with the assumptions, limitations, exceptions and qualifications set forth in this letter.

The opinions and other statements herein are expressed as of the date hereof only, and not as of some future date. We undertake no responsibility to advise you of any change in law or any new laws, regulations, judicial decisions or other developments which may be promulgated or which may otherwise occur in the future. The phrase "to our knowledge" as used in this opinion letter means the conscious awareness, without independent investigation, of those attorneys in our firm who have devoted substantive attention to matters involving our representation of the Authority in this transaction.

This opinion letter is being rendered solely for your benefit in connection with the issuance of the 2020 Bonds by the Authority. You may not rely on this opinion letter for any other purpose and no other person or entity may rely on this opinion letter for any purpose. This opinion letter may not be referred to or quoted in whole or in part in any document, report or financial statement of, or filed with or delivered to, any person or entity, without the express written consent of the undersigned, but this opinion letter may be included as part of the transcript of closing documents relating to the 2020 Bonds.

Very truly yours,

REED SMITH LLP

Re: \$31,085,000 Pennsylvania Intergovernmental Cooperation Authority (the  
"Authority") Special Tax Revenue Refunding Bonds (City of Philadelphia  
Funding Program), Series of 2019 (the "2019 Bonds")

To the Above-Named Addressees:

The Law Department (the "Department") of The City of Philadelphia, Pennsylvania (the "City") has acted on behalf of the City in matters relating to the issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its \$31,085,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "Bonds"). This opinion is being delivered to you pursuant to Section L.(4)(i) of the Bond Purchase Agreement dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, as representative to the Underwriters named therein (the "Purchase Agreement"). Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Purchase Agreement.

In rendering the opinions expressed below, the Department has examined such proceedings, documents, statutes, and ordinances as the Department deemed necessary as the basis for the opinions hereinafter expressed, including:

- (1) certified copies of the Ordinances;
- (2) a fully executed copy of the Letter of Representations;
- (3) a fully executed copy of the Cooperation Agreement;

- (4) a fully executed copy of the Tax Collection Agreement;
- (5) a fully executed copy of the Certificate of the City attached to the Tax Compliance Certificate;
- (6) the Official Statement; and
- (7) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act No. 1991-6, approved by the General Assembly of the Commonwealth of Pennsylvania on June 5, 1991, as amended (the "PICA Act").

As to certain factual matters material to the opinions hereinafter expressed, the Department has relied upon the representations and warranties contained in the Letter of Representations (except for those contained in paragraph 15 of such Letter) and in the Certificate of the Director of Finance of even date herewith and on information and advice from officials and representatives of the City, including the Certificate of the Chief Clerk of City Council, as a basis for the opinions hereinafter expressed. The Department has not undertaken to verify such factual matters set forth therein by independent investigation or inquiry, except as set forth in paragraph 9 herein.

In our examination of the documents referred to above, the Department has assumed the legal capacity (other than as to City officials) and competence of natural persons, the authenticity of all documents submitted to the Department as originals, the genuineness of all signatures (other than those of the officials of the City), the due authority of the parties (other than the City) executing such documents, and the conformity to the originals of all such documents submitted to us as copies. The Department has also assumed (i) that each of the parties, other than the City, to each of the documents, has duly executed and delivered the same, with all necessary power and authority (corporate and otherwise, including, without limitation, due authorization by all necessary corporate and other action on the part of such party), (ii) that each such party, other than the City, has complied in all material respects with all laws, regulations, court orders, and material agreements applicable to it that affect the transactions contemplated by such documents, and (iii) that such documents are valid as to, binding upon, and enforceable against all parties thereto other than the City.

Based on and subject to the foregoing, and subject to the assumptions, exceptions, limitations, and qualifications set forth herein and only with regard to the laws of the Commonwealth of Pennsylvania as enacted and construed as of the date hereof, it is the opinion of the Department that:

1. The Ordinances have been duly and validly adopted by City Council and approved by the Mayor pursuant to authority granted in the PICA Act and in accordance with the Philadelphia Home Rule Charter.

2. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Ordinances, including, without limitation, publication, notice, convening and conduct of the public meetings at which public hearings were held and action taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth of Pennsylvania, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended).

3. The Ordinances have not been modified, amended, repealed or rescinded since the respective dates of enactment and adoption thereof, and are valid and in full force and effect as of the date hereof.

4. The City has the power and authority under the PICA Act and the Philadelphia Home Rule Charter to execute and deliver the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement, and the Certificate of the City attached to the Tax Compliance Certificate. The Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate have been duly and validly executed and delivered by the City.

5. The covenants and agreements of the City in the Tax Ordinance, in Section 5.02(b) of the Cooperation Agreement, and in the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof.

6. Except as to the possible application of state or federal securities laws, as to which no opinion is expressed, there is no authorization, consent, approval, or other action required by any governmental authority or agency in connection with the execution by the City of the Cooperation Agreement, the Letter of Representations, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement which has not been obtained.

7. Except as disclosed in the Official Statement, and except for litigation which in the opinion of the Department is without merit, there is, to the knowledge of the Department after inquiry within the Department, no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or overtly threatened in writing against the City, (i) to restrain or enjoin the City's execution or delivery, or performance under

the Cooperation Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement, or in any way contesting the validity or enforceability of the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Ordinances, or (ii) contesting in any way the accuracy or completeness of the Official Statement as it relates to the City, or (iii) contesting in any way the validity or enforceability of the City's obligations under the Ordinances, the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Letter of Representations.

8. The enactment of the Ordinances and the execution and delivery of the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate and the fulfillment of and compliance with the pledge and agreement set forth in the Tax Ordinance and Section 5.02(b) of the Cooperation Agreement do not and will not constitute on the part of the City a breach of or default under any existing law, regulation, administrative order or decree to which the City is subject or, to the knowledge of the Department, in any material respect, any indenture, deed of trust or guaranty or other instrument to which the City is a party or by which it is bound.

9. To the knowledge of the Department after inquiry within the Department, the description contained in Appendix B to the Official Statement under the heading "Litigation" does not contain any untrue statement of a material fact or omit to state a material fact with respect thereto necessary to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

10. The Bonds are authorized to be issued by the Authority by virtue of and pursuant to the PICA Act.

11. Pursuant to authority granted by the PICA Act, the City has, by the City Council's adoption of the Tax Ordinance, enacted the Authority Tax.

12. In the PICA Act, the Commonwealth has pledged to and agreed with each and every obligee of the Authority acquiring bonds of the Authority secured by the Authority Tax that the Commonwealth itself will not, nor will it authorize any government agency levying the Authority Tax to, reduce the rate of such tax until all bonds of the Authority so secured by the pledge of the Authority, together with the interest thereon, are fully paid or provided for. The PICA Act further provides that the terms of the PICA Act as in effect at the time of authorization of the Bonds constitute an agreement between the Authority and the obligees of the Authority, subject to modification and limitation as provided in the PICA Act. In addition, the PICA Act expressly requires the City to include a pledge similar to that of the Commonwealth described in the first sentence of this paragraph in the Tax Ordinance and prohibits the City from repealing

the Tax Ordinance or reducing the rate of the Authority Tax while any bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. Pursuant to the pledge made by the Commonwealth and in furtherance of the agreements of the Commonwealth and the mandates contained in the PICA Act, the City has, in the Tax Ordinance and the Cooperation Agreement, pledged to and agreed with each and every obligee of the Authority secured by the Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority secured by the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of the Authority.

13. The City has the power and authority under the Act to levy the Authority Tax exclusively for the purposes of the Authority and the Authority Tax has been duly and validly levied by the City pursuant to the Act and the Tax Ordinance exclusively for the purposes of the Authority.

14. As provided in the Act, the proceeds of the Authority Tax are at all times the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City.

15. The covenants and agreements of the City contained in the Tax Ordinance and in Section 5.02(b) of the Cooperation Agreement are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof, except as enforceability may be affected by bankruptcy, reorganization, insolvency and other laws or legal or equitable principles affecting creditors' rights and remedies and by the exercise of judicial discretion under general principles of equity.

This opinion is subject to the following exceptions, limitations, and qualifications:

(1) This opinion is subject to the effect of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, fraudulent transfer, marshaling, or similar laws affecting creditors' rights and remedies generally, general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether such enforceability is considered in a proceeding in equity or at law); and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy.

(2) The Department expresses no opinion as to the application or requirements of state securities, antitrust and unfair competition, environmental, health and safety, or tax laws other than those governing the City Wage Tax and the Authority Tax in respect of the

transactions contemplated by or referred to in the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate.

(3) The Department expresses no opinion as to the validity or enforceability of any provision of the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate which, directly or indirectly: (i) purports to require that waivers must be in writing to the extent that an oral agreement or implied agreement by trade practice or course of conduct modifying provisions thereof has been made; (ii) purports to be a waiver of the right to a jury trial, waiver of any right to object to jurisdiction or venue, a waiver of any right to claim damages, or to service of process, or a waiver of other rights or benefits bestowed by operation of law, or waiver of which is limited by applicable law; (iii) purports to be a waiver of the obligations of good faith, fair dealing, diligence, mitigation of damages, or commercial reasonableness; (iv) purports to exculpate any party from its own negligent acts, or limit any party from certain liabilities; or (v) purports to require payment of consequential damages insofar as a court could conclude that such consequential damages are punitive in nature.

The Department calls your attention to the facts that the imposition of the Authority Tax by the City pursuant to the Act does not constitute the exercise of the general taxing power of the City for City purposes conferred by other acts of the General Assembly of the Commonwealth and that the sole agreement by the City with respect to the Authority Tax is its pledge and agreement not to reduce the rate of the Authority Tax or to repeal the Authority Tax so long as bonds of the Authority secured by the Authority's pledge of the Authority Tax remain outstanding, all in accordance with the pledge of the Commonwealth and the mandates contained in the Act. Accordingly, as provided in the Act, the Bonds do not and shall not at any time constitute a debt or liability of the City and the obligees of the Authority have no right or claim against any property or revenues of the City nor shall they have any recourse to the City for payment of the Bonds.

This opinion is given to you as of the date hereof and the Department expresses no opinion as to any matter not expressly set forth herein. No implied opinion may be inferred to extend this opinion beyond the matters expressly stated herein. The Department undertakes no obligation to update or supplement this letter under any circumstance including if, after the date hereof, facts or events come to our attention or changes in law occur which could affect the opinions expressed herein. The Department expresses no opinion herein as to any matter not set forth in the numbered sections above, including, without limitation, with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of the preliminary or definitive official statements prepared in respect of the Bonds, including the appendices thereto, and make no representation that the Department has independently verified the contents thereof. This

Re: \$24,990,000 Pennsylvania Intergovernmental Cooperation Authority (the  
"Authority") Special Tax Revenue Refunding Bonds (City of Philadelphia  
Funding Program), Series of 2020 (Forward Delivery)

To the Above-Named Addressees:

The Law Department (the "Department") of The City of Philadelphia, Pennsylvania (the "City") has acted on behalf of the City in matters relating to the proposed issuance by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of its \$24,990,000 aggregate principal amount Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "Bonds"). This opinion is being delivered to you pursuant to Section L.(6)(i) of the Forward Delivery Bond Purchase Agreement dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, as representative to the Underwriters named therein (the "Forward Delivery Purchase Agreement"). Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Forward Delivery Purchase Agreement.

In rendering the opinions expressed below, the Department has examined such proceedings, documents, statutes, and ordinances as the Department deemed necessary as the basis for the opinions hereinafter expressed, including:

- (1) certified copies of the Ordinances;
- (2) a fully executed copy of the Letter of Representations;

- (3) a fully executed copy of the Cooperation Agreement;
- (4) a fully executed copy of the Tax Collection Agreement;
- (5) a fully executed copy of the Certificate of the City attached to the Tax Compliance Certificate;
- (6) the Official Statement; and
- (7) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act No. 1991-6, approved by the General Assembly of the Commonwealth of Pennsylvania on June 5, 1991, as amended (the "PICA Act").

As to certain factual matters material to the opinions hereinafter expressed, the Department has relied upon the representations and warranties contained in the Letter of Representations (except for those contained in paragraph 15 of such Letter) and in the Certificate of the Director of Finance of even date herewith and on information and advice from officials and representatives of the City, including the Certificate of the Chief Clerk of City Council, as a basis for the opinions hereinafter expressed. The Department has not undertaken to verify such factual matters set forth therein by independent investigation or inquiry, except as set forth in paragraph 9 herein.

In our examination of the documents referred to above, the Department has assumed the legal capacity (other than as to City officials) and competence of natural persons, the authenticity of all documents submitted to the Department as originals, the genuineness of all signatures (other than those of the officials of the City), the due authority of the parties (other than the City) executing such documents, and the conformity to the originals of all such documents submitted to us as copies. The Department has also assumed (i) that each of the parties, other than the City, to each of the documents, has duly executed and delivered the same, with all necessary power and authority (corporate and otherwise, including, without limitation, due authorization by all necessary corporate and other action on the part of such party), (ii) that each such party, other than the City, has complied in all material respects with all laws, regulations, court orders, and material agreements applicable to it that affect the transactions contemplated by such documents, and (iii) that such documents are valid as to, binding upon, and enforceable against all parties thereto other than the City.

Based on and subject to the foregoing, and subject to the assumptions, exceptions, limitations, and qualifications set forth herein and only with regard to the laws of the Commonwealth of Pennsylvania as enacted and construed as of the date hereof, it is the opinion of the Department that:

1. The Ordinances have been duly and validly adopted by City Council and approved by the Mayor pursuant to authority granted in the PICA Act and in accordance with the Philadelphia Home Rule Charter.

2. All action taken by City Council, the Mayor and other authorized City officials in connection with the enactment of the Ordinances, including, without limitation, publication, notice, convening and conduct of the public meetings at which public hearings were held and action taken, were in compliance with the Philadelphia Home Rule Charter and Act 1998-93 of the General Assembly of the Commonwealth of Pennsylvania, approved October 15, 1998 (or, in the case of any action taken prior to the effective date thereof, the Act of the Commonwealth approved July 3, 1986, No. 84, P.L. 388, as amended).

3. The Ordinances have not been modified, amended, repealed or rescinded since the respective dates of enactment and adoption thereof, and are valid and in full force and effect as of the date hereof.

4. The City has the power and authority under the PICA Act and the Philadelphia Home Rule Charter to execute and deliver the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement, and the Certificate of the City attached to the Tax Compliance Certificate. The Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate have been duly and validly executed and delivered by the City.

5. The covenants and agreements of the City in the Tax Ordinance, in Section 5.02(b) of the Cooperation Agreement, and in the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof.

6. Except as to the possible application of state or federal securities laws, as to which no opinion is expressed, there is no authorization, consent, approval, or other action required by any governmental authority or agency in connection with the execution by the City of the Cooperation Agreement, the Letter of Representations, the Certificate of the City attached to the Tax Compliance Certificate or the Tax Collection Agreement which has not been obtained.

7. Except as disclosed in the Official Statement, and except for litigation which in the opinion of the Department is without merit, there is, to the knowledge of the Department after inquiry within the Department, no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or overtly threatened in writing against the City, (i) to restrain or enjoin the City's execution or delivery, or performance under the Cooperation Agreement, the Certificate of the City attached to the Tax Compliance

Certificate or the Tax Collection Agreement, or in any way contesting the validity or enforceability of the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Ordinances, or (ii) contesting in any way the accuracy or completeness of the Official Statement as it relates to the City, or (iii) contesting in any way the validity or enforceability of the City's obligations under the Ordinances, the Cooperation Agreement, the Tax Collection Agreement, the Certificate of the City attached to the Tax Compliance Certificate or the Letter of Representations.

8. The enactment of the Ordinances and the execution and delivery of the Cooperation Agreement, the Letter of Representations, the Tax Collection Agreement and the Certificate of the City attached to the Tax Compliance Certificate and the fulfillment of and compliance with the pledge and agreement set forth in the Tax Ordinance and Section 5.02(b) of the Cooperation Agreement do not and will not constitute on the part of the City a breach of or default under any existing law, regulation, administrative order or decree to which the City is subject or, to the knowledge of the Department, in any material respect, any indenture, deed of trust or guaranty or other instrument to which the City is a party or by which it is bound.

9. To the knowledge of the Department after inquiry within the Department, the description contained in Appendix B to the Official Statement under the heading "Litigation" does not contain any untrue statement of a material fact or omit to state a material fact with respect thereto necessary to be stated therein in order to make the statements therein, in light of the circumstances under which they were made, not misleading in any material respect.

10. The Bonds are authorized to be issued by the Authority by virtue of and pursuant to the PICA Act.

11. Pursuant to authority granted by the PICA Act, the City has, by the City Council's adoption of the Tax Ordinance, enacted the Authority Tax.

12. In the PICA Act, the Commonwealth has pledged to and agreed with each and every obligee of the Authority acquiring bonds of the Authority secured by the Authority Tax that the Commonwealth itself will not, nor will it authorize any government agency levying the Authority Tax to, reduce the rate of such tax until all bonds of the Authority so secured by the pledge of the Authority, together with the interest thereon, are fully paid or provided for. The PICA Act further provides that the terms of the PICA Act as in effect at the time of authorization of the Bonds constitute an agreement between the Authority and the obligees of the Authority, subject to modification and limitation as provided in the PICA Act. In addition, the PICA Act expressly requires the City to include a pledge similar to that of the Commonwealth described in the first sentence of this paragraph in the Tax Ordinance and prohibits the City from repealing the Tax Ordinance or reducing the rate of the Authority Tax while any bonds of the Authority secured by the Authority's pledge of the Authority Tax are outstanding. Pursuant to the pledge

made by the Commonwealth and in furtherance of the agreements of the Commonwealth and the mandates contained in the PICA Act, the City has, in the Tax Ordinance and the Cooperation Agreement, pledged to and agreed with each and every obligee of the Authority secured by the Authority pledge of the Authority Tax that the City will not reduce the rate of, or repeal in whole or in part, the Authority Tax until the principal amount of all bonds of the Authority secured by the Authority Tax, together with interest thereon, is fully paid or provision for such payment is made in accordance with the terms of any agreement between the Authority and any obligee of the Authority.

13. The City has the power and authority under the Act to levy the Authority Tax exclusively for the purposes of the Authority and the Authority Tax has been duly and validly levied by the City pursuant to the Act and the Tax Ordinance exclusively for the purposes of the Authority.

14. As provided in the Act, the proceeds of the Authority Tax are at all times the revenues and property of the Authority, are not property or revenues of the Commonwealth or the City and are not subject to appropriation by either the Commonwealth or the City.

15. The covenants and agreements of the City contained in the Tax Ordinance and in Section 5.02(b) of the Cooperation Agreement are valid and binding obligations of the City, enforceable against the City in accordance with the respective terms thereof, except as enforceability may be affected by bankruptcy, reorganization, insolvency and other laws or legal or equitable principles affecting creditors' rights and remedies and by the exercise of judicial discretion under general principles of equity.

This opinion is subject to the following exceptions, limitations, and qualifications:

(1) This opinion is subject to the effect of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, fraudulent transfer, marshaling, or similar laws affecting creditors' rights and remedies generally, general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether such enforceability is considered in a proceeding in equity or at law); and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy.

(2) The Department expresses no opinion as to the application or requirements of state securities, antitrust and unfair competition, environmental, health and safety, or tax laws other than those governing the City Wage Tax and the Authority Tax in respect of the transactions contemplated by or referred to in the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate.

(3) The Department expresses no opinion as to the validity or enforceability of any provision of the Letter of Representations, Cooperation Agreement, Tax Collection Agreement or the Certificate of the City attached to the Tax Compliance Certificate which, directly or indirectly: (i) purports to require that waivers must be in writing to the extent that an oral agreement or implied agreement by trade practice or course of conduct modifying provisions thereof has been made; (ii) purports to be a waiver of the right to a jury trial, waiver of any right to object to jurisdiction or venue, a waiver of any right to claim damages, or to service of process, or a waiver of other rights or benefits bestowed by operation of law, or waiver of which is limited by applicable law; (iii) purports to be a waiver of the obligations of good faith, fair dealing, diligence, mitigation of damages, or commercial reasonableness; (iv) purports to exculpate any party from its own negligent acts, or limit any party from certain liabilities; or (v) purports to require payment of consequential damages insofar as a court could conclude that such consequential damages are punitive in nature.

The Department calls your attention to the facts that the imposition of the Authority Tax by the City pursuant to the Act does not constitute the exercise of the general taxing power of the City for City purposes conferred by other acts of the General Assembly of the Commonwealth and that the sole agreement by the City with respect to the Authority Tax is its pledge and agreement not to reduce the rate of the Authority Tax or to repeal the Authority Tax so long as bonds of the Authority secured by the Authority's pledge of the Authority Tax remain outstanding, all in accordance with the pledge of the Commonwealth and the mandates contained in the Act. Accordingly, as provided in the Act, the Bonds do not and shall not at any time constitute a debt or liability of the City and the obligees of the Authority have no right or claim against any property or revenues of the City nor shall they have any recourse to the City for payment of the Bonds.

This opinion is given to you as of the date hereof and the Department expresses no opinion as to any matter not expressly set forth herein. No implied opinion may be inferred to extend this opinion beyond the matters expressly stated herein. The Department undertakes no obligation to update or supplement this letter under any circumstance including if, after the date hereof, facts or events come to our attention or changes in law occur which could affect the opinions expressed herein. The Department expresses no opinion herein as to any matter not set forth in the numbered sections above, including, without limitation, with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of the preliminary or definitive official statements prepared in respect of the Bonds, including the appendices thereto, and make no representation that the Department has independently verified the contents thereof. This opinion is furnished solely for your benefit under the Forward Delivery Purchase Agreement and may not be relied upon by any person or for any other purpose.

RBC Capital Markets, LLC,  
as Representative of the Underwriters  
200 Vesey Street, 9th Floor  
New York, New York 10281

RE: \$31,085,000 aggregate principal amount, Pennsylvania Intergovernmental  
Cooperation Authority Special Tax Revenue Refunding Bonds (City of  
Philadelphia Funding Program), Series of 2019

To RBC Capital Markets, LLC:

We have acted as counsel to you, as underwriter and as representative (the "Representative") of a group of underwriters (the "Underwriters") named in the Bond Purchase Agreement dated October 29, 2019 (the "Purchase Agreement") executed by you and the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") in connection with the Authority's issuance of the above-referenced bonds (the "Bonds") and the sale of the Bonds to the Underwriters pursuant to the Purchase Agreement. Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Purchase Agreement.

The Bonds are being issued on the date of this opinion pursuant to: (1) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), (2) a resolution adopted by the Authority on September 17, 2019 (the "Resolution"), (3) the Amended and Restated Indenture of Trust dated as of December 1, 1994 (the "Original Indenture") between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by seven supplemental indentures, and (4) the Eighth Supplement to the Amended and Restated Indenture of Trust to be dated as of December 1, 2019 (the "Eighth Supplemental Indenture" and collectively, with the Original Indenture, as amended by such seven supplemental indentures, referred to herein as the "Indenture").

In rendering the opinions expressed below, we have examined: (1) the Preliminary Official Statement and the Official Statement (collectively referred to herein as the "Official Statement"); (2) an executed copy of the Purchase Agreement; (3) executed copies of the certificates dated this date and delivered to the Representative pursuant to the Purchase Agreement; (4) an executed Letter of Representations of The City of Philadelphia (the "City"); (5) the approving and supplemental opinion letters of Saul Ewing Arnstein & Lehr LLP ("Bond Counsel"); (6) the opinion of Reed Smith LLP ("Counsel to the Authority"); (7) the opinion of

the City Solicitor of the City (the "City Solicitor"); (8) copies of the Indenture; and (9) a certified copy of the Resolution.

In addition, we have examined and relied upon originals or copies, certified or otherwise, identified to our satisfaction, of such other documents, instruments, opinions or corporate records and have made such investigation of law, as we have considered necessary or appropriate for the purposes of this opinion. We have also assumed, but have not independently verified, the authenticity of all original documents and the conformity to the original documents of all conformed copies and photocopies of documents, the genuineness of all signatures and the due authorization, execution and delivery of all documents, and the authority to do so of all persons executing such documents. Further, as to various questions of fact material to our opinions expressed herein, we have relied upon the representations of the Authority and the City. As to certain other matters, we have reviewed, and are assuming the accuracy of the conclusions made in opinions of even date herewith of Counsel to the Authority, Bond Counsel and the City Solicitor.

In accordance with our understanding with you, we rendered legal service and assistance to you in the course of your investigation and negotiations pertaining to, and your participation in the preparation of, the Official Statement and the issuance and sale of the Bonds. The scope of our engagement was (a) to assist in your investigation relating to and in the preparation of the Official Statement, and (b) to assist in the preparation and negotiation of the Purchase Agreement, (c) to examine the documents delivered to you in satisfaction of the conditions set forth in the Purchase Agreement, and (d) to otherwise consult with you as to the satisfaction of these conditions. Rendering such assistance involved, among other things, discussions and inquiries concerning various legal and related subjects, and reviews of and reports on certain documents and proceedings. We also participated in conferences and telephone conferences along with other participants in the transaction (including the Authority, its counsel, Bond Counsel, the City, and the City's Law Department), during which the contents of the Official Statement and related matters were discussed and reviewed.

On the basis of the foregoing, we are of the opinion that the Bonds are exempt from the registration requirements of the Securities Act of 1933, as amended, and that the Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended.

It is also our opinion that the Authority's Continuing Disclosure Agreement dated the date hereof satisfies the specific requirements of Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934 as in effect on the date hereof (the "Rule") with respect to the content of the written agreement or contract required by the Rule.

On the basis of the information which was developed in the course of the performance of the services as described above, subject to the assumptions and limitations set forth in the preceding paragraph and without having undertaken to determine independently the adequacy, accuracy or completeness of the statements contained in the Official Statement (including the appendices thereto), and based solely on our participation in conferences and telephone conferences at which your representatives, representatives of the Authority, Counsel to the

Authority, and Bond Counsel, were at various times present, nothing has come to our attention in the course of our engagement as counsel to you which would lead us to believe that the Official Statement, as of its respective posting dates and as of the date hereof (other than (i) the financial and statistical data and forecasts, numbers, estimates, assumptions and expressions of opinion included or incorporated by reference in the Official Statement, (ii) the sections captioned "TAX MATTERS," "FINANCIAL ADVISORS" and "RELATIONSHIPS OF CERTAIN PARTIES" in the Official Statement, (iii) the Appendices to the Official Statement, (iv) any of other information with respect to the City or The Depository Trust Company and its book-entry system, and (v) any information in the Official Statement concerning Financial Guaranty Insurance Company (or any of its affiliates or successors), National Public Finance Guarantee Corporation, or any other bond insurance company or the Reserve Policy (as defined in the Official Statement), as to which we express no belief and expressly exclude from the scope of this sentence) contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

In view of the scope of the legal representation that you have asked us to provide, and because of (1) the limitations inherent in the investigation made by us, as well as the limitations generally inherent in the verification of factual matters, (2) the character of the determinations involved in the preparation of the Official Statement, and (3) our limited participation in the development of the factual information and assumptions set forth in the Official Statement, except as noted in the immediately preceding paragraph, we are not passing upon, and we do not assume any responsibility for the accuracy, completeness and fairness of the statements of fact made in the Official Statement and make no representation that we have independently verified the accuracy, completeness or fairness of any such statements.

This opinion is specifically limited to present federal law and the present internal laws of the Commonwealth of Pennsylvania, and no opinion is expressed as to the effect the law of any other jurisdiction might have upon the subject matter of the opinions expressed herein under conflict of laws principles or otherwise.

This opinion is given as of the date hereof, is limited to the facts, circumstances, and matters set forth herein, based on the assumptions and qualifications set forth herein, and according to the laws currently in effect. This opinion is furnished by us solely for your benefit, information and assistance as Representative and may not be relied upon by any person or entity other than the Underwriters. We make no undertaking to supplement this opinion if, hereafter, facts or circumstances come to our attention or occur after this date or changes in law occur which could affect this opinion.

Very Truly Yours,

AHMAD ZAFFARESE LLC

RBC Capital Markets, LLC,  
as Representative of the Underwriters  
200 Vesey Street, 9th Floor  
New York, New York 10281

RE: \$24,990,000 aggregate principal amount, Pennsylvania Intergovernmental Cooperation Authority Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery)

To RBC Capital Markets, LLC:

We have acted as counsel to you, as underwriter and as representative (the "Representative") of a group of underwriters (the "Underwriters") named in the Forward Delivery Bond Purchase Agreement dated October 29, 2019 (the "Purchase Agreement") executed by you and the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") in connection with the Authority's planned issuance of the above-referenced bonds (the "Bonds") on March 17, 2020 and the sale of the Bonds to the Underwriters pursuant to the Purchase Agreement. Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Purchase Agreement.

It is anticipated that the Bonds will be issued on March 17, 2020 pursuant to: (1) the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Act of June 5, 1991, P.L. 9, No. 6), as amended (the "Act"), (2) a resolution adopted by the Authority on September 17, 2019 (the "Resolution"), (3) the Amended and Restated Indenture of Trust dated as of December 1, 1994 (the "Original Indenture") between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented by seven supplemental indentures, and (4) the Eighth Supplement to the Amended and Restated Indenture of Trust to be dated as of December 1, 2019 (the "Eighth Supplemental Indenture" and collectively, with the Original Indenture, as amended by such seven supplemental indentures, referred to herein as the "Indenture").

In rendering the opinions expressed below, we have examined: (1) the Preliminary Official Statement with respect to the Bonds, dated October 21, 2019 and the Official Statement with respect to the Bonds, dated October 29, 2019 (collectively referred to herein as the "Official Statement"); (2) an executed copy of the Purchase Agreement; (3) executed copies of the certificates described within Section L.6. of the Purchase Agreement dated the Initial Closing Date and delivered to the Representative; (4) an executed Letter of Representations of The City

of Philadelphia (the "City"); (5) the letter and supplemental opinion of Saul Ewing Arnstein & Lehr LLP ("Bond Counsel") provided pursuant to Sections L.6.(e) and L.6.(f) of the Purchase Agreement; (6) the opinion of Reed Smith LLP ("Counsel to the Authority") provided pursuant to Section L.6.(g) of the Purchase Agreement; (7) the opinion of the City Solicitor of the City (the "City Solicitor") provided pursuant to Section L.6.(i) of the Purchase Agreement; (8) copies of the Indenture; and (9) a certified copy of the Resolution.

In addition, we have examined and relied upon originals or copies, certified or otherwise, identified to our satisfaction, of such other documents, instruments, opinions or corporate records and have made such investigation of law, as we have considered necessary or appropriate for the purposes of this opinion. We have also assumed, but have not independently verified, the authenticity of all original documents and the conformity to the original documents of all conformed copies and photocopies of documents, the genuineness of all signatures and the due authorization, execution and delivery of all documents, and the authority to do so of all persons executing such documents. Further, as to various questions of fact material to our opinions expressed herein, we have relied upon the representations of the Authority and the City. As to certain other matters, we have reviewed, and are assuming the accuracy of the conclusions made in opinions of even date herewith of Counsel to the Authority, Bond Counsel and the City Solicitor.

In accordance with our understanding with you, we rendered legal service and assistance to you in the course of your investigation and negotiations pertaining to, and your participation in the preparation of, the Official Statement. The scope of our engagement was (a) to assist in your investigation relating to and in the preparation of the Official Statement, and (b) to assist in the preparation and negotiation of the Purchase Agreement, (c) to examine the documents delivered to you on or prior to the Initial Closing Date in satisfaction of the conditions set forth in the Purchase Agreement, and (d) to otherwise consult with you as to the satisfaction of these conditions. Rendering such assistance involved, among other things, discussions and inquiries concerning various legal and related subjects, and reviews of and reports on certain documents and proceedings. We also participated in conferences and telephone conferences along with other participants in the transaction (including the Authority, its counsel, Bond Counsel, the City, and the City's Law Department), during which the contents of the Official Statement and related matters were discussed and reviewed.

On the basis of the information which was developed in the course of the performance of the services as described above, subject to the assumptions and limitations set forth in the preceding paragraph and without having undertaken to determine independently the adequacy, accuracy or completeness of the statements contained in the Official Statement (including the appendices thereto), and based solely on our participation in conferences and telephone conferences at which your representatives, representatives of the Authority, Counsel to the Authority, and Bond Counsel, were at various times present, nothing has come to our attention in the course of our engagement as counsel to you which would lead us to believe that the Official Statement, as of its respective posting dates and as of the date hereof (other than (i) the financial and statistical data and forecasts, numbers, estimates, assumptions and expressions of opinion included or incorporated by reference in the Official Statement, (ii) the sections captioned "TAX MATTERS," "FINANCIAL ADVISORS" and "RELATIONSHIPS OF CERTAIN PARTIES"

in the Official Statement, (iii) the Appendices to the Official Statement, (iv) any of other information with respect to the City or The Depository Trust Company and its book-entry system, and (v) any information in the Official Statement concerning Financial Guaranty Insurance Company (or any of its affiliates or successors), National Public Finance Guarantee Corporation, or any other bond insurance company or the Reserve Policy (as defined in the Official Statement), as to which we express no belief and expressly exclude from the scope of this sentence) contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

In view of the scope of the legal representation that you have asked us to provide, and because of (1) the limitations inherent in the investigation made by us, as well as the limitations generally inherent in the verification of factual matters, (2) the character of the determinations involved in the preparation of the Official Statement, and (3) our limited participation in the development of the factual information and assumptions set forth in the Official Statement, except as noted in the immediately preceding paragraph, we are not passing upon, and we do not assume any responsibility for the accuracy, completeness and fairness of the statements of fact made in the Official Statement and make no representation that we have independently verified the accuracy, completeness or fairness of any such statements.

This opinion is specifically limited to present federal law and the present internal laws of the Commonwealth of Pennsylvania, and no opinion is expressed as to the effect the law of any other jurisdiction might have upon the subject matter of the opinions expressed herein under conflict of laws principles or otherwise.

This opinion is given as of the date hereof, is limited to the facts, circumstances, and matters set forth herein, based on the assumptions and qualifications set forth herein, and according to the laws currently in effect. This opinion is furnished by us solely for your benefit, information and assistance as Representative and may not be relied upon by any person or entity other than the Underwriters. We make no undertaking to supplement this opinion if, hereafter, facts or circumstances come to our attention or occur after this date or changes in law occur which could affect this opinion.

Re: Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program)  
\$31,085,000 Series of 2019

---

TO THE PURCHASERS OF THE ABOVE-CAPTIONED BONDS:

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$31,085,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019 (the "2019 Bonds"). The 2019 Bonds are issued under and pursuant to and authorized by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), pursuant to the Resolution adopted by the Authority on September 17, 2019 and pursuant to the Amended and Restated Trust Indenture (the "Amended and Restated Indenture"), dated as of December 1, 1994 between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented pursuant to the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement"), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement"), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement"), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement"), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement"), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement"), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement"), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement," and together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, the "Indenture").

The 2019 Bonds are being issued for the purpose of providing funds which, together with other available moneys of the Authority, will be used to: (i) currently refund all of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2009; and (ii) pay the costs of issuing the 2019 Bonds (collectively, the "Refunding Project").

Centre Square West • 1500 Market Street, 38<sup>th</sup> Floor • Philadelphia, PA 19102-2186

DELAWARE FLORIDA ILLINOIS MARYLAND MASSACHUSETTS MINNESOTA NEW JERSEY NEW YORK PENNSYLVANIA WASHINGTON, DC

A DELAWARE LIMITED LIABILITY PARTNERSHIP

In the course of the performance of our duties as Bond Counsel, we have examined such documents, opinions, records, orders, notices, certificates, statutes, resolutions, decisions, and rulings as we have deemed necessary to enable us to furnish this opinion, including, *inter alia*, the following: (i) an executed counterpart of the Eighth Supplement, (ii) the form of the 2019 Bonds, (iii) a copy, certified or otherwise identified to our satisfaction, of the Indenture, (iv) an executed counterpart of the Tax Certificate, (v) the opinion of Counsel to the Authority, on which we have relied, (vi) an executed counterpart of the Bond Purchase Agreement dated as of October 29, 2019 (the "Purchase Agreement") between the Authority and RBC Capital Markets, LLC, and (vii) such constitutional and statutory provisions and such other resolutions, certificates, instruments and documents as we have deemed necessary or appropriate in order to enable us to render an informed opinion as to the matters set forth herein. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Purchase Agreement.

In rendering the opinions set forth below, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents and the representations and warranties made therein without undertaking to verify the same by independent investigation. We have also assumed that the documents referred to herein have been duly authorized by all parties thereto other than the Authority and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, except the Authority, and that the actions required to be taken and consent required to be obtained by such parties, have been taken or obtained. We do not render any opinion with respect to the adequacy of security for the 2019 Bonds or the sources of payment in respect of the 2019 Bonds.

Based upon the foregoing, it is our opinion, under existing law and as of the date hereof, and subject to the qualifications and limitations set forth herein, that:

1. The Authority is a body corporate and politic, organized and validly existing under the laws of the Commonwealth of Pennsylvania with full power and authority to undertake the Refunding Project, to execute, deliver and perform its obligations under the Eighth Supplement and to issue and sell the 2019 Bonds.

2. The Eighth Supplement has been duly authorized, executed and delivered by the Authority and constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

3. The Authority has duly assigned, transferred and pledged to the Trustee, for the benefit of the holders of the 2019 Bonds, to the extent provided in the Indenture, all of its right, title and interest in and to the Pledged Revenues.

4. The issuance and sale of the 2019 Bonds have been duly authorized by the Authority and, on the assumption of execution and authentication stated above, such 2019 Bonds

have been duly executed and delivered by the Authority and authenticated by the Trustee, are valid and binding limited obligations of the Authority enforceable in accordance with their terms and are entitled to the benefit and security of the Indenture, except as the rights created thereunder and the enforcement thereof may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

5. Interest on the 2019 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019 Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with certain of such requirements could cause the interest on the 2019 Bonds to be so includable in gross income retroactive to the date of issuance of the 2019 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2019 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum taxes. We express no opinion regarding other federal tax consequences relating to the 2019 Bonds or the receipt of interest thereon.

6. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the 2019 Bonds and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2019 Bonds or the interest thereon.

The opinions set forth above are rendered on the basis of, and limited to, federal law and the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof. We express no opinion herein as to any matter not set forth in the numbered paragraphs above. In particular, we call to your attention that the 2019 Bonds are not in any way a debt or liability of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof other than the Authority, nor do the 2019 Bonds or the Indenture pledge the general credit or taxing power of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof. The Authority has no taxing power.

The opinions set forth above are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur including, but not limited to, those that may affect the tax status of interest on the 2019 Bonds.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Paul E. Arnstein", followed by a date "12/3/19".

**[ASSUMING THAT NO CHANGE IN LAW HAS OCCURRED, SET FORTH BELOW IS  
THE FORM OF APPROVING OPINION TO BE DELIVERED BY BOND COUNSEL  
ON THE DELAYED DELIVERY CLOSING DATE FOR THE 2020 BONDS ]**

**[DATE: DELAYED DELIVERY CLOSING DATE]**

**RE: \$24,990,000 PENNSYLVANIA INTERGOVERNMENTAL COOPERATION  
AUTHORITY SPECIAL TAX REVENUE REFUNDING BONDS (CITY OF PHILADELPHIA  
FUNDING PROGRAM), SERIES OF 2020 (FORWARD DELIVERY)**

**TO THE PURCHASERS OF THE ABOVE-CAPTIONED BONDS:**

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of \$24,990,000 aggregate principal amount of its Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery) (the "2020 Bonds"). The 2020 Bonds are issued under and pursuant to and authorized by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, approved June 5, 1991 (P.L. 9, No. 6), as amended (the "Act"), pursuant to the Resolution adopted by the Authority on September 17, 2019 and pursuant to the Amended and Restated Trust Indenture (the "Amended and Restated Indenture"), dated as of December 1, 1994 between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), as amended and supplemented pursuant to the First Supplement to the Amended and Restated Indenture of Trust dated as of May 15, 1996 (the "First Supplement"), a Second Supplement to the Amended and Restated Indenture of Trust dated as of April 1, 1999 (the "Second Supplement"), a Third Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2003 (the "Third Supplement"), a Fourth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2006 (the "Fourth Supplement"), a Fifth Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2008 (the "Fifth Supplement"), a Sixth Supplement to the Amended and Restated Indenture of Trust dated as of June 1, 2009 (the "Sixth Supplement"), a Seventh Supplement to the Amended and Restated Indenture of Trust dated as of May 1, 2010 (the "Seventh Supplement"), and an Eighth Supplement to the Amended and Restated Indenture of Trust dated as of December 1, 2019 (the "Eighth Supplement," and together with the Amended and Restated Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, the "Indenture").

The 2020 Bonds are being issued for the purpose of providing funds which, together with other available moneys of the Authority, will be used to: (i) currently refund the maturities of the Authority's Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2010 maturing after June 15, 2020; and (ii) pay the costs of issuing the 2020 Bonds (collectively, the "Refunding Project").

In the course of the performance of our duties as Bond Counsel, we have examined such documents, opinions, records, orders, notices, certificates, statutes, resolutions, decisions, and rulings as we have deemed necessary to enable us to furnish this opinion, including, *inter alia*, the following: (i) an executed counterpart of the Eighth Supplement, (ii) the form of the 2020 Bonds, (iii) a copy, certified or otherwise identified to our satisfaction, of the Indenture, (iv) an executed counterpart of the Tax Certificate, (v) the opinion of Counsel to the Authority, on which we have relied, (vi) an executed counterpart of the Forward Delivery Bond Purchase Agreement dated as of October 29, 2019 (the "Forward Delivery Purchase Agreement") between the Authority and RBC Capital Markets, LLC and (vii) such constitutional and statutory provisions and such other resolutions, certificates, instruments and documents as we have deemed necessary or appropriate in order to enable us to render an informed opinion as to the matters set forth herein. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Forward Delivery Purchase Agreement.

In rendering the opinions set forth below, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents and the representations and warranties made therein without undertaking to verify the same by independent investigation. We have also assumed that the documents referred to herein have been duly authorized by all parties thereto other than the Authority and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, except the Authority, and that the actions required to be taken and consent required to be obtained by such parties, have been taken or obtained. We do not render any opinion with respect to the adequacy of security for the 2020 Bonds or the sources of payment in respect of the 2020 Bonds.

Based upon the foregoing, it is our opinion, under existing law and as of the date hereof, and subject to the qualifications and limitations set forth herein, that:

1. The Authority is a body corporate and politic, organized and validly existing under the laws of the Commonwealth of Pennsylvania with full power and authority to undertake the Refunding Project, to execute, deliver and perform its obligations under the Eighth Supplement and to issue and sell the 2020 Bonds.

2. The Eighth Supplement has been duly authorized, executed and delivered by the Authority and constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

3. The Authority has duly assigned, transferred and pledged to the Trustee, for the benefit of the holders of the 2020 Bonds, to the extent provided in the Indenture, all of its right, title and interest in and to the Pledged Revenues.

4. The issuance and sale of the 2020 Bonds have been duly authorized by the Authority and, on the assumption of execution and authentication stated above, such 2020 Bonds have been duly executed and delivered by the Authority and authenticated by the Trustee, are valid and binding limited obligations of the Authority enforceable in accordance with their terms and are entitled to the benefit and security of the Indenture, except as the rights created thereunder and the enforcement thereof may be limited by bankruptcy, insolvency, moratorium and other similar laws and equitable principles affecting the rights and remedies of creditors generally and by the exercise of judicial discretion in accordance with general principles of equity.

5. Interest on the 2020 Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence assumes that the Authority complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2020 Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with certain of such requirements could cause the interest on the 2020 Bonds to be so includable in gross income retroactive to the date of issuance of the 2020 Bonds. The Authority has covenanted to comply with all such requirements. Interest on the 2020 Bonds is not treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code") for purposes of the federal alternative minimum taxes. We express no opinion regarding other federal tax consequences relating to the 2020 Bonds or the receipt of interest thereon.

6. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the 2020 Bonds and the interest thereon are free from taxation for state and local purposes within the Commonwealth, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the 2020 Bonds or the interest thereon.

The opinions set forth above are rendered on the basis of, and limited to, federal law and the laws of the Commonwealth of Pennsylvania as enacted and construed on the date hereof. We express no opinion herein as to any matter not set forth in the numbered paragraphs above. In particular, we call to your attention that the 2020 Bonds are not in any way a debt or liability of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof other than the Authority, nor do the 2020 Bonds or the Indenture pledge the general credit or taxing power of the Commonwealth of Pennsylvania or any instrumentality, agency or political subdivision thereof. The Authority has no taxing power.

The opinions set forth above are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur including, but not limited to, those that may affect the tax status of interest on the 2020 Bonds.

Very truly yours,

Pennsylvania Intergovernmental Cooperation Authority  
Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2019

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance and sale by the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") of the above-captioned bonds (the "2019 Bonds"). In connection with the issuance and sale of the 2019 Bonds, the Authority and RBC Capital Markets, LLC, for itself and as representative of the underwriters, have entered into a Bond Purchase Agreement dated October 29, 2019 (the "Purchase Agreement"). The 2019 Bonds will be issued pursuant to an Eighth Supplement dated as of December 1, 2019 (the "Eighth Supplement") to the Amended and Restated Indenture of Trust dated as of December 1, 1994, as previously amended and supplemented (the "Existing Indenture," together with the Eighth Supplement, the "Indenture") between the Authority and U.S. Bank National Association, as successor trustee. In connection with the issuance of the 2019 Bonds, the Authority is executing a Continuing Disclosure Agreement dated December 3, 2019 (the "Disclosure Agreement") and a Tax Certificate dated December 3, 2019 (the "Tax Certificate"). This opinion is being provided pursuant to Section L.3.(f) of the Purchase Agreement. Any capitalized terms used herein and not specifically defined herein shall have the meanings given to those terms in the Purchase Agreement.

In rendering this opinion, we have reviewed the Official Statement dated October 29, 2019 (the "Official Statement"), the Purchase Agreement, a copy (certified or otherwise identified to our satisfaction) of the Existing Indenture, the Eighth Supplement, the Disclosure Agreement, the Tax Certificate, and the proceedings authorizing the issuance of the 2019 Bonds, and certain certificates, opinions, receipts and other documents as we have considered relevant. We have also assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to such opinions, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates, and documents and the representations and warranties made therein without

undertaking to verify the same by independent investigation. We have also assumed (except with respect to the Authority) that the documents referred to herein have been duly authorized by all parties thereto and are, where appropriate, legally binding obligations of, and enforceable in accordance with their terms against all parties, and that the actions required to be taken and consent required to be obtained by such parties, have or will be taken or obtained.

On the basis of the foregoing, and subject to the other conditions and limitations set forth herein, we are of the opinion that:

1. The Purchase Agreement has been duly authorized, executed and delivered by the Authority and, assuming the due authorization, execution and delivery by and enforceability against the other parties thereto, constitutes a legal, valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as enforcement may be limited by laws relating to bankruptcy, reorganization, insolvency, receivership, arrangement, moratorium and other laws affecting creditors' rights, by equitable principles whether considered at law or in equity, and by the exercise of judicial discretion in appropriate cases.

2. The statements contained in the subsections of the Official Statement captioned "INTRODUCTION – Authorization to Issue the 2019/2020 Bonds," "and "Sources of Payment and Security for the 2019/2020 Bonds," "THE 2019/2020 BONDS" and "SOURCES OF PAYMENT AND SECURITY FOR THE 2019/2020 BONDS" and Appendix D thereto, insofar as they related to the 2019/2020 Bonds, the Ordinance, the Bond Documents, certain federal and Commonwealth statutes relating to bankruptcy and remedies of bondholders, and the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, accurately summarize the terms and provisions purported to be summarized therein in all material respects. The statements appearing in the Official Statement under the caption "TAX MATTERS" accurately reflect the opinion of Bond Counsel as to the application of federal and Commonwealth law summarized therein in all material respects. No opinion is given with respect to any tabular, numerical, financial or statistical data or projections contained in such portions of the Official Statement.

3. The 2019 Bonds are exempt from the registration under the Securities Act of 1933, as amended, and the Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended.

Except to the extent specifically set forth above, we express no opinion herein as to the accuracy, adequacy or completeness of the Official Statement.

This opinion letter is limited to the law of the Commonwealth of Pennsylvania and the federal law of the United States of America. This opinion letter is limited to the matters expressly stated herein, and no opinion may be inferred or is implied beyond the matters expressly stated herein to be our opinion. The opinions herein are expressed as of the date hereof only, and we assume no obligation to update, revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Re: Pennsylvania Intergovernmental Cooperation Authority  
\$24,990,000 Special Tax Revenue Refunding Bonds  
(City of Philadelphia Funding Program), Series of 2020 (Forward Delivery)

Ladies and Gentlemen:

Attached as Appendix E-2 to the Official Statement of the Pennsylvania Intergovernmental Cooperation Authority (the "Authority") dated October 29, 2019 (the "Official Statement"), relating to the above-captioned bonds (the "Bonds"), is our proposed form of opinion regarding, among other things, the authorization, issuance, validity and enforceability of the Bonds and the excludability of interest on the Bonds from gross income for federal income tax purposes, subject to the conditions and qualifications stated therein. Assuming satisfaction by both parties of their respective obligations in the Forward Delivery Bond Purchase Agreement, dated October 29, 2019, between the Authority and RBC Capital Markets, LLC, on behalf of itself and the other underwriters named therein (the "Forward Delivery Purchase Agreement"), and the issuance of the Bonds, and no change in any applicable law, regulations or rulings, or in interpretations thereof or in any other facts or circumstances (tax or otherwise) which, in our view, affects or is material to our opinion (including, without limitation, the existence of any litigation), we expect to issue our opinion on the Delayed Delivery Closing Date (as defined in the Forward Delivery Purchase Agreement) in substantially the form attached as Appendix E-2 to the Official Statement.

Very truly yours,

  
George T. Magnatta  
Partner

## INDEPENDENT ACCOUNTANT'S VERIFICATION REPORT

December 3, 2019

Pennsylvania Intergovernmental  
Cooperation Authority ("Issuer")  
Philadelphia, Pennsylvania

PFM Financial Advisors ("Co-Municipal Advisor")  
Philadelphia, Pennsylvania

Saul Ewing Arnstein & Lehr LLP ("Bond Counsel")  
Philadelphia, Pennsylvania

U.S. Bank National Association ("Escrow Agent")  
Philadelphia, Pennsylvania

Phoenix Capital Partners, LLP ("Co-Municipal Advisor")  
Philadelphia, Pennsylvania

RBC Capital Markets, LLC, as the authorized representative  
of a group of Underwriters ("Underwriter")  
West Conshohocken, Pennsylvania

Pursuant to the request of the Co-Municipal Advisors, on behalf of the Issuer, we have performed certain procedures, as discussed below, in connection with the Issuer's proposed issuance of **\$31,085,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2019**, dated December 3, 2019 (the "2019 Bonds"), and **\$24,990,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2020 (Forward Delivery)**, dated March 17, 2020 (the "2020 Bonds", and together with the 2019 Bonds, the "2019/2020 Bonds").

A portion of the proceeds from the 2020 Bonds will be used to currently refund the Issuer's **Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010**, dated May 14, 2010 (the "Refunded Bonds") as listed below.

Issue	Par Amount Refunded	Maturity Dates	Call Date	Call Price	Exhibit
<b><i>Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2010</i></b>	\$26,355,000	Serial bonds maturing 6/15/2021 and 6/15/2022	June 15, 2020	100.00	B-2

The procedures, as summarized below, were performed solely to assist the addressees of this report in evaluating the mathematical accuracy of certain schedules prepared by the Underwriter which indicate that:

- there will be sufficient funds available in an escrow account (the "Escrow Fund"), to be established on March 17, 2020, to pay the principal and interest related to the Refunded Bonds (the "Escrow Requirements"), assuming the Refunded Bonds, in the aggregate principal amount of \$26,355,000 will be called and redeemed on the optional redemption date of June 15, 2020 at 100.00 percent of the principal amount thereof plus accrued interest; and
- the yield on the 2019/2020 Bonds is as shown in our report.

The procedures we performed are summarized below:

1. We independently calculated the Escrow Requirements related to the Refunded Bonds, using information from the Official Statement (the "Prior Bond Documents"), compared the Escrow Requirements to the Underwriter's schedules, and found the Escrow Requirements to be in agreement. We assume the Prior Bond Documents to be accurate and have relied solely on the documents named in this paragraph to calculate Escrow Requirements.
2. Using the results of our independent calculations described in procedure 1 and assuming the cash deposit to the Escrow Fund of \$27,013,875.00 on March 17, 2020, we prepared an Escrow Fund cash flow schedule (attached hereto as Exhibit B). The resulting cash flow schedule indicates that there will be sufficient funds available in the Escrow Fund to pay the Escrow Requirements on a timely basis.
3. We compared pertinent terms of the Refunded Bonds (i.e., debt service payment dates, annual maturity amounts, interest rates, and optional and mandatory redemption provisions), as summarized herein, to the information from the Prior Bond Documents; we found the terms to be in agreement.
4. We compared the maturity and interest payment dates, interest rates, principal maturity amounts and issue prices to the public of the 2019/2020 Bonds, to the Official Statement and information for the 2019/2020 Bonds provided to us by the Underwriter; we found the terms to be in agreement.
5. We independently calculated the yield on the 2019/2020 Bonds assuming a settlement date of December 3, 2019 for the 2019 Bonds and March 17, 2020 for the 2020 Bonds. The term "yield," as used herein, means that yield which, when used in computing the present value of all payments of principal and interest on an obligation, compounded semi-annually, using a 30/360-day year basis, produces an amount equal to the issue price on the 2019/2020 Bonds.

The result of our yield calculation, which is listed below, was compared to the yield calculation provided by the Underwriter; we found the yield to be in agreement.

	YIELD	EXHIBIT
• Yield on the 2019/2020 Bonds	1.291924%	C-4

Based on performing the aforementioned procedures, we have found that those schedules provided by the Underwriter, when compared to those schedules prepared by us (attached hereto as Exhibits), are arithmetically accurate and reflect, based on the assumptions set forth herein, that:

- there will be sufficient funds available in the Escrow Fund to pay the Escrow Requirements on a timely basis; and
- the yield on the 2019/2020 Bonds is as shown in our report.

This engagement was performed in accordance with consulting service standards established by the American Institute of Certified Public Accountants (the "AICPA"). The sufficiency of these procedures is solely the responsibility of the specified users of the report. We make no representation regarding the sufficiency of the procedures summarized above, either for the purpose for which this report has been requested or for any other purpose.

The results of our independent calculations with respect to the proposed transactions are summarized in the accompanying exhibits. The original computations, along with related characteristics and assumptions contained herein, were provided by the Underwriter on behalf of the Issuer. We relied solely on this information and these assumptions and limited our work to performing those procedures set forth above.

This report is issued solely for the information of, and assistance to, the addressees of this report and is not to be quoted or referred to in any document, except for the Official Statement and the required closing transaction documents. Additionally, this report should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under the terms of our engagement, we have no obligation to update this report because of events or transactions occurring subsequent to the date of this report.
